15 payments in lieu of County real property taxes pursuant to Section 7-514 of the Tax-Property
16 Article of the Annotated Code of Maryland (“State law”); and
17

18 **WHEREAS**, in 2014, the County came to an agreement with the Owner as to acceptable

27 proposed amount of renewable energy generated with a proportional reduction in the value of the
28 tax credit; and
29

2 has conducted educational sessions at the training facility and the Project is generating in excess

4
5 **WHEREAS**, in order to make the Project affordable, the Owner has requested that the
6 County continue to accept the payments in lieu of taxes pursuant to State law; and

7
8 **WHEREAS**, the Owner has demonstrated to the County that an agreement for payments
9 in lieu of taxes is necessary to make the Project economically feasible; and

10

12 to accept payments in lieu of County real property taxes, subject to the terms and conditions of
13 the proposed Payment in Lieu of Taxes Agreement, substantially in the form attached to this
14 Resolution as “Exhibit 1”; and

15
16 **WHEREAS**, the primary difference between the PILOT Agreement approved by CR 90-
17 2014 and the PILOT Agreement, substantially in the form attached as Exhibit 1, involves a 25%
18 reduction in the amount of MWAC output by the Project and a congruent reduction in the value
19 of the tax exempt under the PILOT Agreement.

20
21 **NOW, THEREFORE, BE IT RESOLVED** by the County Council of Howard County,

Project: Nixon's Farm Solar Array**PAYMENT IN LIEU OF TAXES AGREEMENT**

THIS PAYMENT IN LIEU OF TAXES AGREEMENT (this "Agreement") is made this ____ day of _____, 2018, by and between **HOWARD COUNTY, MARYLAND**, a body corporate and politic of the State of Maryland (the "County"), and **2800 NIXON'S FARM LANE, LLC**, a Maryland Limited Liability Company (the "Owner").

RECITALS

A. The Owner is the fee simple owner of that parcel of real property described in the deed from David S. Musgrave and J. Michael Millard, Substitute Trustees, dated June 29, 2010 and recorded among the Land Records of Howard County, Maryland (the "Land Records") at Liber 12565, folio 273 and located in Howard County, Maryland, as more particularly described therein, and commonly known as "Nixon's Farm" (the "Property").

B. The Owner, in conjunction with Bith Energy, Inc. ("Bith"), is developing and constructing an alternative and renewable energy project, which shall, at full buildout, include a 7.5MWAC solar photovoltaic facility and a Hybrid Renewable Energy System (HRES) training facility dedicated specifically to green technology training for youths and veterans (the "Project"), on the Property.

C. In 2014, the Owner requested that the County permit the Owner to make payments in lieu of County real property taxes pursuant to Section 7-514 of the Tax-Property Article of the Annotated Code of Maryland (the "Act"). The Act provides, among other things, that real property may be exempt from County real property tax:

(c) (1) The governing body of a county may enter into an agreement with the owner of a facility for the generation of electricity that is located or locates in the county for a negotiated payment by the owner in lieu of taxes on the facility.

(2) An agreement for a negotiated payment in lieu of taxes under this section shall provide that, for the term specified in the agreement:

(i) The owner shall pay to the county a specified amount each year in lieu of the payment of county real and personal property tax; and

(ii) All or a specified part of the real and personal property at the facility shall be exempt from county property tax for the term of the agreement.

D. In 2014, the County came to an agreement with the Owner as to acceptable terms for a "PILOT" agreement, which was approved by the County Council of Howard County by Council Resolution 90-2014. However, the County never finalized the necessary paperwork with the Owner and now seeks revised terms to be memorialized in this final PILOT Agreement (the "PILOT Agreement").

E. As of the date of this PILOT Agreement, the Owner, in conjunction with Bith, has conducted educational sessions at the training facility and the Project is generating in excess of 2.5MWAC.

F. In order to support the full development of this sustainable energy project, the County agrees to abate County real property taxes for the Property, subject to the terms and conditions of this PILOT Agreement.

G. The County Council of Howard County, Maryland has approved this PILOT Agreement by resolution, a copy of which is attached hereto as Exhibit "A".

NOW, THEREFORE, in consideration of the premises and the mutual promises contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the County and the Owner agree as follows:

1. Abatement of County Real Property Taxes.

- (a) The abatement of real property taxes began as of July 1, 2014 (the "Effective Date").
- (b) From the Effective Date, and continuing for the term of this PILOT Agreement, Howard County real property taxes for the Property shall be abated as follows:

 - (2) For years eight (8) through fourteen (14) from the Effective Date, the Owner shall receive a forty percent (40%) abatement of all Howard County real property taxes for the Property;
 - (3) For years fifteen (15) through twenty (20) from the Effective Date, the Owner shall receive a twenty-five percent (25%) abatement of all Howard County real property taxes for the Property.
- (c) The Owner shall continue to pay to the County the full amount of any County fire tax, front-foot benefit assessment charge, ad valorem charge, personal property taxes, and any other charges on the Project (the "County Assessments") as they become due on the Property.

2. Representations and Warranties.

- (a) The Owner represents and warrants to the County that it is eligible in all respects to enter into this PILOT Agreement to make payments in lieu of taxes under the Act.
- (b) The Owner, in conjunction with Bith, will develop, construct, and provide for the operation of the alternative and renewable energy Project on the Property. The Project shall include a 7.5MWAC solar photovoltaic facility and a HRES training facility on the Property dedicated specifically to green technology training for youths and veterans.
- (c) The Owner, in conjunction with Bith, agrees that the Project shall generate 7.5MWAC of electricity by June 30, 2019 and continue to operate as a 7.5MWAC facility throughout the term of this Agreement as provided in Section 3.
- (d) On June 30, 2018, and every year thereafter while the PILOT Agreement is in effect, the

Owner, in conjunction with Bith, shall provide the County with a report regarding the status of the Project and the electricity being produced by the Project.

- (e) The Owner shall continue to provide educational sessions at the HRES training facility during the duration of this Agreement and ensure that the facility is maintained as necessary.

- (c) on June 30, 2019 should the Project fail to produce 7.5MWAC of electricity, whereby this Agreement will be automatically terminated and the Owner will be required to repay the County the abated property taxes with respect to the Property from the Effective Date in proportion to the shortfall from the required 7.5MWAC of electricity produced, or
- (d) any default by the Owner under this PILOT Agreement, which shall include but is not limited to the failure of the Owner to pay the County for any amounts due under this PILOT Agreement.

4. State Taxes. The Owner acknowledges and agrees that it shall pay all State real property taxes due with respect to the Property.

5. Successors and Assigns. This Agreement shall be binding upon, and shall inure to the benefit of, the Owner and all successors and assigns of the Owner.
