Subject: Please overturn CB30 veto!

Dear Council Members,

Many thanks to you for supporting the will of voters and passing CB30. I was greatly dismayed with the County Executive dismissed the popular vote of his constituents and vetoed the bill. His action appears to reflect the basic message of the bill—money speaks louder than citizens to far too many politicians.

Please take tonight's opportunity to speak up against big money's outsized influence in local politics by overriding Mr. Kittleman's veto.

Thank you very much, Julie Dunlap

Thank you for passing CB30. CE Kittleman's veto of the measure was an outrageous affront to Howard County voters. Please override his veto. The people want -- and voted FOR -- citizen funded elections to Howard County. Thank you.

Subject: Override the veto from council Kittleman on CB-30

Dear Council Members,

I am writing to you all with the hope that you will override the very undemocratic veto on CB-30 from the Council Executive. If the county citizens were against such a law, then the referendum results would have been against it. That was not the case, and I believe enough citizens have spoken in favor of the law. Obviously, the county executive did not consider any of these facts and took the very undemocratic step of over riding the will of the majority of the county citizens. Please don't let him get away with this, and vote yes on Monday night.

Thanks
