CB9-2017

This message was sent with high importance.

Dear County Council,

Thank you for your service. I oppose Bill CB9-2017 as it is unlawful.

Putting aside politics, personal views on wanting to see more or less immigrants in our county, and personal stories of hardship, I implore you to perform your duties as elected for the citizens of Howard County and United States to uphold the laws of our county and nation. If you don't you are telling your children that it is okay to break the law or to selectively obstruct the laws of this nation as you see fit. A nation without laws is chaos and you will have failed your duty if you support this bill.

- 1) Undocumented immigrants is a euphemism for a person that has entered the United States illegally. Most of us have ancestors that have entered this country legally as immigrants and thus became citizens. The term immigrant in this case is deliberately confusing. This bill is about providing sanctuary for illegal aliens.
- 2) Providing sanctuary is willfully aiding and abetting a fugitive of the law, plain and simple. The adjective "illegal" gives it away.
- 3) Providing sanctuary is obstructing Federal law enforcement in itself a crime.
- 4) Providing sanctuary makes our County Council legally culpable for any crimes an illegal alien may commit while under "Sanctuary" against a citizen of Howard County that you are sworn to protect.
- 5) Providing sanctuary rewards people that did not go through the process legally to enter this country why the US denies 100,000s of people that try to enter this country through our legal immigration process. So a Philippine relative of mine legally applies and is denied entry to the United States but someone that crosses our southern border and evades law enforcement is provided protection under this bill from being deported. Not fair to say the least to people that have applied legally.

Sincerely,

Mark Stine

Action Items

Dear County Council Members Sigaty and Weinstein:

I am a new resident of Howard County, and am vehemently against Howard County Sanctuary Bill CB9-2017.

I consider the introduction and support of a sanctuary provision as a dereliction of duty. By affirming such a poorly conceived, politically-motivated agenda, those voting in favor are disregarding the rights of all citizens of Howard County, a significant number of whom have diverse backgrounds and have **LEGALLY** immigrated to our community.

Please set the record straight this evening...

To use an analogy, even if I was a great driver, if I didn't bother to get a driver's license, I would still be in breach of the law each time I got behind the wheel. The point is not that illegal immigrants aren't human beings, it's that until these individuals go through the same legalization steps that all other legal immigrants have taken for generations, these persons should not be afforded rights and privileges as a citizen of Howard County and the United States of America.

Sincerely,

Thomas Robb

Dear County Council Members Sigaty, Weinstein, Ball, Terrasa:

I reside in Howard County. I am AGAINST Howard County Sanctuary Bill CB9-2017. I implore you to vote NO on CB9-2017.

This bill is both an insult and a danger to the residents of Howard County. Two members of the Council have crafted a bill that puts the safety and welfare of all residents of Howard County at risk. We will lose federal funds and be a beacon for illegal immigrants, who by the very name are criminals.

The timing and wordage of the original bill, by Ball and Terrasa, makes it clear that their primary reason for creating this bill was to make a political statement about the result of the Presidential Election.

There is no need for this bill. We are a welcoming and diverse county. Ball and Terrasa seem to feel that without their bill we will become xenophobic, racist, and bigoted and the police will act inappropriately. Because of their "feelings" about President Trump, they want to label our County as a "sanctuary". This will put a signal that illegal immigrants will be safe here and put at risk federal funds that this county needs.

Howard County Police Chief, Gary Gardner, and the director of Howard County Department of Corrections, Jack Kavanaugh, both oppose this bill.

I am disgusted that these two members of the Howard County Council would use their positions and power to create a bill for the primary purpose of making a political statement to satisfy their own personal agenda, and would put at risk the safety and welfare of legal residents of Howard County.

I implore the other members of the council to vote no on this bill.

To All,

HOWEVER, the intentions of the Bill remain the same in most cases or not? and the restrictions in these amendments also remain the same or are they?

This is identified to some degree in AMENDMENT 3 [to CB9-2017] which was written by Calvin Ball, "provides an alternative approach to achieve the same intent."

Members of the Council, please consider tabling this bill because of the recent and quick and substantial changes to the Bill (less than a week's notice of these changes.) !! We are not all lawyers nor can we pay for legal advice, but when a bill effects every Howard County citizen these are SUBSTANTIAL changes to the Bill that will effect every Howard County citizen and we have to live with this large changes.

If you care about the citizens who live here then remember who you serve first, please.

Subject: AGAINST CB9-2017 and its Amendments

Dear County Council Members,

I am a resident of Howard County for about 25 years. Being here for so long made me deeply concern about the ultimate benefits of this county. Recently I was brought to attention to the proposal of Howard County Sanctuary Bill CB9-2017. I am writing to let you know I strongly AGAINST this proposal, with the best benefits of all residents and our future generations in Howard County in mind.

I believe we should keep Howard County a safe place to live, with high quality of education and abundant high tech job opportunities and strong economy. With the inclusion of illegal immigrant, all these prospects are endangered. I am an immigrant myself and I strongly believe in the value of cultural inclusion and diversity in our community. But I obeyed the law from day one since I entered United States by applying for permanent residency and citizenship legally. Please make illegal immigrants apply for and become legal citizens first, then we talk about inclusion of different races. With your bill, you are encouraging violating of the laws. If the persons come into this country by ways of violating the laws, they can do anything else next to violate the laws. These are not the citizens American wants.

Therefore, I implore you to vote NO on CB9-2017 and any of its amendments. Stand up for the 300k legal residents of Howard County and Vote Against CB9-2017 and its amendments.

Thank you very much for your attention to the request.

Sincerely,
Jennifer Lo

Dear Mr. Kittleman and all members of the Council:

I am writing to you all to voice my support for and to encourage you to support and vote IN FAVOR of CB9-2017. I and my fellow congregants of my church were at the January 29th action in the Wilde Lake Interfaith Center as members of PATH. We are expecting a positive upholding of the principles upon which Columbia was founded 50 years ago. As part of our community's great celebration this year, let us take BOLD action maintaining those ideals and PASS CB9-2017!

The vast majority of refugees who have come to our country have fled brutal conditions of poverty or violent oppression. They come to the USA for freedom and with great respect and gratitude for our country they contribute to the rich diversity of our society and to our economy. They should not be treated as criminals, but rather should be shown the basic moral traditions of our cultural and religious roots: welcoming and caring for the guest and visitor in our home, an ancient code of conduct in all cultures, but not the least of which in the judeo-christian culture. Make a statement to the federal government: THIS is how we should treat the guests in our country until their official status is remedied.

I am a new resident of Howard County, and am vehemently against Howard County Sanctuary Bill CB9-2017. I implore you to **vote NO** on CB9-2017.

By affirming such a poorly conceived, politically-motivated agenda, those voting in favor are disregarding the rights of all citizens of Howard County, a significant number of whom have diverse backgrounds and have legally immigrated to our community.

My own mother immigrated to the United States with her family from Italy over 60 years ago, and did so legally. I love that the fabric and history of our country is based on welcoming people from all nations. However, I am very frustrated at the politically inflammatory language that pervades our society suggesting that racism and lack of compassion are at the heart of actions to prevent illegal immigration by law enforcement. The point is not that illegal immigrants aren't human beings, nor that they aren't hard working and compassionate people. I welcome diversity and appreciate the contributions of our citizens. However, this is NOT incongruent with a belief that the rights and privileges of being a citizen should be afforded only to those that are LEGAL residents. It's that until these individuals go through the same legalization steps that all other legal immigrants have taken for generations, these persons should not be afforded rights and privileges as a citizen of Howard County and the United States of America.

Sincerely,

Michele Robb

The money that has been spent on this (from the time of the remodel to now) is disgusting and if the Tax payers ever heard the total of money thrown away on this subject from the different designs paid for, the renovations started and ended at the Accend 1 building, because Security was impossible, the million dollar stair case to help those to get from the court house to main street and I could go on since I've been watching and dealing with this issue for 30 years! Don't forget what will it do to main street, as you will be disrupting all the business surrounding the courthouse. Please stop and pull out the plans from the renovation, as the courthouse had plans to bump out the back for additional courtrooms, etc. Thank You for your time

I understand there are reasons behind this bill, but we all know it is not fair and lawful to treat them like other Howard county residents, before they become legal.

It requires a nation-wide solution/process to handle 10-million illegal immigrants in America, in a systematic and procedural way. Unfortunately CB9-2017 is not one of those.

Dear County Council Members,

I have been a Howard County Resident for 26 years, and I live in District 5.

Please vote to make Howard County a Sanctuary County. I believe strongly that Howard County residents should never fear going to the police or another government employee. Our county will be safer and stronger if the police are not viewed as dangerous. The bill would simply codify the policy that is already in place and is working.

Thank you for voting to make Howard County a Sanctuary County.

Hello,

My name is Julie Thompson and I'm a resident of Clarksville, MD. I'm writing to express my strong support of CB-9, which I understand the council is voting on today. Columbia was founded on the basis of multiculturalism and inclusivity, and making Howard County a sanctuary county honors that commitment.

Setting aside this lofty idealism, both Baltimore and Washington saw a decrease in crime after officializing their sanctuary city statuses, and on a national level, sanctuary cities did not see a statistically significant increase in crime rates. I want my law enforcement officers looking out for our citizens, using our taxpayer money to address the problems in their jurisdiction-- leave immigration enforcement to ICE.

Thanks for your time, and looking forward to following tonight's vote.

Julie

I reside in Howard County and I am a voter. I am AGAINST Howard County Sanctuary Bill CB9-2017. I implore you to vote NO on CB9-2017. Stand up for the 300,000 legal residents of Howard County and Vote Against CB9-2017.

If there are 11,000 illegal immigrants in Howard County, (as estimated by FIRN), this bill provides advantages to 3.6% of the population of Howard County at the expense of 96.4%. Is it not your duty to protect the interests of 96.4% of Howard County? Do illegal immigrants pay federal, state, and local taxes? Without a social security number or tax ID, it seems unlikely that they pay taxes. However they consume many services that tax payers fund: places in the school system, ESOL instructors, housing, emergency services, and medical services to name a few.

We are a nation of laws. Knowing that this bill encourages illegal immigration begs the question as to what other laws will be ignored. Is the council willing to allow legal citizens to stop paying their Howard County taxes? I suspect not! You are discriminating against law abiding residents with this bill.

Do illegal immigrants vote? What measures does the Board of Elections take to ensure someone is a citizen before they register someone to vote? If we are not confirming citizenship, we are not protecting our primary right as citizens. Does this bill prevent the Board of Elections from confirming citizenship? The voter registration form asks the person to check a box confirming citizenship. However, if I have already committed one illegal act by coming to the county illegally, I have shown the propensity to commit another illegal act such as completing a falsified voter registration card.

Please protect the rights of citizens and legal residents by voting against CB9-2017.

DeSales Lacy

Dear County Council Members Weinstein & Sigaty,

I live and work in Howard county and am **AGAINST the Howard County Bill CB9-2017**.

You must do the right thing by **voting NO on CB9-2017**.

Sanctuary laws do not work. You need only look to Montgomery County where sanctuary laws are in place, crime has risen, MS-13 gang is active, drop in school rankings and increased taxes.

Do not support **ILLEGAL** immigrants. You need to support Howard County's LEGAL residents by **voting NO on CB9-2017**

Thank You,

Jeanne Arias

Please do not support CB-9. This bill does not improve our diverse community in any way, may negatively impact funding and relationships between the county and federal government, and, based on the public hearing, has been very divisive in our county. This bill was just unnecessary; please focus on tangible improvements to the county. Calvin Ball, this is not how I want my representative's time spent, and may push me to vote in another direction. I expect my representative to work to bring us together, not drive us apart.

Message: I need to understand why in this county that this is even being brought to the table. Are you really interested in the fact if you pass this you will be killing the Howard County that all of us worked hard to get where we are right now? Committing County Suicide as you will have those who have created this to be such an awesome County, to move from here and be replaced with a City mentality of destruction. We are a rich and beautiful County that is legally diverse with our neighbors supporting one another because we all came together to create it that way. I am of a multicultural background and would never think this is acceptable as I have lived through more than most. So it is okay to discriminate against many of us legal residence to accommodate those who have never worked hard to create Howard County or even understand who Howard County is? Just know that as you open the doors tonight and it is crowed with those who Do Not even live in Howard County to not allow those of us who Do live here a chance to voice our words on why this is not a good decision to take on, that you are telling all of us that we no longer matter and we can take our revenues, businesses and lives and move to where they shall appreciate what we bring to a community. Is it legal to commit suicide of our county, only you can make that judgment as you vote NO to keep us Howard County Healthy ...

Hello All,

The 2nd grade children have just finished recess and are in line for lunch at the cafeteria. Today is the popular "taco day" so the line is especially long and slow. Rosie Smith is starving and cannot wait to get her lunch. Rose is raised from a family that taught her to wait her turn in line. Jenny Jones is hungry too and cuts in front of Rosie. Rosie complains to the cafeteria monitor but is told it is just one person cutting and to let Rosie stay in front of her because Jenny is super hungry. Rosie is utterly perplexed.

I hope you understood my short story. As a society, we are raised to "wait our turn in line". As thousands of hopeful immigrants wait for the long process of immigrating to the United States for a chance at a better life, there are thousands yearly that think nothing of cutting in front of the line and crossing our borders illegally. And, like Jenny Jones, they are rewarded. My question to each of you is what is it about "illegal" that you do not respect or understand? And please stop calling the race card, that is so old it is pathetic. I don't care if the illegals are from Denmark, they need to stand at the end of the line. And do not blame President Trump. Illegal immigration has been an issue for decades and has never been fixed. Our President is only guilty of attempting to fix our system so it is fair to everyone, and to make it clear to the Jenny Jones' of the world that she is going to have to wait in line and get her taco lunch like everybody else.

I am curious, all this time and suddenly Calvin Ball wants to make Howard County a sanctuary city? It is very clear that this is nothing but an anti-Trump move and nothing more.

Again, I ask what is it about "illegal" that you do not understand?

I hope I made my point. If not, I look forward to participating in a movement to vote your behinds out.

Patty A. Weal

I am a resident of Columbia and support CB9. I think it would be very expensive for the county to retain people because they are undocumented. If someone is detained for a simple reason or non-violent offence, such as a traffic violation, it does not make sense to keep them for long periods of time while the federal government makes a determination on someone's status. I don't know what it costs per day to jail someone but I think it would very expensive. I don't want to jail people without cause for long periods of time.

Dear County Council Members Sigaty, Weinstein, Ball, Terrasa, Fox:

I emailed over a week ago and I must say, I only recieved a response from one of you. I have made this known in my circles and on social media to the people that I know that live in this great county that with such a serious matter, four of you can not take the time (or even have one of your many assistants) respond to my previous email. So, with that said, Dear County Council Members Sigaty, Weinstein, Ball, Terrasa, Fox:

I live in Ellicott City and I am a registered independent. I know most want to focus on "safety" and there are good arguments on both sides but I am pretty sure you have heard your fair share so I will not go into that subject. However, I sit back and read both sides and I see this bill doing more harm than good. I have seen first hand (working in Western Howard County and in EC) illegal immigrants take jobs away from citizens, teenagers and legal immigrants because employers can pay them under the table and at a lower rate than what I or others were making. I have several friends in the police force and in the fire department and they tell me there are practices already in place, and are followed, to not discriminate against illegal immigrants. As stated earlier, when looking objectively, I see this bill doing more harm than good. Which leads me to think this is most likely political strategy. This bill will likely make things worse. It will send more illegal immigrants our way that will take jobs away from people doing things the RIGHT way. It will create a message of safe harbor for criminals to move into our communities (whether they continue to act as criminals is up for discussion) and it will most likely decrease federal funding (which will lead to cutting programs or raising taxes which are already substantial). Creating "Sanctuary Counties, Cities, etc." continues, whether inteded or not, to show people that its ok if you come into our country illegally. As long as you can make it to one of these areas you are ok. That is not the message we should be sending. This law will (already has) create a divide and raise tension, two things that this bill is "suppose" to fix. A lot of the tension will come from people here legally and I completely side with immigrants that are here legally and trying to do things the right way. Some say that not passing this bill will "tear families apart" which is highly unlikely. But, lets say by some odd chance it does. They made the decision themselves and they decided to come here illegally knowing the chances. A bill like this will continue to send the signal that its ok to come to this country illegally. We need to take care of the people legally here and that are trying to come here legally, not the other way around. So I ask that you take these thoughts, along with others and vote AGAINST Howard County Sanctuary Bill CB9-2017.

Josh Goldsmith

CB9-2017

Fiduciary

noun 1. Law. a person to whom property or power is entrusted for the benefit of another. Illegal immigrants are not the one's you serve. They did not entrust you as their fiduciary, as they can't vote.

adjective 3. of, based on, or in the [nature](#) of trust and confidence, as in public affairs: a fiduciary obligation of government employees.

When a fiduciary duty is imposed, equity requires a different, arguably stricter, standard of behavior than the comparable [tortious duty of care](#) at common law. It is said the fiduciary has a duty not to be in a situation where personal interests and fiduciary duty conflict, a duty not to be in a situation where his fiduciary duty conflicts with another fiduciary duty, and a duty not to profit from his fiduciary position without knowledge and consent. A fiduciary ideally would not have a [conflict of interest](#). It has been said that fiduciaries must conduct themselves "at a level higher than that trodden by the crowd" and that "the distinguishing or **overriding duty of a fiduciary is the obligation of undivided loyalty.**"

I am writing as a resident of Wilde Lake - Running Brook. I am writing to express my support for CB9 and my dismay at your lack of willingness to listen. Howard County is a diverse place. The diversity is why we decided to move into Wilde Lake when moving up here from NC. Certainly the opposition is loud and has spent money, money I might add they are so unwilling to share or have directed at someone in distress. Coming from NC I was shocked at the outright racism and hate expressed in opposing the bill. Birmingham, Alabama has declared themselves a sanctuary city and yet you will not take a positive stand. Do you know much about Alabama and civil rights? St. Petersburg, Cincinnati, Birmingham and now the entire state of Oregon are sanctuary. They are not afraid of losing federal funding which as seen over the weekend is not likely to even be an issue. The outright propaganda about child sex slaves an MS13 would be funny if not so full of hate and racism. How can you not listen to those who you represent? How do you rationalize not supporting the bill? How do you look in the mirror and explain it to your grandkids? I am embarrassed to be in your district. I am embarrassed at the Council members acting like cowards.

I heard many in opposition make veiled and outright threats at Calvin Ball which was appalling! Yet again you stayed silent. They said the country voted and wanted these immigration laws. Not true of this county or the country by popular vote! 71% of this country voted against Donald Trump and that is in no way a majority wanting his agenda! Use common sense. Yes, I want the county divided for two years if necessary to send this to a referendum because if you do not you are saying the minority who was full of hate and loud is more important to you than the majority of the citizens in Howard County.

I will tell you honestly if you do not stand in support for this bill I will actively campaign against you when you are up for re-election. Maybe you do not care about that but I can assure you the over 2000 people who attended the positive support service for CB9 on 1/29/2017, which we noted your absence from, will most likely join me. It was shameful you did not even make an appearance at an event showing the POSITIVE side of CB9.

Find your moral compass, find your courage and do the right thing.

Sincerely,

Margaret L. Yarbrough

Action Items

I am a registered voter who actually votes, and I would like to express my support for declaring HoCo as a sanctuary.

The only people opposed to this measure are at best people who are under the false impression that undocumented workers commit crime at a higher rate than the documented. (At worst, the people opposed are those who approve of the spectacle of the "Land of Liberty" turning away war refugees.)

But I'm not actually writing to plead for justice and mercy and American decency. I'm strictly operating from data and facts, and I ask you to do the same.

There are now multiple generations of data points to prove that undocumented workers commit crime and access services at a lower rate than the native born and the documented. And there's even more evidence proving that when people are allowed to access the justice system without fear of deportation, communities as a whole are **safer.**

When you take those facts together with the tremendous economic contribution immigrants bring to the table regardless of status, you begin to realize that a "no" vote is one strictly made from an emotional place and not a place of reason. A no is not about safety or financial prudence and no rational person could accept such arguments.

I ask that you all vote in favor of reason and pragmatism this evening. Xenophobia, paranoia, and the "alternative facts" driving the vote against sanctuary have no place in Howard County governance.

Thanks for your time.

I am writing in strong opposition to declaring Howard county a sanctuary for undocumented immigrants. I have no issue with any documented immigrant living in Howard county but allowing undocumented immigrants is not good for Howard county or our country. These individuals have decided to not obey the laws of our land by not becoming documented and this shows they do not respect the laws of the United States. This will make our county less safe, cost the taxpayers more money, expose our children to more risk, and lower property values.

Dear Sir,

It is hard to beleive that we are even contemplating the idea that we are better off to close our doors when somebody is ringing the bell and asking for help. Please allow me to paint a quick picture for those of us who have forgotten who we are. WE ARE A NATION OF IMMIGRANTS, whether we like it or not. The only difference between all of us is TIME, unless we are native Americans, I personally have never met one and I am sixty years old. Some of us have ancestors who fought the natives and took their land (no pun intended), now this is an opportunity to give something back. The idea that we should keep it to ourselves absolutely sickens me. All my republican friends are against CB-9, nothing new there. Their motive, deep down, is "everything for us".

I fully support CB-9.

 Reply all | 

CB9-2017

Dear County Council Members Sigaty & Weinstein:

I am a Howard County resident, who is against CB9-2017.

I am against CB9 – 2017 because it has the potential to create a problem where none has existed. While we are not a perfect county, we have always embraced diversity and accepted those of all races, religions, sexual preference, and socio-economic background. Yes, there have been incidents of discriminatory behavior by students, but that is quickly addressed. Furthermore, there are no incidents of our Howard County Police stopping anyone to ask them their citizenship status or working with federal authorities to turn them in. Therefore, why introduce this bill?

Please consider whether this bill is a solution to a problem here in Howard County. Please consider whether this bill unifies, or divides. Does this bill protect, or does it create fear by its potential to attract additional problems? Does it provide a benefit for your constituents, i.e. those who elected you to public office?

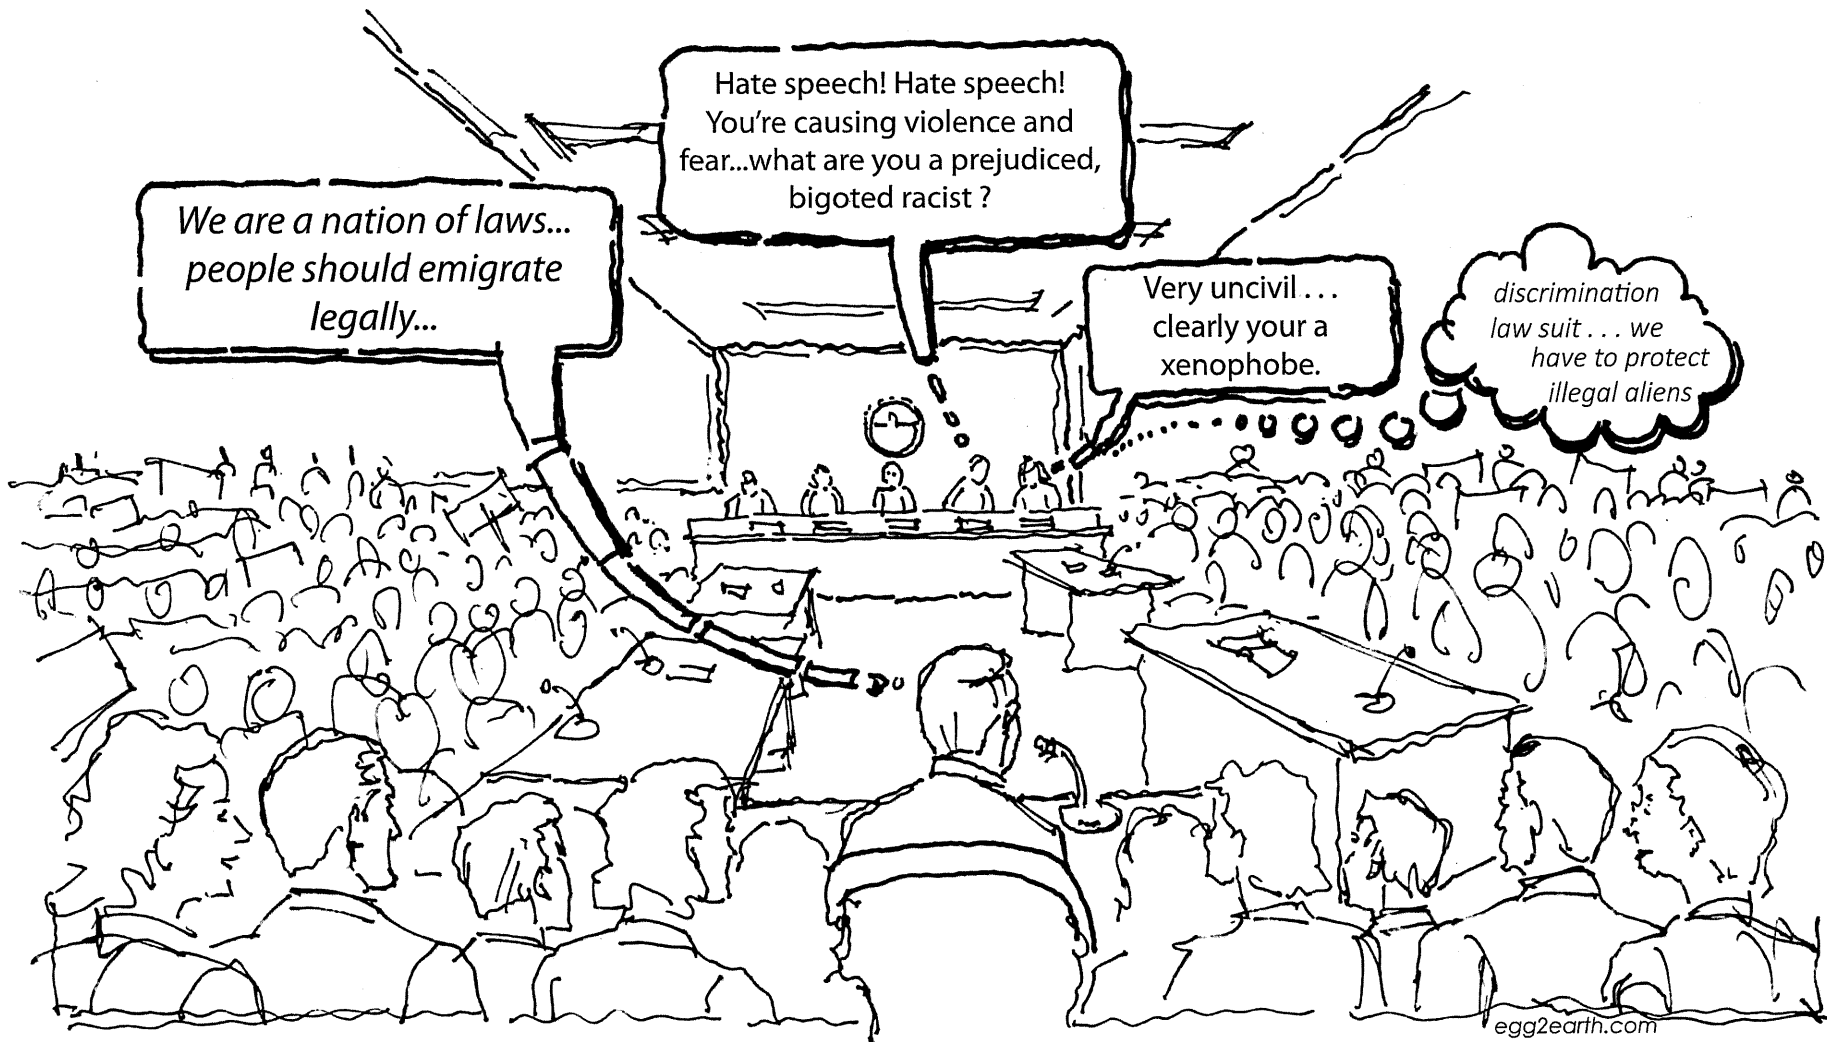

What has made Howard County strong is our ability to work together and pitch in to help those who are in need. While we may not be aware of all our residents' needs, we volunteer our time, expertise and/or money to assist those where we can. I cite the natural disaster in downtown Ellicott City as an example. A team was put into place that included several of our public officials, including County Executive Allan Kittleman, Councilman Jon Weinstein, Congressman Elijah Cummings, Senator Benjamin Cardin, Retired Senator Barbara Mikulski, Governor Larry Hogan, etc (a bipartisan group) as well as several department directors within Howard County, including OEM Director Ryan Miller, HC Police Chief Gary Gardner, HCDFRS Chief John Butler, EC Recovery Project Manager Joe Herr and Director of Public Works James Irvin, etc. Also involved, to name a few, were: Recreation and Parks, the Economic Development Authority, Howard County Tourism, Preservation Howard County, The Community Action Council, The American Red Cross, Grassroots, Ellicott City Partnership, the Patapsco Heritage Greenway, United Way of Central Maryland, several community faith organizations, many businesses and thousands of individual volunteers. It is amazing to see what can be accomplished when people unite around a cause!

There was one thing missing: Partisanship.

I implore you to think about what has made Howard County one of the best places in the country to live. Please do not bring national politics here. Please rise above the pressure to put party politics above those you serve.

Respectfully,

Lee Sachs

Dear Mary Kay Sigaty,

Please vote in favor of #CB-9 sanctuary status for Howard county.

I believe everyone deserves to be able to feel safe contacting police officers for help. This would help the security and safety of all citizens. When all of our community feels empowered to report criminal activity, we are all safer as a community. When we have groups of people that are afraid to contact the police who keep our community safe, we are actually cultivating a breeding space for criminals who prey on those who have no protection. Please make Howard county a sanctuary county!

CB9-2017

Dear Council Members and County Executive Kittleman,

Please be aware that the February edition of the River Hill Newsletter ("The Villager") contained some incomplete information about CB-9 that may have resulted in erroneous e-mails being sent to the County Council. The River Hill Representative to the Columbia Council has a regular column in the Villager, to inform residents about the actions of the Columbia Council and other local governing bodies. CB-9 was mentioned in this context. Here is the full text from the Villager (one paragraph):

The County Council is debating a Sanctuary Howard Bill (CB9-2017) to declare "sanctuary" status in Howard County. The purpose is to shield undocumented immigrants from deportation. The bill was proposed by council members Dr. Calvin Ball (District 3) and Ms. Jen Terrasa (District 2). You can email councilmail@howardcountymd.gov to reach all council members to express your support or opposition to this bill. The bill is scheduled for a vote on Feb. 6, 2017.

The "purpose" stated in the above paragraph is incorrect, and possibly even inflammatory. (I have no evidence that this was intentional - I assume it was not.) Since many River Hill residents may write to you based solely on the above statement, I wanted to bring it to your attention.

Thank you for your consideration of this important issue. I hope we are able to keep Howard County a diverse, safe, and welcoming home for all residents.

Sincerely,

Gail Rohrbach

CB9-2017

Dear Mr. Kittleman:

As a 16-year Howard County resident, I urge you to support CB-9, making Howard County a sanctuary County. Being a member of the Hispanic parish at ST.John' Román Catholic Church, I have known a lot of the Latino residents of Columbia; some with "papers," some without. I have met many who worked hard and abided by the law, as we would hope. I have never heard of any who committed any serious crimes, such as some opponents of the measure argue that they have or might do. And in the case that they have or would do, I don't see why our police would not be able to handle it.

Also, you have said you dont see why our police should not help out the ICE officials. I personally have seen Latinos who have refused to seek help from the police for muggings, domestic violence issues, and so on, for fear of being deported. And another challenge for our police could arise if Latinos refuse to help our police to solve crimes because they believe they will be sent back to their country of origin—a situation that I would think anyone who believes in law and order would wish to avoid.

I ask you, respectfully, to keep these things in mind going forward. You have said you will veto this bill. I believe that you wish to do what is best for the people of Howard County. I hope that "the people" includes the undocumented.

Thank you for your attention to this most important matter.

CB9-2017

Dear County Executive & Members of the County Council,

I am a resident of Howard County, I support the United States Constitution, and I support making Howard County a Sanctuary County. I believe that my neighbors should never fear going to the police or any other government employee.

Howard County is diverse county, and everyone in the county deserves to be treated fairly, irrespective of their ethnicity, race, faith, or immigration status. Our County has been known and respected for its diversity and respect for the rights of all its residents. Let's continue to be in the lead against any type of stereotyping or discrimination. I believe that protecting the civil rights and liberties of all Howard County residents should be a top priority. I appreciate the efforts made by the County Executive with programs like OneHoward; I believe CB 9-2017 would strengthen these programs and build trust between its citizens and local law enforcement agencies. Council Bill 9-2017 promotes public safety, protects the constitutional rights to due process and privacy of its residents including immigrants. It simply gives legal force to a policy that Howard County police have been following for years.

As I am sure you are aware, there is a lot of fear of government officials, in particular the police because of the recent revival of racism, xenophobia and hate in our country. I know that many immigrants, especially those that have been targeted because of their darker skin or their indigenous looks have suffered from discriminatory practices. Now is the time to reduce that fear by adopting Council Bill 9-2017.

Please do not hesitate to contact me if you have any question.

Sincerely,

Mohammed Imran

Dear Mary Kay, Executive Kittleman & all Members of the County Council,

I am a constituent of Mary Kay Sigaty's district. I have already called her office letting her know my deep and unwavering support for CB-9, I also felt it was also important to share my views with the rest of the Board and our County Executive. I've always respected how deliberate, fair and thoughtful Mary Kay and the rest of the Council has been to the issues of our community. I trust she and all of you are doing the same with this.

I want reiterate that I strongly urge Mary Kay as well as the rest of you to support of this symbolic and very important bill at today's vote.

My husband Dan and I have been residents of Howard County for 36 years, raising our three children here. Moving from New York, we were used to a diverse and integrated population, that was one of the things that drew us to settle in Columbia. In particular, so our children could attend the schools in our district especially Wilde Lake High School because of its diverse population. Jame's Rouse's model of community spirit and inclusion was at the top of the criteria of our list for a place to call home.

I won't go into all the suggestions and facts being touted as to why to designating Howard County as a Sanctuary Status is important beyond that to me (and I believe history will bear this out) it is the RIGHT thing to do. This type of action by us as a community can only reinforce the pulse and heart beat that makes our community so highly sought after. Our community has always been on the side of looking out for others not as fortunate and providing a safe haven for all it's very varied citizens.

I know first hand from both friends and employees the terror the new Republican Administration has inflicted onto their lives. Documented individuals, refugees and American citizens of different nationalities & religious backgrounds alike have felt this fear. Dan and I are proud to have forged a deep relationship with IRC (International Relief Committee) we know the recent events have been devastating to many.

I find it unimaginable that Howard County could turn it's back and not embrace CB-9 unanimously in order to try and swiftly relieve this horrible and unnecessary terror. Particularly when it strikes fear in children, which it has. I was shocked to find I had to fight for this in OUR community, in OUR county. I had naively assumed that of course Howard County would be one of the first in the nation to step up against this type of treatment to our citizens.

Columbia and Howard County have been leaders across the nation for innovation, education, inclusion, courage and looking outside of the box. We have an underlying essence that many other communities just don't have. That essence is what creates and nourishes a great community. A community infused with forward thinking and heart. Let us not sacrifice that essence now. Now, more than ever is the time to allow the great spirit of inclusion to shine brightly to help others that are afraid. This is one of those moments that will prove if we have the stamina and courage to sustain the edge and leadership needed for our future. I pray that we do.

Thank you for your time. Sincerely from my heart to yours.

In great respect and in Peace,

Jeri

Dear Mary Kay,

My family and I have lived in Howard county since 1981. I work, however, in Baltimore City. Our company is a manufacturing concern, based in Canton since 1983. A year ago, we had the good fortune to meet the Baltimore chapter of the International Rescue Committee. If you are not familiar, please visit their website for the humanitarian efforts this organization does worldwide. Our association began with the hiring of one individual, as a laborer, who graduated to a full time welder in our company. A month later, we hired the second IRC vetted individual. The experience of working these men, refugees all, made a profound difference in our company's ability to draw on local labor pool. The work ethic, punctuality, and quality of work was, and is, noticeable beyond belief. By the end of last year, more than half of the plant had been hired via the IRC and their dedicated staff. These individuals are heads of households, and first generation Americans. Much like all four of Jeri's and my grandparents. We respectfully request that you visit with the IRC office on Eastern Avenue in Baltimore and see for yourself the impact an open minded immigration policy can have on our community. It's profound. If you would like an introduction to the Director, I would be please to help you in that regard. I look forward to hearing from you.

Sincerely,

Daniel & Jeri Hemerlein

RE: Sanctuary County – PLEASE READ through the ending – My comments AGAINST
If you want crime, drugs and gangs, Chicago is waiting for you, or perhaps Baltimore if you desire more crime, gangs, and drugs, because that's exactly what you get with Sanctuary cities/counties or states . It means you are NOT putting the taxpayers first (the people most likely paying your salaries). Matter of fact, something tells me both of you idiots sponsoring this insane bill got your degrees free. I paid for mine at Hopkins. I had a security clearance and job at CIA BEFORE I GRADUATED FROM HIGH SCHOOL (THEY WOULD RECRUT US). I supported all missions from Apollo through Shuttle (wrote the original Launch and Landing procedures and Range Safety, and was on the Hubble servicing missions for 10 years). Last mission was Landsat 2012. I put myself through school at night while raising 3 children. I am a woman. The two council members sponsoring this bill have to be truly insane, and for the following reasons: Do you realize the results of a sanctuary county will be?

- Higher crime
- Gangs
- Drug cartels
- Criminals finding a safe haven.
- Doubling of our police force to deal with the drug cartels, gangs, crime, with additional drugs by citizens, resulting in potential death
- Criminal activities
- Robberies by the criminals we have introduced into our county
- Stolen cars
- Assaults
- Drug use - additional
- Gangs we are introducing into our county.
- Paying to educate illegal's children when most do not even pay taxes and demand CASH when they work (seen it first hand).

We bring in 1 MILLION people yearly legally. How do you think people standing in line to come into our country/state feel about people that walk across the southern borders from up to 20 different countries including terrorist. We have zero idea who any of these people are and it needs to stop. A country without borders is no longer a country. PUT the CITIZENS first. That's exactly why Trump is in office.

Seniors have seen 13 BILLION of their Medicare disappear in past 6 years to fund Obamacare (7.16 billions) and refugees (5.7 billions. Seniors are hurting. Our vets are hurting. We have additional Section 8 people needing food stamps and homeless. Yet, you idiots want to bring in illegal criminals, and give them sanctuary? What would possess the Jefferson Davis Party of democrats (that founded the KKK and Jim Crow laws) want to destroy our county and our people? Why are you so intolerant and why did you decide to be a member of the party that DID not support any civil rights for over 100 years. You barely supported the Republican bill started during Eisenhower and signed by Johnson.

This bill will Result in Result in:

- **Taxes will increase as we will need to educate the illegal's children (who demand cash under the table, and do not always pay taxes). Go over to Wells Fargo any Friday after 4 and watch the CASH (up to 6 inches sometimes) that is walking in the door. My taxes have almost doubled in 6years, and I just got an additional bill of 40.00 monthly for the next year as taxes are going up again.**
- **We will need to double our police force because of the criminals, gangs, and drugs**
- **Be prepared for drug cartels and gangs**
- **Be prepared for homeless criminals living here- breaking into homes, on streets, on bike paths, et al.**
- **Be prepared to pay additional taxes to school their children. I now pay almost a \$2,000 yearly just for education . That will increase dramatically if we have to build more schools and hire more teachers.**
- **If you want to observe illegal's banking, go to any Wells Fargo bank on a Friday after 4 pm - suggest the one on Route108, and observe the 2 -6 inches of bills and all the being counted and passed on I suppose to Mexico. Dozens of illegal's bringing in Cash. I was shocked.**

NO to this insane bill. NO to this illegal activity of Howard County. The person(s) that sponsors this stupid bill, I *shall* campaign against them. They are NO friend of the hardworking citizens of Howard country. They are a traitor to our people and residents who want a safe and good life. It's why we moved to this county.

NOTE: In 1954 we sent 4 million back to Mexico. It's not the first time folks. READ your history. I would suggest all the democrats on this council ask yourself why are you a part of the Jefferson Davis Democratic party that FOUNDED the KKK, and Jim Crow laws and intolerance. You also were the party that demanded separate facilities and walls when Republicans started giving federal jobs to black people back in the 1880s. READ your history and educate yourself. You seriously want to be a part of the socialist party? People need to wise up and stop putting the KKK party founders in public offices. Kennedy would not recognize the current intolerant and nasty people that belong to the KKK Democratic party. As it is, the KKK Democratic party has lost over 1200 seats both in Federal and State jobs. Wise up

Please vote NO on CB9-2017!

If immigrants are in the USA without documentation, then they are here illegally and *should not* be shielded from deportation. This wonderful county has many programs and supports nonprofit organizations that offer free help to immigrants to live here with proper documentation, and legally. Instead of spending your council efforts supporting illegal activities, please redirect your endeavors to requiring legal status for our wonderful immigrant friends. There are so many ways for them to become legal, don't enable them to break the law. Please respect the hard work of our numerous existing LEGAL immigrants. It would be a slap in the face to them, to shield undocumented persons from deportation, while making our current resident immigrants obtain legal status. You as a council person were elected to represent your constituents. I am your Resident and voter. This bill is not in the best interest of our county! Please please vote no on this bill!!!

Thank you Calvin, Jen and Mary Kay for having the courage to stand up for the immigrant population of Howard County in passing the Sanctuary Bill. I have heard from my Muslim friends who are US citizens how ill at ease they are in the current climate. This is a gesture of support for them. I don't know you Jon but I urge you to reconsider and support the override of the expected veto.

Dear Councilmen and Councilwomen,

We want to thank all of you for RUINING Howard County by your vote tonight. When all the criminals and drug lords decide to make Howard County their home, it will be on your head.. It is not bad enough that the county already has problems. None of you seem to care about the issues of the LEGAL Citizens, ONLY the issues of the ILLEGAL citizens. We cannot believe that you would pass a bill that had so much opposition. When did the government become a Dictatorship for the well being of the Illegals and ignoring Legal citizens of their rights. We do not understand why you would go against the Federal Government and jeopardize the financial funding that the county will loose.(This has been stated by the Executive Branch of the Federal Government). A decision so large should have been put to a referendum and a vote of all the citizens of Howard County and not 5 individuals who apparently do not listen to their constituents. and are becoming dictators. Our grandparents are immigrants BUT they came to the US the Legal Way and learned to speak English. We want to know why our Tax dollars is suppose to support illegals who do not pay into the system. Why do we follow the law but it is okay for Illegals to ignore the law.

Why, you as politicians ignore the LAW?

Did any of you ever learn in school what ILLEGAL means. We are not against immigrants. We are against people who ignore our laws and want to enjoy our lifestyle without paying their fare share and being a responsible American. These people want the easy way out. Is that fare to everyone who follows the laws.

Why do politicians feel it is necessary to support ILLEGALS but when it comes to American Citizens they ignore their rights. What is going on in this country.

In the 35 years that we have lived in Howard County this is the most disappointed we am of the Howard County Government. What has happened to the government officials that care about the taxpaying citizens of the county. We feel that everyone on the county council who voted for this bill is a disgrace to being a politician and is not a caring person of all LEGAL Howard County Citizens. Have you, the County County Council interviewed all the ILLEGAL's, as to why they are not following the Immigration laws of the United States of America. What makes them special that they should get a free pass while other people follow the laws.

Respectfully,

Vote no.

I do not understand why the government does not know the meaning of ILLEGAL.

If people want to come to this country they need to do it the legal way.

The country is being destroyed because no one follows the laws that have been created.

Why have laws if they are not followed.

Councilman Weinstein,

Well, now I know why you didn't even bother to acknowledge my email to you urging your support of CB9. I am a constituent of yours and you should have at least had one of your minions send a form letter to acknowledge my concerns, but you didn't. And you didn't do the right thing tonight either. When push came to shove, you let yourself be shoved by the haters. You allowed your political cowardice to cave to Trump supporters ... to those who forget that their own ancestors were illegal immigrants. Do you really stand on the side of racism and bigotry? Is that what you want your constituents to remember next year when we go to the primaries on November 6, 2018?

Some choices are very hard to make, Mr. Weinstein. This one is not. You have a chance to rectify the situation by voting YES for CB9 when Kittleman vetoes it. Otherwise, you will be looking for a new job on November 7th of next year. Not only that, but at least you'll be able to face yourself in the mirror and know that you haven't sold your soul.

Hello,

I am Maria Malave, a citizen of Howard County, one of the best counties to live in Maryland. I am in favor of making Howard County a Sanctuary County to protect the human rights of immigrants.

I note that the majority of the immigrants, which are in our neighborhoods, are hardworking people that contribute to the economy of this County and also bring healthy diversity to our churches and other institutions to make them richer. As a Hispanic professional with a master degree myself, I spend my time in government providing technical support to industry and i take my job very seriously. So, why should I or any of our neighbors immigrants live in fear of being discriminated against, or even approaching a police officer or any other government employee seeking for support of any kind?

I don't think that making the County a Sanctuary undermines the ability to address criminals, whether these are immigrants or not. Based on my interactions with the public at work and in my community, I believe that if government has a healthy rapport with the community and takes time to educate on important issues, it can only help to engage them in identifying solutions and implementing changes (e.g., an real effective immigration reform that works well for immigrants and the economy of this country).

Thank you for your consideration. With appreciation for all the hard work and difficult decisions you do!

Sincerely,

Maria Malave
