Amendment 3

Amendment Date: 02/05/2018

Legislative Day: 2

Comments: (This amendment would create a process to balance the County’s policy goals to provide adequate school facilities and affordable housing.)

Amendment 3 to Council Bill 1-2018

BY: Mary Kay Sigaty Legislative Day No: 2

Date: February 5, 2018

Amendment No. 3

(This amendment would create a process to balance the County's policy goals to provide adequate school facilities and affordable housing.)

On page 10, immediately following line 28, insert the following:

“(e) Special affordable Housing Opportunities.

To balance the County's policy goals to provide adequate school facilities and affordable housing in accordance with Section 7-101 of the Land Use Article of the Annotated Code of Maryland and the County's General Plan, if an affordable housing project or phase of a project is located in the attendance area of a school that is closed for development due to projected enrollment in the school capacity chart, the Director of the Department of Planning and Zoning shall authorize the affordable housing project to proceed subject to all other provisions of this subtitle, provided that:

(1) at least 40% of the units shall be affordable to households earning 60% or less of the metropolitan statistical area median income;

(2) the project or phase of a project is seeking or has received an allocation of Low-Income Housing Tax Credits or other state or federal financial assistance for affordable housing;

(3) the project or phase of a project has obtained a letter of support from the County Executive; and

(4) the County Council and County Executive have approved either a Payment in Lieu of Taxes (PILOT) agreement for the project or a resolution authorizing the project to proceed. As part of the approval of the PILOT or resolution, the Council shall hold a public hearing and consider:

(i) the capacity utilization at the school or schools impacted by the project and at adjacent schools, including limiting the potential impact on any elementary or middle school with a capacity utilization rate greater than 115% unless an adjacent school with the same grade levels has a capacity utilization rate of 100% or less;

(ii) estimated student generation from the project;

(iii) any potential for the Board of Education to add capacity to the impacted school or schools through redistricting, facility expansion, or other programs; and

(iii) the need for affordable housing in the county, including factors such as the housing cost burden on families and the extent of homelessness among families and school children.”.

On page 20, in line 5, after “to” strike “signalized intersections” and substitute “intersections of a Major Collector or higher classified road with a Major Collector or higher classified road”.

On page 20, strike lines 15 - 20, and substitute the following:

“(3) If a development is projected to generate 100 peak hour trips or more for either the AM or PM study period, the developer shall request a traffic impact area scoping meeting prior to submitting the plan for the development. The Department of Planning and Zoning shall, together with the Department of Public Works, conduct a scoping meeting with the developer to determine if the distance of the standard impact area should be extended or if any additional intersections should be included in the impact area. The Department of Planning and Zoning, in consultation with the Department of Public Works, shall determine the additional intersections to be studied, if any, based on intersection location, anticipated trip distribution, existing level of service, or known operational complaints and notify the developer in writing of the intersections to be studied within two weeks following the scoping meeting. The Department of Planning and Zoning may waive the requirement to study a certain intersection if the Department of Public Works has on file a valid traffic study of that intersection which was completed within the last year. If, during the plan review process, the

peak hour trips generated by the proposed development changes by 10% or more or by 15 trips or more, whichever is greater, a new scoping meeting will be required and the Department of Planning and Zoning, in consultation with the Department of Public Works, may require additional intersections to be studied based on intersection location, anticipated trip distribution, existing level of service, or known operational complaints.”.
