Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Ali Solak

We participate in Howard County's excellent parks and rec programs, an we visit the mall and restaurants there. I am so heartened by the rich diversity there, which would be threatened without protection. My daughter, for example, joined our family recently through adoption from South America. We really feel sad that we have to trouble her and cause un do anxiety, so she knows how to protect herself in the event of an ICE misunderstanding. That's so unnecessary. Please, overturn the veto.

Please vote YES to override the veto on Council Bill 9-2017.

 Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

I was a child immigrant and now am a thriving citizen with a family living and a purchased home in Howard county. I am a female in STEM and an Ivy League grad. My life would literally not have been possible without the opportunities and welcome by America. Do what is right. Give all of us a chance. Give America a chance. Somos todos imigrantes.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Viviana Acosta

But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Gui Martinelli

Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

I attended the February 6 council meeting and was thrilled by the vote to pass CB-9. It made be proud to be a resident of Howard County, not just because I think the vote was representative of what most of us in this county believe, but also because of the respectful way differing opinions were heard that night. When I entered the room there was a sea of red and green, mixed together, in what could have been a volatile situation. I did witness some heated discussions but no one was out of control and most were willing to at least hear the other side without interruption. I also greatly appreciate the explanations Councilmembers Weinstein and Fox gave before casting their "No" votes, even though I disagree. I also felt sympathy for Councilmember Sigaty as she clearly struggled with her decision before deciding to vote for the bill's passage. All of you clearly gave much thought to this before deciding how to vote.

Councilmembers Weinstein and Fox, I do hope you will reconsider your positions and vote to override the executive's veto. Councilmember Sigaty, thank you again for your careful consideration of the bill and for your support. And Councilmembers Ball and Terrasa, thank you especially for your hard work on this issue. I believe this is a reflection of the best of what Howard County represents.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Kenneth Rock

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

From:	Ball, Calvin B

Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

Everyone should feel safe calling the police. If undocumented immigrants feel they cannot seek help without reprisal then they will be more likely to be victimized. That will add to local crime, not reduce it, and will help no one.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Matthew Cervi

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

As a Howard County resident, I feel that our community is enhanced, not weakened, by our diversity. We need our police officers to focus on criminal law, which they are trained to handle. The police are not federal authorities and to ask them to enforce immigration law is an overstep that would lead to discriminatory profiling.

Please vote YES to override the veto on Council Bill 9-2017.

Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

America arrived at this dangerously pivotal moment, one small decision at a time, and we must fix it the same way. We are but 1 county, lets make the right call insomuch as we have the power.

Please vote YES to override the veto on Council Bill 9-2017.

With passionate concern,

Brian McQuaid

Subject: CB 9

Dear Council Members,

Please vote to override County Execute Kittleman's veto of CB 9. During the 47 years I have lived in Howard County, we have welcomed immigrants from Southeast Asia, Central America, the Middle East, south Asia, Africa, China and Korea. These people have become a vital part of our community. Today's immigrants will do the same if they are allowed to live without the fear of deportation except in instances of violent or other criminal behavior.

 It is essential that all Howard County residents live without fear; the safety of all of us depends on a trust between residents and the police.

Thank you,

Loreen V. Heinz

Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Debbie Brent

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Amin Khan

Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

While I very much appreciate all that Howard County already does to look after our immigrant population, I believe that in light of the anti-immigration actions and proposals of the Trump Administration, it is important that Howard County codifies what we do and that we join together with cities and states around the country to stand up for immigrants. Good people should not have to live in fear of being deported and/or separated from their families.

Please vote YES to override the veto on Council Bill 9-2017.

Howard County was built around the premise of inclusion and a deep sense of community, if we allow for the terrorization of noncitizen individuals we will allow for hatred to spread throughout our tight nit community and give way for a sense of insecurity. As we have seen in other states that have allowed local law enforcement to act as border patrol agents, the community as a whole becomes less safe. Non citizen member feel less inclined to reach out for help and report crimes. Our community relies on the work done by undocumented individuals and would be ignorant to say that we do not benefit from their work. They make up a large portion of the landscape and maintenance that occurs her

in Howard County. It is hypocritical and selfish to want our noncitizen community members to keep our homes clean, lawns beautiful, restaurants working, and facilities clean but not advocate for their safety and wellbeing.

Please vote YES to override the veto on Council Bill 9-2017.

Let the police do their job in keeping peace in the communities.

Please vote YES to override the veto on Council Bill 9-2017.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.
Voting Yes, to override County Executive Kittlemman's veto on Council Bill
9 is the humane solution to the horrors that are being experienced by
immigrants in several parts of our country.   Our police force doesn't
deserve to be used in such an inhumane action as to mistreat people doing everyday things just because they are immigrants. Let the police do their job in keeping peace in the communities.Sincerely,

Linda Pinos

Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Joanne Heisel

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Sayers, Margery

Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

Please vote YES to override the veto on Council Bill 9-2017.

Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

From: Ball, Calvin B

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Mr. Weinstein, we have emailed you prior to explain why your support of this bill is so critical to your Howard County constituents. And we requested that you reconsider you're vote when the governor vetos this bill. You responded then with a straightforward yet weak rationale that the bill is merely symbolic and is more politically motivated. So I now prevail upon you once again: Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents. Yes, the bill is symbolic. And the reason you and your colleagues are in office is political. But in these terrifying times, for many Americans living in what appears to be an authoritarian-style government, this small yet overwhelmingly powerful symbol of America justice and human dignity in Howard County

should be the paramount symbol in your thought as you vote to override the veto. Your symbolic vote for Howard County will carry your politics. Thank you all.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Ralph and Esen Paradiso

Calvin Ball:

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Do the right thing and protect the civil rights and liberties of ALL Howard County residents, including our vulnerable noncitizen residents.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

John Singleton

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

I ATTENDED THE PUBLIC HEARING at which the original vote was cast, and heard Jon Weinstein, in excuse of his "no" vote, argue that this bill's impact would be illusory.

HE IS DEAD WRONG. This bill's critical importance is illustrated by recent news that the Trump administration is recruiting municipal police forces all over the country to do their dirty work of rounding up undocumented persons for deportation. See, fyi, http://www.orlandosentinel.com/news/breaking-news/os-ice-orlando-dhs-20170222-story.html. CB-9 will clearly put Howard County outside this metastasis.

I'm willing to live without the tainted Federal funds being dangled as blackmail against towns and cities that choose love over hate. I BELIEVE WE WILL SAVE MONEY in the bargain because it will make it easier to fight crime. The undocumented (and persons whose skin color or accent cause them to be conflated with the undocumented) are highly vulnerable to criminal victimization, but have a lower rate of crime commission than documented persons.

I APPLAUD Mary Kay Sigaty, Jen Terrasa, and Calvin Ball for their stand in favor of human rights and public safety, and urge Mssrs. Weinstein and Fox to do the same by voting to override Mr. Kittleman's veto.

Please take a stand for the human beings who, together, make up our beautiful county. PLEASE STAND ON THE SIDE OF LOVE -- it is not too late.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Laurie S Coltri, Thunder Hill

Dear Mr. Weinstein,
You have said you voted against CB9 because it is only symbolic. Srinivas Kuchibhotla was not
killed because Trump issued an executive order to kill immigrants and Muslims. He was killed
because Trump has deliberately signaled that immigrants and Muslims are the enemy and not
deserving of life or compassion. Trump did not order the defacing of Jewish cemeteries, but by
deliberately omitting mention of Jews in his statement on the Holocaust and appointing open
anti-Semites to his administration, he has signaled his support and approval for these attacks.

Symbols matter.

Elisabeth

Dear Howard County Council,

My name is Nick Steiner, and I am an attorney with the American Civil Liberties Union of Maryland. The attached letter urges you to vote on Monday to override County Executive Allan Kittleman's veto of Council Bill 9-2017, introduced by Councilmembers Calvin Ball and Jen Terrasa. We believe that in the best interest of the noncitizen community, regardless of legal status, the bill will promote public safety and help protect an extremely vulnerable population in the current political climate. Although it will not allay all of the fear, it will show the County Council's commitment to every resident in Howard County and give community members a reason to trust their local law enforcement.

Pratishtha Khanna, a DACA recipient and Howard County activist, tells her story in this letter as well, and I hope that her story resonates with you as it has with me.

We urge you to protect your noncitizen constituents, and override Mr. Kittleman's veto of CB-9.

Best regards,

Nick Steiner

OFFICERS AND DIRECTORS
COLEMAN BAZELON
PRESIDENT

SUSAN GOERING
EXECUTIVE DIRECTOR

ANDREW FREEMAN
GENERAL COUNSEL

Thank you for considering Council Bill 9-2017, a county bill that prevents certain Howard County employees from enforcing federal immigration law, prohibits discrimination based on national origin, and works to protect the privacy of County residents. Consideration of a bill that seeks to protect our noncitizen residents is extremely urgent in the current political climate, and we must take substantive steps to protect Maryland's residents from the broad over-enforcement of our immigration laws by the Trump Administration.

Howard County has protected its immigrant communities by rejecting the use of Immigration and Customs Enforcement (ICE) detainers to prolong the jailing of detainees beyond their release date. However, a law that affirms these protections would reinforce the County's policy of rejecting ICE detainers, and recommit Howard County to protecting *all* of its residents, not just its citizen residents. CB-9 is not a purely symbolic bill, it is one of many possible bills that insulates Howard County from some of the unconstitutional immigration enforcement practices that we are certain to witness (and are already witnessing) in the coming years from the federal government.

President Trump's Executive Orders[1] target noncitizens in such an expansive way that the Trump Administration will necessarily rely on local law enforcement to instill fear and participate in unconstitutional practices that courts have already ruled violate the Fourth Amendment.[2] As Councilman Jon Weinstein explained in

---

[1] Specifically, President Trump's January 25, 2017 order titled "Enhancing Public Safety in the Interior of the United States" and the Department of Homeland Security's guiding memo issued on February 20, 2017.

[2] Trump's Executive Order and subsequent Department of Homeland Security memos call to reinstate "Secure Communities" or "S-Comm," a program that focused on the reliance of ICE detainers, arresting individuals based on those detainers, and sought increased *voluntary* cooperation with local law enforcement that exposed local law enforcement to lawsuits. *See Morales v. Chadbourne*, No. CV 12-301-M-LDA (D.R.I. Jan 24, 2017); *Moreno v. Napolitano*, No. 11 C 5452 (N.D. Ill. Sept. 30, 2016); *Miranda-Olivares*, 2014 WL 1414305, at *1 (D. Ore. Apr. 11, 2014); *Gonzalez v. ICE*, Case No. 2:13-cv-0441-BRO-FFM (C.D. Cal. July 28, 2014); *Villars v. Kubiatoski*, F. Supp. 2d, (N.D. Ill. May 5, 2014) *Galarza v. Szalczyk*, Civ. Action No. 10-cv-06815, 2012 WL 1080020, at *1 (E.D. Penn. March 30, 2012); *Uroza v. Salt Lake City*, No. 2:11CV713DAK, 2013 WL 653968, at *1 (D. Utah Feb. 21, 2013).

his letter on February 8, 2017, members of the immigrant community are "experiencing real fear": a fear of being targeted by police, a fear of being expelled from the U.S., and a fear of being the victim of a hate crime.[3] In an effort to allay at least one of these fears, this bill will commit Howard County to protecting *all* of its residents and ensuring that Howard County's law enforcement agencies remain committed to the county's community members, not fulfill the responsibilities of federal immigration authorities and submit to Mr. Trump's bullying.

The real fears experienced by noncitizen residents in Howard County are felt every day. Pratishtha Khanna is an outspoken member of the Howard County community, and she has testified in support of CB-9. Although she was born in India, she traveled to the U.S. on a valid tourist visa when she was ten years old, and has lived in the U.S. ever since. Despite being an exceptional student, her undocumented status placed obstacles in her path that similarly situated citizen students would never have to face, such as ineligibility for federal student loans to make higher education possible. The Deferred Action on Childhood Arrivals (DACA) program under former President Barack Obama allowed Pratishtha to receive a social security number, work authorization, and legal presence, and has given her a newfound confidence that shines through with every task at hand. Even though she currently has legal status, Pratishtha is still vulnerable to the immigration enforcement policies of our federal government. Like all people of color, she can be targeted because she fits the profile of being a foreigner in the United States. Pratishtha currently advocates on behalf of South Asian residents, many of who are in the United States with legal immigration status, yet they still fear the Trump Administration's immigration enforcement machine. President Trump has eliminated the former priority enforcement system and is targeting people with little to no regard of whether they actually pose a threat to national security.[4] This fear extends to any noncitizen in the Howard County community, and is a reality that communities of color face everyday. CB-9 does not alleviate every fear that noncitizens face, but passing a bill that allows noncitizens to trust their local police will increase the public safety of the community; it should not be rejected merely because it does not address *every* fear that noncitizens face.

County concerns about public safety and loss of federal funding are not factually supported. Rather, increased cooperation with federal immigration authorities has been shown to decrease public safety, resulting in slower response times on emergency calls.[5] It also increases the instances of racial

---

[3] Many different communities are experiencing an increase in hateful incidents, including Asian communities, Muslim communities, and LGBTQ communities. *See* https://www.standagainsthatred.org/stories/ (documenting acts of hate against individuals of Asian descent); http://www.baltimoresun.com/news/maryland/sun-investigates/bs-md-sun-investigates-hate-crimes-1023-20161014-story.html (finding anti-Muslim hate crimes jumping from 1 to 14, anti-African American hate crimes from 67 to 90, anti-Semitic hate crimes from 40 to 46, and anti-gay hate crimes from 6 to 16).

[4] http://www.vox.com/policy-and-politics/2017/2/14/14596640/immigration-ice-raids

[5] http://www.eastvalleytribune.com/special_reports/reasonable_doubt/

profiling, which has led to federal investigations concluding in findings of unconstitutional policing practices in jurisdictions where such collaborations occur.[6] Further, we believe President Trump's threat to defund "sanctuary" jurisdictions is merely a scare tactic being used to bully progressive communities like Howard County into enforcing his racist and xenophobic immigration policy. Any attempts to unconstitutionally defund cities and counties that welcome noncitizens will incur a full-fledged legal fight from immigrants' rights organizations, including the ACLU.[7] Thus, passage of this bill could serve to limit the county's liability in legal disputes and lawsuit settlements that involve violations of constitutional rights.

For these reasons, we strongly urge the County Council override the County Executive's veto and enact into law Council Bill 9-2017. The federal government is prioritizing removal of every immigrant in this country regardless of whether the individual has a felony conviction, or a traffic ticket. We urge that those County Council members who voted in support of this bill remain steadfast and vote to override the County Executive's veto, and we urge those who voted against the bill to reconsider given the tangible benefit this law would have on Korean, Chinese, Latinx, and many other immigrant communities in Howard County. Howard County prides itself on its diversity. Let us stand together and protect those community members that make it diverse.

AMERICAN CIVIL
LIBERTIES UNION OF
MARYLAND

Sincerely,

Pratishtha Khanna
Howard County Resident

CB-9 Veto Override

Edie Williams <idee23@comcast.net>   Reply all |

Sat 3/4, 11:49 AM

CouncilMail

Dear Council Members,

I strongly urge you to override C. E. Kittleman's veto of CB-9.

If there were no other reason to pass this legislation, repudiating the Trump administration's draconian, cruel and unnecessary anti-immigrant, ant-Muslim policy would be enough. It is reason enough to pass CB-9 in order for Howard County to declare, in no uncertain terms: "Not here. Not us."

But there are other reasons as well.

In his veto override statement C. E. Kittleman pledged: "My administration will continue to champion and preserve our values and treat every resident with dignity and respect. My promise, as County Executive, is that Howard County will continue to be a welcoming and inclusive community where we celebrate our diversity."

And yet, alleviating the fear and isolation that national policy is forcing on immigrant members of our community is "unnecessary?"

I say it is very necessary. If we are truly committed to being a welcoming, inclusive county, then we will not stay silent. We will reassure our immigrant neighbors by passing this bill, that if a Howard Countian knocks on their door, it will be in friendship, not in hostility.

Overriding Mr. Kittleman's veto would put into practice the commitment that he himself made in words: that the focus of our police department will continue to be "on protecting our community and not on enforcing federal immigration law." If we are committed to truly standing behind that statement, then we must put the strength of law behind it. We must not let our immigrant neighbors live in fear that members of their own community, their neighbors, the police officers that serve their neighborhoods, will support actions locally that they have seen tear families apart in other states. We want our immigrant communities to work with the police whose job is to protect and serve, not to stop cooperating with the police out of fear.

Do we still seriously believe that we don't need to act, because "it couldn't happen here?"

No. Howard County must take a stand to *ensure* that it doesn't happen here, by overriding Mr. Kittleman's veto.

Sincerely,

Edith Williams

March 3, 2017

Dear Members of the Howard County Council:

We are writing to ask you to vote to override County Executive Kittleman's veto.

We read with great interest the statements each Council Member put out about CB9, and we want to thank all of you for your obvious concern for what was so correctly termed the "real issue"— that "some members of our immigrant community are experiencing real fear of what a future in our community will look like for them, their families, and their friends." We appreciate the efforts to craft a deliberative solution on behalf of our vulnerable neighbors.

We join the members of the County Council in regretting the politicization of CB 9 from both sides—mostly because we think it obscures what CB 9 really is—an attempt to codify, in law, policies and practices that already have widespread and broad support across party lines here in Howard County. Indeed, as many of you, as well as County Executive Kittleman, have pointed out, CB 9 essentially reflects the current policies of the County under the Kittleman Administration. And we strongly believe that these policies reflect the widely held values that make Howard County such a great place to live and raise our children, despite the volume and ferocity of those we have seen opposing the bill, and despite the partisan approach of some who have supported it. In other words, despite the noise surrounding it, we don't believe CB 9 is a deviation from the current consensus in Howard County, but rather reinforces it.

So why, then, do we feel it is so important that CB 9 become law? Because, while these are now the consensus policies supported by a wide range of Howard Countians from (almost) all parts of the political spectrum, the future is uncertain. We have seen how unsettling that uncertainty is for all kinds of people, regardless of immigration status,

ethnicity, or background. Each day, a new story emerges about the impact of deportations, the aggressive treatment that is happening at the border, and yet another hate crime at a place of worship or community center. Imagine how truly frightening it must be for members of the immigrant community and their loved ones. For that reason, we feel it is important to enshrine in law Howard County's current approach.

Even during the life of this bill, the national policy for immigration has shifted dramatically. The rights afforded to individuals within a particular immigration status, such as legal permanent resident, have been questioned or ignored by zealous immigration officers. The President has issued an executive order with the goal to increase the number of local jurisdictions that participate in the 287(g) program. Although only 38 jurisdictions are currently in the program, our neighboring county executive has shown how quickly policies and practices may change without input from all constituents or other elected officials by filling an application. While we do not question County Executive Kittleman's sincerity that the current policy will not change, the only effective assurance that such essential policies are not changed without input from the Council is to codify the policies.

Although a Statewide bill has recently been introduced in the General Assembly, we do not believe this lessens the need for CB9. As the General Assembly is only about half way through session, the fate of the State bill is not certain. Additionally, there has been no indication from the Governor as to whether or not he will veto the bill. If Governor Hogan vetoes the bill and there is insufficient time left in session for the General Assembly to override, the bill will remain in limbo until next January. This issue is too important to Howard County to gamble that the State will relieve the need for codification of current practices.

We understand the qualms with some parts of the bill. Unfortunately, we cannot go back in time and "redo" the process that led us to this point. We have a bill that currently exists, has been discussed, debated and amended, passed by a majority of the Council, and now sits in limbo due to the County Executive's veto. Once it is in place, we commit to coming together to build community consensus to make improvements to the law. W would very much like to see a discussion of your views about how the law could even more effectively "get to the heart of the matter and...directly address the core issues confronting undocumented individuals in our community." We will work with you and other community leaders to have the kind of deliberative discussion Councilman Weinstiein envisioned in his statement, to build support for these improvements, including from the original sponsors of CB 9.

We truly believe that if you block out the "noise" that has been associated with this Bill, both in the debate around it and even in some of the nonsubstantive parts of the Bill itself, what you are left with, substantively, is a commonsense measure that simply seeks to protect vulnerable Howard Countians by codifying current policy into the future. We hope you will consider voting to override the veto and then continuing your work with all stakeholders in Howard County to make improvements to our laws and policies in this area.

Sincerely,

TWV
TOGETHER WE WILL
Howard County, Maryland

Together We Will Howard County is a local progressive group taking action to: foster a safe and inclusive community; protect and secure equal rights for all people; and create a cohesive network to connect and amplify progressive issues and voices.

March 4, 2017

Dear Members of the Howard County Council:

We are writing to ask you to vote to override County Executive Kittleman's veto.

We read with great interest the statements each Council Member put out about CB9, and we want to thank all of you for your obvious concern for what was so correctly termed the "real issue"--- that "some members of our immigrant community are experiencing real fear of what a future in our community will look like for them, their families, and their friends." We appreciate the efforts to craft a deliberative solution on behalf of our vulnerable neighbors.

We join the members of the County Council in regretting the politicization of CB 9 from both sides—mostly because we think it obscures what CB 9 really is—an attempt to codify, in law, policies and practices that already have widespread and broad support across party lines here in Howard County. Indeed, as many of you, as well as County Executive Kittleman, have pointed out, CB 9 essentially reflects the current policies of the County under the Kittleman Administration. And we strongly believe that these policies reflect the widely held values that make Howard County such a great place to live and raise our children, despite the volume and ferocity of those we have seen opposing the bill, and despite the partisan approach of some who have supported it. In other words, despite the noise surrounding it, we don't believe CB 9 is a deviation from the current consensus in Howard County, but rather reinforces it.

So why, then, do we feel it is so important that CB 9 become law? Because, while these are now the consensus policies supported by a wide range of Howard Countians from (almost) all parts of the political spectrum, the future is uncertain. We have seen how unsettling that uncertainty is for all kinds of people, regardless of immigration status, ethnicity, or background. Each day, a new story emerges about the impact of deportations, the aggressive treatment that is happening at the border, and yet another hate crime at a place of worship or community center. Imagine how truly frightening it must be for members of the immigrant community and their loved ones. For that reason, we feel it is important to enshrine in law Howard County's current approach.

Even during the life of this bill, the national policy for immigration has shifted dramatically. The rights afforded to individuals within a particular immigration status, such as legal permanent resident, have been questioned or ignored by zealous immigration officers. The President has issued an executive order with the goal to increase the number of local jurisdictions that participate in the 287(g) program. Although only 38 jurisdictions are currently in the program, our neighboring county executive has shown how quickly policies

and practices may change without input from all constituents or other elected officials by filling an application. While we do not question County Executive Kittleman's sincerity that the current policy will not change, the only effective assurance that such essential policies are not changed without input from the Council is to codify the policies.

Although a Statewide bill has recently been introduced in the General Assembly, we do not believe this lessens the need for CB9. As the General Assembly is only about half way through session, the fate of the State bill is not certain. Additionally, there has been no indication from the Governor as to whether or not he will veto the bill. If Governor Hogan vetoes the bill and there is insufficient time left in session for the General Assembly to override, the bill will remain in limbo until next January. This issue is too important to Howard County to gamble that the State will relieve the need for codification of current practices.

We understand the qualms with some parts of the bill. Unfortunately, we cannot go back in time and "redo" the process that led us to this point. We have a bill that currently exists, has been discussed, debated and amended, passed by a majority of the Council, and now sits in limbo due to the County Executive's veto. Once it is in place, we commit to coming together to build community consensus to make improvements to the law. W would very much like to see a discussion of your views about how the law could even more effectively "get to the heart of the matter and...directly address the core issues confronting undocumented individuals in our community." We will work with you and other community leaders to have the kind of deliberative discussion Councilman Weinstiein envisioned in his statement, to build support for these improvements, including from the original sponsors of CB 9.

We truly believe that if you block out the "noise" that has been associated with this Bill, both in the debate around it and even in some of the nonsubstantive parts of the Bill itself, what you are left with, substantively, is a commonsense measure that simply seeks to protect vulnerable Howard Countians by codifying current policy into the future. We hope you will consider voting to override the veto and then continuing your work with all stakeholders in Howard County to make improvements to our laws and policies in this area.

Sincerely,

Please vote YES to override County Executive Kittleman's ill-advised veto of Council Bill-9, which would help ensure that everyone in our county is treated fairly, no matter their immigration status. The time is now for local governments to protect vulnerable residents, as the Trump administration is prioritizing removal of every noncitizen in this country regardless of whether the individual has a felony conviction, or just a traffic ticket.

Howard County law enforcement agencies currently protect our immigrant communities by not questioning residents' immigration status. But enacting a formal policy that clarifies the responsibilities of our local police to enforce criminal law and not civil immigration law will allow our officers to focus on the public safety of the community.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

Dear Council Members
I had previously written you to ask that CB-9 be reworded to remove what I found to be unnecessarily negative passages – and then to support this bill. I have just re-read the amended CB-9 bill and am convinced it does indeed now meet a bipartisan standard. It also meets the concerns that others raised regarding the relationship of our local law enforcement to federal regulations.

So, I am again asking you to consider your vote tomorrow and override the County Executive's veto. Please help provide a safer environment for all of our residents.

CB-9 furthers public safety by helping build trust between local law enforcement and noncitizen communities, preventing the racial profiling of noncitizens by local law enforcement officers, and limiting the incidence of discrimination against people of color.

I ATTENDED THE PUBLIC HEARING at which the original vote was cast, and heard Jon Weinstein, in excuse of his "no" vote, argue that this bill's impact would be illusory.

HE IS DEAD WRONG. This bill's critical importance is illustrated by recent news that the Trump administration is recruiting municipal police forces all over the country to do their dirty work of rounding up undocumented persons for deportation. See, fyi, http://www.orlandosentinel.com/news/breaking-news/os-ice-orlando-dhs-20170222-story.html.
CB-9 will clearly put Howard County outside this metastasis.

I'm willing to live without the tainted Federal funds being dangled as blackmail against towns and cities that choose love over hate. I BELIEVE WE WILL SAVE MONEY in the bargain because it will make it easier to fight crime. The undocumented (and persons whose skin color or accent cause them to be conflated with the undocumented) are highly vulnerable to criminal victimization, but have a lower rate of crime commission than documented persons.

I APPLAUD Mary Kay Sigaty, Jen Terrasa, and Calvin Ball for their stand in favor of human rights and public safety, and urge Mssrs. Weinstein and Fox to do the same by voting to override Mr. Kittleman's veto.

Please take a stand for the human beings who, together, make up our beautiful county. PLEASE STAND ON THE SIDE OF LOVE -- it is not too late.

Please vote YES to override the veto on Council Bill 9-2017.

Sincerely,

Laurie S Coltri, Thunder Hill

Dear Council Members,

Please vote to override County Execute Kittleman's veto of CB 9. During the 47 years I have lived in Howard County, we have welcomed immigrants from Southeast Asia, Central America, the Middle East, south Asia, Africa, China and Korea. These people have become a vital part of our community. Today's immigrants will do the same if they are allowed to live without the fear of deportation except in instances of violent or other criminal behavior.

  It is essential that all Howard County residents live without fear; the safety of all of us depends on a trust between residents and the police.

Thank you,

Hello!
I am writing to urge you to vote tonight in FAVOR of CB9, overturning the County Exec's recent veto.
HoCo is a wonderful community, made more vibrant and successful thanks to the efforts of ALL of our residents.
We need to support the safety of ALL of us, and CB9 takes the right steps towards that goal.
My spouse and I plan to attend tonight's session to show our support for the veto override.
Regards,
Bernadette Margel

CouncilMail; Kittleman, Allan

Good morning,
Here we are, ready to find out what the council will do about CB9. Our county executive announced his veto before a vote even occurred, no doubt bowing to the most xenophobic constituents of the county, and ignoring all the facts presented to him. He stated that the bill was pushed through too fast, but he himself pushed through a vote on stun guns improperly fast, not giving citizens any time to learn about the issue.

We are living in frightening times. As the Trump administration gets ready to re-privatize prisons, no doubt to fill them with undocumented residents as well as to fill the pockets of the big money people who appear to be running the WH these days, we need to do more to protect these people. Children should not have to watch their parents being carted off after dropping them off at school.

What happened to #OneHoward? Is that another empty promise? Was it too hard to execute? I'll tell you one thing. It isn't too hard for the many men and women in our county who are assembling in living rooms in the evening and on weekends. **WE** will do everything in our power to welcome and support all people to Howard County, even if some members of the county council won't.

Do the right thing. The people who would be protected by CB9 are not dangerous criminals and you all know that. The amount of federal funding HoCo receives from the feds is a drop in the bucket in the county budget.

Paula Seabright
Columbia, MD
