1	agreement on the future development of a property and the rights of each party. The owner is seeking to						
2	secure the use of their property now while preserving future redevelopment rights, which are not presently						
3	known. The Board concluded that the agreement is supported by General Plan policies cited in the Technical						
4	Staff Report.						
5	One Board member commented that the DRRA supports long range planning efforts for the area by						
6	incorporating connectivity and public infrastructure for future development. It was also noted that the Howard						
7	County Public School System Board had already chosen the school site and site selection is not a factor the						
8	Board is asked to consider.						
9	Another Board member clarified that the approval of a final DRRA was the responsibility of the						
10	County Council and Executive.						
11	Several board members commented that that the DRRA is consistent with the General Plan. One						
12	Board member specifically noted that the DRRA includes the ability to apply regulatory changes for the						
13	safety and welfare of the county.						
14	Based on the information presented, and the Board's discussion, Mr. Coleman made a motion that the						
15	Planning Board recommend finding the DRRA consistent with the General Plan. Mr. McAliley seconded the						
16	motion, which passed 5-0.						
17	\wedge For the foregoing reasons, the Planning Board of Howard County, Maryland, on this 18 day						
18	of April 2019, recommends to the County Council that Development Rights and Responsibilities						
19	Agreement, as described above, be APPROVED.
