Hello, my name is Crisdel. I have grown in Howard County and I support making Howard a sanctuary county. I believe that everyone should be treated equal and should not be scared to go out with their family because of there status in this country. We are all very hard workers and strive to make this county better each day. I hope you take in count all the youth including me, that has no fault in being here and the families that have come here to better their lives. My siblings and I are proud to be Americans and have a Central American culture. We are fellow dreamers and work hard to not only make our families proud but, to break the common stereotypes that society has created. If Howard becomes a sanctuary county our society will be able to witness first hand the happiness and joy of a safe and diverse community that feels safe and equal. I hope that you can take these words into consideration when you vote for this law. Thank you.

Hello:

My name is Mary L. Boughn and I live in Ellicott City, MD. I am supporting CB9 to provide sanctuary for immigrants. We are a Nation of immigrants and that has always been who we are. We cannot allow President Trump to violate our Constitution and the belief that we welcome all. We have a long vetting process which has worked. Those that attacked us were not even from the countries that Trump is banning. Howard County is a wealthy county and we should set the example "Howard County is open to all." Any other position is not only against the values our Country has always had, but also UNCHRISTIAN." I ALWAYS VOTE. I CONTRIBUTE TO CAMPAIGNS.

Hi, my name is Victoria Laidler and I live in Savage, in Howard County. I support CB 9 to declare Howard County a sanctuary county. Given recent actions by the federal government regarding the muslim ban, it is more important than ever for our neighbors to be unafraid in their interactions with police or county government.

Hello, I am Iona and I live in Howard county. I find it incredibly important that the sanctuary county (CB-9) passes. I believe everyone and anyone who comes to America deserves the right to have a good start no matter if they are undocumented or not. Council members, I will be voting in the next mid term elections, and your actions taken in this vote will be very influential on whether or not I vote for you in that election. Please use your heart and reach out with love and compassion and pass CB-9. If you pass this bill you are showing that there is still good in this country, and that we can come together as one and CARE for each other NO MATTER WHAT.

Thank you for taking the time to read this.

Thank you again,

My name is Carrie Rêgo and my family has lived in Columbia since 1985. I am a proud graduate of Wilde Lake and a supporter of Mr. Rouse's vision. Columbia was built of tolerance and diversity. We must stand up to hate, fear and ignorance! As a social worker and the wife of an immigrant I know first hand that not everyone has a choice to follow a legal path, but that given the chance they certainly would choose to be legal. I also know many of them pay taxes and work well over 40 hours per week. Our threats come not from those trying to live peacefully among us, but from those trying to tear us apart. Becoming a sanctuary county would allow our police to focus on criminals from all backgrounds and truly make our county safer!

Dear Council Member,

I'm a lifelong Howard County resident. My family moved to Columbia in 1979 when I was in high school. I'm writing to you today to voice my support for CB-9 to protect all Howard County residents. I must admit that I was initially undecided on this bill, but after returning from a meeting of supporters at the Wilde Lake Village Center, I was inspired by the size (over 1100), diversity, and passion of the crowd. We heard many stories that convinced me that we must take action to protect these vulnerable citizens. I know that a vote in favor of CB-9 requires a lot of courage, but I feel that it is critically important that we pass this bill in these divisive times to send a message to the current administration that we can't be bullied into inaction. Please support this bill or work to find a compromise that will protect all of our citizens.

Respectfully,

Bruce Savadkin

CB9-2017

I support CB 9-2017. We have people in our community who need the bill. It is important to support neighbors and international students who are undocumented. The bill allows us to unit as a diverse community.

The bill creates a safe environment to share information without fear of detention or deportation for anyone who communicates with police, schools, or public officials. For county employees to inquire about a person's national immigrant status is not a function of county government or county law enforcement.

Thank you in advance for passing CB 9-2017.

Sincerely,
Christa Bucks-Camacho

I've lived here for years and love that this is a place for everyone to feel safe, supported, and to be given the opportunity to improve their lives. Howard County becoming a sanctuary city is aligned with what this place represents; with who we are as neighbors and friends. Please support CB9 and keep Howard County a safe, supportive, and kind place to be. Especially with the current toxic social climate, let us be a positive example.

Dear Howard County Council,

In these uncertain and politically difficult times, we need to show the world that we as Americans care for each other and will not be pushed around by an overly aggressive administration. Please support CB-9, the Sanctuary County bill. And many thanks to Dr. Ball for his hard working on this bill.

Following the recent election, I am avowed to no longer be a passive voter. Voting against CB9 will create a shadow class among us, where illegal immigrants will be afraid to report crimes, seek medical help, and will be susceptible to negative treatment because at any moment their immigration status can cost them everything

This isn't about immigration, it's about human rights. Don't create a shadow second class population, support CB9

I am a resident of Howard county and support making Howard a Sanctuary County. I moved to Howard County because of its diversity and the message my kids get in school to embrace differences. When this bill is not supported, we are sending the wrong message to our community and most importantly our youth. That message is one of discrimination and racial profiling.

Please follow your heart, not your political agenda or fall prey to irrational fears voiced by some community members.

My 4 grandparents were all immigrants.

The two from Japan were treated as dirty, dangerous, and inferior and the family was put in a camp.

The two from Ireland were treated, well, like Irish immigrants.

Not much has changed, it seems.

Or rather, progress has been undone.

Hi Dear Council Member,

It is extremely unsafe if the undocumented immigrants can do what ever they want. Illegal is illegal.

Police has the right they can question people if there is unusual suspicion situation. One a policeman stopped my car, he checked my driver license, then he politely tell me why it is because my headlight is not on.

Another time we traveled outside Maryland. A policeman stopped our car checked our ID, and then pointed out the headlight was off, we the find out our headlight bulbs were in the end of life and we replaced them immediately.

Again, our family do NOT support the bill 9-2017. we need a very ordered legal and safe environment and don't want people take advantage of law to do illegal action. America has turned into such unsafe!!! all parents has to escort their daughter to bus station; worrying if a trans-gender man walks into women's rest room to do something to a young girl. Everyday, I am searching online for any best home security camera, and asking if I should buy a gun to stop any home robbery.

Say NO would bring more safe and peace to our life. Thank you for your consideration.

Dear Council Members,

I am writing to ask you to support CB 9 and make Howard county a sanctuary county.

After the events of this weekend, I am convinced that it is our moral duty to do what we can to prevent discrimination based on ethnicity, religion, and skin color. The actions and statements of the current president have unleashed unjustified fear and hatred and encouraged uncivil language and actions towards those they perceive as "different". It is now up to local government to protect our American values.

Finally, I believe passing CB 9 will make Howard County safer because undocumented people will feel more comfortable interacting with the police.

Please vote for CB9.

Action Items

Howard County Council Members and County Executive Allan Kittleman,
My family and I oppose CB9. We disagree with creating a sanctuary for illegal individuals in Howard County. We respect and accept diversity in the community, however, we oppose allowing individuals, entering the country illegally, to take advantage of county resources with no questions asked. In our opinion, illegal immigrants are a current Howard County issue putting a strain on all infrastructure, including our school system, employment options, and economic and public service resources. This results in a negative impact on all citizens, natural born and those who immigrated legally. It is disrespectful to our legal system to allow people to reside in Howard County and have the same access to services as law abiding citizens. If we're not going to follow the laws, why have them? Why should the laws of citizenship be disregarded? We sympathize with the struggles faced by refugees and illegal individuals but solving those issues is much larger than the band-aid that a sanctuary county will create. If Howard County is targeted as a sanctuary, it could allow and possibly encourage individuals to willingly bypass our nation's legal system and flock here seeking forgiveness later verses seeking permission in advance for a legal status. The county cannot thrive with this mindset. For the welfare of legal citizens in Howard County, please vote no on CB9.

Sincerely,
Christine Dietrich

Dear Councilman Weinstein and all Howard County Council Members:

I am a resident of Ellicott City resident and fully support CB9 to make this county a Sanctuary County. I am the daughter of immigrants, born in the U.S. 60 years ago only 3 months after my parents arrived in this country. It is outrageous and disappointing to know that there are so many hateful, bigoted and fear-mongering people here in Howard County who are doing all they can to spread lies about immigrants. I will bet you anything that if you take a look at the crime statistics from just this county, you will see that the majority of crimes are committed by U.S. citizens. Truth is truth. There are NO alternative facts.

Not making this county a safe and welcoming Sanctuary for undocumented immigrants flies in the face of what America stands for. "Give me your tired, your poor, your huddled masses yearning to breathe free, the wretched refuse of your teeming shore. Send these, the homeless, tempest-tossed, to me: I lift my lamp beside the golden door." Do those words of Lady Liberty mean nothing?

Howard County must NEVER allow the haters and the liars dictate what it means to be an American. They are ALL descendants of immigrants ... every single one of them, unless they are full American Indian. To not offer sanctuary would not only be unpatriotic but ethically and morally wrong.

Please! Let us join the millions across this country in standing up against hate, fear and lies. No more. Not here. NOT HERE!

Hello, my name is Gail Howell. I am a resident of Howard County and I am in Councilman Jon Weinstein's district. I believe that my neighbors should never fear discrimination by the police or any other government employee based on their immigration status. In addition, I believe that county resources should not be used to investigate violations of federal immigration law. I support making Howard County a sanctuary county and therefore lend my support for Council Bill 9 and all of its protections for my fellow Howard County neighbors. Let Howard County be a great county that actively celebrates diversity, justice, equality, and inclusiveness for all.

CB9-2017

Dear Executive Kittleman and Howard County Council Members,

I am a Howard County resident and am emailing to implore you to support CB9-2017 (Ball, Terrasa).

One of the reasons I am most proud of living as a Howard County resident, and soon to be raising my first child in HoCo(!), is the virtue of civility that is expressed by our fellow community members and our county government. These common values of decency, acceptance of human rights for our fellow citizens, and ensuring all have a equal chance to achieve their potential is a value that is strong in our community, and you have demonstrated these values in your governance of our county.

When CB9-2017 comes up to vote, I implore you to vote to support it to ensure our county continues to be a national leader in promoting the rights of our community members, regardless of our national origin. Regardless of your political leanings or prior statements on this bill, I encourage you to continue to provide leadership that keeps Howard County a leader in human rights and justice for all its residents.

Please support CB9-2017.

Thank you.

Regards,

Chris Clavin

My name is Susan Moody and I live in Jen Terrasa's district. I am a member of PATH and St. John United Church. I vote in every election. I urge you to pass CB9 to make Howard County a Sanctuary County.

My faith calls me to treat immigrants the same as anyone else: "there shall be one law for the native and for the alien who resides among you." Exodus 12:49.

The recent anti-immigrant actions of the President make it ever more important for us to take a stand in Howard County to say that we welcome and value immigrants.

I am a resident of Howard County. I support making our county a sanctuary. I consider every resident deserves an equal treatment no matter their ethnicity, race or immigration status, besides our neighbors should never feel fear about going to any authority . They must protect every resident regardless any characteristic.

I am sure you will make a correct decision based on your own values, principles and care about other people needs.

God bless you all!

Regards

CB9-2017

Friends,

I attended the packed PATH meeting at Wilde Lake Interfaith Center on Sunday as a supporter of CB 9. I urge you to passage bill and help support every member of our community, including immigrants of all statuses.

Our county will be healthier and safer if we don't scapegoat and vilify people based on skin color, language or religious practice. Let's find a way to address fears and problems with creativity and cooperation, and without forcing our police officers to do the work of federal ICE law enforcement agents.

Thank you,

Rev. Beth O'Malley
