1 **Section C** ***FORMAL COMPETITIVE BIDDING – Invitation for [[Bid]]BIDS (IFB)***  
2 ***Non-Capital Projects***  
3 ***(Reference Code Sec. 4.107)***  
4

5 1. **When Used:** Formal competitive bidding is the method used to purchase  
6 supplies or services involving the expenditure of \$30,000 or more or to sell  
7 surplus property with an estimated value of \$30,000 or more. Solicitations are  
8 publicly advertised and awarded to the lowest responsive and responsible bidder.  
9

10 2. **Multi-Step Purchasing Methods**  
11

12 Multi-step purchasing methods may be used in formal competitive bidding when  
13 it is in the best interest of the County. The multi-step procedure must be  
14 disclosed at the beginning of the solicitation process. Potential bidders are told  
15 the number of steps that will be used in the solicitation.  
16

17 a. **Invitation For [[Bid]]BIDS**  
18

19 The multi-step method (usually 2 steps) may be used when it is not  
20 practical to initially prepare a definitive purchase description that will be  
21 suitable to permit an award based on price. Samples may be required and  
22 are permissible in this solicitation approach.  
23

24 (1) Under this method, technical proposals are received and opened  
25 on the date and time indicated. Only the names of the responding  
26 firms are identified and tabulated.  
27

28 (2) The technical proposals received are evaluated against pre-  
29 established criteria that were stated in the solicitation.  
30 Purchasing, the user agency and other knowledgeable persons may  
31 conduct the evaluation. The County may, as necessary, request  
32 more refined technical information from the accepted firms. The  
33 technical proposals received from unacceptable firms are returned  
34 immediately following the evaluation determination.  
35

36 (3) Bidders who submitted technically acceptable bids are invited to  
37 submit competitive sealed price bids. Price bids are received at  
38 the predetermined date and time when they are opened and read.  
39 Under the multi-step method for Invitation [[For]]FOR Bid, price  
40 negotiation is not permitted.  
41

42 b. **Request for Information**  
43

44 A 3-step method is a method under which, in addition to the technical and  
45 price proposals, a Request for Information (RFI) may be required and is  
46 an acceptable multi-step procurement method.  
47

1 In all multi-step procurements, after technical proposals or samples or  
2 both have been evaluated, prices shall be solicited only from those  
3 vendors whose technical offers or samples or both have been accepted.  
4

5 In all other respects, multi-step sealed purchasing methods shall be  
6 treated in the same way as other purchasing methods.  
7

8 3. Solicitation Package  
9

10 a. Upon receipt of a purchase requisition and completion of proper  
11 specifications, the Office of Purchasing prepares the solicitation package.  
12

13 b. The solicitation package may include, but not be limited to, terms and  
14 conditions, general instructions, specifications, a sample agreement form  
15 when the procurement is services and price page.  
16

17 (1) Pursuant to Code Sec. 4.118(b)(8), all formal contracts shall be  
18 accompanied by an Affidavit covering non-collusion, disclosure of  
19 interest, anti-bribery, and non-discrimination in employment  
20 practices.  
21

22 (2) ~~[[The]]~~ Equal Business Opportunity ~~[[Certificate]]~~ PARTICIPATION  
23 is required when the bid is estimated at \$50,000 or more.  
24

25 4. Place the Public Notice.  
26

27 5. Submission of Bids  
28

29 a. Bidders shall return all County bid forms in the quantity specified and any  
30 exceptions the bidder may take to the Office of Purchasing prior to the  
31 date and time of bid opening.  
32

33 b. Bidders shall submit any required bid deposit with the bid.  
34

35 c. Bids shall be submitted in a sealed envelope/carton marked with the  
36 name and number.  
37

38 d. Bidders may withdraw or change bids and resubmit them before bid  
39 opening time. The bidder may make corrections on the original bid by  
40 initialing the change and resealing the bid.  
41

42 e. The Office of Purchasing shall retain bids in a secure place prior to  
43 opening.  
44

1 f. Any exceptions or objections to the technical specifications of the  
2 solicitation documents shall be in writing and shall be submitted to the  
3 Office of Purchasing no later than 5 days prior to the bid opening date.  
4 The Office of Purchasing shall review each such exception or objection to  
5 determine whether an addendum to the specifications is required.  
6

7 **6. Cancellation of IFB Before Opening**  
8

- 9 a. If it becomes necessary to correct an inadequate, deficient or ambiguous  
10 invitation for [[bid]]BIDS, then the invitation shall be canceled and a new  
11 invitation shall be issued.  
12  
13 b. When a solicitation is canceled, bids that have been received shall be  
14 returned unopened to the bidders with a notice of cancellation.  
15  
16 c. Notice of cancellation shall also be publicly posted and shall explain why  
17 the solicitation is being canceled.  
18

19 **7. Bid Opening**  
20

- 21 a. The bid opening shall be held on the date and at the time and place  
22 announced in the bid or the date, time and place announced in any  
23 addenda.  
24  
25 b. The Purchasing Administrator, or designee, shall determine when the  
26 time of official bid opening has been reached.  
27  
28 c. After bid opening time, all bids are considered the property of the County  
29 and will not be released. Bidders may not withdraw bids after bid opening  
30 time.  
31  
32 d. The Purchasing Administrator, or designee, shall publicly open the bids at  
33 the specified time, date and place with at least one other County employee  
34 present.  
35  
36 e. The Purchasing Administrator, or designee, shall reject all bids received  
37 after the scheduled bid opening.  
38  
39 f. The Office of Purchasing may post a bid summary on the bulletin board  
40 after the bid opening.  
41  
42 g. The buyer of record will review all bids. The buyer when necessary may  
43 request review of bids by the user agency.  
44  
45 h. A mistake that is discovered after the bid opening may not be corrected  
46 unless the mistake is an obvious and apparent error on the face of the bid  
47 such as a typographical error, transposition error or an arithmetical error.  
48  
49 i. In situations where the Purchasing Administrator determines that the low  
50 bid submitted is so low due to a demonstrable mistake other than a

1 mistake in judgment that the bidder may incur severe loss, and that a  
2 potential unconscionable contract may be formed, the bidder may be  
3 allowed to withdraw the bid subject to forfeiture of the bid deposit, if any.  
4

5 8. Cancellation of IFB After Opening  
6

7 When it is determined before an award, but after opening, that the invitation for  
8 [[bid]]BIDS contains inadequate, deficient or ambiguous specifications; does not  
9 provide for consideration of all factors; or the scope of the work needs to be  
10 modified; then the bid shall be canceled. Each bidder shall be notified of the  
11 cancellation and the notice shall state the reason for such action.  
12

13 9. Evaluation of Bids  
14

- 15 a. The Office of Purchasing evaluates each bid in terms of criteria stated in  
16 the solicitation to determine the lowest responsive, responsible bidder (on  
17 purchases) and highest responsive, responsible bidder (on sales).  
18
- 19 b. The Purchasing Administrator has the authority to either accept or reject  
20 bids, or any part of the bids when, in [[his/her]]THE ADMINISTRATOR'S  
21 judgment, when it is in the public's best interest. If all bids are rejected,  
22 the supplies or services may be re-bid.  
23
- 24 c. If only one bid is received for procurement valued at less than \$1,000,000  
25 and there is not sufficient time to re-solicit, the Office of Purchasing may  
26 negotiate a final offer with the supplier.  
27
- 28 d. Any procurement exceeding \$1,000,000 that receives less than three  
29 responsive bids requires approval by the Contract Review Committee.  
30
- 31 e. If the required number of responsive bids is not received, the supplies or  
32 services may be re-bid, after the Office of Purchasing coordinates with the  
33 user agency on specifications, etc. to encourage greater response.  
34
- 35 f. If no responsive bids are received on a procurement valued at less than  
36 \$100,000, and time does not permit a re-bid, the Office of Purchasing  
37 may engage in competitive negotiations with any potential vendor or  
38 vendors and award a contract when negotiation is completed. The same  
39 procedure may be used for procurements valued in excess of \$100,000;  
40 however, approval of the Contract Review Committee is required prior to  
41 award.  
42

- 1 10. Award  
2  
3 a. The Office of Purchasing recommends the award of the lowest responsive,  
4 responsible bidder for purchases and the highest responsive, responsible  
5 bidder for sales.  
6  
7 b. If there is a tie bid and quality and service are equal, the award goes to the  
8 local bidder. If there is no local bidder, or more than one local bidder, the  
9 Office of Purchasing draws lots to determine the award.  
10  
11 c. The Office of Purchasing recommends multiple awards for the same  
12 goods or services if they cannot be provided, in the fashion and time  
13 required, from one vendor.  
14  
15 d. Bid deposits are returned to all unsuccessful bidders within 10 days  
16 following the award notification or within 65 days following the public  
17 opening of the bid, whichever first occurs.  
18  
19 e. If the bid is not awarded to the lowest bidder (for purchases) or the  
20 highest bidder (for sales), the Office of Purchasing secures well-  
21 documented and fully substantiated written reasons for this decision.  
22  
23 f. If the successful bidder fails to execute a contract within 10 working days  
24 of receiving the notification of award, the bid deposit may be forfeited as  
25 liquidated damages for failure to execute the contract, and not as a  
26 penalty.  
27  
28 g. The Office of Purchasing issues an award notification to the successful  
29 bidder and SIMILARLY NOTIFIES [[sends copies to]] all unsuccessful  
30 bidders. A CONTRACT OR Purchase Order may be issued with the award  
31 notification if a performance bond or insurance certificate is not required  
32 of the bidder. If appropriate, a Procurement Card (PDQ Card)  
33 [[purchase]] may be used in lieu of a Purchase Order.  
34  
35 h. The CONTRACT OR Purchase Order is either not printed or held until any  
36 performance bond or insurance certificate is received from the bidder.  
37  
38 i. The County reserves the right to cancel the award of any contract at any  
39 time before the contract is executed by all parties, without any liability  
40 against the County.  
41

42 11. Special Services PROCUREMENT METHOD  
43

- 44 a. When Used: To purchase services where the nature of the work prevents  
45 the establishment of a firm price prior to the commencement of work.  
46 Examples of special service work include, but are not limited to, motor  
47 repairs and plumbing repairs where the concealed nature of the work

18  
19 c. If only one bid is received for a project valued at less than \$1,000,000 and  
20 there is not sufficient time to re-solicit, the Office of Purchasing may  
21 negotiate a final offer with the vendor.  
22  
23 d. Any project exceeding \$1,000,000 that receives [[less]]FEWER than three  
24 responsive bids requires approval by the Contract Review Committee.  
25  
26 e. If the required number of responsive bids is not received, the supplies or  
27 services may be re-bid after the Department of Public Works adjusts the  
28 specifications, etc. to encourage greater response.  
29  
30 f. If no responsive bids are received on procurement valued at less than  
31 \$100,000, and time does not permit a re-bid, the Office of Purchasing  
32 may engage in competitive negotiations with any potential vendor or  
33 vendors and award a contract when negotiation is completed. The same  
34 procedure may be used for procurements valued in excess of \$100,000;  
35 however, approval of the Contract Review Committee is required prior to  
36 award.

28 2. Multi-Step Purchasing Methods  
29

30 Multi-step purchasing methods may be used in formal competitive sealed  
31 proposals. This approach may be used whenever it is in the best interest of the  
32 County. The multi-step procedure must be disclosed at the beginning of the  
33 solicitation process. Potential bidders are told the number of steps that will be  
34 used in the solicitation.  
35

36 a. Technical and Cost Proposals Submitted Separately at Different Times  
37

- 38 (1) When Used: The multi-step method (usually 2 steps) under which  
39 technical and price proposals are submitted separately at different  
40 times may be used when the County wishes to award a contract  
41 based on technical expertise and price. Samples may be required  
42 and are permissible in this solicitation approach.  
43

44 (2) Procedure  
45

47 opened on the date and time indicated. Only the names of

- 4 established criteria that were stated in the solicitation.
- 5 Purchasing, the user agency or other knowledgeable
- 6 persons may conduct the evaluation. The technical
- 7 proposals received from unacceptable firms are returned
- 8 immediately following the evaluation determination.
- 9 (c) Proposers who submitted technically acceptable proposals
- 10 are invited to submit competitive sealed price proposals.
- 11 Price proposals are received at the predetermined date and
- 12 time when they are publicly opened. Only the respondent's
- 13 name is read at this time. Negotiation is acceptable in this

22 under which both technical and price proposals are submitted

23 simultaneously in separate sealed envelopes may be used when the

24 County wishes to award a contract based on technical expertise

25 and price. Each envelope must identify whether it is technical or

26 price information.

27

28 (2) Procedure

29

- 30 (a) Under this method, technical proposals are received and
- 31 opened on the date and time indicated. Only the names of

- 34 (b) The technical proposals received are evaluated against pre-
- 35 established criteria that were stated in the solicitation.
- 36 However, the price information may not be opened until
- 37 the technical evaluation is complete. Purchasing, the user
- 38 agency or other knowledgeable persons may conduct the
- 39 evaluation. The firms found unacceptable during the
- 40 technical evaluation shall not be given further
- 41 consideration. The County may, as necessary, request
- 42 more technical information from the accepted firms.

- 44 (c) Price proposals from the technically accepted firms are
- 45 opened following the technical evaluation. Proposer
- 46 selection is made based on the evaluation criteria.

- 48 shall be conducted with the assistance of purchasing
- 49 personnel. The negotiation process may be determined
- 50 prior to the dissemination of the solicitation.

- 1 c. Request for Information (RFI)
- 2
- 3 (1) When Used: An RFI may be used when, in addition to the
- 4 technical and price proposals, information is required relative to
- 5 the subject matter prior to issuing the Request for Proposal
- 6 (2) Procedure
- 7
- 8 (a) In all multi-step procurements, after technical proposals or
- 9 samples or both have been evaluated, prices shall be

- 11 samples, or both, have been accepted.
- 12
- 13 (b) In all other respects, multi-step purchasing methods shall
- 14 be treated in the same way as other purchasing methods.

28 Office of Purchasing no later than 5 days prior to the proposal opening  
29 date. The Purchasing Administrator shall review each such exception or

18 corrected unless the mistake is an obvious and apparent error on the face  
19 of the proposal such as a typographical error, transposition error or an  
20 arithmetical error.  
21  
22 i. In situations where the Purchasing Administrator determines that the low  
23 proposal submitted is so low due to a demonstrable mistake other than a  
24 mistake in judgment that the proposer may incur severe loss, and that a  
25 potential unconscionable contract may be formed, the proposer may be  
26 allowed to withdraw the proposal subject to forfeiture of the bid deposit, if  
27 any.  
28

29 **8. Cancellation of RFP After Opening**  
30

- 31 a. When it is determined before an award, but after opening, that the  
32 invitation for [[bids]]BIDS contains inadequate, deficient or ambiguous  
33 specifications; does not provide for consideration of all factors; or the  
34 scope of the work needs to be modified; then the bid shall be canceled.  
35 Each bidder shall be notified of the cancellation and the notice shall state  
36 the reason for such action.  
37

38 **9. Evaluation of Proposals**  
39

- 40 a. All proposals are reviewed based on the evaluation criteria including

42 the criteria specified in the request for proposal will be used for  
43 evaluation.  
44  
45 b. A short list of proposals may be established based on the numerical rating  
46 system. The short listed vendors will move on to the discussion phase.  
47  
48 c. Proposers not making the short list shall be notified immediately that

14 may be re-solicited.  
15
- 16 f. Any procurement exceeding \$1,000,000 that receives less than three  
17 responsive bids requires approval by the Contract Review Committee.  
18 (Reference Code Sec. 4.106A)

25 \$100,000, and time does not permit a re-bid, the Office of Purchasing  
26 may engage in competitive negotiations with any potential vendor or  
27 vendors and award a contract when negotiation is completed. The same  
28 procedure may be used for procurements valued in excess of \$100,000;  
29 however, approval of the Contract Review Committee is required prior to  
30 award.  
31
- 32 10. Award

38 represents the best value.  
39
- 40 b. If there is a tie proposal and quality and service are equal, the award goes

42 proposer, the Purchasing Administrator draws lots to determine the  
43 award.  
44
- 45 c. Multiple awards for the same goods or services are permitted if one  
46 vendor cannot provide them adequately. This method of award must be  
47 disclosed in the solicitation.

6 agency authorized to inspect deliveries for other agencies; or (iii) to a central  
7 receiving agency. The delivery address is designated on the purchase order [[or  
8 sub-order release]].  
9

10 2. **Standards for Inspection**

16 indicates rough or faulty handling.  
17  
18 b. **Description** - check whether the delivered goods/services match the

44 Purchasing Agent may engage the services of any outside laboratory to  
45 make the determinations.

1     4.     Receiving Process

- 2
- 3     a.     Supplies are delivered to the delivery address designated on the purchase  
4           order[[, or sub-order release]].
- 5
- 6     b.     The individual appointed by the user agency to inspect the supplies  
7           checks the delivery and signs to indicate receipt of goods only. The  
8           individual notes any deviation from the quantity and quality of supplies  
9           ordered. Agencies designated to inspect deliveries for other agencies  
10          follow the same procedure.
- 11
- 12    c.     If there are discrepancies in the order, or [[damages]]DAMAGE, the  
13          individual performing the receiving process, reports this to the agency  
14          head or authorized representative.

19          If unsuccessful, the discrepancy is referred to the Office of Purchasing for  
20          resolution.
- 21
- 22    e.     If the County feels that specifications have not been met, the Office of  
23          Purchasing may arrange testing by a recognized impartial  
24          laboratory/facility. If this is done, the Office of Purchasing notifies the  
25          vendor indicating that the vendor will be responsible for the cost of the  
26          test if the reports indicate that specifications have not been met. The  
27          County assumes the cost of the test if the supplies meet specifications.
- 28
- 29    f.     Test results, which indicate non-conformance with specifications, may be  
30          used as a basis for non-conformance of contract.
- 31
- 32    g.     Upon final acceptance of the order, the RESPONSIBLE INDIVIDUAL FOR THE

6 made from recycled materials is not practical and that imposing the

- (a) **Prohibitions.** No officer or employee of the County, whether elected or appointed, shall in any manner whatsoever be interested in or receive any benefit from the profits or emoluments of any contract, job, work, or service for the County. No such officer or employee shall accept any service or thing of value, directly or indirectly, from any person, firm or corporation having dealings with the County, upon more favorable terms than those granted to the public generally, nor shall he receive, directly or indirectly, any part of any fee, commission or other compensation paid or payable by the County, or by any person in connection with any dealings with the County, or by any person in connection with any dealings with or proceedings before any branch, office, department, board, commission or other agency of the County. No such officer or employee shall directly or indirectly be the broker or agent who procures or receives any compensation in connection with the procurement of any type of bonds for County officers, employees or persons or firms doing business with the County. No such officer or employee shall solicit or accept any compensation or gratuity in the form of money or otherwise for any act or omission in the course of his public work; provided, however, that the head of any department or board of the County may permit an employee to receive a reward publicly offered and paid for, for the accomplishment of a particular task.
- (b) **Rules of construction; exceptions by Council.** The provisions of this Section shall be broadly construed and strictly enforced for the purpose of preventing officers and employees from securing any pecuniary advantages, however indirect, from their public associations, other than their compensation provided by law.

In order, however, to guard against injustice, the Council may, by resolution, specifically authorize any County officer or employee to own stock in any corporation or to maintain a business in connection with any person, firm or corporation dealing with the County, if, on full public disclosure of all pertinent facts to the County Council by such officer or employee, the Council shall determine that such stock ownership or connection does not violate the public interest.

The County Council may, by ordinance, delegate to the Howard County Ethics Commission the power to make such determinations and to authorize the ownership or connection. Any ordinance which delegates this power shall provide for procedures including a public hearing, and shall establish criteria for determining when the ownership or connection does not violate the public interest.

- (c) **Penalties.** Any officer or employee of the County who willfully violates any of the provisions of this Section shall forfeit his office. If any person shall offer, pay, refund or rebate any part of any fee, commission, or other form of compensation to any officer or employee of the County in connection with any County business or proceeding, he shall, on conviction, be punishable by imprisonment for not less than one or more than six months or a fine of not less than \$100.00 or more than \$1,000.00, or both.
