I am writing to you in support of CB9-2017.

I have lived in Howard County for 47 years. My husband and I raised two sons here, and I worked as a teacher in the Howard County Public School System for 25 years. As a resident, parent, and teacher I have always viewed the diverse population of the county as a benefit. As a family we enjoyed neighbors from other countries; our sons made friends with kids from other cultures that enabled them to get a broader worldview than we were able to provide through travel alone. And in my last assignment as a teacher, I worked with ESOL students—teenagers who were eager to learn English and adapt to life in this country.

The immigrants I have known came to the United States for many reasons. They wanted to escape poverty, civil strife, war, and class divisions. They sought economic opportunity, education for their children, and the stability life in the USA provides. Parents of my ESOL students worked hard here. Those who were less educated worked as painters and landscapers. Those who had been white collar workers in their home countries took jobs in dry cleaners, gas stations, and office buildings—not at desk jobs but

cleaning the offices at night to provide for their families. They took the long view—they sacrificed so their children would have a better, more stable life than the one they had left behind. I always admired their tenacity; I never questioned their status. My job was to teach their children, thereby helping the parents reach their goals.

Howard County has provided a stable environment for these

 Reply all |  Delete |  Junk | ...

system, and a government that works hard to provide services for all its residents; and the police force plays a large role in maintaining this stability. It is a professional force that provides security and reacts swiftly and calmly. The shooting incident at the Mall is a case in point.

Recently meetings have been held to open dialogue with the diverse segments of Howard County's population; the emphasis was on getting to know each other better in order to establish trust among the members of the community, its leaders and the police. I think CB9 is part of this effort. If any member of the community is fearful of its officials, school personnel or police, then all of us are threatened. We cannot allow differences in skin tone, language, or manner of dress to raise suspicion of our neighbors. School officials must provide a safe and secure environment for all students, not one of fear of deportation for vulnerable children. Police officers should not have the additional burden of immigration enforcement added to their already stressful jobs. In order for the police to have the cooperation of the entire community in solving crimes, then the police should not, by the nature of their position, intimidate residents who look different or follow different customs.

In conclusion, like the parents of my ESOL students, Howard County should take the long view. Either we will have open dialogue and learn to live with and respect each other in spite of our differences; or we will become suspicious, seeing villains in anyone the least bit unlike us, making all of us fearful of each other and of our officials. That is not the Howard County I have lived in and worked in for four and a half decades.

residents to live safely and securely now and in the future.

Making Howard County a sanctuary county is a big mistake. It is my opinion most people I know do not want these illegal people in America, let alone Howard County. Also the Federal Government has the right to enforce current law to keep these people out of America. If you break the law you most likely will be penalized.

Thanks

CB9-2017

Hello. I am writing as a 22 year long registered voter of Howard County to voice my support of CB-9. I like this bill and it deserves to be passed. Howard County has become a cultural mecca in many respects. Not only for the Latin Americans, but for many other ethnic minorities as well. The current political atmosphere is one of tension and thinly veiled threats, country wide. Howard County and especially the city of Columbia, have been and should continue 'to be a place where we can all live next to one another on a daily basis', to summarize the original vision of Jim Rouse.

I have one concern within the bill. Exactly what does,

"... THIS SUBTITLE DOES NOT PROHIBIT THE HOWARD COUNTY POLICE DEPARTMENT FROM: 22

(1) INVESTIGATING OR ARRESTING VIOLATORS OF THE CRIMINAL LAW; OR 23

(2) ASSISTING A FEDERAL AGENCY WITH INVESTIGATIONS OR ARRESTS RELATING TO 24 CRIMINAL ACTIVITY AND SUSPECTED CRIMINAL ACTIVITY, OTHER THAN VIOLATIONS OF THE 25 IMMIGRATION AND NATIONALITY LAWS OF THE UNITED STATES..." (12.2101 (B) sect. 1-2)

mean? Does this including misdemeanors like: moving violations (running stop lights, speeding, not turning on your turn signal) or walking about with an open container of alcohol, or even trespassing?? I think the particular laws should be laid out clearly and concisely so that an over zealous officer of the law can not take advantage of such a wide and glaring loop hole to enact a personal justice campaign against a sub-set of the population that he/she might disapprove of. It's one thing to be justly afraid of violating the law. It is another to be in fear of your life for misdemeanors.

Thank you for being brave enough to propose this bill. Feel free to share this letter with anyone in the council or otherwise if you feel that it will help with the its passage.

Sincerely,

Scott A. Morrison

Missouri has no illegals; go figure... shouldn't the other states do the same? Missouri's approach to the problem of illegal immigration appears to be more advanced, sophisticated, strict and effective than anything to date in Arizona . Does the White House appreciate what Missouri has done? So, why doesn't Missouri receive attention? Answer: There are no illegals in Missouri to demonstrate.

The "Show Me" state has again shown us how it should be done. There needs to be more publicity and exposure regarding what Missouri has done. **Please pass this around.**

In 2007, Missouri placed on the ballot a proposed constitutional amendment designating English as the official language of Missouri . In November, 2008, nearly 90% voted in favor! Thus, English became the official language for ALL governmental activity in Missouri . No individual has the right to demand government services in a language OTHER than English.

Reply all |   Delete Junk |  ... 

Missouri Highway Patrol and other law enforcement officials to verify the immigration status of any person arrested, and inform federal authorities if the person is found to be in Missouri illegally. Missouri law enforcement officers receive specific training with respect to enforcement of federal immigration laws.

In Missouri, illegal immigrants do NOT have access to taxpayer benefits such as food stamps or health care through Missouri Health NET.

In 2009, a measure was passed that ensures Missouri 's public institutions of higher education do NOT award financial aid to individuals who are illegally in the United States .

In Missouri all post-secondary institutions of higher education are required to annually certify to the Missouri Dept. of Higher Education that they have NOT knowingly awarded financial aid to students who are unlawfully present in the United States .

So, while Arizona has made national news for its new law, it is important to remember, Missouri has been far more proactive in addressing this horrific problem. Missouri has made it clear that illegal immigrants are NOT WELCOME in the state and they will NOT receive public benefits at the expense of Missouri taxpayers.

DON'T DELETE THIS AMERICA. KEEP IT GOING UNTIL WE GET ALL 50 STATES TO COMPLY!

Taken from: "The Ozarks Sentinel" Editorial -

WE ALSO HAVE STATE WIDE OPEN CARRY OF FIREARMS, NO PERMIT REQUIRED FOR CONCEALED CARRY AND ENHANCED CASTLE DOCTRINE AND STAND YOUR GROUND LAWS. NOW YOU KNOW WHY WE LIVE HERE !! WE HAVE COMMON SENSE IN MISSOURI !!

To the Democratic Members of the Howard County Council:

I saw this article from Madison WI: **Moving beyond marching: Civil disobedience in the Trump era**. The article included this passage: "They call it 'putting their bodies on the line.' And many activists around Madison look forward to a rise in civil disobedience over the next four years. Civil disobedience is a step beyond chanting and carrying signs. Instead of applying for a permit from the government to hold a demonstration, it involves intentionally breaking or refusing to comply with the law to attract attention."

I started thinking, what is the difference between lawless disobedience in Madison and CB9? Both are actually acts of civil disobedience...the only difference is that the offenders in Madison will have to pay for their offenses and the Howard County Council gets the taxpayer to pay for theirs.

the City Council of San Francisco recently dodged a legal fiasco, you may not be so lucky. The court system in that area is very, very liberal.

8 U.S. Code § 1324 - Bringing in and harboring certain aliens, sub-section(1) (a) reads (emphasis added):

Any person who—

(i) knowing that a person is an alien, brings to or attempts to bring to the United States in any manner whatsoever such person at a place other than a designated port of entry or place other than as designated by the Commissioner, regardless of whether such alien has received prior official authorization to come to, enter, or reside in the United States and regardless of any future official action which may be taken with respect to such alien;

(ii) knowing or in reckless disregard of the fact that an alien has come to, entered, or remains in the United States in violation of law, transports, or moves or attempts to transport or move such alien within the United States by means of transportation or otherwise, in furtherance of such violation of law;

(iii) knowing or in reckless disregard of the fact that an alien has come to, entered, or remains in the United States in violation of law, conceals, harbors, or shields from detection, or attempts to conceal, harbor, or shield from detection, such alien in any place, including any building or any means of transportation;

(iv) encourages or induces an alien to come to, enter, or reside in the United States, knowing or in reckless disregard of the fact that such coming to, entry, or residence is or will be in violation of law; or

(v)

(I) engages in any conspiracy to commit any of the preceding acts, or

(II) aids or abets the commission of any of the preceding acts,

shall be punished as provided in subparagraph (B).

(B) A person who violates subparagraph (A) shall, for each alien in respect to whom such a violation occurs—

(i) in the case of a violation of subparagraph (A)(i) or (v)(I) or in the case of a violation of subparagraph (A)(ii), (iii), or (iv) in which the offense was done for the purpose of commercial advantage or private financial gain, be fined under title 18, imprisoned not more than 10 years, or both;

(ii) in the case of a violation of subparagraph (A)(ii), (iii), (iv), or (v)(II), be fined under title 18, imprisoned not more than 5 years, or both;

(iii) in the case of a violation of subparagraph (A)(i), (ii), (iii), (iv), or (v) during and in relation to which the person causes serious bodily injury (as defined in section 1365 of title 18) to, or places in jeopardy the life of, any person, be fined under title 18, imprisoned not more than 20 years, or both; and

(iv) in the case of a violation of subparagraph (A)(i), (ii), (iii), (iv), or (v) resulting in the death of any person, be punished by death or imprisoned for any term of years or for life, fined under title 18, or both.

Note that these legal punishments are for EACH alien. Councilmember Sigaty indicated in public comment that she believes there are 11,000 illegal aliens in Howard County.

To Whom It May Concern,

I have lived in Howard County and have seen the community grow and flourish into a rich diverse County. There are many activities and events that represent and honor our children and our families. Throughout the year we see our community rejoice with one another through events and holidays that honor different religious and traditions from our own. CB-9 would allow Howard County to take a step back from it's diverse accomplishments. It is during troublesome times when we must come together and support one another. When a part of our community is suffering and is fearful we must lend a hand and show them a sign of support.

o I ask the council to think about the individuals that would be affected and the families that would be separated if individuals are asked their immigration status and the ICE is involved. We should not fear the police and we should not be fearful that they may discriminate us and ask our status as Howard County residents. That is why I am in favor of CB-9. In favor of helping our diverse community and protecting Howard County citizens.

Dear Council members,

I would like you to vote against the CB-9 bill. I favor the protection of otherwise law abiding immigrants and see the value to law enforcement of a similar policy of furthering trust with this community. That said I feel that a policy which requires county employees to release those convicted felons suspected of an additional crime as over the top and fear that this bill, as written would do just that. Further more, I would request that a review be made of existing county policy and if it is found that county employees do in fact release convicted felons suspected of an additional crime, that policy be stopped.

I have written to Allen Kittleman and expressed my opinion.

The crime rates in Montgomery County, a sanctuary county, and Baltimore City, a sanctuary city, are much higher as a result of their status.

They harbor illegal felons contrary to federal law. My understanding is that Congress outlawed sanctuary cities and counties about 21 years ago

Calvin Ball and Jennifer Terraza are jeopardizing the security and safety of Howard county residents by this legislation and should be removed from office in the next election.

They should be ashamed of their uneducated, biased, and dangerous sponsorship of CB-9.

Dear Council Members,

I respectfully offer my opinion encouraging you to vote against CB-9, designating Howard County as a 'sanctuary county'. Over the past two years, my daughter, Katie Sheng, was actively involved in advocating for our county to combat human trafficking through increasing law enforcements oversight of legitimate complaints against massage parlors engaging in illegal activity. In order to better serve our community, it became apparent that local, state and even federal law enforcement must work together to ensure the safety of all citizens. I feel this bill will weaken the ability of our local law enforcement to work with state and federal officials cooperatively and I feel it would not serve our county best. Thank you.

Hello council member,

I am sending this email to vocalize my support for the bill labeling Howard County as a sanctuary city. I truly believe that this county can only be enriched by the inclusion of those in need of refuge not only for their safety and well being, but also for the members, such as myself.

Thank you,
Gabe Smith
