Commercial Paper Bond Anticipation Note

1

#### Description

This fund has been created to allow the county to manage the Commercial Paper Bond Anticipation Note Program. The county uses this program for the capital budget. This program enables the county to borrow for the capital construction program at the lowest interest rates instead of using general funds. This program allows the county to use general funds to generate investment income. Included in this fund are all costs and revenues of the program. Revenue in excess of cost is returned to the general fund as investment income.

## Project: N3978 - FY2018 PARKLAND ACQUISTION PROGRAM

### **Description**

This project establishes a fund for County-wide park land acquisition and related expenses. This project allows the County to move quickly to acquire land which becomes available, and satisfies one or more of the following objectives: addresses State and County Greenway objectives, protects sensitive natural resources threatened by development, acquire additional land adjacent to existing parks, and or satisfies park and open space needs as identified in the Departments2017 Land Preservation, Parks and Recreation Plan (LPPRP).

### <u>Justification</u>

This project has been endorsed by the Recreation and Parks Advisory Board and is supported by the 2005, 2012 and 2017 Land Preservation, Park and Recreation Plan.

### <u>Remarks</u>

1. Prior Year - Acquire additional park land and County and State greenway property in accordance with our Land Preservation. Parks and Recreation Plan (LPPRP). Provide Program Open Space (POS) Acquisition funding for POS approved projects. FY18 - \$80,000 request Program Open Space funds for future Land Preservation. Parks and Recreation Plan and land acquisition and remaining fund request addresses funds for appraisals and environmental studies.

2. FY19 - Request addresses \$50,000 for acquisition incidentals such as appraisals and environmental studies. \$1,394,569 for FY19 Program Open Space acquisition funds received. \$2,010,000 in Program Open Space and \$750,000 in Other Sources (Open Space Fee-in-Lieu) funding prior to FY19, that is being transferred from the old Parkland Acquisition Program Capital Project N3103.

<u>3. FY20 - \$319,000 reduced from Other Sources and added to N3103 for final adjustment to allow for closure of N3103. \$1,717,000 added for State</u> Program Open Space funding.

### Project Schedule

FY20 - Land Acquisition and Development Continues

#### **Operating Budget Impact**

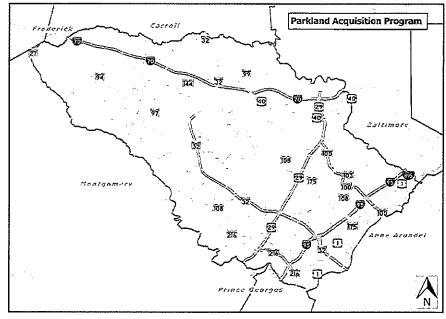

Annual Debt Service - Budget Year :

Current FY times interest rate

Annual Debt Service - Total :

Total Appropriation times interest rate

Operating costs of woodland and natural areas are absorbed within current operational budgets. Developed park areas are maintained at an average cost of \$3,900 per acre per year.

### Explanation of Changes

\$319.000 reduced from Others and added to N3103 for final adjustment to allow for closure of N3103. The Total Project Cost varies year-to-year due to the change in funding that we receive in State Program Open Space funding.
