COUNCIL BILL 67 MINOR REPAIRS EXCEPTION

October 17, 2016

My Name is Fred Dorsey and I live at 10774 Judy Lane in Columbia. I am President of Preservation Howard supporting CB 67 Providing that certain Minor alterations are exempt from the Historic Preservation Commission.

This bill will provide an expedited process for building owners to have their applications for minor repairs be reviewed and approved by the Executive Secretary of the Historic Preservation Commission without having to wait for the next monthly meeting of the Historic Preservation Commission.

A recent owner's application for the replacement of a front door and two side doors could have been approved with this process in a shorter time frame, the work could have started in a week. and would not have to wait for the next HPC meeting.

This process will not compromise the criteria required for approval that would be given by the HPC. Approval of this bill will reduce the work load on the HPC, allow obtaining permits and licenses in a timelier manner resulting in the work to open for business to begin earlier and hopefully, be ready for the holiday season.

This bill was pre-filed as an Emergency Bill and should receive a prompt favorable vote with immediate enactment.

RE: SUPPORT: CB 67-2016: Historic Preservation Commission

Chairman Ball and Members of the County Council:

I speak on behalf of the Patapsco Heritage Greenway, which is the managing entity of the Patapsco Heritage Area. We support CB67-2016.

Howard County's two historic districts, Ellicott City and Lawyers Hill lie within the Heritage Area, as do many critical historic structures on the Historic Sites Inventory. All of these resources fall under the purview of the Historic Preservation Commission.

We believe CB67 provides an efficient way to streamline the HPC process for minor alterations and routine maintenance. We support expanding the definition of eligible property to include landscape features of historic and architectural significance and we support the "Emergency" status of the Bill in the hopes that it will help expedite the recovery of Ellicott City.

We encourage your support.

Sincerely,

Historic Preservation Code Revisions

To: Lonnie R. Robbins

From: Historic Preservation Commission

Date: October 6, 2016

The Historic Preservation Commission (HPC) endorses the adoption of Council Bill 67-2016, which proposes to amend the Howard County Code, Sections 16.601, 16.603, 16.604, 16.607 and Section 20.112, to exempt certain minor alterations from the Historic Preservation Commission's (HPC) Certificate of Approval requirement and streamline the tax-credit approval process, with a proposed amendment.

On July 30, 2016, Ellicott City was flooded, leaving the historic town in need of significant repairs throughout the Historic District. To meet the need for numerous hearings to issue Certificates of Approval, the Historic Preservation Commission has doubled its meetings to expedite the review process for Ellicott City citizens needing to repair the exterior of their buildings. The Commission recognizes that much of the work is in-kind repair or minor alterations that are eligible for property tax credits. The amendments to the Code will expedite the approval process by allowing designated DPZ Staff to pre-approve tax credits for repairs and approve minor exterior alterations such as paint color, lighting, hardware, and deteriorated materials such as siding, roofs, chimneys, railings and gutters. The HPC will retain final approval authority over both minor alterations and tax-credit approvals.

The Commission has carefully reviewed the proposed Code changes. Formal discussion and feedback occurred at the monthly HPC meeting on October 6, 2016, where the HPC unanimously voted to support the proposed Code changes, with the following amendment:

On page 4, line 23, after the word "website," Add, "The Executive Secretary will notify each Commissioner in writing."

On page 4, line 24, after the word "posting" add "on the website, and written notification to the Commission,"

These changes will enable the HPC to fulfill its responsibilities, by ensuring that Commissioners are informed in a timely manner, of any minor alternation approvals.

The Howard County Historic Preservation Commission supports Council Bill 67-2016, with the proposed amendment.

Internal Memorandum

Subject: Testimony of Support for Council Bill 67-2016
Historic Preservation Commission Code Amendment

To: Lonnie R. Robbins, Chief Administrative Officer

Through: Valdis Lazdins, Director, Department of Planning and Zoning *BL*

From: Beth Burgess, Chief, Resource Conservation Division

Date: September 28, 2016

The Department of Planning and Zoning supports the adoption of Council Bill 67-2016 (CB-67). The Bill amends Section 16.601, 16.603, 16.604, 16.607 and Section 20.112 of the Howard County Code, which exempts certain minor alterations from the Historic Preservation Commission (HPC) Certificate of Approval requirement.

CB-67 supports *PlanHoward 2030* goals "to aid in the preservation of the County's historic resources" and "to further incentivize both investment and maintenance of historic properties". The Legislation will streamline the historic review process for all in-kind repairs such as siding, gutters, roofs and doors; tax credit pre-approval; and minor exterior alterations such as painting, light fixtures, sheds, and landscape features. Section 20.112 amendments propose to include masonry walls, fences and engineering work as eligible tax credit work.

As a result of the July 30th flood, many citizens and business located in the Historic District of Ellicott City need accelerated historic review to repair and rebuild their damaged properties. Since these properties are in a historic district, approval by the HPC is required for most exterior alterations, a process that can take up to two months to complete. This Bill exempts certain "minor alterations" from the HPC review process and allows for the Executive Secretary of the Commission to issue a determination of compliance with the Design Guidelines. The proposed minor alteration exemptions are the types of items typically approved on consent by the HPC. The Executive Secretary's determination is posted to the County's website. If within 5 days someone objects in writing, the applicant needs to get a Certificate of Approval from the HPC and the application will be heard at the next upcoming HPC meeting.

In-kind repairs do not require HPC approval unless an owner seeks a tax credit. This Bill allows DPZ to pre-approve tax credit requests for in-kind repairs without waiting for the HPC meeting, saving valuable time during this reconstruction of Ellicott City. The HPC will continue to issue final approval of tax credits.

Since the flood, the HPC has been conducting emergency meetings to accommodate the volume of requests. The expedited process proposed in CB-67 is anticipated to reduce the need for continual emergency meetings.

This Bill has minimal fiscal impact associated with its adoption. DPZ appreciates Council's consideration and recommends approval of Council Bill 67-2016.
