1 **Recitals**

2 In accordance with the provisions of Section 603 of the Charter of Howard County, Maryland (the  
3 “Charter”), the County Executive has submitted a proposed Capital Budget for fiscal year 2027 to the  
4 County Council of Howard County, Maryland, and, prior to the passage of this Act, the County Council  
5 has adopted a Capital Budget for the fiscal year ending June 30, 2027 (the “Capital Budget”).

6 As a part of the Capital Budget, it is necessary that Howard County, Maryland borrow a sum not  
7 exceeding \$176,638,609 to be used for (i) the financing and refinancing of certain capital projects, which  
8 include bridge projects, general county projects, storm drainage projects, school system projects, fire and  
9 rescue projects, road construction projects, roadside and sidewalk projects, library projects, community  
10 college projects, parks and recreation projects, police projects and traffic improvements projects which are  
11 specified and described in the Capital Budget (each a “Project”, collectively, the “Projects”), and more  
12 particularly described in Appendix A attached hereto and incorporated herein, and (ii) payment of costs of  
13 issuance of any obligations issued to evidence such borrowing. Of such amount, \$39,368,609 appropriated  
14 for certain of such Projects was previously authorized to be borrowed by the County in prior calendar years,  
15 as indicated in Appendix A in the column captioned “Amount to be Borrowed (Reauthorizations)”, but such  
16 authorized borrowing is expected to expire prior to the completion of such Projects or the sale of general  
17 obligation bonds to provide permanent financing therefor. Accordingly, it is necessary that such borrowing  
18 be reauthorized (“Reauthorizations”).

19 **Now therefore, in accordance with the provisions of Article VI of the Charter:**

20 **Section 1. Be it enacted by the County Council of Howard County, Maryland,** That Howard  
21 County, Maryland (the “County”), is hereby authorized and empowered to borrow on its full faith and  
22 credit, and issue and sell its bonds or other obligations or evidences of indebtedness therefor, at one time  
23 or from time to time, an aggregate principal amount not exceeding \$176,638,609, the proceeds thereof to  
24 be used to finance and refinance the Projects more particularly specified and described in Appendix A  
25 attached hereto and in the Capital Budget; including for each Project, without limitation, the cost of  
26 planning, design, construction, reconstruction, furnishing, equipping, improvements, renovations,

1 remodeling, enlargements, engineering services, architects services, surveys, landscaping, site  
2 development, evaluation studies, land acquisition and related items, appurtenances and incidental activities.  
3 The Projects and the amount to be borrowed for each (including, without limitation, any Reauthorizations)  
4 are more specifically identified and described in Appendix A attached hereto.

5 Proceeds of any bonds or obligations authorized by this Act may also be used to pay costs of  
6 issuance of such bonds or obligations.

7 **Section 2. And be it further enacted by the County Council of Howard County, Maryland,**

8 That, pursuant to and in accordance with Section 19-212 of the Local Government Article of the Annotated  
9 Code of Maryland, as amended, the County is authorized to issue bond anticipation notes in anticipation of  
10 the issuance of the bonds authorized by this Act and described in Section 1 hereof, and all references to  
11 “bonds” or “obligations” in this Act shall include such bond anticipation notes, unless the context clearly  
12 requires a contrary meaning. It is intended that the aggregate principal amount of issued and outstanding  
13 bond anticipation notes when added to the aggregate principal amount of issued and outstanding bonds or  
14 obligations in anticipation of which such notes were issued, shall not exceed the aggregate principal amount  
15 set forth in Section 1 of this Act at any time. The County will agree in each ordinance described in Section  
16 4 of this Act relating to any notes issued pursuant to this Act to pay such notes and the interest and premium,  
17 if any, thereon from the proceeds of the bonds in anticipation of the sale of which such notes are issued,  
18 and the County will agree to issue such bonds when, and as soon as, the reason for deferring their issuance  
19 no longer exists.

20 **Section 3. And be it further enacted by the County Council of Howard County, Maryland,**

21 That, in connection with the acquisition of real property as part of a Project, the County may incur all or  
22 any portion of the indebtedness authorized by this Act for such acquisition by entering into an installment  
23 purchase agreement pursuant to and in accordance with Section 4.201A of the Howard County Code  
24 (“Section 4.201A”) or any successor provisions of law in lieu of issuing bonds or other obligations for such  
25 acquisition. The principal amount of any such installment purchase agreement shall not exceed the lesser  
26 of (a) the maximum principal amount permitted by Section 4.201A or (b) the portion of the amount to be

1 borrowed for such Project (as set forth in Section 1 hereof) which relates to such acquisition. All references  
2 to “bonds” or “obligations” in this Act shall include such installment purchase agreements, unless the  
3 context clearly requires a contrary meaning.

4 **Section 4. And be it further enacted by the County Council of Howard County, Maryland,**

5 That the County Council of the County, by an ordinance or ordinances adopted from time to time in  
6 accordance with Article VI of the Charter and other applicable provisions of law and policies of the County,  
7 shall provide for (a) the issuance and sale of, (b) the maximum principal amount, designation, form, tenor  
8 and denomination or denominations of, (c) the dates of the first maturity and the last maturity (not more  
9 than 30 years after the date of issue) of, and (d) the interest rate or rates per annum (or the method of  
10 determining such rate or rates) payable on, any bonds or other obligations issued from time to time under  
11 this Act; and may by any such ordinance, or by separate resolution, provide that the issue of bonds hereby  
12 authorized be consolidated with one or more other issues.

13 **Section 5. And be it further enacted by the County Council of Howard County, Maryland,**

14 That for the purpose of paying the principal of and interest on such bonds or other obligations as the same  
15 shall become payable, the County Council of Howard County shall levy annually ad valorem taxes upon  
16 the assessable property in the County sufficient, together with other available funds, to pay the principal of  
17 and interest on such bonds or other obligations until all of such bonds or other obligations shall mature and  
18 be redeemed. The full faith and credit and unlimited taxing power of the County are hereby irrevocably  
19 pledged to the payment of the principal of and interest on such bonds or other obligations.

20 **Section 6. And be it further enacted by the County Council of Howard County, Maryland,**

21 That any bonds or other obligations issued from time to time under this Act are specifically exempt from  
22 the provisions of Sections 19-205 and 19-206 of the Local Government Article of the Annotated Code of  
23 Maryland, as amended, and any successor provision of law.

24 **Section 7. And be it further enacted by the County Council of Howard County, Maryland,**

25 That all bonds or other obligations authorized hereby shall be issued within four years from the date this  
26 Act becomes effective. Notwithstanding the foregoing, if bond anticipation notes are issued within such

1 period in accordance with Section 2 hereof, the bonds or other obligations authorized hereby may be issued  
2 until the final maturity date of such notes.

3 **Section 8. And be it further enacted by the County Council of Howard County, Maryland,**  
4 That the County anticipates that a portion of the costs of some or all of the Projects may be paid prior to the  
5 issuance of the bonds or other obligations authorized hereby. The amount of such costs so paid will depend  
6 on various factors, including, without limitation, the timing and speed of progress on the Projects, the  
7 availability of other funds to pay such costs on an interim basis, bond and money market conditions and  
8 compliance with federal and State laws and regulations.

9 Accordingly, the County reasonably expects to reimburse costs of the Projects (as described herein)  
10 with proceeds of the bonds or other obligations authorized hereby, such bonds or other obligations to be  
11 issued by the County in the maximum principal amount of \$176,638,609.

12 **Section 9. And be it further enacted by the County Council of Howard County, Maryland,**  
13 That this Act shall take effect sixty-one (61) days after its enactment.
