Testimony in favor of Council Bill 52-2019: the creation of a permanent Human Trafficking Prevention Coordinating Council

Esteemed Howard County Council Members,

I am Sara Cochran, one of the founders of Ho Co AGAST (Advocacy Group Against Slavery & Trafficking), an all-volunteer, citizen-led group, founded in 2011 when 3 faith communities presented Howard County's 1st public forum "Slavery Still Exists" to bring awareness to the crime of human trafficking.

Definition: Human trafficking is a form of modern-day slavery in which a trafficker uses force (violence), fraud (lies) or coercion (threats) to control a victim for the purpose of engaging him/her in commercial sex acts or labor services against his/her will. Sex trafficking is found in a variety of venues within the sex industry including residential brothels, escort services, fake massage businesses, nail salons, strip clubs, and street prostitution. Labor trafficking is found in diverse labor settings including domestic work, small businesses, restaurants, landscaping, construction, factories. To learn more about HT in the US, visit www.polarisproject.org, the organization that runs the National Human Trafficking Resource Center and Hotline.

AGAST's goals are to educate our community about human trafficking in the US, Maryland, and Howard County; to work for stronger laws to combat it; and to support victim and survivor providers. The attached "Ho Co AGAST in Action" info outlines some of our activities over the past 8 years.

A "Human Trafficking 101" presentation which AGAST gave to the County Council in December, 2013, resulted in the formation of Ho Co's first Human Trafficking Task Force. The Task Force met 12 times in 2014 and presented to the County Council in December, 2014, a thorough report with many recommendations to fulfill 4 main goals, all of which remain in Section 12.1902 of CB52-2019. Unfortunately, because 2014 was an election year (new administration, new appointees, etc.), between January, 2015 and March, 2017 (27 months), work on these excellent recommendations waned. To be fair, the former Task Force members were called together for a couple of meetings, a few awareness presentations were given in western Howard County and a program to recognize National HT Awareness Day was held at Miller Library during these 27 months.

Make no mistake. The sex traffickers do not take such a break in their illicit 24/7 recruitment and lucrative sale of victims. Ask the officers of the Human Trafficking Unit of HCPD. They need several more detectives to keep up with the traffickers who find Howard County a profitable place to do business because of the buyers' high demand for their "product."

Then, in March, 2017, County Executive Kittleman announced: "Human trafficking is a despicable crime which we have been working day and night to eradicate. So, earlier today, I signed an executive order creating a Human Trafficking Prevention Coordinating Council, a group which will help us to determine how to further fight this heinous crime. The council will review and prioritize the recommendations of a task force report, establish partnerships that will support victims of human trafficking and coordinate and sustain prevention and education efforts in the county. Last year, county police conducted 25 human trafficking investigations which resulted in 10 arrests and help for 25 victims. We are

making progress, but we have much more work to do. The work of this council will have my full attention as we continue the fight against human trafficking.”

In addition, we learned that the Department of Community Resources and Services now included an Office of Human Trafficking Prevention (OHTP). From December, 2017 to December, 2018, The Human Trafficking Prevention Coordinating Council (HTPCC) met regularly under the superb leadership of Sidney Ford. Once again, for 12 months, as we had done in 2014, anti-trafficking advocates learned from one another and established new working relationships, all in the shared interest of combating this brutal crime that treats human beings as commodities to be used then tossed aside when no longer profitable.

Alas, with the 2018 election year (new administration, new appointees, etc.), the HTPCC has been dissolved, our collaborative momentum has been interrupted for 10 months, since December, 2018. As I am sure you will agree, this on-again, off-again approach, this lack of continuity impedes the effective long-term, forward-thinking planning of any program worthy of implementation. It is most grievous and unacceptable when we are discussing Howard County’s fight against human trafficking, an egregious crime of exploitation that robs victims of their human dignity.

I respectfully request that you establish a permanent Howard County Human Trafficking Prevention Coordinating Council.

Thank you,

Sara Cochran

In support of Council Bill 52-2019

Dear Council Members:

As a member of the previous and now defunct Human Trafficking Prevention Coordination Council I write in support of CB52-2019 and urge its passage. I believe the County Council has already been provided the data showing just how important and necessary the actions of this group are for our community. What I'd like to do is offer a personal perspective.

In my three years of working on the issue of preventing and combatting human trafficking, I've come to understand that one of our biggest challenges is ignorance. People of good will are horrified by the realities of the topic, but like other social problems, they are often unaware of the prevalence in our own back yards. Education and outreach will go a long way. This council, if given the opportunity to work together in a synergistic way and engage in significant outreach to the community, has the opportunity to change how we view the threat to our children and all people in Howard County.

My one request is that survivors of human trafficking not only be included on paper, but be accorded the sensitivity and respect that they deserve within the Council and among leaders in the community. I believe we have fallen short in this regard and can do better. Much of what I've learned and what drives me to do more comes from the struggles and successes shared by those who have opened themselves up for the cause, often at great personal sacrifice.

I am happy to answer questions or share thoughts with any of you and can be reached at mbreaux1@verizon.net or 410-913-8364.

Respectfully Submitted,

Mark Breaux

Dear esteemed members of the County Council,

I am writing to submit testimony to strongly urge you vote yes for the adoption of Section 6.345. HUMAN TRAFFICKING PREVENTION COORDINATION COUNCIL. Unfortunately, we need to protect vulnerable women and children from predators who will abuse them for financial gain. Grace Community Church in Fulton, MD cares deeply about the dignity of every human to be free from exploitation. Please support this ongoing effort that does not seem to go away.

Thank you for your time and attention.

CB 52-2019 AN ACT to establish a Human Trafficking Prevention Coordination Council; providing for the membership of the Council; providing for the purpose and responsibilities of the Council; providing the expiration dates of the terms of the initial members of the Council; and generally relating to the Human Trafficking Prevention Coordination Council.

I request that the County Council enact this legislation now. I am a community member of the previous Howard County Human Trafficking Prevention Coordination Council (HCHTPCC) and a current member of HoCo AGAST. In the past and even now, I am constantly surprised how many Howard County residents are unaware of human trafficking in our County. The previous director of the HCHTPCC, Syd Ford, made great strides in involving our HoCo communities, both business and residents and creating greater awareness. Her work is not complete. Just take a survey on the streets of HoCo and you will see that most individuals are either completely unaware or have a vague idea that human trafficking exists....but certainly not here in our county.

We have a Police Department that is doing a fantastic job in paying attention to and arresting human traffickers. They are also compassionate and caring for the victims of human trafficking. They stay well informed and work tirelessly to deal with the human (and labor) trafficking in our county. They have been supported by HoCo AGAST and also the previous HCHTPCC. We need to continue to give our police the support they need to do the job they are doing. We need to expand efforts to educate our residents, both in the private and public sector. Human trafficking, sadly to say, is not going away and now has become the 2nd largest "industry" in the world - right behind arms trafficking and now ahead of drug trafficking. HoCo has always been known as a progressive county; its time to establish greater action and awareness of human trafficking. And to make this Coordinating Council a permanent fixture in our county.

HoCo citizens MUST be made aware of the issues we have here in HoCo and its proximity to HT access points. It is a valid and important job of the HoCo Council to establish a PERMANENT Howard County Human Trafficking Prevention Coordinating Council that continues to operate at full strength regardless of elections, budgets, etc. Please establish this act now.

Thank you for this opportunity,
