Making Howard a Sanctuary County

CB9-2017

Dear Howard County Council,

Our family is in support of the decision to make Howard County a Sanctuary County, no matter the funding consequences. This is scary, given there have already been budget and payroll cuts, but we agree steps must be taken to safeguard Fourth Amendment rights under the Constitution and the foundational principles of our government.

There is 'middle ground' that could be found for this situation. We support those efforts as well.

We will do all possible to attend the meeting with PATH leaders today, the 29th, but might not be able. We wanted to send this email to show our support.

Good Morning,

I am Howard County resident who is deeply concerned about recent executive actions by the president of the United States of America. How are we, your constituents, supposed to interpret these actions, other than the administration's attempt to devalue humans, domestic and abroad, based on their race, religion and/or country of origin? This is not the America I want for myself or others. These actions are not only un-American, they are immoral. I support the CB9 legislation to make Howard County a sanctuary county.

Thank you for your time, consideration, courage and service.

To: Howard County Council

From: Keith Ohlinger
2790 Florence Road
Woodbine, MD 21797

Subject: CB 9-2017

Position: In Support of CB 9

Dear Howard County Council:

My name is Keith Ohlinger and I am a farmer in Western Howard County. I am writing to elaborate on the testimony that I gave during the hearing on Tuesday night/Wednesday morning 17/18 January 2017.

“Right is right, even if everyone is against it, and wrong is wrong, even if everyone is for it.”-William Penn

William Penn created a tolerant colony in what was named Pennsylvania. It attracted many people searching for freedom from oppression. Among them were my ancestor Hans and his brother Phillip. They arrived in Philadelphia on October 12th, 1741 on a ship named “Friendship”. Hans was most likely a “redemptioner”, someone who agreed to work for 4-7 years to pay for his voyage. My family was fleeing religious persecution and multiple wars that had rolled through the area. At that time there were no immigration laws, you just came however you could. It is my understanding that we would not have been able to do that today, so I am very glad we came then.

I have sailed around the entire world and worked with many people from foreign lands as an officer in the U.S. Merchant Marine. I have been treated with respect and I have been invited into people’s homes. I was fed a week’s worth food that they could not spare and it would have been an insult to the entire community to reject it. I have seen people starving and dying and it is not something that ever leaves you.

I know how my own family arrived here and our history, I also know that if my own family was in danger or I feared for their future I would break any law necessary to make them safe. I would cross any border into any country and there is no manmade or natural barrier that would stop me from making my family safe. I have stopped for strangers with flat tires and who had run out of gas along the highway, there is no way I could turn away someone in need fleeing danger just because they weren’t coming here in a way some people liked. My conscience and my faith will not allow it.

I have read through the proposed legislation multiple times and have cross-referenced testimony against the bill with the facts. I see nothing in this bill that prevents a county employee from doing their job. I only see that we are telling them not to take it upon themselves to try and guess at immigration policy enforcement. As I stated at the hearing, there is a gap between stimulus and response, and how we live in that gap determines the way we are as human beings. The night of the hearings I just happened to wear a red shirt. I was treated differently based on just the color of my shirt, and that was in a room filled with people who work hard to treat everyone the same! It is too easy for a county

employee to accidentally discriminate against someone just because they appeared to be different in some random situation. I would much rather have this bill neutralizing the situation.

I researched all the various arguments against this bill and it appears that undocumented immigrants are actually more law abiding and supportive in communities than many native born Americans. My own personal experiences with people who have come here from foreign lands bear this out to be true. If, however, our federal leaders decide make laws that go against the laws of common human decency then we must all stand strong against tyranny and oppression. Therefore, I encourage you all to vote for this bill. I encourage the County Executive to stand up for all human rights and support this bill. If the County Executive vetoes it then I encourage all of you to vote to override the veto.

Very Truly Yours,

Keith Ohlinger

Action Items

To the Members of the Howard County Council:

I would like to add my voice to those who support this bill. It is extremely important to show that there are still people in this country who care about the plight of others. Is the county and country truly better served by having groups of people who are afraid to report crimes, accidents, rundown housing, code violations, those who pay them less than what they deserve and pocket the difference or even barking dogs; because they are fearful of repercussions from the government and its employees, if they do? There were many unfortunate statements made during the recent presidential campaign and, unfortunately, they still continue and now there are presidential orders as well.

If we are to believe our founding fathers, it is our creator who gives us the inalienable rights to life, liberty and the pursuit of happiness; not the constitution, not congress, not the president, not the governor, not the county executive, not the county council. People who live in the world of phobias and fear, often seek to instill fear into others to get there way. We must stand up to such tactics. **Now is not the time for good people to standby and do nothing!**

Sincerely,

Ralph Ballman, District 5

I am a lifelong resident of Maryland, other than my time away serving in the Marine Corps, and do not agree that creating a sanctuary space solves any immigration issues and only fuels greater division and partisan politics. I am a DoD civilian employee and fully understand the security risks, financial burdens and impacts to public infrastructures that unplanned and irrational decisions such as sanctuary designations produce. Don't let politics, political gain and drastic measures drive a decision without thinking of your real job of protecting valid, legal U.S./Maryland citizens.

Dear council members,

I've reviewed the text of CB-9 and I encourage your support of this bill. While I understand that our county employees currently do not engage in ICE investigations and activities, I believe this bill sends a strong signal to citizens and visitors to our county that we do not want them to be afraid of our county employees. We who have the high privilege of a sense of safety and belonging owe it to others to enjoy the same.

If this should affect our receipt of federal funding, I am willing to pay higher taxes to offset the decision of the federal government. I am willing to pay more to ensure we provide a welcoming environment to try to offset the instigation of fear and distrust by our elected federal officials.

Subject: Message from KM_C654e

My name is Anna Oakley. I am a retired Veteran. I have been a resident of Howard County since 2002. I was living on Ft. Meade and decided to move to Howard County because we heard about the rating of schools as well as the quality of life in Howard County compared to Anne Arundel County. Although I have faced many challenges I remember a hate crime that was performed on my brother when I was in Middle School. My mom sent my oldest brother to the store because my father was working out of town. On his way back home from the store it started getting dark and my mother began to worry. Finally, my brother arrived and he had egg shells on the back of his clothes. He said, "There were a bunch of white men in a truck and they started yelling 'Hey Nigger'". I did not say anything but kept walking. I felt something hitting me in my back. I thought they shot me. I really thought I was dead." Although this happened in another state, this is an example of what can escalate if hate crimes are not put into proper check. Persons must be held accountable for any participation in hate crimes. Proper sanctions must be in place to provide for this.

When I think of hate crimes, I think of episodes like this which took place before our marching for freedom contributed to changing laws and attitudes. Although I am not blind to the fact that all negative perpetrated events of this type has not been eliminated in the present time, I am sure the law provide better justice for all per enforcement of codes laws and statues. When I look at the state of our country and Black men and women are being shot and handled wrongly, I feel within myself it is time to awake justice in the heart of the people. When hate crimes happen, the hater see men as unhuman and unimportant. Their arrogance cause them to think that God has a respect of person. When we think of hate crimes we need a law or a legal system that is sensitive to lives. Justice should not mean "JUST US" but should see all lives involved. We need to know justice is blind because of the law not because of human popularity. When matters of the law are dealt with integrity and righteousness, it do not allow the anyone to feel that the other person's back ground without race creed or color or life style or sexual orientation is unimportant. A nation needs the Military as well as the civilians. Who is watching all posts.

Military expanded my territory because of my limited exposure. My Being from a small southern town, I did not have the opportunity to know many people of other nations and tongue. The United States Army exposed me to many races and challenges. The Military was a positive effect on me and others. If it were not for laws and regulation the military and this nation would be in a bigger ball of confusion. As Dr. Martin Luther King said, "The Law cannot make them like you, but it sure can stop them from lynching you." The regulation did not make them like us but it sure stopped them from lynching us. Now a new lynching has taken place it is called stalking and harassing. If not for the law, many lives can be lost. We can be a country that is strong and powerful if we show strength in standing up for righteousness instead of following the crowd that is bigger. Gideon's battle started with twenty-two thousand people when instructed by God the amount was sufficient his numbers were three hundred and Him. Al though three hundred went to battle the others were important also. Importance is he did it with those who were alert, focus, skills and togetherness in mind. I believe this Bill can be a positive step in bringing our nation back together.

I support the Sanctuary bill. My wife lost her grandparents to the Nazis because the USA had restrictive and racist immigration policies in the 1930s. Nationally we appear to be returning to such terrible policies. Please pass this bill and overturn the County Executive's veto.

CB9-2017

Dear County Council Members Sigaty, Weinstein, Ball, Terrasa:

I reside in Howard County. I am AGAINST Howard County Sanctuary Bill CB9-2017. I implore you to vote NO on CB9-2017. We can not afford any one else in this county or country! We can't even take care of our own. We need to get our house in order FIRST! People need to enter this country and county LEGALLY! LIKE ALL OF OUR ANCESTORS DID!

Your Name	Carole Miller

I am in Favor because I consider this is a good way to protect and re in force the law in The United States of America by speaking up when a crime has occurred. This is the land of the free and I feel every ones lives matters. This is a good way to feel safe for everyone including people who are not legal in this country. In conclusion everyone's voice matter. Please consider this petition in the name of Jesus Christ. Amen! PABLO MARTINEZ

Dear Council,

I know that you got a serious dose of outright from those opposed to offering sanctuary and help to immigrants at the last county council meeting. I would just like to let you all know that there are those in Howard County who believe in the value of all people, and who would like to support with compassion and generosity the unfortunate people who find themselves displaced or who find themselves compelled to leave the homes they find untenable. Please do your best to oppose xenophobia.

Thank you,

Katherine Peterson

I am vehemently opposed to the above bill. A perusal of the charter of Howard County fails to delineate authority to the Government to create such overreaching legislation. Review of Bill No. 9-2017 reveals an agenda which seems to create or promote the settlement of illegal aliens within our County some of whom may be from "Middle Eastern" Countries. It is not up to Mr. Ball and Ms Tarassa to dictate sanctimonious moral authority in this proposed law which defies fundamental common sense in terms of what may be socially acceptable or "right or wrong" for "legal" citizens of Howard County. Our individual rights of "Life, Liberty and the Pursuit of Happiness" could be harmed or limited by large numbers of such people moving into the County. Pursuant to this bill being ratified into law illegal aliens would certainly begin to move into our County. Should one or several of these people bomb or murder legal residents of Howard County, the County Government would indeed be in legal jeopardy due to its stupidity and gross negligence.

In the case of people from the "Middle East" many do not have jobs or any means of support and would cause a drain on our resources in terms of housing, medical and educational costs. Taxes are

marginal people taxes would necessarily skyrocket.

Such a bill should not be passed into law without appropriate economical impact studies for Howard County and the State of Maryland. Moreover, I am forwarding a copy of the proposed bill and pertinent comments to Governor Larry Hogan

Perhaps Mr. Ball and Ms Tarassa should seek mental evaluation and be replaced on the Council. This Bill is complete BULLSHIT!!!!!!!

I am an immigrant and I leave in Hoco. The bill as it is will make the county a place where Muslim will like to reside to perpetuate the Islamic agenda. Germany is a sanctuary country where Islamic people are welcome. Do you notice what the Muslims are doing now in that country? They have turned it to a sanctuary for radical Muslim to operate with impunity.

I urge you to vote against CB-9.

Sincerely

Hi Howard County Council,

My name is Susan Defibaugh. I am a resident of Howard County and I support making Howard a Sanctuary County. I believe no one should have to fear going to the police or any government employee.

My husband and I moved to Columbia 18 years ago and raised our children here because of its diversity and tolerance. Please make Columbia and Howard County a place we want to stay by supporting CB9.

Thank you,

Susan Defibaugh

I'm attending a PATH meeting and I have heard more informative testimony that fuels my belief in this bill. There are 1100 people here today, in support of their community and the CB9 legislation. Let us make a stand and make our community stand together.

Think of the students who came here as children, work, attend HCC. Some have lived here for most of their lives but continue to live in fear as a second class citizen. This cannot stand. As an educator, I cannot let this stand.

Thank you.

CB9-2017

Hello, my name is Guy Moody and I live at [9506 Red Apple Lane, Columbia, MD 21046](#). I am a member and past co-chair of PATH and I support making Howard County a Sanctuary County, and here is why:

This bill is a declaration of the warm and welcoming atmosphere of our diverse county that stands for civility, decency and acceptance and to be free of prejudice, bigotry and hate—**values** that the citizens of Howard County expect our county to uphold.

This bill insures a **safe** environment for people to share information without fear of potential detention or deportation for anyone who communicates with school or government workers or officials. For county employees to inquire about a person's national immigration status is not a function of *county* government or *county* law enforcement.

This bill abides by all county, state and federal law and does not break or condone breaking any laws. This bill clearly states that county resources should not be expended in enforcing federal laws of the Immigration and Custom Enforcement agency. There are federal law enforcement officials whose task it is—not our county's task—to enforce such laws.

As a person of faith, my religion compels me to care for the most vulnerable among us. Surely, those without documentation are highly vulnerable, especially if they feel unsafe working with or contacting local law enforcement or their local government.

Some have expressed that this bill would somehow make Howard County a beacon for undocumented people to flock to Howard County. In truth, our county is already a beacon for all people, if they can afford to live here. We have a great school system, amazing local resources, and countless amenities that set Howard County apart. This bill instead affirms the existence of those who already live here and will ultimately make our county safer by encouraging a greater relationship with and enforcement of local law.

Finally, we should never let fear guide our decisions. Fear of reprisal from the President Elect; fear of a wave of undocumented "others"; or fear of a changing culture and demographic. I hope you will join me and the thousands of other residents of our County who believe in making Howard a Sanctuary County.

This evening, we had more than 1100 people at the Wilde Lake Interfaith Center, many are residents of District 1. We will not stand by and let fear and misinformation rule the day.

I strongly urge the Howard County Council to vote in favor of Bill No. 9-2017.

I am at the Wilde Lake Interfaith Center, where over 1100 attendees are gathered in support of CB-9. We've heard from DACA students about their fears. These fears are the reason Howard County must stand strong to codify our refusal to work as agents of I.C.E.. This is the time for people of good will to stand strong against the forces of xenophobia and hatred. Please vote to pass this bill, and if necessary,, to override the County Executive's veto.

Hello my name is Daniel Smith. I am a resident of Howard County and I support making Howard a Sanctuary County. I believe that my neighbors should never fear going to police or any other government employee. Currently I serve in the United States Navy and have been on active duty for over 13 years. In my years serving in the United States Navy I have worked with untold numbers of immigrants that have been both US citizens or on the path to citizenship via their service in the Armed Forces. For those of you that haven't served in our Armed Forces, you might find it interesting to know that our forces are made of up a lot of immigrants that are so desperate to show their loyalty that they risk their lives for this country. This bill needs to happen no questions asked. We need to show each and everyone of our neighbors our love and support.

Thank you for your time,

Daniel Smith
