Re: Council Bill 46-18
Single Site Historic Districts

Chairperson Sigaty and members of the County Council

I am writing in support, with some amendments Council Bill46, which establishes the process to establish Single Site Historic Districts. I appreciate the introduction of this legislation by Councilmember Jon Weinstein. Howard County has many historic resources including at least 700 viable historic buildings. The Department of Planning and Zoning maintains an active list of these resources.

Owners of Historic buildings would be the ones to initiate the process to become a Single Site Historic District. The decision to grant such a designation would include a Department of Planning and Zoning technical report, a public meeting and decision by the Historic Preservation Commission followed by a public hearing and decision by the Howard County Zoning Board.

Amendments Needed:

Section 16.202(2). New language. "and demolition of structures of" this goes to the issue of "neglect" and currently the issue of a nature event such as sever flooding.

Section 16.602(c) line 18 adds the word "the" in front of Zoning Map.

Section 16.602(d)(1)(a) lines 24 -29. Notice to the public. How long before the public meeting of the Preservation Commission will the public have access to the technical staff report? Will adjacent property owners be informed of the proposal and how?

Section 16.602(d) (1)(c)(ii) Rules of procedure notice lines 19 and 20. I do not support the provision that states at least 10days notice posted on the web site. I support 30 days notice.

Section 16.602(d)(2) lines 22-30. Criteria for establishing Single Site Historic Districts.

I strongly support (a) lines 25 and 26.

(b) Lines 27 and 28 protect the integrity of a historic property from " adverse changes

and/or demolition". What does this mean and through whose eyes is something "adverse"? Demolition, are we avoiding the issue of neglect or just demolition so the property owner can develop something else on the site?

Suggest additional criteria be inserted including the use and preservation of the property, and the setting of the structure.

Thank you for your attention to my comments.

To the council,

Single site historic districts are a great idea.

However, when I read the language of this bill, I see words about adjusting the boundaries of existing historic districts. It would be very bad if this bill enabled the removal of parcels from existing historic districts.

Part of the value of a historic district is the integrity of the overall context. I think it would be worthwhile to modify the language of this bill to make it clear that the only boundary adjustments allowed for existing districts are ones that increase the area of the district.

My name is Fred Dorsey and I live at 10774 Judy Lane, Columbia 21044. I am President of Preservation Howard County (PHC) and a member of Historic Preservation Advocates (HPA) in support of CB 46-2018 establishing a Single Site Historic District with some amendments and points to be clarified.

Single Site Historic District was one of several options to protect historic resources and a benefit to property owners provided in the Howard County Historic Preservation Plan created by the HPA and passed by the County Council in 2014.

The following amendments are recommended for:

Page 1 lines 34 & 35 change in language to be "DEMOLITION AND DEMOLITION BY NEGLECT" both are current issues yet to be addressed by separate legislation.

Page 5 line 29 changed to "THE HISTORIC Preservation COMMISSION' WEBPAGE FOR 10 DAYS." providing adequate time for public review.

Page 6, lines 19-20 to read "APPLICATIONS SHALL BE POSTED 30 DAYS PRIOR TO THE HEARING ON THE COUNTY'S WEBSITE."

Page 6 line 27-28 defining "ADVERSE" to eliminate subjective interpretation of the word and to add "DEMOLITION BY NEGLECT" to address a long standing means of demolition. The inclusion of the attached Single Site criteria requested and provided to the Council in June 2014 by the Historic Preservation Advocates who created the Historic Preservation Plan.

My points of clarification are:

Must the property be on the Historic Sites Inventory to consider?

Must the petitioner appear before the Zoning Board after HPC recommendation to the Zoning Board?

Once designated it will be accountable to the historic Preservation Commission but what Design Guidelines?

Once designated can the designation be later changed?

How will property owners know of the availability of this designation?

This may be the last historic preservation legislation passed by this sitting Council. Starting with the passage of the Historic Preservation Plan In 2014 you have passed significant bills for the benefit of historic property owners and the protection of Howard County historic resources.

I will end my testimony with the following remarks from PHC, HPA and myself. Each of you, Council member Ball, Fox, Sigaty, Terrasa, Weinstein and past member Watson will leave an unprecedented legacy of recognition and action concerning historic preservation that we greatly appreciate and respect. We hope your stewardship of our historic resources will be a benchmark for the members of the next County Council. We look forward to working with them in the same manner as we have with you.
