1 **Recitals**

2 In accordance with the provisions of Section 603 of the Charter of Howard County, Maryland
3 (the "Charter"), the County Executive has submitted a proposed Capital Budget for fiscal year 2013 to the
4 County Council of Howard County, Maryland, and, prior to the passage of this Act, the County Council
5 has adopted a Capital Budget for the fiscal year ending June 30, 2013 (the "Capital Budget").

6 As a part of the Capital Budget, it is necessary that Howard County, Maryland borrow a sum not
7 exceeding \$116,555,760 to be used for (i) the financing and refinancing of certain capital projects, which
8 include bridge projects, general county projects, storm drainage projects, school system projects, fire and
9 rescue projects, road construction projects, roadside and sidewalk projects, library projects, community
10 college projects, parks and recreation projects, and intersection improvements projects which are
11 specified and described in the Capital Budget (each a "Project", collectively, the "Projects"), and more
12 particularly described in Appendix A attached hereto and incorporated herein, and (ii) payment of costs of
13 issuance of any obligations issued to evidence such borrowing. Of such amount, \$12,176,760
14 appropriated for certain of such Projects was previously authorized to be borrowed by the County in prior
15 calendar years, as indicated in Appendix A in the column captioned "Amount to be Borrowed
16 (Reauthorizations)", but such authorized borrowing is expected to expire prior to the completion of such
17 Projects or the sale of general obligation bonds to provide permanent financing therefor. Accordingly, it
18 is necessary that such borrowing be reauthorized ("Reauthorizations").

19 **Now therefore, in accordance with the provisions of Article VI of the Charter:**

20 **Section 1. Be it enacted by the County Council of Howard County, Maryland,** That Howard
21 County, Maryland (the "County"), is hereby authorized and empowered to borrow on its full faith and
22 credit, and issue and sell its bonds therefor, at one time or from time to time, an amount not exceeding
23 \$116,555,760 the proceeds thereof to be used to finance and refinance the Projects more particularly
24 specified and described in Appendix A attached hereto and in the Capital Budget; including for each
25 Project, without limitation, the cost of planning, design, construction, reconstruction, furnishing,
26 equipping, improvements, renovations, remodeling, enlargements, engineering services, architects

1 services, surveys, landscaping, site development, evaluation studies, land acquisition and related items,
2 appurtenances and incidental activities. The Projects and the amount to be borrowed for each (including,
3 without limitation, any Reauthorizations) are more specifically identified and described in Appendix A
4 attached hereto.

5 Proceeds of any bonds authorized by this Act may also be used to pay costs of issuance
6 of such bonds.

7 **Section 2. And be it further enacted by the County Council of Howard County, Maryland,**

8 That, pursuant to and in accordance with Article 31, Section 12 of the Annotated Code of Maryland, as
9 amended, the County is authorized to issue bond anticipation notes in anticipation of the issuance of the
10 bonds authorized by this Act and described in Section 1 hereof, and all references to “bonds” or
11 “obligations” in this Act shall include such bond anticipation notes, unless the context clearly requires a
12 contrary meaning. It is intended that the aggregate principal amount of issued and outstanding bond
13 anticipation notes when added to the aggregate principal amount of issued and outstanding bonds in
14 anticipation of which such notes were issued, shall not exceed the aggregate principal amount set forth in
15 Section 1 of this Act at any time. The County will agree in each ordinance described in Section 4 of this
16 Act relating to any notes issued pursuant to this Act to pay such notes and the interest and premium, if
17 any, thereon from the proceeds of the bonds in anticipation of the sale of which such notes are issued, and
18 the County will agree to issue such bonds when, and as soon as, the reason for deferring their issuance no
19 longer exists.

20 **Section 3. And be it further enacted by the County Council of Howard County, Maryland,**

21 That, in connection with the acquisition of real property as part of a Project, the County may incur all or
22 any portion of the indebtedness authorized by this Act for such acquisition by entering into an installment
23 purchase agreement pursuant to and in accordance with Section 4.201A of the Howard County Code
24 (“Section 4.201A”) or any successor provisions of law in lieu of issuing bonds for such acquisition. The
25 principal amount of any such installment purchase agreement shall not exceed the lesser of (a) the

1 maximum principal amount permitted by Section 4.201A or (b) the portion of the amount to be borrowed
2 for such Project (as set forth in Section 1 hereof) which relates to such acquisition. All references to
3 “bonds” or “obligations” in this Act shall include such installment purchase agreements, unless the
4 context clearly requires a contrary meaning.

5 **Section 4. And be it further enacted by the County Council of Howard County, Maryland,**

6 That the County Council of the County, by an ordinance or ordinances adopted from time to time in
7 accordance with Article VI of the Charter and other applicable provisions of law, shall provide for (a) the
8 issuance and sale of, (b) the maximum principal amount, designation, form, tenor and denomination or
9 denominations of, (c) the dates of the first maturity and the last maturity (not more than 30 years after the
10 date of issue) of, and (d) the interest rate or rates per annum (or the method of determining such rate or
11 rates) payable on, any bonds or other obligations issued from time to time under this Act; and may by any
12 such ordinance, or by separate resolution, provide that the issue of bonds or other obligations hereby
13 authorized be consolidated with one or more other issues.

14 **Section 5. And be it further enacted by the County Council of Howard County, Maryland,**

15 That for the purpose of paying the principal of and interest on such bonds or other obligations as the same
16 shall become payable, the County Council of Howard County shall levy annually ad valorem taxes upon
17 the assessable property in the County sufficient, together with other available funds, to pay the principal
18 of and interest on such bonds or other obligations until all of such bonds or other obligations shall mature
19 and be redeemed. The full faith and credit and unlimited taxing power of the County are hereby
20 irrevocably pledged to the payment of the principal of and interest on such bonds.

21 **Section 6. And be it further enacted by the County Council of Howard County, Maryland,**

22 That any bonds or other obligations issued from time to time under this Act are specifically exempt from
23 the provisions of Article 31, Sections 9, 10 and 11 of the Annotated Code of Maryland, as amended, and
24 any successor provision of law.

25 **Section 7. And be it further enacted by the County Council of Howard County, Maryland,**

26 That all bonds or other obligations authorized hereby shall be issued within four years from the date this

1 Act becomes effective. Notwithstanding the foregoing, if bond anticipation notes are issued within such
2 period in accordance with Section 2 hereof, the bonds authorized hereby may be issued until the final
3 maturity date of such notes.

4 **Section 8. And be it further enacted by the County Council of Howard County, Maryland,**
5 That the County anticipates that a portion of the costs of some or all of the Projects may be paid prior to
6 the issuance of the bonds or other obligations authorized hereby. The amount of such costs so paid will
7 depend on various factors, including, without limitation, the timing and speed of progress on the Projects,
8 the availability of other funds to pay such costs on an interim basis, bond and money market conditions
9 and compliance with federal and State laws and regulations.

10 Accordingly, the County reasonably expects to reimburse costs of the Projects (as described
11 herein) with proceeds of the bonds or other obligations authorized hereby, such bonds or other obligations
12 to be issued by the County in the maximum principal amount of \$116,555,760.

13 **Section 9. And be it further enacted by the County Council of Howard County, Maryland,**
14 That this Act shall take effect sixty-one (61) days after its enactment.
