Dear Howard County Council Members,

I, Liz, Feighner, a resident of Howard County at [10306 Champions Way, Laurel, MD 20723](#), am in favor of CB9.

As a second generation immigrant, I am very concerned about immigrants not feeling safe or welcomed in our country, state and county. War, conflict, economic hardships and persecution have forced people to leave their homes, creating more refugees, asylum seekers and internally displaced people than at any other time in history and it is un-American to discriminate and create more fear. It is the moral responsible thing to do to welcome the sojourner, love our neighbor and stand with the most vulnerable among us.

It is important in a political climate of xenophobia that cities and counties declare themselves to be places of sanctuary for immigrants. To stand by in silence while families are separated, individual freedoms are ignored, and the immigrant community in the United States is demonized is complicity to sin.

Voting for this bill means that the people of Howard County denounce and oppose the rise of xenophobic, racist, and violent reactions against immigrants in the United States, support all efforts to build relationships between people, instead of building walls, between diverse ethnicities and cultures.

I urge you to vote in favor of CB9.

Sincerely,

Liz Feighner

CB9-2017

Good Morning Executive Kittleman,

To my letter I would add, it is deeply distressing to me to see the kind of hatred and xenophobia this bill brought out in our community, particularly the very district which I have called home for a quarter century. Knowing that my neighbors are so afraid and disdainful of the very individuals that make this a great country through knuckle-bloodying work, and that they forget that their own forebrears did the same, is saddening. However, I am more motivated than ever to ensure that all Americans understand who we really are as a nation- our identity is strengthened by the openness of our arms. I don't need to list for you the immigrants, often undocumented at first, often refugees themselves, who have placed America at the pinnacle of achievement in science, art, and governance. It is my clear understanding that welcoming the "wretched refuse", the "homeless, tempest-tossed", will be the very action that will continue to make America truly great.

**First, a definition:**

**un·do·cu·ment·ed**

**ˌənˈdäkyəˌmen(t)əd/**

**adjective**

**adjective: undocumented**

- 1. **not recorded in or proved by documents.**

- 2. **NORTH AMERICAN**  
**not having the appropriate legal document or license.**  
**"undocumented immigrants"**

I write today to tell you why I support Howard County Council bill 9, also referred to as CB9. This is a bill that establishes Howard County as a sanctuary county, simply stating that law enforcement officials will not ask for citizenship or immigration information unless it is legally appropriate. It commits to preventing discrimination by Howard County employees based on citizenship or immigration status. This allows members of the community who need help to access police protection without fear. It creates opportunity for all our neighbors to acquire work without prejudice. It confirms that Howard County employees will always cooperate with federal, state, and local laws.

Like most Americans, I am the child of immigrants. My parents came here when America was desperately in need of doctors. In the 1970's, we didn't have enough physicians to care for sick Americans. Many doctors did not want to work in poor or rural areas. So scientists from around the world were invited to help. These highly trained professionals came here to help our forebears. And they came to love this country. My parents proudly carry an American passport. They always wear their American flag when they

and education, and like them, I have. They taught me to respect our American laws and appreciate our American life. I kept a copy of the constitution in my pocket for decades. We love America.

We love that anyone can come here and educate themselves, work hard, and make a life without the chains of prejudice, poverty, illness, lawlessness, military coups, or religious oppression. These are all a mundane part of everyday life where my parents were raised. They came here and we became free. And we love America.

I have family and friends and patients who have been "undocumented." It doesn't mean you forced your way in or you scaled a border wall with a pocket full of pemmican. Sometimes it means you did everything you were supposed to, and then waited for the authorities to complete their tasks. It means that while you complete your training, you depend on fortune and friends to protect and believe in you. In this country, though, administrators in immigration and embassies produce results without bribes or coercion. Because simple acts like getting a new passport or driver's license happen without a dirty handshake, we love America.

I have spent summers in a country where you are woken by government workers at 3 am to prepare to fast. Here in Maryland, nobody has ever knocked on my door to impose their religion on me. In fact, I'm welcomed by curious friends whenever religion is a topic. I belong to the American Ethical Union as a practicing Secular Humanist, I have friends and family of every religion, and we are not afraid of each other. We can think and love and practice our religions freely here, and that is why we love America.

We are called on now to stand for these American values: freedom of religion, freedom to work, and the opportunity to be treated as equals, and pursue our happiness. This requires respect for the law, and our legal tradition protects our neighbors in need with due process and equal protection under the law. We must protect our constitution, our American way of life, and our laws. These very laws protect all of us. They protect our freedoms, and thus our very way of life. This is why CB9 is sensible, important, and necessary.

I urge all Howard County residents and all our council members to support our American way of life by supporting CB9.

Most sincerely,

Zaneb K. Beams, MD. FAAP

To Whom it May Concern,

As a lifelong resident of Howard County, I would like to express my support for CB-9. As a sanctuary county, Howard County will be a safer place for all of its residents and visitors. No one should ever feel afraid to call for help in an emergency or to report a crime, lest they risk deportation. Fear of deportation also may prevent undocumented immigrants from seeking medical care, which makes this a public health issue.

I have always been proud of Howard County's diversity and inclusive environment. Please pass CB-9 so that we can keep Howard County a safe place for all.

Hello, my name is Annora Bailey. I am a resident of Howard County and I support making Howard a Sanctuary County. I believe that my neighbors should never fear going to the police, getting treated for illness, attending school or working with any other Howard County government employee.

Just yesterday the council in Cincinnati passed a sanctuary bill and the city of Phoenix is considering passage. Hundreds of communities have already taken action.

In closing, I wonder what I/we would have done prior to the Civil War when the Fugitive Slave Act was in force and the law called for fugitive slaves to be returned to their owners. Would I have idly stood by? As a Christian and an American I believe we need to carry on as protectors of our neighbors.

Nothing in all the world is more dangerous than sincere ignorance and conscientious stupidity.

Annora Bailey

Since all this bill does is confirm what we are currently doing - why not pass it? I strongly support this. When did America stop accepting people as people? We live in a difficult time. Courage shows in times such as these. I will watch this vote and I will vote accordingly. Howard County needs to show leadership. Please look at the PEOPLE not the money.

Thank you for your consideration.

I am a life-long resident of Howard County (currently North Laurel) and a physician. Making Howard County a sanctuary county makes us all safer. I have seen several undocumented immigrants attacked (with knives, with guns, raped, etc) and brought to the hospital. They don't want to talk to the police because they are worried about their immigration status. Therefore, their attackers can go on to attack someone else. Howard County should be a sanctuary county.

Re: Council Bill 9-2017

As a life-long resident of Howard County, I am AGAINST Council Bill 9-2017. All immigrants should go through the proper procedures to become AMERICAN CITIZEN.

Even though this Council Bill addresses vetting of individuals, it creates a Sanctuary for those we know nothing about. Approving legislation for Howard County to be a Sanctuary community will be costly to the tax payers by adding more schools, teachers, housing projects, police protection, plus putting a burden on our public facilities and roads, over-crowding our hospital and health facilities, etc. You are responsible for serving the legal Citizens of Howard County!

This is a Federal Government issue that is out-of-control and affecting the entire United States. It needs to be brought under control without interference or hindrance from any State or Local Government Agency or Religions, Cults and Sects. We need to let the requirements for American Citizenship rule!

Thank you,

Hi, I am a 13 year resident of Howard County. My husband and I moved here to Columbia because of the diverse, inclusive opportunities. My hope is that Howard County continues be a safe, respectful, non discriminatory community. I Understand there are laws about immigration however, these laws are not to be used to hate, punish or oppress anyone that needs help. Howard County is and I hope to be the community that Jim Rouse envisioned. A community that supports and respects everyone regardless of their race, ethnicity, religion, sexual orientation, gender, age and economic status.

Becoming a Sanctuary County is not about what our current administration wants. It's about what's best for Howard County. The principals that make this a awesome place to live.

Please do not make MD an islamophobic, bigoted state in America. We MUST #RESIST Trumpi here! We are a country of immigrants. Just because they may have a different skin color or religion does not make discrimination and bigotry okay. I love the fact that here in Maryland I can be a Jew with a Muslim best friend and no one turns their head or questions it.

Maryland, specifically Howard County where I live, needs to step up and be a leader to the rest of the country that America accepts and protects ALL people who want to be here, safe from persecution and death from their war-torn countries. Please so the right thing and respectfully SUPPORT CB9.

Respected Council Members,

I have followed the CB-9 debate closely, reading on-line statements and hearing testimony. I am a white, married, middle-aged woman with children in HCPSS, and I live on the border between Columbia and Clarksville, in Ms. Sigaty's district, though very close to Mr. Fox's, as well. I urge you all to support CB-9, and I speak for many of my neighbors, as well - a law will help insure that policy can't be changed without public review. It's the right thing to do. ## Support for CB-9 Howard County Sanctuary Status

CB9-2017

To my councilman Greg Fox, councilpersons Weinstein, Ball, Terrasa and Sigaty, and county executive Kittleman,

I am writing today in support of sanctuary county status for Howard County. As with any important decision I make, I have reviewed pros and cons of this bill, studied other cities and counties with this status, have read what you, on the board, HoCo constituents, and law enforcement around the country have said about sanctuary status, and have come to the conclusion that passing this bill will strengthen the connection that EVERYONE living in this county will have towards their government at ALL levels and to their country, the United States of America -- far outweighing any negative impact that people fear.

I, myself, am an immigrant. I have been in this country since I was a little girl. I was lucky. My family, back in Peru, had money. My mother had a degree in Accounting and had studied at UT-Austin and within the University of California school system. I came to this country speaking very little English, but through my outstanding elementary school in Fairfax County, VA's ESL program, I quickly learned the language. Through support of my family already in the country and new friends I made, and through the welcoming openness of my community, I quickly assimilated and became an American, a gringa, as they call me whenever I go back to visit Peru. Growing up in Fairfax County, in some of the wealthiest towns in this nation (McLean and Great Falls), I was often immersed in the cultures of different immigrants from all parts of the world. A drive down Route 7 was like a visit to every corner of the earth. And within those outer communities in the county, lived people that were documented, but also that were not. Their struggle was different than mine. They didn't have the resources I did, the connections I had. They had language barriers, pennies in their bank accounts (if they had bank accounts at all), people needing them back at home. To them, being American meant not only embracing a country as their own, but also first being able to survive. They needed a CHANCE. They were not criminals, they were not here to live off the state. They were here for the exact same reason my mom and I came -- to have a better life. To be American. But, as you may know, to be a new American is hard. There are a lot of forms, a lot of documentation, a lot of money is needed -- resources that many people just don't have. So, what happens? Well, they become undocumented, "illegal." Are they criminals? No. Are they cancers to our community? No. Are they different from YOU or ME? NO! The vast majority of these undocumented individuals want to be legitimately in this country, and we, as a county deep-rooted in "civility" need to be there for them. The focus of our county's resources should not be on helping to eliminate otherwise law-abiding citizens. We should welcome them and provide them care and assistance. We should HELP them become American, not make it harder for them. Let our county resources work for good. Don't bog them down with demands from the federal government. Let's focus on our people, ALL our people, and do what we can to make their time in our county filled with security and openness. Let's tell them that in Howard County we are here to help you. You are safe. You are wanted. You are HoCo too.

Thank you for your time.

To members of the Howard County Council,

I came to the USA as an immigrant from Egypt in 1967 and became a citizen and then an attorney. I have been a resident of Howard County since 1990 because of its reputation as a community free of prejudice, bigotry and hate. CB9-2017 would reaffirm those values in the face of the recent national political climate, with its increased incidents of hate speech, violence, and Constitutionally questionable federal proclamations.

I strongly urge you to pass CB9-2017 to establish Howard County as a Sanctuary County. This bill is consistent with past practices in the Police Department. CB9-2017 does not break any laws. It simply would establish clear public policy that our County will not dedicate its local resources to enforce federal immigration laws, which are not Howard County's responsibility. Our County police must stay focused on local public safety. For the reasons above, the Howard County Council should pass Council Bill 9-2017.

Dear Howard County Council Members,

Whoever authorized Howard County Government officials to give county benefits to non-citizens without getting approval from Howard County taxpayers? You should be investigating this and holding officials accountable, not condoning it and making it official policy. It is our money! You are taking our resources from our citizens. The average cost per year to educate a child in Howard County is: \$15,242 per student. If you multiply that figure times 12 years, it would equal to \$182,904 to educate a child in Howard County. Students who do not speak English and need an English as a second language teacher takes even more resources away from our students. How many Howard County taxpayers does it take to pay for this? We will run out of money. This doesn't even address all of the other county services that are being used that we have to pay for.

Remember, you are taking our money that our families need to pay for these programs without our permission. Please vote against CB-9.

Good afternoon,

I live in Howard county and my kids go to Howard County public schools.

I strongly protest Howard County Sanctuary Bill CB9 and its amendments. I urge you to vote NO on CB9 bill.

Besides bunch of data and researches available, a few facts around that make me against this proposal are:

1. Our family drove around Baltimore a few times. It is a nice city with many attractions, top university, and historic architects. but we don't feel safe when we were walking on street. We don't hope our nice town like Columbia, Ellicott city become city like that someday.
2. Our kids have to wake up very early to go to school because our county don't have enough funding to support better coordination of school buses and school time, we should not spend so much funding for CB9 since we have not solved our current problems.

Thank you

To the Howard County Council:

As a resident of Howard County since 1974, I support making our County a sanctuary county. I feel that this bill, CB-9, expresses the values of diversity and tolerance of all on which Columbia was founded. The motto "Practice Civility" is a trademark of our community. This bill codifies our stance that we value all people, regardless of their immigrant status, and protects our immigrant neighbors against the threats of harassment that jeopardize the well-being and security of many of these vulnerable individuals.

I am fortunate and proud to have lived in this county for most of my married life. This community is a magnet for many people with these same values. PLEASE, don't succumb to the ugly streak of prejudice, bigotry, and hate that has permeated much of our nation. We are better than that. My family and church community would be disappointed and ashamed to have to accept this black mark on our beloved Howard County.

PLEASE VOTE IN FAVOR OF THIS BILL THAT ENSURES THE INTEGRITY OF OUR COUNTY'S FOUNDING PRINCIPLES.

County Executive, Howard County, MD

Dear Mr. Kittleman,

I find it hard to improve upon the fine letter in support of CB9-2017 from my friend and colleague Ray Donaldson (below.) I wish to also support this bill. We must remember that refugees are made homeless and torn from their countries by the barbaric and random events of war. We of Howard County, who have so much, can we not empathize and reach out to those families who have so little, to help repair lives that have been totally uprooted? Will we help ameliorate the cruelty of war, albeit in a small way, or will we confirm such cruelty? A long, noble, American tradition of laws and humanitarian action, stemming from World War II, helped alleviate such hardship on a significant scale. It is up to us, as Americans, and as citizens of both Howard County and of the world, to do the same.

It distresses me that there seems to be so much opposition to Howard CB9-2017, I just do not understand it. I originally moved to Columbia in Howard County because of the vision of James Rouse. My guess is that there are now many people living in Howard who have no knowledge of Rouse's vision of a community for all people. The overwhelming majority of refugees who have come to America have fled from brutal oppression or brutalizing poverty. They have come here for **freedom**. They contribute enormously to American society and our economy. Through hard work they take on individual and social responsibility. They have earned not just recognition as Americans, but our **gratitude** as well for all they've contributed through hard work (often at low pay). The issue is **empathy** and **respect** for these refugees as human beings.

## Sanctuary Counties See Lower Crime Rates and Stronger Economies

*By Tom K. Wong*

As the Trump administration begins to implement its immigration policy agenda, the issue of local assistance with federal immigration enforcement officials is back in the spotlight. So-called sanctuary jurisdictions are one focus of that debate. The analyses in this report provide new insights about how sanctuary counties perform across a range of social and economic indicators when compared to nonsanctuary counties.

The data are clear: **[Crime is statistically significantly lower in sanctuary counties compared to nonsanctuary counties](#)**. Moreover, economies are stronger in sanctuary counties—

 Reply all |  Delete Junk |  ...

**Among the main findings:**

- There are, on average, 35.5 fewer crimes committed per 10,000 people in sanctuary counties compared to nonsanctuary counties.
- Median household annual income is, on average, \$4,353 higher in sanctuary counties compared to nonsanctuary counties.
- The poverty rate is 2.3 percent lower, on average, in sanctuary counties compared to nonsanctuary counties.

Dear County Executive,

I was quite sincere when I conveyed to you my appreciation for your leadership in the Ellicott City flood aftermath (at the BGE reception this week), but I wish now to express myself on another matter.

Though I would never advocate having county employees violate applicable laws, I do feel that enforcement of federal policies on immigration are not the proper role for local law enforcement, social agency personnel or elected officials. I hope that you will endorse efforts by other leaders in our community to respect and uphold the "sanctuary" concept in this way.

I was a co-founder of the Foreign-Born Information and Referral Network a couple of decades ago. I am sure that you are aware of that group's excellent work in easing the assimilation of new members of our Howard County community. Many have gone to become citizens, and to make significant contributions to the life and prosperity of the County. As a Christian who takes his faith very seriously, I hope that our county will not now become known as an unwelcoming place, one that will slam our doors shut in the face of dire human needs.

Respectfully,

I live in Stevens Forest which has a high immigrant population. I do not know my neighbors' immigration statuses, nor do I wish to, because to me they are just fellow parents dropping off their kids at school or volunteering at PTA events. Our village works hard to unite our families and the Howard County Police do an amazing job of participating in our community and in our schools. Our officers already work hard to prevent crimes and improve security. I don't think their time should be spent acting as federal agents investigating the immigration status of those not accused of crimes.

I am writing to express my strong support for Council Bill 9-2017 [The Sanctuary Bill]. I moved here in 1984 because my husband and I wanted to raise our children in a place that had a diverse population and celebrated that diversity. I watched all the videos at the Welcome Center explaining Jim Rouse's vision for our county and I was all in. I cried the day Jim Rouse died.

It was the best decision we ever made for our family. This is a place where I could live my values and I have. Everyone in our family has been enriched by our experiences living here. Now my six grandchildren are growing up here and have friends of many nationality. I celebrate every time I see them with their friends.

Our country is going through some trying times that has allowed hate to be normalized. If Howard County with our rich history of tolerance and acceptance, cannot be strong and show leadership in protecting people, I fear our county as well as our country is crumbling. As you vote on this bill I would like you to consider this question – What would Jim Rouse do?

CB9-2017

Dear County Executive Kittleman,

I have followed the CB-9 debate closely, reading on-line statements and hearing testimony. I initially thought I would be in favor of this legislation, but when I found out you were vetoing it, I did extra research, since many people who have lived here a long time told me what a fair and equanimous person you are. I am a white, married, middle-aged woman with children in HCPSS, and I live near the Columbia/Clarksville line. I came here because this area seemed to offer safety and diversity, and a good place to raise children.

After doing lots of reading and talking to many of my neighbors, I would like to ask you to reconsider your veto. I have heard exaggerations and extreme statements from both sides about this issue. For me, though, two things are inarguable:

- 1) People on both sides of this issue are afraid - afraid they will be victims of crime, afraid they will be harassed, afraid their way of life will disappear
- 2) Current practices and policies, while perhaps beneficial, are not law. They can be changed without public notice or input.

There would be deep value to everyone in our community, from law enforcement to citizens to county officials, if there were actual laws covering these practices. It would reduce fear and misinformation on both sides, which, frankly, seems to be getting out of hand. I am appalled at the amount of anger and vitriol this has brought out. We are better than this. We can come together, as a community, and craft legislation that makes everyone feel safe. Please reconsider your veto and work with the Council to create and pass a sanctuary bill that protects everyone.

Sincerely,

Gail Rohrbach

CB9-2017

Dear County Council members,

First of all, thank you for all that you are doing to make Howard County a vibrant, safe, attractive place to live, work and raise a family.

Second, I would like to ask you to vote FOR CB-9 to declare Howard County a Sanctuary County. My argument is outlined below, in the form of responses to the statements made by Executive Kimmelman explaining why he plans to veto the bill.

[Kimmelman] Council Bill 9 (CB-9) is a hollow political statement

"Hollow" implies a space that can be filled. A glass is hollow; it is its very hollowness that makes it useful. CB-9 is a clear declaration of \*values\*, made as a political statement. To frightened immigrants, a bill filled with a clear declaration that local law enforcement officers will not make themselves instruments of potential deportation has great power.

[Kimmelman] False Sense of Security...The Howard County Police Department...has never been engaged in the enforcement of immigration laws. This bill's own language states it will not supersede any federal or state law, or any existing agreement between the County and any other federal, state or local government.

Yes HCPD has never been engaged in enforcing immigration laws, but now we have a President who has expressed his intention to bring back ICE's problematic "Secure Communities" program and strengthen the Delegation of Immigration Authority Section 287(g) Immigration and Nationality Act. These programs have created a real sense of insecurity and been highly problematic: see <http://altopolimigra.com/documents/FINAL-Shadow-Report-regular-print.pdf> and <https://pitchengine.com/pitches/a4ef098a-9536-4608-8799-fba6ea669c2a>. A formal declaration of Sanctuary status is a real and valuable step to increase the sense of security in our immigrant population (both documented and undocumented), which will allow them to participate more fully in the social fabric of the county, which benefits everyone.

[Kimmelman] Compromise Public Safety Efforts. Our police department has made tremendous progress working with ICE..A serious concern is that passage of CB-9 could compromise the County's ability to keep our community safe.

On the contrary, the "Secure Communities" program and 287g efforts have been shown to \*decrease\* trust of law enforcement by immigrant communities, the very trust on which law enforcement agencies depend in

 Reply all |   Delete Junk |  ...

this bill will \*enhance\* public safety, not compromise it. And if, as Kimmelman says, the bill's own language states it will not supersede any federal or state law, or any existing agreement between the County and any other federal, state or local government, how could its passage compromise the County's ability to keep our community safe?

[Kimmelman] Loss of Federal funds. CB-9 will add language to the Howard County Code that could put us at risk of losing some critical federal funding. I am not willing to jeopardize existing programs and services which benefit all Howard County residents to adopt a label that would not change any of the policies and practices that we already have in place.

Here we come to the political nature of the bill. One of the responsibilities of political leaders is to LEAD, which includes making statements of our values and priorities. Do we boldly declare our commitment to minimizing the atmosphere of fear while so many of our county's residents are feeling more fearful every day under the current administration in Washington, or do we join the fear by remaining silent because an impulsive, authoritarian President might try to withhold funds from us? This Presidency is a national crisis, and anything that we do to empower the current President because of fear, we do at our own peril. You can't put a dollar price on dignity, or on standing up for what is right. No, the bill might not change any current policies and procedures, but there is real fear that the "Secure Communities" and 287g programs could sweep the country if we don't take a stand against them, early and firmly. Passage of this bill will make people feel a little less fearful that that will happen here, which will make Howard County stronger and safer for us all.

For these reasons, I ask you to vote YES on CB-9. Thank you very much for your time and consideration, and for all of the good work that you do.

CB9-2017

Dear County Executive & Members of the County Council,

I am a resident of Howard County, I support the United States Constitution, and I support making Howard County a Sanctuary County. I believe that my neighbors should never fear going to the police or any other government employee.

Howard County is diverse county, and everyone in the county deserves to be treated fairly, irrespective of their ethnicity, race, faith, or immigration status. Our County has been known and respected for its diversity and respect for the rights of all its residents. Let's continue to be in the lead against any type of stereotyping or discrimination. I believe that protecting the civil rights and liberties of all Howard County residents should be a top priority. I appreciate the efforts made by the County Executive with programs like OneHoward; I believe CB 9-2017 would strengthen these programs and build trust between its citizens and local law enforcement agencies. Council Bill 9-2017 promotes public safety, protects the constitutional rights to due process and privacy of its residents including immigrants. It simply gives legal force to a policy that Howard County police have been following for years.

As I am sure you are aware, there is a lot of fear of government officials, in particular the police because of the recent revival of racism, xenophobia and hate in our country. I know that many immigrants, especially those that have been targeted because of their darker skin or their indigenous looks have suffered from discriminatory practices. Now is the time to reduce that fear by adopting Council Bill 9-2017.

Sincerely,

Haleema Ali

Hello,

I spoke at the hearing in strong support of CB9, and mentioned a petition. I am now delivering the 775-signature petition with a file with all names, city, state, and zip code so you can see what district they are from. I also included the **20 pages** of comments in support of CB-9, and I hope you read these and include them in your count of who is in support of this bill.

For your convenience these files aggregate signatures and comments from many supporters rather than flood you with seperate emails.

Thank you  
Gavin Kohn

# Make Howard County a Sanctuary County

\*Due to the local nature of this petition, please only sign if you are a resident of Howard County, MD.\*

Dear Howard County Council Members and County Executive Allan Kittleman,

The signatories of this petition request that you support Council Bill 9 to make Howard County a Sanctuary County and a safe community for all of our residents.

The signatories of this petition also request that you consider additional measures to protect the religious affiliation of residents in this community.

President- Elect Trump's statements calling for the creation of a Muslim registry and the wholesale deportation of undocumented immigrants deeply worry many people in Howard County and throughout our nation. As you know, Howard County has a very diverse population -- racially, culturally, economically, and in many other ways -- and this diversity is greatly valued by many residents. The signatories of this petition fervently support and hope to continue the caring, diverse community that has proven to be a significant asset to our County's growth and civility.

In the past, Howard County has worked to end discrimination and create a safe community for people of all backgrounds. Other Maryland counties, including Prince George's and Montgomery Counties, have already taken action to protect their residents by becoming Sanctuary Counties. We want Howard County to follow this lead and support the security of all of our residents by also becoming a Sanctuary County through County Bill 9.

County Bill 9 is **"AN ACT providing that certain individuals shall take, or refrain from taking, specified actions with respect to the immigration status of specified individuals; prohibiting certain discrimination based on citizenship status; requiring that certain information related to citizenship status be kept confidential; providing a procedure whenever specified provisions may be preempted by other law; requiring specified officials to take actions under certain circumstances; and generally relating to human rights in Howard County."** (County Bill 9 Proposed by Calvin Ball and Jennifer Terrassa)

View full version below.

<https://apps.howardcountymd.gov/olis/LegislationDetail.aspx?LegislationID=2738>

In addition to County Bill 9, signatories of this petition also feel that Howard County cannot be considered a Sanctuary County unless religious affiliation of residents are also protected. Therefore, we use this to bring the following claims to the attention of the County Council and County Executive in the hope that they will take immediate action to enact these as law:

Whereas the President-elect and his supporters have increased threats against

people of certain religions and citizenship status, and

Whereas this information is not needed to provide services to students or residents in Howard County,

The religious affiliation of individual persons shall be immediately deleted from any and all county databases;

The religious affiliation of any individual person shall not be collected in the future by the Howard County School System, Howard County Police Department and Sheriff's Office, any Howard County Department or Agency, any employee of Howard County government, or any entity contracting with Howard County government.

Furthermore, county funds will not be used to enforce, aid, or offset federal efforts to obtain demographic information related to the religious affiliation of any individual person.

Census data on religious affiliation may be taken only if the information is not linked to any individual person.

Marisa Flanigan	Columbia, MD	2017-01-05	I'm signing because this issue is extremely important to me and affects my school directly.
Dawn Popp	Elkridge, MD	2017-01-05	Data and experience in other sanctuary cities/counties shows that those communities are actually safer because people aren't afraid to report crimes or come forward as witnesses. But more importantly, I want all members of our community to feel welcome and valued. This is a defining moment for Howard County. We need to do the right thing.
Karol Olson	Columbia, MD	2017-01-05	We need to stand up to bigotry.
Mark Pare	Columbia, MD	2017-01-05	Howard County needs to lead and prevent targeting of any group.

Kelly Blake	Catonsville, MD	2017-01-05	I support Howard County becoming a sanctuary county where people of diverse backgrounds and status can feel and be safe. This is the right thing to do given the great needs of many refugees and immigrants and our county's commitment to human rights and equity.
Leslie Carlson	Glen Burnie, MD	2017-01-05	I don't believe in racial profiling, racism, or bigotry and pointing a finger at people is breaking our civil rights. Our government is going in the wrong direction and we need to preserve the rights of the people...all the people.
Christine Horn	Columbia, MD	2017-01-05	I believe in the inherent worth and dignity of every person. I believe welcoming everyone is good for our souls and our economy. I believe that immigrants bring energy and excitement and new ideas to our communities.

As a diverse county, I believe it is important for all of us to stand together and help each other out. Please keep reading and educating yourself about situations like this that impact a huge part of you community.

Deborah Lattimer	Columbia, MD	2017-01-05	I firmly believe that we are only safe when we do not, as a society, single out individuals and discriminate against them based on the color of their skin, their religion, their place of birth, or their immigration status. I also believe that the targeting of minorities by legal authorities encourages widespread discrimination and maltreatment. This is counter-productive to our desire for our county to be safe and secure. We particularly want to encourage ALL of our residents to access health care and law enforcement when they are required. Otherwise, we all might be negatively affected by an outbreak of disease or criminals that profit by targeting the vulnerable and powerless. Allow the INS to handle immigration issues and our police to focus on the prevention of crime. Allow the schools to educate all of our children, without penalty, so that our young are well-educated and a benefit to our society.
Mariana Orellana	Columbia, MD	2017-01-06	I'm signing because everyone deserves to feel like they're safe.
Razia Kosi	Ellicott City, MD	2017-01-06	I'm signing because I believe in a community that values each other and does not discriminate and values the strength of our diversity.

David Hobby	Ellicott City, MD	2017-01-06	Howard County should take a stand against our new era of intolerance. There are now over *300* sanctuary communities. Surely, we should add our voice to theirs.

Name	Location	Date	Comment
Lauren Kazlow	Columbia, MD	2017-01-07	I believe that Howard County's diversity is one of its strengths, and I would never want to see this change.
Shelley Korch	Columbia, MD	2017-01-07	I support giving out undocumented neighbors an opportunity to become citizens.
Elizabeth Walsh	Ellicott City, MD	2017-01-07	Jon Weinstein (District One): Let's please get on the right side of this one. The decent human side.
Jack Pazin	Columbia, MD	2017-01-08	Many immigrants deserve a better life.
Nicholas Gordon	Ellicott City, MD	2017-01-08	I'm signing because I believe it would be a strain on Howard county's government to try to police immigration aggressively. Making Howard County a sanctuary county would help grow the local economy with the influx of labor, and trying to police it would not make sense. It would delay growth of our county's economy and be a drain too if we tried to police immigration aggressively.
Laurie Coltri	Columbia, MD	2017-01-08	Xenophobia and intolerance are not the American way. We are a nation built on welcoming and embracing people of all nationalities and faiths, and our current immigration policy creates too many barriers. Moreover the incoming administration has promised to institute hatred beyond that required by law. We must make our county a place where love, not fear, wins.
Cynthia Marshall	Columbia, MD	2017-01-08	I am concerned about the children at my son's school and their families.
Weirong Sun	Ellicott City, MD	2017-01-08	I'm signing because I like to live in the place where it is peaceful,safety and no illegality people. So I against the idea!
German Bonilla	Columbia, MD	2017-01-08	i care
Jenny Bonilla	Columbia, MD	2017-01-08	Immigrants make our community vibrant and financially solvent- it is also not the the job of our local law enforcement to question citizens in the manner of ICE.
Cavan Morley	Jessup, MD	2017-01-08	This is the safest and most diverse community I've ever lived in. I won't let Trump change that.
Jill Christianson	Columbia, MD	2017-01-09	We have a responsibility, in the county that urges practicing civility, to treat all our residents with care and respect - regardless of immigration status.
Monica Pantano	Ellicott City, MD	2017-01-09	This measure says something about us as a community: that we will not tolerate assaults or harassment, and people are safe from that in our community.
Hammad Baqai	Woodstock, MD	2017-01-09	I am a muslim
Jan Oliver	Columbia, MD	2017-01-09	it is important we all stand together to show support for our diversity and for those who may be or feel vulnerable.
Maura Dunnigan	Ellicott City, MD	2017-01-10	I believe we are One Howard. I appreciated your initiative to hear concerns from Ho Co residents. As a society, we are measured by the way we treat the most vulnerable among us. Immigrants live, work, and go to school in our county. Many were brought here by their parents. We should not be in the business of federal deportation, splitting families apart, or putting further hardships on struggling students. This is the only home many of these students have known and we are better because they are here. Let's make HoCo the best place to live because our diversity is more than just a PR campaign. Fear and suspicion drives hate and intolerance. We are better when we look out for one another, trust one another, and belong in community. #One Howard
Sharon Edelson-Mammel	Ellicott City, MD	2017-01-10	Its the right thing to do, it will not increase crime (the rate will probably go down since individuals will be able to go to police without fear.) And the president elect cannot with hold federal money, unless immigration is a specific part of said federal allotment. And again its the right thing to do!

Jing Lin	Ellicott city, MD	2017-01-10	I am a Canadian.
Dawn Rudolph	Columbia, MD	2017-01-10	The folks who are in need of sanctuary are so often unseen, without a voice, yet struggle so much more than so many of the rest of us in Howard County. We cannot begin to imagine their lives, as we rarely see or hear of them. However, th need is great - refugees and immigrants need a safe place to call home, to settle down and raise families, work, get educated, pay taxes, become part of a safe community. Refugees and immigrants come here for a better life - they are not a threat, as they are leaving threats in their old country for something better here - let's make their path a little easier, and accept them as neighbors and friends.
Karina Aquiahuatl Villagran	Columbia, MD	2017-01-10	As an undocumented student, this legislation would bring me peace of mind. Recently, I've read that a peace of mind is not a valid reason for the remaining councilmembers to vote for the legislation. With the experiences, hardships and obstacles that we face as undocumented, sometimes all we need and want is peace of mind. This does not mean that we'll settle for what we have, but we want to have a state of mind to rest in when the days become especially threatening. Saying that peace of mind is not a valid reason is like saying that our experiences are not challenging, taxing, and serious enough to deserve it. I must mention that reading about living in an undocumented life is much different than actually living it.

Ann-Louise Silver, MD	Columbia, MD	2017-01-10	<p>I'm signing in the spirit of the founder of Columbia, MD, James Rouse, who wanted to create a truly integrated city - not with Black neighborhoods, Jewish neighborhoods, etc., but truly integrated streets. We are all here as equals, in a place of both safety and diversity. Supporting a Muslim registry echoes the first steps taken by the Nazi regime that ended in mass killings.</p> <p>I have applied to Sisterhood Salaam Sholom to form a Columbia, MD branch. We need to learn about each other and be friends with one another, echoing the lives of the Melungens in the time of the Inquisition in Spain, when Jews and Muslims together formed groups to travel together to safer places. Our most admired President, Abraham Lincoln, seems to be a descendant of this group, his ancestors settling in Lincoln, England, and later migrating to New England and then to the mid-west.</p> <p>Let's do what's right, and protect our minorities, thus strengthening our community and being true to the spirit of Columbia.</p>
Caroline Brunner	Madison, IN	2017-01-11	<p>I believe that this is a extremely important measure to take in the upcoming years. I believe this could set a wonderful precedent for other places nationwide to help minorities and people of other ethnicities, religions &amp; creeds.</p>

Danylo Leshchyshyn	Columbia, MD	2017-01-12	<p>Being from an immigrant family, I empathize with the plight of immigrants, especially the undocumented. I think that, if we just demonize and hunt them down, we could lose many great potential citizens, and perhaps more importantly, more tax revenue :).</p>

Jean Joklik	Columbia, MD	2017-01-26	I believe in the inherent worth and dignity of all people. I am appalled that Allan Kittleman would make this a financial issue - essentially pitting people against each other who are already financially marginalized. Human rights and dignity are not for sale in Howard County. Surely if the county lost funding from the federal government we could make up the difference. We are one of the richest counties in the nation. Studies of sanctuary cities show that safety is enhanced when undocumented immigrants are able to report crimes without fear of deportation. I have listened carefully to all the issues around safety, security, quality of life, law and order and financial. On every issue, the evidence is overwhelmingly supportive of CB9. And I stand solidly in support of Howard County becoming a Sanctuary County.
Jane O'Ruck	Ellicott City, MD	2017-01-26	I live in district 1 (Weinstein). This measure is the right thing to do to protect and defend the beautiful diversity of our county. My 10 yo son cries every night since Inauguration because he is afraid of how the new administration's policies will affect his classmates. I will support any measure that reflects a kind, inclusive approach to community. Our children deserve that.

Traci Baker	Ellicott City, MD	2017-01-26	Howard County is a diverse and inclusive community. We need to uphold our moral values that have made our country the best in the world as well as our county!!
Carol Dunlavey	Clarksville, MD	2017-01-26	Diversity is a special characteristic of Howard County that enriches our lives. I strongly object to the extremism so prevalent currently. Let's be kinder and gentler
karen johnson	clarksville, MD	2017-01-26	We need a good, well reasoned approach to immigration and assimilation. I reject whole heartedly the efforts of this new administration to wield power through threats, fear and intimidation in our communities.
Ann Ivester	Columbia, MD	2017-01-26	I am very much in favor of this legislation because it expresses our values as a community. Our immigration laws are desperately in need of reform, but until that is done there are numerous decent human beings who are subject to abuse and deportation, many of whom were brought here as children. We should not be participating in this.
anne nissen	Columbia, MD	2017-01-26	We need these people in our community. They are doing jobs that our citizens will not do. Also I hate the idea of tearing families apart
John Shea	Ellicott City, MD	2017-01-26	I do not want our local law enforcement to be rounding up undocumented immigrants to send to the Feds! Local police need to be able to work with all communities in an atmosphere of trust. The arguments against CB9 are based on ignorance and bigotry. There may be a lot of loud, angry people in Howard County but they are not the majority and they don't represent what Howard County stands for.
Karen Soeken	Ellicott City, MD	2017-01-26	This country was built on immigrants, including my grandparents. We need to be welcoming to all. We also need to ensure that ALL residents feel they can trust the authorities and not worry about whether they will be deported.
Dinald Link	Columbia, MD	2017-01-26	Providing sanctuary is the right thing to do.
Sara Smith	Elkridge, MD	2017-01-26	We need to rise above the fear mongering and welcome immigrants to our community.

Kristin Johnson	Ellicott City, MD	2017-01-27	I do not believe there should be mass deportations of immigrants who have not broken the law. We need to do what we can to protect the law abiding citizens of our county.

Jessica Woofter	Ellicott City, MD	2017-01-27	It's just good public policy. The council and the police know that because they already practice it. Putting it into law would make sure it's not changed without review (this is not a slight to our current police, no one thought we had to make a law that presidents had to give up their huge, international businesses, and by the time someone breaks the norm it's too late). It also sends a clear message that Howard County does not cater to xenophobia and threats.
Diana Moore	Columbia, MD	2017-01-27	It's important that we have policies that reflect our values.
Anne Yenchko	Columbia, MD	2017-01-27	I'm signing because Howard County needs to be what Jim Rouse established - a welcoming and caring community for all. We LOOK OUT for our neighbors. We treat our neighbors as brothers and sisters. Would we not as a community do any less than this - be a place all can in safety call home?

Amy Lamke	Elkridge, MD	2017-01-28	This bill does not violate federal law. It establishes how immigration law works in Howard County. This bill does not violate federal immigration law. It does not interfere with federal immigration enforcement actions, which will continue to be carried out by the federal government. The Constitution gives the immigration function to the federal government exclusively. Counties are not supposed to be immigration enforcers. Also, EVERY PERSON is guaranteed rights in the Constitution: "No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any state deprive ANY PERSON of life, liberty or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws."
Jennifer Scott	Ellicott City, MD	2017-01-28	Sanctuary jurisdictions are safer, more cohesive & more prosperous. Leave federal immigration enforcement to federal authorities.

Traci Barnhart	Ellicott City, MD	2017-01-30	I am signing because CB9 has humanity and compassion on its side. Howard County is such an amazing place to live not in spite of our immigrant neighbors, but because of them. Please support CB9.

MARCIA BRAND	Columbia, MD	2017-02-03	This is what Howard County should stand for--welcoming all people, all the time.

eva collins	columbia, MD	2017-02-03	Support CB 9.
fran lopresti	Columbia, MD	2017-02-03	I want local police patrolling my neighborhood not looking for illegal immigrants. It is a resource issue. Also I want illegal immigrants to feel free to work with police, not fear them.
Thomas Moskal	Ellicott City, MD	2017-02-03	I'm signing because I'm deeply concerned about the extraordinarily difficult and unjust conditions facing refugees. My Christian faith requires me to give, and to love others as I would have them love me. Thus the ONLY truly moral and ethical position in this debate is to resist the Trump administration's disgusting immigration ban. In Howard county we must not cave to ugly strategies used by a corrupt federal administration to coerce citizens to comply with immoral and unethical immigration policies. My grandparents were all immigrants to the US. Second, the vast majority of violent acts and atrocities in the US have been committed by mentally unstable white people, particularly individuals who have been gun enthusiasts, bigots, and haters of various sorts. Frankly, those troubled individuals have more in common with Steve Bannon than they do with any Muslim terrorist, or Muslim non-terrorist. That is the factual truth if the matter. Don't be stupid! Read, for God's sake, research the facts, and do not believe information released by FOX News.
Kathleen Affeldt	Woodstock, MD	2017-02-03	I'm signing because immigration bans are not what Howard County -- or America -- is about. My grandparents were immigrants. We are all immigrants. Where would you be if your ancestors had been blocked from coming to the U.S.?

Krista Threefoot	Columbia, MD	2017-02-03	I'm signing because I live in a community that is heavily populated by immigrants. These people are my friends and my children's friends. They are an asset to our community; we would be less without them, and I believe they deserve to have their human dignity respected. Moreover, I believe our police force should be dedicated to serving our communities -- not enforcing federal civil law. I want all our citizens to feel safe and protected and to see our local police as partners in preventing local crime. I feel it is necessary to codify the sanctuary procedures into law, rather than creating a resolution as some council members have suggested, because I know it is the only way our immigrant community, legal or not, will feel safe in working with our police. Enforcing immigration law is not the job of local police now and it should never be.
Annette Lamouse-Smith	Columbia, MD	2017-02-03	All should feel safe and secure in our county without fear of state sponsored informants .
Jessica Mahajan	Chesapeake, VA	2017-02-03	I'm signing because I live in a community that has many immigrants. I do not know their citizenship status, nor do I want to, because to me they are just fellow parents dropping their kids off at school or volunteering at a school event.  I also think our local law enforcement should be focused on preventing local crimes, not on enforcing federal mandates on immigrants. Our community makes a huge effort to connect citizens with police officers in positive ways, so that we help each other have the best community possible. Having our county as a sanctuary would allow us to keep that community growing instead of crumbling because of too few resources.
Katie Greenberg	Columbia, MD	2017-02-03	This county will decline rapidly if we don't vow to protect the people that live here and refugees that need the help that we have to give.
Cheryl Ludwig	Columbia, MD	2017-02-04	I believe we need to make our community a safe place for all its residents. Children who have been raised here by undocumented parents need protection from hateful federal policy. Our resources need to remain in our community to protect all citizens

Good Evening Council Members:

I am a longtime resident of Kings Contrivance Village in Howard County. I am urging you to vote for the passage of CB9. Please do not allow President Trump's threat of withdrawal of funding prevent you from voting for this bill. This bill is consistent with the values of Howard County. This bill actually keeps our community safer and is not in conflict with any federal law or the Constitution.

Please do the right thing.

Dear Mr. Kittleman,

I am writing to tell you how disgusted I am with your stance on sanctuary status for Howard County. I fully support CB 9 and believe every person residing in Howard County is a vital part of our community and should feel safe. Howard County was founded on the concept of inclusion - that everyone was welcome to live together for the common good. Everyone. And you, as an elected official are suppose to represent everyone. You are supposed to work for us, everyone in Howard County.

If you had taken the time to hear from residents and then decided to veto the bill, then I could have respected your process. But instead you announced your intention to veto the bill before a public hearing had even been held. It is for that reason that I am completely disgusted by your process and your veto intentions. I can no longer support a person who doesn't respect the process or listen to the people before making rash decisions. I will make sure that if at any time in the future your name appears on a ballot in front of me, I will never vote for you.

You should be ashamed of yourself for not doing your due diligence and forgetting what Howard County is supposed to be.

You do not represent an inclusive community.

There is time to change your position.

Thank you,

Debra Flanigan

To whom it may concern,

I am a resident of Howard County and am writing in support of making our county a sanctuary county. As a nurse, I know how important it is for people to have trust in our officials. No one should have to fear going to the police or other government employees.

Please vote in favor of CB9.
