

Jennifer Anthony, PMP®

CIO * Leadership and Executive Coach * Veteran Advocate

Summary

Jen served 20 years in the US Air Force achieving the highest enlisted rank of E-9, Chief Master Sergeant. Only one percent of the enlisted force reach the rank of "Chief" and she did so at a time when the total population of female service members was less than 19%. She has worked all over the world to include places like Iraq, Afghanistan, and Turkey. While in service, she specialized in offensive and defensive cyberspace operations coupled with a strong background in leadership and professional development.

Today, Jen has the privilege of serving the staff and residents of Lorien Health Services as the Managing Director of Information Technology. In this role, she is accountable for shaping and delivering IT strategy and capabilities to meet business objectives. She provides oversight and direction to IT and business leaders on strategy, standards, and opportunities for shared services and economies of scale.

Jen believes PEOPLE are the key to power technology for world change and her leadership philosophy is simple: work hard and BE KIND.
