1 **Recitals**

2 In accordance with the provisions of Section 603 of the Charter of Howard County, Maryland
3 (the “Charter”), the County Executive has submitted a proposed Capital Budget for fiscal year 2018 to the
4 County Council of Howard County, Maryland, and, prior to the passage of this Act, the County Council
5 has adopted a Capital Budget for the fiscal year ending June 30, 2018 (the “Capital Budget”).

6 As a part of the Capital Budget, it is necessary that Howard County, Maryland borrow a sum not
7 exceeding \$220,683,871 to be used for (i) the financing and refinancing of certain capital projects, which
8 include bridge projects, general county projects, storm drainage projects, school system projects, fire and
9 rescue projects, road construction projects, roadside and sidewalk projects, library projects, community
10 college projects, parks and recreation projects, police projects and traffic improvements projects which
11 are specified and described in the Capital Budget (each a “Project”, collectively, the “Projects”), and more
12 particularly described in Appendix A attached hereto and incorporated herein, and (ii) payment of costs of
13 issuance of any obligations issued to evidence such borrowing. Of such amount, \$16,472,871
14 appropriated for certain of such Projects was previously authorized to be borrowed by the County in prior
15 calendar years, as indicated in Appendix A in the column captioned “Amount to be Borrowed
16 (Reauthorizations)”, but such authorized borrowing is expected to expire prior to the completion of such
17 Projects or the sale of general obligation bonds to provide permanent financing therefor. Accordingly, it
18 is necessary that such borrowing be reauthorized (“Reauthorizations”).

19 **Now therefore, in accordance with the provisions of Article VI of the Charter:**

20 **Section 1. Be it enacted by the County Council of Howard County, Maryland,** That Howard
21 County, Maryland (the “County”), is hereby authorized and empowered to borrow on its full faith and
22 credit, and issue and sell its bonds or other obligations or evidences of indebtedness therefor, at one time
23 or from time to time, an amount not exceeding \$220,683,871 the proceeds thereof to be used to finance
24 and refinance the Projects more particularly specified and described in Appendix A attached hereto and
25 in the Capital Budget; including for each Project, without limitation, the cost of planning, design,
26 construction, reconstruction, furnishing, equipping, improvements, renovations, remodeling,

1 enlargements, engineering services, architects services, surveys, landscaping, site development,
2 evaluation studies, land acquisition and related items, appurtenances and incidental activities. The
3 Projects and the amount to be borrowed for each (including, without limitation, any Reauthorizations) are
4 more specifically identified and described in Appendix A attached hereto.

5 Proceeds of any bonds or obligations authorized by this Act may also be used to pay costs of
6 issuance of such bonds or obligations.

7 **Section 2. And be it further enacted by the County Council of Howard County, Maryland,**

8 That, pursuant to and in accordance with Section 19-212 of the Local Government Article of the
9 Annotated Code of Maryland, as amended, the County is authorized to issue bond anticipation notes in
10 anticipation of the issuance of the bonds authorized by this Act and described in Section 1 hereof, and all
11 references to “bonds” or “obligations” in this Act shall include such bond anticipation notes, unless the
12 context clearly requires a contrary meaning. It is intended that the aggregate principal amount of issued
13 and outstanding bond anticipation notes when added to the aggregate principal amount of issued and
14 outstanding bonds or obligations in anticipation of which such notes were issued, shall not exceed the
15 aggregate principal amount set forth in Section 1 of this Act at any time. The County will agree in each
16 ordinance described in Section 4 of this Act relating to any notes issued pursuant to this Act to pay such
17 notes and the interest and premium, if any, thereon from the proceeds of the bonds in anticipation of the
18 sale of which such notes are issued, and the County will agree to issue such bonds when, and as soon as,
19 the reason for deferring their issuance no longer exists.

20 **Section 3. And be it further enacted by the County Council of Howard County, Maryland,**

21 That, in connection with the acquisition of real property as part of a Project, the County may incur all or
22 any portion of the indebtedness authorized by this Act for such acquisition by entering into an installment
23 purchase agreement pursuant to and in accordance with Section 4.201A of the Howard County Code
24 (“Section 4.201A”) or any successor provisions of law in lieu of issuing bonds or other obligations for
25 such acquisition. The principal amount of any such installment purchase agreement shall not exceed the
26 lesser of (a) the maximum principal amount permitted by Section 4.201A or (b) the portion of the amount

1 to be borrowed for such Project (as set forth in Section 1 hereof) which relates to such acquisition. All
2 references to “bonds” or “obligations” in this Act shall include such installment purchase agreements,
3 unless the context clearly requires a contrary meaning.

4 **Section 4. And be it further enacted by the County Council of Howard County, Maryland,**

5 That the County Council of the County, by an ordinance or ordinances adopted from time to time in
6 accordance with Article VI of the Charter and other applicable provisions of law and policies of the
7 County, shall provide for (a) the issuance and sale of, (b) the maximum principal amount, designation,
8 form, tenor and denomination or denominations of, (c) the dates of the first maturity and the last maturity
9 (not more than 30 years after the date of issue) of, and (d) the interest rate or rates per annum (or the
10 method of determining such rate or rates) payable on, any bonds or other obligations issued from time to
11 time under this Act; and may by any such ordinance, or by separate resolution, provide that the issue of
12 bonds hereby authorized be consolidated with one or more other issues.

13 **Section 5. And be it further enacted by the County Council of Howard County, Maryland,**

14 That for the purpose of paying the principal of and interest on such bonds or other obligations as the same
15 shall become payable, the County Council of Howard County shall levy annually ad valorem taxes upon
16 the assessable property in the County sufficient, together with other available funds, to pay the principal
17 of and interest on such bonds or other obligations until all of such bonds or other obligations shall mature
18 and be redeemed. The full faith and credit and unlimited taxing power of the County are hereby
19 irrevocably pledged to the payment of the principal of and interest on such bonds or other obligations.

20 **Section 6. And be it further enacted by the County Council of Howard County, Maryland,**

21 That any bonds or other obligations issued from time to time under this Act are specifically exempt from
22 the provisions of Sections 19-205 and 19-206 of the Local Government Article of the Annotated Code of
23 Maryland, as amended, and any successor provision of law.

24 **Section 7. And be it further enacted by the County Council of Howard County, Maryland,**

25 That all bonds or other obligations authorized hereby shall be issued within four years from the date this
26 Act becomes effective. Notwithstanding the foregoing, if bond anticipation notes are issued within such

1 period in accordance with Section 2 hereof, the bonds or other obligations authorized hereby may be
2 issued until the final maturity date of such notes.

3 **Section 8. And be it further enacted by the County Council of Howard County, Maryland,**
4 That the County anticipates that a portion of the costs of some or all of the Projects may be paid prior to
5 the issuance of the bonds or other obligations authorized hereby. The amount of such costs so paid will
6 depend on various factors, including, without limitation, the timing and speed of progress on the Projects,
7 the availability of other funds to pay such costs on an interim basis, bond and money market conditions
8 and compliance with federal and State laws and regulations.

9 Accordingly, the County reasonably expects to reimburse costs of the Projects (as described
10 herein) with proceeds of the bonds or other obligations authorized hereby, such bonds or other obligations
11 to be issued by the County in the maximum principal amount of \$220,683,871.

12 **Section 9. And be it further enacted by the County Council of Howard County, Maryland,**
13 That this Act shall take effect sixty-one (61) days after its enactment.
