Good morning,
While I haven't emailed for a few days, my support of CB9 remains unwavering. It is the moral thing to do. Please do not give in to the loud and disrespectful voices of the opposition who couldn't even respect the guidelines of attending the work session by voting down this important measure.

#onehoward

Let's make it more than just a cute little catch phrase and a one time meeting. Let's put it into action with this bill.

Thanks.

Dear Howard County Council Members Calvin Ball, Jen Terrasa, Jon Weinstein, Mary Kay Sigaty, and Greg Fox:

Attached is my formal written testimony in favor of CB9-2017. If we truly are #OneHoward, if Howard County is to live up to its ideals of being a diverse, inclusive, and civil place to reside, then it is imperative that you vote in favor of making our county a Sanctuary County.

Testimony in Favor of CB 9-2017
January 17, 2017

My name is Jessica Kaufman. I have been a Howard County resident since February 1995. I am testifying in favor of CB9-2017.

Everyone who lives in the United States necessarily has an immigration story in their family's history. The first explorers who arrived on these shores were not American citizens. The first settlers to live on these lands were undocumented immigrants. There was no United States of America before 1776. Those first undocumented immigrants came here because they wanted better lives for themselves, their children, and their children's children.

Let me tell you briefly my family's immigration story. In the early 1900's, both my maternal and paternal great-grandparents scraped together enough money to emigrate from the shtetls in Russia, Poland, and Lithuania where they were being persecuted for being Jewish to America. After arriving in Maryland, my great-grandparents were dirt poor, uneducated, lived in crowded, dirty tenements in East Baltimore, spoke no English, worked in menial jobs, and barely had enough food to eat. But, like most immigrants, my great-grandparents worked hard and had children-my grandparents (and their siblings), who grew up—graduated from high school, founds jobs, married, worked hard, and had their own children-my parents (and their siblings), who grew up—graduated from high school and college, founds jobs, married, worked hard, and had children –me (and my siblings). I now sit before you the proud mother of two sons, a ninth grader and twelfth grader who attend Howard High School, all products of the American Dream.

My family's story may have turned out quite differently. Some of my extended family were denied entry into the United States and remained in Eastern Europe. They were later annihilated by Hitler during World War II. Had that happened to my great-grandparents, my sons, myself and my siblings, my parents and their siblings, my grandparents and their siblings, none of us, not one of us, would exist.

Contrary to what some may testify this evening, undocumented immigrants do not come to this country or to Howard County for the purpose of committing crimes or to steal jobs from American citizens. Indeed, many undocumented workers take jobs no American citizen wants and they are often taken advantage of by employers. How do I

know this? In my professional life I am an attorney. Part of my case load involves representing individuals whose employers failed to pay them wages. A percentage of the individuals I represent in wage cases are undocumented workers.

I want to share the story of a case I handled recently involving four undocumented workers, all women, who were hired by a company that had a contract with Baltimore City Schools to provide janitorial services. All four women were in their 40's and spoke only Spanish. Two of the four women were brought to the U.S. as children by their parents; the other two arrived here as young adults. Only one of the four women had a high school diploma, the other three dropped out of school to work to help support their families. Three of the women have school aged children. Two of the women were married; one was divorced; one was separated from an abusive spouse. Before being hired by the janitorial services company, two of the women worked at a fast food restaurant; one worked cleaning houses; one was unemployed but actively seeking work.

The owner of the janitorial services company that hired these women promised to pay them the princely sum of $9 per hour (more than any of them had previously earned) to work as janitors from 3 p.m. to 10 p.m. five days per week at a combined elementary/middle school located in a rough Baltimore neighborhood but offered no other benefits-no health insurance, no paid vacation, no paid sick time. Imagine trying to live on just $315 per week (approximately $16,000 per year) and having to pay for rent, utilities, food, clothes, transportation, childcare, healthcare, and other expenses.

The women began to work. One week turned into two, then three, four, five, and six. The owner of the company promised to issue paychecks to the women on a weekly basis but in the end he never paid any of the women even one penny. After six weeks of work without pay, the women finally quit. I filed a lawsuit on behalf of the four women. After almost two years of litigation, I was finally able to obtain a judgment in their favor. In the end, the judgment was worthless. The company dissolved. These four undocumented workers worked 35 hours a week for six weeks in the late afternoon and evening cleaning a school missing time with their families and were never paid a penny for their labor.

Undocumented immigrants are woven into the fabric of our country and our county. The undocumented immigrants in our community are people working hard to provide better lives for themselves and their families. Their children go to school with our children, their children play on the same sports teams as our children, act in the same theater groups as our children, and engage in other extracurricular activities with our children. Undocumented immigrants engage in religious, civic, and community life with us. And our Howard County community life is richer for it.

Undocumented immigrants are people who have come to this country to escape abject poverty, war, and in some instances, certain death if they had stayed in their country of origin.

Howard County's motto is Choose Civility. We pride ourselves on diversity and inclusivity. Please protect all of our community members and vote in favor of CB9-2017. Thank you.

I heard the testimony during both public hearings and the work session two days ago and it has made me want to share my story with you.

In the 70s, my parents immigrated from Colombia to Long Island, Suffolk County, New York. After my father died (when I was almost 13), my mother raised us on her single salary and survivor's benefits left by my father. We struggled but made it. Two of the three of us became lawyers. My brother graduated from college. Since then, we've had cousins and other family immigrate. One of them is a mechanical engineer in Toyota, another a social worker, another a real estate agent for lucrative properties in Miami.

With my husband, I am raising two daughters in Howard County. My eldest, in 2nd grade, consistently scores in the 98-99 percentile on MAP testing and i am told by her teachers that she serves as a role model for her classmates. My younger is not yet two but she blows me away daily.

Where I grew up on Long Island, people referred to my family as drug dealers. My neighbors and the kids I went to school with repeatedly asked me if my family sold cocaine. They watched Miami Vice, so to them, this question seemed completely legitimate.

Once, my sister and I (ages 17 and 14) were standing outside our house. Two neighborhood boys from a polish family down the street (the same age as us but of much bigger stature) came to our house (in broad daylight and for all to see) to confront us. One carried a hockey stick. I don't remember what the confrontation was about but what I remember is that we fought back. My sister tussled with the older boy and I took hits and ended up shaken and scrapped by the other boy's hockey stick. My sister and I went inside, mended our wounds and went on with life. We've spoken about this incident zero times.

In high school, my sister and I attended the Academy of St. Joseph, a catholic all girls school in Brentwood, NY. The local public high school was across the street from our school and it was full of immigrant kids like us. There were always crime reports coming out of the local newspapers about "CI" (central islip, where we lived) and Brentwood. Sometimes these same news sources mentioned that Brentwood high school sent another a kid to the regional spelling competition or to a national science competition. Usually the kids in those articles had foreign names and were first generation immigrants or the children of immigrants, like us.

To say Suffolk county was, and is, hostile to immigrants is an understatement. Recently, the police chief had to resign because of civil rights abuses towards black and brown residents. It is also well documented that crimes against immigrants are not investigated. It is not a sanctuary county.

Disturbingly, gangs modeled after the Central American gangs MS-13 and 18, have exploited the vulnerability of this marginalized community and killed students at Brentwood high school - the same one across the street from my own high school. Please take the time to read this:
https://www.google.com/amp/mobile.nytimes.com/2016/10/03/nyregion/they-keep-finding-bodies-gang-violence-in-long-island-town-fuels-immigration-debate.amp.html?client=safari

Now, is Howard county like Suffolk County? No, and thank goodness it's not! But,as a leader in HoCo, even if you can't support CB9, you have to unequivocally denounce all the anti immigrant, anti-Muslim rhetoric. You have to be courageous and educated enough to see that we are heading down a dangerous path as a county and country. You have to stand up to the bullies wearing red when they sneer and yell at your colleagues. You have to tell people what you really believe and make sure that opinion is

Dear council members

Please vote no on the upcoming vote to approve Howard county as a sanctuary city. You can bet that President Trump will put an end to Sanctuary cities by cutting off Federal money to locations that have a sanctuary city. I have lived, paid taxes and voted in Howard county for 29 years and will seriously consider moving out of Howard county if this is approved.

CB9-2017

I still oppose this bill for a number of reasons.

1. I have to assume there is a huge financial cost to doing this. I understand that Prince William County need 3 new schools and started enforcing immigration laws (something I don't advocate) and ended up closing 3 schools. I wonder the cost to build and staff 6 schools? I understand that Fauquier County VA estimates that 20% of their student population are non-U.S. citizens. Think what we could do with that money, smaller class sizes, reduce taxes..... There is a real cost to this which have seen no attempt to document. If the law was passed, I would have to believe that we would have a huge influx of people from surrounding counties and states putting even a large strain on our infrastructure and our schools, depress wages, increase unemployment and create the need to raise taxes. At 60 years of age, I would love to pay less taxes.

2. I agree with the Police Chief said in his testimony about enforcement policy, federal sanctions, and working relationships with other agencies. Probably couldn't have been said better.

3. The language of the law is inflammatory, disrespectful to the government officials and many of the citizens, and is inappropriate in that it is an effort to rewrite federal law. I concur with much of the testimony that states that if one person can pick and choose the laws to obey they everyone should have that right. Let's face it, the school zone cameras aren't really about keeping children safe, when the school is closed.

4. In listening to the testimony at the Council meeting, the children came up as an overarching concern. While I agree that we should be concerned about all children, it was the parents decision that put their children in this position. If someone robbed a gas station would we not jail them because they have children?

5. This bill is disproportionately unfair. Certain homeowners will have to suffer with this choice while many others are not affected at all.

I am not saying we should enforce the law, but we shouldn't chose to openly not enforce it. Leave well enough alone.

Attached and below is my testimony in favor of CB9, the sanctuary bill. I signed up to testify but I couldn't attend the second night of testimony, when my name was called.

From: Elisabeth Hoffman, 5917 Gentle Call, Clarksville, 21029, District 4

Testimony in favor of CB9-2017, the sanctuary bill

I recently visited my daughter and her husband in their home in Lancaster, PA. In the front yard was a sign with a sentence printed once in Spanish, once in English and once in Arabic: "No matter where you are from, we're glad you're our neighbor."

That seems to be the essence of CB9, and **I urge you to pass it.**

We can probably agree that our immigration system has many problems. True, people without benefit of proper paperwork have crossed our borders to escape poverty, chaos and violence. Indeed, our country caused some of that chaos and violence.

Some children brought without visas into this country have been here for a decade or more, know no other home, and a few years ago got temporary status under the DACA program. They attend our public schools, the Community College, the University of MD. They and their families contribute to our community. At the recent #StandUpHoward event, DACA students at HCC expressed their fears under a new administration determined to round up their families. Rounding up people is not a solution.

Some argue that everyone should get in line. And yet, every year 10,000 wealthy foreigners cut to the front of the U.S. immigration line by writing a big check -- investing between $500,000 and $ 1 million in a US project. This money is sometimes obtained in unsavory ways. Designed to help struggling areas, some of this money will help build Jersey City's Trump Bay Street luxury apartments. One of Trump Bay Street's two developers is the president-elect's son-in-law. So much for a fair line.

This sanctuary bill cements in law the unwritten policy that local police should not act as federal agents. Then police officers won't check immigration status at traffic stops and accidents or stop people who "appear" to be here illegally, because that interferes with community policing and leads to profiling.

The presidential election unleashed -- or revealed -- vitriol and cruelty across the land. The new president makes scapegoats of vulnerable people in our community, inciting division and bigotry, and even

Reply all | Delete Junk | •••

might think twice about going to the police when they know about or are victims of crimes. They might already fear going to school, the library, the store, the hospital, the food bank.

The bill is not useless or grandstanding, as some have claimed. Nor would it draw every person without legal status to our county. Nor does it allow violent criminals to go free. Federal agents will still do their job. Local police will still do their job. Our job will be to treat all as neighbors.

CB9-2017

Dear Howard County Council Members,

I have lived in Howard County for seventeen and a half years. My husband, two daughters, and I moved here from Texas because my husband had a wonderful job opportunity here, and we have enjoyed living here.

I urge you to amend the Howard County Code by adopting CB9-2017, an act that would protect the lives and rights of immigrants in Howard County. In today's news are articles about President Trump's wanting to move ahead with "building the wall" on our southern border, halting immigration of people from certain countries, and reestablishing a registry of Muslim people in our country. I will be so proud of Howard County if we designate ourselves as a sanctuary county that stands against the discriminatory, xenophobic actions President Trump is proposing.

Thank you for your service to Howard County.

Best wishes,
Constance Anderson

Dear County Councilmembers,

I am writing to express my strong opposition to CB-9, which seeks to designate Howard County as a so-called "sanctuary county."

Frankly, I am appalled and very disappointed that our duly-elected representatives would overtly choose non-citizens over the very citizens who elected them. Although we can debate whether crime will or will not increase (I think it definitely will), there is no question that such a designation would be detrimental to our citizens in the form of increased costs of services. The school system, hospital, fire/police, and all manner of public service will be impacted by additional burdens and increased costs.

Please vote against this bill.

I am a citizen of the county and also a business owner in the county.

Sincerely,

Howard County Council Bill No. 9-2017 (CB-9)

JY Jane Yang <jaya1@hotmail.com>
Wed 1/25, 1:24 PM
CouncilMail

Reply all |

CB9-2017

Dear Council Members:

My name is Jane Yang, I am a legal resident of Howard County. I am writing to you to express my strong opposition to Howard County Council Bill CB9-2017.

I am a first generation immigrant myself. I came to the United States 22 years ago and became a US citizen 12 years ago. I am all for diversity and inclusion as long as laws and orders are respected. We can NOT obey some laws while ignoring others simply because of our own liking or someone's political agenda.

Howard County has always been known for its diversity and inclusion. In fact, undocumented immigrants are already welcomed, accepted, included and given many benefits available in Howard County.

I believe CB-9 will introduce more problems rather than solving one. I have huge concerns that CB-9 will increase the tax burden of legal residents of Howard County and compromise local public safety.

Please carefully consider all the negative consequences of this Bill and vote "No" on February 6.

Yours respectfully,

Jane Yang

Dear Council Members,

I am against CB-9. I have several family members and friends that immigrated legally and became citizens. They made major sacrifices (both in money and time) to come here following the proper legal procedures. CB-9 is a metaphorical dismissal of their sacrifices.

Thank you for your consideration in voting against CB-9,

AGAINST

Dear Allan Kittleman

Howard County Executive

I am **in favor of the CB-9** county employees should not inquire about a person's nationality or immigration status.

As a woman, professional, wife and mother, I am proud to live here because of all the places in the United States this county has made the right historical choices regarding new habitants in here, for example when interracial marriage was allowed at an earlier date than the rest of the United States. It showed the hospitable character of our beautiful community despite opposition. Please follow the rule of law, but do not encourage others in the community to feel entitled to be bullies. You know better than anyone that the county employees can perfectly full fill their duties without having to ask a person their origin and citizenship status and in fact it will make more effective police investigations.

I voted for you and for Governor Hogan to keep the balance, because I am unhappy with the way the previous democrat administrations allowed the reduction of commuter bus rides to Washington D.C., for approving gambling in the State of Maryland among other issues. I hold dear my peaceful Christian values, the respect of others to profess their religion and the respect for Human Rights and Women Rights.

I hope you keep this letter into consideration with feelings of appreciation. I wish you all the very best,

I wanted to express my concern and state that I'm against CB9-2017. I find it disgusting that you are thinking of violating the law and accept and harbor illegal immigrants. We have laws on the books and you cannot simply ignore them because you don't like them. It should be at least on a ballot but you will not do that because you know it would fail as most county residents have the common sense to follow the law. This should not even be an item to vote on but because of the democrats that run the county, it needs to be voted down!!! Any attempt to encourage lawlessness is a violation of your oath of office.

To whom it may concern,

I have been a Howard county resident for over 22 years, I have raised my family here and am proud to be a law abiding "LEGAL" citizen.

Illegal immigration status is ILLEGAL! This SHOULD NOT BE PROTECTED! Why is this so difficult to comprehend? We are a Nation (and county) of LAWS with processes and procedures to enter and live here LEGALLY.

This is the WRONG message we would send to all (our Children most importantly) if this was to pass.

This bill is full of political rhetoric and can only serve to hurt the county citizens & taxpayers.
Just look next door to all of the gang issues in Montgomery County, many due to Illegal Aliens.
Combatting human trafficking and prostitution are other issues needing close cooperation with Federal Authorities.
I strongly believe that we should be fully cooperating with all Federal Authorities on **ALL LAWS**.

Dear Council,

I am emailing to express my opposition to CB-9. This legislation is already doing more harm than good as I have seen our community deeply divided, a division that was nonexistent prior to the introduction of CB-9. I have heard disgusting messages from both proponents and opponents. Messages that have no place in our county. I grew up here and I am the 4th generation of my family to do so. Howard County wasn't always an accepting county, but during my lifetime I have had the privilege of growing up with Americans of all different colors and creeds, Asian, Middle Eastern, Indian, Hispanic, Christian, Jewish, Muslim, Pagan. I have always cherished the diversity of my county, and I can pinpoint the day when I realized that we were unique. I was visiting my grandparents in Iowa as a child, and as I looked around EVERYONE looked exactly like me. There was no diversity, no ethnic restaurants, just white Christians. I knew that day that I was afforded a special privilege in life by growing up where I did. My opposition to this bill has nothing to do with the legality of the citizens which it purports to help nor with their religion, even though I find it very odd to single out specific religions in legislation. My opposition is based on the division that I have seen this bill cause, and the fact that the top headline today was "Trump signs executive order to cut funding to sanctuary cities". We received $11,000,000 in funding from the government last year. Funding that was real, and tangible. Funding for Section 8 vouchers. transportation projects, homeland security funding to better train and equip our police and fire departments. If that money is taken from us where will you look to replace it? Schools? Fire? Police? Roads? What is the value of passing a bill that fixes absolutely nothing in return for losing real tangible funding. Recently I was called an Influential White Conservative Male by a disgusting Facebook page that speaks to the division I mention above. I mention that in jest, but I can promise you, that whatever influence I do have will be used to run passionate campaigns AGAINST any council member who votes against this bill and decides to run for higher office in the future. I will not like this, because I respect all of you and consider some of you close friends, and while I will always cherish friendship and hold respect for your public service, I cannot risk having anyone in office who would put my community in jeopardy, I hold the community that I grew up in, and have chosen to raise my family in, in very high regard.

Thank you for taking the time to read my email.

Dear Council Members,

I'm a Howard County citizen. I watched the two nights of testimony, and came to your discussion session.

I think your concerns to reassure undocumented people in the county.....while nice.....needs to be handled a different way.

PLEASE listen to all the testimonies of law enforcement on this issue. EVERY policeman asked you NOT TO DO THIS. They were respectful and kind, but they gave story after story of how they NEED UNBLOCKED ACCESS to ICE, to protect our citizens. When I heard about 9-11 terrorists residing in our county, that sealed it for me.

If you block the ability of police to do their job.....and something happens.....it will come back upon those who vote for this. That's not a threat, it's simply a fact. You need to be willing to face the consequences for your vote.

You are talking about bending over backwards to make illegals safe, BUT they ARE ILLEGAL.....lawbreakers.....and we need to remember that. Yes, they are often escaping dreadful conditions.....let's PLEASE try to come up with ways to help them.... but let's not do it by this law. Your first priority is to protect citizens of the county first. You must comply with the police. Then we can all figure out a way to protect the vulnerable in our midst. This is not the solution.

The Chief of Police proposed codifying the police department internally.about this. I think that's a great solution.

Please don't make a LAW that makes it HARDER for the police.

Repectfully,

Dottie Siders

Dear Members of the Howard County Council

I respect your goal of making Howard County welcoming to people who wish to become residents. However, I believe you are also responsible to enforce ALL legally enacted laws of Howard County, the State of Maryland and of the United States of America. Each and every resident is required to obey all legally enacted laws of Howard County, the State of Maryland and of the United States of America. I ask how can you adopt a position in opposition of this basic tenet of a free society? Will you put yourselves and Howard County above the law and become a "cafeteria" jurisdiction where you only enforce laws you particularly support? That is anarchy!

You have a primary responsibility to the Citizens who voted for and elected you to the Howard County Council. To pass a piece of legislation which compels Howard County and it's Employees to ignore the enforcement of legally enacted laws and regulations is abhorrent.

If I, as a resident did the same, at a minimum, I would be charged with obstruction of justice. If you pass this legislation, you should be liable for prosecution of this same legal concept.

I strongly encourage you to reject and **DEFEAT CB-9**.

Members of the Howard County Council,

I have been a resident of Howard County for 45 years.
I've seen this county grow beyond its means.
It saddens me that the county that the I grew up in is much different than the county my boys are growing up in.
The only reason I remain a resident of this county is fear of tearing my boys friendships apart from their school mates.
That, and the once incredible school system that I have begun losing confidence in with the continuous redistricting due to out of control growth & adoption on Common Core

Now add to that declaring Howard county a sanctuary county!!!
My hope is that our new president will not only abolish sanctuary cities, but also sanctuary counties.
In the meantime, I would like to express my opposition to the county's proposal to turn Howard county into a sanctuary county.

Respectfully,

William Hauf

Action Items

I am strongly against CB9.

Sanctuary cities facilitate and encourage illegal immigration, they are unfair to legal immigrants, who waited in line, followed the rules and showed respect for the law. Sanctuary cities impose costs on their residents — citizens and legal immigrants — that they shouldn't have to bear. Tax dollars that ought properly to benefit the people who paid them go instead to underwrite hospital, police, prison and education services for those who are not entitled to be here in the first place. Sanctuary cities promote crime and thus jeopardize our citizens. The Los Angeles Times recently reported on a mind-boggling 2005 study by the Government Accountability Office. The study examined the cases of over 55,000 illegal immigrants incarcerated in federal, state and local facilities. It found that they had been previously arrested an average of eight times each, that roughly half had been convicted of a felony, and a fifth had been arrested for a drug offense. Many had also been convicted of violent crimes. Our community deserves far better than this. The paramount civil right is the right to live in one's own neighborhood and community in peace and safety. Sanctuary cites burden and endanger the police. Sanctuary cities breed disrespect for the rule of law. When the police, of all people, are told by politicians running the city to look the other way at illegal immigration, what message does that send? If elected officials pretending to be leaders can turn their backs on laws they dislike, where does that "principle" stop? Are such leaders also free to disregard federal laws against heroin and LSD (for example), on the theory that drug penalties are too harsh and these drugs have "mind-expanding" qualities? And after the drug laws are tossed overboard, what next?

The law abiding tax payers of Howard County shouldn't be stuck paying for illegal non law abiding aliens. If this law is passed then another bill should be proposed that federal and local tax monies would not be used to support this inconceivable law.

Sir,
I have read this bill and wish to register my opposition to it. Clearly it is an attempt to jump on the "anti-trump" bandwagon, and whether someone voted for him or not; this bill is not only designed to send a "political message", it is a terrible idea from a social and a legal perspective. America has laws. It is offensive and obnoxious that the sponsors of this bill presume that our county government is above them.
Kind regards,

CB9-2017

I am against this bill, in current or amended form. As currently worded, the bill refers to President-elect. As the inauguration has already passed, I believe that the current wording of the bill is already outdated, and hence would need be amended if any would wish to sign after Jan 20.

I believe that the sponsoring members are pandering to the political environment and encouraging a divisive attitude. I do not fear for my personal safety nor am I currently concerned about civil liberties in Howard County, and I believe that the County Executive and council members have more important tasks to consider than this bill. I share Mr. Kittleman's sentiment regarding the sponsor's needs to create unnecessary labels that may affect federal funding for programs and services for the county.

I think that Dr. Ball and Ms. Terassa should be more focused ensuring our taxes are spent wisely and encouraging community awareness. Investigating how real estate developers were able to build above Ellicott City without storm water management in past needs more focus than this bill, the council's own web page lists zoning board as a function. Disaster preparedness also comes to mind from the same issue of flooding in Ellicott City, and whether the county is fully prepared, such as the tornado that came east on south side of I-70.

A process already exists for immigrants to be here legally. I am not in favor of hampering law enforcement in any means if they assist ICE or need their assistance. It was my understanding that the Inspector General already published a memorandum finding that the practices of so-called sanctuary districts violate federal law. Sadly, I dealt with a dysfunctional Register of Wills in Anne Arundel County, eventually involving the State Attorney General because the Register had published false documents, deleted and altered docket entries, and affected court hearings. The only apparent penalty, so far, is failure to collect inheritance tax owed, yet the office has also failed to declare the loss.

By sponsoring this bill, Dr. Ball and Ms. Terassa themselves, seem to be promoting and furthering the rhetoric on that which they say they are against. The legislation refers to rhetoric from our President as the catalyst for the legislation. Howard County should be a leader, not a follower. Citing that Baltimore City, Montgomery and Prince George's County have already declared themselves sanctuary status is sufficient reason for me to oppose the issue. If their constituents fear approaching law enforcement, then suggest creating an ombudsmen or outreach program where issues are reported in confidence without reprisal. If the office shows sufficient traffic that an issue exists, then work to solve, not simply state that we as a county are not going to enforce federal laws that we do not like. In the list of constituent services on the county council web page, the sponsors should be working with their community to assist citizens in dealing with government agencies (and specifically cites federal government). The irony is that their proposed bill violates their own stated purpose!

I am totally against CB-9 because you should not give sanctuary to people who break the law. There are legal ways to get into this country and that is the reason we have laws. Where do you draw the line? What if some of the people you give sanctuary too are law breaking fugitives from whence they came? No, No, No CB-9

Bill No. 9 -2017 (Oppose)

KS Kevin Schmidt <kevinforrestschmidt@gmail.com>
Wed 1/25, 4:15 PM
CouncilMail

Reply all |

CB9-2017

Dear Councilmembers:

I am writing in opposition to Bill No. 9 -2017. This legislation has the potential to do great harm to our nation's security in countering the terrorism threat.

In the 9/11 Commission Report published after the September 11th attacks it states,

"The biggest impediment to all source analysis—to a greater likelihood of connecting the dots—is the human or systematic resistance to sharing information."

Your legislation while creating an exception to state and federal law, also creates a strong conflict for the Howard County Police Department (HCPD) in sharing information with state and federal authorities.

Specifically your legislation states the HCPD,

"shall not assist immigration enforcement in the investigation or arrest of a person for a civil or criminal violation of the immigration and nationality laws of the united states".

The reality is HCPD does not enforce immigration laws today. However, they do assist state and federal colleagues in better understanding the threat to our community. Your language "shall not assist" clearly stifles ALL communication and information sharing with federal authorities in order to comply with your broad and hastily written legislation. This clamping down on "information sharing" could have a significant impact on our nation's ability to counter the terrorism threat.

For example, past data publicly revealed by Immigration and Customs Enforcement (ICE) highlights the following during a two year time period:

· "ICE special agents initiated 1,133 criminal investigations related to terrorism.

· During that same period, U.S. Immigration and Customs Enforcement (ICE) agents made 534 arrests and conducted thousands of seizures of money, arms, contraband and other assets related to illegal schemes".

Reply all | Delete Junk | •••

preventing and disrupt national security threats against the United States". Information sharing is critical to their mission and this takes place through many venues to include Joint Terrorism Task Forces and State and Local Fusion Centers.

Also, other state and local police departments have supported ICE to combat human trafficking, a recent threat identified by the Council.

Again, passing any information to ICE, or potentially to other federal and state authorities, will find them in conflict with your language if passed into law. Having conducted oversight of the United States Intelligence Community, I understand this threat well and the value of information sharing across federal, state, and local authorities. Please vote no on this legislation.

Thank you for considering my views.

Sincerely,

Kevin Schmidt

CB9-2017

Please except this email as my notification that I am very much against CB – 9. I am off for diversity in our county, but not for illegal immigrants.

Against CB-9

Dear Chairman Weinstein, Councilwoman Terrasa; Councilwoman Sigaty, Councilman Ball and Councilman Fox:

I resided in Howard County for over 35 years.

I do not want Howard County to become a "Sanctuary County".

With the utmost respect to each of you, I am against CB-9.

ABSOLUTELY AGAINST CB-9. No way do I want our safe county to become a "sanctuary county". I welcome all people---who enter our country LEGALLY. I don't pay my taxes and elect my officials to blatantly go against our country's laws. Do Not vote for this bill.
