CB9-2017

Dear Council Members:

Good morning.

We are all immigrants from different places around the world - yes, the melting pot that so many nations adore. Yet, we in Howard County, are considering being a safe place for those who are here illegally. Honestly, I don't understand it.

Do you want us to not feel as safe in our environment because we see in the news how some have lost their lives due to criminals who target sanctuary havens so they don't have to go back to their country and pay for their crimes there?

Do you really think we want the possibility of our standard of living going down because our taxes will go up due to federal funding being striped from our county?

LEGAL IMMIGRATION IS A BEAUTIFUL THING. ILLEGAL IMMIGRATION IS NOT.....PLEASE USE REASON.....

I implore you to please vote NO on CB9-2017.

Thank you for your time and consideration.

Sincerely,

Carol Pizza

CB9-2017

Dear County Council Members Sigaty, Weinstein, Ball, Terrasa:

I wish to reiterate my testimony of January 17, when I promised to initiate a referendum drive to place an amendment to the Howard County Charter on the ballot for the 2018 election, should you pass CB9-2017. The amendment will empower the people of Howard County to recall elected officials who among other things, violate federal, state, or local law.

There is precedent for recall provisions here in MD, so please do not think for even a second that this is not legal or consitutional. The City of Bowie, MD has a recall provision in their charter, and has since 2004:

Sec. 32A. Recall

Registered voters may file a petition with the City Clerk for the recall of any Councilmember or mayor with six (6) or more months remaining in his or her term. A special recall election shall be held if twenty-five percent (25%) of the registered voters, within the district of the affected Councilmember or within the City for Councilmembers elected at large or the mayor, have signed the petition within thirty (30) days of its filing. Registered voters are those persons qualified to vote in a general City election as certified by the Board of Elections. The special recall election shall take place within thirty (30) days of certification of the petition. (Sec.32A added by CAR-04-03, effective 2/5/04)

I suggest you withdraw CB9-2017.

Please read:

One of the Trump administration's most celebrated promises — defunding "sanctuary cities" that limit local cooperation with the federal government — makes an appearance in the executive order. But it doesn't actually defund anything just yet. Instead, it tells the secretary of homeland security and the attorney general to make sure that no jurisdiction getting federal grants is getting in the way of law enforcement, and lets the attorney general pursue enforcement actions against jurisdictions that do.

There's a reason for the relative timidity: It's unconstitutional for the federal government to force local governments to enforce federal law. The federal government can't use grants to coerce state and local governments into doing whatever the president wants. This is why the Affordable Care Act's Medicaid expansion was struck down: It tried to force states to expand Medicaid eligibility as a condition to getting federal Medicaid funds. So the executive action leaves it up to the attorney general and DHS to figure out how it can defund sanctuary cities without being coercive.

While there's no bright line for when a condition counts as coercive, there are some standards. The condition has to be relevant to the purpose of the grant. And it's more likely to be found unconstitutional if it puts new conditions on existing funds.

The Trump administration might try to get around these obstacles by claiming that it's illegal for cities in violation of federal law to get federal grants. But to do that, it will have to limit defunding to cities that actively prevent information from getting shared with the federal government — not just cities that don't always notify federal immigration agents whenever police pick up an unauthorized immigrant.

Mr. Fox (I understand this email goes to all councilmembers but I am specifically addressing this to you):

I heard the testimony during both public hearings and the work session two days ago and it has made me want to share my story with you.

In the 70s, my parents immigrated from Colombia to Long Island, Suffolk County, New York. After my father died (when I was almost 13), my mother raised us on her single salary and survivor's benefits left by my father. We struggled but made it. Two of the three of us became lawyers. My brother graduated from college. Since then, we've had cousins and other family immigrate. One of them is a mechanical engineer in Toyota, another a social worker, another a real estate agent for lucrative properties in Miami.

With my husband, I am raising two daughters in Howard County. My eldest, in 2nd grade, consistently scores in the 98-99 percentile on MAP testing and i am told by her teachers that she serves as a role model for her classmates. My younger is not yet two but she blows me

 Reply all |   Delete Junk |  ...

Where I grew up on Long Island, people referred to my family as drug dealers. My neighbors and the kids I went to school with repeatedly asked me if my family sold cocaine. They watched Miami Vice, so to them, this question seemed completely legitimate.

Once, my sister and I (ages 17 and 14) were standing outside our house. Two neighborhood boys from a polish family down the street (the same age as us but of much bigger stature) came to our house (in broad daylight and for all to see) to confront us. One carried a hockey stick. I don't remember what the confrontation was about but what I remember is that we fought back. My sister tussled with the older boy and I took hits and ended up shaken and scrapped by the other boy's hockey stick. My sister and I went inside, mended our wounds and went on with life. We've spoken about this incident zero times.

In high school, my sister and I attended the Academy of St. Joseph, a catholic all girls school in Brentwood, NY. The local public high school was across the street from our school and it was full of immigrant kids like us. There were always crime reports coming out of the local newspapers about "CI" (central islip, where we lived) and Brentwood. Sometimes these same news sources mentioned that Brentwood high school sent another a kid to the regional spelling competition or to a national science competition. Usually the kids in those articles had foreign names and were first generation immigrants or the children of immigrants, like us.

To say Suffolk county was, and is, hostile to immigrants is an understatement. Recently, the police chief had to resign because of civil rights abuses towards black and brown residents. It is also well documented that crimes against immigrants are not investigated. It is not a sanctuary county.

Disturbingly, gangs modeled after the Central American gangs MS-13 and 18, have exploited the vulnerability of this marginalized community and killed students at Brentwood high school - the same one across the street from my own high school. Please take the time to read this: <https://www.google.com/amp/mobile.nytimes.com/2016/10/03/nyregion/they-keep-finding-bodies-gang-violence-in-long-island-town-fuels-immigration-debate.amp.html?client=safari>

Now, is Howard county like Suffolk County? No, and thank goodness it's not! But, as a leader in HoCo, even if you can't support CB9, you have to unequivocally denounce all the anti immigrant, anti-Muslim rhetoric. You have to be courageous and educated enough to see

1/31/2017

On the defunding of sanctuary jurisdictions

that we are heading down a dangerous path as a county and country. You have to stand up to the bullies wearing red when they sneer and yell at your colleagues. You have to tell people what you really believe and make sure that opinion is grounded in facts and not cable news driven propaganda. You have to talk to Muslim and immigrant residents of HoCo and tell them you understand what they are facing and that you will be on their side because it's what right and because you believe they have a place here.

Please sir, I beg you to take a vocal stand against hate and bigotry. Our children deserve better.

Executive Order: Enhancing Public Safety in the Interior of the United States

EXECUTIVE ORDER

ENHANCING PUBLIC SAFETY IN THE INTERIOR OF THE UNITED STATES

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Immigration and Nationality Act (INA) (8 U.S.C. 1101 et seq.), and in order to ensure the public safety of the American people in communities across the United States as well as to ensure that our Nation's immigration laws are faithfully executed, I hereby declare the policy of the executive branch to be, and order, as follows:

Section 1. Purpose. Interior enforcement of our Nation's immigration laws is critically important to the national security and public safety of the United States. Many aliens who illegally enter the United States and those who overstay or otherwise violate the terms of their visas present a significant threat to national security and public safety. This is particularly so for aliens who engage in criminal conduct in the United States.

Sanctuary jurisdictions across the United States willfully violate Federal law in an attempt to shield aliens from removal from the United States. These jurisdictions have caused immeasurable harm to the American people and to the very fabric of our Republic.

Tens of thousands of removable aliens have been released into communities across the country, solely because their home countries refuse to accept their repatriation. Many of these aliens are criminals who have served time in our Federal, State, and local jails. The presence of such individuals in the United States, and the practices of foreign nations that refuse the repatriation of their nationals, are contrary to the national interest.

Although Federal immigration law provides a framework for Federal-State partnerships in enforcing our immigration laws to ensure the removal of aliens who have no right to be in the United States, the Federal Government has failed to discharge this basic sovereign responsibility. We cannot faithfully

execute the immigration laws of the United States if we exempt classes or categories of removable aliens from potential enforcement. The purpose of this order is to direct executive departments and agencies (agencies) to employ all lawful means to enforce the immigration laws of the United States.

Sec. 2. Policy. It is the policy of the executive branch to:

- (a) Ensure the faithful execution of the immigration laws of the United States, including the INA, against all removable aliens, consistent with Article II, Section 3 of the United States Constitution and section 3331 of title 5, United States Code;
- (b) Make use of all available systems and resources to ensure the efficient and faithful execution of the immigration laws of the United States;
- (c) Ensure that jurisdictions that fail to comply with applicable Federal law do not receive Federal funds, except as mandated by law;
- (d) Ensure that aliens ordered removed from the United States are promptly removed; and
- (e) Support victims, and the families of victims, of crimes committed by removable aliens.

Sec. 3. Definitions. The terms of this order, where applicable, shall have the meaning provided by section 1101 of title 8, United States Code.

Sec. 4. Enforcement of the Immigration Laws in the Interior of the United States. In furtherance of the policy described in section 2 of this order, I hereby direct agencies to employ all lawful means to ensure the faithful execution of the immigration laws of the United States against all removable aliens.

Sec. 5. Enforcement Priorities. In executing faithfully the immigration laws of the United States, the Secretary of Homeland Security (Secretary) shall prioritize for removal those aliens described by the Congress in sections 212(a)(2), (a)(3), and (a)(6)(C), 235, and 237(a)(2) and (4) of the INA (8 U.S.C. 1182(a)(2), (a)(3), and (a)(6)(C), 1225, and 1227(a)(2) and (4)), as well as removable aliens who:

- (a) Have been convicted of any criminal offense;
- (b) Have been charged with any criminal offense, where such charge has not been resolved;
- (c) Have committed acts that constitute a chargeable criminal offense;
- (d) Have engaged in fraud or willful misrepresentation in connection with any official matter or application before a governmental agency;
- (e) Have abused any program related to receipt of public benefits;
- (f) Are subject to a final order of removal, but who have not complied with their legal obligation to depart the United States; or
- (g) In the judgment of an immigration officer, otherwise pose a risk to public safety or national security.

Sec. 6. Civil Fines and Penalties. As soon as practicable, and by no later than one year after the date of this order, the Secretary shall issue guidance and promulgate regulations, where required by law, to ensure the assessment and collection of all fines and penalties that the Secretary is authorized under the law to assess and collect from aliens unlawfully present in the United States and from those who facilitate their presence in the United States.

Sec. 7. Additional Enforcement and Removal Officers. The Secretary, through the Director of U.S. Immigration and Customs Enforcement, shall, to the extent permitted by law and subject to the availability of appropriations, take all appropriate action to hire 10,000 additional immigration officers, who shall complete relevant training and be authorized to perform the law enforcement functions described in section 287 of the INA (8 U.S.C. 1357).

Sec. 8. Federal-State Agreements. It is the policy of the executive branch to empower State and local law enforcement agencies across the country to perform the functions of an immigration officer in the interior of the United States to the maximum extent permitted by law.

(a) In furtherance of this policy, the Secretary shall immediately take appropriate action to engage with the Governors of the States, as well as local officials, for the purpose of preparing to enter into agreements under section 287(g) of the INA (8 U.S.C. 1357(g)).

(b) To the extent permitted by law and with the consent of State or local officials, as appropriate, the Secretary shall take appropriate action, through agreements under section 287(g) of the INA, or otherwise, to authorize State and local law enforcement officials, as the Secretary determines are qualified and appropriate, to perform the functions of immigration officers in relation to the investigation, apprehension, or detention of aliens in the United States under the direction and the supervision of the Secretary. Such authorization shall be in addition to, rather than in place of, Federal performance of these duties.

(c) To the extent permitted by law, the Secretary may structure each agreement under section 287(g) of the INA in a manner that provides the most effective model for enforcing Federal immigration laws for that jurisdiction.

Sec. 9. Sanctuary Jurisdictions. It is the policy of the executive branch to ensure, to the fullest extent of the law, that a State, or a political subdivision of a State, shall comply with 8 U.S.C. 1373.

(a) In furtherance of this policy, the Attorney General and the Secretary, in their discretion and to the extent consistent with law, shall ensure that jurisdictions that willfully refuse to comply with 8 U.S.C. 1373 (sanctuary jurisdictions) are not eligible to receive Federal grants, except as deemed necessary for law enforcement purposes by the Attorney General or the Secretary. The Secretary has the authority to designate, in his discretion and to the extent consistent with law, a jurisdiction as a sanctuary jurisdiction. The Attorney General shall take appropriate enforcement action against any entity that violates 8 U.S.C. 1373, or which has in effect a statute, policy, or practice that prevents or hinders the enforcement of Federal law.

(b) To better inform the public regarding the public safety threats associated with sanctuary jurisdictions, the Secretary shall utilize the Declined Detainer Outcome Report or its equivalent and, on a weekly basis, make public a comprehensive list of criminal actions committed by aliens and any jurisdiction that ignored or otherwise failed to honor any detainers with respect to such aliens.

(c) The Director of the Office of Management and Budget is directed to obtain and provide relevant and responsive information on all Federal grant money that currently is received by any sanctuary jurisdiction.

Sec. 10. Review of Previous Immigration Actions and Policies. (a) The Secretary shall immediately take all appropriate action to terminate the Priority Enforcement Program (PEP) described in the memorandum issued by the Secretary on November 20, 2014, and to reinstitute the immigration program known as "Secure Communities" referenced in that memorandum.

(b) The Secretary shall review agency regulations, policies, and procedures for consistency with this order and, if required, publish for notice and comment proposed regulations rescinding or revising any regulations inconsistent with this order and shall consider whether to withdraw or modify any inconsistent policies and procedures, as appropriate and consistent with the law.

(c) To protect our communities and better facilitate the identification, detention, and removal of criminal aliens within constitutional and statutory parameters, the Secretary shall consolidate and revise any applicable forms to more effectively communicate with recipient law enforcement agencies.

Sec. 11. Department of Justice Prosecutions of Immigration Violators. The Attorney General and the Secretary shall work together to develop and implement a program that ensures that adequate resources are devoted to the prosecution of criminal immigration offenses in the United States, and to develop cooperative strategies to reduce violent crime and the reach of transnational criminal organizations into the United States.

Sec. 12. Recalcitrant Countries. The Secretary of Homeland Security and the Secretary of State shall cooperate to effectively implement the sanctions provided by section 243(d) of the INA (8 U.S.C. 1253(d)), as appropriate. The Secretary of State shall, to the maximum extent permitted by law, ensure that diplomatic efforts and negotiations with foreign states include as a condition precedent the acceptance by those foreign states of their nationals who are subject to removal from the United States.

Sec. 13. Office for Victims of Crimes Committed by Removable Aliens. The Secretary shall direct the Director of U.S. Immigration and Customs Enforcement to take all appropriate and lawful action to establish within U.S. Immigration and Customs Enforcement an office to provide proactive, timely, adequate, and professional services to victims of crimes committed by removable aliens and the family members of such victims. This office shall provide quarterly reports studying the effects of the victimization by criminal aliens present in the United States.

Sec. 14. Privacy Act. Agencies shall, to the extent consistent with applicable law, ensure that their privacy policies exclude persons who are not United States citizens or lawful permanent residents from the protections of the Privacy Act regarding personally identifiable information.

Sec. 15. Reporting. Except as otherwise provided in this order, the Secretary and the Attorney General shall each submit to the President a report on the progress of the directives contained in this order within 90 days of the date of this order and again within 180 days of the date of this order.

Sec. 16. Transparency. To promote the transparency and situational awareness of criminal aliens in the United States, the Secretary and the Attorney General are hereby directed to collect relevant data and provide quarterly reports on the following:

- (a) the immigration status of all aliens incarcerated under the supervision of the Federal Bureau of Prisons;
- (b) the immigration status of all aliens incarcerated as Federal pretrial detainees under the supervision of the United States Marshals Service; and
- (c) the immigration status of all convicted aliens incarcerated in State prisons and local detention centers throughout the United States.

Sec. 17. Personnel Actions. The Office of Personnel Management shall take appropriate and lawful action to facilitate hiring personnel to implement this order.

Sec. 18. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

- (i) the authority granted by law to an executive department or agency, or the head thereof; or
- (ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Executive Order Sanctua...

NOW this bill is in violation of Federal Law:

Executive Order: Enhancing Public Safety in the Interior of the United States

This executive order references "sanctuary jurisdictions" and these places are now on notice that they will be in violation of existing Federal laws if they "willfully violate Federal law in an attempt to shield aliens from removal from the United States". It is clear to me that "shielding" is the full intent of CB9. This "shielding" is what allows these illegal aliens to be less "afraid" in Howard County according to Dr. Ball and Ms Terrasa testimony which is on record. This shows a direct intent to violate Federal Law as it has now been established by this Executive order.

YOU MUST WITHDRAW THIS BILL IMMEDIATELY

See attached.

Please reject CB-9!!!!!! What a terrible thing that could happen to Howard county. We are already being flooded by non US Citizens that are overcrowding our schools (Manor Woods Elementary/Mount View Middle). I have heard from non citizen school parents directly that they know of hundreds that will come from neighboring counties if this goes through.

Thank you.

CB9-2017

Dear Council Members:

In light of what the president said and signed yesterday, I cannot overstate the importance of approving CB9-2017, our Sanctuary County Bill. Trump and his people are targeting the most vulnerable among us, and he is now threatening to cut off federal grants to those who would oppose him. This is in direct violation of the 10th amendment to the Constitution, and it is an affront to our American values. We MUST resist the urge to knuckle under, to cower and agree to unreasonable, unconstitutional, and immoral demands of the chief executive. Please remember that these are not numbers we are discussing -- these are people. These are families that will be under inordinate stress as they try to choose between calling for an ambulance or calling the police and risking their family's safety and security. It's an impossible situation for our undocumented families. Please, support CB9-2017.

Thank you,

Jenny Goldszmidt

Dear Council,

You were elected to protect the CITIZENS of this county. Enacting legislation that harms them financially is in direct opposition to your fiduciary responsibility and opens YOU and the county to lawsuits. This sanctuary legislation is in direct opposition to federal law and will cost us our federal and state pass-thru dollars, while directing our county dollars to the support of people here illegally. This is wrong. This is bad for the CITIZENS of Howard County. This goes against what your constituency wants from their elected officials. Pass it and prepare to be replaced. Pass it and prepare for an onslaught of legal action. We don't want to be Montgomery County II. We are Howard County!!!

Respectfully submitted,

Good morning,

I want to thank council members Calvin Ball and Jennifer Terrasa for introducing this bill to protect the civil and human rights of foreign-born people in our community.

I urge the council vote for passing of this bill ensuring that Howard county residents who are foreign born will be protected from the resurgence of xenophobia, bigotry and racism that has been seen all over the country. It will also serve as an example to other counties in the state and country that Howard country is willing to make a bold statement in defense of the Constitution of the United States.

There are families and children who are depending resources and services to thrive and this bill ensures their ability to do so.

Thank you and please vote to approve this bill. It is the right thing to do for Howard County, the state and the country.

-Margarita Rodriguez

Action Items

Members of the Howard County Council:

As you prepare to vote on CB9-2017, the "Sanctuary Bill," I must yet again voice my strong objection to this bill. I believe this bill, if passed, sets three dangerous precedents. First, this bill injects strong partisan politics into County law, which should never be permitted to occur since our nation is a nation of laws that we must all respect regardless of our political beliefs. Second, this bill directs County officials to ignore Federal law, which again shows total disdain for our nation's foundation upon the rule of law. Finally, this bill encourages the willful breaking of Federal law by illegal immigrants providing a "sanctuary" where these criminals can feel protected, all at the expense of legal immigrants and the citizens of our County. I believe this is totally wrong. The Constitution of the United States provides that everyone in our great nation, citizens and immigrants, both legal and illegal, is protected by and subject to the rule of law. I do not believe the Howard County Council should be creating any local law that changes this basic fact by "exempting" illegal immigrants from following the rule of law while also directing County officials to ignore Federal law. You were elected to preserve and protect the quality of life for all legal residents of Howard County, citizens and legal immigrants alike. Therefore, you have the fiduciary responsibility to all the legal residents of Howard County to reject this bill in order to protect the sanctity of the rule of law and to support the personal safety and economic integrity of all of our legal residents.

One little-discussed fact of illegal immigration is the huge cost to taxpayers. Please take a moment to review this document from The Heritage Foundation located at this website:

<http://www.heritage.org/research/reports/2013/05/the-fiscal-cost-of-unlawful-immigrants-and-amnesty-to-the-us-taxpayer>

This document shows, on a national basis, over a lifetime (constant 2010 dollars), a minimum estimate:

- illegal immigrants would receive \$9.4 trillion in government benefits and services (paid by the taxpayer)
- illegal immigrants would only pay \$3.1 trillion in taxes (\$6.3 trillion deficit spending by the government)
- few lawmakers realize the size of government benefits and the scope of this fiscal "redistribution"
- average household gets \$31,600 in annual government benefits
- household headed by an individual with less than a high school degree (most illegal immigrant households) receives \$46,600 in annual government benefits
- myth that illegal immigrants work more than legal citizens; rate is about the same but pay less taxes
- illegal immigrants are always tax consumers (benefits they take greatly exceed taxes they pay) never once generating a "fiscal surplus" that can be used to pay for government benefits elsewhere in society

If you pass CB9-2017, you are setting the stage for a dramatic increase in demand for government benefits and services, primarily because this bill prohibits any government official from determining immigration status when government benefits are requested. This diminishes the resources available for legal residents and citizens, especially veterans and the disabled, who have a legal right to these benefits and services. Illegal immigrants never should have access to any government benefits by virtue of their illegal status. Doing so is an insult to every legal immigrant in Howard County who has followed the rules and to every citizen who pays their taxes. I am a strong supporter of controlled immigration into the United States and welcome it as long as people entering our nation do so in full compliance with our Federal law. Our County Council should not be aiding and abetting criminals entering into our society by abrogating your own responsibility and that of County officials to obey Federal law but should rather be looking for safeguards to protect us from such illegal actions and the consequent drain on our resources.

Please reject CB9-2017.

Thank you very much.

Sincerely,

Jonathan E. Miller

As a resident of Howard County, I am very concerned about the sudden proposal to designate Howard County as a sanctuary city. It is my opinion that there is an attempt to rush CB-9 to a vote without appropriate consideration of our immigration laws or the short-term and long-term effects on Howard County and its' residents. Based on my current understanding, sanctuary cities do not address the root of immigration concerns or propose a solution. Rushing forward with CB-9 seems ill-advised.

Dear County Council Members Sigaty, Weinstein, Ball, Terrasa:

I reside in Howard County. I am AGAINST Howard County Sanctuary Bill CB9-2017. I implore you to vote NO on CB9-2017.

This bill makes no sense to me, and appears to be only a publicity stunt by those who hope to get elected to another office. This bill officially breaks federal law, and as far as I'm concerned opens you personally to legal action. There is no excuse for this. Are you going to take the heat when federal funds are taken away, or do you plan to use that as a publicity stunt as well? Sorry, I hate to think so ill-natured of my county's elected, but like I said, this makes absolutely no sense. If this is how you act at the county council level, there is no way I could vote for you for another position at the county or state level.

You complain about the budget, about never-ever having enough tax money to pay for everything especially for schools. Now you want to risk having funding taken away for your own political gain. I find that disgusting!

CB9-2017

Dear County Council members,

I am a longtime resident of Howard County and a Main Street Ellicott City small business owner.

I write to urge all of you to support CB9 to designate Howard County as a sanctuary county.

We have an opportunity now to speak clearly and with one voice that our county - the home of a vibrant, multi-cultural community full of recent immigrants - will not be used as a tool of hate-mongering and vitriol.

We have more important uses of our county's limited resources than wasting time and energy on enforcing policies that are being driven by rhetoric. While there is no doubt that our country must have sound policies and procedures regarding immigration, enforcement of those policies can and must be directed and implemented by the appropriate federal authorities rather than through unwelcome "deputizing" of our fine police force and other employees.

Let's live up to our motto - let's choose civility. Let's choose to welcome and support our community members rather than forcing them into further fear and hiding.

Thank you for your consideration of this issue.

Subject: Letter Requesting Vote Against Sanctuary County Legislation

To: MKSigaty@howardcountymd.go, JWeinstein@howardcountymd.gov, GFox@howardcountymd.govCc: JTerrasa@howardcountymd.gov, CBBall@howardcountymd.gov, Hiroko Dancheck<hiroko.dancheck@gmail.com>, akittleman@howardcountymd.gov

Council Representatives Mary Kay Sigaty, Jon Weinstein and Greg Fox,

We will appreciate you voting against the legislation being proposed to turn Howard County into a "Sanctuary County" for the three reasons listed below. We are very disappointed that our representative Jen Terrasa is a co-sponsor of this divisive and misguided legislation.

We did meet Mary Kay and Jon about a year ago at the ceremony for the Children's Art winners, our son Peter was one of the children honored that night was we were happy to have his art displayed in the chambers last year.

First by specifically passing laws to protect those who came to America illegally is an insult to all those Americans who have immigrated to the US legally. My wife Hiroko is a legal Japanese immigrant to America who became a citizen in 2012. She took all the time and expense to follow our laws, immigrate to America legally and ultimately become a citizen. Howard County is populated by many recent legal

immigrants. What does this legislation say to them, to their families.....to all their hard work to follow of laws?

Second there will be costs associated with this legislation. Just Monday 1/23 the Wall Street Journal has reported that the President Trump is likely to have an executive order issued as one of his first to withhold certain federal funding to those cities and counties who declare themselves "sanctuaries" for illegal immigrants and violate federal law. How will Howard County cover this lack of funding? In addition to this direct possible loss of federal funding it is inevitable that the illegal immigrants in our county are using our county's generous services at a higher rate than their contribution to the county's tax base. This legislation may incentivize more illegal immigrants to locate in Howard County. This may stretch our county's resources, decrease the quality of services and jeopardize the safety of us citizens and taxpayers.

We moved to Howard County in 2013 from Pennsylvania. Howard County's 3.25% income tax is very income high which is paid in addition to property taxes. This county level income tax is actually higher than Pennsylvania's state income tax of 3.1%.

 Reply all |   Delete Junk |  ...

responsible for our immigration laws and securing our border. It is entirely reasonable for our country to enforce our borders and control immigration via laws. To have a situation where cities and counties begin passing laws governing immigration in conflict with federal law is not proper, this could lead to a breakdown in civil society. If a county can choose what laws a county wants to adhere to, when do we cross the point with citizens start to decide what laws they choose to adhere to?

For these reasons we'll appreciate the three of you voting against this "sanctuary county" legislation.

And finally to all the council members we will appreciate you working for our county with priority given to county taxpayers and American citizens.

Sincerely,
John and Hiroko Dancheck

Dear County Council Members Sigaty, Weinstein, Ball, Terrasa:

I'll be brief. I have been a Howard County resident for 22 years. I think making Howard County into a sanctuary for those who have broken the law and entered our country illegally is a HUGE mistake. With law enforcement's opposition to the bill, I don't understand why you want to consider such a move. Also, I am sure there will be monetary repercussions from the Federal level also. These two reasons alone should make this a non starter. I ask you to please vote against CB9-2017.

CB-9 AGAINST THIS BILL!

CB9-2017

This message was sent with high importance.

Howard County Council Members,

I am against this bill. Our family has resided in Howard County since 1971 (Columbia then presently in Ellicott City).

We have a 3 yr old granddaughter and 1 yr old grandson also being reared in Howard County. We believe that every effort should be made to insure that our county is safe and populated for long term residency by U.S. citizens.

We also do not want any of our tax money to be used for other than U.S. citizens (i.e. in the Howard County public school system).

We believe it would be a major mistake to encourage non-US. Citizens to seek residency in Howard County (unless they have an official U.S. authorized Visa, which has a contractual time limit for how long an individual may stay in our country).

The police have an obvious very difficult job. Every legal tool should be at their disposal to protect U.S. citizens. CB-9 would take away from the police one of those tools, which can be relied upon by the police to protect U.S. citizens.

Lastly, this is not a financial issue, even though federal funding (US. Citizen's \$) that could directly and/or indirectly benefit Howard County, would likely be adversely impacted.

A proponent of CB-9 has stated that we need to "come together" when interviewed. I agree. [We need to come together as U.S. citizens and oppose this bill in the interest of our county and of our nation of citizens.](#)

Thank you for taking into account our concerns.

Yours very truly,

Harve

Dear County Council Members Sigaty, Weinstein, Ball, Terrasa:

I reside in Howard County. I am AGAINST Howard County Sanctuary Bill CB9-2017.

My husband is a South Korean citizen. We are currently in the middle of the immigration process to get a visa and bring him here legally. Designating Howard County as a sanctuary county is a slap in the face to me as a law abiding citizen (overstaying a visa/ being undocumented IS illegal on a federal level) and to him as someone who is following the rules.

During the public hearing, there were numerous testimonies about how illegals are "so afraid" and want "peace of mind". If they want to be free of fear of being caught and peace of mind that they are safe, then they need to follow the rules like everyone else. When we begin to make exceptions (they don't have the money, they are living in poverty, they want a better life), then where do we ultimately draw the line?

Please, think about your constituents in Howard County. The legal, documented, tax-paying residents of Howard County, the ones who voted you into office. How will this bill benefit them? Simply put: it won't. With that said, this bill has no reason for existence.

I will spare you the oversimplified analogies, and leave you with this: this bill has no substance and no place in Howard County. If this succeeds, I can assure you that years later, you will be remembered, for all the wrong reasons. It is a poorly disguised attempt to position yourselves for future endeavors.

VOTE NO.

Dear Council members,

I reside in Howard County and am against CB9-2017. I implore you to vote against the sanctuary bill. I can not think of one good reason to break the law and give up

federal subsidies in order to protect illegal immigrants. My tax dollars shouldn't be used for people who don't belong here. There is a legal process to become a U.S. citizen.

Many immigrants have gone through the process of becoming legal citizens. It is not fair to those people or the ones who were born here.
