- (1) The specific modification requested;
 - (2) The justification for the requested modification, including the impact of the requested modification on subscribers and others, and the impact on the Applicant if the modification is not approved;
 - (3) A statement whether the modification is sought pursuant to section 625 of the Cable Act, 47 U.S.C. section 545, and, if so, a demonstration that the requested modification meets the legal standards of 47 U.S.C. section 545; and
 - (4) Any other information necessary for the County to make a determination.
- (g) An application for renewal of a franchise shall comply with the requirements of section 14.420.
- (h) An application for approval of a transfer of a franchise shall comply with the requirements of section 14.421.
- (i) To be acceptable for filing, an application shall be accompanied by a filing fee in the following amount, as appropriate:
- For a new franchise \$10,000.00
 - For renewal of a franchise 5,000.00
 - For a transfer of a franchise 3,000.00
 - For a modification of a franchise (except expansion of a district) 5,000.00

(C.B. 29, 1988; C.B. 88, 1993; C.B. 69, 2006, § IV)

Sec. 14.408. - Grant of franchises.

- (a) A franchise may be granted for a period not to exceed 15 years to serve a specified district of the County.
- (b) The grant of a franchise may be conditioned upon the completion of construction within a prescribed time or upon the performance of other specific obligations, specifying that failure to timely comply with the condition will cause the franchise to become null and void without further action by the

County, unless the County, at its discretion and for good cause shown, grants an extension of time. In such an event the revocation procedures specified in section 14.422 shall not be applicable.

- (c) In evaluating an application for a new franchise, the County shall consider the Applicant's character; the Applicant's technical, financial and legal qualifications to construct and operate the proposed system; the nature of the proposed facilities, equipment and services; the Applicant's record in other communities, if any; and whether the proposal will meet anticipated community needs and serve the public interest. Where an Applicant proposes an overbuild of an existing cable system, the County may also consider the economic feasibility of multiple cable operators, the impact on the existing franchisee, including whether the operations of the existing cable franchisee will be interfered with or disrupted, and whether any adverse consequences to the public interest will result if the application is granted.
- (d) Based upon the application, the written and oral testimony and other material presented at a public hearing before the Council, and any other information relevant to the application, the Council shall decide whether to grant or deny a franchise application.
- (e) If the Council grants a franchise application, the County Executive and the Applicant shall agree on the terms of a franchise agreement within 90 calendar days from the date of the resolution making the grant. This period may be extended for good cause by the Council. If agreement is not reached with the County Executive within 90 calendar days or if the period is not extended by the Council, the franchise grant will be null and void without further action by the County.
- (f) The Cable Administrator shall make the text of a proposed franchise agreement available to the public and shall advertise it once a week for three successive weeks in a newspaper of general circulation in the County. Such advertisement shall state the general terms of the agreement, giving the date and time of a public hearing or other opportunity for comments and objections to the proposed agreement.
- (g) After complying with the requirements of subsections (c)—(f) above, the Council shall, following a public hearing, approve or disapprove the proposed franchise agreement by resolution.
- (h) The grant of an initial franchise or a renewed franchise may be subject to a franchise acceptance fee in an amount not to exceed the County's out-of-pocket costs in considering the application, less the amount of the filing fee. Within 30 calendar days of the date of the Council resolution approving the franchise agreement, the County shall notify the approved Applicant of the amount of any franchise acceptance fee and its method of calculation. If the franchise acceptance fee is not paid within 60 calendar days of the date of the Council resolution approving the franchise agreement, the grant will be null and void. Prior to the franchise becoming effective, the approved Applicant shall demonstrate compliance with the surety, insurance and similar provisions of the franchise agreement.
- (i) If at any point a secondary franchise fails to comply with the restrictions set forth in section 14.404, Then the franchisee of a secondary franchise shall either take such action as is necessary to come into compliance within 90 days of written notice or the secondary franchise shall be amended to contain the same or similar cable and communications build out requirements as are required of other franchise holders within the County.

(C.B. 29, 1988; C.B. 69, 2006, § V)

Sec. 14.409. - Insurance; surety; indemnification.

- (a) A franchise agreement shall require the following insurance coverage to be in force at all times during the franchise period: Workmen's compensation insurance to meet all State requirements; and general comprehensive liability insurance with respect to the construction, operation and maintenance of a cable system, including the operation of motor vehicles, in the following minimum amounts:

- (1) For bodily injury, including death, \$500,000.00 for any one person, and \$2,000,000.00 for any one accident;
 - (2) For property damage \$3,000,000.00; and
 - (3) For damages resulting from any liability of any nature that may arise from or be occasioned by operation of the cable system, including any communication over the cable system, excepting programming on government channels, \$2,500,000.00.
- (b) All insurance policies shall be with sureties qualified to do business in Maryland and in a form approved by the County Solicitor. The County Executive may require in a franchise agreement coverage and amounts in excess of the above minimums.
 - (c) A franchisee shall, at its sole cost and expense, indemnify, hold harmless and defend the County, its officials, Boards, Commissions, agents and employees, against any and all claims, suits, causes of action, proceedings and judgments for damages or equitable relief arising out of the construction, maintenance or operation of its cable system regardless of whether the act or omission complained of is authorized, allowed or prohibited by the franchise. This provision includes, but is not limited to, claims arising out of copyright infringements or a failure by the franchisee to secure consent from the owners, authorized distributors or licensees of programs to be delivered by the cable system.
 - (d) The franchise agreement shall require the franchise to have in force at all times a performance bond or an irrevocable letter of credit in an amount specified in the franchise agreement as necessary to ensure the faithful performance by the franchisee of its obligation under the franchise agreement. Such surety instruments shall be provided by an entity qualified to do business in the State of Maryland and in a form approved by the County Solicitor.

(C.B. 29, 1988)

Sec. 14.410. - Security fund.

- (a) Prior to the franchise becoming effective, the franchisee shall post with the County Director of Finance a cash security deposit in the minimum amount of \$10,000.00 or such other amount as specified in the franchise agreement to be used as a security fund to ensure the faithful performance of all provisions of law and the franchise agreement and compliance with all orders, permits and directions of the County, and the payment by the franchisee of any claims, liens or taxes due the County which arise by reason of the construction, operation or maintenance of the system.
- (b) The Director of Finance shall place the security deposit in an interest-bearing account. The interest will accrue to the benefit of the franchisee but may not be withdrawn; all interest will be added to and become part of the original security fund during the term of the franchise.
- (c) If a franchisee fails to pay the County any fees or taxes due, liquidated damages, damages, or costs or expenses incurred by the County by reason of any act or default of the franchisee, or if the franchisee fails to comply with any provision of the franchise agreement that the County reasonably determines can be remedied by an expenditure of the security fund, the Director of Finance may, after ten calendar days' notice to the franchisee, withdraw that amount with any interest or penalties from the security fund. Upon such withdrawal, the Cable Administrator shall notify the franchisee of the amount and date of the withdrawal.
- (d) Within 30 calendar days after notice to it that an amount has been withdrawn by the Director of Finance from the security fund, the franchisee shall deposit a sum of money sufficient to restore the security fund to the original amount. If the franchisee fails to restore the security fund to the original amount within 30 calendar days, the entire security fund remaining may be forfeited; and/or such failure may be considered a material breach of this subtitle and may be used as grounds for revocation of the franchise.
- (e) The security fund will become the property of the County in the event the franchise is revoked. The franchisee is entitled to the return of the security fund that remains following termination of the

franchise, provided that there is no outstanding default or unpaid amounts owed to the County by the franchisee.

- (f) The rights reserved to the County with respect to the security fund are in addition to all other rights of the County whether reserved by this subtitle or authorized by other law; and no action, proceeding or exercise of a right with respect to such security fund will affect any other right the County may have.

(C.B. 29, 1988)

Sec. 14.411. - Minimum facilities and services.

- (a) The following minimum requirements for facilities and services apply to all franchises. The County may require that a franchise exceed these minimum requirements.
 - (1) A cable system shall have a minimum capacity of 54 video channels available for immediate or potential use and have the capability for two-way communications.
 - (2) A cable system shall provide at least three access channels, which will be individually designated by the County for public, educational or governmental access, The County may require the franchisee to contribute to capital costs for access studios and related equipment and facilities.
 - (3) A cable system shall provide leased access channels as required by Federal law.
 - (4) Service to public buildings may be required without charge as set forth in the franchise agreement.
 - (5) A franchisee shall interconnect the cable system access channels with those of other cable systems in the County upon the direction of the County Executive or as otherwise provided in the franchise agreement.
 - (6) A franchisee shall design its system to allow the County to interrupt cable service in an emergency to deliver necessary information to subscribers.
 - (7) To the extent consistent with Federal law and unless provided otherwise in a franchise agreement, a franchisee shall carry at least 13 off-the-air television signals from the Baltimore-Washington area, and each of those signals shall be carried on the cable system on the same channel number as its off-the-air channel number unless otherwise approved by the County.
 - (8) A franchisee shall make available to its subscribers, on a lease or sale basis, equipment capable of decoding closed captioning information for the hearing impaired.
 - (9) At the request of a subscriber, a franchisee shall provide a "lock-out device" which shall allow the subscriber to eliminate comprehensible reception of channels other than those in the basic tier of service. The franchisee may charge the subscriber for the cost of installation and maintenance of this device.
- (b)
 - (1) Unless a franchise agreement provides otherwise, a franchisee shall make cable service available to every unserved dwelling within the franchisee's district where the dwelling is in an area with a minimum density of 30 dwellings per cable mile.
 - (2)
 - (i) If the Cable Administrator finds that an unbuilt area of the franchisee's district meets the minimum density requirement of this section or of the franchisee's franchise agreement, the Cable Administrator shall notify the franchisee of that fact.
 - (ii) A franchisee that receives a notice under subparagraph (2)(i) of this subsection shall provide cable television service to the area within one year of receipt of the notice.
 - (3) Where potential subscribers reside in an area of the district with dwelling density below the prescribed minimum, the franchisee shall extend service to such potential subscribers under the following conditions:

- (i) If they are willing to pay a one-time charge equivalent to the franchisee's construction cost per dwelling passed above the franchisee's cost at the minimum dwelling density; or
 - (ii) If 15 potential subscribers per cable mile commit themselves to taking service.
- (c) The County may waive minimum requirements of this section where such waiver is justified in the public interest.

(C.B. 29, 1988; C.B. 92, 1996)

Sec. 14.412. - Franchise fee.

- (a) A franchisee, in consideration of the privilege granted under a franchise for the use of public rights-of-way to construct and operate a cable system, shall pay to the County five percent of the franchisee's gross revenues derived from the operation of its cable system within its franchise district during the period of its franchise. A franchisee shall pay the franchise fee due to the County for the preceding quarter within 30 calendar days of the end of that quarter.
- (b) Any payment of franchise fees to adjust for a shortfall in the quarterly payments for the preceding year shall be made no later than the filing date for the annual financial statements. Adjustments for any overpayment will be credited to subsequent quarterly payments.
- (c) Unless a franchise agreement provides otherwise, a franchisee shall file with the Cable Administrator within 30 calendar days of the end of each calendar quarter a financial statement showing the gross revenues received by the franchisee during the preceding quarter and the number of subscribers served.
- (d) A franchisee shall file within three months of the end of its fiscal year the franchisee's annual financial statements for the preceding year audited by a certified public accountant. The franchisee will bear the cost of the preparation of such financial statements.
- (e) The Director of Finance may inspect and audit any and all books and records of the franchisee, and recompute any amounts determined to be payable under the franchise. The cost of the audit will be borne by the franchisee if the annual payment to the County is increased by more than five percent as a result of the audit.
- (f) In the event that a franchise payment is not received by the County on or before the due date, interest will be charged from the due date at the annual interest rate then chargeable for unpaid Federal income taxes (26 U.S.C. section 6621). In addition, the franchisee will pay a late charge of five percent of the amount of such payment. Interest and late charges will not be imposed for any payment necessary as a result of the yearly adjustment provided for in subsection (b) above, if the payment to correct for a short fall does not exceed ten percent of the total payments made during the year. In the event such payment exceeds ten percent of the total payments made during the year, the franchisee will be liable for interest and late charges for the entire amount due.
- (g) When a franchise terminates for whatever reason, the franchisee shall file with the Cable Administrator within 90 calendar days of the date its operations cease an audited financial statement showing the gross revenues received by the franchisee since the end of the previous fiscal year. Adjustments will be made at that time for franchise fees due to the date that the franchisee's operations ceased.

(C.B. 29, 1988; C.B. 40, 1991; C.B. 30, 1999)

Sec. 14.413. - Reports and records.

- (a) Subject to section 22.1000 of the County Code, within three months of the close of its fiscal year, a franchisee shall file with the Cable Administrator and with the County Council an annual report that includes the following information:

- (1) A summary of the previous calendar year's activities in development of the system, including but not limited to services begun or dropped, number of subscribers (including gains and losses), homes passed and miles of cable distribution plants in service. The summary shall also include a comparison of any construction, including system upgrades, during the year with any projections previously provided to the County.
 - (2) A financial statement, including a statement of income, a balance sheet and, where the franchisee is in a significant construction phase, a statement of sources and applications of funds. The statement shall include notes that specify all significant accounting policies and practices upon which it is based. A summary shall be provided comparing the current year with previous years since the beginning of the franchise.
 - (3) A copy of updated maps depicting the location of all trunks where there was construction in the year of the report.
 - (4) A summary of complaints identifying the number and nature of complaints and their disposition. Where complaints involve one or more recurrent system problems, the nature of each problem and what steps have been taken to correct it shall be identified. More detailed information on complaints shall be submitted upon request of the Cable Administrator.
 - (5) If the franchisee is a corporation, a list of Officers and Members of the Board and the Officers and Board Members of any parent corporation; and, where a parent corporation's stock is publicly traded, a copy of its most recent annual report.
 - (6) A list of all partners or stockholders holding five percent or more ownership interest (i) in the franchisee and (ii) any parent corporation; provided, however, when any such entity has fewer than ten persons holding five percent ownership interest, the ten largest such holders. Alternatively, the annual ownership information required by the FCC for broadcast licensees may be supplied.
 - (7) A copy of all the franchisee's rules and regulations applicable to subscribers and users of the cable system.
 - (8) A report on the number of elderly and subscribers with disabilities receiving any rate discounts and the amount of the discounts.
- (b) A franchisee shall maintain a complete set of books and records from which the information contained in the report under this section is derived, which shall be available for inspection by the County during normal business hours.
- (c) Upon written request of the franchisee and approval by the County Solicitor, information of a proprietary nature submitted to the County pursuant to this subtitle or a franchise agreement will not be made available for public inspection.

(C.B. 29, 1988; C.B. 81, 1995; C.B. 14, 2014, § 1; C.B. 43, 2018, § 1)

Sec. 14.414. - Customer service requirements.

(a) *Definitions:*

- (1) *Normal business hours* means:
 - (i) Those hours during which most similar businesses in the community are open to serve customers; plus
 - (ii) Weekday evening hours at least once a week and/or daytime weekend hours, whether or not similar businesses in the community are open to serve customers at those times.
- (2) *Normal operating conditions* means service conditions which are within the control of the franchisee operator, including, but not limited to, special promotions, pay-per-view events, rate increases, regular peak or seasonal demand periods, and maintenance or upgrade of the

system. *Normal operating conditions* does not mean service conditions which are not within the control of the franchisee, including, but not limited to, natural disasters, civil disturbances, power outages, telephone network outages, and severe weather.

- (3) *Service interruption* means the loss of picture or sound on one or more channels.
 - (4) *Standard installation* means an installation located up to 125 feet from the existing distribution system.
- (b) *Business Office; Customer Service and Bill Payment Center.* A franchisee shall maintain in its franchise district a conveniently located business office which shall be open during normal business hours. At the same location, or elsewhere in the franchise district, the franchisee shall maintain a customer service and bill payment center which shall be open during normal business hours.
- (c) *Telephone Service:*
- (1) *Free telephone access line.* The franchisee shall maintain a local, toll-free or collect call telephone access line which will be available 24 hours a day, seven days a week.
 - (2) *During business hours.* Trained representatives of the franchisee shall be available to respond to telephone inquiries during normal business hours.
 - (3) *After normal business hours.* After normal business hours, the telephone access line may be answered by a service or an automated response system, including an answering machine. However, on the next business day, a trained representative of the franchisee shall respond to all inquiries received after normal business hours.
 - (4) *Telephone service standards.* These service standards shall apply at least 90 percent of the time during normal operating conditions:
 - (i) A trained customer representative shall answer the customer's call within 30 seconds from when the telephone connection is made.
 - (ii) Waiting time for a transfer shall not exceed 30 seconds.
 - (iii) The caller will receive a busy signal less than three percent of the time.
 - (5) *Measuring telephone service standards.* The franchisee will not be required to acquire equipment or perform surveys to measure compliance with the telephone answering standards unless an historical record of complaints indicates a clear failure to comply. When measurement of telephone answering standards is required, it shall be done on a quarterly basis.
- (d) *Installations and Service Calls.* These standards apply only during normal operating conditions and shall be met at least 95 percent of the time.
- (1) The franchisee shall make a standard installation within seven business days after the customer places an installation order.
 - (2) The franchisee shall begin work on a service interruption promptly after it becomes known and, in no event, more than 24 hours after it becomes known.
 - (3) The franchisee shall begin actions to correct other service problems by the next business day after notification of the service problem.
 - (4) The franchisee shall make an appointment with the customer for installations or to perform service. The appointment may be either a specific time or during a four-hour time block during normal business hours.
 - (5) The franchisee may schedule installations and service calls outside of normal business hours for the convenience of the customer.
 - (6) A franchisee may not cancel an appointment with a customer after the close of business on the business day before the scheduled appointment.

- (7) The franchisee shall contact the customer if the franchisee's representative is running late and will not be able to keep the appointment as scheduled. The appointment will be rescheduled, as necessary, at a time convenient for the customer.
 - (8) A franchisee shall maintain a complete record of service complaints received and action taken. These records shall be open to the County for inspection during normal business hours. Such records shall be retained for not less than three years.
- (e) *Outages.* A franchisee may interrupt service on the cable system only for good cause and for the shortest time possible. And, except in emergency situations, the franchisee must give prior notice to subscribers and the office of the Cable Administrator before any anticipated service interruption of 15 minutes or more.
- (f) *Charges and billing; Information to Be Provided; Refunds and Credits:*
- (1) *General information.* At the time of installation of service, at least once annually, and at any time upon request, a franchisee shall provide each subscriber with written information on each of the following areas:
 - (i) Products and services offered;
 - (ii) Prices and options for the programming services and conditions of subscription to programming and other services;
 - (iii) Installation and service maintenance policies;
 - (iv) Instructions on how to use the cable service;
 - (v) Channel positions of programming carried on the system;
 - (vi) billing and complaint procedures, including the address and telephone number of the Howard County Cable Administrator.
 - (vii) A synopsis, prepared by the office of the Cable Administrator, of this section of the Howard County Code regarding consumer protection and customer service standards;
 - (viii) The amount of and the method used to apply late charges.
 - (2) *Information regarding changes in rates:*
 - (i) The franchisee shall notify customers of any changes in rates, programming services or channel positions as soon as possible through announcements on the cable system and in writing.
 - (ii) If the change is within the control of the franchisee, the franchisee shall give notice of the change to subscribers at least 30 days before the change takes place.
 - (iii) In addition, the franchisee shall notify subscribers 30 days in advance of any significant changes in the other information required by the preceding section.
 - (iv) Whenever a customer requests a change in service level, the franchisee shall give the customer, either verbally or in writing, a detail of the new monthly charge.
 - (3) *Bills.* Bills shall be clear, concise and understandable. Each bill shall itemize at least the following:
 - (i) Basic service charges;
 - (ii) Premium service charges;
 - (iii) Equipment charges; and
 - (iv) All activity during the billing period, including optional charges, rebates and credits.
 - (4) *Billing disputes.* In case of a billing dispute, the franchisee shall respond to a written complaint from a subscriber within 30 days.

- (5) *Refunds.* The franchisee shall issue refund checks promptly, but no later than:
 - (i) The customer's next billing cycle following resolution of the request or 30 days whichever is earlier; of
 - (ii) The return of the equipment supplied by the franchisee if service is terminated.
- (6) *Credits.* If the franchisee determines that a credit is warranted, the credit will be issued no later than the customer's next billing cycle.
- (g) *Identification:*
 - (1) *Representatives.* Each representative of the franchisee, whether a cable company employee or a contractor, shall have a form of identification, preferably photographic, indicating that he or she is a representative of the franchisee. This identification shall be visible to members of the public or shall be made available upon request.
 - (2) *Vehicles.* All vehicles involved in cable business shall have signs showing the cable company's name and telephone number.
- (h) *Construction.* The franchisee shall notify the residents of an affected area before undertaking any underground construction other than emergency maintenance. This notification may be made either by mail, by the use of a "door-hanger" or by publication. The franchisee shall also send a copy of the notification to the Cable Administrator. The notification shall include:
 - (1) The reason for the construction;
 - (2) The areas where construction is to take place;
 - (3) The approximate dates for beginning and end of construction;
 - (4) The franchisee's telephone number and a contact person;
 - (5) The telephone number of the Cable Administrator.
- (i) *Enforcement.* The Cable Administrator may enforce the provisions of this section with civil penalties pursuant to the provisions of title 24, "Civil Penalties," of the Howard County Code. A notice of violation shall be sent to the franchisee detailing the nature of the violation. If the violation is not remedied within five working days or a subsequent violation of the same provision occurs within 60 days, the Cable Administrator may issue a civil citation. A citation for violation of section 14.414 of this subtitle shall be a Class D offense. The second violation of this section shall be a Class C offense. The third violation of this section shall be a Class B offense. Subsequent violations shall be Class A offenses.

(C.B. 29, 1988; C.B. 42, 1992; C.B. 79, 1993)

Sec. 14.415. - Discrimination prohibited.

- (a) Unless approved by the County and to the extent consistent with Federal law, no franchisee may in its rates or charges, or in the availability of the services or facilities of its system, or in any other respect except for system promotional activities and discount sales programs, make or grant undue preferences or advantages to any subscriber or potential subscriber to the system, or to any user or potential user of the system, nor subject any such persons to any undue prejudice or any disadvantage. A franchisee shall not deny, delay or otherwise burden service or discriminate against subscribers or users on the basis of any category listed in section 12.210 of the Howard County Code, except for discounts for elderly and disabled individuals who have an annual income of less than \$20,250.00. The term *elderly* means aged 65 or older; the term *disabled* refers to a physical or mental impairment that substantially limits one or more of an individual's major life activities.
- (b) A franchisee shall not deny cable service to any potential subscribers because of the income of the residents of the area in which the subscribers reside.

- (c) A franchisee shall not refuse to employ, nor discharge from employment, nor discriminate against any person in compensation or in terms, conditions or privileges of employment because of any category listed in section 12.208 of the Howard County Code.

(C.B. 29, 1988; C.B. 29, 1991)

Sec. 14.416. - Use of rights-of-way and construction and maintenance of system.

- (a) A franchisee shall utilize, with the owner's permission, existing poles, conduits or such other facilities whenever possible. Copies of agreements for use of poles, conduits or other facilities shall be filed with the Cable Administrator as required by the franchise agreement or upon request of the Cable Administrator.
- (b) All transmission lines, equipment and structures shall be installed, located, and maintained to cause minimum interference with the rights and reasonable convenience of property owners. Maintenance shall include ensuring that cabinets are properly secured and bolts are properly tightened. The County may from time to time issue such reasonable rules and regulations concerning the installation and maintenance of the cable system installed in the public rights-of-way as may be consistent with this subtitle and the franchise agreement.
- (c) Suitable safety devices and practices as required by local, County, State and Federal laws, ordinances, regulations and permits shall be used during construction, maintenance and repair of a cable system.
- (d) A franchisee shall remove, replace or modify at its own expense the installation of any of its facilities within any public right-of-way when required to do so by the County to allow it to change, maintain, repair or improve a public thoroughfare.
- (e) Subject to subsection (f) of this section, a franchise shall locate cables as follows:
 - (1) On streets and roads where electrical or telephone utility wiring is located underground, either at the time of initial construction or subsequently, the cable shall also be located underground at the franchisee's expense.
 - (2) Between a street or road and a subscriber's residence, the cable shall be located underground at the franchisee's expense if electrical and telephone utility wiring are located underground.
 - (3) Between a street or road and a subscriber's residence, if electric or telephone utility wiring is aerial, a franchisee may install aerial cable except where a property owner or resident requests underground installation and agrees to bear the difference in cost by which underground installation exceeds the cost of aerial installation.
- (f) A franchisee may not use temporary lines unless it is necessary to initially deliver service or to continue to provide service, and unless the following criteria are met:
 - (1) Unless an extension is granted pursuant to subsection (g) of this section, temporary lines shall be buried or permanently placed aerially on existing poles in a right-of-way within 15 working days of installation of the temporary line;
 - (2) When a temporary line is installed, the franchisee shall leave a written notice with the home or business owner of the property on which the temporary line is installed, indicating the need for the temporary line and clearly noting the date of installation of the temporary line; and
 - (3) A franchisee may not, under any circumstances, locate temporary lines off the ground, including, but not limited to temporary lines strung through trees, on top of equipment or shrubbery, across doors, and over structures.
- (g) If a franchisee requires more than 15 working days to permanently locate cables underground or through permanent aerial means, not less than five working days before the expiration of the 15 working day period, the franchisee shall:

- (1) Notify in writing the impacted home or business owner of the need for an extension; and
 - (2) Request an extension, which shall include a justification, from the local franchising authority which may:
 - (i) Grant an extension of up to 15 working days; or
 - (ii) If extreme weather conditions prevent the franchisee from permanently locating cables within the 15 working day period, grant an extension reasonably necessary to permanently locate cables.
- (h) A franchisee shall obtain any required permits before causing any damage or disturbance to public thoroughfares or private property as a result of its construction or operations and shall restore as nearly as possible to their former condition in accord with applicable construction industry standards such private property and public thoroughfares, the latter in a manner approved by the County. If such restoration is not satisfactorily performed within a reasonable time, the County, or the property owner in the case of private property, may, after prior notice to the franchisee, cause the repairs to be made at the expense of the franchisee.
- (i) A franchisee may trim trees within public rights-of-way at its own expense as necessary to protect its wires and facilities, subject to any direction that may be provided by the County. Trees on private property may be trimmed with the consent of the property owner.
- (j) At the request of any person holding a valid building moving permit and upon sufficient notice, the franchisee shall temporarily raise, lower or cut its wires as necessary to facilitate such move upon not less than 72 hours' advance notice. The direct expense of such temporary changes, including standby time, shall be paid by the permit holder, and the franchisee may require payment in advance.
- (k) Enforcement. When the local franchising authority determines that a violation of this section exists or has occurred, the local franchising authority may enforce the provisions of this section with civil penalties pursuant to Title 24 of this Code and may issue a citation without the prior issuance of a notice of violation, as follows:
- (1) Except for a violation of subsection (f)(3) of this section, a violation of this section shall be a Class C offense;
 - (2) A violation of subsection (f)(3) of this section shall be a Class A offense; and
 - (3) Each day that a violation continues is a separate offense.

(C.B. 29, 1988; C.B. 60, 2009, § 1)

Editor's note— County Bill No. 60-2009, § 1, adopted Dec. 8, 2009, amended § 14.416 title to read as herein set out. Former § 14.416 title pertained to similar subject matter. See the Code Comparative Table for complete derivation.

Sec. 14.417. - Subscriber privacy.

A franchisee shall protect the privacy of all subscribers pursuant to the provisions of section 631 of the Cable Act, 47 U.S.C. section 551. A franchisee shall not condition subscriber service on the subscriber's grant of permission to disclose information which, pursuant to Federal law, cannot be disclosed without the subscriber's explicit consent.

(C.B. 29, 1988)

Sec. 14.418. - Technical standards.

- (a) Any cable system constructed within the County shall meet or exceed technical standards consistent with this subtitle, the franchise agreement and the franchisee's application. The system shall be capable of delivering all National Television Systems Committee (NTSC) color and monochrome standards signals and designed to provide picture quality of TASO grade 2 or better and superior reliability. All television signals transmitted on a cable system shall include any closed captioning information for the hearing impaired. Antennas, supporting structures and outside plant used in the system shall be designed to comply with the recommendations of the Electronic Industries Association on tower structures and outside plant.
- (b) All construction, installation and maintenance shall comply with the National Electrical Safety Code, the National Electrical Code, the Bell System Code of Pole Line Construction, all State and local regulations, and good and accepted industry practices.
- (c) At the stages of construction specified in the franchise agreement, the franchisee shall perform, at its expense, proof of performance tests designed to demonstrate compliance with the requirements of this subtitle, the franchise agreement and FCC requirements. The franchisee shall provide the proof of performance test results promptly to the Cable Administrator.
- (d) The Cable Administrator may require periodic proof of performance tests to be performed at the expense of the franchisee. The franchisee shall provide the test results promptly to the Cable Administrator.
- (e) The franchisee shall advise the Cable Administrator when a proof of performance test is scheduled so that the County may have an observer present.
- (f) A franchisee shall not design, install or operate its facilities in a manner that will interfere with the signals of any broadcast station, the electrical system located in any building, the cable system of another franchisee, or individual or master antennas used for receiving television or other broadcast signals.

(C.B. 29, 1988)

Sec. 14.419. - Enforcement remedies.

- (a) The County has the right to apply any one or combination of the following remedies in the event a franchisee violates any provision of the law or its franchise agreement:
 - (1) Impose liquidated damages in such amount, whether per day, incident, or other measure of violation, as provided in the franchise agreement. Payment of liquidated damages by the franchisee will not relieve the franchisee of its obligation to meet the franchise requirements.
 - (2) Revoke the franchise as provided for in section 14.422.
- (b) In determining which remedy or remedies are appropriate, the County shall take into consideration the nature of the violation, the person or persons bearing the impact of the violation, the nature of the remedy required in order to prevent further violations, and such other matters as the County determines are appropriate.
- (c) In addition to or instead of any other remedy, the County may seek legal or equitable relief from any court of competent jurisdiction.

(C.B. 29, 1988; C.B. 82, 1995; C.B. 74, 2005, § 2)

Sec. 14.420. - Renewal of franchise.

- (a) If a franchisee decides to initiate a formal franchise renewal process in accordance with section 626(a)—(g) of the Cable Act, 47 U.S.C. section 546(a)—(g), it shall notify the Cable Administrator

within 30 to 36 months of the franchise expiration date. Upon such notification, or at the County's own initiative, the County shall commence the following process:

- (1) The County Executive shall review and evaluate the future cable-related community needs and interests and the franchisee's past performance. The review and evaluation process shall include opportunity for public comment.
 - (2) Immediately upon completion of the review and evaluation process, the Cable Administrator shall notify the franchisee that it may file a renewal application. The notice shall specify the information to be included in the renewal application and the deadline for filing the application, which shall be no earlier than 30 calendar days following the date of the notice. If the franchisee does not submit a renewal application by the specified date, it will be deemed not to be seeking renewal of its franchise.
 - (3) Upon receipt of the renewal application, the Cable Administrator shall publish notice of its receipt and may schedule one or more public meetings or implement other procedures under which comments from the public on the application may be received.
- (b) In considering a renewal application, the County shall consider whether:
- (1) The cable operator has substantially complied with the material terms of the existing franchise and with applicable law;
 - (2) The quality of the cable operator's service, including signal quality, response to consumer complaints and billing practices (but without regard to the mix, quality or level of cable services or other services provided over the system) has been reasonable in light of community needs;
 - (3) The cable operator has the financial, legal and technical ability to provide the services, facilities and equipment set forth in its proposal; and
 - (4) The cable operator's proposal is reasonable to meet the future cable-related community needs and interests, taking into account the cost of meeting such needs and interests.
- (c) The Council shall hold at least one public hearing to consider the application. The Executive may make recommendations to the Council prior to its public hearing, a copy of which recommendations shall be made available to the franchisee in advance of the Council's public hearing. Following the public hearing on the renewal application, the Council shall either:
- (1) Pass a resolution agreeing to renew the franchise, subject to the negotiation of a franchise agreement satisfactory to the County and the franchisee; or
 - (2) Pass a resolution that makes a preliminary assessment that the franchise should not be renewed.
- (d) The Council's action under subsection (c) above shall be taken within four months of the date of the renewal application notice to the franchisee required in subsection (c)(2) above.
- (e) If a preliminary assessment is made that a franchise should not be renewed, at the request of the franchisee or on its own initiative, the County shall commence an administrative proceeding in accordance with section 626(c) of the Cable Act, 47 U.S.C. section 546(c), and in accordance with the provisions of the Howard County Administrative Procedures Act [appendix B of this Code].
- (f) The Executive shall initiate an administrative proceeding by issuing a hearing order which establishes the issues to be addressed in the hearing and the procedures to be followed, and the Executive shall appoint a presiding officer for the hearing. Upon the completion of the hearing, the presiding officer shall issue a recommended decision. Parties to the hearing and the public shall have 30 calendar days to comment on the recommended decision after its issuance. Within 30 days after the receipt of comments, the Executive may submit recommendations to the Council on whether to grant or deny the application.
- (g) Based on the recommended decision, the comment and arguments presented, and other evidence of record, the Council, following a public hearing, shall make a final determination on whether to

grant or deny the renewal application. The council shall issue a written decision setting forth the reasons for its decision.

- (h) The provisions of subsections (a)—(g) above notwithstanding, a franchisee may submit a proposal for renewal of a franchise in accordance with 47 U.S.C. section 546(h). The County shall hold one or more public hearings or implement other procedures under which comments on the proposal from the public may be received. Following such public hearings or other procedures, the Council shall determine whether the franchise should be renewed and the terms and conditions of any renewal.
- (i) Once the Council grants a renewal application, the County Executive and the franchisee shall agree on a franchise agreement, pursuant to the procedures specified in subsections 14.408(e)—(h), before the renewal becomes effective.
- (j) If renewal of a franchise is denied, the County may acquire ownership of the cable system or affect a transfer of ownership of the system to another person upon approval of the Council. Any such acquisition or transfer shall be at fair market value, determined on the basis of the cable system valued as a going concern but with no value allocated to the franchise itself.
- (k) If renewal of a franchise is denied and the County does not purchase the cable system, the County may require the former franchisee to remove its facilities and equipment. If the former franchisee fails to do so within a reasonable period of time, the County Executive may have the removal done at the former franchisee's and/or surety's expense.

(C.B. 29, 1988)

Sec. 14.421. - Transfers.

- (a) A transfer of a franchise shall not occur without prior approval of the County. A transfer of a franchise will be approved only if the County finds that the transfer is necessary and in the best interests of the County and its residents.
- (b) The proposed transferee shall submit to the Cable Administrator an application to transfer the franchise. An application to transfer a franchise shall meet the requirements of section 14.407 and provide complete information on the proposed transaction, including details on the legal, character, financial, technical and other pertinent qualifications of the transferee, and on the potential impact of the transfer on subscriber rates. At minimum, the information required in subsections 14.407(e)(1)—(4) shall be provided by the proposed transferee. The information required in subsections 14.407(e)(5)—(10) shall also be provided whenever the proposed transferee expects material changes to occur in those areas.
- (c) Final action on an application for transfer of a franchise shall be taken by the Council.
- (d) Approval by the County of a transfer of a franchise does not constitute a waiver or release of any of the rights of the County under this subtitle or the franchise agreement.
- (e) The County may impose a grant fee to cover its costs in excess of the filing fee in considering an application for transfer of a franchise.

(C.B. 29, 1988)

Sec. 14.422. - Revocation or termination of franchise.

- (a) A franchise may be revoked by the Council for failure to construct as required, operate or maintain the cable system as required by this subtitle or the franchise agreement or for other material breach of this subtitle or the franchise agreement. If within 30 calendar days following written notice from the County Executive to the franchisee that it is in material breach of this subtitle or the franchise agreement, the franchisee has not taken corrective action or corrective action is not being actively and expeditiously pursued, the Council, acting on its own motion or upon the recommendation of the

Executive, may give written notice to the franchisee of its intent to consider revocation of the franchise, stating its reasons.

- (b) The Council may initiate an administrative proceeding to investigate facts and make recommendations on possible revocation. Such a proceeding shall be commenced by the issuance of a hearing order which establishes the issues to be addressed in the hearing and the procedures to be followed, and the Council shall appoint a presiding officer for the hearing. Upon completion of the hearing, the presiding officer shall issue a recommended decision. The franchisee and any members of the public shall have 30 calendar days, or such other period of time as the hearing order may specify, to comment on the recommended decision after its issuance. Within 30 days after receipt of any such comments, or such other period as the hearing order may specify, the Executive may submit recommendations to the Council.
- (c) Before final action can be taken, the Council shall hold a public hearing, at which time the franchisee and members of the public shall be given an opportunity to make argument. Following the public hearing the Council shall determine whether or not to revoke the franchise based on any recommended decision, the argument presented at the hearing, any recommendations of the Executive, and other evidence of record. The council's determination shall be reflected in a written opinion setting forth the reasons for its decision.
- (d) Any franchise may, at the option of the County, be revoked 120 calendar days after an assignment for the benefit of creditors or the appointment of a receiver or trustee to take over the business of the franchisee, whether in a receivership, reorganization, bankruptcy assignment for the benefit of creditors or other action or proceeding, unless within that 120-day period:
 - (1) Such assignment, receivership or trusteeship has been vacated; or
 - (2) Such assignee, receiver or trustee has fully complied with the terms and conditions of this subtitle and the franchise agreement and has executed an agreement, approved by the court having jurisdiction, assuming and agreeing to be bound by the terms and conditions of the franchise.
- (e) In the event of foreclosure or other judicial sale of any of the facilities, equipment or property of a franchisee, the County may revoke the franchise by serving notice upon the franchisee and the successful bidder at the sale, in which event the franchise and all rights and privileges of the franchise will be revoked 30 calendar days after serving such notice, unless:
 - (1) The County has approved the transfer of the franchise to the successful bidder; and
 - (2) The successful bidder has reached an agreement with the County Executive to assume and be bound by the terms and conditions of the franchise.
- (f) If the County revokes a franchise, or if for any other reason a franchisee abandons, terminates or fails to operate or maintain service to its subscribers, the following procedures and rights are effective:
 - (1) The County may require the former franchisee to remove its facilities and equipment. If the former franchisee fails to do so within a reasonable period of time, the County may have the removal done at the franchisee's and/or surety's expense.
 - (2) The County, by resolution of the Council, may acquire ownership of the cable system at an equitable price.
 - (3) If a cable system is abandoned by a franchisee, the County may sell, assign or transfer all or part of the assets of the system.
- (g) The County may, upon resolution of the Council, acquire ownership of and operate a cable system, whether or not such ownership is acquired following revocation or forfeiture of a franchise.

(C.B. 29, 1988)

Sec. 14.423. - Arbitration.

- (a) If the County exercises its right to purchase a cable system pursuant to this subtitle or a franchise agreement and the County and franchisee are unable to agree on a price for the purchase of the system, the price may be determined by arbitration. Other matters that are arbitrable under the provisions of a franchise agreement may be subjected to the arbitration procedures specified below.
- (b) The arbitration procedure employed shall be consistent with the rules and procedures of the American Arbitration Association. The County and the franchisee will each select a qualified arbitrator. The two persons selected shall select a third qualified arbitrator, and the three arbitrators will constitute a panel whose decision is binding on both parties. The fees of the first two arbitrators shall be paid by the party selecting such person, and the third person shall be compensated one-half by the County and one-half by the franchisee. The general costs of the proceeding shall be shared equally by the County and the franchisee.

(C.B. 29, 1988)

Sec. 14.424. - Continuity of service mandatory.

- (a) It is the right of all subscribers to receive all available services from the franchisee as long as their financial and other obligations to the franchisee are satisfied.
- (b) In the event of a termination or transfer of the franchise for whatever reason, the franchisee shall do everything in its power to ensure that all subscribers receive continuous, uninterrupted service regardless of the circumstances. The franchisee shall cooperate with the County to operate the system for a temporary period following termination or transfer as necessary to maintain continuity of service to all subscribers. The temporary period will not exceed six months without the franchisee's written consent. During such period the cable system shall be operated under such terms and conditions as the County and the franchisee may agree, or such other terms and conditions that will continue, to the extent possible, the same level of service to subscribers and that will provide reasonable compensation to the cable operator.
- (c) If the franchisee discontinues service to its subscribers without County approval, the franchise may immediately be terminated; and the County is empowered to occupy and take possession of all facilities and property, real and personal, related to the cable system for the purpose of operating the system. The County may undertake such operation itself or authorize operation by a contractor.

(C.B. 29, 1988)

Sec. 14.425. - Unlawful solicitation or acceptance of gifts.

It is unlawful for any person to offer any gift, favor, loan, service, promise, employment or anything of value to a County official or employee, or for a County official or employee to solicit or accept any such thing of value, for the purpose of influencing the grant, modification, renewal, transfer or any other matter affecting a franchise or the administration or enforcement of this subtitle.

(C.B. 29, 1988)

Sec. 14.426. - Rates.

Rates and charges published by the franchisee shall reflect the total amount of money actually charged to consumers for the use of the service and may be changed by the franchisee following a minimum 30 days' prior notice to the County and the subscribers. These rates and charges shall be factual and inclusive of all fees charged to consumers for the use of the service. At such time as Federal

law permits rate regulation, the County reserves the right to implement procedures to impose such regulations.

(C.B. 29, 1988; C.B. 42, 1992)

Sec. 14.427. - Access facilities.

- (a) Applications for a franchise shall include proposals for the provision of public, educational and governmental access channels sufficient to meet community needs during the term of franchise as determined by the County. A franchisee or Applicant shall specify what grants, if any, it is willing to make for studio equipment and facilities to be used for local program production by all cable access users. Applicants are encouraged to include proposals for local origination programming by the franchisee.
- (b) All access channel operators shall conform to the following minimum requirements:
 - (1) The County may require that a franchisee provide studio space for access use. Access channels shall be carried on the franchisee's lowest priced service offering.
 - (2) The franchisee shall have no control over the content of the programming carried on access channels. The County may require a franchisee, or select a nonprofit corporation or other entity, to manage the access program and to establish reasonable rules for the use of access channels consistent with the requirements of this subtitle, the franchise agreement and the intended purpose of such channels. Such rules shall be subject to review and approval by the Council following a public hearing.
 - (3) The use of any public access channel shall be made available to any County resident on a nondiscriminatory basis at no charge for channel use. Where access studio facilities are located on a franchisee's premises, the franchisee shall make its personnel available for consultation and assistance to access users at no charge provided that such personnel can be spared from their normal duties.
 - (4) The use of any educational access channel shall be made available free of charge to the County school system or other qualified educational institutions for the transmission of local educational programming.
 - (5) The use of any local governmental access channels shall be made available free of charge to the County for the transmission of government-related programming. The Cable Administrator shall be responsible for the administration of local government access channels.
 - (6) The franchisee shall submit to the County on an annual basis a plan for publicizing access programs and access use.
- (c) At the request of a franchisee the County shall promulgate rules under which channel capacity dedicated to access use may be used by the franchisee when it is not being used for access purposes.

(C.B. 29, 1988; C.B. 38, 1989)

Sec. 14.428. - Cable Advisory Committee.

- (a) *General Provisions.* General provisions applicable to this Committee are set forth in subtitle 3, "Boards and Commissions," of title 6, "County Executive and the Executive Branch," of the Howard County Code.
- (b) *Establishment; Number of Members.* A Cable Advisory Committee shall function to advise the Executive and Council on all matters related to the use of cable systems and facilities. The Committee shall consist of five members.

- (c) *Qualifications.* All members shall be residents of Howard County.
- (d) *Staff.* The County Executive shall designate personnel to serve as staff support for the Cable Advisory Committee and to be responsible for maintaining the records of the Committee.
- (e) *Duties and Responsibilities* The Advisory Committee shall advise the County on all matters related to the use of cable communications operations, and its duties and functions shall be:
 - (1) To review complaint and system malfunction statistics and make any recommendations to the franchisee, Executive or Council as it may find appropriate for the improvement of the system's technical operation.
 - (2) To make recommendations as to possible improvements in general categories of programming or service to subscribers, including matters dealing with control and operation of government, public and education access channels, and the overall operation of the system.
 - (3) To assist in any performance evaluation of a cable system.
 - (4) To perform other duties as directed by the Executive or requested by the Council.

(C.B. 29, 1988; C.B. 62, 1988)

Editor's note— Section 101 of C.B. 62, 1988, declared the bill effective July 1, 1989.

Sec. 14.429. - Performance evaluation.

- (a) The County may periodically evaluate the performance of a franchisee during the franchise term. A franchisee shall cooperate fully with these evaluations and supply the County with all relevant information requested. If the County desires to implement a survey of subscribers in connection with its evaluation of service, a franchisee shall distribute the County's questionnaire to its subscribers. Any meetings between the County and the franchisee for purposes of evaluation shall be publicized in advance and open to the public.
- (b) If evaluation indicates the need for modification to the franchise agreement, the Executive shall attempt to negotiate the necessary changes. The Executive shall issue a report to the Council of the results of the performance evaluation and any recommended changes to the franchise agreement as negotiated with the franchisee.
- (c) The Council may hold a public hearing on any performance evaluation reports. Any franchise agreement modifications shall be approved by the Council before they become effective.

(C.B. 29, 1988)

Sec. 14.430. - Administration.

- (a) The Executive shall have the responsibility for overseeing the day-to-day administration of cable communication operations within the County as governed by this subtitle and applicable franchise agreements. The Executive shall be empowered to take all administrative actions on behalf of the County except for those actions specified herein which are reserved to the Council. The Executive may recommend that the Council take certain actions with respect to the franchise. The Executive shall keep the Council apprised of developments in cable matters and provide the Council assistance, advice and recommendations as appropriate. The Executive shall assist and provide staff support to the Cable Advisory Committee as necessary.
- (b) The council has the sole authority to grant franchises, authorize the execution of franchise agreements, modify franchise agreements, renew franchises, revoke franchises, and authorize the transfer of franchises. Where this subtitle or a franchise agreement specifies that a certain action will be taken by the Council or other named County entity, that action is reserved to the named entity.

- (c) All filings and reports required of franchisees or Applicants pursuant to this subtitle or a franchise agreement shall be made with the County's Cable Administrator unless otherwise specified.

(C.B. 29, 1988)

Sec. 14.431. - Cable Administrator; duties and responsibilities.

- (a) The Cable Administrator shall report to the County Executive and have the responsibility for the day-to-day administration of cable communication operations within the County as governed by this subtitle and by applicable franchise agreements.
- (b) The duties of the Cable Administrator shall include the following:
 - (1) To act as the principal staff to the Cable Advisory Committee, assisting the Committee with all of its duties as described in section 14.428 of this subtitle.
 - (2) To manage all performance evaluations pursuant to section 14.429 of this subtitle.
 - (3) To advise the County Executive and the Council on cable matters and provide them with updated information about new developments in the cable industry, cable technology and cable regulatory issues.
 - (4) To accept applications and fees for new cable franchises, franchise renewals, franchise transfers and franchise agreement modifications. Record fees and transfer them to the County Office of Finance. Review all applications for conformity with the requirements contained in this subtitle and make recommendations to the Council concerning their disposition.
 - (5) To accept subscriber complaints about cable system malfunctions and resident complaints of damage and other problems caused by cable construction. Investigate complaints and negotiate their correction as appropriate and periodically report their incidence to the Cable Advisory Committee.
 - (6) To draft rules of procedure and forms to be approved by the Council governing the submission to the County of applications for cable franchises, franchise renewals, franchise agreement modifications and franchise transfers.
 - (7) To generally oversee the performance of franchisees, including oversight of the access channels cited in section 14.427 of this subtitle.
 - (8) To perform such other duties as may be prescribed by the Executive not inconsistent with the provisions of this subtitle.

(C.B. 29, 1988; C.B. 38, 1989)

Sec. 14.432. - Status of existing franchises.

Franchise agreements in effect prior to the enactment of this subtitle [July 6, 1988], which were made pursuant to the previously existing Howard County Cable Television Systems Franchise Act, shall continue in effect until they expire. These franchises may be renewed pursuant to the provisions of this subtitle.

(C.B. 29, 1988)

Sec. 14.433. - Severability.

If any part of this subtitle is held invalid, the invalidity shall not affect the other parts.

(C.B. 29, 1988)

SUBTITLE 6. - PERMIT AND DISPOSAL FEES FOR USE OF SANITARY LANDFILLS⁵¹

Footnotes:

--- (5) ---

Editor's note— C.B. 20, 1982, repealed §§ 14.600—14.602, derived from C.B. 29, 1972, and C.B. 48, 1977, and enacted new §§ 14.600, 14.601.

Sec. 14.600. - Annual permit charge.

- (a) *Requirement to Pay Annual Permit Charge.* Howard County may charge a permit fee to use the County Sanitary Landfill.
- (b) *Recommendation by Director of Public Works.* The Director of Public Works shall recommend to the County Council a schedule of annual permit charges to be paid by users of the Howard County Sanitary Landfill(s).
- (c) *Authorization by County Council.* The County Council shall, by resolution, approve a schedule of annual permit charges to be paid by users of the Howard County Sanitary Landfill(s).
- (d) *Collection.* Annual permit charges payable to the Director of Finance of Howard County shall be collected at the landfill(s).

(C.B. 20, 1982; C.B. 31, 2005)

Sec. 14.601. - User fees.

- (a) *Requirement to Pay User Fees.* All persons using the Howard County Sanitary Landfill(s) shall pay user fees, except for:
 - (1) Users disposing of solid waste collected pursuant to Howard County solid waste collection contracts; and
 - (2) Residents of Howard County disposing of personal residential household waste.
- (b) *Recommendation of the Director of Public Works.* Concurrent with introduction of the annual budget and appropriation ordinance, the Director of Public Works shall recommend to the County Council a schedule of user fees, including any special charges and late penalties, for use of the Howard County Sanitary Landfill(s).
- (c) *Authorization by County Council.* At the time of adoption of the annual budget and appropriation ordinance, the County Council shall, by resolution, approve a schedule of user fees, including any special charges and late payment penalties, to be charged for use of the Howard County Sanitary Landfill(s).
- (d) *Collection of User Fees for Use of the Howard County Sanitary Landfill(s).* Fees payable to the Director of Finance are ordinarily payable at the landfill(s) at the time of disposal. At the discretion of the Director of Finance, a user may be extended credit and be billed on a periodic basis for the user charges.
- (e) *Denial of Access to Landfill(s).* The Director of Public Works may deny access to the landfill to any user who is in default in payment of user fees.

(C.B. 54, 1977; C.B. 8, 1978; C.B. 12, 2016, § 1)

Sec. 14.701. - Identification card—Required.

No person shall engage in soliciting or peddling in the County unless that person has obtained an identification (ID) card from the Administrator, as provided by this subtitle.

(C.B. 54, 1977; C.B. 8, 1978)

Sec. 14.702. - Identification card—Fee; term.

- (a) *Establishment of Fees.* The County Council, upon the recommendation of the County Executive, shall set the annual fee to be paid in advance for each ID card issued under this subtitle. The fees shall be sufficient to produce an amount of income to the County that shall be approximately equal to the costs of administering this subtitle.
- (b) *Term of Card; Property of County.* The ID card year shall begin on July 1 and end on June 30 in each and every year. Any ID card issued under the provisions of this subtitle shall remain the property of the County and shall be surrendered to the Administrator upon demand.

(C.B. 54, 1977; C.B. 8, 1978; C.B. 32, 1988; C.B. 69, 1991; C.B. 143, 1991)

Sec. 14.703. - Same—Application; display; replacement.

- (a) The Administrator shall furnish each Applicant for an ID card required by this subtitle with a form on which the Applicant shall state his name, address, telephone number, date of birth, sex, weight, height, color of hair and eyes, the name and address and telephone number of the Applicant's employer, if any, and the license tag number of vehicle(s), if any, to be used in connection with the soliciting or peddling.
- (b) Before the Administrator issues an ID card involving the peddling of foodstuffs of any kind, the Applicant for such an ID card shall obtain a separate permit from the Bureau of Environmental Health of the Howard County Health Department showing that the Applicant is in compliance with the health regulations governing food facilities.
- (c) The ID card issued to each Applicant shall be numbered and shall contain the information noted by the Applicant on the form furnished by the Administrator and conspicuous wording that its possession does not constitute endorsement by the County. The holder of an ID card shall carry his ID card on his person when engaged in soliciting or peddling and shall display the ID card to any person who shall request to see it.
- (d) The holder of an ID card which is lost or mutilated shall immediately report the loss or mutilation to the Administrator and shall pay a fee established by the Administrator for the issuance of a duplicate ID card.
- (e) If during the period for which an ID card is issued there is any change in the factual information furnished by the ID card holder to the Administrator under this section, the ID card holder shall fully and promptly communicate the new information to the Administrator upon a form furnished by the Administrator.

(C.B. 54, 1977; C.B. 8, 1978)

Sec. 14.704. - Same—Denial, revocation or suspension; notice; hearing and appeal.

- (a) The Administrator, for the reasons cited in subsection (c) of this section and pending a hearing as required by the Howard County Administrative Procedure Act, may refuse to issue an ID card or may summarily revoke or suspend an ID card which is required under this subtitle. Upon revocation or suspension, the holder of an ID card shall immediately return his ID card to the Administrator and upon failure to do so the Administrator may request and direct that the ID card be confiscated and held pending an appeal.
- (b) Any refusal to issue an ID card to an Applicant or the revocation or suspension of an ID card shall be accompanied by written notice to the Applicant or holder of an ID card delivered personally or sent by certified mail to the address listed in the application of the Applicant or holder of an ID card. The notice shall contain a statement of the reason for the action taken by the Administrator and shall notify the Applicant or holder of an ID card of his right to a hearing under the Administrative

Procedure Act and of his right to appeal to the Board of Appeals. Filing of an appeal shall not stay the revocation or suspension of an ID card unless, upon application, the Board of Appeals shall grant a stay.

- (c) In deciding to refuse to issue an ID card to an Applicant or to revoke or suspend an ID card, factors to be considered by the Administrator shall include, but not be limited to, previous denials, revocations or suspensions, failure to provide complete or accurate information or failure to leave the premises immediately when requested to do so by the owner or occupant.

(C.B. 54, 1977; C.B. 8, 1978)

Sec. 14.705. - Tags or labels for vehicles.

The Administrator shall furnish a metal tag or gum label to each Applicant who is issued an ID card for peddling under this subtitle for each vehicle used by the Applicant. The tag or label shall bear the inscription "Registered Howard County Peddler. No. _____. Expires _____." The number on the tag or label shall be the same number as the number of the ID card issued to the Applicant. The tag or label shall be attached on the right-hand side of the vehicle used by the Applicant and shall be visible at all times.

(C.B. 54, 1977; C.B. 8, 1978)

Sec. 14.706. - Exceptions.

(a) The provisions of this subtitle shall not apply to:

- (1) Any person who is at the premises of an owner or occupant at the prior request or invitation of the owner or occupant of the premises.
- (2) Any person selling or attempting to obtain orders for the sale of goods, wares, merchandise, services or foodstuffs to manufacturers, wholesalers, retailers, or other business or governmental establishments for use in their business or for resale.
- (3) Any person selling milk, vegetables, butter, eggs, poultry, fruit or country produce made or grown by the seller thereof.
- (4) Any person selling or attempting to obtain orders for the sale of goods, wares, merchandise, services or foodstuffs for any charitable or nonprofit association, organization, corporation or project, provided that the charitable or nonprofit association, organization, corporation or project registers annually with the Administrator.

The charitable or nonprofit association, organization, corporation or project registering under this subsection shall submit each year a form furnished by the Administrator giving, as applicable, its name, address, telephone number, the name of a contact person, a description of its proposed soliciting or peddling activities to the extent known, the location and date of the activities to the extent known, and the number or approximate number of individuals who will engage in the activities.

If during the period a charitable or nonprofit association, organization, corporation or project is registered there is any change in the factual information furnished to the Administrator under this subsection, the new information shall be fully and promptly communicated in writing to the Administrator upon a form furnished by the Administrator.

- (5) Insurance brokers and agents with a valid Maryland State insurance license, including bona fide trainees of such brokers and agents.
- (6) Real estate brokers and agents with a valid Maryland State real estate broker and agent license, including bona fide trainees of such brokers and agents.

- (7) Any person engaged in voter registration activities or partisan or nonpartisan election campaigns, including persons supporting or working against a ballot question.
- (8) Any person selling or attempting to obtain orders for the sale of goods, wares, merchandise, services or foodstuffs for companies, firms, corporations or partnerships which:
 - a. Subscribe to or are bound by a policy statement, code or regulation established either by the company, firm, corporation or partnership individually or by a recognized trade association of which the Applicant company, firm, corporation or partnership is a member in good standing and which policy statement, code or regulation:
 - (i) Requires that the offer of products or services for sale shall be truthful and accurate as to price, grade, quantity, make, value, performance, currency of model and availability;
 - (ii) Requires that the terms of any guarantee offered by the solicitor or peddler in connection with the sale shall be furnished to the buyer in writing and shall clearly state the nature and extent of such guarantee; and
 - (iii) Prohibits the initiation or continuation of any deceptive or any unlawful trade practices; and
 - b. Have established a procedure for processing consumer complaints within a reasonable time and providing consumer redress, if it is determined that the consumer was aggrieved by a violation of the policy statement, code or regulation or an unlawful trade practice; and
 - c. Are in compliance with all orders, directives, stipulations and agreements between them and the Howard County Office of Consumer Protection.

A company, firm, corporation or Partnership eligible to be excepted under this subsection shall register annually with the Administrator and shall provide the Administrator with a copy of the applicable code of ethics, the name and telephone number of the resident agent, if any, the names and addresses of those receiving ID cards and other pertinent information concerning the company, firm, corporation or partnership. The application for registration shall be accompanied by a fee as established by the Administrator.

The Administrator shall issue a block of numbered ID cards to the organization for distribution by the organization to individual solicitors and peddlers. The ID cards shall be numbered, and the organization shall maintain a control list of the cards and shall be responsible for them. If the activity upon which the organization engages is of limited duration, the ID cards shall be returned to the Administrator at the expiration of the activity. The holder of an ID card issued by the organization shall carry his ID card on his person when engaged in soliciting or peddling and shall display the ID card to any person who shall request to see it.

If during the period a company, firm, corporation or partnership is registered there is any change in the factual information furnished to the Administrator under this subsection, the new information shall be fully and promptly communicated in writing to the Administrator upon a form furnished by the Administrator.

- (b) Any person excepted by this section from the provisions of this subtitle who is involved in the selling of foodstuffs of any kind shall not be exempt from complying with appropriate health regulations of the Bureau of Environmental Health of the Howard County Health Department.

(C.B. 54, 1977; C.B. 8, 1978; C.B. 69, 1991; C.B. 12, 2016, § 1)

Sec. 14.707. - Hours of operation.

Soliciting or peddling shall be conducted within the County only between 9:00 a.m. and sunset each day, except that the peddling of foodstuffs from a vehicle shall be permitted between the hours of 7:00 a.m. and 10:00 p.m. each day.

(C.B. 54, 1977; C.B. 8, 1978; C.B. 1, 2016, § 1)

Sec. 14.708. - Listing of identification card holders and registered organizations.

The Administrator shall maintain a current listing of all holders of ID cards issued under this subtitle and of all organizations registered with the Administrator, as provided in section 14.706. The Administrator shall furnish a copy of the listing and any changes in factual information furnished to the Administrator by ID card holders and registered organizations to the Howard County Police Department.

(C.B. 54, 1977; C.B. 8, 1978)

Sec. 14.709. - Annual report.

Subject to section 22.1000 of the County Code, the Administrator shall submit to the County Executive and County Council each year a report on the work of the office in carrying out the provisions of this subtitle during the previous year.

(C.B. 54, 1977; C.B. 8, 1978; C.B. 69, 1991; C.B. 43, 2018, § 1)

Sec. 14.710. - Penalty.

Any person who violates any of the provisions of this subtitle shall be guilty of a misdemeanor and, upon conviction, shall be fined not less than \$50.00 nor more than \$500.00 or imprisoned for not more than 30 days, or be both fined and imprisoned. Alternatively or in addition to and concurrent with all other remedies, the Office of Consumer Protection or the Police Department may enforce this subtitle with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A first violation of this subtitle shall be a Class D offense. Subsequent violations shall be Class B offenses.

Sec. 14.901. - Rental housing license.

- (a) *Rental Housing License Required.* Except as provided in subsection (b) of this section, the owner of a dwelling unit in Howard County that is within the scope of the Howard County Property Maintenance Code for Rental Housing shall not rent or lease a dwelling unit unless the owner obtains a rental housing license under this subtitle.
- (b) *Exceptions:*
 - (1) Subsection (a) of this section does not apply to an occupancy of less than 90 days if:
 - (i) The seller of a dwelling unit allows the purchaser to occupy the dwelling unit prior to settlement; or
 - (ii) The purchaser of a dwelling unit allows the seller to occupy the dwelling unit after the settlement.
 - (2) A rental housing license is not required for a hospital or a prison.
- (c) *Rental Housing License Fee.* Upon the recommendation of the County Executive, the County Council shall set by resolution the amount of a rental housing license fee, license transfer fee, and any other special fee associated with the licensing of rental housing.

(d) *Application:*

- (1) The owner of a dwelling unit shall apply for the license and pay all appropriate fees. An application for a rental housing license shall be made on a form provided by the Director and submitted together with the license fee. If any information contained on an application changes after a license is issued, the license holder shall provide the Director with the updated information.
- (2) A rental housing license application shall include:
 - (i) A description of the dwelling unit by unit number (if appropriate), house number, street name, zip code, and the name of the complex if the dwelling unit is located in a named complex;
 - (ii) The name and address of:
 - a. The owner of record and of the managing operator;
 - b. If the owner is a corporation, the name and address of the resident agent; and
 - c. The homeowners association or common ownership community, if applicable;
 - (iii) The name and business address of an adult individual who:
 - a. Is a resident of Maryland;
 - b. Is customarily present in a business office in Maryland; and
 - c. Who shall be designated by the owner as the owner's authorized agent for receiving notices, court process, and other papers on behalf of the owner; however, an owner who is a natural person, resident of Maryland, and who is customarily present in a business office in Maryland may designate themselves as the authorized agent;
 - (iv) The type of dwelling unit;
 - (v) The number of units and stories;
 - (vi) Date and type of construction;
 - (vii) Type of smoke detectors;
 - (viii) Type of heating system;
 - (ix) Type of hot water heating;
 - (x) Source of water;
 - (xi) Type of sewage disposal; and
 - (xii) Certification from the homeowner that homeowner association or common ownership community fees for the dwelling unit are not more than 30 days past due.

(e) *Issuance of License.*

- (i) Upon receipt of an application for a rental housing license, the Director shall inspect the dwelling unit.
- (ii) The Director shall issue a license if the dwelling unit meets the requirements of the Howard County Property Maintenance Code for Rental Housing and the Homeowners Association or Common Ownership Community has not submitted proof of a final adjudication against the homeowner for unpaid fees relating to the unit.
- (iii) If the Director does not issue a license, the Director shall issue a written denial that states what must be done to bring the dwelling unit into compliance with this section.
- (iv) If the Director is satisfied that the deficiencies stated in a denial have been corrected, the Director shall issue a license for the dwelling unit.

- (f) *Renewal of License.*
- (i) A rental housing license may be renewed if: The dwelling unit continues to meet the requirements of the Howard County Property Maintenance Code for Rental Housing other requirements under this section of the Howard County Code, and has provided updated information in the rental license application.
 - (ii) If the requirements of the rental license application as set out in this section are not met, the Director shall issue a written denial that states what must be done to bring the dwelling unit in compliance with this section.
 - (iii) If the Director is satisfied that the deficiencies stated in a denial have been corrected, the Director shall issue a renewal license for the dwelling unit.
 - (iv) The Director shall not issue a renewal license for any dwelling unit for which there are outstanding violation notices from any County agency.
- (g) *Duration of License.* A rental housing license is valid for a period of two years. If a license is reissued after revocation or a license is renewed after correction of an outstanding violation, the Director may limit the license to a six-month period. The Director may limit future renewals after the six-month period to one-year periods for a period of three years, until it is confirmed that the dwelling unit is being maintained to standards set forth in the Howard County Property Maintenance Code for Rental Housing. The fee for the six-month or one-year renewal shall be prorated based on the fee for a two-year license.
- (h) *Transfer of License.* If there is a change of ownership of a dwelling unit and the new owner applies to the Director for a transfer within 15 days of the change of ownership, the license may be transferred to the new owner for the unexpired portion of the term for which it was issued. The application form for a transfer shall contain the same information as the application form for a new license. The Director may charge a transfer fee, to be set by resolution of the County Council upon recommendation of the County Executive.
- (i) *Suspension of License.*
- (i) The Director may suspend a rental housing license if the owner of a dwelling unit fails to correct a violation of the Howard County Property Maintenance Code for Rental Housing within the time period stated in the notice and order issued by the Director.
 - (ii) The Director may suspend a rental housing license if a homeowners association or common ownership community provides documentation of a final adjudication that the owner is more than 30 days past due on homeowners association or common ownership community fees for the dwelling unit.
 - (iii) The suspension under this subtitle shall end when:
 - a. The Director is satisfied that the violation has been corrected; or
 - b. The homeowners association or common ownership community submits to the Director documentation that the owner has made payment of overdue homeowners association or common ownership community fees.
- (j) *Revocation of License.* The Director may revoke a rental housing license if one of the following occurs:
- (i) The owner of the dwelling unit fails:
 - a. To keep the dwelling unit in good repair; or
 - b. To correct a violation within the time period stated in a notice or order issued by the Director;
 - (ii) The dwelling unit presents a danger to the health, safety, or welfare of the public or the occupants;

- (iii) The dwelling unit fails to comply with the provisions of the Howard County Property Maintenance Code for Rental Housing; or
 - (iv) The homeowners association or common ownership community provides documentation of a final adjudication that the owner is more than 30 days past due on homeowners association or common ownership community fees for the dwelling unit.
- (k) *Placard.* Upon denial, suspension, revocation, or expiration of a rental housing license, the Director shall place a placard upon the dwelling unit in accordance with the procedures set forth in the Howard County Property Maintenance Code for Rental Housing.

(C.B. 63, 2004; Ord. No. C.B. 80, 2006, § 3; C.B. 10, 2012, § 1)

Sec. 14.902. - Enforcement authority.

- (a) *In General.* The Director shall interpret, administer, enforce, and implement the provisions of this subtitle.
- (b) *Notices and Orders.* The Director may issue a notice or order to abate a violation of this subtitle.
- (c) *Inspections.* The Director may enter a dwelling unit at a reasonable time to make inspections pursuant to this subtitle. Inspections are performed for the protection and promotion of public safety, health, and welfare. Inspections, which are purely governmental in nature, are made solely for the public benefit and shall not be construed as providing any warranty or representation concerning the condition of the dwelling unit to the public.
- (d) *Right of Entry:*
 - (1) The owner, occupant, tenant, or other person in charge of a dwelling unit, property, or premises regulated by this subtitle shall give the Director entry and free access to any part of the dwelling unit, property, or premises for the purposes of inspection. If entry or access is refused or restricted, the Director may seek a court order to allow entry and free access.
 - (2) The occupant or tenant of a dwelling unit, property, or premises shall give the owner or operator access at reasonable times to make inspections and to carry out maintenance, repairs, or alterations necessary to comply with the provisions of this subtitle.

(C.B. 63, 2004; C.B. 80, 2006, § 3)

Sec. 14.903. - Notices and orders.

- (a) *Violations.* If the Director determines that there has been a violation of this subtitle or has reasonable grounds to believe that a violation has occurred, the Director shall give notice of the violation under subsections (b) and (c) of this section.
- (b) *Form.* The written notice shall include:
 - (1) A description of the dwelling unit sufficient for identification;
 - (2) A description of the violation; and
 - (3) A reasonable time period to correct the violation.
- (c) *Service.* The notice shall be sent to the owner. The notice is properly served upon the owner if a copy:
 - (1) Is delivered to the owner personally;
 - (2) Is sent by certified mail, return receipt requested, or first-class mail to the address of the owner listed on the rental housing license application;

- (3) Is sent by certified mail, return receipt requested, or first-class mail to the owner's authorized Maryland agent at the address listed on the rental housing application;
- (4) Is posted in a conspicuous place on the dwelling unit; or
- (5) If service cannot be obtained by one of the methods set forth above, service may be obtained by publishing the notice at least once in a local newspaper of general circulation.

(C.B. 63, 2004)

Sec. 14.904. - Appeal.

Any aggrieved person may appeal a decision of the Director to revoke, deny, suspend, or approve a rental housing license under this subtitle to a Board of Appeals' Hearing Examiner in accordance with title 2, subtitle 2 of the Howard County Code.

(C.B. 63, 2004)

Sec. 14.905. - Enforcement and penalties.

- (a) *Generally.* The Department may institute any action at law or equity, including injunction or mandamus, to enforce the provisions of this subtitle.
- (b) *Criminal Penalties.* A person who violates any provision of this subtitle or knowingly provides a false statement to the Department is guilty of a misdemeanor and upon conviction, is subject to a fine not exceeding \$1,000.00 or imprisonment not exceeding 30 days or both.
- (c) *Civil Penalties.* Alternatively, and in addition to and concurrent with all other remedies, the Department of Inspections, Licenses and Permits may enforce this subtitle pursuant to title 24, "Civil Penalties" of the Howard County Code. A violation of this subtitle is a Class B offense. Each day that a violation continues is a separate offense.

(C.B. 5, 2005, § 1)

Sec. 14.1008. - Application for an employee license.

- (a) Only an individual shall be eligible for an employee license.
- (b) For each individual listed in the application, the application shall include:
 - (1) The individuals:
 - (i) Full name, including maiden name, aliases, and names under which the individual has previously been known;
 - (ii) Date of birth, residence address, Social Security Number, and residence phone number at the time of application and for the three-year period preceding the date of application; and
 - (iii) Business address and business phone number at the time of application; and
 - (2) A complete set of fingerprints taken by the Howard County Police Department;
 - (3) Information regarding any pawnbroker or secondhand dealer-related permit or license issued in any jurisdiction which has been denied, suspended, or revoked and the reasons for the denial, suspension, or revocation;
 - (4) A State-issued photograph identification card or driver's license; and
 - (5) Three recent photographs of the individual required to be licensed, not more than two inches square.

(C.B. 5, 2005, § 1)

Sec. 14.1009. - Granting application.

The Director shall approve an application unless:

- (a) The information provided by the Applicant is incorrect or incomplete;
- (b) The Applicant has been convicted of a felony, crime of moral turpitude, or a violation of gambling, controlled dangerous substance, or theft laws;
- (c) The Applicant's license to act as a pawnbroker or secondhand dealer or as an employee of a pawnbroker or secondhand dealer in any jurisdiction has been denied, revoked, or suspended; or
- (d) The premises listed in the application does not meet the County's health, zoning, fire or building code requirements.

(C.B. 5, 2005, § 1)

Sec. 14.1010. - Operating requirements.

- (a) A pawnbroker or secondhand dealer establishment may be open to the public only between the hours of 7:00 a.m. and 10:00 p.m. and shall not conduct pawnbroker or secondhand dealer transactions with the public at any other time.
- (b) A pawnbroker or secondhand dealer shall not conduct business through the use of a drive-up window or other practice, service, or device that enables an individual to conduct business from a motor vehicle without leaving the motor vehicle.
- (c) A person licensed shall conspicuously display a license granted pursuant to this subtitle within the premises.

(C.B. 5, 2005, § 1)

Sec. 14.1011. - Trading with minors prohibited.

A pawnbroker or secondhand dealer shall not engage in pawnbroker or secondhand dealer transactions with an individual who is under the age of 18.

(C.B. 5, 2005, § 1)

Sec. 14.1012. - Recordkeeping requirements.

- (a) A pawnbroker or secondhand dealer shall maintain a record of each item purchased, bartered, exchanged, or received in the course of business, including a record of the disposition of the item.
- (b) The record shall be signed by the seller and the pawnbroker or secondhand dealer or an agent or employee of the pawnbroker or secondhand dealer, and shall include:
 - (1) The date, time, and place of the transaction;
 - (2) The name and address of the principal, if the transaction is conducted by an agent;
 - (3) A comprehensive description of the item, including any visible identification marks such as initials, name of manufacturer, model and serial number, owner applied identification numbers, and whether the item appears to be new or in its original box or packaging;
 - (4) The consideration received;
 - (5) For each individual from whom the pawnbroker or secondhand dealer acquires an item:
 - (i) The name, address, telephone number, date of birth, and driver's license number of the individual; or
 - (ii) Identification information about the individual that:
 - 1. Identifies the individual from at least two forms of identification, which may include an age of majority card, military identification, or passport; and
 - 2. Provides a physical description of the individual, including the gender, race, any distinguishing features, and approximate age, height, weight, hair and eye color of the individual; and
 - (6) The name, address, and telephone number for each individual to whom the pawnbroker or secondhand dealer sells or transfers the item.
- (c) The pawnbroker or secondhand dealer shall:
 - (1) Maintain the record for at least three years from the date of the transaction;
 - (2) Retain the record in an electronic data storage medium specified by the Police Department; and

- (3) Submit a copy of the record to the Police Department by electronically transmitting the record by 10:00 a.m. on the next business day after the transaction.

(C.B. 5, 2005, § 1)

Sec. 14.1013. - Holding periods.

- (a) A pawnbroker or secondhand dealer shall hold each item purchased or received in the course of business for ten days after submitting a copy of the record of the transaction or until the item is inspected by the Police Department, whichever occurs first.
- (b)
 - (1) A pawnbroker or secondhand dealer may submit to the Police Department a written request for a shorter holding period for a specific item.
 - (2) Within 96 hours after receiving the request, the Police Department shall approve or deny the request.
 - (3) If the Police Department does not respond to the request within 120 hours, the request is deemed to be approved.
- (c) During the holding period for an item, the pawnbroker or secondhand dealer:
 - (1) Shall tag the item in accordance with police department requirements;
 - (2) Shall store the item in a secure location on the premises that is separate from other items or at the off-site storage location listed in the application; and
 - (3) Shall not remove the item from the pawnbroker or secondhand dealer's licensed location of business or off-site storage location.
- (d) The holding period required by this section does not apply to a pawned item that is redeemed with the original pawn ticket.

(C.B. 5, 2005, § 1)

Sec. 14.1014. - Release of stolen property to the Police Department.

A pawnbroker or secondhand dealer is subject to the provisions of the business regulation article, section 12-401 of the Annotated Code of Maryland in regard to the release of stolen property to the Police Department.

(C.B. 5, 2005, § 1)

Sec. 14.1015. - Inspections and right of entry.

- (a) A pawnbroker or secondhand dealer shall allow an authorized member of the Department, the Police Department, or other enforcement agency to enter the pawnbroker or secondhand dealer establishment or storage premises at any reasonable time for the purpose of enforcing this subtitle.
- (b) If a pawnbroker or secondhand dealer refuses to allow entry, the County may seek a court order allowing entry.
- (c) An authorized member of the Department, the Police Department, or other enforcement agency shall have the right to enter a building, structure, or premises without the prior consent of the owner or occupant where there is evidence that a violation of this subtitle exists which threatens or may threaten the public health and safety for the purpose of enforcing the provisions of this subtitle. The authorized member of the Department, the Police Department, or other enforcement agency shall produce proof of identity prior to entry.

- (d) This section does not prohibit the Police Department from seeking a search warrant for the investigation of any criminal violation, including a violation of this subtitle.

(C.B. 5, 2005, § 1)

Sec. 14.1016. - Regulations.

The Chief of Police or the Director may adopt regulations to implement this subtitle.

(C.B. 5, 2005, § 1)

Sec. 14.1017. - Notice of violation.

- (a) Except as provided in subsection (c) of this section, if a violation of this subtitle is found, the Director shall provide to the licensee a written notice that describes the violation, specifies the action necessary to correct the violation, and sets forth the time to correct the violation.
- (b) The Director shall serve a notice of violation by certified mail, restricted delivery or by personal service. If service cannot be obtained by certified mail, restricted delivery or personal service, the notice may be posted in a conspicuous location on the pawnbroker or secondhand dealer establishment.
- (c) A notice of violation shall not be required if the licensee violates the same provision of this subtitle for which it had received one notice of violation within a 12-month period.

(C.B. 5, 2005, § 1)

Sec. 14.1018. - Denial, revocation or suspension of license.

- (a) The Director may issue an order denying, revoking, or suspending a license for the following reasons:
 - (1) The information provided by the licensee or Applicant in the application is incorrect, incomplete, or has not been updated as required by this subtitle;
 - (2) The licensee or Applicant has been convicted of a felony, crime of moral turpitude, or a violation of controlled dangerous substances, gambling, or theft law;
 - (3) The licensee or Applicant's permit or license to act as a pawnbroker or secondhand dealer in any jurisdiction has been denied, revoked, or suspended;
 - (4) A licensee has failed to comply with a notice of violation; or
 - (5) The licensee or Applicant has violated one or more of the provisions of this subtitle.
- (b) An order denying, revoking, or suspending a license shall be served upon the licensee or Applicant by certified mail, restricted delivery or by personal service. The order shall contain the reasons for the denial, revocation, or suspension. If service cannot be obtained by certified mail, restricted delivery or personal service, the notice may be posted in a conspicuous location on the pawnbroker or secondhand dealer establishment.
- (c) Within 30 days of the date of an order, a person aggrieved may appeal the order to suspend, revoke, or deny a license to the Department in accordance with administrative procedures act set forth at title 2, subtitle 1, article 3 of the Howard County Code. The filing of an appeal shall not stay the order of the Director.
- (d) Within 30 days of the date of the decision of the Department on the appeal of an order, a person aggrieved may appeal the decision to the Circuit Court of Howard County, Maryland in accordance

title 2, subtitle 1, article 3 of the Howard County Code. The filing of an appeal shall not stay the order of the Department.

(C.B. 5, 2005, § 1)

Sec. 14.1019. - Civil penalties.

- (a) The Department may institute any action at law or equity, including injunction or mandamus, to enforce the provisions of this subtitle.
- (b) Alternatively, and in addition to and concurrent with all other remedies, the Department may enforce the provisions of this subtitle with civil penalties in accordance with title 24 of this Code.
 - (1) A violation of section 14.1015 of this subtitle is a Class A offense.
 - (2) A first violation of any other provision of this subtitle is a Class B offense. A subsequent violation of any other provision of this subtitle is a Class A offense.
- (c) Each day that a violation continues is a separate offense.

(C.B. 5, 2005, § 1)

Sec. 14.1020. - Criminal penalties.

A person who violates any provision of this subtitle is guilty of a misdemeanor and on conviction is subject to a fine not exceeding \$900.00 or imprisonment not exceeding five months or both.

(C.B. 5, 2005, § 1)

Sec. 14.1021. - Severability.

If any part of this subtitle is held invalid, the invalidity shall not affect the other parts.

(C.B. 5, 2005, § 1)

SUBTITLE 11. - COMMON OWNERSHIP COMMUNITY REGISTRATION

Sec. 14.1100. - Purpose; applicability.

- (a) The purpose of this subtitle is to protect the public health, safety, and welfare by further enhancing the Department's ability to conduct fire safety inspections by requiring a Common Ownership Community to register with the Department.
- (b) This subtitle shall apply to common ownership communities as defined in this subtitle.

(C.B. 53, 2009, § 1)

Sec. 14.1101. - Definitions.

In this subtitle the following terms have the meanings indicated:

- (1) *Common area* means:
 - (i) All of a multifamily residential building, except the individual dwelling units; and

- (ii) The property owned by the Common Ownership Community that is surrounding the multifamily residential building.
- (2) *Common ownership community* means:
 - (i) A multifamily residential building that is subject to a condominium regime pursuant to Title 11 of the Real Property Article of the Annotated Code of Maryland; or
 - (ii) A multifamily residential "Cooperative Housing Corporation", as that term is defined in section 5-6B-01 of the Corporations and Associations Article of the Annotated Code of Maryland.
- (3) *Council of Unit Owners* shall have the meaning described in section 11-109 of the Real Property Article of the Annotated Code of Maryland.
- (4) *Department* means the Department of Inspections, Licenses and Permits.
- (5) *Director* means the Director of the Department of Inspections, Licenses and Permits or the Director's designee.
- (6) *Relevant fire safety requirements* means fire safety requirements set forth in:
 - (i) The Property Maintenance Code for Rental Housing, set forth in title 3, subtitle 7 of this Code;
 - (ii) The Howard County Fire Prevention Code, set forth in section 17.104 of this Code; and
 - (iii) The Howard County Building Code, set forth in title 3, subtitle 1 of this Code and any codes adopted in the Howard County Building Code by reference.

(C.B. 53, 2009, § 1)

Sec. 14.1102. - Registration.

- (a) A Common Ownership Community shall register with the Department annually on a form provided by the Department.
- (b) Upon the recommendation of the County Executive, the County Council may adopt a registration fee by resolution.
- (c) Within 30 days of the change, a Common Ownership Community shall notify the Department if there is a change in:
 - (1) The name of the community;
 - (2) The ownership interest of the community, including a change in a resident agent or officer;
 - (3) The management company or maintenance company; or
 - (4) Any other information required on the registration form.

(C.B. 53, 2009, § 1)

Sec. 14.1103. - Inspection and enforcement authority.

- (a) The Director shall interpret, administer, enforce, and implement the provisions of this subtitle for:
 - (1) Failure to register or failure to notify the Department of a change in information as required by this subtitle; or
 - (2) Failure to comply with relevant fire safety requirements.
- (b) The Director may:

- (1) Inspect a common area for compliance with relevant fire safety requirements; and
 - (2) Enter a common area at a reasonable time to make inspections pursuant to this subtitle.
- (c) Inspections, which are purely governmental in nature, are made solely for the public benefit and shall not be construed as providing any warranty or representation concerning the condition of the common area to the public.
- (d) The Common Ownership Community, occupant, tenant, or other person in charge of a common area subject to this subtitle shall give the Director entry and free access to any part of the common area, property, or premises for the purposes of inspection under this subtitle. If entry or access is refused or restricted, the Director may seek a court order to allow entry and access.

(C.B. 53, 2009, § 1)

Sec. 14.1104. - Notices of violation; citations.

- (a) If the Director determines that there has been a violation of this subtitle or of relevant fire safety requirements or has reasonable grounds to believe that a violation has occurred, the Director shall issue a notice of violation under this section.
- (b) A notice of violation:
- (1) Shall be in writing; and
 - (2) Shall include:
 - (i) A description of the Common Ownership Community sufficient for identification;
 - (ii) A description of the violation; and
 - (iii) A reasonable time period to correct the violation.
- (c) The Director may issue a citation for failure to comply with a notice of violation and a citation shall contain the information required by section 24.106(III) of this Code.

(C.B. 53, 2009, § 1)

Sec. 14.1105. - Service of notices of violation and citations.

- (a) Subject to subsection (b) of this section, a notice of violation and citation is properly served if a copy is hand delivered or sent by first class mail:
- (1) If the Common Ownership Community is incorporated:
 - (i) To the resident agent;
 - (ii) To the Council of Unit Owners of a condominium regime; or
 - (iii) To an officer of the corporation or to a member of the Board of Directors of a Cooperative Housing Corporation; or
 - (2) If the Common Ownership Community is not incorporated, to the Council of Unit Owners.
- (b) If service cannot be obtained by one of the methods set forth in subsection (a) of this section, service may be obtained by:
- (1) Publishing the notice of violation or citation at least once in a local newspaper of general circulation; or
 - (2) Posting the notice of violation or citation in a conspicuous place in the common area where the violation existed or has occurred.

- (c) In addition to the service requirements set forth in this section, a copy of the notice of violation or citation shall be sent to the management company or maintenance company for the Common Ownership Community.

(C.B. 53, 2009, § 1)

Sec. 14.1106. - Penalties.

- (a) The Department may institute any action at law or equity, including injunction or mandamus, to enforce the provisions of this subtitle.
- (b) A person who violates any provision of this subtitle is guilty of a misdemeanor and upon conviction, is subject to a fine not exceeding \$1,000.00 or imprisonment not exceeding 30 days or both.
- (c) Alternatively, and in addition to and concurrent with all other remedies, the department of inspections, licenses and permits may enforce this subtitle pursuant to title 24, "civil penalties" of the Howard County Code. A violation of this subtitle is a Class B offense. Each day that a violation continues is a separate offense.

(C.B. 53, 2009, § 1)

TITLE 15 - NATURAL RESOURCES

SUBTITLE 3. - FENCES

Sec. 15.300. - Party fences; duty as to.

When the lands of any two persons adjoin, each of them shall make and maintain one-half of the whole length of the line of fence between them, and if either of said persons shall fail or neglect to make his proportion of said fence, or to keep or put the same in good repair within 60 days after he shall have been notified and requested to do so in writing, then the party making said request may make or repair said fence at the expense of the party so neglecting or refusing, to be recovered from him in an action of debt, with costs of suit.

(P.L.L. 1930, Art. 14, § 194; 1912, Ch. 211; 1918, Ch. 238, § 2)

Sec. 15.301. - Same; hitherto unenclosed land.

Should any person wish to fence in any land which has hitherto been unenclosed, after having built his proportion of said fence, he shall give to the party whose land adjoins his notice in writing that he must erect his proportion of said fence within 60 days; and if the party so notified shall fail to erect his proportion of said fence, the same remedy as given in section 15.300 shall apply.

(P.L.L. 1930, Art. 14, § 195; 1918, Ch. 238, § 3)

Sec. 15.302. - Same; determination of cost.

Before proceeding, however, to make or repair the fences mentioned in sections 15.300 and 15.301, the person who has given the notification in writing shall apply to a judge of the district court of the said County, who, upon affidavit of the party that he has given such notice, and that said fence has not been erected or repaired within the time specified, shall summon three disinterested landholders, who shall view the said fence and shall determine the proper amount of money to be expended in erecting or

repairing the same in a good and substantial manner, and said inquisition shall be put in writing, and the party erecting or repairing such fence shall not expend more than said sum.

(P.L.L. 1930, Art. 14, § 196; 1918, Ch. 238, § 4)

Sec. 15.303. - Same; construction.

The fences to be made or kept in repair shall be at least four feet high, and shall be sufficiently close to prevent hogs from pressing through same; provided, said fence be not within five miles from the City of Baltimore.

(P.L.L. 1930, Art. 14, § 197; 1918, Ch. 238, § 5)

Sec. 15.304. - Same; compensation of appraisers.

The landowners summoned under section 15.302 shall be allowed the same per diem compensation as witnesses before the District Court of Howard County for each day they may be engaged in the performance of their duties.

(P.L.L. 1930, Art. 14, § 198; 1918, Ch. 238, § 6)

SUBTITLE 4. - BEVERAGE CONTAINERS³

Footnotes:

--- (3) ---

Editor's note— C.B. 26, 1977 repealed sub. 4, §§ 15.400—15.403, and enacted in lieu thereof a new sub. 4, §§ 15.400—15.413, pertaining to beverage containers. The act from which this subtitle is derived was approved at a referendum held in 1978. Certain sections failed to pass, and these have been noted at the proper places.

Sec. 15.400. - Definitions.

For the purposes of this subtitle, unless the context requires otherwise, the following words have the meanings given herein:

- (a) *Beverage* means beer or other malt beverages and mineral waters, soda water and similar soft drinks in liquid form and intended for human consumption, whether or not carbonated, but does not include uncarbonated water, soups, fluid milk products, natural or partially natural reconstituted or frozen fruit, vegetable or meat juices, or liquids intended for medicinal purposes only.
- (b) *Beverage container* means the individual, separate, sealed glass, metal or plastic bottle, can, jar or carton containing a beverage.
- (c) *Biodegradable material* means material which is capable of being broken down by bacteria into basic elements.
- (d) *Consumer* means every person who purchases a beverage container for use or consumption.
- (e) *Dealer* means every person in Howard County who engages in the sale of beverages in beverage containers to a consumer, and includes every person in Howard County who engages in the business of servicing and replenishing coin-operated vending machines in which beverages are sold

in beverage containers. However, "dealer" does not mean a church, school, political, civic or charitable group or organization.

- (f) *Director* means the Director of the Department of Inspections, Licenses and Permits of Howard County or his designee.
- (g) *Distributor* means every person who engages in the sale of beverages in beverage containers to a dealer in Howard County, including any manufacturer who engages in such sales.
- (h) *Manufacturer* means every person bottling, canning or otherwise filling beverage containers for sale to distributors or dealers.
- (i) *Place of business* means the location at which a dealer sells or offers for sale beverages in beverage containers to consumers.
- (j) *Refillable* means a beverage container which can be refilled at least five times and is so designated by type by the Director.
- (k) *Soft drink* means ginger ale, root beer, sarsaparilla, soda pop or any soda water, cola or other carbonated or noncarbonated beverage.
- (l) *Use or consumption* includes the exercise of any right or power over a beverage incident to the ownership thereof, other than the sale or the keeping or retention of a beverage for the purposes of sale.

(C.B. 26, 1976; C.B. 62, 1988)

Editor's note— Section 101 of C.B. 62, 1988, declared the bill effective July 1, 1989.

Secs. 15.401—15.404. - Reserved.

Editor's note— Section 15.401, relative to refund value required for beverage containers; § 15.402, requiring dealers and distributors to accept and pay refund value for empty beverage containers; § 15.403, authorizing dealers and distributors to refuse to accept certain empty containers; and § 15.404, requiring certain markings on beverage containers, were defeated in the 1978 referendum.

Sec. 15.405. - Certain metal beverage containers prohibited.

No person shall sell or offer for sale in Howard County any metal beverage container so designed and constructed that a part of the container is detachable in opening the container without the aid of a can opener.

(C.B. 26, 1976)

Sec. 15.406. - Certain connecting devices prohibited.

No person shall sell or offer for sale in Howard County any beverage containers connected to each other with plastic rings or similar devices which are not classified as biodegradable by the Director.

(C.B. 26, 1976)

Sec. 15.407. - Nonrefillable beverage containers prohibited.

No person shall sell or offer for sale in Howard County any beverage containers not designated as refillable by the Director.

(C.B. 26, 1976)

Sec. 15.408. - Authorization to certify certain beverage containers.

- (a) To promote the use in Howard County of reusable beverage containers of uniform design, and to facilitate the return of containers to manufacturers for reuse as a beverage container, the Director may certify beverage containers which satisfy the requirements of this section.
- (b) A beverage container may be certified if:
 - (1) It is reusable as a beverage container by more than one manufacturer in the ordinary course of business; and
 - (2) More than one manufacturer will, in the ordinary course of business, accept the beverage container for reuse as a beverage container and pay the refund value of the container.
- (c) The Director may by rule establish appropriate liquid capacities and shapes for beverage containers to be certified or decertified in accordance with the purposes set forth in subsection (a) of this section.
- (d) A beverage container shall not be certified under this section if by reason of its shape or design, or by reason of words or symbols permanently inscribed thereon, whether by engraving, embossing, painting or other permanent method, it is reusable as a beverage container in the ordinary course of business only by a manufacturer of a beverage sold under a specific brand name.

(C.B. 26, 1976)

Sec. 15.409. - Granting certification of beverage containers; review and withdrawal of certification granted.

- (a) Unless an application for certification under section 15.408 is denied by the Director within 60 days after the filing of the application, the beverage container shall be deemed certified.
- (b) The Director at any time may review certification of a beverage container. If after such review, with written notice and hearing afforded to the person who filed the application for certification under section 15.408, the Director determines the container is no longer qualified for certification, he shall withdraw certification.
- (c) Withdrawal of certification shall be effective not less than 30 days after written notice to the person who filed the application for certification under section 15.408 and to the manufacturers referred to in subsection (b) of section 15.408.

(C.B. 26, 1976)

Sec. 15.410. - Certification and withdrawal procedures.

The procedures for certification or withdrawal of certification provided for in sections 15.408 and 15.409 shall be in accordance with the Howard County Administrative Procedure Act.

(C.B. 26, 1976)

Cross reference— Administrative Procedure Act, § 2.100 et seq.

Sec. 15.411. - Penalties.

Any person found guilty of violating this subtitle shall be guilty of a misdemeanor and shall be punished by a fine not to exceed \$100.00. Each day of violation shall constitute a separate offense.

(C.B. 26, 1976)

Sec. 15.412. - Authority to study and report on effectiveness of this subtitle.

- (a) During the period commencing on the enforcement date of this subtitle, and ending when he submits the report provided for in subsection (b) of this section, the County Executive shall cause to be conducted a study of the operation of the provisions of this subtitle that shall include but not be limited to an analysis of:
- (1) The problems if any, incurred in the distribution, sale and return of beverage containers subject to the provisions of this subtitle, including the effect, if any, on tax revenues accruing to Howard County;
 - (2) The effectiveness of the provisions of this subtitle in reducing energy consumption, solid waste and the incidence of the littering by beverage containers in Howard County;
 - (3) The effect of the provisions of this subtitle on consumer beverage prices;
 - (4) The degree of consumer acceptance of the provisions of this subtitle;
 - (5) The costs incurred in the enforcement of the provisions of this subtitle.
- (b) Not later than 12 months following the enforcement date of this subtitle, the County Executive shall prepare and submit to the County Council a report of his findings made pursuant to subsection (a) of this section and his recommendations with respect to any legislative proposals considered by him to be necessary as the result of the study conducted as required by subsection (a) of this section.

(C.B. 26, 1976)

Sec. 15.413. - Enforcement date.

- (a) The enforcement of the subtitle, except for sections 15.405, 15.406 and 15.407, shall not take effect until January 1, 1977.
- (b) Section 15.405 or 15.406 or 15.407 of this subtitle severally or together shall take effect when two counties contiguous to Howard County enact substantially similar legislation.

(C.B. 26, 1976)

SUBTITLE 5. - AGRICULTURAL PRESERVATION^[4]

Footnotes:

--- (4) ---

Editor's note— C.B. 63, 2018, § 1, adopted Oct. 9, 2018, changed the title of subtitle 5 from "Agricultural Land Preservation" to the present title.

Editor's note— Subtitle 5, §§ 15.501—15.510, was repealed and reenacted to read as set out in §§ 15.500—15.521 by C.B. 10, 1993. The subtitle was formerly derived from C.B.'s 13, 1978; 47, 1979; 2, 1981; 7, 1983; 39, 1983; 3, 1985; 49, 1986; 72, 1987; 3, 1988; 62, 1988; 9, 1989; 17, 1989; 45, 1989; 151, 1991.

State Law reference— Agricultural land preservation, Ann. Code of Md., Agriculture article, § 2-501 et seq.

Sec. 15.500. - Short title; findings; purpose.

- (a) *Short Title.* This subtitle may be known as the Howard County Agricultural Sustainability and Land Preservation Act.
- (b) *Findings.* Much of the agricultural land in the County is in jeopardy of being lost for any agricultural purpose because of development pressures stemming from rapid growth in the region's population. It is in the public interest to preserve these agricultural lands and a robust agricultural economy because:
 - (1) Agricultural lands enhance the material and aesthetic quality of life in the County and are valued by both urban and rural residents;
 - (2) Maintaining viable farms makes possible the provision of fresh, high quality food close to the consumer;
 - (3) Agricultural lands serve as valued natural and ecological resources by providing needed open spaces for clean-air sheds, watershed, and floodplain protection;
 - (4) Preservation of agricultural land provides an eventual saving in the cost of public services that development would otherwise require.
- (c) *Purpose.* The purpose of this act is to protect the health, safety and well-being of present and future residents of Howard County by advancing the sustainability of agriculture as a viable sector of the County's economy and by conserving and protecting 30,000 acres of agricultural land as a resource of major importance. The County intends to acquire development rights by purchase of the land, by purchase of the development rights and by acceptance of dedicated remainders from cluster subdivision pursuant to the subdivision and zoning regulations. The County also intends to support farming, agricultural endeavors and its investment in easements by offering technical assistance, promoting agribusiness innovation, and developing future market opportunities.

(C.B. 10, 1993; C.B. 63, 2018, § 1)

Sec. 15.501. - Nonapplicability.

Except as expressly provided in this subtitle, the provisions of this subtitle do not apply to agricultural land preservation easements acquired by the County or districts established before the effective date of this act [May 1, 1993]. The law in effect at the time an easement was acquired will continue to govern easements acquired before the effective date of this act.

(C.B. 10, 1993)

Sec. 15.502. - Definitions.

For purposes of this subtitle, the following terms shall have the meanings indicated:

 - (2) Has been determined by the County Council to be a public interest use.
- (o) *Tenant housing* means housing for workers fully engaged in operation of the agricultural use and their families.

(C.B. 10, 1993; C.B. 19, 2006, § 1; C.B. 63, 2018, § 1)

Sec. 15.503. - Agricultural Preservation Board.

- (a) *General Provisions.* General provisions applicable to this Board are set forth in subtitle 3, "Boards and Commissions," of title 6, "County Executive and the Executive Branch," of the Howard County Code.
- (b) *Establishment; Number of Members; Method of Appointment.* There is an Agricultural Preservation Board consisting of seven members who shall be appointed by the County Executive and confirmed by the County Council. When exercising the power of appointment and confirmation, the County Executive and County Council shall consider, at a minimum, the following areas including, without limitation:
 - (1) In order to ensure that members represent the diversity of farms and agricultural endeavors within the County, when appointing members under subsection (c)(2) of this section, consideration should be given to individuals based on the following criteria including, without limitation:
 - (i) Size of the agricultural operation;
 - (ii) Location of the farm or agricultural endeavor;
 - (iii) Type of farming or other agricultural endeavors; or
 - (iv) Participation in the ALP Program or the State of Maryland Land Preservation Foundation.
 - (2) When appointing members under subsection (c)(4) of this section, consideration should be given to individuals with experience or knowledge in the following areas including, without limitation:
 - (i) Land easements;
 - (ii) Real estate;
 - (iii) Agricultural economic development;
 - (iv) Sciences that relate to agriculture; or
 - (v) Other relevant experience.
- (c) *Membership:*
 - (1) All members shall be residents of Howard County.
 - (2) At least three of the members shall receive at least 50 percent of their annual income, at the time of their appointment, from active farming;
 - (3) At least one member shall own and farm property subject to an easement in the County's ALP Program;
 - (4) At least two of the members shall not receive income from agricultural endeavors.
 - (5) The Board may recommend board members to the County Executive based on the criteria listed in subsections (b)(1) and (b)(2) of this section.
- (d) *Executive Secretary.* A County employee from the Office of Community Sustainability shall be assigned to serve as the Executive Secretary to the Board and shall attend all meetings.
- (e) *Meetings.* The Board shall meet at least once every three months and more frequently as necessary to conduct the affairs of the Board. Meetings may be called by the chair or by any two members. The Board may decide not to meet one month in the spring and one month in the fall for the planting and harvesting seasons.
- (f) *Voting.* Any action or recommendation of the Board shall be by the affirmative vote of a majority of the members, except that five affirmative votes are needed to recommend to the County Executive acquisition of an easement.

- (g) *Conflict of Interest.* If a member of the Board or the member's spouse, parent, child, or affiliated business interest has a financial interest in a parcel, an offer may be made to sell an easement in the parcel to Howard County, provided that:
- (1) Pursuant to provisions of the Howard County Charter and the Howard County Code regarding conflicts of interest, the County Council has authorized the member to negotiate with the County for sale of the easement; and
 - (2) The Board member, in their Board capacity, does not participate in any discussions concerning price, terms of purchase or other issues related to the purchase; and
 - (3) The Board member abstains from discussing and voting on the Board's recommendation to the County Executive regarding the purchase of the parcel, and the price and terms.
- (h) *Duties and Responsibilities.* The Board shall have the following duties:
- (1) For the County Executive and County Council, the Board shall:
 - (i) Make recommendations on:
 - a. The acquisition of easements as provided in this subtitle;
 - b. The criteria and method for calculating the price for purchase of an easement;
 - c. ALP Program policy, and agricultural policy in general;
 - d. Agricultural and agricultural preservation issues by providing written or oral testimony; and
 - (ii) Listen to concerns and ideas of individuals, institutions, and organizations on agricultural issues affecting the County; and
 - (iii) Report annually on the status of the program and issues of particular interest or concern to the agricultural community.
 - (2) For the Department, the Board shall:
 - (i) In accordance with the terms of the deed of easement and this subtitle, review and make recommendations on proposals for:
 - a. The location of permitted lots and dwellings;
 - b. The construction of tenant housing;
 - c. Parcel subdivision of the land; and
 - d. Requests pertaining to an easement brought by the owners of the property subject to the easement. This section is not intended to limit the Department's police powers or the County's property rights under the easement;
 - (ii) Host or participate with the Department to conduct outreach, education or both, outreach and education, for potential easement applicants and existing property owners; and
 - (iii) Make recommendations on agricultural issues, including the evaluation of zoning related complaints and easement enforcement, based on the Board's knowledge of common and acceptable farming practices. This section is not intended to limit the Department's police powers related to zoning enforcement or the County's property rights under the easement;
 - (3) For the Hearing Examiner, the Board shall review and make recommendations on commercial solar facility and other conditional uses sought on easements as provided in the Howard County Zoning Regulations.
- (i) *Agricultural Preservation Advisory Board.* There is an Agricultural Preservation Advisory Board established pursuant to Title 2, subtitle 5 of the Agricultural Article of the Annotated Code of Maryland which makes recommendations on properties participating in the Maryland Agricultural Preservation Program. The advisory Board consists of five members of the Howard County

Agricultural Preservation Board who are also designated as members of the Agricultural Preservation Advisory Board. The other two members of the Howard County Agricultural Preservation Board shall not participate in the deliberations of the Agricultural Preservation Advisory Board.

(C.B. 63, 2018, § 1)

Editor's note— C.B. 63, 2018, § 1, adopted Oct. 9, 2018, added a new § 15.503, repealed § 15.504, and renumbered the existing § 15.503 as § 15.504. The former § 15.504 pertained to purchase of easements and derived from C.B. 10, 1993.

Sec. 15.504. - Methods of acquiring easements.

- (a) *Methods of Acquisition* . The County may acquire agricultural land preservation easements on land in the County in the following ways:
 - (1) By purchasing the development rights on eligible land.
 - (2) By dedication pursuant to the provisions of the zoning regulations concerning dedication of preservation parcels.
 - (3) By donation of the development rights on eligible land from the owners.
- (b) *Purchase of Easements* .
 - (1) There is a plan to finance the purchase of easements. The County Executive shall establish methods of paying landowners for these easements, including long-term obligations of the County through the use of installment purchase contracts. Since these contracts involve the spending of County money in future fiscal years, they are subject to approval by the County Council, pursuant to section 612 of the Howard County Charter. Contracts are exempt from the provisions of Section 19-205 and 19-206 of the Local Government Article of the Annotated Code of Maryland.
 - (2) The price of an easement shall be based on a pricing formula developed by the Board and approved by the County Executive and by resolution of the County Council.

(C.B. 10, 1993; C.B. 63, 2018, § 1)

Editor's note— C.B. 63, 2018, § 1, adopted Oct. 9, 2018, repealed § 15.504 and renumbered the existing § 15.503 as § 15.504. The former § 15.504 pertained to purchase of easements and derived from C.B. 10, 1993.

Sec. 15.505. - Easement administration.

- (a) *Procedures*. The Board may develop procedures for the review of parcels offering development rights to the County, the rating of desirability, the pricing of an agricultural land preservation easement, and the functioning of the ALP program and other related matters.
- (b) *Purchase Price Formula*. There is a purchase price formula for determining the price the County will pay per acre to purchase an agricultural land preservation easement. The formula shall be set by resolution of the County Council.
- (c) *Maps and Records*. The official maps of parcels subject to an agricultural land preservation easement are the 1 inch = 600 feet zoning maps. The Administrator shall update maps on a regular basis to reflect the addition of new parcels and the amendment of existing parcels.

(C.B. 10, 1993; C.B. 9, 2013, § 1; C.B. 63, 2018, § 1)

Sec. 15.506. - Easement eligibility criteria.

- (a) *Buying Easements.* Howard County may buy the development rights on a parcel provided that the purchase is consistent with the intentions and policies of the general plan and the parcel meets each of the criteria listed below:
- (1) *Developable.* The parcel shall be capable of being further developed to a greater residential density than presently exists or for nonagricultural uses. To meet this criteria, the parcel shall:
 - (i) Be in a zoning district which permits development to a higher residential density than presently exists; and
 - (ii) Be capable of being subdivided or developed for nonagricultural uses by right, notwithstanding the effect of the growth tier designation of the parcel on the County's general plan in terms of the parcel's major subdivision capability when the landowner applies to sell development rights to the County under this Act.
 - (2) *Size.* The parcel contains at least 20 contiguous acres.
 - (3) *Soils.* The parcel shall meet the following soils criteria:
 - (i) More than 50 percent of the parcel shall be U.S. Department of Agriculture capability Class I, II and III soils, and more than 66 percent of the parcel shall be Class I through IV soils; and
 - (ii) The parcel shall have:
 - a. A complete soil conservation and water quality plan approved by the local soil conservation district; and
 - b. Verification by the local soil conservation district that the plan reflects current conditions and activities on the land.
- (b) *Dedicated Acquisitions.* The criteria for the acceptance of development rights on a preservation parcel are that the parcel, if farmed, have a complete soil conservation and water quality plan approved by the local soil conservation district and verification that the plan reflects current conditions and activities on the land.
- (c) *Donated Acquisitions:*
- (1) The criteria for the acceptance of donated development rights on any parcel are that the parcel:
 - (i) If farmed, have a complete soil conservation and water quality plan approved by the local soil conservation district and verification that the plan reflects current conditions and activities on the land.
 - (ii) The parcel shall be capable of being further developed to a greater residential density than presently exists or for nonagricultural uses. To meet this criteria, the parcel shall:
 - a. Be in a zoning district which permits development to a higher residential density than presently exists; and
 - b. Be capable of being subdivided or developed for nonagricultural uses by right.
 - (2) Notwithstanding paragraph (1) of this subsection, an easement on real property may be donated to the County if the real property was released from an agricultural land preservation easement:
 - (i) To create a lot under section 15.514 of this subtitle; or
 - (ii) For a public interest use under section 15.516 of this subtitle.

(C.B. 10, 1993; C.B. 63, 2003, § 1; C.B. 19, 2006, § 1; C.B. 9, 2013, § 2; C.B. 23, 2017, § 1; C.B. 63, 2018, § 1)

Sec. 15.507. - Process for buying easements.

This process applies only to buying easements and does not apply to donated easements or to easements acquired by dedication of a preservation parcel.

- (a) *Applications.* An application to sell the development rights shall be submitted to the Administrator by the landowner. The application shall be in a form approved by the Department, shall contain the information required and shall be accompanied by a nonrefundable application fee, the amount of which is set by resolution of the County Council.
- (b) *Number of Applications.* A landowner may submit an application for each parcel or may submit a single application as part of a package for multiple contiguous parcels.
- (c) *Review by Administrator:*
 - (1) The Administrator shall review each application to determine if all eligibility criteria for acquiring an easement are met.
 - (2) If the eligibility criteria are met, the Administrator shall evaluate the parcel, considering geographic location, productivity, soil characteristics, accessibility, size, developability, contiguity to other land on which the County holds easements, restrictions and covenants on the land, comments from other County departments, and any other information which may assist the Board in evaluating the desirability of the property.
 - (3) The Administrator shall prepare a detailed report on the parcel and the pricing formula score and shall submit the report, the application and the Administrator's evaluation and recommendation to the Board for its consideration.
 - (4) If the eligibility criteria are not met, the Administrator shall reject the application and shall notify the landowner of the rejection and the reason(s) for rejection. The landowner may request the Board to review the Administrator's decision to reject the application.
- (d) *Review by Board:*
 - (1) The Board may review the application, the Administrator's report and recommendation and may make an on-site inspection of the parcel.
 - (2) The Board shall hold a public meeting to receive comments from the public as to whether the parcel offered is acceptable and desirable.
 - (3) After the public meeting, the Board shall determine the price to be offered according to the pricing formula and may provide any recommendations to the County Executive concerning the acquisition.
- (e) *Purchase:*
 - (1) *Offers to landowners.* After determining the price to be paid per acre, based on the pricing formula, the Board shall make an offering proposal to the landowner to purchase the development rights. An offer made under this section is subject to the availability of adequate borrowing authority.
 - (2) *Recommendation to County Executive.* If the landowner agrees to the price, terms and conditions of the offering proposal, the Board shall advise the County Executive of the agreement in a written notification briefly describing the property and the price, terms and conditions agreed upon.
 - (3) *Action by County Executive.* The County Executive may not modify the agreed upon price, terms and conditions, and may only approve or disapprove the purchase as proposed.

- (4) *Installment purchase; multiyear agreement; Federal tax exemption.* If the County is to pay the price in installments, County Council approval of a multiyear agreement is required, pursuant to section 612 of the Howard County Charter. In addition, if the County and the landowner intend that the interest paid under the installment purchase agreement is to be exempt from federal income taxation, the transaction shall comply with all relevant provisions of the Internal Revenue Code of 1986, as amended.

(C.B. 10, 1993; C.B. 19, 2006, § 1; C.B. 9, 2013, § 3; C.B. 63, 2018, § 1)

Sec. 15.507A. - Alternate process for the purchase of easements.

- (a) *Applicability.* Notwithstanding any other provision of this subtitle, the process under this section applies to the purchase of an agricultural land preservation easement if the source of all or a portion of the funds for the purchase is a State or Federal grant program that requires, as a condition of the use of the funds, that a process other than that contained in this subtitle be used.
- (b) *Price of Easement.* To determine the price the County will pay for an agricultural land preservation easement the Administrator shall use the formula under subsection 15.505(b) of this subtitle or other method required by the program from which the funds originate.
- (c) *Notification to Potential Participants.* The Administrator may advertise the requirements for participation in the program or may notify potential Applicants through any means authorized under the program from which the funds originate.
- (d) *Review by Administrator.* The Administrator shall prepare an analysis of the proposed purchase of an easement based upon criteria for qualification under the program from which the funds originate. If the purchase of the easement is approved by the regulatory or administrative authority for the program from which the funds originate, the Administrator shall include the analysis in a report submitted to the Board.
- (e) *Review by Board:*
 - (1) The Board shall review the application, the Administrator's report and recommendation and may make an on-site inspection of the parcel.
 - (2) The Board shall hold a public meeting to receive comments from the public as to whether the parcel offered is acceptable and desirable.
 - (3) The Board shall make a recommendation to the County Executive regarding the purchase of the easement. The Board may not revise the price to be offered for the purchase.
- (f) *Process for Purchase:*
 - (1) *Confirmation of price and conditions of sale.* The Administrator shall confirm the purchase price for the development rights and any specific conditions required with the appropriate regulatory or administrative authority, and shall notify the property owner in a manner consistent with the requirements of the program under which the funds are provided.
 - (2) *Recommendation to the County Executive.* If the landowner agrees to the price, terms and conditions of the offering proposal, the Administrator shall notify the County Executive in writing of the agreement describing the property, the price, funding sources, and the terms and conditions agreed upon.
 - (3) *Action by County Executive.* The County Executive may not modify the agreed upon price, terms, and conditions, and may only approve or disapprove the purchase as proposed.
 - (4) *Installment purchase; multiyear agreement.* If the County is responsible as a participating party to a contract that requires the payment of funds from a fiscal year beyond the year in which the contract is made, the contract shall be approved by the County Council as a multiyear agreement under section 612 of the Howard County Charter.

(C.B. 7, 1999; C.B. 9, 2013, § 4; C.B. 63, 2018, § 1)

Sec. 15.508. - Process for acquiring an easement by donation.

This section applies only to the donation of agricultural land preservation easements.

- (a) A landowner whose parcel meets the criteria of subsection 15.506(c) may apply to donate an easement to the County.
- (b) The application shall be completed by the landowner and submitted to the Administrator.
- (c) The Administrator shall make a report and recommendation to the Board. The Board shall then make a recommendation to the County Executive whether or not to accept the donation.
- (d) If the County Executive agrees to accept donation of an easement, the Executive shall send a letter to the landowner accepting the offer.

(C.B. 10, 1993)

Sec. 15.509. - Process for acquiring an easement by dedication of a preservation parcel.

The Administrator may accept easements on preservation parcels which meet the criteria of subsection 15.506(b) during the subdivision process as set forth in the subdivision regulations and shall notify the Board of any such acquisition.

(C.B. 10, 1993; C.B. 63, 2018, § 1)

Sec. 15.510. - Fee simple acquisitions.

Funds dedicated for the acquisition of agricultural land preservation easements may be used to purchase land in fee simple, provided that the land shall then be subject to all the restrictions of an agricultural land preservation easement.

(C.B. 10, 1993; C.B. 63, 2018, § 1)

Sec. 15.511. - Restrictions.

- (a) The restrictions and covenants imposed by the agricultural land preservation easement shall be held by the County or its assigns in perpetuity and shall run with the land and bind all subsequent owners.
- (b) Land subject to an agricultural land preservation easement may not be:
 - (1) Developed for purposes other than agricultural uses.
 - (2) Used for commercial, industrial or residential purpose except as provided in section 15.514 or section 15.516.
 - (3) Subdivided except as provided in section 15.514.
- (c) No dwellings may be constructed on land subject to an agricultural land preservation easement except as provided in section 15.514.

(C.B. 10, 1993)

Sec. 15.512. - Obligations.

- (a) *Soil Conservation and Water Quality Plan.* The landowner shall continue to maintain a current soil conservation and water quality plan, approved by the local soil conservation district, and shall implement the plan according to the approved schedule.
- (b) *Agricultural Value Not to Be Reduced.* The owner shall not reduce the agricultural value of the land by use of practices unacceptable to the United States Department of Agriculture and the Maryland Department of Agriculture. If the land is not cropped or managed for pasture, it shall be maintained to control erosion and noxious weeds.

(C.B. 10, 1993)

Sec. 15.513. - Enforcement/penalties.

- (a) *Inspection.* The Administrator shall have the right, with prior notice to the landowner, to enter the land on which the County holds an agricultural land preservation easement in order to inspect for compliance with the conditions of the deed of easement.
- (b) *Civil Penalties.* The County may impose civil penalties pursuant to title 24 of the Howard County Code for failure of the landowner to maintain and implement the approved soil conservation and water quality plan, which failure shall be a Class A offense.
- (c) *Damages.* The County may seek monetary damages of up to 25 percent of the value of the easement from a landowner who substantially reduces the value of the easement by engaging in practices which are unacceptable to the U.S. Department of Agriculture or the Maryland Department of Agriculture.
- (d) *Injunction.* In addition to other remedies, the County may seek an injunction to halt practices which violate the terms and conditions of the easement.

(C.B. 10, 1993; C.B. 63, 2018, § 1)

Sec. 15.514. - Rights.

- (a) *General.* The landowner retains all rights of a fee simple owner, except for the development rights which are extinguished by the easement and the restrictions and conditions imposed in the deed of easement pursuant to this subtitle. The agricultural land preservation easement is perpetual and does not grant the public any rights of access or rights to the use of the land.
- (b) *Limited Number of One-Acre Lots.* This subsection applies only to parcels of 50 acres or more. A landowner may subdivide one one-acre lot per 50 acres of the total contiguous acreage which is subject to the easement. The County will release the easement for each one-acre lot permitted after all the following conditions are met:
 - (1) The Board has approved the release of the easement after determining that each lot is located to minimize any disruption of existing or potential future agricultural activities; and
 - (2) The landowner repays the County the price per acre that the County paid for the easement for each lot released.
 - (3) The one-acre maximum lot size permitted under this section may be increased by a maximum of 20 percent pursuant to sections 104.E.6 and 105.E.6 of the Howard County Zoning Regulations.
- (c) *Limited Number of Dwellings.* Only the following dwellings, which may not be subdivided from the land, may be constructed on land subject to an agricultural land preservation easement, after the Board has determined that they are located so as to minimize disruption of existing or potential future agricultural activities:

- (1) An existing dwelling which is no longer habitable may be replaced, provided that the existing dwelling is demolished;
 - (2) If permitted under the deed of easement; tenant housing may be constructed at a density of one tenant dwelling per 25 acres; this density includes tenant housing which existed when the County acquired the easement;
 - (3) A landowner's dwelling, if:
 - (i) There were no dwellings other than tenant housing on the parcel when the County acquired the easement; and
 - (ii) The parcel is 50 acres or larger; and
 - (iii) The parcel is not a subdivision or separate portion of the parcel on which the County acquired the easement, unless the landowner has relinquished the right to subdivide one of the one-acre lots allowed pursuant to section 15.517.
- (d) *Parcel Subdivision*. If the right to subdivide has not been relinquished under the terms of the deed of easement, a landowner may subdivide a larger parcel into smaller parcels if all the following conditions are met:
- (1) The Board has reviewed the proposed subdivision and has determined that it meets requirements of this paragraph;
 - (2) Before subdivision the parcel is at least 100 acres;
 - (3) After subdivision, each parcel is at least 50 acres;
 - (4) After subdivision, the number of dwellings on each parcel does not exceed the numbers permitted by this section; and
 - (5) The deed of easement on the parcel is amended to allocate among the subdivided parcels any unexercised rights to create residential lots pursuant to this paragraph to ensure that no additional residential lots or dwellings are permitted as a result of the parcel subdivision.

(C.B. 63, 2003, § 1; C.B. 19, 2006, § 1; C.B. 53-2006, § 1; C.B. 9, 2013, § 5)

Sec. 15.515. - Exchange of easements.

- (a) *Authority* . In very limited circumstances and only where the exchange of easements would benefit the ALP program, the County may release the easement from land subject to a:
 - (1) Purchased easement;
 - (2) Donated easement; or
 - (3) Dedicated easement on a preservation parcel that is:
 - (i) Created, in accordance with the zoning regulations, on a density exchange option sending parcel; and
 - (ii) Subject to an agricultural land preservation easement.
- (b) *Value of the exchange* . An easement may only be exchanged for an easement on contiguous land of equal or greater acreage and agricultural value.
- (c) *Conditions to complete an exchange* . The exchange may not take place unless:
 - (1) The Board approves the exchange; and
 - (2) The subdivision regulations permit the exchange; and

- (3) The landowner bears all expenses in connection with the exchange, including, but not limited to, all subdivision fees, survey and engineering costs and any title search or title insurance required by the County.

(C.B. 10, 1993; C.B. 63, 2018, § 1)

Sec. 15.516. - Public interest uses.

At the request of the landowner and with the approval of the County Council, the County may release the easement on up to one acre of land for a public interest use provided that:

- (a) The Board, after public hearing, has recommended the release of the easement for the public interest use; and
- (b) The County Council, after public hearing, has passed a resolution finding that the proposed use is in the public interest and authorizing release of the easement; and
- (c) The landowner pays the County for the release at the same price per acre that the County paid to acquire the easement, plus interest at the general rate of interest.

(C.B. 10, 1993)

Sec. 15.517. - Optional right to exchange children's or grantor's lots.

A landowner who has the right to create one or more one-acre lots for the owner's personal use or the personal use of a child pursuant to the provisions of a deed of easement recorded prior to May 1, 1993, may, instead, elect to create one-acre lots permitted under section 15.514 on the following conditions:

- (a) The landowner relinquishes any further rights to create lots pursuant to the existing deed of easement; and
- (b) In determining the number of lots allowed by this election, any one-acre lots already created for the grantor or the grantor's children shall be deducted from the total number allowed pursuant to section 15.514;
- (c) The deed of easement is amended to reflect the exercise of this option.

(C.B. 10, 1993; C.B. 63, 2018, § 1)

Sec. 15.517A. - Optional right to build a dwelling in exchange for relinquishing the right to create a one-acre lot.

- (a) *Applicability.* The provisions of this section apply only on parcels smaller than 50 acres which have not been subdivided since the County acquired the easement, except for the creation of one-acre lots as permitted under the terms of the deed of easement. In addition, the parcel shall be one on which:
 - (1) The County acquired the easement before May 1, 1993;
 - (2) The landowner has the right to create one or more lots for the owner's personal use or the personal use of a child; and
 - (3) No dwelling of any kind existed at the time the County acquired the easement.
- (b) *Right to Build a Dwelling.* A landowner may build a dwelling which shall not be subdivided from the land, provided that the landowner relinquishes one of the one-acre lots to which he or she is entitled

under the terms of the deed of easement and amends the deed of easement to reflect the exercise of this option.

(C.B. 52, 1994)

Sec. 15.518. - Transitional provisions—Districts.

- (a) *Districts Required under Previous State Law.* Maryland Agricultural Land Preservation Foundation (the Foundation) law effective prior to July 1, 2007 required parcels to be included in agricultural land preservation districts before the landowner could offer an easement to the State. This requirement was repealed by Chapter 650 of the 2007 Laws of Maryland. This section deals with the status of the agricultural land preservation districts.
- (b) *Status of Districts in Which the State Has Purchased an Easement.* Pursuant to Chapter 650 of the 2007 Laws of Maryland, any district in which an easement has been transferred to the Foundation remains in force and may not be terminated.
- (c) *Status of Districts in Which the State Does Not Hold an Easement.* Pursuant to Chapter 650 of the 2007 Laws of Maryland, districts in which the State does not hold an easement were terminated as of July 1, 2012.

(C.B. 63, 2018, § 1)

Editor's note— C.B. 63, 2018, § 1, adopted Oct. 9, 2018, repealed the former § 15.518, and enacted a new § 15.518 as set out herein. The former § 15.518 pertained to Agricultural Land Preservation Board and derived from C.B. 10, 1993; C.B. 19, 2006, § 1; C.B. 68, 2016, § 1; C.B. 43, 2018, § 1.

Sec. 15.519. - Transitional provisions—Parcels subject to an agricultural land preservation easement acquired before May 1, 1993.

Except as specifically provided in this subtitle, the laws in effect prior to May 1, 1993 governing the use of parcels subject to an agricultural preservation easement, including the types and number of dwellings and the potential for subdivision, shall continue to govern all parcels which were subject to an agricultural land preservation easement prior to the effective date of this act.

(C.B. 10, 1993; C.B. 63, 2018, § 1)

Editor's note— C.B. 63, 2018, § 1, adopted Oct. 9, 2018, repealed the former § 15.519, and renumbered the former §§ 15.520 and 15.521 as §§ 15.519 and 15.520, as set out herein. The former § 15.519 pertained to the Maryland Agricultural Preservation Districts—authority, purpose, applicability; and derived from C.B. 10, 1993.

Sec. 15.520. - Transitional provisions—Districts.

- (a) *Districts Required Under Previous County Law.* Howard County agricultural land preservation law effective prior to May 1, 1993 required parcels to be included in agricultural land preservation districts before the landowner could offer the easement to the County. Pursuant to Council Bill No. 10-1993, that law was repealed and replaced by this subtitle which does not require the establishment of agricultural land preservation districts. There are parcels, however, which are in agricultural land preservation districts and which the landowners have not sold the development rights to the County. This section deals with the status of the agricultural land preservation districts.

- (b) *Status of Districts in Which the County Has Purchased an Easement.* All the parcels in which the County bought or was authorized to buy the easement before May 1, 1993 were in agricultural preservation districts. The district agreement for parcels subject to an agricultural preservation easement is superseded by the deed of easement and is hereby terminated.
- (c) *Status of Districts in Which the County Does Not Hold an Easement.* Districts in which the County does not hold an easement may continue as provided in the district agreement and pursuant to the law in effect when the district was created. However, the County shall terminate the district upon the written request of the landowner.

(C.B. 10, 1993; C.B. 63, 2018, § 1)

Editor's note— C.B. 43, 1980, repealed subtitle 1 of title 16 and enacted in lieu thereof a new subtitle 1. Formerly, subtitle 1 was derived from C.B. 41, 1975; C.B. 27, 1977; C.B. 47, 1979; C.B. 19, 1979; C.B. 22, 1979; and C.B. 58, 1979. The new subtitle was amended by C.B. 9, 1982; C.B. 39, 1982; C.B. 47, 1982; C.B. 28, 1984, C.B. 59, 1984; C.B. 13, 1986; C.B. 12, 1987; C.B. 17, 1987; C.B. 21, 1988; C.B. 47, 1988; C.B. 61, 1988; C.B. 62, 1988; C.B. 66, 1988; C.B. 25, 1989; C.B. 13, 1990; C.B. 10, 1991; C.B. 11, 1992; C.B. 38, 1992; and C.B. 99, 1992. A new subtitle, §§ 16.100—16.157, was added by C.B. 121, 1992.

State Law reference— Subdivision regulations, Ann. Code of Md. art. 66B, § 5.01 et seq.

ARTICLE I. - GENERAL

Sec. 16.100. - Short title.

This subtitle may be cited as the Subdivision and Land Development Regulations of Howard County, Maryland.

(C.B. 121, 1992)

Sec. 16.101. - legislative intent.

- (a) *Purpose.* The purpose of this subtitle is to promote the health, safety, and general welfare of the residents of the County by:
 - (1) Assisting orderly, efficient, and integrated development of land.

- (2) Providing the most beneficial relationship between the uses of land and buildings and the circulation of traffic throughout the County.
- (3) Using land and buildings in ways which avoid traffic congestion and which provide for pedestrian movement.
- (4) Guiding public and private policy and action in order to provide infrastructure, including:
 - (i) Adequate and efficient transportation by a variety of means, including alternatives to the automobile.
 - (ii) Water systems of adequate size and pressure for water supply and fire protection.
 - (iii) Sewerage and adequate drainage.
 - (iv) Schools, parks, playgrounds, recreation, and other public facilities.
- (5) Ensuring that land use is consistent with the transportation and the water and sewer elements of the general plan, zoning regulations, and zoning map.
- (6) Determining development densities in the County, in conjunction with the zoning map and regulations.
- (7) Providing for development and the erection of structures in areas free from danger of flooding, erosion, stream siltation, soil slump, unsuitable sanitary conditions and other hazards.
- (8) Preserving the scenic beauty and natural resources of the County, including wetlands, streams, water quality, topography, forests and other vegetation.
- (9) Ensuring appropriate development with regard to natural features.
- (10) Preserving cultural features and historic sites or structures.
- (11) Providing for adequate open space for recreation, light and air and to prevent overcrowding of the land and undue congestion.
- (12) Ensuring adequate provisions are made for public fire protection.
- (13) Providing uniform procedures and standards for the processing of subdivision plans.
- (14) Assisting County officials in securing adequate records of land titles.

(C.B. 121, 1992; C.B. 52, 2001, § 1)

Sec. 16.102. - Applicability.

This subtitle shall apply to all divisions of land and all development of land situated within Howard County, with the following exceptions:

- (a) *Comprehensive Development.* This subtitle shall not apply where it is inconsistent with the zoning regulations concerning comprehensive development in areas zoned new town, planned golf course community, mixed-use, or other planned unit development.
- (b) *Rights-of-Way or Land Acquisition or Disposition.* The provisions of this subtitle do not apply to parcel or lot line changes occurring as a result of highway, road, street, utility or other improvements which require acquisition or disposition of right-of-way or land by a public agency or a corporation regulated by the Public Service Commission, provided that any remaining lots shall be consistent with the zoning regulations.
- (c) *Minor Subdivisions and Resubdivisions:*
 - (1) *Exempt from sketch and preliminary plan.* Provided that the proposed subdivision does not involve public road improvements, a minor subdivision is exempt from the sketch plan and preliminary plan procedures of this subtitle. Initial submissions of minor subdivisions may be at the final plan stage.

- (2) *Plat to cover entire parcel.* Submissions shall cover the entire parcel being subdivided, except for agricultural preservation subdivisions or parcels of 50 acres or more that have not been previously included on a recorded plat.
 - (3) *Zoning.* The Department of Planning and Zoning may permit minor subdivisions or resubdivisions which are not in accordance with the minimum lot size requirements of the zoning regulations if:
 - (i) The minor subdivision or resubdivision improves the compliance of existing lots that do not meet current zoning bulk regulations by bringing the noncomplying lots as close to zoning compliance as possible; and
 - (ii) The remainder of the parcel after the minor subdivision or resubdivision is in accordance with the zoning regulations.
- (d) *Resubdivisions Exempt from Sketch and Preliminary Plan:*
- (1) Resubdivision plan approval is required in order to modify a previously recorded plat for residential and nonresidential properties by adding or deleting lots or modifying lot lines. A resubdivision is exempt from the sketch plan and preliminary plan procedures of this subtitle if:
 - (i) There are no public road improvements required; and
 - (ii) There is no addition to the area previously recorded, except for the inclusion of deeded acreage which only provides the site with access or public road frontage.Initial submissions of such resubdivisions may be at the final plan stage.
 - (2) Resubdivision lots shall be renumbered using the next highest unrecorded lot number in the subdivision.
- (e) *Agricultural Preservation Subdivisions Exempt from Sketch and Preliminary Plan.* Parcels in the agricultural preservation program which are eligible for subdivision are not required to submit a sketch plan or preliminary plan. The initial submission may be a final plan.
- (f) *Merger of Nonresidential Parcels.* Where two or more nonresidential parcels that have not been part of a previously recorded subdivision are to be merged and interior lot lines are to be eliminated, neither a sketch plan nor a preliminary plan is required as long as no public road improvements are required. The initial submission may be a final plan.
- (g) *Multifamily Development:* Existing parcels planned for multifamily dwellings are exempt from the subdivision submission requirements of this subtitle, if no additional lots are created and no public road improvements and no right-of-way dedication is required. Such projects are subject to the site development plan requirements and all other requirements of this subtitle.
- (h) *Pending Subdivisions and Developments.* Except as otherwise provided by law, if the processing requirements of sections 16.144, 16.147, and 16.156 of this subtitle are met, plans which have reached the following stages in the approval process prior to the effective date of this subtitle shall continue to be processed in accordance with the regulations which were in effect at the time of plan approval:
 - (1) Preliminary plan original signature or preliminary equivalent sketch plan original signature approval;
 - (2) Final plan approval letter for minor subdivisions and resubdivisions; or
 - (3) Site development plan original signature approval.If the approved plans fail to meet the processing requirements, the plans shall be resubmitted pursuant to this subtitle. Plan changes that alter the limits of submission or the limits of disturbance shall also be processed pursuant to this subtitle.
- (i) *Cemetery Preservation:*

- (1) *Time limits on Planning and Zoning extended.* The time limit requirements imposed on the Department of Planning and Zoning for approval/denial of a submitted sketch plan or preliminary equivalent sketch plan, preliminary plan, or final plan, pursuant to section 16.144 of this subtitle, and for approval/denial of a site development plan pursuant to section 16.156 of this subtitle, shall be extended to allow for compliance with the public meeting, recommendation and final decision making requirements of subtitle 13 of this title, "Cemetery Preservation."
- (2) *Milestones stayed.* If a cemetery boundary documentation and accommodation plan is required to be submitted for the first time after the approval of a sketch plan or a preliminary equivalent sketch plan, pursuant to subtitle 13 of this title, "Cemetery Preservation," then any milestone imposed, pursuant to section 16.144 of this subtitle, requiring the submission of a preliminary plan or a final plan, shall be stayed from the time of the submission of the cemetery boundary documentation and accommodation plan to the time of the decision by the Department of Planning and Zoning of that plan.

(C.B. 121, 1992; C.B. 13, 1993; C.B. 20, 1996; C.B. 15, 1998; C.B. 52, 2001, §§ 1, 2; C.B. 45, 2003)

Sec. 16.103. - Administration.

- (a) *Provide Information to All Parties.* The Department of Planning and Zoning shall keep all parties to a proposed subdivision or development advised in writing of the Department's recommendations and actions.
- (b) *Department of Planning and Zoning Responsible for Final Action.* The Department of Planning and Zoning is responsible for the final approval or disapproval of proposed subdivisions and site developments. In making its decision on a subdivision or site development plan the Department shall consider the reports and recommendations of the review committee and other appropriate agencies to which it has sent the plan for comment and recommendation.
- (c) *Plans Approved if They Comply with Requirements.* The Department of Planning and Zoning shall approve a subdivision or site development plan which:
 - (1) Complies with the requirements of this Title and the provisions of subtitle 11, "Adequate Public Facilities"; subtitle 12, "Forest Conservation,"; and subtitle 13, "Cemetery Preservation," of this title; and
 - (2) Is consistent with the zoning regulations.
- (d) *Plans Approved if No Action Within Prescribed Time Limitations.* If the Department does not act on a subdivision plan or site development plan within the time limits of this subtitle, the plan shall have automatic approval.
- (e) *Types of Final Action.* Final action by the Department of Planning and Zoning on a subdivision or site development submittal shall be:
 - (1) Approval;
 - (2) Approval with required modification; or
 - (3) Denial.
- (f) *Financial Obligations for Required Improvements; Developer's Agreement.* Upon approval of a subdivision or site development plan, the developer shall post financial obligations for the required public improvements. A developer's agreement and a major facilities agreement, if required, shall be executed between the developer and the County prior to recording of the record plat or signature approval of the site development plan. The agreement may provide that the developer may be partially released from the surety requirements of the agreement upon partial completion of the work in accordance with the criteria established by the Department of Public Works.

- (g) *Conflict with Other Regulations.* If a provision of this subtitle overlaps or contradicts another law covering the same subject matter, the provision which is more restrictive or imposes higher standards or requirements shall govern.
- (h) *Lots in a Proposed Subdivision May Not Be Sold.* The owner or agent of an owner of a proposed subdivision shall not transfer or sell any proposed lots within the subdivision before it has received final plat approval and been recorded or filed in the office of the Clerk of the Circuit Court for Howard County. The description of a lot or parcel by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from this prohibition. Violations shall be enforced pursuant to section 16.106 of this subtitle.
- (i) *Building and Other Permits:*
 - (1) The Department of Planning and Zoning shall not endorse a building permit in any subdivision or development until and unless the requirements of these regulations have been met.
 - (2) If a site development plan is required by these subdivision regulations, no permit shall be issued for the construction, alteration, or use of a structure or lot unless:
 - (i) Signature approval of the site development plan original is complete; and
 - (ii) The permit is in accordance with the approved site development plan.
- (j) *Correction Plats.* The Department of Planning and Zoning may administratively approve corrections or revisions to previously recorded plats which do not change the number of lots or the lotting plan. The addition or modification of any public or private easements must be processed as a correction plat and recorded in the land records of Howard County, with the exception of revertible easements and easements for on-site sewage disposal systems.
- (k) *Fees.* Fees for the processing of plans pursuant to this subtitle shall be established by the County Council with recommendations from the Department of Planning and Zoning. The Department of Planning and Zoning may refund any portion of fees if the Director determines an error was made in collecting the fee.

(C.B. 121, 1992; C.B. 3, 1993; C.B. 20, 1996; C.B. 52, 2001, § 2)

Sec. 16.104. - Waivers.

- (a) *Authority to Grant.* So that substantial justice may be done and the public interest secured, the Department of Planning and Zoning may grant waivers of the requirements of this subtitle, except as prohibited in subsection (d), in situations where the Department finds that extraordinary hardships or practical difficulties may result from strict compliance with this subtitle or determines that the purposes of this subtitle may be served to a greater extent by an alternative proposal.
- (b) *Conditions Under Which Waiver May Be Granted.* The Department of Planning and Zoning may approve a waiver to a provision of this subtitle provided that:
 - (1) The developer has presented a petition demonstrating the desirability of waiver; if the County requests additional justifying information, the information must be submitted within 45 days of the Department's letter of request. If the information is not submitted by the deadline, the Department shall deny the petition.
 - (2) The waiver shall not have the effect of nullifying the intent and purpose of this subtitle.
 - (3) Within 30 days of the date of the Department's decision letter regarding a waiver petition, the developer may submit additional information to support a request for the Department to:
 - (i) Modify any approval conditions;
 - (ii) Reverse the Department's denial; or
 - (iii) Add or delete specific waiver requests.

- (4) After 30 days, requests for reconsideration will require a new petition for a waiver and payment of fees in accordance with the adopted fee schedule.
 - (5) Any waiver to the minimum requirements of this subtitle in regard to a particular subdivision or development shall be appropriately noted on the final plat or site plan.
- (c) *Period of Validity.* The waiver petition, if approved, will remain valid for 12 months from the date of approval or as long as a subdivision or site development plan is being actively processed in accordance with the processing provisions of section 16.144 of this subtitle. Subdivisions or site developments which fail to meet the processing requirements will be required to submit a new waiver request. Waivers granted to extend time limits for plan processing will remain valid for the time duration specified.
- (d) *No Waivers of Floodplain, Wetland, Stream, or Steep Slope Regulations in the Tiber Branch Watershed.* The Department may not grant waivers of any requirement of section 16.115 or section 16.116 of this title for any property located in the Tiber Branch Watershed unless the waiver:
- (1) Was requested on or before November 7, 2016;
 - (2) Is necessary for the reconstruction of existing structures or infrastructure damaged by flood, fire, or other disaster;
 - (3) Is necessary for the construction of a stormwater management or flood control facility as part of a redevelopment project;
 - (4) Is necessary for the retrofit of existing facilities or installation of new facilities intended solely to improve stormwater management or flood control for existing development;
 - (5) Is requested as part of a development proposal and the Director of the Department of Public Works, or his designee serving as Floodplain Administrator, finds that upon completion of construction of the development, which may include off-site improvements within the Tiber Branch Watershed, there will be improvement to flood control in the Tiber Branch Watershed at least ten percent more than what would otherwise be required by law; or
 - (6) Is necessary for the construction of an addition, garage, driveway or other accessory use improvement of an existing residential structure on property located within the Tiber Branch Watershed that increases the square footage of the impervious surfaces on the property by no more than 25 percent over the square footage of impervious surfaces that existed on the property prior to the effective date of this bill [Dec. 9, 2016].

(C.B. 121, 1992; C.B. 20, 1996; C.B. 52, 2001, § 2; C.B. 80, 2016, § 1)

Sec. 16.105. - Appeals.

- (a) *Appeal to Board of Appeals.* A person aggrieved by an order of the Department of Planning and Zoning may, within 30 days of the issuance of the order, appeal the decision to the Board of Appeals.
- (b) *Appeal to Circuit Court.* The decision of the Board of Appeals may be appealed to the Circuit Court for Howard County in accordance with section 501 of the Howard County Charter.

(C.B. 121, 1992; C.B. 45, 2003)

Sec. 16.106. - Enforcement.

- (a) *In Violation of Approved Plan or Failure to have Approved Plan.* If property is developed, used, or maintained in violation of or without obtaining an approved final plan or site development plan, the County shall institute appropriate action to compel compliance. In addition to and concurrent with all other remedies, the County may enforce the provisions of an approved final plan or site development

plan with civil penalties pursuant to the provisions of title 24, "Civil Penalties," of this Code and subtitle 16 of this title. A violation shall be a Class B offense under title 24 of this Code or an offense subject to a fine in the amount set forth in section 16.1608 of this title.

- (b) *Transferring Land Prior to Subdivision Plan Approval:*
- (1) The County may enforce the provision which prohibits the transfer or sale of lots in a proposed subdivision before final plat approval and recordation with civil penalties pursuant to the provisions of title 24, "Civil Penalties," of this Code. A violation shall be a Class A offense.
 - (2) The County may enjoin such a transfer or sale by action for injunction brought in any court of equity jurisdiction.
 - (3) In addition to the foregoing the County may institute and maintain a civil action to set aside and invalidate any conveyance made in violation of the prohibition on transferring lots in an unapproved or unrecorded subdivision.
- (c) *Vacating of Plat.* The County may vacate a recorded plat when a developer fails to comply with the requirements of an executed developer's agreement and the value of the surety is insufficient for the County to complete the required public improvements if the following provisions apply:
- (1) No lots have been sold; and
 - (2) The current owner is unwilling to make the surety sufficient or to restrict sale of lots until the surety is made sufficient.
- (d) *County Shall Take Whatever Action Necessary.* Nothing in this section shall prohibit the County's taking whatever action is necessary to enforce the provisions of this subtitle and to protect the public health, safety and welfare.

(C.B. 121, 1992; C.B. 20, 1996; C.B. 52, 2001, § 2; C.B. 3, 2008, § 2)

Sec. 16.107. - Severability.

If any portion of this subtitle is held invalid or unconstitutional by a court of competent jurisdiction, that portion shall be deemed a separate, distinct and independent provision; and the holding shall not affect the validity of the remaining portions of the subtitle.

(C.B. 121, 1992)

Sec. 16.108. - Rules of construction; definitions.

- (a) *Rules of Construction.* The following rules apply to the text of this subtitle:
- (1) The particular shall control the general.
 - (2) In case of any difference of meaning or implication between the text of this subtitle and any caption, illustration, summary table, or illustrative table, the text shall control.
 - (3) The word "shall" is always mandatory and not discretionary. The word "may" is permissive.
 - (4) Words used in the present tense shall include the future; words used in the singular number shall include the plural; words used in the plural number shall include the singular.
 - (5) A *building* or *structure* includes any part thereof.
 - (6) The phrase *used for* includes *arranged for, designed for, intended for, maintained for, or occupied for.*
 - (7) The word *person* includes an individual, a corporation, a partnership, an incorporated association, or any other similar entity.

- (8) Unless the context clearly indicates the contrary, where a regulation involves two or more items, conditions, provisions, or events connected by the conjunction *and*, *or*, or *either/or*, the conjunction shall be interpreted as follows:
 - (i) *And* indicates that all the connected items, conditions, provisions, or events shall apply;
 - (ii) *Or* indicates that the connected items, conditions, provisions, or events may apply separately or in any combination; and
 - (iii) *Either/or* indicates that the connected items, conditions, provisions, or events shall apply separately but not in combination.
 - (9) The word *includes* shall not limit a term to the specified examples, but is intended to extend its meaning to all other instances or circumstances of like kind or character.
 - (10) All terms defined in subtitles 11 and 12 of this title, in the County zoning regulations and the Design Manual where occurring in this subtitle, shall have the meanings specified in those regulations.
 - (11) The word *County* means Howard County, Maryland. The word *State* means the State of Maryland. The term *County boundary* means any exterior boundary of the County.
 - (12) The terms *County Council*, *County Executive*, *Board of Appeals*, *Director of Planning and Zoning*, *Planning Board*, *County Solicitor*, *Director of Public Works*, *Director of Fire and Rescue Services*, *Director of Recreation and Parks*, *Department of Education*, and *County Health Officer* mean the respective council, boards and officers of the County.
 - (13) Throughout these regulations, all words, other than the terms specifically defined above and below, shall have the meaning implied by their context in these regulations or their ordinarily accepted definitions.
- (b) *Definitions*. As used in these regulations, the following terms shall be defined as follows:
- (1) *Active processing time* means the period of time after formal application for approval of a sketch plan, preliminary equivalent sketch plan, preliminary plan, final plan and plat, or site development plan during which the County is required to determine whether or not the development or subdivision plan or plat and attendant documents conform to County regulations. If a reviewing agency makes a written request to the developer for additional data or information, the time between issuance of the request and receipt of the reply is not part of the active processing time.
 - (1.1) *Adjoining property* means land which is touching or would be touching in the absence of an intervening utility or road right-of-way, other than a principal arterial highway, shall be considered adjoining for purposes of this subtitle.
 - (2) *Agricultural preservation subdivisions* means subdivisions of land in the County or State agricultural preservation programs, for which an agricultural preservation easement has been acquired pursuant to title 15, subtitles 5 and 6 of the Howard County Code and title 2, subtitle 5 of the Agricultural Article of the Annotated Code of Maryland.
 - (3) *Application, formal* means an application is formal when the Department of Planning and Zoning determines that the required number of plans and attendant documents have been submitted in the form required by these regulations and the appropriate fees have been paid.
 - (4) *Area, gross* means the entire area within a subdivision plan or plat or development project.
 - (5) Reserved.
 - (6) *Building development* means the improvement of land by the addition of structures.
 - (7) *Building envelope* means the area of a lot in which the principal buildings shall be located. The envelope is formed by the building restriction lines.

- (8) *Building restriction line* means lines established on lots to indicate the setbacks required by the zoning regulations for the zoning district in which the lot is located or the setbacks required by section 16.120 of this subtitle, if more restrictive.
- (8.1) *Bulk parcel* means bulk parcels may be recorded to permit a developer to stage subdivision or when project phasing is necessary because tentative housing allocations are not available. The bulk parcel must be resubdivided or developed in accordance with the pre-established phasing plan and may initially be buildable or non buildable depending on whether one housing unit allocation has been granted for the parcel.
- (9) *Capital budget* means the plan of the County, approved in the annual budget and appropriation ordinance, to receive and expend funds for capital projects during the first fiscal year included in the capital program.
- (10) *Capital program* means an annual document approved by resolution of the County Council indicating planned County capital projects authorized for the current fiscal year and for the following five fiscal years.
- (11) Reserved.
- (12) *Dedication* means the offering for conveyance of land or public improvements for any general and public uses, reserving to the owner no other rights than those of the general public.
- (13) *Design manual* means Howard County's technical standards, approved by resolution of the County Council, for design, construction and inspection of bridges, roads, storm drain structures, stormwater management systems, sidewalks, walkways, pathways, trails, parking areas, traffic-control devices, water and sewer facilities, and other improvements.
- (14) *Developer* means an individual, partnership, public agency or corporation (or their agent) that undertakes the responsibility for any or all of the activities covered by this subtitle, particularly the designing of a subdivision or site development plat or plan showing the layout of the land and the required public improvements. The term *developer* is intended to include the term *subdivider* even though the personnel involved in successive stages of the project may vary.
- (15) *Develop* or *development* means the establishment of a principal use on a site; a change in a principal use of a site; or the improvement or alteration of a site by the construction, enlargement, or relocation of a structure; the provision of stormwater management or roads; the grading of existing topography; the clearing or grubbing of existing vegetation; or any other non-farming activity that results in a change in existing site conditions.
- (16) Reserved.
- (17) *Developer's agreement* means an agreement between the County and the developer, covering the developer's financial obligations for all required public improvements relating to the subdivision.
- (18) Reserved.
- (18A) *Driveway* means a privately owned and maintained road which provides direct vehicular access from a public or private road to one or more lots or parcels.
- (19) Reserved.
- (20) *Final plat* means the official record of a division of land approved by the Department of Planning and Zoning and recorded in the land records of Howard County.
- (21) *Final subdivision plan* means a final plat and supporting detailed plans and data demonstrating that all technical requirements of the County's regulations have been met.
- (22) *Fire lane* means a lane within a road or a separate driveway to provide adequate emergency vehicle access.
- (23) *Floodplain* means that area which would be inundated by stormwater runoff equivalent to that which would occur from a rainfall of 100-year frequency, assuming total development of the

watershed as shown in the general plan of the County. Floodplain determination shall be in accordance with the Design Manual.

- (24) *Frontage* means that portion of a lot or parcel of land which adjoins a public road that provides vehicular access to the property.
- (25) *General plan* means a plan for the County, approved by ordinance of the County Council, which includes, but is not limited to a plan for land use and land conservation and multiyear plans for transportation, public facilities, water, sewerage, parkland, housing, human services, historic preservation and environmental protection.
- (26) Reserved.
- (27) *Government action* means the action or inaction of a governmental agency in relation to a timely filed action by a developer. *Governmental agency* means an agency of the Federal, State, or local government, including, but not limited to, the U.S. Corps of Engineers, the Maryland Department of the Environment, the County Council, the Zoning Board, and the Board of Appeals.
- (28) *Health authority* means The Health Officer of Howard County or the officer's duly authorized representative.
- (28.1) *Initial plan submittal*. For required presubmission community meetings, the initial plan submittal is the:
 - (i) Zoning petition, if it includes a site plan or a preliminary development plan;
 - (ii) Conditional use petition, if required;
 - (iii) Sketch plan or preliminary equivalent sketch plan for a major subdivision;
 - (iv) Final plan for a minor subdivision or resubdivision; or
 - (v) Site development plan for single-family units on deeded parcels, or for condominium or rental units on a parcel which is not part of a recorded subdivision that authorized an equal or greater number of residential units than proposed on the site development plan.
- (29) *Landscape edge* means the area around the perimeter of a development designated for buffer or screen plantings in accordance with the Landscape Manual.
- (30) *Lot or parcel* means a piece of land described in a final plat or deed and recorded in the land records of Howard County in accordance with the laws and regulations in effect at the time of recordation.
- (31) *Maryland Coordinate System* means a system of plan rectangular coordinates established for defining and stating the position or location of points on the surface of the earth within the State of Maryland.
- (31.1) *Major subdivision* means the division of a residential or agricultural parcel into five or more residential lots, including buildable preservation parcels, but excluding open space and nonbuildable preservation parcels.
- (32) *Minor subdivision* means the division of a residential or agricultural parcel that has not been part of a previously recorded subdivision, into four or fewer residential lots (including buildable preservation parcels but excluding open space and nonbuildable preservation parcels), either all at one time or lot by lot. However, a lot of 20 acres or less created by a division approved by Howard County prior to January 1, 1984 in order to comply with a court-ordered partition of real property, shall not be considered part of a previously recorded subdivision within the meaning of this definition.
- (32.1) *Net area* means the *gross area* minus all steep slopes existing at the time of subdivision and the area within the 100-year floodplain.

- (33) *Open space* means a separate lot or area which provides for protection of the environment, for recreation or for public use, including: public facilities such as schools, libraries, fire stations and parks as shown on the general plan or hiking, biking, and equestrian trails.
- (34) *Owner* means the person or other legal entity holding current legal title.
- (35) *Parcel number* means a descriptive term used to identify portions of land contained in the tax maps of Howard County.
- (36) *Pathway* or *walkway* means as distinguished from a sidewalk and crosswalk which are incorporated in a street right-of-way, a pathway or walkway is a paved path within a ten-foot pedestrian right-of-way, usually extending from a street to another street, or to a school site, open space, or other public or general use area.
- (37) *Pavement* means that portion of a street or walkway surfaced for vehicular or pedestrian traffic and constructed according to the Design Manual.
- (38) *Phased subdivision* means a subdivision utilizing sequential development by sections pursuant to a sketch plan for the entire subdivision which includes a schedule for submission of plans for the various sections and a schedule for completion of these sections.
- (39) *Pipestem lot* means a residential lot that is shaped like a pipe or flag, and is separated from the nearest road by another lot, except for an unbuildable strip of land 50 feet or less in width.
- (40) *Preliminary equivalent sketch plan* means a sketch plan which also provides the information required with a preliminary plan.
- (41) *Preliminary plan* means the preliminary engineered drawings and supplementary material that indicate how the proposed layout of the subdivision will meet the technical requirements of the County regulations.
- (41.1) *Preservation parcel* means a parcel in the RC or RR zoning district that encompasses all or a portion of the preserved area of a cluster subdivision or receiving subdivision, or that is designated as a sending parcel on a final plat of easement. A preservation parcel is encumbered by a preservation parcel easement and may be buildable or nonbuildable depending on whether one of the housing units permitted by zoning will be located on the parcel.
- (41.2) *Preservation parcel easement* means a permanent easement that prohibits a preservation parcel from subdivision and most types of development, as specified in the requirements for the RC and RR zoning districts.
- (42) *Public* means open to common use, whether or not public ownership is involved.
- (43) *Public improvements* means public improvements include all the infrastructure and improvements which this subtitle requires a developer to install in a subdivision or land development.
- (44) *Recorded subdivision* means a subdivision which has been recorded pursuant to:
- (i) Approval by the Howard County Planning Commission prior to March 12, 1969;
 - (ii) Approval by the Department of Planning and Zoning on or after March 12, 1969; or
 - (iii) A plat recorded prior to the requirement for County approval, including, but not limited to, North Laurel Park, Harwood Park, Lennox Park, The Cedars, Villa Heights, High Ridge Park, and Nordau.
- (45) *Reservation; reserve* means the identification and setting aside of an area of land on a subdivision or site development plan for future condemnation or acquisition for public use, which subjects the land reserved to use limitations for a specified period of time. Such land may be designated on the general plan or in the County or State capital improvement program or the State highway needs inventory.

- (45.1) *Residential infill* means a residential development in the area planned for both water and sewer service that creates one or more units on a property that adjoins an existing residential unit.
- (46) *Resubdivision* means a further division or modification of an existing subdivision previously approved by the County and recorded in the Howard County Land Records. However, a lot of 20 acres or less created by a division approved by Howard County prior to January 1, 1984 in order to comply with a court-ordered partition of real property, shall not be considered part of an existing subdivision previously approved by the County within the meaning of this definition.
- (47) *Review committee* means an advisory group to the Department of Planning and Zoning, organized to coordinate the subdivision and site development plan review process. The group shall include, but not be limited to, representatives of the following agencies:
- (i) Department of Public Works;
 - (ii) Health Department;
 - (iii) Department of Education;
 - (iv) Department of Recreation and Parks;
 - (v) Department of Fire and Rescue Services;
 - (vi) Department of Inspections, Licenses and Permits;
 - (vii) Soil conservation district;
 - (viii) Maryland State Highway Administration; and
 - (ix) Office of Transportation.
- (48) *Scenic road* means a public road or road segment that is included in the scenic roads inventory adopted by the County Council in accordance with section 16.1403 of this Code.
- (49) *Right-of-way* means a strip or parcel of land designated for use as a street, highway, driveway, alley, or walkway or for any drainage or public utility purpose or other similar uses.
- (50) *Sidewalk* means a paved walk primarily for pedestrian traffic, normally placed parallel to a street or highway and within the street right-of-way.
- (51) *Sight distance* means visual distance along a road or across an intersection, more specifically described in the Design Manual.
- (52) *Site development plan* means the plan indicating the location of existing and proposed buildings, structures, paved areas, walkways, existing and proposed grades, vegetative cover, landscaping, and screening within a lot or parcel proposed for development.
- (53) *Sketch plan* means a sketch indicating the developer's general objectives and lay-out for development of the land. The basic role of the sketch plan is to allow the County to provide the developer with important information that may affect the project and to ensure that the plan complies with Zoning Regulations and incorporates good planning and development principles.
- (54) *Soil map* means a map showing soil map symbols and outlines of soil types (U.S.D.A.—1968 and subsequent amendments).
- (55) *Steep slope* means a slope that averages 25 percent or greater over ten vertical feet.
- (56) *Stormwater management:*
- (i) *Quantity control* means a system of vegetative, structural, and other measures that control the increased volume and rate of surface runoff caused by development.
 - (ii) *Quality control* means a system of vegetative, structural and other measures that reduce or eliminate pollutants that might otherwise be carried by surface runoff from development.

- (57) *Stormwater management plan* means a set of drawings or other documents, submitted as a prerequisite to obtaining stormwater management approval, which contain all of the information and specifications required by the Department of Public Works.
- (58) *Stream* means water, flowing in a definite direction in a channel with a bed and banks, and having a substantial degree of permanence, although flow may vary and in times of drought may cease to flow for a period of time. Includes perennial or intermittent streams, but does not include ditches or gullies resulting entirely from pipe outfalls or other man made features. Streams usually are shown on the 1 inch = 200 feet topographic maps of Howard County produced by Howard County or the soil survey of Howard County, Maryland, but field verification is necessary.
- (59) *Street, highway, road* means a facility providing for vehicular traffic. The Howard County General Plan designates highways which perform an arterial or collector function.
- (60) *Subdivision* means any division of a lot or parcel of land into lots or parcels for the immediate or future transfer of ownership, sale, lease or building development. The term includes lot mergers and resubdivision and, when appropriate to the context, shall relate to the process of subdivision or to the land subdivided.
- (61) *Traffic-control devices* means signs, signals, markings, and other devices prescribed to regulate, guide, or warn traffic.
- (62) *Trails* means as distinguished from a walkway and pathway which are paved, a natural path within a minimum ten-foot hiking/biking/equestrian right-of-way, intended to be open for common use.
- (63) *Wetland* means any land which has been determined by the Army Corps of Engineers or the Maryland Department of the Environment to be a regulated or jurisdictional wetland, as well as any land determined by the Soil Conservation District to be regulated wetlands using Federal and State standards.

(C.B. 121, 1992; C.B. 51, 1994; C.B. 107, 1994; C.B. 20, 1996; C.B. 52, 2001, §§ 1, 2; C.B. 45, 2003, § 1; C.B. 39, 2009, § 1; C.B. 5, 2017, § 1; C.B. 20, 2017, § 1)

Sec. 16.109. - Maps; coordinates; elevations, etc.

- (a) *Coordinates Using Maryland Coordinate System.* Coordinates for the outline of the subdivision or site development shall be established in the meridian of the Maryland Coordinate System, if control points and published information are within one mile of proposed subdivision. If not, the Department of Public Works will provide geodetic control. A note shall be placed on the vicinity map indicating the source of Maryland coordinate data.
- (b) *Elevations.* Elevation shown on preliminary and site development plans and on related topographic maps shall be based on current datum in accordance with Department of Public Works standards.
- (c) *Geodetic Control Survey Stations.* Howard County geodetic control survey stations located on the site to be developed shall be plotted accurately on the site development plan and similar construction documentation. The developer shall identify all those stations which require relocation. The Department of Public Works shall relocate these stations before a building permit is issued.

(C.B. 121, 1992)

Secs. 16.110—16.113. - Reserved.

ARTICLE II. - DESIGN STANDARDS AND REQUIREMENTS

Sec. 16.114. - General.

- (a) *Design Consistent with Subtitle.* In designing a subdivision or site development plan, the developer shall comply with the requirements of this subtitle.
- (b) *Consideration Consistent with Subtitle.* The Department of Planning and Zoning in considering an application for the subdivision or development of land shall be governed by the standards of this subtitle.
- (c) *Consistent with General Plan and Zoning Regulations and Map.* The subdivision or site development plan layout shall be consistent with:
 - (1) The transportation, and the water and sewer elements of the general plan of the County; and
 - (2) The zoning regulations and map, especially in relation to development densities, the permitted uses of land and the bulk requirements.
- (d) *Reflect Unique Characteristics of Site.* Subdivisions and site development plans shall reflect the uniqueness of the site responding to its topography, wetlands, streams, forests, historic resources and its relationship to adjoining land uses and roads, both proposed and existing.

(C.B. 121, 1992)

Sec. 16.115. - Floodplain preservation.

- (a) *Development Restricted in 100-Year Floodplain (Base Flood Elevation).* Development within the boundaries of the 100-year floodplain (base flood elevation) shall be pursuant to title 16, subtitle 7 of this Code. Most land within base flood elevation is considered a protection area (i.e., a stream valley or valuable ecological area or scenic resource) which is shown:
 - (1) In the General Plan of Howard County for conservation status; or
 - (2) In the master plan of parks for acquisition as a conservation area; or
 - (3) In the capital improvement program for acquisition as a conservation area.
- (b) *Floodplain Protection.* In subdivisions and site development plans containing a 100-year floodplain (base flood elevation), the floodplain land shall be protected in accordance with one of the following alternatives. Prior to the recordation of the final plat and final acceptance of the construction drawings, a deed description of the floodplain will be provided when requested.
 - (1) *Deed the floodplain land to the County.* Developers are encouraged to dedicate and deed the land in the 100-year floodplain (base flood elevation) to Howard County as permanent open space.
 - (2) *Grant a floodplain easement to Howard County.* If the floodplain is not dedicated to the County, the developer shall grant the County right of entry through a perpetual easement, and shall:
 - (i) Dedicate and deed the land area within the 100-year floodplain (base flood elevation) in fee simple to a legally constituted property owners association. The property owners association may use the area in any manner consistent with the maintenance and preservation of the area as a floodplain; or
 - (ii) Include the 100-year floodplain (base flood elevation) within the boundary of the lots in accordance with section 16.120 of this subtitle. The property owner whose lot includes floodplain area may use the area in any manner consistent with the maintenance and preservation of the area as a floodplain.
- (c) *Prohibitions on Use of Floodplain Land:*
 - (1) A person shall not store materials of any kind in a floodplain either temporarily or permanently. Accordingly, building materials and other debris shall not be stored or discarded in floodplains.

- (2) No clearing, excavating, filling, altering drainage, or impervious paving, may occur on land located in a floodplain unless required or authorized by the Department of Planning and Zoning upon the advice of the Department of Inspections, Licenses and Permits, the Department of Public Works, the Department of Recreation and Parks, the Soil Conservation District, or the Maryland Department of the Environment. Any proposed construction of a structure located within a floodplain shall be subject to the requirements of the Howard County Building Code.
- (d) *Delineation on Final Plats and Site Development Plans.* Floodplain limits shall be clearly defined, except for agricultural preservation subdivisions and rural cluster subdivisions where the floodplain is obviously not critical to the proposed development as defined by the Design Manual nor critical to calculation of forest conservation obligations. Final plats and site development plans shall show the following information:
 - (1) Floodplain elevations at every bearing change to be designated along floodplain limits. Elevation shall be designated at not greater than 200-foot horizontal intervals.
 - (2) Bearings and distances or coordinated values along each line.
 - (3) The area shall be labeled as "100-year floodplain, drainage, and utility easement".

(C.B. 121, 1992; C.B. 20, 1996; C.B. 52, 2001, § 2; C.B. 45, 2003, § 1; C.B. 41, 2013, § 1(2))

Sec. 16.116. - Protection of wetlands, streams, and steep slopes.

(a) *Streams and Wetlands:*

- (1) Grading, removal of vegetative cover and trees, paving, and new structures shall not be permitted within 25 feet of a wetland in any zoning district.
- (2) Grading, removal of vegetative cover and trees, paving, and new structures shall not be permitted within:
 - (i) Fifty feet of an intermittent stream bank;
 - (ii) Seventy-five feet of a perennial stream bank for Use I streams as classified by the Maryland Department of the Environment in residential zoning districts and residential and open space land uses in the NT, PGCC, and MXD districts;
 - (iii) One hundred feet of a perennial stream bank for Use III and IV streams; and
 - (iv) Fifty feet of a perennial stream bank in nonresidential zoning districts.
- (3) In residential subdivisions, wetlands, streams, and their buffers shall be located in required open space or a nonbuildable preservation parcel rather than on residential lots except as permitted by section 16.120 of this subtitle.
- (4) Wetlands and the required buffers for wetland and streams shall be delineated on final plats and site development plans with a clear notation of use restrictions. Wetlands need not be delineated for agricultural preservation subdivisions or rural cluster subdivisions if a qualified professional certifies that wetlands and buffers will not be impacted by the proposed lots or potential development.

(b) *Steep Slopes.* Steep slopes are slopes that average 25 percent or greater over ten vertical feet.

- (1) Grading, removal of vegetative cover and trees, new structures, and paving shall not be permitted on land with existing steep slopes, except when:
 - (i) The on-site and off-site contiguous area of steep slopes is less than 20,000 square feet; and
 - (ii) There is sufficient area, a minimum ten feet, outside of stream and wetland buffers for required sediment and erosion control measures.

- (2) In residential subdivisions steep slopes existing at the time of subdivision shall be located in required open space or a nonbuildable preservation parcel, except as permitted by section 16.120 of this subtitle.
- (c) *Necessary Disturbance:*
- (1) Grading, removal of vegetative cover and trees, and paving are not permitted in wetlands, streams, wetland buffers, stream buffers or steep slopes unless the Department of Planning and Zoning determines based on a detailed justification provided by the developer that:
 - (i) It is necessary for construction of public or private roads, driveways, utilities, trails, pathways, or stormwater management facilities which are essential for reasonable development of the property;
 - (ii) The design minimizes disturbance;
 - (iii) There is no other reasonable alternative; and
 - (iv) The cost of an alternative improvement shall not be a factor in deciding whether the criteria in subject subsection (i) above can be met.
 - (2) Reasonable development, for the purpose of this subsection, does not guarantee maximum possible development under the zoning regulations for density receiving subdivisions in the RC and RR zoning districts. In any zoning district, achieving the maximum possible density is not sufficient justification alone to allow disturbance.
 - (3) If permitted, the grading, removal of vegetative cover and trees, or construction shall only be to the extent required to accommodate the necessary improvements. In these cases, the Department of Planning and Zoning shall require the least damaging designs, such as bridges, bottomless culverts or retaining walls, as well as environmental remediation, including the planting of the areas where grading or removal of vegetative cover or trees has taken place utilizing best practices for ecological restoration and water quality enhancement projects.
 - (4) An applicant shall request permission from the Department of Planning and Zoning for a necessary disturbance exception in writing for the grading, removal of vegetative cover and trees, or paving as described in subsection (c) of this section.
 - (5) The Department of Planning and Zoning shall make available to the County Council and the public on the Department's webpage a monthly report that includes the following information for each application for a necessary disturbance exception:
 - (i) The name of the applicant;
 - (ii) The date of the application;
 - (iii) Project name;
 - (iv) Project type;
 - (v) A description of the project;
 - (vi) The action of the Department to deny the application, approve the application, or advise the applicant to seek alternative compliance; and
 - (vii) If approved, include in the report the applicant's mitigation requirement.

(C.B. 121, 1992; C.B. 20, 1996; C.B. 52, 2001, § 2; C.B. 45, 2003, § 1; C.B. 4, 2019, § 1)

Sec. 16.117. - Forest conservation and preservation of natural cover.

- (a) *Forest Resource Protection.* Land to be subdivided or developed shall be designed and improved in reasonable conformity to existing topography in order to minimize clearing or alteration of existing plant communities, especially forest areas, and to minimize associated stormwater runoff and soil

erosion impacts. Where required by subtitle 12 of this title, a forest conservation plan shall be submitted.

- (b) *Residential Restrictions.* In residential subdivisions forest conservation easements shall be located in open space or a nonbuildable preservation parcel except as permitted in section 16.120 of this subtitle.

(C.B. 121, 1992; C.B. 52, 2001, § 2)

Sec. 16.118. - Protection of historic resources.

- (a) *Historic Resource Identification.* Historic districts identified on the zoning map and historic sites designated by resolution of the County Council shall be shown on subdivision and site development plans. Human burial grounds shall also be identified by the developer.
- (b) *Guidelines.* The following guidelines suggest ways to improve project design and do not prohibit either demolition of historic structures or relocation of burial grounds in accordance with State law. This section applies upon adoption of a list of historic sites and criteria for nomination adopted by council resolution.
 - (1) Historic buildings, structures and landscape features which are integral to the historic setting should be located on a single lot of suitable size to ensure protection of the historic structure and setting. If demolition is proposed, information explaining this decision shall be provided (structural condition, cost to retain, etc.).
 - (2) Whenever possible, historic resources should be integrated into the design of the subdivision or site plan. If compatible, new and historic structures may be juxtaposed. Alternately, open space may be used to buffer the historic resources from new development.
 - (3) Access to the historic property should be via its existing driveway, wherever possible.
 - (4) The new subdivision road should be sited so that the lot layout does not intrude on the historic resources. The road should be oriented so that views of the historic property from the public road are of its primary facade.
 - (5) Grading, construction and landscaping on the adjacent lots should enhance views to and from the historic property, while buffering views of new development.
 - (6) Achieving the maximum possible density is not sufficient justification to allow adverse impacts on historic resources.
- (c) *Cemeteries.* Cemeteries shall be dealt with in accordance with subtitle 13 of this title. In any case, no grading or construction shall be permitted within 30 feet of a cemetery boundary or within ten feet of individual grave sites.

(C.B. 121, 1992; C.B. 13, 1993; C.B. 20, 1996; C.B. 52, 2001, § 2; C.B. 45, 2003, § 1)

Sec. 16.119. - Highways, streets, and roads.

Streets, roads and highways within Howard County shall be located, designed and constructed in accordance with the Howard County Design Manual.

- (a) *General Guidelines.* In designing a highway, street, or road system, the following guidelines shall apply:
 - (1) Safe vehicular and pedestrian access shall be provided to all parcels of land.
 - (2) Highways, streets, and roads shall be suitably located, and adequately improved to accommodate prospective traffic and to afford access for emergency services, road maintenance, and other County services.

- (3) Residential streets shall clearly relate to their local function and traffic volumes. Pedestrian-vehicular conflict points shall be minimized.
- (4) Land uses which create high volumes of traffic within residential areas shall be considered in the design of the circulation pattern.
- (5) Local residential street systems shall be designed to minimize through traffic movement, but at the same time provide reasonably direct access to the primary circulation system.
- (6) Local circulation systems and land development patterns shall not conflict with the efficiency of bordering arterial routes.
- (7) The street layout shall be continuous in alignment and grade with existing streets, planned or platted, with which they are to connect.
- (8) Proposed public streets shall be extended to the boundary lines of the proposed subdivision so that a connection can be made to all adjacent properties. However, if the Department of Planning and Zoning determines after consultation with the review committee that such extension is not desirable due to environmental conditions or is not necessary for the coordination of existing streets or the most advantageous development of adjacent tracts, the Department may require transfer of a fee simple right-of-way to the adjacent property that is sufficient to accommodate a use in common driveway. If the adjacent property owner will not accept fee simple right-of-way transfer, then an access easement of equivalent size shall be recorded.

No subdivision shall be designed so as to create or perpetuate the landlocking of adjacent undeveloped land. The County Council may by its resolution terminate the extension of an existing street.

- (9) The street system layout shall be designed insofar as practicable to preserve natural features such as streams, wetlands, forest, topography, scenic views, and other natural features.
 - (10) Where required by this subtitle, the developer shall be responsible for street right-of-way, paving, curbs, gutters, shoulders, sidewalks, ramps, streetlights, street trees, and traffic-control devices.
 - (11) Street system layout shall provide for the acceptable disposal of stormwater to comply with provisions elsewhere in this subtitle and the Design Manual.
 - (12) Where topography or other conditions make the inclusion of utilities or drainage facilities within street rights-of-way impractical, perpetual unobstructed easements at least 20 feet in width for such utilities shall be provided across property outside the street right-of-way as determined by the Department of Public Works. Surface drainage easements exclusive of storm drainage outfalls shall be a minimum of ten feet.
 - (13) Streets which are permanently designed with only one end open to vehicular traffic shall be terminated in accordance with the Design Manual. If the street may be extended in the future and designated as a future extension on the record plat, a temporary T-turnaround shall be provided.
 - (14) Pedestrian walkways to commercial or institutional uses, schools, or other public facilities such as parks, nearby streets, or transit connections shall be provided where the Department of Planning and Zoning has determined that existing access is inadequate.
- (b) *Streets in Commercial and Industrial Areas:*
- (1) Subdivisions shall include a public right-of-way that will provide continuous access to a County or State street or highway.
 - (2) Streets carrying commercial and industrial traffic, especially truck traffic, shall not normally be extended to the boundaries of adjacent residential areas.

- (3) The design of streets, service drives, and pedestrian ways shall provide for safe and hazard-free internal circulation.
 - (4) Traffic movements in and out of commercial and industrial areas shall not interfere with external traffic, nor shall the movements create hazards to adjacent residential areas. Where required by the Department of Planning and Zoning, adjacent commercial uses shall consolidate entrances, use shared driveways or be interconnected to promote safe traffic movement. In such instances, cross easements are required.
- (c) *Grades.* Grades of streets shall not exceed the standards of the Design Manual, except that the Department of Planning and Zoning after consultation with the Department of Public Works may permit steeper grades where warranted by unusual topographic conditions or for the purpose of preserving trees or other natural conditions.
- (d) *Alignment.* Horizontal and vertical alignment for streets shall not exceed the standards of the Design Manual except where permitted by the Department of Planning and Zoning after consultation with the Department of Public Works.
- (e) *Intersections:*
- (1) Streets shall be designed to intersect as close to right angles as possible.
 - (2) Multiple intersections involving junctions of more than two streets shall be avoided.
 - (3) Roadways entering opposite sides of another roadway shall be located in accordance with the Design Manual.
 - (4) Minimum curb radii and paving radii at street intersections shall adhere to the Design Manual.
 - (5) The public right-of-way lines on corner lots at an intersection shall be truncated by straight lines joining points 25 feet back from the theoretical property line intersection in each quadrant.

Where the Department of Planning and Zoning, after consultation with the Director of Public Works, determines that more width is necessary to provide safe sight distance or for traffic channelization, it may require a cutoff greater than the 25 feet cited above.
 - (6) No building, structure, or planting shall be permitted within the public right-of-way, which obstructs the vision of those using the intersection.
- (f) *Access Restrictions:*
- (1) Where a proposed subdivision involves frontage on an arterial road, or a residential subdivision fronts a major collector, the street layout should provide vehicular access to the subdivision by a lower classification public road, except as provided in paragraph (3) of this subsection.
 - (2) The statement "Vehicular egress and ingress is restricted" shall be shown with limits on the final subdivision plat to prevent residential, commercial, or industrial driveways from having direct access to arterial highways and residential driveways from access to major collector roads.
 - (3) For subdivisions and site development plans with no other means of access except from a restricted access road, the Department of Planning and Zoning may approve a single use-in-common driveway that meets the minimum sight distance requirements of the Design Manual or the State Highway Administration's access requirements, if the Department determines that a public road is not required in accordance with subsection 16.119(a)(8) of this subtitle.
 - (4) For agricultural preservation subdivisions with no other means of access except from a restricted access road, the Department of Planning and Zoning may approve one or more driveway access points, based on justification by the owner and compliance with the Design Manual.
 - (5) For commercial and industrial properties adjoining a local road serving an existing single-family detached residential area and also having frontage and a State Highway Administration

approved, permanent vehicular access point on a State road, the Department of Planning and Zoning shall not approve a vehicular access driveway onto the local road.

(g) *Rights-of-Way.* Streets and highways shall require a minimum right-of-way in accordance with the Design Manual or the requirements of the State Highway Administration.

(1) *Provision of rights-of-way for existing County and State roads:*

(i) The owner shall provide the additional right-of-way to meet the minimum requirements when the existing right-of-way is insufficient because:

- a. The proposed subdivision or development borders, adjoins or includes an existing County or State road the right-of-way width of which does not conform to minimum right-of-way widths established by the Design Manual or the Maryland State Highway Administration; or
- b. The general plan shows realignment of an existing County or State road that requires use of some of the land in the proposed subdivision or development and direct driveway access is provided to the proposed development.

(ii) For subdivisions, the additional right-of-way shall be dedicated and deeded to the County or State on the recorded plat, unless the Department of Planning and Zoning determines that the traffic impact on an arterial road is minimal, in which case a right-of-way reservation will be required. For site development plans, the right-of-way shall be reserved or may be voluntarily deeded to the County or State prior to signature approval of the original site development plan. A plat will not be required.

(2) *Dedication of rights-of-way for new roads which provide access to subdivisions:*

(i) Where a new County or State road, designated on the general plan, is located within and will provide direct driveway access to a proposed subdivision, the owner shall provide the right-of-way for the road in the general location indicated on the general plan.

(ii) The Department of Planning and Zoning, after consultation with the Director of Public Works, or for State roads, the Maryland State Highway Administration, shall determine the right-of-way width, based on the density of development and projected traffic.

(iii) For subdivisions, the right-of-way shall be dedicated and deeded to the County or State with the final plat, when direct driveway access is provided to the proposed subdivision.

(3) *Reservation of rights-of-way for new roads:*

(i) *Requirement to reserve rights-of-way.* Where a proposed County or State road, designated on the general plan or included in the State highway needs inventory, is located within, but will not provide direct driveway access to a proposed subdivision or is located on a proposed site development plan, the owner shall reserve rights-of-way for the road.

a. Except as provided in subparagraphs (iii), (iv) and (v) of this paragraph, no permit or approval shall be issued for development or subdivision on any part of the reserved right-of-way, nor shall the area of the reserved right-of-way be used in calculating the residential density allowed by zoning, open space, and forest conservation requirements.

b. Alternately, the additional right-of-way may be voluntarily dedicated to the County or the State, in which case the area of dedicated right-of-way shall be used in calculating residential density and open space requirements. A dedicated right-of-way shall be deeded to the County or the State either on the recorded plat or prior to signature approval of the site development plan.

(ii) *Location and width.* The location and width of the reserved right-of-way shall be determined by the County or the State.

(iii) *Petition for development on right-of-way for County or State road.* If the owner of property which includes a proposed County or State road files a petition for alternative compliance

in accordance with section 16.104 of this subtitle to allow development or subdivision on any part of the land within the proposed County or State road right-of-way, the Department of Planning and Zoning may grant the petition to issue the permit or approval if:

- a. The entire property of the landowner, excluding the proposed County or State road right-of-way, cannot yield a reasonable return to the owner unless the permit or approval is granted; and
 - b. In balancing the interest of the County to preserve the integrity of the general plan and the interest of the landowner to the use and benefits of the property, considerations of reasonable justice and equity require granting the request.
- (iv) *Requirements if Department of Planning and Zoning approves the petition.* If the Department of Planning and Zoning grants a petition to issue a permit or approval for development or subdivision within a proposed County or State road right-of-way, the Department shall specify details regarding the extent and character of the development or subdivision and may impose reasonable requirements benefitting the County as a condition of granting the petition.
- (v) *Requirements regarding reservations:*
- a. The period of time for which the right-of-way is reserved shall be specified on the recorded plat, permit, or approval. Written approval of all legal and equitable owners of the property is required for reservations longer than three years from the date of recordation of the plat or approval of the development.
 - b. With the written approval of the Department of Planning and Zoning, the reserved land may be used for agricultural and temporary uses permitted by the zoning regulations. The Department of Planning and Zoning may allow any permitted use of the reserved land which it finds will not impair the efficient and economic use of the land for a road.
 - c. The right-of-way area may be included within the area of lots in a subdivision provided that the right-of-way area is not used to satisfy minimum lot size requirements or other zoning requirements.
- (h) *Rail Service.* If rail service is proposed for the subdivision, the proposed alignment shall have prior approval by all County, State, and Federal regulatory bodies having jurisdiction before recordation of the final subdivision plat.

(C.B. 121, 1992; C.B. 51, 1994; C.B. 16, 1995; C.B. 20, 1996; C.B. 15, 1998; C.B. 52, 2001, § 2; C.B. 45, 2003, § 1; C.B. 21, 2005, § 1)

Sec. 16.120. - Lot layout.

- (a) *Lot Access from Arterial Highways or Major Collector Roads:*
- (1) Residential lots, preservation parcels, and bulk parcels shall not derive direct access from arterial highways or major collector roads. Where residential lots, preservation parcels, and bulk parcels abut such roadways, access to the lots shall be in accordance with section 16.119 of this subtitle.
 - (2) Nonresidential lots shall not derive direct access from arterial highways. Where nonresidential lots front on such roadways, access to the lots shall be in accordance with section 16.119 of this subtitle.
- (b) *Lot Design:*
- (1) *Size, width, depth, etc.* The size, width, depth, shape, orientation, and yards of lots shall not be less than specified in the zoning regulations for the district within which the lots are located and shall be appropriate for the use contemplated, and available public utilities.

- (2) *Land for street widening:*
- (i) *Minimum lot area.* Land dedicated for street widening shall not be counted in satisfying the minimum lot area requirements of the zoning regulations.
 - (ii) *Special provision for minor subdivisions.* Land dedicated for street widening in a minor subdivision may be counted to satisfy up to ten percent of the minimum lot size requirements not to exceed the actual area dedicated, notwithstanding any provisions to the contrary in the zoning regulations or in this subtitle.
- (3) *Nonbuildable lots.* Lots using private sewerage or a private water system shall meet the requirements of the Maryland State Department of Environment. Lots which do not meet the requirements will be labeled "Nonbuildable until approved by the County Health Officer." The creation of any nonbuildable lot (excluding non-buildable preservation parcels) must be approved by both the Department of Planning and Zoning and the Health Department.
- (4) *Usable design.* Residential lots shall be designed to be usable in terms of:
- (i) Regular, generally rectangular lot shape;
 - (ii) Lot dimensions generally not exceeding a three to one lot depth to lot width ratio;
 - (iii) Not being encumbered by environmentally sensitive features:
 - a. For a lot or buildable preservation parcel 20,000 square feet or greater in size, excluding any pipestem area, steep slopes may be on the lot if located no closer than 35 feet from the building envelope. A deck may project ten feet beyond the building envelope;
 - b. For a lot or buildable preservation parcel of ten acres or greater in size, floodplains, wetlands, streams, their buffers, and forest conservation easements for afforestation, reforestation, or retention may be located on the lot or parcel if the building envelope is no closer than 35 feet from these environmental features provided that a deck may project ten feet beyond the building envelope;
 - c. For R-20 infill subdivisions that are restricted in using optional lot sizes under subsection 16.121(a) of this subtitle, steep slopes, floodplains, wetlands, wetlands buffers, streams, and stream buffers may be located on lots, provided that the building envelope is no closer than 35 feet from these environmental features, and provided that a deck may project ten feet beyond the building envelope; and
 - d. For condominium units and rental apartments, protected environmental features shall be located in open space with units no closer than 15 feet from the protected features;
 - (iv) Not being encumbered by access easements for stormwater management facilities or open space, except in accordance with subsection 16.121(e) of this subtitle; and
 - (v) *Drainage:*
 - a. The centerline of drainage swales shall be no closer than 15 feet from the rear of a residential dwelling.
 - b. Drainage inlets, outlets, headwalls, and rip-rap shall not be located within the building envelope on residential lots unless, based on justification prepared by the developer, the Department of Planning and Zoning determines there is no better alternative.
- (5) *Excessive noise levels:*
- (i) For residential subdivisions or site development plans a noise study may be required in accordance with the Design Manual. The subdivision or site development plan layout shall ensure that the noise level in the rear yard does not exceed the standard set in the Design Manual. Where necessary, noise mitigation shall be provided.

- (ii) Where residential lots will be impacted by excessive noise levels from an existing or proposed highway or railroad, and a wall or fence is required for noise mitigation, it shall be located in open space and maintained by a homeowner's association, if open space is being created. If open space is not being created, noise walls and fences shall be located on residential lots with cross easements for maintenance to be recorded with the final plat.
- (6) *Pipestem residential lots:*
- (i) *Limit on adjoining driveway entrances.* Pipestem lots are permitted. Not more than two pipestem lots may have adjoining driveway entrances to a public right-of-way, except that additional adjacent pipestem lots may be approved if the Department of Planning and Zoning determines that this design better protects environmental features or yields a better lot layout. In such instances a use-in-common driveway must be provided in accordance with the Design Manual.
 - (ii) *Length of pipestem lot.* The length of the pipestem shall not exceed:
 - a. One thousand five hundred feet for noncluster subdivision lots in the RC or RR zoning districts. For cluster subdivisions, the Department of Planning and Zoning may approve a greater pipestem length if this permits lots to be better located with respect to preservation parcels; or
 - b. Eight hundred feet for lots in all other zoning districts that are served by an individual or use-in-common driveway.
 - (iii) *Minimum lot area.* Minimum lot area shall not include the area of the pipestem.
 - (iv) *Front yard setback.* For pipestem lots the front yard setback shall be established in the nonpipestem area to permit best utilization for the lot and greatest privacy to the adjacent lot. The front setback shall be measured as a line parallel to the front lot line.
 - (v) *Subdivision layout:*
 - a. The subdivision lot layout shall pair or cluster pipestem lots whenever possible, so that the units on pipestem lots face each other across the use-in-common driveway.
 - b. In order to avoid orientation and privacy problems, new homes on pipestem lots shall be oriented side to rear, not front to rear, in relation to adjoining lots that front on a public road.
 - c. Pipestem lots shall not be created on both sides of a frontage lot in the same subdivision.
 - (vi) *Driveway setback from project boundary.* The driveways for pipestem lots shall be located at least ten feet from the project boundary to provide space for required perimeter landscaping to buffer the adjacent property. Where a ten-foot buffer is not possible due to the existing parcel's configuration, drainage, or easement constraints, or is undesirable because future subdivision of the adjoining parcel may require sharing the use-in-common driveway under subsection (c)(2)(iv) of this section, the Department of Planning and Zoning may approve a five-foot driveway buffer. In such instances, a hedge, solid fence, wall, or Type D landscape edge is required, except in the front setback from a public road, where a solid screen would block sight distance.
- (7) *Side lot lines.* Side lot lines shall be at right angles or radial to street right-of-way lines unless a variation from this rule will give a better street or lot plan as determined by the Department of Planning and Zoning.
- (8) *Abutting two streets.* Lots which abut two streets, other than corner lots, will be permitted only when necessary to avoid fronting lots on nonaccess roads or where their use resolves special site planning or land use problems.
- (9) *Transmission mains and power lines.* Where residential lot lines include or adjoin an easement for certain utilities, additional setbacks are required:

- (i) From an underground high-volume and pressure-transmission main or high-tension power line, the lots shall allow a 30-foot minimum distance between the easement and any proposed dwelling units on the lots. Decks are not subject to this requirement.
- (ii) From an easement for a public water or sewer line, the lots shall allow the minimum distance between the easement and any proposed dwelling unit on the lots specified in section 5.4.B.5 of Volume II of the Design Manual. Decks are subject to this requirement.

(10) *Fire access :*

- (i) Fire lanes or other approved access ways may be required adjacent to commercial, industrial, townhouse and apartment buildings to provide reasonable fire access.
- (ii) The Department of Planning and Zoning, shall determine when and where fire lanes are to be required for all types of structures, including multifamily residences, based upon the recommendation of the Director of Fire and Rescue Services.

(11) *Commercial, industrial and multifamily bulk parcel subdivisions.* Developers of commercial, industrial and multifamily subdivisions have difficulty predicting the lot design needed by future users. The developer shall follow the requirements of this subtitle, but shall place primary emphasis on the street layout and on the development's relationship to any adjoining residential area. Bulk parcels to be resubdivided to fit user's specifications may be utilized.

Any lots to be created shall provide adequate space for buildings, off-street parking and loading, stormwater management, forest conservation and landscaping to protect adjacent residential areas from potential nuisances that could be created by a commercial, industrial, or multifamily development.

(12) *Multifamily developments.* Off-street parking requirement shall be met within 200 feet or less from the main entrance to an apartment building or the midpoint of a group of single-family attached units. Parking shall be distributed as evenly as possible throughout the development to avoid parking shortages in any area.

(c) *Minimum Frontages:*

- (1) *Commercial, industrial or apartment.* All commercial, industrial or apartment lots shall have a minimum frontage of 60 feet on an approved public road which provides access to the property. Lots for individual businesses within a commercial center or industrial development that have shared access and parking may be approved by the Department of Planning and Zoning without public road frontage.
- (2) *Single-family detached.* All lots, preservation parcels, or bulk parcels for single-family detached dwellings shall have minimum lot frontages on approved streets within a public right-of-way which provides access to the property as follows:
 - (i) Twenty feet for single pipestem and nonpipestem lots and preservation parcels which cannot be further divided under current zoning;
 - (ii) Lots or preservation parcels which share access shall have sufficient frontage collectively to meet the driveway easement requirements in the Design Manual;
 - (iii) Nonpipestem, single pipestem, and adjacent pipestem lots which have enough subdivision potential under current zoning to require future provision of a public road shall have sufficient frontage collectively to meet the public road right-of-way requirements in the Design Manual, including future right-of-way truncation. Cross easements for future road construction shall be provided;
 - (iv) If subdivision lots with access from a use-in-common driveway adjoin a parcel that can be further subdivided under the parcel's current zoning, cross easements shall be recorded that will allow use and, if required by the design manual, improvement of the use-in-common driveway by the future adjoining subdivision. Shared use and maintenance of a

single use-in-common driveway will be required only if the total development potential of the two subdivisions under current zoning will not exceed six units;

- (v) For pipestem lots and preservation parcels with shared access, an access and maintenance easement for the driveway shall be recorded for the impacted lots and referenced on the final plan. When appropriate, the easement shall indicate that any party to the easement may construct a public road to permit further subdivision;
 - (vi) It shall be noted on the final subdivision plat that refuse collection, snow removal, and road maintenance for pipestem lots and preservation parcels are provided to the junction of the public road and the pipestem driveway; and
 - (vii) Frontage on a public road is not required for agricultural preservation subdivisions if the lots being created are provided with an access easement containing an individual or shared driveway meeting the requirements of the Design Manual.
- (3) *Single-family semidetached.* Single-family semidetached lots shall have a minimum of 15 feet of frontage on a public road.
 - (4) *Single-family attached.* Single-family attached lots shall have a minimum of 15 feet of frontage on a public road. Single-family attached lots may be approved without public road frontage provided they front on a commonly owned area containing a parking area or private road not exceeding a length of 200 feet measured from the edge of the public right-of-way along the centerline of the private road.
 - (5) *Nonbuildable preservation parcels.* Nonbuildable preservation parcels shall have 20 feet of frontage unless the Department of Planning and Zoning determines that a different frontage is needed for the proposed use.

Sec. 16.121. - Public sites and open space.

(a) *Open Space Requirements:*

- (1) *Purpose.* The purpose of open space requirements are:
 - (i) To properly locate and preserve open space which protects environmental resources and provides for recreation or public use; and
 - (ii) To equitably apportion costs of providing the sites necessary to serve the additional families brought into the community by subdivisions or developments on the basis of the additional need created.
- (2) *Calculated as percentage of gross area of proposed subdivision or site development.* Required open space shall be calculated as the following percentage of the gross area of the proposed subdivision or development. The area of any overhead utility transmission line easements shall be deducted from gross area before calculating the open space requirement.

Zoning District		Minimum Open Space
RC, RR:	Agricultural Preservation Subdivisions	None
	Cluster, DEO or CEO Subdivisions	None

	Non-Cluster Subdivisions	Fee-in-lieu
R-ED		50 percent
R-20:*	All lots 20,000 square feet or greater	6 percent
	Developments using optional lot size:**	
	Min. Lot size 18,000 square feet	10 percent
	Min. Lot size 16,000 square feet	20 percent
	Min. Lot size 14,000 square feet	30 percent
	Min. Lot size 12,000 square feet	40 percent
R-12:*	All lots 12,000 square feet or greater	8 percent
	Developments using optional lot size:*	
	Min. Lot size 10,800 square feet	10 percent
	Min. Lot size 9,600 square feet	20 percent
	Min. Lot size 8,400 square feet	30 percent
	Min. Lot size 7,200 square feet	40 percent
R-SC		25 percent
R-SA-8		25 percent
R-A-15		25 percent
RMH		25 percent
PEC, NT, MXD, PGCC, PSC: As provided in Zoning Regulations		

* Developers in the R-20 and R-12 districts electing to use optional lot size shall select an optional minimum lot size to apply to the entire subdivision. For example, the developer of a 50-acre parcel in the R-20 district may create a subdivision with a minimum lot size of 14,000 square feet if at least 30 percent of the gross parcel area, or 15 acres, is provided as open space.

** R-20 and infill subdivisions or resubdivisions creating ten or fewer lots may not use the optional lot size method unless there are wetland, stream or floodplain areas that the Department of Recreation and Parks wants to be dedicated to the County as open space. The creation of homeowner association open space is not permitted. If dedication to the County is required, R-20 lot sizes may be reduced to 18,000 square feet, exclusive of the pipestem areas.

- (3) *Suitability.* Only land which is suitable to achieve the County's open space objectives for environmental protection, recreation and the provision of sites for public use can be used to meet the minimum open space requirements. Suitability is defined as follows:
 - (i) Open space shall incorporate floodplains, wetlands, streams, wetland and stream buffers, forest conservation easements, and shall be linked with protected environmental land on adjacent property.
 - (ii) Recreational open space and landscaped squares or areas should be integrated into subdivision design to create focal points along streets and at entrances.
 - (iii) Parking lot islands, driveway easements serving nonopen space uses, overhead utility transmission lines, and narrow strips under 35 feet wide may not count towards minimum open space requirements.
- (4) *Recreation open space.* A portion of the open space which is accessible and usable for recreation shall be provided:
 - (i) All residential subdivisions and site developments with more than ten dwelling units or more shall have recreation open space, except in the RC and RR zoning districts and except as provided in the new town, mixed use development, PSC, and PGCC zoning districts;
 - (ii) Recreation land shall be regular in shape (generally square or rectangular) and suitable for active recreation uses such as tot lots, ball fields, and courts or for passive recreation in formal parks and squares;
 - (iii) Recreation open space shall not include wetlands or stream buffers, floodplains, forest conservation easements, stormwater management easements, inlets, outfalls, and stormwater management credit areas, or slopes over ten percent;
 - (iv) At least 20 feet of the perimeter of the recreation land must front on a public or private road and the recreation area should be centrally located to the lots it serves.
 - (v) Recreation land should generally be consolidated into a single area, but may be divided for more equitable distribution into two areas if the subdivision contains 50 or more residential lots.
 - (vi) The following chart indicates the amount of recreation open space required:

Project Type	Recreation Requirement
Single-Family Detached R-20, R-12, square feet/unit	200

Single-Family Detached R-ED, R-SC, R-SA-8, R-A-15, square feet/unit	300
Single-Family Attached, square feet/unit	400
Apartments, square feet/unit	400
R-MH Dwellings, square feet/unit	400 or as provided in subparagraph(4)(vii) of this subsection

(vii) Recreational open space may be satisfied in whole or in part in the R-MH district by the construction of amenities including: community center, pool facility, or sports court paved area at a ratio of ten square feet of floor surface area per dwelling unit.

(b) *Dedication of Required Open Space; In-Lien Fee Payments:*

- (1) At the discretion of the County, all or a portion of the open space area shall be dedicated and deeded without charge to Howard County or to the State of Maryland if adjacent to an existing State park. For condominium or rental unit site development plans, the open space may be transferred to the County by deed rather than a subdivided lot.
- (2) The Department of Planning and Zoning may at the Department's discretion require the developer to pay a fee-in-lieu of actual establishment of open space if:
 - (i) The subdivision does not use the optional lot size provision in the R-20 or R-12 zoning district and the Department of Recreation and Parks has determined that creation of open space is not necessary or desirable;
 - (ii) The size of the area required for dedication is small (generally under one-half acre) and has no potential for expansion via the subdivision of an adjacent parcel; and
 - (iii) The open space would have little environmental or recreational purpose.
- (3) In-lieu fee payments shall be:
 - (i) As established in the fee schedule adopted by the County Council; and
 - (ii) Held in escrow and used by the County for the purpose of acquiring open space land in the general area of the subdivision or development and shall be used for this and no other purpose.

(c) *Dedication to Homeowners' Association:*

- (1) When the Department of Planning and Zoning does not require open space dedication to the County or payment of an in-lieu fee, the developer of a subdivision shall create an open space lot(s) to convey to an incorporated homeowners' association for the subdivision. The total area of the open space lots shall equal or exceed the total area of open space required for the subdivision.
- (2) Concurrent with a recording of the final plat these open space lots shall be conveyed by the developer to an incorporated property owners' association approved and accepted by the State Department of Assessments and Taxation.

- (3) The date of acceptance and approval of the articles of incorporation of such property owners by the State Department of Assessments and Taxation shall be noted on the final plat prior to recording.
 - (4) The Department of Planning and Zoning shall review and approve any documents deemed necessary to ensure that ownership and maintenance of such open space land by a responsible homeowners' association is guaranteed prior to recording of the final plat.
- (d) *Designated Open Area.* When the County waives dedication of open space and all land within a condominium or rental development is to remain under single ownership, the open space requirement may be satisfied by the designation of an open area on the site development plan. The designated open space area need not be a separate lot, but in all other respects shall conform to open space requirements.
- (e) *Access and Frontage:*
- (1) If a public road is being created or an existing public road is available that permits and is viable for direct access, open space lots or areas shall have a minimum of 40 feet of frontage on a public road for access by pedestrians and maintenance vehicles. Open space frontage may be reduced to a minimum of 20 feet if the adjacent side yard setback for one or both abutting lots in combination is increased by the total amount of open space frontage reduction, but only if the abutting lots are a part of the proposed development. For any additional access points provided, frontage may be reduced to 20 feet.
 - (2) If a subdivision or development project will be accessed exclusively by a use-in-common driveway or a private road, the required open space may be created without public road frontage provided that one of the following applies:
 - (i) The open space will be owned by a homeowner's association or a condominium association and all of the residential lots, condominium units, or apartment units will directly adjoin the open space;
 - (ii) The open space will be owned by the County, all of the residential lots in the subdivision or development project will directly adjoin the open space, and the County has determined that an easement for public access or County maintenance is not needed because a public access point that is adequate to serve the open space already exists;
 - (iii) If all of the residential lots do not directly adjoin the open space, and the open space will be owned by the County, an access easement shall be established that:
 - a. Has a minimum width of 12 feet;
 - b. Grants the County use of the use-in-common driveway;
 - c. Does not require the County to participate in maintenance of the use-in-common driveway; and
 - d. Accommodates pedestrian access and periodic access for maintenance and emergency vehicles; or
 - (iv) If all of the residential lots do not directly adjoin the open space, and the open space will be owned by a homeowner's association or a condominium association, an access easement shall be established that:
 - a. Has a minimum width of 12 feet; and
 - b. Accommodates pedestrian access and periodic access for maintenance and emergency vehicles.
 - (3) Two adjacent open space lots may share the fee simple frontage or access easement described in paragraphs (1) and (2) of this subsection if the Department of Planning and Zoning determines that access will be acceptable for the proposed use of the open space.

- (4) Open space access points shall be located so as to be reasonably accessible from all lots within the subdivision.
- (5) An asphalt path or markers specified by the Department of Recreation and Parks shall be installed to clearly delineate open space access points. An open space pathway connection to an adjacent school, park, open space, or commercial area may be required.
- (f) *Condition of Open Space Land.* Open space dedicated to the County shall meet the minimum standards regarding property boundary markers and other requirements set forth in the developer agreement as a condition of the release of the developer's performance bond. Further, where open space has been adversely affected by the developer's operation (by clearing, grading, drainage or construction activities), the developer shall restore it pursuant to a restoration plan approved by the County prior to the release of the performance bond.
- (g) *Acceptance.* The approval by the Department of Planning and Zoning of a final subdivision plat shall not be deemed to constitute or imply the County's acceptance of any park, recreation, or other public land shown on the plat until such land has been determined to be in an acceptable condition in accordance with subsection (f) of this section.

(C.B. 20, 1996; C.B. 52, 2001, § 2; C.B. 50, 2002, § 1; C.B. 45, 2003, § 1)

Sec. 16.122. - Reservations of land for public facilities.

- (a) *Land Not Being Dedicated as Open Space.* When land in a subdivision or development is needed for a County park, school, road, or other public facility which is proposed in the general plan or in the County's or State's capital program and the land is not being dedicated as open space pursuant to section 16.121, the County may require that the land be reserved.
- (b) *Reserved at Written Request of Agency Which Requires the Land.* A reservation shall be required only when the agency charged with the responsibility for the designated use makes a written request to the Department of Planning and Zoning for reservation of the land.
- (c) *Value.* Acquisition of the reserved land by Howard County, the Board of Education or other public agency shall be at the unimproved value of the land.
- (d) *Conditions.* The following conditions apply to land reserved pursuant to this section:
 - (1) No reservation shall continue for longer than three years from the date of recordation of the plat or approval of the site development plan except with written approval of all legal and equitable owners of the property.
 - (2) The period of time for which the land is reserved shall be specified on the recorded plat or site development plan.
 - (3) Upon written approval of the Department of Planning and Zoning the reserved land may be used for agricultural purposes and other temporary uses permitted by the zoning regulations.
 - (4) The reserved land may be included within the area of lots in a subdivision as long as that area is not used to satisfy minimum lot size requirements or other zoning requirements.

(C.B. 121, 1992)

Sec. 16.123. - Grading, soils and sediment control.

- (a) *Grading:*
 - (1) *Prior approval of the Department of Inspections, Licenses and Permits.* No person shall grade, strip, excavate, or fill land, except for farming, without first having obtained approval of the

Department of Inspections, Licenses and Permits pursuant to the requirements of subtitle 4 of title 3, "Buildings," of this Code.

- (2) *Grading in conformity with final subdivision plat or site development plan.* Grading for public roads and all other grading shall be performed under a valid permit issued by the Department of Inspections, Licenses and Permits in accordance with forest conservation, road construction, storm drainage, stormwater management, grading, utility, and erosion and sediment control plans approved as a part of the final subdivision plat required under section 16.147 "Final Subdivision Plan and Final Plat" of this subtitle or a site development plan approved under section 16.154, "Site Development Plan Procedures," of this subtitle.
 - (3) *Minimum area to be disturbed.* Prior to approval of the subdivision plat or site development plan, the Department of Planning and Zoning shall consider the comments of the review committee with regard to the extent and nature of the work to be performed. In all cases, the extent of land and land cover disturbance shall be the minimum necessary to accommodate the proposed development and shall conform to any restrictions imposed by an approved forest conservation plan.
- (b) *Soils.* For all subdivisions and site development plans the developer will be required to submit a copy of the U.S.D.A. Soils Map showing the boundary of the proposed development at the same scale as the plan submitted.
- (c) *Sediment Control:*
- (1) The developer shall plan for practical and effective sediment control on the site to prevent off-site damages due to erosion and sedimentation processes which are accelerated by changing vegetation and grades.
 - (2) Acceptable plans shall include:
 - (i) Temporary structural and vegetative measures to be used during construction; and
 - (ii) Permanent structural and vegetative measures, including reforestation and afforestation measures, which will remain on the site upon the completion of final grading and construction activities.
 - (3) Plans for erosion and sediment control measures shall be prepared in accordance with the requirements of the Howard Soil Conservation District and shall be approved by the Department of Planning and Zoning in consultation with the Soil Conservation District, the Department of Inspections, Licenses and Permits and the Department of Public Works as a part of all development, grading, road construction, utility and site development plans required pursuant to this subtitle.

(C.B. 121, 1992; C.B. 52, 2001, § 2)

Sec. 16.124. - Landscaping.

- (a) *In General:*
- (1) *Intent.* The requirements for landscaping and screening are intended to:
 - (i) Enhance the physical appearance of County development.
 - (ii) Buffer potentially incompatible land uses.
 - (iii) Screen undesirable views.
 - (iv) Improve the environmental performance of new development by reducing stormwater runoff, air pollution, glare, and noise.
 - (v) Promote energy conservation.
 - (vi) Prevent damage to and unnecessary removal of vegetation.

- (vii) Conserve the value of property and neighborhoods.
- (2) *Standards; Landscape Manual.*
 - (i) *Standards.* Landscaping shall be provided in accordance with the requirements of this subtitle, the zoning regulations, the Howard County Forest Conservation Manual and the Howard County Landscape Manual.
 - (ii) *Landscape manual.* The Howard County Landscape Manual is the technical manual used to establish performance standards and guidelines for preparing landscape plans. The Manual is prepared by the Department of Planning and Zoning and adopted by resolution of the County Council. The Manual shall address, but is not limited to the amount of landscaping materials required, suitable landscaping materials, and alternative means of compliance.
- (3) *Landscape plan submissions.* A design to fulfill landscaping requirements shall be presented in a landscape plan which shall include sufficient information for the County to determine whether the proposed landscape improvements are in conformance with the requirements of this section and the Manual.
 - (i) The preliminary or preliminary equivalent sketch plan submissions shall identify schematically:
 - a. Required landscape edges and the type of landscape planting for each edge; and
 - b. Intended methods of fulfilling obligations (i.e., retention of existing vegetation, planting or other alternative solutions).
 - (ii) Final plan submissions (except for resubdivision and correction plats which do not increase the number of units) shall include the final landscape plan in the road construction drawings or for minor subdivisions, the supplemental information sheets. Plans shall specify:
 - a. Whether the developer and/or builder will be responsible for installation of specific elements of the overall landscape plan; and
 - b. Which landscaping will be provided as part of the final plan.
 - (iii) Site development plans shall include a landscape plan unless landscaping requirements were met and surety was posted during subdivision.
- (4) *Preparation of landscape plans.* All landscape plans shall be prepared and sealed by a registered landscape architect or other qualified professional as defined in the Landscape Manual.
- (b) *Types of Landscape Planting Requirements:*
 - (1) *General:*
 - (i) The type and amount of landscaping required shall be based on the compatibility of the proposed land use with adjacent land uses, including public and private rights-of-way, parking lots, loading areas and residential or nonresidential properties.
 - (ii) Landscaping requirements shall be met by providing planting as specified in the Landscape Manual. Optional landscape treatments as defined in the Landscape Manual may be substituted in full or in part for the required planting. Optional treatments include preservation of existing forests and trees, use of berms or other land forms, and provision of fences and walls.
 - (iii) Landscaping requirements may not be met within easements for public water, sewer or stormdrains.
 - (2) *Perimeter landscape edges:*

- (i) Landscape edges, pursuant to the requirements of the Landscape Manual, shall be provided in all districts adjacent to public roads and to abutting properties. Required landscaping shall be shown on the final plan or on the site development plan as specified in the Landscape Manual.
 - (ii) Expansion of existing development that does not currently meet perimeter landscaping requirements shall provide perimeter landscaping in equal proportion to the percentage of the site impacted by the expansion. The area impacted by expansion includes the square foot area of new or expanded buildings and the area of any parking, loading, driveways, or infrastructure necessary to support the additional building area.
- (3) *Parking lot and loading area landscaping:*
- (i) Landscaping within new parking lots is required in accordance with the Landscape Manual. Landscaped areas shall divide the parking spaces to relieve the monotony of large expanses of paving and contribute to efficient circulation of traffic. Loading areas shall be screened from adjacent roads and properties.
 - (ii) Expansions of existing parking lots that do not currently meet landscaping requirements shall provide landscaping in equal proportion to the percentage of the site impacted by the expansion. The area impacted by expansion includes the square foot area of new or expanded buildings and the area of any parking, loading, driveways or infrastructure necessary to support the additional building area.
 - (iii) Parking lot and loading area landscaping shall be shown on the site development plan.
- (4) *Single-family attached, apartment and mobile home developments:*
- Internal landscaping within new single-family attached, apartment, and mobile home projects is required in accordance with the Landscape Manual.
- (5) *Stormwater management facilities.* Landscaping of the entire perimeter of stormwater management ponds is required in all zoning districts, excluding M-1 and M-2 parcels that are not adjacent to residential zoning districts or public roads, in accordance with the Landscape Manual.
- (c) *Alternative compliance.* The Department of Planning and Zoning may approve an alternative to the landscaping requirements of this title and the Landscape Manual upon determining that the proposal meets the intent of this subtitle and meets or exceeds the standard requirements. Alternative plans may be approved when unusual topographic constraints, sight restrictions, siting requirements, preservation of existing stands of trees, preservation of specimen trees or when similar conditions prevent strict compliance with the landscape standards.
- (d) *Reforestation and Afforestation:*
- (1) Certain forms of landscaping may be used to meet the reforestation or afforestation requirements of the forest conservation plan upon approval of the Department of Planning and Zoning.
 - (2) The amount of the landscaped area to be credited for forest conservation obligations shall be in accordance with title 16, subtitle 12 of the Howard County Code and the standards for landscaping substitutions cited in the Howard County Forest Conservation Manual.
 - (3) Landscaping used to fulfill forest conservation requirements shall be included in the required construction and post-construction protection and management agreements and shall be in open space, or in areas protected by binding, long-term protective agreements under the same terms that apply to other reforestation or afforestation areas as described in subtitle 12 of this title.
- (e) *Street Trees and Right-of-Way Plantings:*
- (1) Street trees with a minimum of at least two and one-half-inch caliper shall be required in all districts. Street tree plantings shall be provided on new internal roads and on existing roads

involving road improvements as described in the Landscape Manual. Existing trees to be preserved in or adjacent to the right-of-way may be approved and may be granted up to 100 percent credit towards meeting this requirement.

- (2) Street trees shall not be counted towards reforestation or afforestation requirements of the Forest Conservation Program. Street trees shall not be counted towards the landscape requirements of subsection (b) of this section.
 - (3) Street trees requirements shall be shown on the final plan or the site development plan if required by the State Highway Administration.
- (f) *Landscape Installation:*
- (1) Required landscaping shall be included in the developer's agreement for the subdivision or development; additional surety is required.
 - (2) When there is no developer's agreement required for a subdivision or site development plan with landscaping, the grading permit application and surety shall be modified to incorporate landscaping requirements.
 - (3) All landscaping shown on the approved final plan or site development plan shall be completed in accordance with the approved landscape plan before a release of surety. Prior to such release, the developer shall submit to the County evidence that a one-year guarantee has been executed.
- (g) *Maintenance:*
- (1) The owner, tenant, and their respective agents, if any, shall jointly and severally be responsible for the maintenance of the required landscaping. All required plantings shall be maintained in good growing condition and, whenever necessary, replaced with comparable new plant materials to ensure continued compliance with applicable regulations.
 - (2) No plant material shall be allowed to encroach on road rights-of-way so that sight distance is impeded.
 - (3) Required berms, fences and walls shall be permanently maintained in good condition and, whenever necessary, repaired or replaced.

(C.B. 121, 1992; C.B. 20, 1996; C.B. 52, 2001, § 2)

Sec. 16.125. - Protection of scenic roads.

- (a) *Application of Regulations.* The Subdivision and Land Development Regulations, Zoning Regulations, Forest Conservation ordinance and Landscape Manual shall be applied to development along a scenic road in a manner which helps to preserve the scenic character of the landscape viewed from these roads and the features of the road right-of-way that contribute to the road's scenic character.
- (b) *Guidelines for Development of Land Abutting a Scenic Road.* Because scenic landscapes vary greatly, design solutions for development will vary. The following guidelines provide direction for the development of land abutting a scenic road. They are to be applied as appropriate, given the constraints of the particular site and the relative priority of other County policies and requirements such as public safety, farmland preservation, forest conservation, protection of sensitive environmental features and the need to construct public facilities.
 - (1) *General.*
 - (i) Use the cluster subdivision provisions of the zoning regulations to site buildings and roads in locations that minimize the impact of the subdivision on views from the scenic road. Generally structures and uses should be located away from the right-of-way for scenic roads unless screened by topography or vegetation.

- (ii) Minimize tree and vegetation removal. In addition to requirements for protection of forests, steep slopes, streams and wetlands, emphasize the protection of vegetation adjacent to the scenic road, as well as mature trees and hedgerows visible from the road.
 - (iii) Minimize grading; retain existing slopes along the scenic road frontage.
 - (iv) Orient lots so that houses do not back up to a scenic road. If this cannot be avoided, houses should be sited as far as possible from the road and well screened.
 - (v) Locate and design utilities, stormwater management facilities, drainage structures, bridges, lighting, fences and walls to be unobtrusive and to harmonize with the surroundings to maintain existing view corridors. Subdivision entrance features should be low, open, and in keeping with the scenic character of the area in accordance with section 128 of the zoning regulations.
 - (vi) Locate parking lots, loading areas and storage areas so that these uses are screened from the scenic road.
 - (vii) Use vegetation commonly found on the site or in the area for landscaping.
 - (viii) For density receiving subdivisions in the RC and RR zoning districts, achieving the maximum possible density is not sufficient justification to allow impacts on scenic roads.
- (2) *Forested or wooded areas.* Any new developments located along scenic roads must maintain at least a 35-foot buffer of existing forest or wooded area between the road and the new development. The buffer shall be wide enough to maintain the road's visual character with a minimum width of at least 35 feet from the road right-of-way.
- (3) *Areas with open views.*
- (i) Cluster development to retain as much as possible of the open character of the site and to minimize interference with panoramic views from the road.
 - (ii) Where possible, site new buildings behind natural screening or cluster development in or along the edges of forests, at the edges of fields and hedgerows, or near existing buildings.
 - (iii) Preserve the foreground meadow, pasture or cropland and place development in the background as viewed from the road.
 - (iv) Avoid placing structures on the tops of prominent ridges.
 - (v) If new construction cannot be made unobtrusive through siting or the use of natural screening, use landscaping, including berms, to buffer development from the scenic road.
- (4) *Administrative waivers.*
- (i) A developer seeking an administrative waiver from the scenic road requirements shall give written notice within one week of the filing date of the waiver petition, via first-class mail to:
 - a. All adjoining property owners identified in the records of the State Department of Assessments and Taxation; and
 - b. All attendees of record of the presubmission community meeting; and
 - c. All interested parties on file with the Department of Planning and Zoning.
 - (ii) The Department shall not approve any petition for a scenic road requirement waiver within 30 days of meeting the written notice requirement to allow for public comment.

(C.B. 51, 1994; C.B. 52, 2001, § 2; C.B. 14, 2006, § 1; C.B. 37, 2006, § 1)

Sec. 16.126. - Protection of agricultural land and rural character.

- (a) *Sewage Disposal.* Potential conflicts between prime agricultural soils and the location of lots and sewage disposal system easements shall be minimized by:
 - (1) Requiring that all subdivisions in the RC and RR zoning districts be submitted as a preliminary equivalent sketch plan in accordance with the requirements of section 16.145 of this subtitle; and
 - (2) Encouraging the use of shared sewage disposal systems in accordance with subsection 16.131(c)(3)(ii) of this subtitle.
- (b) *Well Setbacks.* Wells located on residential lots must be located at least 50 feet from existing off-site agricultural land preservation easements and other farms and have a complete soil conservation and water quality plan approved by the Howard County Soil Conservation District.
- (c) *Landscape Buffers.* In the RC and RR zoning districts, landscaping required for rural cluster and density receiving subdivisions shall be calculated in accordance with section 16.124 of this subtitle and the Landscape Manual, but shall be located to optimize the landscape buffer between cluster lots and developed noncluster lots, designated scenic roads or agricultural preservation easements, depending on the surrounding context.

(C.B. 52, 2001, § 2)

Sec. 16.127. - Residential infill development.

- (a) *Purpose:*
 - (1) Accommodate growth within the context of existing communities in areas that already have infrastructure and public facilities;
 - (2) Ensure development occurs in a manner that protects the environment, achieves high quality design and strengthens existing communities; and
 - (3) Encourage investment in older established communities.
- (b) *Presubmission Community Meeting.* A presubmission community meeting is required prior to the initial submittal of plans for new residential infill developments submitted after November 15, 2001, according to the procedures established in section 16.128 of this title.
- (c) *Design of Infill Development:*
 - (1) The design of a residential infill development shall be compatible with an existing adjacent residential neighborhood as determined by DPZ by:
 - (i) Consisting of the same unit types (e.g., detached single family homes, attached single family homes, apartments) as the surrounding residential neighborhood; or
 - (ii) Enhancing perimeter landscaping adjacent to existing homes using either Type B landscaping within a 20-foot setback or Type C landscaping within a ten-foot setback.
 - (2) The design of a residential infill development shall, if practical, be integrated with the surrounding residential development by:
 - (i) Interconnecting proposed on-site streets, sidewalks, paths, protected environmental lands, and other open space, with those located off-site; and
 - (ii) Incorporating and preserving significant site features, such as historic structures, unique topographic features, specimen trees, or other existing, healthy landscaping.
 - (3) Lots, buildings, and site improvements shall be configured to maximize privacy by:
 - (i) Positioning structures in accordance with subsection 16.120(b)(6)(v) of these regulations; and

- (ii) Increasing landscaping in combination with berms, fences or walls, to screen views of rear yards and decks from proposed and existing residences and from roads.
- (4) The following compatibility standards shall apply to residential infill developments in or adjoining existing R-20 and R-12 zoned subdivisions:
 - (i) Limit on adjoining driveway entrances: A shared use-in-common driveway must be provided in accordance with the Design Manual within a minimum 24-foot-wide access easement for all proposed residential infill development lots. Any existing driveway entrances onto the public road right-of-way must be connected to a single use-in-common driveway or abandoned;
 - (ii) Front Yard Setbacks: The required front yard setback shall be established as the average of the existing front yard setbacks of the block face area or the area within 500 feet in either direction of the subject property, whichever is less. The block face area consists of the area between the subject property and the intersection of any two streets measured along the side of the street that the subject property is located.

Where there is a vacant lot in the block face area, the required front yard setback for the zoning district shall be used for that lot in calculating the average front yard setback. If the setback established in this section conflicts with the setback established in the zoning regulations, then the more restrictive setback shall apply;

- (iii) Drainage: The Environmental Concept Plan shall address potential adverse drainage impacts on adjacent properties. Impacts shall be evaluated based on requirements in Design Manual Volume I, Chapter 4, Drainage Swales and Surface Drainage Easements. After exhausting all alternatives to address the impact with the affected neighbor(s), impacts may be mitigated by quantitative management based on the appropriate design year storm for the geographical area and proposed conveyance system; and
- (iv) Stormwater Management: Stormwater practices shall be based on the most current guidelines accepted by the Maryland Department of the Environment (MDE). Nonstructural practices shall be implemented to the maximum extent practicable. Stormwater compliance for environment site design shall only be received for the design and construction of micro-scale practices, alternative surfaces, or other practices accepted by MDE that retain or infiltrate runoff based on a quantitative measurement.

(C.B. 52, 2001, § 2; C.B. 45, 2003, § 1; C.B. 29, 2005, § 1; C.B. 15, 2016, § 1)

Sec. 16.128. - Presubmission community meetings; exceptions.

Presubmission community meeting. The following procedures are required for a presubmission community meeting:

- (a) *Definitions.* The initial plan submittal shall be as defined in section 16.108 of this subtitle.
- (b) *Purpose.* The presubmission community meeting is for the developer/petitioner to provide information to the community regarding the proposed initial plan submittal and to allow community residents to ask questions and make comments before the initial plan submittal for the subject property. While the developer/petitioner is encouraged to work with the community to achieve a mutually acceptable solution to any concerns, unless a change is required by this subtitle or the zoning regulations, the developer/petitioner is not required to change the proposed development in response to comments made at the presubmission community meeting.
- (c) *Meeting locations, dates and times.* The meeting shall be:
 - (1) Held at a location within the community of the proposed development, in a public or institutional building located within approximately five miles of the subject property; and

- (2) Scheduled to start between 6:00 p.m. and 8:00 p.m. on a weekday evening, or to be held between 9:00 a.m. and 5:00 p.m. on a Saturday, excluding all official county holidays, Rosh Hashanah, Yom Kippur, Eid Ul Fitr, Eid Ul Adha, and Chinese New Year.

(d) *Types of notice; timing of notice; who must be notified.*

- (1) Notice shall be sent, three weeks prior to the presubmission community meeting, by first class mail to:
 - (A) All adjoining property owners identified in the records of the State Department of Assessments and Taxation;
 - (B) Any community association that represents either the geographic area of the subject property or any adjoining properties; and
 - (C) The "principals" and "parent teacher association presidents" through a mailing to each school with an attendance area that includes the subject property.
- (2) Notice shall be sent, three weeks prior to the presubmission community meeting, electronically to:
 - (A) Any community association, person, or organization registered with the county to be notified about projects in a certain area;
 - (B) The Howard County Council; and
 - (C) The Department of Planning and Zoning, which shall place the meeting notice prominently on the Department's web site.
- (3) *Posting.* In accordance with the content requirements listed in subsection (e) of this section, the property shall be posted for at least three weeks immediately before the meeting. The Department of Planning and Zoning shall determine the number of posters required and their location and the petitioner shall bear the expense of posting.

The posters shall be erected in a prominent location that is visible to the general public and that is as close as possible and perpendicular to the road which serves or will serve as the mailing address of the subject property. If the property is adjoining parkland, a community center, or other County-owned buildings that are frequently visited by citizens to obtain services including, without limitation, County offices, schools, or libraries, the Department of Planning and Zoning may require an additional poster that it is visible to the general public in the closest useable portion of the park, community center, or facility. The Department of Planning and Zoning shall supply the posters. The petitioner shall properly erect and maintain the posters for at least three weeks following the initial presubmission community meeting.

- (e) *Content of notice.* The developer/petitioner shall provide three weeks advance notice regarding the date, time, and location of the presubmission community meeting to be held for an initial plan submittal. Each notice shall contain the following:
 - (1) First class mail and mail sent electronically shall contain:
 - (i) Time, date and place of initial presubmission community meeting;
 - (ii) Address and a map of the location of the subject property;
 - (iii) Type of initial plan submittal;
 - (iv) Type and amount of development, including number of residential units proposed, if applicable;
 - (v) Website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching all projects assigned a three-digit alphanumeric code; and
 - (vi) Information about how to sign-up to receive minutes and subsequent correspondence if unable to attend the pre-submission community meeting.

- (2) The poster shall:
 - (i) Be double-sided and at least 30 inches by 36 inches in size;
 - (ii) Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster; and
 - (iii) Contain:
 - (A) Time, date and place of initial presubmission community meeting;
 - (B) Address of the subject property, if available;
 - (C) Type of initial plan submittal;
 - (D) Type and amount of development, including number of residential units proposed, if applicable; and
 - (E) Website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching all projects assigned a three-digit alphanumeric code.
- (f) *Procedure during and following the presubmission community meeting:*
 - (1) The developer/petitioner shall distribute at the presubmission community meeting a summary of the county's subdivision and development review process, zoning or conditional use process, if applicable, prepared by the Department of Planning and Zoning.
 - (2) Developers/petitioners shall:
 - (i) Send a representative who is knowledgeable of the project;
 - (ii) Maintain a record of the names, addresses and electronic mail addresses, if available, for all attendees to the presubmission community meetings and anyone unable to attend the meeting who contacts the developer/petitioner requesting to be added to the list;
 - (iii) Compile comprehensive minutes of these meetings which include a written response to all questions not verbally answered at the meeting;
 - (iv) Send the minutes to all meeting attendees within 30 days of the meeting either electronically or by first class mail. Upon submission of the plan, this list must be included; and
 - (v) Within 7 days after filing the initial plan submittal for the project with the Department of Planning and Zoning, send notice of the submittal to each person who attended the project's presubmission community meeting, and to any other person who has requested that the developer/petitioner provide such notice. The notice shall be sent to each address and electronic mail address submitted at the project's presubmission community meeting, and shall include instructions on how to be notified when future submissions for the project are filed or when the Department of Planning and Zoning acts on any submittal for the project.
 - (3) Certification by the developer/petitioner that the meeting notices and minutes, which include written responses to questions not answered verbally at the meeting, were sent, together with attendees' contact information, shall be transmitted to the Department of Planning and Zoning when initial plans are filed and shall become part of the official record.
 - (4) Citizens may request a meeting with a staff member of the Department of Planning and Zoning to review the initial plan submittal after the initial plan has been formally submitted to the Department.
 - (5) Additional presubmission meetings: another presubmission community meeting may be required, at the discretion of the Director of the Department of Planning and Zoning, if the

developer/petitioner fails to comply with the requirements in subsections (2) and (3) above, or if plans are submitted that are significantly different from what was presented at the presubmission community meeting, unless the changes are in response to community input. If an additional presubmission meeting is held, the notification sign shall be marked by the developer with a contrasting colored "updated" attachment or overlay sticker provided by the Department of Planning and Zoning to inform the public that a subsequent meeting is being held on an altered proposal.

- (6) If the developer/petitioner does not submit plans to the Department of Planning and Zoning within one year of the presubmission community meeting, another presubmission community meeting and notification in accordance with this section shall be required.

Sec. 16.129. - Golf course redevelopment.

- (a) *Definitions.* In this section, the following terms have the meanings indicated.

- (1) *Golf course* means the portion of property:

- (i) Used, at any time, as a tee box, fairway, or green;
- (ii) Where a maintenance building was located, at any time, for the storage of chemicals, equipment, vehicles, or fuel for use on the golf course or where equipment for use on the golf course was maintained; or
- (iii) Adjoining any maintenance buildings used to maintain the property.

- (2) *Redevelopment* means a change in use to a nongolf course use for the portion of property that is being used or was used at any time as a golf course.

- (b) *Condition of Grading Permit.* An applicant for a grading permit submitted or approved on or after December 15, 2007 for the redevelopment of a golf course shall comply with this section prior to approval of the application.

- (c) *Required Testing.* Unless the applicant complies with subsection (e) of this section, the developer of a golf course redevelopment shall:

- (1) Provide certification to the Director of Planning and Zoning and the Director of Inspections, Licenses and Permits that the developer will test in accordance with this subsection and the certification shall be provided:

- (i) Prior to an initial application for a site development plan, sketch plan, preliminary plan, or final subdivision plan submitted on or after December 15, 2007; or
- (ii) Prior to plan approval for an application for a site development plan, sketch plan, preliminary plan, or final subdivision plan submitted before December 15, 2007;

- (2) Perform a phase I environmental site assessment for the redevelopment that is or will be included in the application for a grading permit:

- (i) In accordance with Standard E 1527-05, or the most recently adopted standard for phase I assessments of the American Society for Testing and Materials; and
- (ii) That shall also include legal boundaries; the location of tees, fairways and greens; any prior development plans approved by the County and the specific types and strength of chemicals used or stored for each area of the golf course;

- (3) To the extent required by the guidance, practices and procedures of the voluntary cleanup program of the Maryland Department of the Environment;

- (i) Perform a phase II environmental site assessment in accordance with Standard E 1903-97(2002), or the most recently adopted standard for phase II assessments of the American Society for Testing and Materials;
 - (ii) Perform testing of environmental media in accordance with the Maryland Department of the Environment's policies and regulations; and
 - (iii) Prior to application for a grading permit, forward a copy of the summary reports completed pursuant to this section to the Health Officer.
- (d) *Laboratory Requirements.* A laboratory performing a test under subsection (c) of this section shall follow the requirements of ISO Guide 17025 "General Requirements for the Competence of Calibration and Testing Laboratories" and:
 - (1) Be certified in the State to perform the test in accordance with this section; or
 - (2) Be accredited by the National Environmental Laboratory Accreditation Conference.
- (e) *Voluntary Cleanup Program.* If the redevelopment that is or will be included in the application for a grading permit is in, or is the subject of an application for, the voluntary cleanup program of the Maryland Department of the Environment, the developer shall:
 - (1) Provide certification to the Director of Planning and Zoning that a complete application to enter the voluntary cleanup program was filed and the certification shall be provided:
 - (i) Prior to an initial application for a site development plan, sketch plan, preliminary plan, or final subdivision plan submitted on or after December 15, 2007; or
 - (ii) Prior to plan approval for an application for a site development plan, sketch plan, preliminary plan, or final subdivision plan submitted before December 15, 2007;
 - (2) At the time of application for a grading permit, provide to the Health Officer, the Director of Inspections, Licenses and Permits, and the Director of Planning and Zoning, a copy of:
 - (i) The certificate of completion issued under section 7-513 of the Environment Article of the Annotated Code of Maryland;
 - (ii) Notice from the Maryland Department of the Environment of no further requirements related to the investigation of controlled hazardous substances at the site; or
 - (iii) A response action plan approved by the Maryland Department of the Environment that includes the grading proposed in the application for a grading permit; and
 - (3) If a response action plan was approved by the Maryland Department of the Environment:
 - (i) Certify that work covered by the grading permit will complete the remediation required by the Maryland Department of the Environment as part of the response action plan; and
 - (ii) Within 60 days after completion of the grading, submit a certificate of completion from the Maryland Department of the Environment showing that the response action plan has been completed.
- (f) *Final Comments.* After testing in accordance with subsection (c) of this section, the developer shall obtain, and provide to the Director of Planning and Zoning and to the Director of Inspections, Licenses and Permits, comments from the Health Officer regarding compliance with this section before approval of an application for a grading permit made on or after December 15, 2007.

(C.B. 60, 2007, § 2)

ARTICLE III. - REQUIRED IMPROVEMENTS

Sec. 16.130. - General.

- (a) *Construction Pursuant to Design Manual.* Sections 16.131—16.139 of this subtitle set forth the minimum improvements required for subdivision and site development plan approval. Construction of these required improvements shall be pursuant to the requirements of the Design Manual.
- (b) *Financial Responsibility; Developer's Agreement.* The developer, at the developer's expense, shall be responsible for the installation of public improvements or private stormwater management facilities required by this subtitle. Developers shall execute appropriate developer's agreements pursuant to that responsibility. After final plat approval and prior to the submission of the original final plat, the developer shall post all necessary monies and pay all required fees. A waiver to this requirement may not be granted, but modification of the timing of final plat submission may be granted under subsection 16.147(e) of this subtitle.
- (c) *Inspection; Release of Surety:*
 - (1) Upon installation of the required improvements, as provided in the developer agreement, the developer may request the County to inspect the improvements prior to the release of surety.
 - (2) The Department of Public Works shall inspect the improvements.
 - (3) The developer's agreement regarding the installation of improvements may provide that the developer may be partially released from the surety requirements of the agreement upon partial completion of the work in accordance with criteria established by the Department of Public Works.

(C.B. 121, 1992; C.B. 15, 1998; C.B. 52, 2001, § 2; C.B. 45, 2003, § 1)

Sec. 16.131. - Sewage disposal and water supply.

- (a) *Definitions:*
 - (1) *Adequate* means having unused capacity available for allocation.
 - (2) *Community sewer system* means the public sewerage system owned and operated by Howard County for the purpose of collecting and treating sewage, excluding shared sewage disposal systems.
 - (3) *Community water system* means the public water system owned and operated by Howard County for the purpose of distributing water.
 - (4) *Metropolitan district* means that part of the planned service area which is required to pay ad valorem charges for water and sewer.
 - (5) *No planned service area* means an area designated in the Howard County master plan for water and sewerage as not being planned to be served:
 - (i) By a community sewer system; and/or
 - (ii) With a community water system.
 - (6) *Planned service area* means an area designated in the Howard County master plan for water and sewerage as being planned to be served:
 - (i) By a community sewer system; and/or
 - (ii) With a community water system.
- (b) *Sewage Disposal and Water Supply Required Pursuant to Regulations.* Subdivision and site development plans shall provide for sewage disposal and for an appropriate supply of potable water in accord with the provisions of the Howard County master plan for water and sewerage, the regulations of the Maryland Department of Environment and the regulations of the Howard County Health Department. Community water systems and community sewer systems may be constructed and operated only in the metropolitan district. No waiver may be granted to these requirements. Provision shall be made for an adequate supply of water for fire protection.

(c) *Disposal of Sewage:*

(1) *Requirements regarding on-site sewage disposal systems:*

- (i) The lot size for an on-site sewage disposal system shall be at least the minimum size, based on percolation test rates or other criteria specified by the regulations of the Maryland Department of Environment and the Howard County Health Department.
- (ii) Preliminary soil tests may be performed and submitted to the Howard County Health Department to determine preliminary lot areas prior to final testing. At the option of the Howard County Health Department, a hydrogeological study of the proposed development may be required.

(2) *Required sewer improvements for lots in the "planned service area".* A proposed subdivision shall be approved for sewage disposal if one of the following provisions is made:

- (i) Where an adequate community sewer system is currently available or where contracts have been let to make an adequate community sewer system available:
 - a. Each lot shall connect to the community sewer system.
 - b. The developer shall install sanitary sewers to serve all lots, including a sewer connection for each lot.
- (ii) Where an adequate community sewer system will be available within two years:
 - a. The final subdivision plat shall include a statement that interim individual on-site sewage disposal systems may be utilized in the subdivision for a maximum of one year after an adequate community sewer system becomes available.
 - b. The developer shall install capped sanitary sewers to serve all lots, including a connection for each lot.
 - c. The developer shall install an interim individual on-site sewage disposal system on each lot when improved. The interim system shall be located so as to allow future connection to the community sewer system in the most economical and convenient manner.
- (iii) Where an adequate community sewer system will be available within three to five years:
 - a. The final subdivision plat shall include a statement that interim individual on-site sewage disposal systems may be utilized in the subdivision for a maximum of one year after an adequate community sewer system becomes available.
 - b. The developer shall install an interim individual on-site sewage disposal system on each lot when improved. The interim system shall be located so as to allow future connection to the community sewer system in the most economical and convenient manner.
- (iv) In a planned service area for sewer, but where an adequate community sewer system will not be available within five years:
 - a. The developer shall install a permanent individual on-site sewage disposal system on each lot when improved.
 - b. When an adequate community sewer system becomes available, the lots may be connected to the community system.
- (v) In the planned service area for sewer, regardless of when adequate community sewer system will be available, if the minimum lot size is three acres a developer may utilize permanent on-site sewage disposal systems. These shall be installed on each lot when improved.

(3) *Required sewer improvements for lots in the "no planned service area":*

- (i) The developer shall install a permanent individual on-site sewage disposal system on each lot when improved.
- (ii) Shared sewage disposal systems serving more than one lot may be permitted pursuant to the provisions of the zoning regulations, the master plan for water and sewerage, and subtitle 12, "Shared Sewage Disposal Systems," of title 18, "Public Works," of the Howard County Code. Concurrent review by the Maryland Department of the Environment, the Howard County Health Department and the Department of Public Works is required. For shared sewage disposal systems, early consultation on design with the approving agencies is encouraged.

(d) *Water Supply:*

- (1) *Required water supply for lots in the "planned service area".* A proposed subdivision or site development plan shall be approved for water supply if one of the following provisions is made:
 - (i) Where an adequate community water system is currently available or where contracts have been let to make an adequate community water system available:
 - a. Each lot shall connect to the community water system.
 - b. The developer shall install a water distribution main to serve all lots, including a water connection for each lot.
 - c. And for appropriately spaced fire hydrants.
 - (ii) Where an adequate community water system will be available within two years:
 - a. The final subdivision plat shall include a statement that interim individual on-site water wells may be utilized in the subdivision for a maximum of one year after an adequate community water system becomes available.
 - b. The developer shall install capped water mains to serve all lots, including a connection for each lot and appropriately spaced fire hydrants.
 - c. The developer shall install an interim individual on-site water well on each lot when improved. Whenever possible the interim water well shall be located so as to allow future connection to the community water system in the most economical and convenient manner.
 - (iii) Where an adequate community water system will be available within three to five years:
 - a. The final subdivision plat shall include a statement that interim individual water wells may be utilized in the subdivision for a maximum of one year after an adequate community sewer system becomes available.
 - b. The developer shall install an interim individual water well on each lot when improved. Whenever possible the interim water well shall be located so as to allow future connection to the community water system in the most economical and convenient manner.
 - (iv) In a planned service area for water, but where an adequate community water system will not be available within five years:
 - a. The developer shall install a permanent water well on each lot when improved.
 - b. When an adequate community water system becomes available, the lots may be connected to the community system.
 - (v) In the planned service area for water, regardless of when an adequate community water system will be available, if the minimum lot size is three acres, a developer may utilize permanent water wells. A well shall be installed on each lot when improved.
- (2) *Required water supply for lots in the "no planned service area".* In the "no planned service area" the developer shall install a permanent water well on each lot when improved.

- (3) *Fire protection.* Where a community water system is not currently available, provisions for a fire protection water supply may be required for nonresidential development.

Sec. 16.132. - Road construction.

(a) *Road Construction:*

(1) *Responsibility for road construction:*

- (i) *County roads.* The developer shall construct or provide for the construction of roads fronting or within a proposed subdivision, including required connections to adjacent properties unless the adjacent properties are precluded from development by law or agreement. The construction of roads shall be in accordance with paragraphs (2) through (6) of this subsection and in accordance with the Design Manual.
- (ii) *State roads.* The developer shall construct or provide for construction along existing State roads fronting on and providing access to a proposed subdivision in accordance with paragraphs (3) and (6) of this subsection and in accordance with the requirements of the State Highway Administration.
- (iii) *Agriculture preservation subdivisions and minor subdivisions:*
 - a. Road improvements are not required in agriculture preservation subdivisions or minor subdivisions where zoning regulations prohibit further subdivision of the lot or parcel, unless the proposed minor subdivision creates a sight distance or other traffic safety problem or if construction of a sidewalk is required under subsection 16.134(a)(1) of this subtitle.
 - b. If the road serving a minor subdivision is deficient and lies within a capital project in the County's approved capital budget or capital improvement program, road improvements will be required or funds will be contributed to the County in accordance with paragraph (2) of this subsection.
- (iv) *Subdivision of property which was part of a previous minor subdivision.* Where a major subdivision occurs within the original tract or parcel of land upon which a minor subdivision has been recorded, the developer of the major subdivision shall provide road improvements or contribute funds in accordance with paragraphs (2) through (6) of this subsection which would normally have been required for the original road frontage of the parcel of land existing prior to the recordation of the minor subdivision plat.
- (v) *Private roads in multifamily development.* Internal roads serving multifamily development may be private rather than public but must be designed and constructed in accordance with the Design Manual. Private roads shall be maintained by the owners.

(2) *Local or minor collector roads:*

- (i) *Owner owns land on only one side of road.* Where the property owner owns land on only one side of a local or minor collector road, the owner shall:
 - a. Construct one side of the road up to one-half of the full designated pavement width; or (at the County's sole option)
 - b. Contribute to the County the funds necessary to do such construction.
- (ii) *Owner owns land on both sides of road.* Where the property owner owns land on both sides of local or minor collector road, the owner shall:
 - a. Construct the entire length of the road within the subdivision to the full designated pavement width; or (at the County's sole option).

b. Contribute to the County the funds necessary to do such construction.

(3) *Major collector and minor or intermediate arterial roads:*

(i) *Benefits to the subdivision.* Notwithstanding the requirements of paragraph (1) of this subsection, no construction of a major collector road or a minor or intermediate arterial road shall be required of a property owner pursuant to this section, unless one or more of the following benefits to the subdivision shall be deemed to presently exist or may reasonably be expected to exist upon development of the proposed subdivision:

- a. The road serves the proposed subdivision;
- b. The use of the subdivision gives rise to traffic or other conditions reasonably related to the need for the road construction; or
- c. The road construction would otherwise benefit the subdivision and is reasonably related to the protection of the health, safety and general welfare of the residents in the subdivision.

(ii) *Requirement to construct minimum usable width:*

a. *Applicability.* Paragraph (3) of this subsection applies where a subdivision is either divided by or adjacent to:

1. A major collector road; or
2. A minor or intermediate arterial road which performs a regional function and therefore carries traffic requiring a greater pavement width than that required by the subdivision traffic upon the completion of the subdivision.

b. *Design standards.* County roads shall be improved in accordance with the Design Manual. State roads shall be improved in accordance with the requirements of the State Highway Administration.

c. *Owner owns land on only one side of road.* Where the property owner owns land on only one side of the road, the owner shall, at the County's or State's sole option:

1. Construct one side of the road improvements up to one-half of the minimum usable pavement width for the subdivision road which would have been applicable if the road were not a major collector road or a minor or intermediate arterial road;
2. Contribute to the County or State the funds necessary to do such construction; or
3. Enter into an agreement with the County or the State whereby the owner shall construct the entire full width of the road. The County or State shall pay for that portion in excess of the amount required of the property owner by paragraph (1) of this subsection.

d. *Owner owns land on both sides of road.* Where the property owner owns land on both sides of the road, the owner shall, at the County's or State's sole option:

1. Construct the entire length of the road within the subdivision to the minimum usable pavement width for the subdivision road which would have been applicable if the road were not a major collector road or a minor or intermediate arterial road;
2. Contribute to the County or State the funds necessary to do such construction; or
3. Enter into an agreement with the County or the State whereby the owner shall construct the entire full width of the road. The County or State shall pay for that portion in excess of the amount required of the property owner by paragraph (1) of this subsection.

- (4) *County maintained scenic roads.* Notwithstanding paragraphs (1) through (3) of this subsection, the property owner shall not be required to construct or provide for the construction of improvements to County maintained scenic roads fronting a proposed subdivision, except as required by this paragraph.
 - (i) Improvements to scenic roads shall be in accordance with the scenic road standards of the Design Manual and designed to minimize alterations to scenic features of the road right-of-way such as roadside vegetation and topography.
 - (ii) For a scenic road with current traffic volumes of less than 6,000 average daily trips (ADT), the following improvements may be required.
 - a. Access improvements such as sight distance improvements, acceleration and deceleration lanes or turn lanes at the intersection of subdivision streets with the scenic road. Turn lanes should be provided by restriping existing pavement when possible.
 - b. Improvements to correct safety problems at locations where there is a documented accident history, via signage, lighting, clearing vegetation, grading within the right-of-way, or, if other improvements will not be effective, changes in road alignment.
 - c. Road widening to provide a minimum 18-foot pavement width.
 - (iii) For a scenic road with current traffic volumes of 6,000 ADT or higher, the following improvements may be required:
 - a. The improvements listed under subparagraph (ii) of this paragraph.
 - b. Other frontage improvements, including construction of the road to full Design Manual standards, when such improvements are deemed necessary because of deficient roadway capacity or will implement planned road improvements included in the County's approved capital budget or capital improvement program.
 - (iv) At the County's sole option, the property owner may construct the road improvements required by this subsection or contribute to the County the funds necessary to do the construction.
 - (5) *Continuation to nearest public road intersection.* At the County's sole option, a developer may be required to extend the road improvement up to 250 feet beyond the proposed development to the nearest public road intersection or pay the cost of such construction if:
 - (i) The necessary rights-of-way exist or have been acquired by the developer or the County;
 - (ii) The continuation of the improvements is necessary to make the required improvements functional or to provide for safe traffic movements; and
 - (iii) The Director of Planning and Zoning, after consultation with the Director of Public Works, has determined that the nearest public road is in close proximity to the proposed subdivision.
 - (6) *Responsibility for off-site road construction.* The property owner shall construct or provide for the construction of improvements to off-site road facilities required as mitigation pursuant to subtitle 11 "Adequate Public Facilities," of this title and in accordance with an approved traffic study. Off-site intersection improvements involving a scenic road shall be designed with consideration for the scenic features of the road right-of-way.
- (b) *Acceptance.* The approval of a final subdivision plat shall not be deemed to constitute or imply the County's acceptance of any street shown on the approved plat. Acceptance of streets shall be pursuant to Title 18 of this Code.

(C.B. 121, 1992; C.B. 51, 1994; C.B. 16, 1995; C.B. 20, 1996; C.B. 15, 1998; C.B. 52, 2001, § 2; C.B. 15, 2006)

Sec. 16.133. - Storm drainage.

- (a) *Requirement to Construct Storm Drainage.* Where deemed necessary by the Director of Planning and Zoning, after consultation with the Director of Public Works:
 - (1) The developer shall construct storm drains to handle on-site runoff; and
 - (2) The developer shall provide on-site drainage easements; however, these may not encroach on required perimeter landscaping unless approved by the Department of Planning and Zoning; and
 - (3) The developer shall provide off-site drainage easements; and
 - (4) The developer shall provide for the handling of off-site runoff to an acceptable outlet in the same watershed pursuant to subsection (c) below.
- (b) *Watersheds:* For the purposes of this subtitle, there are 4 major outlets: the Patapsco Watershed, the Middle Patuxent Watershed, the Main Patuxent Watershed, and the Little Patuxent Watershed.
- (c) *Options for Handling Off-site Runoff:* Developers shall do one of the following for all subdivisions:
 - (1) Provide for the construction of all necessary drainage structures through and between the developer's subdivision and an acceptable outlet in the same watershed; or
 - (2) If all or part of the necessary drainage structures between the developer's subdivision and an acceptable outlet in the same watershed has been provided by another developer, the developer of the proposed subdivision shall pay the County an off-site drainage fee prior to recordation of the plat; or
 - (3) Pay the County an off-site drainage fee prior to recordation of the plat.
- (d) *Restriction on Construction in 100-Year Floodplain.* Construction on land within the 100-year floodplain shall be subject to the restrictions of section 16.115, "Floodplain Preservation."
- (e) *Use of the Off-site Drainage Fees.* The County may expend off-site drainage fees paid by the developers of subdivisions in a given watershed only for the construction of drainage facilities in that watershed.
- (f) *Deleted.*

(C.B. 121, 1992; C.B. 16, 1995; C.B. 52, 2001, § 1)

Sec. 16.134. - Sidewalks and walkways.

- (a) *Sidewalks Required.* The developer shall provide for the construction of sidewalks pursuant to this section and the Design Manual.
 - (1) *Residential development.* In residential subdivisions and site developments the developer shall construct sidewalks on both sides of all streets in the project and along the project frontage except that:
 - (i) Sidewalks are required on only one side of cul-de-sacs and local streets of single-family detached subdivisions.
 - (ii) No sidewalks are required on cul-de-sacs or private streets of any development with ten or fewer dwelling units except along the portion of the development that fronts on a County or State road. For minor subdivisions, if a developer chooses not to construct sidewalks along the portion of the development that fronts on a County or State road, the developer shall pay a fee-in-lieu of sidewalk construction. The fee-in-lieu shall be based on the unit prices for the cost to construct the sidewalk, including the associated curb and gutter, and shall be spent on sidewalks in the same general plan planning area as the development.

The Department of Planning and Zoning may accept a fee-in lieu from developers for developments of five to ten dwelling units located on local roads if there are:

1. No existing adjacent sidewalks; or
2. No institutional, school, public or retail facilities, within 1,000 feet.

Any residential sidewalk requirement that was satisfied by paying a fee-in-lieu may be subsequently constructed by the County through the capital budget process.

- (iii) No sidewalks are required in the RC or RR zoning district.
 - (iv) Sidewalks on State roads may not be required if the State Highway Administration determines that sidewalks are not appropriate in a specific location.
- (2) *Nonresidential developments.* In nonresidential subdivisions and site developments the developer shall construct sidewalks on one or both sides of the street, if the Department of Planning and Zoning deems it necessary to serve anticipated internal pedestrian traffic, to provide access to transit stops, or to make connections to surrounding land uses.
- (b) *No Sidewalks Required.* The Department of Planning and Zoning may eliminate all or part of the sidewalk requirement where:
- (1) One side of a street adjoins a landscaped parking island, park, golf course or other type of use which does not require a sidewalk and where continuity is not essential.
 - (2) Adjacent development (recorded plat) has been substantially completed without sidewalks, pursuant to prior approvals, and there is no need for sidewalks to serve commercial or institutional uses, schools, parks, or other public facilities, or make connections to nearby streets or transit service.
 - (3) Sidewalks would be detrimental to the character of a scenic road and are not needed to serve school, shopping or active recreation areas.
 - (4) Sidewalks on State roads may not be required if the State Highway Administration determines that sidewalks are not appropriate in a specific location.
- (c) *Sidewalks beyond Subdivision.* At the County's sole option, a developer may be required to extend the sidewalk construction up to 250 feet beyond the proposed development to the nearest public sidewalk or pathway or pay the cost of such construction if:
- (1) The continuation of the sidewalk is necessary to provide safe pedestrian travel or to complete a sidewalk or pathway system;
 - (2) The Director of Planning and Zoning has determined that the nearest public sidewalk or pathway is in close proximity to the proposed subdivision; and
 - (3) The necessary rights-of-way exist or have been acquired by the developer or the County.
- (d) *Walkways:*
- (1) *Residential development.* If the Department of Planning and Zoning determines that construction of sidewalks is infeasible or insufficient, an on-site pedestrian walkway to provide access to commercial or institutional uses, schools, or other public facilities such as parks, nearby streets or connections to transit service may be required.
 - (2) *Nonresidential development.* The design of site development plans for nonresidential development shall incorporate on-site pedestrian circulation.

(C.B. 121, 1992; C.B. 51, 1994; C.B. 15, 1998; C.B. 52, 2001, § 2; C.B. 15, 2006, § 1; C.B. 69, 2007, § 1)

Sec. 16.135. - Street lighting.

Unless the Department of Planning and Zoning, after consultation with the Director of Public Works, determines that adequate street lighting already exists, the developer of subdivisions and site developments shall provide street lighting in accordance with the Design Manual and in locations approved by the Director of Planning and Zoning, after consultation with the Director of Public Works. Street lighting is not required in RC, RR and BR zoning districts.

(C.B. 121, 1992; C.B. 51, 1994; C.B. 16, 1995)

Sec. 16.136. - Street trees and landscaping requirements.

The developer shall provide street trees and landscaping in accordance with section 16.124 and the Landscape Manual.

(C.B. 121, 1992; C.B. 20, 1996)

Sec. 16.137. - Street name signs and traffic-control devices.

The developer shall erect street name signs and traffic-control devices at each street intersection. These signs and devices shall be consistent with this Code and the Design Manual and shall be approved by the Department of Planning and Zoning, after consultation with the Director of Public Works.

(C.B. 121, 1992; C.B. 16, 1995)

Sec. 16.138. - Gas, electric, and communication facilities.

- (a) *Requirement to Extend Underground Utilities.* The developer shall provide for underground extensions of gas, electric, and communication utilities, including service provided by the cable television franchise holder(s) to serve the subdivision or development in accordance with applicable Howard County and Public Service Commission underground extension rules.
- (b) *Agreements with Utilities.* Prior to submission of the final plat or site development plan to the Department of Planning and Zoning for signature approval, the developer shall execute agreements for underground telephone and electric services for the development with the public service companies in whose service territory the development is located. These agreements shall provide that the developer is responsible for all Public Service Commission rules and company service tariffs, even though building lots of the subdivision may be sold, developed or improved by third parties.
- (c) *Electric vehicle charging stations .* Communal parking areas for residential units shall include electric vehicle charging stations in accordance with section 3.105(c) of the Howard County Code.

(C.B. 121, 1992; C.B. 76, 2018, § 1)

Sec. 16.139. - Monuments and markers.

(a) *Monuments Required:*

- (1) The developer shall construct and place a monument at each street intersection. Monumentation shall be in accordance with the requirements of COMAR.
- (2) Monuments shall be set so that the top is level with the surface of the surrounding ground at final finished grade.

- (3) Monuments shall be concrete, four inches by four inches top, six inches by six inches bottom, three feet long and strengthened by a three-eighths inch or greater steel reinforcing rod, at least 30 inches long, through their centers.
- (b) *Markers Required.* The developer shall construct and place a marker on all points of curvature and points of tangency along the street line and at all angle breaks. Markers shall be steel bars or iron pipes at least three-eighths of an inch in diameter and 30 inches long.
- (c) *Setting of Monuments and Markers.* Monuments and markers shall have been installed at the time the developer applies to the County for inspection and acceptance of the streets in his subdivision. Monuments and markers shall each have an identifying cap bearing the Maryland registration number of the licensed professional land surveyor, property line surveyor, corporation, or partnership responsible for setting the monuments and markers in accordance with the Annotated Code of Maryland. Markers and monuments shall be identified as described in the Annotated Code of Maryland, title 9, subtitle 13, chapter 3, section 3.
- (d) *Geodetic Control Survey Stations.* The developer shall mark and protect all County geodetic control survey stations on the site, including those located in the public right-of-way, for the duration of construction activity. Control stations disturbed or damaged during the construction period shall be reset by the Department of Public Works at the developer's expense. Geodetic control survey stations on the site that require relocation shall be relocated by the Department of Public Works prior to issuance of a building permit.

(C.B. 121, 1992; C.B. 16, 1995; C.B. 52, 2001, § 2)

Secs. 16.140—16.143. - Reserved.

ARTICLE IV. - PROCEDURES FOR FILING AND PROCESSING SUBDIVISION APPLICATIONS

Sec. 16.144. - General procedures regarding the subdivision process.

Except as provided in section 16.102 of this subtitle, all proposals to subdivide land shall be processed in accordance with the following procedures:

- (a) *Presubmission Community Meeting.* A presubmission community meeting is required prior to the initial submission of residential sketch plans or preliminary equivalent sketch plans in accordance with section 16.128 of this article.
- (b) *Submission of Sketch Plan or Preliminary Equivalent Sketch Plan.* The subdivision process begins when the developer of land submits to the Department of Planning and Zoning a sketch plan or preliminary equivalent sketch plan which shall be in accordance with the requirements of section 16.145, "Sketch Plan; Preliminary Equivalent Sketch Plan," of this subtitle.
- (c) *Review Process.* The Department of Planning and Zoning shall transmit the sketch plan or preliminary equivalent sketch plan for review and recommendation to the Review Committee and such other agencies of the County and State as the Department deems appropriate. The Department of Planning and Zoning may schedule a meeting of the Review Committee to review the plan.
- (d) *Report of Review Committee; Additional Information:*
 - (1) Within 60 days of active processing time from submission of the sketch plan or preliminary equivalent sketch plan the Department of Planning and Zoning shall provide the developer with a written report of the findings of the review committee, including the comments of the Review Committee and its recommendations.
 - (2) If the Department of Planning and Zoning or the Review Committee indicates that additional information is needed in order to decide whether to approve the plan, the developer shall provide the information within 45 days of receiving such indication.

- (e) *Approval/Denial of Sketch Plan or Preliminary Equivalent Sketch Plan:*
 - (1) Within 60 days of active processing time from submission of the sketch plan or preliminary equivalent sketch plan or if additional information was requested, within 45 days of receiving the information, the Department of Planning and Zoning shall indicate to the developer in writing whether the sketch plan or preliminary equivalent sketch plan is approved, approved with modifications or denied.
 - (2) If the sketch plan is approved or approved with modifications, this notice shall serve as authority to proceed to submission of the preliminary plan, except for subdivisions which require Planning Board approval. If the preliminary equivalent sketch plan is approved or approved with modifications, this notice shall serve as authority to proceed to submission of the final plan, except for subdivisions which require Planning Board approval.
- (f) *Planning Board Approval:*
 - (1) If the subdivision requires Planning Board approval, the Department of Planning and Zoning shall advise the developer of the location, time and date of the Planning Board meeting after the Department notifies the developer that the sketch plan or preliminary equivalent sketch plan has been approved or approved with modifications by the Department.
 - (2) The Planning Board shall indicate to the developer in writing whether the sketch plan or preliminary equivalent sketch plan is approved, approved with modifications or denied.
- (g) *Submission of Preliminary Plan.* If the sketch plan is approved or approved with modifications, the developer shall submit to the Department of Planning and Zoning a preliminary plan which shall be:
 - (1) In accordance with the approved sketch plan;
 - (2) In accordance with the requirements of section 16.146, "Preliminary Plan," of this subtitle; and
 - (3) Within the following milestones:
 - (i) Four months of sketch plan approval (subdivisions of 50 or fewer housing units);
 - (ii) Six months of sketch plan approval (subdivisions of 51—100 housing units);
 - (iii) Nine months of sketch plan approval (subdivision of 101 or more housing units);
 - (iv) Nine months of sketch plan approval for nonresidential subdivisions.
- (h) *Review Process.* The Department of Planning and Zoning shall transmit the preliminary plan for review and recommendation to the review committee and such other agencies of the County and State as the Department deems appropriate. The Department of Planning and Zoning may schedule a meeting of the review committee to review the preliminary plan.
- (i) *Report of Review Committee; Additional Information:*
 - (1) Within 60 days of active processing time from submission of the preliminary plan, the Department of Planning and Zoning shall provide the developer with a written report of the findings of the review committee, including the comments of the review committee and its recommendations.
 - (2) If the Department of Planning and Zoning or the review committee indicates that additional information is needed in order to decide whether to approve the preliminary plan, the developer shall provide the information within 45 days of receiving such indication.
- (j) *Approval/Denial of Preliminary Plan:*
 - (1) Within 60 days of active processing time from submission of the preliminary plan, or if additional information was requested, within 45 days of receiving the information, the Department of Planning and Zoning shall indicate to the developer in writing whether the preliminary plan is approved, approved with modifications or denied.

- (2) If the preliminary plan is approved or approved with modifications, this notice shall serve as authority to proceed to submission of the final plan.
- (k) *Submission of Final Plan.* If the preliminary plan or preliminary equivalent sketch plan is approved or approved with modifications, the developer shall submit to the Department of Planning and Zoning a final plan which shall be:
- (1) In accordance with the approved preliminary plan or preliminary equivalent sketch plan;
 - (2) In accordance with the requirement of section 16.147, "Final Subdivision Plan and Final Plat," of this subtitle;
 - (3) Within the following milestones:
 - (i) Four months of preliminary plan approval or preliminary equivalent sketch plan approval (subdivisions of 50 or fewer housing units);
 - (ii) Six months of preliminary plan approval or preliminary equivalent sketch plan approval (subdivisions of 51—100 housing units);
 - (iii) Nine months of preliminary plan approval or preliminary equivalent sketch plan approval (subdivisions of 101 or more housing units);
 - (iv) Nine months of preliminary plan approval or preliminary equivalent sketch plan approval for nonresidential subdivisions.
- (l) *Review Process.* The Department of Planning and Zoning shall transmit the final plan for review and recommendation to the review committee. The Department of Planning and Zoning may schedule a meeting of the review committee to review the final plan.
- (m) *Report of Review Committee; Additional Information.* The Department of Planning and Zoning shall provide the developer with a written report of the findings of the review committee, including the comments of the review committee and its recommendations. If the Department of Planning and Zoning or the review committee indicates that additional information is needed in order to decide whether to approve the final plan, the developer shall provide the information within 45 days of receiving such indication.
- (n) *Approval/Denial of Final Plan:*
- (1) Within 60 days of active processing time from submission of the final plan, or if additional information was requested, within 45 days of receiving the information, the Department of Planning and Zoning shall indicate to the developer in writing whether the final plan is approved, approved with modifications or denied.
 - (2) If the final plan is approved or approved with modifications, this notice shall serve as authority to proceed to submission of final construction drawing originals, payment of fees, developer agreement, etc., preparatory to recordation.
- (o) *Submission of Final Construction Drawings.* Within 60 days of receiving approval of the final plan the developer shall submit the final construction drawing originals to the Department of Planning and Zoning for signature. If a subdivision has a forest conservation obligation, the final forest conservation plan shall be submitted within 60 days.
- (p) *Payment of Fees; Posting of Financial Obligations.* Within 120 days of receiving approval of the final plan the developer shall:
- (1) Pay all required fees to the County; and
 - (2) If subject to a developer agreement or major facility agreement, shall post all monies and file appropriate surety covering the developer's financial obligations for the required public or private improvements.
- (q) *Final Subdivision Plat.* Within 180 days of final plan approval, the developer shall submit the final subdivision plat to the Department of Planning and Zoning for signatures and recordation.

- (r) *Status of Plans Which Do Not Meet Deadlines, or Which Fail to Provide Information in a Timely Manner:*
- (1) *Milestones:*
- (i) *Miss the milestone for preliminary plan submission.* Except where delay is caused by government action, a project which misses the deadline for preliminary plan submission shall be voided and the application for plan approval shall be considered withdrawn. The developer may resubmit the subdivision plan for sketch plan approval.
- (ii) *Miss the deadline for final plan submission.* Except for a conditionally exempt project which is the subject of subparagraph (iii) of this paragraph, or where delay is caused by government action, a project which misses the deadline for final plan submission shall be voided and the application for plan approval shall be considered withdrawn. If there has been no change in the requirements of the subdivision regulations since the project's sketch plan approval, the subdivision plan may be resubmitted for approval at the preliminary plan stage. Otherwise, it may be resubmitted for approval at the sketch plan or preliminary equivalent sketch plan stage.
- (iii) *Projects with conditional exemptions from tests for adequate public facilities.* A project with conditional exemption from the test for adequate public facilities pursuant to subtitle 11, "Adequate Public Facilities," of this title which has preliminary plan approval and misses the milestone for submission of a final plan shall be voided and the application for approval of the plan shall be considered withdrawn unless the plan has approval for adequate facilities and housing unit allocations while the preliminary plan approval is still valid pursuant to the subdivision regulations in effect at the time the preliminary plan was approved. The plan may be resubmitted for approval at the sketch plan or preliminary equivalent sketch plan stage.
- (2) *Submission of final plan.* A project with preliminary plan approval prior to March 12, 1993 which fails to submit a final plan while the preliminary plan approval is still valid pursuant to the subdivision regulations in effect at the time the preliminary plan was approved shall be voided and the application for plan approval shall be considered withdrawn.
- (3) *Providing additional information.* If additional information needed for plan approval is not provided within 45 days of request, the plan shall be denied.
- (4) *Failure to submit final construction or forest conservation drawings.* Except where delay is caused by government action, failure to submit final construction drawing originals or any required forest conservation plan originals within 60 days of final plan approval shall void previous approvals and the application shall be considered withdrawn.
- (5) *Failure to pay fees, sign developer's agreement, provide surety.* Except where delay is caused by government action, failure to pay fees, post monies, sign developer agreements and major facilities agreement, and provide appropriate surety within 180 days of final plan approval shall void previous approvals and the application shall be considered withdrawn.
- (6) *Failure to submit final plat.* Except where delay is caused by government action, failure to submit the final plat within 180 days of final plan approval shall void previous approvals and the application shall be considered withdrawn.
- (s) *Processing Subsequent Sections of Subdivisions in Default.* If any section of a subdivision is ruled in default on the developer's agreement or major facilities agreement, the County may:
- (1) Stop the active processing of subsequent sections of the subdivision or physically related projects owned by the developer in default until all requirements to remove the default are accomplished; or
- (2) Deny subsequent sections of a subdivision in default or physically related projects owned by the developer in default.
- (t) *Subdivision Name, Street Name, and Property Numbers:*

- (1) *Subdivision name.* The subdivision name approved and recorded by the Department of Planning and Zoning shall constitute the subdivision's official name. No other name may be used for advertising or sales purpose unless an approved and amended plat is recorded bearing the revised name. Where a subdivision name has been changed, all subsequent plans submitted for processing shall reference the original subdivision name, and the Department of Planning and Zoning file numbers.
- (2) *Street name.* Street names shall be approved by the Department of Planning and Zoning. Such names shall not duplicate those used elsewhere in Howard County, or adjacent jurisdictions and they shall be approved before the submission of any final plats. Changes in existing street names shall be in accordance with section 16.400 of the Howard County Code.
- (3) *Property numbers.* Property numbers shall be assigned:
 - (i) On the final plat to all lots or parcels within a subdivision of single-family dwellings.
 - (ii) On the site development plan to all buildings or entrances within an apartment development or nonresidential development.
- (u) *Compliance with Green Neighborhood Allocation.* An applicant who receives a green neighborhood allocation under section 16.1102 of this subtitle shall comply with the standards adopted by resolution of the County Council. The initial plan submission shall be a preliminary equivalent sketch plan for major subdivisions, final plan for minor subdivisions, or site development plan, whichever is applicable.

(C.B. 121, 1992; C.B. 52, 2001, § 2; C.B. 29, 2005, §§ 1, 2; C.B. 48, 2007, § 2; C.B. 36, 2009, § 1; C.B. 39, 2009, § 2)

Sec. 16.145. - Sketch plan; preliminary equivalent sketch plan.

- (a) *Purpose.* The purpose of the sketch plan or preliminary equivalent sketch plan is to indicate to the County the intent, scope and timing of the subdivision and to familiarize the developer with County and State plans which may affect the subdivision. The subdivision will also be tested at this stage for the adequacy of public facilities in accordance with the provisions of subtitle 11, "Adequate Public Facilities," of this title. Preliminary equivalent sketch plans, which proceed directly from preliminary equivalent sketch plan approval to final plan submission, also provide the information required with preliminary plans. A preliminary equivalent sketch plan is required for all major subdivisions in the RC, RR and R-ED zoning districts.
- (b) *Procedures:*
 - (1) *Informational meeting prior to plan submission.* The developer, especially the developer of a large or complex project, is encouraged to contact the Department of Planning and Zoning to schedule an informational meeting with the Department and other appropriate agencies prior to submitting the sketch plan or preliminary equivalent sketch plan so that requirements for adequate public facilities testing, the general plan, the capital improvement program and other information can be provided prior to formal submission of the plan application.
 - (2) *Presubmission community meeting.* If the initial plan submittal for a residential subdivision is a sketch plan or preliminary equivalent sketch plan, the developer of the subdivision is required to hold a presubmission community meeting in accordance with section 16.128 of this subtitle.
 - (3) *Design Advisory Panel review:*
 - (i) *Review.* If required by subparagraphs (ii), (iii), and (iv) of this paragraph, a developer shall submit a project for review by the Design Advisory Panel and the Director of the Department of Planning and Zoning may consider recommendations made by the Design Advisory Panel in accordance with section 16.1504 of this subtitle as a condition of plan approval for projects located on property subject to Design Advisory Panel review as set forth in section 16.1501 of this subtitle.

- (ii) *Sketch plans submitted on or after November 3, 2008.* For sketch plans submitted on or after November 3, 2008. A developer shall submit the project for Design Advisory Panel review prior to submission of the sketch plan.
 - (iii) *Sketch plans submitted before November 3, 2008.* For sketch plans submitted before November 3, 2008, a developer shall submit the project for Design Advisory Panel review prior to a determination that the plan is technically complete.
 - (iv) *Sketch plans technically complete before November 3, 2008.* For sketch plans that are technically complete before November 3, 2008, a developer shall submit the project for Design Advisory Panel review as a condition of approval of subsequent preliminary and site development plan approval.
- (4) *Submit application, pay fees.* A developer applies for approval of a sketch plan or preliminary equivalent sketch plan by submitting the following items to the Department of Planning and Zoning for the entire parcel being subdivided:
- (i) An application form and checklist;
 - (ii) The required number of copies of the plan, which shall be:
 - (a) In accordance with the provisions of subsection (c), "Required Information for Sketch Plan," of this section; or
 - (b) If this is a preliminary equivalent sketch plan, in accordance with subsection (c), "Required Information for Preliminary Plan," of Section 16.146, "Preliminary Plan," of this subtitle; and
 - (iii) The appropriate application fee.
- (5) *Notice of new residential developments:*
- (i) *Requirement to give public notice.* If the sketch or preliminary equivalent sketch plan is the initial plan submittal for new residential development and is submitted after November 15, 2001, within three working days the developer shall post public notice on the property.
 - (ii) *Location.* The posters provided by the Department of Planning and Zoning shall be posted at the site of the proposed roadway entrances so that local residents may reasonably be expected to see them.
 - (iii) *Duration.* The notice shall remain in place at least 30 days.
 - (iv) *Content.* The notice shall:
 - a. State that a new residential development is proposed to be constructed at the site.
 - b. Give the sketch or preliminary equivalent sketch plan number.
 - c. Indicate that the sketch or preliminary equivalent sketch plan is available for inspection at the Department of Planning and Zoning.
 - (v) *Notification to persons who comment.* Any person commenting on a sketch plan or preliminary equivalent sketch plan within 14 days of plan submission shall be notified by the Department of Planning and Zoning that changes have occurred to the proposed plans at any stage of the review process.
 - (vi) *No delay.* The notification requirements of this subsection shall not be construed to delay the normal processing of the sketch or preliminary equivalent sketch plan.
- (6) *Processing of application.* Processing of the application for approval of the sketch or preliminary equivalent sketch plan will follow the general procedures outlined in section 16.144 "General Procedures Regarding the Subdivision Process," of this subtitle.

- (7) A developer who is proposing the redevelopment of a golf course shall comply with section 16.129 of this subtitle, and, for purposes of this section, the terms "redevelopment" and "golf course" shall have the meaning set forth in section 16.129 of this subtitle.
- (8) *Approval binding on County:*
- (i) Approval of a sketch plan is binding on the County for seven years provided that the subdivision is processed in accordance with the schedule included in the approved plan and:
- a. A preliminary plan is submitted within:
 1. Four months of sketch plan approval (subdivisions of 50 or fewer housing units);
 2. Six months of sketch plan approval (subdivisions of 51—100 housing units);
 3. Nine months of sketch plan approval (subdivisions of 101 or more housing units);
 4. Nine months of sketch plan approval for nonresidential subdivisions; and
 - b. A final plan is submitted within:
 1. Four months of preliminary plan approval (subdivisions of 50 or fewer housing units);
 2. Six months of preliminary plan approval (subdivisions of 51—100 housing units);
 3. Nine months of preliminary plan approval (subdivisions of 101 or more housing units);
 4. Nine months of preliminary plan approval for nonresidential subdivisions.
- (ii) Approval of a preliminary equivalent sketch plan is binding on the County for seven years provided that the subdivision is processed in accordance with the schedule included in the approved plan and a final plan is submitted within:
- a. Four months of preliminary equivalent sketch plan approval (subdivisions of 50 or fewer housing units);
 - b. Six months of preliminary equivalent sketch plan approval (subdivisions of 51—100 housing units);
 - c. Nine months of preliminary equivalent sketch plan approval (subdivisions of 101 or more housing units);
 - d. Nine months of preliminary equivalent sketch plan approval for nonresidential subdivisions.
- (9) *File original tracings of approved plan.* The developer shall file original tracings of the approved sketch or preliminary equivalent sketch plan with the Department of Planning and Zoning prior to the submission of the next plan stage. The original tracing shall be on a durable, reproducible of Mylar or comparable material approved by the Department of Planning and Zoning.
- (c) *Required Information.* A checklist specifying the required information format for sketch plan submission is to be provided by the Department of Planning and Zoning. For all types of subdivisions, except for apartments, the sketch plan, drawn on 24-inch by 36-inch sheets to scale one inch equals 200 feet, or as approved by the Department of Planning and Zoning shall be submitted on a topographic map, accompanied by an application form, checklist, and fee and the following items. Apartment developments shall be drawn at a scale of one inch equals 100 feet or one inch equals 50 feet and shall also provide the information required in paragraph (16) of this subsection. The Department of Planning and Zoning will provide a separate submission checklist for a preliminary equivalent sketch plan that incorporates appropriate requirements from the checklists for both sketch and preliminary plans.
- (1) Name and address of developer, owner, engineer, and/or surveyor.

- (2) Adjoining property owners, deed references and recorded subdivision names, recording references and adjoining property structures within 200 feet of the proposed property line. Provide information regarding any adjoining undeveloped parcel that is landlocked or has insufficient frontage which may need access through the proposed subdivision.
- (3) Development data, including land characteristics, availability of public utilities, existing and proposed individual wells, individual septic systems, and shared sewage disposal facilities, existing and proposed recreation, park and conservation areas, existing and proposed street systems, scenic roads, existing and proposed stormwater management systems, preliminary lot layout, approximate 100-year floodplain limits, wetlands and streambanks, wetland and stream buffers or steep slopes, if any.
- (4) Vicinity map.
- (5) North arrow.
- (6) The title block shall be in the lower right-hand corner and include:
 - (i) Proposed subdivision name which shall not be a duplicate of any other subdivision or development name in the Baltimore Metropolitan Area;
 - (ii) Scale of plan;
 - (iii) Location by election districts, County, and State;
 - (iv) Tax map, parcel number; and
 - (v) Date.
- (7) List of street names which, if approved by the Department of Planning and Zoning, will be reserved for that subdivision.
- (8) Existing zoning, number of acres and proposed lots.
- (9) Soils map at the scale of the subdivision plan with the boundary plotted and the mapping symbols indicated within the mapping boundaries.
- (10) Forest stand delineation as described in subtitle 12 of this title.
- (11) Whenever the sketch plan covers only a part of an applicant's contiguous holdings, the applicant shall submit, at the same scale as above, a sketch of the proposed subdivision area, with its proposed street system and an indication of the probable future street and drainage system of the remaining portion of the tract.
- (12) The location and approximate age of any burial grounds or existing structures and whether structures are to be retained or removed. A cemetery boundary documentation and accommodation plan shall be submitted, if applicable pursuant to the requirements of subtitle 13, "Cemetery Preservation," of this title.
- (13) The phasing schedule, if the subdivision is to be phased.
- (14) A traffic study pursuant to the requirements of subtitle 11, "Adequate Public Facilities," of this title.
- (15) Additional information which may be required by the review committee to evaluate the plan.
- (16) For apartment developments, the sketch plan shall be submitted for the entire acreage of contiguous ownership in accordance with paragraphs (1) through (15) of this subsection and shall include the following additional items:
 - (i) Approximate location of each building, setbacks from all streets (public or private), property lines, and distances between buildings.
 - (ii) Number of apartment units in each building.

- (iii) Number of parking spaces in each off-street parking area, and total number of parking spaces.
 - (iv) Interior road or street access, whether public or private, and total area of each.
- (17) For development of a site abutting a scenic road, the following are required:
- (i) Location of views and viewsheds as seen along the entire frontage of the scenic road, indicated on the plan.
 - (ii) Photographs, perspective sketches or elevations of the property as necessary to adequately portray the visual character of the scenic road right-of-way and the site as viewed from the scenic road.
 - (iii) Perspective sketches, elevations or cross-sections of the proposed development as viewed from the scenic road, showing the relationship of development to the scenic character of the landscape as viewed from the road.
- (18) Location of overhead utility line maintenance easements that would conflict with proposed landscaping or forest buffers, if any.
- (19) For cluster and density receiving subdivisions in the RC or RR zoning districts, a written explanation of how the proposed design meets the objectives set forth in sections 104.F.2, 105.F.2, or 106.F.3 of the zoning regulations.
- (20) For residential developments required to hold presubmission community meetings in accordance with section 16.128 of this subtitle, a certification that meeting notices were mailed and a summary of the comments made at the meeting.
- (21) For residential development projects requesting green neighborhood allocations, the preliminary equivalent sketch plan shall demonstrate how the project will comply with the green neighborhood site portion of the green neighborhood checklist.
- (22) A developer who is proposing the redevelopment of a golf course shall comply with section 16.129 of this subtitle, and, for purposes of this section, the terms "redevelopment" and "golf course" shall have the meaning set forth in section 16.129 of this subtitle.

Sec. 16.146. - Preliminary plan.

(a) *In General:*

- (1) *Purpose.* The purpose of the preliminary plan is to present detailed data which will enable the County to determine whether the proposed layout of the subdivision is in accordance with the approved sketch plan, the requirements of this section and the requirements of this subtitle.
- The preliminary plan is not intended to be a record plat, but shall be designed by a qualified technician trained and experienced in the layout of subdivisions and shall be sealed and signed by a registered engineer or other professional person qualified by law and licensed in the State of Maryland to seal and sign such plans.
- (2) *Preliminary equivalent sketch plan.* The preliminary plan stage may be omitted if the developer indicates intent to do so at the sketch plan stage and submits a preliminary equivalent sketch plan in accordance with the provisions of subsection (c), "Required Information for Preliminary Plan," of this section.
- (3) *Phased subdivisions.* Typically, a preliminary plan will cover only a portion of a phased subdivision and will provide more detailed data for the particular phase. The extent of a

subdivision included in each preliminary plan shall be consistent with the phasing schedule included in the approved sketch plan.

(b) *Procedures:*

- (1) *Submit application; pay fees.* A developer may apply for approval of a preliminary plan by submitting to the Department of Planning and Zoning:
 - (i) An application form;
 - (ii) The required number of copies of the preliminary plan, which shall be in accordance with the provisions of subsection (c), "required information for preliminary plan," of this section; and
 - (iii) The appropriate application fee.
- (2) *Processing of application.* Processing of the application for approval of the preliminary plan will follow the general procedures outlined in section 16.144, "General Procedures Regarding the Subdivision Process," of this subtitle.
- (3) *Design Advisory Panel review:*
 - (i) *Applicability.* This paragraph shall apply:
 - a. If the Department of Planning and Zoning determines that a preliminary plan is not consistent with an approved sketch plan; or
 - b. If a sketch plan is technically complete before November 3, 2008.
 - (ii) If applicable, a developer shall submit a project for review by the Design Advisory Panel and the Director of the Department of Planning and Zoning may consider recommendations made by the Design Advisory Panel in accordance with section 16.1504 of this subtitle as a condition of plan approval for projects located on property subject to design advisory panel review as set forth in section 16.1501 of this subtitle.
- (4) *Approval binding on County:*
 - (i) *Applicability.* This paragraph applies only to:
 - a. Subdivisions which:
 1. Are conditionally exempt from the requirement for testing of adequate public facilities pursuant to subtitle 11. "Adequate Public Facilities," of this title; and
 2. Had sketch plan approval prior to March, 1993; and
 3. Met the milestone for submission of the preliminary plan.
 - b. Subdivisions which missed the milestone for submission of the final plan and have been resubmitted for approval at the last plan stage which had been approved before the milestone was missed.
 - (ii) *Binding for seven years.* The preliminary plan is binding on the County for seven years provided that the subdivision is processed in accordance with the schedule included in the approved plan and a final plan is submitted within:
 - a. Four months of preliminary plan approval (subdivisions of 50 or fewer housing units);
 - b. Six months of preliminary plan approval (subdivisions of 51—100 housing units);
 - c. Nine months of preliminary plan approval (subdivisions of 101 or more housing units);
 - d. Nine months of preliminary plan approval for nonresidential subdivisions.
- (5) *File original tracings of approved preliminary plan.* The developer shall file original tracings of the approved preliminary plan with the Department of Planning and Zoning prior to the

submission of the final plan. The original tracing shall be on a durable, reproducible of Mylar or comparable material approved by the Department of Planning and Zoning.

- (c) *Required Information for Preliminary Plan.* A checklist specifying the format for preliminary plan submission shall be provided by the Department of Planning and Zoning. The following information shall be required for all preliminary plans:
- (1) The preliminary plan shall be submitted at a scale of one inch equals 100 feet, one inch equals 50 feet or as approved by the Department of Planning and Zoning and shall be clear and legible. The size of a sheet shall be 24 inches by 36 inches. When more than one sheet is required, an index sheet of the same size shall be submitted showing the entire subdivision drawn to scale.
 - (2) Vicinity map indicating the location of the property with respect to surrounding property and streets to an accurate scale.
 - (3) The names, liber, and folio of all adjoining unsubdivided property. If a recorded subdivision adjoins the land to be developed, the subdivision name, lot number, block number, and recording number shall be indicated with dashed lines.
 - (4) Title block shall be in the lower right-hand corner and include:
 - (i) Proposed subdivision name, which shall not be a duplicate of any subdivision or development name in the Baltimore Metropolitan Area;
 - (ii) Section number;
 - (iii) Scale of plan;
 - (iv) Location by election district, County, and State;
 - (v) Date; and
 - (vi) Tax map and parcel number.
 - (5) Name and address of the owner and/or developer and registered engineer or other professional person licensed in the State of Maryland responsible for the preparation of the plan; signature, and seal of engineer, or other professional person qualified by law and licensed in the State of Maryland to sign and seal the preliminary plan and corporation (if corporate developer) is required.
 - (6) North arrow.
 - (7) Boundary of proposed subdivision clearly indicated by a heavy line with bearings and distances.
 - (8) All existing pertinent features, either natural or manmade, on-site or within 200 feet of the project property line that may influence the design of the subdivision, including streambanks, wetlands, floodplains, required buffers, soil characteristics, forests or important trees, utility rights-of-way including maintenance easements, individual well and septic systems and shared sewage disposal systems, or existing buildings, structures, and burial grounds. Indicate the approximate age of any structure and whether it is to be retained or removed. A cemetery boundary documentation and accommodation plan shall be submitted, if applicable pursuant to the requirements of subtitle 13, "Cemetery Preservation," of this title.
 - (9) Existing topography at two-foot contour intervals. Contour lines shall be indicated 200 feet beyond subdivision boundary.
 - (10) Location, widths, and names of all streets or alleys on or adjoining the subdivision. Existing easements and streets which have been preliminarily approved or recorded but remain unimproved shall be indicated with dashed lines.
 - (11) The layout of all proposed streets, including widths of rights-of-way and pavements, widths and locations of sidewalks or paths, and general location of street trees.

- (12) Location of existing and proposed utilities on or adjoining the tract, indicating approximate pipe sizes and directions of slopes. Include electric and telephone poles, street lights, and fire hydrants. If no hydrants, indicate provisions for fire protection.
- (13) The layout of all proposed and existing lots with appropriate dimensions and minimum area in square feet (acres if lot size is greater than 60,000 square feet), section number and area number, and required front, side, and rear setbacks except in the New Town district.
- (14) All subdivisions shall be tied to the Maryland Coordinate System if control points and information are within one mile of proposed subdivision. Coordinate values needed on all points on the boundary of the preliminary plan shall be presented in tabular form. Original monument references may be obtained from the Department of Public Works.
- (15) Lot numbers in numerical order throughout the entire subdivision for single-family lots. Apartment, condominium, commercial, industrial and bulk parcels will be designated by letters in alphabetical order.
- (16) The approximate location, dimensions, and area of all property proposed to be reserved or temporarily reserved for public use, or reserved for the use of all property owners in the subdivision and the location, dimensions, and purposes of any proposed easements.
- (17) Zoning district classification governing the subject tract and adjoining properties.
- (18) Proposed drainage and stormwater management systems including the type of structures, drainage easements, proposed changes in topography, the 100-year floodplain, and any deviations from standards. Justification shall be provided for rejecting preferred stormwater management measures in favor of less preferred methods unless predetermined by the Department of Planning and Zoning, after consultation with the Director of Public Works, and in accordance with the Design Manual.
- (19) If a private sewage or water supply system or shared sewage disposal system is to be used, location and results of soil percolation tests and locations of water wells are to be indicated in accordance with the specifications of the Maryland State Department of Environment. Signature block for County Health officer should be provided on the percolation plan or the plan sheets showing required well and septic information. No other sheets require signature by the Health Officer.
- (20) Total number of lots, area of lots, and parcels, area of public roadway and open space dedications, and total area of subdivision should be listed.
- (21) Locations and extent of proposed erosion and sediment control measures, as required, by the Howard County Soil Conservation District shall be shown.
- (22) Soil map at the scale of the subdivision plan, with the boundary plotted and the mapping symbols indicated within the mapping boundaries.
- (23) Preliminary forest conservation plan as described in subtitle 12 of this title.
- (24) The following information shall accompany the submission of the preliminary plan in accordance with requirements contained in the design manual:
 - (i) Tentative profiles of each street center line and typical cross section of each type of street.
 - (ii) Preliminary drainage area map and preliminary storm drainage study for the entire area covered by the preliminary subdivision plan. The storm drainage study shall include an evaluation of drainage structures and/or drainage systems, both upstream and downstream, affected by the drainage from the area covered by the preliminary plan as required by section 16.133 of this subtitle.
 - (iii) Preliminary grading plan showing limits of disturbance, grading for subdivision improvements and mass grading, if proposed. Schematic grading, for residential lots smaller than 20,000 square feet in area shall be shown to demonstrate that units can be

accommodated without adverse drainage impacts or disturbance of floodplains, wetland and stream buffers, or proposed forest conservation easements.

- (25) A traffic study shall accompany all preliminary plans for subdivisions which are required to pass the test for adequate road facilities pursuant to subtitle 11, "Adequate Public Facilities," of this title and have not yet been tested or have to be tested because of failure to meet a milestone.
- (26) Preliminary landscape plan as described in subsection 16.124(a)(3)(i) of this title.
- (27) In addition, preliminary plans for apartments shall include:
 - (i) Approximate location of each building, setbacks from all streets (public or private), property lines, and distances between buildings.
 - (ii) Number of apartment units in each building.
 - (iii) Number of parking spaces in each off-street parking area, and total number of parking spaces.
 - (iv) Interior road or street access, whether public or private, and total area of each.
- (28) A developer who is proposing the redevelopment of a golf course shall comply with section 16.129 of this subtitle, and, for purposes of this section, the terms "redevelopment" and "golf course" shall have the meaning set forth in section 16.129 of this subtitle.

(C.B. 121, 1992; C.B. 13, 1993; C.B. 80, 1993; C.B. 16, 1995; C.B. 20, 1996; C.B. 52, 2001, § 2; C.B. 3, 2005, § 3; C.B. 60, 2007, § 3; C.B. 24, 2008, § 3)

Sec. 16.147. - Final subdivision plan and final plat.

- (a) *Purpose.* The final subdivision plan is the culmination of the subdivision process and shall include all information necessary to comply with subsection (c), "required information for final plat"; (d) "construction drawings, documents and specifications"; (e), "developer's agreement"; and (f), "major facilities agreement," of this section. The final plat becomes the official record of the division of land, and no lot within the subdivision may be sold legally until a final plat has been approved and recorded by the Department of Planning and Zoning. The extent of a phased subdivision included in each final subdivision plan shall be consistent with the phasing schedule included in the approved sketch plan.
- (b) *Procedures:*
 - (1) *Presubmission community meeting for minor subdivisions.* If the initial plan submittal for a residential subdivision is a final plan located in the planned service area for water and sewer, the developer of the subdivision is required to hold a presubmission community meeting in accordance with section 16.128 of this subtitle.
 - (2) *Design Advisory Panel review.* In the Department of Planning and Zoning determines that a final plan is not consistent with an approved sketch or preliminary plan, a developer shall submit the project for review by the Design Advisory Panel and the Director of the Department of Planning and Zoning may consider recommendations made by the Design Advisory Panel in accordance with section 16.1504 of this subtitle as a condition of plan approval for projects located on property subject to Design Advisory Panel review as set forth in section 16.1501 of this subtitle.
 - (3) *Submit application pay fees.* A developer applies for approval of a final plan by submitting the following items to the Department of Planning and Zoning for the entire parcel or for phased subdivisions, the phase being subdivided:
 - (i) An application form;

- (ii) The required number of copies of the final plan, which shall be in accordance with the provisions of this section; and
 - (iii) The appropriate application fee.
- (4) *Notice of new residential minor subdivisions and resubdivisions:*
- (i) *Requirement to give public notice.* If the final plan submission is the initial plan submittal for new residential development and is submitted after November 15, 2001, within three working days of the plan's submission the developer shall post public notice on the property.
 - (ii) *Location.* The poster provided by the Department of Planning and Zoning shall be posted at the site of the proposed development entrance so that community residents may reasonably be expected to see it.
 - (iii) *Duration.* The notice shall remain in place at least 30 days.
 - (iv) *Content.* The notice shall:
 - a. State that a new residential development is proposed to be constructed at the site, including number of residential units proposed.
 - b. Give the final plan number.
 - c. Be double-sided and at least 30 inches by 36 inches in size.
 - d. Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster.
 - e. Give the address of the subject property, if available.
 - f. Give the website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching for additional information, including plans for public review, for all projects assigned a three-digit alphanumeric code and a phone number for additional information.
 - (v) *No delay.* The notification requirements of this subsection shall not be construed to delay the normal processing of the plan.
- (5) *Processing of application.* Processing of the application for approval of the final plan will follow the general procedures outlined in section 16.144, "General procedures regarding the subdivision process," of this subtitle.
- (6) A developer who is proposing the redevelopment of a golf course shall comply with section 16.129 of this subtitle, and, for purposes of this section, the terms "redevelopment" and "golf course" shall have the meaning set forth in section 16.129 of this subtitle.
- (7) *Fee simple dedication of open space.* If dedication of open space to the County or a homeowners' association is proposed, the developer shall submit an original deed to the County prior to recordation of the final plat, granting good and sufficient fee simple title to all open space required to be dedicated.
- (8) *Dedication of Easements.* If dedication of easements for water, sewer, storm drainage, public stormwater management facilities, shared septic facilities, other public utilities, forest conservation, floodplains or preservation parcels is proposed, the developer shall submit original deeds (or declaration of covenants in the case of shared septic facilities) to the County prior to the recordation of the final plat, granting the required easements.
- (9) *Recordation.* The Department of Planning and Zoning shall record the final plat in the land records of Howard County and shall notify the developer by mail of the date of recording and the plat number. For resubdivisions and correction plats, the Department of Planning and

Zoning shall also record a notation in the form of a resolution that references the revised plat to be affixed to the previously recorded lot or lots.

- (c) *Required Information for Final Plat.* A checklist specifying the required format for final plat submission shall be provided by the Department of Planning and Zoning. The final plat shall be clearly and legibly drawn in black waterproof ink on a reproducible linen of good quality or comparable material approved by the Howard County Department of Planning and Zoning and shall conform to the plat requirements of the Annotated Code of Maryland, as amended. The size of the plat shall be 18 inches by 24 inches, including a one and one-half-inch margin for binding along the left-hand edge and one-half-inch margins on all other sides. Scale shall be one inch equals 100 feet, one inch equals 50 feet, one inch equals 30 feet, or as approved by the Department of Planning and Zoning. Where necessary, the final plat may be on several sheets accompanied by an index sheet showing the entire subdivision submitted. Information to be shown on the final plat shall include:
- (1) The title block shall appear in the lower right-hand corner and include:
 - (i) Name of the subdivision. The name approved by the Department of Planning and Zoning and recorded in the land records shall constitute the subdivision's official and only name. No other name may be used for advertising or sales purpose unless an approved and amended plat is recorded bearing the revised name.
 - (ii) Section, area (if any), and lot numbers.
 - (iii) Scale and date of application.
 - (iv) Location by election district, County, State, tax map reference.
 - (v) Current zoning and previous Department of Planning and Zoning subdivision file numbers.
 - (2) An approval block in the form required by the Department of Planning and Zoning shall be provided in the lower left-hand corner of the plat for signature of County Agencies.
 - (3) Tabulation of final plat (above approval block) showing the following:
 - (i) Total number of lots and/or parcels to be recorded;
 - (ii) Total area of lots and/or parcels;
 - (iii) Total area of roadways to be recorded including widening strips; and
 - (iv) Total area of subdivision to be recorded.
 - (4) A heavy line indicating the boundary of the final plat with lengths of courses to hundredths of a foot and bearings relating to the Maryland State Plane Coordinate System to a minimum accuracy of 15 seconds, if Howard County geodetic survey control points and information are within one mile of proposed subdivision. A note shall be placed on the plat indicating the source of the Maryland State Plane Coordinate System.
 - (5) Coordinate information for all property lines, streets, public right-of-way lines, outside boundary of plat and all other locations as required by the Department of Planning and Zoning and shall be in tabular form.

The lengths of all arcs, radii, points of curvature, and cord and tangent bearings and distances in table form.
 - (6) Howard County geodetic control survey stations located on the site shall be accurately located. Any geodetic control stations that need relocation shall be identified.
 - (7) Exact locations, widths, bearings, and names of all streets and widths of all alleys and pedestrian ways within the subdivision or adjoining subdivision abutting on the outline of the subdivision.
 - (8) All rights-of-way, easements, and reservations, including:

- (i) Easements to fulfill the requirements of the final forest conservation plan as required by subtitle 12 of this title; as well as
 - (ii) Preservation parcel easements for cluster subdivisions in the RC or RR zoning districts and, where a shared sewage disposal facility is to be used, access and maintenance easements for all components of the facility, including easements for septic tanks and piping on private lots and easements for a subsurface wastewater disposal area. All existing and proposed easements shall be shaded and indicated with recording references if existing.
 - (iii) Easements for water, sewer, storm drainage, public stormwater management facilities, other public utilities, floodplains, and maintenance of use-in-common driveways.
 - (iv) All existing and proposed easements shall be shaded and indicated with recording references if existing.
- (9) All lot lines with dimensions in feet and hundredths, and with bearings to a minimum accuracy of 15 seconds.
 - (10) Minimum area of each lot in square feet or in acres if lot size is greater than 60,000 square feet. Steep slopes shall be calculated using existing topography.
 - (11) Lot numbers in numerical order throughout the entire subdivision. For a resubdivision, resubdivided lots shall be numbered numerically, beginning with number following the highest original lot number with the original lot lines shown dashed and original lot number dotted. Apartment, condominium, nonresidential and bulk parcels will be lettered in alphabetical order. For a resubdivision of any parcel, the letter will be retained with a number to follow the letter (example "A-1"); the original parcel lines shown dashed; and original parcel letter dotted.
 - (12) Front, rear, and side building setback or restriction lines shown graphically with dimensions for each lot except in the New Town district.
 - (13) Vicinity map, indicating the location of the property with respect to surrounding property and streets and the location of nearby survey monuments of the Howard County geodetic control.
 - (14) The names, liber, and folio of all adjoining unsubdivided property. Where a recorded division adjoins the land to be developed, the subdivision name, lot number, and recording reference of the recorded division should be indicated with dashed line.
 - (15) North arrow drawn through one of the property corners of the subdivision.
 - (16) Accurate outlines of any open space to be dedicated to the County or reserved for common use by occupants of the subdivision with ownership noted.
 - (17) The location of floodplains, wetlands, wetland buffers, stream buffers and proposed wetlands creation, if any. Floodplain and wetlands delineations are not required for agricultural preservation subdivisions or rural cluster subdivisions if the owner submits a certification by an authorized professional that lots and driveways will not impact wetlands, wetland buffers, or floodplains. A cemetery boundary documentation and accommodation plan shall be submitted, if applicable pursuant to the requirements of subtitle 13, "Cemetery Preservation," of this title.
 - (18) The location and approximate age of any burial grounds or existing structures and whether structures are to be retained or removed.
 - (19) If a private sewage system or a shared sewage disposal facility is to be used, locations of soil percolation tests are to be indicated in accordance with the specifications of the Maryland State Department of the Environment. A cross-hatched area will be noted on the final plat to indicate the private sewage easement area along with the following statement:

"This area designates a private sewage easement of at least 10,000 square feet (or 10,000 square feet per lot for shared drain fields associated with a shared sewage disposal facility) as required by the Maryland State Department of the Environment Subdivision Regulations (COMAR 26.04.03). Improvements of any nature in this area are restricted unless public

sewage becomes available. These easements shall become null and void upon connection to a public sewage system. The County Health Officer shall have the authority to grant variances for encroachments into the private sewage easement. Recordation of a modified sewage easement shall not be necessary."

- (20) A certification that the developer is the owner or equitable owner of the land proposed to be subdivided shall be noted on the final plat as follows:

SURVEYOR'S CERTIFICATE

"I hereby certify that the final plat shown hereon is correct; that it is a subdivision of part of/all of the lands conveyed. By (previous owner) to (present owner) by deed dated (date) and recorded in the land records of Howard County in liber , folio , and that all monuments are in place or will be in place prior to the acceptance of the streets in the subdivision by Howard County as shown, in accordance with the Annotated Code of Maryland, as amended.

- (27) If a subdivision consisting of lots smaller than three acres each is in a planned service area for sewer as specified in the Howard County Master Plan for Water and Sewerage, and individual on-site sewage disposal systems are used but an adequate community sewer system will be available within a five-year period, the following statement shall appear on the final plat:

"Interim individual on-site sewage disposal systems may be utilized in the subdivision for a maximum of one year after an adequate community sewer system becomes available."

- (28) If a subdivision consisting of lots smaller than three acres each is in a planned service area for water as specified in the Howard County Master Plan for Sewerage, and individual interim water wells are used, but an adequate community water system will be available within a five-year period, the following statement shall appear on the final plat:

"Interim individual water wells may be utilized in the subdivision for a maximum of one year after an adequate community water system becomes available."

- (29) A certification by the developer that there are no burial grounds on the property being subdivided, or if there are burial grounds on the property being subdivided, a certification that the burial grounds have not and will not be disturbed except as permitted by State law.
- (30) Certification by a qualified professional that:
- (i) There are no wetlands on-site that will be disturbed and require 401 and 404 wetlands permits from the State of Maryland; or
 - (ii) Reference the numbers of 401 and 404 wetlands permits that have been approved and any wetlands mitigation requirements.
- If mitigation is required indicate the type, amount and proposed location.
- (31) Parcel and right-of-way boundaries in a digital format that meets County standards to be submitted with the final plat original Mylar.
- (32) For residential developments required to hold a presubmission community meeting in accordance with section 16.128 of this title, a certification that meeting notices were mailed and a summary of the comments made at the meeting.
- (33) For residential development projects requesting green neighborhood allocations. The final plan shall demonstrate how the project will comply with the green neighborhood site portion of the green neighborhood checklist. The final plat shall indicate that the development has obtained green neighborhood allocations and shall indicate that during the building permit process all buildings within the residential development project shall comply with the green neighborhood home portion of the green neighborhood checklist.
- (34) A developer who is proposing the redevelopment of a golf course shall comply with section 16.129 of this subtitle, and, for purposes of this section, the terms "redevelopment" and "golf course" shall have the meaning set forth in section 16.129 of this subtitle.
- (d) *Construction Drawings, Documents and Specifications.* The developer shall file concurrent with the submission of the final plat all of the construction drawings and documents to complete construction of streets, storm drains, and stormwater management facilities, together with all necessary appurtenances thereto in accordance with procedures and criteria contained in the Design Manual. The developer shall prepare and submit copies as required to the Department of Planning and Zoning:
- (1) A forest conservation plan, including the locations and specifications for forest retention, reforestation or afforestation.
 - (2) A landscape plan, including locations and specifications for required landscape planting and street trees.
 - (3) A final drainage area map.
 - (4) A final storm drainage plan.
 - (5) A final stormwater management plan.
 - (6) A final grading plan, showing grading for all subdivision improvements, and, where applicable, mass grading and the location of sewage disposal easements within 25 feet of the limits of disturbance.
 - (7) A final sediment control plan for the entire project area to be recorded and for any adjacent area affected by the area to be recorded, including:
 - (i) The location of forest protection measures, temporary and permanent sediment control measures and vegetative stabilization.
 - (ii) The construction sequence for providing forest protection measures and adequate sediment control measures to prevent off-site damage.

- (iii) Specifications for seeding or sodding and fertilizing, a schedule for grading, seeding or sodding and planting, and applicable structural measures, such as ponds.
 - (8) Wetlands mitigation plan and specifications, if required.
 - (9) Complete project specifications when they differ from Howard County standards.
 - (10) The developer shall furnish any design data and computations as required and in the form and procedures established by the Department of Planning and Zoning and the Howard Soil Conservation District.
 - (11) A tabulated estimate of all quantities and costs, including contingent items related to the construction of all required public improvements.
 - (12) A traffic study shall accompany all final plans for subdivisions which are required to pass the test for adequate road facilities pursuant to subtitle 11, "Adequate Public Facilities," of this title and have not yet been tested or have to be tested because of failure to meet a milestone.
 - (13) A final shared sewage disposal facility plan, where shared sewage disposal facility is to be used for cluster subdivisions in the RR and RC districts.
 - (14) For developments where the required open space will be owned and managed by a home owner's association, articles of incorporation and covenants for the home owner's association are required, as well as the deed granting fee simple ownership of the open space to the home owner's association.
- (e) *Developer Agreements.* After final plan approval and signature approval of all construction drawings and prior to the submission of the original final plat, the developer shall post with the County all necessary monies and file a developer's agreement and if required, a major facilities agreement and/or a shared sewage disposal facility developer agreement. The developer's agreement(s) shall cover financial obligations with appropriate security guaranteeing installation of all required improvements, including APFO improvements, installation and warranty of a shared sewage disposal facility on a cluster subdivision in the RR or RC zoning district, and fulfillment of the protection and management requirements of the approved forest conservation plan. The agreement may provide that the developer may be partially released from the surety requirements of the agreement upon partial completion of the work in accordance with criteria established by the Department of Public Works. The agreement shall provide when either the onsite or offsite road improvements that are the responsibility of the developer to build are required to be started in the sequence of construction. The sequence of construction, as set forth in the approved plans and specifications, shall be incorporated into the agreement by reference. Failure to construct road improvements in accordance with the developer agreement, and incorporated approved plans and specifications, may result in default in accordance with the agreement and building permits shall not be issued. The Director of the Department of Planning and Zoning may authorize submission of the original final plat if the developer agreement is not complete, but is in process and can be fully executed in a timely manner.
- (f) *Major Facilities Agreement.* After final plat approval and prior to the submission of the original final plat, the developer shall post with the County all necessary monies and file a major facilities agreement covering the installation of all public improvements included as mitigation to road facilities pursuant to subtitle 11, "Adequate Public Facilities" of this title.

Secs. 16.148—16.153. - Reserved.

ARTICLE V. - PROCEDURES FOR FILING AND PROCESSING SITE DEVELOPMENT PLAN APPLICATIONS

Sec. 16.154. - Purpose.

The purpose of the site development plan is to indicate the location and construction specifications for buildings, structures, paved areas, grading, drainage, on-site utilities, sidewalks, trails, required forest conservation area, landscaping and other improvements within a site proposed for development.

(C.B. 121, 1992)

Sec. 16.155. - Applicability.

(a) A site development plan, approved by the Department of Planning and Zoning, is required for:

(1) *Nonresidential*:

- (i) New or expanded nonresidential development, including commercial, industrial, institutional and utility development, plus public buildings, schools and other public facilities, but excluding road, water, sewer or drainage improvements and development associated with a use permit approved by the Department in accordance with section 128 of the zoning regulations.
- (ii) Any establishment of a use or change in use, unless the Department of Planning and Zoning determines that the establishment or change in use will cause less than 5,000 square feet of site disturbance, that no significant alteration to access, parking, circulation, drainage, landscaping, structures, or other site features is required, and that the proposed use does not qualify as redevelopment that requires stormwater management in accordance with the design manual.

(2) *Residential*. New residential development as follows:

- (i) Single-family attached, apartment, and mobile home residential development;
- (ii) Development of single-family detached residential lots and deeded parcels within the planned service area for both public water and sewer, except that lots in recorded subdivisions created before February 7, 1976 are exempt from site development plan requirements unless more than 5,000 square feet of disturbance is proposed and the lots have not been reconfigured or merged through the recordation of a plat recorded on or after February 7, 1976; and
- (iii) Residential lots with new town zoning, not meeting the requirements of subparagraphs (i) or (ii) of this paragraph, where the final development plan criteria require submission of a site development plan.

(3) *Conditional use*. All conditional uses in commercial or industrial districts. In other districts, the Department of Planning and Zoning may require a site development plan for conditional uses which require exterior site improvements.

(b) For residential development not listed in subsection (a) above, a plot plan shall be submitted in conjunction with the building permit application and in accordance with the requirements of the Department of Inspections, Licenses and Permits.

(C.B. 121, 1992; C.B. 20, 1996; C.B. 29, 2001, § 1; C.B. 52, 2001, § 2; C.B. 45, 2003, § 1)

Sec. 16.156. - Procedures.

(a) *Presubmission Community Meetings, Required*. Presubmission community meetings in accordance with section 16.128 of this subtitle are required for the following site plan submittals:

- (1) If the initial plan submittal for a residential development is a site development plan; or
- (2) If the site development plan submittal is for:

- a. A new nonresidential development except that a presubmission community meeting is not required for County Capital Projects for which a community outreach meeting has been held by the County or the Howard County Public School System; or
 - b. An existing nonresidential development proposed for a floor area expansion of more than 25 percent except that a presubmission community meeting is not required for County Capital Projects for which a community outreach meeting has been held by the County or the Howard County Public School System.
- (b) *Design Advisory Panel:*
 - (1) *Review.* If required by paragraphs (2), (3), and (4) of this subsection, a developer shall submit a project for review by the Design Advisory Panel and the Director of the Department of Planning and Zoning may consider recommendations made by the Design Advisory Panel in accordance with section 16.1504 of this subtitle as a condition of plan approval for projects located on property subject to design advisory panel review as set forth in section 16.1501 of this subtitle.
 - (2) *Site development plans submitted on or after November 3, 2008.* For site development plans submitted on or after November 3, 2008, a developer shall submit the project for Design Advisory Panel review prior to submission of the site development plan.
 - (3) *Sketch plans technically complete before November 3, 2008.* For sketch plans that are technically complete before November 3, 2008, a developer shall submit the project for Design Advisory Panel review as a condition of approval of the site development plan.
 - (4) *Further review required.* If the Director of Planning and Zoning determines that a site development plan is not consistent with the plan initially reviewed by the panel, the Director of Planning and Zoning may require additional review by the panel prior to plan approval.
- (c) *Application.* The applicant for a site development plan shall submit the following to the Department of Planning and Zoning:
 - (1) Completed application form.
 - (2) The required number of copies of the site development plan, in accordance with the information requirements of section 16.157.
 - (3) For commercial or industrial plans:
 - (4) Compliance with green buildings law. A site development plan application for a project that is required to comply with the Howard County Green Buildings Law, set forth in title 3, subtitle 10 of this Code, shall comply with subsection 3.1005(a) of this Code prior to approval of the plan.
 - (i) Completed wastewater questionnaire.
 - (ii) At the specific request of the Department of Public Works, additional information regarding proposed industrial processes and wastewater characteristics.
 - (iii) A statement signed by the applicant agreeing to abide by the requirements of section 18.122A, "Regulation of Discharges to the Public Sewerage System" of this Code.
- (d) *Fees.* The applicant for a site development plan shall pay an appropriate fee pursuant to the fee schedule adopted by resolution of the County Council.
- (e) *Notice of New Residential Developments:*
 - (1) *Requirement to give public notice.* If the site development plan is the initial plan submittal for a new residential development and is submitted after November 15, 2001, within three working days of the plan's submission the developer shall post public notice on the property.
 - (2) *Location.* Posters provided by the Department of Planning and Zoning shall be posted at the site of the proposed roadway entrances so that local residents may reasonably be expected to see them.

- (3) *Duration.* The notice shall remain in place at least 30 days.
- (4) *Content.* The notice shall:
 - (i) State that a roadway entrance is proposed to be constructed at the site.
 - (ii) Give the site development plan number.
 - (iii) Be double-sided and at least 30 inches by 36 inches in size.
 - (iv) Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster.
 - (v) Give the address of the subject property, if available.
 - (vi) Give the website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching for additional information, including plans for public review, for all projects assigned a three-digit alphanumeric code and a phone number for additional information.
- (f) *Notice to Nonconforming Residential Properties.* Whenever a site plan is submitted for nonresidential development which adjoins nonconforming residential properties, the owner of the nonconforming residential properties shall be notified within 14 working days by the Department of Planning and Zoning, by registered mail, that the proposed site plan is available for inspection at the Department of Planning and Zoning. The notification letter shall state that owner of adjoining nonconforming residential properties may appeal the decision of the Department of Planning and Zoning on the site plan to the Board of Appeals of Howard County within 30 days.
- (g) *Report of Review Committee; Additional Information:*
 - (1) Within 60 days of active processing time from submission of the site development plan, the Department of Planning and Zoning shall provide the developer with a written report of the findings of the Review Committee including the comments of the Review Committee and its recommendations.
 - (2) If the Department of Planning and Zoning or the Review Committee indicates that additional information is needed in order to decide whether to approve the plan, the developer shall provide the information within 45 days of receiving such indication.
- (h) *Golf Course Redevelopment.* A developer who is proposing the redevelopment of a golf course shall comply with section 16.129 of this subtitle, and, for purposes of this section, the terms *redevelopment* and *golf course* shall have the meaning set forth in section 16.129 of this subtitle.
- (i) *Approval/Denial of Site Development Plan:*
 - (1) Within 60 days of active processing time from submission of the site development plan or, if additional information was requested, within 45 days of receiving the information, the Department of Planning and Zoning shall indicate to the developer in writing whether the site development plan is approved, approved with modifications or denied.
 - (2) If the site development plan is approved or approved with modifications, this notice shall serve as authority to proceed to submission of the site development plan originals, except for projects which require Planning Board approval.
- (j) *Planning Board Approval:*
 - (1) When the site development plan also requires Planning Board Approval, the Department of Planning and Zoning shall advise the developer of the location, time and date of the Planning Board meeting when it notifies the developer that the site development plan has been approved or approved with modifications by the Department.
 - (2) The Planning Board shall indicate to the developer in writing whether the site development plan is approved, approved with modifications or denied.

- (k) *Developer Agreements; Major Facilities Agreements.* Concurrent with the approval of the site development plan, the developer shall execute the developer agreement(s) and major facilities agreement, if any, for required improvements, including APFO improvements, and, where applicable, for fulfillment of the protection and management requirements of the approved forest conservation plan. The agreement may provide that the developer may be partially released from the surety requirements upon partial completion of the work in accordance with criteria established by the Department of Public Works. The agreement shall provide when either the onsite or offsite road improvements that are the responsibility of the developer to build are required to be started in the sequence of construction. The sequence of construction, as set forth in the approved plans and specifications, shall be incorporated into the agreement by reference. Failure to construct road improvements in accordance with the developer agreement, and incorporated approved plans and specifications, may result in default in accordance with the agreement and building permits shall not be issued.
- (l) *Payment of Fees; Posting of Financial Obligations.* Within 180 days of receiving approval of the site development plan the developer shall:
- (1) Pay all required fees to the County; and
 - (2) If subject to a developer agreement or major facility agreement. Post all monies and/or file appropriate surety covering the developer's financial obligations for the required improvements.
- (m) *Submission of Originals for Signature.* Within 180 days of approval of the site development plan, the developer shall submit the original Mylar plans corrected to meet the requirements of the various State and County agencies and the Planning Board (if required by the zoning regulations). The Department of Planning and Zoning shall coordinate the signature process associated with approval of the site development plan. If the corrected originals are not submitted within 180 days of approval of the site development plan, the approval will expire and a new site development plan submission will be required.
- (n) *Retention of Originals.* Once signed, the site development plan originals will be retained in the files of the Department of Public Works.
- (o) *Building Permits:*
- (1) *Application time limits:*
 - (i) Within one year of signature approval of the site development plan original, the developer shall apply to the Department of Inspections, Licenses and Permits for building permits to initiate construction on the site.
 - (ii) For single-family attached, apartment and nonresidential developments involving multiple buildings or staged construction, the developer shall apply for building permits for all construction authorized by the approved site development plan within two years of signature approval.
 - (iii) For single-family detached site development plans involving multiple lots, the developer shall apply for building permits for all construction authorized by the approved site development plan within five years of approval.
 - (2) *Expiration of plan approval.* If the developer does not apply for building permits as required by paragraph (1) of this subsection, the site development plan shall expire and a new site development plan submission will be required.
 - (3) *Prerequisites for building permit.* No building permit shall be issued unless:
 - (i) Signature approval of the site development plan original is complete.
 - (ii) The permit is in accordance with the approved site development plan.
 - (iii) The proposed uses and the related site improvements as shown on the site development plan do not create a violation of the Howard County Zoning Regulations.

- (p) *Certificate of Use and Occupancy.* Where grading has occurred which requires a grading permit, the Department of Inspections, Licenses and Permits shall not issue a certificate of use and occupancy unless a certification from a registered land surveyor has been submitted which certifies that the site has been graded and the drainage courses have been developed in accordance with the approved site development plan or, if none, the approved grading plan and sediment control plan.
- (q) *Signs.* Approval of a site development plan does not constitute approval of the erection of any signs shown on the plan.

SUBTITLE 2. - ZONING¹³

Footnotes:

--- (3) ---

Note— Zoning Regulation, County of Howard, Maryland, §§ 100—134, is published under separate cover.

Sec. 16.200. - Zoning authority; definitions; short title.

- (a) *Zoning Authority.* This subtitle provides that the Zoning Authority of Howard County for comprehensive zoning and for amendments to the text of the Howard County regulations shall be the County Council of Howard County and the Zoning Authority of Howard County for piecemeal zoning map amendments and decisions on development plans shall be the Howard County Zoning Board. The Howard County Council, acting as a legislative body, reserves unto itself the authority to grant variances from the strict application of the zoning regulations with regard to governmental uses of land. This authority shall be exercised by passage of a resolution after a public hearing and a finding that the action is in the public interest.
- (b) *Definitions.* For the purposes of this subtitle, the following definitions apply:
 - (1) *Adjoining* means land which is touching or would be touching in the absence of an intervening utility or road right-of-way, other than a principal arterial highway.

- (2) *Comprehensive zoning* means zoning:
- (i) Involving both maps and regulations;
 - (ii) Which is legislative in nature;
 - (iii) Which concerns legislative facts;
 - (iv) Which is adopted after extensive study;
 - (v) Which covers a substantial area of the County; and
 - (vi) Which has an impact on the general welfare of the County in that it is designed to control and direct the use of land and buildings according to present and planned future conditions so as to accomplish, as far as possible, the most appropriate uses of land consistent with the public interest and the safeguarding of the interests of individual property owners.
- (3) *Department* means the Department of Planning and Zoning.
- (4) *Development plan* means a development plan that, as provided in the zoning regulations, the Zoning Board approves or disapproves.
- (5) *Piecemeal map amendment* means rezoning:
- (i) Involving only zoning maps;
 - (ii) Which is quasi-judicial in nature;
 - (iii) Which concerns individual applications to change the zoning of particular pieces of property; and
 - (iv) Is based on findings as to administrative facts regarding specific criteria for change in zoning.
- (c) *Short Title*. This subtitle may be cited as the "Zoning Enabling Act of Howard County."
- (C.B. 3, 1969; C.B. 107, 1994; C.B. 54, 1996; C.B. 72, 2003; C.B. 25, 2012, § 1)

Sec. 16.201. - Authority.

- (a) *Piecemeal Map Amendments and Development Plan Approvals*. It is the intention of the County Council of Howard County, in the enactment of this subtitle, to establish a legislative agency of the County Council which shall be the Zoning Authority of Howard County for piecemeal map amendments and for decisions on development plans. The Zoning Authority so created shall be known as the Howard County Zoning Board and shall consist of the members of the County Council. The Chairperson of the County Council may be the Chairperson of the Zoning Board; the vice Chairperson of the County Council may be the Vice Chairperson of the Zoning Board. The County Council may, at its discretion, designate other members of the County Council to be the Chairperson of the Zoning Board and vice Chairperson of the Zoning Board. This shall be accomplished annually in December. An administrative assistant to the Zoning Board shall be appointed by the Board.
- (b) *Comprehensive Zoning and Zoning Text Matters*. It is also the intent of the County Council to reserve comprehensive zoning and zoning text amendment matters with the County Council of Howard County.

(C.B. 39, 1971; C.B. 61, 1983; C.B. 107, 1994; C.B. 54, 1996; C.B. 25, 2012, § 2)

Editor's note— C.B. 25, 2012, § 2, adopted July 6, 2012, amended § 16.201 title to read as herein set out. Former § 16.201 title pertained to policy.

Sec. 16.202. - Purpose; establishment of zoning districts and regulations.

- (a) *County Council Authority.* For the purpose of promoting the health, safety, morals and general welfare of Howard County, the County Council is hereby empowered to:
- (1) Regulate and restrict the height, number of stories and size of buildings and other structures; the location, construction, alteration and use of buildings and other structures; the percentage of lot area that may be occupied by structures; the size of yards, courts and other open spaces; the density of population; and the location and use of land for trade, industry, government, residence or other purpose;
 - (2) Regulate the construction, alteration, reconstruction, moving and demolition of structures of historic, architectural and archeological value through the establishment of historic districts.
- (b) (1) *Establishment of districts and regulations.* For many or all of the purposes of this subtitle, the County Council may divide the County into zoning districts of a number, shape and area as may be deemed best suited to carry out the purposes of this subtitle. In addition, for many of the purposes of this subtitle and all the purposes of title 16, subtitle 6 of this Code relating to historic preservation and protection of historic structures, the County may establish historic districts as may be deemed best suited to carry out those purposes. The criteria for the County Council's establishment of an historic district in the nature of comprehensive zoning, multiple site historic districts, are as provided in the Howard County Zoning Regulations, and these districts are established by the County Council. The criteria for the Zoning Board's establishment of an historic district on a piecemeal basis, single-site historic districts, are as provided in title 16, subtitle 6 of the Howard County Code, and these districts are established by the Zoning Board.
- (2) *Purpose of districts and regulations.* The zoning district boundaries and regulations shall be made in accordance with a comprehensive zoning plan and shall be designed to:
- (i) Implement the policies and goals of the general plan;
 - (ii) Promote health, safety, and the general welfare;
 - (iii) Provide for the best use of land and the stewardship of our environmental resources;
 - (iv) Lessen congestion in the streets;
 - (v) Secure safety from fire and other dangers;
 - (vi) Provide adequate light and air;
 - (vii) Avoid undue concentration of population; and
 - (viii) Facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements.
- (3) *Suitability and appropriateness.* The zoning district boundaries and zoning regulations shall be made with reasonable consideration to, among other things, the character of the zoning district and its suitability for particular uses and types of development, and with a view to conserving property values and encouraging the most appropriate use and enjoyment of land throughout the County based upon the purposes, policies and goals of the general plan.
- (4) *Uniformity.* The zoning regulations shall be uniform for each class or kind of building or structure or use throughout each district, but the regulations in one district may differ from those in other districts.

(C.B. 1, 1969; C.B. 1, 1974; C.B. 54, 1974; C.B. 11, 1975; C.B. 107, 1994; C.B. 25, 2012, § 3; C.B. 46, 2018, § 1)

Editor's note— C.B. 25, 2012, § 3, adopted July 6, 2012, amended § 16.202 title to read as herein set out. Former § 16.202 title pertained to purpose.

Sec. 16.203. - Comprehensive zoning.

- (a) The County Council, in order to fulfill its zoning purposes under this subtitle, may from time to time, only upon its own petition or that of the Department of Planning and Zoning, exercise the Zoning Authority of Howard County on a comprehensive basis, so as to adopt and enact zoning regulations and district boundaries which shall apply to the entire geographic area of Howard County or to substantial or significant portions thereof.
- (b) *Department of Planning and Zoning and Planning Board Procedures.*
- (1) The Department of Planning and Zoning or the County Council shall prepare a petition for a comprehensive zoning plan, including zoning maps and zoning regulations. The comprehensive petition may include map proposals from individual property owners.
 - (2) Prior to preparing the petition for the comprehensive zoning plan, the Department shall give at least 60 days' public notice of its intent to compile a comprehensive zoning plan. The public notice shall:
 - (i) Be advertised within two newspapers of general circulation in Howard County;
 - (ii) Be made and appropriately maintained in a prominent manner on the County's website;
 - (iii) Be sent electronically to all Individuals and Organizations who registered with the Department;
 - (iv) Specify the deadline by which requests for zoning map and zoning regulation amendments must be submitted; and
 - (v) State that requests not submitted by the deadline will not be considered in the preparation of the Department's comprehensive zoning plan.
 - (3) Within 45 days of the comprehensive zoning petition submittal, the Department shall submit to the Planning Board for its consideration:
 - (i) The petition with its recommended zoning maps and zoning regulations;
 - (ii) A technical staff report detailing the significant issues of the proposed comprehensive zoning plan; and
 - (iii) A list of zoning map proposals received from individual property owners that the Department does not support, along with an explanation of why each is not supported.
 - (4) For each zoning map proposal the Department shall, at least 30 days before the Planning Board hearing:
 - (i) Send written notice of the date, time, and location of the hearing by first class mail to all owners of property that is the subject of a rezoning proposal, or whose property adjoins property that is the subject of a rezoning proposal; and
 - (ii) Post the property with a sign listing the date, time, and location of the hearing, but provided that if multiple, adjoining properties are the subject of zoning map proposals, the Department may post such signs at intervals it deems appropriate.
 - (a) *Content.* The notice shall:
 - i. Give the address of the subject property, if available.
 - ii. Be double-sided and at least 30 inches by 36 inches in size.
 - iii. Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster.
 - iv. State that the subject property is proposed to be rezoned and include the existing zoning and proposed rezoning.
 - v. Give the website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching for

additional information, including plans for public review, for all projects assigned a three-digit alphanumeric code and a phone number for additional information.

- (5) Noncompliance with the notice requirements of paragraph (4) of this subsection does not constitute a basis for setting aside a zoning decision.
- (6) The Planning Board shall:
 - (i) Hold a public hearing on the petition and additional map proposals not included in the petition by the Department, at which interested persons shall have a reasonable opportunity to be heard; and
 - (ii) Give at least 30 days' notice of the time and place of the public hearing on the County's website. Such notice shall advise the general public that the comprehensive zoning plan documents are available for review both in person at the Department's office and online at a specified website;
 - (iii) Consider requests for zoning map and zoning regulation amendments which were received on or before the deadline established by the Department, but shall not consider subsequent requests unless they involve modifications to map or text amendments submitted prior to the deadline or are proposals submitted by the Department; and
 - (iv) Within 60 days of the Planning Board's first public hearing on the comprehensive zoning petition, submit its recommendations to the County Council.
- (c) *County Council Procedures.* When exercising the Zoning Authority of Howard County with respect to the consideration and enactment of a comprehensive zoning plan, the County Council, notwithstanding any other sections, provisions or requirements of this subtitle or of other laws, regulations or rules of procedure, shall proceed in the following manner:
 - (1) After the County Council has received a final report of the Planning Board recommending adoption of a comprehensive zoning plan, the County Council may hold one or more public hearings at which parties in interest and citizens shall have an opportunity to be heard on the comprehensive zoning plan petition submitted by the Department and the Planning Board recommendations. The County Council may not hold meetings which include an opportunity for public testimony on any day listed in section 6.305(b) of this Code.
 - (2) If a zoning map proposal that was not part of the Department's petition is incorporated into the Planning Board's recommendation, the Department shall, at least 30 days before the County Council hearing on the comprehensive zoning plan:
 - (i) Send written notice of the date, time, and location of the hearing by first class mail to all owners of property that is the subject of a rezoning proposal, or whose property adjoins property that is the subject of a rezoning proposal;
 - (ii) Post the property with a sign listing the date, time, and location of the hearing, but provided that if multiple, adjoining properties are the subject of zoning map proposals, the Department may post such signs at intervals it deems appropriate.
 - (a) *Content.* The notice shall:
 - i. Give the address of the subject property, if available.
 - ii. Be double-sided and at least 30 inches by 36 inches in size.
 - iii. Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster.
 - iv. State that the subject property is proposed to be rezoned and include the existing zoning and proposed rezoning.
 - v. Give the website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching for

additional information, including plans for public review, for all projects assigned a three-digit alphanumeric code and a phone number for additional information.

- (3) Noncompliance with the notice requirements of paragraph (2) of this subsection does not constitute a basis for setting aside a zoning decision.
- (4) The County Council shall give at least 30 days' notice of the time and place of the public hearing on the County's website. Such notice shall advise the general public that the County Council is to consider a comprehensive zoning plan for Howard County and shall advise the general public of the location or locations at which the entire text and map or maps constituting the proposed comprehensive zoning plan may be reviewed. The notice shall also advise that the comprehensive zoning plan documents are available for review both in person at the Department and online at a specified website.
- (5) The County Council shall establish the specific procedures which shall govern the hearing on the proposed comprehensive zoning plan. In establishing such procedures, the Council may:
 - (i) Place time limitations on presentations to be made;
 - (ii) State the manner in which written materials may be submitted for consideration by the County Council.
- (6) Following any public hearing(s) held by the County Council on the comprehensive zoning petition, the County Council shall introduce a County Council bill proposing the adoption of a comprehensive zoning ordinance which shall include final proposed zoning regulations and maps.
- (7) The County Council shall adopt the comprehensive zoning plan by ordinance according to County Council Legislative procedures.
- (8) Any proposed amendment to the proposed zoning map as part of the adoption of a Comprehensive Zoning Ordinance which was not previously proposed, considered or recommended by the Department of Planning and Zoning or the Planning Board shall only be considered by the County Council upon an affirmative vote of two-thirds of the members of the Council.
- (9) The County Council shall provide for copies of the comprehensive zoning plan to be published and made available at cost to any person.

(C.B. 25, 2012, § 4; C.B. 69, 2018, § 1)

Editor's note— C.B. 25, 2012, § 4, adopted July 6, 2012, repealed former § 16.203, and enacted a new § 16.203 as set out herein. Former § 16.203 pertained to adoption of zoning districts and zoning regulations by comprehensive rezoning. See the Code Comparative Table—Council Bills for complete derivation.

Sec. 16.204. - Piecemeal map amendments and development plan approvals.

- (a) *Zoning Board.* The Zoning Board may exercise the Zoning Authority delegated to it by this subtitle to make decisions on piecemeal map amendments and development plans in pursuance of a petition filed in accordance with section 16.205 of this subtitle and shall establish procedures for doing so.
- (b) *Mediation.* The Zoning Board may refer an applicant and other persons affected by a pending application, other than piecemeal map amendment cases based on the change/mistake rule as established by Maryland Case Law, to the Mediation and Conflict Resolution Center, Inc., of Howard County or a conflict resolution or mediation service which has been deemed acceptable by the Board. The purpose of such referral shall be to resolve conflicts between these parties, but the results thereof shall not bind the Board to any result. Any resolution that is agreed upon by both

parties shall be subject to findings of the Board required by law. Petition approval may not be granted solely on the basis of mediation resolution.

A referral may be made either before or after a public hearing on a pending petition decision, but only after an application is deemed complete. Mediation shall not occur after the Zoning Board votes on a petition. The cost of the mediation service shall be incurred by the petitioner.

If no agreement is reached between the parties within 45 days, or at anytime the mediator deems any further meetings futile, the Board shall continue with its proceedings or deliberations on the matter. If both parties agree, mediation may be extended past 45 days to a period of time as agreed to by the parties.

Nothing in this section shall preclude the parties from meeting on their own at any time, with or without a mediator, in an attempt to resolve their differences. It is the policy of the County to encourage applicants and neighbors to have early discussions on proposed projects so that differences may be resolved prior to the submission of an application.

- (c) *Public Hearing Required.* The Zoning Board shall hold a public hearing on these piecemeal map amendments and development plan petitions at which parties in interest and citizens shall have an opportunity to be heard. The Zoning Board shall be prohibited from holding meetings which include an opportunity for public testimony on any day on which Rosh Hashanah, Yom Kippur, Eid Ul Fitr or Eid Ul Adha is observed. The Zoning Board shall not take final action on piecemeal map amendments or development plan petitions until after the public hearing.
- (d) *Advertising.* At least 30 days prior to the initial public hearing on the piecemeal map amendment or development plan petitions, the petitioner, at its own expense, shall advertise the date, time, place and subject matter of the petition in at least two newspapers of general circulation in Howard County.
- (e) *Posting and Mail Notice:*
 - (1) At least 30 days prior to the initial public hearing on the piecemeal map amendment or development plan petitions, the petitioner shall:
 - (i) Post the property which is the subject of the hearing with the date, time, place and subject matter of the hearing. The sign shall include the address of Department of Planning and Zoning's website. The poster shall be double-sided and at least 30 inches by 36 inches in size. The poster shall include a three digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be posted by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster. The Department of Planning and Zoning shall determine the number of posters required and their location and the petitioner shall bear the expense of posting. The Department of Planning and Zoning shall supply the posters. The petitioner shall properly erect and maintain the posters; and
 - (ii) Send a certified letter to all persons whose property is adjoining to the property which is the subject of the petition, according to the most recent State taxation and assessment records, notifying those persons of the date, time, place and subject matter of the hearing in accordance with subsection 16.203(c)(7) and of this subtitle.
 - (2) Noncompliance with the mailing requirements of paragraph (1) of this subsection does not constitute a basis for appeal or the setting aside of piecemeal zoning or development plan decisions.
- (f) *Report of the Planning Board.* Petitions for piecemeal map amendments or development plan approvals shall be submitted to the Planning Board. At least 30 days prior to a Planning Board meeting on any piecemeal map amendment or development plan, the petitioner shall send notice of such meeting to the relevant subscribers on the list maintained by the Department of Planning and Zoning in accordance with subsection 16.145(b)(3). The Zoning Board shall consider the report of the Planning Board on such petitions before the Zoning Board takes final action on them.
- (g) *Department of Planning and Zoning's Findings and Recommendations.* The Department of Planning and Zoning shall transmit its findings and recommendations concerning a petition for piecemeal map

amendments or development plans in a technical staff report to the Planning Board at least two weeks prior to the public meeting on a petition.

- (h) *Questioning Departmental Findings.* At any time any individual may submit a question to the staff of the Department of Planning and Zoning or related agencies concerning the findings and recommendations of the Department or related agencies. If a written response is requested, the question should be submitted in writing to the Department or agency. If the written request is submitted at least 30 days prior to the Zoning Board hearing, the Department or agency shall respond to such requests in writing and send a copy of the response to the Zoning Board at least two weeks prior to the Zoning Board hearing. A response from a related agency to a question concerning its findings and recommendations may be considered by the Zoning Board only if the response is in writing, unless a representative of the agency is present at the hearing to answer questions.
- (i) *Presentation of Departmental Findings and Recommendations .* At least 30 days prior to a Zoning Board Hearing, the Board Administrator shall send a written notice to the Director of the Department of Planning and Zoning as to the date, time, and place of the hearing. The Director of the Department of Planning and Zoning, or the Director's Designee, shall attend a Zoning Board public hearing concerning a petition for piecemeal map amendment or development plan and, under oath and subject to cross-examination, summarize the Department's findings, explain the development process, and answer any related questions.
- (j) *Findings.* Before the Zoning Board makes a decision on any piecemeal map amendment or development plan petition it shall make those findings of fact and conclusions of law required by law.
- (k) *Documentation.*
 - (1) A petition for a piecemeal amendment of the zoning map may include documentation describing the proposed development and use of the property under petition. The zoning regulations and Zoning Board's rules of procedure shall govern the nature of the documentation and its review.
 - (2) A piecemeal map amendment shall be based on findings required by law. A piecemeal map amendment petition may not be granted solely on the basis of documentation relating to proposed development and use of the property.
 - (3) If the petition for a piecemeal map amendment includes documentation describing the proposed development and use of the property under petition and the petition is granted:
 - (i) The property may be developed and used only in accordance with the documentation, notwithstanding any provision requiring uniformity of zoning requirements; and
 - (ii) Unless the comprehensive zoning plan changes the zoning district of the property, subsequent adoption of a comprehensive zoning plan shall not affect the requirement that the property be used in accordance with the documentation.

Sec. 16.205. - Procedure.

- (a) Any person owning an interest in the property affected may petition the Zoning Board for approval of a development plan, and a person owning an interest in the property affected, the Director of the Department of Planning and Zoning or members of the Zoning Board may petition the Zoning Board for piecemeal map amendment. The form and number of copies of the petition shall be as prescribed by law or by the Zoning Board's rules of procedure.
- (b) *Presubmission Community Meeting.* Prior to the initial submittal of a petition, the petitioner shall hold a presubmission community meeting that provides information to the community regarding the

petition and allows community residents to ask questions and discuss any issues. The meeting must be held in accordance with the procedures in section 16.128.

- (c) The petition shall be filed with the Department of Planning and Zoning, which shall check the same for form, check that notice has been provided, as required by law or by the Zoning Board's rules of procedure, collect the proper fees, and refer the petition to the Planning Board for its report.
- (d) Citizens may request a meeting with a staff member of the Department of Planning and Zoning to review the development proposal after the petition has been formally submitted to the Department.
- (e) No later than two days following the release of the report of the Planning Board on the petition, the Department of Planning and Zoning shall submit the petition with all of its supporting documents to the administrative assistant to the Zoning Board, who shall set a hearing date. The Zoning Board shall be prohibited from holding meetings which include an opportunity for public testimony on any County holiday, Rosh Hashanah, Yom Kippur, Eid Ul Fitr, Eid Ul Adha, and Chinese New Year is observed.
- (f) Notice of the place, time and date of the beginning of the hearing shall be published as required by law or the Zoning Board's rules of procedure.

(C.B. 3, 1969; C.B. 105, 1980; C.B. 61, 1983; C.B. 107, 1994; C.B. 54, 1996; C.B. 52, 2002, § 3; C.B. 72, 2004; C.B. 81, 2004; C.B. 45, 2005; C.B. 57, 2006; C.B. 31, 2007, § 1; C.B. 33, 2014, § 1)

Sec. 16.206. - Conduct of hearings.

All public hearings on piecemeal map amendment or development plan petitions shall be conducted in accordance with the rules of procedure adopted by the Zoning Board insofar as they do not conflict with the Howard County Administrative Procedure Act. The Board shall prepare an official record of its proceedings in each case, which shall include testimony and exhibits; but it shall not be necessary to transcribe the testimony unless requested for court review. Every decision and final order in a piecemeal map amendment or development plan case shall be in writing, signed by a majority of the entire board, attested by the administrative assistant to the Board, and shall be accompanied by findings of fact and conclusions of law and shall be made a part of the record of proceedings. The final order of the Zoning Board denying or granting the petition for a piecemeal map amendment, or approving or disapproving a development plan, shall be filed with the Department of Planning and Zoning, which shall maintain it as part of the official records of the County.

(C.B. 3, 1969; C.B. 98, 1980; C.B. 105, 1980; C.B. 61, 1983; C.B. 107, 1994; C.B. 54, 1996)

Sec. 16.207. - Judicial review.

- (a) Within 30 days after any final decision and order of the Zoning Board is entered on a piecemeal map amendment or development plan petition, any person, Officer, Department, Board or Bureau of the County or State, jointly or severally aggrieved by any such decision and order, and a party to the proceeding below, may appeal to the Circuit Court for Howard County, in accordance with the Maryland Rules of Procedure providing for appeals from administrative agencies. The Zoning Board shall be a party to all appeals and shall be represented on appeal by the Office of Law.
- (b) The review of the record of proceedings made before the Zoning Board shall be conducted by the court without a jury. In cases of alleged irregularities in procedure before the Zoning Board amounting to a denial of due process, not shown on the record, testimony thereon may be taken in the court. The court shall, upon request, hear oral argument and receive written briefs. Upon the hearing of such appeal, the action of the Zoning Board shall be presumed by the court to be proper and to best serve the public interest. The court may affirm the decision of the Zoning Board or remand the case for further proceedings, or it may reverse or modify the decision if the substantial

rights of the appellants to a fair hearing before the Board and a fair decision by the Board may have been prejudiced because the Zoning Board's findings, inferences, conclusions or decisions were or are:

- (1) In violation of constitutional or Charter provisions; or
- (2) Beyond the statutory authority or jurisdiction of the Board; or
- (3) Made upon unlawful procedure; or
- (4) Fraudulent; or
- (5) So grossly erroneous as to imply bad faith; or
- (6) Unsupported by competent, material and substantial evidence in view of the entire record as submitted; or
- (7) Arbitrary or capricious; or
- (8) Affected by other error of law.

(C.B. 3, 1969; C.B. 39, 1975; C.B. 67, 1991; C.B. 107, 1994; C.B. 54, 1996)

Sec. 16.208. - Zoning regulation text amendments.

- (a) *Petition.* Any person, the Director of the Department of Planning and Zoning, the members of the County Council or any duly appointed county board may petition the County Council for an amendment, repeal, or change to the text of the zoning regulations.
- (b) *Copy of petition to Department of Planning and Zoning and Planning Board; Recommendations.* The County Council shall deliver a copy of the proposed zoning regulation text amendment to the Department of Planning and Zoning and to the Planning Board. The Department of Planning and Zoning shall prepare and submit a technical staff report and recommendation to the County Council on the proposed text amendment petition. The Planning Board shall also prepare and submit a recommendation to the County Council on the proposed text amendment petition.
- (c) *Consideration of proposed text amendment.* When exercising the Zoning Authority of Howard County with respect to the consideration of and decision on a proposed zoning regulation text amendment, the County Council shall proceed in the following manner:
 - (1) The County Council shall introduce a bill proposing the adoption of the text amendment as submitted by the petitioner or as amended pursuant to recommendations of the Department of Planning and Zoning, the Planning Board or the County Council.
 - (2) A bill proposing the adoption of the text amendment shall not be added to the Council's legislative agenda until the County Council has received:
 - (i) A final technical staff report and recommendation from the Department of Planning and Zoning; and
 - (ii) A recommendation and report from the Planning Board.
 - (3) The County Council shall vote on the proposed bill according to County Council bill procedures.

(C.B. 107, 1994; C.B. 26, 2008, §§ 1, 2; C.B. 73, 2017, § 1)

Sec. 16.209. - Enforcement.

The Director of Planning and Zoning or the Director's duly authorized representative may enter upon open land where the violation allegedly exists or has occurred. Any violation of the rules, regulations and restrictions adopted pursuant to this subtitle shall be a misdemeanor punishable by a fine not to exceed

\$100.00. Alternatively or in addition to and concurrent with all other remedies, the Department of Planning and Zoning may enforce the provisions of this subtitle with civil penalties pursuant to the provisions of title 24, "Civil Penalties," of this Code and subtitle 16 of this title. A violation shall be a Class B offense under title 24 of this Code or an offense subject to a fine in the amount set forth in section 16.1608 of this title.

(C.B. 3, 1969; C.B. 38, 1973; C.B. 105, 1980; C.B. 32, 1985; C.B. 107, 1994; C.B. 3, 2008, § 3)

Sec. 16.210. - Severability.

If any clause, sentence, part or parts of this subtitle, or of any section thereof, shall be held unconstitutional or invalid such unconstitutionality or invalidity shall not affect the validity of the remaining parts of this subtitle or of any section thereof. The County Council hereby declares that it would have passed the remaining parts of this subtitle or any section thereof if it had known such clause, sentence, part or parts or any section thereof should be declared invalid or unconstitutional.

(C.B. 3, 1969; C.B. 107, 1994)

Sec. 16.211. - Councilmanic election years.

In any year in which members of the County Council are elected, the incumbent Councilmembers, shall not take final action on any zoning application after the date of the primary election as set by law and until the newly elected County Councilmembers have qualified and taken office. The enactment of this section shall not in any way prevent the Zoning Board or the County Council from acting on zoning matters which are considered, in the discretion of the Council or the Board, to be emergency matters that could be injurious to the County or any of its citizens.

(C.B. 23, 1970; C.B. 107, 1994)

Sec. 16.212. - Fees.

The County Council shall establish a fee schedule for petitions for piecemeal map amendments and zoning regulation text amendments. The amount of the fees shall be sufficient to cover the costs of handling these petitions.

(C.B. 107, 1994)

SUBTITLE 3. - BOARD OF APPEALS^[4]

Footnotes:

--- (4) ---

Editor's note— C.B. 94, 1989 amended subtitle 3 to read as set out in §§ 16.300—16.303. The subtitle formerly consisted of §§ 16.300—16.306 and was derived from C.B.'s 1, 1969; 38, 1973; 3, 1974; 105, 1980; 72, 1981; 4, 1986; 18, 1987; 34, 1987; 67, 1988; 69, 1988. C.B. 49, 2001, § 1, amended § 16.301, and amended and renumbered §§ 16.302 and 16.303, specifically renumbered as §§ 16.307 and 16.308 to accommodate new §§ 16.302—16.306.

Cross reference— Forest conservation, appeals, § 16.1214.

State Law reference— Board of appeals, Ann. Code of Md. art. 25A, § 5(U).

Sec. 16.300. - Compensation.

Members of the Howard County Board of Appeals shall be paid \$5,000.00 per year plus \$110.00 per official public session, up to a maximum cumulative total payment of \$16,125.00 per year. Members of the Board shall receive reasonable and necessary expenses, as may be provided in the budget.

(C.B. 94, 1989; C.B. 9, 2000; C.B. 8, 2014, § 1)

Editor's note— Pursuant to § 2 of Council Bill No. 8-2014, the compensation adjustments in this Act shall take effect beginning on July 1, 2014.

Sec. 16.301. - Powers.

The Howard County Board of Appeals shall have the following zoning powers:

- (a) To authorize a variance from the terms of the zoning regulations as is necessary to avoid arbitrariness and to obtain substantial justice within the spirit of the zoning regulations. However, the County Council, by passage of a resolution after public hearing, shall be the sole authority to grant these variances for governmental uses of land.
- (b) To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by any administrative official in the application, interpretation, or enforcement of this title or of any regulations adopted pursuant to it.
- (c) To authorize uses provided by the zoning regulations. However, the County Council, by passage of a resolution after public hearing, shall be the sole authority to issue special use variances for governmental uses of land.
- (d) To hear and decide citations issued, under subtitle 16 of this title, for a violation of the subdivision and land development regulations set forth in subtitle 1 of this title or the Howard County Zoning Regulations.

(C.B. 94, 1989; C.B. 72, 1993; C.B. 107, 1994; C.B. 49, 2001, § 1; C.B. 3, 2008, § 4)

Sec. 16.302. - Jurisdiction of Hearing Examiner.

- (a) Except as provided in subsections (b) and (c), wherever in this Code or the zoning regulations a matter is authorized to be heard and decided by the Board of Appeals, the matter will first be heard and decided by a Hearing Examiner.
- (b) Wherever in this Code or the zoning regulations a person is authorized to appeal a decision made by an administrative agency after an opportunity for a contested case hearing, the appeal will be heard and decided by the Board.
- (c) The Board will hear and decide a case if the Hearing Examiner position is vacant or the Board determines that the Hearing Examiner is unable to hear the case because of a conflict of interest or other disqualification.
- (d) If the Board hears a petition for a conditional use, nonresidential variance, or extension, enlargement or alteration of a nonconforming use under the conditions of subsection (c), then the Board will not make a final decision on the case until it has considered the report of the Planning Board.

(C.B. 49, 2001, § 1)

Sec. 16.303. - Hearing examiner procedures.

- (a) Except for a citation issued under subtitle 16 of this title, a hearing conducted by a Hearing Examiner will comply with the notice and advertising requirements of section 2.203 of this Code, as amended.
- (b) A hearing conducted by a Hearing Examiner will be held at such place and time as determined by the Hearing Examiner. The Hearing Examiner shall be prohibited from holding meetings which include an opportunity for public testimony on any day on which Rosh Hashanah, Yom Kippur, Eid Ul Fitr or Eid Ul Adha is observed.
- (c) The County Solicitor will provide legal advice and assistance to the Hearing Examiner as requested.
- (d) The Hearing Examiner will have the power to issue subpoenas to compel the attendance of witnesses and the production of documents and to administer oaths to witnesses.
- (e) Unless otherwise provided by law, the burden of proof in a case heard by a Hearing Examiner will be:
 - (1) The burden of proof set forth in subsection 2.209(c) of the Code, as amended, except as provided in paragraph (2).
 - (2) For any case coming before the Hearing Examiner as an appeal of an administrative decision, the burden of proof set forth in subsection 2.210(a)(4) of the Code, as amended.
- (f) The Hearing Examiner will adopt rules of procedure to govern the conduct of hearings. Such rules will be effective upon approval by resolution of the County Council.

(C.B. 49, 2001, § 1; C.B. 72, 2004; C.B. 81, 2004; C.B. 3, 2008, § 4)

Sec. 16.304. - Appeal to Board of Appeals.

- (a) A person aggrieved by a decision of a Hearing Examiner may, within 30 days of the issuance of the decision, appeal the decision to the Board of Appeals. Unless the appeal is of a citation issued under subtitle 16 of this title, the Board will hear the appeal de novo in accordance with section 2.209 or subsection 2.210(a) of the Code, as amended, as applicable. The Board will hear the appeal of a citation issued under subtitle 16 of this title on the record in accordance with section 2.210(b) of this Code.
- (b) On filing of the appeal, the Hearing Examiner will promptly transmit the entire record or a certified copy of the record to the Board of Appeals and notify the parties of this action.
- (c) The person filing the appeal will bear the expense of providing notice of and advertising the hearing.

(C.B. 49, 2001, § 1; C.B. 3, 2008, § 4)

Sec. 16.305. - Terms of service.

- (a) The budget for the Hearing Examiner shall be included in the Board of Appeals budget.
- (b) While holding the position of Hearing Examiner, the Hearing Examiner may not represent any client involving land use in Howard County.

(C.B. 49, 2001, § 1)

Sec. 16.306. - Termination of service.

- (a) An examiner may be removed from office by vote of two-thirds of the members of the County Council. The Board of Appeals may recommend removal of an examiner for cause.

- (b) An examiner may not represent any client before the Hearing Examiner, Board of Appeals, or Zoning Board for one year after leaving the Office of the Hearing Examiner.

(C.B. 49, 2001, § 1)

Sec. 16.307. - Enforcement.

In addition to any other remedies provided by law, the Department of Planning and Zoning may institute any appropriate action or proceedings to compel compliance with a decision of the Board of Appeals or a Hearing Examiner in any zoning matter. Alternatively or in addition to and concurrent with all other remedies, the Department of Planning and Zoning may enforce a decision of the Board of Appeals or a Hearing Examiner with civil penalties, as provided in title 24, "Civil Penalties," of the Howard County Code. A violation shall be a Class B offense.

(C.B. 94, 1989; C.B. 49, 2001, § 1)

Sec. 16.308. - Severability.

If any clause, sentence, part or parts of this subtitle, or of any section thereof, shall be held unconstitutional or invalid, such unconstitutionality or invalidity shall not affect the validity of the remaining parts of this title or of any section thereof.

(C.B. 94, 1989; C.B. 49, 2001, § 1)

SUBTITLE 4. - STREET NAMES AND HOUSE NUMBERS

Sec. 16.400. - Street names and house numbers.

- (a) *Authority of the Planning Board.* The Planning Board may:
- (1) Name streets and highways;
 - (2) Rename streets and highways pursuant to the provisions of this section;
 - (3) Adopt a workable plan for assigning street numbers to houses and buildings;
 - (4) Make reasonable rules and regulations to implement the naming and renaming of streets and the assigning of street numbers.
- (b) *Changes in Street Names at Request of Residents.* The Planning Board may rename a street or highway on request of one or more residents of the street or highway provided that:
- (1) The change does not cause a duplication of street names; and
 - (2) Ninety percent of the residents of the street or highway agree in writing to the change; and
 - (3) The Office of Planning and Zoning notifies the residents and property owners of the change pursuant to subsection (d), "notification of change in street name," of this section.
- (c) *Changes in Street Names at Request of Department of Planning and Zoning.* The Planning Board may rename a street or highway on the request of the Department of Planning and Zoning provided that:
- (1) The request is made for a valid governmental purpose such as:
 - (i) Construction of new streets or highways;
 - (ii) Realignment of streets or highways;

- (iii) Discontinuities in existing streets;
 - (iv) Elimination of duplicate street names; and
- (2) The Planning Board holds a public hearing on the proposed change of name; and
- (3) The Department of Planning and Zoning gives notice of the public hearing by:
 - (i) Notifying each property owner along the street or highway by certified mail at least 30 days before the hearing; and
 - (ii) Advertising the time, date and place of the hearing in at least two newspapers of general circulation in the County; and
- (4) The Department of Planning and Zoning notifies the residents and property owners of the change pursuant to subsection (d), "notification of change in street name," of this section.
- (d) *Notification of Change in Street Name.* The affirmative vote of at least three members of the Planning Board is required in order to change the name of a street or highway. Within 15 days of the vote of the Planning Board, the Department of Planning and Zoning shall send a notice of the change in name and effective date of change by certified mail, return receipt requested, to all property owners and residents living along the street or highway.
- (e) *Street Numbers.* The Department of Planning and Zoning may assign or reassign street numbers to houses and buildings according to a workable plan for street numbers adopted by the Planning Board. Whenever the Department of Planning and Zoning wishes to assign new street numbers, it shall give the property owner and any resident of the property written notice of the proposed change by certified mail, return receipt requested, at least 30 days before the change in the street numbers occurs.
- (f) *Notification to Government Agencies.* The Department of Planning and Zoning shall notify all agencies of the County Government of any change in street name or house number 30 days prior to the effective date of change.
- (g) The Department of Planning and Zoning may require signs to be placed indicating the names of streets and highways or indicating the street numbers of houses and buildings.
- (h) The Board may adopt a workable plan of street names and/or numbering of houses and businesses, as a whole by a single resolution, or may, by successive resolutions, adopt successive parts of the plan, said parts corresponding with major geographical sections or divisions of the County or with functional subdivisions of the subject matter of the plan, and may adopt any amendment or extension thereon or addition thereto. Before the adoption of the plan or any such part, amendment, extension or addition, the Board shall hold at least five public hearings thereon. Notice of the time and place of each hearing shall be given by publication in at least two newspapers of general circulation in the County. The adoption of the plan or of any such part or amendment or extension or addition shall be by resolution of the Board, carried by the affirmative votes of not less than four members of the Board. The resolution shall refer expressly to the maps and descriptive and other matter intended by the Board to form the whole or part of the plan, and the action taken shall be recorded on the map and plan descriptive matter by the identifying signature of the chairman of the Board. An attested copy of the plan or part thereof shall be certified by the Clerk of the Circuit Court for Howard County for record.
- (i) Before any rules or regulations are adopted by the Planning Board, a public hearing shall be held thereon. Notice of such hearing shall be given to the general public by proper and customary advertisements in at least two newspapers of general circulation in Howard County. When such regulations are adopted by the Planning Board, a copy thereof shall be certified by said board to the Clerk of the Circuit Court for Howard County, for record.

(C.B. 10, 1 969; C.B. 16, 1985)

Sec. 16.401. - Enforcement.

In addition to other remedies provided by law, the Department of Planning and Zoning may institute any appropriate action or proceedings to compel compliance with a decision of the Planning Board or the Department of Planning and Zoning pursuant to section 16.400, "Street Names and House Numbers," of this subtitle, including the use of civil penalties. Pursuant to title 24, "Civil Penalties," of the Howard County Code, a violation of this subtitle shall be a Class C offense.

(C.B. 16, 1985; C.B. 32, 1985)

SUBTITLE 5. - MOBILE HOME DEVELOPMENT⁵

Footnotes:

--- (5) ---

Editor's note— Subtitle 5, of title 16, relating to mobile home park developments, was substantially revised by C.B. 34, 1978; formerly, this subtitle consisted of §§ 16.500—16.516 and was derived from C.B. 10, 1970.

State Law reference— Mobile home parks—landlord and tenant, Ann. Code of Md., Real Property article, § 8A-101 et seq.; local mobile home parks landlord and tenant regulations, Ann. Code of Md. Real Property article, § 8A-1801 et seq.

(C.B. 34, 1978; C.B. 21, 1979; C.B. 71, 1983; C.B. 62, 1988)

Editor's note— Section 101 of C.B. 62, 1988, declared the bill effective July 1, 1989.

Sec. 16.501. - Licenses generally.

- (a) It shall be unlawful for any person to maintain or operate within the limits of Howard County, Maryland, any mobile home park, unless such person shall first obtain from the licensing authority a license therefor. Such license shall not be issued without inspection and approval by the County Health Department for conformance to applicable Department of Health and Mental Hygiene regulations. The Howard County Health Officer and the County licensing authority shall jointly sign the annual license.
- (b) All such parks in existence on or before January 10, 1971, shall obtain such license, and in all other respects comply fully with the requirements of this subtitle, except that the licensing authority may, upon written application of the park operator, waive such requirements that require prohibitive reconstruction costs, if such waiver does not adversely affect the sanitation requirements of the Health Department or create or permit to continue any hazard to the welfare and health of the community and the occupants of the park.
- (c) After 30 days' notice to the licensee of any complaint filed with the licensing authority by any Law Enforcement Officer, Health Officer, Building Inspector, Fire Inspector, Consumer Protection Investigator, or any person, the Board of Appeals may, after a public hearing and upon a finding of a violation of any provision of this subtitle or of the provisions of any health, zoning or building laws or regulations, revoke or suspend any license granted pursuant to this subtitle; or the Board may, after such notice, hearing and appropriate finding, in its lawful discretion, place such restrictions and conditions upon the continued operation of the licensee as may be in the public interest. Any party to this proceeding aggrieved by the decision of the Board shall have the right to appeal the finding, decision and order of the Board to the Circuit Court of Howard County within 30 days in accordance with the Maryland rules of procedure for appeals from administrative agencies.

- (d) Additionally or in the alternative, the licensing authority may bring an action in the circuit court requiring the licensee to conform to the provisions of this subtitle and may petition the court for the appointment of a trustee for the licensee to receive the rents, apply the same to correcting the deficiency complained of, and make a full accounting thereof to the court.
- (e) As provided in section 13.102 of the Howard County Code, any individual lot owner in a mobile home subdivision shall obtain from the Department of Inspections, Licenses and Permits a rental housing license and pay the required fee, prior to any rental of the lot and/or mobile home.

(C.B. 34, 1978; C.B. 21, 1979; C.B. 62, 1988; C.B. 12, 2016, § 1)

Editor's note— Section 101 of C.B. 62, 1988, declared the bill effective July 1, 1989.

Sec. 16.502. - License fees.

- (a) The licensing authority shall collect from the licensee an annual license fee in an amount to be determined from time to time by County Council resolution.
- (b) The licensing authority shall collect a fee for each transfer of a license in an amount to be determined from time to time by County Council resolution.

(C.B. 34, 1978)

Sec. 16.503. - Application for license.

- (a) Prior to application for a license for a proposed mobile home park or for an addition to an existing mobile home park, the applicant must obtain an approved site development plan from the Department of Planning and Zoning.
- (b) The initial application for a license for a proposed mobile home park or for an addition to an existing mobile home park shall be filed with the licensing authority by a person owning an interest in the land sought to be used as a mobile home park. The application shall be in writing, filed in quadruplicate, signed by the applicant, and shall include the following:
 - (1) The name and address of the applicant;
 - (2) The location, legal description and ownership of the mobile home park, to include a complete listing of all partners, corporate officers and other persons having at least a ten percent financial interest in the mobile home park;
 - (3) An approved site development plan in conformity with the requirements of subsection 16.145(d) of title 16 of the Howard County Code;
 - (4) Plans, layout and specifications of all buildings, improvements and the facilities constructed or to be constructed within the mobile home park;
 - (5) Such further information as may be requested by the licensing authority to enable it to determine if the proposed park will comply with all legal requirements.
- (c) The licensing authority shall inspect the application and the approved site development plan and specifications and obtain the approval of the Health Department. If the applicant has met the requirements of this subtitle and the proposed mobile home park will be in compliance with all the provisions of this subtitle and other applicable provisions of the law, the licensing authority shall approve the application. Upon completion of the park according to the site development plan and specification, including the development of the recreation areas as referred to in subsection 16.504(b)(1), the licensing authority shall issue the license.
- (d) Each licensee shall annually, within 30 days prior to May 1, apply in writing for a renewal of the license, said renewal to include information as required in subsections 16.503(b)(1) and (2). Upon

payment of the annual license fee and after such inspection as the licensing authority may require, the license shall be renewed for another year, if the licensee is not in violation of any of the provisions of this subtitle or any zoning, health or building laws or regulations. Such license shall not be renewed without inspection and approval of the County Health Department for conformance to applicable Department of Health and Mental Hygiene regulations.

- (e) Upon application in writing for a transfer of license and payment of the transfer fee, the licensing authority shall issue a transfer, if the transferee meets the requirements of applicable law governing mobile home parks and of this subtitle and if taxes due and license fees due are not in arrears. Prior to issuance of a transfer, the transferee shall provide to the licensing authority information as required in subsections 16.503(b)(1) and (2).
- (f) The license certificate shall be conspicuously posted in the on-site office of or on the premises of the mobile home park at all times.

(C.B. 34, 1978; C.B. 46, 1996)

Sec. 16.504. - Site development plan.

- (a) The site development plan for a mobile home development shall conform to the applicable requirements set forth in the Howard County zoning and subdivision regulations.
- (b) In addition, the following requirements shall apply for mobile home parks:
 - (1) Within the open space area required by Howard County zoning regulations, adequate areas must be designated and designed for active adult recreation and child play areas, such as swimming pools, tennis courts, basketball courts and baseball fields.
 - (2) An appropriate location shall be designated on each mobile home site for the placement of a storage shed by the mobile home resident.
 - (3) The above requirements shall be reviewed and approved by the Department of Planning and Zoning as part of its site development plan process.

(C.B. 34, 1978; C.B. 21, 1979)

Sec. 16.505. - Service buildings.

- (a) Service buildings, if provided, housing sanitation facilities shall be permanent structures complying with all applicable regulations and statutes regulating buildings, electrical installations and plumbing and sanitation systems.
- (b) The service buildings shall be well lighted at all times of the day and night, shall be well ventilated with screened openings, shall be constructed of such moisture proof material as shall permit repeated cleaning and washing. The floors of the service building shall be of water impervious material.
- (c) All service buildings and the grounds of the park shall be maintained in a clean, attractive condition and kept free of any condition which may menace the health of any occupant or create a public nuisance.

(C.B. 34, 1978)

Sec. 16.506. - Refuse removal.

A refuse removal scheme must be provided as part of the site development plan and will be reviewed periodically by the licensing authority.

(C.B. 34, 1978)

Sec. 16.507. - Fire protection.

Service buildings, if provided, shall be equipped with fire extinguishers, and the development shall be equipped with water hydrants of such type, size and number and so located within the development as to satisfy all applicable regulations of the Fire Department, all National Fire Protection Association requirements and the State fire code for mobile home parks. No open fires shall be permitted. Approaches to all sites shall be kept clear for fire fighting. The rules and regulations of each mobile home park shall contain a fire-fighting plan with which all occupants shall be familiar. Each mobile home located in a mobile home park or mobile home subdivision shall be equipped with an approved smoke detector and an approved class 1A-10BC fire extinguisher mounted inside the mobile home near the exit.

(C.B. 34, 1978; C.B. 21, 1979)

Sec. 16.508. - Responsibility for supervision.

The licensee or duly authorized attendant or caretaker, shall be in charge at all times to keep the mobile home park, its facilities and equipment, in a clean, orderly and sanitary condition. The attendant or caretaker shall be answerable with the licensee for the violation of any provision of this subtitle to which the licensee is subject.

(C.B. 34, 1978)

Sec. 16.509. - Management duties and authority to promulgate rules.

- (a) It shall be the duty of the licensee to:
- (1) Keep a register containing a record of all occupants of mobile homes within the park, which register shall be available at reasonable times during ordinary working hours for inspection by Federal, State and local officials.
 - (2) Maintain the mobile home park in a clean, orderly and sanitary condition at all times.
 - (3) Control the presence of dogs or other animals, prevent animal caused hazards and nuisances, and prohibit animals running loose in the park.
- (b) A licensee may prescribe by rule:
- (1) The size, quality, or construction standards for any mobile home to be placed in the park; and/or
 - (2) The maintenance standards for any mobile home in the park or for the immediate area surrounding the mobile home, in accordance with applicable State and County health laws or regulations.

(C.B. 34, 1978)

Sec. 16.510. - Mobile home site rental taxes.

- (a) *Definitions:*
- (1) *Rent* means the amount of money or other consideration charged for the right to use, possess or occupy a mobile home site and does not include late charges or fees, special charges or fees, utility or service charges or fees and installation or hook-up charges or fees.

- (2) *Rental class* means a group of mobile home sites in which an identical rent is charged for each site.
- (b) *Tax established* means there is a tax on the amount of rent charged for the rental of mobile homes sites in mobile home parks. The tax is based on the amount of the annual rent charged for rental of the site. The mobile home site tax shall not apply to mobile homes stored and unoccupied at the mobile home park nor to property in mobile home subdivisions.
- (c) With the exception of subsection (e) of this section as to taxes paid during calendar year 2019, as of July 1, 2019, the mobile home site rental tax is repealed.
- (d) *Collected by mobile home park licensee* means the mobile home park licensee shall collect one-twelfth of the annual mobile home site rental tax each month from each renter of a mobile home site in the park.
- (e) *Receipt to renter* means:
 - (1) *Prior year's tax* —On January 31 of each year the licensee shall give the renter of the mobile home site a separate receipt for the total mobile home site rental tax paid by the renter during the previous calendar year.
 - (2) *Renter vacates—Receipt for current year's tax*: Within 30 days after a renter of a mobile home site vacates the park, the licensee shall give that renter a separate receipt for the total mobile home site rental tax paid by the renter during the current calendar year.
 - (3) *More frequent receipts* —The licensee may provide monthly, quarterly or semiannual receipts for the mobile home site rental tax in addition to the annual receipt.
- (f) *Licensee remits mobile home site rental tax to Director of Finance* means on or before the tenth of each month, the licensee shall remit to the Director of Finance of Howard County the mobile home site rental tax collected during the previous month.
- (g) *Information to be provided when mobile home site rental tax is remitted* means when the licensee remits the mobile home site rental tax collected during the previous month to the Director of Finance, the licensee shall also provide the following documentation:
 - (1) The number of sites for which the park is licensed;
 - (2) The number of sites rented during the previous month;
 - (3) For each rental class during the previous month:
 - (i) The monthly rent per unit;
 - (ii) Total rent collected, including rent unpaid from prior months; and
 - (iii) Total tax collected and remitted.
- (h) *Audit—Requirement to maintain records* means the County may audit the records of licensees to determine that the mobile home site rental tax has been correctly calculated and reported to the Director of Finance. The licensee shall maintain for two years the records of rent, charges and fees collected monthly and shall make these records available to the County upon request.
- (i) *Penalties for late remittance* means there is a penalty for late remittance of the mobile home site rental tax as follows:
 - (1) One-half percent of the total amount of the tax owed if remitted during the month when due, but after the tenth of that month;
 - (2) One percent of the total amount of the tax owed if remitted after the month when due, but before the end of the following month.
 - (3) Ten percent of the total amount of the tax owed if still unpaid after the end of the second month when due, plus one percent interest per month on the unpaid taxes.

- (j) *Enforcement* means in addition to other enforcement remedies provided by law, the following enforcement measures may be used:
 - (1) *Revocation of license.* A licensee's nonpayment of the mobile home site rental tax or frequent late remittance of the tax may constitute grounds for revocation of the license for a mobile home park.
 - (2) *Civil violation.* The Director of Finance may enforce the provisions of subsections (e), (g) and (h) of this section with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation shall be a Class B offense.

(C.B. 34, 1978; C.B. 21, 1979; C.B. 15, 1992; C.B. 3, 1993; C.B. 8, 2019, § 1)

Sec. 16.511. - Mobile home park refuse collection charge.

- (a) *Definition:*
 - (1) *Refuse collection service* has the meaning contained in section 20.900 of the County Code.
- (b) *Charge Established.* There is a mobile home park refuse collection charge imposed on mobile home parks for which the County provides refuse collection service. The mobile home park refuse collection charge does not apply to mobile homes stored and unoccupied at a mobile home park or to property in mobile home subdivisions.
- (c) *Amount of Charge; Level of Service:*
 - (1) The amount of the mobile home park refuse collection charge shall be adopted annually by resolution of the County Council.
 - (2) Refuse collection service provided for the mobile home park refuse collection charge is the same as provided for the uniform basic charge for residential property, as established by resolution under the authority contained in title 20, subtitle 9 of the County Code.
- (d) *Collected by Mobile Home Park Licensee.* The mobile home park licensee shall collect the mobile home park refuse collection charge from each renter of a mobile home site in the park.
- (e) *Licensee Remits Mobile Home Site Refuse Collection Charge to Director of Finance.* On or before the tenth of each month, the licensee shall remit to the Director of Finance of Howard County the mobile home park refuse collection charge owed for the previous month.
- (f) *Information to be Provided When Mobile Home Site Refuse Collection Charge is Remitted.* When the licensee remits the mobile home park refuse collection charge collected during the previous month to the Director of Finance, the licensee shall also provide the following documentation:
 - (1) The number of sites for which the park is licensed; and
 - (2) The number of sites rented during the previous month;
- (g) *Audit; Requirement to Maintain Records.* The County may audit the records of a licensee to determine that the mobile home park refuse collection charge has been correctly calculated and reported to the Director of Finance. The licensee shall maintain for two years the records of charges collected and shall make these records available to the County upon request.
- (h) *Penalties for Late Remittance.* There is a penalty for late remittance of the mobile home park refuse collection charge as follows:
 - (1) One-half percent of the total amount of the charge owed if remitted during the month when due, but after the tenth of that month;
 - (2) One percent of the total amount of the charge owed if remitted after the month when due, but before the end of the following month; and

- (3) Ten percent of the total amount of the charge owed if still unpaid after the end of the second month when due, plus one percent interest per month on the unpaid charges.
- (i) *Enforcement.* In addition to other enforcement remedies provided by law, the following enforcement measures may be used:
 - (1) *Revocation of license.* A licensee's nonpayment of the mobile home park refuse collection charge, frequent late remittance of the charge, or failure to accept proof that the charge is subject to the refuse collection assistance program may constitute grounds for revocation of the license for a mobile home park.
 - (2) *Civil violation.* The Director of Finance may enforce the provisions of subsections (f) and (g) of this section with civil penalties under title 24, "Civil Penalties," of the Howard County Code. A violation is a Class B offense.

(C.B. 46, 1996; C.B. 32, 2005; C.B. 15, 2008, § 1)

Editor's note— Section 1 of C.B. 46, 1996, repealed § 16.511 in its entirety. Formerly, § 16.511 pertained to posting of license and permit and derived from C.B. 34, 1978. Section 1 of C.B. 46, 1996, also added § 16.511 as herein set out.

Sec. 16.512. - Certain locations for placement of mobile homes unlawful.

It shall be unlawful for any person to maintain or use or permit to be maintained or used any mobile home which is occupied for dwelling or sleeping purposes on any ground or place, except in a duly licensed mobile home park, or in a duly approved mobile home subdivision, or by a special mobile home permit issued by the Department of Planning and Zoning.

(C.B. 1978; C.B. 21, 1979)

Sec. 16.513. - Requirements for disclosure and posting of rules, regulations, etc.

- (a) (1) A mobile home park owner or operator shall fully disclose in writing all fees, charges, assessments, rules and regulations prior to the assumption of occupancy in the park by a mobile home resident or acceptance of a written lease by such resident. The prospective resident shall also receive a personal copy of such rules and regulations prior to entering into a written lease.

No fees, charges or assessments so disclosed may be increased or rules and regulations changed by the park owner or operator without specifying the date of implementation of the fees, charges, assessments or rules and regulations. This date shall be no less than 60 days after written notice was given to all affected tenants. This provision for increase of fees within the term of the written lease shall not apply to rent increases.
 - (2) Failure on the part of the mobile home park owner or operator to disclose fully all fees, charges or assessments shall prevent the park owner or operator from collecting that fee, charge, or assessment.
 - (3) Refusal by the resident to pay any undisclosed charges may not be used by the park owner or operator as a cause for eviction in any court of law.
- (b) A copy of the rules and regulations shall also be posted in some conspicuous place in the mobile home park.

(C.B. 34, 1978)

Sec. 16.514. - Prohibited rental practices.

- (a) It shall be a misdemeanor punishable as provided in section 16.518 for any licensee to require the purchase of any unit from any dealer, distributor or manufacturer as a condition precedent to the availability or retention of any site in a mobile home park. Nor may any licensee require any resident or prospective resident to purchase from any dealer, distributor, installer or manufacturer the material or equipment, including equipment required by applicable law, necessary for installation of the mobile home.
- (b) No mobile home park owner or operator may charge any entrance or exit fee except those charges or expenses which are directly incurred by said park owner as a result of placing of a mobile home upon, or removal of a mobile home from, a mobile home lot. Any such fee may be described by formula based on specific services provided rather than by specific dollar amount and shall be clearly identified in writing prior to the time the rental agreement is signed or otherwise concluded. Nor may the owner charge or collect any fee from the prospective resident or current resident for the privilege of entering into an oral or written agreement for the lease, use, or occupancy of a mobile home or a lot in a mobile home park.
- (c) A mobile home park owner or operator may not make or enforce any rule which shall deny or abridge the right of any resident of such mobile home park or any owner of a mobile home located in such park to sell said mobile home within the park or which shall require the resident or owner to remove the mobile home from the park solely on the basis of the sale thereof. A park owner or operator may prescribe by rule the size, quality, or construction standards for any mobile home to be retained in the park after resale. The purchaser of said mobile home, if said purchaser would otherwise qualify with the requirements of entry into the park, may become a resident of the park, subject to the approval of the park owner or operator but such approval may not be unreasonably withheld. If such approval is withheld, the park owner or operator shall state in writing any reason for the withholding of approval of purchaser. The park may not exact a Commission or fee with respect to the price realized by the seller unless the park owner or operator has acted as agent for the mobile home owner in the sale pursuant to a written contract.
- (d) Where utilities or any other reoccurring service, such as fuel oil supply, is required by the mobile home park resident, the mobile home park owner or operator may not designate that a particular supplier must be used.

(C.B. 34, 1978; C.B. 12, 1983)

Sec. 16.515. - Leases.

- (a) The rental of each mobile home site shall be by written lease agreement between the resident and the mobile home park licensee unless the resident acknowledges in writing that he or she has been offered a written lease but prefers an oral month-to-month lease. Such written acknowledgment shall include notice of receipt of a complete and current copy of rules and regulations, disclosure of all fees and charges as required in subsection 16.513(a)(1), and notice of grounds for eviction. The mobile home park owner or operator shall be required to offer each prospective mobile home park resident, prior to his/her assuming occupancy in the park, a written lease for a period of not less than 12 months. Within 15 days of receipt of a 12-month minimum written lease agreement, the resident or prospective resident shall notify the park owner or operator of his or her decision to either accept or reject such lease offer. In the event a resident or prospective resident does not elect to accept a lease agreement for a minimum period of 12 months, the required written lease shall provide instead for an occupancy period of not less than 90 days, where the unit is owned by the resident, or for an occupancy period of not less than 30 days, where the unit is owned by the mobile home park owner.
- (b) The written lease offered by the park owner or operator shall contain or have attached the following:
 - (1) Specific identification of the lot to be rented or leased.

- (2) A period of duration of not less than one year, or of the shorter term as permitted under the conditions of subsection 16.515(a) of this subtitle.
 - (3) A stipulation of total amount of rental for a mobile home lot, together with a stipulation of the terms of payment, monthly, quarterly, annually, or semiannually, and the amount due at each installment.
 - (4) Specific amounts of any and all fees, charges, assessments, installation charges payable by the resident, in such a manner as to identify the specific service being provided for each charge, assessment, or fee.
 - (5) A complete and current copy of the park rules and regulations, together with an explanation of provisions for amendments thereto.
 - (6) Specific reference to this subtitle as the governing law regulating relations between mobile home park residents and park operators in Howard County as well as the applicable provisions of the Maryland Code.
 - (7) All responsibilities of the prospective resident and all services and facilities to be provided by the park owner or operator.
 - (8) Clear and specific identification of actions on the part of the resident which may be grounds for eviction from the mobile home park or termination of the lease or rental agreement.
- (c) The mobile [home] park resident shall receive a copy of the executed lease.
 - (d) Any provision of a lease or rental agreement in which any provision of this subtitle is waived is void as against public policy.
 - (e) *Security deposits.* A mobile home park licensee, owner, operator or landlord shall not require a resident to pay a security deposit or an increase in the amount of a security deposit as a condition of entering into a subsequent lease term or tenancy, including a month-to-month tenancy, if the resident has been a continuous resident of the mobile home park for more than 12 months without a break in residency and:
 - (1) No security deposit was required during the initial lease terms; or
 - (2) A security deposit was required for the initial lease term under a written lease agreement which was either silent or failed to put the resident on notice of the possibility of subsequent increases in the amount of the security deposit.

(C.B. 34, 1978; C.B. 12, 1984; C.B. 125, 1991)

Sec. 16.516. - Causes for eviction of residents.

Nothing in this section may be interpreted to alter either the park owner's or the resident's rights to not anew a lease pursuant to the terms of the lease. [Evictions are subject to the following:]

- (a) A mobile home park owner or operator may only evict a resident for the following reasons:
 - (1) Nonpayment of rent.
 - (2) Violation of a Federal or State law or local ordinance which is detrimental to the safety and welfare of other dwellers in the mobile home park.
 - (3) Repeated violations over a six-month period of any rule or regulation identified by the park owner or operator in the lease as grounds for eviction.
- (b) An owner or operator shall deliver to the resident a written notice of the cited violations at least 30 days before the date he or she is required to vacate the premises.

- (c) No mobile home park owner or operator shall evict or harass a resident of any mobile home park in Howard County or arbitrarily increase the rent or decrease the services to which the resident has been entitled for any of the following reasons:
- (1) Because the resident or other occupant has filed a complaint, or complaints, against the mobile home park owner or operator with any public agency or agencies;
 - (2) Because the resident or other occupant has filed a lawsuit, or lawsuits, against the mobile home park owner or operator; or
 - (3) Because the resident or other occupant is a member of any tenants' or residents' organization.

Evictions described in this subsection shall be called "retaliatory evictions." If in any eviction preceding the judgment is in favor of the resident for any of the aforementioned defenses, the court may enter judgment for reasonable attorney fees and court costs against the mobile home park owner or operator. In addition, the court may enter judgment against the mobile home park owner or operator for any and all expenses incurred by the resident in his forced move, if judgment is rendered after the resident's eviction.

(C.B. 34, 1978)

Sec. 16.517. - Residents' rights to visitors.

- (a) An invited guest of a mobile home park resident shall have ingress and egress to and from the mobile home park resident's site without the resident or his guest being required to pay a fee or any charge whatsoever. For purposes of this subsection, an "invited guest" shall be defined as a person whose stay at the request of a mobile home park resident does not exceed five consecutive days, or 30 days in any 12-month period. Guests staying in excess of five consecutive days may be required to register and obtain permission of the park management as provided by park rules.
- (b) It shall be unlawful for the owner of a mobile home park or its management to require registration for invited guests of a resident of a mobile home park in Howard County except as provided herein.

(C.B. 34, 1978; C.B. 21, 1979)

Sec. 16.518. - Violation of sections 16.513 through 16.517; enforcement; penalty.

- (a) Any person violating any provisions of sections 16.513 through 16.517 of this subtitle shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine of not less than \$100.00 nor more than \$1,000.00. Alternatively or in addition to and concurrent with all other remedies, the licensing authority may enforce the provisions of sections 16.513 through 16.517 with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A first violation shall be a Class D offense. Subsequent violations shall be Class B offenses. No waiver of the provisions of sections 16.513 through 16.517 shall be permitted except as specifically authorized.
- (b) Any appropriate law enforcement agency may bring criminal judicial proceedings to enforce the provisions of this subtitle; in addition to criminal proceedings, the Howard County Office of Law may bring civil proceedings to enforce this subtitle.

(C.B. 34, 1978; C.B. 32, 1985)

Sec. 16.519. - Requirements of mobile home park residents.

The mobile home park resident at all times shall:

- (a) Comply with all reasonable park rules, and require other persons on the premises with the resident's consent to comply with such rules;
- (b) Comply with all obligations imposed on mobile home residents by applicable provisions of building, housing and health codes;
- (c) Keep the mobile home lot which he or she leases clean and sanitary; and
- (d) Comply with reasonable park rules by acting in a manner which does not unreasonably disturb other occupants of the park or constitute a breach of the peace and requiring others on the premises with the resident's consent to act in a similar manner.

(C.B. 34, 1978)

Sec. 16.520. - Severability.

Should any section or provision of this subtitle be declared invalid by a court of competent jurisdiction, such declaration and decision shall not affect the validity of the remaining portions of this subtitle.

(C.B. 34, 1978)

Sec. 16.521. - Conflicts with other provisions.

In any case where a provision of this subtitle is found to be in conflict with a provision of any other act or code of Howard County existing on the effective date of this subtitle, the provision which establishes the higher standard for the promotion and protection of the health and safety of the people shall prevail. In any case where a provision of this subtitle is found to be in conflict with a provision of any other act or code of Howard County existing on the effective date of this subtitle, which establishes a lower standard for the promotion and protection of the health and safety of the people, the provisions of this subtitle shall be deemed to prevail, and such other acts or codes are hereby declared to be repealed to the extent that they may be found in conflict with this subtitle.

(C.B. 34, 1978)

SUBTITLE 6. - HISTORIC PRESERVATION COMMISSION

Sec. 16.600. - Purpose.

The regulations set forth in this subtitle are adopted pursuant to the authority of article 25A, Local Government Article, section 10-325 of the Annotated Code of Maryland 2013, as amended, to regulate construction, alteration, reconstruction, moving and demolition of structures of historic, architectural, and archeological value, together with their appurtenances and environmental settings within respective specified limits. These regulations are designed to safeguard the heritage of the County by preserving districts herein which reflect elements of its cultural, social, economic, political or architectural history; to stabilize and improve the property values in such districts in the County; to foster civic beauty; to strengthen the local economy; and to promote the use and preservation of such historic districts in the County for the education, welfare and pleasure of the residents of the County.

These regulations are also intended to promote the preservation of the County's historic resources by establishing the Historic Preservation Commission, which shall be the steward of the historic preservation plan and serve as a resource available to provide advice and counsel to Howard County agencies, Boards, Commissions, and property owners regarding historic sites, either within or outside the boundaries of historic districts.

(C.B. 25, 1973; C.B. 2, 1981; C.B. 81, 1993; C.B. 71, 2003, § 1; C.B. 11, 2014, § 2)

Sec. 16.601. - Definitions.

Words and phrases used in this subtitle have their usual meanings except as defined below:

- (a) *Adverse changes* means changes by intent or neglect that modify or destroy the historic character of the building or buildings.
- (b) *Appurtenances and environmental settings* mean walkways and driveways (whether paved or not), trees, waterways and rocks, and landscaping that form part of the setting for a historic structure or use on the same lot.
- (c) *Certificate of approval* means an order issued by the Commission authorizing new construction or alterations to properties within a historic district as provided in this subtitle.
- (d) *Commission* means the Historic Preservation Commission.
- (e) *Contributing structure* means a structure located within a historic district and contributing to the historic or architectural value of the district.
- (f) *Historic district* means an area in the County which is deemed to be of historic or architectural value, the boundaries of which shall be established in accordance with Howard County law. A multiple site historic district is any district consisting of more than one property. A single site historic district consists of only one property.
- (g) *Historic sites inventory* means the list of historic sites adopted by resolution of the County Council.
- (h) *Historic structure* means a structure situated within the County which, together with its appurtenances and environmental setting, has significant historic or architectural value. *Historic structure* includes a structure listed on the historic sites inventory.
- (i) *Minor alterations* means the following exterior alterations, provided the alterations comply with the guidelines adopted by the Commission pursuant to section 16.607(d) of this subtitle:
 - (1) Signs;
 - (2) The removal of materials and features that are not in compliance with the guidelines and replacement with materials and features that are in compliance with the guidelines;
 - (3) The repair and replacement of deteriorated materials and features with historically appropriate materials and features including, without limitation, siding, gutters and downspouts, roofs, chimneys, porches, railings, windows, doors and paving;
 - (4) Painting, including changes of color;
 - (5) The removal of exterior light fixtures or the installation of light fixtures;
 - (6) Other exterior modifications including, without limitation, sheds, mailboxes, house numbers, the exterior placement of utilities, and minor landscape features; or
 - (7) Minor changes to plans already approved by the Commission.
- (j) *Principal use or structure* means the main use of a lot or a structure, as opposed to an accessory use or structure.
- (k) *Routine maintenance* means work that does not alter the exterior features of a structure and has no material effect on the historic or architectural significance of the structure.

Routine maintenance includes:

- (1) Repair or replacement of roofs, gutters, siding, external doors and windows, trim, lights, and other appurtenant fixtures using the same materials and design;
- (2) Minor landscaping which will not substantially affect the character of the structure;

- (3) Paving repair using like materials of like design;
 - (4) Painting of previously painted surfaces using the same color; and
 - (5) Other minor maintenance and repair work which is described as routine maintenance in design guidelines approved by the Commission.
- (l) *Structure* means anything constructed, the use of which requires permanent location on the ground, or attached to something having permanent location on the ground. *Structure* includes buildings, porches, decks, awning, fences, gravestones, communication towers, and streetlights and other exterior lighting fixtures. Street furniture such as benches, newspaper boxes, and trash receptacles are considered structures if permanently affixed to the ground. The term *structure* shall be construed as if followed by the words "or part thereof" and to include the words "appurtenances and environmental settings."

Sec. 16.602. - Establishment of historic districts.

- (a) *Boundaries Established.* The boundaries of historic districts shall be established in accordance with title 16, subtitle 2 of the Howard County Code (the Zoning Enabling Act).
- (b) *Zoning Regulations Remain in Effect.* The Zoning Regulations of Howard County, as amended, shall remain in full force and effect within any historic district hereafter established, except as may herein be modified.
- (c) *Zoning Districts as Designated on the Zoning Map.* The zoning districts as designated on the Zoning Map of Howard County, as amended, shall remain in full force and effect within any historic district.
- (d) *Single Site Historic Districts.* Single site historic districts may only be established upon the petition of the owner of the property which is the subject of the petition.
 - (1) Procedure for Establishing Single Site Historic Districts. All petitions for Single site historic districts shall adhere to the following procedures:
 - a. Petitions shall be submitted to and reviewed by the Historic Preservation Commission following the Commission's Rules of Procedure. The Department of Planning and Zoning shall prepare and forward a Technical Staff Report on the petition and forward the report to the Commission and the Zoning Board prior to the Commission's public meeting date and post the report on the Historic Preservation Commission's webpage.
 - b. The Commission shall make recommendations to the Zoning Board on all petitions to create boundaries of single site historic districts or to amend the boundaries of historic districts on a piecemeal basis. The Commission shall make recommendations on whether to approve, approve with modifications, or deny the applications. The Historic Preservation Commission shall transmit its findings and recommendations concerning the petition to the Zoning Board prior to the Zoning Board's public hearing on a petition.
 - c. The Zoning Board shall consider petitions for single site historic districts using the following procedures:
 - i. *Public Hearing Required.* The Zoning Board shall hold a public hearing on single site historic districts at which parties of interest and citizens shall have an opportunity to be heard. The Zoning Board shall be prohibited from holding meetings which include an opportunity for public testimony on any day on which Rosh Hashanah, Yom Kippur, Eid UI Fitr or Eid UI Adha is observed.

- ii. *Rules of Procedure; Notice.* The Zoning Board public hearings on single site historic districts shall be conducted in accordance with the rules of procedure adopted by the Zoning Board except for the provisions relating to public notice, which shall be as provided in this section. The public notice required for Zoning Board hearings on single-site historic district applications shall be posted at least 30 days prior to the hearing on the County's website and shall give notice of the date, time and place of the hearing on the application.
- (2) *Criteria for Establishing Single Site Historic Districts.* A petition for a single site historic district may be granted if the Zoning Board finds affirmatively that the establishment of a single site historic district will:
- a. Serve to safeguard the heritage of the County by preserving elements of its cultural, social, economic, political or architectural history;
 - b. Protect the integrity of a historic property from adverse changes and/or demolition; and
 - c. Implement the goals set forth in the Historic Preservation Plan and General Plan.

Sec. 16.603. - Certificates of approval.

- (a) *Certificate of Approval Required.* Except as provided otherwise in this section, a certificate of approval from the Commission is mandatory before the following may be undertaken within any historic district:
- (1) Construction, moving, demolition, repair or alteration of any structure in any manner affecting the exterior appearance of the structure;
 - (2) Construction or alteration of parking areas; and
 - (3) Installation or alteration of exterior signs.
- (b) *Exemptions.* A certificate of approval is not required for:
- (1) Routine maintenance; or
 - (2) Minor alterations that are determined by the Executive Secretary of the Commission to be consistent with the guidelines. The Executive Secretary's determination shall be posted on the Commission's website. The Executive Secretary shall notify each Commissioner in writing. If within five days of posting on the website, and written notification to the Commissioners, any person objects in writing to the Executive Secretary, a certificate of approval is required. Notwithstanding any provision of this Code, the determination of the Executive Secretary may not be appealed.
- (c) *Preparation for New Development.* A certificate of approval is not required for the following work when carried out in accordance with an approved subdivision plan, site development plan, forest conservation plan, or grading plan:
- (1) Construction or alteration of public streets and sidewalks, use-in-common driveways, storm drains and drainage swales, stormwater management facilities, and utility lines;
 - (2) Tree clearing and removal; or
 - (3) Installation of forest conservation plantings, street trees, and other required landscaping.
- (d) *Building Permit.* The Department of Inspections, Licenses and Permits shall not issue a building permit or a grading permit for work requiring a certificate of approval unless the Commission has issued a certificate of approval. The permit shall incorporate any requirements or modifications required by the certificate of approval.

- (e) *Sign Permit.* The Department of Inspections, Licenses and Permits shall not issue a sign permit for work requiring a certificate of approval unless the Commission has issued a certificate of approval. The sign permit shall incorporate any requirements or modifications required by the certificate of approval.
- (f) *Posted on Property.* The certificate of approval shall be posted on the property in a location visible from a public street while the work authorized by the certificate is being performed.
- (g) *Expiration of Certificate of Approval.* Unless extended by the Commission, a certificate of approval issued by the Commission shall expire automatically if:
 - (1) The work has not been substantially completed within 18 months from the date the certificate of approval was issued for an application for the alteration, repair, moving, or demolition of a structure, or for the construction of a new accessory structure.
 - (2) The work has not been substantially completed within three years from the date the certificate of approval was issued for an application for the construction of a new principal structure.
- (h) *Extension of Certificate of Approval.* An application for extension of a certificate of approval shall be treated and considered as a new application before the Commission.

Sec. 16.603A. - Review of development plans.

Prior to the initial submittal of an application for subdivision or site development plan approval on a site located in a historic district established under this subtitle, adjoining a multi-site historic district, or that contains a historic structure, the applicant shall request review by the Commission to identify all historic resources on the site and obtain advice from the Commission regarding the design of development.

(C.B. 46, 2009, § 1; C.B. 11, 2014, § 2)

Sec. 16.604. - Historic Preservation Commission.

- (a) *Establishment.* There is a Historic Preservation Commission to carry out the purposes of this subtitle.
- (b) *Membership and Appointment:*
 - (1) *General provisions.* General provisions applicable to this Commission are set forth in subtitle 3, "Boards and Commissions," of title 6, "County Executive and the Executive Branch," of the Howard County Code.
 - (2) *Number of members.* The Commission shall have a membership of seven persons.
 - (3) *Qualifications:*
 - (i) All members shall be residents of Howard County.
 - (ii) Members shall be professionals in or have special interest, knowledge, or training in such fields as history, architecture, archeology, anthropology, curation, preservation, urban design or related disciplines and shall have knowledge of and have demonstrated an interest in the preservation of historic and architectural areas of the County.
 - (iii) The Commission shall include at least one resident or property owner from each multiple site historic district in Howard County. When a new multiple site historic district is created, a resident or property owner from the new district shall be appointed to the Commission within three years of the elate the new district is created. Within three months of the creation of the new multiple site historic district, the County Executive shall appoint a

resident or property owner from the new district as a temporary additional voting member of the Commission, to serve until the permanent member of the Commission from that district is appointed and confirmed.

- (c) *Quorum.* Three members shall constitute a quorum, and the vote of the majority present shall be necessary for a decision.
- (d) *Executive Secretary.* The Director of the Department of Planning and Zoning or the Director's designee shall serve as the Executive Secretary to the Commission and shall attend all meetings of the Commission and may provide recommendations on applications before the Commission.

(C.B. 25, 1973; C.B. 47, 1979; C.B. 2, 1981; C.B. 111, 1981; C.B. 32, 1985; C.B. 73, 1987; C.B. 2, 1988; C.B. 30, 1988; C.B. 62, 1988; C.B. 81, 1993; C.B. 107, 1994; C.B. 71, 2003, § 1; C.B. 11, 2014, § 2; C.B. 67, 2016, § 1)

Sec. 16.605. - Procedures of the Commission.

- (a) *Rules of Procedure.* The Commission shall adopt rules of procedure necessary for the discharge of its duties.
- (b) *Applications:*
 - (1) Applications for a certificate of approval and any other Commission approval or review required under this subtitle shall be filed with the Department of Planning and Zoning.
 - (2) The Department shall check the application for completeness and shall forward the application, together with all maps, plans and all other data required by the rules of the Commission, to the Commission.
 - (3) Provided that the application was filed with the Department of Planning and Zoning at least 22 calendar days before the Commission's next scheduled meeting, the Department shall place the application on the agenda for the next scheduled Commission meeting. The Commission shall hear only those applications which staff from the Department of Planning and Zoning determines are complete. Applications filed less than 22 calendar days before the Commission's next scheduled meeting shall be placed on the agenda for the following meeting.
 - (4) The Commission may hold an emergency meeting to hear an application for a certificate of approval which requires immediate action due to an immediate safety or health hazard or the need for emergency repairs.
- (c) *Standing.* Any person, or the person's duly constituted representative, shall be entitled to appear and be heard on any matter before the Commission reaches a decision.
- (d) *Records.* The Commission shall keep a record of its proceedings and action, which shall be on file for public view at the Department of Planning and Zoning.
- (e) *Notice.* Notice of Commission meetings shall appear in a newspaper of general circulation in Howard County at least seven days prior to such meeting. Each application to be heard at a Commission meeting shall be advertised in the manner provided for in the rules of the Commission. Notice of an emergency meeting is not required to be published in a newspaper, provided that the property which is the subject of an application to be heard at an emergency meeting is posted with the time, date, place, and subject matter of the meeting for at least 24 hours immediately prior to the meeting.
 - (1) The emergency notice poster shall:
 - (i) Give the address of the subject property, if available.
 - (ii) Be double-sided and at least 30 inches by 36 inches in size.

- (iii) Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster.
 - (iv) State that the subject property is proposed to be altered and include a description of the proposed alteration.
 - (v) Give the website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching for additional information, including plans for public review, for all projects assigned a three-digit alphanumeric code and a phone number for additional information.
- (f) *Action of the Commission:*
- (1) The Commission shall file with the Department of Planning and Zoning its certificate of approval, modification or denial of all applications and plans submitted to it for review.
 - (2) No work shall begin until such certificate of approval shall have been filed.
 - (3) Failure of the Commission to vote on an application within 90 days from the date a complete application is filed shall constitute approval, unless an extension of the 90-day period is agreed upon mutually by the applicant and the Commission or the application has been withdrawn.
 - (4) The Commission shall set forth, in writing, its reason for approval or denial of an application submitted to it for review.
 - (5) If an application is denied, in the absence of a change to the structure arising from casualty, no new application for the same or similar work shall be filed within one year after the conclusion of the hearing on the denied application.

(C.B. 25, 1973; C.B. 47, 1979; C.B. 2, 1981; C.B. 111, 1981; C.B. 32, 1985; C.B. 73, 1987; C.B. 2, 1988; C.B. 30, 1988; C.B. 62, 1988; C.B. 81, 1993; C.B. 71, 2003, § 1; C.B. 46, 2009, § 1; C.B. 11, 2014, § 2; C.B. 69, 2018, § 1)

Sec. 16.606. - Powers of the Commission.

- (a) *Review of Applications.* The Commission shall review all applications for certificates of approval. The Commission shall also review applications for alterations to historic structures outside the historic district and make any other determination when required by the zoning regulations. The Commission shall approve, approve with modifications, or deny the applications.
- (b) *Consultation with the Maryland Historical Trust.* The Commission may consult with the Maryland Historical Trust to make an analysis of and recommendation concerning the preservation of structures of historic or architectural value within the County. Such report may propose boundaries of districts as well as identify particular structures recommended to be preserved.
- (c) *Recommend Designation as Historic District.* The Commission shall make recommendations to the Howard County Council on all petitions to create or modify multiple site historic districts. The Commission shall also make recommendations to the Zoning Board on all petitions to create boundaries of single site historic districts or to amend the boundaries of historic districts on a piecemeal basis.
- (d) *Provide Advice on Historical Resources.*
 - (1) The Commission shall perform the following advisory functions:
 - (l) Advise and assist in developing plans for the preservation of historic resources within Howard County upon the request of an Agency, Board or Commission of Howard County Government.

- (II) Advise and assist the Department of Planning and Zoning in identifying historic resources on property that requires subdivision or site development plan approval and is located in a historic district established under this subtitle or contains an historic structure. Such advice shall be given prior to the initial plan submittal for either subdivision or site development plans.
 - (III) Advise an applicant for subdivision or site development plan approval for a site located in a historic district established under this subtitle, Adjoining a Multi-Site Historic District or that contains a historic structure. Such advice shall be provided prior to the initial submittal for a subdivision or site development plan. After Commission review of a plan under this paragraph, the Director of the Department of Planning and Zoning may require the applicant to resubmit the plan to the Commission for its review and advice if:
 - A. Before the subdivision application or site development plan is approved, the applicant submits a revised plan that the Director of the Department of Planning and Zoning determines is inconsistent with the Commission's comments on the previous plan; or
 - B. The subdivision plan or site development plan expires and the applicant submits a new plan.
 - (IV) Upon the request of the applicant, provide pre-application advice on the design of proposed work to persons seeking a certificate of approval.
- (2) The Commission may perform the following advisory functions:
- (I) Review applications for zoning text amendments, map amendments, conditional use, or variance approvals and make recommendations to the Zoning Board, Planning Board, County Council, or Hearing Examiner for:
 - (A) Areas located within a historic district or
 - (B) A historic structure listed on the historic sites inventory;
 - (II) Review and provide advice to the Planning Board and County Council on other proposals affecting historic preservation, including County general plans and area master plans.
 - (III) Advise in developing plans for the preservation of historic resources within Howard County upon the request of the owner of the historic resource.
- (e) *Adopt Rules to Implement Historic Tax Credit Program:*
- (1) The Commission shall adopt rules to implement the historic tax credit program under sections 20.112 and 20.113 of the County Code.
 - (2) The rules shall include:
 - (I) Procedures to be followed by a property owner in applying for the tax credit.
 - (II) Procedures to be followed by the Commission in considering an application; and
 - (III) Guidelines for the performance of eligible work.
- (f) *Approve Historic Tax Credits.* As specified in sections 20.112 and 20.113 of the County Code, the Commission may approve an application for a historic tax credit.
- (g) *Maintain the Inventory.* The Commission shall advise on updating and maintaining the historic sites inventory.

Sec. 16.607. - Standards for review.

- (a) *Elements for Consideration.* In reviewing an application for a certificate of approval, the Commission shall give consideration to:
- (1) The historic, architectural, or archeological value or significance of the structure and its relationship to historic value of the surrounding area.
 - (2) The relationship of the exterior architectural features of such structure to the remainder of the structure and to the surrounding area.
 - (3) The general compatibility of exterior design, scale, proportion, arrangement, texture and materials proposed to be used.
 - (4) Whether the requested action is necessary to protect against threats to public safety.
 - (5) Any other factors, including aesthetic factors, which the Commission deems to be pertinent.
- (b) *Exterior Features Only.* The Commission shall pass only on exterior features of a structure and shall not consider interior arrangement; nor shall it disapprove applications except in regard to the considerations set forth above.
- (c) *Intent of the Subtitle.* It is the intent of this subtitle that the Commission be strict in its judgment of plans for contributing structures. It is also the intent of this subtitle that the Commission shall be lenient in its judgment of plans for structures of little historic value or plans for new construction, except where such plans would seriously impair the historic or architectural value of surrounding structures or the surrounding area. It is not the intent of this subtitle to limit new construction, alteration, or repairs to the architectural style of any one period.
- (d) *Additional Guidelines.* The Commission shall adopt guidelines for its review of applications based on the standards of this subtitle. The guidelines may include standards for identifying contributing structures.

(C.B. 25, 1973; C.B. 47, 1979; C.B. 2, 1981; C.B. 111, 1981; C.B. 32, 1985; C.B. 73, 1987; C.B. 2, 1988; C.B. 30, 1988; C.B. 62, 1988; C.B. 81, 1993; C.B. 71, 2003, § 1; C.B. 75, 2018, § 1)

Sec. 16.608. - Structures of unusual importance.

- (a) *Structure of Unusual Importance.* In the case of an application for alteration affecting the exterior appearance of a structure or for the moving or demolition of a structure the preservation of which the Commission deems of unusual importance to the County, State or nation, the Commission shall endeavor to work out with the owner an economically feasible plan for the preservation of such structure.
- (b) *Deny Application.* Unless the Commission is satisfied that proposed construction, alteration, or reconstruction will not materially impair the historic value of the structure, the Commission shall deny the application.
- (c) *Negotiation.* If an application is submitted for alteration, moving or demolition of a structure that the Commission deems of unusual importance and no economically feasible plan can be formulated, the Commission shall have 90 days from the time it concludes that no economically feasible plan can be formulated to negotiate with the owner and other parties in an effort to find a means of preserving the building.
- (d) *Special Circumstances.* The Commission may approve the proposed alteration, moving or demolition of a structure of unusual importance despite the fact that the changes come within the provisions of subsections (a) through (c) of this section, if:
- (1) The structure is a deterrent to a major improvement program which will be of substantial benefit to the County;
 - (2) Retention of the structure would be a threat to public safety;
 - (3) Retention of the structure would cause undue financial hardship to the owner; or

- (4) Retention of the structure would not be in the interest of a majority of the persons in the community.

Sec. 16.609. - Powers of Howard County.

- (a) Howard County shall have the right to accept and use gifts for the exercise of the Commission's functions.
- (b) Howard County may purchase or accept architectural easements in connection with structures located in or adjacent to an historic district. Such easement shall grant to the Commission, the residents of the historic district and the general public, the perpetual right, or the right for a specified term, to have the exterior appearance of any structure upon which it is applied retained in substantially the same character as when the easement took effect.

(C.B. 25, 1973; C.B. 47, 1979; C.B. 2, 1981; C.B. 111, 1981; C.B. 32, 1985; C.B. 73, 1987; C.B. 2, 1988; C.B. 30, 1988; C.B. 62, 1988; C.B. 81, 1993; C.B. 71, 2003, § 1)

Note— Formerly, numbered as section 16.610. C.B. 71, 2003 repealed former section 16-609 which pertained to routine maintenance.

Sec. 16.610. - Enforcement.

When there is any violation of this subtitle or any action taken there under, the Department of Planning and Zoning may institute appropriate action to prevent, enjoin, abate or remove the violation. Alternatively and in addition to and concurrent with all other remedies, the Department of Planning and Zoning may enforce the provisions of this subtitle by the use of civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this subtitle shall be a Class C offense.

(C.B. 25, 1973; C.B. 47, 1979; C.B. 2, 1981; C.B. 111, 1981; C.B. 32, 1985; C.B. 73, 1987; C.B. 2, 1988; C.B. 30, 1988; C.B. 62, 1988; C.B. 81, 1993; C.B. 71, 2003, § 1)

Note— Formerly numbered as § 16.611.

Sec. 16.611. - Appeals.

Any person or persons jointly or severally, or firm or corporation, aggrieved by a decision of the Commission may appeal the decision of the Commission to the Circuit Court for Howard County, provided the appeal is made within 30 days of the Commission's vote to approve or deny the application, or the date an application is approved due to the failure of the Commission to vote.

SUBTITLE 7. - FLOODPLAIN⁶

Footnotes:

--- (6) ---

Editor's note— Section 2 of C.B. 61, 1988, amended sub. 7 to read as herein set out in §§ 16.700—16.705. Prior to said amendment, the provisions of former sub. 7, §§ 16.700—16.704, pertained to similar subject matter and derived from C.B. 25, 1977. Subsequently C.B. 3, 2005, amended this subtitle to read as herein set out.

Sec. 16.700. - Statutory authority; purpose; abrogation and greater restrictions.

- (a) *Statutory Authority.* The Maryland General Assembly, in the Land Use Article of the Annotated Code of Maryland, has established as policy of the state that the orderly development and use of land and structures requires comprehensive regulation through the implementation of planning and zoning control, and that planning and zoning controls shall be implemented by local government in order to, among other purposes, secure the public safety, promote health and general welfare, and promote the conservation of natural resources. Therefore, Howard County does adopt floodplain management regulations as contained in this subtitle; title 16, subtitle 1 of this Code; and the Howard County Building Code.
- (b) *Purpose.* It is the purpose of this subtitle to promote the public health, safety and general welfare, and to:
 - (1) Protect human life, health and welfare;
 - (2) Encourage the use of appropriate construction practices in order to prevent or minimize flood damage in the future;
 - (3) Minimize flooding of water supply and sanitary sewage disposal systems;
 - (4) Maintain natural drainage;
 - (5) Reduce financial burdens imposed on the community, its governmental units and its residents, by discouraging unwise design and construction of development in areas subject to flooding;
 - (6) Minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;
 - (7) Minimize prolonged business interruptions;
 - (8) Minimize damage to public facilities and other utilities such as water and gas mains, electric, telephone and sewer lines, streets and bridges;
 - (9) Reinforce that those who build in and occupy special flood hazard areas should assume responsibility for their actions;

- (10) Minimize the impact of development on adjacent properties within and near flood-prone areas;
 - (11) Provide that the flood storage and conveyance functions of floodplains are maintained;
 - (12) Minimize the impact of development on the natural and beneficial functions of floodplains;
 - (13) Prevent floodplain uses that are either hazardous or environmentally incompatible; and
 - (14) Meet community participation requirements of the national flood insurance program as set forth in the Code of Federal Regulations at 44 C.F.R. Section 59.22.
- (c) *Abrogation and Greater Restrictions.* Regulations governing the floodplain are not intended to repeal or abrogate any existing regulations and ordinances, including Subdivision Regulations, the Howard County Zoning Regulations, the Howard County Building Code, this Code, or any existing easements, covenants, or deed restrictions. If a conflict exists between these regulations and any other Code provision, easement, covenant, or deed restriction, the more restrictive shall govern.

(C.B. 41, 2013, § 1(3))

Sec. 16.701. - Definitions.

Except as specifically defined in this section, terms used in this subtitle shall have the meanings set forth in subsection 3112, floodplain, of the Howard County Building Code:

- (a) *Base flood* means the flood having a one-percent chance of being equaled or exceeded in any given year; the base flood also is referred to as the one-percent annual chance (100-year) flood.
- (b) *Base flood elevations ("BFE")* means the water surface elevation of the base flood in relation to the datum specified on the County's FIRM. In areas of shallow flooding, the base flood elevation is the highest adjacent natural grade elevation plus the depth number specified in feet on the FIRM, or at least four feet if the depth number is not specified.
- (c) *Building code* means the Building Code of Howard County adopted pursuant to subtitle 1, "Building Code" of title 3, "Buildings," of the Howard County Code.
- (d) *Design Manual* means Howard County's Technical Standards, approved by resolution of the County Council, for design, construction and inspection of bridges, roads, storm drainage structures, stormwater management systems, sidewalks, walkways, parking areas, traffic control devices, water and sewer facilities, and other improvements.
- (e) *Development* means any manmade change to improved or unimproved real estate, including but not limited to buildings or other structures, placement of manufactured homes, mining, dredging, filling, grading, paving, excavation or drilling operations or storage of equipment or materials.
- (f) *FEMA* means the Federal Emergency Management Agency.
- (g) *Flood Insurance Rate Map ("FIRM")* means an official map on which FEMA has delineated special flood hazard areas to indicate the magnitude and nature of flood hazards, to designate applicable flood zones, and to delineate floodways, if applicable. FIRMS that have been prepared in digital format or converted to digital format are referred to as Digital FIRMS (DFIRM).
- (h) *Flood Insurance Study ("FIS")* means the official report in which FEMA has provided flood profiles, floodway information, and the water surface elevations.
- (i) *Manufactured home* means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. The term manufactured home does not include a recreational vehicle.
- (j) *MDE* means the Maryland Department of the Environment.

- (k) *NFIP* means the National Flood Insurance Program.
- (l) *Recreational vehicle* means a vehicle that is built on a single chassis, 400 square feet or less when measured at the largest horizontal projection, designed to be self-propelled or permanently towable by a light duty truck, and designed primarily not for use as a permanent dwelling, but as temporary living quarters for recreational, camping, travel or seasonal use.
- (m) *Special flood hazard area ("SFHA")* means the land in the floodplain subject to a one-percent or greater chance of flooding in any given year. Special flood hazard areas are designated by FEMA in flood insurance studies and on flood insurance rate maps as Zones A, AE, AH, AO, A1-30, and A99, and Zones VE and V1-30. The term includes areas shown on other flood maps that are identified in section 16.703 of this subtitle.
- (n) *Start of construction* means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition placement, or other improvement was within 180 days of the permit date. The *actual start* means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory structures, such as garages or sheds not occupied as dwelling units or not part of the main structure. For substantial improvements, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.
- (o) *Structure* means that which is built or constructed; specifically, a walled and roofed building, including a gas or liquid storage tank that is principally above ground, as well as a manufactured home.
- (p) *Violation* means (i) any construction or development in a special flood hazard area that is being performed without an issued permit, (ii) the failure of a building, structure, or other development for which a permit is issued to be fully compliant with these regulations and the conditions of the issued permit, or (iii) a building, structure, or other development without the required design certifications, the elevation certificate, or other evidence of compliance required is presumed to be a violation until such time as the required documentation is provided.

Sec. 16.702. - Floodplain delineation.

- (a) An area to be known as "floodplain" shall include all areas subject to inundation by the waters of the one-percent annual chance flood. The source of this delineation shall be the Flood Insurance Study for Howard County, Maryland and incorporated areas, effective November 6, 2013, or the most recent revision thereof, and the accompanying Flood Insurance Rate Maps, effective November 6, 2013, and all subsequent amendments and revisions to the FIRMs prepared for Howard County by the Federal Emergency Management Agency or the floodplain studies and requirements of the Department of Public Works and the Department of Planning and Zoning, whichever is more restrictive.
- (b) The floodplain shall be comprised of three parts as follows:
 - (1) *Floodway*. That portion of the floodplain required to carry and discharge the waters of the one-percent annual chance flood without increasing the water surface elevation at any point more than one foot above existing conditions.

- (2) *Floodway fringe.* Those portions of land within the floodplain subject to inundation by the one-percent annual chance flood, lying beyond the floodway.
- (3) *Approximate floodplain.* Those portions of land within the floodplain subject to inundation by the one-percent annual chance flood, where a detailed study has not been performed, but where a 100-year floodplain boundary has been approximated.

The delineation of the floodplain may be revised, and amended by the Department of Public Works or the Department of Planning and Zoning based upon data reflecting natural or reconstructed physical changes, provided that all such revisions, amendments, and modifications shall be subject to the review and approval of the Federal Emergency Management Agency.

(C.B. 61, 1988; C.B. 3, 2005, § 4; C.B. 41, 2013, § 1(3))

Editor's note— Renumbered from previous section 16.701.

Sec. 16.703. - Basis for establishing special flood hazard areas and base flood elevations.

- (a) For the purposes of this subtitle, the minimum basis for establishing special flood hazard areas and base flood elevations is the FIS for Howard County, Maryland and incorporated areas dated November 6, 2013, or the most recent revision thereof, and the accompanying firms and all subsequent amendments and revisions to the FIRMs. The FISs and FIRMs are retained on file and available to the public at the Department of Public Works.
- (b) Where field surveyed topography or digital topography indicates that ground elevations are below the closest applicable base flood elevation, even in areas not delineated as a special flood hazard on the FIRM, the area shall be considered as special flood hazard area.
- (c) To establish base flood elevations in special flood hazard areas that do not have such elevations shown on the FIRM, the Floodplain Administrator may provide the best available data for base flood elevations, may require the applicant to obtain available information from federal, state or other sources, or may require the Applicant to establish special flood hazard areas and base flood elevations as set forth in sections 16.704 and 16.706 of this subtitle.

(C.B. 41, 2013, § 1(3))

Sec. 16.704. - Use and interpretations of FIRMs.

- (a) The Floodplain Administrator shall make interpretations, where needed, as to the exact location of special flood hazard areas, floodplain boundaries, and floodway boundaries.
- (b) The following shall apply to the use and interpretation of FIRMs and data:
 - (1) Where field surveyed topography indicates that ground elevations:
 - (i) Are below the base flood elevation, even in areas not delineated as a special flood hazard area on a FIRM, the area shall be considered as special flood hazard area and subject to the requirements of these regulations;
 - (ii) Are above the base flood elevation, the area shall be regulated as special flood hazard area unless the Applicant obtains a letter of map change that removes the area from the special flood hazard area.
 - (2) In FEMA-identified special flood hazard areas where base flood elevation and floodway data have not been identified and in areas where FEMA has not identified special flood hazard areas, any other flood hazard data available from a federal, state, or other source shall be reviewed and reasonably used.

- (3) Base flood elevations and designated floodway boundaries on FIRMs and in FISs shall take precedence over base flood elevations and floodway boundaries by any other sources if such sources show reduced floodway widths and/or lower base flood elevations.
- (4) Other sources of data shall be reasonably used if such sources show increased base flood elevations and/or larger floodway areas than are shown on FIRMS and in FISs.
- (5) If a preliminary flood insurance rate map and/or a preliminary flood insurance study has been provided by FEMA:
 - (i) Upon the issuance of a letter of final determination by FEMA, the preliminary flood hazard data shall be used and shall replace the flood hazard data previously provided from FEMA for the purposes of administering these regulations.
 - (ii) Prior to the issuance of a letter of final determination by FEMA, the use of preliminary flood hazard data shall be deemed the best available data pursuant to section 16.703(c) of this subtitle and used where no base flood elevations or floodway areas are provided on the effective FIRM.
 - (iii) Prior to issuance of a letter of final determination by FEMA, the use of preliminary flood hazard data is permitted where the preliminary base flood elevations or floodway areas exceed the base flood elevations and/or designated floodway widths in existing flood hazard data provided by FEMA. Such preliminary data may be subject to change or appeal to FEMA.

(C.B. 41, 2013, § 1(3))

Sec. 16.705. - Requirements and restrictions applicable to the floodplain.

- (a) Within the floodplain, no development shall be permitted except as provided in this subtitle, the Howard County Building Code adopted at title 3, subtitle 1 of the Howard County Code and the Subdivision Regulations adopted at title 16, subtitle 1 of the Howard County Code.
- (b) Within the approximate floodplain for new subdivisions, site development plans, or single lots, the 100-year flood elevations (base flood elevations) shall be certified by a qualified design professional as determined by the Director of the Department of Public Works based on hydrologic and hydraulic analyses which include a floodway analysis. For a single lot, if no data are available, methods described in Federal Emergency Management Agency Publication No. 265, "Managing Floodplain Development in Approximate Zone A Areas", or a method approved by the Department of Planning and Zoning shall be used to determine the BASE flood elevation.
- (c) *Buildings and Structures.* In addition to the requirements set forth in the Howard County Building Code, new buildings and structures (including the placement and replacement of manufactured homes) and substantial improvement of existing structures (including manufactured homes) that are located, in whole or in part, in any special flood hazard area shall:
 - (1) Be designed (or modified) and constructed to safely support flood loads. The construction shall provide a complete load path capable of transferring all loads from their point of origin through the load-resisting elements to the foundation. Structures shall be designed, connected and anchored to resist flotation, collapse or permanent lateral movement due to structural loads and stresses, including hydrodynamic and hydrostatic loads and the effects of buoyancy, from flooding equal to the flood protection elevation or the elevation required by these regulations or the Howard County Building Code, whichever is higher.
 - (2) Be constructed by methods and practices that minimize flood damage.
 - (3) Use flood damage-resistant materials below the elevation of the lowest floor required in section 3112 of the Howard County Building Code.

- (4) Have electrical systems, equipment and components, and mechanical, heating, ventilating, air conditioning, and plumbing appliances, plumbing fixtures, duct systems, and other service equipment located at or above the elevation of the lowest floor required in section 3112 of the Howard County Building Code. Electrical wiring systems are permitted to be located below elevation of the lowest floor provided they conform to the provisions of the electrical part of the Howard County Building Code for wet locations. If replaced as part of a substantial improvement, electrical systems, equipment and components, and heating, ventilation, air conditioning, and plumbing appliances, plumbing fixtures, duct systems, and other service equipment shall meet the requirements of this section.
 - (5) As an alternative to paragraph (4), electrical systems, equipment and components, and heating, ventilating, air conditioning, and plumbing appliances, plumbing fixtures, duct systems, and other service equipment are permitted to be located below the elevation of the lowest floor provided they are designed and installed to prevent water from entering or accumulating within the components and to resist hydrostatic and hydrodynamic loads and stresses, including the effects of buoyancy, during the occurrence of flooding to that elevation.
 - (6) Have the electric panelboard elevated at least three feet above the BFE.
 - (7) Comply with the requirements of the most restrictive designation if located on a site that has more than one flood zone designation (a zone, designated floodway).
- (d) *Recreational Vehicles.* Recreational vehicles shall not be parked or stored in special flood hazard areas.
- (e) *Protection of Water Supply and Sanitary Sewage Systems.*
- (1) New and replacement water supply systems shall be designed to minimize or eliminate infiltration of floodwaters into the systems.
 - (2) New and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of floodwaters into systems and discharges from systems into floodwaters.
 - (3) In addition to the requirements of section 3.808 of this Code, on-site waste disposal systems shall be located to avoid impairment to or contamination from them during conditions of flooding.

(C.B. 61, 1988; C.B. 3, 2005, §§ 1, 4; C.B. 41, 2013, § 1(3))

Editor's note— Renumbered from previous section 16.702.

Sec. 16.706. - Permits.

- (a) *Permits Required.* A person shall not begin any development or construction which is wholly within, partially within, or in contact with any flood hazard area established in section 16.703 of this subtitle, including but not limited to: Filling; grading; construction of new structures; the substantial improvement of buildings or structures, including repair of substantial damage; placement or replacement of manufactured homes, including substantial improvement or repair of substantial damage of manufactured homes; erecting or installing a temporary structure, or alteration of a watercourse, until a permit is obtained from the County in accordance with the requirements of this subtitle and the Howard County Building Code.
- (b) In addition to the permits required in paragraph (a), Applicants for permits in nontidal waters of the state are advised to contact MDE. Unless waived by MDE, pursuant to Code of Maryland Regulations 26.17.04, construction on nontidal waters and floodplains, MDE regulates the "100-year frequency floodplain of free-flowing waters," also referred to as nontidal waters of the state. To determine the 100-year frequency floodplain, hydrologic calculations are based on the ultimate development of the watershed, assuming existing zoning. The resulting flood hazard areas

delineated using the results of such calculations may be different than the special flood hazard areas established in section 16.703 of this subtitle.

- (c) *A Permit is Valid Provided the Actual Start of Work is Within 180 Days of the Date of Permit Issuance.* Requests for extensions shall be submitted in writing and justifiable cause demonstrated. The Floodplain Administrator may grant, in writing, one or more extensions of time, for additional periods not exceeding more than 90 days each and provided there has been no amendment or revision to the basis for establishing special flood hazard areas and BFEs set forth in section 16.703 of this subtitle.
- (d) *Application Required.* In accordance with the Howard County Building Code, an application for a permit shall be made by the owner of the property or the owner's authorized agent prior to the start of any work. The application shall be on a form provided by the Department of Inspections, Licenses and Permits.
- (e) *Additional Application Requirements—Certain Development.* In addition to the permit application requirements set forth in section 3.101 of this Code, a permit application for development proposals and subdivision proposals having the lesser of five lots or at least five acres in special flood hazard areas where base flood elevations are not shown on the FIRM shall include:
 - (1) A determination of the base flood elevations; and
 - (2) If hydrologic and hydraulic engineering analyses are submitted, such analyses shall be performed in accordance with the requirements and specifications of MDE and FEMA.
- (f) *New Technical Data.*
 - (1) The Applicant may seek a letter of map change by submitting new technical data to FEMA, such as base maps, topography, and engineering analyses to support revision of floodplain and floodway boundaries and/or base flood elevations. Such submissions shall be prepared in a format acceptable to FEMA and any fees shall be the sole responsibility of the Applicant. A copy of the submittal shall be attached to the application for a permit.
 - (2) An Applicant who submits new technical data to support any change in floodplain and designated floodway boundaries or base flood elevations shall submit a letter of map change from FEMA as soon as practicable, but not later than six months after the date such information becomes available. Such submissions shall be prepared in a format acceptable to FEMA and any fees shall be the sole responsibility of the Applicant.
- (g) *Application of Requirements.* The general requirements of this subtitle and the Howard County Building Code apply to all development proposed within all special flood hazard areas identified in section 16.703 of this subtitle.

(C.B. 41, 2013, § 1(3))

Sec. 16.707. - Warning and disclaimer of liability.

- (a) *Warning.* The degree of flood protection required by floodplain regulations contained in the Howard County Code is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. Larger floods can and will occur, and flood heights may be increased by manmade or natural causes. These regulations do not imply that land outside of the special flood hazard areas or uses that are permitted within such areas will be free from flooding or flood damage.
- (b) *Disclaimer.* These regulations shall not create liability on the part of Howard County, any officer, official, or employee thereof, MDE or FEMA, for any flood damage that results from reliance on these regulations or any administrative decision lawfully made hereunder.

(C.B. 41, 2013, § 1(3))

Sec. 16.708. - Floodplain administrator.

- (a) *Designation of the Floodplain Administrator.* The Director of the Department of Public Works is appointed to administer and implement floodplain regulations as contained in this Code and is referred to as the Floodplain Administrator.
- (b) *Delegation of Authority.* The Floodplain Administrator may:
 - (1) Delegate duties and responsibilities set forth in these regulations to qualified technical personnel, plan examiners, inspectors, and other employees; and
 - (2) Enter into a written agreement or written contract with another Maryland political subdivision or private sector entity to administer specific provisions of this subtitle, subtitle 7 of this title, and the Howard County Building Code. Administration of any part of these regulations by another entity shall not relieve the political subdivision of its responsibilities pursuant to the participation requirements of the National Flood Insurance Program as set forth in the Code of Federal Regulations at 44 C.F.R. Section 59.22.
- (c) *Duties and Responsibilities of the Floodplain Administrator.* The duties and responsibilities of the Floodplain Administrator shall include, but are not limited to:
 - (1) Review applications for permits to determine whether proposed activities will be located in flood hazard areas.
 - (2) Interpret floodplain boundaries and provide available base flood elevation and flood hazard information.
 - (3) Review applications to determine whether proposed activities will be reasonably safe from flooding and require new construction and substantial improvements to meet the requirements of these regulations.
 - (4) Review applications to determine whether all necessary permits have been obtained from the federal, state or local agencies from which prior or concurrent approval is required; in particular, permits from MDE for any construction, reconstruction, repair, or alteration of a dam, reservoir, or waterway obstruction (including bridges, culverts, structures), any alteration of a watercourse, or any change of the course, current, or cross section of a stream or body of water, including any change to the 100-year frequency floodplain of free-flowing nontidal waters of the state.
 - (5) Verify that applicants proposing an alteration of a watercourse have notified adjacent communities and MDE (NFIP State Coordinator), and have submitted copies of such notifications to FEMA.
 - (6) Approve applications and issue permits to develop in flood hazard areas if the provisions of these regulations have been met, or disapprove applications if the provisions of these regulations have not been met.
 - (7) Inspect or cause to be inspected, buildings, structures, and other development for which permits have been issued to determine compliance with these regulations or to determine if noncompliance has occurred or violations have been committed.
 - (8) Review elevation certificates and require incomplete or deficient certificates to be corrected.
 - (9) Submit to FEMA, or require applicants to submit to FEMA, data and information necessary to maintain FIRMs, including hydrologic and hydraulic engineering analyses prepared by or for the County, within six months after such data and information becomes available if the analyses indicate changes in base flood elevations.
 - (10) Maintain and permanently keep records that are necessary for the administration of these regulations, including:
 - (i) Flood insurance studies, flood insurance rate maps (including historic studies and maps and current effective studies and maps) and letters of map change; and

- (ii) Documentation supporting issuance and denial of permits, elevation certificates, documentation of the elevation (in relation to the datum on the FIRM) to which structures have been floodproofed, other required design certifications, variances, and records of enforcement actions taken to correct violations of these regulations.
- (11) Enforce the provisions of these regulations, investigate violations, issue notices of violations or stop work orders, and require permit holders to take corrective action.
- (12) Advise the Hearing Examiner regarding the intent of these regulations and, for each application for a variance, prepare a staff report and recommendation.
- (13) Administer the requirements related to proposed work on existing buildings:
 - (i) Make determinations as to whether buildings and structures that are located in flood hazard areas and that are damaged by any cause have been substantially damaged.
 - (ii) Make reasonable efforts to notify owners of substantially damaged structures of the need to obtain a permit to repair, rehabilitate, or reconstruct, and prohibit the non-compliant repair of substantially damaged buildings except for temporary emergency protective measures necessary to secure a property or stabilize a building or structure to prevent additional damage.
- (14) Undertake, as determined appropriate by the Floodplain Administrator due to the circumstances, other actions which may include but are not limited to: Issuing press releases, public service announcements, and other public information materials related to permit requests and repair of damaged structures; coordinating with other federal, state, and local agencies to assist with substantial damage determinations; providing owners of damaged structures information related to the proper repair of damaged structures in special flood hazard areas; and assisting property owners with documentation necessary to file claims for increased cost of compliance coverage under NFIP flood insurance policies.
- (15) Notify FEMA when the corporate boundaries of the County have been modified and:
 - (i) Provide a map that clearly delineates the new corporate boundaries or the new area for which the authority to regulate pursuant to these regulations has either been assumed or relinquished through annexation; and
 - (ii) If the FIRM for any annexed area includes special flood hazard areas that have flood zones that have regulatory requirements that are not set forth in these regulations, prepare amendments to these regulations to adopt the FIRM and appropriate requirements, and submit the amendments to the governing body for adoption; such adoption shall take place within six months of the date of annexation and a copy of the amended regulations shall be provided to MDE (NFIP State Coordinator) and FEMA.
- (16) Upon the request of FEMA, complete and submit a report concerning participation in the NFIP which may request information regarding the number of buildings in the SFHA, number of permits issued for development in the SFHA, and number of variances issued for development in the SFHA.

(C.B. 41, 2013, § 1(3))

Sec. 16.709. - Development that affects flood-carrying capacity of nontidal waters.

- (a) *Alteration of a Watercourse.* Unless waived by MDE and except as provided in subsection (b) of this section, for any proposed development that involves alteration of a watercourse that is in an area without base flood elevations and designated floodways, an Applicant shall develop hydrologic and hydraulic engineering analyses and technical data reflecting such changes, including a floodway analysis, and submit such technical data to the floodplain administrator and to FEMA. The analyses shall be prepared by a licensed professional engineer in a format required by MDE and by FEMA for

a conditional letter of map revision and/or letter of map revision. Submittal requirements and fees shall be the responsibility of the Applicant.

- (b) *Exception.* A watercourse may be altered only upon submission, by the Applicant, of the following:
- (1) A certification by a licensed professional engineer that the flood-carrying capacity of the watercourse will not be diminished; and
 - (2) Evidence that adjacent communities, the U.S. Army Corps of Engineers, and MDE have been notified of the proposal, and evidence that such notifications have been submitted to FEMA.

(C.B. 41, 2013, § 1(3))

Sec. 16.710. - Subdivision proposals and development proposals.

In accordance with section 16.115 of this Code, in all flood zones, subdivision proposals and development proposals shall:

- (a) Be consistent with the need to minimize flood damage and are subject to all applicable standards in this subtitle and the Howard County Building Code.
- (b) Have utilities and facilities such as sewer, gas, electrical, and water systems located and constructed to minimize flood damage.
- (c) Have adequate drainage paths provided to reduce exposure to flood hazards and to guide floodwaters around and away from proposed structures.

(C.B. 41, 2013, § 1(3))

Sec. 16.711. - Variances.

- (a) *Generally.*
- (1) *Authority to consider.* The Floodplain Administrator, through the Director of the Department of Inspections, Licenses and Permits, shall have the power to consider and authorize or deny variances from the strict application of the requirements of these regulations for construction adjacent to a floodplain in accordance with section 3112.4 of the Howard County Building Code. A variance shall be approved only if it is determined to not be contrary to the public interest and where, owing to special conditions of the lot or parcel, a literal enforcement of the provisions of these regulations, an unnecessary hardship would result.
 - (2) *Conditions.* Upon consideration of the purposes of these regulations, the individual circumstances, and the considerations and limitations of this section, the Floodplain Administrator, through the Director of the Department of Inspections, Licenses and Permits, may attach such conditions to variances as it deems necessary to further the purposes of these regulations.
 - (3) *Notification to Applicant.* The Floodplain Administrator, through the Director of the Department of Inspections, Licenses and Permits, shall notify, in writing, any Applicant to whom a variance is granted to construct or substantially improve a building or structure with its lowest floor below the elevation required by these regulations that the variance is to the floodplain management requirements of these regulations only, and that the cost of federal flood insurance will be commensurate with the increased risk, with rates up to \$25.00 per \$100.00 of insurance coverage and that the construction of structures below the base flood elevation increases risks to life and property.
 - (4) *Records.* A record of all variance actions, including justification for issuance shall be maintained pursuant to section 16.709 of this subtitle.

- (b) *Considerations for Granting Variances.* The Floodplain Administrator, through the Director of the Department of Inspections, Licenses and Permits shall make an affirmative decision on a variance request for construction adjacent to a floodplain only upon:
- (1) A showing of good and sufficient cause.
 - (2) A determination that failure to grant the variance would result in exceptional hardship due to the physical characteristics of the property. Increased cost or inconvenience of meeting the requirements of these regulations does not constitute an exceptional hardship to the Applicant.
 - (3) A determination that the granting of a variance for development within any designated floodway, or flood hazard area with base flood elevations but no designated floodway, will not result in increased flood heights beyond that which is allowed in these regulations.
 - (4) A determination that the granting of a variance will not result in additional threats to public safety; extraordinary public expense, nuisances, fraud or victimization of the public, or conflict with existing local laws.
 - (5) A determination that the building, structure or other development is protected by methods to minimize flood damages.
 - (6) A determination that the variance is the minimum necessary to afford relief, considering the flood hazard.
- (c) *Variance Prohibited.*
- (1) A variance shall not be issued within any designated regulatory floodway if any increase in flood levels during the base flood discharge would result.
 - (2) A variance may not be issued for any property located in the Tiber Branch Watershed unless the variance:
 - (i) Was requested on or before November 7, 2016;
 - (ii) Is necessary for the reconstruction of existing structures or infrastructure damaged by flood, fire, or other disaster;
 - (iii) Is necessary for the construction of a stormwater management or flood control facility as part of a redevelopment project;
 - (iv) Is necessary for the retrofit of existing facilities or installation of new facilities intended solely to improve stormwater management or flood control for existing development;
 - (v) Is requested as part of a development proposal and the Director of the Department of Public Works, or his designee serving as Floodplain Administrator, finds that upon completion of construction of the development, which may include off-site improvements within the Tiber Branch Watershed, there will be improvement to flood control in the Tiber Branch Watershed at least ten percent more than what would otherwise be required by law; or
 - (vi) Is necessary for the construction of an addition, garage, driveway or other accessory use improvement of an existing residential structure on property located within the Tiber Branch Watershed that increases the square footage of the impervious surfaces on the property by no more than 25 percent over the square footage of impervious surfaces that existed on the property prior to the effective date of this bill [Dec. 9, 2016].

(C.B. 41, 2013, § 1(3); C.B. 80, 2016, § 1)

Sec. 16.712. - Violation.

- (a) If the County determines that there has been a violation of any provision of these regulations, the County shall give notice of such violation to the owner, the owner's authorized agent, and the person

responsible for the violation and may issue a stop work order. The notice of violation and stop work order shall be in accordance with the Howard County Building Code.

- (b) Where there is any violation of this subtitle or any action taken thereunder, the County shall institute appropriate action to prevent, enjoin, or compel compliance with the provisions of this subtitle. In addition to and concurrent with all other remedies at law or equity, the County may enforce the provisions of this subtitle with civil penalties pursuant to the provisions of title 24, "Civil Penalties" of the Howard County Code. A violation is a Class B offense. Each day that a violation continues is a separate offense.

(C.B. 61, 1988; C.B. 3, 2005, §§ 1, 4; C.B. 41, 2013, § 1(3))

Editor's note— Renumbered from previous section 16.703.

Sec. 16.713. - References to the 100-year floodplain.

Each reference in the Howard County Code or the Howard County Zoning Regulations to the "100-year floodplain" shall mean "base flood elevation".

(C.B. 41, 2013, § 1(3))

Sec. 16.714. - Severability.

If any section, sentence, clause or phrase of this subtitle is held invalid or unconstitutional by any court or competent jurisdiction, the ruling shall not affect the validity of the remaining portions or this subtitle.

(C.B. 41, 2013, § 1(3))

SUBTITLE 8. - DEPARTMENT OF PLANNING AND ZONING⁷¹

Footnotes:

--- (7) ---

Editor's note— Subtitle 8, §§ 16.800, 16.801, was added by § 76 of C.B. 62, 1988. Section 101 declared the bill effective July 1, 1989.

Sec. 16.800. - General provisions.

General provisions regarding this Department are set forth in subtitle 2, "Administrative Departments and Offices," of title 6, "County Executive and the Executive Branch," of the Howard County Code.

(C.B. 82, 1988)

Sec. 16.801. - The Department of Planning and Zoning.

- (a) *Head.* The Director of Planning and Zoning shall be the head of the Department of Planning and Zoning (formerly known as the Office of Planning and Zoning).

- (b) *Qualifications of Director of Planning and Zoning.* The Director of Planning and Zoning shall be a trained planner with wide and varied experience in the fields of Planning and Zoning. The Director shall have ten years of experience in urban and regional planning and shall have held a position of administrative leadership and responsibility for at least five years.
- (c) *Duties and Responsibilities.* The Department of Planning and Zoning shall comprehensively plan for the growth and development of the County, including but not limited to the functions set forth in this subsection.
 - (1) *Comprehensive general plan.* Within five years from the adoption of the comprehensive rezoning plan, the Department of Planning and Zoning shall coordinate the preparation and revision of a general plan for the County, including but not limited to a plan for land use and land conservation and multiyear development plans for transportation, public facilities, water, sewerage, parkland, housing, human services and environmental protection. The general plan shall follow general guidelines promulgated by the Planning Board and adopted by the County Council.
 - (2) *Subdivision rules and regulations:*
 - (i) *Preparation.* The Department of Planning and Zoning shall prepare and periodically revise procedures governing the subdivision of land and land development.
 - (ii) The Department of Planning and Zoning shall prepare recommended language for legislation governing development and the subdivision of land and shall forward this to the County Executive for submission to the County Council.
 - (iii) The Department of Planning and Zoning shall administer and enforce laws and procedures governing the subdivision of land and land development.
 - (3) *Zoning map; zoning regulations:*
 - (i) *Preparation.* The Department of Planning and Zoning shall prepare a comprehensive zoning plan, including a zoning map and zoning regulations. The Department shall submit these to the Planning Board for its recommendations and then to the County Council. The County Council, after public notice, shall hold a public hearing on the comprehensive zoning plan prior to taking final action on it.
 - (ii) *Enforcement.* The Department of Planning and Zoning shall administer and enforce regulations governing zoning, except as otherwise provided by law.
 - (4) *Amendments to comprehensive zoning plan:*
 - (i) *Piecemeal map amendments.* The Department of Planning and Zoning shall receive all petitions for piecemeal amendments to the zoning map. The Department shall accept and review these petitions and prepare findings and recommendations. The Department shall submit these petitions, recommendations and findings to the Planning Board for its recommendations after public notice and then to the Zoning Board. The Zoning Board, after public notice, shall hold a public hearing on the proposed reclassification or amendment prior to taking action.
 - (ii) *Text amendments.* The County Council shall receive all petitions for text amendments to the zoning regulations. The County Council shall submit these petitions to the Department of Planning and Zoning and to the Planning Board for their review and recommendations.
 - (5) *Deadline for traffic studies and all other technical reports for petitions to be considered by the Zoning Board, County Council, and the Planning Board.* Any petitioner seeking approval from the Zoning Board, County Council, or the Planning Board in a public hearing shall submit other technical reports to the Department of Planning and Zoning at least two weeks prior to the Planning Board meeting or hearing concerning the petition. Within two weeks of the public hearing, no additional information shall be accepted by the Department of Planning and Zoning. Any other technical reports submitted during Planning Board or Zoning Board deliberations shall result in the granting of at least a two week postponement for the opposing party, upon request.

The Zoning Board, County Council, or Planning Board may request any additional information during its deliberation process and grant the parties at least a two-week postponement, upon request.

- (6) *Deadline for technical staff reports for petitions to be considered by the Zoning Board, County Council, and Planning Board.* The Department of Planning and Zoning shall transmit its findings and recommendations concerning petitions to be considered by the Zoning Board, County Council, or the Planning Board to the Planning Board and the general public at least two weeks prior to any required public meeting or hearing. Any initial meeting or hearing shall not be scheduled until all questions raised by the Department of Planning and Zoning in their technical staff report are answered by the petitioner, as determined by the Department of Planning and Zoning. Failure to adhere to this provision will result in a postponement in consideration of the report until the next meeting or hearing.
- (7) *Other zoning changes.* The Department of Planning and Zoning shall receive all petitions related to zoning matters, such as conditional uses, variances, and nonconforming uses. The Department shall accept and review these applications and petitions and shall transmit them to the Hearing Examiner for the Board of Appeals. For all petitions related to variances in nonresidential districts, conditional uses, and extension, enlargement, or alteration of nonconforming uses, the Department shall prepare findings and recommendations in a technical staff report and shall submit the petitions, findings and recommendations to the Hearing Examiner for the Board of Appeals. The technical staff report shall be made available to the Hearing Examiner and the general public at least two weeks prior to any required public meeting or hearing. If the Hearing Examiner approves a petition subject to an amendment or modification of the petition and the approval is appealed to the Board of Appeals, the Department will prepare and submit to the Board its findings and recommendations concerning the amendment or modification in a technical staff report. The technical staff report shall be made available to the Board of Appeals and the general public at least two weeks prior to any required public meeting or hearing.
- (8) *Sites for public facilities.* The Department of Planning and Zoning shall assist in the preparation of comprehensive multiyear plans for the siting and development of public facilities, including but not limited to schools, police and fire stations, parks, facilities for the provision of water and the handling of sewage and solid waste, libraries, and government offices.
- (9) *Historic preservation.* The Department of Planning and Zoning shall be responsible for the administration and enforcement of the County's laws and regulations governing historic preservation.
- (10) *Capital program.* Each year the Department of Planning and Zoning shall review the proposed capital program. The Department shall prepare comments and recommendations on the impact of the proposed capital program on the County general plan and the growth of the County and submit these comments and recommendations to the County Executive.
- (11) *Planning Board.* The Director of Planning and Zoning or the Director's designee shall serve as Executive Secretary of the Planning Board and shall attend all meetings of that board.
- (12) *Agricultural preservation.* The Department of Planning and Zoning is responsible for the acquisition and stewardship of the agricultural land preservation easements, pursuant to subtitle 5 of title 15 of the Howard County Code.
- (13) *Other duties and responsibilities.* The Director of Planning and Zoning may assign any administrative and/or supervisory duties and responsibilities to the Deputy Director of Planning and Zoning. The Department of Planning and Zoning is responsible for other functions prescribed by directive of the County Executive or by law.

Editor's note— Subtitle 9, § 16.900, was added by § 77 of C.B. 62, 1988. Section 101 declared the bill effective July 1, 1989.

Sec. 16.900. - Planning Board.

- (a) *General Provisions.* General provisions applicable to this Board are set forth in subtitle 3, "Boards and Commissions," of title 6, "County Executive and the Executive Branch," of the Howard County Code.
- (b) *Number of Members.* The Planning Board shall have five members.
- (c) *Qualifications.* All members of the Planning Board shall be residents of Howard County.
- (d) *Executive Secretary.* The Director of Planning and Zoning or the Director's designee shall serve as Executive Secretary of the Planning Board and shall attend all meetings of the Board.
- (e) *Meetings.* The Planning Board shall hold regular monthly meetings. Special meetings may be held at any time, at the call of the Chair.
- (f) *Records.* The Planning Board shall keep a record of its findings, recommendations, determinations and decisions. The Planning Board shall keep minutes of its proceedings. The records shall be filed with the Department of Planning and Zoning, which shall maintain them.
- (g) *Outside Assistance.* With the approval of the County Executive, the Planning Board may retain legal counsel or consultants as necessary to carry out its function and duties and responsibilities.
- (h) *Studies.* The Planning Board may initiate studies related to the general duties and responsibilities and functions of the Board. For the purpose of conducting such studies, the Board shall have the assistance of the staff of the Department of Planning and Zoning, as may be provided in the budget.
- (i) *Hearings.* Prior to making recommendations to the County Council on adoption of the general plan, the Planning Board shall hold at least one public hearing at which interested persons shall be afforded a reasonable opportunity to be heard regarding the general plan. In addition, prior to making recommendations to the County Council on adoption of comprehensive zoning, the Planning Board shall hold at least one public hearing at which interested persons shall be afforded a reasonable opportunity to be heard regarding the comprehensive zoning. In both cases, at least 30 days' notice of the time and place of the hearing shall be on the County's website. The Planning Board may hold hearings on any matter pending before it and shall hold hearings upon written request of the County Executive or on resolution of the County Council and as required by law and regulations.
- (j) *Duties and Responsibilities.* The Planning Board shall carry out all duties and responsibilities assigned to it by law.
 - (1) *Recommendations on Planning and Zoning:*
 - (i) *Recommendations.* The Planning Board shall make recommendations to the County Council and the Zoning Board on all matters relating to:

The Planning and Zoning of the County, the adoption and amendment of regulations regarding the Planning and Zoning of the County, and amendments to the zoning map or zoning regulations.

- (ii) *Time frame.* The Planning Board shall make its recommendations within a reasonable period of time, but in any event no more than 45 days after it hears the petition unless the Zoning Board or the County Council allow a longer period of time for the Planning Board to make its recommendations.
 - (iii) *Deadline for Planning Board recommendations for planning and zoning legislation to be considered by the County Council .* A bill proposing the adoption and amendment of the Comprehensive General Plan, regulations regarding the Planning and Zoning of the County, or the zoning map or zoning regulations shall not be added to the Council's legislative agenda until the County Council has received:
 - a. A final technical staff report and recommendation from the Department of Planning and Zoning; and
 - b. A recommendation and report from the Planning Board.
- (2) *Decision making:*
- (i) The Planning Board shall make decisions with respect to matters submitted to it pursuant to the laws, rules, regulations, and ordinances of the County.
 - (ii) The Planning Board has authority regarding street naming and house numbering pursuant to subtitle 4, "Street Names and House Numbers" of [this] title 16 of the Howard County Code.
 - (iii) Any person specially aggrieved by any decision of the Planning Board and a party to the proceedings before it may, within 30 days thereof, appeal said decision to the Board of Appeals in accordance with section 501 of the Howard County Charter. For purposes of this section the term "any person specially aggrieved" includes but is not limited to a duly constituted civic, improvement, or community association provided that such association or its members meet the criteria for grievement set forth in subsection 16.103(b) of this title.
- (3) *Recommendations on capital programs and capital budgets:*
- (i) *Recommendations.* Each year the Planning Board shall review the proposed capital program and any new or substantially changed capital project, pursuant to law. It shall prepare comments and recommendations on the impact of the proposed capital program on the County general plan and the growth of the County and submit these comments and recommendations to the County Executive, with a copy to the County Council.
 - (ii) *Time frame.* The proposed capital programs for the following fiscal year shall be submitted to the Planning Board at least two months before the County Executive is required to file the County's proposed capital program. The Planning Board shall submit its comments and recommendations within one month of receiving the proposed programs.
- (4) *General plan guidelines:*
- (i) *Preparation of guidelines.* Within five years from the adoption of this comprehensive rezoning plan, the Planning Board shall prepare general guidelines to be used by the Department of Planning and Zoning in the preparation and/or revision of the general plan.
 - (ii) *Adoption of guidelines.* The County Council shall adopt the guidelines by resolution prior to the formulation of the general plan utilizing these guidelines.
- (5) *Other recommendations.* At the directive of the County Executive or by resolution of the County Council, the Planning Board shall review and make recommendations on any matter related to planning.

Editor's note— Section 1 of C.B. 77, 1995, repealed former subtitle 10, §§ 16.1000—16.1012, relating to growth management and derived from C.B. 43, 1989; C.B. 98, 1989; C.B. 104, 1989; C.B. 55, 1990; C.B. 61, 1990; C.B. 62, 1990; and C.B. 12, 1991. Subsequently, C.B. 37, 2000 added a new section 16.1000 pertaining to zoning counsel.

Sec. 16.1000. - Zoning Counsel.

- (a) The County Council may employ a Zoning Counsel on a part-time, contractual basis. The Zoning Counsel shall be a member in good standing of the Bar of the Maryland Court of Appeals and at the time of appointment shall have been actively engaged in the general practice of law for at least five years.
- (b) A decision to enter into a contract with an individual to perform the duties of Zoning Counsel shall be made by an affirmative vote of at least three Councilmembers. A decision to terminate a Zoning Counsel's contract shall be made by an affirmative vote of at least four Councilmembers.
- (c) The Zoning Counsel shall appear at all Zoning Board hearings on requests for piecemeal zoning map amendments for the purposes of producing evidence and testimony supporting comprehensive rezoning and facilitating the compilation of a complete record.
- (d) In the performance of these duties the Zoning Counsel may:
 - (1) Present evidence and witnesses;
 - (2) Examine and cross-examine witnesses;
 - (3) Present argument; and
 - (4) Take any other action necessary to perform these duties.
- (e) The budget for the Zoning Counsel shall be included in the County Council budget.
- (f) The Zoning Counsel may retain expert witnesses and compensate them to the extent that the Council budget includes funds for such compensation.
- (g) The Zoning Counsel shall be available:
 - (1) To any person interested in any zoning matter to advise as to procedures before a County agency or board, provided that when doing so the Zoning Counsel does not engage in the practice of law or render individual legal advice; and
 - (2) To any group to speak about zoning procedures in the County.
- (h) The Zoning Counsel shall attend certain presubmission community meetings, as necessary. The County Council shall determine whether or not the Zoning Counsel shall attend certain presubmission community meetings to advise any person or group of procedural matters.
- (i) The Zoning Counsel:
 - (1) Does not represent the County, any government agency or any private party;
 - (2) Is not a party and does not have a right of appeal in connection with any case before the Board of Appeals;
 - (3) May not represent any client involving land use in Howard County; and
 - (4) May not represent any client before the Zoning Board or Board of Appeals for one year after leaving the Office of Zoning Counsel.

- (i) Subject to section 22.1000 of the County Code, on or before July 1 of each year, the Zoning Counsel shall submit to the Council and the County Executive a report on the activities of the office in the past year.

SUBTITLE 11. - ADEQUATE PUBLIC FACILITIES^[10]

Footnotes:

--- (10) ---

State Law reference— Adequate public facilities ordinances, Ann. Code of Md. art. 66B, § 10.01 et seq.; applicability to County, Ann. Code of Md. art. 66B, § 1.02.

Sec. 16.1100. - Short title; background; purpose; organization.

(a) *Short Title.* This subtitle shall be known as the Adequate Public Facilities Act of Howard County.

(b) *Background:*

- (1) *Growth management process.* Underlying this subtitle is the need to provide a growth management process that will enable the County to provide adequate public roads, schools, and other facilities in a timely manner and achieve general plan growth objectives and to provide information to other agencies of the County and State, as well as to the public, so that they can plan accordingly. This process is designed to provide predictability to all parties and to direct growth to areas where adequate infrastructure exists or will exist.
- (2) *Basis of growth management process.* The growth management process is based on the following assumptions:
 - (i) The general plan and zoning plan define land use and the distribution and pace of development.
 - (ii) The government has a responsibility to fund and construct adequate public facilities in a timely and coordinated manner.
 - (iii) A growth management process will result in more predictable residential and commercial development.
 - (iv) A commitment from government and the community to the growth management process is fundamental to achieving adequate public facilities.
- (3) *Elements of the growth management process .* This subtitle is one of five interconnected elements that constitute the growth management process. Each element has a part to play in providing the predictability required for planning and implementing adequate public facilities.
 - (i) *Establishing policy .* The general plan, the zoning plan, and the standards in this subtitle constitute the policy base for the growth management process. This common base is the platform from which data are generated and planning documents written.
 - (ii) *Capital planning .* Capital improvement master plans define the necessary public school, road, solid waste, and water and sewerage infrastructure which supports the land use and growth policies established in the general plan. Capital improvement master plans will minimally contain planning assumptions, standards of service, descriptions of additions

and improvements, justification and priorities for additions and improvements, and budget projections for each of the next ten years. The plans will be reviewed and approved annually.

- (iii) *Revenue allocation* . Limited resources will require coordinated allocation of funds for roads, schools and other facilities. The Planning Board, the County Executive, the County Council, and participating agencies and departments will work together to review priorities and budget projections included in the capital improvement master plans. The County Council will conduct a public hearing and, through adoption of the capital budget and capital improvement program, will approve the distribution of funds across capital improvement master plans.

The building excise tax (see title 20, subtitle 5 of the Howard County Code), enhances the County's ability to provide adequate public road facilities.

- (iv) *Adequate public facilities* . The general plan guides where and when growth occurs. The adequate public facilities process and standards will manage growth so that facilities can be constructed in a timely manner.

- a. Within one year of the enactment date of the general plan, as required by section 16.801 of this Code, an Adequate Public Facilities Act Review Committee shall be convened. The Review Committee shall meet, conduct at least two public hearings, and, within one year of its first meeting, submit a report with recommendations on the Adequate Public Facilities Act to the County Executive and the County Council. The Committee shall be staffed by the Department of Planning and Zoning.

- b. Five years after the Review Committee has issued its recommendations, another Review Committee shall be convened to evaluate the impact of the previous recommendations which have been implemented and make any additional recommendations.

- c. Each Review Committee shall be comprised of:

1. Two appointees from each member of the County Council;
2. Three appointees from the County Executive; and
3. One appointee from the Board of Education; and
4. One appointee from the Howard County Public School System Superintendent.

- (v) *Monitoring growth* . The Department of Planning and Zoning will develop statistics and other pertinent data which will be continually used to assess the growth management process so that status reports can be prepared and adjustments recommended regarding the growth management process.

- (c) *Purpose*. The purpose of this subtitle is to provide a predictable planning environment for the provision of adequate road facilities and adequate public schools facilities by requiring residential and nonresidential projects to pass certain tests as a condition of subdivision or site development plan approval.

- (d) *Organization and Contents of This subtitle*:

- (1) *Definitions*. The meanings of certain words and phrases used in this subtitle are found in section 16.1110, "Definitions," of this subtitle.

- (2) *Adequate road facilities* means this subtitle requires residential and nonresidential projects to be tested for adequate road facilities. Section 16.1101 deals with this test and its implementation.

- (3) *Housing unit allocation concept* means the housing unit allocation concept underlies the tests for adequate public facilities. Section 16.1102 deals with this concept.

- (4) *Adequate school facilities* means this subtitle requires residential projects to be tested for adequate public school facilities. Section 16.1103 deals with these tests.
- (5) *Housing unit allocation process* means residential projects are granted housing unit allocations. Section 16.1104 deals with the process for granting these allocations.
- (6) *Processing plans*, see: Section 16.1105 deals with the process by which the test for adequate road facilities and the tests for adequate public school facilities are incorporated into the subdivision and site development plan review and approval process.
- (7) *Milestones*. see: Section 16.1106 deals with milestones, an additional tool to provide a predictable planning environment and assure that housing unit allocations are utilized.
- (8) *Exemptions* means certain projects are exempted, partly or wholly, from the test for allocations and/or the test for adequate road facilities and/or the tests for adequate school facilities. Section 16.1107 lists the exemptions.
- (9) *Development monitoring system* means a development monitoring system provides information on the County's employment and residential growth. Section 16.1108 mandates the creation of a development monitoring system.
- (10) *Appeals*, see: Section 16.1109 deals with appeals made in connection with this subtitle.

(C.B. 7, 1992; C.B. 39, 1995; C.B. 5, 2000; C.B. 50, 2000; C.B. 1, 2018, § 2)

Editor's note— Former § 16.1100, which authorized the County to fix impact fees, was enacted by ch. 239 of the 1991 Laws of Maryland and was repealed by ch. 285 of the 1992 Laws of Maryland.

Sec. 16.1101. - Adequate transportation facilities.

- (a) *Requirement to be Tested for Adequate Transportation Facilities*. Each final development plan proposing downtown revitalization and each subdivision and site development plan, except those listed in Section 16.1107, "Exemptions," shall pass the test for adequate road facilities. In Downtown Columbia, testing for the adequacy of pedestrian and bicycle facilities is also required, as well as a queuing analysis and transportation demand management statement as specified in subsection 16.1101(f).
- (b) *The Test for Adequate Road Facilities*. A project or a phase of a project will pass the test for adequate road facilities if, in the scheduled completion year of the project or the phase of the project:
 - (1) The road facilities in the impact area of the proposed project will operate at or above the minimum level of service after including the traffic generated by the project; or
 - (2) The road facilities in the impact area of the proposed project will operate below the minimum level of service after including the traffic generated by the project but the developer proposes a mitigation plan, subject to approval by the Director of Planning and Zoning, after consultation with the Director of Public Works, as provided in subsection (f) below.
- (c) *Traffic Study*. A traffic study, as specified in the Howard County Design Manual, shall be submitted with each application for approval of a subdivision or site development plan under the Subdivision and Land Development Regulations and with each application for approval of a final development plan proposing downtown revitalization. For projects which will not produce additional traffic, an affidavit stating that the project will not produce additional traffic may be submitted in lieu of a traffic study.
- (d) *Road Facilities to Be Included in Determining Adequacy*. In determining whether a proposed project passes the test for adequate road facilities, the following road facilities shall be considered as existing in the scheduled completion year of the project:

- (1) Road facilities in existence as of the date the developer submits the application for approval of the project;
 - (2) New road facilities or improvements to existing road facilities for which sufficient funds have been included in the Howard County Capital Program or Extended Capital Program as defined in title 22 of the Howard County Code or the Maryland Consolidated Transportation Program so that the facilities will be substantially completed before or during the scheduled completion year of the project, unless the Director of Planning and Zoning, after consultation with the Director of Public Works, demonstrates that such facilities or improvements are not likely to be completed by that time.
 - (3) New road facilities or improvements to existing road facilities which:
 - (i) Have been included in developers' mitigation plans submitted for approval to the Department of Planning and Zoning before the project which is being tested;
 - (ii) Which are scheduled to be substantially completed before or during the scheduled completion year of the proposed project; and
 - (iii) Have been included in a developer agreement which shall include the information required by section 16.147(e) and section 16.156(k) of this Code.
 - (4) The mitigation proposed by the developer.
- (e) *Traffic to Be Considered in Determining Adequacy.* In determining whether a project passes the test for adequate road facilities, the following traffic shall be considered as existing when the subdivision or land development is completed:
- (1) Traffic existing at the time of application.
 - (2) Background traffic growth.
 - (3) Traffic generated by proposed subdivisions which have passed the test for adequate road facilities prior to submission of the application for approval of the project but have not yet been recorded.
 - (4) Traffic generated by proposed site developments which passed the test for adequate road facilities prior to submission of the application for approval of the project but have not yet received site development plan approval.
 - (5) Traffic generated by subdivisions or site development plans which passed the test for adequate road facilities and were recorded or approved prior to submission of the application for approval of the project and which are scheduled to be completed before or during the scheduled completion year of the proposed project.
 - (6) Traffic generated by the proposed project.
- (f) *Testing Provisions Applicable to Downtown Columbia:*
- (1) For all final development plan applications proposing downtown revitalization and all subdivision and site development plan applications in Downtown Columbia, the intersection standard is up to 1,600 CLV for all intersections as specified in the Howard County Design Manual. A queuing analysis is also required for the same intersections.
 - (2) The County will conduct independent traffic monitoring studies every five years in order to assess the validity of traffic study assumptions and whether recalibration of projections should be required for future traffic studies.
 - (3) Downtown revitalization is also subject to a pedestrian and bicycle level of service test as specified in the Howard County Design Manual.
- (g) *Extent of the Mitigation:*
- (1) Mitigation means the construction and/or the funding of improvements to road facilities by a developer or developers, as approved by the director of planning and zoning, after consultation

with the director of public works. Mitigation measures may include any intersection capacity improvements except grade separation of the roadways and ramps within the intersection or improvements to the through lanes of intermediate arterials and higher classified roads.

- (2) Except as otherwise provided in subsections (3) and (4) below, mitigation necessary to pass the test for adequate road facilities shall increase capacity on each road facility below the minimum level of service in the impact area so that the level of service on each road facility in the impact area after construction of the project would be equal to the level of service if the project had not been constructed but not more than the minimum level of service.
- (3) Except as otherwise provided in subsection (5) below, in the event that mitigation to an intersection pursuant to subsection (2) above would require the construction of improvements to interchanges or grade-separated intersections or improvements to the through lanes of intermediate arterials and higher classified roads, mitigation necessary to pass the test for adequate road facilities shall increase the capacity of the intersection to the fullest extent possible without constructing such improvements.
- (4) In circumstances where mitigation pursuant to subsection (2) above would have a negative impact on the characteristic(s) (historic or environmental) which served as the basis for declaring an intersection constrained, mitigation needed to pass the test for adequate road facilities on a constrained road facility shall increase the capacity on the constrained facility to the fullest extent possible without negatively impacting the characteristic(s) which caused the road facility to be declared constrained.
- (5) Mitigation provisions applicable to Downtown Columbia:
 - (i) All intersections serving a project located within Downtown Columbia are subject to potential mitigation, including modification of traffic signal equipment, timing, phasing and/or coordination; construction of new side street through lanes; extension of existing turn lanes; construction of new turn lanes; re-alignment; and similar improvements.
 - (ii) When grade-separated roadways or arterial through lane improvements are the only viable mitigation alternatives, full mitigation will not be required by the developer, but may be provided in accordance with the Howard County Design Manual.
 - (iii) Mitigation requirements to meet the pedestrian and bicycle level of service are specified in the Howard County Design Manual.

(h) *Mitigation Involving Funding of Capital Projects:*

- (1) If the Director of Planning and Zoning, after consultation with the Director of Public Works, determines that the timing of capital projects or the need to ensure continuity in the transportation network makes it more efficient to delay the construction of all or part of proposed mitigation, the Director shall require that the developer:
 - (i) Delay the construction of all or part of the improvements to a date certain and sign a major facilities agreement guaranteeing the construction of the delayed improvements; or
 - (ii) Sign a major facilities agreement to pay the County the current estimated cost of the mitigation, which money shall be used by the County to fund all or part of a capital project to improve the road facility which was to have been mitigated by the developer.
- (2) If a proposed mitigation would be temporary because of other proposed improvement plans impacting the road facility, the Director of Planning and Zoning, after consultation with the Director of Public Works, may waive construction of the mitigation, provided that the waiver will not create traffic safety problems. In such event the developer will be required to enter into a major facilities agreement to pay the County the current estimated cost of the mitigation, which moneys shall be used to help fund the costs of a capital project to improve the road facility which was to have been mitigated by the developer.
- (3) If the Director of Planning and Zoning, after consultation with the Director of Public Works, determines that a road facility is subject to mitigation plans from multiple projects, the Director

may apportion the mitigation requirements among the developers of the projects, assigning to each project its prorated share of the construction costs. If timing of the mitigation plans is not concurrent or presents other practical difficulties, the Director shall require each developer to enter into a major facilities agreement to make a payment in lieu of mitigation. The moneys collected shall be used to fund the costs of a capital project to improve the road facility sufficiently to mitigate the traffic generated by the multiple projects.

- (4) The developers of multiple projects may jointly propose a mitigation plan for purposes of meeting the adequate transportation facilities requirement. Each mitigation plan proposed under this subsection (4) shall indicate the participants in the plan; which participant(s) will be responsible for implementing the plan and constructing any required transportation improvements; and how the transportation capacity to be created will be apportioned among the plan participants.
- (i) *Planning Board Use of Capacity and Mitigation Standards in Determination of Adequacy for Certain Development Plans.* The Planning Board shall apply the capacity and mitigation standards of this subtitle for determining the adequate capacity of roads or schools when considering those development plans for which adequate capacity of roads or schools is a standard for approval as provided in the zoning regulations.

(C.B. 7, 1992; C.B. 16, 1995; C.B. 39, 1995; C.B. 47, 2010, § 1(1); C.B. 1, 2018, § 2)

Editor's note— C.B. 47, 2010, § 1(1), adopted Aug. 5, 2010, amended § 16.1101 title to read as herein set out. Former § 16.1101 title pertained to adequate road facilities

Sec. 16.1102. - Housing unit allocation concept; housing unit allocation chart.

(a) *Underlying Logic; Purpose:*

- (1) Fiscal studies performed in connection with preparation of the general plan analyzed various levels of population and housing unit growth. As a result of those studies, which included cost/revenue and cost/benefit analyses, the general plan included annual targets for residential completions.
- (2) The purpose of the housing unit allocation concept is to achieve but not, on the average, exceed the general plan annual targets for residential completions and, in so doing, to provide an orderly and predictable planning environment for schools and other public facilities.
- (3) The housing unit allocation concept has been implemented in this subtitle through the housing unit allocation test and underlies the housing unit allocation chart used in connection with that test. Use of the housing unit allocation concept and the embodiment of that concept in the housing unit allocation chart will allow the county to develop in a manner consistent with the general plan.
- (4) Because the need for school capacity fluctuates over time, long-term planning and programming predictability and the efficient use of public funds demands that the adequate school facilities test be linked with the housing unit allocation chart. Use of the housing unit allocation chart is required even when all schools are adequate in order to provide a predictable planning environment for the continuation of that adequacy.

(b) *Housing Unit Allocation Chart:*

- (1) *Description.* The housing unit allocation chart is a chart indicating the projected number of housing unit allocations available to be granted in the County each year for a ten-year period. The chart is designed to specify housing unit allocations for the scheduled completion year of a project or any phase of a project. The chart divides the available housing unit allocations into the following categories based on geographic areas as set forth in the general plan: Growth and

revitalization, established communities, the Rural West and Downtown Columbia, and green neighborhood units.

- (2) *Basis.* The basis of the housing unit allocation chart is the general plan geographic targets for residential growth. However, if the general plan monitoring report indicates that general plan policies for agricultural preservation and environmental protection are not being met, the housing unit allocation chart may be adjusted to more effectively achieve these policies.
- (3) *Preparation and adoption .* The Department of Planning and Zoning shall prepare and update the housing unit allocation chart for consideration and adoption by the County Council. Once each year, and more often if the Council determines that amendments are appropriate, the County Council shall adopt the housing unit allocation chart by resolution, after a public hearing. Whenever the housing unit allocation chart is adopted or amended, the school capacity chart shall be adopted or amended concurrently to be consistent.
- (4) *Amendments for economic development, grants, etc.* From time to time, the County may be presented with opportunities for economic development [o]r availabilities of state or federal grant moneys which require increasing the number of housing unit allocations for distribution for a given year. In order to take advantage of these opportunities, the County Council may, at any time, amend the housing unit allocation chart for a certain year or years. If the Council makes such an amendment, it shall use the rolling average (see section 16.1110, "definitions") to amend the number and/or distribution of allocations for subsequent years.
- (5) *Green neighborhood allocations.* To encourage sustainable residential planning and design, to minimize adverse impacts on natural resources, and to promote energy efficiency, beginning in fiscal year 2008:
 - (i) The annual housing unit allocation chart may move up to 100 allocations per year from other housing allocation categories to be used solely for housing that meets green neighborhood standards adopted by resolution of the County Council;
 - (ii) A development using green neighborhood allocations shall satisfy the remaining applicable provisions of this subtitle.
- (6) *Downtown Columbia Housing allocations.* To encourage the revitalization of Downtown Columbia, beginning in fiscal year 2011 the number of housing unit allocations shall be increased to provide allocations consistent with the phasing progression in the adopted Downtown Columbia plan as follows:
 - (i) For Downtown Columbia revitalization, the housing unit allocation chart adopted each year by the County Council shall include the total number of residential units allowed in the current phase of the downtown revitalization phasing progression, and shall also include the total number of units allowed in the downtown revitalization phasing progression for all subsequent phases of downtown revitalization.
 - (ii) The annual distribution of allocations within each phase shall ensure that sufficient allocations are available at the beginning of each phase to take advantage of mixed-use market opportunities and ensure timely achievement of phasing progression and CEPPA requirements.
 - (iii) The granting of allocations for downtown revitalization is made independent of and without reference to the number of allocations for the planning region of Columbia. The granting of allocations for development under new Town zoning that is not subject to the downtown revitalization phasing progression continues to be based on the allocations for the Columbia Planning Region.
 - (iv) Development in Downtown Columbia may not use Green Neighborhood allocations.
 - (v) If the total number of residential units proposed in a final development plan application exceeds the number of available allocations for the scheduled completion year of either the initial phase or any additional phase(s), the developer may request and the Department of

Planning and Zoning shall authorize the advancing of allocations from future years needed to complete a comprehensive final development plan provided that:

- a. The plan complies with phasing progression requirements;
 - b. All necessary CEPPA requirements have been met;
 - c. All adequate public facilities transportation tests have been passed; and
 - d. The adequate public facilities schools tests have been passed.
- (vi) Redistribution of housing unit allocations within an approved final development plan is permitted within the first four years of the final development plan phasing without being subject to section 16.1104(b) or retesting for housing unit allocations and adequate school facilities provided:
- a. The total number of housing unit allocations approved by the final development plan is not exceeded;
 - b. Milestones are satisfied for all plan processing;
 - c. The redistribution of units complies with the downtown revitalization phasing progression requirements; and
 - d. All necessary CEPPA requirements have been met.

The redistribution of units may be subject to retesting for adequate transportation facilities if the Department of Planning and Zoning, in consultation with the Department of Public Works, finds it appropriate to retest based on the number of units being redistributed and existing critical lane volume.

After the first four years of the final development plan phasing, any redistribution of housing unit allocations will require rephasing under section 16.1104.(b).

- (vii) Allocations will become permanent upon the recordation of the approved final development plan, and will remain valid provided the developer continues to meet all required milestones.

Sec. 16.1103. - Adequate school facilities.

- (a) *Requirement to Be Tested for Adequate Public School Facilities.* As a condition of subdivision or site development plan approval, all residential subdivisions and site development plans, except those listed in section 16.1107, "Exemptions," are required to pass the tests for adequate public school facilities.
- (b) *The Tests for Adequate Public Schools .* A proposed residential project will pass the tests for adequate public schools if the school capacity chart (see subsection (c), "School Capacity Chart," below) indicates that:
 - (1) The elementary school region where the proposed project will be located will be open for new residential development during the scheduled completion year of the project and any phase of a project; and
 - (2) The elementary, middle, and high schools which will serve the proposed project will be open for new residential development during the scheduled completion year of the project and any phase of a project.
- (c) *School Capacity Chart Preparation and Adoption :*

- (1) *Definition* . The school capacity chart is a chart indicating which elementary school regions and which elementary, middle, and high schools are open for new residential development and which are constrained each year for each of the following ten years, and shall be based on the definition of program capacity defined by HCPSS policy.
- (2) *Basis of chart* . The basis of the school capacity chart is the assumptions used by the Board of Education in predicting capacity utilization, such as school capacity, current enrollment, demographic and growth trends, and the housing unit allocation chart.
- (3) *Preparation and adoption of school capacity chart* . The school capacity chart is designed to work in conjunction with the housing unit allocation chart in order to provide consistency and predictability in the planning process for schools. For that reason, the school capacity chart shall be revised for consistency concurrent with any amendments to the housing unit allocation chart.

The Department of Planning and Zoning shall receive the school capacity chart, from the Board of Education, accompanied by a report that contains the following information for each school:

- (i) State and local capacities of the facility;
- (ii) The date of the last redistricting which impacted the attendance area of that school;
- (iii) For any projected increase in enrollment, an indication of what portions of the increase are attributed to sales or rental turnover of existing residential units, new development, and other factors; and
- (iv) For any school designated as open on the school capacity chart based on a capital improvement project or proposed redistricting associated with a capital improvement project:
 - a. Current and future funding assumptions for the capital improvement project(s);
 - b. Future redistricting assumptions associated with the capital improvement project; and
 - c. An explanation of any capacity utilization changes based on (a) or (b).

The school capacity chart shall be submitted to the County Council for adoption by resolution after a public hearing. Whenever the County Council adopts, amends, or updates the housing unit allocation chart, it shall concurrently adopt the school capacity chart.

- (d) *Joint Special Work Meeting on Schools Nearing Capacity*. Upon receiving written notification from the Howard County Public School System that a school or school region has reached 95 percent capacity utilization and is projected to exceed 110 percent capacity utilization within five years as well as the Board of Education's proposed solution to address the projected overcrowding, the County Council shall hold a joint special work meeting. The Council shall invite the County Executive and the Board of Education to attend the meeting and participate in a collaborative working discussion of school capacity needs and the Board's proposed solution. The Council shall give the general public three weeks' notice before the meeting to allow the public to provide written comment.
- (e) *Special Affordable Housing Opportunities*. To balance the County's policy goals to provide adequate school facilities and affordable housing in accordance with section 7-101 of the Land Use Article of the Annotated Code of Maryland and the County's General Plan, if an affordable housing project or phase of a project is located in the attendance area of a school that is closed for development due to projected enrollment in the school capacity chart, the Director of the Department of Planning and Zoning shall authorize the affordable housing project to proceed subject to all other provisions of this subtitle, provided that:
 - (1) At least 40 percent of the units shall be affordable to households earning 60 percent or less of the metropolitan statistical area median income;
 - (2) The project or phase of a project is led by or in partnership with a local nonprofit or the Housing Commission;

- (3) The project or phase of a project is seeking or has received an allocation of Low-Income Housing Tax Credits or other state or federal financial assistance for affordable housing;
- (4) The project or phase of a project has obtained a letter of support from the County Executive; and
- (5) The County Council and County Executive have approved either a Payment in Lieu of Taxes (PILOT) agreement for the project or a resolution authorizing the project to proceed. As part of the approval of the PILOT or resolution, the Council shall hold a public hearing and consider:
 - (i) The capacity utilization at the school or schools impacted by the project and at adjacent schools, including limiting the potential impact on any elementary or middle school with a capacity utilization rate greater than 115 percent unless an adjacent school with the same grade levels has a capacity utilization rate of 100 percent or less;
 - (ii) Estimated student generation from the project;
 - (iii) Any potential for the Board of Education to add capacity to the impacted school or schools through redistricting, facility expansion, or other programs; and
 - (iv) The need for affordable housing in the County, including factors such as the housing cost burden on families, the availability of housing for individuals with disabilities, and the extent of homelessness among families and school children.

Sec. 16.1104. - Housing unit allocation process.

(a) *Granting of Housing Unit Allocations:*

- (1) This subsection deals with the granting of housing unit allocations to conventional projects. Upon signature approval of a sketch plan, preliminary equivalent sketch plan or decision and order of the Planning Board for projects requiring Planning Board approval, tentative housing unit allocations shall be granted if available. Tentative housing unit allocations remain valid, provided the developer continues to meet all required milestones and become permanent upon recordation of the subdivision, except as provided in subsection 16.1106(h)(2). Projects not requiring subdivision shall be granted tentative housing unit allocations, if available, upon determination that the site development plan is technically complete. Tentative housing unit allocations become permanent upon signature approval of the site development plan.
 - (2) This subsection deals with the granting of housing unit allocations to comprehensive projects. Upon initial application of sketch plan, preliminary equivalent sketch plan, or site development plan for comprehensive projects that do not require subdivision, tentative housing unit allocations shall be granted if available. Tentative housing unit allocations remain valid, provided the developer continues to meet all required milestones, and become permanent upon recordation of the subdivision or signature approval of the site development plan, except as provided in subsection 16.1106(h)(2) of this subtitle.
 - (3) Because the time required for projects to pass through the plan review and construction process is approximately three years, the housing unit allocation chart is organized so that housing unit allocations granted in any given year are for proposed buildout three years later, unless the project is phased. For this reason, the scheduled completion year of all unphased projects and the scheduled completion year of the initial phase of phased conventional projects and comprehensive projects is the third year following the year the project passes the housing unit allocation test.
- (b) *Phasing.* See section 16.1110, "Definitions," for definition of "Phasing," "Unphased Projects," and "Phased Projects."

(1) *Changing phasing schedule.* The schedule for completion of the phases of a phased project may be revised by the developer no more than once every four years during the subdivision plan approval process.

(2) *Comprehensive projects.* Comprehensive residential projects may be phased at the option of the developer, provided that housing unit allocations are available for the scheduled completion year of the initial phase of the project and for the scheduled completion years of each additional phase of the project, except as provided below.

If no allocations are available for the initial phase of a comprehensive project, or if too few allocations are available to make the initial phase viable, the developer has the option to receive all tentative allocations in future years. However, except for final development plan phased projects in Downtown Columbia which are subject to subsection 16.1102(b)(8) and that meet the phasing progression and CEPPA requirements of the Downtown Columbia plan, the Department of Planning and Zoning shall not grant more than 50 percent of the total allocations available within any region for any future year for all projects choosing this option.

(3) *Conventional projects.* Conventional residential projects may be phased if there are sufficient housing unit allocations available for the scheduled completion year of the initial phase of the project and for the scheduled completion years of each additional phase of the project.

(c) *Year of Allocation; Category of Allocation.* Except as provided in subsection (h) of this section, the Department of Planning and Zoning shall grant housing unit allocations from the housing unit allocation chart as follows:

(1) *Unphased projects.* Unphased projects shall be granted housing unit allocations for the scheduled completion years of the project.

(2) *Phased projects.* Phased projects shall be granted housing unit allocations for the scheduled completion years of each phase of the project.

(3) *Comprehensive projects.* Comprehensive projects shall receive allocations for the scheduled completion year of the project or phases of the project.

(4) *Changes to allocation categories.* Phased projects shall retain allocations granted under all previous allocation charts, but for future phases shall be assigned allocations from the appropriate new allocation category.

(d) *Additional Allocations May Be Granted.* Frequently, the number of housing units proposed to be included in the project at the time the project is tested for adequate school facilities is greater than the number of housing units which will actually be approved when the plan is finally recorded. For this reason, as it processes subdivision and site development plans, the Department of Planning and Zoning shall grant more tentative allocations than the total planning region housing unit allocations available for the initial year on the housing unit allocation chart. The County Council shall set by resolution, after public hearing, the percentage by which the Department of Planning and Zoning may exceed the regional housing unit allocations on the housing unit allocation chart. The percentage shall be based on historical data regarding the number of housing completions in relation to the number of housing unit allocations so as to meet the general plan targets.

(e) *Special Affordable Housing Opportunities:*

(1) From time to time, the County may be presented with a special affordable housing opportunity for development of either:

(i) An assisted multifamily project that:

a. Cannot generate school children, such as senior housing or age-restricted housing;

b. Is funded in whole or in part with local, State or Federal loan or grant funds or other governmental financial assistance; and

c. May lose the loan or grant or other assistance if the development is delayed; or

- (ii) An innovative moderate income housing unit development, including, without limitation, multiplexes, stacked units, or accessory apartments, that has been determined by the Department of Housing and Community Development and the Department of Planning and Zoning to:
 - a. Demonstrate a new housing product that is more affordable than existing housing products; and
 - b. Have the potential to promote housing diversity and the construction of a broader range of affordable housing.
- (2) If allocations are not currently available the County Council may, by resolution, after public hearing, authorize a special affordable housing project to proceed subject to all other provisions of this subtitle.
- (3) If the County Council approves such a resolution, the Department of Planning and Zoning shall process the project as if allocations were granted. However, the Department of Planning and Zoning shall carry the project on the list of project applications waiting for housing unit allocations.
- (4) When housing unit allocations become available to serve the project, the Director of Planning and Zoning shall assign allocations to the project. In calculating the rolling average, the project shall not be exempt and its allocations shall be included in the year in which they are assigned.
- (5) A development using allocations under this subsection shall satisfy the remaining applicable provisions of this subtitle.
- (f) *Limit on Allocations in a School District* . Except for projects exempt under subsection 16.1107(b) of this subtitle and for units in Downtown Columbia, the Department of Planning and Zoning may not grant more than 300 allocations in one year in a single elementary school district if the elementary school region within which the district is located exceeds 100 percent of capacity.
- (g) *Order of Granting Allocations*. If a project is eligible for allocations from more than one category, an allocation granted under this subtitle shall generally be granted from the appropriate geographic area, prior to granting green neighborhood allocations. The Department may grant allocations to a project in a different sequence if the grant more equitably distributes allocations among all projects waiting for allocations.

Sec. 16.1105. - Processing of plans subject to test for adequate transportation facilities and/or tests for adequate school facilities and/or test for housing unit allocations.

- (a) *When Projects Are Tested*. Unless otherwise provided in this subtitle, a project is tested at the initial plan stage, except that:
 - (1) Applications for sketch plan approval which are pending as of the effective date of this subtitle April 10, 1992, shall be tested at the sketch plan stage; and
 - (2) Applications for preliminary plan approval which are pending as of the effective date of this subtitle and which did not have sketch plan approval prior to the effective date of this subtitle, shall be tested at the preliminary plan stage.
- (b) *Processing Applications for Approval of Nonresidential Projects*:

- (1) *Review of application by Subdivision Review Committee.* Upon receipt of a complete application for approval of a nonresidential project, the Department of Planning and Zoning shall distribute the application to the Subdivision Review Committee for recommendations as to whether the project meets the requirements of the subdivision regulations and passes the test for adequate transportation facilities.
 - (2) *Approval.* If the nonresidential project meets the requirements of the subdivision regulations and passes the test for adequate transportation facilities, the Director of Planning and Zoning shall approve the project for adequate transportation facilities (see subsection (d) below).
- (c) *Processing Applications for Approval of Residential Projects and Projects Containing Residential and Nonresidential Uses:*
- (1) *Adequate transportation facilities test.* Upon receipt of a complete application for approval of a residential project or a project containing residential and nonresidential uses, the project shall be tested for adequate transportation facilities.
 - (2) *Test for allocations:*
 - (i) *Conventional residential projects.* If the conventional residential project meets the requirements of the subdivision regulations and passes the test for adequate transportation facilities, the project will then be tested for availability of housing unit allocations.
 - a. *Allocations available.* If housing unit allocations are available for the scheduled completion year for unphased projects or for the scheduled completion year for the initial and future phases for phased projects, the Director of Planning and Zoning shall assign tentative housing unit allocations.
 - b. *Allocations not available.* If housing unit allocations are not available for the scheduled completion year for unphased projects or for the scheduled completion year for the initial or future phases for phased projects, the application shall be placed on the bottom of a list of applications waiting for housing unit allocations.
 - c. *Revised housing unit allocation chart adopted.* Whenever a revised housing unit allocation chart is adopted, the Department of Planning and Zoning shall test projects on the list of applications waiting for housing unit allocations. When housing unit allocations become available to serve a project, the Director of Planning and Zoning shall assign tentative allocations.
 - (ii) *Comprehensive projects.* Upon receipt of a complete initial plan stage application for approval of a comprehensive project, the Department of Planning and Zoning shall test the project for housing unit allocations.
 - a. *Allocations available.* If housing unit allocations are available for the scheduled completion year for unphased projects or for the scheduled completion year for the initial and future phases for phased comprehensive projects, the Director of Planning and Zoning shall assign tentative housing unit allocations.
 - b. *Allocations not available.* Subject to subsection 16.1104(b)(2), if housing unit allocations are not available for the scheduled completion year for unphased projects or for the scheduled completion year for the initial or future phases for phased comprehensive projects, the application shall be placed on the bottom of a list of applications waiting for housing unit allocations.
 - c. *Revised housing unit allocation chart adopted.* Whenever a revised housing unit allocation chart is adopted, the Director of Planning and Zoning shall test projects on the list of applications waiting for housing unit allocations. When housing unit allocations become available to serve a project, or phase of a project, the Director of Planning and Zoning shall assign tentative allocations.
 - (3) *School Capacity Test .* Upon assignment of tentative housing unit allocations, the project shall be tested for adequate public schools.

- (i) *Projects passing school capacity test* . Once a project has passed the school capacity test, no further approval for adequate public facilities for that project is required during the subdivision or site development plan approval process, except as provided in subsection 16.1105(d).
 - (ii) *Projects failing school capacity test* . Paragraph (7) of this subsection shall apply if a project fails one or more components of the school capacity test for the scheduled completion year for unphased projects or for the scheduled completion year for the initial or future phases for phased projects.
- (4) *Revised School Capacity Chart Adopted* . Whenever a revised school capacity chart is adopted, the Department of Planning and Zoning shall test projects which have previously failed the school capacity test. If a project or phase of a project passes the school capacity test in an earlier year than provided in subsection (c)(3)(ii) above, the project shall be permitted to proceed with processing three years prior to the year in which it passes the school capacity test.
- (5) *Wait on Processing* . Any project not passing the test for allocations and the school capacity test shall complete the initial plan stage, but shall not proceed further through the subdivision or site development plan process until housing unit allocations are granted and the school capacity test is passed. Once allocations are granted and the school capacity test is passed, the project shall be permitted to proceed with processing three years prior to the year in which it passes the school capacity test.
- (6) *Extension of Milestone Dates* . The Director of Planning and Zoning shall extend the next milestone for projects failing the allocations test or school capacity test to correspond to the delay in processing of the project. The Department of Planning and Zoning shall notify the applicant, in writing, of the next milestone prior to the starting date of the milestone.
- (7) *Waiting Period* .
- (i) If a project or phase of a project was never on the list of applications waiting for housing unit allocations and has received housing unit allocations, then development may proceed as follows:
 - a. If the project or phase of the project passes the school capacity test in any year between and inclusive of the first consecutive retest and the fourth consecutive retest, then the project or phase of the project may proceed.
 - b. If a project or phase of a project fails the school capacity test:
 - i. For each of the next four consecutive years, the project or phase of the project shall be retested each time the County Council adopts new annual housing unit allocations and school capacity charts; and
 - ii. In the fourth retesting year, the project shall be deemed to have passed the school capacity test.
 - (ii) If a project or phase of a project is on the list of applications waiting for housing unit allocations and receives housing unit allocations within six years, then subparagraph (i) of paragraph (7) of this subsection applies subject to the following maximum waiting periods:
 - a. If a project or phase of a project has waited for three years or fewer to receive housing allocations, the combined number of years the project or phase of a project waits to receive housing unit allocations and pass the school capacity test shall not exceed six years.
 - b. If a project or phase of a project has waited for four or five years to receive housing allocations, the combined number of years the project or phase of a project waits to receive housing unit allocations and pass the school capacity test shall not exceed seven years.
 - (iii) If a project or phase of a project is on the allocation waiting list and receives allocations after six years or more of being on the list, then the project or phase of a project may

proceed upon passing a school capacity test. If the project fails the school capacity test, then it must wait one additional year to be retested. After being retested, the project shall be deemed to have passed the school capacity test.

(d) *Approvals:*

- (1) *Transportation facilities—Subdivision.* Once a subdivision has been approved for adequate transportation facilities, no further approval for adequate transportation facilities for that project is required during the subdivision or site development plan approval process, with the exception of provisions in the Howard County Design Manual pertaining to five-year monitoring studies, provided that:
 - (i) The developer continues to meet all required milestones;
 - (ii) The developer executes a major facilities agreement for any proposed mitigation;
 - (iii) The subdivision project proceeds to recordation and is recorded; and
 - (iv) The project's traffic volume in the site development plan traffic study does not exceed the project's traffic volume in the traffic study which formed the basis for passing the test for adequate transportation facilities during the subdivision plan approval process. If the traffic volume in the site development plan traffic study exceeds the traffic volume in the subdivision traffic study, the site development plan will be tested for the excess traffic only.
- (2) *Transportation facilities—Site development plan.* Once a site development plan has been approved for adequate transportation facilities, no further approval for adequate transportation facilities is required, provided that the developer executes a major facilities agreement for any proposed mitigation.
- (3) *Allocations and public school facilities.* Once a residential subdivision or site development plan has received tentative allocations and has been approved for adequate public schools, no further approval for allocations and adequate public schools is required during the subdivision or site development plan approval process, provided that:
 - (i) The developer continues to meet all required milestones; and
 - (ii) The subdivision project proceeds to recordation and is recorded.
- (4) Projects which must wait on processing pursuant to subsection (c)(5) above and which proposed to mitigate in order to pass the test for adequate road facilities may be required, at the discretion of the Director of Planning and Zoning, after consultation with the Director of Public Works, to:
 - (i) Update their traffic studies, pursuant to the Design Manual; and/or
 - (ii) Modify their approved mitigation plan to provide for a monetary payment in lieu of construction of some or all of the mitigation, provided that the total cost of the revised mitigation plan shall not exceed the total cost of the originally approved mitigation plan.

Editor's note— C.B. 47, 2010, § 1(4), adopted Aug. 5, 2010, amended § 16.1105 title to read as herein set out. Former § 16.1105 title pertained to processing of plans subject to test for adequate road facilities and/or tests for adequate school facilities and/or test for housing unit allocations.

Sec. 16.1106. - Milestones.

(a) *Purpose and Description:*

- (1) Milestones are designed to assist in the process of planning for adequate public schools and adequate road facilities and to assure that housing unit allocations are utilized.
 - (2) *Milestone* means the date, unless delayed by governmental action, by which a developer must submit the next plan stage of a subdivision to the Department of Planning and Zoning for approval.
 - (3) *To submit the next plan stage* means to file a complete preliminary plan application, final plan application or site development plan application with the Department of Planning and Zoning and to pay the required fees.
- (b) *Applicability.* Milestones apply only to:
- (1) Projects which are required, as a condition of project approval, to pass the test for adequate road facilities and/or the tests for allocations or for adequate public school facilities; and
 - (2) Projects which are conditionally exempt (see section 16.1107, "Exemptions") from the requirements to pass the test for adequate road facilities and/or the tests for allocations or for adequate school facilities.
- (c) *Calculating Milestones.* The starting date for computing the next milestone is the date the developer receives written authorization from the County to proceed to the next plan stage; except that for subdivisions with conditional exemptions, the starting date for computing the initial milestone is the effective date of this subtitle, April 10, 1992.
- (d) *Timing for Residential Projects.* For residential projects, each milestone occurs:

50 or fewer housing units	4 months after starting date
51—100 housing units	6 months after starting date
101 + housing units	9 months after starting date

- (e) *Timing for Nonresidential Projects and Downtown Columbia Revitalization.* For nonresidential projects and all Downtown Columbia Revitalization, each milestone occurs nine months after the starting date.
- (f) *Status of Projects Which Meet Milestones:*
- (1) *Projects with approval for adequate public facilities.* Proposed subdivisions with approval for adequate facilities and tentative housing unit allocations may continue through the subdivision process only if they meet milestones.
 - (2) *Projects with conditional exemption from test(s) for adequate public facilities.* Plans which have a conditional exemption from tests for adequate road facilities or adequate public school facilities can only maintain that exemption by meeting milestones.
- (g) *Status of Projects Which Miss Milestones:*
- (1) *Projects with approval for adequate facilities.* A subdivision plan with approval for adequate facilities which misses a milestone shall be voided, and its tentative housing unit allocations shall be voided. If there has been no change in the requirements of the subdivision regulations since the first submission of this subdivision plan, the plan may be resubmitted for approval at the last plan stage which had been approved before the milestone was missed. Otherwise, the plan may be resubmitted for approval at the sketch plan stage.
 - (2) *Projects with conditional exemption:*

- (i) A proposed subdivision with conditional exemption from the test(s) for adequate facilities which misses the milestone for submission of a preliminary plan shall be voided. The plan may be resubmitted for approval at the sketch plan stage.
 - (ii) A proposed subdivision with conditional exemption from the test(s) for adequate facilities which has preliminary plan approval and misses the milestone for submission of a final plan shall be voided unless it has approval for adequate facilities and housing unit allocations while the preliminary plan approval is still valid pursuant to the subdivision regulations in place at the time the preliminary plan approval was granted. A voided plan may be resubmitted for approval at the sketch plan stage.
- (3) The Department of Planning and Zoning shall notify the developer whenever it voids plans or voids housing unit allocations pursuant to this subsection.
- (h) *Voided Allocations:*
- (1) *Circumstances for voiding tentative allocations.* Tentative housing unit allocations shall be voided by the Department of Planning and Zoning when:
 - (i) A subdivision plan with tentative housing unit allocations fails to meet a milestone (see subsection (g) above);
 - (ii) The number of dwelling units to be built in a subdivision is reduced between initial plan stage approval and recordation; or
 - (iii) The requirements for green neighborhood allocations established under section 16.1102(b)(7) of this subtitle are not met by projects that have received green neighborhood allocations at subsequent plan submission stages.
 - (2) *Bulk parcels.* When a residential subdivision project includes a bulk parcel(s) for apartment, single-family attached or mobile home development, the tentative housing unit allocations assigned during the subdivision process shall become permanent as set forth below and tentative allocations shall be voided under the following conditions:
 - (i) If a bulk parcel for apartment, single-family attached or mobile home development is recorded and tentative allocations have been assigned, the project must proceed with a site development plan for the project in accordance with the milestones provided for in section 16.1106(d). Upon approval of the site development plan the tentative allocations become permanent. Failure to meet a milestone will result in the voiding of allocations. Prior to development of a bulk parcel where allocations have been voided, the project must pass the test for granting housing unit allocations as provided in section 16.1104 and pass the test for adequate school facilities as provided in section 16.1103, or
 - (ii) If a bulk parcel for single-family attached or mobile home units is recorded and tentative allocations have been assigned and the bulk parcel is to be resubdivided to provide individual lots for housing units, the project must proceed with a sketch plan or preliminary equivalent sketch plan in accordance with the milestones provided for in subsection 16.1106(d) and continue to meet milestones until the resubdivision plat is recorded. Upon recordation of the resubdivision plat, the tentative allocations become permanent. Failure to meet milestones will result in the voiding of allocations. Prior to development of a bulk parcel where allocations have been voided, the project must pass the test for granting housing unit allocations as provided in section 16.1104 and pass the test for adequate school facilities as provided in section 16.1103.
 - (iii) The provisions for voiding tentative allocations pursuant to subsection (h)(2) above, shall not apply to any project which received sketch plan or preliminary equivalent sketch plan approval prior to the effective date of this amendment, July 1, 1995.
 - (3) *Number of housing unit allocations voided.* If a milestone or green neighborhood requirements are not met, all of the tentative housing unit allocations granted to the subdivision shall be voided. If the number of dwelling units in the subdivision is reduced, only the excess tentative

allocations shall be voided. In either case, the Department of Planning and Zoning shall reassign the voided allocations to another project only as provided in subsection (4) below.

- (4) *Reassignment of voided allocations.* Whenever the Department of Planning and Zoning has voided allocations, it shall reassign them by granting the allocations to projects waiting for allocations pursuant to subsection 16.1105(c)(2). Reassigned allocations shall be granted to projects waiting longest for allocations. Even though the Department of Planning and Zoning, pursuant to subsection 16.1104(d), may have initially granted more than 100 percent of the allocations available on the housing unit allocation chart for the current year, the Department of Planning and Zoning shall only reassign allocations until the total number of new and reassigned allocations granted for the current year equals 100 percent of the projected number of allocations available for the appropriate category of the housing unit allocation chart for that year.

(C.B. 7, 1992; C.B. 39, 1995; C.B. 48, 2007, § 1; C.B. 47, 2010, § 1(5))

Sec. 16.1107. - Exemptions.

(a) *Nonresidential Projects:*

- (1) *Exempt nonresidential subdivision plans.* The following nonresidential subdivisions are exempt from the requirement to pass the test for adequate road facilities as a condition of subdivision approval:
 - (i) A nonresidential resubdivision (see: Subdivision regulations).
 - (ii) An exempt governmental facility.
 - (iii) A nonresidential final subdivision plan pending on the effective date of this subtitle, April 10, 1992, provided that the plan proceeds to recordation in accordance with the subdivision regulations.
 - (iv) A subdivision that does not generate additional traffic.
- (2) *Exempt nonresidential site development plans:*
 - (i) A site development plan for an exempt government facility is exempt from the requirement to pass the test for adequate road facilities as a condition of site development plan approval.
 - (ii) A site development plan which does not generate additional traffic is exempt from the requirement to pass the test for adequate road facilities as a condition of site development plan approval.
 - (iii) If the project is on a parcel which was zoned nonresidential on the effective date of this subtitle and has not previously passed the roads test during the subdivision process, a nonresidential site development plan submitted within seven years after the effective date of this subtitle, April 10, 1992 is exempt from the requirement to pass the test for adequate road facilities as a condition of site development plan approval. However, if the floor area ratio on the lot exceeds the following:

Industrial/manufacturing/warehousing	0.45
Office/research and development	0.35
Retail/service	0.25

The site development plan shall be required to pass the test for adequate road facilities for the excess floor area.

- (3) *Conditionally exempt nonresidential subdivision plans.* Nonresidential subdivision plans are conditionally exempt from the requirement to pass the test for adequate road facilities as a condition of plan approval, provided that the sketch plan was approved before the effective date of this subtitle, April 10, 1992. This exemption is conditional upon the project continuing to meet required milestones (see: Section 16.1106, "Milestones").

(b) *Residential Projects:*

- (1) *Exempt residential plans.* The following residential subdivisions and site development plans are exempt from the requirement to pass the test for adequate road facilities and the requirement to pass the tests for allocations and adequate public school facilities as a condition of approval:
- (i) Parcel divisions (see: Subdivision regulations).
 - (ii) Subdivisions in agricultural preservation easements for dwellings of the owner or the owner's children or other dwelling lots permitted on agricultural preservation easements.
 - (iii) Residential resubdivisions (see: Subdivision regulations) which do not increase the number of housing units allowed.
 - (iv) Residential final subdivision plans pending on the effective date of this subtitle, provided that the plan proceeds to recordation in accordance with the subdivision regulations.
 - (v) Minor subdivision plans and resubdivisions, located in RC and RR zoning districts outside of the planned service area boundary for water and sewer, which create the potential for only one additional dwelling unit from a lot existing on April 10, 1992.
 - (vi) Minor subdivision plans and resubdivisions which create the potential of only one additional dwelling unit to be conveyed to an immediate family member or members from a lot existing on April 10, 1992 provided that the following conditions are met:
 - a. The property owner must have owned the property for a minimum of three years before requesting subdivision; and
 - b. The family member must be either a parent, child, or sibling. The term immediate family member does not include step-parents, step-children, or step-siblings; and
 - c. The property owner shall not seek further subdivision of the property or another family member exemption for a period of three years; and
 - d. The granting of this family member exemption shall prohibit the property owner from seeking a hardship exemption.

A maximum of three family member exemptions per year per planning area may be granted by the Department of Planning and Zoning. Subject to section 22.1000 of the County Code, the Department of Planning and Zoning shall annually prepare a home ownership report on this exemption for the Council.

- (vii) Minor subdivision plans and resubdivisions which create the potential of only one additional dwelling unit from an adjoining lot existing before April 10, 1992, for property owners with economic hardships. Upon the property owner's written request to the Department of Planning and Zoning, the County Council may approve by resolution a hardship exemption. The property owner shall state in the request to the Department of

Planning and Zoning the severe economic hardship that the property owner is sustaining and provide the following evidence, which shall be forwarded by the Department to the County Council with a recommendation concerning the exemption:

- a. Verification of ownership of the property to be subdivided for at least three years before the submittal of the economic hardship exemption request; and
- b. A recent financial statement that shows the property owner's complete assets and liabilities supported by an affidavit of the property owner; and
- c. Other information regarding the severe economic hardship that the property owner is sustaining, including but not limited to information from lenders, lien holders, creditors, attorneys, tax collectors or other third parties who have knowledge as to the economic condition of the property owner; and
- d. Any notice of foreclosure on the property; and
- e. Any medical bills that are not covered by health insurance for a medical condition/treatment of the property owner or immediate family member of the property owner. For purposes of this section, the immediate family member shall be either a spouse, parent, child, or sibling but shall not include step-parents, step-children or step-siblings; and
- f. Any other evidence that the property owner has no other reasonable means of relieving that economic hardship.

The granting of this hardship exemption shall prohibit the property owner from seeking a family member exemption.

- (2) *Partially exempt residential subdivision plans.* Minor subdivision plans are exempt from the requirement to pass the test for adequate road facilities as a condition of plan approval. However, minor subdivision plans are required to pass the tests for allocations and adequate public school facilities as a condition of subdivision approval.
- (3) *Exempt residential site development plans.* Residential site development plans for single-family attached and detached housing on recorded lots that existed on April 10, 1992 are exempt from the requirement to pass the test for adequate road facilities and the tests for allocations and adequate public school facilities as a condition of site development plan approval.
- (4) *Partially exempt mobile home park site development plans:*
 - (i) Residential site development plans for mobile home parks are exempt from the requirement to pass the test for allocations to the extent that the mobile home park site development plan is replacing units from a mobile home park abandoned or permanently closed after January 1, 2000. If the number of units in a mobile home park site development plan exceeds the number of replacement units available, the number of units exceeding the available replacement units shall be tested for allocations in accordance with section 16.1104 of this subtitle. The Department of Planning and Zoning shall keep a record of the number of mobile home park units abandoned and replaced and shall reassign the replacement units to projects, at the time of site development plan approval, in the order of site plan approval dates.
 - (ii) Residential site development plans for mobile home parks to which replacement units have been reassigned in accordance with subsection (i) above are exempt from the adequate public school facilities test for the number of replacement units reassigned if the site development plan for the mobile home park is located in the same elementary and middle school districts as the abandoned or permanently closed mobile home park from which the units were reassigned. If the number of units proposed on the site development plan exceeds the number of reassigned units available, or if the site development plan includes reassigned units from a different elementary and/or middle school district, the excess units receiving allocations as required in subsection (i) above, and the reassigned

units from a different elementary and/or middle school district, as the case may be, shall be subject to the adequate public school facilities tests. If the proposed mobile home park is located in a different elementary and/or middle school district, the site development plan must pass the appropriate adequate public school facility test(s) for all units approved on the site development plan.

- (5) *Partially exempt multifamily residential site development plans:*
- (i) *Exemption from tests for adequate public schools.* Residential site development plans for multifamily projects which cannot generate children, such as age-restricted adult housing, are exempt from the requirement to pass the tests for adequate school facilities as a condition of site development plan approval. Except as provided in subparagraph (iii) of this paragraph, these plans are required to pass the test for allocations and for adequate road facilities as a condition of site development plan approval.
 - (ii) *Exemption from tests for allocations and adequate public schools.* Nursing and residential care facilities are exempt from the requirement to pass tests for allocations and for adequate public schools as a condition of site development plan approval. These plans are required to pass the adequate road facilities test as a condition of site development plan approval.
- (6) *Conditionally exempt residential subdivision plans.* Residential subdivision plans are conditionally exempt from the requirement to pass the test for adequate road facilities and the tests for allocations and for adequate school facilities as a condition of plan approval, provided that the sketch plan was approved before the effective date of this subtitle, this exemption is conditional upon the project continuing to meet required milestones (see: Section 16.1106, "Milestones").
- (7) *Partially exempt residential redevelopment plans.* Residential redevelopment involving a subdivision plan or site development plan is exempt from the allocations, Adequate public schools, and roads tests to the extent that the redevelopment will not increase:
- (i) The number of existing housing units on the site;
 - (ii) The number of housing units allowed under paragraph (3) of this subsection; or
 - (iii) If the redevelopment is of a mobile home park licensed under subtitle 5 of this title, the number of mobile home sites permitted under the license.

Existing units being replaced must have been occupied on a full-time basis for at least 30 days in the year prior to submission of the subdivision or site development plan for redevelopment of the site. If the number of units on the redevelopment plan exceeds the number of existing units, the additional units shall pass the allocations, adequate public schools and roads tests as a condition of plan approval.

- (8) *Partially exempt residential subdivision plans.* Except in Downtown Columbia, moderate income housing units do not require housing unit allocations. However, plans with moderate income housing units are required to pass the test for adequate road facilities and adequate public schools as a condition of approval. The number of moderate income housing units in each plan that do not require housing unit allocations subject to this exemption shall not exceed the number of moderate income housing units as required in the Howard County Zoning Regulations.
- (9) *Partially exempt urban renewal residential subdivision or site development plans; Test for adequate school facilities.* Residential units that are part of an Urban Renewal project, as designated by title 13, subtitle 11 of this Code, are exempt from the requirement to pass the test for adequate school facilities as a condition of subdivision or site development plan approval.

(C.B. 7, 1992; C.B. 6, 1994; C.B. 39, 1995; C.B. 50, 2000; C.B. 51, 2002, § 1; C.B. 45, 2003, § 1; C.B. 1, 2018, § 3; C.B. 43, 2018, § 1)

Sec. 16.1108. - Development monitoring system.

The Department of Planning and Zoning shall monitor the growth of housing and employment in Howard County and shall issue reports which indicate:

- (a) Subdivision plans and site development plans approved during the last several years, including the number of residences or the number of new employees projected for the approved subdivisions and land developments.
- (b) Subdivision plans and site development plans in process at the time of the report, including the number of housing unit allocations or the number of new employees projected for the proposed subdivisions and land development.
- (c) Building permits and certificates of occupancy issued during the last several years, indicating the number of dwelling units and the projected number of new employees for which building permits or certificates of occupancy were issued.

(C.B. 7, 1992; C.B. 39, 1995)

Sec. 16.1109. - Appeals.

A person, specially aggrieved as defined by subsection 16.103(b) of the Howard County Code, by a decision of the Director of Planning and Zoning in relation to this subtitle may appeal the decision to the Board of Appeals pursuant to its rules of procedure.

(C.B. 7, 1992; C.B. 16, 1995; C.B. 39, 1995)

Sec. 16.1110. - Definitions.

- (a) *Affordable housing unit* means a moderate or middle income housing unit as defined in the Howard County Zoning Regulations.
- (a-1) *Available housing unit allocations* are the number of housing unit allocations that the Department of Planning and Zoning may grant in any year, based on the housing unit allocation chart adopted by the County Council less housing unit allocations already granted for that year.
- (b) *Background traffic growth* is the traffic, other than traffic existing at the time of application, which will be generated by:
 - (1) Regional pass-through users; and
 - (2) Projects which are not subject to the test for adequate road facilities.
- (c) *Bulk parcel—Residential* means a residential parcel recorded for the purpose of development of apartments, single-family attached, single-family detached or mobile home units on a single lot where tentative housing unit allocations have been granted.
- (d) *Capacity* means when used in relation to road facilities, capacity means the total number of vehicles that can be accommodated by a road facility during a specified time period under prevailing roadway operating conditions.
- (d-1) *Capacity utilization* means the ratio of a facility's enrollment to its program capacity.
- (e) *Comprehensive project* means a project in the following zoning districts:
 - (1) New Town (NT)
 - (2) Planned Golf Course Community (PGCC)
 - (3) Mixed Use (MXD)

(4) Residential: Apartments (R-A-15)

- (f) *Constrained road facility* means in the planned service area for water and sewerage, a constrained road facility means the intersection of a major collector or higher classified road with a major collector or higher classified road which has historic or environmental value which would be adversely affected by certain road improvements.

In the no-planned service area for water and sewerage, a constrained road facility means the intersection of a minor collector or higher classified road with a minor collector or higher classified road which has historic or environmental value which would be adversely affected by certain road improvements.

The County Council, by resolution, declares a road facility constrained and identifies the feature(s) which form the basis for its decision to declare the road facility constrained.

- (g) *Conventional project* means a project other than a comprehensive project.
- (h) *Downtown Columbia* means the geographic area defined as Downtown Columbia in section 103 of the Howard County Zoning Regulations.
- (i) *Exempt governmental facility* means:
- (1) A facility to be owned or operated by the Federal Government, State Government, Howard County Public Schools, or any agency thereof;
 - (2) A facility owned by Howard County or any agency thereof where essential County Government services are provided, limited to police services, fire prevention and suppression services, emergency medical services, highway maintenance, detention facilities, water treatment and supply, sewage disposal and treatment and solid waste disposal.
- (j) *Final development plan proposing Downtown Columbia Revitalization* means a drawing or series of drawings, at an appropriate scale, and related text covering all or a portion of Downtown Columbia that proposes development pursuant to section 125.E of the zoning regulations.
- (k) *Floor area ratio* means the ratio of the floor area of a structure to the lot area, where:
- (1) The floor area is calculated by measuring the exterior faces of the walls of the structure minus any area within the structure devoted to parking, driveways, atria, enclosed malls and similar areas; and
 - (2) The lot area is calculated including any adjoining lots used for required parking for the structure.
- (l) *General plan target; general plan residential growth target* means for the purposes of this subtitle, the general plan target and general plan residential growth target mean the housing unit projections established in the general plan for each planning area including the senior east set aside, and in addition 250 housing units per year for Route 1 revitalization.
- (m) *Governmental action* means the action or inaction of a governmental agency in relation to a timely filed action by a developer. For the purposes of this subtitle, governmental agency means an agency of the Federal, State, or local government, including, but not limited to, the U.S. Corps of Engineers, the Maryland Department of the Environment, the Zoning Board, and the Board of Appeals.
- (n) *Housing unit allocation or allocation* means an approval to build a housing unit.
- (1) *Tentative housing unit allocation or tentative allocation* means the temporary approval, granted during the subdivision plan process, to build a housing unit in a project which requires housing unit allocations as a condition of project approval.
 - (2) *Permanent housing unit allocation or permanent allocation* means a permanent approval, granted at recordation of a subdivision or at site development plan approval, to build a housing unit in a project which requires housing unit allocations as a condition of project approval.
- (o) *Housing unit allocation chart* means a chart indicating the projected number of housing unit allocations available to be granted in the County each year for a ten-year period. The chart divides

the available housing unit allocations into geographic areas and may provide for green neighborhood and Downtown Columbia units. In a given year, no more than 35 percent of the allocations available in the growth and revitalization region may be granted to projects in a particular planning area, as established by PlanHoward 2030, Map 6-2 "Designated Place Types". The number of housing unit allocations on the chart shall be as follows:

- (1) In the first year after the effective date of this subtitle the number of housing unit allocations on the chart for that year and each of the next two years shall equal the general plan annual target for residential completions for those years.
 - (2) In the second year after the effective date of this subtitle, the number of housing unit allocations on the chart for that year and for each of the next two years, based on the rolling average, shall be the general plan target for residential completions for the year in question minus one-third of the difference between:
 - (i) The number of housing unit allocations granted during the prior year plus the number of housing units in projects approved during the prior year which were exempt from the provisions of this subtitle pursuant to subsections 16.1107(b)(1) and (5) of this subtitle; and
 - (ii) The prior year's general plan target.
 - (3) In the third and later years after the effective date of this subtitle, the number of housing unit allocations on the chart for the current year and for each of the next two years, based on the rolling average, shall be the general plan target for residential completions for the year in question minus one-third of the difference between:
 - (i) The housing unit allocations granted during the two preceding years plus the housing units in projects approved during two preceding years which were exempt from the provisions of this subtitle pursuant to subsections 16.1107(b)(1) and (5) of this subtitle; and
 - (ii) The sum of the general plan targets for the two preceding years.
- (p) *Howard County Design Manual* means Chapter 4 of Volume III (Roads and Bridges) of the Howard County Design Manual which specifies requirements for adequate transportation facilities.
- (q) *Impact area*:
- (1) Impact area means the set of intersections to be studied. In accordance with the table below, the projected trip generation of a project shall determine the minimum number of intersections to be included in the impact area.

Net Peak Hour Site Trips	Minimum Number of Intersections in Each Direction
5—99	1
100—399	2
400—799	3
800—1500	4
>1500	5

- (2) For projects in the planned service area for public water and sewer, excluding Downtown Columbia, the standard impact area is limited to intersections within one and a half road miles in all directions from each entrance to the project. For projects outside the planned service area for public water and sewer, the standard impact area is limited to intersections within two road miles in all directions from each entrance to the project. Inside the planned service area for public water and sewer, the minimum number of intersections in each direction refers to intersections of a major collector or higher classified road with a major collector or higher classified road for the standard impact area. Outside the planned service area for public water and sewer, the minimum number of intersections in each direction refers to intersections of a minor collector or higher classified road with a minor collector or higher classified road for the standard impact area. Inside or outside the planned service area for public water and sewer, if an intersection at an entrance to the project is included in the impact area, it shall not count toward the minimum number of intersections in each direction.
- (3) If a development is projected to generate 100 peak hour trips or more for either the AM or PM study period, the developer shall request a traffic impact area scoping meeting prior to submitting the plan for the development. The Department of Planning and Zoning shall determine whether the scoping meeting will be conducted by email, phone, in-person, or virtual meeting, and shall, together with the Department of Public Works, conduct the meeting with the developer to discuss if the distance of the standard impact area should be extended or if any additional intersections should be included in the impact area. The Department of Planning and Zoning, in consultation with the Department of Public Works, shall determine the additional intersections to be studied, if any, based on intersection location, anticipated trip distribution, existing level of service, or known operational complaints and notify the developer in writing of the intersections to be studied within one week following the scoping meeting. The Department of Planning and Zoning may waive the requirement to study a certain intersection if the Department of Public Works has on file a valid traffic study of that intersection which was completed within the last year. If, during the plan review process, the peak hour trips generated by the proposed development changes by ten percent or more or by 15 trips or more, whichever is greater, a new scoping meeting will be required and the Department of Planning and Zoning, in consultation with the Department of Public Works, may require additional intersections to be studied based on intersection location, anticipated trip distribution, existing level of service, or known operational complaints.

For Downtown Columbia the impact area shall be determined in accordance with the Howard County Design Manual.

- (r) *Initial plan stage.* An initial plan stage means either (i) a sketch plan or preliminary equivalent sketch plan under the Subdivision and Land Development Regulations; (ii) a final development plan proposing downtown revitalization under the zoning regulations; or (iii) a site development plan if subdivision is not required.
- (s) *Major collector or major collector highway* means a road classified as a major collector highway on the Howard County general plan, except that in determining the impact area for site development plans, major collector also means a road, not classified as a major collector highway on the Howard County general plan, but constructed to the physical specifications set forth in the design manual for construction of a road so classified.
- (t) *Major facilities agreement* means an agreement between the County, the State, if appropriate, and the developer of a project incorporating the developer's approved mitigation plan and covering the developer's financial obligations for mitigation.
- (u) *Milestone* means the date, unless delayed by governmental action, by which a developer must submit the next plan stage of a subdivision to the Department of Planning and Zoning for approval.

- (v) *Minimum level of service for Howard County road facilities, excluding Downtown Columbia* means level of service D. minimum level of service of a State road facility means level of service E. for Downtown Columbia, the intersection standard is established in the Howard County Design Manual.
- (w) *Minor collector* or *minor collector highway* means a road classified as a minor collector highway on the Howard County general plan.
- (x) *Minor subdivision* means the division of a residential or agricultural parcel that has not been part of a previously recorded subdivision, into four or fewer residential lots (including buildable preservation parcels but excluding open space and nonbuildable preservation parcels), either all at one time or lot by lot.
- (x-1) *Mitigation* means the construction or the funding of improvements to off-site road facilities by a developer, as approved by the Director of Planning and Zoning, after consultation with the Director of Public Works.
- (y) *Open* :
 - (1) For a school capacity chart adopted prior to January 1, 2019, open has the following meanings:
 - (i) School region—Open means that the projected capacity utilization of a school region is below 115 percent of the elementary schools within the region.
 - (ii) Elementary school—Open means that the projected capacity utilization of the elementary school is below 115 percent of the school.
 - (iii) Middle school—Open means that the projected capacity utilization of the middle school is below 115 percent of the school.
 - (2) For a school capacity chart adopted after January 1, 2019, open has the following meanings:
 - (i) School region—Open means that the projected enrollment of a school region is below 105 percent of the program capacity of the elementary schools within the region.
 - (ii) Elementary school—Open means that the projected enrollment of the elementary school is below 105 percent of the program capacity of the school.
 - (iii) Middle school—Open means that the projected enrollment of the middle school is below 110 percent of the program capacity of the school.
 - (iv) High school—Open means that the projected enrollment of the high school is below 115 percent of the program capacity of the school.
- (z) *Phased project* means a project utilizing phasing.
- (aa) *Phasing* means the sequential development of portions of a subdivision pursuant to a sketch plan which includes a schedule for submission of preliminary and final plan applications for the various phases of the project and a schedule for completion of these phases.
- (ab) *Plan stage* means one of the three levels of a subdivision plan—sketch plan, preliminary plan, and final plan.
- (ac) *Planning region* means a geographic area of the County identified in the general plan that is used for forecasting housing growth.
- (ad) *Program capacity* means the capacity, as defined by the Howard County Board of Education policies, for grades kindergarten through grade 12. Program capacity does not include prekindergarten, special education and relocatable capacity.
- (ae) *Road facilities*:
 - (1) In planned service area for public water and sewer. In that portion of the County in the planned service area for public water and sewer, road facilities means at grade intersections of major collectors or higher classified roads which are beyond the boundaries of the proposed project.

- (2) In no planned service area for public water and sewer. In that portion of the County in the no planned service area for public water and sewer, road facilities means at grade intersections of minor collectors or higher classified roads which are beyond the boundaries of the proposed project.
 - (3) Road facilities does not include road improvements which a developer is required to provide pursuant to the provisions of section 16.119, "Highways, Streets, and Roads," of the subdivision regulations.
- (af) *Rolling average* means to recalculate the number of available housing unit allocations for a given year in order to maintain and achieve the general plan residential growth targets.
- (ag) *Scheduled completion year*:
- (1) *Road facilities*:
 - (i) *Nonresidential projects* means when used in relation to road facilities serving nonresidential projects, "scheduled completion year" means the year as approved on the subdivision or site development plan, for scheduled completion of the project or phases of the project.
 - (ii) *Residential projects*:
 - a. When used in relation to road facilities serving unphased residential projects, "scheduled completion year" means the third year following the year the application is submitted.
 - b. When used in relation to road facilities serving phased conventional residential projects, "scheduled completion year" of the initial phase of the project means the third year following the year the application is submitted. The scheduled completion year of subsequent phases of the project are the years indicated for scheduled completion of the phases of the project as approved on the subdivision or site development plan.
 - c. When used in relation to road facilities serving phased comprehensive residential projects, "scheduled completion year" of the phases of the project means the years indicated for scheduled completion of the phases of the project as approved on the subdivision or site development plan.
 - (2) *Schools*:
 - (i) When used in relation to schools, "scheduled completion year" of an unphased project means the third year following approval of the project for adequate school facilities.
 - (ii) When used in relation to schools, "scheduled completion year" of the initial phase of a phased conventional project means the third year following approval of the project for adequate school facilities.
 - (iii) When used in relation to schools, "scheduled completion year" of a phase of a phased conventional project beyond the initial phase means the year for completion of the phase, as shown in the application for sketch plan approval of the project.
 - (iv) When used in relation to schools, "scheduled completion year" of a phase of a comprehensive project, means the year, at least three years following the year the sketch plan application is submitted, for completion of the phase, as shown in the application for sketch plan approval of the project.
- (ah) *School capacity chart* means a chart indicating which elementary school regions and which elementary, middle, and high schools are open to new residential development and which are constrained to new residential development for each of the following ten years.
- (ai) *School capacity test* means a test to determine whether the elementary school region and elementary, middle, and high school serving a proposed project are open to new residential development in the scheduled completion year of the project or the phases of the project.

- (aj) *School region* means a geographic area, determined by the Howard County Board of Education, containing a group of contiguous elementary school service areas.
- (ak) *Unphased project* means a project which does not utilize phasing.

Sec. 16.1111. - Adequate water, sewer, stormwater, and solid waste facilities.

No development shall be approved until plans are reviewed by the Department of Planning and Zoning and the Department of Public Works to ensure that the development will be served by adequate water, sewer, stormwater, and solid waste facilities in accordance with all applicable laws and regulations including, but not limited to, the following provisions:

- (a) *Water and Sewer* . Water and sewer facilities shall be considered adequate if the approved subdivision plans and site development plans comply with all applicable requirements including, but not limited to, the standards established in the following Code provisions for water and sewer services:
- (1) Section 16.131, Sewage disposal and water supply.
 - (2) Section 18.100A, Capital Improvement Master Plan (C.I.M.P.) for Water and Sewerage.
 - (3) Section 18.122B, Allocation of water and wastewater capacity.
- (b) *Stormwater* . Stormwater facilities shall be considered adequate if approved subdivision plans and site development plans comply with all applicable requirements including, but not limited to, the standards established in section 16.133 ("Storm drainage") and title 18 ("Public Works"), subtitles 5 ("Storm Drainage Systems") and 9 ("Stormwater Management") of the County Code.
- (c) *Solid Waste* . Solid waste facilities shall be considered adequate if approved subdivision plans and site development plans comply with all applicable requirements including, but not limited to, the Capital Improvement Master Plan for Solid Waste as defined in section 18.600A of the County Code.

SUBTITLE 12. - FOREST CONSERVATION^[11]

Footnotes:

--- (11) ---

Editor's note— The provisions of this subtitle are effective Dec. 31, 1992.

Sec. 16.1200. - Short title; background; purpose.

- (a) *Short Title*. This subtitle shall be known as the Forest Conservation Act of Howard County.
- (b) *Background*. This subtitle is pursuant to the requirements of the Maryland Forest Conservation Act of 1991, which requires units of local government to adopt, by December 31, 1992, a local Forest Conservation Program which meets or is more stringent than the requirements of the Natural Resources Article, §§ 5-1601 through 5-1612 of the Annotated Code of Maryland.

- (c) *Purpose*. The purpose of this subtitle is to protect and maintain forest vegetation and forest areas in Howard County by requiring certain development projects to have an approved forest conservation plan as a condition of approval of the development.

(C.B. 37, 1992)

Sec. 16.1201. - Definitions.

Words and phrases used in this subtitle have their usual meaning unless defined in the subdivision regulations [subtitle 1 of this title] or in this section:

- (a) *Afforestation* means the establishment of new forest on an area presently without forest cover, by planting in accord with the practices specified in the Forest Conservation Manual.
- (b) *Declaration of intent* means a statement signed by a landowner or developer certifying that:
- (1) A proposed development is exempt from the requirement for an approved forest conservation plan; and
 - (2) No activity requiring a forest conservation plan will occur on the site within five years of the date of the completion of the exempt activity.
- (c) *Department* means the Howard County Department of Planning and Zoning.
- (d) *Development* means the establishment of a principal use of a site; a change in a principal use of a site; or the improvement or alteration of a site by the construction, enlargement, or relocation of a structure; the provision of stormwater management or roads; the grading of existing topography; the clearing or grubbing of existing vegetation; or any other nonagricultural activity that results in a change in existing site conditions.
- (e) *Forest* means a biological community dominated by trees and other woody plants covering an area of 10,000 square feet or greater that is at least 35 feet wide. *Forest* includes:
- (1) Areas with a tree cover ratio 100 trees per acre with at least 50 percent of these trees being at least two inches in diameter at a height of four and one-half feet above ground; or
 - (2) Areas meeting the criteria above that have been cut but not cleared.

Forest does not include orchards, tree nurseries, Christmas tree farms or other types of forest crops.

- (f) *Forest conservation* means the retention of existing forest or the creation of new forest at the levels set by this subtitle.
- (g) *Forest Conservation Manual* means the technical manual approved by the County Council containing performance standards and guidelines for implementation of the Howard County Forest Conservation Program.
- (h) *Forest Conservation Plan* means a plan which shows the impacts of a proposed development on existing forest resources. A *forest conservation plan* includes existing forest areas to be removed or retained; the location, extent and specifications for any reforestation or afforestation required; and legal measures to protect forest resources after completion of development in accordance with section 16.1203 below.
- (i) *Forest mitigation banking* means the planting of trees, according to plans approved by the Department, to be used as credit for plantings required under this subtitle.
- (j) *Forest stand delineation* means the evaluation, pursuant to section 16.1204 of this subtitle, of existing forests and other vegetation on a site proposed for development.
- (k) *Limit of disturbance* means the boundary of permitted changes to existing site conditions due to clearing and grading, as well as other activities associated with site development such as parking of vehicles and equipment, storage of materials, and disposal of construction debris.

- (l) *Lot* means a unit of land, the boundaries of which have been established as a result of a deed or previous subdivision of a larger parcel and which will not be the subject of further subdivision, as defined by the Natural Resources Article section 5-1601, Annotated Code of Maryland, and this subtitle without an approved forest stand delineation and forest conservation plan.
- (m) *Manual* means the Forest Conservation Manual.
- (n) *Net tract area* means the total area to the nearest one-tenth acre, whether forested or not, of a proposed development, exclusive of any 100-year floodplain, utility transmission line easements, or preservation parcel as referenced in the zoning regulations. *Net tract area* is to be used in calculating any reforestation or afforestation obligations that may be created by the proposed development.
- (o) *Planned business park* means a commercial-industrial subdivision developed with an integrated plan that provides common infrastructure and protection of environmentally sensitive features.
- (p) *Planned unit development* means a development comprised of a combination of land uses or varying intensities of the same land use in accordance with an integrated plan that provides flexibility in design with at least 20 percent of the land permanently dedicated to open space.
- (q) *Reforestation* means the establishment, in accordance with the Howard County Forest Conservation Manual, of new forest cover to replace forest resources lost because of development activities.
- (r) *Scenic road* means a public road or road segment that is included in the scenic roads inventory adopted by the County Council in accordance with section 16.1403 of this Code.
- (s) *Subdivision regulations* means title 16, subtitle 1 of the Howard County Code, entitled "Subdivision and Land Development Regulations."
- (t) *Urban canopy* means tree canopy inside the planned service area for water and sewer that does not meet the definition of forest but that does provide air quality, water quality, and habitat benefits.
- (u) *Other terms* which are defined in the Natural Resources Article section 5-1601, "Definitions," Annotated Code of Maryland, COMAR 08.19.01.03, "Definitions," and COMAR 08.19.03, article II, "Forest and Tree Conservation Definitions," are incorporated by reference and shall apply to this subtitle for any terms which are not defined in this section or the Manual.

(C.B. 37, 1992; C.B. 51, 1994; C.B. 4, 1996; C.B. 10, 2014, § 1)

Sec. 16.1202. - Applicability; exemptions; declaration of intent.

- (a) *Forest Conservation Plan Required for Subdivision Plan, Site Development Plan or Grading Permit.* Unless exempted by subsection (b) of this section, any person or unit of local government developing land 40,000 square feet or greater in area shall file a forest conservation plan ("plan") with the Department. Plan approval is required prior to development and prior to approval of a:
 - (1) Subdivision plan;
 - (2) Site development plan;
 - (3) Grading permit; or
 - (4) County road and utility construction plans.
- (b) *Exemptions to Requirement for Forest Conservation Plans:*
 - (1) *Exemptions not requiring a declaration of intent.* The following development is exempt from the requirement of this subtitle:
 - (i) A subdivision, site development or grading permit for development on land which is less than 40,000 square feet;

- (ii) Development on a single lot of any size if it is in compliance with a previously approved forest conservation plan and no new obligation is created;
 - (iii) Development which has preliminary subdivision plan, site development plan or grading permit approval prior to December 31, 1992. This exemption does not apply to expansion of the limits of disturbance shown on such plans or to site development plans for build out of exempt nonresidential subdivisions unless otherwise provided in this section;
 - (iv) A planned unit development which has preliminary development plan approval and 50 percent or more of the land is recorded and substantially developed before December 31, 1992;
 - (v) A planned business park of at least 75 acres which has preliminary plan approval before December 31, 1992, and which meets the intent of this subtitle by retaining forest in high priority locations (floodplains, wetlands, wetland and stream buffers, steep slopes, and/or wildlife corridors);
 - (vi) Agricultural preservation subdivisions and any agricultural activity, including agricultural support buildings and structures built using accepted best management practice unless it involves the clearing of 40,000 square feet or greater of forest within a one-year period;
 - (vii) Resubdivisions, that do not create additional lots, exempt divisions and plat corrections as provided for in sections 16.102 and 16.103 of this title;
 - (viii) Minor subdivisions that create one additional lot and have no further subdivision potential;
 - (ix) Mining or other extractive activity exempted by State law from the forest conservation requirements;
 - (x) Routine maintenance of existing roads and public utility rights-of-way. Highway construction under capital projects and/or State funding in which one acre or more of forest is cut or cleared is exempt from this subtitle but subject to State reforestation requirements set forth in natural resources article, section 5-103, Annotated Code of Maryland; and
 - (xi) The cutting or clearing of public utility rights-of-way licensed under article 78, sections 54A and 54B or section 54-I, Annotated Code of Maryland, or land for electric generating stations licensed under article 78, sections 54A and 54B or section 54-I, Annotated Code of Maryland, if:
 - a. Required certificates of public convenience and necessity have been issued in accordance with natural resources article, subsection 5-1603(f), Annotated Code of Maryland; and
 - b. Cutting or clearing of the forest is conducted to minimize the loss of forest.
- (2) *Exemptions requiring a declaration of intent.* The following development is exempt from the requirements of this subtitle, provided that the developer files a declaration of intent with the Department as provided in subsection (c) below:
- (i) Development on an existing single lot of any size if:
 - a. The total cutting, clearing or grading of forest resources is less than 40,000 square feet; and
 - b. The forest resources affected by the development are not subject to a previously approved forest conservation plan;
 - (ii) Commercial logging and timber harvesting operations conducted subject to the forest conservation and management program under the tax-property article section 8-211, Annotated Code of Maryland;

- (iii) Any agricultural activity, including agricultural support buildings and structures built using accepted best management practice involving the clearing of 40,000 square feet or greater of forest within a one-year period; and
 - (iv) Subdivision in connection with real estate transactions to provide a security, leasehold, or other legal or equitable interest, including a transfer of title, of a portion of a lot or parcel, if:
 - a. The transaction does not involve a change in land use, or new development or redevelopment, with associated land-disturbing activities; and
 - b. Both the grantor and grantee file the declaration of intent.
- (c) *Declaration of Intent:*
- (1) A person seeking an exemption under subsection (b) above shall submit a declaration of intent to the Department to verify that the proposed activity is exempt.
 - (2) No regulated activity may occur on the area covered by the declaration of intent within five years of the completion of cutting, clearing or grading of forest resources, or in the case of real estate transactions, within five years of the effective date of the declaration of intent.
 - (3) The Department may require a person failing to file a declaration of intent or found not in compliance with a declaration of intent to:
 - (i) Meet the retention, reforestation and afforestation requirements established by this subtitle;
 - (ii) Pay a penalty fee established by fee schedules approved by resolution of the County Council per square foot of forest cut or cleared, but in no case less than the minimum set by State law;
 - (iii) Be subject to other enforcement actions appropriate under Natural Resources Article sections 5-1601—5-1612, Annotated Code of Maryland, and this subtitle; and/or
 - (iv) File a declaration of intent with the Department.

(C.B. 37, 1992; C.B. 4, 1996)

Sec. 16.1203. - Forest Conservation Manual.

The Howard County Forest Conservation Manual is the technical manual used to establish standards of performance required in preparing forest stand delineations and forest conservation plans. The Forest Conservation Manual and amendments to it are prepared by the Department of Planning and Zoning and adopted by resolution of the County Council.

The Manual includes specific standards and guidelines for:

- (a) Submission of forest conservation plans, including forest stand delineations;
- (b) Approval of forest conservation plans;
- (c) Forest retention priorities;
- (d) Reforestation and afforestation calculations, priorities and preferred methods;
- (e) Construction and maintenance agreements and financial security;
- (f) Long-term, binding forest conservation and management agreements;
- (g) Procedural variations for minor subdivisions, single lot site development plans, rural cluster subdivisions, and phased development;
- (h) Forest mitigation banking; and
- (i) Other information necessary to implement this subtitle.

(C.B. 37, 1992; C.B. 4, 1996)

Sec. 16.1204. - Forest conservation plan.

- (a) *Applicability.* Forest conservation plans, consistent with this subtitle and the Howard County Forest Conservation Manual, shall be submitted to the Department with applications for all development not exempt under subsection 16.1202(b).
- (b) *Professionally Prepared.* The forest conservation plan shall be prepared by a licensed forester, landscape architect or other qualified professional as defined in the Forest Conservation Manual.
- (c) *Forest Stand Delineation.* The forest conservation plan shall include a forest stand delineation for the property to be subdivided, developed, or graded. The forest stand delineation shall:
 - (1) Describe the extent and quality of existing forests and other vegetation and its relationship to environmentally sensitive areas on-site and to forest resources on adjacent properties.
 - (2) Be used during the review process to determine the most suitable and practical areas for forest conservation.
- (d) *Forest Conservation Plan.* A forest conservation plan shall:
 - (1) State the net tract area, area of forest conservation required and the area of forest conservation proposed on-site and/or off-site;
 - (2) Show the proposed limits of disturbance;
 - (3) Show locations for proposed retention of existing forest and/or proposed reforestation or afforestation;
 - (4) Justify the following, if existing forest cannot be retained:
 - (i) How techniques for forest retention have been exhausted;
 - (ii) Why the priority forests specified in section 16.1205 cannot be left in an undisturbed condition;
 - (iii) If priority forests and priority areas cannot be left undisturbed, where on the site in priority areas reforestation or afforestation will occur in compliance with subsection 16.1208(a);
 - (iv) How the sequence for preferred reforestation or afforestation methods will be followed in compliance with subsection 16.1208(b); and
 - (v) Why reforestation or afforestation requirements cannot reasonably be accomplished on or off-site, if the applicant proposes payments of an in-lieu fee to the forest conservation fund;
 - (5) Show proposed locations and types of protective devices to be used during construction to protect trees and forests designated for conservation;
 - (6) In the case of reforestation or afforestation, include a reforestation or afforestation plan, with a timetable, description of needed site and soil preparation, and the species, size, and spacing of plantings;
 - (7) Include a binding two-year maintenance agreement as specified in the Manual that details how the areas designated for retention, reforestation or afforestation will be maintained to ensure protection and satisfactory establishment, including a reinforcement planting provision if survival rates fall below required standards. Financial security shall be provided for the maintenance agreement as provided in section 16.1209 and the Manual. Minor subdivisions which meet forest conservation requirements entirely by forest retention are not required to have a two-year maintenance agreement;
 - (8) Include a long-term, binding forest conservation and management agreement with a plat of the forest conservation easement area, as specified in the Manual that:

- (i) Provides protection for areas of forest retention, reforestation and afforestation; and
 - (ii) Limits uses in areas of forest conservation to those uses that are designated and consistent with forest conservation, including recreational activities and forest management practices that are used to preserve forest;
- (9) Include other information the Department determines is necessary to implement this subtitle; and
- (10) Be amended or a new plan prepared, as provided in the Manual, if required as a result of changes in the development or in the condition of the site.

(C.B. 37, 1992; C.B. 4, 1996; C.B. 13, 1999)

Sec. 16.1205. - Forest retention priorities.

- (a) *On-site Forest Retention.* The following vegetation and specific areas are considered priority for on-site retention and protection in the County. Subdivision, site development, and grading shall leave this vegetation and these specific areas in an undisturbed condition unless demonstrated, to the satisfaction of the Department, that reasonable efforts have been made to protect them and the plan cannot be reasonably altered or that forest planting in an alternate location would have greater environmental benefit:
- (1) 100-year floodplain and stream buffers as defined in subsections 16.108(23) and (53) and 16.116(c)(6) of the subdivision regulations;
 - (2) Forested wetlands and wetland buffers as defined in subsections 16.108(6) and 16.116(c)(6) of the subdivision regulations;
 - (3) Trees and other vegetation identified on lists of rare, threatened and endangered species of the U.S. Fish and Wildlife Service or the Department of Natural Resources, critical habitat areas, and forest corridors for wildlife movement;
 - (4) Steep slopes as defined in subsection 16.108(50) of the subdivision regulations;
 - (5) Forest not in any of the sensitive areas above, but contiguous with sensitive areas or with existing forest stands;
 - (6) Property line and right-of-way buffers, particularly adjacent to scenic roads;
 - (7) State champion trees, trees 75 percent of the diameter of State champion trees, and trees 30 inch in diameter or larger;
 - (8) Trees and other forest resources associated with an historic site;
 - (9) Isolated small forest stands or tree groves of less than 10,000 square feet that will be enlarged to meet minimum standards for forest; and
 - (10) Specimen trees not part of any of the above.
- (b) *Off-site Retention:*
- (1) The County or a developer may provide for off-site forest retention at a ratio of two acres of forest retention for every one acre of forest conservation obligation.
 - (2) The vegetation and specific area priorities for locating off-site forest retention under this subsection are the same as provided under subsection (a) of this section.

(C.B. 37, 1992; C.B. 51, 1994; C.B. 4, 1996; C.B. 13, 1999)

Sec. 16.1206. - Reforestation.

- (a) *Requirement to Reforest Areas Which Have Been Cut or Cleared.* The forest conservation plan shall provide for:
- (1) On or off-site reforestation to replace forest which is proposed to be cut or cleared on the net tract area after reasonable efforts to minimize such cutting or clearing; or
 - (2) Payment-in-lieu of reforestation if reforestation cannot reasonably be accomplished.
- (b) *Minimum size.* Areas to be reforested shall be at least 10,000 square feet unless otherwise approved by the Department based on criteria in the Forest Conservation Manual.
- (c) *Calculating the Amount of Reforestation Required.* The amount of reforestation required depends upon the amount of forest cover existing and removed from the net tract area and the land use being developed. The reforestation requirement shall be calculated as follows:
- (1) *Reforestation threshold.* There is a reforestation threshold for all land use categories. The reforestation threshold establishes the percentage of the net tract area at which the reforestation requirement changes. Reforestation requirements for clearing forest below the threshold are greater than for clearing above the threshold. Thresholds for calculating reforestation requirements are as follows:

Land Use	Threshold
Residential: Rural Low Density (Residential lots average 5 acres or more)	50 percent
Residential Rural Medium Density (Residential lots average 1 to 4.99 acres)	25 percent
Residential Suburban (Less than 1 acre per dwelling unit)	20 percent
Commercial/Industrial/Office	15 percent
Institutional	20 percent

- (2) *Reforestation calculation.* For all existing forest cover cleared on the net tract area, measured to the nearest one-tenth acre, the reforestation requirement shall be calculated as follows:
 - (i) One quarter acre shall be reforested, for each acre or portion of an acre cleared above the threshold (one quarter to one ratio).
 - (ii) Two acres shall be reforested for each acre or portion of an acre cleared below the threshold (two to one ratio).
 - (iii) All forest acreage retained above the threshold shall be directly credited against any reforestation obligation (one by one ratio).

(C.B. 37, 1992)

Sec. 16.1207. - Afforestation.

- (a) *Requirement to Afforest.* If existing forest resources are below the following minimums, the forest conservation plan shall provide for:

- (1) Afforestation on-site or off-site; or
- (2) Payment-in-lieu of afforestation if afforestation cannot reasonably be accomplished.
- (b) *Minimum Size.* Areas to be afforested shall be at least 10,000 square feet unless otherwise approved by the Department based on criteria in the Manual.
- (c) *Calculating the Amount of Afforestation Required.* The amount of afforestation required depends upon the amount of forest cover existing and removed from the net tract area and the land use being developed. The afforestation requirement shall be calculated as follows:
 - (1) *Minimum forest cover.* For each land use, the following minimum percentage of forest cover shall be provided:

Land Use	Threshold
Residential: Rural Low Density (Residential lots average 5 acres or more)	20 percent
Residential Rural Medium Density (Residential lots average 1 to 4.99 acres)	20 percent
Residential Suburban (Less than 1 acre per dwelling unit)	15 percent
Commercial/Industrial/Office	15 percent
Institutional	20 percent

- (2) Forest cut or cleared below the required afforestation level shall be afforested at two to one ratio and added to the amount of afforestation necessary to reach the minimum required afforested level, as determined by the amount of forest existing before cutting or clearing began.

(C.B. 37, 1992)

Sec. 16.1208. - Reforestation and afforestation location priorities and preferred methods.

- (a) *Location Priorities.* The following are priority locations for reforestation and afforestation. The Department may approve lower priority locations on this list when such locations better achieve the intent of this subtitle or County land use regulations. If on-site planting would have greater environmental benefit, the Department may approve off-site reforestation or afforestation in high-priority locations within Howard County, preferable within the same subbasin or watershed:
 - (1) Establish or enhance forest in 100-year floodplains and buffers to intermittent and perennial streams as defined in subsections 16.108(23) and (53) and 16.116(a) of the subdivision regulations;
 - (2) Establish or enhance forest in wetlands and 25-foot wetland buffers as defined in subsections 16.108(60) and 16.116(c)(6) of the subdivision regulations;
 - (3) Establish or enhance critical habitat buffers and forest corridors for wildlife movement, the corridors, where practical, being a minimum of 300 feet in width;

- (4) Establish plantings to stabilize slopes of 25 percent or greater and slopes of 15 percent or greater with a soil K value greater than 0.35;
 - (5) Establish forest areas adjacent to existing forests to increase the overall area of contiguous forest cover;
 - (6) Establish buffers along property lines between differing land uses when appropriate, or adjacent to highways or utility rights-of-way, particularly adjacent to scenic roads; and
 - (7) Establish forest areas between small forest and tree stands to build a forest community.
- (b) *Preferred Methods.* The following sequence of reforestation and afforestation methods is preferred. The Department of Planning and Zoning may approve less preferred methods on this list when such methods better achieve the location priorities for reforestation and afforestation, take better advantage of opportunities to consolidate forest conservation efforts, or better achieve the objectives of other County land use regulations.
- (1) Selective clearing and supplemental planting on-site;
 - (2) On-site afforestation or reforestation, if economically feasible, using transplanted or nursery stock that is greater than one and one-half inches diameter measured at four and one-half feet above the ground;
 - (3) On-site afforestation or reforestation, using whip and seedling stock;
 - (4) Landscaping of areas under an approved landscaping plan which establishes a forest that is at least 35 feet wide and 25,000 square feet in area;
 - (5) Off-site afforestation or reforestation, using transplanted or nursery stock that is greater than one and one-half inches diameter measured at four and one-half feet above the ground;
 - (6) Off-site afforestation or reforestation, using whip and seedling stock;
 - (7) Natural regeneration on-site; and
 - (8) Natural regeneration off-site.

(C.B. 37, 1992; C.B. 51, 1994; C.B. 4, 1996)

Sec. 16.1209. - Financial security for reforestation and afforestation.

- (a) *Financial Security Required.* Subject to subsection (b) of this section, a person required to provide retention, afforestation or reforestation under this subtitle shall furnish financial security in the form of a bond, an irrevocable letter of credit, or other security approved by the County. This shall be provided prior to plat recordation if the afforestation or reforestation is required for approval of a subdivision; prior to site development plan approval if the afforestation or reforestation is required for site development plan approval; and prior to grading permit issuance if the afforestation or reforestation is required for issuance of a grading permit. The surety shall:
- (1) Assure that the afforestation, reforestation, and the associated maintenance agreement are implemented in accordance with the approved forest conservation plan;
 - (2) Be in an amount equal to the estimated cost, as approved by the County, of reforestation and afforestation; and
 - (3) Be in a form and of a content approved by the County.
- (b) *Exception for Minor Subdivisions.* Minor subdivisions that meet forest conservation requirements entirely by forest retention are not required to provide financial security.
- (c) *Reduction of Financial Security.* After one growing season following the afforestation or reforestation the County may, at the written request of the person required to file financial security, reduce the

amount of the bond or other financial security. The request shall provide a justification for reducing the bond or other financial security amount, in accordance with criteria by the County.

- (d) *Release of Financial Security.* If, after two growing seasons following the afforestation or reforestation or as provided in the maintenance agreement, the plantings associated with the afforestation or reforestation meet or exceed the standards of the Manual, the amount of the bond, letter of credit, or other security shall be returned or released.
- (e) *Default and Lien.* If, after two growing seasons or as provided in the maintenance agreement, the plantings do not meet the aforesaid standards, the County shall have the right to draw on the security according to its terms and use the sums withdrawn for the costs incurred by the County in achieving the afforestation or reforestation standards required by the plan and manual. Any costs incurred by the County in excess of the security amount shall be charged against the developer and, unless they are paid or appealed to the Board of Appeals within 30 days after billing by the County, shall become a final lien against the property being developed and shall in every respect be treated as County real estate taxes.

(C.B. 37, 1992; C.B. 4, 1996)

Sec. 16.1210. - Fee-in-lieu of afforestation or reforestation.

- (a) *Fee-In-Lieu Authorized:*
 - (1) The Department may approve the payment of a fee-in-lieu of afforestation or reforestation:
 - (i) When afforestation or reforestation requirements cannot be reasonably accomplished on-site or off-site based on criteria in the Manual; or
 - (ii) When a landowner requests a modification of a recorded forest conservation easement.
 - (2) The fee-in-lieu shall be calculated on a square-foot basis at a rate established in the fee schedule adopted by resolution of the County Council, but in no event shall it be less than the minimum set by State law.
- (b) *Timing—Payment of Fee-In-Lieu* Fee-in-lieu of payments shall be paid to the County:
 - (1) For a project not subject to a recorded forest conservation easement, prior to plat recordation of a subdivision, prior to approval of a site development plan or, if none, prior to issuance of a grading permit; or
 - (2) When a landowner requests a modification of a recorded forest conservation easement, prior to the recordation of the revised subdivision plat or plat of forest conservation easement.

(C.B. 37, 1992; C.B. 13, 1999)

Sec. 16.1211. - Forest conservation fund.

- (a) *Fund Established.* The Director of Finance shall establish an account to be known as the forest conservation fund. No monies deposited in this account may revert to the general fund.
- (b) *Source of Moneys in Forest Conservation Fund.* Fees paid in-lieu of reforestation or afforestation under section 16.1210 of this subtitle and noncompliance fees paid pursuant to subsection (c) of this section shall be deposited in the forest conservation fund. Interest earned by money in the forest conservation fund shall remain in the fund.
- (c) *Noncompliance Penalties.* The noncompliance penalty is a fine per square foot of forest cut, cleared or graded which may be assessed against violators of this subtitle as specified in section 16.1212 of this subtitle. The amount of the noncompliance penalty is set by resolution of the County Council, and in no event shall it be less than the minimum set by State law.

(d) *Use of Forest Conservation Fund:*

- (1) The minimum in-lieu-of fees established by the State may be expended by the County:
 - (i) For afforestation or reforestation within Howard County, including site identification, acquisition, and preparation;
 - (ii) For acquisition of forest retention easements;
 - (iii) For maintenance of existing forests; and
 - (iv) For creating urban canopy.
- (2) In-lieu-of fees above the State minimums and noncompliance penalties may be used by the County for any purposes related to implementation of the County Forest Conservation Program.

(C.B. 37, 1992; C.B. 13, 1999; C.B. 10, 2014, § 1)

Sec. 16.1212. - Enforcement; penalties.

The provisions of this subtitle may be enforced with any or all of the following measures:

- (a) *Revocation of Exemption.* The Department may revoke an exemption for properties that are in violation of the conditions of exemption set forth in subsection 16.1202(b) above and may require compliance with the retention, reforestation and afforestation requirements of this subtitle. Prior to revocation, the Department shall notify the violator in writing and provide an opportunity for a response.
- (b) *Revocation of Approved Forest Conservation Plan.* The Department may revoke an approved forest conservation plan for cause, including any of the following conditions. Prior to revocation, the Department shall notify the violator in writing and provide an opportunity for a response.
 - (1) Noncompliance with this subtitle or with conditions of an approved forest conservation plan;
 - (2) Obtaining approval of the plan through fraud, misrepresentation, a false or misleading statement, or omission of a relevant or material fact.
- (c) *Stop-Work Order.* The County may issue a stop-work order against any violator of this subtitle, the Manual, an order, an approved forest conservation plan, the associated two-year maintenance agreement and long-term conservation and management agreement, or a declaration of intent.
- (d) *Injunction.* The County may seek an injunction requiring a violator to cease the violation and take corrective action to restore or reforest an area.
- (e) *Noncompliance Penalties.* The County may assess a noncompliance penalty as defined in section 16.1211 above, against a violator of this subtitle, the Manual, an order, an approved forest conservation plan, an associated two-year maintenance agreement, a long-term conservation and management agreement or a declaration of intent.
- (f) *Civil Penalties.* In addition to and concurrent with all other remedies, the Department of Planning and Zoning may enforce the provisions of this subtitle or an approved forest conservation plan with civil penalties pursuant to the provisions of title 24, "Civil Penalties," of the Howard County Code. A violation shall be a Class A offense. Each day a violation continues is a separate violation.

(C.B. 37, 1992)

Sec. 16.1213. - Mitigation by County.

In the event that any person develops land in violation of this subtitle without an approved forest conservation plan and any other required development approvals and permits, the County shall, after first giving the developer the opportunity to comply, have the right to enter upon the property being developed

and afforest or reforest the property in accordance with the thresholds and standards of this subtitle and the Manual. The County may instead undertake off-site afforestation or reforestation if this would better serve the purposes of this subtitle. In either case, the County shall charge all afforestation and reforestation costs incurred by it against the developer, including but not limited to consultant fees and overhead and administrative costs. Unless the charges are paid or appealed to the Board of Appeals within 30 days after billing by the County, they shall become a final lien on the property being developed and shall in every respect be treated as County real estate taxes. The County's right to mitigate and recover its costs shall be in addition to the fines and other sanctions it may impose under section 16.1212 of this subtitle.

(C.B. 37, 1992)

Sec. 16.1214. - Appeals.

Any person specially aggrieved, as defined by subsection 16.103(b) of the Howard County Code, by an administrative decision of the Director of Planning and Zoning in relation to this subtitle may, within 30 days of the decision, appeal the decision to the Howard County Board of Appeals according to its rules of procedure.

(C.B. 37, 1992)

Cross reference— Board of Appeals, § 16.300 et seq.

Sec. 16.1215. - Waivers.

- (a) The Department may grant waivers to the requirements of this subtitle in accordance with the standards and procedures of subsection 16.103(c) of the subdivision regulations, provided that the Department must find that granting of the waiver will not adversely affect water quality.
- (b) Notice of a request for a waiver shall be given by the Department of Planning and Zoning to the Maryland Department of Natural Resources within 15 days of receipt of a request for a waiver.

(C.B. 37, 1992)

Sec. 16.1216. - Forest mitigation banking.

- (a) *Opportunity to Create a Forest Mitigation Bank.* The Howard County Department of Recreation and Parks or a private property owner with the Department of Planning and Zoning's approval, may establish a forest mitigation bank. Mitigation bank easement rights may be purchased by a developer when the Department of Planning and Zoning determines that all or a portion of a project's reforestation or afforestation obligations can be met off-site and that the mitigation bank has met all requirements.
- (b) *Minimum Size.* Mitigation banks shall be at least one acre in area unless otherwise approved by the Department.
- (c) *Location Priorities.* Forest mitigation banks shall be located in accordance with the highest five reforestation and afforestation priorities specified in subsection 16.1208(a)(1) through (5) of this subtitle.
- (d) *Preferred Methods.* Forest mitigation banks shall be planted using nursery stock, whips, or seedlings, but not natural regeneration.
- (e) *Approval Procedure.* Private forest mitigation bank applicants shall submit for the Department's approval the proposed location and a forest planting plan, prepared by a qualified professional, with

a timetable, description of needed site and soil preparation, and the species, size, and spacing of planting. Upon completion of all forest planting, the qualified professional shall certify compliance with the approved forest conservation plan.

- (f) *Long-Term, Binding Forest Conservation and Management Agreement.* At the end of two years, or longer if required, a qualified professional shall certify that the survival rates specified in the Manual have been achieved. The Applicant shall record a forest conservation easement plat and long-term binding forest conservation and management agreement in accordance with procedures outlined in the Manual.

(C.B. 4, 1996)

Sec. 16.1217. - Severability.

If any section, subsection, sentence, clause, phrase or portion of this subtitle is held invalid or unconstitutional by any court of competent jurisdiction, that portion shall be deemed a separate, distinct and independent provision; and the holding shall not affect the validity of the remaining portions of the subtitle.

(C.B. 37, 1992)

SUBTITLE 13. - CEMETERY PRESERVATION

Sec. 16.1300. - Short title; background; purpose.

- (a) *Short Title.* This subtitle shall be known as the Cemetery Preservation Act of Howard County.
- (b) *Background.* This subtitle arose out of the attempted development of a particular cemetery in Howard County, which highlighted the need for greater protection for old cemeteries and burial grounds from development.
- (c) *Purpose.* The purpose of this subtitle is to foster preservation of cemeteries and burial grounds in Howard County.

(C.B. 13, 1993)

Sec. 16.1301. - Definitions.

Cemetery means any land or structure used or intended to be used for the interment of human remains. The sprinkling of ashes or their burial in a biodegradable container or their placement in a columbarium shall not constitute the creation of a cemetery. The term *cemetery* shall include the terms *graveyards* and *burial grounds*.

(C.B. 13, 1993)

Sec. 16.1302. - Cemetery Preservation Advisory Board.

- (a) *Establishment.* There is hereby established a Cemetery Preservation Advisory Board to carry out the purposes of this subtitle.
- (b) *Membership and Appointment:*
 - (1) *General provisions.* General provisions applicable to this board are set forth in [section 6.336 of] subtitle 3, "Boards and Commissions," of title 6, "County Executive and the Executive Branch," of the Howard County Code.

- (2) *Number of members.* The Board shall have a membership of seven persons.
- (3) *Qualifications:*
 - (i) Five members of the Board shall be residents of Howard County.
 - (ii) One of the members shall be a member of the development-building industry.
 - (iii) One of the members shall be a representative of the religious community.
 - (iv) One of the members shall be a member of the funeral-cemetery business.
 - (v) Two of the remaining members shall be qualified by special interest, knowledge, or training in such fields as history, architecture, preservation, genealogy, and urban design, and who have knowledge of and demonstrated an interest in the preservation of old burial grounds and cemeteries.
 - (vi) Two members shall represent the general public.

(C.B. 13, 1993)

Sec. 16.1303. - Inventory of cemeteries.

- (a) *Establishment of Inventory.* The Department of Planning and Zoning, in cooperation with the Cemetery Preservation Advisory Board, shall propose, and the County Council shall establish, an inventory of all known cemeteries in the County, together with a description of the geographical location of each and a record of the owners of each burial ground.
- (b) *Maintenance of Cemetery Inventory Map.* The Department of Planning and Zoning shall maintain a current map which depicts the location of all known cemeteries in the County based on the above inventory.

(C.B. 13, 1993)

Sec. 16.1304. - Development or subdivision in a cemetery.

- (a) *Accommodation.* When a property owner proposes to develop a property, through submission of a subdivision sketch plan, preliminary equivalent sketch plan, or a site development plan, on which is located a cemetery which is shown on the inventory map, the property owner shall:
 - (1) Accommodate the cemetery with the development, by placing the cemetery in a nonbuildable lot with a cemetery designation, by dedicating the cemetery to a homeowner's association or a preservation, conservation or religious organization, by providing that the cemetery be used as a cemetery in perpetuity, and by providing public access to the cemetery. Any land placed in a nonbuildable cemetery lot designation pursuant to this section may be counted towards open space requirements. Alternatively, a property owner may leave the deed to the cemetery in the private ownership and care of a family.
 - (2) Conduct a title search of the parcel extending back to the original patent to ascertain whether covenants relating to the cemetery had been executed.
 - (3) Establish the boundaries of the cemetery as approved by the Department of Planning and Zoning whenever the cemetery boundaries are either not well defined or in dispute, using any or all of the following methods:
 - (i) Historical documentation;
 - (ii) Professional archaeology;
 - (iii) Ground-penetrating radar;

- (iv) Oral history, claims of descendants, vital records;
 - (v) Proton magnetometry; and/or
 - (vi) Other approved nondestructive techniques.
- (b) *Accommodation at Preliminary or Final Plan.* If a cemetery is discovered after the approval of sketch plan or preliminary equivalent sketch plan or if a sketch plan is not required to be submitted, then all the requirements of [this] section 16.1304 shall apply to the submission of a preliminary subdivision plan or a final subdivision plan for a property that contains a cemetery.
- (c) *Submission of Cemetery Boundary Documentation and Accommodation Plan.* Once the property owner determines the boundaries of the cemetery using one or more of the foregoing methods, the property owner shall submit to the Department of Planning and Zoning the documentation of the boundaries of the cemetery, and a plan showing how the cemetery will be accommodated with the development and how public access to the cemetery will be provided, in accordance with subsection (a) above.
- (d) *Meeting.* The Department of Planning and Zoning shall forward the information provided in subsections (a) and (c) above to the Planning Board. The Board shall consider this information at a regular Planning Board meeting.
- (e) *Recommendation—Decision.* The Planning Board shall make a recommendation to the Department of Planning and Zoning on the property owner's plan. The Department of Planning and Zoning shall expeditiously make a final decision on the matter. In the event that the Department of Planning and Zoning determines that an accommodation of the cemetery with the development cannot reasonably be accomplished without denying the property owner reasonable use of its entire property, then the Department of Planning and Zoning shall require the property owner to develop, and it shall approve, a plan for appropriate treatment of the cemetery in accordance with State law.

(C.B. 13, 1993)

Sec. 16.1305. - Discovery of cemetery.

- (a) *Discovery.* If any person discovers the existence of previously unknown human remains, tombstones, funerary objects, or other evidence of a cemetery which reasonably indicates the presence of a cemetery in the course of grading, construction or work of any kind, that person shall stop work immediately in the discovered area and shall give notice of its discovery within 24 hours to the State's attorney, the County Health Officer, the Department of Planning and Zoning, the Department of Public Works, and the Department of Inspections, Licenses and Permits. All permits issued by the Department of Inspections, Licenses and Permits relating to the discovered area shall be suspended and the property owner shall stop all work in the discovered area until a determination is made pursuant to subsection (b) of this section.
- (b) *Determination.* The Department Planning and Zoning, in consultation with the Cemetery Preservation Advisory Board, shall determine if the discovered area provided in subsection (a) above is a cemetery. In making this determination, the Department of Planning and Zoning, in consultation with the cemetery preservation advisory board, may require the property owner to comply with subsection 16.1304(a)(2) and (3). If it is determined that the area is not a cemetery, the stop-work order shall be lifted and the suspended permits released by the Department of Inspections, Licenses and Permits.
- (c) *Cemetery protection.* If it is determined that the discovered area is a cemetery, the property owner shall comply with the requirements of section 16.1304 of this subtitle. However, the Department of Planning and Zoning, in consultation with the Cemetery Preservation Advisory Board, may waive these requirements in a discovery situation, on a case-by-case basis, based on the criteria for waivers of the subdivision regulations contained in section 16.104 of the Howard County Code.

(C.B. 13, 1993)

Sec. 16.1306. - Removal prior to development.

If a property owner removes human remains from a cemetery prior to entering the development or subdivision process, then any subsequent development of the area formerly occupied by the cemetery shall be prohibited.

(C.B. 13, 1993)

Sec. 16.1307. - Appeal.

Any person specially aggrieved by any decision of a County agency made under this subtitle may, within 30 days thereof, appeal the decision to the Board of Appeals of Howard County.

(C.B. 13, 1993)

Sec. 16.1308. - Enforcement.

Where there is any violation of this subtitle or any action taken thereunder Howard County shall institute appropriate action to compel compliance with the provisions of this subtitle. In addition to and concurrent with all other remedies, Howard County may enforce the provisions of this subtitle with civil penalties pursuant to the provisions of title 24, "Civil Penalties," of the Howard County Code. A violation shall be a Class A offense.

(C.B. 13, 1993)

Sec. 16.1309. - Severability.

If any portion of this subtitle is held invalid or unconstitutional, the invalidity or unconstitutionality of that portion shall not affect the remaining portions of the subtitle.

(C.B. 13, 1993)

SUBTITLE 14. - SCENIC ROADS

Sec. 16.1401. - Short title; purpose; components.

- (a) *Short Title.* This subtitle shall be known as "The Scenic Roads Act."
- (b) *Purpose.* The scenic roads act is established to protect the character of certain roads or road segments in the County which have outstanding scenic or historic value and pass through areas of the County where forest, agricultural or historic features are predominant.
- (c) *Three Components of Scenic Roads Program.* This subtitle is part of a scenic roads program which has three components: Designation of scenic roads; development of land abutting scenic roads; and improvements to scenic roads.
 - (1) *Designation of scenic roads.* This subtitle provides for the designation of scenic roads through the adoption of a scenic roads inventory by the County Council.
 - (2) *Development of land abutting scenic roads.* The second component of the scenic roads program ensures that new development abutting a scenic road is designed to minimize impacts on scenic views from the road while allowing for development of land as permitted by the zoning

regulations. This is accomplished through requirements and guidelines of the zoning, subdivision and land development, and forest conservation regulations, using mechanisms such as lot clustering, open space, forest conservation, protection of slopes, wetlands and streams, and landscaping.

- (3) *Improvements to scenic roads.* The third component addresses features of the road itself that contribute to the road's scenic character, such as width, alignment, and vegetation or slopes within the right-of-way. The County's development regulations, capital project procedures, and road design standards require that improvements within the right-of-way of scenic roads be designed to preserve the character of the road while providing safe conditions for traffic.

(C.B. 51, 1994)

Sec. 16.1402. - Characteristics of scenic roads.

- (a) *Definition.* Scenic roads are public roads in the County which have one or more of the following characteristics:
 - (1) Pass through an area of outstanding natural environmental features providing views of scenic elements such as forests, steep topography, and stream or river valleys;
 - (2) Provide outstanding views of rural, agricultural landscapes including scenic elements such as panoramic or distant views, cropland, pastures, fields, streams, ponds, hedgerows, stone or wooden fences, farm buildings and farmsteads;
 - (3) Follow historic road alignments and provide views of historic resources; or
 - (4) A large proportion of the road provides frontage for properties that are in a historic district or subject to perpetual or long-term agricultural, environmental or historic easements.
- (b) *Features of Scenic Road Rights-of-Way.* The rights-of-way of scenic roads also have features which contribute to scenic character, such as narrow pavement width, embankments, road alignments which conform closely to natural topography, hedgerows, mature trees or forest along the edges of the roadway, and other features by which the road reflects and is related to the surrounding landscape.

(C.B. 51, 1994)

Sec. 16.1403. - Scenic roads inventory.

- (a) *Adoption by Council resolution.* The County Council may, by resolution, adopt a scenic roads inventory which designates certain roads or road segments in the County as scenic roads. After initial adoption of the scenic roads inventory, roads or road segments may be added or deleted by County Council resolution.
- (b) *Road Must Meet Definition.* The County Council may include a road or road segment in the scenic roads inventory if it finds that the road has one or more of the characteristics listed in subsection 16.1402(a) above.
- (c) *Contents of Inventory.* The scenic roads inventory shall:
 - (1) Identify all scenic roads;
 - (2) Describe in general terms the scenic elements of views from the road; and
 - (3) Describe in general terms the features of the road right-of-way.

(C.B. 51, 1994)

Sec. 16.1404. - Alterations to scenic road rights-of-way.

(a) *County Maintained Scenic Roads:*

- (1) *Standards.* The road design manual adopted pursuant to section 18.210 of this Code shall include standards for scenic roads. The standards shall protect the features of the scenic road right-of-way that contribute to the scenic character of the road when necessary road improvements are made.
- (2) *Protecting scenic character.* Scenic roads may be altered to make necessary safety, access, drainage, or road capacity improvements, including improvements to meet the requirements of the adequate public facilities act (title 16, subtitle 11) or to install pull-offs or utility, water or sewage systems. Projects which alter the appearance of a scenic road, including maintenance, capital projects and improvements required through the subdivision or development process, shall be designed to protect to the maximum extent possible the features of the road right-of-way that contribute to the scenic character of the road.

(b) *State Maintained Scenic Roads.* State maintained scenic roads are not subject to design standards and other County regulations governing alterations to the road right-of-way. The County will seek to work cooperatively with the State Highway Administration in the design of alterations to State roads.

(c) *Effect of Adequate Public Facilities Act.* Scenic roads are subject to the requirements of the adequate public facilities ordinance (title 16, subtitle 11). To limit alterations to an intersection involving a scenic road under the provisions of the adequate public facilities ordinance, such an intersection may be designated a "constrained road facility" by the County Council in accordance with subsections 16.1101(f)(4) and 16.1110(e) of this Code. Restrictions on improvements to a constrained road facility shall not be grounds for denial of subdivision plans or site development plans that would otherwise be subject to required road improvements under the adequate public facilities ordinance.

(C.B. 51, 1994)

SUBTITLE 15. - DESIGN ADVISORY PANEL

Sec. 16.1500. - Short title; purpose.

- (a) *Short Title.* This subtitle shall be known as the Design Advisory Panel Act.
- (b) *Purpose.* There shall be a Howard County Design Advisory Panel ("panel") in order to encourage excellence in architecture and site design, to improve design compatibility with surrounding development, to promote revitalization, and to enhance property values.

(C.B. 24, 2008, § 6; C.B. 42, 2009, § 1; C.B. 15, 2010, § 1; C.B. 51, 2015, § 1)

Sec. 16.1501. - Duties.

(a) *Generally.* The Design Advisory Panel shall review and provide design advice on new development and redevelopment projects:

- (1) On parcels located the U.S. Route 1 Corridor that are zoned CE, CAC, OR TOD, or that adjoin the Route 1 right-of-way and that are subject to the Route 1 Manual;
- (2) On parcels located within the Route 40 Corridor as defined in the Route 40 Design Manual;
- (3) On parcels on which age-restricted adult housing is to be constructed pursuant to a conditional use;

- (4) On redevelopment parcels located in New Town Village Centers with boundaries proposed by a property owner or established by the Zoning Board or County Council;
 - (5) On parcels included within the boundaries of the Downtown Columbia Plan;
 - (6) On parcels on State Route 108, between Guilford Road and Trotter Road, that are within the boundaries of the Clarksville Pike Streetscape Plan and Design Guidelines;
 - (7) In other areas for which a design manual is adopted by the County Council; and
 - (8) As provided by the zoning regulations, on parcels located in the following zoning districts including, without limitation:
 - (i) Section 111.1: R-H-ED (Residential: Historic—Environmental District);
 - (ii) Section 112.1: R-APT (Residential: Apartments);
 - (iii) Section 117.0: BRX (Business Rural Crossroads) District;
 - (iv) Section 121.0: CEF (Community Enhancement Floating) District;
 - (v) Section 121.1: CR (Community Redevelopment) Overlay District; and
 - (vi) Section 128.0: Supplementary Zoning District Regulations for non-conforming uses in the CLI (continuing Light Industrial)—Overlay District.
- (b) *Downtown Columbia* . Related to Downtown Columbia, the panel shall provide advice to:
- (1) The Zoning Board and the Planning Board regarding plans for New Town Village Center Redevelopments in which Village Center Boundaries have been proposed by a property owner or established by the Zoning Board or by the County Council;
 - (2) The County Council in amending Downtown-Wide Design Guidelines;
 - (3) The Planning Board regarding the consistency of the Downtown Neighborhood Design Guidelines to the Downtown-Wide Design Guidelines; and
 - (4) The Planning Board regarding the consistency of site development plans submitted for approval to the Neighborhood Design Guidelines.

(C.B. 24, 2008, § 6; C.B. 42, 2009, § 1; C.B. 15, 2010, § 1; C.B. 38, 2010, § 1; C.B. 51, 2015, § 1)

Sec. 16.1502. - Membership; staff, records; meetings.

- (a) *General Provisions* . General provisions applicable to the panel are set forth in subtitle 3, "Boards and Commissions" of title 6, "County Executive and the Executive Branch" of this Code.
- (b) *Number of Members; Method of Appointment* . The panel shall consist of seven members who shall be appointed by the County Executive and confirmed by the County Council.
- (c) *Qualifications*:
 - (1) Each member must be a professional in architecture, civil engineering, landscape architecture, urban planning, or a related field.
 - (2) At least two members shall be architects who are licensed in Maryland;
 - (3) At least one member shall be a civil engineer who is licensed in Maryland;
 - (4) At least one member shall be a landscape architect who is licensed in Maryland; and
 - (5) At least one member shall be an urban planner.
- (d) *Reappointment* . A panel member shall be eligible for reappointment in accordance with section 404 of the Howard County Charter.

- (e) *Executive Secretary* . The Director of the Department of Planning and Zoning, or the Director's designee, shall, serve as the Executive Secretary to the panel.
- (f) *Maintenance of Records* . The records of all proceedings and the basis for all findings shall be maintained in the normal course of business.
- (g) *Meetings*. The panel shall meet at least twice a month and, if necessary, more frequently meeting notice shall include posting notice on the Howard County web site.

(C.B. 24, 2008, § 6; C.B. 51, 2015, § 1)

Sec. 16.1503. - Guidelines and principles.

- (a) The panel is to apply architectural, landscape architecture, and urban design principles in order to achieve the following objectives in a proposed plan:
 - (1) Site planning which creates attractive visual and functional relationships of the on-site design elements and between the site and the surrounding area;
 - (2) Buildings and other structures which are spatially and visually integrated into and suitable for the site and surrounding area;
 - (3) Architectural features which articulate the structures, create an identity for the development while being in harmony with the adjacent and surrounding built environment, and are consistent with the:
 - (i) Design requirements and recommendations of the Route 1 Manual;
 - (ii) Design requirements and recommendations of the Route 40 Design Manual;
 - (iii) Criteria of a conditional use, as applicable;
 - (iv) New Town Village Center design guidelines, as applicable;
 - (v) Downtown-wide Design Guidelines, as applicable;
 - (vi) Downtown Neighborhood Design Guidelines, as applicable; or
 - (vii) Design requirements and recommendations of the Clarksville Pike Streetscape Plan and Design Guidelines.
 - (4) Open space which provides visual functional integration of the streetscape, public spaces, and pedestrian connections and transportation connections;
 - (5) Landscaping which enhances the architectural and site design, works with the natural features of the site, provides adequate screening, and defines spaces on the site; and
 - (6) Design objectives in the Route 1 Manual, the Route 40 Design Manual, compatibility criteria for age-restricted adult housing set forth in section 131.N.1 of the Howard County Zoning Regulations, the design guidelines for the appropriate New Town Village Center, the Clarksville Pike Streetscape Plan and Design Guidelines, the Downtown-wide Design Guidelines, or the Downtown Neighborhood Design Guidelines for Downtown Columbia Revitalization.
- (b) Notwithstanding any provision of this Subtitle to the contrary, for reviews pursuant to the requirements of the Zoning Regulations, the Panel may use:
 - (1) Principles and general guidelines included in this section;
 - (2) Any principle or guideline as set forth in the Zoning Regulations; and
 - (3) General professional principles and practices current within the industry.
- (c) Panel members are encouraged to draw from a wide array of relevant design principles and practices in formulating design advice and making formal recommendations, especially for those applications that are not the subject of an adopted design manual or guidelines.

(C.B. 24, 2008, § 6; C.B. 42, 2009, § 1; C.B. 15, 2010, § 1; C.B. 38, 2010, § 1; C.B. 51, 2015, § 1)

Sec. 16.1504. - Review required; recommendations; condition of decision.

- (a) *Recommendations* . The panel shall make recommendations consistent with the Route 1 Manual, the Route 40 Design Manual, compatibility criteria for age-restricted adult housing, New Town Village Center Design Guidelines, Clarksville Pike Streetscape Plan and Design Guidelines, Downtown-wide Design Guidelines or Downtown Neighborhood Design Guidelines for Downtown Columbia Revitalization regarding:
- (1) The design for buildings, vehicular circulation and access, pedestrian access and linkages, parking, loading, dumpsters, exterior mechanical units, existing trees, landscaping, and walls and fences;
 - (2) Building scale and massing in relation to and compatible with the surrounding area;
 - (3) Building architectural style, materials, entrances, windows, roof design, and colors;
 - (4) Open space on the site including pathways, public spaces, amenity areas, and similar features;
 - (5) The design of exterior lighting devices and potential disturbances to the public and adjacent properties; and
 - (6) The location, size, and design of the exterior signs.
- (b) *Recommendations of the Panel* . When this title, the zoning regulations, or any other law require the panel to review plans for development or redevelopment, panel recommendations may be considered by the:
- (1) Zoning board;
 - (2) Planning board;
 - (3) Hearing authority when making a final decision on a conditional use or as a condition of conditional use approval for age-restricted adult housing;
 - (4) Department of Planning and Zoning; and
 - (5) County Council.

(C.B. 24, 2008, § 6; C.B. 42, 2009, § 1; C.B. 15, 2010, § 1; C.B. 38, 2010, § 1; C.B. 51, 2015, § 1)

Sec. 16.1505. - Timing of recommendations; subsequent submittals; further review; appeal.

- (a) *Recommendations Prior to Initial Submission*. The panel shall consult with and make recommendations to the Director of the Department of Planning and Zoning prior to the initial submission for a conditional use or of a development plan as set forth in the subdivision and land development regulations.
- (b) *Recommendations within 45 Days*. Unless a delay was caused by the failure of an applicant to submit information requested by the panel, the panel shall make a recommendation within 45 days of acceptance of a plan. If a delay was not caused by the applicant and the panel fails to make a recommendation within 45 days of acceptance of the plan, further panel review is not required. A development plan may then be submitted to the Department of Planning and Zoning in accordance with the subdivision and land development regulations.
- (c) *Subsequent Submittals*. The panel may require the applicant to provide up to one subsequent submittal for review and advice. Subsequent review shall be completed and a recommendation shall be made within 30 days of the panel's receipt of the subsequent submittal.

- (d) *Phased Review Requested by Applicant.* At the time of plan submittal and depending on the scale and phasing of the proposed development, an applicant may request that the panel review a plan in a series of two or more steps.
- (e) *Appeal.* The decision of the Director of the Department of Planning and Zoning is final and can be appealed in accordance with section 16.105 of the Howard County Code.

(C.B. 24, 2008, § 6)

Sec. 16.1506. - Rules of procedure.

The Design Advisory Panel shall adopt rules of procedure necessary for the discharge of its duties that shall include provisions for notice to the public of the panel's meetings, a procedure for the public to provide written comments to the panel, and a procedure for the distribution of meeting minutes to those who have provided written comments.

(C.B. 24, 2008, § 6)

Sec. 16.1507. - Fees.

The Director of the Department of Planning and Zoning may recommend fees for review by the Design Advisory Panel that shall be adopted by resolution of the County Council.

(C.B. 24, 2008, § 6)

SUBTITLE 16. - ENFORCEMENT OF THE HOWARD COUNTY SUBDIVISION AND LAND DEVELOPMENT REGULATIONS AND THE ZONING REGULATIONS^[12]

Footnotes:

--- (12) ---

State Law reference— Enforcement of zoning, subdivision and land development regulations, Ann. Code of Md. art. 66B, §§ 1.02, 14.02, 7.06.1.

Sec. 16.1600. - Definitions.

Terms in this subtitle have the meanings indicated:

- (a) *Alleged violator* means a person to whom a citation or notice of violation has been issued for an alleged violation of the subdivision and land development regulations set forth in Subtitle 1 of this title or the Howard County Zoning Regulations.
- (b) *Citation* means a citation for a violation of the subdivision and land development regulations set forth in subtitle 1 of this title or the Howard County Zoning Regulations issued under section 16.1603 of this subtitle.
- (c) *Director* means the Director of the Department of Planning and Zoning or the Director's designee.
- (d) *Notice of violation* means a notice of violation issued under section 16.1602 of this subtitle for a violation of the subdivision and land development regulations set forth in subtitle 1 of this title or the Howard County Zoning Regulations.

(C.B. 3, 2008, § 5)

Sec. 16.1601. - Authority of the County; nature of equitable relief.

- (a) *County Authority.* In addition to any other remedy authorized by law, the County may:
- (1) Enforce the subdivision and land development regulations set forth in this Code, subtitle 1 of title 16, and the Howard County Zoning Regulations in accordance with the procedures set forth in this subtitle;
 - (2) Abate a violation of the subdivision and land development regulations set forth in this Code, subtitle 1 of title 16, or the Howard County Zoning Regulations as provided in this subtitle; and
 - (3) Maintain an action in a court of competent jurisdiction for an injunction; or
 - (4) File a petition for equitable relief in the District Court.
- (b) *Nature of Equitable Relief.* The County may request the court to:
- (1) Enjoin a violation;
 - (2) Require the restoration of a property, to the extent possible, to its condition before the violation, including the removal of the source of the violation; and
 - (3) Order other relief as may be necessary to remedy a violation.

(C.B. 3, 2008, § 5)

Sec. 16.1602. - Notice of violation.

- (a) *Duty to Investigate.* The Director shall investigate an alleged violation to determine whether a violation exists or has occurred.
- (b) *Authority to Issue Notice of Violation.* After investigation, if the Director believes that a violation of the subdivision and land development regulations set forth in subtitle 1 of this title or the Howard County Zoning Regulations exists or has occurred, the Director may issue a notice of violation to the alleged violator.
- (c) *No Requirement to Issue.* The Director is not required to issue a notice of violation:
- (1) For a repeated violation for which a citation under section 16.1603 of this subtitle has been issued; or
 - (2) If a notice of violation is not required by law or regulation.
- (d) *Contents of Notice of Violation.* A notice of violation:
- (1) Shall be in writing;
 - (2) Shall contain the name and address of the alleged violator;
 - (3) Shall contain the time when the violation occurred and the place;
 - (4) Shall include certification by the inspector, attesting to the best of the inspector's knowledge, that a violation exists or has occurred;
 - (5) Shall describe with particularity the nature of the violation, including a reference to the Code or County provision allegedly violated, and the manner of abatement;
 - (6) Shall include a reasonable time to abate the violation or prevent future violations;
 - (7) May include an order to stop work and abate any violations; and

- (8) Shall include a statement that failing to comply with the notice may result in one or all of the following:
 - (i) Civil penalties; and
 - (ii) A lien on the property for civil penalties and costs of compliance if the County corrects the violation.
- (e) *Service of Notice of Violation.* A notice of violation shall be served in one of the following methods:
 - (1) Personal service;
 - (2) Certified or registered mail, restricted delivery, return receipt requested;
 - (3) First class mail to the last known address of the alleged violator; or
 - (4) When service cannot be obtained by one of these methods, a copy of the notice of violation may be posted in a conspicuous place on the property.
- (f) *Time for Correction.* An alleged violator shall make the correction within the time required by the notice of violation.
- (g) *Notice of Violation Not Appealable.* An alleged violator may not appeal a notice of violation issued under this section.

(C.B. 3, 2008, § 5)

Sec. 16.1603. - Citation.

- (a) *Authority to Issue.* The Director may issue a citation to an alleged violator:
 - (1) After the issuance of a notice of violation if the violation continues after the reasonable time Stated in the notice of violation has passed; or
 - (2) If law or regulation does not require the issuance of a notice of violation, when the Director determines that a violation of the subdivision and land development regulations set forth in subtitle 1 of this title or the Howard County Zoning Regulations exists or has occurred.
- (b) *Content of Citation.* A citation shall:
 - (1) Be in writing;
 - (2) Include certification by the inspector, attesting to the best of the inspector's knowledge, that a violation exists or has occurred;
 - (3) Contain the name and address of the alleged violator;
 - (4) Describe in particularity the nature of the violation, including a reference to the Code or County provision allegedly violated;
 - (5) Contain the time when the violation occurred and the place;
 - (6) Include any fine to be assessed including a statement that a lien may be placed on the property for civil fines and costs of compliance if the County corrects the violation;
 - (7) Contain the manner, location, and time in which a fine may be paid; and
 - (8) Include a statement that the alleged violator has the opportunity to be heard before the Hearing Examiner.
- (c) *Service of Citation.* A citation shall be served in the same manner as a notice of violation as set forth in subsection 16.1602(e) of this subtitle.
- (d) *Director to Retain Copy.* The Director shall retain a copy of a citation.

(C.B. 3, 2008, § 5)

Sec. 16.1604. - Authority of the Hearing Examiner; Board of Appeals.

- (a) *Authority.* The Hearing Examiner shall consider a citation issued under this subtitle for a violation of the subdivision and land development requirements set forth in subtitle 1 of this title or the Howard County Zoning Regulations.
- (b) *Board of Appeals.* The Hearing Examiner has all of the powers and authority of the Board of Appeals as set forth in:
 - (1) Title 2, subtitle 2 of this Code; and
 - (2) Subtitle 3 of this title, including the authority to issue subpoenas under section 16.303 of this title.

(C.B. 3, 2008, § 5)

Sec. 16.1605. - Hearing.

- (a) *Hearing Scheduled.* The Hearing Examiner shall schedule a hearing on a citation issued under section 16.1603 of this subtitle if:
 - (1) A hearing is requested by the alleged violator or the Department; or
 - (2) The alleged violator fails to pay any fine assessed in the citation.
- (b) *Procedures.* A hearing under this subtitle shall be held in accordance with the procedures set forth in subsection 2.210(a) and section 16.303 of this Code.
- (c) *Notice.* Notice of a hearing shall be served in the same manner as a notice of violation as set forth in subsection 16.1602(e) of this subtitle.
- (d) *Burden of Proof.* In an appeal of a citation issued under section 16.1603 of this subtitle, the burden of proof is on the County to show, by a preponderance of the evidence, that the alleged violator has violated the laws or regulations in question. However, it is the alleged violator's burden to provide all affirmative defenses, including the defense of nonconforming use.

(C.B. 3, 2008, § 5)

Sec. 16.1606. - Inspections.

On request of an alleged violator, the Director shall:

- (a) Make any material or information in the custody of the County available to the alleged violator; and
- (b) Allow the alleged violator to inspect and copy:
 - (1) Any portion of a document that contains a statement or the substance of a statement made by the alleged violator to an inspector that the inspector intends to use at a hearing; and
 - (2) Each written report or statement made by an expert whom the inspector expects to call as a witness at the hearing.

(C.B. 3, 2008, § 5)

Sec. 16.1607. - Final order.

- (a) *Requirement to Issue.* After the conclusion of a hearing, the Hearing Examiner shall issue a written final order.
- (b) *Contents.* A final order may include:
 - (1) A requirement to abate a violation including a requirement to stop work or restore the property to a lawful condition;
 - (2) A requirement to reimburse the County for any fees or costs incurred; and
 - (3) A civil fine in accordance with section 16.1608 of this subtitle.

(C.B. 3, 2008, § 5)

Sec. 16.1608. - Civil fines.

- (a) *Amount of Fine.* A civil fine for a violation of the subdivision and land development regulations set forth in subtitle 1 of this title or the Howard County Zoning Regulations shall be \$250.00 or more per violation and shall not exceed \$500.00 per violation.
- (b) *Basis for Fine.* A fine imposed under this subtitle is within the discretion of the Hearing Examiner and may not be grossly disproportional to the gravity and severity of the offense.
- (c) *Payment of Fine.* All fines:
 - (1) Are due and payable by the date indicated in the citation; and
 - (2) Are payable to the Director of Finance of Howard County.
- (d) *Continuing Violations.* Each day that a violation continues after the issuance of a notice of violation or citation is a separate offense and an inspection that indicates that a violation continues to exist is prima facie proof of a continuing violation.
- (e) *Deferral or Conditions of Fine.* The Hearing Examiner may suspend or defer assessment of a fine or may set conditions for the suspension or deferral of a fine.

(C.B. 3, 2008, § 5)

Sec. 16.1609. - Appeal to the Board of Appeals.

- (a) *Appeal.* A final order issued by the Hearing Examiner may be appealed by the alleged violator to the Board of Appeals in accordance with section 16.304 of this title.
- (b) *Penalties Stayed.* If an alleged violator appeals the final order of the Hearing Examiner, the alleged violator may request the stay of any civil fine imposed by a final order pending the final resolution of an appeal.

(C.B. 3, 2008, § 5)

Sec. 16.1610. - Security.

- (a) *Security.* If a final order of the Hearing Examiner includes a civil fine and the order is appealed to the Board of Appeals, the alleged violator shall post security in the amount of the civil fine to the Director in a form acceptable to the Director.
- (b) *Refund of Security.* After all appeals are exhausted, if a civil fine:
 - (1) Is reduced or vacated:
 - (i) The security shall be reduced proportionately;

- (ii) Any surplus shall be returned to the alleged violator; and
 - (iii) Any balance shall be used to satisfy the civil fine; or
- (2) Is not reduced or vacated, the security shall satisfy the fine assessed and accrue to the benefit of the County.

(C.B. 3, 2008, § 5)

Sec. 16.1611. - Failure to comply with a final order.

- (a) *Failure to pay.* If a final order issued by a Hearing Examiner assesses a civil fine and the alleged violator does not pay the fine within the time required by the order, the Hearing Examiner shall certify to the Director of Finance the amount owed that shall:
- (1) Be a lien on the property on which the violation existed;
 - (2) Accrue penalties at the same rate and in the same manner as the accrual of interest and penalties for unpaid real property taxes; and
 - (3) Be collectible in the same manner as any civil money judgment or debt may be collected.
- (b) *County to Complete Work-Court Order.* If an alleged violator fails to comply with a final order or an order of the Board of Appeals issued under section 2.211 of this Code, the County may seek a court order authorizing entry onto the property to correct the violation in accordance with section 16.1612 of this subtitle.

(C.B. 3, 2008, § 5)

Sec. 16.1612. - County to secure compliance.

- (a) *Notice.* Notice that the County may undertake measures provided for in subsection (b) of this section shall be included in:
- (1) An order of abatement;
 - (2) An injunction or other order for equitable relief issued by the court;
 - (3) A final order issued by the Hearing Examiner; or
 - (4) An order of the Board of Appeals affirming or modifying a finding of the Hearing Examiner.
- (b) *County to Secure Compliance.* Subject to the notice requirements set forth in subsection (a) of this section, if an alleged violator fails to comply with an order to correct a violation within the time provided in the order, the County may seek a court order authorizing entry on to the property to correct the violation and may procure the performance of the work by County employees or by contract to correct the violation.
- (c) *Cost.* The cost and expense of work performed under this section:
- (1) Shall be:
 - (i) Certified to the Director of Finance;
 - (ii) A lien on the property on which the violation exists;
 - (iii) Collectible in the same manner as any civil money judgment or debt may be collected; and
 - (2) Shall accrue penalties at the same rate and in the same manner as the accrual of interest and penalties for unpaid real property taxes.

- (d) *Liability.* Work performed by or for the County under this section does not relieve the alleged violator from responsibility or liability for any work performed by the alleged violator or for a violation committed by the alleged violator.
- (e) *Authority to enter property.* In accordance with a court order, a County employee or contractor authorized by the County may enter on private lands for the purpose of correcting a violation.
- (f) *Prohibited Conduct.* An owner, occupant, or agent may not obstruct or impede any employee or contractor or their agents or employees in the performance of work under this section.

(C.B. 3, 2008, § 5)

SUBTITLE 17. - DEVELOPMENT RIGHTS AND RESPONSIBILITIES AGREEMENTS

Sec. 16.1700. - Purpose.

The purpose of this subtitle is to protect the public health, safety, and welfare by enacting the authority granted by Section 13.01 of Article 66b of the Annotated Code of Maryland relating to development rights and responsibilities agreements and establishing procedures for such agreements in accordance with the provisions of the State Code.

(C.B. 4, 2010, § 1)

Sec. 16.1701. - Definitions.

In this subtitle the following words have the meanings indicated:

- (a) *Agreement* means a development rights and responsibilities agreement.
- (b) *Development rights and responsibilities agreement* means an agreement between a governmental body of a jurisdiction and a person or legal entity having a legal or equitable interest in real property for the purpose of establishing conditions under which development may proceed for a specified time.
- (c) *Development* means development as defined in the Howard County Subdivision and Land Development Regulations.
- (d) *Parties* means the County Executive on behalf of the County and the petitioner.
- (e) *Petitioner* means a person or legal entity having a legal or equitable interest in real property subject to the agreement, or the person's representative or successors in interest.
- (f) *Plan* means a general plan or master plan as defined in the State Code.
- (g) *Planning Board* means the Howard County Planning Board.
- (h) *State Code* means Article 66b Section 13.01 of the Annotated Code of Maryland.
- (i) *Successors in interest* means, including but not limited to, a person's or legal entity's affiliates, all successor owners or assigns, and all purchasers of equity interests or assets.

(C.B. 4, 2010, § 1)

Sec. 16.1702. - Applicability.

Any petitioner may petition the County Executive to enter into an agreement. The County Executive shall exercise the authority of the public principal granted by the State Code to negotiate, execute and enforce agreements, except that the County Council shall act as the public principal for purposes of

conducting the public hearing on a proposed agreement and either approving or rejecting an agreement or an amendment to an executed agreement. In the suspension or termination of executed agreements the County Executive and County Council shall act together as the public principal under State Code authority as provided herein.

(C.B. 4, 2010, § 1)

Sec. 16.1703. - Contents of development rights and responsibilities agreements.

(a) An agreement shall include:

- (1) A legal description of the real property subject to the agreement;
- (2) The names of the persons having a legal or equitable interest in the real property subject to the agreement;
- (3) The duration of the agreement;
- (4) The permissible uses of the real property;
- (5) The density or intensity of the use of the real property;
- (6) The maximum height and size of structures to be located on the real property;
- (7) A description of the permits required or already approved for the development of the real property;
- (8) A statement that the proposed development is consistent with the Plan and Development Regulations of Howard County;
- (9) A description of the conditions, terms, restrictions, or other requirements determined by the Governing Body of Howard County to be necessary to ensure the public health, safety, or welfare; and
- (10) To the extent applicable, provisions for the:
 - (i) Dedication of a portion of the real property for public use;
 - (ii) Protection of sensitive areas;
 - (iii) Preservation and restoration of historic structures; and
 - (iv) Construction or financing of public facilities.

(b) An agreement may:

- (1) Fix the time frame and terms for development and construction on the real property; and
- (2) Provide for other matters consistent with this subtitle.

(C.B. 4, 2010, § 1)

Sec. 16.1704. - Procedures.

(a) The petitioner shall petition the County Executive to negotiate and execute an agreement. The petition shall include key elements of the proposed agreement. Within ten days of submitting a petition to the County Executive the petitioner shall provide a copy of the petition to the County Council. The County Executive shall first review the petition to determine whether to accept the petition and initiate the negotiation process.

(b) An agreement may be executed by the County Executive only after:

- (1) A pre-submission community meeting conducted using the same procedures established in subsections 16.128(b)—(g) of the Subdivision and Land Development Regulations, unless within one year of the scheduled meeting a pre-submission community meeting has already been held for the same development project that is all or part of the property that is the subject of the proposed agreement;
 - (2) A public meeting before the Planning Board and an advisory determination by the Planning Board that the proposed agreement is consistent with the plan; and
 - (3) A public hearing before the County Council and approval of a resolution authorizing the execution of the agreement.
- (c) The County Council may approve or reject the proposed agreement or may encourage the parties to submit a revised version.

(C.B. 4, 2010, § 1)

Sec. 16.1705. - Amendments to executed agreements.

Amendments to executed agreements shall be governed by the same procedures as provided in section 16.1704 for the consideration of initial agreements.

(C.B. 4, 2010, § 1)

Sec. 16.1706. - Termination of agreements; suspension; time limitations.

- (a) The parties to an agreement may terminate the agreement by mutual consent, provided the County's consent shall be expressed by a resolution of the County Council recommended by the County Executive.
- (b) If the County Executive recommends and the County Council determines by resolution that suspension or termination is essential to ensure the public health, safety, or welfare, the County may suspend or terminate an agreement after a public hearing.
- (c) An agreement shall be void five years after the day on which the parties execute the agreement unless the duration of the agreement is:
 - (1) Otherwise established in the agreement; or
 - (2) Extended by amendment under section 16.1705 of this subtitle.

(C.B. 4, 2010, § 1)

Sec. 16.1707. - Applicable laws, regulations, and policies.

- (a) Except as provided in subsection (b) of this section, the laws, rules, regulations, and policies governing the use, density, or intensity of the real property subject to the agreement shall be the laws, rules, regulations, and policies in force at the time the parties execute the agreement.
- (b) If the County determines that compliance with laws, rules, regulations, and policies enacted or adopted after the effective date of the agreement is essential to ensure the health, safety, or welfare of residents of all or part of the County, an agreement may not prevent Howard County from requiring a person to comply with those laws, rules, regulations, or policies.

(C.B. 4, 2010, § 1)

Sec. 16.1708. - Recording.

- (a) The petitioner shall record an agreement in the Land Records of Howard County within 20 days after the day on which the parties executed the agreement and an agreement that is not recorded within 20 days is void.
- (b) The parties to the agreement and their successors in interest are bound to the agreement after the agreement is recorded.

(C.B. 4, 2010, § 1)

Sec. 16.1709. - Enforcement by interested parties.

Unless the agreement is terminated under section 16.1706 of this subtitle, the parties to an agreement or their successors in interest may enforce the agreement.

(C.B. 4, 2010, § 1)

Sec. 17.100. - Department of Fire and Rescue Services.

- (a) *General Provisions.* General provisions applicable to this department are set forth in subtitle 2, "Administrative Departments and Offices," of title 6, "County Executive and the Executive Branch," of the Howard County Code.
- (b) *Head.* The Director of Fire and Rescue Services shall head the Department of Fire and Rescue Services. The Director of Fire and Rescue Services shall also be known as the Fire Chief.
- (c) *Qualifications of Director of Fire and Rescue Services.* The Director of Fire and Rescue Services shall have the minimum qualifications, experience, and education as established by the Classification Plan of Howard County.
- (d) *Duties and Responsibilities:*
 - (1) The Department of Fire and Rescue Services shall be responsible for the administration of the affairs of the County in:
 - (i) Fire suppression and prevention.

- (ii) Fire training.
 - (iii) Arson investigation.
 - (iv) Rescue services.
 - (v) Emergency medical services.
 - (vi) Community risk reduction.
 - (vii) Fire and safety public education.
 - (viii) Plans review for fire safety.
 - (ix) Fire Code development and enforcement.
 - (x) Hazardous materials mitigation.
- (2) *Other duties and responsibilities.* The Department of Fire and Rescue Services shall perform such other functions as may be prescribed by directive of the County Executive or by law.

(C.B. 153, 1991; C.B. 83, 2006, § 1; C.B. 8, 2016, § 1; C.B. 10, 2018, § 1)

Editor's note— Section 101 of C.B. 62, 1988, declared the bill effective July 1, 1989.

Sec. 17.101. - Reserved.

Editor's note— C.B. 12, 2019, § 1, adopted May 13, 2019, repealed § 17.101, which pertained to Fire and Rescue Services Board and derived from C.B. 153, 1991; C.B. 83, 2006, § 1; C.B. 10, 2018, § 1.

Sec. 17.102. - Fire and rescue tax.

- (a) *Purpose of Tax.* The purpose of the fire and rescue tax is to fund the operating and capital costs to provide fire and emergency services in the County.
- (b) *Definitions.* In this section, the following terms have the meanings indicated:
 - (1) *LOSAP* means the length of service award program for volunteer firefighting/emergency medical service personnel.
 - (2) *Volunteer member benefit costs* mean the costs to the County, other than the payments to the volunteer fire corporations, of volunteer members, including but not limited to, LOSAP payments, life insurance, and workers' compensation insurance.
- (c) *Fire and Rescue Tax Authorized.* There is a fire and rescue tax. All assessable property in the County is subject to the fire and rescue tax.
- (d) *Rate:*
 - (1) The tax shall be sufficient, together with other available revenues specifically dedicated to fire and rescue activities to fund the County's total costs for fire and rescue services. A portion of those costs are based on the following:
 - (i) Payments to the volunteer fire corporations; and
 - (ii) Volunteer member benefit costs.
 - (2) When the County Council adopts the annual budget and appropriation ordinance, it shall levy the fire tax on all assessable property subject to the fire tax and set the rate for real property (except operating real property defined in Section 8-109 of the Tax-Property Article of the Annotated Code of Maryland) subject to the fire tax.

- (e) The taxes authorized under the provisions of subsection (a) shall be collected in the same manner as other County taxes are collected.
- (f) If a property owner fails to pay the fire tax when due and payable, the unpaid tax:
 - (1) Shall be a lien on all real property belonging to the person required to make payment;
 - (2) Shall be collectible in the same manner as any civil money judgment or debt maybe collected; and
 - (3) Shall accrue penalties at the same rate and in the same manner as the accrual of interest and penalties for unpaid real property taxes.

(C.B. 11, 1993; C.B. 23, 1998; C.B. 18, 1999; C.B. 17, 2001; C.B. 9, 2012, § 1)

Editor's note— Prior to its repeal and reenacting by C.B. 11, 1993, § 17.102 gave the boundaries of the County fire districts and was derived from C.B. 153, 1991. See § 17.103(i).

Note— Section 2 of C.B. 18, 1999, declared the bill effective July 3, 1999.

Sec. 17.103. - Payments to volunteer fire corporations.

- (a) The County recognizes six volunteer fire corporations in the County, as follows:
 - (1) The Elkridge Volunteer Fire Department, Inc.
 - (2) The Ellicott City Volunteer Firemen's Association, Inc.
 - (3) The West Friendship Volunteer Fire Department, Inc.
 - (4) The Lisbon Volunteer Fire Company, Inc.
 - (5) The Fifth District Volunteer Fire Department, Inc.
 - (6) The Savage Volunteer Fire Company, Inc.
- (b) The County Executive of Howard County is authorized and empowered to grant, annually to the volunteer fire corporations in Howard County, support for operating and maintenance expenses.
- (c) The volunteer fire corporations shall file with the County Executive (in the form and at the time prescribed by the Budget Officer) a budget for the ensuing fiscal year detailing their anticipated revenues, operating expenses and capital expenditures from fire taxes and transfer tax for fire suppression, prevention and related functions, and emergency medical services, for which they are responsible. The budget shall be accompanied by a current fiscal financial report.
- (d) The County Executive shall determine what amounts are required to provide fire suppression, prevention and related functions, and emergency medical services and to fund the additional requirements of the volunteer fire corporations and shall include those amounts in his budget submitted to the County Council.
- (e) Grants to the volunteer fire corporations shall be made as the County Executive deems proper.
- (f) The County Council is authorized to conduct periodic audits of any or all of the volunteer fire corporations of Howard County, and to employ or contract any certified public accountant or firm to conduct the audits. The County Executive is authorized to establish rules and procedures regulating the method(s) of keeping books of account in accordance with proper accounting procedures. The County Executive is authorized to require the bonding of any member or employee of a volunteer fire corporation entrusted with goods or moneys or both.
- (g) The County recognizes the Howard County Volunteer Firefighter's Association, Inc., as the organization empowered to represent any or all of the volunteer fire corporations, listed in subsection (a) of this section. The Howard County Volunteer Firefighter's Association, Inc., may enter into

legally binding agreements on behalf of any or all of the volunteer fire corporations listed in subsection (a) of this section, as so designated by any or all of these volunteer fire corporations. The County, at times, may enter into Memorandums of Understanding and agreements directly with a volunteer fire corporation.

(h) *Length of service award program for volunteer firefighting/EMS personnel.*

- (1) *Definitions.* Words and phrases used in this section shall have their usual meaning, except as specifically defined in this subsection.
 - (i) *Creditable points* means points which may be credited pursuant to paragraph (9), "Active Service Standards," of this subsection.
 - (ii) *EMS* means emergency medical services.
 - (iii) *Length of service awards program (LOSAP)* is a program defined by the internal revenue service that allows the County to award monthly payments after a certain number of years of certified active service to volunteers.
 - (iv) *Year of certified active service* means a period from January 1 to December 31 during which 50 creditable points have been accumulated according to the criteria set forth in this subsection and listed by the Director of Fire and Rescue Services as further set forth in this subsection.
 - (v) *Volunteer/volunteers* means firefighting/EMS personnel unpaid for their training or work, who donate their time and services to a volunteer fire corporation listed in subsection (A) of this section or to the Howard County Department of Fire and Rescue Services.
- (2) *Establishment of length of service awards program (LOSAP)* means in recognition of their extensive volunteer service to the citizens of Howard County, the Howard County Government shall make a length of service award program (LOSAP) available to volunteers.
- (3) *Eligibility* means in order to qualify for a LOSAP payment a volunteer shall have:
 - (i) Attained the age of 50;
 - (ii) Completed a total of 25 years of certified active service in Howard County; and
 - (iii) Submitted a written request for the LOSAP payment to the Director of Fire and Rescue Services or the director's designee.
- (4) *Payments:*
 - (i) *Base payment.* Effective January 1, 2015, the LOSAP payment provided to a volunteer who has met the conditions for eligibility as specified in paragraph (3) of this subsection shall be equal to one percent of the current annual starting salary of a trainee in the Department of Fire and Rescue Services per month for life, subject to the limitations set forth in paragraph (5) of this subsection.
 - (ii) The LOSAP payments shall begin the month following verification of eligibility.
 - (iii) For volunteers who continue to meet minimal operational requirements, in addition to the base payment provided for in subparagraph (i) of this paragraph, the sum of \$10.00 per month shall be added for each full year of certified active service over 25 years.
 - (iv) Increases in the base payment attributable to increases in the starting salary of a trainee in the Department of Fire and Rescue Services shall apply to all present and future recipients.
- (5) *Limitations on base payments.*
 - (i) Except as provided in subparagraph (v) of this paragraph, the lump sum equivalent of the base payment shall not exceed the amount accumulated through an accrual of \$3,000.00 per year plus deemed earnings credited at five percent per annum;

- (ii) For purposes of sub-paragraph (i) of this paragraph, equivalency shall be determined based on the RP-2000 Combined Healthy Mortality Table (75 percent of the male annuity factor and 25 percent of the female annuity factor) and an interest rate of five percent per annum, compounded annually.
 - (iii) If an increase in the starting salary of a trainee in the Department of Fire and Rescue Services causes the lump sum equivalent of the base payment for a test volunteer to exceed the limitation described in subparagraph (i) of this paragraph, the increase in the starting salary will not be recognized for purposes of determining the base payment of any volunteer.
 - (iv) For purposes of subparagraph (iii), a test volunteer is a volunteer whose certified active service began at age 25, who earned 25 consecutive years of certified active service between ages 25 and 50, and who begins receiving the base payment at age 50.
 - (v) If section 457(e)(11)(B)(ii) of the Internal Revenue Code is amended in a manner that increases the limitation on accruals for length of service award programs, the new limitation shall be substituted for the phrase "an accrual of \$3,000 per year" in subparagraph (i) of this paragraph, without the requirement of a specific amendment.
- (6) *Benefits.* If a qualified volunteer dies after January 1, 2015:
- (i) A burial benefit of \$5,000.00 shall be paid to:
 - A. The beneficiary or beneficiaries designated by the volunteer to receive such benefit and such designation may be changed from time to time by the volunteer by filing a new designation; or
 - B. If there is no designated beneficiary, the burial benefit shall be provided in accordance with section 1.448a(b) of the Howard County Code.
 - (ii) A survivor benefit equivalent to the total of six months LOSAP payment shall be paid to:
 - A. The beneficiary or beneficiaries designated by the volunteer to receive such benefit and such designation may be changed from time to time by the volunteer by filing a new designation; or
 - B. If there is no designated beneficiary, the survivor benefit shall be provided in accordance with section 1.448a(b) of the Howard County Code.
- (7) *Funding* means LOSAP payments shall be paid from the fire and rescue tax fund.
- (8) *Administration:*
- (i) The President and Chief of each Volunteer Fire Corporation and the designee for volunteers of the Howard County Department of Fire and Rescue Services shall submit to the Director of Fire and Rescue Services or the Director's designee, each month, a list of those volunteers who have qualified for points during the previous month, a summary of the points earned in each category during the previous month and the total points earned in each category year to date. The list shall be certified as an accurate report of the points earned by each volunteer on the list by the President and Chief of the Volunteer Fire Corporation and by the designee for volunteers of the Howard County Department of Fire and Rescue Services.
 - (ii) From the information furnished by the Volunteer Fire Corporations insofar as their volunteers are concerned, and from accumulated information insofar as volunteers of the Howard County Department of Fire and Rescue Services are concerned, the Director of Fire and Rescue Services shall provide to the President and Chief of each volunteer corporation a yearly report indicating the number of points credited to each individual during the previous year no later than January 31 of each year.
 - (iii) A volunteer may appeal the number of points credited to him/her by filing a written appeal with the Director of Fire and Rescue Services by March 31. The appeal shall contain

sufficient detail to permit the Director of Fire and Rescue Services to rule on the matter. The Director of Fire and Rescue Services shall issue a written decision within 60 days of receiving the appeal. A volunteer may appeal the decision of the Director of Fire and Rescue Services to the Board of Appeals in accordance with its rules and procedures.

(9) *Active service standards:*

- (i) To receive credit for a year of active service, a volunteer must have accumulated at least 50 creditable points during the year.
- (ii) Points shall be credited for the period from January 1 through December 31 and shall not be transferrable from one year to the next.
- (iii) Volunteers who also serve as career or contingent firefighting/EMS personnel of the Howard County Department of Fire and Rescue Services shall not be credited with points for activities performed during County-assigned work periods.
- (iv) Points must be earned from a minimum of two of the categories contained in subparagraph (v) of this paragraph.
- (v) Points shall be credited as follows:
 - a. *Training course.* Twenty-five points maximum per year:
 - 1. Five points per course for courses under 20 hours' duration, including one-day courses, seminars, cardio-pulmonary resuscitation and similar training courses.
 - 2. Ten points per course for courses of 20 to 45 hours' duration, including regional fire schools and similar courses.
 - 3. Fifteen points per course for courses of over 45 hours' duration, including University of Maryland fire-related courses, emergency medical care courses, fire science courses of any accredited college or university and similar courses.
 - b. *Drills.* Twenty points maximum per year. One point for each minimum two-hour drill.
 - c. *Sleep-in or standby.* Thirty points maximum per year.
 - 1. One point for each full night sleep-in.
 - 2. One point for each standby which is an on-duty activity which consumes at least four hours and does not fall into any other category.
 - d. *Elected or appointed position.* Fifty points maximum per year. Points will be awarded on a monthly basis for the time served. Points may not be concurrently credited for this category and under subparagraph e. below for attending meetings within Howard County. Points will be awarded in only one of the categories below. However, individuals serving in more than one category may be awarded 12 additional points (one point per month) for each other Office/Committee position held.

Office	Maximum Annual	Points per Month
Chief, President, Treasurer, Secretary	50	4.16
All other elected corporate, County or State association offices	25	2.08
Committees	25	2.08

Editor's note— Section 2 of Council Bill No. 39-2014 states that LOSAP payments shall be computed through December 31, 2014 in accordance with § 17.103 as it was in effect on July 7, 2014.

Sec. 17.104. - Howard County Fire Prevention Code.^[2]

- (a) *Adoption of National Codes:* Except as provided in subsection (b) of this section, the NFPA 1, Fire Code 2015 edition (published by the National Fire Protection Association), is adopted as the Howard County Fire Prevention Code as if the National Code is set out in full in this subtitle.
- (b) The county may adopt regulations to administer the provisions of this subtitle.
- (c) *Local amendments to the Howard County Fire Prevention Code :* The following amendments modify certain provisions of the adopted Code:
 - (1) *General:*
 - (i) The term *Code Official* , *Enforcement Officer* , or *Fire Official* shall mean the Director, Chief or AHJ of the Department of Fire and Rescue Services or the Chief's authorized designee.
 - (ii) Wherever the name of the municipality is to be indicated, insert "Howard County, Maryland".

(iii) Wherever the term "this Code" is used, it refers to this subtitle, which shall be known as the Howard County Fire Prevention Code.

(iv) The term *Code Enforcement Agency* shall mean the Department of Fire and Rescue Services.

(2) *Subsection 1.1.1(2).*

Delete this subsection and substitute the following:

Investigation of fires, explosions, potentially explosive devices, hazardous material incidents, and other related emergency incidents. These duties may be performed in conjunction with other public agencies.

(3) *Subsection 1.1.1(3).*

Delete this subsection and substitute the following:

In conjunction with the department of planning and zoning, review of site development plans for adequate access, water supply, and other life safety issues. In conjunction with the Department of Inspections, Licenses and Permits, the review of design and construction drawings, plans, and specifications for life safety systems, fire protection systems, and other fire and life safety issues.

(4) *Subsection 1.1.1(5).*

Delete this subsection and substitute the following:

The inspection of existing occupancies, structures, and areas. In conjunction with the Department of Inspections, Licenses, and Permits, the inspection of the construction and design of new buildings and alterations and additions to existing buildings.

(5) *Subsection 1.1.1(6).*

Delete this subsection and substitute the following:

The maintenance and testing of existing fire protection systems and equipment and, in conjunction with the Department of Inspections, Licenses and Permits, the design, alteration, modification, and installation of new and existing fire protection systems and equipment.

(6) *Subsection 1.1.1(16).*

Delete this subsection and substitute the following:

In conjunction with the Department of Inspections, Licenses and Permits, the arrangement, design, construction and alteration of new and existing means of egress.

(7) *Subsection 1.3.3.1.*

Delete this subsection and substitute the following:

When this Code and any other referenced codes or code sections have conflicting requirements, the most restrictive requirement shall apply. The AHJ may accept alternative features or requirements that provide the same level of fire safety as the requirements of this Code. The AHJ's acceptance of alternatives shall be in writing.

(8) *Subsection 1.3.3.1.1.*

Add new subsection 1.3.3.1.1 after subsection 1.3.3.1 as follows:

If sections of this Code are less restrictive than the latest adopted version of the Maryland State Fire Prevention Code, the applicable provisions of the Maryland State Fire Prevention Code shall apply.

(9) *Section 1.4.2.*

Delete this section and substitute the following:

The AHJ may accept alternate methods of satisfying intent of this Code if the material, method, or work is at least the equivalent of that required by this Code in quality, effectiveness, durability, and safety and meets or exceeds the intent of this Code.

(10) *Section 1.7.1.*

Delete this section and substitute the following:

Administration. The provisions of this Code and sections 17.105, 17.106, 17.107, and 17.111 of the Howard County Code shall apply without restriction, unless specifically exempted.

(11) *Section 1.7.5.*

Insert the following at the end of this section:

In addition to the enforcement authority of the AHJ and the enforcement authority granted to the Department of Police by section 1.7.4 and section 65.1.3 of this Code, the Director of the Department of Inspections, Licenses and Permits, or the Director's authorized designee, may enforce the provisions of this Code when:

- (i) Reviewing plans for or inspecting new construction;
- (ii) Requested to conduct specific inspections authorized by the AHJ; or
- (iii) Inspecting commercial or residential buildings, structures, sites, or areas.

(12) *Subsection 1.7.7.1.*

Delete this subsection and substitute the following:

The AHJ shall designate persons authorized to inspect all buildings, structures, sites, or areas, including single-family dwellings where required by this Code, for the purposes of ascertaining and causing to be corrected any conditions liable to cause fire, contribute to the spread of fire, interfere with firefighting operations, endanger life or any violations of the provisions or intent of this Code or any other ordinance affecting fire safety.

(13) *Subsection 1.7.7.1.1.*

Add new subsection 1.7.7.1.1 after subsection 1.7.7.1 as follows:

Personnel performing inspections may document inspections through any appropriate means including the use of photography and video recording.

(14) *Subsection 1.7.7.7.*

Add new subsection 1.7.7.7 after subsection 1.7.7.6 as follows:

A person who refuses to allow an inspection of a building, structure, site, or area when the inspection is authorized by this Code is guilty of a misdemeanor and, upon conviction, is subject to a fine not exceeding \$1,000.00 or imprisonment not exceeding 30 days or both. Alternatively, and in addition to and concurrent with all remedies provided at law or equity, a Fire Official may enforce this section with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this subsection is a Class A offense. Each day that a violation continues is a separate offense.

(15) *Subsection 1.7.9.1.*

Add new subsection 1.7.9.1 after section 1.7.9 as follows:

A person interfering or causing a condition that would interfere with the enforcement of this Code is guilty of a misdemeanor and, upon conviction, is subject to a fine not exceeding \$1,000.00 or imprisonment not exceeding 30 days or both. Alternatively, and in addition to and concurrent with all remedies provided at law or equity, a Fire Official may enforce this section with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this subsection is a Class A offense. Each day that a violation continues is a separate offense.

(16) *Subsection 1.7.10.1.*

Add new subsection 1.7.10.1 after section 1.7.10 as follows:

A person impersonating a Fire Official is guilty of a misdemeanor and, upon conviction, is subject to a fine not exceeding \$1,000.00 or imprisonment not exceeding 30 days or both. Alternatively, and in addition to and concurrent with all remedies provided at law or equity, a Fire Official may enforce this section with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this subsection is a Class A offense. Each day that a violation continues is a separate offense.

(17) *Subsection 1.7.11.1.*

Delete this subsection and substitute the following:

Authority. The AHJ may investigate the origin, cause, and circumstances of any fire, explosion, potentially explosive device, hazardous materials incident, or other emergency situation. These duties may be performed in conjunction with other public agencies.

(18) *Subsection 1.7.11.1.1.*

Add new subsection 1.7.11.1.1 after subsection 1.7.11.1 as follows:

To the extent permitted by law, the County may pursue legal action to seek reimbursement of costs for emergency services provided in response to an arson from the person or persons who commit the arson.

(19) *Subsection 1.7.11.2.*

Delete this subsection and substitute the following:

Evidence. The AHJ may take custody of all physical evidence relating to the cause of a fire, explosion, hazardous materials incident, or other emergency situation.

(20) *Subsection 1.7.11.5.*

Add new subsection 1.7.11.5 after subsection 1.7.11.4 as follows:

A person interfering or causing a condition that would interfere with an investigation is guilty of a misdemeanor and, upon conviction, is subject to a fine not exceeding \$1,000.00 or imprisonment not exceeding 30 days or both. Alternatively, and in addition to and concurrent with all remedies provided at law or equity, a Fire Official may enforce this section with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this subsection is a Class A offense. Each day that a violation continues is a separate offense.

(21) *Subsection 1.7.13.1.*

Delete this subsection and substitute the following:

When requested by the Department of Inspections, Licenses, and Permits, the Department of Fire and Rescue Services shall assist the Department of Inspections, Licenses and Permits with the inspection of new construction, alterations, or the installation of processes or equipment covered by this Code.

(22) *Subsections 1.7.13.2 through 1.7.13.4.*

Delete these subsections.

(23) *Subsection 1.7.15.1.*

Add new subsection 1.7.15.1 after section 1.7.15.

Work subject to a stop work order by the AHJ shall immediately stop. The AHJ may rescind a stop work order after the situation has been corrected and inspected by the AHJ or an inspection by the Department of Inspections, Licenses and Permits deems the building is safe.

(24) *Subsection 1.7.15(4).*

Add new subsection 1.7.15(4) after subsection 1.7.15(3) as follows:

The AHJ may order the evacuation of a building or structure if the fire detection or suppression system is not in working order, the building or structure is overcrowded, or there is a violation of this Code that creates a hazardous condition, emergency, or imminent danger.

(25) *Subsection 1.7.15(5).*

Add new subsection 1.7.15(5) after subsection 1.7.15(4) as follows:

In addition to any other enforcement action, a person failing to obey an order to stop work, abate a condition, cease a use, or immediately evacuate a building, structure, site, or area is guilty of a misdemeanor and, upon conviction, is subject to a fine not exceeding \$1,000.00 or imprisonment not exceeding 30 days or both. Alternatively, and in addition to and concurrent with all remedies provided at law or equity, a fire official may enforce this section with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this subsection is a Class A offense. Each day that a violation continues is a separate offense.

(26) *Subsection 1.7.17.4.*

Add new subsection 1.7.17.4 after subsection 1.7.17.3 as follows:

Individuals designated as standby fire personnel (fire watch) must:

- (i) Have a functional knowledge of the building layout and the building's systems;
- (ii) Be able to operate valves, climb stairs, dial phones, and speak calmly and clearly in a stressful situation;
- (iii) Manage people in an emergency; and
- (iv) Operate a fire extinguisher.

(27) *Subsection 1.7.17.4.1.*

Add new subsection 1.7.17.4.1 after subsection 1.7.17.4 as follows:

Standby fire personnel shall walk the entire building at least one time each hour in order to check for smoke or fire and to ensure that all means of egress are accessible and unobstructed.

(28) *Subsection 1.7.17.4.2.*

Add new subsection 1.7.17.4.2 after subsection 1.7.17.4.1 as follows:

Standby fire personnel may also be required to operate a fire extinguisher. However, the primary responsibility of standby fire personnel is the evacuation and safety of the building's occupants.

(29) *Subsection 1.7.17.4.3.*

Add new subsection 1.7.17.4.3 after subsection 1.7.17.4.2 as follows:

Standby fire personnel shall not have any other duties while they are serving as standby fire personnel.

(30) *Subsection 1.7.17.4.4.*

Add new subsection 1.7.17.4.4 after subsection 1.7.17.4.3 as follows:

The standby fire personnel shall have the ability to communicate with the Howard County Police Department, Division of Communications (911 Center).

(31) *Subsection 1.7.17.4.5.*

Add new subsection 1.7.17.4.5 after subsection 1.7.17.4.3 as follows:

Standby fire personnel shall maintain a log every hour and shall note the area checked, the time it was checked and by whom. The log shall be maintained on the premises.

(32) *Subsection 1.7.17.4.6.*

Add new subsection 1.7.17.4.6 after subsection 1.7.17.4.5 as follows:

The property owner shall designate the lesser of either (1) one person per 100,000 sq. ft. of building space; or (2) one person for every five floors. The AHJ may require additional standby fire personnel. When multiple personnel are required, they shall have the ability to communicate with each other.

(33) *Subsection 1.7.17.4.7.*

Add new subsection 1.7.17.4.7 after subsection 1.7.17.4.6 as follows:

In the event of an emergency, the standby fire personnel shall:

1. Evacuate the occupants;
2. Call 911 and report the emergency and provide an exact building address and location of smoke or fire;
3. Notify other standby fire personnel;
4. Activate the impaired fire alarm and/or sprinkler system if possible; and
5. Direct responding fire personnel to the smoke/fire area.

(34) *Subsection 1.7.17.5.*

Add new subsection 1.7.17.5 after subsection 1.7.17.4 as follows:

A person failing to provide approved standby fire personnel (fire watch) or failing to carry out the duties of standby fire personnel is guilty of a misdemeanor and, upon conviction, is subject to a fine not exceeding \$1,000.00 or imprisonment not exceeding 30 days or both. Alternatively, and in addition to and concurrent with all remedies provided at law or equity, a fire official may enforce this section with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this section is a Class A offense. Each day that a violation continues is a separate offense.

(35) *Subsection 1.8.1.1.*

Add new subsection 1.8.1.1 after subsection 1.8.1 as follows:

The incident commander has additional powers set forth in section 17.105 of the Howard County Code.

(36) *Section 1.9.3.*

Delete this section and substitute the following:

Any suit brought against the AHJ or any other individual who the AHJ has delegated the authority to enforce this Code because of an act or omission performed in the enforcement of this Code or other pertinent law implemented through the enforcement of this Code or enforced by the AHJ shall be defended by Howard County in accordance with Maryland law and title 23, subtitle 1 of the Howard County Code.

(37) *Section 1.10.*

Delete this section in its entirety.

(38) *Section 1.11.1.*

At the end of this section add "and the Maryland Public Information Act."

(39) *Section 1.11.2.*

At the end of this section add "and the Howard County Records Retention Policy."

(40) *Subsection 1.12.1.1.*

Add subsection 1.12.1.1 after subsection 1.12.1 as follows:

The AHJ may adopt regulations governing the issuance of any permit, certificate, or approval required by law. A permit required by a state or other County agency shall be obtained and a permit required by the Howard County Department of Inspections, Licenses and Permits shall be obtained for the construction, renovation, or alteration of any building, structure, area, or fire protection equipment.

(40A) *Section 1.12.8 .*

Delete this subsection and substitute the following:

A permit for a hazardous material is required in accordance with Table 1.12.8(a) through Table 1.12.8(d), and for a hazardous material identified in Section 60.1.1.1 of this Code.

(41) *Section 1.13.2.*

Delete "mandatory" and replace "shall" with "may".

(42) *Section 1.14.1.*

Delete this section and substitute the following:

When requested by the Department of Inspections, Licenses and Permits, the AHJ shall assist in the review of new construction, modifications, alterations, and the installation of equipment.

(43) *Section 1.14.2 through section 1.14.5.*

Delete these sections.

(44) *Subsection 1.15.1.1.*

Add new subsection 1.15.1.1 after subsection 1.15.1 as follows:

The AHJ may require review by an independent third party with expertise in the matter to be reviewed, at the person's expense, when:

- (i) A person requests an equivalent method, alternative, or modification to a Code requirement; or
- (ii) There is insufficient evidence of compliance with the Code on technical matters, uses, operations, or equipment.

(45) *Section 1.16.1.*

Delete this section and substitute the following:

Nothing in this section shall prevent enforcement of this Code using any other means provided by law, including equitable and criminal enforcement. Except in the case of a Class A offense and as set forth in subsection 1.16.1.1 of this Code, if the AHJ determines that a violation of this Code exists, the AHJ shall issue a written notice of violation to the property owner. Any violation that has not been abated within the time specified by the AHJ shall be a Class A violation for failure to abate, pursuant to subsection 17.104(b)(25) of this section.

(46) *Subsection 1.16.1.1.*

Add new subsection 1.16.1.1 after subsection 1.16.1 as follows:

Where a notice of violation is required, it may be served in one of the following methods:

- (1) Personal service;
- (2) Certified or registered mail, restricted delivery, return receipt requested;
- (3) First class mail to the last known address of the alleged violator; or
- (4) When service cannot be obtained by one of these methods, a copy of the notice of violation may be posted in a conspicuous place on the property.

(47) *Subsection 1.16.1.2.*

Add new subsection 1.16.1.2 after subsection 1.16.1.1 as follows:

The fire official may issue a citation authorized by title 24 of the Howard County Code without issuing a notice of violation first for any Class A offense. Without limitation, a violation of any of the following provisions of this Code is a Class A offense:

- (i) Section 1.7.7, Inspections;
- (ii) Section 1.7.9, Interference with enforcement;
- (iii) Section 1.7.10, Impersonation;
- (iv) Section 1.7.11, Investigation;
- (v) Section 1.7.15, Stop work or evacuation;
- (vi) Section 1.7.16, Imminent danger;
- (vii) Section 1.7.17, Standby fire personnel;
- (viii) Section 4.4.3, Means of egress;
- (ix) Section 10.2.7, Reckless endangerment;
- (x) Sections 13.1.2, 13.1.7, and 13.1.13, Regarding fire protection systems;
- (xi) Section 14.4, Means of egress reliability;

- (xii) Section 20.1.5.8.3, Regarding exceeding occupancy limits;
- (xiii) Section 60.1, Hazmat permitting; or
- (xiv) Chapter 65, Regarding explosives, fireworks, flame effects before audience and model rocketry.

(48) *Subsection 1.16.4.2.*

Delete this subsection.

(49) *Section 1.16.6.*

Add new section 1.16.6 after section 1.16.5 as follows:

When there is any violation of this subtitle, this Code, or any action taken under this Code, the fire official may institute appropriate action to prevent, enjoin, abate, or remove the violation. Alternatively and in addition to and concurrent with all other remedies provided by law, the fire official may enforce this subtitle and this Code by the use of civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this Code is a Class C offense except as otherwise specified in this Code.

(50) *Subsection 1.16.6.1.*

Add new subsection 1.16.6.1 after section 1.16.6 as follows:

If a person refuses or fails to comply with any provision of this subtitle, or to correct a violation within the time specified in the notice of violation, or an imminent danger exists, the Fire Official may petition the court for an order permitting entry upon the property to abate the violation at the owner's expense or to take custody of unlawful hazardous materials.

(51) *Section 1.17.*

Add new section 1.17 after section 1.16 as follows:

Authority to adopt fees. The County Council may adopt by resolution a schedule of fees for services performed by the AHJ including, without limitation, issuing permits and performing inspections, and for other services performed pursuant to this Code.

(52) *Section 2.1.*

Delete this section and substitute the following:

General. The documents listed in this chapter are requirements of this Code as if they were fully set forth in this Code, except for the:

- (i) NFPA 5000, Building Construction and Safety Code 2015 Edition;
- (ii) NFPA 54, National Fuel Gas Code, 2015 Edition; and
- (iii) NFPA 70, National Electric Code, 2014 Edition.

(53) *Section 2.1.1.*

Add new section 2.1.1 after section 2.1 as follows:

Except for specific text extracted from NFPA 1, a reference in this Code to "NFPA 5000, Building Construction and Safety Code 2015 Edition" means the Howard County Building Code adopted in title 3, subtitle 1 of the Howard County Code.

(54) *Section 2.1.2.*

Add new section 2.1.2 after section 2.1.1 as follows:

(55) *Section 2.1.3.*

Add new section 2.1.3 after section 2.1.2 as follows:

Except for specific text extracted from NFPA 1, a reference in this Code to "NFPA 70, National Electrical Code, 2014 Edition" means the Howard County Electrical Code adopted in title 3, subtitle 2 of the Howard County Code.

(56) *Section 2.2.*

Add the referenced publication NFPA 1124 Code for the Manufacture, Transportation, Storage and Retail Sales of Fireworks and Pyrotechnic Articles, 2006 Edition.

(57) *Section 3.2.2.*

Delete this section and substitute the following:

Authority having jurisdiction (AHJ). For the purposes of this Code the authority having jurisdiction is the Howard County Department of Fire and Rescue Services.

(58) *Section 3.2.8.1.*

Add new subsection 3.2.8.1 after subsection 3.2.8. as follows:

May. May is permissive and discretionary. When this Code states "the AHJ may require" indicates a requirement, provision, or practice that can be mandated by the AHJ depending upon the situation or circumstances.

(59) *Section 3.3.2.*

At the end of this section, add the following:

The AHJ shall specify the type of box or device.

(60) *Subsection 3.3.20.A.*

Add new subsection 3.3.20.A. after section 3.3.20 as follows:

Barbecue grill. Equipment used for outdoor cooking that uses electricity, charcoal, liquid propane gas, natural gas, or other fuel for its heat source.

(61) *Section 3.3.34.A.*

Add new section 3.3.34.A. after section 3.3.34 as follows:

Bulkhead door. A type of door assembly covering an opening in the ground that provides direct access to a basement, the floor of which is not more than eight feet below ground level. The door consists of either a single rigid leaf or two overlapping rigid leaves, or covers that need to be pushed or lifted upward in order to be opened. After opening the door, a person can walk up a series of steps to escape to the outside. A bulkhead door is also called a hurricane door.

(62) *Subsection 3.3.53.2.*

Delete "2.2 and substitute "2.1.3".

(63) *Subsection 3.3.53.3.*

Delete this subsection and substitute the following:

A reference in this Code to the "Mechanical Code" means the International Mechanical Code adopted pursuant to title 3, subtitle 1 of the Howard County Code.

(64) *Subsection 3.3.53.4.*

Delete "2.2" and substitute "2.1.2".

(65) *Subsection 3.3.68.A.*

Add subsection 3.3.68.A. after section 3.3.68

Unless open flame devices or candles meet the following requirements, a person shall not use or allow to be used, open flames or burning candles in connection with any public meeting or gathering for the purpose of deliberation, entertainment, amusement, instruction, education, recreation, display, or similar purpose in any occupancy open to the public, including assembly, business, educational, daycare and or mercantile occupancies. Candles or open flame devices not meeting the following requirements may be used in connection with a worship service in any place of worship if it is used in such a manner as not to create a hazardous condition, emergency, or imminent danger. For a candle or device to be approved by the AHJ, the candle or device shall meet the requirements set forth below and all referenced and applicable codes.

- (i) Candles, disposable or refillable fuel cartridges, or other open-flame decorative lighting shall not use Class I, II, or IIIA liquids or liquefied petroleum gases (LPG). Examples include, but are not limited to the following:
 - a. Class I: gasoline, alcohol, turpentine;
 - b. Class II: diesel fuel, kerosene;
 - c. Class IIIA: mineral oil, linseed oil, oil based paints; and
 - d. Liquefied petroleum gases: propane, butane, butylenes, propylene.
- (ii) Except for candles, liquid or solid fueled lighting devices shall have a self-extinguishing captive-free floating snuffing device and shall not leak fuel at a rate of more than one-quarter teaspoon per minute if tipped over.
- (iii) Devices or holders shall be constructed to prevent the spilling of liquid fuel or wax at the rate of more than one-quarter teaspoon per minute when the device or holder is not in an upright position.
- (iv) Except for units that self-extinguish and do not spill fuel or wax at the rate of more than one-quarter teaspoon per minute if tipped over, devices or holders shall be designed to return to the upright position after being tilted to an angle of 45 degrees.
- (v) Except where openings on the sides are not more than three-quarter of an inch in diameter, flames of candles, disposable or refillable fuel cartridges, or other open-flame decorative lighting shall be enclosed. The opening on the top and the distance to the top shall be such that a single layer of tissue paper placed on the top will not ignite in ten seconds and the fuel container shall have no means of adjusting the height of the flame.
- (vi) Except where an open flame device self-extinguishes if the device is tipped over, chimneys shall be made of noncombustible material and shall be securely attached to the open-flame device.
- (vii) Disposable or refillable liquid fuel cartridges shall not be under pressure and shall be safely sealed for storage. The fuel container shall be sealed so that it cannot be refilled on the premises and so that the burner assembly cannot be removed from the fuel container.
- (viii) Chimney shades, if used, shall be made of noncombustible materials and securely attached to the open-flame device holder or chimney. The base, device, or holder and any decoration around or near the base must be noncombustible. Devices must be located so as to avoid ignition of any combustibles.

Add new subsection 13.7.1.8.11 after subsection 13.7.1.8.10 as follows:

A single station or multiple station smoke alarm shall meet the requirements set forth in the Public Safety Article of the Annotated Code of Maryland and the Building Code.

(168) *Subsection 13.7.1.8.12.*

Add new subsection 13.7.1.8.12 after subsection 13.7.1.8.11 as follows:

Electrical installation: Smoke alarms shall be installed and maintained in accordance with the electrical code and the most recently adopted edition of NFPA Standard 72.

(169) *Subsection 13.7.1.8.13.*

Add new subsection 13.7.1.8.13 after subsection 13.7.1.8.12 as follows:

The owner or owner's agent shall install all smoke alarms and shall annually inspect and maintain all smoke alarms in accordance with the manufacturer's warranty and suggested maintenance. The owner or owner's agent shall maintain a record of the maintenance schedule. Upon notification by a tenant that a smoke alarm is missing or inoperative, the owner or owner's agent shall repair or replace the smoke alarm. Notification shall be given by certified mail and first-class mail. If the tenant personally notifies the owner or the owner's agent of a mechanical failure of a smoke alarm, the owner or owner's agent shall provide a written, dated receipt acknowledging the notification.

(170) *Subsection 13.7.1.8.14.*

Add new subsection 13.7.1.8.14 after subsection 13.7.1.8.13 as follows:

Where a smoke alarm is required, a person shall not remove or render any smoke alarm inoperative.

(171) *Subsection 13.7.1.8.15.*

Add new subsection 13.7.1.8.15 after subsection 13.7.1.8.14 as follows:

Except for smoke alarms in a hotel or motel, an owner or owner's agent may require a tenant to pay a refundable deposit for smoke alarms, not to exceed the value of the smoke alarm.

(172) *Subsection 13.7.1.8.16.*

Add new subsection 13.7.1.8.16 after subsection 13.7.1.8.15 as follows:

A dwelling unit occupied by a person who is deaf or hearing impaired shall be equipped with a smoke alarm that, when activated, shall provide a signal that is approved by a nationally recognized testing laboratory for electrical appliances and is sufficient to warn a deaf or hearing-impaired person. An owner or their agent shall provide this type of smoke alarm upon the written request of the deaf or hearing impaired tenant.

(173) *Subsection 13.7.1.8.17.*

Add new subsection 13.7.1.8.17 after subsection 13.7.1.8.16 as follows:

Any battery operated smoke alarm replaced is required to be a ten-year-type detector with a sealed battery.

(174) *Subsection 13.7.1.10.5.*

Add new subsection 13.7.1.10.5 after subsection 13.7.1.10.4 as follows:

Where the fire alarm system does not provide for emergency forces notification in accordance with subsection 13.7.1.4.11, approved signs to provide instruction for emergency forces notification shall be provided and permanently affixed and maintained at each manual fire alarm box.

(175) *Subsection 13.7.2.13.1.3.*

At the end of the subsection add the following:

Standards governing smoke alarms shall be in accordance with title 9, subtitle 1 of the Public Safety Article of the Annotated Code of Maryland.

(176) *Subsection 13.7.2.14.5.3.*

Delete this subsection and substitute the following:

In lodging and rooming houses built prior to July 1, 1990, smoke alarms shall be hard wired to the building's power supply. In lodging and rooming houses built after July 1, 1990, smoke alarms shall have an integral battery backup power supply or an approved emergency power supply.

(177) *Subsection 13.7.2.14.5.4.*

Add new subsection 13.7.2.14.5.4 after subsection 13.7.2.14.5.3 as follows:

Except in a building protected by an automatic sprinkler system, smoke alarms are required in an interior corridor serving rooms of lodging and rooming houses. These alarms shall be connected to the building fire alarm.

(178) *Subsection 13.7.2.16.1.*

Add the following at the end of this subsection:

Single station smoke alarms shall be hard-wired directly to the building's power supply. Individual guestroom alarms shall not be connected to the building alarm system.

(179) *Subsection 13.7.2.16.5.2.*

- (i) After "permitted" insert "in hotels and dormitories built prior to July 1, 1990"; and
- (ii) At the end of this subsection add "In a hotel, motel, or dormitory built after July 1, 1990, smoke alarms shall have an integral battery backup power supply or an approved emergency power supply."

(180) *Subsection 13.7.2.16.5.3.*

Add new subsection 13.7.2.16.5.3 after subsection 13.7.2.16.5.2 as follows:

Except in a building protected by an automatic sprinkler system, smoke alarms are required in an interior corridor serving a guestroom of a hotel, motel, or dormitory. These alarms shall be connected to the building alarm system.

(181) *Subsection 13.7.2.16.5.4.*

Add new subsection 13.7.2.16.5.4 after subsection 13.7.2.16.5.3 as follows:

Single station smoke alarms shall be installed in each sleeping area of a hotel, motel, or dormitory. Single-station smoke detectors shall be hard-wired directly to the building's power

supply. Smoke alarms shall be installed in every room through which a person must pass to get from the sleeping area to the door leading from the guestroom or suite. Individual guestroom alarms shall not be connected to the building's alarm system.

(182) *Subsection 13.7.2.16.5.5.*

Add new subsection 13.7.2.16.5.5 after subsection 13.7.2.16.5.4 as follows:

A hotel or motel shall have available at least one smoke alarm for the deaf or hearing impaired for each 50 units (or portion thereof). The owner or owner's agent of the hotel or motel may require a refundable deposit, not to exceed the cost of the smoke alarm, for the use of a deaf or hearing impaired smoke alarm. The owner or owner's agent of a hotel or motel shall post, in a conspicuous place at the registration desk or counter, a permanent sign stating the availability of smoke alarms for the hearing impaired.

(183) *Subsection 13.7.2.18.1.3.*

Add new subsection 13.7.2.18.1.3 after subsection 13.7.2.18.1.2 as follows:

A dwelling unit in a multifamily residential building shall meet the following requirements:

- (i) A unit built before January 1, 1989, shall have smoke alarms hard-wired to the building's power supply.
- (ii) A unit built between January 1, 1989 and July 1, 1990, shall meet the requirements of paragraph (i), and, except in an attic, smoke alarms shall be installed on each level of a multilevel individual dwelling unit, including in a basement. All smoke alarms shall be interconnected so that all will sound if one smoke alarm is activated.
- (iii) A unit built after July 1, 1990, shall meet the requirements of paragraph (i) and (ii) and smoke alarms shall have an integral battery backup power supply.
- (iv) A unit built after October 10, 2001, shall meet the requirements of paragraph (i), (ii), and (iii) and smoke alarms shall be placed in each sleeping area.

(184) *Subsection 14.5.3.3(11).*

Add the following at the end: "The central control point shall be approved by the AHJ."

Grade. The maximum allowable grade is 15 percent with the durable and sustained grade of eight percent. The transition from the road to the driveway shall not exceed eight percent.

(197) *Subsection 18.2.3.5.3.*

Add new subsection 18.2.3.5.3 after subsection 18.2.3.5.2 as follows:

The AHJ may:

- (i) Designate part of any public or private roadway, driveway, or curb as a fire lane; and
- (ii) Designate how the fire lane shall be marked or established.

(198) *Subsection 18.2.3.5.4.*

Add new subsection 18.2.3.5.4 after subsection 18.2.3.5.3 as follows:

In determining where and how a fire lane shall be established, the AHJ shall consider the following:

- (i) The width of the roadway or driveway;

- (ii) The ability of any necessary emergency equipment to have ingress and/or egress to the occupancy or property;
- (iii) The size and turn radius of any necessary emergency vehicle or equipment;
- (iv) Access to fire hydrants fire connections, and fire exits;
- (v) Location of buildings or structures; and
- (vi) The potential or likelihood that a person would park a vehicle in the area.

(199) *Subsection 18.2.3.5.5.*

Add new subsection 18.2.3.5.5 after subsection 18.2.3.5.4 as follows:

Regarding fire lane designation, the AHJ may:

- (i) Conduct a site visit of the property to determine whether and/or how a fire lane should be designated; and
- (ii) Require a fire lane to be designated by the placement of fire lane signs, a red painted curb, a red hatched pattern, or any combination thereof.

(200) *Subsection 18.2.3.5.6.*

Add new subsection 18.2.3.5.6 after subsection 18.2.3.5.5 as follows:

For any fire lane that the AHJ determines shall be marked with fire lane signs:

- (i) All signs shall comply with the most recently adopted State Highway Administration Standard Sign Book;
- (ii) Signs shall be placed at the termination points of the fire lane;
- (iii) Signs shall be placed at least every 200 feet; and
- (iv) Signs shall be placed in such a way and in a location so that the signs shall not interfere with pedestrian or traffic movement.

(201) *Subsection 18.2.3.5.7.*

Add new subsection 18.2.3.5.7 after subsection 18.2.3.5.6 as follows:

For any fire lane that the AHJ determines shall be marked by a painted curb:

- (i) All curbs shall be painted with red traffic paint;
- (ii) The red painted marking shall be at least six inches wide; and
- (iii) Letters stating "NO PARKING FIRE LANE" shall be stenciled onto the red painted marking at each end and every 20 feet of the painted area. The letters shall be stenciled using white paint and shall be three inches high and located on the top surface of the curb as designated by the AHJ.

(202) *Subsection 18.2.3.5.8.*

Add new subsection 18.2.3.5.8 after subsection 18.2.3.5.7 as follows:

For any fire lane that the AHJ determines shall be marked by a red painted cross-hatching pattern:

- (i) The area shall be marked by red paint applied in a hatch pattern composed of parallel diagonal stripes running at a 30 to 60 degree angle across the width of the fire lane;
- (ii) The striping used to create the cross hatch pattern shall be at least six inches wide and the stripes placed at a maximum of 72 inches apart; and

- (iii) Letters stating "NO PARKING FIRE LANE" shall be stenciled using white paint within the cross hatch pattern; and
- (iv) The size of the letters may vary depending on the size of the fire lane marking.

(203) *Subsection 18.2.3.5.9.*

Add new subsection 18.2.3.5.9 after subsection 18.2.3.5.8 as follows:

The AHJ shall notify a property owner that a particular area is to be designated as a fire lane. The property owner shall, within 30 days of receipt of notification from the AHJ, install fire lane markings or signs in the location and by the method directed by the AHJ.

(204) *Subsection 18.2.3.5.10.*

Add new subsection 18.2.3.5.10 after subsection 18.2.3.5.9 as follows:

A property owner who fails to install or maintain fire lanes, fire lane markings or signs, or both markings and signs, in accordance with this section is guilty of a misdemeanor, and upon conviction is subject to a fine of up to \$1,000.00. Alternatively, and in addition to and concurrent with all remedies provided at law or equity, a Fire Official may enforce the provisions of this section with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. Each day that a violation continues is a separate offense.

(205) *Subsection 18.2.4.1.5.*

Add new subsection 18.2.4.1.5 after subsection 18.2.4.1.4 as follows:

Use in common driveways, or roads with similar names that provide access to structures may be considered a fire department access road.

(206) *Subsection 18.5.1.1.1.*

Add new subsection 18.5.1.1.1 after subsection 18.5.1.1 as follows:

All new fire hydrants shall be public unless the AHJ approves the use of private fire hydrants.

(207) *Subsection 18.5.2(2).*

Delete "800 feet" and substitute "500 feet".

(208) *Subsection 18.5.3(2).*

 - b. Is the child of the day-care home owner or operator, or of an employee of the family day-care home;
- (iii) There shall not be more than four children under the age of two years; and
- (iv) For children under the age of two years, an adult to child ratio of at least one adult to every two children shall be maintained at all times.

(232) *Subsection 20.3.4.1.1.1.*

Add new subsection 20.3.4.1.1.1 after subsection 20.3.4.1.1 as follows:

A group day-care home shall meet the following requirements:

- (i) The home shall not serve more than 12 clients;
- (ii) A child shall be counted as a client served if the child:
 - a. Is under the age of two years; and
 - b. Is the child of the day-care home owner or operator, or of an employee of the group day-care home;
- (iii) There shall not be more than four children under the age of two years;
- (iv) The minimum staff to client ratio shall not be less than two staff for up to 12 clients or one adult for every six children; and
- (v) For children under the age of two years, an adult to child ratio of at least one adult to every two children shall be maintained at all times.

(233) *Subsection 20.3.4.1.7.*

Add new subsection 20.3.4.1.7 after subsection 20.3.4.1.6 as follows:

A day-care center is governed by the requirements for an educational occupancy if the day-care center provides day care for school-age children before and after school hours and provides care in a building which is in use as a public or private school.

(234) *Subsection 20.3.4.2.2.3.*

Add new subsection 20.3.4.2.2.3 after subsection 20.3.4.2.2.2 as follows:

A bulkhead door shall not be a primary means of emergency egress.

(235) *Subsection 20.3.4.2.2.4.*

Add new subsection 20.3.4.2.2.4 after subsection 20.3.4.2.2.3 as follows: A sliding door used as a required means of egress shall meet the following requirements:

- (i) The sliding door shall have only one, easily operated locking device that does not require special knowledge, effort, or tools to operate;
- (ii) There shall not be draperies, screens, or storm doors that could impede egress;
- (iii) The sill or track height may not exceed ½ inch above the interior finish floor;
- (iv) The surface onto which an exit is made shall be an all-weather surface, such as a deck, patio, or sidewalk;
- (v) The floor level outside the door may be one step lower than the inside, but not more than eight inches lower;
- (vi) The sliding door shall be open to a clear open width of at least 28 inches;
- (vii) Each day before day-care use, the sliding door shall be unlocked and tested to the full required width; and
- (viii) During periods of snow or freezing rain, the door track shall be kept clear of snow or freezing rain and the door opened periodically throughout the day in order to ensure proper operation.

(236) *Subsection 20.3.4.2.2.5.*

Add new subsection 20.3.4.2.2.5 after subsection 20.3.4.2.2.4 as follows:

If a deadbolt lock is provided with an approved interior latch, the deadbolt lock shall be of a captured key design from which the key cannot be removed from the interior side of the lock

when in the locked position. The lock shall be unlocked at all times when the home is occupied for the family day-care use, except that a double keyed, deadbolt lock may be used on the secondary means of egress if the key is readily accessible and the lock is unlocked when the day-care is in operation.

(237) *Subsection 20.3.4.2.3.5.4.*

Insert the following at the end of this subsection: except in day care homes with three or fewer clients for overnight lodging.

(238) *Subsection 25.1.3.6.*

Add new subsection 25.1.3.6 after subsection 25.1.3.5 as follows:

If artificial lighting is provided in the tent, then emergency lighting is required in the event that the artificial lighting fails.

(239) *Subsection 25.1.3.7.*

Add new subsection 25.1.3.7 after subsection 25.1.3.6 as follows:

A tent shall not block any exit from a structure or create a situation where the building occupants will exit through the tent to get to a safe area.

(240) *Subsection 25.1.3.8.*

Add new subsection 25.1.3.8 after subsection 25.1.3.7 as follows:

All tents shall have a minimum of one exit. Tents with a capacity of greater than 49 persons shall have two exits. Egress doors shall be of contrasting color. Exit signs shall be provided. Draperies, hangings or curtains used on exits shall comply with NFPA 1 section 14.10.2.

(241) *Subsection 25.1.9.3 1.*

Add new subsection 25.1.9.3.1 after subsection 25.1.9.3 as follows:

Portable distribution or termination boxes shall be designed so no live wires are exposed. Where installed outdoors, the boxes shall be weatherproof and mounted not less than six inches above the ground.

(242) *Subsection 25.1.9.4.*

Add new subsection 25.1.9.4 after subsection 25.1.9.3 as follows:

All electrical devices, wiring, and generators may be used if inspected and issued a permit by the Department of Inspections, Licenses and Permits prior to use.

(243) *Subsection 25.1.10.1.4.*

Add new subsection 25.1.10.1.4 after subsection 25.1.10.1.3 as follows:

Electric heating units used inside a tent shall be approved. Fuel fired devices shall be located on the exterior of the tent and air ducted to the tent.

(244) *Subsection 25.1.10.1.5.*

Add new subsection 25.1.10.1.5 after subsection 25.1.10.1.4 as follows:

Propane cylinders must be located not less than five feet from any tent. Tanks shall be secured in an upright position and protected from vehicle traffic.

(245) *Subsection 25.2.1.3.*

Add new subsection 25.2.1.3 after subsection 25.2.1.2 as follows:

Any tent over 120 ft² requires a permit from Howard County Department of Inspection, License and Permits. Tents and canopies used for food service require a permit from the Howard County Health Department. Tents shall be permitted on a temporary basis.

(246) *Subsection 25.2.1.4.*

Add new subsection 25.2.1.4 after subsection 25.2.1.3 as follows:

Tents and canopies shall not be set up inside a building unless approved by the AHJ.

(247) *Subsection 25.2.2.2(3).*

Add new subsection 25.2.2.2(3) after subsection 25.2.2.2(2) as follows:

(3) The tent or canopy shall have a label affixed stating that the tent complies with NFPA 701 or equivalent testing standard approved by the AHJ. Non-fixed certification may be acceptable providing it identifies the make and model of the tent.

(248) *Subsection 25.2.3.3.*

Delete "10 ft" and substitute "15 feet".

(249) *Subsection 25.2.3.4.*

Delete this subsection and substitute the following:

A separation of ten feet is required after every 100 feet of tents. A separation of ten feet shall be maintained between rows of tents. A row shall not be wider than 40 feet.

(250) *Subsection 25.2.4.1.1.*

Add new subsection 25.2.4.1.1 after subsection 25.2.4.1 as follows:

Hay, straw, shavings or similar combustible material shall not be permitted within the structure unless approved by the AHJ.

(251) *Subsection 26.1.5.2.*

Add new subsection 26.1.5.2 after subsection 26.1.5.1 as follows:

When the AHJ requires a hazard assessment, the assessment shall be conducted by a technically qualified person acceptable to the AHJ.

(252) *Subsection 26.1.5.3.*

Add new subsection 26.1.5.3 after subsection 26.1.5.2 as follows:

When the AHJ requires a hazard assessment, the assessment shall include a list of hazardous materials used in each laboratory. The list shall specify the chemical name, quantity and hazard class.

(253) *Subsection 26.1.5.4.*

Add new subsection 26.1.5.4 after subsection 26.1.5.3 as follows:

New laboratories or laboratories where the NFPA 45 Laboratory Hazard Classification changes shall post an informational placard near the main entrance to the laboratory. The placard shall state the building name or address, room number, NFPA 45 Laboratory Hazard Classification, maximum allowable quantities of flammable liquids both inside a storage cabinet and open use, and maximum quantities of flammable gases permitted within the laboratory.

(254) *Section 26.3.*

Add new section 26.3 after section 26.2 as follows:

All laboratories, laboratory suites, or laboratory units within the scope of NFPA 45, regardless of the laboratory classification in NFPA 45, shall be separated by at least one-hour fire resistance rated construction from non-laboratory areas. If a higher fire resistance rating is required by table 5.1.1 in NFPA 45 or the Building Code, the higher fire resistance rating shall be used. Rooms that are an incidental use to the laboratory shall be considered part of the laboratory for the purpose of this requirement and shall not require additional separation.

(255) *Section 27.2.*

Delete this section and substitute the following:

The fire safety requirements for the installation of a manufactured home and a manufactured home site, including an accessory building, structure, and community, shall comply with NFPA 501A, Standard for Fire Safety Criteria for Manufactured Home Installations, Site, and Communities, section 27.1 of this Code, and title 16, subtitle 5 of the Howard County Code.

(256) *Subsection 31.2.1.*

Add new section 31.2.1 after section 31.2 as follows:

- (i) A copy of the facility's Natural Wood Waste Recycling Facility or composting permit application, including the Operations Plan and the Emergency Preparedness Manual, shall be sent to the AHJ for review and recommendations to the Department of Planning and Zoning.
- (ii) A copy of the information required by paragraph (i) of this subsection shall be submitted to the AHJ with each State permit renewal (five-year renewals).

(257) *Subsection 31.3.4.3.2.1.*

Add new subsection 31.3.4.3.2.1 after subsection 31.3.4.3.2 as follows:

The primary road shall:

- (i) Be kept adequately clear in order to provide access the processing/storage area; and
- (ii) Be paved or constructed so as to provide all weather, year round, access by fire apparatus with a weight of 75,000 GVW.

(258) *Subsection 31.3.6.2.2.*

Add new paragraph 9 after paragraph 8 as follows:

A pile containing leaves and other extraneous or hogged material, including natural wood waste, shall be turned or reclaimed in accordance with State law and at a minimum every three months.

(259) *Subsection 31.3.6.3.1.*

Delete this subsection and substitute the following:

Piles may not exceed 18 feet in height for unground materials or 10 feet in height for ground materials, 50 feet in width, and 350 feet in length. When more than one pile exists, piles shall be divided by a fire lane having at least 25 feet of clear space at the base of the pile.

(260) *Subsection 31.3.6.3.2.*

Delete this subsection.

(261) *Subsection 31.3.6.3.2.1.*

Delete this subsection.

(262) *Subsection 31.3.6.3.2.2.*

Delete this subsection.

(263) *Subsection 31.3.6.3.2.3.*

Delete this subsection.

(264) *Subsection 31.3.6.3.5.1.*

Add new subsection 31.3.6.3.5.1 after subsection 31.3.6.3.5 as follows:

If the operation is located outside of a municipal water supply the following will apply:

- (i) The AHJ will require a reliable certified water supply system with the capability to supply 1,000 gallons per every 10,000 cubic feet of pile. The supply system must be capable of producing a minimum of 250 gpm (preferred is 500 gpm) for at least two hours.
- (ii) The Mulch/Wood Processing operation shall have a Fire Station located within five travel miles of the location.
- (iii) If the water supply is static it is to be certified by an engineer and capable to supply the amount required by paragraph (i) of this subsection. If the water supply is below the minimum amount, then the supply must be capable of at least 30,000 gallons at all times. The maximum size of water supply needed may be based on the proposed operation and approved by the AHJ.
- (iv) Based on the amount of material on site, other provisions such as sprinklers, pre-piped systems, or constant monitoring of the pile may be required.

(265) *Section 33.1.2.*

Delete this section and substitute the following:

Where required, a permit for outside storage shall be obtained from the Maryland Department of the Environment. A permit from the AHJ is required for the storage of 500 tires or more. A person may not store more than 5,000 tires.

(266) *Section 33.1.12.*

Add new section 33.1.12 after section 33.1.11 as follows:

The AHJ may require a security fence around the tire storage area.

(267) *Section 33.1.13.*

Add new section 33.1.13 after section 33.1.12 as follows:

The storage of fewer than 500 tires shall meet the following requirements:

- (i) Tires shall not be stored in vertical stacks;
- (ii) Storage piles shall not exceed ten feet in height;
- (iii) Storage piles shall not be larger than 1,250 cubic feet; and
- (iv) Tires shall be separated from the property line, buildings, structures, or other exposures by a minimum of 25 feet.

(268) *Section 33.2.2.3.*

Delete "20 ft (6m)" and substitute "ten feet"

(269) *Subsection 42.7.5.2.1.*

Add new subsection 42.7.5.2.1 after subsection 42.7.5.2 as follows:

The following information shall be conspicuously posted in a location approved by the AHJ:

- (i) The address of the unattended self-service facility; and
- (ii) The telephone number of the owner or operator of the unattended self-service facility.

(270) *Subsection 42.7.5.7.*

Add new subsection 42.7.5.7 after subsection 42.7.5.6 as follows:

An owner, manager, or employee shall conduct a daily site visit to ensure that all equipment is operating properly.

(271) *Subsection 42.7.5.8.*

Add new subsection 42.7.5.8 after subsection 42.7.5.7 as follows:

An owner, manager, or employee shall conduct inspections and maintenance of equipment at regular intervals and in accordance with the manufacturer's instructions.

(272) *Subsection 42.7.5.9.*

Add new subsection 42.7.5.9 after subsection 42.2.7.5.8 as follows:

Fuel dispensing equipment shall comply with one of the following:

- (i) The amount of fuel being dispensed is limited in quantity by a pre-programmed card; or
- (ii) The dispensing device shall be programmed or set to limit uninterrupted fuel delivery of not more than 25 gallons and shall require manual action to resume continued delivery.

(273) *Subsection 50.2.1.9.*

Delete this subsection and substitute the following:

Cooking equipment used in fixed, mobile, or temporary concessions, such as trucks, buses, trailers, pavilions, tents, under a canopy or any form of roofed enclosure, shall comply with NFPA 96 and this chapter.

(274) *Subsection 50.2.1.10.*

Add new subsection 50.2.1.10 after subsection 50.2.1.9 as follows:

Mobile Food Vending Platforms. All mobile food vending platforms that use propane or any other heat source for cooking shall be inspected by the AHJ. For purposes of this Code, mobile food vending platform means any pushcart, trailer, enclosed trailer, or enclosed truck that uses propane or any other heat source to prepare food or beverage for sale.

(275) *Subsection 50.2.1.10.1.*

Add new subsection 50.2.1.10.1 after subsection 50.2.1.10 as follows:

50.2.1.10.1 Licensing requirements. The owner or operator of a mobile food vending platform shall, before beginning operations, obtain an inspection and inspection sticker from the AHJ as follows:

- (i) The owner or operator of a mobile food vending platform shall provide the following information to the AHJ:
 - a. Evidence of a current Howard County health inspection;
 - b. A valid driver's license;
 - c. Current vehicle registration;
 - d. Current vehicle inspection sticker/paperwork; and
 - e. Current vehicle state inspection.
- (ii) Inspections of mobile food vending platforms. The AHJ may conduct inspections at any time as deemed necessary to ensure compliance with the provisions of this Code.
 - a. An inspection is required by any owner or operator of a mobile food vending platform that establishes business for any length of time in Howard County. The owner or operator shall request a one-day inspection sticker at least ten days prior to conducting business in Howard County.
 - b. The AHJ shall designate a location to conduct inspections. Inspections or reinspections shall be at designated times each month or may be arranged by appointment.
 - c. Once the inspection is satisfactorily completed, the AHJ shall issue an inspection sticker. Except for a one-day inspection sticker, the inspection sticker is valid for one calendar year from the last inspection.
 - d. Mobile food vending platforms that fail the inspection may not operate.
 - e. Any changes to items, processes, storage or configuration within the scope of the inspection must be approved by the AHJ in order to maintain the validity of an inspection sticker.
 - f. Hydro dates of propane cylinders will be checked by the AHJ.
- (iii) The owner or operator of a mobile food vending platform shall:
 - a. Obtain any other permits, including a hazardous materials permit;
 - b. Pay any other fees as required by law;
 - c. Display annual or one-day inspection stickers; and
 - d. Complete a daily checklist.

(276) *Subsection 50.2.1.11.*

Add new subsection 50.2.1.11 after subsection 50.2.1.10 as follows:

Fees related to mobile food vending platforms.

- (i) The AHJ may charge a fee for an inspection or reinspection of a mobile food vending platform.
- (ii) The County Council may adopt by resolution fees for the inspection and reinspection of mobile food vending platforms.
- (iii) An inspection shall not be performed where an operator has failed to pay previous inspection fees. Where an inspection cannot be performed for failure to pay fees, the mobile food vending platform may not operate.

(277) *Subsection 50.2.1.12.*

Add new subsection 50.2.1.12 after subsection 50.2.1.11 as follows:

Fire protection systems for mobile food vending platforms shall comply with NFPA 1 and the following:

- (i) Fire suppression systems shall comply with the appropriate provisions of this Code, NFPA 1, and NFPA 96.
- (ii) All mobile food vending platforms that have any commercial cooking equipment that produce grease laden vapors shall have an automatic fire-extinguishing system.
- (iii) If more than two frying vessels or ten gallons of frying media are used, a commercial hood (Type 1) shall be installed above all commercial cooking appliances or domestic cooking appliances used for commercial purposes.
- (iv) At the time of inspection, hood and exhaust systems must be clean and the hood shall have the appropriate sticker attached by a Maryland registered cleaner.
- (v) Fire extinguishers are required for all mobile food vending platforms as follows:
 - a. All fire extinguishers shall be maintained and inspected on an annual basis. A fire extinguisher (minimum size of 2A 40 bc) is required in addition to any Class K extinguisher. If deep fat fryers are used operators shall have and maintain a Class K portable fire extinguisher.
 - b. Portable fire extinguishers shall be located in conspicuous locations where they are readily accessible and immediately available for use.
 - c. If the platform is a towed trailer, the fire extinguisher shall be kept in the trailer, when the trailer is operating.
 - d. All employees working in the vehicle shall be trained in the proper use of the fire extinguishers.
 - e. Fire extinguishers shall bear a current inspection tag validated within the past 12 months or a receipt of purchase within the last 12 months shall be available for inspection.
- (vi) Ventilation control systems shall be appropriate for the cooking operations conducted. Ventilation systems shall be capable of exhausting all byproducts of cooking operations. The hood must be designed to adequately collect and exhaust fumes, smoke and vapors from the area over which it is installed. Hood systems shall be maintained and cleaned in accordance with this Code, NFPA 1, and NFPA 96.
- (vii) All fire extinguishing system shall be inspected by a certified fire protection company every six months. Records shall be maintained as required in this Code, NFPA 1, and NFPA 96.
- (viii) Records shall be submitted to the AHJ in an approved method.

(278) *Subsection 50.2.1.13.*

Add new subsection 50.2.1.13 after subsection 50.2.1.12 as follows:

Hazardous materials and storage of flammable liquids for mobile food vending platforms. The storage and use of flammable liquids shall comply with NFPA 1, and the following:

- (i) Individual containers, cartons, or packages shall be conspicuously marked or labeled in an approved manner.
- (ii) Hazardous materials or liquids shall be disposed of in the proper manner and shall not be released into any sewer, storm drain, ditch, drainage canal, creek, stream, river, lake or tidal water or on the ground, sidewalk, street, highway, or into the atmosphere.

(279) *Subsection 50.2.1.14.*

Add new subsection 50.2.1.14 after subsection 50.2.1.13 as follows:

Propane and natural gas handling requirements for mobile food vending platforms shall comply with NFPA and the following:

- (i) A "no smoking" sign next to or directly above the gas container and visible to the public. Such sign shall be posted with a minimum of two-inch lettering.
- (ii) The main shut-off shall be marked, in plain view, and be accessible.
- (iii) Propane bottles—The capacity limit of propane bottles shall be determined by the AHJ.
- (iv) LPG vessels shall be affixed to the portable food service platform in a safe and secure manner that provides while parked or in transit. All applicable Department of Transportation regulations shall be followed.
- (v) Propane and natural gas tanks shall be shut off while the mobile food vending platform is in motion, unattended and/or in overnight storage.
- (vi) Generator(s) and LPG storage compartments located on the exterior of the mobile food vending platform shall be enclosed. These compartments shall have venting to the exterior and shall not allow any venting to the interior of the vehicle. If an LPG storage compartment is added on the rear of the truck, the bumper shall extend beyond the compartment to provide added impact protection in accordance with NFPA 58-6.23.3.4.
- (vii) Storage or use of LPG cylinders within vehicle towing a mobile vending food platform is prohibited at all times.
- (viii) Mounting and placement of propane and natural gas tanks. The mounting of propane and natural gas tanks must withstand impact equal to four times the weight of the filled propane or natural gas container according to NFPA 58-6.23.3.4. Tanks must be secure (NFPA 58-5.2.4) and conform with NFPA standards relating to the safe mounting of tanks as described in NFPA 58-6.23.3.3.
 - a. Outside mounted in a semi-enclosed cabinet, with vents at the top and bottom to facilitate the diffusion of vapors, vapor-tight to the interior of the vehicle, with a weather-protected regulator and a leak indicator as described in NFPA 1192-6.4.8.
 - b. Outside mounted, secured on top and bottom and stabilized (e.g., with a strap), vapor-tight to the interior of the vehicle, mounted no less than 28 inches above the ground with a weather-protected regulator.

(280) *Subsection 50.2.1.15.*

Add new subsection 50.2.1.15 after subsection 50.2.1.14 as follows:

Electrical requirements. The electrical equipment on a mobile food vendor platform shall be in compliance with the Howard County Electrical Code.

(281) *Section 60.1.1.1.*

Add new section 60.1.1.1, immediately after section 60.1.1 as follows:

60.1.1.1 Hazmat Permitting. Notwithstanding any other provision of this Code, an annual permit issued by the AHJ is required for any facility that stores, receives, dispenses, uses, or handles any hazardous materials identified in subsection 60.1.1.1(i) of this Code. For the purposes of this section, the term "hazardous material" is equivalent to "hazardous substance" and "hazardous chemical".

- (i) There are five types of hazardous materials permits based on the type and quantity of hazardous material:

- a. Type I permits are required for hazardous chemicals identified in 40 CFR part 370, subject to the Threshold Planning Quantity ("TPQ") where applicable therein.
 - b. Type II, Type III, and Type IV permits are required for extremely hazardous substances, as defined in 40 CFR part 355, that have a TPQ of ten pounds or less, that do not otherwise require a type I permit, as follows:
 - 1. Type II permits are required for five pounds or more, up to ten pounds.
 - 2. Type III permits are required for one pound or more, up to five pounds.
 - 3. Type IV permits are required for amounts less than a pound.
 - c. Type V hazardous materials permits are required for any substance, in accordance with section 1.12.8 of this Code, that does not otherwise require a Type I, II, III, or IV permit.
- (ii) A permit application will not be accepted unless the following items are submitted with the permit application:
- a. A general site plan is required for Type I, II, and III facilities. A general site plan shall be drawn at a legible scale and shall include the location of buildings, exterior storage facilities, permanent access ways, evacuation routes, parking lots, internal roads, chemical loading areas, equipment cleaning areas, storm and sanitary sewer accesses, emergency equipment, and adjacent property uses.
 - b. A building floor plan is required for Type I, II, and III facilities. A building floor plan shall be drawn to a legible scale that shall include the identity of each hazardous materials storage areas within the building and shall indicate rooms, doorways, corridors, means of egress, and evacuation routes.
 - c. A hazardous materials inventory statement (HMIS) is required for all facilities. The inventory statement shall include: hazard class, common or trade name, chemical name, major constituents, and concentrations if a mixture. If the hazardous material is waste, the waste category, chemical abstract service number (CAS number) found in title 29 of the Code of Federal Regulations (CFR), whether the material is pure or a mixture, and whether the material is a solid, liquid, or gas, storage conditions related to the storage type, temperature, and pressure.
 - d. Safety data sheets (SDS) are required for all facilities and for all chemicals listed on the application.
 - e. Type I, II, and III facilities are required to provide a copy of a contract with a disposal/clean-up company or a plan to dispose of chemicals or clean-up spills or leaks.
- (iii) Any amendments to the hazardous materials inventory statements shall be provided to the AHJ within 30 days of the storage of any hazardous materials that either:
- a. Changes or adds a hazard class; or
 - b. That causes a five percent increase in the amount of any one hazard class.
- (iv) The business shall notify the AHJ in writing 30 days prior to vacating the property or area where hazardous materials are located. The AHJ shall conduct an inspection on the last day that the business occupies the property or area to confirm that all hazardous materials have been removed from the property or area. A violation of this subsection is a Class A offense. Each day that a violation continues is a separate offense.
- (v) Applications for a hazardous material permit shall be submitted annually by the following dates:
- a. Type I - Filing date: March 1st

- b. Type II - Filing date: August 1st
- c. Type III - Filing date: September 1st
- d. Type IV - Filing date May 1st
- e. Type V - Filing date: June 1st

Failure to apply for a hazardous materials permit is a Class A offense. Each day that a violation continues is a separate offense.

- (vi) A violation of this section is a Class A offense. Each day that a violation continues is a separate offense.

(282) *Subsection 60.1.1.1.1.*

Add new subsection 60.1.1.1.1 after subsection 60.1.1.1 as follows:

In addition to this Code, applicable requirements of the Public Safety Article of the Annotated Code of Maryland, shall apply. When a permit conflicts with a provision of this Code, the more stringent requirement applies.

(282A) *Subsection 60.1.2 .*

Delete the first paragraph and substitute the following:

Except for hazardous materials permit requirements, buildings, and portions thereof, containing high hazard contents limited to any of the following are not required to comply with this chapter.

(283) *Subsection 63.1.1.1.1.*

Add new subsection 63.1.1.1.1 after subsection 63.1.1.1 as follows:

Carbon dioxide (CO₂) beverage systems shall comply with NFPA 55.

(284) *Subsection 65.1.1.*

Delete this section and substitute the following:

Except as provided in subsections 65.1.1.1, 65.1.3, 65.1.4, and 65.1.5 of this Code, the storage, use, and handling of explosives, fireworks, or model rocketry shall comply with the requirements of this chapter, NFPA standards referenced within this chapter, section 60.1 and section 60.2 of this Code, and the requirements set for forth in the Public Safety Article of the Annotated Code of Maryland.

(285) *Subsection 65.1.1.1.*

Add new subsection 65.1.1.1 after subsection 65.1.1 as follows:

Unless the possession or discharge of the device is conducted under a state fire marshal permit and is subject to inspection by the AHJ, a person shall not possess, store, offer for sale, expose for sale, sell, use, burn, discharge, or explode a ground-based sparkling device, including but not limited to, non-aerial, non-explosive cone fountains, and cylindrical fountains.

(286) *Section 65.1.3.*

Add new section 65.1.3 after section 65.1.2 as follows:

In addition to the AHJ, the Howard County Department of Police may enforce section 65.1.1.1 of this Code.

(287) *Section 65.1.4.*

Add new section 65.1.4 after section 65.1.3 as follows:

A person possessing, selling, or discharging illegal fireworks, explosives, unlawfully stored hazardous materials, or model rocketry shall forfeit the same to the AHJ. The AHJ may seize illegal fireworks, explosives, unlawfully stored hazardous materials, and model rocketry.

(288) *Section 65.1.5.*

Add new section 65.1.5 after section 65.1.4 as follows:

A violation of this chapter is a Class A offense. A person who possess, sells, or discharges illegal fireworks, explosives, unlawfully stored hazardous materials, or model rocketry, or who fails to surrender illegal fireworks, explosives, or model rocketry to the AHJ, or who fails to get approval or follow the regulation set forth for flame effects is guilty of a misdemeanor and, upon conviction, is subject to a fine not exceeding \$1,000.00 or imprisonment not exceeding 30 days or both. Alternatively, and in addition to and concurrent with all remedies provided at law or equity, a Fire Official may enforce this section with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this subsection is a Class A offense. Each day that a violation continues is a separate offense.

(289) *Subsection 66.21.7.4.3.1.1.*

Add new subsection 66.21.7.4.3.1.1 after subsection 66.21.7.4.3.1 as follows:

A person shall obtain approval by the Maryland Department of the Environment and the Department of Inspections, Licenses and Permits to remove an underground tank. Removed tanks shall be taken away from the site within 24 hours.

(290) *Subsection 69.1.1.4.*

Add new subsection 69.1.1.4 after subsection 69.1.1.3 as follows:

Cylinders connected to a temporary heating device in a building under construction or being renovated shall be located outside the building and secured in a manner approved by the AHJ. An extra cylinder stored on a construction site shall be secured in manner approved by the AHJ.

(291) *Subsection 69.3.10.9.2.*

Delete this subsection and substitute the following:

Cylinders shall not be located on decks or balconies of dwellings of two or more living units.

(292) *Subsection 69.3.11.1.3.*

Delete this subsection and substitute the following:

Patio heaters shall not be located within five feet of an exit or opening or used under a tent or canopy.

(293) *Subsection 69.5.3.2.4.*

Add new subsection 69.5.3.2.4 after subsection 69.5.3.2.3 as follows:

Except for Class A mercantile occupancies, in mercantile occupancies the total weight of all cylinders shall not exceed ten lbs.

Footnotes:

Editor's note— Council Bill No. 8-2016, § 1, adopted April 14, 2016, repealed the former § 17.104, and enacted a new § 17.104 as set out herein. The former § 17.104 pertained to similar subject matter and derived from C.B. 153, 1991; C.B. 81, 1997; C.B. 14, 2003, § 1; C.B. 52, 2004; C.B. 53, 2007, §§ 1, 2; C. B. 38, 2008, § 1.

Sec. 17.105. - Unsafe structures.

- (a) *Definitions.* For the purpose of this section, the following terms are defined as follows:
- (1) *Emergency* means a fire, explosion, medical condition, or other hazard that poses an immediate threat to life or property.
 - (2) *Fire official* means the Chief of the Department of Fire and Rescue Services, or the Chief's designee, is a fire official for the purpose of this section.
 - (3) *Imminent danger* means a condition or practice in an occupancy, structure, or area that poses a danger that could reasonably be expected to cause death, physical injury, or damage to property.
- (b) *Power to Abate.* Where there is evidence that an emergency exists, the Fire Official is authorized to summarily abate the emergency and to maintain order at the scene until the emergency is abated and persons and property are secured.
- (c) *No Liability for Trespass.* Without liability for trespass, when there is evidence that an emergency or imminent danger exists an authorized Fire Official may enter any building, including private dwellings, or any premises at or in the vicinity of the scene of the emergency or imminent danger for the purpose of abating the emergency, including a medical emergency, or imminent danger.
- (d) *Evacuation.* Authorized Fire Officials, when operating at an emergency or imminent danger, may:
- (1) Order any individual to evacuate any building, premises or area, including a private dwelling, at or in the vicinity of an emergency or imminent danger for the purpose of protecting a person and the public from injury.
 - (2) Order any convoy, caravan or train of vehicles, craft, or railway cars to be detached or uncoupled for the purpose of protecting persons, the public, and property.
- (e) *Unsafe Buildings:*
- (1) A building or structure that constitutes an emergency or imminent danger shall be posted by the Fire Official as an unsafe building or structure and occupancy shall be prohibited until the Fire Official determines that the emergency or imminent danger is abated. The Fire Official may adopt procedures to implement this section.
 - (2) A building or structure that is unsafe because of structural damage from any cause shall be posted as unsafe in accordance with the procedures set forth in the Howard County Building Code or pursuant to procedures adopted by the Fire Official.
 - (3) The owner of a building or structure that has been posted as unsafe is responsible for securing the unsafe building or structure to prevent occupancy.
 - (4) The Fire Official may require all utilities to be disconnected in an unsafe building or structure.
- (f) *Penalties.* An individual failing to obey any order given by a Fire Official when acting pursuant to this section is guilty of a misdemeanor and, upon conviction, is subject to a fine, not exceeding \$1,000.00, or imprisonment, not exceeding 30 days, or both. Alternatively, or in addition to and concurrent with all remedies at law or at equity, a Fire Official may enforce the provisions of this section with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this section is a Class A offense.

(C.B. 153, 1991; C.B. 52, 2004; C.B. 10, 2006, § 3)

Sec. 17.106. - Flammable materials may be declared a nuisance.

(a) *What Constitutes a Public Nuisance.*

- (1) This subsection does not apply to weeds, brush and grass on land actively devoted to:
 - (i) Agricultural uses; or
 - (ii) Conservation uses.
- (2) A Fire Official may declare the following materials a public nuisance, upon finding that they create or tend to create a fire hazard endangering life or property, or that they may interfere with emergency operations or endanger fire service personnel:
 - (i) Rubbish or trash;
 - (ii) Dry brush, noxious weeds or grass exceeding 12 inches in height;
 - (iii) Wood chips or hogged material, including natural wood waste; or
 - (iv) Debris or other material of a flammable nature.

(b) *Unlawful to Permit Public Nuisance.* It shall be unlawful for anyone to permit a public nuisance listed in subsection (a) to remain on any lot or parcel of ground.

(c) *Removal; Notice.* The Director of Fire and Rescue Services shall send a notice by registered or certified mail to the owner of any lot or parcel of ground where the Director determines that a public nuisance exists. The notice shall:

- (1) Require the property owner to abate the nuisance within ten days;
- (2) State that if the nuisance is not abated within ten days, the County may abate the nuisance at the expense of the property owner.

(d) *Extension.* If the property owner is unable to comply with a notice within ten days after its receipt, the property owner shall submit a request for an extension of time. Upon receipt of the request, the Fire Official may grant an extension of time, not to exceed 90 days. The request for an extension shall:

- (1) Be submitted to the Fire Official; and
- (2) State the reasons for the request.

(e) *Penalties:*

- (1) A person who fails to comply with a notice issued by the Fire Official is guilty of a misdemeanor and, upon conviction, is subject to a fine, not exceeding \$1,000.00, or imprisonment, not exceeding 30 days, or both. Alternatively, or in addition to and concurrent with all other remedies at law or at equity, the Department of Fire and Rescue Services may enforce the provisions of this section with civil penalties pursuant to title 24, "Civil Penalties" of the Howard County Code. A violation of this section is a Class C offense.
- (2) The Fire Official may bring action in court to enforce compliance with an order to comply with this subtitle or to correct a nuisance.
- (3) If a person refuses or fails to comply with the provisions of this subtitle or to correct a nuisance within the time specified in the notice of violation, the Fire Official may petition the court for an order permitting entry upon the property to abate the violation or correct the nuisance at the owner's expense.

(C.B. 153, 1991; C.B. 52, 2004; C.B. 78, 2017, § 1)

Sec. 17.107. - False emergency alarms.

(a) *Definitions.* For purposes of this section, the following definitions shall apply:

- (1) *Alarm system* means an automatic alarm system designed to notify the County's Emergency Communications/911 Center and the Department of Fire and Rescue Services.
- (2) *Alarm system contractor* means a person who installs, maintains, monitors, alters, or services an alarm system. An alarm system contractor does not include a person who only manufactures or sells alarm systems.
- (3) *Alarm user* means:
 - (i) A person in control of an alarm system within, on, or around any building, structure, facility, or site; or
 - (ii) The owner or lessee of an alarm system.
- (4) *False alarm* means a request for immediate assistance from the Department of Fire and Rescue, regardless of the cause of the request, that is not in response to an actual emergency situation.
 - (i) A false alarm shall include:
 - a. A negligently or accidentally activated signal;
 - b. A signal that is activated as the result of faulty, malfunctioning, or improperly installed or maintained equipment; or
 - c. A signal that is purposely activated in a nonemergency situation.
 - (ii) A false alarm shall not include:
 - a. A signal activated by unusually severe weather conditions or other causes beyond the control of the alarm user or alarm system contractor; or
 - b. A signal activated within 30 days after a new installation of an alarm system.
- (5) *Signal* means the activation of an alarm system that requests a response by the Department of Fire and Rescue Services.

(b) *Intentional Activation.* A person shall not intentionally activate a signal for a nonemergency situation. A person who violates this subsection is guilty of a misdemeanor and, upon conviction, is subject to a fine, not exceeding \$1,000.00, or imprisonment, not exceeding 30 days, or both. In addition to and concurrent with all other remedies provided by law or equity, the Department of Fire and Rescue Services may enforce this section by civil remedies pursuant to title 24, "Civil Penalties" of the Howard County Code. A violation of this section is a Class A Offense.

(c) *Negligent or Accidental Activation.* The Department of Fire and Rescue Services may issue a civil citation, pursuant to article 24 "Civil Penalties" of the Howard County Code, to a person for the negligent or accidental activation of an alarm system. A violation of this subsection shall be a Class C offense. The negligent or accidental activation of an alarm system shall be a result of faulty, malfunctioning, or improperly installed or maintained equipment or for a false alarm if the number of activations of false alarms to which the Department of Fire and Rescue Services responds exceeds:

- (1) Three responses within a 30-day period; or
- (2) Eight responses within a 12-month period.

Sec. 17.108. - Option to install residential automatic sprinkler systems.

- (a) *Option to Buyer.* A seller of a new single-family dwelling shall offer the initial buyer an option to install a residential automatic sprinkler system. At the time of signature of the real estate sales contract the buyer shall acknowledge receipt of the disclosure information required in subsection (b) of this section and shall indicate whether the buyer intends to exercise the option to install a residential automatic sprinkler system to improve the life safety of the occupant and to reduce property damage from fire.
- (b) *Disclosure of Information.* At the time of signature of a real estate sales contract, a seller shall give the initial buyer information regarding a residential automatic sprinkler system on a form provided by the Department of Fire and Rescue Services. A seller shall disclose the estimated cost of installing a residential automatic sprinkler system to a buyer.
- (c) *Notice.* After signature of a real estate sales contract and prior to the issuance of a permit for the construction of a new single-family dwelling, a seller shall notify the Department of Inspections, Licenses and Permits, with a copy to the Department of Fire and Rescue Services, that the seller complied with the requirements of subsections (a) and (b) of this section. The notification shall be on a form provided by the Department of Fire and Rescue Services.
- (d) *Penalty for Failure to Provide Option and Notice.* Failure to offer the buyer the option to install an automatic sprinkler system, or failure to provide the required notification to the Department of Inspections, Licenses and Permits is cause to withhold the issuance of the building permit for the dwelling.
- (e) *Applicability.* This section shall not apply to:
 - (1) New homes constructed on lots where the water and sewer construction plans received final approval prior to January 1, 2005, if the house connection or water pressure will not support a residential sprinkler system; or
 - (2) New homes for which the contract of sale was signed prior to January 1, 2005.
- (f) *Seller Acknowledgement.* The seller is deemed to be the buyer, may exercise the option required in subsection (a), and sign the disclosure form required in subsection (b) only if:
 - (1) There is no signed contract of sale at the time the seller is issued a permit for the construction of the single-family dwelling; or
 - (2) There is no buyer at the time the seller is issued a permit for the construction of the single-family dwelling.

(C.B. 153, 1991; C.B. 81, 1997; C.B. 52, 2004)

Editor's note— C.B. 5-2010, § 4, adopted March 1, 2010 included a provision "...that Section 17.108, Option to Install Residential Automatic Sprinkler Systems of the Howard County Code shall terminate and be of no effect after December 31, 2010."

Sec. 17.109. - Emergency management.

- (a) *Local Organization for Emergency Management:*
 - (1) As required by State law, the local emergency organization for emergency management in Howard County is the Office of Emergency Management within the Department of Fire and Rescue Services.
 - (2) If appropriations are authorized in the budget, the Office of Emergency Management shall implement the programs and establish positions recommended by the Maryland Emergency Management Agency to meet Federal and State standards.

- (3) The Office of Emergency Management shall develop and implement local and State emergency management plans.
- (b) *Director of Emergency Management:*
 - (1) Unless a different person is designated by the County Executive and appointed by the Governor, the Director of Fire and Rescue Services shall be the Director of Emergency Management Operations and the authorized representative for purposes of requesting and responding to requests under the Maryland Emergency Management Assistance Compact.
 - (2) The Director of Emergency Management is responsible for organizing and directing the County's response to an emergency.
- (c) *Emergency Operations Plan:*
 - (1) The Office of Emergency Management shall prepare an emergency operations plan in accordance with applicable State and Federal laws and regulations.
 - (2) The Director of Emergency Management shall submit the emergency operations plan to the County Executive who shall adopt the plan by executive order or another procedure as may be required by State or Federal law.
- (d) *Authority to Assign Classified Personnel.* The Director of Emergency Management may assign personnel in the County classified service within the Department of Fire and Rescue Services to the Office of Emergency Management.

Sec. 17.110. - Maryland emergency management assistance compact.

In accordance with the Annotated Code of Maryland, sections 37 through 39 of article 16A, Howard County's participation in the Maryland Emergency Management Assistance Compact, as set forth below, is hereby approved.

Maryland Emergency Management Assistance Compact.

Article 1. Purpose.

- (a) (1) The purpose of this compact is to provide for mutual assistance between the jurisdictions entering into this compact in managing an emergency.
- (2) This compact also shall provide for mutual cooperation in emergency related exercises, testing, or other training activities using equipment or personnel simulating performance of any aspect of the giving and receiving of aid by party jurisdictions during emergencies.

Article 2. Requests for Assistance.

- (b) (1) The senior elected official of each jurisdiction shall designate an authorized representative. The authorized representative of a party jurisdiction may request assistance of another party jurisdiction by contacting the authorized representative of that jurisdiction.
- (2) The provisions of this compact shall apply only to requests for assistance made by and to authorized representatives.
- (3) Requests may be verbal or in writing.

- (4) If verbal, the request shall be confirmed in writing at the earliest possible date, but no later than ten calendar days following the verbal request.
- (5) Written requests shall provide the following information:
 - (i) A description of the emergency support function for which assistance is needed;
 - (ii) The emergency support function shall include, but not be limited to, fire services, law enforcement, emergency medical services, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue;
 - (iii) The amount and type of personnel, equipment, materials, and supplies needed and a reasonable estimate of the length of time they will be needed; and
 - (iv) The specific place and time for staging of the assisting party's response and a point of contact at that location.
- (6) There shall be frequent consultations between the Maryland Emergency Management Agency and appropriate representatives of the party jurisdictions with free exchange of information and plans generally relating to emergency capabilities.
- (7) A senior elected official or an authorized representative will advise the Maryland Emergency Management Agency of verbal requests and provide copies of written requests.

Article 3. Limitations.

- (c) (1) Any jurisdiction which is a party to this compact and which receives a request for assistance shall take such actions as are necessary to provide requested resources.
- (2) Any jurisdiction may withhold resources to the extent necessary to provide reasonable protection to its own jurisdiction.
- (3) Each party jurisdiction shall afford to the emergency responders of any party jurisdiction operating within the requesting jurisdiction under the terms and conditions of this compact, the same powers, duties, rights, and privileges as are afforded those of the jurisdiction in which they are performing emergency services.
- (4) Emergency responders will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the requesting jurisdiction.
- (5) Emergency responders shall have the same powers, duties, rights, and privileges as personnel of the requesting jurisdiction correspondent to performing the same function.
- (6) (i) The provisions of this article shall only take effect:
 1. Subsequent to a local declaration of a state of emergency by the requesting jurisdiction; or
 2. Upon commencement of exercises, testing, or training for mutual aid.
- (ii) The provisions of this article shall continue as long as:
 1. The exercises, testing, or training for the mutual aid are in progress;
 2. The state of emergency or the disaster remains in effect; or
 3. Loaned resources remain in the requesting jurisdiction.

Article 4. Liability.

- (d) (1) Officers or Emergency Responders of a party jurisdiction rendering aid in another jurisdiction pursuant to this compact shall be considered agents of the requesting jurisdiction for tort liability and immunity purposes.

- (2) No party jurisdiction or its Officers or Emergency Responders rendering aid in another jurisdiction pursuant to this compact shall be liable on account of any act or omission in good faith on the part of responding personnel while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith.
- (3) Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

Article 5. Supplementary Agreements.

- (e) (1) Nothing in this compact shall:
 - (i) Preclude any jurisdiction from entering into supplementary agreements with another jurisdiction; or
 - (ii) Affect any other agreements between jurisdictions.
- (2) Supplementary agreements may include, but are not limited to:
 - (i) Provisions for evacuation and reception of injured and other persons; and
 - (ii) The exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation, and communications personnel, equipment, and supplies.

Article 6. Reimbursement.

- (f) (1) Each party jurisdiction shall provide for the payment of workers' compensation and death benefits to injured members of the Emergency Responders of its own jurisdiction.
- (2) The requesting jurisdiction will reimburse the responding jurisdiction for all reasonable and necessary expenses incurred by the responding jurisdiction provided that any responding jurisdiction may:
 - (i) Assume in whole or in part such loss, damage, expense, or other cost;
 - (ii) Loan equipment or donate services to the requesting jurisdiction without charge or cost; and
 - (iii) Agree to any allocation of expenses between the responding and requesting jurisdiction.
- (3) Any two or more jurisdictions may enter into supplemental agreements establishing a different allocation of costs among those jurisdictions.
- (4) Records of expenses incurred in sufficient detail to satisfy auditing requirements shall be submitted by the responding jurisdiction as soon as possible following the termination of the assistance provided.

Article 7. Implementation.

- (g) (1) Party jurisdictions are encouraged to consult frequently with each other and with the Maryland Emergency Management Agency and to exchange information and plans relating to emergency management.
- (2) This compact shall become effective immediately upon its enactment into law by local jurisdictions.
- (3) Any party jurisdiction may withdraw from this compact by enacting a repeal of the same but no such withdrawal shall take effect until 30 days after the Senior Elected Official of the withdrawing jurisdiction has given notice in writing of such withdrawal to the Senior Elected Officials of all party jurisdictions.
- (4) Withdrawal from the compact shall not relieve the withdrawing jurisdiction from obligations assumed under article 4 or article 6 of this compact prior to the effective date of withdrawal.

- (5) Authenticated copies of this compact and of such supplementary agreements as may be entered into shall at the time of their approval be retained by each party jurisdiction and with the Maryland Emergency Management Agency.

Article 8. Validity.

- (h) (1) This compact shall be construed to effectuate the purposes stated in article 1 of this compact.
- (2) If any part or provision of this compact or the application thereof to any person or circumstance is held invalid for any reason in a court of competent jurisdiction, the invalidity does not affect other provisions or any other application of this compact which can be given effect without the invalid provision or application, and for this purpose the provisions of this compact are declared severable.

(C.B. 31,2003, § 1)

State Law reference— Emergency Management Assistance Compact, Code of Md., Public Safety article, § 14-702.

Sec. 17.111. - Fire damaged building or structure.

- (a) *Policy.* A building or structure significantly damaged by fire may collapse, reignite, cause air pollution, provide rodent habitat, or otherwise threaten the public health, safety, or general welfare. Such buildings should be made safe by either ensuring structural integrity, requiring repair, removing the remnants of such structure or otherwise abating the danger posed by the fire damaged building.
- (b) *Definition.* For purposes of this section, a fire damaged building or structure shall mean a building or structure or portion thereof which is either structurally unsound or no longer a structure as a result of fire damage and which causes actual danger to the public health and safety.
- (c) *Abatement of Fire Damaged Building or Structure.* It shall be unlawful for any fire damaged building or structure to remain on any lot or parcel of ground for more than six months, unless approved by the AHJ.
- (d) *Notification to Agencies.* Within five business days after initial response to a fire, the Department of Fire and Rescue Services shall notify the Howard County Health Officer and the Director of the Department of Inspections, Licenses and Permits, that a building or structure has been damaged by fire.
 - (1) Within five business days of receipt of the notification, the Director of the Department of Inspections, Licenses and Permits, and the Howard County Health Officer shall cause an inspection of the fire damaged building or structure to determine whether the fire damaged building poses a danger to the health and safety of the public;
 - (2) Within five business days after the fire, the Department of Fire and Rescue Services shall inspect the property to determine whether a fire hazard or imminent danger exists; and
 - (3) If it is determined that a violation of the County's fire prevention code, the health code, or the building code exists, a notice of abatement shall be issued within 48 hours of the inspection by the Department responsible for administering the code that is being violated.
- (e) *Abatement Notice.* The County shall send an abatement notice to the owner of any lot or parcel where a fire damaged building is located. The notice shall be served by either registered or certified mail, or by personal service. The notice shall:
 - (1) Provide a description of the required abatement.
 - (2) Require the property owner to abate the danger posed by the fire damaged structure within a reasonable time.

- (3) Inform the owner that if the danger is not abated, the County may seek a court order to abate the nuisance at the property owner's expense, which abatement may include the demolition of the structure or any portion thereof.
- (4) If, upon investigation, it is determined that a violation of the health code, the fire code or the building code exists, the owner shall be notified of:
 - (i) The specific section in violation;
 - (ii) The deadline for completing abatement; and
 - (iii) The potential civil or criminal penalties, including daily fines, provided by subsection (h) of this section.
- (f) *Extension Request.* The property owner may request in writing an extension of time to abate the fire damaged building based upon financial hardship or pending investigation of damage building or other good cause shown. The request must be received within at least seven business days from the owner's receipt of the County's initial abatement notice as provided in this section.
- (g) *Abatement by the County.* If the property owner fails to comply with the notice of abatement, the County may seek a court order to abate the danger to the public health and safety at the property owner's expense.
- (h) *Penalties.*
 - (1) Any person who fails to comply with a notice of abatement shall be guilty of a misdemeanor and, upon conviction, shall be subject to a penalty of not more than \$100.00 or by imprisonment, not to exceed 30 days, or both.
 - (2) Alternatively, and in addition to and concurrent with any other remedies provided by law, including subsection (g) above, this section may be enforced pursuant to the provisions of title 24, "Civil Penalties," of the Howard County Code. A violation of this shall be a Class B offense.
 - (3) In the event of any conflict between this section the remedies set forth in the fire prevention code, health code or building code for fire damaged buildings, this section shall control.
 - (4) Each day a violation of this section exists is a separate offense.

(C.B. 36, 2004; C.B. 8, 2016, § 1)

Sec. 17.112. - Emergency medical services insurance reimbursement program.

- (a) *Obligation to Provide Care and Transport; Prohibited conduct .*
 - (1) The Fire and Rescue Service must provide emergency medical services care and transport under applicable medical protocols to all individuals without regard to the individual's ability to pay or the individual's insurance coverage.
 - (2) Any personnel of the Fire and Rescue Service who respond to a request for emergency medical services may not ask for any information relating to an individual's insurance coverage during the provision of emergency medical services.
- (b) *Definitions .* In this section, the following terms have the meanings as indicated:
 - (1) *Charge* means the emergency medical services reimbursement charge.
 - (2) *Emergency medical services* means emergency medical care, transportation, or both emergency medical care and transportation, provided by the Fire and Rescue Service for an individual.
 - (3) *Federal poverty guidelines* means the applicable health care poverty guidelines published in the Federal Register or otherwise issued by the federal Department of Health and Human Services.

- (4) *Fire and Rescue Service* means the Howard County Department of Fire and Rescue Services and includes volunteer fire and rescue corporations recognized by section 17.103 of this Code.
- (5) *Program* means the emergency medical services insurance reimbursement program.
- (c) *Imposition of Charge* . The County may:
 - (1) Impose a charge for emergency medical services provided in the County by the Fire and Rescue Service; and
 - (2) Enter a mutual aid agreement with other jurisdictions regarding the collection of charges.
- (d) *Liability for Charge*. An individual who receives emergency medical services:
 - (1) Except as provided in subsection (e) or (f), is responsible for payment of the charge;
 - (2) Shall provide information requested by the County including, without limitation, information related to the individual's insurance coverage; and
 - (3) Shall assign insurance benefits to the County for the payment of the charge covered and reimbursed by the individual's insurance company.
- (e) *Uninsured Portion of the Charge* . A County resident shall not be required to pay any out-of-pocket expense relating to any emergency medical services provided because the resident is deemed to have paid any co-payment, deductible, or uninsured portion of the cost of emergency medical services through taxes paid to the County.
- (f) *Hardship Waiver* .
 - (1) Except as provided in paragraph (2) of this subsection, the County shall waive the charge for any individual whose household income is at or below 300 percent of the federal poverty guidelines. An individual must request a waiver on a form approved by the County.
 - (2) The County may deny a request for a waiver if the individual who claims financial hardship under this subsection does not furnish all the information required by the County.
- (g) *Use of Revenue and Collection of Funds* . Revenues collected by the program shall be:
 - (1) Collected and processed in accordance with fiscal procedures established or approved by the Howard County Department of Finance for the collection, disbursement, and accounting of funds;
 - (2) Deposited into the fire and rescue fund, with appropriations being made through the Annual Budget and Appropriation Ordinance.
- (h) *Rate schedule* . The County Council shall adopt by Resolution a Rate Schedule that shall be based on the cost of providing emergency medical services and may be adjusted annually based on inflation, as measured by an index reasonably related to the cost of providing emergency medical services.
- (i) *Regulations*. The County Executive may adopt regulations to implement the Program.

(C.B. 9, 2019, § 1)

SUBTITLE 2. - POLICE

Sec. 17.200A. - Department of Police.

- (a) *General Provisions*. General provisions applicable to this Department are set forth in subtitle 2, "Administrative Departments and Offices," of title 6, "County Executive and the Executive Branch," of the Howard County Code:
 - (1) Appointment of Directors and Administrators.

- (2) Duties and responsibilities of Directors and Administrators.
 - (3) Rules and regulations.
 - (4) Grants.
 - (5) Subpoena powers.
- (b) *Head.* The Chief of Police shall head the Department of Police.
- (c) *Qualifications of Chief of Police.* The Chief of Police shall have comprehensive knowledge of the elements of police administration and of law enforcement standards, practices, and trends in prevention, detection and investigation of crimes. The Director shall have at least ten years of varied law enforcement experience, of which at least five years shall have been in increasingly responsible managerial work.
- (d) *Duties and Responsibilities.*
- (1) The Department of Police shall be responsible for operation and enforcement of the laws and rules and regulations concerning the following:
 - (i) The preservation of the public peace.
 - (ii) The prevention of crime.
 - (iii) The apprehension of criminals.
 - (iv) The protection of the rights of person and property.
 - (2) The Chief of Police shall be responsible for the efficiency, good conduct and discipline of the Department of Police.
 - (3) The Chief of Police shall have general supervision over the animal control function of Howard County, except for the issuance and renewal of animal licenses, which function is under the supervision of the Department of Inspections, Licenses and Permits.
 - (4) *Dispatch services.* The Department of Police shall provide dispatch services, and shall:
 - (i) Operate the 911 PSAP (public safety answering point).
 - (ii) Operate interface systems with other local and State and Federal law enforcement, fire, safety, medical, and emergency management agencies.
 - (iii) Operate the dispatch system to provide appropriate police and fire and rescue response to callers.
 - (iv) Serve as the message and dispatch center for County Departments and Agencies after normal business hours.
 - (5) *Other duties and responsibilities.* The Department of Police shall perform such other functions as may be prescribed by directive of the County Executive or by law.

Editor's note— Section 101 of C.B. 62, 1988, declared the bill effective July 1, 1989.

Sec. 17.200. - Duties of Police Officers.

It shall be the duty of each Police Officer, at such time of the day or night he may be on duty, to preserve the public peace, prevent crime and protect the rights of persons and property and to arrest all offenders against the laws of the State and to take such offenders to the nearest commissioner for said County; and to this end the Police Officer or Officers so appointed shall be Peace Officers in and for Howard County.

(1894, Ch. 496, § 101B; P.L.L. 1930, Art. 14, § 232; 1947, Ch. 666, § 232)

Sec. 17.201. - Levy for expenses.

The County Council of said County shall have the power to levy annually a sufficient sum, upon the taxable property within any designated locality or localities, as the case may be, in Howard County, to pay the salaries of said officers, and for such other and property expenses as in its judgment it deems reasonable and proper.

(1894, Ch. 496, § 101C; 1918, Ch. 17; P.L.L. 1930, Art. 14, § 233; 1935, Ch. 229; 1936 Sp. Sess., Ch. 27; 1943, Ch. 129; 1943, Ch. 609; 1947, Ch. 666, § 233)

Sec. 17.202. - Mileage payments for Sheriff, Constables.

The County Executive of Howard County shall pay to the Sheriff, Sheriff's Deputies, or Constables, upon presentation of proper vouchers, a sum not exceeding \$0.20 per mile going and returning by the most practicable route for conducting and transporting prisoners from the place where such prisoners may be delivered to their custody by the court to the place of detention.

(1933, Ch. 93)

Sec. 17.203. - Removal of Chief of Police.

The County Executive may at any time remove, dismiss or discharge the Chief of Police for any offense against law or good morals, for neglect of duty, inefficiency or breach of discipline.

(1894, Ch. 496, §§ 101A, 101E; P.L.L. 1930, Art. 14, §§ 231, 235; 1947, Ch. 666, §§ 231, 235; 1961, Ch. 634, § 1; 1963, Ch. 764, § 1)

Annotation— Police officer could not be dismissed without the benefit of a hearing. The fact that individual was acting as "Chief of Police," an office not specifically provided for at time of dismissal, did not divest him of his status as a "Police Officer" and the protection afforded by the statute. **Board of County Commissioners v. Moxley** (1960), 158 A 2d. 895, 222 Md. 113.

Sec. 17.204. - Authority to send Officers and equipment beyond County borders.

- (a) *In General.* Personnel of the Police Department, both sworn and nonsworn, together with all necessary equipment, may lawfully go or be sent beyond the territorial limits of Howard County to any point within or without the State of Maryland:
- (1) Upon the instruction of the Chief of Police or his designees acting at the request of the State of Maryland, another State or the District of Columbia, a County or a municipal corporation;
 - (2) Pursuant to any mutual aid agreement to which Howard County is a party; or
 - (3) Pursuant to any statute of the State of Maryland, ordinance of Howard County or the common law.
- (b) *Authority.* On behalf of the County, the County Executive may enter into a mutual aid agreement under subsection (a)(2) of this section with:
- (1) Any State;
 - (2) Any County or municipal corporation;

- (3) The Maryland-National Capital Park and Planning Commission;
 - (4) The District of Columbia; or
 - (5) The Federal Government or any agency of the Federal Government.
- (c) *Mutual Aid Agreements.* A mutual aid agreement under subsection (a)(2) of this section shall, as required by subsection 2-105(e) of the criminal procedure article of the Annotated Code of Maryland, provide that each of the parties to the agreement shall:
- (1) Waive any and all claims against all the other parties to the agreement which may arise out of their activities outside their respective jurisdictions under the agreement; and
 - (2) Indemnify and save harmless the other parties to the agreement from all claims of third parties for property damage or personal injury which may arise out of the activities of the other parties to the agreement, outside their respective jurisdictions under such agreement.
- (d) *Report.* Subject to section 22.1000 of the County Code, the Department of Police shall submit an annual report to the County Council on or before each January 31 that lists each agreement made under the authority of this section that was in effect during the previous year. The report shall identify each jurisdiction and unit that is a party to the agreement.

(C.B. 68, 1981; C.B. 26, 1996; C.B. 43, 2009, § 1; C.B. 43, 2018, § 1)

Sec. 17.205. - Authority not limiting.

The authority contained in section 17.204 is not intended to limit the authority currently existing for police personnel to act outside of the territorial limits of Howard County.

(C.B. 68, 1981)

Sec. 17.206. - Rental program for Police Officers.

The Howard County Department of Police is authorized to establish a program which would allow Police Officers to live in apartments rent free or with a reduced rent in certain communities upon agreement by the landlord in order to provide an additional element of security in those communities. Any such program promulgated by the Police Department shall be subject to review by the Ethics Commission.

SUBTITLE 3. - ANIMALS³

Footnotes:

--- (3) ---

Editor's note— C.B. 66, 1984 repealed former title 17, subtitle 3, §§ 17.300—17.325, and added a new subtitle, §§ 17.300—17.307, which was further amended by C.B.'s 32, 1985; 11, 1986; and 62, 1988. The subtitle was formerly derived from C.B. 64, 1979, and C.B. 22, 1983. Subsequently, C.B. 69, 1989 amended the subtitle to read as set out in §§ 17.300—17.310. C.B.'s 32, 1992; 10, 8, 1993; 1994; 75, 1994; 36, 1995; 16, 1997; 50, 1999; 46, 2002 further amended the subtitle. C.B. 51, 2004 amended the subtitle in its entirety to read as set out in §§ 17.300—17.320.

State Law reference— Crimes relating to animals, Ann. Code of Md., Criminal Law article, § 10-601 et seq.

Sec. 17.300. - Definitions.

Terms in this subtitle have the meanings indicated:

- (a) *Alter* means a surgical procedure or chemical treatment that renders an animal incapable of reproducing.
- (b) *Animal* means every nonhuman vertebrate species, including but not limited to dogs, cats, livestock, and fowl. *Animal* includes every living creature sold or exchanged as a commercial item.
- (c) *Animal Control Administrator—Administrator* means the appointed Manager of the Animal Control Division or the Manager's designee.
- (d) *Animal control facility* means a facility owned or operated by Howard County or under contract with Howard County for the care, confinement, disposition, and detention of animals.
- (e) *Animal Control Officer* means any Howard County employee enforcing this subtitle and supervised by the Animal Control Administrator.
- (f) *Animal exposed to rabies* means an animal which:
 - (1) Has been bitten by an animal which has rabies;
 - (2) Has been bitten by an animal which has been in proximity to an animal which has rabies; or
 - (3) Has been exposed to an animal which has rabies.
- (g) *Animal sanctuary* means a facility that performs at least one of the following functions:
 - (1) Rescues, rehabilitates, and releases, when possible, native wildlife; or
 - (2) Provides permanent housing to the following categories of nonreleasable animals, as defined in this subtitle:
 - (i) Wild animals; or
 - (ii) Exotic animals.
- (h) *At large* means:
 - (1) Except as provided in paragraph (2) of this subsection, a domesticated animal is at large when it is:
 - (i) Off the property of its owner (property of the owner does not include any public right-of-way or easement, common area of condominiums or apartments, common access road or walkway, or any area open to the public); and
 - (ii) Not in a container, carrier, or cage or secured by a leash or lead and under the control of a responsible person capable of immediate and effective restraint of the animal.
 - (2) A domesticated animal is not at large when it is:
 - (i) Under the control of a responsible person capable of immediate and effective restraint of the animal and being trained or used in herding, hunting, or tracking;
 - (ii) Being trained in obedience;
 - (iii) On park property, as defined in section 19.201 of the County Code, which has been designated by the Director of Recreation and Parks as a facility for animals, provided the owner of the animal complies with the rules of the facility; or
 - (iv) On private property that is enclosed and posted as a dog park.
- (i) *Board* means the Animal Matters Hearing Board.

- (j) *Cat fancier* means a household, consisting of one or more persons, which owns or keeps three or more cats which are registered with a National Breed Registration Association, and:
 - (1) Breeds the cats to produce not more than a total of two litters per year per household (a litter being two or more kittens living to the age of four weeks); or
 - (2) Exhibits the cats in shows.
- (k) *Cruelty* means an act of commission or omission whereby unjustified physical pain, suffering, or death is caused or permitted, including failure to provide proper drink, air, space, shelter, shade, protection from the elements, sanitary conditions, veterinary care, or nutritious food in sufficient quantity. Customary and normal veterinary and agricultural husbandry practices, including but not limited to dehorning, castration, docking tails and limit feeding, are not considered to be acts of cruelty. During an activity in which physical pain is necessarily caused, such as food processing, animal training, hunting, trapping, experimentation, or pest elimination, *cruelty* shall mean a failure to employ the most reasonable humane method available.
- (l) *Department* means the Howard County Department of Inspections, Licenses and Permits.
- (m) *Director* means the Howard County Director of Inspections, Licenses and Permits or the Director's designee.
- (n) *Disposition* means:
 - (1) Adoption or placement as a pet in an approved home;
 - (2) Performance of euthanasia;
 - (3) In the case of a wild or exotic animal, release into a suitable habitat or to a suitable care facility such as a humane society shelter, zoo, or sanctuary; or
 - (4) Redemption by the animal's owner.
- (o) *Dog fanciers* means a household, consisting of one or more persons, which owns or keeps three or more dogs which are registered with a National Breed Registration Association, and:
 - (1) Uses the dogs for the noncommercial purposes of hunting or practicing tracking;
 - (2) Breeds the dogs to produce not more than a total of two litters per year per household (a litter being two or more pups living to the age of four weeks); or
 - (3) Exhibits the dogs in shows, field trials, or obedience trials.
- (p) *Domesticated animal* means an animal of a species that normally is bred, raised, and accustomed to live in or about human habitation, and normally is dependent on humans for food or shelter. Domesticated animals include but are not limited to livestock and poultry and pets such as dogs, cats, ferrets, rabbits, hamsters, guinea pigs, mice, rats, canaries, parrots, parakeets, and mynah birds.
- (q) *Exotic animal* means an animal of a species that is not indigenous to Howard County and is not a domesticated animal. *Exotic animal* includes any hybrid animal which results from the breeding of an exotic animal and a domesticated animal.
- (r) *Facility* means a building or property, other than a private residence, in which animals are maintained.
- (s) *Health Officer* means the Howard County Health Officer or the Health Officer's designee.
- (t) *Immediate destruction* means destruction of an animal without waiting the required number of days for identification of the animal's owner or for the animal to be deemed abandoned.
- (u) *Livestock* means domesticated animals usually kept on a farm, including but not limited to poultry, cattle, sheep, goats, pigs, horses, ponies, mules, donkeys, and llamas.

- (v) *Neglect* means an act of omission or commission whereby an animal is deprived of access to adequate water, food, shelter, shade, air, or sanitary conditions, or is chained or otherwise confined, lacking freedom of movement adequate to ensure access to any of the above.
- (w) *Owner* means a person who keeps, possesses, harbors, has custody of, exercises control over, or has a property right in any animal, residence, or facility. If the person is a minor, the parent or legal guardian of the minor shall be considered the owner. *Owner* does not include a veterinary hospital or a commercial boarding or grooming facility caring for the pets of others.
- (x) *Severe injury* means a physical injury that results in lacerations requiring sutures or cosmetic surgery, broken bones, severe bruises, or deep puncture wounds.
- (y) *Shelter* means a structure of adequate size, construction and design to protect an animal from all types of inclement weather, provide adequate ventilation, and allow an animal to maintain normal internal body temperature.
- (z) *Sworn statement* means a formal nuisance complaint made on a form distributed by the Animal Control Division and requiring the complainant to swear, under the penalty of perjury, that the alleged offense is true. A sworn statement does not have to be attested to by a third party.
- (aa) *Wild animal* means an animal that is not a domesticated animal, is incapable of being completely domesticated, or requires the exercise of art, force, or skill to keep it in subjugation. *Wild animal* includes any hybrid animal which results from the breeding of a wild animal and a domesticated animal.

(C.B. 51, 2004; C.B. 7, 2014, § 1)

Sec. 17.301. - Rabies vaccinations; licenses and tags; fees.

(a) *Rabies Vaccinations for Certain Animals:*

- (1) *Requirement to vaccinate.* The owner of every dog, cat, and ferret over the age of four months shall continuously protect the animal against contracting rabies by having the animal vaccinated. A currently valid vaccination certificate issued by a licensed veterinarian shall constitute prima facie evidence that the animal is vaccinated.
- (2) *Exemptions.* A dog, cat, or ferret is not required to be vaccinated against rabies if the animal:
 - (i) Does not have a bite history and, in the written opinion of a licensed veterinarian, is in a medical condition in which vaccination is not advisable, provided the exemption continues only as long as the medical condition persists; or
 - (ii) Has received a rabies titer from a United States Department of Agriculture approved facility.
- (3) *Types of vaccination.* The Health Officer shall approve the types of rabies vaccination that may be used.
- (4) *Prerequisite to issuance of license.* Unless the animal is exempt from vaccination under paragraph (2) of this subsection, the Department shall not issue a dog or cat license for any animal that is not currently vaccinated for rabies.
- (5) *Violations.* In addition to any enforcement action taken under this subtitle, the Animal Control Administrator or the Health Officer shall give the owner of any dog, cat, or ferret that is not vaccinated against rabies in accordance with this section notice that the animal will be subject to impoundment if it is not vaccinated within seven days.
- (6) *Rabies vaccination prior to release.* Except as provided in paragraph (2) of this subsection, a dog, cat, or ferret shall not be released for adoption or after being impounded unless a rabies vaccination has been administered by a licensed veterinarian at the expense of the adopter or owner.

(b) *Dog and Cat Licenses.* A dog or cat license is issued by the Department in accordance with this subsection.

- (1) *License required.* Unless the animal is kept temporarily for sale at a commercial kennel or other commercial facility, an individual who owns or has custody of a dog or cat over the age of six months shall obtain a license for the animal from the Department within 30 days after establishing residency in the County or within 30 days after the animal reaches the age of six months.
- (2) *License renewal.* A license for a dog or cat shall be renewed annually on a schedule determined by the Department, except that the owner may obtain a three-year license if it coincides with the expiration of a three-year rabies vaccination for the animal.
- (3) *Information issued with licenses:*
 - (i) With each license and renewal issued, the Department and the Animal Control Division shall provide a copy of a pamphlet that summarizes existing animal control laws to each dog and cat owner.
 - (ii) Once each existing dog and cat owner has been through a license renewal cycle, the Department shall only issue a pamphlet that summarizes the existing animal control laws to an owner seeking a new license.
- (4) *Change of ownership.* Upon change of ownership of a dog or cat, the former owner and the new owner shall notify the Department in writing of the change.
- (5) *License fee.* License fees are established by the County Council under section 17.312 of this subtitle.

(c) *License Tag:*

- (1) *License tag issued.* The Director shall issue an individual license tag for each dog and cat licensed, and upon payment of a replacement fee by the owner shall issue a duplicate if the tag is lost.
- (2) *Tag to be worn; tag nontransferable.* Each dog and cat licensed shall wear the tag issued for it attached to a collar or harness. A license tag shall not be obscured or defaced in any way, and shall not be transferred from one animal to another.
- (3) *Exemptions:*
 - (i) A dog or cat with a microchip imbedded under the skin which contains information identifying the owner of the animal is not required to wear a license tag.
 - (ii) An animal participating in an organized activity such as a dog or cat show is not required to wear a license tag.
- (4) *Removal.* No person other than the owner, the owner's agent, or the Animal Control Administrator may remove a license tag from a dog or cat.

(d) *License Exemptions.* The following types of dogs and cats are exempt from the licensing and tag requirements of this section:

- (1) *Owned by nonresident.* A dog or a cat owned by a nonresident, if it is temporarily in the County for less than 30 days and is wearing a current, valid license tag issued by another jurisdiction;
- (2) *Residing in certain institutions.* A dog or cat confined to the premises of an educational and research institution or an incorporated benevolent society devoted to the care or hospital treatment of lost, strayed, or homeless animals;
- (3) *Police dog.* Under section 2-313 of the public safety article of the Annotated Code of Maryland, a dog owned by the State or its political jurisdiction for police work; and
- (4) *Farm cat.* A cat that is kept for rodent and pest control on real property that is assessed as an agricultural use by the State Department of Assessments and Taxation and is used in an

agricultural operation as that term is defined in section 12.111 (The "Howard County Right-to-Farm Act") of the Howard County Code.

- (e) *Fees.* Based upon recommendations from the Board, the Animal Control Administrator, and the Director, the County Council shall adopt a resolution approving a schedule of fees for animal control services and license fees that:
- (1) Shall provide that the license fees cover in part the costs of administering and enforcing this subtitle;
 - (2) Shall provide that if the dog is actually in use for such a purpose in a service or therapeutic setting, no license fee is charged for a service dog trained to provide physical support for individuals who are hearing, visually, or mobility impaired;
 - (3) In order to encourage owners to have their animals altered, shall provide that the license fee for altered dogs and cats is lower than the fee for unaltered dogs and cats;
 - (4) Shall provide that there is a single license fee for dog and cat fanciers which covers the issuance of a license to each dog and cat owned by the fancier;
 - (5) Shall provide that if every dog and cat in the person's residence has been altered, there is a single license fee that covers the issuance of a license for each dog or cat owned by a person who, within his or her residence or in its immediate vicinity, owns or keeps three or more dogs or cats which are altered;
 - (6) May include a reduced fee for senior citizens; and
 - (7) Except for license and vaccination fees, authorizes the Administrator to waive a fee if special circumstances exist.

(C.B. 51, 2004)

Sec. 17.302. - Nuisances.

- (a) *Definition.* A nuisance occurs when:
- (1) A domesticated animal runs at large;
 - (2) A domesticated animal is present on a school ground on a day when school is in session and the animal is not controlled by a leash or adequate restraining device;
 - (3) A domesticated animal interferes with an organized activity or an individual in a public recreation area;
 - (4) A domesticated animal (other than a horse, pony, mule, or donkey involved in a legally permitted parade or a police mount on duty) defecates anywhere except on the private property of its owner unless the owner removes the feces and disposes of them in a sanitary manner;
 - (5) A female domesticated animal in heat is not confined indoors or in a properly ventilated building or other outdoor secure enclosure, except that a female animal in heat is not a nuisance when allowed out of the building or secure enclosure:
 - (i) In order to urinate or defecate, provided that the animal is on a leash and controlled by the owner or a responsible person at least 18 years of age designated by the owner; or
 - (ii) In order to be taken for treatment, boarding, breeding, training, or showing, provided that while en route the animal is on a leash or lead and controlled by the owner or a responsible person at least 18 years of age designated by the owner;
 - (6) Any residence or facility where animals are kept is dangerous, unsanitary, or offensive because the residence or facility is too small for the number of animals kept or because it is not maintained in a sanitary manner;

- (7) A domesticated animal disturbs garbage on public property or garbage properly placed for disposal;
 - (8) A domesticated animal chases vehicles;
 - (9) A domesticated animal disturbs the public peace;
 - (10) A domesticated animal damages the property of persons other than the animal's owner; or
 - (11) The odor of a domesticated animal fouls the air and creates an unreasonable annoyance or discomfort to neighbors or others in close proximity to the premises where the animal is kept, except that there is no nuisance if the odor comes from livestock maintained in accordance with generally accepted agricultural management practices.
- (b) *Declaring an Animal, Residence, or Facility a Nuisance.* The Administrator may declare an animal, residence, or facility a nuisance if the owner has received three nuisance citations for the same or different nuisances within the previous 24 months and the citations have been paid or upheld.
- (c) Within seven days of declaring an animal, residence, or facility a nuisance, the Administrator shall give the owner written notice of:
- (1) The declaration; and
 - (2) The owner's right to appeal the declaration to the Board within seven days.

(C.B. 51, 2004)

Sec. 17.303. - Dangerous and potentially dangerous animals.

- (a) *Declaration.* The Animal Control Administrator may:
- (1) Declare an animal potentially dangerous if the animal has:
 - (i) Bitten a person;
 - (ii) Attacked without provocation; or
 - (iii) While off its owner's property, killed or inflicted severe injury to a domesticated animal; or
 - (2) Declare an animal dangerous if the animal has:
 - (i) Without provocation killed or inflicted severe injury on a person or a domesticated animal; or
 - (ii) Been declared potentially dangerous by the Animal Control Administrator and has subsequently:
 - a. Bitten a person;
 - b. Attacked without provocation; or
 - c. While off its owner's property, killed or inflicted severe injury to a domesticated animal.
- (b) *Notification to Owner.* Within seven days of declaring an animal dangerous or potentially dangerous, the Administrator shall give the owner written notice of:
- (1) The declaration;
 - (2) The owner's right to appeal the declaration to the Board within seven days of the notice; and
 - (3) The enforcement action the Administrator intends to take.
- (c) *Confinement.* The owner of a dangerous animal shall:
- (1) Keep it securely confined indoors or in a pen or structure:
 - (i) In which all gates and entrances are kept securely closed and locked;

- (ii) That is suitable to prevent the entry of young children; and
 - (iii) That is designed in accordance with the requirements of the Administrator or the Board to prevent the animal from escaping;
- (2) Not leave it unattended on the owner's property unless the animal is confined indoors or in a secure structure designed to restrain the animal in accordance with the requirements of the Administrator or the Board;
- (3) Not permit the animal to go beyond the owner's real property unless the animal is:
 - (i) Leashed and muzzled or otherwise securely restrained as appropriate for the species of animal; and
 - (ii) Under the control of a person at least 18 years of age who is capable of immediate control and restraint of the animal; and
- (4) Comply with any order by the Administrator to institute control and confinement measures for the animal.
- (d) *Identification of Dangerous Animals.* The owner of an animal declared dangerous or potentially dangerous shall, at the owner's expense, arrange for a licensed veterinarian to implant a microchip in the animal identifying it as a dangerous animal and, if required by the Administrator, ensure that the animal wears clearly visible identification supplied by the Administrator, such as a collar-mounted tag clearly identifying the animal as dangerous.
- (e) *Notice to Animal Control Administrator.* The owner of an animal which has been declared dangerous or potentially dangerous shall notify the Animal Control Administrator when any of the following occur:
 - (1) When the animal is not under control and confinement measures ordered under this section;
 - (2) Immediately upon transfer of the animal to another owner, giving the name and address of the new owner; or
 - (3) Immediately upon changing residence, including changing residence within the County.
- (f) A person who acquires an animal which has been declared dangerous or potentially dangerous in another jurisdiction shall immediately notify the Administrator upon acquiring ownership of the animal and shall provide the Administrator with the previous owner's name and address and the control and confinement requirements established by the jurisdiction which declared the animal dangerous or potentially dangerous.
- (g) *Notice to Subsequent Owners.* If the owner of a dangerous animal or a potentially dangerous animal transfers the animal to another owner, the owner shall notify the new owner of the animal's dangerous behavior and the terms of its confinement and control.

Sec. 17.304. - Threat to public safety.

- (a) *Prohibited Behavior.* A threat to public safety and welfare occurs when a domesticated animal:
 - (1) Kills or endangers the life or health of a domesticated animal or person;
 - (2) Attacks a person, other than a person:
 - (i) Teasing, tormenting, or otherwise deliberately inciting the animal;
 - (ii) Committing a tort or crime on the property of the owner of the attacking animal; or

- (iii) Attacking the owner of the animal or a member of the owner's immediate family;
- (3) Attacks another domesticated animal, other than an animal at large on the property of the owner of the attacking animal;
- (4) Molests or otherwise interferes with the freedom of movement of a person at any place; or
- (5) Approaches people or other domesticated animals in an apparent attitude of attack.
- (b) *Declaration.* If an animal exhibits behavior prohibited by subsection (a) of this section, the Administrator may declare the animal to be a threat to public safety and welfare.
- (c) *Notice to Owner.* Within seven days of declaring an animal to be a threat to public safety, the Administrator shall give the owner written notice of:
 - (1) The declaration; and
 - (2) The owner's right to appeal the declaration to the Board within seven days.

(C.B. 51, 2004)

Sec. 17.305. - Neglect and cruelty.

A person shall not perform or permit another person to perform any of the following acts:

- (a) Subject an animal to cruelty or neglect;
- (b) Poison a domesticated animal;
- (c) Leave ground glass where an animal can ingest it;
- (d) Cruelly kill, maim, shoot, or otherwise injure an animal, except that:
 - (1) A licensed hunter may shoot wild animals during the permitted hunting season;
 - (2) A licensed trapper may trap wild animals pursuant to law; and
 - (3) The owner or tenant of land may shoot an animal which preys upon or destroys the owner's or tenant's livestock, provided the animal is not a protected or endangered species under County, State, or Federal law;
- (e) Abandon a domesticated animal;
- (f) Deliberately injure, abuse, or run down an animal with a vehicle;
- (g) Deliberately encourage animals to fight, engage in cockfighting or dog fighting, raise animals for fighting, or organize or participate in any way in animal fights; or
- (h) Tease, torment, or deliberately incite an animal, provided that:
 - (1) Ordinary activities of people on their own property such as mowing or playing with children and ordinary activities of passersby such as walking or jogging on the sidewalk in front of the animal owner's property are not deliberate incitements, however excited or disturbed the animal becomes from these activities; and
 - (2) Training of an animal for police work by the State or by a political jurisdiction of the State shall not be considered teasing, tormenting, or deliberately inciting the animal.

(C.B. 51, 2004)

Sec. 17.305A. - Outdoor shelter and water requirements for dogs.

(a) *Purpose.*

- (1) The purpose of this section is to avoid risk to the health or safety of dogs.
- (2) As provided in section 17.312(e), the Animal Control Administrator may adopt regulations to set standards to implement this section.

(b) *In general.*

- (1) This section applies to dogs that are kept outside without free access to a residence when:
 - (i) The owner is absent; or
 - (ii) The dog is unattended for 30 minutes or longer.
- (2) This section does not apply to a working dog that is not tethered and is trained and kept outside for the purpose of guarding livestock or fowl.
- (3) In addition to general requirements to keep an animal free from cruelty and neglect, as defined by this subtitle, the owner of a dog shall:
 - (i) Ensure that the dog is protected from the weather as required by this section; and
 - (ii) Not subject a dog to prolonged exposure to weather that causes or could cause the death of or harm to the dog, including but not limited to hypothermia, hyperthermia, and frostbite or a similar condition.

(c) *Adequate shade and shelter.*

- (1) The dog shall have access to a shelter that:
 - (i) Is of a proper size to allow the dog to adjust position and is insulated so that the dog is able to maintain proper body temperature;
 - (ii) Is enclosed and made from materials that protect the dog from the weather; and
 - (iii) Has an entrance that protects the dog from the weather.
- (2) There shall be bedding made of dry wood shavings, straw, or other non-absorbent material in the shelter provided in a quantity that insulates the shelter to protect the dog from cold and damp weather.

(d) *Water requirements.* The owner shall ensure that the dog has access to potable liquid water at all times as needed to maintain proper health.

(e) *Sanitation.* The dog shelter and the area in which the dog may move shall be kept clean and sanitary.

(C.B. 39, 2018, § 1)

Sec. 17.305B. - Tethers for dogs.

(a) This section applies to dogs that are kept outside when:

- (1) The owner is absent; or
- (2) The dog is unattended for 30 minutes or longer.

(b) *Tethers.* For purposes of this section, a tether means a chain, rope, line, or similar restraint that connects a dog to a shelter, tree, fence, or any other stationary object.

(c) *Generally prohibited.* Except as otherwise provided in subsection (c) of this subsection, an owner may not keep a dog on a tether.

(d) *Exceptions.*

- (1) An owner may keep a dog on a tether while the owner completes a temporary task.
- (2) An owner may use a tether while supervising the dog and:
 - (i) The owner intends to allow the dog to eliminate; or
 - (ii) The owner is exercising the dog.

(C.B. 39, 2018, § 1)

Sec. 17.305C. - Animal safety alerts.

- (a) *In general.* Whenever the Animal Control Administration considers that an alert is warranted, the Animal Control Administrator shall issue an animal alert advising the public of the animal safety precautions that the Animal Control Administrator considers appropriate.
- (b) *Publicity.* If an animal safety alert is issued:
 - (1) The alert shall be posted on the Animal Control website and social media websites; and
 - (2) The Animal Control Administrator may issue a public press release.

(C.B. 39, 2018, § 1)

Sec. 17.306. - Care of animals.

- (a) *Care of Livestock.* The owner of livestock shall:
 - (1) Provide adequate food, water, and shelter for the animals;
 - (2) Provide fencing strong enough and high enough to contain the livestock; and
 - (3) Confine breeding studs.
- (b) *Care of Horses, Ponies, Mules, Donkeys, and Llamas:*
 - (1) *Light; ventilation; food troughs.* A building or shed used for stabling horses, ponies, mules, donkeys, or llamas shall be well lighted, ventilated, and provided with sufficient feed troughs or boxes.
 - (2) *Cleanliness of buildings and sheds.* A building or shed used for stabling horses, ponies, mules, donkeys, or llamas shall be kept clean and in good repair at all times, all manure shall be removed from the buildings regularly as needed, and any manure pile shall be at least 25 feet away from a building or shed housing horses, ponies, mules, donkeys, or llamas.
 - (3) *Size of box stalls.* Box stalls for horses and mules that are 14 hands, two inches high or larger shall be at least ten feet wide.
- (c) *Care of Domesticated Birds:*
 - (1) *Birds and poultry near private residences and public buildings.* An owner of birds or poultry other than homing pigeons shall not allow the birds or poultry to fly, run, or stray within 50 feet of a private residence, other than the owner's residence, or within 50 feet of a building used by the public.
 - (2) *Food, water, shelter, cleanliness.* The owner of the birds or poultry shall provide them with adequate food, water, shelter, and sanitary conditions.

(C.B. 51, 2004)

Sec. 17.307. - Other regulated activities.

- (a) *Sale, Barter, or Giving Away of Animals as Toys or Novelties.* A person shall not sell, offer for sale, barter, or give away live animals as toys, premiums, incentives, inducements, or novelties, except that animals may be given away for agricultural or conservation projects, or with the approval of the Maryland Secretary of Agriculture under section 10-610 of the Criminal Law Article of the Annotated Code of Maryland.
- (b) *Coloring or Dyeing.* A person shall not color, dye, stain, or otherwise change the natural color of chickens, ducks, other fowl, or rabbits.
- (c) *Gambling Involving Animals.* Except for legitimate sporting events such as horse races and dog shows, a person shall not involve an animal in a game of chance or an event involving gambling.
- (d) *Wild or Exotic Animals Prohibited.* A person shall not keep, hold for sale, offer for sale, or sell a wild or exotic animal, even if the animal is well-trained, de-clawed, de-fanged, ostensibly domesticated, and affectionate to people, except that:
 - (1) A circus or animal show holding a valid permit from any public authority for temporary operation is exempt from this subsection for the term of the permit;
 - (2) A licensed veterinarian may temporarily keep such an animal only for the purpose of professional medical treatment of the animal;
 - (3) The holder of a valid permit issued by a State or Federal authority to keep a wild or exotic animal is exempt from this subsection only to the extent provided in the permit;
 - (4) Unless prohibited by State law, a person may keep or sell small animals such as hamsters, gerbils, guinea pigs, mice, rats, other small rodents, rabbits, ferrets, birds, fish, and nonpoisonous amphibians and reptiles; or
 - (5) An animal sanctuary is exempt from this subsection if the sanctuary meets all State and Federal licensing and permitting requirements.
- (e) *Traps:*
 - (1) *Permitted types.* Snap type traps designed to catch rats and mice and box type traps designed to capture the entire animal in an enclosure may be set.
 - (2) *Prohibited types.* A person shall not use leg-hold traps.
 - (3) *Consent of owner.* A person shall not place a trap on any property without written consent of the property owner, except that the Administrator may set traps with verbal permission of the property owner.
 - (4) *Snare and body-gripping traps—Proximity to residences.* An owner or lessee of private real property may place, set, maintain, or operate snare or body-gripping traps on the property, provided that no such trap is placed, set, maintained, or operated within 150 yards of the permanent residence of another person.
 - (5) *Checking traps.* A person who sets a trap shall:
 - (i) Check the trap daily; and
 - (ii) Remove any animal in the trap immediately.
 - (6) *Department of Natural Resources.* An authorized agent of the Department of Natural Resources may set traps related to wildlife control anywhere in the County after notifying the Animal Control Administrator when and where the traps will be set.
- (f) *Vehicle Accidents Involving Animals.* A person who injures or kills a domesticated animal while driving a vehicle shall:
 - (1) If it is safe to do so, stop at the scene of the accident and render such assistance as is practicable; and

- (2) Make a reasonable effort to locate the owner and inform the owner of the accident, or notify the Animal Control Administrator or Police Department of the accident as soon as possible.

Sec. 17.308. - Destruction of animals.

- (a) *Humane Destruction.* When an animal is destroyed under this subtitle it shall be destroyed in a humane manner and in accordance with written procedures established by the Administrator.
- (b) *Supervision.* Each individual responsible for destroying animals shall be examined periodically by a supervisor or licensed veterinarian to ensure that the procedures are being carried out in a humane manner.
- (c) *Destruction.* The Administrator may destroy an animal with the consent of the owner, or without the consent of the owner:
 - (1) Immediately if a veterinarian concurs and the animal is critically ill, is critically injured, or has a contagious disease which may infect animals or humans;
 - (2) Immediately and without the concurrence of a veterinarian if the animal is dangerous and the identity of its owner is unknown;
 - (3) If the Administrator has made a reasonable effort to identify the owner of the animal and notify the owner of the animal's condition, or the owner is unable or unwilling to provide for the animal's immediate treatment;
 - (4) If the animal is deemed abandoned under section 17.310 of this subtitle;
 - (5) If the animal is not available for adoption under section 17.311 of this subtitle; and
 - (6) If the animal has not been adopted within five days of being declared abandoned.
- (d) *Liability of Animal Control Administrator.* The Administrator is not liable for immediate destruction of an animal, even if the animal's owner is later identified.
- (e) *Destruction by Order of Health Officer.* The Health Officer may, under the health-general article of the Annotated Code of Maryland, order the immediate destruction of a diseased animal.

(C.B. 51, 2004)

Sec. 17.309. - Enforcement.

- (a) *Generally.* The Animal Control Administrator may take enforcement action based on:
 - (1) Personal observation;
 - (2) The observation of an Animal Control Officer or Police Officer;
 - (3) For a nuisance violation other than disturbing the public peace, a sworn statement from a citizen concerning the citizen's personal experience with the animal, if the statement is received within 30 days after the most recent incident;
 - (4) For a violation of disturbing the public peace, a sworn statement from a citizen concerning three separate incidents that occurred not less than two days apart and not more than 30 days apart, if the statement is received within 30 days of the most recent incident;

- (5) For all other types of violations, a sworn statement from a citizen concerning the citizen's personal experience with an animal, if the statement is received within one year and one day after the incident; and
 - (6) Bite reports, animal control records, or other documented information.
- (b) *Enforcement Options.* To enforce this subtitle, the Animal Control Administrator may:
- (1) Issue a civil citation;
 - (2) Issue a cease and desist order;
 - (3) Require that an owner take measures to control and confine an animal;
 - (4) Require that an owner take measures to abate conditions that constitute a cruel or neglectful act;
 - (5) Impound an animal in accordance with section 17.310 of this subtitle;
 - (6) Destroy an animal; and
 - (7) Take any other action necessary to enforce this subtitle.
- (c) *Enforcement by Police Officer.* A Howard County Police Officer may:
- (1) Issue a cease and desist order or a civil citation, or both, to an animal's owner upon observing:
 - (i) An unlicensed dog or cat;
 - (ii) A nuisance other than a disturbance of the public peace; or
 - (iii) A person committing a cruel or neglectful act against an animal;
 - (2) Impound a wild or exotic animal kept in violation of this subtitle; and
 - (3) Kill an animal that is at large if the Administrator determines that the animal:
 - (i) Poses an immediate threat to a person or domesticated animal;
 - (ii) Has been declared to be dangerous or a threat to public safety by the Administrator;
 - (iii) Cannot be caught and impounded; and
 - (iv) Cannot be tranquilized.
 - (4) The County shall incur no liability as a result of the death or injury of an animal based on the Administrator's decision to tranquilize or kill the animal.
- (d) *Nuisance Enforcement by Administrator.* Except as provided in subsection (e) of this section, the Administrator shall enforce a nuisance violation as follows:
- (1) *Informal complaints.* The Administrator shall:
 - (i) Send a notice of complaint to an animal owner upon receipt from a person of an informal complaint of a nuisance, if the person provides the mailing address of the owner and the date, time, location, and nature of the alleged nuisance violation; and
 - (ii) If the complainant requests, keep the complainant's identity confidential;
 - (2) *First violation.* The Administrator may issue a cease and desist order, a civil citation, and recommendations for control and confinement measures when a nuisance violation occurs;
 - (3) *Second violation.* If an owner's animal commits a subsequent nuisance violation within 24 months after committing a nuisance violation, the Administrator:
 - (i) Shall issue an order requiring the owner to take control and confinement measures for the animal and specifying a schedule for complying with the order; and
 - (ii) May impound the animal if the owner does not comply with the order within the time specified.

- (4) *Third violation.* If an owner's animal commits a third nuisance violation within 24 months after committing a nuisance violation, the Administrator may declare the animal a nuisance in accordance with section 17.302 of this subtitle.
- (e) *Disturbance of the Public Peace Enforcement.* Notwithstanding any other provision of this section to the contrary, the Administrator shall enforce a disturbance of the public peace violation as follows:
 - (1) *First violation.* The Administrator may issue a civil citation to an owner whose animal disturbs the public peace;
 - (2) *Second violation.* If an owner receives a second citation for allowing an animal to disturb the public peace, the Administrator may recommend that the owner take control and confinement measures for the animal; and
 - (3) *Subsequent violation.* If an owner's animal receives a third citation for allowing the animal to disturb the public peace, the Administrator:
 - (i) Shall issue an order requiring the owner to take control and confinement measures for the animal and specifying a schedule for complying with the order; and
 - (ii) May impound the animal if the owner does not comply with the order within the time specified.
- (f) *Right of Entry:*
 - (1) The Animal Control Administrator may enter private property or premises to:
 - (i) Investigate possible violations of this subtitle;
 - (ii) Impound animals under this subtitle; and
 - (iii) Enforce this subtitle.
 - (2) If the owner, tenant, or other occupant of private property or premises fails to consent to or interferes with the right of entry of the Animal Control Administrator, the Administrator may apply for a judicial order permitting entry.

(C.B. 51, 2004)

Sec. 17.310. - Impoundment and redemption.

- (a) *Impoundment.*
 - (1) The Administrator may impound:
 - (i) A dog, cat, or ferret whose owner has failed to have the animal vaccinated against rabies within seven days after being notified to do so;
 - (ii) An animal whose owner has failed to comply with control, and confinement measures ordered by the Administrator within the time specified by the order;
 - (iii) An animal that has been declared a nuisance by the Administrator, or an animal whose owner receives three citations for disturbing the public peace in a 24-month period, if the citations have not been appealed or have been upheld on appeal;
 - (iv) An animal at large;
 - (v) An animal declared dangerous or potentially dangerous by the Administrator or by another jurisdiction;
 - (vi) An animal declared a threat to public safety and welfare;
 - (vii) An animal whose health or safety is endangered through its owner's cruelty or neglect;
 - (viii) A wild or exotic animal kept in violation of this subtitle;

- (ix) An animal adopted from the County shelter but which has not been spayed or neutered within the period required by the Administrator; and
 - (x) An animal adopted from the County shelter whose owner has not complied with the terms of the adoption agreement.
- (b) If an animal is impounded and the owner does not provide control and confinement measures in accordance with the schedule established by the Administrator, the animal shall be considered abandoned and shall be disposed of under this subtitle.
- (c) *Location.* The Administrator shall determine the place of an animal's impoundment and may, at the request and expense of the animal's owner, impound the animal in a private kennel or veterinarian's facility. The owner of the kennel or veterinarian's facility shall not release the animal from impoundment without permission of the Administrator.
- (d) *Notice.* If the Administrator impounds an animal without first notifying the owner, the Administrator shall make a prompt and reasonable effort to notify the owner of the impoundment, the reason for the impoundment, and the conditions the owner must meet in order to redeem the animal.
- (e) *Redemption:*
- (1) *General requirements.* The owner of an impounded animal may redeem the animal by:
 - (i) Satisfying the conditions established by the Administrator for the animal, including any control and confinement measures;
 - (ii) Paying all fines and penalties due;
 - (iii) Paying the redemption fee;
 - (iv) Paying all charges for shelter and board of the animal during impoundment, including any extraordinary charges incurred by the County in impounding, transporting, feeding, treating, and sheltering the animal;
 - (v) Providing proof of ownership of the animal;
 - (vi) Meeting the licensing requirements of this subtitle;
 - (vii) Providing proof that the animal is vaccinated for rabies; and
 - (viii) Meeting any other redemption requirements of this subtitle that apply to the animal.
 - (2) *Rabies.* The owner of a dog, cat, or ferret impounded for failure of the owner to vaccinate the animal for rabies may redeem the animal when the animal has been vaccinated against rabies.
 - (3) *Wild or exotic animals.* The owner of an impounded wild or exotic animal may redeem the animal if the Administrator is satisfied that the owner has definite intentions to immediately remove the animal from the County, or has received the required State and Federal permits to legally possess the animal.
- (f) *Animal Permanently Impounded.* An animal ordered permanently impounded may be disposed of in the same manner as an animal abandoned by its owner.
- (g) *Care of Injured Animals.* Except as provided in section 17.306 of this subtitle, when the Administrator or a Howard County Police Officer has an injured domesticated animal whose owner is unknown, the Administrator or Officer shall take the animal to a veterinarian or animal hospital under contract to the County where it shall be cared for until its condition warrants its return to the animal control facility or disposition. In an emergency, the animal may be taken to the nearest veterinarian.
- (h) *Liability:*
- (1) The County is not liable if an impounded animal becomes sick or dies during impoundment, or dies after routine care or other care prescribed by a veterinarian.
 - (2) The Animal Control Administrator is not liable for any injuries sustained by an animal as a result of impoundment, transport, and handling of an impounded animal.

- (i) *Animal Deemed Abandoned.* An animal is deemed to have been abandoned when:
- (1) The animal is impounded, its owner is not known, and the animal has not been redeemed within three working days of impoundment;
 - (2) The animal is impounded for being at large and has not been redeemed within three working days;
 - (3) The animal is impounded because the owner has not complied with an order of quarantine for the animal and has not redeemed the animal within three working days of notice that the animal may be released;
 - (4) The animal is wild or exotic and has not been returned to its owner within three working days of notice of impoundment;
 - (5) The animal is a stray reported to the Animal Control Division and has not been reclaimed by its owner within 30 days of the report;
 - (6) The animal is permanently impounded and the owner has not appealed the impoundment, or the impoundment has been upheld on appeal;
 - (7) The animal has been adopted from the animal control facility and has been permanently impounded by the Animal Control Administrator for failure to have the animal spayed or neutered;
 - (8) The animal is impounded as a threat to public safety and welfare and has not been redeemed;
 - (9) The animal is impounded as a dangerous animal and has not been redeemed;
 - (10) The animal is impounded as a result of cruel or neglectful acts and has not been redeemed;
 - (11) The animal is impounded for failure to vaccinate for rabies and has not been redeemed;
 - (12) The animal is impounded as a nuisance animal and has not been redeemed;
 - (13) The animal has been spayed or neutered at a clinic contracted for by the County, and the owner has not retrieved the animal within three working days of the date specified by the clinic;
 - (14) The animal is given up and left at the animal control facility by its owner;
 - (15) The animal was adopted from the County shelter and is impounded because its owner has not complied with the terms of the adoption agreement; or
 - (16) The animal is impounded under this subtitle for any other reason and has not been redeemed.

(C.B. 51, 2004)

Sec. 17.311. - Adoption.

- (a) *Adoption.* At the discretion of the Administrator an abandoned animal may be made available for adoption.
- (b) *Adoption Exceptions.* An animal is available for adoption immediately upon being declared abandoned, except:
 - (1) An animal the Administrator believes is unsafe;
 - (2) A wild or exotic animal;
 - (3) An animal that has been declared dangerous or potentially dangerous;
 - (4) An animal a veterinarian has found to be too unhealthy for adoption or suffering from a contagious disease that makes the animal unsuitable for adoption;

- (5) An animal impounded for being a threat to public safety and welfare, declared to be a threat to public safety and welfare, or whose owner has been cited for the animal being a threat to public safety and welfare; and
 - (6) An animal the Administrator believes is too young for adoption.
- (c) *Persons Not Eligible to Adopt.* The following persons are not eligible to adopt an animal unless the Animal Matters Hearing Board permits them to do so upon appeal:
- (1) A person with two or more paid or upheld civil citations issued under this subtitle in the previous 24 months;
 - (2) A person who has been found guilty of cruel or neglectful acts;
 - (3) A person who has been found guilty of improperly confining or controlling a dangerous animal;
 - (4) A person who has not complied with an order of the Board issued after a mandatory hearing of the Board;
 - (5) A person who, in the opinion of the Administrator, will not or cannot properly care for an animal; and
 - (6) A person who has not complied with the spaying and neutering provisions of this subtitle in the prior adoption of an animal.
- (d) *Spaying/Neutering of Adopted Animals:*
- (1) Within a period to be specified by the Administrator, depending on the age, sex, health, and species of the animal, an adopted animal shall be spayed or neutered by a licensed veterinarian at the expense of the adopter.
 - (2) The Administrator may issue an adopter a cease and desist order and a civil citation for failure to spay or neuter an adopted animal within the specified period. The Administrator shall rescind the cease and desist order and civil citation if the adopter returns the adopted animal to the animal control facility or provides proof that the animal has been spayed or neutered prior to the payment due date specified on the citation. Each month the violation continues is a separate offense.
- (e) *Appeal.* A person denied adoption of an animal under subsection (c) of this section may appeal the decision to the Animal Matters Hearing Board within three days of the denial. The Administrator is not required to hold the animal for which adoption was denied while the denial is appealed.
- (f) *Liability.* Howard County shall not be liable for any expenses incurred by an adopter of an animal for the treatment of injuries or illnesses of the animal which existed prior to or occurred after adoption.
- (g) *Disposition of Animals Not Adopted:*
- (1) No animal may be sold or given up for commercial or experimental purposes.
 - (2) Wild and exotic animals may be released to a suitable habitat or to a suitable care facility such as a Humane Society shelter, zoo, or sanctuary.
 - (3) Animals which are declared abandoned may be destroyed in accordance with section 17.308 of this subtitle.

(C.B. 51, 2004)

Sec. 17.312. - Animal Control Division.

- (a) *Administration.* Except for the licensing provisions administered by the Department of Inspections, Licenses and Permits, the Animal Control Division shall administer this subtitle under the direction of the Chief of Police.

- (b) *Animal Control Division.* General provisions regarding the division are set forth in subtitle 2, "Administrative Departments and Offices," of title 6, "County Executive and the Executive Branch," of the Howard County Code.
- (c) *Administrator.* The Animal Control Administrator shall be the head of the Animal Control Division. The Chief of Police shall exercise general supervision of the of Animal Control Division.
- (d) *Administrator's Qualifications.* The Animal Control Administrator shall have:
 - (1) Considerable knowledge of the care, handling, feeding, and characteristics of domestic animals;
 - (2) Considerable knowledge of the local and State laws governing animal protection and control; and
 - (3) At least five years of experience in business or public administration, including two years in animal control work, and at least two years of managerial or supervisory experience.
- (e) *Administrator's Duties.* The Animal Control Administrator shall:
 - (1) Serve as Executive Secretary to the Animal Matters Hearing Board;
 - (2) Administer and enforce the animal control laws;
 - (3) Maintain records of microchip identification numbers cross-referenced to the animal license files;
 - (4) Maintain records of rabies vaccinations cross-referenced to the animal license files;
 - (5) Administer the animal control facility;
 - (6) Supervise the Animal Control Officers and other employees of the Animal Control Division;
 - (7) Adopt written regulations necessary to implement this subtitle;
 - (8) Publicize the requirements of this subtitle including but not limited to breed-specific requirements to those who are required to comply with this subtitle; and
 - (9) Perform such other functions as may be prescribed by directive of the County Executive or by law.

(C.B. 51, 2004; C.B. 39, 2018, § 1)

Sec. 17.313. - Notification procedures.

- (a) Notification required by this subtitle shall be made as provided in this subsection.
- (b) *By Mail.* If a notification required by this subtitle is made by mailing a notice, the notice is adequate if it is delivered to a U.S. post office for delivery or is deposited in a mailbox or other mail receptacle regularly serviced by the U.S. Postal Service.
- (c) *Notice of Impoundment.* The Animal Control Administrator shall give an owner of an impounded animal notice of the impoundment by:
 - (1) Placing a telephone call to the owner;
 - (2) Delivering the notice directly to the owner;
 - (3) Leaving the notice at:
 - (i) The owner's usual or last-know-address;
 - (ii) The address given on the animal's collar or microchip; or
 - (iii) The address indicated in the licensing records maintained by the Department; or

- (4) Mailing the notice to:
 - (i) The person's usual or last-known address;
 - (ii) The address given on the animal's collar or microchip; or
 - (iii) The address indicated in the licensing records maintained by the Department.
- (d) *Notification of Intent to Immediately Destroy Animal.* When the Animal Control Administrator intends to immediately destroy an animal, the Administrator shall give notice to the animal's owner by:
 - (1) Placing a telephone call to the owner; or
 - (2) Verbally notifying the owner in person.
- (e) *Other Notifications.* Except as otherwise provided in this subtitle, notifications necessary to satisfy other requirements of this subtitle may be made by:
 - (1) Delivering the notice directly to the owner; or
 - (2) Mailing the notice to or posting the notice at:
 - (i) The owner's usual or last-known address;
 - (ii) The address given on the animal's collar or microchip; or
 - (iii) The address indicated in the licensing records maintained by the Department.

(C.B. 51, 2004)

Sec. 17.314. - Contractual services.

- (a) *Removal of Dead Animals.* The Chief of Police may contract for the collection and disposal of dead animals from County property and rights-of-way. If the animal's owner is known, the Animal Control Administrator may notify the owner to arrange for prompt disposition of the animal. If the animal is collected and disposed of by the County, the owner shall be notified that the animal has been disposed of. The owner may be held liable to the County for the cost of collection and disposal.
- (b) *Spaying and neutering clinic:*
 - (1) *County clinic.* The Chief of Police may establish a clinic at which citizens may have dogs and cats spayed or neutered by a licensed veterinarian. The Chief of Police may contract for spaying and neutering services to be performed by licensed veterinarians at their own places of business.
 - (2) *Medical care.* The spaying and neutering shall be performed in a humane manner. Each animal to be spayed shall receive a presurgical examination by the licensed veterinarian. The animal shall receive a rabies vaccination if proof of a current vaccination cannot be provided by the owner.
 - (3) *Fees.* The fee for neutering or spaying shall be determined by the Chief of Police. If a rabies vaccination is necessary, a separate fee shall be assessed.
 - (4) *Ownership consent.* The owner of the animal shall certify ownership or authority to seek the service and shall sign a consent to the surgery.
 - (5) *Retrieval of animal.* The owner shall retrieve the animal on a date specified by the clinic. Failure to retrieve the animal on the date specified may result in an additional charge for board. Any animal not retrieved within three working days after the specified date shall be deemed to be abandoned.

(C.B. 51, 2004)

Sec. 17.315. - Interfering with enforcement.

- (a) *Prevention of Enforcement.* A person shall not prevent, attempt to prevent, or threaten to prevent the Animal Control Administrator, an Animal Control Officer, or a Police Officer from enforcing this subtitle.
- (b) *Concealment; Denial of Ownership.* A person shall not conceal a domesticated animal, a wild animal, or an exotic animal from the Animal Control Administrator, or falsely deny ownership of any animal.
- (c) *Information to Enforce This Subtitle.* A person shall not provide false information or refuse to provide requested information to the Animal Control Officer, the Health Officer, or a Police Officer when the information is required to enforce this subtitle.

(C.B. 51, 2004)

Sec. 17.316. - Reporting animal bites; investigation.

- (a) *Report Required.* The following individuals and agencies shall report all bites, injuries, and attacks by animals on humans to the Health Department or Animal Control Division:
 - (1) The owner of an animal that has attacked, bitten, or injured a human; and
 - (2) A hospital, physician, or other health care provider who has treated a bite or injury inflicted by an animal on a human.
- (b) *Reporting Requirements.* When a report is required by this section, the report shall be made within the following times:
 - (1) An attack, injury, or bites shall be reported no later than one business day following the occurrence or treatment.
 - (2) When the Health Department receives a report of an incident in which an animal has bitten or injured a human or a domesticated animal, it shall notify the Animal Control Administrator within 24 hours after receiving the report and shall send the Administrator all complaints and supporting information regarding the incident.
 - (3) When the Police Department receives a report of an incident in which an animal has bitten or injured a human or a domesticated animal, it shall notify the Animal Control Administrator within 24 hours after receiving the report and, if a bite or injury is involved, shall notify the Health Officer within 24 hours. The Police Department shall send the Administrator and the Health Officer all complaints and supporting information regarding the incident.
 - (4) When the Animal Control Division receives a report of an incident in which an animal has bitten or injured a human being or a domesticated animal, it shall notify the Health Officer within 24 hours after receiving the report.
- (c) *Investigation of Incidents.* The Administrator shall review all reports of incidents in which an animal has attacked, bitten, or injured a human being or a domesticated animal, may investigate the incident and, if necessary, take enforcement measures consistent with this subtitle.

(C.B. 51, 2004)

Sec. 17.317. - Quarantine.

- (a) *Quarantine.* If the Health Officer quarantines an animal, or if the Administrator quarantines an animal under authority delegated by the Health Officer, the provisions of this section apply.

- (b) *Release.* A quarantined animal may not be released from quarantine, sold, given away, or otherwise disposed of until a Health Department Representative or a veterinarian has examined the animal and found it free of rabies, within 24 hours after examining a quarantined animal for rabies, the veterinarian shall report the results of the examination to the Health Officer.
- (c) *Quarantine after Bite or Injury.* If the Health Officer quarantines an animal after the animal has bitten or injured a human, the animal shall be quarantined under the following conditions:
 - (1) The Administrator may require that the animal be impounded for the quarantine period;
 - (2) If the animal is not impounded for the quarantine period:
 - (3) Quarantine shall be at a location approved by the Administrator; and
 - (4) If the animal's owner meets conditions established jointly by the Administrator and the Health Officer that protect the public and other animals from exposure to the animal, the animal may be quarantined on the owner's property.
- (d) *Impoundment of Animal Not Kept Quarantined.* If the Administrator determines that an animal has not been kept quarantined in accordance with this section, the Administrator may impound the animal until it is released from quarantine by the Health Officer.

(C.B. 51, 2004)

Sec. 17.318. - Civil penalties for violations.

- (a) *Civil Citations.* The Animal Control Administrator may issue a civil citation to a person who violates this subtitle.
 - (b) *Right to Appeal.* A person who receives a civil citation under this subtitle may appeal the citation to the Animal Matters Hearing Board within 15 days of receiving the citation.
 - (c) *Board Action.* When a civil citation is appealed to the Board, the Board may:

Editor's note— Section 101 of C.B. 62, 1988, declared the bill effective July 1, 1989.

Sec. 17.401. - Office of Consumer Affairs.

- (a) *General Provisions*. General provisions applicable to this Office are set forth in subtitle 2, "Administrative Departments and Offices," of title 6, "County Executive and the Executive Branch," of the Howard County Code.
- (b) *Head* . The Consumer Protection Administrator shall head the Office of Consumer Protection. The Director of Community Resources and Services shall exercise administrative supervision over the Office of Consumer Protection.
- (c) *Qualifications of Consumer Protection Administrator* . The Consumer Protection Administrator shall have thorough knowledge of methods and practices of protecting consumer interest, including knowledge of County, State and Federal laws, and knowledge of the methods and techniques of investigating complaints and charges of unlawful trade practices. The Administrator shall have at least five years of experience in community service or related work, including one year dealing with consumer protection or trade practices and at least one year of managerial experience.
- (d) *Duties and Responsibilities* . The Office shall have the following duties:
 - (1) To regulate solicitors and peddlers pursuant to subtitle 7, "Solicitors and Peddlers," of title 14, "Inspections, Licenses, and Permits," of the Howard County Code.

- (2) To receive, investigate and conciliate complaints and initiate its own investigation of deceptive or unfair trade practices against consumers; to hold hearings, compel the attendance of witnesses, administer oaths, take the testimony of any person under oath, and, in connection therewith, require the production of any evidence relating to any matter under investigation or in question by the Office.
- (3) To issue summons to compel the attendance of witnesses and the production of documents, papers, books, records and other evidence in any matter to which this subtitle applies. Any such summons shall be served by the Sheriff or Deputy Sheriff of the political subdivision in which is located the residence of the person or the main office of the firm, association, partnership or corporation against whom or which the summons is served. In case of disobedience to a summons, the County, on behalf of the Office, may apply to a court of appropriate jurisdiction for an order requiring the attendance and testimony of witnesses and/or the production of records or a document. After notice to the person summoned as a witness or directed to produce records and documents, and upon a finding that the attendance and testimony of the witness or the production of the records and documents is relevant or necessary for the proceeding of the Office, the court may issue an order requiring the attendance and testimony of the witness and the production of records and documents. Any failure to obey such an order of the court may be punished as contempt of court.
- (4) To issue cease and desist orders with respect to consumer practices declared to be in violation of this subtitle by the Office. If, upon all the evidence, the Administrator of the Office finds that the respondent has engaged in a deceptive or unfair trade practice within the scope of any provision of this subtitle, it shall so state its findings. The Office thereupon shall issue and cause to be served upon the respondent an order requiring the respondent to cease and desist from the deceptive or unfair trade practice and to take such affirmative action as equity and justice may require to effectuate the purposes of this subtitle.
- (5) To refer to appropriate governmental or regulatory agencies, either public or private, having jurisdiction over consumer protection matters, any information concerning an apparent or potential violation of any consumer protection laws.
- (6) To present the interests of consumers before administrative and regulatory agencies and legislative bodies.
- (7) To assist, advise and cooperate with other local, State and Federal agencies and officials to protect and promote the interest of the County consumer public.
- (8) To assist, develop and conduct programs of consumer education and information through public hearings, meetings, publications or other material prepared for distribution to the consumer public of the County.
- (9) To undertake activities to encourage local business and industry to maintain high standards of honesty, fair business practices and public responsibility in the production, promotion and sale of merchandise, goods and services and the extension of credit.
- (10) To exercise and perform such other functions or duties consistent with the purposes or provisions of this subtitle which may be deemed necessary or appropriate to protect and promote the welfare of County consumers.
- (11) To render annual reports as to the number of complaints filed, the nature thereof and the disposition thereof and the other relevant activities of the Office undertaken during the previous year.
- (12) To make administrative rules and regulations as may be necessary to ensure the orderly operation of the Office and to promulgate standards further defining the "unfair or deceptive trade practices" as set forth in this subdivision. These rules and regulations and standards shall take effect no earlier than 60 days after their adoption by the Office. Any regulation adopted hereunder shall be in accordance with the Administrative Procedure Act [title 2, subtitle 1 of this Code.]

- (13) To administer subtitle 5, "New Home Contract of Sale," of title 17, "Public Protection Services," of the Howard County Code, according to the provisions of section 17.505, "Administration, Enforcement and Penalties," of subtitle 5 of title 17 of the Howard County Code.
- (14) To administer subtitle 9 "Landlord Tenant Relations" of title 17 "Public Protection Services" of the Howard County Code.
- (15) To adopt written regulations necessary to implement subtitle 9 "landlord tenant relations" of title 17 "Public Protection Services" of the Howard County Code.

(C.B. 7, 1975; C.B. 33, 1980; C.B. 62, 1988; C.B. 23, 1989; C.B. 12, 2016, § 1; C.B. 20, 2018, § 1)

Editor's note— Section 101 of C.B. 62, 1988, declared the bill effective July 1, 1989.

Sec. 17.402. - Advisory Board on Consumer Affairs.

- (a) *General Provisions.* General provisions applicable to this Board are set forth in subtitle 3, "Boards and Commissions," of title 6, "County Executive and the Executive Branch," of the Howard County Code.
- (b) *Number of Members .* There is an Advisory Board on Consumer Protection which shall consist of seven members.
- (c) *Qualifications:*
 - (1) All members shall be residents of Howard County.
 - (2) The membership shall reflect a cross-section of the consumer and business interests.
 - (3) At least two members shall represent a consumer interest group.
 - (4) At least two members shall represent a business interest group.
 - (5) From the remaining members, at least one member shall represent an economically disadvantaged group.
- (d) *Executive Secretary .* The Consumer Protection Administrator or the Administrator's designee shall serve as Executive Secretary of the Board and shall attend all meetings of the Board.
- (e) *Meetings.* The Board shall meet on call by the Chairman as frequently as required to perform its duties.
- (f) *Duties and Responsibilities .* The Board shall carry out all duties and responsibilities assigned to it by law.
 - (1) The Board may annually review the programs of the Office of Consumer Protection and make recommendations to the Administrator prior to the submitting of the annual budget.
 - (2) Subject to section 22.1000 of the County Code, the Board shall submit an annual report to the County Executive and to the County Council.
 - (3) The Board may advise the Office in carrying out its duties.
 - (4) The Board may hold public hearings as deemed necessary, including hearings for the purpose of forming recommendations on inclusion or exclusion of persons or organizations from applications of the provisions of this subtitle.
 - (5) At the directive of the County Executive or by resolution of the County Council, the Board shall review and make recommendations on any matter related to consumer protection.

(C.B. 7, 1975; C.B. 2, 1981; C.B. 62, 1988; C.B. 12, 2016, § 1; C.B. 43, 2018, § 1)

Editor's note— Section 101 of C.B. 62, 1988, declared the bill effective July 1, 1989.

Sec. 17.403. - Deceptive or unfair trade practice prohibited.

- (a) It shall be unlawful for any merchant to engage in a deceptive or unfair trade practice with respect to any consumer whether or not any consumer has, in fact, been misled, deceived or damaged thereby. Deceptive or unfair trade practices include, but are not limited to:
- (1) Representations that merchandise, goods or services have sponsorship, approval, accessories, characteristics, ingredients, uses, benefits or quantities that they do not have.
 - (2) Representations that the merchant has a sponsorship, approval, status, affiliation or connection that he does not have.
 - (3) Representations that merchandise or goods are original or new, if they are deteriorated, altered, reconditioned, reclaimed or secondhand.
 - (4) Representations that merchandise, goods or services are of particular standard, quality, grade, style or model, if they are of another.
 - (5) A misrepresentation as to a material fact which has a tendency to mislead.
 - (6) The failure to state a material fact, if such failure deceives or tends to deceive.
 - (7) Disparaging the merchandise, goods, services or business of another by false or misleading representations of material facts.
 - (8) Advertising or offering merchandise, goods or services without intent to sell them or sell them as advertised or offered.
 - (9) Advertising or offering merchandise, goods or services with intent not to supply reasonably expected public demand, unless the advertisement or offer discloses a limitation of quantity or other qualifying conditions.
 - (10) Making false or misleading representations of fact concerning: The reasons for, existence of or amounts of price reductions; or the price in comparison to price of competitors or ones own price at a past or future time.
 - (11) Knowingly falsely stating that services, replacements or repairs are needed.
 - (12) Falsely stating the reasons for offering or supplying merchandise, goods or services at sale or discount prices.
 - (13) The harassment of any person, either by telephone, cards or letters, with regard to any act other than legal process.
 - (14) Any deception, fraud, false pretense, false premise, misrepresentation or the knowing concealment, suppression or omission of any material fact with the intent that consumers rely upon such concealment, suppression or omission in connection with the sale or advertisement of any merchandise or goods or with the subsequent performance of services, whether or not any person has, in fact, been misled, deceived or damaged thereby.
 - (15) Any false, falsely disparaging or misleading oral or written statement, visual description or other misrepresentation of any kind which has the capacity, tendency or effect of deceiving or misleading consumers and is made in connection with the sale, lease, rental, loan or bailment of merchandise, goods or services, the offering for sale, lease, rental, loan or bailment of merchandise, goods or services, the extension of consumer credit or the collection of consumer debts.

- (16) Failure to provide a written estimate of repairs, alterations, modifications or servicing when requested by a consumer and then performing such subsequent repair, alteration, modification or servicing of the item without providing the estimate as requested.
- (17) Making repairs, alterations, modifications or servicing exceeding by ten percent or more the price quoted in a written estimate, without prior written or verbal approval of a consumer.
- (18) Failure to reassemble or restore an electrical or mechanical apparatus, appliance, chattel or other goods or merchandise to its tendered condition, unless a service or labor charge is paid, without notification of the service or labor charge prior to receiving the tendered item.
- (19) Failing to supply to a consumer a copy of a sales or service contract, lease, promissory note, trust agreement or other evidence of indebtedness which that person may execute or has, in fact, executed.
- (20) Selling or leasing or providing merchandise, goods or services on a credit sale basis with knowledge by the merchant, at the time of the transaction, that there was no reasonable probability of payment in full of the obligation by the consumer.
- (21) Selling, leasing or providing merchandise, goods or services with knowledge by a merchant, at the time of the transaction, of the inability of the consumer to receive substantial benefits from the merchandise, goods or services sold or leased.
- (22) Selling, leasing or providing merchandise, goods or services where there exists a gross disparity between the price of the merchandise, goods or services sold or leased and the value of the merchandise, goods or services measured by the price at which similar merchandise, goods or services are readily obtainable in transactions by like buyers or lessees. Any insurance commission or rebate received by a merchant shall be considered in determining the existence of a gross disparity.
- (23) The fact that the merchant failed to disclose that he contracted for or received a commission fee or rebate for insurance with respect to credit sales.
- (24) The fact that the merchant has knowingly taken advantage of the inability of the consumer to reasonably protect his interests by reason of physical or mental infirmities, ignorance, illiteracy or inability to understand the language of the agreement.
- (25) Replacing parts or components in an electrical or mechanical apparatus, appliance, chattel or other goods or merchandise when such parts or components are not defective, unless this replacement is specifically requested by the consumer.
- (26) Falsely stating or representing that repairs, alterations, modifications or servicing have been made when they have not been.
- (27) Insertion by a merchant, in a contract of sale or lease, of a clause or condition which is so one sided as to be unconscionable under the circumstances existing at the time of the making of the contract.

(C.B. 7, 1975; C.B. 33, 1980)

Sec. 17.404. - Exclusion.

This subtitle shall not apply to:

- (1) Professional services of lawyers or medical and dental practitioners engaged in their respective professional endeavors;
- (2) Any television or radio broadcasting station or to any publisher or printer of a newspaper, magazine or other form of printed advertising who broadcasts or prints an advertisement which violates this subtitle, except insofar as such station or publisher or printer engaged in deceptive

or unfair practices in the sale or offering for sale of its own merchandise, goods or services or has knowledge of the advertising being in violation of this subtitle;

- (3) Public service companies subject to the jurisdiction of the public service commission, as provided in article 78 of the Annotated Code of Maryland (1969 Replacement Volume).

The Office shall have the authority to receive complaints concerning the aforesaid excluded merchants and to refer these complaints to the appropriate professional agency or group.

(C.B. 7, 1975; C.B. 33, 1980)

Sec. 17.405. - Restraining unlawful acts.

Whenever the Administrator has reason to believe that a merchant is using, has used or is about to use any method, act or practice declared by section 17.403 of this subtitle to be unlawful, and that proceeding would be in the public interest, the Administrator may refer this matter to the Office of Law for an action in the name of the County against such merchant to restrain, by temporary or permanent injunction, the use of such method, act or practice, upon the giving of appropriate notice to that merchant. Any court of competent jurisdiction may issue restraining orders, temporary or permanent injunctions or other appropriate forms of relief.

(C.B. 7, 1975)

Sec. 17.406. - Private action.

- (a) Any consumer who purchases or leases merchandise, goods or services primarily for personal, family, household or agricultural purposes, as herein defined, and thereby suffers any ascertainable loss of money or property, real or personal, as the result of the use or employment by any merchant of a method, act or practice declared unlawful by section 17.403 of this subtitle, may bring an action under the rules of civil procedure in the court of appropriate jurisdiction in Howard County or in the appropriate court of the County in which the merchant resides or has his principal place of business, to recover actual damages. This court may, in its discretion, award punitive damages and provide such equitable relief as it deems necessary or proper.
- (b) In any action brought by a consumer under this section, the court may award, in addition to the relief provided in this section, reasonable attorney's fees and costs.

(C.B. 7, 1975; C.B. 33, 1980)

Sec. 17.407. - Filing of complaints by consumer.

Any consumer who has reason to believe that he or she has been subjected to an unlawful trade practice, as set forth in section 17.403, may file a complaint in writing with the Administrator, which shall state the name and address of the person alleged to have committed the violation complained of and the particulars thereof, and such other information as may be required by the Office.

(C.B. 7, 1975)

Sec. 17.408. - Procedures and enforcement.

- (a) *Administration.* Upon the filing of a complaint, as set forth in this subtitle, the Administrator of the Office shall cause such investigation as he or she deems appropriate to ascertain facts and issues. In making such investigations and determinations the Office may use the authority granted to it in section 17.401.

- (b) *Reasonable Grounds a Violation Has Occurred.* Whenever the Administrator determines that there are reasonable grounds to believe a violation has occurred, the Office shall commence with one or more of the following procedures, which it, in its sole discretion, deems appropriate:
- (1) *Conciliation.* Attempt to conciliate the matter, either by methods of initial conference and persuasion with all interested parties and such representatives as the parties may choose to assist them, or by such other methods as this office shall, in its discretion, deem appropriate. In attempting such conciliation to assist a complaining consumer to resolve the individual dispute, the Office may utilize the goods services of the Advisory Board on Consumer Protection. Conciliation conferences shall be informal, and nothing said or done during such initial conference shall be made public by the Office, the Board, or its members, unless the parties agree thereto in writing. The terms of the conciliation agreed to by the parties may be reduced to writing and incorporated into a written conciliation or settlement agreement to be signed by the parties, which written agreement is for conciliation purposes only and does not constitute an admission by any party that the law has been violated. A written conciliation or settlement agreement shall be signed, on behalf of the Office, by the Administrator of the Office.
 - (2) *Assurance of compliance or of discontinuance.* Accept a written assurance of compliance or assurance of discontinuance with respect to any matter which involved the violation of section 17.403 of this subtitle from any merchant who has engaged or was about to engage in any unlawful trade practice. Any such assurance shall be a matter of public record and shall be signed by the Administrator. No assurance of compliance or assurance of discontinuance shall constitute admission by any party thereto that there has been a violation of any law or regulation.
 - (3) *Refer to Office of Law.* Refer any matters to the Office of Law for appropriate action if in the opinion of the Administrator, such action is the most effective procedure to enforce or administer the provisions of this subtitle.
- (c) *Failure to Adhere to Assurance of Compliance or Discontinuance.* It shall be a violation of this subtitle to violate or fail to adhere to any provision contained in a written assurance of compliance or assurance of discontinuance or conciliation agreement. Any failure by the Office to act with regard to a violation of any provision of a written assurance or agreement shall not constitute a waiver of any right of the Office or provision of such assurance or agreement.
- (d) *Cooperation of Licensing Authorities and Other Government Agencies.* The Office is authorized to seek the cooperation of the licensing authorities and contact any Department of the Government of the County in connection with any investigation under this subtitle by the Office of any person licensed to do business within the County or having a contractual relationship with the Government of the County.
- (e) *Dismissal for Lack of Reasonable Grounds.* If the Administrator determines that the complaint lacks reasonable grounds upon which to base a violation of this subtitle, the Administrator may dismiss such complaint or order such further investigation as may be necessary.
- (f) *Referral to Office of Law.* If the Office, with respect to any matter which involves a violation of section 17.403, fails to effect an assurance of compliance or discontinuance or determines that a complaint is not susceptible of settlement, the Office may transmit the matter to the Office of Law for appropriate legal action.
- (g) *Other Venues and Remedies.* Nothing herein shall prevent any person from exercising any right or seeking any remedy to which he might otherwise be entitled or from filing any complaint with any other agencies or court of law or equity.
- (h) *Financial Stipulations and Conditions.* Any written assurance of discontinuance, conciliation or settlement agreement or any cease and desist order provided for by this subtitle may include stipulations or conditions for the payment, by the violator, of the cost of the investigation by the Office or its staff and may also include stipulations or conditions for the restitution, by the violator, to the consumer of money, property or other things received from such consumer in connection with a violation of this subtitle. The aforesaid stipulations and conditions shall not preclude the Office from

utilizing any other stipulation, condition or remedy, including the payment of stipulated penalties, it deems necessary to correct a violation of this subtitle.

(i) *Arbitration of Disputes:*

- (1) *Submission to arbitration.* Notwithstanding any other provisions of this title, the Office may enter into an agreement with a person in the County or State to submit a dispute arising under this title to arbitration in accordance with the Maryland Uniform Arbitration Act.
- (2) *Arbitration programs.* The Office may administer a program of voluntary arbitration of consumer disputes, including:
 - (i) The recruitment and training of volunteer arbitrators;
 - (ii) The education of the public and business community as to the benefits of arbitration.
- (3) *Clerical support.* The Office shall provide office space and clerical help for arbitration tribunals.

(C.B. 7, 1975; C.B. 32, 1994; C.B. 12, 2016, § 1)

Sec. 17.409. - Restitution or compensatory damages.

In any action brought pursuant to this subtitle, the County shall be authorized to seek appropriate restitution or compensatory damages for any consumer who has been harmed by any violation of this subtitle.

(C.B. 7, 1975)

Sec. 17.410. - Office investigation.

In the event the Administrator has reason to suspect that a merchant has engaged in an unlawful trade practice, as defined in this subtitle, the Administrator is hereby authorized to initiate an investigation of such suspected unlawful trade practice and to file, in writing, a statement of charges, which shall detail the alleged violation or violations, a copy of which shall be served on the merchant forthwith. A statement of charges may be filed at the commencement of an investigation or at such subsequent time as the Administrator, in the Administrator's sole discretion, deems appropriate. In no event shall legal action be instituted until at least 15 days following a statement of charges, during which time the respondent person shall be afforded an opportunity to appear before the Administrator for the purpose of negotiating a written assurance of discontinuance, as provided in this subtitle.

(C.B. 7, 1975)

Sec. 17.411. - Costs.

In any action brought under the provisions of this subtitle, the Office shall be entitled to recover from a violator the Office's costs for investigation and hearing.

(C.B. 7, 1975)

Sec. 17.412. - Penalties.

- (a) *Civil Penalties.* The Office of Consumer Protection may enforce the provisions of this subtitle with civil penalties pursuant to the provisions of title 24, "Civil Penalties," of the Howard County Code. A first violation of this subtitle shall be a Class B offense. Subsequent violations shall be Class A offenses.

- (b) *Penalty Recoverable in Civil Action.* Alternatively or in addition to and concurrent with other remedies, any merchant who commits a violation of any of the provisions of this subtitle relating to unlawful trade practices shall be liable for the payment to the County of a penalty, recoverable in a civil action of up to \$500.00 for each violation.
- (c) *Injunctive and Other Relief.* In addition, any merchant shall be subject to injunctive or other appropriate action or proceeding to correct any violation of this subtitle. Any court of competent jurisdiction may issue restraining orders, temporary or permanent injunctions or other appropriate forms of relief.

(C.B. 7, 1975; C.B. 32, 1985; C.B. 12, 2016, § 1; C.B. 20, 2018, § 1)

Sec. 17.413. - Severability.

The provisions of this subtitle are severable and, if any provision, sentence, clause, section or part thereof is held illegal, invalid or unconstitutional, or inapplicable to any person or circumstance, such illegality, invalidity, unconstitutionality or inapplicability shall not affect or impair any of the remaining provisions, sentences, clauses, sections or parts of this subtitle or their application to other persons and circumstances. It is hereby declared to be the legislative intent that this subtitle would have been adopted if such illegal, invalid or unconstitutional provision, sentence, clause, section or part had not been included therein, and if persons or circumstances to which the subtitle or any part thereof is inapplicable had been specifically exempted therefrom.

(C.B. 7, 1975)

SUBTITLE 5. - NEW HOME CONTRACT OF SALE

Sec. 17.500. - Definitions.

- (a) *New home* means any newly constructed residential dwelling unit. *New home* includes any single-family home, town house, row house, cooperative or condominium unit which has not been previously conveyed or sold to a buyer and includes any newly constructed residential dwelling unit constructed on real property owned by the seller or on real property owned by a buyer.
- (b) *Resale home* means any residential dwelling unit, including any single-family home, town house, row house, cooperative or condominium unit other than a "new home."
- (c) *Buyer* means the purchaser of a new home or resale home, provided, however, that the home is intended to be occupied by the buyer within three months following settlement.
- (d) *Agent of buyer* means any person expressly empowered by the buyer to execute a contract of sale or designated by the buyer to serve as the buyer's representative at a presettlement inspection at the buyer's sole cost and expense and, providing further, such designated person expressly agrees and consents to represent the buyer at the presettlement inspection. *Agent of buyer* does not include an employee or agent of the seller or an independent licensed real estate agent or sub-agent representing a seller.
- (e) *Seller* means any person or firm engaged in the business of constructing new homes, whether on real property owned by the seller or on real property owned by the buyer, or to whom a new home has been conveyed for resale in the course of business, or any person or firm engaged in selling a resale home. *Seller* does not include an agent of seller.
- (f) *Agent of seller* means any person expressly designated by the seller to represent the seller in the sale of a new or resale home and includes an employee of a seller or an independent, licensed real estate agent or sub-agent representing a seller in the sale of a new or resale home.

- (g) *Agent* shall include the singular as well as the plural and, in addition to a person, shall also include a firm, partnership, corporation or other form of business entity.

(C.B. 23, 1989; C.B. 47, 1991)

Sec. 17.501. - Right to new home presettlement inspection.

- (a) Not less than 14 hours nor more than 72 hours prior to the date of actual settlement, a buyer of a new home, or the agent of the buyer, shall have the right to inspect the new home. If mutually agreed upon in writing, the buyer and seller may provide for more than one presettlement inspection or for the pre-settlement inspection to occur less than 14 hours or more than 72 hours prior to the date of actual settlement. Not later than 14 calendar days prior to the date of actual settlement, the seller shall notify the buyer in writing of the proposed date and time of the presettlement inspection. Such written notice shall include three proposed presettlement inspection times on at least two different dates. The presettlement inspection unless agreed to otherwise by the buyer, shall be scheduled to commence between the hours of 10:00 a.m. and 8:00 p.m. The buyer upon receipt of the notice of presettlement inspection as herein provided from the seller, shall promptly notify the seller or the agent of the seller of which of the presettlement inspection dates and times proposed by the seller are accepted by the buyer. The seller shall make every reasonable effort to designate dates and times for the presettlement inspection reasonably convenient to the buyer.
- (b) The seller shall allow a reasonable time for the buyer or the agent of the buyer to conduct the presettlement inspection and shall provide the buyer or the agent of the buyer with reasonable access to the interior and exterior of the new home and the real property being conveyed, if applicable. At the time of the presettlement inspection, the seller shall arrange to have all utilities servicing the new home to be connected and turned on in order for the buyer or the agent of the buyer to inspect and test all fixtures, electrical, mechanical, including appliance, plumbing, heating and air-conditioning systems as installed in the new home.
- (c) Both the buyer and the seller, as well as the agent of the buyer and the agent of the seller, if requested to do so by their respective clients, may attend the presettlement inspection.
- (d) The right of a buyer to a presettlement inspection as provided for in this subtitle may not be waived in the contract of sale and any such purported waiver may not be enforced by the seller in a court of law.
- (e) A contract of sale for a new home shall include a notice advising the buyer of the buyer's rights as set forth in subsections (a), (b), (c) and (d) of this section. Said notice shall be deemed sufficient for the purposes of this section if the notice substantially informs the buyer of the buyer's right as set forth in subsections (a), (b), (c) and (d) of this section. The failure of the seller or agent of the seller to include the notice required by this section in the contract of sale shall not cause the contract of sale to be invalid, void, voidable or otherwise unenforceable by the seller or buyer.

(C.B. 23, 1989; C.B. 47, 1991)

Sec. 17.502. - Notice to buyers of new or resale homes of the availability of plans for road construction and land use in the County.

- (a) Sellers of new or resale homes shall notify buyers that the property may be affected by plans for roadway capital improvements and land use in Howard County and that such plans are available for examination at the Department of Planning and Zoning, 3430 Courthouse Drive, Ellicott City, Maryland 21043. Such notice shall take the following form:
- (1) Each contract for the sale of real property shall contain a clearly identified provision that notifies a prospective buyer of the buyer's right to examine the current Howard County general plan maps and current generalized zoning map.

- (2) A prospective buyer shall indicate by signing an addendum to the contract or a separate section of the contract printed in boldface type, that:
 - (i) The seller has notified the buyer of the buyer's right to examine the current general plan maps and current generalized zoning map; and
 - (ii) The buyer acknowledges such notification by the seller and understands that in order to become fully informed of current and future roadway improvements and land use plans, the buyer should consult the Howard County Department of Planning and Zoning, 3430 Courthouse Drive, Ellicott City, Maryland 21043.
 - (3) A seller of a new home shall have available in a model home or sales office a copy of the current general plan maps and generalized zoning map for Howard County. If a model home or sales office is not located in the same subdivision as the property, the seller of a new home shall have a copy of the maps available at the property.
 - (4) If notice of the availability of the general plan maps and generalized zoning map is provided to the buyer at the time of or within two days of entering into the contract of sale, then, not later than 11:59 p.m. on the second County Government business day immediately following the date of the buyer's acknowledgement of availability of the maps as required by this section, the buyer shall have the right, upon written notice to the seller, to rescind the contract of sale and to receive the return of all deposit money paid. If notice of the availability of the maps is provided to the buyer more than two days before entering into the contract of sale, then the buyer shall not have the right to rescind the contract of sale.
- (b) A contract of sale for a new or resale home shall include as an addendum or as a separate section of the contract a notice advising the buyer of the buyer's rights as set forth in subsection (a) of this section.
 - (c) The failure of the seller to provide notice of the availability of the maps required by this section or to include the notice required by this section in the contract of sale shall not cause the contract of sale to be invalid, void, voidable, or otherwise unenforceable by the seller or buyer.

(C.B. 47, 1991; C.B. 35, 1995)

Sec. 17.503. - Notice regarding oral statements or promises.

- (a) A seller of a new home shall include in the contract of sale, in conspicuous type or form, a notice to the buyer concerning oral statements, representations, warranties, or promises made by the seller or agent of the seller. Such notice shall be separately captioned or identified in the contract of sale and shall be in substantially the following form:

**NOTICE TO THE BUYER:
ORAL STATEMENTS, REPRESENTATIONS,
WARRANTIES AND PROMISES**

Any oral statements, representations, warranties or promises made to you prior to your execution of this contract of sale by the seller or agent of the seller may not be enforceable by you against the seller or agent of the seller in any subsequent legal or administrative proceeding unless such statements, representations, warranties or promises are in writing and signed by yourself and the seller, or agent of the seller. Any statements, representations, warranties or promises made to you by the seller or agent of the seller, upon which you rely, and which are not contained in this printed contract of sale form must be stated in a written addendum attached to this contract form which is to be signed by both yourself and the seller in order to make such statements, representations, warranties or promises part of the agreement between yourself and the seller and enforceable in any legal or administrative proceeding.

- (b) The failure of the seller or agent of the seller to include the notice required by this section in the contract of sale shall not cause the contract of sale to be invalid, void, voidable, or otherwise unenforceable by the seller or buyer.

(C.B. 23, 1989; C.B. 47, 1991)

Sec. 17.504. - Administration, enforcement and penalties.

- (a) This subtitle shall be administered by the Office of Consumer Protection.
- (b) The Office of Consumer Protection may enforce the provisions of this subtitle with civil penalties pursuant to the provisions of title 24, "Civil Penalties," of the Howard County Code. A violation of this subtitle shall be a Class B offense.
- (c) Alternatively or in addition to and concurrent with other remedies, a person who commits a violation of this subtitle is liable to the County for a penalty of up to \$500.00 for each offense, recoverable in a civil action.
- (d) The Office of Consumer Protection may seek an injunction to prohibit a person who has engaged or is engaging in a violation of this subtitle from continuing or engaging in the violation.

(C.B. 23, 1989; C.B. 47, 1991; C.B. 43, 2001, § 1; C.B. 12, 2016, § 1)

Sec. 17.505. - Applicability of this subtitle.

This subtitle shall apply to any written contract of sale for a new or resale home entered into between a buyer and seller on or after the effective date of this subtitle and shall not apply to any written contract of sale for a new or resale home entered into between a buyer or seller prior to the effective date of this subtitle, or to any written extension, amendment or modification to any written contract of sale of a new or resale home entered into between a buyer or seller prior to the effective date of this subtitle.

(C.B. 23, 1989; C.B. 47, 1991)

Sec. 17.506. - Severability.

If any word, clause, paragraph or section of this subtitle shall be ruled invalid or unconstitutional by a court of competent jurisdiction, it shall not affect the validity of this subtitle as a whole or any part thereof other than that portion so judged to be invalid or unconstitutional.

(C.B. 47, 1991)

SUBTITLE 6. - TOWING FROM PRIVATE PROPERTY

Sec. 17.600. - Purpose; scope; definition.

- (a) *Purpose.* The purpose of this subtitle is to protect the health, safety, and welfare of County residents and to regulate and authorize the County Council to set maximum rates for the towing of vehicles from private property. This subtitle does not authorize the towing or holding of any vehicle. To the extent that legal authority to tow or hold a vehicle without the consent of its owner exists, that authority shall be derived from other statutes or the common law. This subtitle restricts the exercise of any such legal authority.
- (b) *Scope:*

- (1) This subtitle applies to the towing of a vehicle from private property without the consent of the vehicle owner.
- (2) This subtitle does not apply to:
 - (i) Towing initiated by the vehicle owner;
 - (ii) Towing approved or requested by a Police Officer, firefighter, or rescue squad member in the course of removing impediments to traffic or during the course of a criminal investigation or under State law regulating abandoned vehicles;
 - (iii) Towing a vehicle during a repossession of the vehicle;
 - (iv) Towing from a marked fire lane;
 - (v) Towing from a designated as a parking space for persons with disabilities;
 - (vi) Towing from the yard or driveway of a single-family dwelling; or
 - (vii) Towing from land immediately adjoining an electric or telephone utility building or structure that is not open to the general public.
- (c) *Definitions.* Words and phrases used in this subtitle shall have their usual meanings, except as defined below:
 - (1) *Property manager* means any person who manages property on behalf of an owner.
 - (2) *Property owner* includes any person in lawful possession or control of property. The owner of general common elements of a condominium is the Council of unit owners or the Council's agent for parking management. The owner of limited common elements of a condominium is the unit owner or owners who have the Executive right to use the common elements, or the agent of that unit owner or owners.
 - (3) *Redemption area* means an area or building where a vehicle owner may pay any charges necessary to redeem a vehicle.
 - (4) *Storage site* means any land or building used by a towing service to store towed vehicles.
 - (5) *Tow or towing* means the removal or preparation to remove any vehicle by another vehicle for compensation.
 - (6) *Tow truck* includes any vehicle which may tow or attempt to tow a vehicle from private property.
 - (7) *Trespass towing service or towing service* means any person who tows any vehicle from private property for compensation without the consent of the vehicle owner.
 - (8) *Unauthorized vehicle* means any vehicle which a property owner has not consented to have parked on the property.
 - (9) *Vehicle* means a device that is able to transport persons or property on a public highway and is required to be registered pursuant to title 13 of the transportation article of the Annotated Code of Maryland.
 - (10) *Vehicle owner* means the person in whose name title to a vehicle is registered.

(C.B. 90, 1991; C.B. 43, 2001, § 1; C.B. 71, 2004; C.B. 71, 2004; C.B. 14, 2014, § 1)

Sec. 17.601. - Maximum rates.

- (a) When towing a vehicle from private property without the consent of the vehicle owner, a towing service shall not charge more than maximum rates which are set annually by resolution of the County Council.
- (b) Fair and reasonable maximum rates shall be set for each of the following acts:

- (1) Attaching the vehicle to be towed to the tow truck.
 - (2) Towing the vehicle to a storage site. This rate shall be based on the distance the vehicle is towed.
 - (3) Storing the vehicle. This rate shall be based on 12-hour time periods during which the vehicle remains in the custody of the towing service. No set charge shall accrue for a time period until at least six hours of the time period has elapsed. The full charge accrues for any portion of the remaining six hours in which the vehicle remains in the custody of the towing service. The charge shall not begin to accrue until after the towing service provides the notice required by section 17.604 of this subtitle.
 - (4) Any other service needed to safely remove a vehicle.
- (c) A vehicle owner may be charged a fee for releasing a vehicle under section 17.607 that shall not exceed one-half the attachment fee set under subsection (b)(1) of this section.
 - (d) A vehicle owner may be charged a fee for providing notice under section 17.604(d) that shall not exceed the actual cost of providing that notice.
 - (e) A towing service shall not charge for any act not listed in this section unless that act was expressly requested by the vehicle owner.

(C.B. 90, 1991; C.B. 43, 2001, § 1; C.B. 71, 2004; C.B. 2, 2013, § 1.1)

Sec. 17.602. - Administration; rates; registration; hearing.

- (a) Each tow truck operated by a trespass towing service shall be identified, registered, and insured as required under State law, except that any required lettering shall be placed on both sides of the truck. Each driver employed by a trespass towing service shall be at least 18 years of age and shall have a valid license to operate a tow truck.
- (b) Each trespass towing service shall be registered with the Office of Consumer Protection and shall pay annually in January a registration fee recommended by the Consumer Protection Administrator and which is set annually by resolution of the County Council.
- (c) Every trespass towing service shall file with the Office of Consumer Protection a schedule of its rates for each action connected with the towing or storage of unauthorized vehicles.
- (d) A trespass towing service shall not charge a rate that is higher than the rate on file with the Office of Consumer Protection for any action in connection with the towing or storage of any unauthorized vehicle.
- (e) Each trespass towing service shall inform the Office of Consumer Protection of the type of business organization or ownership in which the service operates and the address of a person authorized to accept service.
- (f) Each trespass towing service shall enter into a written contract with every owner of private property that authorizes the towing service to tow vehicles from its property. The towing service shall keep on file each contract that is in effect, or that was terminated within the previous 12 months. The Office of Consumer Protection, the Police Department or the owner of any vehicle towed by the service may inspect and copy any contract during normal business hours. The cost of photocopying the contract shall be no more than the County charges the public for photocopying County documents. The Office of Consumer Protection may issue model contracts that meet the requirements of this subsection.
- (g) The Office of Consumer Protection may revoke the registration of trespass towing services which violate the provisions of this subtitle. The Administrator shall send a written decision to the trespass towing service stating that the registration has been revoked and the reasons for the revocation. The decision shall indicate the right of the trespass towing service to a hearing before the Administrator of the Office of Consumer Protection or the Administrator's designee under the Administrative Procedures Act set forth at title 2, subtitle 1 of the Howard County Code.

- (h) A towing service may appeal a decision of the Office of Consumer Affairs to revoke its registration to the Administrator or the Administrator's designee within 30 days of the date of the decision. The hearing on a decision to revoke a towing service's registration shall be conducted in accordance with title 2, subtitle 1, article III of the Howard County Code, the Administrative Procedures Act, and shall be heard by the Administrator of the Office of Consumer Protection or the Administrator's designee.
- (i) Within 30 days of the date of a decision of the Administrator of the Office of Consumer Protection, or the Administrator's designee, to revoke a towing service's registration, the towing service may appeal that decision to the Board of Appeals pursuant to the procedures set forth in title 2, subtitle 2 of the Howard County Code. The appeal to the Board of Appeals shall be heard on the record of the hearing before the Office of Consumer Protection in accordance with the procedures set forth in subsection 2.210(b) of the Howard County Code.

(C.B. 90, 1991; C.B. 71, 2004; C.B. 12, 2016, § 1)

Sec. 17.603. - Public notice; tow procedures.

- (a) *Requirement.* A property owner and towing service shall comply with all applicable provisions of this section when exercising the property owner's right to remove an unauthorized vehicle from their property.
- (b) *Signs.* Except as provided in paragraph (3) of this subsection, a property owner shall post a sign notifying the public of parking restrictions at least 24 hours before towing or ordering the towing of an unauthorized vehicle in accordance with the following provisions:
 - (1) There shall be a sufficient number of signs permanently posted so that:
 - (i) At least one sign is clearly visible from each parking area and each vehicle entrance to the property at all times; or
 - (ii) In a parking lot with more than 45 parking spaces, at least one sign shall be posted in a conspicuous place for each 45 parking spaces and each sign shall be able to be read from all affected spaces; and
 - (2) Each sign shall:
 - (i) Be at least 24 inches high by 30 inches wide;
 - (ii) Summarize all parking restrictions enforced on the property, including time and area restrictions;
 - (iii) State that a vehicle that violates the restrictions may be towed at the vehicle owner's expense;
 - (iv) State that County and State law require that towed vehicles be available for redemption 24 hours per day, seven days per week;
 - (v) State the maximum amount that the owner of the vehicle may be charged for the towing or removal of an unauthorized vehicle;
 - (vi) List the name and telephone number of each towing service hired to tow unauthorized vehicles from the property and the location to which the vehicle will be towed;
 - (vii) State that a vehicle owner may contact the Office of Consumer Protection and state the phone number of the Office;
 - (viii) Be sized, printed, and located so that it is able to be read by motorists in daylight and at night; and
 - (ix) Be maintained in a legible and unobstructed condition.
 - (3) A property owner of residential property, including, without limitation, a condominium, cooperative, or homeowners' association, may have an unauthorized vehicle towed from that

property without posting signs required by this subsection if the owner provides notice to the vehicle which:

- (i) Is securely attached to the vehicle in a conspicuous place;
- (ii) Specifies the violation of an applicable rule or covenant;
- (iii) Includes the date and time it was attached to the vehicle; and
- (iv) Informs the vehicle owner that the violation shall be corrected or the vehicle removed within the time period set forth in an applicable rule or covenant unless there is no rule or covenant, in which case the violation shall be corrected or the vehicle removed within 48 hours after the notice is attached.

(c) *Tow Procedures.* Each tow conducted pursuant to this subtitle shall be conducted in the following manner:

(1) Except as provided in paragraph (2) of this subsection, a towing service shall not tow a vehicle from private property unless the property owner has directly or through an agent expressly authorized the towing of the particular vehicle. Authorization shall be in the form of a tow slip. The Office of Consumer Protection may issue a model tow slip. The tow slip shall:

- (i) Contain the following information:
 - a. The address from which the vehicle was towed;
 - b. The date and time the vehicle was towed;
 - c. The make, model, year, and color of the vehicle;
 - d. If available, the vehicle identification number;
 - e. The reason the vehicle was towed;
 - f. The name and signature of the tow operator and the person who authorized the vehicle to be towed; and
 - g. The name and phone number of the Office of Consumer Protection; and
- (ii) Be signed by the property owner, or the owner's agent, and the driver of the tow truck immediately before the vehicle is towed; and
- (iii) Be legibly copied and a copy of which shall be securely attached to the vehicle.

(2) An unauthorized vehicle may be towed from private property without the express authorization of the property owner or the property owner's agent only if the vehicle is directly blocking access to the property or to a building on the property.

(d) *Prohibited Activities:*

(1) A property owner, agent of a property owner, or any officer or employee of a towing service shall not:

- (i) Falsely state that a property owner authorized the towing of a particular vehicle;
- (ii) Record any false information about the towing of a particular vehicle; or
- (iii) Sign a tow slip before all of the information relating to the towing of a particular vehicle is recorded on the slip.

(2) A towing service shall not charge a vehicle owner any fee for the services of a property owner's agent.

(3) A person shall not act as a property owner's agent for the purpose of ordering the towing of an unauthorized vehicle unless the property owner or property manager has given express written permission to act.

- (4) An agent of a property owner, for the purpose of ordering the towing of an unauthorized vehicle, shall not:
 - (i) Be employed by, or have any member of their immediate family employed by, any towing service; or
 - (ii) Have any financial interest in any towing service or the towing of any vehicle.
 - (5) A towing service shall not employ or otherwise compensate individuals, commonly referred to as "spotters," whose primary task is to report the presence of unauthorized parked vehicles for the purposes of towing or removal.
 - (6) A vehicle may not be towed from private property solely for a violation of failure to display a valid current registration under Section 13-411 of the Transportation Article of the Annotated Code of Maryland until 72 hours after a notice of violation is placed on the vehicle.
- (e) *Towing a Vehicle within a Parking Lot:*
- (1) A property owner may tow a vehicle within a parking lot without prior notice to the vehicle owner if towing the vehicle is necessary to:
 - (i) Remove large quantities of snow or debris;
 - (ii) Repair the parking lot; or
 - (iii) Respond to a threat to a person's safety or health.
 - (2) When towing a vehicle within a parking lot pursuant to this subsection, a property owner shall:
 - (i) Take reasonable care not to damage the vehicle;
 - (ii) Pay any cost of towing the vehicle; and
 - (iii) Either inform the vehicle owner where the vehicle was relocated or return the vehicle to its original location as soon as possible.

Editor's note— Section 2 of C.B. 90, 1991 declared this section effective Jan. 1, 1992.

Sec. 17.604. - Notice.

- (a) A towing service that tows an unauthorized vehicle from private property shall notify the Police Department and the Office of Consumer Protection of the following information within one hour after leaving the property:
 - (1) The name of the towing service;
 - (2) The make, model, color, year, vehicle identification number and registration plate number of the towed vehicle;
 - (3) The address the vehicle was towed from;
 - (4) The time the vehicle was towed; and
 - (5) The storage site where the vehicle will be stored.
- (b) The towing service shall notify the Police Department within 24 hours if it moves the vehicle to another storage site.
- (c) If a vehicle has not been redeemed within three days after towing or removing the vehicle, the towing service shall notify the owner, any secured party, and the insurer of record by certified mail,

return receipt requested, and first class mail, of the same information required to be given to the Police Department and Office of Consumer Protection in subsection (a) of this section.

- (d) The towing service shall provide to the owner, any secured party, and the insurer of record the itemized actual costs of providing notice under this section.
- (e) The towing service shall retain each tow slip and, and for those vehicles towed without tow slips as provided in section 17.603(c)(2), a record of the information furnished to the police, for 12 months after the tow. For each vehicle towed without a tow slip, the towing service shall record and retain the name of the owner of the property and, if the tow was authorized by an agent, the name of the agent. The Police Department, the Office of Consumer Protection and the owner of any vehicle towed by the service may inspect and copy this information at any time during normal business hours.
- (f) If a towing service tows an unauthorized vehicle from private property when the Office of Consumer Protection is closed, the towing service shall notify the Office of the tow before 10:00 a.m. on the next business day following the tow, either by telephone or by facsimile machine.

(C.B. 90, 1991; C.B. 43, 2001, § 1; C.B. 71, 2004; C.B. 2, 2013, § 1.3; C.B. 12, 2016, § 1)

Editor's note— C.B. 2, 2013, § 1.3, amended § 17.604 title to read as herein set out. Former § 17.604 title pertained to notice to police and Office of Consumer Affairs. Section 2 of C.B. 90, 1991 declared this section effective Jan. 1, 1992.

Sec. 17.605. - Reserved.

Editor's note— Section 2 of C.B. 71, 2004, repealed former section 17.605 in its entirety which pertained to notification of vehicle owner and the right of hearing concerning the validity of the towing. Former section 17.605 derived from C.B. 90, 1991.

Sec. 17.606. - License plates and placards for persons with disabilities.

A vehicle with a valid license plate or placard for persons with disabilities conspicuously displayed shall not be towed from private property without the consent of the vehicle owner unless:

- (a) The tow is expressly authorized by a Police Officer or member of the Department of Fire and Rescue Services; or
- (b) The vehicle is blocking a clearly marked fire lane or access to another vehicle, the property, or a building.

(C.B. 90, 1991; C.B. 71, 2004; C.B. 14, 2014, § 1)

Sec. 17.607. - Incomplete tow.

- (a) If a vehicle owner returns to an unauthorized vehicle at any time after the vehicle is attached to the tow truck but before it is towed from private property, the towing service shall release the vehicle to the vehicle owner when the vehicle owner pays a release fee. The release fee shall be as set forth in the resolution adopted pursuant to subsection 17.601(c) of this subtitle. The towing service shall not charge any other fee for attaching or releasing the vehicle.
- (b) A towing service shall not block an unauthorized vehicle with a tow truck to obtain payment from the vehicle owner before attaching the vehicle to the tow truck.
- (c) The towing service shall provide a receipt that meets the requirements of subsection 17.608(f) of this subtitle, indicating the release fee paid and the date of the incomplete tow.

- (d) A Police Officer may order a towing service to release a vehicle, or to stop attaching a vehicle, at any time.
- (e) This section does not:
 - (1) Create or imply a lien in favor of a towing service when a lien would not otherwise exist; or
 - (2) Create a right of any towing service to retain possession of any vehicle that it would otherwise have to return to the vehicle owner.

(C.B. 90, 1991; C.B. 71, 2004; C.B. 2, 2013, § 1.4)

Sec. 17.608. - Redemption and storage procedures.

- (a) *Storage of Towed Vehicles.* Every storage site shall comply with the following conditions:
 - (1) A storage site shall not be located more than 12 miles from the origin of the tow and the towing service may not move the towed vehicle from that storage facility to another storage facility for at least 72 hours after the vehicle has been towed;
 - (2) A storage site shall be brightly lit at all times;
 - (3) A towed vehicle shall not be stored more than a reasonable walking distance from a redemption area;
 - (4) The towing service shall keep the towed vehicle and its contents secure at all times; and
 - (5) The storage lot shall be identified by a sign at the entrance indicating the name and telephone number of the tow service.
- (b) *Redemption of Towed Vehicles.* The trespass towing service shall be open for redemption of vehicles 24 hours per day, seven days a week.
- (c) *Inspection and Retrieval of Personal Property.* A storage site that is in the possession of a towed vehicle shall make the vehicle available to the owner, the owner's agent, a secured party, or the insurer of record, under the supervision of the storage site, for:
 - (1) Inspection; or
 - (2) Retrieval from the vehicle of personal property that is not attached to the vehicle.
- (d) *Payment and Promise to Pay:*
 - (1) *Applicability.* This subsection applies to payment of any charge arising from the towing or storage of a vehicle without the vehicle owner's consent and to payment for an incomplete tow under section 17.607.
 - (2) *Purpose.* This section does not:
 - (i) Create or imply a lien in favor of a towing service when a lien would not otherwise exist; or
 - (ii) Create a right of any towing service to retain possession of any vehicle that it would otherwise have to return to the vehicle owner.
 - (3) *Cash payment.* A trespass towing service shall accept payment in cash, or by a traveler's check accompanied by reasonable identification.
 - (4) *Options:*
 - (i) Each trespass towing service shall accept as full payment either a credit card or a personal check, at the option of the towing service, validly signed by the vehicle owner or the vehicle owner's agent for the amount of all valid charges.
 - (ii) Each trespass towing service shall notify the Office of Consumer Protection on the rate schedule filed under section 17.602 of this subtitle whether it opts to accept credit cards or

personal checks or both. The towing service shall notify the Office of Consumer Protection if it changes that option.

- (iii) The option chosen by a trespass towing service shall be available to the owners of all vehicles towed by that service without the consent of their owners.
- (5) *Credit card options:*
 - (i) If a credit card is accepted, each trespass towing service shall accept two major credit cards.
 - (ii) In addition, if a trespass towing service accepts any other credit card for any other purpose, it shall accept that credit card under this section.
- (6) *Personal check option.* If a trespass towing service does not accept credit cards, it shall accept a personal check, with reasonable identification, if the vehicle is registered in Maryland.
- (e) *Rates Displayed .* Every trespass towing service shall display prominently, at each redemption area, a copy of its current rates and a statement that these rates do not exceed the rates filed with the Office of Consumer Protection. Every trespass towing service shall also display prominently a sign, furnished at a reasonable fee by the Office of Consumer Protection, listing the office's telephone number and summarizing the vehicle owner's rights under this subtitle.
- (f) *Storage Fee.* A trespass towing service shall not charge a storage fee for any time before the vehicle actually reaches the storage site or the service notifies the Police Department under section 17.604, whichever is later.
- (g) *Receipt .* Upon receiving payment, a towing service shall furnish the vehicle owner a receipt on a form approved by the Office of Consumer Protection. The receipt shall:
 - (1) Record the amount paid to redeem the vehicle, the actions for which the vehicle owner paid, and the date and time of the redemption;
 - (2) Be signed legibly by an agent of the towing service, and list the name, address and telephone number of the towing service;
 - (3) Briefly inform the vehicle owner that the Office of Consumer Protection can explain the vehicle owner's rights. If the vehicle owner believes that any provision of County law has been violated the vehicle owner may obtain a copy of the law from the Office of Consumer Protection.
- (h) *Damage Waiver.* A trespass towing service shall not require a vehicle owner to sign any waiver of the vehicle owner's right to receive compensation for damages to the vehicle.

(C.B. 90, 1991; C.B. 43, 2001, § 1; C.B. 71, 2004; C.B. 2, 2013, § 1.5; C.B. 12, 2016, § 1)

Sec. 17.609. - Reserved.

Editor's note— Section 2 of C.B. 71, 2004, repealed former section 17.609 in its entirety which pertained to liability for damages and derived from § 2 of C.B. 90, 1991.

Sec. 17.610. - Rebates prohibited.

A towing service shall not pay or offer to pay a property owner and a property owner shall not accept payment for authorizing the towing of a vehicle from any private property.

(C.B. 90, 1991)

Editor's note— Section 2 of C.B. 90, 1991 declared this section effective Jan. 1, 1992.

Sec. 17.611. - Penalties.

- (a) The Office of Consumer Protection may take any action at law or in equity, including injunction and mandamus, to enforce the provisions of this subtitle.
- (b) Alternatively or in addition to and concurrent with other remedies, the Office of Consumer Protection may:
 - (1) Seek a civil fine not to exceed \$1,000.00 for any violation of this subtitle; or
 - (2) Enforce the provisions of this subtitle with penalties as provided in title 24, "Civil Penalties," of the Howard County Code. A violation of this subtitle shall be a Class A offense. Each day that a violation continues is a separate violation.

(C.B. 90, 1991; C.B. 43, 2001, § 1; C.B. 71, 2004; C.B. 12, 2016, § 1)

Editor's note— Section 2 of C.B. 90, 1991 declared this section effective Jan. 1, 1992.

Sec. 17.612. - Severability.

If any part of this subtitle is held to be invalid, the invalidity shall not affect the other parts.

(C.B. 12, 2000)

Sec. 17.705. - Alarm systems in apartments.

- (a) *Alarm System Located in Residential Unit.* If a residential unit in an apartment complex is equipped with an alarm system, the tenant of the unit shall register the system under section 17.704 of this subtitle.
- (b) *Alarm System Not Located in Rental Unit.* The owner or manager of an apartment complex shall register an alarm system operated in a nonresidential area of the apartment complex.
- (c) *Enforcement.* For purposes of enforcement under this subtitle, a tenant in a residential apartment unit is responsible for a false alarm emitted from the alarm system in the tenant's unit.

(C.B. 12, 2000)

Sec. 17.706. - Alarm system standards.

- (a) *Installation.* An alarm business that installs an alarm system shall have at the alarm installation-site at least one employee, to supervise the installation, who has passed and maintained a minimum level 1 certification by NBFAA, or equivalent training, as determined by the Alarm Administrator.
- (b) *System Standards and Testing.* The components of an alarm system shall be included in a list published by Underwriters Laboratories, Factory Mutual, or other list approved by the Alarm Administrator, which states either that the components meet appropriate designated standards or have been tested and found suitable for use in a specified manner.
- (c) *Certain Dialers Prohibited.* An alarm system may not utilize a digital dialer or automatic telephone dialing system, which transmits signals through the telephone network to the Howard County Bureau of Communications.

(C.B. 12, 2000)

Sec. 17.707. - Alarm system operation and maintenance.

- (a) *Duties of Alarm User.* An alarm user:
- (1) Shall maintain the alarm site and the alarm system in a manner that minimizes or eliminates false alarm signals;
 - (2) Shall take reasonable measures to ensure a response to the alarm site within thirty minutes after notification by the County to deactivate a malfunctioning alarm system, to provide access to the premises, or to provide security for the alarm site; and
 - (3) Shall not manually activate an alarm for any reason other than the occurrence of an event that the alarm system was intended to report.
- (b) *Audible Signal.* An alarm user shall adjust the mechanism or cause the mechanism to be adjusted so that an alarm signal audible on the exterior of an alarm site will not sound for longer than 15 minutes after being activated.
- (c) *System Inspection for Recurring False Alarms:*
- (1) If an alarm system emits five false alarms at an alarm site within any 12-month period, the Alarm Administrator shall require the alarm user to have the alarm system inspected by an alarm business and to submit an alarm system certification to the Alarm Administrator. If, within any 12-month period, the alarm system emits five false alarms subsequent to a certification under this paragraph, the Alarm Administrator shall require the alarm user to have the alarm system reinspected by an alarm business and to submit another alarm system certification.
 - (2) Within 30 days of the request for inspection under paragraph (1) of this subsection, the alarm user shall submit to the Alarm Administrator an alarm system certification prepared by an alarm business.
 - (3) An alarm system certification under this subsection shall certify that the alarm system meets the requirements of this subtitle and any other applicable local building and fire codes, and State or national codes.

(C.B. 12, 2000)

Sec. 17.708. - Monitoring procedures.

- (a) *Procedures for Alarm Monitor.* An alarm monitor shall:
- (1) Report alarm signals by using telephone numbers designated by the Alarm Administrator;
 - (2) Except for a duress or robbery alarm activation, and before making a dispatch request, attempt to verify an alarm signal by contacting the alarm site by telephone or other electronic means to confirm a valid alarm;
 - (3) Communicate alarm signals to the County in a manner and form determined by the Alarm Administrator; and
 - (4) Communicate verified cancellations of alarm dispatch requests to the County in a manner and form determined by the Alarm Administrator.
- (b) *Duties of Alarm Administrator.* The Alarm Administrator shall:
- (1) Designate the manner, form, and telephone numbers for the communication of alarm dispatch requests; and
 - (2) Develop a procedure to accept verified cancellations of alarm dispatch requests.

(C.B. 12, 2000)

Sec. 17.709. - Alarm operating instructions.

- (a) *Instructions at Sites.* An alarm user shall maintain at each alarm site, a set of written operating instructions for each alarm system. The written instructions shall include guidelines regarding how to avoid false alarms.
- (b) *Business to Provide.* An alarm business that installs an alarm system shall provide to the alarm user instructions on the proper use of the system.

(C.B. 12, 2000)

Sec. 17.710. - "One plus" duress and hold-up alarms.

- (a) *Definitions.* In this section, the following terms have the meanings indicated.
 - (1) *Single-action hold-up alarm* means a silent alarm signal generated by the manual activation of a single-action, nonrecessed button.
 - (2) *"One-plus" duress alarm* means an alarm that is triggered when the alarm user enters the standard user code plus any other one digit.
- (b) *Prohibited after January 1, 2001.*
 - (1) After January 1, 2001 an alarm business may not program an alarm system so that it is capable of sending a "one-plus" duress alarm.
 - (2) After January 1, 2001 an alarm business may not install a single-action hold-up alarm.
- (c) *Removal of Capability:*
 - (1) After January 1, 2001, when an alarm user takes control over an alarm system from another user, the user shall remove any "one-plus" duress alarm capability or single-action hold-up alarm from the alarm system.
 - (2) After January 1, 2001, when an alarm monitor begins attending an alarm system that was previously monitored by another alarm monitor, the alarm monitor shall remove any "one-plus" duress alarm capability or single-action hold-up alarm from the alarm system.
 - (3) If an alarm system inspection under subsection 17.707(c) of this subtitle is ordered, the alarm business conducting the inspection shall remove any "one-plus" duress alarm capability or single-action hold-up alarm from the alarm system.

(C.B. 12, 2000)

Sec. 17.711. - Alarm signals.

- (a) *Dispatch Records.* The Department of Police and the Bureau of Communications shall record, for each alarm signal:
 - (1) The date and time of receipt of the dispatch request;
 - (2) Area or subarea of premises, if any;
 - (3) The location of the alarm site;
 - (4) The alarm registration number for the alarm site;
 - (5) Police personnel dispatch time and police arrival time at the alarm site;

- (6) Identification of the responsible alarm monitor; and
- (7) Disposition of the response.
- (b) *False Alarm Reports.* The responding Police Officer shall indicate whether the dispatch was a false alarm.
- (c) *Verified False Alarm:*
 - (1) In the case of a verified false alarm signal, the responding Police Officer shall notify the Alarm Administrator, who shall send a notice, by first-class mail, postage paid, to the alarm user, notifying the user that the police responded to a false alarm.
 - (2) The notice under this subsection shall contain:
 - (i) The date and time of the police response to the false alarm signal;
 - (ii) The identification number of the responding Police Officer; and
 - (iii) A request to the alarm user to ensure that the alarm system is properly operated, inspected, and serviced in order to avoid fines.
- (d) *Records of Alarm Monitor:*
 - (1) An alarm monitor shall maintain for a period of at least one year, a record relating to a dispatch request.
 - (2) A record under this subsection shall contain:
 - (i) The name, address and phone number of the alarm user;
 - (ii) The alarm system zone or point activated;
 - (iii) Evidence that an attempt to verify as required under subsection 17.708(a)(2) was made to the alarm site prior to the request for police dispatch; and
 - (iv) The time of the request for a police dispatch.
 - (3) The Alarm Administrator may request copies of a record maintained by an alarm monitor for individual alarm users. The alarm monitor shall provide copies at no cost to the County.

(C.B. 12, 2000)

Sec. 17.712. - Systems performance reviews.

If the Alarm Administrator has reason to believe that an alarm system is not being used or maintained in a manner that ensures proper operation and suppresses false alarms, the Alarm Administrator may request a conference with an alarm user and the alarm business responsible for the repair of the alarm system to review the circumstances of each false alarm.

(C.B. 12, 2000)

Sec. 17.713. - Penalties.

- (a) *Fines for False Alarms; Multiple False Alarms:*
 - (1) If an alarm system emits a false alarm signal within any 12-month period, the alarm user is subject to a civil penalty based upon the schedules contained in this subsection.
 - (2) The Alarm Administrator shall establish procedures under which multiple false alarms are considered to be one false alarm for the purpose of establishing an action/fine in subsection (b) of this section.

(3) The procedures under paragraph (2) of this subsection shall take into account whether the alarm user knew or should have known of the multiple false alarms and whether the alarm user made reasonable efforts to curtail or terminate the false alarms.

(b) *Schedule of Fines:*

Number of False Alarms	Action/Fine
1	Warning letter mailed to user.
2	Warning letter mailed to user.
3	\$50.00 fine imposed on user.
4	\$100.00 fine imposed on user.
5	\$150.00 fine imposed on user + alarm inspection required by a registered alarm business.
6	\$200.00 fine imposed on user.
7	\$250.00 fine imposed on user.
8	\$300.00 fine imposed on user.
9	\$350.00 fine imposed on user.
10	\$400.00 fine imposed on user + alarm inspection required by a registered alarm business.
11	\$500.00 fine imposed on user.
12	\$600.00 fine imposed on user.
13	\$700.00 fine imposed on user.
14	\$800.00 fine imposed on user.
15+	\$1,000.00 fine imposed on user + alarm inspection required by a registered alarm business.

The Alarm Administrator shall waive one fine under this subsection if the alarm user completes an alarm reduction education program approved by the Administrator.

(c) *Fines for Unregistered Alarms:*

- (1) A person who maintains or operates an unregistered alarm system is subject to a civil penalty of \$200.00 for each police response to the alarm site in addition to the penalties imposed under subsection (a) of this section. The Alarm Administrator may waive the penalty under this subsection for an unregistered system if the alarm user registers the system within ten days after the violation.
 - (2) If an alarm monitor makes a dispatch request to an unregistered alarm site, the alarm monitor is subject to a civil penalty of \$200.00 for each dispatch request.
- (d) If an alarm user assessed a penalty under this section fails to pay the penalty by the payment date specified in the notice of penalty and fails to file a notice of appeal within the time specified in section 17.714 of this subtitle, the Police Department shall send a written notice of the violation to the alarm user's last known address. If the alarm user fails to pay the penalty within 15 days from the date of the notice, the alarm user shall pay an additional penalty as established by resolution of the County Council.

(C.B. 12, 2000; C.B. 39, 2000, § 1, C.B. 23, 2004, § 1)

Sec. 17.714. - Appeals.

- (a) *User or Monitor May Appeal.* An alarm user or alarm monitor may appeal the assessment of a penalty to the Alarm Administrator within 30 days of the date the notice was processed for mailing. The appeal must be in writing and contain sufficient information to allow the Alarm Administrator to make a determination. Each appeal shall be accompanied by a filing fee of \$20.00, which shall be returned if the appeal is successful. The assessment of a penalty shall be stayed until a final decision is reached.
- (b) *Evidence of False Alarm.* The computer aided dispatch (CAD) record shall be prima facie evidence that a false alarm occurred.
- (c) *Decision Issued within 60 Days.* The Alarm Administrator shall issue a written decision within 60 days of receipt of the appeal. The decision shall affirm or reverse the assessment of the penalty.
- (d) *Final Administrative Remedy.* The decision of the Alarm Administrator is final as to administrative remedies with the County Government.
- (e) *Appeal to Circuit Court.* The decision of the Alarm Administrator may be appealed to the Circuit Court for Howard County as provided in the Maryland Rules.

(C.B. 12, 2000)

Sec. 17.715. - Suspension of alarm registration.

The Alarm Administrator may refuse to grant an alarm registration to an alarm user or alarm business, and may suspend or refuse to renew an alarm registration, if the Alarm Administrator finds that:

- (1) Installation, repairs, maintenance, or other work on the alarm system does not meet the requirements of this subtitle;
- (2) Fees required or fines imposed under this subtitle have not been paid;
- (3) False information of a material matter has been submitted in the application; or

- (4) An alarm business has committed a violation of this subtitle, title 17, subtitle 4 of the County Code, or any other law or regulation relating to the sale, installation, monitoring, or maintenance of alarm systems.

(C.B. 12, 2000)

Sec. 17.716. - Appeal from denial or suspension of alarm registration.

(a) *Notice of Action; Request for Appeal:*

- (1) If the Alarm Administrator denies the issuance or renewal of an alarm registration or suspends an alarm registration, the Alarm Administrator shall send written notice of the action to the applicant or alarm user along with a statement of the right to an appeal.
- (2) The applicant or alarm user may appeal the decision to the Alarm Administrator by filing a written request for a review setting forth the reasons for the appeal within 30 days of the notice date. An alarm business may submit the request for review on behalf of an alarm user.
- (3) An action against a registration shall be stayed pending the outcome of the appeal.
- (4) The Alarm Administrator shall issue a written decision within 60 days of receipt of the appeal.

(b) *Final Administrative Remedy.* The decision of the Alarm Administrator shall be final as to administrative remedies with the County Government.

(C.B. 12, 2000)

Sec. 17.717. - Exemptions.

(a) *Governmental Alarm Systems.* A Federal, State, County, or municipal government entity or Board of Education that owns or operates an alarm site is exempt from any fines and penalties under this subtitle, but shall be subject to all other provisions of this subtitle.

(b) *Howard County Alarm Systems.* Howard County may manage its own alarm systems without utilizing a certified alarm business.

Sec. 17.718. - Reinstatement of alarm registration.

A person whose alarm registration has been suspended may be issued a new registration if the person:

- (1) Submits an application and pays the registration fee;
- (2) Satisfies all outstanding citations and fines; and
- (3) Submits a certification as required by the Alarm Administrator from a registered alarm business stating that the alarm system complies with the requirements of this subtitle.

(C.B. 12, 2000)

Sec. 17.719. - Violations.

Any alarm user or alarm business who violates a provision of this subtitle for which a penalty is not specified is subject to a civil penalty of not more than \$50.00.

(C.B. 12, 2000)

Sec. 17.720. - Reports.

The Alarm Administrator shall regularly report to the Chief of Police on the implementation and status of the programs under this subtitle. The Chief of Police shall annually report to the County Executive and the County Council on the programs.

(C.B. 12, 2000)

SUBTITLE 8. - MASSAGE ESTABLISHMENTS

Sec. 17.800. - Purpose and scope.

- (a) *Purpose* . (C.B. 12, 2018, § 3)

Sec. 17.902. - Application requirements.

- (a) *Multiple-Day Event* . An applicant shall file a separate application for each day of a multiple-day event.
- (b) *Applications—Generally* . An application shall:
 - (1) Be on forms provided by the Department;
 - (2) Include the name, address, and telephone number of the applicant;
 - (3) Be accompanied by the application fee;
 - (4) Except as provided in subsection (g) of this section, be filed at least 60 calendar days, but not more than one year, before the special event or concert;
 - (5) Subject to subsections (c) and (d) of this section for concerts, be filed for each special event or concert;
 - (6) Be signed through an electronic process for which the oath or affirmation shall be made by an electronic signature that:
 - (i) Is attached to and made part of the application;
 - (ii) Is made expressly under the penalties of making a false statement to a law enforcement officer; and
 - (iii) Subjects the individual making the signature to the penalties of making a false statement to a law enforcement officer to the same extent as an oath or affirmation before an individual authorized to administer oaths;
 - (7) If applicable, be filed by the promoter;
 - (8) Shall include the number of security personnel to be supplied by the applicant to control the anticipated number of event attendees; and
 - (9) Any other information as the County may require in its review of the application.
- (c) *Concert Events—Information to be Provided Annually* . With the first application for a concert in a calendar year, an applicant shall provide the following information:
 - (1) The name and address of the owner of the concert facility;
 - (2) The address of the concert facility;
 - (3) The number of persons who can be accommodated at the concert facility in accordance with the Howard County Building Code and the Howard County Fire Prevention Code;
 - (4) Regarding parking:
 - (i) The number of parking spaces available at the premises;
 - (ii) If off-premises parking will be relied upon at any point during the calendar year:
 - a. The total number of parking spaces located off-premises;
 - b. A map showing all available off-premises parking;
 - c. A statement that off-premises parking will be available for use by concert spectators;
 - d. Documented approval or other similar proof with each owner or owner's agent of off-premises property that off-premises parking is available to serve the concert facility; and
 - e. The number of spaces and location of accessible parking; and
 - (5) Any other information as the County may require in its review of the application.

- (d) *Concert Events—Information to be Provided for Each Concert* . With an application for each concert, an applicant shall provide the following information:
- (1) The name and address of the promoter;
 - (2) The number of parking spaces available at the premises;
 - (3) If off-premises parking is relied upon:
 - (i) The number of parking spaces to be provided off-premises;
 - (ii) Of the off-premises parking listed in subsection (c)(4)(ii)d. of this subsection, a list of which off-premises parking will be used for the concert;
 - (iii) Whether there are any available off-premises lots that are not listed in subsection (c)(4)(ii)d. and for such lots, documented approval or other similar proof with the owner or owner's agent that the off-premises parking is available to serve the concert; and
 - (iv) Whether shuttle service would need to be provided in order to comply with accessibility requirements; and
 - (4) Any other information that the County may require in its review of the application.
- (e) *Agreements Required by State Law* . If a special event is subject to Section 21-1211 of the Transportation Article of the Annotated Code of Maryland and written authorization is required, the applicant may enter into an agreement with the County that:
- (1) Complies with State law; and
 - (2) May be signed through an electronic process for which the oath or affirmation shall be made by an electronic signature that:
 - (i) Is attached to and made part of the agreement;
 - (ii) Is made expressly under the penalties of making a false statement to a law enforcement officer; and
 - (iii) Subjects the individual making the signature to the penalties of making a false statement to a law enforcement officer to the same extent as an oath or affirmation before an individual authorized to administer oaths; and
 - (3) Is executed prior to the grant of a permit.
- (f) *Priority of Applications for Special Events* . Applications for special events shall be considered on a first-in-time basis depending on when the application and application fee is received by the County. However, if multiple applications for the same date are received, the County may consider available resources when determining whether to hold multiple events on a given day.
- (g) *Waiver of Time Requirements* . The County may consider an application for a special event or concert permit filed after the deadline established by this subtitle only if the County anticipates that adequate County resources will exist to support the special event or concert and:
- (1) The special event or concert is in the best interest of the County; or
 - (2) The special event or concert is a spontaneous response to a current event.

(C.B. 12, 2018, § 3)

Sec. 17.904. - Consideration of an application.

- (a) *Timing* . The County shall grant or deny the application at least 14 days before the date on which the event is proposed to be scheduled.
- (b) *Criteria*. The County shall issue the permit unless:

- (1) The applicant has damaged County property and has not paid in full for such damage, or has other outstanding and unpaid debts to the County;
 - (2) The applicant has made material misrepresentations regarding the nature or scope of a special event or concert for which the applicant had previously received a permit or has violated the terms of prior permits issued to the applicant;
 - (3) The applicant will be unable to safely control the anticipated number of spectators or participants expected to attend the special event or concert;
 - (4) County traffic facilities are inadequate to accommodate the anticipated number of spectators or participants entering or leaving the special event or concert;
 - (5) The applicant fails to demonstrate adequate security or emergency response services;
 - (6) The premises are inadequate based on the Howard County Building Code to support the anticipated number of spectators or participants;
 - (7) There are inadequate toilet facilities located at the premises, based on the Howard County Plumbing Code;
 - (8) There are refreshment facilities that do not meet standards established by the Howard County Health Department;
 - (9) There is insufficient ingress or egress for emergency situations based on the Howard County Building Code and the Howard County Fire Prevention Code;
 - (10) The procedure for litter control is inadequate when considering:
 - (i) The number and size of containers proposed for the special event or concert;
 - (ii) Whether the containers are proposed to be conveniently placed, emptied periodically when full, and removed from the site at the end of the special event or concert;
 - (iii) The process for litter pickup for trash not placed in containers within the perimeter of the special event or concert; and
 - (iv) Whether the collection of recyclables is inadequate based on section 18.612 of the Howard County Code;
 - (11) The special event or concert will require County services that are not available;
 - (12) The applicant has failed to provide evidence of other required permits including, without limitation, State, Federal, or Liquor Board permits;
 - (13) The permit application, including any required attachments and submissions, is not fully completed and executed;
 - (14) The applicant has not paid applicable application fees;
 - (15) A fully executed prior application and application fee for the same date has been received by the County and the County has determined that resources are not available to staff all events on that day;
 - (16) The use or activity intended by the applicant is prohibited by law, including the Howard County Fire Prevention Code;
 - (17) Any applicable State law provisions have not been complied with, including, without limitation, Section 21-1211 of the Transportation Article of the Annotated Code of Maryland;
 - (18) The applicant has failed to comply with prior approved applications; or
 - (19) The applicant provided a falsehood or misrepresentation in the application.
- (c) *Authority to Deny, Modify or Cancel* . The County may deny, cancel or modify a permit at any time when the cancellation, denial, or modification is required:

- (1) To protect the health, safety, and general welfare of the public, spectators, or participants of a special event or concert;
 - (2) Because the applicant fails to comply with any County, State, or Federal laws applicable to the special event or concert for which the permit is sought; or
 - (3) Notwithstanding any agreement relating to the use of property between an applicant and another party, a permit shall be cancelled if the applicant does not have the authority to use the property upon which the special event or concert is located.
- (d) *Department Staffing* . The Department shall determine the adequate level of staffing for the special event or concert based on best practices and standards generally accepted in the public safety area.
- (e) *Multiple-Day Events* . If the applications for a multiple day event meets the criteria set forth in this section, a separate permit shall be issued for each day of a multiple-day event.
- (f) *Cancelled Event*. An issued permit becomes void if an event is cancelled.

(C.B. 12, 2018, § 3)

Sec. 17.905. - Fees.

- (a) *Application Fee* . Except as provided in subsection (c) of this section, the County shall charge an application fee for a permit issued under this subtitle that is:
- (1) Nonrefundable;
 - (2) Due upon application for a permit;
 - (3) Adopted by Resolution of the County Council; and
 - (4) Paid one time for a multiple-day event.
- (b) *Permit Fee* . Except as provided in subsection (c) of this section, the County may charge a fee for a permit issued under this subtitle that is adopted by Resolution of the County Council.
- (c) *Fee Exemptions* . The County:
- (1) Shall exempt an applicant for a parade or block party from paying a permit fee;
 - (2) May exempt an applicant from paying a permit or application fee, or both the permit and application fee, if the County determines that a waiver is in the best interest of the County;
 - (3) May provide other exemptions as adopted by Resolution; and
 - (4) Shall not pay permit or application fees for County-sponsored special events or concerts.
- (d) *Nonprofit Organizations* . A Resolution establishing permit fees may provide a reduced permit fee for nonprofit organizations.
- (e) *Permit Fees for Multiple-Day Events* . Multiple-day events shall be assessed a permit fee for each day of the event.

(C.B. 12, 2018, § 3)

Sec. 17.906. - Duties of a permit holder.

- (a) *Free from debris* . The permit holder shall:
- (1) During the special event or concert, keep the public street or highway clean and free from paper, debris, or refuse;

- (2) Upon termination of the permit by lapse of time or otherwise, remove all materials and equipment and clean the public street or highway; and
- (3) If public property has been damaged, reimburse the County for costs to restore the property to the condition it was in prior to the special event or concert.
- (b) *Passage of emergency vehicles* . Whenever a permit requires the closure of a public street or highway, the permit holder may be required to maintain a clear path of not less than ten feet wide at all times during the event to provide for the passage of emergency vehicles.
- (d) *Update information* . The permit holder shall immediately notify the County if any information provided in the permit application is revised or changed in any manner.
- (e) *Staffing* . With the exception of County services including, without limitation, traffic control, security and emergency services, the permit holder shall staff the special event or concert with the permit holder's employees, agents, and volunteers. The permit holder is responsible for salaries, expenses, workers' compensation insurance, liability insurance, and taxes due to any employees or owed to any governmental agency on the permit holder's behalf.
- (f) *Compliance with event plan* . A permit holder shall comply with plans for the special event or concert that have been mutually agreed to between the permit holder and the County.

(C.B. 12, 2018, § 3)

Sec. 17.907. - Inspections.

The County may inspect the special event or concert and may issue citations for any violation of this subtitle, the permit, or any other provision of the Howard County Code.

(C.B. 12, 2018, § 3)

Sec. 17.908. - Penalties.

- (a) The County may institute any action at law or equity, including injunction or mandamus, to enforce the provisions of this subtitle.
- (b) Alternatively, and in addition to and concurrent with all other remedies, the County may enforce the provisions of this subtitle with civil penalties in accordance with title 24 of this Code. A violation of this subtitle is a Class C offense. Each day that a violation continues is a separate offense.
- (c) A person who violates any provision of this subtitle is guilty of a misdemeanor and, upon conviction, is subject to a fine which shall not exceed \$1,000.00.

(C.B. 12, 2018, § 3)

Sec. 17.909. - Severability.

If any section, sentence, clause or phrase of this subtitle is held invalid or unconstitutional by any court or competent jurisdiction, the ruling shall not affect the validity of the remaining portions of this subtitle.

(C.B. 12, 2018, § 3)

- (a) *In General.* An application for a lease shall contain the provisions that this section requires.
- (b) *Tenant Liabilities.* An application shall explain the liabilities that the tenant incurs by signing the application.
- (c) *Credit Reports.*
 - (1) If a landlord intends to obtain a report or information from a credit reporting agency about the applicant, the application shall advise the applicant that information about the applicant's rental or credit history or worthiness will be obtained from a credit reporting agency.
 - (2) If an application is denied wholly or partly because of a report or information from a credit reporting agency:
 - (i) The landlord shall so advise the applicant, and supply the name and address of the consumer reporting agency; and
 - (ii) The landlord shall advise the applicant that the applicant may get a copy of the report or information from the credit reporting agency and may dispute the report or information in accordance with title 14, subtitle 12 of the Commercial Law Article of the Maryland Code.
- (d) *Fees.*

- (1) If a landlord requires from a prospective tenant fees, other than a security deposit as defined by section 8-203(a) of the Real Property Article of the Maryland Code, that exceed \$25.00, the application shall state that the landlord must return the fees, subject to paragraphs (2) and (3) of this subsection, or be liable for twice the amount of the fees in damages.
- (2) Fees returned under this subsection shall be returned within 15 days after the date of occupancy or the written communication, by either party to the other, of a decision that no tenancy shall occur.
- (3) A landlord may retain only that portion of the fees actually expended for a credit report or other expenses arising out of the application, and shall return that portion of the fees not actually expended on behalf of the tenant making application.

(C.B. 20, 2018, § 1)

Sec. 17.1008. - Required information.

(a) *In General.*

- (1) When a landlord receives a rental application, the landlord shall give the prospective tenant a copy of the proposed lease;
- (2) On approval of the tenant's application, the landlord shall:
 - (i) Give the prospective tenant a copy of any common ownership community rule, regulation, declaration, or covenant that binds the landlord and affects the use and occupancy of the unit or any common area associated with the unit;
 - (ii) Notify the prospective tenant in writing that the tenant may view the dwelling unit before executing the lease to identify existing damage to the unit or personal property in the unit;
 - (iii) Subject to subsection (c) of this section, notify the prospective tenant in writing that the owner of a dwelling unit must have a rental housing license under section 14.901 of the Howard County Code before the unit is;
 - (iv) Provide the tenant with a copy of the current license for the dwelling unit; and
 - (v) Provide the tenant with a copy of the Office's Landlord Tenant Assistance publication written in the language of the tenant's choice.
- (b) *Acknowledgement by Tenant.* The landlord shall obtain the tenant's written acknowledgement of receipt of the information required in subsection (a) of this section.
- (c) *Rental Housing License.* If the owner fails to provide the notice required by subsection (a)(4) of this section, the tenant may, at any time before the rental housing license is obtained, terminate the lease without penalty and the owner shall return the tenant's security deposit in compliance with section 8-203 of the Real Property Article of the Maryland Code.
- (d) *Translations of Landlord Tenant Assistance Publication.* The Office shall make the publication identified in subsection (a)(2)(iii) of this section available for downloading from the Office's web page in English, Spanish, Chinese, French, and Korean and, on request of the landlord, the Office shall provide a written copy of the publication in additional languages as soon as practical.

(C.B. 20, 2018, § 1)

Sec. 17.1009. - Required lease provisions.

- (a) *In General.* A lease shall contain the provisions that this section requires.
- (b) *Rental Housing License.* A lease shall state:

- (1) Where the tenant can inspect a copy of the rental housing license for the dwelling unit;
 - (2) That if the owner fails to apply for renewal of the rental housing license during the tenant's lease period, the tenant may terminate the lease without penalty and the owner shall return the tenant's security deposit in compliance with section 8-203 of the Real Property Article of the Maryland Code; and
 - (3) That if the owner receives a notice of violation from the Department of Inspections, Licenses and Permits and does not abate the violation by the date specified in the notice, under section 8-211 of the Real Property Article of the Maryland Code, the tenant may:
 - (i) Terminate the lease without penalty; or
 - (ii) Request that a rent escrow account be established for the payment of rent until the violation is abated.
- (c) *Condition of Unit.*
- (1)
 - (i) A lease shall state that the landlord will deliver the dwelling unit and any common areas in a clean, habitable, and sanitary condition, free of rodents and vermin, and in compliance with all applicable laws.
 - (ii) Alternatively, for a condominium or cooperative housing structure, the lease may state that the landlord is required to deliver only the dwelling unit in a clean, habitable, and sanitary condition, free of rodents and vermin, and in complete compliance with all applicable laws.
 - (2) A lease shall specify the landlord's responsibility to maintain the rental housing in accordance with Howard County law.
 - (3) A lease shall incorporate by reference the Howard County Building Code, the Howard County Fire Prevention Code, the Howard County Property Maintenance Code for Rental Housing, and the Howard County Zoning Regulations, as an express warranty of habitability and covenant to repair.
- (d) *Utilities and Similar Services.*
- (1) A lease shall include the landlord's and tenant's specific obligations to supply and pay for heat, gas, electricity, water and sewer service, trash collection, and similar services.
 - (2) If the lease requires the tenant to pay the landlord for services supplied by the landlord, the lease shall provide that the landlord may not collect more than the amount on an invoice itemized by the landlord or a service provider, and that the landlord will provide substantiation of the cost on the tenant's request.
- (e) *Security Deposits.*
- (1) A lease shall state that security deposits will be collected, deposited, and returned in accordance with section 8-203 of the Real Property Article of the Maryland Code.
 - (2) A lease shall state that the tenant may be present when the landlord inspects the premises for damage and describe the procedure for exercising that right.
 - (3) A lease shall state that, if any of the security deposit is withheld, the landlord shall provide the tenant, within 45 days after the termination of the tenancy, a written list of the damage claimed and the cost actually incurred to correct the damage.
 - (4) A lease shall state that, on request of the tenant, the landlord shall provide written substantiation of the damage and costs incurred to correct the damage.
- (f) *Receipts.* A lease shall state that written receipts will be given for cash or money orders that the tenant pays to the landlord for rent, security deposits, or otherwise.
- (g) *Landlord Access to Dwelling Unit.*

- (1) A lease shall state that the landlord may enter the dwelling unit at a mutually agreed on time after giving the tenant at least 24 hours' notice to:
 - (i) Make necessary repairs, decorations, alterations, or improvements to the dwelling unit or determine whether repairs, decorations, alterations, or improvements are necessary;
 - (ii) Allow for an inspection under this subtitle or the Howard County Property Maintenance Code for Rental Housing; or
 - (iii) Show the dwelling unit to prospective buyers, mortgagees, or tenants.
 - (2) This subsection does not prevent: (i) the landlord from entering a dwelling unit in an emergency or when the landlord has a reasonable basis to believe the tenant may have damaged the unit or may be in violation of the lease; or (ii) the landlord and tenant from mutually agreeing in writing to a notice that is less than the time required by paragraph (1) of this subsection.
 - (3) The lease may state that the tenant may not unreasonably refuse to allow the landlord to enter the dwelling unit for the purposes set forth in this subsection.
- (h) *Termination.*
- (1) A lease shall state that the tenant may terminate the lease on 60 days' written notice to the landlord because of:
 - (i) An involuntary change of employment to a location that is more than 100 miles from the current place of residence, which is confirmed in writing by the tenant's current employer and the relocation is not paid for by their employer;
 - (ii) Involuntary unemployment of a wage earner whose income was used to qualify for the lease, which is confirmed by certification of the former employer or documentation from a government agency providing unemployment benefits;
 - (iii) The death of a wage earner whose income was used to qualify for the lease, which is confirmed by a certificate of death; or
 - (iv) A medical certification in accordance with section 8-212.2 of the Real Property Article of the Maryland Code.
 - (2) A lease may provide that, in the event of termination under paragraph (1) of this subsection, the tenant is liable for a reasonable termination charge not to exceed two month's rent or actual damages sustained by the landlord, whichever is less.
 - (3) A lease shall state that upon receipt of certain orders received by military personnel in accordance with section 8.212.1 of the Real Property Article of the Maryland Code the tenant may on 30 days written notice, terminate the lease and be subject to a termination charge not to exceed one month's rent.
 - (4) Nothing in this subsection prohibits the landlord from retaining part or all of the tenant's security deposit for damage to the dwelling unit.
 - (5) The requirement of paragraph (1) of this subsection may be mutually waived by both parties if the tenant is in one of not more than three units on a single lot owned by the same landlord.
 - (i) *Common ownership communities.* If the dwelling unit is in a common ownership community, the lease shall state that any obligation imposed on the owner of the dwelling unit that affects the use and occupancy of the unit or any common area associated with the unit is enforceable against the tenant.

(C.B. 20, 2018, § 1)

Sec. 17.1010. - Prohibited lease provisions.

A lease may not:

- (1) Authorize a person to confess judgment on behalf of the tenant for rent due or any other claim arising out of the lease;
- (2) Authorize the landlord to take possession of the leased premises or the tenant's personal property unless the lease has been terminated by action of the parties or by operation of law, and the personal property has been abandoned by the tenant without the benefit of formal legal process;
- (3) Waive a tenant's right to a trial by jury;
- (4) State that the tenant agrees to pay court costs, legal fees, or attorney fees other than those that a court awards for a breach of lease by the tenant;
- (5) State that the tenant agrees to a period required for landlord's notice to quit that is less than that provided by law;
- (6) Waive the landlord's liability for damage caused by the landlord's negligence or violation of law;
- (7) Waive a right or protection afforded under this subtitle or other law;
- (8) Establish a lien on the tenant's property except as provided by State law;
- (9) Provide for a penalty or subject the tenant to legal action for non-payment of rent if the delinquent payment is made within five days after the date on which the rent is due;
- (10) Impose a penalty in excess of five percent of the amount of rent due for the rental period for which payment is delinquent;
- (11) Require that the tenant pay to replace or repair structural elements of the building, major appliances, or electrical, plumbing, heating, or air conditioning systems unless the replacement or repair is required because of actions of the tenant or a person for whom the tenant is legally responsible;
- (12) Require the tenant to pay any money other than:
 - (i) An application fee that section 8-213 of the Real Property Article of the Maryland Code allows;
 - (ii) A security deposit that section 8-203 of the Real Property Article of the Maryland Code allows;
 - (iii) Rent that the lease specifies;
 - (iv) Charges for services and utilities identified in the lease as required by section 17.1009(d) of this subtitle; or
 - (v) Fees for specified amenities or common areas that the tenant may elect to use, including but not limited to dedicated parking spaces, pools; or fitness facilities;
- (13) Require the tenant to pay transfer fees or other money for moving from one dwelling unit to another dwelling unit within an apartment complex during the lease period, but a landlord may withhold money from the security deposit on the original dwelling unit for damage to the unit and apply the remainder to the security deposit for the new unit; or
- (14) State that the lease is a contract under seal.

(C.B. 20, 2018, § 1)

Sec. 17.1011. - Landlord to provide copy of lease.

The landlord shall provide a fully executed copy of the lease to:

- (1) The tenant within seven days after the tenant signs the lease; and
- (2) The Office of Consumer Protection on request of the Office.

(C.B. 20, 2018, § 1)

Sec. 17.1012. - Emergency notice requirements.

(a) *In General.*

- (1) The landlord of an apartment complex shall:
 - (i) Post a durable notice listing emergency contact information in an accessible, conspicuous, and convenient place in each building to which the notice applies, and
 - (ii) Send the emergency notice to each tenant.
- (2) A landlord renting a dwelling unit that is not located in an apartment complex shall send the notice to the tenant.

(b) *Contents.* The notice shall contain the name, title, and telephone number of the landlord or at least one responsible representative of the landlord who may be reached at all times in an emergency.

(C.B. 20, 2018, § 1)

Sec. 17.1013. - Ratio utility billing.

(a) *Scope of Section.* This section applies to an apartment complex that bills tenants for water, sewer, electricity, or gas service on an allocated basis, referred to as a "Ratio Utility Billing System" ("RUBS").

(b) *Definitions .*

- (1) *In General.* In this section the following words and terms have the meanings indicated.
- (2) *Allocated Utility Service* means water, sewer, electricity, or gas service that is master metered to a landlord and that the landlord allocates to tenants using a Ratio Utility Billing System.
- (3) *Master Meter* means a meter used to measure, for billing purposes, all water, sewer, electricity, or gas usage of an apartment complex, including common areas, common facilities, and dwelling units.
- (4) *Ratio Utility Billing System* means the system under which the cost of water, sewer, electricity, or gas service, or a combination of those services, is master metered to a landlord and then allocated to tenants by the landlord by a formula that estimates the use of each rental unit in the apartment complex.

(c) *Lease Contents.* When a landlord uses a Ratio Utility Billing System, the lease shall include:

- (1) A statement that the tenant will be billed by the landlord for allocated utility services;
- (2) The precise formula the landlord uses to allocate the cost or utility services to the tenant;
- (3) A statement that any disputes relating to the computation of the tenant's bill are between the tenant and the landlord, not a third-party billing agent, however the landlord may involve the provider in the resolution of the disputes;
- (4) The average monthly bill for all dwelling units in the apartment complex in the previous calendar year and the highest and lowest month's bills for that period;
- (5) Information regarding billing such as meter reading dates, billing dates, and due dates;
- (6) The time allowed for the landlord to make repairs that affect the amount of allocated utility services used in the tenant's dwelling unit and in common areas, if common areas are not sub-metered;

- (7) A statement that the tenant may, on request, receive information from the landlord or a third-party provider to verify the amount billed to the landlord or a third-party provider for allocated utility services;
 - (8) The amount of any service charge or administrative fee that may be billed to tenants by the landlord or a third-party provider under this section; and
 - (9) A statement that a copy of this section is available on request.
- (d) *Records* . Within ten days after receiving a written request from a tenant or the Office, the landlord shall make the following records for the current year and previous calendar year available for inspection at the onsite manager's office at a mutually agreed on time:
- (1) A current and complete copy of this section;
 - (2) Each bill from the provider of allocated utility services to the landlord or a third-party provider for the preceding two years;
 - (3) An explanation of the formula that the landlord or a third-party provider uses to calculate the tenants' bills;
 - (4) The total amount billed to all tenants in the tenant's building each month;
 - (5) Total revenues collected from the tenants in the tenant's building each month to pay for the allocated utility services; and
 - (6) Any other information necessary for a tenant to calculate and verify an allocated utility service bill.
- (e) *Prohibited Charges*. Charges billed to tenants under a Ratio Utility Billing System may only include charges for allocated utility services and may not include any other charges billed to the landlord such as deposits, disconnect or reconnect fees, late payments, or other similar fees.
- (f) *Calculations for Allocated Utility Service*.
- (1) *Common Area Calculation*. Before a landlord or a third-party provider may allocate a master meter bill for allocated utility service to the tenants, the landlord shall first deduct common area usage such as installed landscape irrigation systems, pools, laundry rooms, hallways, lobby areas, and similar facilities.
 - (2) *Administrative Area Calculation*. Before a landlord or a third-party provider may allocate a master meter bill for allocated utility service to the tenants, the landlord or a third-party provider shall also deduct usage for any area used by the landlord to manage the apartment complex, such as the management office, utility closets, or other areas that are not available for use by the tenants.
 - (3) *Formula for Calculating Tenants' Bills*. To calculate a tenant's bill, the landlord or a third-party provider shall use the formula provided in the lease. At the request of the Office, the landlord shall prove that the proposed formula fairly and accurately allocates utility usage among tenants.
 - (4) *Partial Month's Bill for Move-In or Move-Out*. If a tenant moves in or out during a billing period, the landlord or a third-party provider shall calculate a pro-rated bill for the tenant by dividing the number of days the tenant lived in the rental unit by the number of days in the month multiplied by the bill for the month. If a tenant moves out during a billing period before the landlord receives the bill for that period from the utility service, the landlord may calculate a final bill by using tenant's average daily bill for the last three months and multiplying that daily amount by the number of days the tenant was in the rental unit.
 - (5) *Administrative Fee*. If a landlord uses a Ratio Utility Billing System, the bill format for each billing period shall show the amount of any customer service or administrative fee charged. A customer service or administrative fee may not exceed the actual cost of allocating utility charges to the tenants. The landlord may not impose any additional charges.

(g) *Monthly Billing for Allocated Utility Charges.*

- (1) Bills for allocated utility service charges shall be sent to tenants on a monthly basis.
- (2) The bill shall clearly state the:
 - (i) Duration of the billing period;
 - (ii) Amount due for usage of each utility service;
 - (iii) Amount due for customer service or administrative fee;
 - (iv) Total amount due for the billing period;
 - (v) Name and address of the tenant to whom the bill is applicable;
 - (vi) Name, address, and telephone number of the person sending the bill; and
 - (vii) Name, address, and telephone number of the person to whom payment is to be made.
- (3) The due date on the bill may not be less than 15 days after it is mailed or hand delivered to the tenant. A payment is delinquent if not received by the due date.
- (4) An estimated bill may be sent if a master meter has been tampered with, cannot be read, or is out of order, but the bill shall be distinctly marked as an estimate and the subsequent bill shall reflect an adjustment for actual charges.
- (5) If a tenant is over-billed for a utility service, the landlord shall calculate an adjustment to the tenant's bill and give the tenant a refund.
- (6) If a tenant is under-billed for a utility service during the previous 6 months, the landlord may calculate an adjustment for bills issued. However, the landlord may not calculate an adjustment if the tenant was under-billed because of a meter malfunction, except as provided in item (4) of this subsection. If the total amount that a tenant was undercharged is \$25.00 or more, the landlord shall offer the tenant a deferred payment plan option that gives the tenant the same amount of time to pay as the period of under-billing. Adjustments for usage by a previous tenant may not be billed to a current tenant.
- (7) Failure by a tenant to pay an allocated utility service bill is not non-payment of rent.

(h) *Disputed Bills .*

- (1) If a tenant disputes a bill, the tenant shall notify the landlord of the dispute in writing.
- (2) The landlord shall investigate the matter and report the results of the investigation to the tenant in writing within 30 days after the tenant gives written notification of the dispute to the landlord.

(C.B. 20, 2018, § 1)

Sec. 17.1014. - Prohibited retaliatory practices.

- (a) (1) For any reason listed in paragraph (2) of this subsection, a landlord of any residential property may not:
 - (i) Bring or threaten to bring an action for possession against a tenant;
 - (ii) Arbitrarily increase the rent or decrease the services to which a tenant has been entitled;
or
 - (iii) Terminate a periodic tenancy.
- (2) A landlord may not take an action that is listed under paragraph (1) of this subsection for any of the following reasons:

- (i) Because the tenant or the tenant's agent has provided written or actual notice of a good faith complaint about an alleged violation of the lease, violation of law, or condition on the leased premises that is a substantial threat to the health or safety of occupants to:
 - 1. The landlord; or
 - 2. Any public agency against the landlord;
 - (ii) Because the tenant or the tenant's agent has:
 - 1. Filed a lawsuit against the landlord; or
 - 2. Testified or participated in a lawsuit involving the landlord; or
 - (iii) Because the tenant has participated in any tenants' organization.
- (b) (1) A landlord's violation of subsection (a) of this section is a "retaliatory action".
- (2) A tenant may raise a retaliatory action of a landlord:
- (i) In defense to an action for possession; or
 - (ii) As an affirmative claim for damages resulting from a retaliatory action of a landlord occurring during a tenancy.
- (c) (1) If in any proceeding the court finds in favor of the tenant because the landlord engaged in a retaliatory action, the court may enter judgment against the landlord for damages not to exceed the equivalent of three months' rent, reasonable attorney fees, and court costs.
- (2) If in any proceeding the court finds that a tenant's assertion of a retaliatory action was in bad faith or without substantial justification, the court may enter judgment against the tenant for damages not to exceed the equivalent of three months' rent, reasonable attorney fees, and court costs.
- (d) The relief provided under this section is conditioned on the tenant being current on the rent due and owing to the landlord at the time of the alleged retaliatory action, unless the tenant withholds rent in accordance with the lease or section 8-211 of the Real Property Article of the Maryland Code.
- (e) An action by a landlord may not be deemed to be retaliatory for purposes of this section if the alleged retaliatory action occurs more than six months after a tenant's action that is protected under subsection (a)(2) of this section.
- (f) As long as a landlord's termination of a tenancy is not the result of a retaliatory action, nothing in this section may be interpreted to alter the landlord's or the tenant's rights to terminate or not renew a tenancy.

(C.B. 20, 2018, § 1)

Sec. 17.1015. - Tenant organizations.

- (a) *Tenant Organization* . For purposes of this section, a tenant organization is one that is formed by tenants of the development, meets regularly, operates democratically, is representative of all residents in the development, and is completely independent of owners, management, and their representatives.
- (b) *In General*. Tenants may:
 - (1) Form, join, meet, or assist one another as part of a tenant organization or otherwise;
 - (2) Meet and confer with landlords through representatives of their own choosing;
 - (3) Engage in other cooperative activities for mutual aid and protection; and
 - (4) Refrain from an activity listed in this subsection.

- (c) *Meetings of Landlords and Tenants.* A landlord shall meet with a tenant association or organization on a good faith request by the association or organization.
- (d) *Use of Meeting Spaces.*
 - (1) To conduct tenant organization meetings, tenants and tenant organizations have the right of free assembly in the meeting rooms and other areas suitable for meetings within rental housing during reasonable hours and on reasonable notice to the landlord.
 - (2) The landlord may not charge a tenant organization or a group of tenants seeking to form a tenant organization a fee for the first meeting of each month held to discuss landlord-tenant issues.
 - (3) The landlord may charge a reasonable fee for other uses of the meeting rooms or common areas but the charge may not exceed the regular schedule of fees for the rooms or areas charged to other groups.
 - (4) The landlord may impose reasonable terms and conditions on the use of the meeting rooms or common areas if those terms and conditions do not undermine the purposes of this section.
- (e) *Literature.* Tenants and tenant organizations may distribute freely and post in centrally located areas of rental housing literature concerning landlord-tenant issues if the origin of the literature is properly identified.
- (f) *Complaints.* Tenant organizations may file complaints under this subtitle on behalf of tenants, but a tenant organization may not represent exclusively a tenant or class of tenants unless the tenant or the class specifically authorize the organization to do so.

(C.B. 20, 2018, § 1)

Sec. 17.1016 - Penalties and other relief.

- (a) *Not Exclusive.* The penalties and relief specified in this section are in addition to the other penalties specifically provided in this subtitle.
- (b) *Civil Penalties.*
 - (1) The Office may enforce this subtitle with civil penalties under Title 24, "Civil Penalties" of the Howard County Code.
 - (2) The first violation of this subtitle is a Class B offense.
 - (3) Subsequent violations are Class A offenses.
- (c) *Penalty Recoverable in Civil Action.* Alternatively or in addition to and concurrent with other remedies, the Office may impose a fine not exceeding \$500 for each violation of this subtitle, recoverable in a civil action.
- (d) *Injunctive and Other Relief .* The Office may also seek, and a court may issue, an injunction, a restraining order, or other appropriate relief to correct a violation of this subtitle.

(C.B. 20, 2018, § 1)

Sec. 17.1017. - Private action.

Nothing in this subtitle prevents a person from exercising a right or seeking a remedy to which the person might otherwise be entitled, or from filing a complaint with any other governmental unit or court.

(C.B. 20, 2018, § 1)

TITLE 18 - PUBLIC WORKS

SUBTITLE 1. - PUBLIC UTILITIES

Sec. 18.100A. - Capital Improvement Master Plan (C.I.M.P.) for Water and Sewerage.

(a) *Definitions:*

- (1) *Capital Improvement Master Plan; C.I.M.P. for Water and Sewerage:* The Capital Improvement Master Plan (C.I.M.P.) for Water and Sewerage is a plan proposed by the County Executive upon the recommendations of the Director of Public Works and adopted by the County Council pursuant to the provisions of section 22.405 of the Howard County Code. The plan indicates the capital improvements to the County's water supply systems and sewerage systems to be constructed during the next ten years in order to implement the housing and employment growth projections of the County's general plan and the master plan for water and sewerage adopted pursuant to the requirements of the Natural Resources Article of the Annotated Code of Maryland. The C.I.M.P. for Water and Sewerage includes the water and sewer projects included in the Howard County Capital Budget and Capital Program and Extended Capital Program.
- (b) *Requirement to Prepare C.I.M.P. and Review It Annually:* The Department of Public Works shall prepare the C.I.M.P. for Water and Sewerage pursuant to the provisions of section 22.405 of this Code. The Department shall review the plan annually and shall submit updates as appropriate for adoption by the County Council.

(C.B. 10, 1992)

Sec. 18.100. - Metropolitan Commission personnel, functions and property transferred to County.

All employees of the former County Metropolitan Commission (except the Commissioners) shall be employees in the merit system and shall be assigned by the County Executive to the various offices and departments of the County Government according to the individual's skills and qualifications and the requirements of the County in such positions and at such rates of pay as may be provided by law or regulation.

All the former functions of the Howard County Metropolitan Commission shall be assumed by the following departments or offices of Howard County: Purchasing by the office of the County Administrator; billing, assessments, finance, payroll and accounting by the Office of Finance; design, operation, construction, maintenance and repair of utility facilities by the Department of Public Works.

On and after February 11, 1969, all property or interests therein of any kind or description, real mixed or personal of the Howard County Metropolitan Commission shall vest in and become the property of Howard County. All such personal property, equipment and vehicles shall be under the direction, control and supervision of the Department of Public Works, except that any personal property, equipment or vehicle associated with a function assigned to an office or department, other than the Department of Public Works, shall be under the direction, control and supervision of such other office or department.

(C.B. 17, 1969)

Sec. 18.101. - Metropolitan District; creation; incorporation of additional property.

(a) *Existence:*

- (1) *Property Included.* There is a Howard County Metropolitan District. Except for a parcel that the Health Department orders connected to the public water or sewerage system under section 12.105 of the County Code, only a parcel that is located in the metropolitan district may be served by public water or sewer.

- (2) *Other property.* A parcel that is not in the metropolitan district or the planned service area, as defined in the master plan for water and sewerage, may be served by public water or sewer only if the Health Officer has ordered that the parcel be connected to the public water or sewerage system pursuant to section 12.105 of the County Code. If the Health Officer orders that the parcel be connected, the parcel:
 - (i) Shall not be incorporated into the metropolitan district;
 - (ii) Shall not be placed in the planned service area;
 - (iii) Shall receive only public water or sewer, or both, as ordered by the Health Officer; and
 - (iv) Is subject to all applicable fees associated with receiving the public water or sewer, as provided in section 20.616 of the County Code.
- (b) *Property Included in District.* The Howard County Metropolitan District shall consist of:
 - (1) Property included in the former Ellicott City, Elkridge, Guilford, Dorsey, and Patuxent Subdistricts created by:
 - (i) Chapter 991 of the Acts of the General Assembly of 1943;
 - (ii) Chapter 609 of the Acts of the General Assembly of 1945;
 - (iii) Chapter 369 of the Acts of the General Assembly of 1963;
 - (iv) Chapter 356 of the Acts of the General Assembly of 1965; and
 - (2) Property incorporated into the district by council bill before the effective date of this act;
 - (3) Property incorporated into the district by authority of the Director of Public Works under subsection (f) of this section;
 - (4) Property incorporated into the district by County Council bill under subsection (g) of this section; and
 - (5) Property incorporated into the district by authority of the Director of Public Works under subsection (h) of this section.
- (c) *Fees, Assessments and Charges.* Property in the metropolitan district shall be subject to fees, assessments and charges as set forth in title 20, subtitle 3 of the Howard County Code.
- (d) *Plat of District.* The Director of Public Works shall prepare and maintain a plat of the metropolitan district showing all properties which are part of the district. A copy of the plat shall be filed:
 - (1) In the Office of the Director of Public Works;
 - (2) In the Department of Finance; and
 - (3) In the land records of Howard County.
- (e) *Property Eligible for Incorporation into the Metropolitan District.* Only a parcel located in the "planned service area" in the Howard County Master Plan for water and sewerage is eligible for incorporation into the metropolitan district.
- (f) *Procedure for Incorporation into the Metropolitan District; Administrative Incorporation:*
 - (1) The owner of a parcel in Howard County that is located in the "planned service area" in the Howard County master plan for water and sewerage may petition the Director of Public Works, in writing, to incorporate the parcel into the metropolitan district.
 - (2) The petition under this subsection shall be in a form prescribed by the Director of Public Works.
 - (3) When the Director of Public Works receives a petition to incorporate a qualifying parcel into the metropolitan district, the Director shall prepare a notice, to be published in at least one newspaper of general circulation in the County, proposing to incorporate the parcel into the district.

- (4) The notice under paragraph (3) of this subsection shall contain directions for objecting to the incorporation of the parcel into the metropolitan district, including:
 - (i) A requirement that an objection be made in writing; and
 - (ii) The date by which an objection must be received by the Director, which shall be at least 14 days after the notice is published.
- (5) If the Director of Public Works receives a written objection to the incorporation of a parcel into the metropolitan district, the Director shall follow the procedures under subsection (g) of this section.
- (6) If, within the time specified in the notice of intent to incorporate a parcel into the metropolitan district, the Director does not receive a written objection to the inclusion of the parcel into the district, the Director shall:
 - (i) Approve the petition;
 - (ii) Incorporate the parcel into the district; and
 - (iii) Revise the plat of the district to reflect the incorporation.
- (g) *Procedure for Incorporation into the Metropolitan District; legislative Incorporation:*
 - (1) If the Director of Public Works receives timely written objection to the incorporation of a parcel into the metropolitan district, the Director shall prepare a bill to be introduced by the County Council authorizing incorporation of the parcel into the district.
 - (2) The Director of Public Works shall give written notice to the person who objected to incorporation of the parcel, informing the person:
 - (i) That a bill is to be introduced;
 - (ii) Of the scheduled dates for public hearing and final consideration of the bill; and
 - (iii) Of the procedure for submitting testimony to the Council regarding the bill.
 - (3) If the bill is enacted, on the effective date of the bill authorizing the incorporation:
 - (i) The parcel shall be incorporated into the metropolitan district; and
 - (ii) The Director of Public Works shall revise the plat of the metropolitan district to reflect the incorporation of the petitioned parcel into the district.
- (h) *Procedure for Incorporation into the Metropolitan District; Emergency Incorporation:*
 - (1) The Director of Public Works may approve the emergency incorporation of an improved parcel into the metropolitan district if:
 - (i) The parcel is five acres or less;
 - (ii) The parcel is located within the planned service area;
 - (iii) The parcel fronts on a water and/or sewer main that is capable of providing service to the parcel; and
 - (iv) A bona fide need exists for the incorporation, as determined in writing by the County Health Department.
 - (2)
 - (i) The owner of a parcel that meets the conditions in paragraph (1) of this subsection may, by written request to the Director of Public Works, request that the Director incorporate the parcel into the metropolitan district.
 - (ii) The owner shall provide the names of all owners of the parcel, the location, deed reference, and acreage of the parcel.

- (iii) The Director of Public Works may approve the incorporation of a parcel upon the affirmative finding that the parcel meets the conditions of this subsection. The decision shall be in writing.

(C.B. 28, 1997; C.B. 32, 2002, § 1)

Editor's note— Section 1 of C.B. 28, 1997, enacted May 5, 1997, repealed § 18.101 in its entirety. Formerly, § 18.101 pertained to the metropolitan district and derived from C.B. 17, 1969; C.B. 62, 1987; and C.B. 72, 1988. Section 2 of C.B. 28, 1997, enacted new provisions for § 18.101 as herein set out.

Sec. 18.101.1. - Middle Patuxent drainage area subdistrict.

- (a) *Established, Purpose; Code Provisions Applicable.* For the purpose of creating a subdistrict within the metropolitan district to provide for construction of the Middle Patuxent interceptor project, there is established the Middle Patuxent drainage area subdistrict (hereinafter referred to in this section as the "subdistrict"). All parcels of land and properties within the subdistrict as defined in this section shall be subject to the provisions of this section, title 20 of the Howard County Code and other law, including, but not limited to, those provisions concerning taxes, fees, assessments and other charges.
- (b) *Definition and Geographical Area:*
 - (1) The subdistrict shall consist of those parcels of land and properties which have been incorporated, or shall be incorporated, in the metropolitan district pursuant to section 18.101 or 18.101A of the Howard County Code; provided that only the whole and/or parts of such parcels of land and properties which lie in the area which is bounded by the natural ridgelines of the sewer shed of the Middle Patuxent River, from its point of confluence with the Little Patuxent River on the east to Maryland Route 108 on the west, shall be in the subdistrict. Provided, further, that those subparcels served by contracts 2818 D = W + S, 2826 D = W + S and 2833 D = W + S shall not be part of the subdistrict. Provided, further, that those parcels of land and properties which have been or will be receiving sewer service from the Hobbitts Glen pump station which have been recorded as of August 1, 1979, shall not be part of the subdistrict.
 - (2) By way of partial description, but not by way of limitation, the subdistrict shall include the following described properties:

Sec. 18.101A. - Reserved.

Editor's note— Section 1 of C.B. 28, 1997, enacted May 5, 1997, repealed § 18.101A in its entirety. Formerly, § 18.101A pertained to the authority of the Director of Public Works to incorporate internal parcels of land into the metropolitan district and derived from C.B. 24, 1973 and C.B. 116, 1981.

Sec. 18.102. - Procedure for establishment or extension of existing utility service—Initiation by Department of Public Works.

- (a) The Director of the Department of Public Works shall prepare annually and shall present to the Public Works Board a five-year planning objective survey for the orderly extension of water, reclaimed water, and sewer service within the metropolitan district for each year's current program. The Director of the Department of Public Works shall make or have made preliminary surveys, preliminary plans, and estimates for the establishment or extension of water, reclaimed water, and sewer systems in those portions of the metropolitan district wherein such systems are necessary. Whenever such preliminary plans are completed and construction or extension of such system is contemplated the Director of Public Works shall give notice, by publication as provided in section 18.118, of a public hearing to be held by the Public Works Board.
- (b) The said notice by publication shall state the extent of the improvements, the proposed area to be served, the probable cost thereof and that the preliminary plans and cost estimates of the improvements are available for public inspection at the Office of the Department of Public Works during regular business hours, and also specifying a time and place for a public hearing before the Public Works Board when persons interested in the improvements may appear and be heard for or against the proposed extensions.
- (c) After the hearing before the Public Works Board, as specified in the notice by publication, the Public Works Board shall, within 30 days, make a recommendation to the Director of Public Works on whether or not to proceed with the improvements, which decision shall be published as provided in section 18.118.
- (d) After the decision to proceed with the improvements has been published, the Director of Public Works shall include such water, reclaimed water, or sewer extensions within the Department of Public Works capital improvement program, and the same shall be presented to the County Executive, who may include such capital improvement program in his annual capital improvement program which is submitted to the County Council pursuant to the Charter.

(C.B. 17, 1969; C. B. 27, 2007)

Sec. 18.103. - Authority to adopt standards and specifications for utilities.

- (a) The Director of Public Works may develop standards and specifications pertaining to the installation and types of water, reclaimed water, and sewage systems to be used in Howard County and publish them in a code to be made available by the Howard County Department of Public Works, at a minimum charge, to the general public upon request. The code and its amendments shall include size and type of pipe and include all fixtures, structures, apparatus, connections, accessories, pumps and all things associated with the installation, operation and maintenance of water, reclaimed water, and sewer systems.
- (b) Any proposed code or amendments shall be submitted to the Board of Public Works, which shall schedule a public hearing on the proposed code or amendments within 30 days of receipt of the proposed code or amendments. A brief explanation of the code or amendments and the time and place of the public hearing before the Board of Public Works shall be published in at least two

newspapers of general circulation published in the County. The Board of Public Works may make recommendations to the Director of the Department of Public Works.

- (c) The Director of Public Works shall thereafter present the standards and specifications, or amendments, to the County Council for adoption by appropriate resolution.

(C.B. 27, 1972; C.B. 27, 2007, § 2)

Sec. 18.104. - Utility connections.

- (a) *Requirement to Provide.* The Director of Public Works shall provide for each and every property abutting upon a street or right-of-way, in which a water main or sewer main is laid, a water connection pipe or meter or both, or sewer connection pipe which shall be extended as required from the water main or sewer main to the property line of the abutting lot. Said service pipe or connection with the sewer main is subject to a reasonable charge for said connection, as provided elsewhere in this Code, which charge will be paid by all property owners at the Department of Finance, before the actual connection with any pipe on private property is made.
- (b) *Connections after August 13, 2007.* For water and sewer connections applied for by the property owner after August 13, 2007 that are not installed under a developer agreement or capital project, the service pipe or connection from the water or sewer main shall be:
 - (1) Constructed by an on-site utility contractor licensed by the County;
 - (2) Subject to the construction standards established by the Director of Public Works; and
 - (3) Subject to inspection by the Director of Public Works before a connection is made with any pipe on private property.
- (c) *Connections on or before August 13, 2007.* For water and sewer connections applied for by a property owner on or before August 13, 2007 that are not installed under a developer agreement or capital project, the service pipe or connection from the water or sewer main shall be constructed by the Department of Public Works.
- (d) *Surety.* A property owner applying for a connection under subsection (b) of this section shall provide the County with surety that shall be:
 - (1) In the form of a cash deposit or other surety acceptable to the Director of Public Works to guarantee the cost of making the water and sewer connections including the cost of paving or other repairs; and
 - (2) In an amount set forth in a fee resolution adopted by the County Council.
- (e) *Reclaimed Water System.* Connections to the reclaimed water system shall be made in accordance with this section.

(C.B. 17, 1969; C.B. 38, 1974; C.B. 15, 1978; C.B. 46, 1983; C.B. 26, 2007, § 1; C.B. 27, 2007, § 2)

Sec. 18.104A. - Mandatory connections made by Department of Public Works.

- (a) *Health Department Issuance of Order to Connect.* The Health Department may issue an order to connect a property to the public water or sewerage system or both pursuant to the provisions of section 12.105, "Connection of Property With Public Water Supply or Sewerage System," of the Howard County Code.
- (b) *Duty of Department of Public Works to Require Mandatory Connections.* The Department of Public Works shall require, at the property owner's expense, that property be connected to the public water or sewerage system or both, including the connection of all spigots, hydrants, toilets and waste

drains with the water main or sewer main, within the time frame prescribed by the Health Department or by a court when:

- (1) The Department has been ordered by the court to make the connection pursuant to subsection (e), "Court Action to Enforce Order," of section 12.105, "Connection of Property With Public Water Supply or Sewerage System," of the Howard County Code; or
 - (2) A property owner has been ordered by the health department to connect to the public water or sewerage system or both and is eligible and approved for financing of such work pursuant to subtitle 7 "Water/Sewer Connection Financing Program," of title 20, "Taxes, Charges, and Fees" of the Howard County Code.
- (c) *Department of Public Works to Determine Method of Connection.* The Director of Public Works shall determine if a mandatory connection shall be made:
- (1) By the Department of Public Works if the Director determines that it is in the interest of public health, safety, and welfare to perform the connection; or
 - (2) By a licensed on-site utility contractor retained by the property owner in accordance with subsection 18.104(b) of this subtitle.
- (d) *Authority to Enter Property.* Whenever the Department of Public Works makes a mandatory connection pursuant to subsection (c) of this section, the Department or its agents may enter the property to do work associated with the connection.
- (e) *Agreements to Perform Work.* Whenever the Department of Public Works makes a mandatory connection pursuant to subsection (c) of this section, the Department may enter into agreements with licensed master plumbers and licensed on-site utility contractors to perform the work required in the Health Department's order to connect.
- (f) *Connection Costs.* Whenever the Department of Public Works makes a mandatory connection pursuant to subsection (c) of this section, it shall have the work performed "at cost" and shall keep an accurate account of the costs of such connection, including the subcontractor's cost of construction and inspection and administrative costs incurred by the County. The Department shall provide the Director of Finance with a copy of the accounts.
- (g) *Billing.* Upon completion of a mandatory connection made pursuant to subsection (c) of this section, the Director of Finance shall bill the property owner for the costs of the connection including all subcontractor and administrative costs and any connection or in-aid-of-construction charges imposed by subtitle 6, "Water and Sewer Charges and Assessments," of title 20, "Taxes, Charges, and Fees" of the Howard County Code.
- (h) *Payment of Costs by Property Owner.* The property owner shall pay the costs of connection within 30 days of billing or, if eligible and approved for financing of such work pursuant to subtitle 7, "Water/Sewer Connection Financing Program," of title 20, "Taxes, Charges, and Fees" of the Howard County Code, within ten years of the billing. All charges are a lien against the property and shall be enforced and in every respect be treated as County real estate taxes.

(C.B. 46, 1983; C.B. 6, 1998; C.B. 26, 2007, § 1)

Sec. 18.105. - Use of fire hydrants.

The Director of Public Works shall have full and complete jurisdiction over all fire hydrants connected with the County water system and no person, firm or corporation shall use or make connection with the same without the written authority of the Director of Public Works, excepting that no restrictions shall apply to any bona fide department in the discharge of its duties. No person, firm or corporation shall tamper with, deface, damage or obstruct any fire hydrant. Any violation of the provisions of this section shall be a misdemeanor punishment under section 18.121 of this subtitle.

(C.B. 17, 1969)

Sec. 18.106. - Public water supply; conservation and restrictions on use.

- (a) *Restriction on and Denial of Service.* The Director of Public Works may restrict the use of the public water supply and may deny water service to a user:
- (1) Who fails to comply with use restrictions imposed by the Director, to conserve water, in response to an anticipated shortage in the public water supply; or
 - (2) Who refuses to repair an outside water leak on the user's property or to allow the Department of Public Works to repair or replace a water metering device.
- (b) *Service Denials and Charges:*
- (1) The Director of Public Works shall notify the user in writing of a proposed denial of water service, and shall turn the service off no sooner than 30 days after the date of the notice, unless a shorter time is required because the Director finds an imminent threat to the public health and safety, in which case a shorter time period may apply. Water service denied under this section shall be restored after the Director of Public Works determines that the condition giving rise to the denial has been remedied.
 - (2) The Director may impose a charge upon a user for the denial and restoration of service under this section, which shall be established by resolution of the County Council as provided in section 20.605 of the County Code.

(C.B. 17, 1969; C.B. 60, 2000)

Sec. 18.107. - Jurisdiction over privately owned public water or sewer systems.

The Director of the Department of Public Works shall have jurisdiction over all privately owned public water or sewer systems constructed after February, 1965, anywhere within Howard County which are subject to the laws of the Public Service Commission of Maryland, and any person, firm or corporation doing the work shall obtain a permit from the Director of Public Works and pay a reasonable charge therefor and such system shall then be installed, maintained and operated under plans, specifications, rules and regulations as the Director of Public Works may require or establish, except those water and sewer systems that are presently operating as private systems and are subject to the laws of the Public Service Commission prior to February, 1965, and before such jurisdiction can be obtained by the Director of Public Works of any of those private systems there shall be a public hearing, notice of the time and date of beginning of which shall be published three weeks in advance in any of the local newspapers published in Howard County, giving the public full details, intentions and reasons of such intended jurisdiction desired by the Director of Public Works.

(C.B. 17, 1969)

Sec. 18.108. - Construction requirements for private water and sewer systems.

- (a) No person shall construct, alter or extend a water supply system or a sewer system and/or treatment system within the County without first having received a permit therefor from the Department of Public Works.
- (b) No such permit shall be issued until complete plans and specifications for the construction, alteration or extension, together with such information as the Department may require, have been submitted to and approved by the Department of Public Works and the County Health Department.
- (c) All construction, alteration and extension of such water supply or waste water collection systems shall comply strictly with plans and specifications as filed with the terms of such permit. No variances

from the plans submitted therewith shall be allowed until such variances are approved by the Department of Public Works. Upon completion of any such project, the permittee shall file with the Department of Public Works a full and complete plan of the system as built.

- (d) The within section 18.108 shall not be construed to be applicable to private wells or private septic systems constructed to serve a single-family residential structure.

(C.B. 17, 1969)

Sec. 18.109. - Contracts with other political subdivisions for utility systems.

The County Executive of Howard County may enter into any contract for the connection of its water, reclaimed water, or sewer systems with those of any municipality or adjoining counties for the purchase of water or reclaimed water and for the disposal of sewage and other drainage from the metropolitan district, and enter into any agreement concerning any other matters deemed by the County Executive to be necessary or advisable for the proper construction, maintenance and operation of the water, reclaimed water, and sewerage systems, whether within or outside Howard County.

(C.B. 17, 1969; C.B. 27, 2007, § 2)

Sec. 18.110. - Acquisition of existing systems.

The Director of Public Works is authorized and empowered to purchase or acquire by gift any existing water or sewer systems in Howard County which, in his discretion and his judgment, are desirable and necessary for the purpose of providing adequate water or sewerage or both for the residents of Howard County, provided that such purchases or acquisitions are approved by the County Executive and the County Council of Howard County.

(C.B. 17, 1969)

Sec. 18.111. - Taking over privately owned systems.

- (a) Whenever the Department of Public Works shall have extended its water supply or sewerage system up to and is ready to connect with any municipal or privately owned water system or sewerage system, whether operating as an independent water supply or sewerage system or as an extension of an adjacent or adjoining system or systems, and whether inside or outside of Howard County, and the Director of Public Works deems it advisable and proper for the adequate operation of the system under its jurisdiction to take over the said water or sewerage system, or extension of such system or systems, it may take over or purchase the same, subject to the approval of the County Executive and County Council, upon such terms and provisions as may be agreed upon and approved by the aforesaid, but before any part of the purchase price is paid, other than a nominal sum of money to bind the agreement, it shall be the duty of the vendor or agent to furnish a statement to the Department of Public Works and report all names and addresses of persons having interests or claims against such property whatsoever, which shall be verified by an oath in writing. Thereupon, it shall be the duty of the Director of Public Works to notify, personally or by registered mail, return receipt requested, all persons having any interest whatsoever in such property, and in addition, the Director of Public Works shall give three weeks' notice of the intention to purchase said property in a newspaper or newspapers published within said County where the properties are located and each person having any claim whatsoever against said properties shall file his or her claim with said Director of Public Works on or before the expiration date mentioned in said notice, at which time any and all persons will be heard and their rights determined by the Director of Public Works, which said hearing shall be final.

- (b) In the event of failure to agree to the purchase price or conditions of purchase of said water or sewerage system, whether privately or municipally owned, the said County Council may acquire the same by condemnation in the same manner as it is authorized to acquire land. In the condemnation of privately owned water or sewerage systems the jury shall take into consideration, as a part of their award, any payment, contribution or tax upon the respective lot owners or purchasers toward the construction of said system, and where said system or systems have been built in connection with or for the purpose of developing home sites, subdivisions or villages, or by any individuals, firm or corporation, and such system or systems have been offered as an inducement for the purchase of a lot or land, therein, the jury shall deduct from the determined value of the plant or system such sum as it may reasonably determine was added to the purchase price of said land or lots in the sale thereof for the purpose of constructing said systems.
- (c) Private owned systems shall be taken under said condemnation by the Director of Public Works free and clear of all debts and liens, but said Director of Public Works shall make a party defendant any person, firm or corporation having any recorded lien or encumbrance against the same, and the circuit court is hereby empowered and authorized to determine the respective amounts due the defendants, and from and after payment into court or to the proper parties, the Director of Public Works shall be authorized to take possession of, maintain and operate said system, whether private or municipal, as a part of its general system, and from the date of such payment all properties along the line of any water main or sewer of the system so acquired shall stand in the same relation, bear the same benefit assessment, and be subject to the same regulations and penalties as though the system so acquired had been constructed and put into operation by the Director of Public Works under the provisions of this subtitle.
- (d) Whenever there is in existence a privately owned water supply or sewerage system which, in the judgment of the Director of Public Works, is unfit, as a whole or in part, for incorporation with the Department of Public Works system, the Director of Public Works shall disregard the existence of said system or unfit part thereof and extend its system to serve the area tributary to the existing system or unfit part thereof and all the provisions of this subtitle relating to systems constructed by the Department of Public Works shall apply to said extension.
- (e) Any municipality whose system is acquired by the Director of Public Works, whether by purchase or condemnation, is hereby authorized to use the amount paid to it for said system for the purchase or redemption of any bonds or debt which may be outstanding against the same, or the County Executive and County Council may, as, a part of the purchase price of said system, assume the payment of any such outstanding bonds. The Director of Public Works shall not purchase any existing water or sewerage systems, in whole or in part, which are improperly constructed or were constructed without proper authority from the State Department of Health since the passage of the Act requiring the same and which do not meet the County standards in existence at the time of purchase.

(C.B. 17, 1969)

Sec. 18.112. - Agreements for owners or developers to construct or pay for the construction of utilities.

- (a) *Authority to Enter into Agreements.* The County may enter into an agreement with the owner or developer of property located in the metropolitan district for the construction of water, reclaimed water, or sewer systems to serve the property if the Director of Public Works determines that:
 - (1) It is inexpedient or impractical for the County to build the systems; and
 - (2) Prior to construction of the systems, adequate paved roadways and drainage systems will be in place in accordance with the provisions of title 16 of the County Code.
- (b) *Requirements.* The agreement shall provide that, at the County's sole option, the owner or developer shall either:
 - (1) Design, plan, install, and construct the water, reclaimed water, or sewer system; or

- (2) Contribute to the County the funds necessary to design, plan, install, and construct the water, reclaimed water, or sewer system.
- (c) *Partial Release.* The agreement may provide that a property owner or developer who has entered into an agreement to design, plan, install, and construct the water, reclaimed water, or sewer system may be partially released from the surety requirements of the agreement upon partial completion of the work, in accordance with criteria established by the Department of Public Works.
- (d) *Ownership of the System.* Upon completion of the water, reclaimed water, or sewer system and its acceptance by the County, it shall become the property of Howard County.
- (e) *Reimbursement:*
 - (1) Except as provided in paragraph (2) of this subsection, for a property for which a preliminary subdivision plan is approved before July 1, 2004 the agreement shall provide that the County shall rebate to the owner or developer 100 percent of the actual cost of the work performed, excluding the costs for rights-of-way, the costs of house connections and the engineering and inspections costs.
 - (2) If a property is subject to an agreement under this section and a preliminary subdivision plan for the property is approved before July 1, 2004:
 - (i) The property owner or developer may request that the County consent to amend the agreement to allow the owner or developer to enter into a private agreement with the purchasers of the subdivision lots to recover the cost of the water, reclaimed water, or sewer system; and
 - (ii) The County shall agree to the amendment if none of the subdivision's lots are owned by or under contract to an individual who plans to live in a home that will be built on the lot.
 - (3) If a preliminary subdivision plan for a property is approved on or after July 1, 2004, the property owner or developer may seek to recover the cost of the water, reclaimed water, or sewer system from the purchasers of the subdivision lots when the lots are sold, through a private agreement with the purchasers providing for payment over time, or through any other method mutually agreed upon.
- (f) *Notice to Adjacent Property Owners.* When a developer or property owner proposes to construct a water, reclaimed water, or sewer project on County open space or park property, the developer or property owner shall post the County property and place an advertisement in one local newspaper of general circulation prior to County approval of the plans. The posting and advertisement shall describe the project and state the telephone number of the developer or property owner where the citizen may call for further information and shall also provide a two-week period for such inquiries.

Sec. 18.113. - Construction in public ways.

The Department of Public Works may enter upon and excavate any State, County or municipal street, road or alley, or any other public highway, for the purpose of installing or maintaining and operating the water, reclaimed water, and sewerage systems provided for under this subtitle, and it may construct, in any such street, road, alley, or public highway, a water main, sewer or drain or any appurtenance thereof, without the receipt of a permit or the payment of any charge; provided that, whenever any State, County or municipal highways are to be disturbed, the authority having control thereof shall be duly notified; and provided further, that said highway shall be repaired and left by the Department of Public Works in the same condition as, or in condition not inferior to, that existing before said highway was torn up, and that all cost incident thereto shall be borne by the Department of Public Works.

Editor's note— Section 1 of C.B. 66, 1997, repealed § 18.114 in its entirety. Formerly, § 18.114 pertained to permits required for excavation and/or construction on streets, etc. and derived from C.B. 17, 1969 and C.B. 45, 1972.

Sec. 18.115. - Reserved.

Editor's note— Section 1 of C.B. 66, 1997, repealed § 18.115 in its entirety. Formerly, § 18.115 pertained to removal of obstructions to Public Works and derived from C.B. 17, 1969.

Sec. 18.116. - Changes in grades affecting installed work.

Whenever a person (including a Department of the County, other than the Director of Public Works) changes a road, road grade or road surface, or makes any excavations or fills which require a change in the elevation of any manholes, valve boxes, meter vaults, sewer main or water mains or lines or appurtenances thereto, the Director of Public Works shall make the necessary change in the elevation of such manhole, valve box, meter vault, water main or sewer mains or lines or appurtenances thereto and charge the person (including a bureau or Department of the County) requiring the same for the actual time and materials involved and the proportionate share of the current overhead.

(C.B. 17, 1969)

Sec. 18.117. - Right of entry of County employees.

Any employee of the Department of Public Works, in the performance of official duties, upon presentation of proper credentials, may at any reasonable hour enter upon any private lands in the County for the purpose of making surveys, reading any meter, disconnecting, connecting, turning on or shutting off or repairing a water main, reclaimed water main, or sewer main and any person hindering or obstructing or refusing entry to such employee shall be punished as provided in section 18.121.

(C.B. 17, 1969; C.B. 27, 2007, § 2)

Sec. 18.118. - Publication and posting of required notice.

Any notice required by this subtitle shall be:

- (a) Published at least once each week for two consecutive weeks in one or more newspapers published in the County having a circulation in the area affected by such notice, or by giving written notice to all persons affected thereby; and
- (b) Posted in conspicuous public places in the area to be affected.
 - (1) The notice poster shall:
 - (i) Give the address of the subject property, if available.
 - (ii) Be double-sided and at least 30 inches by 36 inches in size.
 - (iii) Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster.
 - (iv) State that construction is proposed for the subject property and include a description of the proposed project.

- (v) Give the website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching for additional information, including plans for public review, for all projects assigned a three-digit alphanumeric code and a phone number for additional information.

(C.B. 17, 1969; C.B. 62, 1987; C.B. 69, 2018, § 1)

Sec. 18.119. - Unauthorized connections.

- (a) *Connection.* A person shall not make any connection to any County water, reclaimed water, or sewer line without first having obtained permission from the Director of Public Works.
- (b) *Turning on Water.* A person shall not turn on any water or reclaimed water valve or restore any water or reclaimed water service which has been disconnected or turned off, without first having obtained permission from the Director of Public Works.

(C.B. 17, 1969; C.B. 27, 2007, § 2)

Sec. 18.120. - Reserved.

Editor's note— Section 1 of C.B. 66, 1997, repealed § 18.120 in its entirety. Formerly, § 18.120 pertained unlawfully discharging waste into streets and derived from C.B. 17, 1969.

Sec. 18.121. - Penalties.

- (a) *Criminal Penalties.* Any person violating any provision of this subtitle or any regulation adopted by the Department of Public Works is guilty of a misdemeanor, and on conviction is subject to a fine not exceeding \$500.00 or imprisonment not exceeding 90 days, or both. Each day that a violation continues is a separate offense.
- (b) *Civil Penalties.* Alternatively or in addition to and concurrent with all other remedies, at law or equity, Howard County may enforce the provisions of this subtitle or adopted regulations with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this subtitle or adopted regulations is a Class C offense. Each day that a violation continues is a separate offense.
- (c) *Injunctive and Other Relief.* In addition, Howard County may institute injunctive, mandamus, or other appropriate legal action or proceeding for the enforcement of this subtitle or regulation adopted by the Department of Public Works. Any court of competent jurisdiction may issue restraining orders, temporary or permanent injunctions, mandamus, or other appropriate forms of remedy or relief.

(C.B. 17, 1969; C.B. 32, 1985; 66, 1997; C.B. 49, 2006, § 1)

Sec. 18.122. - Rules and regulations.

The Department of Public Works shall control all publicly owned water, reclaimed water, and sewer facilities in the County, and the County Executive, with the advice and recommendation of the Public Works Board, may make rules and regulations governing the use and conservation of water, reclaimed water, and sewer facilities.

(C.B. 17, 1969; C.B. 27, 2007, § 2)

Sec. 18.122A. - Regulation of discharges to the public sewerage system.

- (a) *Purpose.* The purpose of this section is to regulate the discharge of wastes into the public sewerage system pursuant, in part, to the requirements of the Federal Water Pollution Control Act, also known as the Clean Water Act and to achieve the following objectives:
- (1) To prevent the introduction of pollutants into the public sewerage system which will:
 - (i) Interfere with the operation of the treatment plant or the conveyance system;
 - (ii) Pass through the treatment plant to contaminate receiving waters; or
 - (iii) Otherwise be incompatible with any component of the public sewerage system;
 - (2) To protect both the general public and County personnel;
 - (3) To promote reuse and recycling of industrial wastewater;
 - (4) To protect the quality of treatment plant sludge, and thus, ensure efficient and safe sludge disposal alternatives;
 - (5) To enable the County to comply with its National Pollutant Discharge Elimination System (NPDES) Permit, sewage sludge requirements, and any other Federal or State laws to which the County's public sewerage system is subject.
- (b) *General Provisions:*
- (1) *Applicability.* The provisions of this section are applicable to users connected to and discharging industrial wastewater into the public sewerage system of Howard County.
 - (2) *Prohibitions.* Certain types of wastes may not be discharged into the public sewerage system. All discharges to the public sewerage system shall conform to the requirements of this section and particularly to subsection (f) "Discharge Prohibitions and Limitations" and rules and regulations made pursuant to subsection (e) "Establishment of Rules and Regulations."
 - (3) *Administration.* The Director of Public Works shall administer the provisions of this section.
 - (4) *Pretreatment and other control requirements.* The Director of Public Works shall require pretreatment or other controls for the regulation of nonconforming wastes pursuant to subsection (g), "permit system, pretreatment and other control requirements" of this section. This section incorporates National Pretreatment Regulations, set forth in 40 CFR, chapter 1, subchapter N, part 403 and parts 405 through 471.
 - (5) *Reporting and inspections.* Those users of the public sewerage system as determined by the Director shall provide the Director of Public Works with detailed information regarding the quantity and quality of their discharge, shall maintain records of this information and shall give the Director access to the premises or hauling vehicle for sampling of the discharge, and review of records pursuant to subsection (h), "monitoring and reporting" and subsection (i), "sampling and inspection" of this section.
 - (6) *Variances and appeals.* Industrial users may obtain variances from the strict application of the provisions of this section pursuant to subsection (k), "variances" of this section.

Users may appeal a decision of the Director of Public Works relating to this section to the Board of Appeals pursuant to subsection (m) of this subtitle.
 - (7) *Enforcement.* The Director of Public Works shall enforce the provisions of this section, including prohibiting discharge to the public sewerage system, publishing the names of significant violators, recovering the costs of damage to the public sewerage system and asking for civil and criminal sanctions against violators, pursuant to subsection (l), "enforcement" of this section.
- (c) *Definitions.* Unless a provision explicitly states otherwise, words and phrases used in this section have the meanings designated below:
- (1) *Act or the Act* means the Federal Water Pollution Control Act, also known as the Clean Water Act, as amended, 33 U.S.C. 1251 et seq.

- (2) *Approval authority* means the State of Maryland Department of the Environment or other agency empowered to enforce and administer the State pretreatment program.
- (3) *Authorized representative* means:
- (i) A responsible corporate officer such as a president, secretary, treasurer, or vice president of the corporation in charge of a principal business function, or any other person who performs similar policy- or decision-making functions for the corporation; or
 - (ii) The manager of one or more manufacturing, production, or operation facilities employing more than 250 persons or having gross annual sales or expenditures exceeding \$25,000,000.00 if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures; or
 - (iii) A general partner or proprietor if the industrial user is a partnership or sole proprietorship; or
 - (iv) A duly authorized representative of the individual described in subsection (i), (ii), or (iii) above, if:
 - a. The authorization is in writing and has been submitted to the Director, initially and whenever there is any change in the individual or position named in the authorization; and
 - b. The authorization specifies either an individual or a position having responsibility for the overall operation of the facility from which the industrial discharge originates, e.g. the position of plant manager or a position of equivalent responsibility.
- (4) *Baltimore City* means the Government of Baltimore City, Maryland.
- (5) *Baltimore County* means the Government of Baltimore County, Maryland.
- (6) *Biochemical oxygen demand (BOD)* means the quantity of oxygen utilized in the biochemical oxidation of organic matter during incubation at 20 degrees Celsius for five days expressed in milligrams of oxygen per liter of organic matter and measured in accordance with procedures set forth in 40 CFR 136.
- (7) *Building sewer* means a sewer conveying sewage from the premises of the user to the public sewerage system.
- (8) *Bypass* means the intentional diversion of wastewater from any portion of an industrial user's pretreatment facility.
- (9) *Characteristics of wastewater* means a distinguishing trait, quality, or property of wastewater such as, but not limited to, BOD, COD, SS, pH, temperature, color, odor, or toxicity.
- (10) *Chemical oxygen demand (COD)* means the quantity of oxygen utilized in the chemical oxidation of organic matter, expressed in milligrams of oxygen per liter of organic matter and measured in accordance with procedures set forth in 40 CFR 136.
- (11) *Chlorine demand* means the difference between the amount of chlorine added to sewage during the sewage treatment process and the amount of free, combined or total available chlorine remaining in that sewage after treatment.
- (12) *Cooling water* means water discharged from a use such as air conditioning, cooling or refrigeration, or water to which the only pollutant added is heat.
- (13) *County; Howard County* means the Government of Howard County, Maryland.
- (14) *Department of Public Works* means the Department of Public Works of the Howard County Government.
- (15) *Direct discharge* means the discharge of treated or untreated sewage directly to the waters of the State.

- (16) *Director or Director of Public Works* means the Director of Public Works of Howard County or an authorized official representing the Director.
- (17) *Effluent—Treatment plant effluent* means the discharge to receiving waters from a sewage treatment plant after sewage treatment.
- (18) *Environmental Protection Agency (EPA)* means the U.S. Environmental Protection Agency. Where appropriate, the Administrator or duly authorized official of the agency.
- (19) *Freon soluble waste* means fats, greases and oils, extractable from sewage in accordance with procedures set forth in 40 CFR 136.
- (20) *Garbage* means solid waste from the preparation, cooking and dispensing of food, and from the handling, storage and sale of produce.
- (21) *Groundwater* means water other than surface water entering the public sewerage system through defective pipes, pipe joints, building sewers or manhole walls.
- (22) *Industrial sewage or industrial wastewater* means wastes, sludges or pollutants resulting from a process or operation of industry, manufacture, trade or business (other than a trade or business that generates only sanitary wastewater) and discharged to the public sewerage system through a service connection or by a waste hauler, including nondomestic waste or pollutants from any source regulated under section 307(b) or (c) of the Act, such waste being referred to in the Act as "indirect discharge."
- (23) *Industrial user* means a user who discharges, causes or permits the discharge of industrial sewage to the public sewerage system, including wastewater which is hauled or conveyed to the sewage treatment plant.
- (24) *Interference* means a discharge which alone, or in conjunction with discharge(s) from other sources:
- (i) Inhibits or disrupts the public sewerage system, its treatment processes or operations, or its sludge processes (sludge use or disposal); and
 - (ii) Is a cause of:
 - a. A violation of any requirement of the treatment plant's NPDES permit (including an increase in the magnitude or duration of a violation); or
 - b. The prevention of sewage sludge use or disposal in accordance with the following statutory provisions and regulations or permits issued thereunder (or more stringent State or local regulations):
 - 1. Section 405 of the Act;
 - 2. The Solid Waste Disposal Act (SWDA) including:
 - i. Title II, more commonly referred to as the resource conservation and Recovery Act (RCRA); and
 - ii. The Maryland Sludge Management Plan prepared pursuant to subtitle D of the SWDA;
 - 3. The Clean Air Act;
 - 4. The Toxic Substances Control Act; and
 - 5. The Marine Protection, Research and Sanctuaries Act.
- (25) *Metering facilities or metering device* means all structures, equipment and devices necessary to monitor the volume, flow variations and pollutant concentrations of sewage discharged to the public sewerage system, including access points for sewage sampling.
- (26) *National Categorical Pretreatment Standard or categorical pretreatment standard* means a regulation containing pollutant discharge limits promulgated by the EPA in accordance with

section 307(b) and (c) of the Act which applies to a specific category of industrial users and which appears in 40 CFR, chapter 1, subchapter N, parts 405 through 471.

- (27) *National Prohibitive Discharge Standard* or *prohibitive discharge standard* means prohibitions against the discharge of certain substances into the public sewerage system. These prohibitions appear in subsection (f) of this section.
- (28) *New source* has the meaning stated in 40 CFR 403.3.
- (29) *Nonconforming waste* means any solid, liquid or gaseous material, substance or waste which, if discharged to the public sewerage system in sufficient quantity or concentration, would violate or contribute to a violation of:
 - (i) Any standards or requirements established pursuant to subsection (e) "establishment of rules and regulations" of this section;
 - (ii) Any prohibitions specified in subsection (f) "discharge prohibitions and limitations" of this section.
- (30) *NPDES permit* means the National Pollutant Discharge Elimination System permit issued to a sewage treatment plant or other source of direct discharge by the State.
- (31) *Owner* means an individual, partnership, copartnership, firm, company, corporation, association, joint stock company, trust, estate, governmental entity or any other legal entity or their legal representatives, agents or assigns registered as owning a property or improvement in Howard County, or registered as owning a vehicle used to haul sewage for disposal in Howard County.
- (32) *Pass-through* means a discharge which exits the public sewerage system into waters of the United States in quantities or concentrations which, alone or in conjunction with discharge(s) from other sources, causes a violation of any requirement of the public sewerage system's NPDES permit (including an increase in the magnitude or duration of a violation).
- (33) *Patapsco Sewage Treatment Plant* means the sewage treatment plant owned by Baltimore City and located on the Patapsco River.
- (34) *pH* means the logarithm of the reciprocal of the hydrogen ion concentration of a solution which indicates intensity of acidity and alkalinity of sewage on a scale running from zero to 14. A pH of 7.0 represents neutrality, a pH above 7.0 represents alkalinity, and a pH below 7.0 represents acidity.
- (35) *Pollutant* means a contaminant or a regulated characteristic of wastewater, toxic or otherwise, which is added to sewage as a result of commercial, institutional, or industrial processes, or as a result of other human activity.
- (36) *Pretreatment* means reduction of the amount of pollutants, elimination of pollutants, or alteration of the nature of pollutant properties in sewage to a less harmful state prior to or in lieu of discharging or otherwise introducing pollutants into the public sewerage system. Pretreatment can be obtained by physical, chemical or biological methods, or changes in operating processes, except as prohibited by 40 CFR, section 403.6(d).
- (37) *Pretreatment requirements* means a substantive or procedural requirement related to pretreatment, other than a National Categorical Pretreatment Standard, which Howard County or the State imposes on an industrial users.
- (38) *Public sewerage system* or *sewerage system* means the system of sewers, pumping stations, treatment plants and other appurtenant structures used for the purpose of collecting and treating sewage and which is:
 - (i) Owned and controlled by Howard County, or
 - (ii) Owned by Baltimore County, Baltimore City, or other jurisdiction and through agreement, is used for the purpose of collecting and treating sewage from Howard County.

This definition includes "publicly owned treatment works" as defined by section 212 of this Act (33 U.S.C. § 1292).

- (39) *Sanitary sewage* or *sanitary wastewater* means wastes, including sludges, from the sanitary conveniences (toilets, rest rooms, sinks, showers, septic tanks, etc.) of dwellings, apartment buildings, commercial establishments, institutions and industrial establishments that are free of stormwater, groundwater and industrial sewage and which are discharged to the public sewerage system through a service connection or by a waste hauler.
- (40) *Severe property damage* means:
- (i) Substantial physical damage to property; or
 - (ii) Damage to the treatment facilities which causes them to become inoperable; or
 - (iii) Substantial and permanent loss of natural resources, which can reasonably be expected to occur in the absence of a bypass. Severe property damage does not mean economic loss caused by delays in production.
- (41) *Sewage* or *wastewater* means any combination of sanitary and industrial sewage discharged to the public sewerage system through a service connection or by a waste hauler and any groundwater and stormwater present.
- (42) *Sewage treatment plant* or *treatment plant* means a combination of structures and devices for the purpose of treating sewage, which structures and devices are:
- (i) Owned and operated by Howard County, or
 - (ii) Owned by Baltimore County, Baltimore City or other jurisdiction and, through agreement, treat sewage from Howard County.
- (43) *Significant industrial user* means an industrial user of the public sewerage system who:
- (i) Is subject to national categorical standards; or
 - (ii) Discharges an average of 25,000 gallons or more per day of process wastewater (excluding sanitary, noncontact cooling, and boiler blowdown wastewater); or
 - (iii) Contributes a process wastestream that makes up five percent or more of the total hydraulic or organic capacity of the public sewerage system; or
 - (iv) Is found by the County, the State or EPA to have significant impact or the potential to have a significant impact, either singly or in combination with other contributing industrial users on the operation of the public sewerage system or its effluent quality, sludge quality, or air emissions.
- (44) *Sludge* means the slurry containing insoluble material which is removed from wastewater during treatment and disposed of separately from the remaining effluent.
- (45) *Slug* means any significant discharge to the public sewerage system of water, sewage, or industrial sewage which, in concentrations of any given constituent or quantity of flow, could cause interference with the operation of the public sewerage system, pass-through the sewage treatment plant, endanger sewer worker safety, contaminate the sludge, or cause a violation of any permit issued to the public sewerage system.
- (46) *Standard* or *pretreatment standard* means a numerical or other limitation established to limit the quantity or concentration of a specified pollutant contained in sewage discharged to the public sewerage system. Standard includes prohibitive discharge standards, categorical pretreatment standards, and local limits.
- (47) *Standard Industrial Classification (SIC)* means a classification pursuant to the Standard Industrial Classification Manual issued by the Executive Office of the President, Office of Management and Budget.

- (48) *State* means the State of Maryland Department of the Environment or other Maryland agency empowered to enforce the State pretreatment program.
- (49) *Storm drain* means a pipe or system of pipes and appurtenances, the purpose of which is to carry stormwater, surface water, groundwater, or other natural runoff of unpolluted waters from any source.
- (50) *Suspended solids (SS)*: means the determination of the dry weight expressed in milligrams per liter of solids that either float on the surface or are in suspension and which can be removed from sewage in accordance with procedures given in 40 CFR 136.
- (51) *Toxic pollutant* means a pollutant or combination of pollutants listed as toxic in regulations promulgated by the Administrator of EPA under provisions of the Clean Water Act, section 307(a) or other acts.
- (52) *Upset* means an exceptional incident in which there is unintentional and temporary noncompliance with categorical pretreatment standards because of factors beyond the reasonable control of the user.
- (53) *User or public sewerage system user* means the owner of a residential property or improvement in Howard County which discharges, causes or permits the discharge of sewage to the public sewerage system, or the owner, tenant, licensee or any other person in possession of a property or improvement in Howard County, other than a residential property or improvement, which discharges, causes or permits the discharge of sewage to the public sewerage system, or a waste hauler.
- (54) *Waste hauler* means the owner, renter, licensee or any other person in lawful possession of a vehicle used to haul sewage for disposal to the public sewerage system in Howard County.
- (55) *Wastewater* includes "sewage," "industrial sewage," and "sanitary sewage".

(d) *Abbreviations.* The following abbreviations are used in this section:

°C	Temperature in degrees Celsius
°F	Temperature in degrees Fahrenheit
CFR	Code of Federal Regulations
mg/l	Milligrams per liter
USC	United States Code
COMAR	Code of Maryland Regulations

(e) *Establishment of Rules and Regulations:*

- (1) *Administration and enforcement.* The Director of Public Works may prepare and promulgate rules, regulations and procedures to carry out and enforce the provisions of this section.
- (2) *Standards and requirements for quality and quantity of sewage discharge.* The Director of Public Works may establish standards and requirements in addition to the requirements of this section to regulate the quantity and quality of sewage discharged to the public sewerage system

by industrial users. The standards may vary from one portion of the public sewerage system to another, dependent upon the sewage treatment plant to which the portion is tributary. Standards for portions of the public sewerage system which are tributary to a treatment plant or sewerage system outside of Howard County shall be at least as stringent as those established by the jurisdiction operating the treatment plant or sewerage system. Standards and requirements established by the Director of Public Works may be more stringent than those established by other regulatory agencies or jurisdictions.

- (3) *Factors to be considered in establishing standards and requirements.* In establishing the standards and requirements, the Director shall take into consideration:
- (i) Measured pollutant concentrations in untreated sewage received at the sewage treatment plant.
 - (ii) Pollutant concentrations in sewage which would interfere with biological and physical treatment processes, which would be toxic to biological treatment processes, or which would cause a decrease in treatment process efficiency.
 - (iii) Pollutant concentrations in sewage received at the treatment plant which would constitute a hazard to persons exposed to the pollutant concentrations.
 - (iv) Pollutants in sewage received at the treatment plant which would not be susceptible to removal or reduction in concentration during sewage treatment.
 - (v) Pollutant concentrations in treatment plant effluent which would cause a violation of the treatment plant's NPDES permit requirements.
 - (vi) Pollutant concentrations in the treatment plant effluent which would constitute a hazard to the biota of receiving waters.
 - (vii) Pollutant concentrations in sludge produced at the treatment plant which would reduce its utility and disposal alternatives.
 - (viii) The flow rate in the sewers tributary to the treatment plant.
 - (ix) The flow rate and volume of the industrial user's discharge.
 - (x) Guidelines and standards established by the State and EPA.
 - (xi) Standards and requirements established by Baltimore City, Baltimore County or other appropriate jurisdiction for sewage discharged into public sewers tributary to sewage treatment plants owned and controlled by those jurisdictions.
 - (xii) Discharge prohibitions and limitations specified in subsection (f).
- (4) *Standards and requirements which supersede Director's standards and requirements:*
- (i) *National Categorical Pretreatment Standards.* The National Categorical Pretreatment Standards promulgated by EPA for a particular category of industrial users shall be imposed where applicable. These standards are published by EPA in 40 CFR chapter 1, subchapter N, parts 405 through 471. Applicable reporting requirements are published by EPA in 40 CFR 403.12.
 - (ii) *National Prohibitive Discharge Standards.* The National Prohibitive Discharge Standards promulgated by EPA shall, if more stringent, supersede standards and requirements established by the Director.
 - (iii) *State pretreatment standards and requirements.* Pretreatment standards and requirements established by the State shall, if more stringent, supersede standards and requirements established by the Director. These standards and requirements are published by the State in COMAR title 26, subtitle 08, chapter 08 "Pretreatment Requirements to Control Industrial Users of Publicly Owned Treatment Works".

- (iv) *Baltimore City and Baltimore County standards and requirements.* Pretreatment standards and requirements established by Baltimore City and Baltimore County for industrial users serviced by the Patapsco Sewage Treatment Plant, if more stringent, supersede standards and requirements established by the Director. These standards and requirements are published in:
 - a. Baltimore City Code, article 25, amended by ordinance 775, section 7 "control and pretreatment of industrial wastewater"; and
 - b. Baltimore County Code, division 5, "wastewater regulations," sections 35.286 through 35.317.

(f) *Discharge Prohibitions and Limitations:*

- (1) *Prohibited discharges—General.* No user shall discharge or cause to be discharged to the public sewerage system any solid, liquid or gaseous waste, including constant or slug discharges, containing toxic or nontoxic pollutants of a concentration, character or quantity that would:
 - (i) Interfere with or be toxic to the biological and physical treatment processes in use at the sewage treatment plant.
 - (ii) Reduce the efficiency of the sewage treatment plant operation.
 - (iii) Constitute a hazard to the biota of waters receiving sewage treatment plant effluent.
 - (iv) Not be susceptible to treatment and which would pass through the sewage treatment plant to the receiving waters inadequately treated.
 - (v) Cause the sewage treatment plant to violate its NPDES permit.
 - (vi) Reduce the utility or disposal alternatives of the sewage sludge produced at the sewage treatment plant.
 - (vii) Exceed applicable standards promulgated by the Administrator of the EPA pursuant to section 307 of the Act.
 - (viii) Exceed applicable pretreatment standards promulgated by the State, including standards pursuant to section 9-314 of the environment article of the Annotated Code of Maryland.
 - (ix) Interfere with, hinder operation of, or cause damage to any portion of the public sewerage system.
 - (x) Exceed standards and requirements established by the Director.
 - (xi) Contain petroleum oil, nonbiodegradable cutting oil, or products of mineral oil origin in amounts that will cause interference or pass-through.
 - (xii) Result in the presence of toxic gases, vapors, or fumes within the public sewerage system in a quantity that may endanger worker health and safety.
- (2) *Discharge from downspouts, drains, etc.* No user shall discharge or cause to be discharged to the public sewerage system stormwater, surface water, groundwater, roof runoff, subsurface drainage, uncontaminated cooling water or uncontaminated industrial process water.
- (3) *Flammable or explosive waste.* No user shall discharge or cause to be discharged to the public sewerage system a flammable or explosive solid, liquid or gaseous waste which by itself or by interaction with other wastes found in sewage could create or cause fire or explosive hazard. In addition, no user shall discharge wastestreams with a closed cup flashpoint of less than 140 degrees Fahrenheit (60 degrees Celsius) using the test methods specified in 40 CFR 261.21.
- (4) *High-temperature waste.* No user shall discharge or cause to be discharged to the public sewerage system a solid, liquid or gaseous waste of sufficiently high temperature as to cause damage to the public sewerage system, to interfere with the operation of any component of the sewerage system, to inhibit biological processes at the sewage treatment plant, or to produce

vapors hazardous to personnel working in and around the sewerage system. Temperatures shall not be higher than 150 degrees Fahrenheit (65 degrees Celsius) at the point of discharge to the public sewerage system, and shall not cause the temperature of the influent to the sewerage treatment plant to exceed 140 degrees Fahrenheit (60 degrees Celsius).

- (5) *Obstructive waste.* No user shall discharge or cause to be discharged to the public sewerage system a solid or viscous waste or sludge in quantities or size capable of causing obstruction to the flow in the public sewerage system or interference with the operation of any component of the sewerage system.
- (6) *Noxious or malodorous waste.* No user shall discharge or cause to be discharged to the public sewerage system a noxious or malodorous solid, liquid or gaseous waste which, by itself or by interaction with other wastes found in sewage, is capable of creating a public nuisance or hazard to life or of preventing entrance into the public sewerage system for maintenance and repair.
- (7) *Radioactive waste.* No user shall discharge or cause to be discharged to the public sewerage system a radioactive solid, liquid or gaseous waste in quantities or concentrations exceeding limits given in title 8, "radiation" of the environment article of the Annotated Code of Maryland.
- (8) *Freon soluble waste.* No user shall discharge or cause to be discharged to the public sewerage system free or emulsified Freon soluble wastes such as oils, fats and greases in concentrations of greater than 100 mg/l. The Director may impose additional restrictions where these wastes will solidify or become viscous at normal temperatures of sewage (32 degrees Fahrenheit to 150 degrees Fahrenheit) and it is probable that they will collect in sewer lines or interfere in any way with public sewerage system operation. The Director may permit a higher concentration of Freon soluble waste if he determines that the waste will not have a deleterious effect on the public sewerage system and the user has previously provided measures or controls acceptable to the Director to limit the discharge of the Freon soluble waste.
- (9) *Garbage.* No user shall discharge or cause to be discharged to the public sewerage system any garbage that has not been ground or comminuted to such a degree that all particles will be carried freely in suspension under flow conditions prevailing in the public sewerage system. Each industrial user must obtain the approval of the Director before installing or operating any garbage grinder equipped with a motor of three-fourths horsepower or greater.
- (10) *Corrosive waste.* No user shall discharge or cause to be discharged to the public sewerage system a solid, liquid or gaseous waste which would in any way attack or corrode any component of the public sewerage system. All wastes shall have pH values in the range of six to ten standard units. Wastes found in sewage to form products not in conformance with these limitations are prohibited.
- (11) *Colored waste.* No user shall discharge or cause to be discharged to the public sewerage system concentrated dye waste or other wastes high in color which are sufficiently strong to affect the color of the treatment plant influent or effluent.
- (12) *Unacceptable load on treatment plant.* No user shall discharge or cause to be discharged to the public sewerage system a solid, liquid or gaseous waste which would exert a biochemical oxygen demand, chemical oxygen demand or chlorine demand which would constitute, in the opinion of the Director, an unacceptable load on the sewage treatment plant. No user shall discharge or cause to be discharged waste containing concentrations of inert, suspended or dissolved solids which would, in the opinion of the Director, constitute an unacceptable load on the treatment plant.
- (13) *Antibiotic waste.* No user shall discharge or cause to be discharged to the public sewerage system any antibiotic waste.
- (14) *Dilution of discharge.* No industrial user shall increase the use of process water or attempt to dilute a discharge of industrial sewage as a partial or complete substitute for pretreatment to achieve compliance with National Categorical Pretreatment Standards, or any other standard or requirement established by the State or established by the Director pursuant to this section.

- (15) *Discharge deleteriously affecting waters of the State.* No person shall discharge wastes into any storm drain which would constitute a "direct discharge" or which would deleteriously affect the quality of the receiving waters as defined by the water quality standards established by the State. No wastes shall be discharged prior to notification of the State and the issuance of a NPDES permit to the discharger if required.
- (16) *Trucked or hauled pollutants.* No person shall discharge trucked or hauled sewage or pollutants to the public sewerage system except at discharge points designated by the Director.
- (g) *Permit System; Pretreatment and Other Control Requirements:*
- (1) *Discharge of nonconforming wastes.* The Director of Public Works may prohibit the discharge or proposed discharge to the public sewerage system of nonconforming wastes.
- (2) *Permit system.* The Director of Public Works shall implement a sewage discharge permit system to control the discharge or proposed discharge of sewage to the public sewerage system from industrial users or from waste haulers.
- (i) *Fees.* The Director may establish fees to cover, in whole or in part, the cost of operating a permit system. Any schedule of fees shall be adopted annually by resolution of the County Council.
- (ii) *Permit application:*
- a. *Potential industrial users.* Potential industrial users, not including waste haulers, proposing to discharge sewage to the public sewerage system shall conform to the requirements of this section and shall acquire a permit. In accordance with procedures established by the Director for review of site development and construction plans, any potential industrial user desiring to connect a proposed building to the public sewerage system shall submit an application for discharge permit and provide other information requested pursuant to subsection (h)(1). In accordance with procedures established by the Director for the review of building permit and plumbing permit applications, any potential industrial user desiring to locate in an existing building connected to the public sewerage system or any potential industrial user desiring to connect an existing building to the sewerage system shall submit an application for discharge permit and other information requested pursuant to subsection (h)(1).
- b. *Existing industrial users.* Existing industrial users currently discharging or proposing to discharge a new, modified, or significantly changed waste stream to the public sewerage system shall conform to the requirements of this section and shall acquire a permit. In accordance with procedures established by the Director, the existing user shall submit an application for discharge permit, or an application for discharge permit modification, and other information requested pursuant to subsection (h)(1).
- c. *Waste haulers.* Waste haulers shall conform to the requirements of this section and shall acquire a permit. In accordance with procedures established by the Director, waste haulers shall submit an application for a discharge permit and other information requested pursuant to subsection (h)(1).
- (iii) *Draft permit:*
- a. *Existing and potential industrial users.* After review of information from an existing or potential industrial user obtained pursuant to subsection (h)(1), the Director shall issue a draft permit.
- b. *Waste haulers.* After review of information from a waste hauler obtained pursuant to subsection (h)(1), the Director shall issue a draft permit for each vehicle operated by a waste hauler discharging or proposing to discharge sewage to the public sewerage system.
- c. *Draft permit review.* The Director shall specify a reasonable period of time to allow the industrial user or waste hauler to review the draft permit and to request clarification or

revision of any of the terms or requirements. The Director may at his discretion revise the draft permit.

(iv) *Final permit:*

- a. *Final permit issuance.* Once the specified review period has passed and the Director has considered any comments received on the draft permit, the Director shall issue a final permit, the terms of which shall be adhered to by the industrial user or waste hauler.
- b. *Industrial users.* No industrial user shall connect to or discharge sewage to the public sewerage system until applicable provisions of this section are adhered to by the user and a permit has been issued.
- c. *Waste haulers.* Prior to issuance of a permit to a waste hauler, the waste hauler shall provide proof acceptable to the Director that all other permits required by law or regulation have been issued, including the permit issued by the Howard County Health Department. The Director may refuse issuance of a permit to a waste hauler if the hauler has had a permit revoked in Howard County or in another jurisdiction or has repeatedly violated the laws or regulations governing the hauler's operation in Howard County or in another jurisdiction. No waste hauler shall discharge sewage to the public sewerage system without a permit issued pursuant to this section.

(v) *Provisions of permit—Industrial user.* A permit issued to an industrial user shall contain the following provisions as appropriate:

- a. Name, address and telephone number of industrial user;
- b. Effective date and expiration date of permit;
- c. Effluent limitations;
- d. Effluent monitoring activity;
- e. Reporting requirements;
- f. Compliance requirements;
- g. Notification and record keeping requirements;
- h. A statement of applicable civil and criminal penalties for violations of pretreatment standards, and requirements, or compliance schedules;
- i. Requirements for the control, reduction, elimination or prohibition of nonconforming wastes;
- j. Requirements and standards for the pretreatment, flow reduction, flow equalization or storage of nonconforming wastes;
- k. Any liability for payment of charges and surcharges as provided in title 20, subtitle 3 "Water and Sewer Charges and Assessments" of the Howard County Code;
- l. Requirements for the submission of an operating plan;
- m. A compliance schedule identifying time frames for the construction of required facilities, for the implementation of other specified requirements, and for submission of progress reports. If an industrial user is affected by a national categorical pretreatment standard, the compliance schedule shall conform with the time limitations set forth in section 307 of the Federal Water Pollution Control Act as amended;
- n. Any other requirement of the Director.

(vi) *Provisions of permit—Waste hauler.* A permit issued to a waste hauler shall specify:

- a. Prohibitions on the discharge or transport of nonconforming waste;

- b. Access points and time periods for sewage discharge;
 - c. Procedures for sewage discharge;
 - d. Liability for payment of charges and surcharges as provided in title 20, subtitle 3 "Water and Sewer Charges and Assessments" of the Howard County Code;
 - e. Requirements and conditions for the disposal of industrial sewage;
 - f. Any other requirement of the Director.
- (vii) *Duration of permits.* A permit shall be issued for a specified time period, not to exceed five years.
- (viii) *Modification of permits.* A permittee shall operate pursuant to the provisions of the permit. The Director may modify the provisions:
- a. To reflect modifications, amendments, or revisions of Federal, State, or local pretreatment regulations or standards;
 - b. At the request of the permittee, to reflect changes in the permittee's operations;
 - c. To reflect changes in the permittee's ownership, address, or water/sewer account number.
- (ix) *Transferability of permits.* Except with the prior written approval of the Director, a permit to discharge to the public sewerage system shall not be reassigned, transferred, sold, or assigned to different premises.
- (x) *Appeal.* An industrial user or waste hauler may appeal the final permit in accordance with subsection (m) "appeals" of this section.
- (3) *Modification of process; requirement for pretreatment; provision for waste disposal.* As required by the Director, an industrial user who discharges or proposes to discharge nonconforming wastes to the public sewerage system shall:
- (i) Modify an industrial process in order to reduce or eliminate the discharge of nonconforming wastes; and/or
 - (ii) Provide for the control, pretreatment, flow reduction, flow equalization or storage of nonconforming wastes; and/or
 - (iii) Submit for approval a schedule specifying the shortest time frame for the industrial user to achieve compliance with this section, or State or Federal pretreatment standards or requirements. The schedule shall contain increments of progress in the form of dates for the commencement and completion of major events leading to the construction and operation of the pretreatment measures and facilities required to bring the industrial user into compliance; and/or
 - (iv) Prevent the discharge and provide for the transport of the nonconforming wastes to a location or facility where disposal of the wastes is legally permitted. The Director may require the submission of proof, acceptable to the Director, that the nonconforming wastes were disposed of at a legally permitted location or facility.
- (4) *Progress reports from industrial users.* When required by the Director, an industrial user shall submit periodic progress reports at time intervals specified in the compliance schedule detailing progress toward compliance with the permit. Each progress report shall specify, as a minimum, whether or not the user complied with the increment of progress to be met on a specified date and, if not, the date on which the user expects to comply with this increment of progress; the reason for any delay and the steps being taken by the user to adhere to the established schedule.
- (5) *Facilities approved by the Director of Public Works.* If facilities for pretreatment, flow reduction, flow equalization, control or storage of nonconforming wastes are required for an existing or

potential industrial user, detailed engineering plans and specifications for the facilities shall be submitted to the Director. No work shall commence on construction or alteration of the facilities without the Director's approval of the plans and specifications.

- (6) *Meet other requirements of law:*
 - (i) Facilities for pretreatment, flow reduction, flow equalization, control or storage of nonconforming wastes shall conform with the requirements of all applicable codes, ordinances, laws and regulations and all required permits shall be obtained.
 - (ii) An industrial user shall comply with the most stringent standard, regulation and requirement established in the following:
 - a. The Federal Pretreatment Regulations in 40 CFR 403;
 - b. Any applicable current or future Federal Categorical Pretreatment Standards set out in 40 CFR parts 401 through 471;
 - c. This section; and
 - d. All applicable Federal, State, or local requirements or standards.
- (7) *Operating plans.* Where the discharge to the public sewerage system of nonconforming wastes is prohibited or eliminated, operating procedures for the user shall be prepared in a manner acceptable to the Director and shall be submitted to the Director for review and approval. The procedures shall address the management, control, handling and storage of the nonconforming wastes to ensure that these wastes are not discharged to the public sewerage system, including in the event of accidental spillage. Where facilities for pretreatment, flow reduction, flow equalization, control or storage of nonconforming wastes are required, operating procedures for the facilities shall be submitted to the Director for review and approval. Approved operating procedures shall be adhered to and shall not be altered without prior approval of the Director.
- (8) *Responsibility for operation and maintenance.* Where facilities for pretreatment, flow reduction, flow equalization, control or storage of nonconforming waste are constructed as required, the industrial user shall, at the user's expense, provide for the continuous and satisfactory operation and maintenance of the facilities.
- (9) *Industrial pretreatment equipment bypass:*
 - (i) *Bypass prohibited.* An industrial user shall not allow wastewater to bypass any on-site wastewater pretreatment equipment. Adequate backup equipment shall be installed for the purpose of preventing a bypass from occurring. Maintenance activity required for the efficient, reliable operation of the facility's pretreatment system shall be performed during normal periods of equipment downtime, through the use of auxiliary pretreatment equipment, retention of untreated waste, or through other means so that the discharge of untreated wastewater is prevented.
 - (ii) *Exceptions to enforcement.* The Director may take enforcement action against an industrial user for a bypass unless:
 - a. It was unavoidable to prevent loss to life, personal injury, or severe property damage;
 - b. The industrial user submitted notices as required under "bypass notice"; and
 - c. There were no feasible alternatives to the bypass.
 - (iii) *Bypass notice.* An industrial user shall provide an oral report of an unanticipated bypass to the Director within 24 hours from the time the industrial user becomes aware of the bypass. A written report shall also be submitted within five days of the time the industrial user becomes aware of the bypass. The written submission shall contain:
 - a. A description of the bypass and its cause;
 - b. The duration of the bypass, including exact dates and times;

- c. Whether or not the bypass has been corrected and, if not, the anticipated time it is expected to continue; and
 - d. Steps taken or planned to reduce, eliminate and prevent recurrence of the bypass.
- (10) *Waste haulers.* Waste haulers shall discharge wastes to the public sewerage system only at access points and during time periods specified by the Director and according to procedures specified by the Director. Only wastes originating in Howard County shall be discharged into the public sewerage system in Howard County by waste haulers. Any vehicle used to haul sewage for disposal to the public sewerage system in Howard County shall be subject to inspection at any reasonable time by the Director. The vehicle operator shall, upon request, allow the Director to review documents which are to be carried on the vehicle, including the customer log and required permits. The Director may obtain flow measurements and samples of sewage intended for discharge to the public sewerage system prior to or during the discharge.

(h) *Monitoring and Reporting:*

- (1) *Information required.* Existing and potential industrial users and waste haulers may be required to furnish information relating to their processes and operations, and covering the quantity, quality and flow properties of sewage discharged or proposed for discharge to the public sewerage system. Existing and potential industrial users, and waste haulers, may be required to submit plans, reports, questionnaires, notices, applications, or analytical data to evaluate waste discharge characteristics and to ensure compliance with this section. The information shall be submitted in format and content acceptable to the Director and within a reasonable period of time as specified by the Director. Reports providing information required by this section shall include a signed certification statement acceptable to the Director. Reports submitted by significant industrial users shall include the certification statement as specified in 40 CFR 403.6(a)(2)(ii). Reports and certification statements shall be signed by an authorized representative of the industrial user. The required information, reports, and other documents may include:
- (i) Name, address and location (if different from address) of user;
 - (ii) SIC code of user;
 - (iii) Sewage constituents and characteristics as determined by a reliable analytical laboratory using sampling and analysis methods acceptable to the Director;
 - (iv) Time and duration of discharge;
 - (v) Average daily and peak sewage flow rates, including daily, monthly and seasonal variations, if any;
 - (vi) Site plans, floor plans, mechanical and plumbing plans and details showing sewers, sewer connections and appurtenances by size, location and elevation;
 - (vii) Description of activities, facilities and processes on the premises, including all pollutants which are or could be discharged;
 - (viii) Each product by type, amount, process or processes and rate of production;
 - (ix) Type and amount of raw materials processed or to be processed (average and maximum per day);
 - (x) Number and type of employees, hours of plant operation, and hours of operation of any existing or proposed pretreatment facility;
 - (xi) Baseline monitoring report;
 - (xii) Compliance report;
 - (xiii) Periodic self-monitoring report;
 - (xiv) Compliance schedule progress report;

- (xv) Waste management and spill control plan;
 - (xvi) Chemical storage report;
 - (xvii) Violation report;
 - (xviii) Notification of slug loading;
 - (xix) Notification of upset or bypass of required pretreatment facility;
 - (xx) Any report required by 40 CFR 403.12;
 - (xxi) Any other information as required by the Director.
- (2) *Metering, when requested data is not available.* Where the requested data is not available, the Director may require the installation of metering facilities to obtain the data. The facilities shall be approved by the Director prior to installation and shall be installed within a time frame acceptable to the Director.
- (3) *Other methods of computing flow data.* Where the Director determines that the installation and use of metering facilities by an industrial user is not feasible or warranted, flow data shall be computed using a method approved by the Director. Where applicable, computed flow data shall be based on historical records for industrial users having similar sewage flow characteristics.
- (4) *Reporting requirements and records maintenance:*
- (i) *Industrial users—Records.* Industrial users shall, when requested by the Director, measure flows and shall perform regular analyses of sewage discharged as required by the Director. Industrial users shall maintain records of sewage flows, analyses, operations and production data to demonstrate compliance with this section and as a basis for computing applicable charges and surcharges. Minimum recordkeeping requirements for significant industrial users are specified in 40 CFR 403.12(o).
 - (ii) *Waste haulers—Records.* Waste haulers shall maintain operating records as required by the Director, including information regarding the source(s) of sewage discharged to the public sewerage system. The records shall be maintained to demonstrate compliance with this section and as a basis for computing applicable charges and surcharges. Waste haulers shall maintain a customer log which shall identify each customer serviced and shall provide information related to the quality and quantity of the waste collected. The log, a copy of the permit issued pursuant to this section, and a copy of the permit issued by the Howard County Health Department shall be carried on the hauling vehicle at all times.
 - (iii) *Format of records.* Industrial users and waste haulers shall maintain records and logs in format and content acceptable to the Director.
 - (iv) *Reports:*
 - a. *General reporting requirements.* Industrial users and waste haulers shall submit logs, periodic reports and other reports as required by the Director. The format and content of the reports and logs shall be acceptable to the Director. Records maintenance and periodic reporting requirements shall be specified in the permit. Requirements for other reports shall be specified when requested by the Director.
 - b. *Minimum reporting requirements for significant industrial users.* In the case of industrial users affected by national pretreatment regulations, the content, format, and timing of the reports shall conform, as appropriate, to the requirements of the national regulations. Minimum reporting requirements for significant industrial users are specified in 40 CFR 403 and 40 CFR parts 405 through 471. All reports shall include a signed certification statement as specified in subsection (h)(1) of this section.
 - (v) *Availability for review.* All records maintained by the industrial user or waste hauler relating to compliance with this section shall be available for review and copying by the Director or authorized official representing the State or EPA. Records of an industrial user or waste

hauler shall be retained for a minimum of three years. This period shall be extended during any litigation concerning compliance with this section or permit conditions.

- (vi) *Wastewater analyses and sampling.* All analyses and sampling techniques performed in support of any application, report, proof of compliance, or as required by permit or by order of the Director, shall be performed in accordance with 40 CFR part 136 and amendments thereto. Where 40 CFR part 136 does not contain sampling or analytical techniques for the pollutant in question or where the EPA Administrator determines that the part 136 sampling and analytical techniques are inappropriate for the pollutant in question, sampling and analysis shall be performed by using validated analytical methods of any other applicable sampling and analytical procedures, acceptable to the Director or other persons approved by the EPA Administrator.
- (vii) *Resampling requirements.* If sampling performed by a significant industrial user indicates a violation, the user shall notify the County within 24 hours of becoming aware of the violation. The user shall also repeat the sampling and analysis and submit the results of the repeat analysis to the Director within 30 days after becoming aware of the violation. However, the industrial user is not required to resample if:
 - a. The County performs sampling at the industrial user at a frequency of at least once per month; or
 - b. The County performs sampling at the industrial user between the time when the user performs its initial sampling and the time when the user receives the results of this sampling.
- (5) *Responsibility for installing and maintaining permanent measurement facilities.* The industrial user shall provide and maintain at the user's expense, permanent measurement and metering facilities in order to obtain required data. The industrial user shall install measurement facilities in a time frame acceptable to the Director as specified in the permit.
- (6) *Notification of hazardous waste discharges.* An industrial user shall notify the Director of any discharge or potential discharge to the public sewerage system of a waste which could be considered hazardous waste under 40 CFR 261. The industrial user shall also notify the State and Federal Hazardous Waste Authorities of these wastes in accordance with 40 CFR 403.12(P).
- (7) *Change in character or volume of sewage.* An industrial user shall notify the Director in writing of any anticipated substantial change, either temporary or permanent, in the volume or character of pollutants in the user's discharge (including the hazardous waste for which the industrial user has submitted initial notification under subsection (h)(6)) at least four weeks prior to the anticipated change. An industrial user shall also notify the Director of any anticipated substantial change in operations, either temporary or permanent, which would differ from the approved operating plan previously prepared by the industrial user. The proposed change shall not violate the requirements established pursuant to subsection (e) "establishment of rules and regulations," or requirements established pursuant to subsection (g) "permit system; pretreatment and other control requirements" or the provisions of subsection (f) "discharge prohibitions and limitations" of this section. If the proposed change necessitates issuance or revision of a permit or plan, the change shall not take place until the permit or plan is issued or revised.
- (8) *Access to data submitted by industrial users.* Information and data on an industrial user obtained from reports, questionnaires, monitoring reports, inspections and from other sources shall be available to the public and to government agencies without restriction unless the user, at the time of submission of the data, specifically requests and is able to demonstrate under the terms of the Maryland Public Information Act that the release of the information would divulge information on processes or methods of production entitled to protection as trade secrets of the user. When requested by the industrial user, the portions of the information or data which are demonstrated to be trade secrets or secret processes shall not be made available for inspection by the public, but shall be made available upon written request by government agencies for

uses related to this section. The information shall also be available for use by the State or any State agency in judicial review or enforcement proceedings involving the industrial user. Sewage constituents and characteristics shall not be recognized as confidential information. Information, data and records pertaining to the implementation and enforcement of the provisions of this section shall be made available to the jurisdictions operating sewage treatment plants or sewerage systems to which sewage from Howard County is discharged.

(i) *Sampling and Inspection:*

- (1) *Facilities and flow records available for inspection.* All facilities, flow measurement records, sewage analyses records and operating and production records of an industrial user shall be subject to inspection at any reasonable time by the Director. Flow measurement and metering equipment shall be unobstructed and easily accessible for inspection.
- (2) *Access to facilities for sampling purposes.* The Director has the right of access to facilities of an industrial user at any reasonable time for the purpose of obtaining flow measurements and samples of sewage intended for discharge to the public sewerage system. The user shall provide convenient points of access from which flow measurements and sewage samples may be taken. The access points shall be approved by the Director. If requested by the Director, the user shall provide a manhole located outside of the building or facility at a location specified by the Director for the measurement and sampling of sewage being discharged to the public sewerage system.
- (3) *Safety rules.* During inspections and sampling operations, employees of the Department of Public Works shall observe all safety rules applicable to the premises which have been established by the industrial user.
- (4) *Right of entry.* The Director of Public Works shall have the right to enter any industrial user's or waste hauler's premises where sewage intended for discharge to the public sewerage system is produced or where records required by the provisions of this section are maintained.

(j) *Accidental or Slug Discharge:*

- (1) *Provide protection from accidental or slug discharge.* Each industrial user shall provide protection from accidental or slug discharge of nonconforming wastes. Facilities storing or using nonconforming wastes shall be subject to review and approval by the Director. The Director may require reasonable safeguards to prevent discharge or leakage of nonconforming wastes into the sewerage system.
- (2) *Notification provisions:*
 - (i) *Industrial user's responsibility.* In the event of an accidental or slug discharge as specified in subsection (j)(1) such that any provisions of this section are violated, including specific prohibitions specified in subsection (f), the industrial user shall immediately telephone the Howard County Department of Public Works and notify the Department of the incident. The notification shall include location of the discharge, type of waste, concentration, volume and corrective action taken.

Within five days of the accidental discharge, the user shall submit to the Director a detailed written report describing the time, the date, the cause of the discharge and the measures to be taken by the industrial user to prevent similar future occurrences.

- (ii) *Director's responsibility.* If the accidental discharge is to a portion of the public sewerage system tributary to a sewerage system or sewage treatment plant outside Howard County, the Director shall immediately telephone the jurisdiction operating the sewerage system or treatment plant to give notice of the accidental discharge. The Director shall provide the operating jurisdiction with the information supplied by the industrial user concerning the accidental discharge.
- (3) *Liability.* Notification pursuant to subsection (j)(2) above shall not relieve the user of liability for any loss, damage or expense which may be incurred as a result of damage to the public sewerage system, fish kills, or any other damage to person or property. Such notification shall

not relieve the user of any fines, civil penalties or other liability which may be imposed under this section or other applicable law.

- (k) *Variances.* The Director may approve a variance to specific provisions of this section provided that the variance shall not have the effect of nullifying the intent and purposes of this section. No variance shall be given to National Categorical Pretreatment Standards, National Prohibitive Discharge Standards, National Pretreatment Requirements and State Pretreatment Standards and Requirements. When the approval of a variance would provide for less stringent standards or requirements than those established by the jurisdiction operating the treatment plant or sewerage system to which the sewage is discharged, the Director shall obtain prior permission for granting approval of the waiver from the operating authority.

(l) *Enforcement:*

- (1) *Notice of violation—Citation.* The Director shall issue a notice of violation and/or citation to any user found to be violating any provisions of this section or any rules and regulations made pursuant to it. A citation may be issued for a first violation of any provisions of this section and regulations made pursuant to it. The citation and notice of violation shall state the nature of the violation and, at the discretion of the Director, shall require the user to submit a plan and schedule for correction of the violation within an appropriate time frame as specified by the Director. The notice of violation and/or citation shall be delivered in person or by certified mail. If delivered by mail, the notice of violation and/or citation shall be sent to the user's last-known address. Notification shall be deemed to have been given at the time of deposit of the notice of violation and/or citation, postage prepaid, at a mailing location regularly serviced by the U.S. Postal Service. The Director shall review and approve the plan and schedule submitted by the user with any changes the Director considers necessary to correct the violation in a timely manner.
- (2) *Injunctive relief.* The Director may commence an action for appropriate injunctive relief in a court of law against any public sewerage system user found to be violating any provisions of this section or any rules or regulations made pursuant to it.
- (3) *Responsibility for damages.* In addition to and not in substitution for any other penalties provided in this subsection, a public sewerage system user violating the provisions of this section or any rules and regulations made pursuant to it shall be liable for monetary damage to the public sewerage system and for the expense of removing any obstruction in or repairing any damage to the public sewerage system caused by the violation.

The user shall be notified in writing by certified mail of the user's liability for monetary damage, and will be allowed 30 days for payment of the expenses. If payment is not received within 30 days, the expense shall be recovered by civil suit in the name of Howard County and/or in the name of the jurisdiction where the monetary damage occurred. If payment is not made by a waste hauler within 30 days, the waste hauler shall, after written notice mailed to the waste hauler's last-known address, be prohibited from discharging sewage to the public sewerage system until payment is received.

- (4) *Prohibiting discharge; danger to environment or sewerage system.* The Director may immediately prohibit use of the public sewerage system and, if necessary, order immediate severance of the building sewer or discontinuance of water service for a user when the Director considers the prohibition necessary in order to stop an existing or expected sewage discharge which:
- (i) Presents or is likely to present an imminent or substantial endangerment to the health or welfare of persons.
 - (ii) Presents or will likely present an imminent or substantial endangerment to the environment.
 - (iii) Causes or is likely to cause interference with the operation of the public sewerage system.
 - (iv) Causes or is likely to cause damage to the public sewerage system.

- (v) Causes or is likely to cause a violation of any provision of the sewage treatment plant's NPDES permit.
 - (vi) Is from an unknown source serviced by a waste hauler.
 - (vii) Cannot be adequately sampled or monitored to determine its properties and characteristics and is suspected of being a nonconforming waste.
 - (viii) Is being or will be discharged by a user who does not have a valid permit required under the provisions of this section.
 - (ix) Is being or will be discharged by a waste hauler who does not have a valid permit issued by the Howard County Health Department.
 - (x) Is industrial sewage and is being or will be discharged by a waste hauler who has not obtained prior permission for the discharge from the Director.
- (5) *Prohibiting discharge; information not provided by waste hauler.* A waste hauler shall provide information related to a prohibited discharge as requested by the Director. The information shall be provided within a time period established by the Director. The information provided shall be as specified by the Director and may include the source of the prohibited waste hauled, the chemical and physical properties of the prohibited waste hauled, and the discharge location used for the disposal of the prohibited waste. If the hauler does not provide the information as requested, the hauler may be prohibited from discharging sewage to the public sewerage system until the information is provided.

If a waste hauler does not maintain a valid permit issued by the Howard County Health Department, the permit issued pursuant to this section may be revoked by the Director after written notice is mailed to the waste hauler's last-known address.

- (6) *Prohibiting discharge—Repeated violations.* The Director may prohibit use of the public sewerage system by a user who has repeatedly violated the provisions of this section or any rules and regulations made pursuant to it. If necessary, the Director shall order severance of the building sewer or discontinuance of water service to prevent sewage discharge to the sewerage system.
- (7) *Removal of prohibition.* The Director shall remove a prohibition of discharge to the public sewerage system upon proof of the elimination of any sewage discharge prohibited under subsection (l)(4) and assurances, acceptable to the Director, of no further violation of the provisions of this section. The user shall submit a written report, if requested, describing the causes of any sewage discharge prohibited under subsection (l)(4) and the measures taken to prevent any future occurrence within five days of the date of the occurrence.

In the case of a discharge prohibition for a repeat offender, the Director may prohibit discharge to the public sewerage system for a specified period of time. Prior to resuming discharge, a written report providing assurances acceptable to the Director of no further violations of the provisions of this section shall be submitted by the repeat offender if requested.

After written notice mailed to a repeat offender's last-known address, the Director may permanently prohibit discharge to the public sewerage system and may revoke the permit issued pursuant to this section if a repeat offender violates any provisions of this section after the repeat offender is allowed to resume discharge to the sewerage system.

- (8) *Publicizing offenders.* The Director shall publish, annually, in the largest daily newspaper, a list of significant industrial users which, at any time during the previous 12 months, were in significant noncompliance with applicable pretreatment requirements. For the purpose of this provision, an industrial user is in significant noncompliance if the violation meets one or more of the following criteria:
- (i) Chronic violations of wastewater discharge standards, defined here as those in which 66 percent or more of all the measurements taken during a six-month period exceed (by any

magnitude) the daily maximum limit or the average maximum limit for the same pollutant parameter;

- (ii) Technical review criteria (TRC) violations of national standards, defined herein as those in which 33 percent or more of all the measurements for each pollutant parameter taken during a six-month period equaled or exceeded the product of the daily maximum limit or the average maximum limit multiplied by the appropriate TRC.

TRC = 1.4 for BOD; TSS; fats, oil, and grease

TRC = 1.2 for all other pollutants except pH

- (iii) Any other violation of a pretreatment effluent limit (daily maximum or long-term average) that the Director determines has caused, alone, or in combination with other discharges, interference or pass through, including endangering the health of County personnel or the general public;
 - (iv) Any discharge of a pollutant that has caused imminent endangerment to human health or welfare, endangerment to the environment, or has resulted in the Director's exercise of emergency authority under subsection (l)(4) or (l)(5) to halt or prevent such a discharge;
 - (v) Failure to meet, within 90 days after the schedule date, a compliance schedule milestone contained in a permit or enforcement order for starting construction, completing construction, or attaining final compliance;
 - (vi) Failure to provide, within 30 days after the due date, required reports such as baseline monitoring reports, compliance reports, periodic self-monitoring reports, and reports on compliance with compliance schedules;
 - (vii) Failure to accurately report non-compliance;
 - (viii) Any other violation or group of violations which the Director determines will adversely affect the operation or implementation of the local pretreatment program.
- (9) *Civil penalties.* A user who is found to be violating any provision of this section or any rule or regulation made pursuant to it or the terms of an approved compliance schedule developed pursuant to it may be assessed a civil penalty pursuant to the provisions of title 24, "Civil Penalties," of the Howard County Code. Each day's continuance of the violation shall be considered a separate offense. A first violation of this section shall be a Class A or Class B offense. A second violation and subsequent violations shall be Class A offenses.
- (10) *Criminal penalties—Intentional violations.* A user who is found to be intentionally violating any provision of this section or any rule or regulation made pursuant to it or the terms of an approved compliance schedule developed pursuant to it shall, upon conviction thereof by a court of competent jurisdiction, be subject to a fine of not less than \$1,000.00 and not more than the maximum allowed under State law or by imprisonment for not more than six months, or both, for each offense. Each day's continuance of the violation shall be considered a separate offense.
- (11) *Criminal penalties—False statements, tampering, etc.* A person who knowingly makes false statements, representations, or certifications in an application, record, report, plan or other document filed or maintained pursuant to this section or who falsifies, tampers with or knowingly renders inaccurate a metering device or method required under this section shall, upon conviction by a court of competent jurisdiction, be subject to a fine of not less than \$1,000.00 and not more than that allowed by State law or imprisonment for not more than six months, or both, for each offense.
- (12) *Criminal and civil fines—Used for correcting violations.* The Director or a court of competent jurisdiction may specify that all or a portion of an assessed criminal or civil fine be used to correct the violation for which the fine was assessed. Before the correction is made, the Director shall approve the method of correcting the violation.

- (13) *Upset*. An upset shall not constitute an affirmative defense to an action brought for noncompliance with categorical pretreatment standards.
- (m) *Appeals*. If a public sewerage system user is aggrieved by specific terms of a final permit or a notice of violation issued pursuant to the provisions of the section, then the Director shall afford the user an opportunity to present his grievance at an informal conference to be held by the Director if so requested within 15 days of the action. The Director may modify, reverse or affirm, wholly or partly, the action previously taken. If the user remains aggrieved after being notified of the decision of the Director, then the user may file an appeal with the Board of Appeals as provided by law, within 30 days of notification of the Director's decision. The Board shall have the power to modify, reverse or affirm, wholly or partly, the action of the Director. However, the Board of Appeals may not waive, set aside or change any specific provision of this section or any rule or regulation promulgated pursuant to this section. Actions of the Director pursuant to item (4) "prohibiting discharge; danger to environment or sewerage system," item (5) "prohibiting discharge: information not provided by waste hauler" and item (6) "prohibiting discharge; repeated violations" of subsection (l) "enforcement" of this section are appealable to the Board of Appeals. Use of the public sewerage system shall be prohibited pending resolution of an appeal of actions of the Director taken pursuant to subsections (l)(4), (l)(5) and (l)(6) of this section. The terms of a final permit issued pursuant to the provisions of this section shall remain in force pending resolution of an appeal. An industrial user or waste hauler shall only discharge to the public sewerage system in conformance with the final permit until resolution of the appeal.
- (n) *Severability*. If any provision, paragraph or word of this section or any regulation or procedure promulgated pursuant to this section is invalidated by a court of competent jurisdiction, the remaining provisions, paragraphs and words of this section and the remaining regulations and procedures shall not be affected and shall continue in full force and effect.

Sec. 18.122B. - Allocation of water and wastewater capacity.

- (A) *Findings of Fact and legislative Intent*. The County Council finds that, although the County undertakes master planning for the initial construction and subsequent extension of County-owned water and wastewater facilities in accordance with the provisions of section 9-501 et seq. of the health-environmental article of the Annotated Code of Maryland and regulations promulgated pursuant thereto, temporary shortages of available capacity in water and wastewater facilities may occur as a result of health, environmental or financial considerations. The County Council further finds that, in order to strictly adhere to the requirements of the health-environmental article and to provide public knowledge regarding available capacity in the water and wastewater facilities, it is necessary to establish a method by which available capacity is calculated, priority of water and wastewater service is determined, and available capacity is allocated. The intent of the County Council is to promulgate provisions of this section to accomplish those objectives.
- (B) *Definitions*. As used in this section, the following terms have the meanings indicated:
- (1) *Active subdivision* means a subdivision for which an unexpired developer's agreement exists.
 - (2) *Available capacity of wastewater* means the positive difference between the rated capacity of a wastewater system and the annual average daily flow through the system for the preceding calendar year, less any allocations granted since the preceding calendar year.
 - (3) *Annual average daily flow of wastewater* means the total flow of wastewater through a treatment plant for the preceding calendar year, adjusted for malfunctions and divided by the number of days counted.
 - (4) *Available capacity of water* means the positive difference between the maximum daily flow available from the County's water supply agreements and the maximum daily consumption

during the preceding calendar year, less any allocations granted since the preceding calendar year.

- (5) *Degree of inactivity* means a factor, applied to the inventory of vacant lots in recorded subdivisions for which developer's agreements are not in effect, which indicates the number of lots within the subdivision reasonably expected to be constructed.
- (6) *Industrial/commercial annual average daily flow of wastewater* means the total gallons of wastewater billed to industrial/commercial uses during the preceding calendar year, adjusted for malfunctions [and] divided by the number of days counted.
- (7) *Industrial/commercial maximum average daily flow of water* means:

$$I/C \text{ MADF} = \frac{T}{D} \times \frac{MADC}{AADC}$$

Where:

I/C MADF	=	Industrial commercial maximum average daily flow of water
T	=	Total gallons of water billed to industrial commercial uses during the preceding calendar year, adjusted for malfunctions
D	=	The number of days counted
MADC	=	Maximum average daily consumption of water during the preceding calendar year
AADC	=	Annual average daily consumption of water during the preceding calendar year

- (8) *Legal lot* means:
 - (a) Any legally existing lot, tract or parcel of record, created as a separate lot, tract or parcel prior to July 27, 1948;
 - (b) Any lot, tract or parcel of record created on or after July 27, 1948, in compliance with the zoning regulations in effect at the time of its creation; or
 - (c) Any lot, tract or parcel of record created on or after July 1, 1951, in compliance with the zoning and subdivision regulations in effect at the time of its creation; provided, however, that any lot, tract or parcel created prior to February 7, 1976, and which is not exempt from the current subdivision and land development regulations pursuant to the provisions of subsection 16.108(66), title 16, subtitle 1, article II of the Howard County Code, shall not be considered a legal lot unless it is subdivided in compliance with the provisions of the above-mentioned subtitle.
- (9) *Maximum average daily consumption of water* means the quantity of water delivered to Howard County on the single day of the highest use from all supply sources during the preceding calendar year, adjusted for malfunctions or, if sufficient data is not available for determining the single day of highest use:

$$MADC = AADC \times RMAD$$

Where:

MADC	=	Maximum average daily consumption of water during the preceding year
AADC	=	Annual average daily consumption of water
RMAD	=	Ration of maximum daily water consumption to average daily consumption (derived from the design manual).

- (10) *Residential annual average daily flow of wastewater* means the difference between the annual average daily flow of wastewater for the preceding year and the industrial/commercial annual average daily flow of wastewater for the same period.
- (11) *Residential maximum average daily consumption of water* means the difference between the maximum average daily consumption of water and the industrial/commercial maximum average daily flow of water for the same period.
- (12) *Annual average daily consumption of water* means the total quantity of water delivered to Howard County from its supply sources for the preceding calendar year, adjusted for malfunctions, divided by the number of days counted.

(c) *Allocation of Capacity:*

- (1) The available capacity of wastewater and the available capacity of water shall be apportioned into two major categories. The categories are:
 - (a) Residential development of all types; and
 - (b) Commercial and/or industrial development of all types, including public facilities.

The amount of capacity available for allocation for each category shall be determined by the Director of Public Works to ensure adequate industrial and commercial growth.

- (2)
 - (a) Concurrent with the approval of a final subdivision plat for a subdivision to be served by a public water or wastewater system by the Office of Planning and Zoning, the Department of Public Works shall tentatively allocate water or wastewater capacity when available to the subdivision, subject to compliance with the provisions of paragraph (3) of this subsection, and shall notify the subdivider of the allocation.
 - (b) Upon approval of a sketch plan, written inquiry may be made as to the remaining available capacity and the units allocated against that capacity, and the Director of the Department of Public Works shall provide the requested information within a reasonable period of time.
- (3) Within 180 days from the date of approval of the final subdivision plan, the developer shall post with the County all necessary monies or file a developer's agreement covering the developer's financial obligations with appropriate security guaranteeing installation of all required public improvements. If the posting of all necessary monies or the filing of a developer's agreement with the Department of Public Works is not accomplished within the 180-day period or if the Department of Public Works rejects the agreement as submitted, the allocation is forfeited, prior approvals are void, and the final subdivision plat may not be recorded.
- (4) Upon execution of the developer's agreement by the County, the allocation is valid for the duration of the developer's agreement, which may not exceed a period of three years from the date of execution by the County; provided, however, that in the case of a subdivision for multifamily development, the term of the developer's agreement may be up to four years from

the date of execution by the County. A request for an extension or renewal of a developer's agreement for one year may be granted by the County. If the allocated capacity has not been used by the end of the fourth year or fifth year, if applicable, the allocation is forfeited. "Multifamily development," as used herein, shall mean all residential development except single-family detached.

- (5) An allocation of capacity is not assignable or transferable among subdivisions or sections of subdivisions, except that the unused balance of any allocation granted to commercial and/or industrial subdivision may be transferred among sections or lots of that subdivision.
- (6) The developer's agreement shall provide that the owner fully understands all contingencies which may affect water and wastewater capacity allocations, including, but not limited to, the following:
 - (a) Water and wastewater capacity is contingent upon the availability of Federal and State funds to finance water and wastewater capital projects where applicable;
 - (b) The County disclaims any responsibility to provide water or wastewater allocations, or to be liable for monetary damages for the failure to provide such allocation, if the County is unable to acquire, within a reasonable time, rights-of-way necessary for the construction of water or wastewater capital projects; and
 - (c) Federal or State action, including operational moratoria, may suspend, delay or affect an allocation which is otherwise granted.
- (7)
 - (a) [Notice to applicants of contingencies affecting allocation—] The appropriate County offices and departments shall inform potential applicants for developer's agreements of the contingencies set forth in paragraphs 5 and 6 of this subsection and such other contingencies as may arise from time to time which may affect the right to an allocation or the timing of an allocation.
 - (b) [Allocation to property not requiring subdivision approval—] If a property sought to be connected to a water or wastewater system does not require subdivision approval, an allocation shall be granted upon the issuance of a building permit. If the completion and certification of the building's footings and/or foundations have not been completed within six months from the date of the issuance of the original building permit, or if the building permit is revoked, the allocation is thereby forfeited. Extension of the six-month period may be for reasonable cause, authorized by the Director of the Department of Public Works.
 - (c) Grant of conditional use or zoning reclassification not authorization of allocation—The grant of a conditional use or zoning reclassification of property does not entitle any person to an allocation of water or wastewater capacity for that property. The change in use of an existing commercial/industrial property does not entitle any person to an allocation of water and wastewater capacity which would be greater than the previously recorded water or wastewater flows or existing allocation for that property. Any additional usage must be authorized under this subtitle.
 - (d) Amount of allocation—
 - (i) The allocation of available capacity of wastewater to each residential unit shall be an amount equal to the residential annual average daily flow of wastewater for the preceding calendar year divided by the total number of residential connections as of the end of the preceding calendar year.
 - (ii) The allocation of available capacity of water to each residential unit shall be an amount equal to the residential maximum average annual daily flow of water for the preceding calendar year divided by the total number of residential connections as of the end of the highest quarterly use period of the preceding year.
 - (iii) The allocation of available capacity of water and wastewater for each industrial and commercial use shall be determined by the Director of the Department of Public

Works according to the projected needs of the particular use based upon comparisons of water and wastewater usage in similar industrial or commercial developments.

- (e) Priority of allocation—Applications for allocation of available capacity of water and wastewater shall be considered according to the following priority in each major category:
 - (i) Buildings under construction that will be connected to the utility.
 - (ii) Buildings required to connect, but not as yet connected to the utility.
 - (iii) Legal buildable lots in active subdivisions for which building permits have not been issued.
 - (iv) Properties using individual water supply or wastewater systems which may connect to the system upon completion of a capital project then under construction or for which construction grants have been approved or other approved projects certified by the Director of Public Works as meeting applicable County legislation.
 - (v) Other buildable legal lots adjusted for degree of inactivity, including lots in industrial subdivisions from which prior water or wastewater allocations have been transferred to other sections or lots of that subdivision.
 - (vi) Proposed subdivisions at final plat approval stage.
- (f) Allocation commitment—The sum of the capacity requirements in categories (i) through (v) [of subparagraph 18.122B(c)(7)(e) above] equals the allocation commitment against total capacity at any point in time.
- (g) Reporting—The Department of Public Works shall publish annual reports of the allocation process status or more frequently as required by the Director of Public Works. The reports shall as a minimum, cover:
 - (i) Derivation of all the calculations of defined terms.
 - (ii) Wastewater flows and treatment capacity availability at:
 - a. Little Patuxent Wastewater Treatment Plant.
 - b. Patapsco Wastewater Treatment Plant.
 - c. Billed annual average wastewater generation in the Patapsco and Patuxent drainage areas.
 - (iii) Water purchase, consumption, and distribution:
 - a. Total purchased volume by source and 12-month period.
 - b. The volume of highest use for preceding year.
 - (iv) Derivation of capacity reservation for residential, commercial and industrial use.

Sec. 18.123. - Severability.

If any clause, sentence, part or parts of this subtitle, or of any section thereof shall be held unconstitutional or invalid, such unconstitutionality or invalidity shall not affect the validity of the remaining parts of this subtitle or of any section thereof. The County Council hereby declares that it would have passed the remaining parts of this subtitle or any section thereof if it had known such clause, sentence, part or parts of any section thereof should be declared invalid or unconstitutional.

(C.B. 17, 1969)

Sec. 18.124. - Additions to metropolitan district.

The following described and referred to parcels of land shall be incorporated into the metropolitan district of Howard County, as of July 1, 1970.

Editor's note— Pursuant to instructions of the County, the list of properties formerly contained in this section has been deleted.

Sec. 18.125. - Removal of parcel(s) from metropolitan district.

- (1) *Criteria for Removal of Parcel(s)*. Parcel(s) of land which meet all of the following criteria may be removed from the metropolitan district:
 - (a) The parcel is contiguous to non-metropolitan district property; and
 - (b) The parcel is contiguous to the perimeter of the metropolitan district; and
 - (c) There is no water or sewer connection to the parcel, or allocation of water or sewage treatment units; and
 - (d) In accordance with subtitle 5, "Maryland Agricultural Land Preservation Foundation" of title 2 of the Agricultural Article of the Annotated Code of Maryland or subtitle 5, "Agricultural Land Preservation," of title 15 of the Howard County Code:
 - (i) The parcel is all or part of an agricultural land preservation district; and
 - (ii) The owner has made written application to sell an agricultural land preservation easement to the Maryland Agricultural Land Preservation Foundation or to sell development rights to Howard County.
- (2) *Authority to Remove Property from Metropolitan District*. The County Council may enact an ordinance to remove from the metropolitan district parcel(s) of land meeting the criteria of subsection (1) above, if the Council believes that such a removal is in the public interest. In voting upon such an ordinance, the County Council shall consider the recommendation of:
 - (a) The Director of Finance, that removal of the parcel(s) will have minimal or no effect on the revenues of the metropolitan district; and
 - (b) The Director of Planning and Zoning, that removal of the parcel(s) will have minimal or no effect on the planning for, construction or operation of public water or sewer; and
 - (c) The Director of Public Works that removal of the parcel(s) will have minimal or no effect on the planning for, construction or operation of public water or sewer and will have a minimal effect on the revenues of the metropolitan district.
- (3) *Procedure for Preparation and Passage of an Ordinance to Remove Property from Metropolitan District*:
 - (a) An owner of parcel(s) which meet the criteria listed in subsection (1) above may petition the Director of Public Works for removal of parcel(s) from the metropolitan district.
 - (b) The Director of Public Works shall verify whether the parcel(s) meet all criteria listed in subsection (1) above.
 - (c) If all criteria are met, the Director of Public Works shall forward the petition, the verification and a plat of the locality to the County Council, requesting the introduction of legislation to remove parcel(s) from the metropolitan district.
 - (d) Upon introduction of an ordinance to remove the parcel(s) from the metropolitan district, the County Council shall post the property for two weeks prior to the public hearing. The notice poster shall:

- (i) Give the address of the subject property, if available.
 - (ii) Be double-sided and at least 30 inches by 36 inches in size.
 - (iii) Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster.
 - (iv) State that the subject property is proposed to be removed from the Metropolitan District and include a description of the proposal.
 - (v) Give the website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching for additional information, including plans for public review, for all projects assigned a three-digit alphanumeric code and a phone number for additional information.
- (e) The Department of Public Works, the Office of Planning and Zoning and the Office of Finance shall make recommendations to the County Council stating whether the parcel meets the criteria of subsection (2) above.
- (f) The County Council may enact the ordinance, after public hearing, in accordance with its authority under subsection (2) above.
- (4) *Effective Date of Ordinance to Remove Property from Metropolitan District:*
- (a) The effective date of an ordinance to remove property from the metropolitan district shall be concurrent with the settlement date for:
 - (i) Acquisition of an agricultural land preservation easement on the parcel(s) pursuant to subtitle 5, "Maryland Agricultural Land Preservation Foundation," of title 2 of the Agricultural Article of the Annotated Code of Maryland or acquisition of development rights pursuant to subtitle 5, "Agricultural Land Preservation," of title 15 of the Howard County Code; or
 - (ii) Fee simple purchase of the parcel(s) by Howard County for agricultural preservation pursuant to subtitle 5, "Agricultural Land Preservation," of title 15 of the Howard County Code.
 - (b) In no event shall the effective date be earlier than 60 days after enactment of the ordinance.
 - (c) Any ordinance to remove parcel(s) from the metropolitan district shall provide that it shall automatically expire if settlement for acquisition of an agricultural land preservation easement, for the acquisition of development rights or for the fee simple acquisition has not taken place within one year of passage of the ordinance.
- (5) *Administrative Procedures upon Enactment of Ordinance.* Whenever settlement has occurred for the acquisition of an agricultural land preservation easement, for the acquisition of development rights or for the fee simple acquisition for agricultural preservation:
- (a) The owner shall notify the Director of Public Works of the date that settlement has occurred.
 - (b) The Director of Public Works shall notify the County Council and the Office of Planning and Zoning of the date that settlement has occurred.
 - (c) The Director of Public Works shall notify the Director of Finance that the parcel(s) have been removed from the metropolitan district and are no longer subject to provisions of Howard County law affecting the financing of improvements to the metropolitan district.
 - (d) The Director of Public Works shall revise all required copies of the metropolitan district plat to reflect removal of the parcel(s) from the metropolitan district.
- (6) *Reentry into Metropolitan District:*
- (a) *Petition.* If an agricultural land preservation easement is terminated pursuant to the provisions of subtitle 5, "Maryland Agricultural Land Preservation Foundation," of title 2 of the Agriculture

Article of the Annotated Code of Maryland or if the owner of property has repurchased development rights from Howard County, the owner may petition for reentry into the metropolitan district, pursuant to the provision of subtitle 1, "Public Utilities," of title 18, "Public Works," of the Howard County Code.

In making recommendations to the County Council on an ordinance for reentry into the metropolitan district, the Director of Public Works shall state whether:

- (i) Existing water systems, or planned expansions thereto are adequate to serve the property.
 - (ii) Existing downstream sewer systems, or planned expansions thereto, including interceptors, force mains, pumping stations and treatment plants, will be adequate to handle flows generated by the property.
- (b) *Reentry charge.* Owners of property who petition for reentry into the metropolitan district shall pay a reentry charge equal to the greater of the following:
- (i) All ad valorem charges that would have been paid had the property remained in the metropolitan district plus five percent interest; or
 - (ii) five percent of the current assessed valuation of the property times the number of years elapsed since withdrawal of the property from the metropolitan district, up to a maximum of five years.

The ordinance for reinclusion of property in the metropolitan district shall provide for its automatic repeal upon failure of the owner of the property to pay the reentry charge within 60 days of enactment of the ordinance.

- (7) *Severability.* The provisions of this section are severable. If any provision, clause, sentence, word or part is held illegal, invalid, unconstitutional or inapplicable, such illegality, invalidity, unconstitutionality or inapplicability shall not affect or impair any of the remaining provisions, clauses, sentences, section, words or parts of this subtitle.

(C.B. 3, 1983; C.B. 72, 1988; C.B. 69, 2018, § 1)

SUBTITLE 2. - ROADS

Sec. 18.200. - General.

This section provides that the Board of Public Works of Howard County shall have the authority to recommend to the Director of Public Works the approval of the acceptance and acquisition of roads, rights-of-way and associated public improvements located within an approved subdivision for Howard County, Maryland.

(C.B. 5, 1969; C.B. 116, 1981)

Sec. 18.201. - Procedure.

The developer or subdivider of land in an approved subdivision may petition the Director of Public Works to accept title to roads, rights-of-way and associated public improvements for which an option to acquire for public purposes has already been granted to Howard County, Maryland, in consideration for approval of a subdivision plan. All petitions shall be addressed to the Director of Public Works who, upon receipt of same, shall set a hearing time and date before the Board of Public Works. The Board of Public Works shall hold a hearing, after the petitioner has given at least 30 days' notice of the subject, time and place of the hearing, by publication, two separate insertions at weekly intervals, in one or more of the newspapers published in the County. Counter petitions may be presented to the Board of Public Works,

and the Board shall take into consideration the reasons contained therein together with such other testimony as may come before the Board of the hearing.

(C.B. 5, 1969; C.B. 116, 1981)

Sec. 18.202. - Findings.

The subject property, right-of-way, road or other associated public improvement may be acquired for Howard County, if the Director of Public Works after considering the recommendations of the Public Works Boards shall affirmatively find after hearing:

- (a) That the subject right-of-way, road or other associated public improvement lies wholly within an approved subdivision.
- (b) That the subject road, right-of-way or associated public improvement is adequately described by metes and bounds and by recorded subdivision plat.
- (c) That the subject road, right-of-way or other public improvement is laid out and constructed in accordance with the approved subdivision plan, subdivision regulations of Howard County, and the design manual. However, the required sidewalks and stormwater management facilities need not be complete at the time of acceptance if they meet the criteria of the developer agreement for deferral of sidewalk and stormwater management improvements and surety has been posted with the Director of Public Works for completion of these items pursuant to the provisions of the developer agreement for deferred improvements. Further, the required stabilization, landscaping, and planting of street trees need not be complete at the time of acceptance, if surety has been posted with the Director of Public Works for completion of these items as provided in the developer agreement. The remaining sidewalks, stormwater management facilities, stabilization, landscaping, and planting of street trees shall be inspected and approved by the Department of Public Works prior to release of this surety.
- (d) That the acceptance of the property by Howard County at this time will be in the public interest.

(C.B. 5, 1969; C.B. 116, 1981; C.B. 70, 1988; C.B. 70, 1992)

Sec. 18.203. - Transfer of title.

The person petitioning the Director of Public Works shall cause to be prepared, at his expense, a deed granting and conveying good and sufficient fee simple title to the right-of-way or other public improvement to Howard County, Maryland, a municipal corporation, and it shall be the responsibility of the said petitioner, if the subject road, right-of-way or other public improvement shall be accepted by the Director of Public Works, to cause the said deed to be recorded at his expense.

(C.B. 5, 1969; C.B. 116, 1981)

Sec. 18.204. - Relocation or closing of public roads.

This section refers only to the closing or relocation of existing County public roads.

- (a) *Roads Closed or Relocated Only with Approval of County Council.* No County road may be closed or relocated unless the County Council has approved the closing or relocation either by resolution or by approval of a capital project in the budget ordinance or an amendment thereto.
- (b) *Definitions.* Words and phrases used in this section shall have their usual meanings except words and phrases defined below:
 - (1) *Closing or closure* means permanently prohibiting motorized vehicles from using or from having access to or from a County public road.

Closing does not include prohibiting use of a portion of a roadway if motorized vehicles can continue to use or have access to or from the remainder of the roadway.

- (2) *Relocation* is any permanent improvement or permanent alteration to a County public road where a part or all of the new County public road does not overlap or is not contiguous with the previously existing County public road.
- (c) *Initiating a Road Closing or Relocation:*
- (1) *By petition.* An individual, group of individuals, corporation, partnership, association, or governmental agency other than the County Executive or County Council may initiate the closing or relocation of a road by petitioning the County Council to introduce a resolution approving the closing or relocation. The petitioner shall supply the information required in subsection (d) below with the petition.
 - (2) *County Executive.* The County Executive may initiate the closing or relocation of a road by submitting for County Council approval an annual budget and appropriate ordinance or any amendment thereto which includes the road closing or relocation as a capital project or part of a capital project. The County Executive shall supply the information required in subsection (d) below at the time the annual budget and appropriation ordinance or an amendment to the capital budget is introduced.
 - (3) *County Council.* The County Council or any of its members may initiate the closing or relocation of a road by introduction of a resolution approving the closing or relocation. The sponsor(s) of the resolution shall supply the information required in subsection (d) below in order to prepare the resolution.
- (d) *Information to Be Provided.* The following information shall be supplied in order to prepare a resolution to close or relocate a road or to accompany a budget and appropriation ordinance or an amendment thereto involving a road closing or relocation:
- (1) A detailed description of the County public road to be closed or relocated.
 - (2) A certified plat signed and sealed by a professional land surveyor or property line surveyor particularly describing the County public road to be closed or relocated.
 - (3) Identification of ownership of the roadbed and rights-of-way including any easements which may exist.
 - (4) A plan for changes to traffic control which may result from the proposed closing or relocation.
- (e) *Fee.* An individual, group of individuals, corporation, partnership, association, or governmental agency other than the County initiating a road closing or relocation shall pay a fee; set annually by resolution of the County Council, to cover the costs of advertising the proposed closing, notifying persons whose property adjoins the road, and posting the road.
- (f) *Notification:*
- (1) Road closings and relocations included in a capital project shall be posted and advertised and mailings sent as for any other capital project.
 - (2) When a road is to be closed or relocated at the request of councilmember(s) or upon petition, notification is the responsibility of the County Council and shall include the following:
 - (i) The Department of Public Works, at the request of the County Council, shall post the road for 30 days prior to the public hearing on the County Council resolution. The posting shall indicate that the road is to be closed or relocated and shall indicate the date, the time and place of the public hearing on the proposed closing or relocation. The notice poster shall:
 - a. Give the location or street name of the road.

- b. Be double-sided and at least 30 inches by 36 inches in size.
 - c. Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster.
 - d. State that the road is proposed to be closed or relocated and include a description of the proposed road closing or relocation.
 - e. Give the website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching for additional information, including plans for public review, for all projects assigned a three-digit alphanumeric code and a phone number for additional information.
- (ii) The County Council shall provide at least 30 days' notice of the date, time and place of the public hearing on the proposed closing or relocation by advertising the proposed closing with at least two separate insertions at weekly intervals in one or more newspapers of general circulation in the County.
 - (iii) The County Council shall send letters by certified mail to all persons whose property abuts the limits of the proposed road closure or relocation. The letters shall be mailed no later than 30 days prior to the hearing and shall contain a full description of the road closing or relocation, and an announcement of the time, date and place of the County Council's public hearing on that closing or relocation.
- (g) *Reports and Recommendations from County Departments.* The Department of Public Works, Department of Planning and Zoning, Police Department, and Department of Fire and Rescue Services shall report to the County Council on the effect of the closing or relocation on public safety, the traffic network and public convenience and shall recommend denial or approval of the closing or relocation.
 - (h) *Council Approval.* The Council may approve the closure or relocation of a road if it finds that the closing or relocation will not adversely affect public safety, the traffic network, or public convenience.
 - (i) *Disposition of Closed or Relocated Road.* Approval of a road closing or relocation does not affect the legal ownership of the roadbed, rights-of-way, or any easements. Separate legislation pursuant to title 4 of the Howard County Code may be required to deal with disposition of this property.

(C.B. 40, 1969; C.B. 6, 1971; C.B. 30, 1990; C.B. 104, 1992; C.B. 69, 2018, § 1)

Editor's note— The provisions of C.B. 104, 1992, which changed "ordinance" to "resolution" in this section, were made effective retroactive to July 17, 1990, the effective date of C.B. 30, 1990.

Sec. 18.205. - Roads, bridges, and rights-of-way—Obstructions, damage, and drainage.

(a) *Definitions:*

- (1) In this section, section 18.206 and section 18.206A, the following terms have the meanings indicated:
- (2) *Department* means the Howard County Department of Public Works.
- (3) *Director* means the Director of the Department.
- (4) *Public property* means a County-owned or controlled road, road right-of-way, shoulder, sidewalk, ditch line, bridge, culvert, curbing, drainage facility, utility easement, or any appurtenances or signs associated with any of the above.

- (5) (i) *Structure* means anything constructed, the use of which requires permanent or temporary location on the ground or attached to something having a temporary or permanent location on the ground.
- (ii) *Structure* does not include:
- a. A newspaper box, or a mailbox meeting the standards of the United States Postal Service, provided that each is mounted on a post in conformance with "A Guide for Erecting Mailboxes on Highways" by the American Association of State Highway and Transportation Officials, Third Edition, dated 1994;
 - b. A utility pole or utility box which are not a part of a wireless facility as defined in section 18.206A of this Subtitle; or
 - c. A sign permitted in a right-of-way under subtitle 5 "Signs" of title 3 "Buildings" of the Howard County Code.
- (b) *Prohibitions Against Obstructions, Damage, and Drainage of Water.* A person may not:
- (1) Obstruct, damage, or destroy public property; or
 - (2) Except as provided under an approved plan under title 16, subtitle 1 of the County Code, discharge water or wastewater onto a public road.
- (c) *Structures on Public Property.* A person may not install temporary or permanent structures in, on, over, through, or across public property:
- (1) Without the permission of the Director; or
 - (2) Unless the person has authority to install the structure without permission under State law, or under a franchise or license issued by the County.
- (d) *Remedies:*
- (1) A person who violates a provision of this section is guilty of a misdemeanor and, upon conviction, is subject to a fine of not more than \$1,000.00, imprisonment for not more than six months, or both.
 - (2) The Department may also enforce the provisions of this subtitle with civil penalties, under title 24 "Civil Penalties" of the Howard County Code. A first violation is a Class B offense. A subsequent violation is a Class A offense. Each day that a violation continues shall be considered a separate violation.
 - (3) (i) At the request of the Director the person who installed a structure on public property, or who caused water or wastewater to be discharged onto a public road shall remove the structure or stop the discharge. The Director may require removal of a structure even if the Director previously gave permission for the structure.
 - (ii) If, after a notice from the Director under subparagraph (i) of this paragraph, a person fails to remove a structure or to stop the discharge of water or wastewater within the time stated in the notice, the Director may order the removal of the structure or cause the discharge of water or wastewater to be stopped at the expense of the person notified.
 - (iii) The Director shall keep an accurate account of the cost of the removing a structure from public property or the cost of stopping the discharge of water or wastewater onto a road, and shall submit this account to the Director of Finance. The Director of Finance shall bill the person notified under subparagraph (i) or (ii) of this paragraph. The person so notified shall pay the bill for work performed by the Department within 30 days of billing.
 - (4) The recovery of costs and the imposition of civil and criminal penalties shall be in addition to any other remedies the County may have in law or equity.

(C.B. 66, 1997; C.B. 26, 2017, § 1)

Editor's note— Section 1 of C.B. 66, 1997, repealed §§ 18.205—18.208 in their entirety. Formerly, §§ 18.205—18.208 pertained to encroachments and damages; securing permits and providing bonds; repair of damages and derived from Ch. 142 of the 1870 Code, P.L.L. 1888, Art. 14, § 113; § 252 of the 1930 Code; Ch. 740 of the 1966 Code and C.B. 32, 1985. Section 2 of C.B. 66, 1997, added §§ 18.205 and 18.206 as herein set out.

Sec. 18.206. - Construction work on public property.

- (a) *Permit Required Prior to Construction.* A person may not install, maintain, repair, relocate, or remove pipe, wire, cable, fiber optics, or other material, or perform any excavation or construction in, on, over, through, or across any public property without first obtaining a permit from the Department authorizing the work.
- (b) *Permit.* An application for a permit under this section shall be made to the Department. The application shall contain a plan and description of the proposed work and restoration of public property satisfactory to the Director. All work shall be performed in accordance with the description and plan authorized under the permit.
- (c) *Permit Fee.* The Department may not issue a permit until the Applicant has paid the permit fee pursuant to a fee schedule adopted by resolution of the County Council.
- (d) *Surety.* If required by the Director, the issuance of a permit under this section shall be conditioned on the posting of a bond, letter of credit, or other surety acceptable to the Director, which shall guarantee the cost of restoration of the public property. The Director shall determine the necessity for and the amount of the surety based on the Director's estimate of restoration that may be required as a result of the proposed work. The surety will be returned to the Applicant when the Director determines that any restoration has been satisfactorily performed.
- (e) *Restoration.* A person who performs work in public property pursuant to a permit under this section shall restore public property to a condition satisfactory to the Director. All restoration work shall conform to standards set forth in the design manual, the permit, or an agreement entered into with the Director.
- (f) *Remedies.* If the holder of a permit under this section does not satisfactorily restore the public property as provided under subsection (e) of this section, the County shall have the right to exercise any or all of the remedies as provided in this section.
 - (1) The Director may order the work done and apply the surety posted by the permit holder to recover the costs incurred by the County in performing the work.
 - (2) The Director may invoke civil penalties against the permit holder under title 24 "Civil Penalties" of the Howard County Code. A first offense is a Class B offense. A subsequent offense is a Class A offense.
 - (3) The County may file a criminal complaint. A person who violates a provision of this section is guilty of a misdemeanor and, upon conviction, is subject to a fine of up to \$1,000.00.
 - (4) The demand on surety and the imposition of civil and criminal penalties shall be in addition to any other remedies the County may have in law or equity.
- (g) *Exemption.* The section does not apply to construction covered by a developer's agreement under title 16, subtitle 1 of the Howard County Code.

(C.B. 66, 1997)

Note— See the editor's note following § 18.205.

Sec. 18.206A. - Wireless facilities on public street lights.

- (a) *Application for a Permit* . A permit is required for the installation, operation, maintenance, and removal of wireless facilities on a public street light. A permit shall not be issued by the Director unless and until an agreement for use of public street lights setting forth the terms and conditions for the installation of the wireless facilities has been reached between the County and the applicant and which agreement may include the items listed in subsection (d) of this section.
- (b) *Definitions* . In addition to the terms previously defined in this subtitle, the following terms shall have the meanings indicated:
- (1) *Public right-of-way* means the roads listed as owned and maintained by the County in the "Howard County Master Road Book" and which are classified as arterial or collector.
 - (2) *Public street light* means the existing structure owned by the County, primarily designed for lighting a public right-of-way, including the supporting pole, luminaire, arms, leased electric wires, foundations, internal dividers, hand holes, vaults, pedestals, and bases. A public street light does not include:
 - (i) A lighting system attached to a utility pole, traffic signal pole, building, or similar structure; or
 - (ii) Any facility that is privately owned.
 - (3) *Wireless facility* .
 - (i) Wireless facility means a facility that:
 - a. Is licensed or authorized by the Federal Communications Commission;
 - b. Is at a fixed location; and
 - c. Enables wireless communications between user equipment and a communications network.
 - (ii) A wireless facility includes:
 - a. Equipment associated with wireless communications services such as private, broadcast, and public safety services;
 - b. Unlicensed wireless services and fixed wireless services such as microwave backhaul;
 - c. All elements of the facility, including, without limitation, antennas, cabinets, cables, wires, back-up power supplies, and radio units; and
 - d. Facilities in, at, or near the wireless facility and associated with the facility's operations, including electric meters and electrical wiring irrespective of whether the meters and wiring are owned or maintained by the same person that owns other portions of the wireless facility.
 - (4) *Wireless provider* means the entities that are authorized by the Federal Communication Commission to provide personal wireless services as defined at 47 U.S.C., section 332(c)(7).
- (c) *Information Required* . The County shall create an application form that may require an applicant to submit the following information in the request to use the public street lights:
- (1) A technical description of the proposed wireless facilities including detailed specifications and diagrams accurately depicting the proposed wireless facilities, and the locations of the public street lights on the public rights-of-way the applicant proposes to use;
 - (2) A detailed deployment plan describing construction of the wireless facilities planned for the 12-month period following the issuance of the permit;
 - (3) Engineering certifications relating to the proposed construction;

- (4) A statement describing the applicant's intentions with respect to collocation, and if the applicant is not a wireless provider, the identity of the wireless provider(s) using the proposed wireless facilities;
 - (5) A statement demonstrating the applicant's duty to comply with applicable safety standards for the proposed activities in the public right-of-way including emergency response plan, schedule of maintenance, operation, relocation, and removal of the wireless facilities at applicant's sole cost;
 - (6) Such other information as the County may require in an application form; and
 - (7) Such other information as the County may require in its review of the application.
- (d) *Agreement for Use of Public Street Lights* . An agreement for use of public street lights shall include terms and conditions for the installation of the wireless facilities as agreed upon by the applicant and the County, which shall include fair compensation to the County for the applicant's use of the public street lights and which may also include:
- (1) Provisions that allow for the routine maintenance of the wireless facility;
 - (2) Provisions that allow for the replacement of a wireless facility with another small wireless facility that is substantially similar or smaller in size, weight, and height;
 - (3) Provisions that allow for multiple wireless facilities;
 - (4) The length of time for which an application may be considered; or
 - (5) The length of time for which a permit will be valid.
- (e) *Discretion of Director* . The Director:
- (1) May not issue a permit where, in the judgment of the Director, sufficient capacity no longer exists for additional wireless facilities to be placed in the proposed location without jeopardizing the physical integrity of public water and sewer and other utilities or other facilities already present in the proposed location, or the safe and efficient vehicular or pedestrian use of the public right-of-way; or where the use of the public street light or work associated with the use or maintenance of the wireless facility would violate applicable law.
 - (2) Shall review the application for a permit in light of the application's conformity with applicable regulations and community design guidelines and shall issue a permit on nondiscriminatory terms and conditions.
- (f) *Fees for Permit Review* . The County shall charge and an applicant shall pay a reasonable application review fee for the review of a permit issued under this section. The public street light permit review fee shall be adopted by resolution of the County Council and shall be in addition to any compensation agreed to by the parties under the agreement for use of the public street lights.
- (g) *Use of Public Right-of-Way* . Nothing in this section shall affect or limit the County's right to charge a separate fee or to require a separate consent for access to or the use of the public rights-of-way. Any permit granted pursuant to this section shall be in addition to, and not in lieu of, the fee and permit required to utilize and construct within the public right-of-way.

(C.B. 26, 2017, § 1)

Sec. 18.207. - Nontransit activity on County roads—Prohibited.

- (a) *Purpose*. In order to provide for the public's safety, to maintain the flow of traffic for vehicles using the County roads, to prevent congestion, to facilitate the passage of emergency vehicles, to protect pedestrians, and, generally, to preserve law and order, it is necessary to prohibit, with certain exceptions, activities unrelated to transit from being conducted on a County road.
- (b) *Definitions*:

- (1) *County road* means the paved portion of a County owned or controlled road, road right-of-way, or bridge, including the shoulder, and the median areas, regardless of whether the median areas are paved.
 - (2) *Patronage* means support, benefaction, investment, backing, sponsorship, aid, or donations regardless of whether anything is given in return.
 - (3) *Nontransit activity* means any activity not related to transit and includes, but is not limited to buying, selling, offering, giving of anything, and soliciting or seeking patronage, by any means or media.
 - (4) *Site-specific vending/operating* means selling or offering to sell goods or services from a stationary location on a County road with valid licenses and permits.
 - (5) *Transit* means traveling, crossing, conveying goods or persons, by vehicle or on foot, and includes related activities such as parking, stopping, resting, and observing.
- (c) *Prohibition; Exception:*
- (1) County roads are designed for transit and related activities. Except as provided in subsections (d) and (e) of this section, nontransit activities are prohibited on a County road.
 - (2) A solicitor's or peddler's license issued pursuant to subtitle 7 of title 14 of the Howard County Code, does not give the holder the right to engage in a nontransit activity prohibited by this section on a County road.
- (d) *Exceptions for Temporary Activities with Permit:*
- (1) A person may hold a parade or other activity conducted in accordance with a permit issued under subtitle 3 of title 14 of this Code.
 - (2) A person may conduct a temporary, non-transit activity in the median area of a County road for up to four days per calendar year, as follows:
 - (i) At least 21 days before the date on which the activity is planned to begin, the person shall submit an application for a permit from the County specifying the location and dates for which permission for the activity is being requested;
 - (ii) The application shall be signed by the person or an individual authorized to sign on the person's behalf;
 - (iii) The person shall submit with the application:
 - a. A permit fee of \$100.00; and
 - b. A statement of indemnification holding Howard County harmless against any claim of liability arising out of the activity;
 - (iv) The activity shall be permitted and conducted:
 - a. Only between the hours of 9:00 a.m. and sunset;
 - b. Only in median areas adjacent to a road that has a posted speed limit of 45 miles per hour or less; and
 - c. Without offering an inducement for motor vehicle drivers and passengers to leave their vehicles; and
 - d. Only if the Department of Police determines that the activity at the location will not impede traffic or endanger the person or the public.
- (e) *Exception for Site-Specific Vending/Operating With Licenses and Permits.* Subject to subsection (2) below, a person may conduct site-specific vending/operating in the shoulder area on a County road as follows:
- (1) The activity shall be permitted and conducted:

- (i) Only with appropriate and valid State and local licenses and permits displayed; and
 - (ii) Only between the hours of 8:00 a.m. and sunset; and
 - (iii) Only on roads that have a posted speed limit of 45 miles per hour or less; and
 - (iv) Only at a location in the shoulder that is at least eight feet from the edge line of the travel lane and at least 100 feet from the nearest intersections and other points of ingress or egress.
- (2) If the Department of Police or the Department of Public Works determines that a site-specific vending/operating activity at a given location impedes traffic or endangers the person or the public, then the appropriate department may order the activity to cease operating or relocate to an area deemed safe by the Department.
- (f) *Penalty for Violation.* Any person, firm or corporation who violates any provisions of this section is guilty of a misdemeanor, and, if convicted, shall be subject to a fine not exceeding \$100.00 or imprisonment not to exceed 30 days, or both fine and imprisonment. The provisions of this subtitle shall be enforced with civil penalties under title 24, "Civil Penalties," of the Howard County Code. A violation of this section is a Class B offense.

(C.B. 4, 2004, § 2; C.B. 14, 2004)

Sec. 18.208. - Reserved.

Note— See the editor's note following § 18.205.

Sec. 18.209. - Prisoners working roads.

Whenever any person shall have been convicted in any criminal proceeding of any crime or any offense against, or violation of any law, State, County or municipal, and as a punishment therefor or in default of a fine imposed, has been committed to the County jail of Howard County by the judgment of the Circuit Court for Howard County, or any district court thereof, it shall be lawful for the Department of Public Works, and it is hereby authorized and empowered, with the consent of the Sheriff of Howard County, to employ or cause to be employed any such convict or person so committed to jail as aforesaid in manual labor in cleaning, working upon, mending and repairing the public roads of Howard County and the public streets of any municipality in Howard County and in cleaning and maintaining any publicly owned building or property in Howard County, and they are hereby fully authorized and empowered, with the concurrence of the sheriff, to pass all necessary rules and regulations to prevent the escape of such convicts or persons so committed to jail as aforesaid, while so employed, and to pass such other rules and regulations which may be necessary to carry this law into full and efficient operation and effect.

(1957, Ch. 438)

Sec. 18.210. - Authority to adopt Howard County road construction regulations and specifications.

- (a) The Director of Public Works shall be empowered to develop regulations and specifications affecting the design and construction of roads and highways to be used in Howard County and shall publish them in a code to be made available by the Howard County Department of Public Works and the Department of Planning and Zoning at a minimum charge to the general public upon request. The code and its amendments shall include general instructions and specifications for the design and construction of road and highway systems, as well as details for miscellaneous structures used in connection with such systems.
- (b) Any proposed code or amendments shall be submitted to the Board of Public Works, who shall schedule a public hearing on the proposed code or amendments within 30 days of receipt of the

proposed code or amendments. The time and place of the public hearing before the Board of Public Works shall be published in at least two newspapers of general circulation in the County. The Board of Public Works may make recommendations to the Director of the Department of Public Works.

- (c) The Director of Public Works shall thereafter present the regulations and specifications, or amendments, to the County Council for adoption by appropriate resolution.
- (d) Until the County Council adopts standards and specifications under the provisions of this section, the road construction code and standard specifications adopted by the County commissioners of Howard County on March 27, 1962, shall remain in full force and effect and subject to amendment.
- (e) *Maintenance of scenic roads.* Standards for maintenance of scenic roads shall be developed by the Director of Public Works and adopted by resolution of the County Council in accordance with the procedures established in paragraphs (a) through (c) above. The standards shall ensure protection of scenic roadway elements while allowing necessary maintenance.

(C.B. 28, 1972; C.B. 51, 1994; C.B. 16, 1995)

Sec. 18.211. - Notice of preliminary and final design of certain capital projects.

- (a) The Department of Public Works shall give public notice of the availability of preliminary design plans for the following capital projects when such plans are 30 percent completed:
 - (1) Bridge or roadway construction or reconstruction.
 - (2) Installation of street lights, drainage improvements, or water and sewer systems, when such projects affect a scenic road designated pursuant to section 16.1403 of this Code.
- (b) The Department of Public Works shall hold a public meeting on the preliminary design, except the Board of Public Works shall hold the public meeting and shall comment on the design of all capital projects which affect scenic roads. Notice shall be given through the following methods:
 - (1) Posting notices for at least four weeks immediately before the meeting at the site of the project. The notice shall include purpose of meeting, project number, date and place and time of public meeting and contact telephone number.
 - (2) Publication in a newspaper of general circulation in the County for two consecutive weeks prior to meeting.
 - (3) Written notice by first-class mail at least four weeks before the meeting to the registered list of subscribers maintained by the Department of Planning and Zoning pursuant to the subdivision and land development regulations.
- (c) The Department of Public Works shall consider all comments while proceeding to final design, and wherever possible modifications which reflect concerns raised at the meeting on preliminary design may be made in the project.
- (d) When the final design is complete, a public meeting shall be held by the Department of Public Works on capital projects listed in (a) above, except that the public meeting shall be held by the Board of Public Works for all capital projects affecting scenic roads. Notice shall be given two weeks prior to the meeting through the following methods:
 - (1) Publication of notice of meeting shall appear in a newspaper of general circulation in the County for two consecutive weeks prior to meeting.
 - (2) First-class mail notices shall be sent to attendees at the preliminary design meeting on the capital project and citizens who have sent written comments to the Department of Public Works on the project.

(C.B. 42, 1983; C.B. 51, 1994)

Sec. 18.212. - Capital Improvement Master Plan (C.I.M.P.) for transportation.

(a) *Definitions:*

Capital Improvement Master Plan or C.I.M.P. for Transportation is a plan proposed by the County Executive upon the recommendations of the Director of Public Works and the Director of Planning and Zoning and adopted by the County Council pursuant to the provisions of section 22.405 of the Howard County Code. The plan indicates the capital improvements to the County's road and bridge network and public transportation system to be constructed during the next ten years in order to implement the housing and employment growth projections of the County's general plan. The C.I.M.P. for Transportation includes the roads, bridges, traffic lights, and public transportation system projects included in the Howard County Capital Budget and Capital Program and Extended Capital Program and the Maryland Consolidated Transportation Program.

(b) *Requirement to Prepare C.I.M.P. and Review it Annually.* The Department of Public Works and the Department of Planning and Zoning shall jointly prepare the C.I.M.P. for transportation pursuant to the provisions of section 22.405 of this Code. The Departments shall review the plan annually and shall submit updates as appropriate for adoption by the County Council.

(C.B. 10, 1992)

SUBTITLE 2A. - SUBSTANDARD PRIVATE ROADS¹

Footnotes:

--- (1) ---

Editor's note— C.B. 4, 1981 created subtitle 2A, §§ 18-204—18.214. After consultation with the County, the provisions have been redesignated §§ 18.250—18.260.

Sec. 18.250. - Council declarations and findings.

The County Council of Howard County hereby declares and finds as follows:

- (1) There exist within the County a substantial number of privately owned roads which are used by the public as if they are owned by the County and are connected to existing State and County roads, but which were not constructed in accordance with any particular standards since they were not subject to subdivision regulations nor developer agreements.
- (2) It may be the desire of the citizens who own and utilize those roads to have the County acquire fee simple ownership or a right-of-way in order to guarantee that the roads will be maintained in a manner which will render them serviceable for the providing of public safety and environmental protection services.
- (3) It is in the public interest that said roads be brought into the County roads system and be improved to a minimum all-weather roadway as referenced in Howard County Design Manual, Vol. III to the extent that they are serviceable for the providing of public safety and environmental protection services.
- (4) While cognizant of the Charter prohibition against the levying of a tax for the purpose of raising revenues for the construction and maintenance of public roads on other than a County-wide basis, the providing of loans for the improvement of the privately owned roads in order to permit them to be brought into the County system is consistent with the responsibility of County Government.

(C.B. 4, 1981)

Sec. 18.251. - Criteria for acceptance.

Notwithstanding the provisions of subtitle 1 hereof, roads which meet the following criteria may be accepted into the County road system:

- (1) They shall be open to the public without restriction and shall have been actually utilized by the public for vehicular traffic by January 1, 1981.
- (2) They shall be directly connected to existing State or County roads.
- (3) They shall not have been subject to subdivision regulations nor developer agreements with the County at the time of their construction nor at the time that the petition is filed.
- (4) They shall serve a minimum of five buildings of multiple ownership for each mile of roadway, and further the buildings may be dwellings or commercial buildings.
- (5) They shall be the subjects of agreements which provide for:
 - (a) The reimbursement to the County of the cost of improving the road in such amounts and under such conditions as determined by the Director of Public Works; provided however that the cost is limited to the actual audited costs of work completed in place, less overhead charges by the Department of Public Works or other County agencies.
 - (b) Liens on the real estate of those who have agreed to reimburse the County for the cost of improving the road.
 - (c) Acquisition of either fee simple title or a right-of-way to the road without any cost to the County.

(C.B. 4, 1981)

Sec. 18.252. - Estimate of improvement of the road.

The Director of Public Works shall provide to any individual who owns a road or property adjacent to a road, upon request, an estimate of the complete cost of improving a privately owned road to the extent that it would provide an all-weather minimum roadway and meet the criteria established for acceptance into the County system under this subtitle. This estimate is to be used in assisting the community in considering a petition. Actual costs of labor and materials will be subsequently determined by the actual costs of work completed to bring the road to a minimum all-weather roadway.

(C.B. 4, 1981)

Sec. 18.253. - Contents of petition.

A petition for acceptance into the County road system of a road meeting criteria as stated in section 18.251 shall be addressed to the Director of Public Works. The petition shall be signed by the owners of not less than two-thirds of the parcels of property abutting a road or of not less than two-thirds of the assessable frontage abutting the road and shall contain the following:

- (1) The names, residence or business addresses and telephone numbers of the petitioners.
- (2) The name, address and telephone number of the representative, if any, of the petitioners.
- (3) A legal description of the road.

- (4) For each parcel of the road, a list of the names, addresses and telephone numbers of the owners of property adjacent to the road, indicating as to each whether or not they are among the petitioners.
- (5) List of names of all owners of roadbed. If an owner of the roadbed is other than an abutting property owner, he shall consent to convey a right-of-way or easement.
- (6) A statement affirming that a shared cost of improving the road must be borne by the petitioners and that a lien to the extent of their agreement will be offered to the County.

(C.B. 4, 1981)

Sec. 18.254. - Review of petition.

Upon receipt of a petition, the Director of Public Works shall submit copies of same to the Director of Planning and Zoning.

(C.B. 4, 1981)

Sec. 18.255. - Hearing procedures.

- (1) Within six months of receipt of the petition, the Director of Public Works shall hold a hearing on the petition.
- (2) The Director of Public Works shall give notice of the pending hearing by publication, in one newspaper published in the County, and send notice to owners of record of the roadway, setting forth the length, location and termini of the road and the time, date and place of the hearing.
- (3) Not less than two weeks prior to the date of the hearing, the Director of Public Works shall post signs at either end of the street. The signs shall set forth the fact that the road is the subject of a petition to accept it into the County road system and that a hearing thereon will be held at the time, location and on the date as scheduled. The notice sign shall:
 - (i) Give the location or street name of the road.
 - (ii) Be double-sided and at least 30 inches by 36 inches in size.
 - (iii) Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster.
 - (iv) State that the road is proposed to be accepted into the County's road system and include a description of the proposed road incorporation.
 - (v) Give the website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching for additional information, including plans for public review, for all projects assigned a three-digit alphanumeric code and a phone number for additional information.
- (4) The burden shall be upon the petitioners to prove the criteria set forth in section 18.251.
- (5) Individuals who oppose the acceptance of the road into the County road system may be parties to the proceedings.
- (6) The hearing may be continued from time to time in the discretion of the Director of Public Works, but the notice requirements set forth in subparagraphs (2) and (3) above need be given only one time.
- (7) The Director of Public Works may promulgate regulations for the hearing process which are not inconsistent with the Howard County Administrative Procedures Act [section 2.100 et seq.] nor with the procedures set forth herein.

(C.B. 4, 1981; C.B. 69, 2018, § 1)

Sec. 18.256. - Recommendation of Director of Public Works.

Within 60 days of the conclusion of the hearing, the Director of Public Works shall make a recommendation to the County Executive as to whether the petition should be granted. In making his recommendation to the County Executive, the Director of Public Works shall utilize the criteria set forth in section 18.251.

(C.B. 4, 1981)

Sec. 18.257. - Decision of County Executive.

The County Executive shall issue a written decision either granting or denying the petition within 30 days of receipt of the recommendation of the Director of Public Works, which decision shall be mailed forthwith to all parties.

(C.B. 4, 1981)

Sec. 18.258. - Responsibility for costs.

The total project cost as determined by the Director of Public Works, including but not limited to advertising, legal fees, title fees, labor and materials, less overhead charges by the Department of Public Works or other County agencies, will be shared one-third by the County and two-thirds equally by the landowners who sign agreements with the County.

(C.B. 4, 1981)

Sec. 18.259. - Road improvement loan fund.

- (a) A road improvement revolving fund is established for the purpose of making loans available to owners of private roads within Howard County.
- (b) The length of the loan shall be determined by the agreement as set forth in subsection 18.251(5), but in no event shall it exceed 25 years. Interest rates shall be determined by the said agreement.
- (c) The Director of Public Works is authorized to establish and administer rules and procedures for the road improvement loan fund in accordance with section 2.102 of the Howard County Code.

(C.B. 4, 1981)

Sec. 18.260. - Severability.

If any clause, sentence, part or parts of this subtitle or of any section thereof shall be held unconstitutional or invalid, such unconstitutionality or invalidity shall not affect the validity of the remaining part of this subtitle or of any section thereof. The County Council hereby declares that it would have passed the remaining parts of this subtitle or any section thereof if it had known such clause, sentence, part or parts of any section thereof should be declared invalid or unconstitutional.

SUBTITLE 3. - SEDIMENT AND EROSION CONTROL [L21](#)

Footnotes:

--- (2) ---

Editor's note— C.B. 3, 2013, amended Subtitle 3 in its entirety to read as herein set out. The previous Subtitle 3 pertained to the same subject matter and its derivation is as follows: Subtitle 3, §§ 18.300, 18.301, entitled "Bridges," derived from §§ 1, 2 of ch. 280 of the Acts of 1892 and P.L.L. 1930, art. 14, §§ 32, 33, was repealed by C.B. 11, 1985. Subsequently, C.B. 6, 2001, enacted a new Subtitle 3 as set out herein.

State Law reference— Sedimentation control, Ann. Code of Md., Environment article, § 4-101 et seq.

Sec. 18.300. - Purpose and authority.

- (a) *Purpose.* The purpose of this subtitle is to protect, maintain, and enhance the public health, safety, and general welfare by establishing minimum requirements and procedures to control the adverse impacts associated with land disturbance.
- (b) *Authority.* The goal is to minimize soil erosion and prevent off-site sedimentation by using soil erosion and sediment control practices designed in accordance with the Code of Maryland Regulations (COMAR) 26.17.01, the 2011 Maryland Standards and Specifications (Standards and Specifications) and Title 4 of the Environment Article of the Annotated Code of Maryland. This subtitle represents the minimum erosion and sediment control requirements and is not intended to limit or repeal any other powers granted to the County under State law.

(C.B. 3, 2013, § 1.2)

Sec. 18.301. - Definitions.

Terms used in this subtitle shall have the meanings set forth in section 3.401 of this Code.

(C.B. 3, 2013, § 1.2)

Sec. 18.302. - Applicability.

No person shall disturb land or create or cause a discharge of sediment or stormwater in violation of this subtitle without implementing soil erosion and sediment controls in accordance with the requirements of this subtitle; title 3, subtitle 4 of this Code; and the standards and specifications, except as provided within this subtitle. A person may not clear or grade land unless the person obtains a grading permit under section 3.402 of this Code and implements soil erosion and sediment controls in accordance with the requirements of section 3.403 of this Code.

(C.B. 3, 2013, § 1.2)

Sec. 18.303. - Inspection.

- (a) The Administration is responsible for the inspection and enforcement of all land disturbing activities, including those sites requiring an erosion and sediment control plan as specified by this subtitle and title 3, subtitle 4 of this Code. This enforcement authority may be delegated to the County through a request by the County or required as a condition of a National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System Permit. This section applies to the Administration, or, the County, if delegated enforcement authority.

- (b) **Inspection; Frequency and Reports:**
- (1) The owner/developer shall maintain a copy of the approved erosion and sediment control plan on site.
 - (2) Every active site having a designed erosion and sediment control plan should be inspected for compliance with the plan on average once every two weeks.
 - (3) A written report shall be prepared by the Department of Public Works after every inspection. The report shall describe:
 - (i) The date and location of the site inspection;
 - (ii) Whether the approved plan has been properly implemented and maintained;
 - (iii) Practice deficiencies or erosion and sediment control plan deficiencies;
 - (iv) If a violation exists, the type of enforcement action taken; and
 - (v) If applicable, a description of any modifications to the plan.
 - (4) The Department of Public Works shall notify the on-site personnel or the owner/developer in writing when violations are observed, describing:
 - (i) The nature of the violation;
 - (ii) The required corrective action; and
 - (iii) The time period in which to have the violation corrected.
 - (5) A permittee shall request that the Department of Public Works inspect completed work to ensure compliance with the approved site development plan, erosion and sediment control plan, the grading or building permit, and this subtitle:
 - (i) Upon completion of installation of perimeter erosion and sediment controls, prior to proceeding with any other earth disturbance or grading.
 - (ii) Upon establishment of final grades; and
 - (iii) Upon final stabilization before removal of sediment controls.
 - (6) No other building or grading inspection approvals may be authorized until initial approval by the Department of Public Works under paragraph (5) of this subsection is granted.
- (c) *Modifications to Erosion and Sediment Control Plans.* When inspection of a site indicates that modification of an approved erosion and sediment control plan is appropriate:
- (1) For a major modification to an approved plan, including a modification due to inadequate control of erosion and sediment as revealed through inspection, the permittee shall submit a request for a modification to the Howard Soil Conservation District; or
 - (2) For a minor modification, an inspector may approve a modification in the field based on a documented field inspection report. The Howard Soil Conservation District, in conjunction with the Department of Public Works, shall maintain a list of allowable field modifications approved by the Administration for use by the inspector.
- (d) *Complaints.* The Inspection Agency shall accept and investigate complaints regarding erosion and sediment control concerns from any interested parties and:
- (1) Conduct an initial investigation within three working days from receipt of the complaint;
 - (2) Notify the complainant of the initial investigation and findings within seven days from receipt of the complaint; and
 - (3) Take appropriate action when violations are discovered during the course of the complaint investigation.

(C.B. 3, 2013, § 1.2)

Sec. 18.304. - Enforcement.

- (a) *Enforcement Authority.* The County shall, through the authority of this subtitle and COMAR 26.17.01 and 26.08.01.01b(20), use enforcement actions when violations of this subtitle occur. Any step in the enforcement process may be taken at any time, depending upon the severity of the violation.
- (b) *Right of Entry.* The County may enter upon property to ensure compliance with this subtitle. If a permit is revoked, the County may enter the property and perform work in order to stabilize the soil within the construction areas, to construct sediment control measures on the perimeter of the site to control mud and silt, or to provide positive drainage patterns.
- (c) *Corrective Action Order.* When the County determines that a violation of this subtitle has occurred, the County shall notify the on-site personnel or the permittee in writing of the violation, describe the required corrective action and the time period in which the violation shall be corrected.
- (d) *Stop-Work Order.* If a person clears or grades land in violation of the approved site development plan or erosion and sediment control plan, the County may issue a stop-work order banning any or all construction activity on the site except temporary sediment control measures specified by the County, until a grading permit is issued or the violation is abated.
- (e) *Civil Citation.* When the County identifies a violation of this subtitle, the County may issue a citation to the owner/developer or the permittee, or both, assessing civil penalties in accordance with section 18.306 of this subtitle. The contents and enforcement of the citation shall be governed by title 24 of this Code.
- (f) *Injunctive Relief.* Any agency whose approval is required under this subtitle or any interested person may seek an injunction against any person who violates or threatens to violate any provision of this subtitle.
- (g) *Other Legal Action.* The County may take any of the enforcement actions authorized by this subtitle regardless of whether any other enforcement action has been taken for a violation and may take other legal action including, without limitation, referral for criminal enforcement or a civil action for damages to recover double the amount of costs incurred by the County for actions taken to abate a violation. The county shall use any damages recovered under this section solely for the county's erosion and sediment control program, including correcting failures to implement or maintain sediment and erosion controls.

(C.B. 3, 2013, § 1.2)

Sec. 18.305. - Denial of permits.

The Department of Inspections, Licenses and Permits may deny the issuance of any permits to an applicant when it determines that the applicant is not in compliance with the provisions of a building or grading permit or approved erosion and sediment control plan.

(C.B. 3, 2013, § 1.2)

Sec. 18.306. - Penalties.

- (a) *Criminal Penalties.* Any person who violates any provision of this subtitle, or any rule, regulation, order or permit issued under this subtitle, is guilty of a misdemeanor and upon conviction is subject to a fine not exceeding \$1,000.00, or imprisonment not exceeding six months, or both, for each violation. Each day a violation occurs or continues is a separate offense. Costs may be imposed at the discretion of the court.

- (b) *Civil Penalties.* A violation of this subtitle is a Class A offense and any person who violates any provision of this subtitle, or any rule, regulation, order, or permit issued under this subtitle, is subject to a civil penalty up to \$1,000.00 for each violation. Each day a violation occurs or continues is a separate offense.

(C.B. 3, 2013, § 1.2)

Sec. 18.307. - Severability.

If any portion, section, subsection, sentence, clause, or phrase of this subtitle is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision and such holding shall not affect the validity of the remaining portion of this subtitle, it being the intent of Howard County that this subtitle shall stand, notwithstanding the invalidity of any portion, section, subsection, sentence, clause, or phrase, hereof.

(C.B. 3, 2013, § 1.2)

SUBTITLE 4. - SIDEWALKS

Sec. 18.400. - Sidewalks; obstructions.

The County Council of Howard County is empowered to adopt such reasonable rules and regulations respecting the use of sidewalks in Howard County, including the right to prevent encroachment thereon and obstruction of the same.

(1947, Ch. 590, § 73B)

Sec. 18.401. - Sidewalks; obstructions; penalties.

Any persons violating any rules or regulations that may be adopted in accordance with section 18.400, "Sidewalks; Obstructions," shall, upon conviction, be deemed guilty of a misdemeanor, and be subject to a fine of not less than \$25.00 nor more than \$50.00. Alternatively or in addition to and concurrent with all other remedies, the Department of Public Works or the Police Department may enforce the rules and regulations with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation shall be a Class E offense.

(1947, Ch. 590, § 73C; C.B. 32, 1985)

Sec. 18.402. - Maintenance of sidewalks, driveways and sod.

- (a) It shall be the duty and obligation of the owner of property abutting a public right-of-way to maintain the abutting sidewalk, driveway apron and sod or grass within the public right-of-way in such condition as to be safe for public use. However, if the sidewalk has been damaged solely by the roots of trees in the County right-of-way or by a County water or sewer construction project, then it shall be the responsibility of the County to replace or repair the sidewalk damaged by the tree roots or by the County water or sewer construction project.
- (b) The repair of any sidewalk or driveway apron may be made after first obtaining a permit from the Department of Public Works, and the work shall be done in accordance with County standards.
- (c) A property owner whose property abuts a public sidewalk in need of repair may request the Director of Public Works to do the required sidewalk repair or replacement at the property owner's expense.

- (d) When the Director of the Department of Public Works finds public sidewalk, driveway apron or sod which needs repairs and is not safe for public use, it shall be his duty to give notice to the abutting property owner of the necessary repairs by sending a registered letter to the address of the owner shown on the current tax records in the office of the Director of Finance. The notice shall advise the property owners that they have a 60-day period from the date of notice in order to repair the sidewalk, driveway apron or sod. The notice to repair sent by the Director to the property owner shall also indicate that the Department of Public Works will do the work on the sidewalk at the property owner's request if the property owner agrees to pay the costs of the work. The notice shall advise the owner that he has the right to appeal the Director's decision to the Board of Appeals within 30 days of the issuance of the notice and shall explain the procedures upon failure to comply with the order or repair the sidewalk, driveway apron or sod.
- (e) Any person aggrieved of the action of the Director with regard to subsection (d) shall have the right to appeal the action to the Board of Appeals, within 30 days from the mailing of the notice by the Director of Public Works to the property owner.
- (f) If the property owner has not:
 - (1) Repaired the sidewalk, driveway apron or sod within the 60-day period or within 60 days following a final decision on appeal; or
 - (2) Notified the Department of Public Works of intent to repair by exhibiting a signed contract or other proof satisfactory to the Department of Public Works; or
 - (3) Agreed to repair the driveway apron and/or sod and signed an agreement with the Department of Public Works to have the Department of Public Works do any necessary sidewalk work;

The Director of the Department of Public Works shall order the work done and shall bill the owner of the property an amount equal to 100 percent of the cost of labor and material.

- (g) Whenever the Department of Public Works repairs or replaces sidewalks at the request of the owner of the abutting property or does any repair because the owner has not complied with a notice to do so, the Department shall keep an accurate account of the costs of the work. The Department of Public Works shall provide the Director of Finance with a copy of the accounts.
 - (1) *Billing.* Upon completion of the repair or replacement, the Director of Finance shall bill the property owner for the costs of the work.
 - (2) *Payment.* The property owner shall pay the bill for the work on the driveway apron or sod within 30 days of billing. The property owner may pay the bill for the sidewalk work within 30 days of billing or may pay the costs plus six percent annual interest in installments over a five-year period.
 - (3) *Early repayment:*
 - (i) A property owner who has elected to pay the costs of sidewalk repair or replacement over a five-year period may pay the entire outstanding balance plus interest to date at any time during the five-year period.
 - (ii) If the property owner sells or transfers the property, the outstanding balance plus interest to date shall become due and payable as of the date of transfer of the property.
- (h) (1) Subject to paragraph (2) of this subsection, it shall be the duty and obligation of the owner of property abutting a sidewalk in a public right-of-way to remove snow from the sidewalk within 48 hours after the snow has fallen. In the case of a multiunit building with more than one occupant, it shall be the duty of the lessor to remove the snow unless the lessor has obligated a tenant who is actually occupying the property to do so. Any owner of property abutting a sidewalk in a public right-of-way, lessor of a multiunit building, or tenant obligated by the lessor, who fails to remove the snow from the abutting sidewalk within 48 hours after the snow has fallen shall be guilty of a misdemeanor, and upon conviction thereof, shall be subject to a fine of not less than \$25.00 nor more than \$50.00. Alternatively or in addition to and concurrent with all other remedies, the Department of Public Works or the Police Department may enforce the

subsection with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation shall be a Class E offense.

- (2) If the County Executive declares a state of emergency under section 6.103 of the County Code, the County Executive may extend the time to remove snow.
- (i) The term *property owner* as used in this subtitle includes any interest in property held by a condominium or homeowners' association.

(C.B. 4, 1970; C.B. 21, 1976; C.B. 32, 1985; C.B. 63, 1988; C.B. 105, 1989; C.B. 13, 2016, § 1)

SUBTITLE 5. - STORM DRAINAGE SYSTEMS¹

Footnotes:

--- (3) ---

Editor's note— Section 5 of C.B. 5, 2005 amended former subtitle 5 in its entirety to read as herein set out. Former subtitle 5, §§ 18.500—18.503 pertained to private drainage systems in residential areas and derived from C.B. 7, 1980; C.B. 32, 1985; C.B. 56, 2000.

State Law reference— Stormwater management, Ann. Code of Md., Environment article, § 4-201 et seq.
Sec. 18.500. - Purpose.

The purpose of this subtitle is to provide for the proper functioning of the storm drainage systems within the County, including waterways, to prohibit certain stormwater and nonstormwater discharges to storm drainage systems or waterways, to require the repair and maintenance of privately owned storm drainage facilities, and to provide that the failure to maintain certain privately owned storm drainage facilities is a violation of this subtitle.

(C.B. 3, 2005, § 5; C.B. 10, 2019, § 1)

Sec. 18.501. - Definitions.

Terms used in this subtitle have the meaning indicated.

- (a) *Best management practice* shall have the meaning set forth in title 18, subtitle 9 of the Howard County Code.
- (b) *Department* means the Department of Public Works.
- (c) *Director* means the Director of the Department of Public Works or the Director's authorized designee.
- (d) *Discharge* means:
 - (1) The addition, introduction, leaking, spilling, or emitting of a pollutant into the waters of this State; or
 - (2) The placing of a pollutant in a location where the pollutant is likely to pollute.
- (e) *Hazardous material* means a material, including a substance, waste, or combination thereof, which, because of its quantity, concentration, physical, chemical, or infectious characteristics, may cause or significantly contribute to a substantial present or potential hazard to human health, safety, property, or the environment when improperly treated, stored, transported, disposed of, or otherwise managed.

- (f) *Illicit connection* means either:
 - (1) A drain or conveyance, either on the surface or subsurface, which allows a discharge, prohibited under section 18.502 of this subtitle, to enter a public storm drainage facility or waterway, regardless of whether the drain or conveyance had been previously allowed, permitted, or approved by the Department; or
 - (2) A drain or conveyance connected to a public storm drainage facility or waterway which has not been documented in a plan, map, or equivalent record and approved by the Department.
- (g) *National Pollutant Discharge Elimination System (NPDES) Stormwater Discharge Permit* means a permit issued by the Environmental Protection Agency or by a State acting under authority delegated pursuant to 33 U.S.C. § 1342(b) that authorizes the discharge of pollutants to waters of the United States. The permit may be applicable on an individual, group, or general area-wide basis.
- (h) *Nonstormwater discharge* means any discharge to a storm drainage facility or waterway that is not composed entirely of stormwater.
- (i) *Person* means an individual, corporation, firm, partnership, association, organization, a group acting as a unit, or an executor, Administrator, trustee, receiver or other representative appointed according to law.
- (j) *Pollutant* means anything which causes or contributes to pollution. A pollutant may include, but is not limited to, paints, varnishes and solvents, oil or other automotive fluids, nonhazardous liquid and solid wastes, yard wastes, refuse, rubbish, garbage, litter, other discarded or abandoned objects, ordinances and accumulations which may cause or contribute to pollution, floatables, pesticides, herbicides, fertilizers, hazardous substances and wastes, sewage, fecal coliform and pathogens, dissolved and particulate metals, animal wastes, construction wastes and residues, noxious or offensive matter of any kind, or any other chemical substance.
- (k) *Premises* means a building, lot, parcel of land, or portion of land whether improved or unimproved including, without limitation, adjacent sidewalks or parking strips.
- (l) *Storm drainage facility* means a facility in which stormwater is collected or conveyed, including, without limitation, a road with a drainage facility, a municipal street, gutter, curb, inlet, piped storm drain, pumping facility, best management practice, reservoir, or other drainage structure.
- (m) *Storm Drainage System* means public and privately-owned storm drainage facilities and waterways.
- (n) *Stormwater* means any surface flow, runoff, or drainage consisting entirely of water from any form of natural precipitation and resulting from such precipitation.
- (o) *Waterway* means any natural, manmade, or altered stream, river, creek, ditch, gully, ravine, lake, or wash, in and including any adjacent area that is subject to inundation from overflow or flood water.

(C.B. 3, 2005, § 5; C.B. 10, 2019, § 1)

Sec. 18.502. - Prohibited discharges and illicit connections.

- (a) *Prohibited Discharges.* Except as provided in subsection (b) of this section, a person shall not discharge or cause or allow to be discharged any pollutant or nonstormwater discharge into a storm drainage facility or waterway which shall contaminate or otherwise alter the physical, chemical, or biological properties of any water conveyed to a storm drainage facility including, without limitation, a change in the temperature, taste, color, turbidity, or odor.
- (b) *Exceptions.* The following discharges are exempt from the prohibitions set forth in subsection (a) of this section:
 - (1) Waterline flushing or discharges from other potable water sources, landscape irrigation or lawn watering, diverted stream flows, rising groundwater, uncontaminated groundwater infiltration, uncontaminated pumped groundwater, foundation or footing drains, air conditioning

condensate, irrigation waters, springs, individual residential vehicle washing, flows from riparian habitats and wetlands, dechlorinated swimming pool discharges, and fire fighting activities; or

- (2) Discharges permitted under a NPDES stormwater discharge permit or a nonstormwater discharge permitted under a NPDES discharge permit.
- (c) *Prohibited Illicit Connections.* A person shall not construct, use, maintain, or allow the continued existence of an illicit connection.
- (d) *Remedies:*
- (1) *Written notice.* The Director shall provide written notice to the owner, tenant, licensee, or any other person causing or permitting a prohibited discharge or illicit connection to cease the prohibited discharge or illicit connection or to remove the illicit connection. The Director may require removal of an illicit connection even if the Director previously gave permission for the connection. The Director's written notice shall specify the time allowed for completion of the remedial action and shall be served by personal service or certified mail, restricted delivery. In the event that service cannot be obtained by personal service or certified mail, restricted delivery, the notice may be posted on the property in a conspicuous location.
 - (2) *Court order.* Upon failure to cease the prohibited discharge or failure to remove an illicit connection within the time allowed in the notice, the Director shall petition the court for an order to enter the property, to conduct remedial repairs, and to be awarded the costs to complete those repairs.
 - (3) *Emergency repairs.* If the Director has evidence that a prohibited discharge or illicit connection threatens the public health and safety, the Director may enter the property and make repairs in order to abate the public health or public safety hazard without prior written notice to the owner, tenant, licensee, or any other person causing or permitting a prohibited discharge or illicit connection. The Director may seek a court order assessing the costs of the abatement against the owner, tenant, licensee, or any other person causing or permitting a prohibited discharge or illicit connection.
 - (4) *Additional penalties.* The recovery of costs and the imposition of civil and criminal penalties shall be in addition to and concurrent with any other remedies the County may have in law or equity.

(C.B. 3, 2005, § 5)

Sec. 18.503. - Right of entry.

- (a) *Generally.* Except as provided in subsection (b) of this section, the Director may enter any building, structure, or premises at any reasonable time for the purpose of enforcing this subtitle and for performing duties related to this subtitle.
- (b) *Consent.* The Director may enter a private dwelling to inspect for a violation of this subtitle with the consent of the occupant or owner. If entry is refused, the Director may seek a court order to permit entry to the dwelling.
- (c) *Threat to Public Health and Safety.* Upon providing proof of identity prior to entry, the Director may enter a building, structure, or premises:
 - (1) Where there is evidence that a violation of this subtitle exists which threatens or may threaten the public health and safety for the purpose of performing duties pursuant to the provisions of this subtitle; or
 - (2) To remove natural and man-made obstructions in stream channels and in the floodway of streams, which may impede the passage of water during rain events. This provision does not create any responsibility of the County for the clearance or maintenance of the stream, or for

flooding, and does not affect the rights and obligations of private property owners regarding the floodplain or maintenance of stream channels.

(C.B. 3, 2005, § 5; C.B. 10, 2019, § 1)

Sec. 18.504. - Repair and maintenance of private storm drain facilities in residential areas.

(a) *Single Residential Lot Storm Drainage Facilities:*

- (1) Privately owned storm drainage facilities which are associated with the development of a lot or parcel for a single residence and which primarily benefit the owner or user of the lot or parcel shall be the responsibility of the property owner to maintain, repair, or replace.
- (2) The repair or replacement of any storm drainage facility associated with the development of a lot or parcel for a single residence may be made by the property owner after written approval is obtained from the Department, and the work shall be done in accordance with such approval.
- (3) If the County determines that deficiencies exist in a private stormwater drainage facility associated with the development of a lot or parcel for a single residence, the County shall give notice to the property owner in writing of the deficiencies, describe the required corrective action, and the time period to have the deficiencies corrected. The notice shall be given by sending a letter by certified mail to the address of the owner as shown in the current tax records kept by the Department of Finance. Failure of the property owner to complete the required corrective action in the specified time is a violation of this subtitle.
- (4) If the property owner fails to correct the deficiencies within the specified time frame, the County may apply to the appropriate court for an order allowing the County to enter the property and to make, at the property owner's expense, the necessary repairs or replacement of the facility.
- (5) Following entry of the order and completion of the repair or replacement, the County shall send to the property owner a bill for the costs to correct the deficiencies. If the bill is not paid within 30 days, the County may file with the court a verified statement of costs, for the purpose of entering a civil judgment in the County's favor against the property owner.

(b) *Storm Drainage Facilities Serving More Than a Single Residential Lot:*

- (1) For purposes of this subsection, a residentially developed lot or parcel shall not include an apartment building or other residential property owned or operated for a commercial use. Privately owned storm drainage facilities that primarily serve residentially developed lots or parcels and which convey or retain stormwater from other upstream lots or parcels, public rights-of-way, easements, or fee simple lands shall be the responsibility of Howard County to maintain, repair, or replace after:
 - (i) The Director determines that the facility is in compliance with County standards in design, construction, and maintenance; and
 - (ii) An easement, public right-of-way, or fee simple land is dedicated by the property owner, accepted by Howard County, and recorded in the land records of Howard County.
- (2) If a privately owned storm drainage facility is not in compliance with County standards, the property owner may request the Director to repair or replace the storm drainage facility at the property owner's expense in order to bring the facility into compliance with County standards after an easement, public right-of-way, or fee simple land is dedicated by the property owner to the County. The property owner shall enter into an agreement with the County to have the County repair or replace the storm drainage facility. The agreement shall be recorded among the land records of Howard County. The agreement shall include the terms and conditions for completion of the work and for payment by the property owner of the costs to repair or replace the storm drainage facility. The cost to repair or replace the storm drainage facility shall be paid in full upon the transfer of all or any portion of the property served by the storm drainage facility.

With the consent of the County, the property owner may elect to pay the costs in annual installments.

- (3) If the Director determines that a privately owned storm drainage facility that primarily serves residential developed lots or parcels is adversely affecting the function, performance, or physical condition of a structure or storm drainage facility on publicly owned land or within a public right-of-way, other downstream property, or represents a safety or health hazard, the Director may enter into an agreement with the property owner to make such repairs or replace the facility as may be deemed necessary to relieve the adverse condition. The cost of the repairs or replacement shall not be charged to the private property owner unless the adverse condition on the private property is directly attributable to the property owner's failure to perform adequate maintenance, in which case the owner may be charged any amount of the cost of repairs or replacement up to 100 percent of the total cost. The agreement between the property owner and the County shall include the terms and conditions for completion of the work and for payment by the property owner of any amount of the cost of repairs or replacement which is charged to the property owner.
- (4) In lieu of repairing or replacing a storm drainage facility that primarily serves residentially developed lots or parcels, as provided in paragraphs (1) and (2) of this subsection, it is within the discretion of the Director to construct alternative storm drainage facilities to relieve the adverse condition caused by the existing facility.
- (5) If a property owner does not permit the County to repair or replace a storm drainage facility that primarily serves residentially developed lots or parcels, as provided in paragraph (3) of the subsection, and the Director deems it appropriate not to exercise the option of constructing alternative storm drainage facilities to relieve the adverse condition, as provided in paragraph (4) of this subsection, then the repair or replacement of the storm drainage facility shall be the responsibility of the property owner. In such case, the provisions of subsections (a)(3) through (5) of this section shall apply, and the procedures therein shall be followed.

(C.B. 3, 2005, § 5; C.B. 10, 2019, § 1)

Sec. 18.505. - Implementation.

The County Executive is authorized to create a fund and appropriate capital projects to implement the provisions of section 18.504 of this subtitle. The Director shall be responsible for implementing the provisions of section 18.504 of this subtitle to the extent that funds for such are approved in the annual budget.

(C.B. 3, 2005, § 5)

Sec. 18.506. - Annual report.

The Director shall publish an annual report on April 1, which shall contain the following information relating to the repair or replacement of storm drainage facilities on private land:

- (a) The location, description of the work, and costs involved in each case, of:
 - (1) Any storm drainage facilities repaired or replaced by owners under the provisions of subsection 18.504(a)(2) of this subtitle;
 - (2) Any storm drainage facilities repaired or replaced by the County, or otherwise, under the provisions of subsection 18.504(a)(4) of this subtitle;
 - (3) Any storm drainage facilities repaired or replaced by the County under the provisions of subsection 18.504(b)(3) of this subtitle; and

- (4) Any storm drainage facilities repaired or replaced by owners under the provisions of subsection 18.504(b)(5) of this subtitle;
- (b) The location, description of the work, and cost of any alternative storm drainage facilities constructed under the provisions of subsection 18.504(b)(4) of this subtitle;
- (c) The location and description of any storm drainage facilities dedicated to Howard County under the provisions of subsections 18.504(b)(1) and (2) of this subtitle; and
- (d) An accounting of the fund authorized under section 18.505 of this subtitle if such a fund is established.

(C.B. 3, 2005, § 5)

Sec. 18.507. - Penalties and remedies.

- (a) *Criminal Penalties.* Any person, firm or corporation violating any section of this subtitle is guilty of a misdemeanor and upon conviction is subject to a fine not exceeding \$900.00, or imprisonment not exceeding five months or both.
- (b) *Civil Penalties.* Alternatively or in addition to and concurrent with all other remedies, the Department may enforce the provisions of this subtitle with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation of this subtitle is a Class A offense. Each day that a violation continues is a separate offense.
- (c) *Injunctive and Other Relief.* The Director is authorized to institute on behalf of Howard County any legal action, including an action for appropriate injunctive relief, in order to compel compliance with any of the provisions of this subtitle.

(C.B. 3, 2005, § 5)

SUBTITLE 6. - SANITARY LANDFILL REGULATIONS

Sec. 18.600A. - Capital Improvement Master Plan (C.I.M.P.) for Solid Waste.

- (a) Definitions:
 - (1) *Capital Improvement Master Plan; C.I.M.P. for Solid Waste* is a plan proposed by the County Executive upon the recommendation of the Director of Public Works and adopted by the County Council pursuant to the provisions of section 22.405 of the Howard County Code. The plan indicates the capital improvements to the County's solid waste acceptance and disposal systems to be constructed during the next ten years in order to implement the housing and employment growth projections of the County's general plan and the master plan for solid waste adopted pursuant to the requirements of the natural resources article of the Annotated Code of Maryland. The C.I.M.P. for Solid Waste included the solid waste acceptance and disposal projects included in the Howard County Capital Budget and Capital Program and Extended Capital Program.
- (b) *Requirement to Prepare C.I.M.P. and Review It Annually.* The Department of Public Works shall prepare the C.I.M.P. for Solid Waste pursuant to the provisions of section 22.405 of this Code. The Department shall review the plan annually and shall submit updates as appropriate for adoption by the County Council.

(C.B. 10, 1992)

Sec. 18.600. - Authority of Director of Public Works to adopt landfill rules and regulations.

The Director of Public Works is empowered to adopt such reasonable rules and regulations in the interest of public health and safety, respecting the design, construction and operation of any sanitary landfills in Howard County, including establishing operating hours, schedules and administrative procedures for County-owned sanitary landfills, not inconsistent with this subtitle.

(C.B. 12, 1978)

Sec. 18.601. - Definitions.

- (a) *Cell* means compacted solid wastes that are enclosed by natural soil or cover material in a land disposal site.
- (b) *Cover material* means other suitable material that is used to cover compacted solid wastes in a land disposal site.
- (c) *Daily cover* means cover material that is spread and compacted on the top and side slopes of compact solid waste (to densities averaging 593 kilograms/cubic meter (1,000 pounds/cubic yard)) at the end of each operating day in order to control vectors, fire, moisture and erosion and to assure an aesthetic appearance.
- (d) *Director* means the Director of the Howard County Department of Public Works or his designated agent.
- (e) *Final cover* means cover material that serves the same functions as daily cover but, in addition, is permanently exposed on the surface of the disposal area.
- (f) *Free moisture* means liquid that will drain freely by gravity from solid materials.
- (g) *Groundwater* means water present in the saturated zone of the soil; water within the earth that supplies wells and springs.
- (h) *Reserved.*
- (i) *Leachate* means liquid that has percolated or seeped through solid waste and has extracted dissolved or suspended materials from it.
- (j) *Open burning* means burning of solid wastes in the open.
- (k) *Plans* means reports and drawings, including a narrative operating description, prepared to describe the land disposal site and its proposed operation.
- (l) *Runoff* means the portion of precipitation that drains from an area as surface flow.
- (m) *Operating area* means the area where construction of refuse cells is performed within the land disposal site.
- (n) *Salvaging* means the controlled removal of waste materials for utilization in a manner approved in writing by the Director.
- (o) *Sanitary landfill* means a land disposal site permitted by the State Department of Health and Mental Hygiene and employing an engineered method of disposing of solid wastes on land in a manner that minimizes environmental hazards by spreading the solid wastes in thin layers, compacting the solid wastes to the smallest practical volume, and applying and compacting cover material at the end of each operating day.
- (p) *Scavenging* means unauthorized removal of solid waste materials.
- (q) *Solid wastes* means garbage, refuse, sludges, and other discarded solid materials resulting from residential, industrial and commercial operations and from other activities of the community.
- (r) *Site* means the entire property, including buffer and operating area, on which the land disposal operation is located.

- (s) *Vector* means a carrier, such as an insect or rodent, that is capable of transmitting a disease-causing agent from one organism to another.
- (t) *Water table* means the upper water level of a body of groundwater.
- (u) *Working face* means that portion of the land disposal site where solid wastes are discharged and are spread and compacted prior to the placement of cover material.

(C.B. 12, 1978)

Sec. 18.602. - Design and construction standards.

- (a) Plans for the design and construction of sanitary landfill sites or modifications to existing sanitary landfill sites shall be prepared and signed by a registered professional engineer, and approved by the Director. The plans shall be in accordance with all applicable procedures and regulations for evaluating and designing sanitary landfill sites as promulgated by the Maryland Department of Health and Mental Hygiene and the Maryland Department of Natural Resources or any other permitting agencies. Such plans shall be consistent with public health and welfare, State and Federal air and water quality standards, noise standards, and the Howard County general plan. The following design procedures shall be followed prior to submission of plans to the appropriate agencies for the issuance of an approved operating permit:
 - (1) The types and quantities of all solid wastes expected to be generated in Howard County through the year 2,000 (as a minimum) and disposed of at the facility shall be determined by survey and analysis to form a basis for design.
 - (2) Quantitative measurements of the solid wastes handled at the landfill site shall be provided for in the plans. This may be accomplished by planning for utilization of scales and topographic surveys of the site at various intervals of the landfill site life, or by other suitable means approved by the Director.
- (b) Site development plans shall include:
 - (1) Initial and final topographies of contour intervals of 0.6 meters (two feet) or less.
 - (2) Land use and zoning within 0.8 kilometers (one-half mile) of the site, including location of all residences, buildings, wells, watercourses, rock outcroppings, roads, and soil or rock borings. Topography and visual impact analysis shall also be developed for the site and surrounding area.
 - (3) Location of all utilities within the site and within a 30.5-meter (100-foot) distance beyond its boundaries.
 - (4) Narrative descriptions, with associated drawings, indicating site development and operation procedures.
 - (5) Location of the sole access point to the Alpha Ridge landfill site from Marriottsville Road at a point as near as possible to Maryland Route I-70.
- (c) The hydrogeology of the site shall be evaluated in order to design landfill site development in a manner to protect groundwater resources. Unacceptable hydrogeologic conditions may be altered to render the site acceptable, but such alterations must be detailed and justified in the plans. Precipitation, evapotranspiration, and other climatological conditions shall be considered in site design.
- (d) The location, design, construction and operation of the working disposal area of the landfill site shall conform to the most stringent of applicable water quality standards established in accordance with Federal, State and local provisions. In order to achieve these standards, plans should include:
 - (1) Current and projected use of water resources in the potential zone of influence of the landfill site.

- (2) Groundwater elevation and movement and proposed separation between the lowest point of the lowest cell and the predicted maximum water table elevation.
 - (3) Potential interrelationship of the land disposal site, local aquifers and surface waters, based on historical records or other sources of information.
 - (4) Background and initial quality of water resources within the land disposal site.
 - (5) Proposed location of observation wells, sampling stations, and the testing and monitoring program which is planned for implementation.
 - (6) Description of soil and other geologic material to a depth adequate to allow evaluation of the water quality protection provided by the soil and other geologic material.
 - (7) Potential of leachate generation and proposed control systems, where necessary, for the protection of ground and surface water resources.
- (e) Characteristics of on-site soil shall be evaluated with respect to their effects on-site operations, such as vehicle maneuverability, and use as cover material. Plans shall specify cover material sources and soil classifications; surface grades and side slopes needed to promote maximum runoff, without excessive erosion, and to minimize infiltration; procedures to promote vegetative growth as promptly as possible to combat erosion and improve appearance of idle and completed areas; and information as to the character and attenuation characteristics of the soil to the depth of at least one and one-half meters (five feet) below the proposed or intended excavation operations, and the elevation of the groundwater table in that area.
 - (f) An all-weather access road, negotiable by loaded refuse vehicles, shall be provided to the entrance of the landfill site. All access to the landfill site shall be through permanent gates or barricades which can be locked. Appropriate physical measures such as fencing, ditching or banking shall be planned to prevent indiscriminate access at all other locations. Temporary roads shall be provided for in the planning as needed to deliver wastes to the working face of the landfill operation.
 - (g) The sanitary landfill site design shall provide that the operating area of the landfill not be closer than 76.2 meters (250 feet) from the site property line.
 - (h) The design of the operating area of the landfill shall not encroach into the natural 100-year floodplain of any stream, tributary area, creek, river or natural watercourse. Therefore, where floodplains may exist on or bordering the proposed site, the effect of the proposed fill operation shall be investigated to assure no interference with stream flow at flood stages. Diversion channels of adequate size and grade based upon runoff estimates from the area surrounding and within the landfill site shall be provided in the plans in order to provide for surface water runoff control to minimize infiltration and erosion of cover material. Such diversion design shall also minimize the impacts of drainage off the landfill site on adjacent properties. Siltation or retention basins or other approved methods of retarding runoff shall be designed where necessary to avoid stream siltation or flooding problems due to excessive runoff. Design computations shall be prepared to determine the effect of landfill construction on the surface water flows adjacent to the site. All applicable State, Federal and local stormwater management regulations and standards shall be adhered to in the design plans.
 - (i) Plans shall include an effective dust control program to protect public health and eliminate nuisance conditions. Air quality monitoring at site perimeter locations shall be provided on a quarterly basis to ensure compliance with appropriate Federal, State and local air quality provisions.
 - (j) Plans shall assess the need for gas control and indicate the location and design of any vents, barriers, collection or other control measures to be provided. Air quality monitoring at site perimeter locations shall be provided on a quarterly basis to ensure compliance with appropriate Federal, State and local air quality provisions.
 - (k) Plans shall include contingency programs for vector control and eradication in the event that a problem does occur.

- (l) Plans shall include an effective litter control program, both on-site and encompassing the immediate area surrounding the site. Portable litter collection fences shall be placed adjacent to and on the leeward side of the active fill and be directed toward prevention of litter being left or transmitted from the site to the surrounding area.
- (m) The plans shall include:
 - (1) Arrangements whereby substitute equipment will be available to provide uninterrupted service during routine equipment maintenance periods or equipment breakdowns.
 - (2) An equipment maintenance facility on-site, or appropriate contract arrangements to receive such service.
- (n) A manual, which shall be in accordance with the Maryland Occupational and Safety Health Act, describing safety precautions and procedures to be employed, shall be developed prior to landfill site operations.
- (o) Plans shall prescribe methods to be used in maintaining records and monitoring the environmental impact of the land disposal site, including air, water, noise, etc.
- (p) Landscaping shall be included in the plans to provide adequate buffer to screen the landfill activity from the surrounding area. Buffer and site layout shall be planned so as to ensure adherence to Maryland Department of Health and Mental Hygiene regulations governing the control of noise pollution. On-site vegetation shall be cleared only as necessary, and a schedule providing for progressive clearance of trees shall be developed.
- (q) Plans shall describe the projected use of the completed land disposal site. In addition to maintenance programs and provisions, where necessary, for monitoring and controlling decomposition gases and leachate, the plans shall address the following ultimate use criteria:
 - (1) *Cultivated or open space area.* If the completed landfill site is to be cultivated or retained as open space, the integrity of the final cover shall not be disturbed by agricultural cultivation or stabilization activities. In this regard, a sufficient depth of cover material to allow cultivation and to support vegetation shall be designed for in addition to that recommended for final cover.
 - (2) *Structures.* If any enclosed structures are to be built within the landfill site, the Director shall review and approve their design and construction, including provision for protection against potential hazards of solid waste decomposition gases.

(C.B. 12, 1978)

Sec. 18.603. - Future use of landfill site upon completion of fill operations.

- (a) Prior to the completion of the final design of the landfill site and the operating area, the Director of Public Works, in conjunction with the Director of recreation and parks and other appropriate County, State and Federal agencies, shall develop a plan broadly outlining the ultimate use of the landfill site upon completion of the filling operation thereon. Said plan may address a phasing-in of uses prior to the completion of filling operations and may address possible use alternatives.
- (b) Upon completion, the above plan shall be presented to the County Council for their consideration and approval. The Department of Public Works may propose alternatives to the future use plan from time to time, for either the entire site or for a portion thereof, by submitting a proposal to the County Council.

(C.B. 12, 1978)

Sec. 18.604. - Operational procedures.

- (a) Sanitary landfill techniques of spreading and compacting solid wastes and placing cover material at the end of each operating day should be used to dispose of municipal solid wastes. The following details of daily operations shall be followed as the operators conduct all operations in accordance with the approved design and development plans and specifications; solid waste handling equipment shall on any operating day perform the following functions and adhere to the following requirements:
- (1) Spread the solid waste accepted in layers no more than 0.6 meters (two feet) thick while confining it to the smallest practicable area.
 - (2) Compact the spread solid wastes to the smallest practicable volume (several such completed layers will form a cell).
 - (3) Place, spread and compact the cover material over the cell at least by the end of each day's operation.
 - (4) Daily cover shall be applied regardless of weather; sources of cover material shall, therefore, be accessible on all operating days. The thickness of the compacted daily cover shall not be less than 0.15 meters (six inches).
 - (5) Intermediate cover shall be applied on areas where additional cells are not to be constructed for extended periods of time; normally, a period which may vary between one week to one year. The thickness of the compacted intermediate cover shall not be less than 0.3 meters (1.7 foot).
 - (6) Final cover shall be applied on each area as it is completed or if the area is to remain idle for over one year. The thickness of the compacted final cover shall not be less than 0.6 meters (two feet).
 - (7) No refuse shall remain uncovered for more than eight hours from the time of deposit.
 - (8) Dead animals shall not be accepted for disposal at sanitary landfill sites.
- (b) During day-to-day operations, solid wastes and any leachate therefrom shall not be allowed to contact ground or surface water. If such contact occurs, as noted by water quality monitoring, immediate action shall be taken to correct the situation and eliminate any water quality impairment. Such action shall provide for elimination of the source of leachate and the collection, treatment and safe disposal of any impaired water. The water quality of all streams, ponds, springs, and any other bodies of water within the site and within 30.5 meters (100 feet) of the site boundary, to include the groundwater table shall be tested, as a minimum, quarterly. The following tests shall provide indicators of any potential contamination of surface and groundwater prior to any migration of contamination off-site: pH; specific conductance; five-day biochemical oxygen demand; total organic carbon; nitrogen as ammonia (as N), nitrite-nitrate (as N), organic nitrogen (as N); total phosphate; sulfate (SO_4); chloride (Cl); iron, total (Fe); zinc; alkalinity (as CaCO_3). Additional testing and the required physical and chemical analyses shall be prescribed by the Director and/or by the Maryland Department of Health and Mental Hygiene and the Maryland Department of Natural Resources. Leachate collection and treatment systems shall be used where necessary to protect ground and surface water resources.
- (c) Open burning of solid waste in Howard County is prohibited.
- (d) Measures to control dust shall be initiated as necessary to protect the health and safety of facility personnel, nearby residents, and persons using the facility.
- (e) Gases resulting from decomposition of organic materials shall be monitored at strategic locations around the perimeter of the landfill quarterly to prevent explosive concentrations (five percent to 15 percent methane) or toxicity hazard to adjacent properties. If such concentrations or hazards occur, immediate actions shall be taken to correct the situation. Monitoring of any gases generated on the site shall be provided by purchase of equipment or through contractual services.
- (f) Continual inspection for any evidence of vermin and rodent life shall be performed, and any vermin or rodent life shall be eliminated by the immediate implementation of a planned program of eradication.

- (g) Portable litter fences or other devices shall be used in the immediate vicinity of the working face and at other appropriate locations to control blowing litter. At the end of each operating day, or more often as required, litter shall be removed from the fences and incorporated into the cell area being used. Alternatively, the litter may be containerized for disposal on succeeding operating days. Wastes that are easily moved by wind shall be covered, as necessary, to prevent their becoming airborne and scattered.
- (h) Certain bulky wastes, such as appliances, shall be salvaged in a controlled manner at a point other than the working face, or otherwise they shall be crushed on solid ground and then pushed onto the working face near the bottom of the cell.
- (i) A safety manual shall be available for use by employees, and they shall be instructed in application of its procedures. A training program shall be developed and implemented for all employees.
- (j) Personal safety devices, such as hard hats, gloves, safety glasses, and footwear, shall be provided to facility employees as required. Safety devices, including, but not limited to, such items as rollover protective structures, seat belts, audible reverse warning devices, and fire extinguishers, shall be provided on all equipment used to spread and compact solid wastes or cover material at the facility. All such safety equipment shall be in accordance with the Maryland Occupational Safety and Health Act. All specifications for the purchase of heavy equipment shall include provisions for adherence to applicable State, Federal and local noise standards.
- (k) No scavenging of refuse delivered to the sanitary landfill shall be permitted by Howard County employees or by citizens.
- (l) Access to the site shall be limited, and the gates and barricades shall be open only when an attendant or operator is on duty. Gates or barricades shall be locked at all other times. Traffic and informational signs and markers shall be provided to promote an orderly traffic pattern to and from the discharge area, maintain efficient operating conditions, inform as to the hours of landfill operation, and restrict access to hazardous areas. No vehicle shall be left unattended at the working face or along traffic routes. If a regular user persistently poses a safety hazard, this user shall be barred from the site.
- (m) Records shall be maintained to cover the following, as a minimum:
 - (1) Major operational problems, complaints or difficulties.
 - (2) Qualitative and quantitative evaluation of the environmental impact of the sanitary landfill, with regard to the effectiveness of gas and leachate control, including results of leachate sampling and analyses, gas sampling and analyses, ground and surface water quality sampling and analyses upstream and downstream of the site.
 - (3) Vector control efforts.
 - (4) Dust and litter control efforts.
 - (5) Quantitative measurements of the solid wastes handled and disposed and progressive records showing area and subarea fill completion and remaining disposal capacity.
 - (6) Description of solid waste materials received, identified by source of materials.
- (n) Fire protection shall be provided by any or all of the following methods:
 - (1) An adequate supply of water shall be available at all times at the site;
 - (2) A stockpile of cover material shall be maintained reasonably close to the working face of the fill;
or
 - (3) Means and devices mutually agreeable in writing to the Director and the Howard County Fire Administrator may be used.
- (o) There shall be an adequate number of large waste containers with adequate volume located inside the entrance to all sanitary landfills. These containers shall be accessible during normal hours of landfill operations to private passenger vehicles as a citizens' convenience center.

- (p) Upon completion of a sanitary landfill cell, the entire surface of the intermediate cover shall be inspected monthly. All cracked, eroded or uneven covers shall be repaired.
- (q) No solid waste or special waste generated from out-of-County sources will be accepted at landfill(s) owned and operated by Howard County, Maryland.

(C.B. 12, 1978; C.B. 20, 1982; C.B. 41, 1983)

Sec. 18.605. - Regulatory requirements.

- (a) The Director shall develop a feasible plan of action for the rescue of all recoverable materials accepted at the sanitary landfill. Such materials shall include:
 - (1) Automobile tires.
 - (2) Leaf waste.
 - (3) Bulky residential appliances ("white goods").
 - (4) Christmas trees.
 - (5) Waste oil.
 - (6) Batteries.
- (b) The Director shall ensure that existing sanitary landfills in Howard County shall meet the provisions of section 18.604 contained herein.
- (c) Any Howard County citizen may direct written inquiry or written notice of alleged violations of this subtitle or of any rules or regulations promulgated pursuant thereto to the Director of Public Works and the County Health Department. The Director/Health Officer shall review such written evidence and perform such investigation as may be necessary to determine the nature of the alleged violation. The Director of Public Works, in cooperation with the County health department, shall take such action as may be necessary to correct any suspected violation within a specified period of time, not to exceed 30 days. Appeal of the Director's action or decision shall be to the Board of Appeals.

(C.B. 12, 1978; C.B. 116, 1981)

Sec. 18.606. - Penalties; other remedies.

- (a) Any person, firm or corporation violating any rules or regulations specified herein, or that may be adopted in accordance with the subtitle shall be guilty of a misdemeanor and upon conviction thereof, shall be fined not more than \$1,000.00, or imprisoned for not more than six months or both, at the discretion of the court, for each offense.
- (b) Alternatively or in addition to and concurrent with all other remedies, the Department of Public Works may enforce the provisions of this subtitle with civil penalties pursuant to title 24, Civil Penalties," of the Howard County Code. A first violation shall be a Class E offense. A second violation shall be a Class B offense and subsequent violations shall be Class A offenses.
- (c) The Director of Public Works or the Director's designee is authorized to institute on behalf of Howard County any legal action in order to compel compliance with any of the provisions of this subtitle, including prohibition of entry to any sanitary landfill in Howard County.

(C.B. 12, 1978; C.B. 32, 1985)

SUBTITLE 6A. - SOLID WASTE COLLECTION

Sec. 18.610. - Unauthorized removal of recyclable materials.

(a) *Definition:*

- (1) In this section, *recyclable material* means any solid waste that is separated from the solid waste stream for collection and return to the marketplace in the form of raw materials or products.
- (2) *Recyclable material* includes paper, glass, plastic, aluminum, cardboard, and any other material included in the County's recycling program.

(b) *Removal of Recyclable Material Prohibited:*

- (1) Except as provided in paragraph (2) of this subsection, an individual may not remove or cause to be removed any recyclable material that is separated for collection under the County's recycling collection program and placed at curbside or other pickup location.
- (2) Paragraph (1) of this subsection does not apply to:
 - (i) A law enforcement official conducting a search or seizure; or
 - (ii) A County employee, contractor, or other individual authorized by the County to collect recyclable material.

(c) *Penalties.* A person who violates the provisions of this section is guilty of a civil violation under title 24 "Civil Penalties" of the County Code. A first offense is a Class C offense. A subsequent offense is a Class B offense.

(d) *Enforcement.* A civil citation under this section may be issued by:

- (1) The Howard County Police Department; and
- (2) County employees designated by the Director of the Department of Public Works to serve as enforcement personnel empowered to issue civil citations under this section.

(C.B. 62, 1996)

Sec. 18.611. - Apartment and condominium recycling.

(a) *Definitions.* In this section, the following terms have the meanings indicated:

- (1) *Plan* means the "apartment and condominium recycling plan", adopted as part of the County's solid waste management plan, pursuant to Subtitle 5 and Subtitle 7, both of Title 9 of the Environment Article of the Annotated Code of Maryland.
- (2) *Responsible party* means the property owner or manager of an apartment building that contains ten or more dwelling units or the council of unit owners for a condominium that contains ten or more dwelling units.

(b) *Requirements.* In accordance with Section 9-1711 of the Environment Article of the Annotated Code Of Maryland, the responsible party shall:

- (1) Provide for the collection of recyclable materials from residents of the dwelling units;
- (2) Provide for the removal for further recycling of recyclable materials collected from residents of the dwelling units; and
- (3) Comply with the plan.

(c) *Inspections.* The County may conduct inspections of an apartment complex or condominium to enforce the provisions of this section and the plan.

(d) *Civil penalties.* Alternatively or in addition to and concurrent with other remedies at law or equity, the County may enforce the provisions of this subtitle and the plan with civil penalties pursuant to the

provisions of title 24, "Civil Penalties," of the Howard County Code. A violation of this subtitle is a class E offense. Each day that a violation occurs or continues is a separate offense.

- (e) *Injunctive and other relief.* In addition, the County may institute injunctive, mandamus or other appropriate legal action or proceedings for the enforcement of or to correct violations of this subtitle or the plan. Any court of competent jurisdiction may issue temporary or permanent restraining orders, injunctions or mandamus, or other appropriate forms of relief.

(C.B. 2, 2014, § 1)

Sec. 18.612. - Special events recycling.

- (a) *Definitions.* In this section, the following terms have the meanings indicated:

(1) *Plan* means the county's Solid Waste Management Plan that includes special events recycling, adopted pursuant to Subtitle 5 and Subtitle 17, both of Title 9 of the Environment Article of the Annotated Code of Maryland.

(2) *Special event* means an event that:

- a. Includes temporary or periodic use of a public street, publicly owned site or facility, or public park;
- b. Serves food or drink; and
- c. Is expected to have 200 or more persons in attendance.

- (b) *Requirements* . In accordance with Section 9-1712 of the Environment Article of the Annotated Code of Maryland, and in addition to any other conditions required as part of a special events or other permit, the organizer of a special event shall:

- (1) Provide a recycling receptacle immediately adjacent to each trash receptacle at the special event;
- (2) Ensure that all recycling receptacles are clearly distinguished from trash receptacles by color or signage;
- (3) Ensure that all recyclable materials deposited into recycling receptacles at the special event are collected for recycling; and
- (4) Comply with the Plan.

- (c) *Inspections* . The County may conduct inspections of a special event to enforce the provisions of this section and the Plan.

- (d) *Civil Penalties.* Alternatively or in addition to and concurrent with other remedies at law or equity, the county may enforce the provisions of this subtitle and the Plan with civil penalties pursuant to the provisions of title 24, "Civil Penalties," of the Howard County Code. A violation of this subtitle is a Class E offense. Each day that a violation occurs or continues is a separate offense.

- (e) *Injunctive and Other Relief.* In addition, the county may institute injunctive, mandamus or other appropriate legal action or proceedings for the enforcement of or to correct violations of this subtitle or the Plan. Any court of competent jurisdiction may issue temporary or permanent restraining orders, injunctions or mandamus, or other appropriate forms of relief.

(C.B. 15, 2015, § 1)

SUBTITLE 7. - FEES

Sec. 18.700. - Approval of subdivision and site development plans—Review and inspection fees.

- (a) The Director of Public Works shall prepare a proposed fee schedule to cover the cost of services performed by the Department of Public Works related to the physical inspection and approval of construction of roads and storm drainage structures as shown on the approved subdivision and site development plans. The Director shall submit the proposed fee schedule to the Public Works Board, which shall set a time and date of a public hearing and advertise the same in two separate insertions at weekly intervals in one or more of the newspapers published in the County. Within 15 days subsequent to the date of the hearing, the Public Works Board shall forward the proposed fee schedule, with its recommendations, to the County Executive. The County Executive, after considering the recommendations of the Public Works Board, shall forward the proposed fee schedule as may be amended by the County Executive to the County Council for adoption by resolution.
- (b) The Director of Finance shall collect the fee provided herein at the same time that the financial assurance requirement set forth in section 16.103 of this Code is posted.

(C.B. 44, 1972; C.B. 43, 1977; C.B. 116, 1981; C.B. 16, 1995)

SUBTITLE 8. - STREETLIGHTS

Sec. 18.800. - Council findings and declarations.

- (a) The County Council hereby finds and declares that illumination of the public roads enhances the general safety and welfare, but that in some areas of Howard County the illumination is inadequate.
- (b) The County Council also finds and declares that for those areas which are not new developments or subdivisions where installation of streetlights is required under the provisions of section 16.130 of the Howard County Code, the creation of streetlight districts would be an appropriate method of providing the enhancement of the safety and welfare desired.
- (c) The County Council also finds and declares that in order to guarantee the continuance of sufficient street lighting in those areas currently being served by privately owned streetlights, the acquisition by gift of those streetlights would be an appropriate method of providing the enhancement of the safety and welfare desired.

(C.B. 99, 1980)

Sec. 18.801. - Streetlight districts.

- (a) New streetlights may be installed in a streetlight district on public roads and public rights-of-way and on private property adjacent to public roads if Howard County has acquired an easement therefor as provided in section 4.200 of the Howard County Code.
- (b) Two years after the installation of the first new streetlight in a district, Howard County may, by gift, accept title to streetlights that existed in a streetlight district prior to creation of the district located on public roads and public rights-of-way and on private property adjacent to public roads, if Howard County has acquired an easement therefor as provided in section 4.200 of the Howard County Code. Such streetlights shall be acceptable to the Director of Public Works with regard to spacing, height, illumination and hardware.

(C.B. 99, 1980)

Sec. 18.802. - Petition for streetlight district.

- (a) A petition to create a streetlight district shall be filed with the Director of Public Works by a majority of the property owners within the district sought to be created; provided, however, that at least 25 property owners shall be signatories to a petition.
- (b) A petition to create a streetlight district shall contain:
 - (1) The name and address of each petitioner.
 - (2) The street address or legal description of each property as to which a property owner claims ownership.
 - (3) A description of the boundaries of the district sought to be created, which description shall be sufficient if it contains only the roads which would serve as the boundaries of the district.
 - (4) The name and address of a contact person for the petitioners.
 - (5) A certification by the petitioners acknowledging:
 - (i) That new streetlights may be installed in the proposed district on public roads and public rights-of-way and on private property adjacent to public roads, if Howard County has acquired an easement therefor; and
 - (ii) That Howard County may, by gift, accept title to existing streetlights in the proposed district located on public roads and public rights-of-way and on private property adjacent to public roads, if Howard County has acquired an easement therefor.

(C.B. 99, 1980)

Sec. 18.803. - Verification of signatures on petition.

Upon receipt of a petition to create a streetlight district, the Director of Public Works shall forthwith refer the petition to the Director of Finance for verification. Within one week thereof, the Director of Finance shall certify to the Director of Public Works as to whether the petition contains the signatures of a majority of property owners within the district sought to be created.

(C.B. 99, 1980)

Sec. 18.804. - Plat of district.

- (a) Upon receipt of certification that the petition contains the signatures of a majority of property owners within the district sought to be created, the Director of Public Works shall complete a plat of the proposed district, which can modify the boundaries of the district as proposed in the petition.
- (b) The plat shall conform to section 4.5 of the Howard County Design Manual, Volume III, "Road and Bridge Design," as amended. However, the Director of Public Works may vary the standards of the design manual with respect to spacing, height and illumination of streetlights in order to take into account existing street lighting, type of housing developments in the area and other factors related to safety or security.
- (c) The plat shall indicate:
 - (1) The location of all existing streetlights.
 - (2) The location of the proposed new streetlights.
 - (3) The design specifications for each proposed new streetlight.
 - (4) The total estimated material and installation cost for the proposed new streetlights.

- (5) The total projected operating and maintenance cost, including but not limited to energy consumption, for the proposed new streetlights for the two-year period following installation of the first new streetlight in the district.
- (6) The estimated annual charge for each parcel in the district.

(C.B. 99, 1980)

Sec. 18.805. - Notice to the community.

- (a) Immediately upon completion of the plat, the Director of Public Works shall advertise in at least one newspaper published in the County for two consecutive weeks that the petition will be presented to the Public Works Board for its recommendation and that a public hearing will be held on a particular date and time.
- (b) The Director of Public Works shall also post notice advising of the time, date and place of the Public Works Board hearing throughout the district sought to be created for three consecutive weeks prior to the Public Works Board hearing.
 - (1) The notice sign shall:
 - (i) Give the location of the district.
 - (ii) Be double-sided and at least 30 inches by 36 inches in size.
 - (iii) Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster.
 - (iv) State that the area is proposed to have streetlights installed.
 - (v) Give the website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching for additional information, including plans for public review, for all projects assigned a three-digit alphanumeric code and a phone number for additional information.
- (c) Both the newspaper advertisement and the notice shall contain the boundaries of the district sought to be created and contain a notice that a plat has been prepared, that it contains all of the information outlined in subsection 18.804(c), that the plat is available for inspection in the Office of the Director of Public Works and that any interested person may be heard by the Public Works Board, pursuant to its rules, at a time specified in the notice.
- (d) The Director of Public Works shall also send a copy of the plat and notice and a list containing the names of each property owner within the district sought to be created to the contact person designated in accordance with subsection 18.802(b).

(C.B. 99, 1980; C.B. 69, 2018, § 1)

Sec. 18.806. - Public Works Board recommendation.

- (a) The Public Works Board shall hold a hearing for the purpose of providing a recommendation to the Director of Public Works relative to the creation of the streetlight district.
- (b) Within 30 days of its hearing, the Public Works Board shall provide its recommendation to the Director of Public Works as to whether or not to proceed with the creation of the streetlight district as proposed or with modifications.

(C.B. 99, 1980)

Sec. 18.807. - Determination by Director of Public Works.

- (a) Upon receipt of the recommendation of the Public Works Board, the Director of Public Works shall make a determination as to whether or not a streetlight district should be created. The determination shall be made within 30 days of receipt of the recommendation of the Public Works Board.
- (b) In the event that the Director of Public Works determines that a streetlight district should not be created, then the district shall not be created nor shall the area which was the subject of the petition be the subject of another petition for at least one year from the date on which it was received by the Director of Public Works.
- (c) In the event that the Director of Public Works determines that a streetlight district should be created, he shall:
 - (1) Complete a final plat, which can modify the boundaries of the district based on recommendations of the Public Works Board.
 - (2) Mail to each property owner within the proposed streetlight district the following material, with notice to each property owner being effective on the date the material is mailed by the Director of Public Works:
 - (i) A copy of the final plat, which shall contain all of the information outlined in subsection 18.804(c).
 - (ii) Notice to each property owner of the charge as computed in accordance with section 20.701 of the Howard County Code for the parcel owned by the property owner.
 - (iii) A form which, if signed by a property owner and returned to the Director of Public Works, would indicate that the property owner is opposed to the creation of the streetlight district. The notice shall indicate that it will not be considered by the Director of Public Works unless it is received on or before a specified date.

(C.B. 99, 1980)

Sec. 18.808. - Opposition notices.

- (a) In the event that a majority of property owners within the proposed streetlight district return the opposition notices to the Director of Public Works indicating that they are opposed to the creation of the district, then the district shall not stand created nor shall the area which was the subject of the petition be the subject of another petition for at least one year from the date on which it was received by the Director of Public Works.
- (b) In the event that a majority of property owners within the proposed streetlight district fail to return the opposition notices to the Director of Public Works indicating that they are opposed to the creation of the district, then the district shall be created.
- (c) All opposition notices must be received by the Director of Public Works within 30 days of their having been sent to the property owners in order for them to be counted.
- (d) The Director of Public Works shall issue a final order reflecting the outcome of the return of opposition notices.

(C.B. 99, 1980)

Sec. 18.809. - Records of streetlight district.

- (a) Upon creation of a streetlight district, the Director of Public Works shall cause a copy of the final plat to be filed in the Office of the Director of Public Works and available for public inspection.

- (b) Upon creation of a streetlight district, the Director of Public Works shall cause a copy of the final plat to be filed among the land records of Howard County.

(C.B. 99, 1980)

Sec. 18.810. - Operation.

- (a) After creation of the streetlight district, the Director of Public Works shall provide for the installation of the new streetlights in the district in accordance with the final plat.
- (b) Howard County shall assume the operating and maintenance costs for the new streetlights in the district, as shown on the final plat, with financing to be in accordance with section 20.700 of the Howard County Code.
- (c) Upon accepting title to any existing streetlights in the district, the County shall also assume their operating and maintenance costs. The County shall acquire an easement before accepting title to, or assuming operating and maintenance costs for, such existing streetlights located on private property adjacent to public roads.

(C.B. 99, 1980)

Sec. 18.811. - Property ownership and definitions.

- (a) Joint owners of a single parcel shall constitute a single owner for the purpose of this subtitle.
- (b) Each unit owner of a condominium shall constitute a single owner for the purpose of this subtitle.
- (c) The property tax records maintained by the Director of Finance of Howard County shall determine the names and mailing addresses of property owners for the purpose of this subtitle.
- (d) The term *majority of property owners* as used in this subtitle shall mean the owners of a majority of the parcels within a district sought to be created.
- (e) The term *public road* as used in this subtitle for street lighting purposes shall mean the entire width between the boundary lines of every way or thoroughfare in any residential area, excluding rental apartment areas, used by the public for purposes of vehicular travel, whether actually dedicated to the public and accepted by the proper authorities or otherwise, where the owners of the road agree as a condition of creation of a district not to restrict access or close any part of the road to the public.

(C.B. 99, 1980)

Sec. 18.812. - Petition for gift of streetlights.

- (a) The legal or equitable owner of existing streetlights may petition the Director of Public Works to accept, by gift, lien-free title to streetlights which were constructed in subdivisions recorded prior to the effective date of this legislation [December 5, 1980].
- (b) A petition shall include a copy of the recorded subdivision or a plat shown on a map of suitable scale marked to indicate the location of the subject streetlights.
- (c) A petition may be filed with respect to streetlights which are located on public roads and public rights-of-way and on private property adjacent to public roads, if Howard County will be granted an easement therefor.

(C.B. 99, 1980)

Sec. 18.813. - Public hearing; criteria for acquisition of streetlights.

- (a) Upon receipt of a petition to accept by gift streetlights, the Director of Public Works shall schedule a hearing before the Board of Public Works after giving at least 30 days' notice of the subject, time and place of hearing by publication on two separate occasions at weekly intervals in one newspaper published in Howard County. The notice shall also include the total projected operating and maintenance costs as determined by the Director of Public Works for the subject streetlights for a two-year period following acquisition of the streetlights by Howard County. The Board of Public Works shall make its recommendations to the Director of Public Works not later than 30 days after the public hearing on the petition.
- (b) The streetlights which are the subject of the petition may be acquired by gift if the Director of Public Works finds:
 - (1) That either:
 - (i) The subject streetlights have been installed in accordance with a developer's agreement with Howard County in subdivisions recorded prior to the effective date of this legislation [December 5, 1980] wherein streetlights were not installed at the time of initial development, such streetlights to be acceptable to the Director of Public Works with regard to spacing, height, illumination and hardware; or
 - (ii) The subject streetlights have been installed prior to the effective date of this legislation in subdivisions recorded prior to the effective date of this legislation in a manner determined by the Director of Public Works to be acceptable with regard to spacing, height, illumination and hardware.
 - (2) That the acceptance of the subject streetlights by Howard County at that time will be in the public interest.
 - (3) That the petitioner has agreed to pay in advance for the projected operating and maintenance costs for the subject streetlights for a period of two years after acquisition of ownership and assumption of responsibility for the streetlights by Howard County.
- (c) In connection with making the findings required under subsection (b) above, the Director of Public Works shall take into consideration the recommendations of the Board of Public Works. The Director of Public Works shall have absolute discretion and final authority to accept or acquire the subject streetlights on behalf of the County.

(C.B. 99, 1980)

Sec. 18.814. - Transfer of title and assumption of responsibility.

- (a) The petitioner shall cause to be prepared, at its expense, an instrument of conveyance by gift granting and conveying to Howard County lien-free title to the subject streetlights.
- (b) Upon acceptance of the subject streetlights by the Director of Public Works, Howard County shall thereafter assume responsibility for operating and maintenance costs in connection with said streetlights; provided, however, that the petitioner shall have paid to Howard County in advance of such conveyance a sum equal to two years of operating and maintenance costs as determined by the Director of Public Works as provided in section 18.813.

(C.B. 99, 1980)

Sec. 18.815. - Appeals and procedure.

- (a) The following actions may be appealed to the Howard County Board of Appeals:

- (1) Certification by the Director of Finance pursuant to section 18.803 that a petition fails to contain the signatures of a majority of property owners within the district sought to be created.
 - (2) The final order of the Director of Public Works pursuant to subsection 18.808(d) creating the streetlight district or failing to create the streetlight district.
- (b) Only the following shall have standing to the appeal:
- (1) A property owner who signed a petition to create a streetlight district may appeal as provided in subsection 18.815(a)(1).
 - (2) Any owner of property within the streetlight district as created, as proposed by petition or as shown on the plat prepared by the Director of Public Works, may appeal as provided in subsection 18.815(a)(2).
- (c) All proceedings in connection with a petition to create a streetlight district and a petition to accept by gift existing streetlights shall be exempt from all provisions of section 2.100 of the Howard County Code.

(C.B. 99, 1980)

Sec. 18.816. - Severability.

If any provision of this subtitle or its application to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of this subtitle which can be given effect without the invalid provision or application; and to this end the provisions of this subtitle are severable.

(C.B. 99, 1980)

SUBTITLE 9. - STORMWATER MANAGEMENT⁴

Footnotes:

--- (4) ---

Editor's note— C.B. 13, 2010, § 1, amended subtitle 9 in its entirety to read as herein set out. Former subtitle 9, §§ 18.900—18.909, pertained to similar subject matter and derived from C.B. 28, 1984, C.B. 32, 1985, C.B. 101, 1990, C.B. 16, 1995, C.B. 42, 1995, C.B. 58, 1997 and C.B. 57, 2000.

State Law reference— Stormwater management, Ann. Code of Md., Environment article, § 4-201 et seq.

Sec. 18.900. - Purpose and authority.

- (a) The purpose of this subtitle is to protect, maintain and enhance public health, safety and welfare by establishing minimum requirements and procedures to control the adverse impacts associated with stormwater runoff. The goal is to manage stormwater by using environmental site design (ESD) to the maximum extent practicable (MEP) in order (i) to maintain, after development and as nearly as possible, the predevelopment runoff characteristics; (ii) to reduce stream channel erosion, pollution, siltation and sedimentation, and local flooding; and (iii) to use appropriate structural best management practices (BMPs) only when necessary. The intent is to restore, enhance, and maintain the chemical, physical, and biological integrity of streams; to minimize damage to public and private property; and to reduce the impacts of land development through Stormwater Management and Watershed Protection and Restoration Programs as authorized by Title 4, Subtitle 2 of the Environment Article of the Annotated Code of Maryland.

- (b) The provisions of this subtitle, pursuant to Title 4, Subtitle 2 of the Environment Article, Annotated Code of Maryland, are adopted under the authority of the Howard County Code and shall apply to all development and redevelopment occurring in Howard County. The application of this subtitle and provisions expressed herein shall be the minimum stormwater management requirements and shall not be deemed a limitation or repeal of any other powers granted by State law. Howard County is responsible for the coordination and enforcement of the provisions of this subtitle.
- (c) For the purpose of this subtitle, the following documents are incorporated by reference:
 - (1) The 2000 Maryland Stormwater Design Manual Volumes I and II (Maryland Department of the Environment, April 2000), and all subsequent revisions, is incorporated by reference by Howard County and shall serve as the official guide for stormwater principles, methods, and practices.
 - (2) USDA Natural Resources Conservation Service Maryland Conservation Practice Standard Pond Code 378 (latest edition).
 - (3) The Howard County Design Manual.
- (d) It is also the purpose of this subtitle and Title 20, Subtitle 11 of this Code to authorize and establish a system of charges in accordance with Title 4, Subtitle 2 of the Environment Article of the Annotated Code of Maryland to adequately and equitably finance the County's Stormwater Management, Storm Drainage, and Water Quality Programs.

(C.B. 13, 2010, § 1; C.B. 8, 2013, § 1)

Sec. 18.901. - Definitions.

The following terms have the meanings indicated:

- (a) *Administration* means the Maryland Department of the Environment (MDE) Water Management Administration (WMA).
- (b) *Adverse impact* means any deleterious effect on waters or wetlands, including their quality, quantity, surface area, species composition, aesthetics or usefulness for human or natural uses which are or may potentially be harmful or injurious to human health, welfare, safety or property, to biological productivity, diversity or stability, or which unreasonably interfere with the enjoyment of life or property, including outdoor recreation.
- (c) *Agricultural land management practices* means those methods and procedures used in the cultivation of land in order to further crop and livestock production and conservation of related soil and water resources.
- (d) *Applicant* means a person, firm, or governmental agency who applies for approval of a project to carry out construction activities involving stormwater management.
- (e) *Approving agency* means the entity responsible for the review and approval of stormwater management plans. As set forth in the Howard County Design Manual and depending on the nature of the project, the approving agency is the Department of Planning and Zoning or the Department of Public Works.
- (f) *Best management practice (BMP)* means any structural device or nonstructural practice designed to temporarily store or treat stormwater runoff in order to mitigate flooding, reduce pollution, or provide other amenities.
- (g) *Channel protection storage volume (cPv)* means the volume used to design structural management practices to control stream channel erosion. Methods for calculating the channel protection storage volume are specified in the 2000 Maryland Stormwater Design Manual.
- (h) *Clearing* means the removal of trees and brush from the land, but shall not include the ordinary mowing of grass.

- (i) *Concept stage* means the first stage of the stormwater management design process. Approval of the environmental concept plan constitutes the approval of the concept stage.
- (j) *County* means Howard County, Maryland.
- (k) *Design manual* means the 2000 Maryland Stormwater Design Manual, and all subsequent revisions, that serves as the official guide for stormwater management principles, methods, and practices. The 2000 Maryland Stormwater Design Manual VOLUME I AND II MAY be supplemented by the Howard County Design Manual.
- (l) *Develop land* means to change the runoff characteristics of a parcel of land or lot in conjunction with residential, commercial, industrial, or institutional construction or alteration.
- (m) *Drainage area* means an area contributing runoff to a single point measured in a horizontal plane, which is enclosed by a ridge line.
- (n) *Easement* means a grant or reservation by the owner of land for the use of such land by others for a specific purpose, and which shall be recorded in the land records of Howard County.
- (o) *Environmental concept plan* means the first of three required plan approvals that includes the information necessary to allow an initial evaluation of a proposed project.
- (p) *Environmental site design (ESD)* means using small-scale stormwater management practices, nonstructural techniques, and better site planning to mimic natural hydrologic runoff characteristics and minimize the impact of land development on water resources. Methods for designing ESD practices are specified in the design manual.
- (q) *Exemption* means those land development activities that are not subject to the stormwater management requirements of this subtitle.
- (r) *Extended detention* means a stormwater design feature that provides gradual release of a volume of water in order to increase settling of pollutants and protect downstream channels from frequent storm events. Methods for designing extended detention BMPs are specified in the design manual.
- (s) *Extreme flood volume (Q_f)* means the storage volume required to control those infrequent but large storm events in which the overbank flows reach or exceed the boundaries of the 100-year floodplain.
- (t) *Final stage* means the third stage of the stormwater management design process. Approval of the grading plan constitutes the approval of the final stage.
- (u) *Flow attenuation* means prolonging the flow time of runoff to reduce the peak discharge.
- (v) *Grading* means any act by which soil is cleared, stripped, stockpiled, excavated, scarified, filled, or any combination thereof.
- (w) *Grading plan* means the last of a multi-step plan-approval process that includes the information necessary to allow all approvals and permits to be issued by the approving agency.
- (x) *Impervious area or impervious surface* means any surface that does not allow stormwater to infiltrate into the ground.
- (y) *Infiltration* means the passage or movement of water into the soil surface.
- (z) *Maximum extent practicable (MEP)* means designing stormwater management systems so that all reasonable opportunities for using ESD planning techniques and treatment practices are exhausted and, only where absolutely necessary, implementing a structural BMP.
- (aa) *Off-site stormwater management* means the design and construction of a facility necessary to control stormwater from one or more properties other than the one on which the stormwater management facility lies.
- (bb) *On-site stormwater management* means the design and construction of a facility necessary to control stormwater from one property within the boundary of the subject property.

- (cc) *Overbank flood protection volume (Qp)* means the volume controlled by structural practices to prevent an increase in the frequency of the out of bank flooding by development. Methods for calculating the overbank flood protection volume are specified in the design manual.
- (dd) *Person* means the Federal Government, the State, any County, Municipal Corporation, or other political subdivision of the State, or any of their units; an individual, receiver, trustee, guardian, executor, administrator, fiduciary, or representative of any kind; or any partnership, firm, association, public or private corporation, or any other entity.
- (ee) *Planning techniques* means a combination of strategies employed early in project design to reduce the impact from development and to incorporate natural features into a stormwater management plan.
- (ff) *Private stormwater management facility* means any best management practice which is not to be owned and maintained by the County.
- (gg) *Recharge volume (REv)* means that portion of the water quality volume used to maintain groundwater recharge rates at development sites. Methods for calculating the recharge volume are specified in the design manual.
- (hh) *Redevelopment* means any construction, alteration, or improvement performed on sites where existing site impervious area exceeds 40 percent and where existing land use is commercial, industrial, institutional, or multifamily.
- (ii) *Retrofitting* means the implementation of ESD practices, the construction of a structural BMP in a previously developed area, the modification of an existing structural BMP, or the implementation of a nonstructural practice to improve water quality over current conditions.
- (jj) *Sediment* means soil or other surficial materials transported or deposited by the action of wind, water, ice, or gravity as a product of erosion.
- (kk) *Site* means a tract of land, lot or parcel of land or combination of tracts, lots, or parcels of land, which are in one ownership, or are contiguous and in diverse ownership where development is to be performed as part of a unit, subdivision or project.
- (ll) *Site development stage* means the second stage of the stormwater management design process. Approval of one of the following plans constitutes the approval of the site development stage: sketch plan, preliminary plan, preliminary equivalent sketch plan, final plan, or site development plan as defined in section 16.108 of the Howard County Subdivision and Land Development Regulations. The applicable plan will act as the second of three required plan approvals that include the information necessary to allow a detailed evaluation of a proposed project.
- (mm) *Stabilization* means the prevention of soil movement by any of various vegetative or structural means.
- (nn) *Stormwater management design process* means the three stage process required by MDE for the review of stormwater management. The three stages include concept, site development and final stages as defined herein.
- (oo) *Stormwater management system* means natural areas, ESD practices, stormwater management measures, and any other structure through which stormwater flows, infiltrates, or discharges from a site.
- (pp) *Stripping* means any activity which removes the vegetative cover including tree removal, clearing, grubbing, and storage or removal of topsoil.
- (qq) *Waiver* means the reduction of stormwater management requirements for a specific development on a case-by-case basis.
- (rr) *Watershed* means the total drainage area contributing runoff to a single point.
- (ss) *Watershed management plan* means a plan developed by the County for the purpose of implementing different stormwater management policies for waivers and redevelopment. A watershed management plan shall contain the items set forth in section 18.908 of this subtitle.

- (tt) *Watershed protection and restoration fee* means a fee, as set forth in title 20, subtitle 11 of this Code.
- (uu) *Water quality volume (WQv)* means the storage needed to capture and treat the runoff from 90 percent of the average annual rainfall at a development site. Methods for calculating the water quality volume are specified in the design manual.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1; C.B. 8, 2013, § 2; C.B. 38, 2013, § 1(1))

Sec. 18.902. - Applicability.

- (a) *Definitions.* For purposes of this section only, the following terms have the meanings indicated:
- (1) Approval shall mean a documented action by the County following review to determine and acknowledge the sufficiency of submitted materials to meet the requirements of a specified stage in the development process. Approval shall not mean an acknowledgement by the County that submitted materials have been received for review.
 - (2) Final project approval shall mean that the County has approved:
 - (i) The grading plan which includes final stormwater and erosion and sediment control design; and
 - (ii) If applicable, bond or financing, or both, has been secured based on the final plans for the development.
 - (3) Preliminary project approval shall mean projects for which the Department of Planning and Zoning has reviewed and determined the project to be technically complete. A plan that has received preliminary project approval shall include the following information:
 - (i) Number of planned dwelling units or lots and proposed density;
 - (ii) Proposed size and location of all land uses in the project;
 - (iii) A plan that identifies:
 - a. The proposed drainage patterns;
 - b. Locations of all points of discharge from the site; and
 - c. The type, location, and size of all stormwater management controls based upon site-specific computations of stormwater management requirements;
 - (iv) The proposed alignment, location, and construction type and standard for all proposed roads, access ways, and areas of vehicular travel;
 - (v) The general location, size, type, and adequacy of all infrastructure proposed for water and wastewater systems; and
 - (vi) Any other information deemed necessary by the County to adequately review the proposal.
- (b) *Applicability.* This subtitle shall apply to all development projects, except projects that received preliminary project approval prior to May 4, 2010 are subject to stormwater management regulations in effect at the time of approval provided that:
- (1) Final project approval is received prior to May 4, 2013; and
 - (2) Construction is complete prior to May 4, 2017.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1)

Sec. 18.902A. - Requirement to provide stormwater management measures, exemptions.

- (a) *Requirement to Provide.* A person shall not develop any land for residential, commercial, industrial, or institutional uses without providing stormwater management measures that control or manage runoff from such developments, except as provided within this subtitle. Stormwater management measures must be designed consistent with the design manual and constructed according to an approved plan for new development or redevelopment.
- (b) *Exemptions.* Stormwater management is not required for:
 - (1) Additions or modifications to existing single-family detached residential structures that do not disturb over 5,000 square feet of land area;
 - (2) Developments that disturb less than 5,000 square feet of land area;
 - (3) Land development activities which are regulated under specific State laws regarding the management of stormwater; or
 - (4) Agricultural land management practices.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1)

Sec. 18.903. - Design criteria; minimum control requirements; alternatives.

- (a) The minimum control requirements established in this section and the design manual are as follows:
 - (1) The County shall require that the planning techniques, nonstructural practices, and design methods specified in the design manual be used to implement ESD to the MEP. The use of ESD planning techniques and treatment practices must be exhausted before any structural BMP is implemented. Stormwater management for development projects subject to this subtitle shall be designed using ESD sizing criteria, recharge volume, water quality volume, and channel protection storage volume criteria according to the design manual. The MEP standard is met when channel stability is maintained, predevelopment groundwater recharge is replicated, nonpoint source pollution is minimized, and structural stormwater management practices are used only if determined to be absolutely necessary.
 - (2) Control of the two-year and ten-year frequency storm event is required according to the design manual and all subsequent revisions if the County determines that additional stormwater management is necessary because historical flooding problems exist and downstream floodplain development and conveyance system design cannot be controlled.
 - (3) One-hundred-year peak management control is required according to the design manual. For purposes of calculating the 100-year 24-hour storm event, 8.51 inches of rainfall depth shall be the minimum depth used.
 - (4) The County may require more than the minimum control requirements if:
 - (i) Hydrologic or topographic conditions warrant; or
 - (ii) Flooding, stream channel erosion, or water quality problems exist downstream from a proposed project.
- (b) Stormwater management where applicable, shall be consistent with adopted and approved watershed management plans or flood management plans as approved by the Maryland Department of the Environment in accordance with the Flood Hazard Management Act of 1976.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1; C.B. 79, 2016, § 1)

Sec. 18.904. - Stormwater management measures.

- (a) *Required.* The ESD planning techniques and treatment practices and structural stormwater management measures established in this subtitle and the design manual shall be used, either alone

or in combination, in a stormwater management design. A developer shall demonstrate that ESD has been implemented to the MEP before the use of a structural BMP is considered in developing the stormwater management design.

- (b) *ESD Planning Techniques.* The following planning techniques shall be applied in accordance with the design manual to satisfy the applicable minimum control requirements established in this subtitle:
- (1) Preserving and protecting natural resources;
 - (2) Conserving natural drainage patterns;
 - (3) Minimizing impervious area;
 - (4) Reducing runoff volume;
 - (5) Using ESD practices to maintain 100 percent of the annual predevelopment groundwater recharge volume;
 - (6) Using green roofs, permeable pavement, reinforced turf, and other alternative surfaces;
 - (7) Limiting soil disturbance, mass grading, and compaction;
 - (8) Clustering development; and
 - (9) Any practices approved by the administration.
- (c) *ESD Treatment Practices.* The following ESD treatment practices shall be designed in accordance with the design manual to satisfy the applicable minimum control requirements established in this Code:
- (1) Disconnection of rooftop runoff;
 - (2) Disconnection of non-rooftop runoff;
 - (3) Sheetflow to conservation areas;
 - (4) Rainwater harvesting;
 - (5) Submerged gravel wetlands;
 - (6) Landscape infiltration;
 - (7) Infiltration berms;
 - (8) Dry wells;
 - (9) Micro-bioretenion;
 - (10) Rain gardens;
 - (11) Swales;
 - (12) Enhanced filters; and
 - (13) Any practices approved by the administration.
- (d) *Structural Stormwater Management Practices.* The following structural stormwater management practices shall be designed in accordance with the design manual to satisfy the applicable minimum control requirements established in this Code:
- (1) Stormwater management ponds;
 - (2) Stormwater management wetlands;
 - (3) Stormwater management infiltration;
 - (4) Stormwater management filtering systems; and
 - (5) Stormwater management open channel systems.

- (e) *Structural Stormwater Management Selection.* The following requirements shall apply when selecting structural stormwater management:
 - (1) The performance criteria specified in the design manual with regard to general feasibility, conveyance, pretreatment, treatment and geometry, environment and landscaping, and maintenance shall be considered; and
 - (2) Structural stormwater management practices shall be selected to accommodate the unique hydrologic or geologic regions of the State.
- (f) *Requirement to Record; Alterations Prohibited.* A maintenance agreement or easement setting forth the ESD planning techniques and treatment practices and structural stormwater management measures used to satisfy the minimum requirements in this subtitle shall be recorded in the land records of Howard County and remain unaltered by subsequent property owners. Prior approval from the County shall be obtained before any stormwater management practice is altered.
- (g) *Alternatives.* Alternative ESD planning techniques and treatment practices and structural stormwater measures may be used for new development runoff control if they meet the performance criteria established in the design manual and all subsequent revisions. Practices used for redevelopment projects shall be approved by the County. All alternative ESD practices shall be approved by the Administration.
- (h) *Modifications.* For the purposes of modifying the minimum control requirements or design criteria, the owner or developer shall submit to the County an analysis of the impacts of stormwater flows downstream in the watershed. The analysis shall include hydrologic and hydraulic calculations necessary to determine the impact of hydrograph timing modifications of the proposed development upon a dam, highway, structure, or natural point of restricted streamflow. The point of investigation is to be established with the concurrence of the County, downstream of the first downstream tributary whose drainage area equals or exceeds the contributing area to the project or stormwater management facility.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1)

Sec. 18.905. - Stormwater management design process.

- (a) *Review and Approval of Stormwater Management.* The County shall perform a comprehensive review of the stormwater management for each step of plan review. The County shall remove design impediments from the review process that prohibit the implementation of ESD to the MEP unless inconsistent with public safety, health, and the public welfare. Coordinated comments will be provided by the department of planning and zoning for each design stage that reflects input from all appropriate agencies including, but not limited to, the Soil Conservation District (SCD), the Department of Public Works, and specific divisions within the Department of Planning and Zoning. All comments from the County and other appropriate agencies shall be addressed and approval received at each stage of the project design before subsequent submissions.
- (b) *Contents and Submission of Stormwater Management.* Stormwater management design shall contain the following:
 - (1) A concept stage that provides sufficient information for an initial assessment of the proposed project and whether stormwater management can be provided according to this subtitle. Plans submitted for concept stage approval shall include, but are not limited to:
 - (i) A map at a scale specified by the Department of Planning and Zoning showing site location, existing natural features, water and other sensitive resources, topography, and natural drainage patterns;
 - (ii) The anticipated location of all proposed impervious areas, buildings, roadways, parking, sidewalks, utilities, and other site improvements;

- (iii) The location of the proposed limit of disturbance, erodible soils, steep slopes, and areas to be protected during construction;
 - (iv) Preliminary estimates of stormwater management requirements, the selection and location of ESD practices to be used, and the location of all points of discharge from the site;
 - (v) A narrative that supports the concept design and describes how ESD will be implemented to the MEP; and
 - (vi) Any other information required by the County.
- (2) Following concept stage approval by the County, the owner or developer shall submit plans meeting requirements for the site development stage.

Plans submitted for site development stage approval shall be of sufficient detail to allow the plan to be reviewed and shall include, without limitation, the following items:

- (i) All information provided during the concept stage;
 - (ii) Site layout, exact impervious area locations and acreages, proposed topography, delineated drainage areas at all points of discharge from the site, and stormwater volume computations for ESD practices and quantity control structures;
 - (iii) A proposed erosion and sediment control plan that contains the construction sequence, any phasing necessary to limit earth disturbances and impacts to natural resources, and an overlay plan showing the types and locations of ESD and erosion and sediment control practices to be used;
 - (iv) A narrative that supports the site design, describes how ESD will be used to meet the minimum control requirements, and justifies any proposed structural stormwater management measure; and
 - (v) Any other information required by the County.
- (3) Following site development stage approval by the County, the owner or developer shall submit plans meeting requirements for final stage. Plans submitted for final stage approval shall be of sufficient detail to allow all approvals and permits to be issued according to the following:
- (i) Final erosion and sediment control plans shall be submitted according to COMAR 26.17.01.05; and
 - (ii) Final stormwater management design shall be submitted for approval in the form of construction drawings and shall be accompanied by a report that includes sufficient information to evaluate the effectiveness of the proposed runoff control design.
- (4) Reports submitted for final stormwater management design shall include, but are not limited to:
- (i) Geotechnical investigations including soil maps, borings, site specific recommendations, and any additional information necessary for the final stormwater management design;
 - (ii) Drainage area maps depicting post development runoff flow path and land use;
 - (iii) Hydrologic computations of the applicable ESD and unified sizing criteria according to the design manual for all points of discharge from the site;
 - (iv) Hydraulic and structural computations for all ESD practices and structural stormwater management measures to be used;
 - (v) A narrative that supports the final stormwater management design; and
 - (vi) Any other information required by the County.
- (5) Construction drawings submitted for final stormwater management design approval shall include, but are not limited to:

- (i) A vicinity map;
 - (ii) Existing and proposed topography and proposed drainage areas, including areas necessary to determine downstream analysis for proposed stormwater management facilities;
 - (iii) Any proposed improvements including location of buildings or other structures, impervious surfaces, storm drainage facilities, and all grading;
 - (iv) The location of existing and proposed structures and utilities;
 - (v) Any easements and rights-of-way;
 - (vi) The delineation, if applicable, of the 100-year floodplain and any on-site wetlands;
 - (vii) Structural and construction details including representative cross sections for all components of the proposed drainage system or systems, and stormwater management facilities;
 - (viii) All necessary construction specifications;
 - (ix) A sequence of construction;
 - (x) Data for total site area, disturbed area, new impervious area, and total impervious area;
 - (xi) A table showing the ESD and unified sizing criteria volumes required in the design manual;
 - (xii) A table of materials to be used for stormwater management facility planting;
 - (xiii) All soil boring logs and locations;
 - (xiv) An inspection and maintenance schedule;
 - (xv) Certification by the owner/developer that all stormwater management construction will be done according to this plan;
 - (xvi) An as-built certification signature block to be executed after project completion; and
 - (xvii) Any other information required by the County.
- (6) If a stormwater management plan involves direction of some or all runoff off of the site, the developer shall obtain from adjacent property owners any easements or other necessary property interests concerning flowage of water.
- (c) [Reserved.]
- (d) [Reserved.]
- (e) *Preparation of Plans and Reports.* The design of stormwater management shall be prepared by any individual whose qualifications are acceptable to the County as follows:
- (1) The County shall require that the design be prepared by either a professional engineer, professional land surveyor, or landscape architect licensed in the State, as necessary to protect the public or the environment; and
 - (2) If a stormwater BMP requires either a dam safety permit from the Maryland Department of the Environment or small pond approval from the Howard Soil Conservation District, the County shall require that the design be prepared by a professional engineer licensed in the State.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1)

Editor's note— C.B. 47-2011, § 1, amended § 18.905 title to read as herein set out. Former § 18.905 title pertained to stormwater management plans.

Sec. 18.906. - Grading or building permits.

- (a) *Permit Requirement.* A grading or building permit may not be issued for any parcel or lot unless final erosion and sediment control and stormwater management design has been approved by the County as meeting all the requirements of the design manual and this Code. Where appropriate, a building permit may not be issued without:
- (1) Recorded easements for the stormwater management facility and easements to provide adequate access for inspection and maintenance from a public right-of-way;
 - (2) A recorded stormwater management maintenance agreement as described in this subtitle; and
 - (3) A performance bond as described in this subtitle.
- (b) *Permit Suspension and Revocation.* Any grading or building permit issued by the County may be suspended or revoked after written notice is given to the permittee for any of the following reasons:
- (1) Any violation of the conditions of the stormwater management design approval;
 - (2) Changes in site runoff characteristics upon which an approval or waiver was granted;
 - (3) Construction is not in accordance with the approved plan;
 - (4) Noncompliance with any correction notice or stop work order issued for the construction of any stormwater management practice; and
 - (5) In the opinion of the County, an immediate danger exists in a downstream area.
- (c) *Permit Conditions.* In granting an approval for any phase of site development, the County may impose such conditions that may be deemed necessary to ensure compliance with the provisions of this subtitle and the preservation of public health, safety, and welfare.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1)

Sec. 18.907. - Watershed protection and restoration fee.

There is a watershed protection and restoration fee as established in Title 20, Subtitle 11 of this Code.

(C.B. 8, 2013, § 1)

Sec. 18.908. - Waivers; watershed management plans.

- (a) *Waiver Requests.* A request for a waiver under this section shall:
- (1) Be in writing;
 - (2) Contain sufficient descriptions, drawings, and any other information that is necessary to demonstrate that ESD has been implemented to the MEP; and
 - (3) Be prohibited for any property located in the Tiber Branch Watershed unless the waiver:
 - (i) Was requested on or before November 7, 2016;
 - (ii) Is necessary for the reconstruction of existing structures or infrastructure damaged by flood, fire, or other disaster;
 - (iii) Is necessary for the construction of a stormwater management or flood control facility as part of a redevelopment project;
 - (iv) Is necessary for the retrofit of existing facilities or installation of new facilities intended solely to improve stormwater management or flood control for existing development;

- (v) Is requested as part of a development proposal and the Director of the Department of Public Works, or his designee serving as Floodplain Administrator, finds that upon completion of construction of the development, which may include off-site improvements within the Tiber Branch Watershed, there will be improvement to flood control in the Tiber Branch Watershed at least ten percent more than what would otherwise be required by law; or
 - (vi) Is necessary for the construction of an addition, garage, driveway or other accessory use improvement of an existing residential structure on property located within the Tiber Branch Watershed that increases the square footage of the impervious surfaces on the property by no more than 25 percent over the square footage of impervious surfaces that existed on the property prior to the effective date of this bill [Dec. 9, 2016].
- (b) *Criteria to Grant Waivers.* The approving agency may grant a waiver when it has been demonstrated that ESD has been implemented to the MEP and any grant shall:
- (1) Be on a case-by-case basis;
 - (2) Consider the cumulative effects waivers; and
 - (3) Reasonably ensure the development will not adversely impact stream quality and one of the following requirements are satisfied:
 - (i) Off-site ESD implementation for a drainage area comparable in size and percent of increased imperviousness to that of the project;
 - (ii) Watershed stream restoration as approved by the approving agency;
 - (iii) Retrofitting of an existing stormwater management system to meet or exceed the current design criteria;
 - (iv) A fee in lieu, as established in section 18.909 of this subtitle, where physical constraints do not allow implementation of an MDE approved stormwater management system; or
 - (v) Other practices approved by MDE and the County.
- (c) *Quantitative Control Waivers—Requirement to have Watershed Management Plan.* Except as provided in subsection (e) of this section, the County shall grant stormwater management quantitative control waivers only to those projects within areas where watershed management plans have been developed consistent with this section.
- (d) *Watershed Management Plan.* A watershed management plan shall:
- (1) Include detailed hydrologic and hydraulic analyses to determine hydrograph timing;
 - (2) Evaluate both quantity and quality management and opportunities for ESD implementation;
 - (3) Include a cumulative impact assessment of current and proposed watershed development;
 - (4) Identify existing flooding and receiving stream channel conditions;
 - (5) Be conducted at a reasonable scale;
 - (6) Specify where on-site or off-site quantitative and qualitative stormwater management practices are to be implemented;
 - (7) Be consistent with the general performance standards for stormwater management in Maryland found in the design manual; and
 - (8) Be approved by the administration.
- (e) *Quantitative Control Waivers Without Watershed Management Plans.* If a watershed management plan consistent with this section has not been developed, a stormwater management quantitative control waiver may be granted provided that it has been demonstrated that ESD has been implemented to the MEP when the approving agency determines that circumstances exist that prevent the reasonable implementation of quantity control practices.

- (f) *Quantitative Control Waiver—Additions, Extensions, or Modifications.* If there are subsequent additions, extensions, or modifications to a development that has received a quantitative control waiver, a separate written waiver request is required that shall comply with subsection (b) of this section.
- (g) *Qualitative Control Waiver.* A stormwater management qualitative control waiver applies only to:
 - (1) In-fill development projects where ESD has been implemented to the MEP and it has been demonstrated that other BMPs are not feasible;
 - (2) Redevelopment projects if the approving agency determines that the requirements of this subtitle are satisfied; or
 - (3) Sites where the approving agency determines that circumstances exist that prevent the reasonable implementation of ESD to the MEP.
- (h) Stormwater management quantitative and qualitative control waivers may be granted for phased development projects if a system designed to meet the Administration's 2000 regulatory requirements and Howard County Code requirements for multiple phases, as set forth in this subtitle, has been constructed by May 4, 2010. If the 2009 regulatory requirements cannot be met for future phases constructed after May 4, 2010, all reasonable efforts to incorporate ESD in future phases must be demonstrated.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1; C.B. 80, 2016, § 1)

Editor's note— C.B. 47-2011, § 1, amended § 18.908 title to read as herein set out. Former § 18.908 title pertained to stormwater management waivers; watershed management plans.

Sec. 18.909. - Fee in lieu of implementing best management practices.

- (a) If the Department of Public Works or the Department of Planning and Zoning determines that implementation of ESD to the MEP or structural practices required to control the quantity of stormwater or runoff is not feasible or will be ineffective, then the Department of Public Works or the Department of Planning and Zoning may allow the person obligated under this subtitle to pay a fee to the County instead of implementing the best management practice.
- (b) The amount of the fee in lieu of implementing best management practices shall be calculated by methods established by the County.
- (c) The County Executive shall recommend and the County Council shall set by resolution the amount per acre-foot of storage volume used to calculate the fee. This storage volume shall be determined using assumed ESD practices.
- (d) Amounts collected from this fee shall be deposited in the watershed protection and restoration fund in accordance with the provisions of Title 20, Subtitle 11 of this Code.
- (e) Payment of a fee-in-lieu shall not relieve the property owner of the obligation to pay the annual watershed protection and restoration fee as required by Title 20, Subtitle 11 of this Code.

(C.B. 13, 2010, § 1; C.B. 8, 2013, § 3)

Sec. 18.910. - Redevelopment.

- (a) Stormwater management design for redevelopment shall be consistent with the design manual.
- (b) All redevelopment projects shall reduce existing impervious area within the limit of disturbance by at least 50 percent. Where site conditions prevent the reduction of impervious area, then ESD practices shall be implemented to provide qualitative control for at least 50 percent of the site's impervious

area. When a combination of impervious area reduction and stormwater management practice implementation is used, the combined reduction shall equal or exceed 50 percent of the existing impervious area within the limit of disturbance.

- (c) Alternative stormwater management measures may be used to meet the requirements in subsection (b) of this section if the owner or developer satisfactorily demonstrates to the County that impervious area reduction has been maximized and ESD has been implemented to the MEP. Alternative stormwater management measures include, but are not limited to:
 - (1) An on-site structural BMP;
 - (2) An off-site structural BMP to provide water quality treatment for an area equal to or greater than 50 percent of the existing impervious area; or
 - (3) A combination of impervious area reduction, ESD implementation, and an on-site or off-site structural BMP for an area equal to or greater than 50 percent of the existing site impervious area within the limit of disturbance.
- (d) The County may develop separate policies for providing water quality treatment for redevelopment projects if the requirements of subsections (b) and (c) of this section cannot be met. Any separate redevelopment policy shall be reviewed and approved by the Administration and may include, but not be limited to:
 - (1) A combination of ESD and an on-site or off-site structural BMP;
 - (2) Retrofitting including existing BMP upgrades, filtering practices, and off-site ESD implementation;
 - (3) Participation in a stream restoration project;
 - (4) Pollution trading with another entity;
 - (5) Payment of a fee-in-lieu; or
 - (6) A partial waiver of the treatment requirements if ESD is not practicable.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1)

Sec. 18.911. - Performance bond.

- (a) *Requirement to Provide.* The developer shall provide a surety or cash bond, irrevocable letter of credit, or other means of security acceptable to the County prior to the issuance of any building or grading permit for the construction of a development requiring stormwater management.
- (b) *Amount.* The amount of the security shall not be less than the estimated construction cost of all stormwater management facilities.
- (c) *Required Provisions.* The bond required in this section shall include provisions relative to forfeiture for failure to complete work specified in the approved stormwater management plan, compliance with all of the provisions of this subtitle, and other applicable laws and regulations, and any time limitations.
- (d) *Release.* The bond shall not be fully released without a final inspection of the completed work by the County, submission of "as-built" plans, and certification of completion by the County that all stormwater management facilities comply with the approved plan and the provisions of this Code. At the County's discretion, a procedure may be used to release parts of the bond held by the County after various stages of construction have been completed and accepted by the County. The procedures used for partially releasing performance bonds must be specified by the county in writing prior to stormwater management design approval.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1)

Sec. 18.912. - Right of entry and inspection.

- (a) *Right of Entry.* The County may enter upon property to ensure compliance with this subtitle.
- (b) *Inspection During Construction.* The County shall make regular inspections at various stages of construction as provided in Chapter 5, stormwater management, of Volume I (Storm Drainage) of the Howard County Design Manual. Inspections shall be documented in writing by the County.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1; C.B. 8, 2013, § 4)

Editor's note— C.B. 8, 2013, § 4, amended § 18.912 title to read as herein set out. Former § 18.912 title pertained to inspection.

Sec. 18.913. - Howard County Design Manual.

- (a) The Howard County Design Manual Volume I (Storm Drainage) shall include the minimal control requirements and design criteria for stormwater management; procedures for the approval of plans; and construction inspection requirements.
- (b) The County Executive shall submit the Howard County Design Manual to the County Council for the Council's approval by resolution. Amendments to the manual shall be prepared and approved in the same manner.
- (c) The County Executive shall review the Howard County Design Manual at least every third year to ensure that the figures used to calculate rainfall depth and intensity are consistent with those published by the National Oceanic and Atmospheric Administration, the Natural Resources Conservation Service, and any other federal government agency which tracks and publishes local precipitation data as the County Executive may deem appropriate and, subject to section 22.1000 of the County Code, report to the County Council:
 - (1) Whether the figures are consistent; and
 - (2) If the figures are not consistent, a plan to amend the Design Manual to be consistent with the current figures published by the National Oceanic and Atmospheric Administration, the Natural Resources Conservation Service, and any other federal government agency consulted as part of the review required by this section.

(C.B. 13, 2010, § 1; C.B. 79, 2016, § 1; C.B. 43, 2018, § 1)

Sec. 18.914. - Maintenance.

The County or property owner or both the County and the property owner, shall perform periodic maintenance as required in chapter 5, stormwater management, of volume I (storm drainage) of the Howard County Design Manual.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1)

Sec. 18.915. - Appeals.

Any person aggrieved by any final decision made by the Official charged with the enforcement of this subtitle may appeal the action to the Board of Appeals. The appeal shall be filed in writing within 30 days of the date of official transmittal of the final decision or determination to the applicant, state clearly the grounds on which the appeal is based, and be processed in the manner prescribed for hearing administrative appeals in Howard County.

(C.B. 47, 2011, § 1)

Editor's note— C.B. 47-2011, § 1, repealed former § 18.915, and enacted a new § 18.915 as set out herein. Former § 18.915 pertained to the same subject matter and derived from C.B. 13, 2010, § 1.

Sec. 18.916. - Penalties.

- (a) *Criminal Penalties.* Any person who violates any provision of this subtitle, or any rule, regulation, order or permit issued under this subtitle, is guilty of a misdemeanor and upon conviction is subject to a fine not exceeding \$1,000.00, or imprisonment not exceeding six months, or both, for each violation. Each day a violation occurs or continues is a separate offense. Costs may be imposed at the discretion of the court.
- (b) *Civil Penalties.* Alternatively or in addition to and concurrent with other remedies at law or equity, the county may enforce the provisions of this subtitle with civil penalties pursuant to the provisions of title 24, "Civil Penalties," of the Howard County Code. A violation of this subtitle is a Class A offense. Each day that a violation occurs or continues is a separate offense.
- (c) *Injunctive and Other Relief.* In addition, the County may institute injunctive, mandamus or other appropriate legal action or proceedings for the enforcement of or to correction violations of this subtitle. Any court of competent jurisdiction may issue temporary or permanent restraining orders, injunctions or mandamus, or other appropriate forms of relief.

(C.B. 13, 2010, § 1; C.B. 47, 2011, § 1; C.B. 8, 2013, § 5)

Sec. 18.917. - Severability.

If any portion of this Code is held invalid or unconstitutional by a court of competent jurisdiction, such portion shall not affect the validity of the remaining portions of this subtitle. It is the intent of the County that this subtitle shall stand, even if a section, subsection, sentence, clause, phrase, or portion may be found invalid.

(C.B. 13, 2010, § 1)

SUBTITLE 10. - DEPARTMENT OF PUBLIC WORKS⁵

Footnotes:

--- (5) ---

Editor's note— Subtitle 10, §§ 18.1000, 18.1001, was added by § 89 of C.B. 62, 1988. Section 101 declared the bill effective July 1, 1989.

Sec. 18.1000. - General provisions.

General provisions applicable to this department are set forth in subtitle 2, "Administrative Departments and Offices," of title 6, "County Executive and the Executive Branch," of the Howard County Code.

(C.B. 62, 1988)

Sec. 18.1001. - Department of Public Works.

- (a) *Head.* The Director of Public Works shall be the head of the Department of Public Works.
- (b) *Qualifications of Director of Public Works.* The Director of Public Works shall be appointed solely with regard to qualifications for the duties and responsibilities of the office. The Director shall be a registered professional engineer in Maryland. The Director shall have comprehensive knowledge of the principles and practices of civil engineering and Public Works administration. The Director shall have at least ten years of increasingly responsible experience in engineering and Public Works administration, including a minimum of five years in a managerial position in Public Works.
- (c) *Duties and Responsibilities.* The Department of Public Works shall be responsible for the following functions:
 - (1) Developing and administering the capital projects, including, but not limited to:
 - (i) Preparation of necessary plans, and other documents.
 - (ii) Management and inspection, as appropriate, of construction.
 - (iii) Participation with the Purchasing Agent in the tabulation and evaluation of bids and recommendation of contract awards.
 - (2) Preparation of reports, studies, surveys, maps, plans, specifications and estimates for the County's public facilities and utilities.
 - (3) Preparation of specifications in connection with the purchasing of materials, services, supplies and equipment.
 - (4) Construction of County-owned buildings and improvements to them. Construction, improvement, alteration, operation, maintenance and repair of all County-owned roads, bridges, water systems, sewerage systems and drainage facilities.
 - (5) Administration and enforcement of laws, rules and regulations relating to the use of the water and sewerage systems.
 - (6) Ensuring that the Howard County Design Manual is reviewed and revised in accordance with subsection (d) of this section.
 - (7) Acceptance, on behalf of the County, of roads, drainage facilities and water and sewerage systems, and right-of-way, and easements related thereto, as provided by law.
 - (8) Care and maintenance of County-owned or leased space, including alterations, repairs, cleaning, heating, cooling, lighting, power supply, floor covering, painting, and gardening.
 - (9) Acquisition of land as prescribed by law and as directed by the County Executive.
 - (10) Obtaining and administering agreements which provide for the construction of public facilities which the County may acquire upon completion of the terms of the agreement.
 - (11) Collection of refuse and operation of facilities for the processing, handling, recycling and disposal of refuse.
 - (12) Provision of engineering, architectural and surveying services for all agencies of County Government.
 - (13) Managing property owned by the County and for obtaining leased space to be used by the County and agencies for which the County provides space, including:
 - (i) Renting or leasing land to be used by the County;
 - (ii) Renting or leasing buildings to be used by the County;
 - (iii) Renting or leasing County property to private individuals or companies, if the County does not have an immediate use for the property; and

- (iv) Coordinating with agencies to determine their needs for additional or alternate space and arranging for securing that space in property owned or leased by the County.
- (14) Such other duties and responsibilities as may be prescribed by directive of the County Executive or by law.
- (d) *Design Manual.*
 - (1) With the assistance of each appropriate agency of County government, the Department of Public Works shall review each volume of the Howard County Design Manual to ensure that each volume is complete, accurate, and reflects the latest available data and best practices.
 - (2) Subject to paragraph (4) of this subsection, the review of each volume shall occur, at the latest, every fifth year in accordance with the staggered schedule established by Council Bill 4-2017.
 - (3) Subject to section 22.1000 of the County Code, within 18 months after each review is complete, the Department of Public Works:
 - (i) Shall submit revisions to the County Council for approval; or
 - (ii) Shall notify the County Council that the volume of the Howard County Design Manual does not require any revisions.
 - (4) For good cause, including budgetary constraints, the Director may adjust the schedule required by this subsection. The Director shall notify promptly the County Council whenever an adjustment is made and include the reasons for the adjustment.

(C.B. 62, 1988; C.B. 117, 1989; C.B. 8, 1993; C.B. 11, 1994; C.B. 28, 1996; C.B. 4, 2017, § 1; C.B. 43, 2018, § 1)

SUBTITLE 11. - PUBLIC WORKS BOARD^[6]

Footnotes:

--- (6) ---

Editor's note— Subtitle 11, § 18.1100, was added by § 90 of C.B. 62, 1988. Section 101 declared the bill effective July 1, 1989.

Sec. 18.1100. - Public Works Board.

- (a) *General Provisions.* General provisions applicable to this Board are set forth in subtitle 3, "Boards and Commissions," of title 6, "County Executive and the Executive Branch," of the Howard County Code.
- (b) *Number of Members.* The Public Works Board shall have five members.
- (c) *Qualifications.* All members of the Public Works Board shall be residents of Howard County.
- (d) *Executive Secretary.* The Director of Public Works or the Director's designee shall be the Executive Secretary of the Public Works Board and shall attend all meetings of the Board.
- (e) *Duties and Responsibilities.* The Public Works Board shall have the following duties:
 - (1) Make recommendations to the County Executive and to the County Council relating to plans and policies on matters under the jurisdiction of the Department of Public Works.
 - (2) At the directive of the County Executive or by resolution of the County Council, the Board of Public Works shall review and make recommendations on any matter related to Public Works.

SUBTITLE 12. - SHARED SEWAGE DISPOSAL FACILITIES⁷¹

Footnotes:

--- (7) ---

Editor's note— Sections 1 of C.B. 6, 2006 amended and restated former Subtitle 12 in its entirety to read as herein set out. Former Subtitle 12 pertained to the same subject matter and derived from C.B. 8, 2005, §§ 1 and 2.

Cross reference— Shared sewage disposal facilities charges and assessments, § 20.1200 et seq.

Sec. 18.1200. - COMAR authority; application; purpose.

- (a) *COMAR Authority.* This subtitle is enacted pursuant to provisions of the Code of Maryland Regulations that regulate shared sewage disposal facilities.
- (b) *Application.* This subtitle applies to shared sewage disposal facilities that serve cluster developments in RR and RC zoned land.
- (c) *Purpose.* The purpose of this subtitle is to protect the public health, safety, and welfare by establishing requirements and procedures for the ownership, operation, repair, ownership, and maintenance of shared sewage disposal facilities.

(C.B. 16, 2006, § 1)

Sec. 18.1201. - Definitions.

Terms used in this subtitle have the meanings indicated.

- (a) *Board of Education* means the Board of Education of Howard County.
- (b) *COMAR* means the Code of Maryland Regulations.
- (c) *Controlling authority* means the County, the Board of Education, or a governmental body empowered by the County or the Board of Education by a written agreement to provide for management, operation, and preventive and corrective maintenance of a shared sewage disposal facility.
- (d) *Covenants* means the declaration of covenants required by subsection 18.1203(a) of this subtitle.
- (e) *Department* means the Department of Public Works.
- (f) *Drainfield* means an area upon which all or a portion of the subsurface wastewater disposal area of a shared sewage disposal facility is located, including, without limitation:
 - (1) A preservation parcel;
 - (2) A public right-of-way; or
 - (3) Land owned by the Board of Education.
- (g) *Easement* means the easement to the County required by subsection 18.1204(d) of this subtitle.
- (h) *Land owned by the Board of Education* means land owned, leased, or dedicated for the beneficial use of the Board of Education, including by easement or right-of-way.

- (i) *Permit* means the State groundwater discharge permit issued by the Maryland Department of the Environment pursuant to title 9 of the environment article of the Annotated Code of Maryland permitting the discharge of effluent from the shared sewage disposal facility to the groundwaters of the State of Maryland in accordance with the terms of the permit.
- (j) *Preservation parcel* means a nonbuildable parcel created under the Howard County zoning regulations upon which all or a portion of the subsurface wastewater disposal area is located.
- (k) *Residential lot* means in a subdivision, a privately-owned lot containing one, single-family dwelling unit that is served by a shared sewage disposal facility.
- (l) *Shared sewage disposal facility* means a sewage system that:
 - (1) Serves more than one residential lot;
 - (2) Is located on one or more of the following:
 - (i) A public right-of-way;
 - (ii) Land owned by the Board of Education; or
 - (iii) A preservation parcel; and
 - (3) Is subject to the easement and covenants; and
 - (4) Consists of:
 - (i) All mainline collection sewers and appurtenances, including pumping units, located within a public right-of-way that act to convey wastewater to the subsurface wastewater disposal area;
 - (ii) A subsurface wastewater disposal area required to operate the sewage system, including:
 - a. All conveyance, collection, treatment, piping, and components of the facility, and disposal equipment; and
 - b. Any area that has been approved as suitable to support a soil absorption system or drainfield to safely dispose of effluent in conformity with COMAR requirements governing sewage disposal;
 - (iii) Cables, wires, control panels, or other electrical or mechanical systems and controls used to operate and maintain the system on a residential lot or on land owned by the Board of Education; and
 - (iv) Other related equipment, chemicals, and materials.

(C.B. 16, 2006, § 1)

Sec. 18.1202. - Types of approved shared sewage disposal facilities.

A shared sewage disposal facility may be approved by the Department if the shared sewage disposal facility meets all of the requirements of this subtitle and:

- (a) A permit is not required for the shared sewage disposal facility; or
- (b) A permit is required for the shared sewage disposal facility and:
 - (1) The Health Department determined that, on or before July 14, 2004, the field work was substantially completed;
 - (2) Approval for the shared sewage disposal facility was denied as of July 14, 2004, in writing, by the Department; or
 - (3) Is operated by the Board of Education:
 - (i) Under a permit issued prior to June 30, 2006; or

- (ii) Solely to serve Howard County Public Schools.

(C.B. 16, 2006, § 1)

Sec. 18.1203. - Plan approval; covenants; design and construction; construction inspection.

- (a) *Plan Approval and Covenants.* If a developer or the Board of Education proposes a shared sewage disposal facility, the Department and the Department of Planning and Zoning may not approve the final subdivision plan for the development unless:
 - (1) The Department and the Health Department have approved the proposed shared sewage disposal facility;
 - (2) If applicable, the permit has been approved; and
 - (3) The developer has:
 - (i) Created a perpetual incorporated homeowners association that is in good standing with the State Department of Assessments and Taxation;
 - (ii) Executed and delivered the easement; and
 - (iii) Executed and delivered to the County a declaration of covenants that:
 - a. Is binding upon the developer and all subsequent owners of preservation parcels and residential lots;
 - b. Is approved by the County and, if applicable, the controlling authority;
 - c. Is enforceable by the homeowners association or the controlling authority by injunction or any other means, cumulatively and concurrently, allowed under Maryland law or this Code;
 - d. Is in proper form for recordation in the land records for Howard County;
 - e. Prohibits activities by owners of residential lots or preservation parcels to ensure that there is no adverse effect on the continued functioning of the shared sewage disposal facility, no violation of the terms of the permit, and no violation of the COMAR requirements governing sewage disposal;
 - f. Requires payment by each residential lot owner of an annual fee for sewage that includes the cost of operations, maintenance, and repair for the continued functioning and future replacement of the shared sewage disposal facility, as authorized in title 20, subtitle 8 of this Code;
 - g. Limits the use of the shared sewage disposal facility to ensure that:
 - 1. There is no adverse effect on the continued functioning of the facility; and
 - 2. If a permit is required, the facility complies with all conditions of the permit and with all COMAR requirements governing sewage disposal; and
 - h. Allows the Department to enter the drainfield and to access the portions of the shared sewage disposal facility on a residential lot, preservation parcel, or land owned by the Board of Education in accordance with section 18.1213 of this subtitle to make required repairs and maintenance;
 - i. Requires the owner of a residential lot to maintain the pipes, control panels, and components serving the residential lot up to the County or Board of Education right-of-way where connected to the shared sewage disposal facility in good repair; and
 - j. Restricts the owner from altering:

1. The pumps, pipes, control panels, and components without prior written consent of the Department; or
 2. The drainfield without the prior written consent of the Department.
- (b) *Design and Construction Standards.* The design and construction of a shared sewage disposal facility shall comply with standards of the following:
- (1) The Department's Design Manual;
 - (2) If a permit is required, the permit;
 - (3) If a controlling authority is required by the permit, the standards of the controlling authority;
 - (4) The Health Department; and
 - (5) The Maryland Department of the Environment.
- (c) *Construction Inspection.* The Department, controlling authority, and the Health Department shall inspect a shared sewage disposal facility during construction to determine whether the construction is consistent with the approved plan.

(C.B. 16, 2006, § 1)

Sec. 18.1204. - Designation of drainfield; requirements applicable to the subsurface wastewater disposal area; preservation parcel; easement.

- (a) *Drainfield.* A drainfield shall be located on a preservation parcel, public right-of-way, or land owned by the Board of Education and shall be subject to the easement and covenants.
- (b) *Requirements Applicable to the Subsurface Wastewater Disposal Area.* The subsurface wastewater disposal area shall satisfy the requirements of the Design Manual, COMAR, and, if a controlling authority is required by the permit, the controlling authority that govern the size of the area and the methods of determining whether the area is suitable for use as a subsurface wastewater disposal area.
- (c) *Preservation Parcel.* Except for a preservation parcel owned by the Board of Education, a preservation parcel containing a drainfield shall be:
- (1) Nonbuildable;
 - (2) Owned in perpetuity by the homeowners association serving the residential lots; and
 - (3) Subject to the easement and covenants.
- (d) *Easement.* The developer shall grant an easement to the County for the shared sewage disposal facility on a residential lot or preservation parcel that:
- (1) Gives a right of access to inspect and monitor all pumps, components, pipes, and the subsurface wastewater disposal area, including the pumps, pipes, control panels, and components located on a residential lot;
 - (2) Gives a right of entry for the inspection, maintenance, repair, replacement, and operation of the shared sewage disposal facility;
 - (3) Shall be in a form approved by the County; and
 - (4) Restricts use of a residential lot or preservation parcel to protect pumps, pipes, control panels, and components that serve each lot.

(C.B. 16, 2006, § 1)

Sec. 18.1205. - Developer agreement.

- (a) *Timing.* After final plan approval and signature approval of all construction drawings and prior to the submission of the original final plat, the developer shall enter into a developer agreement with the County.
- (b) *Requirements.* The agreement shall:
 - (1) Guarantee the construction of the shared sewage disposal facility in accordance with the approved final plan and all applicable regulations and standards of the State and the County; and
 - (2) Include guarantees by the developer that shall include the following:
 - (i) A performance surety in a form acceptable to the County in an amount that:
 - a. Is equal to 100 percent of the estimated cost of construction;
 - b. Guarantees timely and satisfactory completion of the shared sewage disposal facility; and
 - c. Guarantees the operation of the facility in accordance with the developer agreement; and
 - (ii) A payment surety in a form acceptable to the County in an amount that:
 - a. Is equal to 50 percent of the estimated cost of construction; and
 - b. Guarantees the payment of debts owed for labor and materials used in the construction of the shared sewage disposal facility; and
 - (iii) A maintenance and repair surety in a form acceptable to the County and in an amount that:
 - a. Is equal to 50 percent of the original amount of the performance surety; and
 - b. Guarantees the developer's obligation to complete repairs to the shared sewage disposal facility and to remedy damages.

(C.B. 16, 2006, § 1)

Sec. 18.1206. - Board of Education as the controlling authority.

- (a) *Powers and Authorities.* If the Board of Education is the controlling authority or if a shared sewage disposal facility is located on land owned by the Board of Education, the Board of Education shall construct, own, operate, and maintain the shared sewage disposal facility with respect to this subtitle, as follows:
 - (1) The covenants and easement shall be to the benefit of the Board of Education;
 - (2) The Board of Education shall have all of the rights and responsibilities of the County and the Department as provided in this subtitle and title 20, subtitle 8 of this Code; and
 - (3) The obligations of the developer required by this subtitle shall not apply to the Board of Education.
- (b) *Written Agreement.* The Board of Education and the County may enter into a written agreement that shall set forth all the rights and responsibilities of each party including, without limitation, construction, inspection, and billing procedures.

(C.B. 16, 2006, § 1)

Sec. 18.1207. - Responsibility of the developer.

- (a) *Construction.* The developer shall construct a shared sewage disposal facility in accordance with the approved plans and terms of the developer agreement required by this subtitle and the shared facilities developer agreement entered into pursuant to section 16.147 of this Code.
- (b) *Operation.* The developer shall operate the shared sewage disposal facility in accordance with the developer agreement until the facility is accepted by the County.
- (c) *Deed.* The deed for the sale of each residential lot shall state that the lot is subject to the obligations and restrictions set forth in the easement and covenants and shall recite the covenants set forth in section 18.1203 of this subtitle.
- (d) *Required Disclosures.* Upon the initial sale of a residential lot by the developer or its assigns, the developer or its assigns shall disclose:
 - (1) The estimated annual cost of the operation, maintenance, repair, and replacement of the shared sewage disposal facility for the residential lot served by the facility; and
 - (2) Restrictions in the easement and covenants in accordance with the requirements of the Maryland Contract Lien Act.

(C.B. 16, 2006, § 1)

Sec. 18.1208. - Power and authority of the County.

- (a) *Controlling Authority.* The County or the Board of Education may, by written agreement, designate a governmental body to be the controlling authority.
- (b) *Agreement.* The agreement shall authorize the controlling authority to perform one or more of the following functions:
 - (1) Purchasing, holding, leasing, building, or constructing a shared sewage disposal facility;
 - (2) In conjunction with the Department and the Department of Planning and Zoning, reviewing and approving plans for a shared sewage disposal facility;
 - (3) Establishing minimum design criteria;
 - (4) Establishing and collecting a fee for the design approval and construction inspection of a shared sewage disposal facility;
 - (5) Establishing and collecting a fee for the operation, maintenance, repair, and replacement of a shared sewage disposal facility as provided in title 20, subtitle 8 of this Code;
 - (6) Operating, repairing, improving, and maintaining a shared sewage disposal facility, including but not limited to:
 - (i) Periodically inspecting the shared sewage disposal facility and components of the facility on residential lots, preservation parcels, and land owned by the Board of Education;
 - (ii) Periodically removing septage;
 - (iii) Repairing tanks, piping, pumps, and electrical systems;
 - (iv) Repairing the subsurface wastewater disposal area;
 - (v) Replacing, at the end of their anticipated useful lives, tanks, pumps, piping, electrical systems or other components within the subsurface wastewater disposal area or residential lot;
 - (vi) Relocating the subsurface wastewater disposal area at the end of its anticipated useful life;

- (vii) Repairing, replacing, or maintaining the wastewater treatment facilities;
 - (viii) Paying electrical costs that are not the responsibility of the owner of a residential lot;
 - (ix) Performing administrative tasks and making payments associated with being a controlling authority; and
 - (x) Enforcing the restrictions in the easement and covenants; and
- (7) Maintaining records of its operation and maintenance activity at the shared sewage disposal facility.
- (c) *Inspection of Records.* The agreement shall provide that records maintained by the controlling authority are subject to inspection and review during regular business hours.
- (d) *Delegated Functions.* For each function delegated to the controlling authority by the agreement, the controlling authority and the Board of Education, if the Board is the controlling authority, shall have all the rights and responsibilities that are conferred on the County and the Department in this subtitle.

(C.B. 16, 2006, § 1)

Sec. 18.1209. - Responsibilities of a residential lot owner; damage to shared sewage disposal facility; reimbursement for damage.

- (a) *Residential Lot Owner.* The owner of a residential lot shall:
- (1) Pay the annual operating, maintenance, repair, and replacement fee for the shared sewage disposal facility pursuant to title 20, subtitle 8 of this Code;
 - (2) In accordance with the covenants and easement, prevent damage to the shared sewage disposal facility or to the operation of the facility;
 - (3) Pay electrical costs for a pump or other components located on the owner's lot;
 - (4) Notify the controlling authority if the facility's system alarm sounds or if the facility loses power; and
 - (5) Comply with all of the obligations and restrictions set forth in the covenants and the easement to ensure that the shared sewage disposal facility is in compliance with the provisions of the permit and COMAR requirements governing sewage disposal.
- (b) *Damage to Facility.* If the controlling authority determines that a residential lot owner has performed an activity that damages or is likely to damage any part of a shared sewage disposal facility or the operation of the facility, the controlling authority shall:
- (1) Notify the owner in writing of the damage;
 - (2) Require the owner to stop the activity causing or likely to cause the damage; and
 - (3) Repair any damage.
- (c) *Reimbursement.* The residential lot owner who causes any damage to the shared sewage disposal facility or to the operation of the facility is responsible for reimbursing the controlling authority for all costs incurred in repairing the damage, including administrative charges, engineering costs, reasonable attorney's fees, and court costs.
- (d) *Proportionate Share.* If the Department cannot determine which residential lot owner caused damage to the shared sewage disposal facility or to the operation of the facility, each residential lot owner shall be responsible for a proportionate share of all costs caused by or related to the damage based on the number of residential lots.

(C.B. 16, 2006, § 1)

Sec. 18.1210. - Ownership.

- (a) *County*. Except as provided in subsection (b) of this section, upon completion of a shared sewage disposal facility and its acceptance by the Department, the shared sewage disposal facility becomes the property of the County.
- (b) *Board of Education*. If the Board of Education is the controlling authority, the shared sewage disposal facility is owned by the Board of Education.

(C.B. 16, 2006, § 1)

Sec. 18.1211. - Uses on the drainfield; applicability of COMAR; maintenance.

- (a) *Structures*. A structure may not be placed on a drainfield unless:
 - (1) The drainfield is located on land owned by the Board of Education;
 - (2) The structure is a playground or athletic equipment located in a recreational area or athletic field as permitted by COMAR; and
 - (3) The Department, the controlling authority, and the Health Department have approved the structure.
- (b) *Drainfield Covered or Disturbed*. The drainfield may not be:
 - (1) Covered with gravel, asphalt, concrete, or any other covering or topping that impedes the growth of vegetation; or
 - (2) Without prior authorization from the controlling authority, the Health Department, and the Department, disturbed by earth moving or grading.
- (c) *Crops*. Only a crop approved by the Health Department, the Soil Conservation Service, and, if required, the Maryland Department of the Environment may be grown on the drainfield.
- (d) *COMAR*. Notwithstanding the requirements of this section, if COMAR prohibits a structure or use on a drainfield that is not prohibited by this section, the prohibition in COMAR shall apply.
- (e) *Maintenance*. The drainfield shall be maintained as required by the terms of the permit and the COMAR requirements governing sewage disposal.

(C.B. 16, 2006, § 1)

Sec. 18.1212. - Fee for design approval and construction inspection.

- (a) *Approval and Construction Fee*. There is a fee for design approval and construction inspection of a shared sewage disposal facility.
- (b) *Fee Additional*. The fee is in addition to the Health Department fee for an on-site sewage system permit.
- (c) *County is Controlling Authority*. If the County is the controlling authority, the fee shall be adopted annually by resolution of the County Council.
- (d) *County is Not the Controlling Authority*. If another governmental body is the controlling authority, the fee shall be established by the controlling authority or, if an agreement exists between the County and the controlling authority, the fee shall be established in accordance with the agreement.

(C.B. 16, 2006, § 1)

Sec. 18.1213. - Right of entry.

- (a) *Generally.* The Department may enter any residential lot, shared sewage disposal facility, drainfield, preservation parcel, or other property at any reasonable time for the purpose of enforcing the requirements of this subtitle, including, without limitation, making surveys, conducting inspections, reading meters, or repairing any portion of a shared sewage disposal facility.
- (b) *Notice.* Except as provided in subsection (e) of this section, the Department shall provide reasonable notice prior to entry onto a residential lot.
- (c) *Proof of Identity.* The Department shall produce proof of identity prior to entry.
- (d) *Entry Refused.* If entry is refused, the Department may seek a court order to permit entry to the dwelling.
- (e) *Imminent Danger.* The Department shall have the right to enter a building, structure, or premises at any time where there is evidence that an imminent danger exists that may threaten the public health and safety.

(C.B. 16, 2006, § 1)

Sec. 18.1214. - Civil penalties; other rights of enforcement.

- (a) *Civil Penalties:*
 - (1) The Department may enforce the provisions of this subtitle, the easement, covenants, or permit with civil penalties in accordance with title 24 "civil penalties" of this Code.
 - (2) A first violation of this subtitle is a Class D offense.
 - (3) A subsequent violation of this subtitle is a Class C offense.
 - (4) Each day that a violation continues is a separate offense.
- (b) *Other Rights of Enforcement.* The County may take any action at law or in equity against the owner of a preservation parcel or residential lot, as needed from time to time, to enforce the terms of this subtitle, the easement, covenants, or permit.

(C.B. 16, 2006, § 1)

SUBTITLE 13. - PUBLIC WATER SYSTEM CONNECTION COST ASSISTANCE PROGRAM

Sec. 18.1300. - Purpose.

The purpose of this subtitle is to provide financial assistance to certain property owners in the Mariottsville area in order to encourage as many property owners as possible to connect to the public water system so that the capital expenditure by the County in the construction of the water system improvements to the Mariottsville area is utilized to the fullest extent.

(C.B. 72, 1996)

Sec. 18.1301. - Program established.

There is a public water system connection cost assistance program, administered by the Department of Public Works, to assist owners of eligible property pursuant to this subtitle, in payment of certain costs associated with the connection of eligible property to the public water system.

(C.B. 72, 1996)

Sec. 18.1302. - Definitions.

In this section the following terms have the meanings indicated.

- (a) *County connection costs* are the following:
 - (i) Water-house connection charge in the amount of \$1,530.00 or as amended subsequent to the passage of this act.
 - (ii) In-aid-of construction charge in the amount of \$600.00 or as amended subsequent to the passage of this act.
 - (iii) Plumbing permit fee in the amount of \$130.00 or as amended subsequent to the passage of this act.
- (b) *Eligible work* is the following:
 - (i) Extension of the water house connection up to 150 linear feet; and
 - (ii) Installation of the pipe through or under the foundation wall; and
 - (iii) Installation of a pressure reducing valve and related fittings; and
 - (iv) Installation of any necessary plumbing tie-ins.

Eligible work does not include any other work which may be performed as a result of connection to the public water system.

- (c) Eligible costs are those costs incurred by the property owner for eligible work subject to the following limitations:
 - (i) Ten dollars per linear foot (up to 150 feet) to extend the water-house connection to the property; and
 - (ii) Up to \$400.00 for other eligible work.

(C.B. 72, 1996)

Sec. 18.1303. - Eligibility.

Any owner of a property located in the Marriottsville area, as identified in council resolution 8-1996 or by subsequent amendment, is eligible for the assistance program under this subtitle if:

- (a) The owner of the property acquired title to the property prior to July 22, 1993 or a building permit was issued prior to July 22, 1994; and
- (b) The property is in the metropolitan district or the property owner has submitted a petition to the Director of Public Works to incorporate the property into the metropolitan district.

(C.B. 72, 1996; C.B. 38, 1999)

Sec. 18.1304. - Costs for which the County may provide assistance.

An eligible property owner may receive assistance for the payment of County connection costs and eligible costs for eligible work.

(C.B. 72, 1996)

Sec. 18.1305. - Application.

The application for assistance for payment of County connections costs and eligible costs for eligible work shall be signed by each person with an ownership interest in the property and shall be submitted to the Director of Public Works on a form authorized by the Director of Public Works. The application shall contain the following information and acknowledgments:

- (a) The property owner's name and mailing address;
- (b) The address and tax account number of the property which is to be connected;
- (c) A petition to incorporate into the metropolitan district the property to be connected to the public water system unless the property is in the metropolitan district;
- (d) A list of the costs for which the property owner is requesting assistance;
- (e) A statement acknowledging that the property owner is responsible for the selection of the contractor and for the performance of all work needed to connect to public water and that the County does not warrant the work performed by the contractor;
- (f) A statement that the property owner agrees not to connect any on-site well to the public water system and will comply with all applicable laws and regulations;
- [(g) Reserved.]
- (h) A statement that assistance provided pursuant to this subtitle is subject to the availability of funds.

(C.B. 72, 1996)

Sec. 18.1306. - Administration.

(a) *Verification of Eligibility and Application:*

- (1) When the water line serving an eligible property in the Marriottsville area has been placed in service, a property owner may submit verification of eligibility for the public water system connection cost assistance program to the Department of Public Works.
- (2) After the Department verifies eligibility, the property owner may submit an application, including a signed petition to incorporate the property into the metropolitan district, if necessary, to the Director of Public Works for assistance in the payment of eligible costs.
- (3) Subject to the availability of funds, the Director of Public Works shall process the application and shall prepare legislation incorporating the property into the metropolitan district, if necessary.
- (4) The property owner and the County shall enter into an agreement in which the County agrees to provide assistance for the payment of County connection costs and eligible costs for eligible work and the property owner agrees to comply with the conditions of the assistance program including the provisions of subsection 18.1306(b).
- (5) The agreement shall be signed by each owner of the property and the County Executive or designee.
- (6) The Director of Public Works shall notify the Director of Finance and the Director of Inspections, Licenses and Permits when the property owner and the County have executed an agreement for the County to provide assistance for payment of County connection costs and eligible costs eligible work.
- (7) After the property owner submits a plumbing application, the Department of Inspections, Licenses and Permits shall issue a plumbing permit to the property owner and shall notify the

Director of Finance of the issuance of such permit who shall transfer the amount of County connection costs from the general fund to the water and sewer fund.

(b) *Connection to the Public Water System:*

- (1) Within 12 months of the date of application, the property owner shall complete the work needed to connect the property to the public water system in accordance with all applicable Howard County standards and specifications.
- (2) Upon completion of the eligible work, the property owner shall submit an itemized receipt for eligible costs, not to exceed \$1,900.00, for which the County has agreed to provide assistance, to the Director of Inspections, Licenses and Permits.
- (3) After the Department of Inspections, Licenses and Permits completes a satisfactory inspection of the work, the Director of Inspections, Licenses and Permits shall notify the Director of Finance that the work to connect the property to the public water system has been completed in accordance with all applicable County standards and specifications.
- (4) Upon notification that the work has been completed satisfactorily within 12 months of the date of application, the Director of Finance shall reimburse the property owner for the eligible costs for which the County has agreed to provide assistance, not to exceed \$1,900.00.

(C.B. 72, 1996)

Sec. 18.1307. - Time for application.

Applications for the program must be filed with the Department of Public Works no later than December 31, 1999 and shall be processed on a first come, first served basis subject to the availability of appropriated funds.

(C.B. 72, 1996; C.B. 38, 1999)

SUBTITLE 14. - ROAD AND STORMWATER MANAGEMENT IMPROVEMENTS FOR PRE-1961 PLATTED SUBDIVISIONS

Sec. 18.1400. - Application for subtitle; definitions.

- (a) *Application.* This subtitle applies to pre-1961 platted subdivisions which created residential lots and road rights-of-way to provide access to existing State and County roads. Because the plats were not subject to the 1961 subdivision regulations or developer agreements, neither the public roads nor the necessary stormwater management facilities were constructed.
- (b) *Subtitle Does Not Levy Tax.* This subtitle is not intended, nor shall it be construed to levy a tax for the purpose of raising revenues for the construction and maintenance of public roads on other than a County-wide basis. In order for the improvements to road rights-of-way and stormwater management facilities to be brought into the County system, and subject to the provisions of this subtitle, the owners of real property within the area served by the improvements shall agree to reimburse the County for its expenses in providing them. This program is consistent with the responsibility of County Government.
- (c) *Exclusive Method.* The procedures under this subtitle shall be the exclusive method for owners of property described under subsection (a) of this section to participate in the construction of improvements in pre-1961 platted subdivisions. Such property owners may not utilize the procedures under subtitle 2A, "substandard private roads" of this title.
- (d) *Definitions.* In this subtitle, the following terms have the meanings indicated.

- (i) *Improvements* means a road and necessary stormwater management facilities that meet the engineering and legal criteria established for acceptance into the County system.
- (ii) *Director* means the Director of the Howard County Department of Public Works.

(C.B. 4, 1997)

Sec. 18.1401. - Eligible road rights-of-way.

Notwithstanding the provisions of subtitle 1 of this title, a road right-of-way is eligible to be constructed as part of a capital project under this subtitle if:

- (1) The existing road right-of-way was not accepted into the County road system as a prescriptive road by resolution of the County Council;
- (2) The road right-of-way is located in a subdivision that was not subject to subdivision regulations or a developer agreement with the County at the time of plat recordation;
- (3) The road right-of-way has been included in a capital project by the Director under section 18.1402 of this subtitle; and
- (4) The road right-of-way will be, when constructed, open to the public.

(C.B. 4, 1997)

Sec. 18.1402. - Capital project; estimate of cost of improvements.

(a) *Capital Project Defined:*

- (1) The Director, after evaluating the public road and stormwater management alternatives, may define one or more capital projects to design and construct improvements in pre-1961 platted subdivisions.
- (2) A capital project under this subsection shall:
 - (i) Be determined on the basis of an engineering study;
 - (ii) Provide a plan to serve adjacent properties with necessary access and stormwater management facilities;
 - (iii) Be self-sufficient and function independently if no additional improvements are constructed within the subdivision in the future;
 - (iv) Serve a sufficient number of lots to be cost-effective;
 - (v) Meet the minimum requirements under the Howard County design manual for acceptance of the improvements into the County system; and
 - (vi) Ensure that when a road is constructed, it is directly connected to an existing public road.

(b) *Preparation of Cost Estimate.* A person who owns property adjacent to a road right-of-way that meets the requirements under section 18.1401 of this subtitle may ask the Director to prepare an estimate of the cost of design and construction of the capital project that serves the person's property.

(c) *Use of Cost Estimate.* A cost estimate provided under subsection (b) of this section may be used only in considering whether to make a formal request under section 18.1403 of this subtitle. If a formal request is approved and the improvements are constructed, the costs of the project will be the actual costs of labor and materials as determined under section 18.1407 of this subtitle.

(C.B. 4, 1997)

Sec. 18.1403. - Formal request.

One or more owners of property adjacent to a road right-of-way that meets the requirements under section 18.1401 of this subtitle may submit a formal request, in writing to the Director, for construction of improvements in accordance with the capital project defined under subsection 18.1402(a) of this subtitle.

(C.B. 4, 1997)

Sec. 18.1404. - Meeting on formal request.

- (a) *Meeting Held within Three Months.* Within three months of receipt of a formal request under section 18.1403 of this subtitle, the Director shall hold an informational meeting on the request.
- (b) *Notice of Meeting.* The Director shall give notice of the meeting by publication, in a newspaper of general circulation in the County, and shall send a notice to the owner of record of each lot that is adjacent to the defined capital project, setting forth the length, location and termini of the project and the time, date and place of the meeting.
- (c) *Posting of Notice.* Not less than two weeks prior to the date of the meeting, the Director shall post signs at appropriate and conspicuous places, which shall set forth the fact that the road right-of-way is the subject of a proposed capital project to construct the road and necessary stormwater management facilities for acceptance into the County system and that a meeting thereon will be held at the time, location, and on the date as scheduled.
 - (1) The notice sign shall:
 - (i) Give the location of the subject property.
 - (ii) Be double-sided and at least 30 inches by 36 inches in size.
 - (iii) Include a three-digit alphanumeric code, which would be used to identify the case. The alphanumeric code shall be attached by the Department of Planning and Zoning in at least five-inch lettering in the top left corner of the poster.
 - (iv) State that the property is the subject of a proposed capital project and include a description of the proposed capital project and the capital project number.
 - (v) Give the website address of the Department of Planning and Zoning plans in process webpage or a central inter-departmental webpage for searching for additional information, including plans for public review, for all projects assigned a three-digit alphanumeric code and a phone number for additional information.

(C.B. 4, 1997; C.B. 69, 2018, § 1)

Sec. 18.1405. - Action on formal request.

- (a) *Director to Issue Decision.* Within 60 days of the conclusion of the meeting under section 18.1404 of this subtitle, the Director shall conditionally approve or disapprove a formal request.
- (b) *Notice of Decision.* The Director shall immediately mail a written decision either conditionally approving or denying the formal request to the owner of record of each parcel adjacent to the proposed improvements.

(C.B. 4, 1997)

Sec. 18.1406. - Conditions on approval.

- (a) *Conditional Approval.* If the Director conditionally approves a formal request, the County may begin to design and construct the improvements only after the conditions under this section have been satisfied.
- (b) *Property Owner Participation.* Subject to the provisions of subsection (c) of this section, as a condition of approval of a formal request, the owners of all property adjacent to proposed improvements shall agree in writing:
 - (1) To reimburse the County for the costs of engineering services and construction of the improvements as provided in section 18.1407 of this subtitle;
 - (2) To have a lien placed on the real property of the owners in the amount owed for reimbursement; and
 - (3) To transfer to the County, at no cost to the County, fee simple title to the road right-of-way plus, where appropriate, an access, drainage, and/or maintenance easement for stormwater management facilities.
- (c) *Other Conditions.* If the owners of 100 percent of the property abutting the improvements do not agree to the conditions under subsection (b) of this section, the conditions on approval under subsection (a) of this section may be satisfied if:
 - (1) The owners who did not agree to reimburse the County for costs of the improvements under subsection (b) of this section consent, in writing, to transfer to the County, at no cost to the County, fee simple title to the road right-of-way plus, where appropriate, a drainage or access easement for maintenance of stormwater management facilities; and
 - (2) The County Council, by resolution, instructs the office of law to institute condemnation proceedings against any property:
 - (i) That is necessary to complete the capital project; and
 - (ii) Whose owner has not agreed to either the conditions under subsection (b) of this section or item (1) of this subsection.
- (d) *One Hundred Percent of Property to Be Accounted For.* The properties subject to the conditions under subsection (b) of this section, when combined with the properties that satisfy the conditions of approval by complying with subsection (c) of this section, shall equal 100 percent of the property necessary to complete the capital project.

(C.B. 4, 1997)

Sec. 18.1407. - Road and stormwater management facilities improvement financing program.

- (a) *Program Established.* A road stormwater management facilities improvement financing program is established for the purpose of financing improvements in pre-1961 platted subdivisions within Howard County.
- (b) *Terms of Financing:*
 - (1) When construction of improvements under this subtitle is completed, reimbursement to the County shall commence as provided in the agreement under subsection 18.1406(b) of this subtitle.
 - (2) The agreement shall:
 - (i) Provide for reimbursement over a term of 20 years;
 - (ii) Apportion the total costs of the project equally among the property owners who agree to the conditions under subsection 18.1406(b) of this subtitle; and
 - (iii) Establish a mechanism for determination of the interest rate under the agreement.

- (3) The amount to be reimbursed shall be the actual audited costs of work completed, less overhead charges by the Department of Public Works or other County agencies.
- (c) *Rules.* The Director may establish and administer rules and procedures for the road and stormwater management financing program.

(C.B. 4, 1997)

SUBTITLE 15. - MULTI-USED RESIDENTIAL SEWERAGE SYSTEM

Sec. 18.1500. - Application; purpose.

- (a) *Application.*
 - (1) This subtitle applies to multi-used residential sewerage systems that serve a single parcel and for which a permit is issued after January 1, 2008.
 - (2) Except for subsections 18.1503(a)(1) and (b) and subsection 18.1504(e)(1), this subtitle applies to a multi-used residential sewerage system:
 - (i) For which a permit was issued on or before January 1, 2008; and
 - (ii) For which installation has not been completed on or before July 1, 2008.
 - (3) This subtitle does not apply to community sewerage systems, as defined in COMAR 26.03.01.01.
- (b) *Purpose.* The purpose of this subtitle is to protect the public health, safety, and welfare by establishing requirements and procedures for the oversight of multi-used residential sewerage systems in Howard County.

(C.B. 49, 2008, § 1)

Sec. 18.1501. - Definitions.

Terms used in this subtitle have the meanings indicated.

- (a) *Approving authority* has the meaning stated in COMAR 26.03.01.01.
- (b) *COMAR* means the Code of Maryland Regulations.
- (c) *Department* means the Department of Public Works.
- (d) *Financial management plan* has the meaning stated in COMAR 26.03.01.01 and shall comply with section 18.1505 of this subtitle.
- (e) *Health Department* means the Howard County Health Department.
- (f) *Installation* means construction of a multi-used residential sewerage system that meets the effluent requirements of the system's permit.
- (g) *Multi-used residential sewerage system* means:
 - (1) A single sewerage system serving a single parcel for the collection and disposal of residential sewage of a liquid nature, including various devices for the treatment of residential sewage having a treatment capacity in excess of 5,000 gallons per day.
 - (2) Includes a system serving a group of individuals:
 - (i) Whether owned or operated by an individual or group of individual: and
 - (ii) Whether under private or collective ownership.

- (3) Shall not include a community sewerage system, as defined in COMAR 26.03.01.01.
- (h) *Permit* means the State groundwater discharge permit issued by the Maryland Department of the Environment pursuant to title 9 of the environment article of the Annotated Code of Maryland permitting the discharge of effluent from a multi-used residential sewerage system to the groundwaters of the State of Maryland in accordance with the terms of the permit.
- (i) *Responsible party* means:
 - (1) During the development of a parcel served by a multi-used residential sewerage system, the developer and owner of the parcel; and
 - (2) After development, the successors or assigns of the developer or owner, as applicable, including, without limitation, a homeowner's association or condominium association.

(C.B. 49, 2008, § 1)

Sec. 18.1502. - Designation of approving authority.

The Department is the approving authority for certain responsibilities set forth in this subtitle and COMAR. The Department shall enter into an agreement with the Health Department and the Maryland Department of the Environment to carry out the purposes of this subtitle and COMAR.

(C.B. 49, 2008, § 1)

Sec. 18.1503. - Responsibilities of the approving authority; design and construction standards.

- (a) *Responsibilities of the Approving Authority.* As the approving authority and in accordance with the Department's agreement with the Health Department and the Maryland Department of the Environment, the Department may:
 - (1) Review design and construction plans, specifications, and engineering reports for a multi-used residential sewerage system to ensure compliance with required design and construction standards;
 - (2) Review the financial management plan for the multi-used residential sewerage system;
 - (3) Annually review financial statements in a form acceptable to the Department that may include, without limitation, a balance sheet, income statement, statement of cash flow, and statement of capital reserves to ensure consistency with the financial management plan;
 - (4) Review the qualifications of the operator of a multi-used residential sewerage system and the operator's contract to ensure that the operator has met the necessary licensing requirements;
 - (5) Inspect a multi-used residential sewerage system during construction to ensure compliance with construction plans that are approved by the Maryland Department of the Environment; and
 - (6) Monitor compliance with the terms of the permit and provide recommendations to the Maryland Department of the Environment and the responsible party regarding any needed corrective actions.
- (b) *Design and Construction Standards.* The design and construction of a multi-used residential sewerage system shall comply with the following:
 - (1) Standards of the Maryland Department of the Environment;
 - (2) The permit;
 - (3) Standards of the Health Department;
 - (4) Standards of the Department acting as the approving authority; and

(5) Volume II and Volume IV of the Department's Design Manual.

(C.B. 49, 2008, § 1)

Sec. 18.1504. - Duties of the responsible party.

- (a) *Construction.* The responsible party shall construct a multi-used residential sewerage system in accordance with the plans approved by the Maryland Department of the Environment and as required by this subtitle.
- (b) *Operator Information.* The responsible party shall submit to the Department a copy of the operator's contract.
- (c) *Declaration of Covenants.* The responsible party shall execute a declaration of covenants, or similar document, to run with the land as required under section 18.1506 of this subtitle.
- (d) *Required Disclosures.* Prior to the initial sale of a residential unit, the responsible party shall disclose to a prospective purchaser:
 - (1) The estimated annual cost of the operation, maintenance, repair, and replacement of the multi-used residential sewerage system for the residential unit served by the system; and
 - (2) Terms, covenants, and restrictions in any declaration of covenant, or similar document, as required under section 18.1806 of this subtitle.
- (e) *Financial Management Plan and Financial statements.* The responsible party shall provide to the Health Department and the Department:
 - (1) Before the Health Department signs the final plat, the financial management plan; and
 - (2) Annually, financial statements in a form acceptable to the Department that may include, without limitation, a balance sheet, income statement, statement of cash flow, and statement of capital reserves in order to show compliance with the financial management plan.
- (f) *Financial Security.* The responsible party shall provide financial security in the form of a bond, cash deposit, irrevocable letter of credit, or other security approved by the Department to guarantee the cost of completing and maintaining the multi-used residential sewerage system:
 - (1) Before the homeowners' association or condominium association becomes the responsible party for the system, if construction of the system begins on or before September 8, 2008; or
 - (2) Before beginning construction of the system, if construction of the system begins after September 8, 2008.
- (g) Financial security required by subsection (f) of this section shall:
 - (1) Guarantee the construction of the multi-used residential sewerage system in accordance with all applicable regulations and standards of the Maryland Department of Environment and the County; and
 - (2) Include guarantees by the responsible party that shall include the following:
 - (i) Performance financial security in a form acceptable to the County in an amount that:
 - a. Is equal to 100 percent of the estimated cost of construction;
 - b. Guarantees timely and satisfactory completion of the multi-used septic system; and
 - c. Guarantees the operation of the multi-used septic system in accordance with the permit; and
 - (ii) Payment financial security in a form acceptable to the County in an amount that:
 - a. Is equal to 50 percent of the estimated cost of construction; and

- b. Guarantees the payment of debts owed for labor and materials used in the construction of the multi-used septic system; and
 - (iii) A maintenance and repair financial security in a form acceptable to the County and in an amount that:
 - a. Is equal to 50 percent of the original amount of the performance security; and
 - b. Guarantees the responsible party's obligation to complete repairs to the multi-used sewerage system and to remedy damages.
- (h) Financial security required by subsection (f) of this section shall be released as follows:
 - (1) The approving authority shall retain the performance financial security until the later of:
 - (i) One year after the date of issuance of a use and occupancy permit for the residential lots which establishes occupancy of 80 percent of the residential lots served by the system, if during the year after issuance of the use and occupancy permit the reports for the system's operation complied with effluent requirements of the groundwater discharge permit; or
 - (ii) One year after the date the responsible party has operated the system in compliance with the permit for 12 consecutive months;
 - (2) The approving authority shall retain the payment financial security until the later of:
 - (i) The date the performance financial security is released; or
 - (ii) Any claims against the payment financial security have been resolved; and
 - (3) The approving authority shall retain the maintenance and repair financial security until the later of:
 - (i) One year after the date the performance financial security is released; or
 - (ii) One year after the date the responsible party has operated the system in compliance with the permit for 12 consecutive months.

(C.B. 49, 2008, § 1)

Sec. 18.1505. - Financial management plan.

- (a) The financial management plan shall demonstrate that adequate fiscal resources will be available to construct, operate, maintain, repair, and replace the multi-used residential sewerage system for existing and future needs.
- (b) The financial management plan shall contain the estimated cost of service to each residential unit on an annual basis and shall provide adequate detail to support the estimate.

(C.B. 49, 2008, § 1)

Sec. 18.1506. - Declaration of covenants.

- (a) *Declaration of Covenants.* A declaration of covenant, or similar document, relating to the construction, operation, maintenance, repair, replacement, and use of a multi-used residential sewerage system shall include the following terms and conditions:
 - (1) Responsibilities of the residents served by the multi-used residential sewerage system; and
 - (2) A statement that, to secure all shared cost obligations of the resident benefiting from the multi-used residential sewerage system, the resident shall be subject to the Maryland Contract Lien Act if the resident fails to pay the responsible party all fees and charges necessary to construct, operate, maintain, repair, replace, and use the multi-used residential system.

- (b) *Requirement to Record.* The declaration of covenant, or similar document, required by this section shall be recorded among the land records of Howard County.

(C.B. 49, 2008, § 1)

Sec. 18.1507. - Right of entry.

- (a) *Generally.* A representative of the Department may enter a parcel, including any residential unit, to inspect a multi-used residential sewerage system at any reasonable time to enforce the requirements of this subtitle.
- (b) *Notice.* Except as provided in subsection (e) of this section, the representative of the Department shall provide reasonable notice prior to entry onto a parcel or into a residential unit.
- (c) *Proof of Identity.* The representative of the Department shall produce proof of identity prior to entry.
- (d) *Entry Refused.* If entry is refused, the Department may seek a court order to permit entry onto the parcel, including into a residential unit.
- (e) *Imminent Danger.* The Department may enter a parcel, including a residential unit, at any time where there is evidence that an imminent danger exists that may threaten the public health and safety.

(C.B. 49, 2008, § 1)

Sec. 18.1508. - Fees.

- (a) The Director of the Department may recommend a schedule of fees to be paid by a responsible party for:
 - (1) The review of design and construction plans, specifications, and engineering reports and the review of the operator;
 - (2) The review of the financial management plan and financial statements;
 - (3) Construction inspection;
 - (4) Ongoing monitoring; and
 - (5) Other duties as the approving authority of a multi-used residential sewerage system.
- (b) The schedule of fees shall be adopted by resolution of the County Council.

(C.B. 49, 2008, § 1)

Sec. 18.1509. - Enforcement.

- (a) *Civil Penalties.* The Department may enforce the provisions of this subtitle with civil penalties in accordance with title 24 "civil penalties" of this Code. A violation of this subtitle is a Class A offense and each day that a violation continues is a separate offense.
- (b) *Other Rights of Enforcement.* The Department:
 - (1) Shall notify the Maryland Department of the Environment regarding any defects in the operation or funding of a multi-used residential sewerage system; and
 - (2) May recommend that an order of repair be issued for a multi-used residential sewerage system.

TITLE 19 - RECREATION AND PARKS¹¹

Footnotes:

--- (1) ---

State Law reference— County powers relative to recreation and parks, Ann. Code of Md. art. 25A, § 5(V).

SUBTITLE 1. - PARK LAND WATERSHED FACILITIES FUND

Sec. 19.100. - Park land and watershed facilities fund.

The County Executive is authorized to purchase and develop land within the limits of this County for public park use and possible future expansion of County water facilities.

The purchase price of any such land and development costs shall be paid out of the Park Land and Watershed Facilities Fund, upon the order of the County Executive, directed to the Director of Finance of Howard County. The fund shall consist of one-fourth of the proceeds of the transfer tax established by section 20.404 of this Code and such funds as may be granted to Howard County for the same or similar purposes by the State of Maryland or the United States of America, or any agency or instrumentality of either.

(1963, Ch. 269, § 1; 1965, Ch. 515, § 1; 1981, Ch. 202, § 1)

Sec. 19.101. - Funds for persons displaced by acquisition.

With respect to any land acquired under this subtitle, a portion of the acquisition price of which is contributed by the United States of America, the County Executive may negotiate and add to the purchase price a sum of money sufficient for the relocation of persons displaced by such acquisition in accordance with the terms and provisions as set forth in Public Law 91-646 of the United States of America known as "The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970."

(C.B. 36, 1971)

SUBTITLE 2. - PARK LAND, OPEN SPACE AND NATURAL RESOURCE REGULATIONS²¹

Footnotes:

--- (2) ---

Editor's note— C.B. 61, 2004 repealed §§ 19.201, 19-203—19.211 of former, and added new §§ 19.201, 19.203—19.211. Repealed former sections pertained to similar subject matter and derived from C.B.'s 46, 1992; 94, 1995.

Sec. 19.200. - Purpose.

The purpose of this subtitle is to establish regulations providing for the public's safe and peaceful use of County parks and park land; for recreational and educational benefit and enjoyment; and for the protection and preservation of the property, facilities and natural resources of the County. Park land and recreation programs conducted on park land are open for use by all members of the public regardless of race, religion, creed, color, sex, national origin, or disability.

(C.B. 46, 1992)

Sec. 19.201. - Definitions.

In this subtitle the following terms have the meanings indicated:

- (a) *Department* means the Howard County Department of Recreation and Parks.
- (b) *Department official* means an employee acting under the authority of the Director.
- (c) *Director* means the Director of the Department of Recreation and Parks or the Director's authorized designee.
- (d) *Open space* has the meaning set forth in title 16, subtitle 1 of the Howard County Code and is subject to the requirements of that subtitle.
- (e) *Open space buffer* means a portion of open space 12 feet in width which adjoins private property, as measured from the boundary line between the open space and the adjoining private property.
- (f) *Park property* means real and personal property which Howard County owns in fee simple or in which it holds a leasehold or easement interest and which is managed by the Department for the use and benefit of the public for recreation, the protection of wildlife habitats, or the protection of natural, scenic, or historical resources. Park property includes, without limitation, a County park, County pathway, open space property purchased by or dedicated to the County, vegetation, soil, water, wildlife, a building or structure and its contents, a sign, improvement, fixture, equipment, monument, historic artifact, statue, vehicle, or a boundary survey marker or monument.
- (g) *Stream* means water, flowing in a definite direction in a channel with a bed and banks, and having a substantial degree of permanence, although flow may vary and in times of drought may cease for a period of time. A stream includes, without limitation, perennial or intermittent streams as well as drainage swales which are located on park property.
- (h) *Stream buffer* means all land within 75 feet of the bank of a stream which is located on park property.
- (i) *Wetlands* means any land located on park property which has been determined by the army corps of engineers or the Maryland Department of the Environment to be regulated or jurisdictional wetlands, or determined by the soil conservation district to be regulated wetlands using Federal and State standards.
- (j) *Wetlands buffer* means all land within 25 feet of wetlands which is located on park property.

(C.B. 61, 2004)

Sec. 19.202. - Reserved.

Editor's note— As promulgated by C.B. No. 46, 1992, there is no § 19.202 in this subtitle.

Sec. 19.203. - Authority.

The Director may adopt regulations to administer the provisions of this subtitle pursuant to the requirements of title 2, subtitle 1 of the Howard County Code, the "Administrative Procedures Act".

(C.B. 61, 2004)

Sec. 19.204. - Hours of operation.

- (a) Park property shall be open to the public every day from sunrise to sunset, with the following exceptions:
 - (1) If the Director has determined that park property should be closed for public safety, maintenance, construction or a special event, the Director may close park property to public entry by posting signs, or placing barricades in the vicinity of points of entry to the park property; or
 - (2) The Director has permitted activities pursuant to section 19.205 of this subtitle.
- (b) A person shall not be on park property between sunset and sunrise, except for:
 - (1) Law enforcement personnel in the performance of their duties;
 - (2) Department personnel in the performance of their duties;
 - (3) Individuals authorized or accompanied by law enforcement or department personnel in the performance of their duties; or
 - (4) Persons authorized by permit pursuant to section 19.205 of this subtitle.

(C.B. 61, 2004)

Sec. 19.205. - Permits.

- (a) *Permits Generally.* The Director is authorized to issue a permit for each activity set forth in this section. Unless a permit is obtained prior to the date of an activity, each activity set forth in this section is prohibited. A permit granted pursuant to this section is subject to the following requirements:
 - (1) In determining whether to grant a permit, the Director shall consider the following standards for review:
 - (i) Whether the proposed activity will adversely impact the public health and safety or the maintenance or preservation of park property; and
 - (ii) Whether the proposed activity can be accommodated by the size or location of an available facility or park property;
 - (2) The permit holder shall keep the permit on the premises at all times and shall present the permit to department employees or law enforcement officials upon request;
 - (3) The Director may require proof of insurance prior to approving an application for a permit;
 - (4) The Director is authorized to assess a fee for a permit to use a facility or park property;
 - (5) The Director is authorized to impose conditions on the grant of a permit which are necessary to ensure that the public health and safety is preserved and to prevent damage, loss, or destruction of park property;
 - (6) A permitted activity shall be conducted in strict accordance with the requirements of this subtitle and with any conditions imposed on the grant of the permit;
 - (7) A permitted activity is limited to the scope of the activity set forth on the permit application as well as any condition imposed on the grant of the permit;

- (8) The Department may revoke a permit at any time for the violation of any condition on the grant of the permit, the use of misleading or fraudulent information in the permit application, or the violation of any local, State, or Federal law or regulation; and
 - (9) The person or entity listed on the permit application shall reimburse the County for any and all costs caused by loss, damage, destruction, or removal of park property as well as any costs of cleanup beyond routine maintenance performed by the Department.
- (b) *Reserved Use of Park Property.* The Director may issue a permit to reserve an athletic field, recreation building, group picnic area, pavilion, camp site, camp fire, or other park property or facility for the exclusive use of the individual or group designated on the permit. In addition to the requirements of subsection (a) of this section, a permit to use park property is subject to the following conditions:
- (1) A picnic area which is not available for reservation is operated on a "first come, first served basis";
 - (2) The facility or park property applied for shall be available and appropriate for the purpose specified in the permit; and
 - (3) A permit reserving a facility or park property entitles the permit holder to its exclusive use on the date and time specified on the permit.
- (c) *Activities Requiring a Permit.* Unless a permit for the activity is obtained prior to the date of the activity, the following activities are prohibited:
- (1) *Aircraft.* Using an aircraft, helium or hot air balloon, hang glider, ultra-light aircraft, parachute, or any other person-operated aircraft on park property;
 - (2) *Alcoholic beverages.* Consuming or possessing alcoholic beverages on park property; subject to the requirements of subsection (a) of this section, section 19.204, And the following conditions:
 - (i) State laws regarding the use of alcohol shall apply on park property; and
 - (ii) The alcohol shall be consumed or possessed only within the specific facility or area designated on the permit;
 - (3) *Businesses.* Conducting or soliciting a business, trade, or occupation on park property including, without limitation:
 - (i) The taking of a photograph, motion picture, or video tape for commercial or instructional use;
 - (ii) The sale or offer for sale, hire, or lease of merchandise, a vehicle, aircraft, or watercraft;
 - (iii) The training of an animal; or
 - (iv) Except as provided by State law, commercial gambling;
 - (4) *Camping.* Camping on park property in the area specified in the permit;
 - (5) *Cutting or mowing.* Cutting or mowing vegetation on park property;
 - (6) *Fires.* Lighting and maintaining a fire, except in a charcoal grill in a designated area provided by the Department and subject to the requirements of subsection (a) of this section and the following conditions:
 - (i) The fire shall be in continuous care and direction of a competent person over the age of 16;
 - (ii) The fire shall be thoroughly and completely extinguished, i.e., the coals shall be cold, before the permit holder leaves the site; and
 - (iii) A recreational fire is subject to the approval of the Howard County Department of Fire and Rescue Services;

- (7) *Fireworks*. Subject to the requirements of the "Howard County Fire and Prevention Code" as set forth in title 17, subtitle 1 of the Howard County Code, possessing or discharging fireworks, pyrotechnics, ammunition, or other flammable or explosive devices on park property;
- (8) *Grading*. Conducting or causing the grading, removal, or disturbance of soil, rocks, or minerals on park property;
- (9) *Herbicides or fertilizers*. Applying a herbicide, fertilizer, fungicide, insecticide, or other substance or chemical to park property;
- (10) *Hunting*. As permitted by applicable State or County law; hunting, trapping, or destroying wildlife on park property for the purpose of scientific study, environmental education, or wildlife management;
- (11) *Interference with the use of park property*. Interference with the use of park property, including, without limitation, blocking a road, path, or walkway, and a parade or assembly held on park property shall be subject to the provisions of title 17, subtitle 9 of the Howard County Code;
- (12) *Metal detectors*. Use of a metal detector on park property;
- (13) *Models*. Use of a model airplane, car, boat, or rocket on park property;
- (14) *Self-propelled motorized vehicles*. Operating a self-propelled motorized vehicle including, without limitation, an all-terrain vehicle, on a pathway, trail, or other nonpaved area on park property;
- (15) *Signs*. Erecting or posting a sign or notice on park property, including, without limitation, an audio sign or notice such as a talking machine, recorder, or other audio/visual device;
- (16) *Soliciting*. Subject to the requirements of title 14, subtitle 7 of the Howard County Code; soliciting for a contribution, donation, or money on park property;

(C.B. 61, 2004; C.B. 12, 2018, § 4)

Sec. 19.206. - Traffic; vehicles; parking.

(a) *General Provisions:*

- (1) Traffic laws and parking regulations applicable on public roads in the County are applicable on park property.
- (2) The use of roads within park property is subject to regulations of the Department.
- (3) The Director may close roads within park property as necessary.

- (b) *Pedestrian Right-of-Way.* In all instances, a pedestrian shall have the right-of-way within park property.
- (c) *Speed Limits.* Unless a different speed limit is posted, the speed limit for a motor vehicle within park property is 15 miles per hour.
- (d) *Roadways Open to Motor Vehicles.* Except for a County maintenance vehicle, emergency vehicle, or police vehicle, a person shall operate a motor vehicle within park property only on a road or street with public access. A person shall not operate an all-terrain vehicle or a go-kart on a road or street within park property.
- (e) *Vehicle Repair.* Except for an emergency repair, a person shall not repair or perform maintenance on a vehicle within park property.
- (f) *Parking Regulations.* A person shall not stop, stand, or park a motor vehicle on park property if the motor vehicle is located:
 - (1) On or obstructing the entrance to an access road;
 - (2) On or obstructing the entrance to a bike path, walking path, or bridle path;
 - (3) On a pathway or road during those hours when park property is not open to the public;
 - (4) Unless specifically directed by authorized department personnel or police, on any grass area;
or
 - (5) Unless specifically directed by authorized department personnel or police, where the motor vehicle will injure any form of vegetation.
- (g) *Impoundment of Vehicles.* An illegally parked or abandoned motor vehicle may be towed from park property and impounded at the owner's expense in accordance with the provisions of title 21, subtitle 2 of the Howard County Code.

(C.B. 61, 2004)

Sec. 19.207. - Regulation of recreational activities.

The following recreational activities are restricted to designated areas of park property and may be subject to additional requirements.

- (a) *Bicycling.* A person shall operate a bicycle on park property in accordance with the following requirements:
 - (1) A person may operate a bicycle on a road within park property;
 - (2) A person may operate a bicycle on a pathway or trail designated for bicycle riding;
 - (3) The maximum speed limit on a trail or pathway is ten miles per hour;
 - (4) A trail is subject to regulations set forth in title 21, subtitle 12 of the transportation article of the Annotated Code of Maryland;
 - (5) Children 16 years of age or younger shall wear an approved safety helmet when operating a bicycle on park property, as provided in title 21, subtitle 4 of the Howard County Code;
 - (6) A person operating a bicycle shall use a "bike lane" wherever available;
 - (7) Except when passing, a person operating a bicycle or a pedestrian shall keep to the right;
 - (8) A person operating a bicycle shall alert other trail users before passing;
 - (9) A person operating a bicycle shall always yield to a pedestrian; and
 - (10) A person operating a bicycle shall yield to vehicular traffic at intersecting roadways.

- (b) *Fishing*. A person may fish only in a designated area and in compliance with State and other applicable laws.
- (c) *Horseback Riding*. A person may ride a horse only in a designated area or on a designated trail.
- (d) *Picnicking*. A person may picnic only in a designated area.
- (e) *Roller Skating; In-Line Skating; Skateboarding*. A person may roller skate, in-line skate, or skateboard on a pathway or sidewalk. A person shall not roller skate, in-line skate, or skateboard on a road, parking area, or multipurpose recreational surface, including, without limitation, a basketball court, tennis court, or racquetball court.
- (f) *Swimming; Water Sports*. A person may swim or engage in other water sports only in an area designated for water activities and only during the hours specified.
- (g) *Winter Sports*. While on park property, a person shall not:
 - (1) Use a snowmobile; or
 - (2) Skate or walk on ice.

(C.B. 61, 2004)

Sec. 19.208. - Regulation of conduct.

- (a) *Depositing Refuse Generated Off-site*. A person shall not deposit refuse generated off-site onto park property.
- (b) *Domesticated Animals*. The provisions of title 17, subtitle 3 of the Howard County Code shall apply to a domesticated animal on park property. In addition, the following requirements shall apply:
 - (1) A person shall not graze, house, or leave unattended an animal on park property; and
 - (2) A domesticated animal is prohibited at all times in an area of park property that is posted to prohibit animals.
- (c) *Encroachments*. Without first obtaining a permit pursuant to section 19.205 of this subtitle, a private encroachment is prohibited on park property. An encroachment shall include, without limitation, a fence, wall, dog run, dog house, storage structure, driveway, compost pile, swimming pool, tree house, playhouse, wood pile, garden, play equipment, tv or radio reception device, or any other device, structure, refuse, or material.
- (d) *Entrance and Exit*. A person shall enter and exit park property at an officially designated entrance and exit.
- (e) *Indecent Conduct*. While on park property, a person shall not:
 - (1) Be nude or indecently expose themselves;
 - (2) Engage in a sexual act; or
 - (3) Urinate or defecate except in a designated facility.
- (f) *Interference with Duties of County Personnel*. A person shall not interfere with a County employee on park property acting in the course of their official duties.
- (g) *Interference with Other Individuals on Park Property*:
 - (1) *Interference with the public*. A person shall not obstruct, delay, or interfere with the free movements of any other individual, seek to coerce or physically disturb any other individual, or hamper or impede the conduct of any authorized business or activity on park property.
 - (2) *Use without permit*. A person that does not hold a permit to use park property which requires a permit shall vacate the property upon the arrival of the permit holder.

- (3) *Order to vacate.* A user of a park property, including a permit holder, shall immediately cease an activity and vacate the premises if so instructed by department officials for reasons of public safety or to prevent potential damage to park property or a park facility.
- (h) *Lost Objects.* A lost object found on park property shall be turned over to a department official and may be recovered by showing proper photo identification. A lost object shall be held by the Department for a period of 30 days after which time it will be turned over to the Police Department for disposition pursuant to the provisions of title 4, subtitle 3, of the Howard County Code.
- (i) *Noise.* A person shall not play an audio device or create excessive noise so as to disturb the peace.
- (j) *Vandalism.* While on park property, a person shall not:
 - (1) Interfere with, encumber, obstruct, damage, destroy, or render dangerous, any drive, path, trail, walk, dock, fence, wall, bridge, bench, play equipment, structure, improvement, or plant on park property;
 - (2) Disturb the public peace; or
 - (3) Hinder or obstruct the proper use of a restroom, concession stand, or other public structure on park property.

(C.B. 61, 2004)

Sec. 19.209. - Environmental protection.

- (a) *Mowing Open Space:*
 - (1) *Mowing an open space buffer.* Unless mowing is prohibited by the provisions of paragraph (2) below, an owner of private property whose property adjoins open space may mow the open space buffer.
 - (2) *Restrictions on mowing an open space buffer.* An adjacent property owner shall not mow the open space buffer if:
 - (i) There is a tree, shrub, or other woody vegetation on the open space buffer;
 - (ii) The open space buffer includes land which is within 75 feet of a stream, pond, stormwater management facility, river, or floodplain;
 - (iii) The open space buffer includes land which is within 25 feet of a wetland;
 - (iv) The open space buffer contains slopes of 25 percent or greater; or
 - (v) The Department has prohibited mowing in that specific location.
 - (3) *Application of chemicals.* Without first obtaining a permit pursuant to section 19-205 of this subtitle, the property owner shall not apply a herbicide, insecticide, fertilizer, fungicide, or other chemical or material to the vegetation on the open space buffer.
 - (4) *Liability of property owner.* A property owner who mows an open space buffer is deemed to have relieved the County of all liability for accidents, injuries, or property damage related to or arising from such mowing.
 - (5) *Limits on maintenance activity.* Except for mowing as set forth in this subsection and other activities permitted by the County pursuant to a written maintenance agreement, a private citizen shall not perform maintenance activity in an open space buffer.
- (b) *Detrimental to Natural Resources and Ecosystem.* A person shall not conduct an activity which is detrimental to the natural resources and ecological function of park property, interferes directly or indirectly with the use of park property, or is harmful to human, animal, plant, or aquatic life on park property.

- (c) *Grading or Disturbance.* Without first obtaining a permit pursuant to section 19.205 of this subtitle, a person shall not conduct or cause the grading, removal, or disturbance of soil, rocks, or minerals.
- (d) *Cutting or Mowing Vegetation.* Without first obtaining a permit pursuant to section 19.205 of this subtitle, a person shall not conduct or cause the cutting, mowing, removal, or disturbance of all or part of any live or dead tree, shrub, grass, or other form of vegetation.
- (e) *Contamination.* A person shall not throw, cast, lay, drop, deposit, leave, spill, pour, dump, discharge, dispose of, or otherwise place any matter, substance, thing, liquid, or solid onto or into any park property, in any storm drain, sewer, or other device which drains onto park property, or in waters within or which run into park property. This shall include the application of a herbicide, fertilizer, fungicide, insecticide, or other substance on park property without having first obtaining a permit from the Director pursuant to section 19.205 of this subtitle.
- (f) *Disturbing Vegetation within Stream or Wetland Buffer.* A person shall not mow, cut, remove, dump, deposit, or otherwise disturb vegetation within a stream or wetland buffer or a floodplain located on park property.
- (g) *Wildlife.* Without first obtaining a permit pursuant to section 19.205 of this subtitle, a person shall not:
 - (1) Hunt or trap wildlife except for scientific study, environmental education, or wildlife management purposes;
 - (2) Hunt with, carry, or possess a firearm on park property; or
 - (3) Injure, destroy, or otherwise interfere in any way with wildlife or wildlife habitat.
- (h) *Destruction; Disturbance.* A person shall not deface, destroy, damage, injure, disturb, defoul, dump upon, or in any way misuse or remove any part of park property.
- (i) *Planting on Park Property.* A person shall not plant or cause the planting, seeding, or propagation of vegetation on park property.

(C.B. 61, 2004)

Sec. 19.210. - Enforcement.

- (a) *Generally.* The Department may institute any action at law or equity, including injunction or mandamus, to enforce the provisions of this subtitle.
- (b) *Criminal Penalties.* A person who violates a provision of this subtitle that is not already prohibited by State or Federal law is guilty of a misdemeanor and upon conviction, is subject to a fine not exceeding \$1,000.00 or imprisonment not exceeding 30 days or both. A person who violates a provision of this subtitle that is prohibited by State or Federal law, upon conviction, shall be subject to the fine, imprisonment, or both, as provided by State or Federal law.
- (c) *Civil Penalties.* Alternatively, and in addition to and concurrent with all other remedies at law or equity, the Department may enforce this subtitle pursuant to title 24, "civil penalties" of the Howard County Code. Violations of this subtitle shall be the class of offense set forth as follows:

(C.B. 61, 2004)

Sec. 19.211. - Restitution.

Howard County may seek a court order authorizing the County to obtain restitution from any individual for costs incurred by the County in restoring, repairing, replacing, removing an encroachment, or otherwise mitigating the loss of or damage to park property.

(C.B. 61, 2004)

SUBTITLE 4. - CAPITAL BUDGET PROJECT

Sec. 19.400. - Notice of proposed annual recreation and parks capital program.

(a) Prior to the submission of the proposed capital program for recreation and parks to the Planning Board, the Recreation and Parks Board shall hold a public hearing on the proposed program for the next succeeding fiscal year. Such hearing shall be held not later than 30 days prior to the date of submission of the program to the Planning Board.

- (b) The Department of Recreation and Parks shall set forth each project, except school-park combined sites, in the program for the next succeeding fiscal year on the latest set of State Department of Assessment tax maps, and thereby determine in a reasonable and prudent manner the identity of the owners of the land which may be affected by the proposed project. The Department of Recreation and Parks shall prepare a notice to be sent to each property owner, such notice to be sent by certified mail, and shall be mailed 15 days prior to the date of the hearing.
- (c) The notice to the property owner shall identify the proposed project and the estimated acres involved and shall indicate that the preliminary outline of the proposed project indicates that a portion of the land of the addressee may be affected by the project, and that the project will be presented by the Recreation and Parks Board at the hearing, and the time and place of the hearing shall be set forth in the notice, and that the preliminary project map may be reviewed in the Office of the Department of Recreation and Parks.
- (d) A notice shall be published for two successive weeks prior to the hearing date in two newspapers published in the County, such notice to set forth the purpose, place, date and time of the hearing.

(C.B. 52, 1972)

SUBTITLE 5. - PUBLIC RECREATION ON PRIVATE LANDS

Sec. 19.500. - Purpose.

The purpose of this subtitle is to provide for the regulation and safety of certain private lands in Howard County which are available for the common use of the public for park and recreational purposes.

(C.B. 28, 1979)

Sec. 19.501. - Definitions.

- (a) *Alcoholic beverage* means a liquid beverage containing 0.5 percent or more of alcohol by volume.
- (b) *Director* means the Director of the Howard County Department of Recreation and Parks.
- (c) *Landowner* means the owner or lessee of an open space area and the agents of the owner or lessee.
- (d) *Open space area* means either:
 - (1) Real and tangible personal property that qualified for tax credits under section 9-315 of the Tax-Property Article of the Annotated Code of Maryland; or
 - (2) Other land owned and specifically designated for the common use of the public for recreational purposes and found acceptable for public use by the Director.
- (e) *Recreational purpose* means the following, or any combination of the following: fishing, swimming, boating, camping, picnicking, hiking, nature study, athletic sporting events, live musical and nonmusical performances, film showings, horseback riding, and viewing or enjoying historic, archeological, scenic or scientific sites.

(C.B. 28, 1979; C.B. 22, 1985)

Sec. 19.502. - Request, designation and revocation of open space areas.

- (a) The Director is authorized to and shall designate an open space area upon the request for such designation by the landowner, provided that the landowner files a plat of the parcel(s) for which the

request is made, and provided the property shown thereon qualifies for tax credits under article 81, section 9C(k) of the Annotated Code of Maryland.

- (b) The Director is authorized to and may designate an open space area upon the request for such designation by the landowner, provided that the landowner files a plat of the parcel(s) for which the request is made, and provided the land owned and specifically designated for the common use of the public for recreational purposes is found acceptable for public use by the Director.
- (c) Within 15 days of receipt of a request hereunder, the Director shall cause a security survey of the property to be conducted by the Police Department, and shall communicate such survey to the landowner. If the said property is accepted for designation as an open space area, such approval shall be communicated to the landowner within 15 days of receipt of the request from landowner. If the said property is not accepted for designation as an open space, such nonacceptance shall be communicated to the landowner within 15 days of receipt of the request from the landowner and the Director shall set forth the reasons for nonacceptance in a written decision and order to the landowner. The landowner may, within ten days after receipt of the Director's decision and order of nonacceptance, enter an appeal in accordance with the Howard County Administrative Procedures Act and/or may appeal to the Board of Appeals within 30 days the decision and order of the Director in accordance with the rules of procedure of the Board of Appeals.
- (d) The Director may, for good cause, revoke an open space area designation authorized by this section by delivering to the owner written notice of revocation at least 30 days before the revocation becomes effective. The owner may, within ten days after the receipt of a notice of revocation, enter an appeal in accordance with the Howard County Administrative Procedure Act. The landowner may, within 30 days, also appeal the decision and order of the Director in accordance with the rules of procedure of the Board of Appeals.
- (e) The landowner may revoke an open space area designation by delivering written notice to the Director at least ten days before the revocation becomes effective.

(C.B. 28, 1979)

Sec. 19.503. - Effect of designation or ownership responsibilities, rights and County responsibility.

The designation of an open space area for recreational purposes shall not relieve the landowner of any responsibility in connection with ownership of the land; nor shall it prohibit the landowner from exercising dominion and control over the land; nor shall it impose upon Howard County any additional responsibility or privilege based solely upon the designation except as related to the enforcement of provisions set forth in this subtitle.

(C.B. 28, 1979)

Sec. 19.504. - Rules, regulations and prohibited activities.

The following activities are prohibited in open space areas:

- (a) Hunting.
- (b) Fortune-telling.
- (c) Possessing any firearm, rifle, shotgun, revolver, pistol, air gun, air rifle or any similar mechanism by whatever name known which is designed to expel a projectile through a barrel by the action of any explosive gas, compressed air, spring or elastic. Police Officers are authorized to seize such mechanisms and deliver them to the Police Department for disposition as provided in section 19.509 of this subtitle.
- (d) Discarding of any lighted match, cigar, cigarette or other burning object on or against any structure, boat, vehicle or enclosure, or under any tree or in underbrush or grass.

- (e) Putting any substance into the water of the open space area, directly or via the storm drainage system, which pollutes or may pollute the waters.
- (f) Depositing any garbage, refuse, waste, foodstuffs, paper or other litter or obnoxious material, except in receptacles or pits provided for the purpose.
- (g) Throwing or breaking of glass or crockery.
- (h) Removing or destroying any tree, flower, fern, shrub, rock or other plant or mineral.
- (i) Camping.
- (j) Using private boats powered by hydrocarbon fuels or electric engines, except for boats used by the Police Department, the Fire Department or the landowner.
- (k) Selling, offering for sale, or leasing merchandise.
- (l) Kindling, building, maintaining or using a fire in places other than those provided or designed for that purpose. Every fire must be continuously under the care and direction of a competent person over 16 years of age. Before it is abandoned, a fire must be thoroughly extinguished. The building or starting of a fire may be prohibited by a Police Officer if a fire danger warrants such action.
- (m) Erecting and posting of advertising signs and notices.
- (n) Using musical instruments, loudspeakers, radios, stereos, and similar devices when used for the purpose of attracting attention for advertising of any type, or when the resultant noise violates the noise regulations of the State Department of Health and Mental Hygiene.
- (o) Grazing or herding of cattle, horses, sheep, goats or any other animals.
- (p) Allowing dogs to run without being under the control of a responsible person.
- (q) Using motorized vehicles, as provided in section 19.508 of this subtitle.
- (r) Possessing an alcoholic beverage in an open or previously opened container.
- (s) Using bows and arrows.

(C.B. 28, 1979; C.B. 22, 1985)

Sec. 19.505. - Special permits.

- (a) Landowners may issue a special permit for the use of open space areas, which authorize individuals or groups to conduct or participate in activities otherwise prohibited by any of the provisions of sections 19.504 and 19.506 of this subtitle. Activities which may be authorized are: possession of an alcoholic beverage in an open or previously opened container; camping; kindling, building, maintaining or using a fire; using musical instruments, loudspeakers, radios and stereos; selling, offering for sale, or leasing merchandise; erecting and posting of advertising signs and notices; using bows and arrows.
- (b) Landowners shall deliver to the Police Department copies of all special permits at least 48 hours in advance of the function for which they are issued.
- (c) A special permit must be carried by an individual who is present on the open space area for which the special permit is issued.
- (d) A special permit must be displayed to Police Officers upon demand. Failure to display a special permit upon demand shall authorize Police Officers to order the activity to cease and to order participants to leave the property and shall also authorize the police to arrest any of the participants.
- (e) When authorizing the possession of an alcoholic beverage, the landowner shall require that:
 - (1) The applicant be 21 years of age; and

- (2) The applicant agree to ensure that no one under 21 years of age will consume alcoholic beverages.
- (f) Nothing in this section shall remove from the landowner or ultimate beneficiary the requirement to obtain additional State or local permits as may be required, nor shall this section permit uses otherwise prohibited by zoning or other laws.

(C.B. 28, 1976; C.B. 22, 1985)

Editor's note— Although not specifically addressed by § 3 of C.B. 22, the inclusion of a new subsection (e) implicitly redesignated existing subsection (e) as (f).

Sec. 19.506. - Hours of operation.

- (a) Open space areas shall be open to the public from 6:00 a.m. to 10:00 p.m. each day, and they shall be closed to the public except during said time unless otherwise posted.
- (b) No person shall enter upon open space areas when they are closed to the public.

(C.B. 28, 1979)

Sec. 19.507. - Admission to events.

- (a) No person may make use of or gain admission to, or attempt to make use of or gain admission to, open space areas for the use of which a charge is made by the landowners unless the person pays the fixed charges or price of admission.
- (b) No person may make use of or gain admission to, or attempt to make use of or gain admission to open space areas for which a permit is issued to a group or organization unless the person is a member of the group or organization and complies with all other criteria established by the permits.

(C.B. 28, 1979)

Sec. 19.508. - Prohibition of motorized vehicles in open space areas.

- (a) Motorized vehicles shall not be driven or parked upon open space areas except in those areas which have been appropriately designated or in those areas which are customarily used for such purposes and at such times as allowed.
- (b) Police Officers are authorized to impound vehicles which are in violation of this section. All expenses of impoundment, storage, and preservation shall be borne by the owner of the vehicle.
- (c) This section shall apply to all motorized vehicles powered by hydrocarbon fuels or electrical motors, including, but not limited to automobiles, trucks, self-contained camping vehicles, motorcycles, motorized bicycles, and all-terrain vehicles except those owned or operated by the Police Department, the Fire Department or the landowner.

(C.B. 28, 1979; C.B. 22, 1985)

Sec. 19.509. - Disposition of firearms, etc.

The Police Department shall dispose of all firearms, rifles, air guns, air rifles and similar mechanisms seized as follows:

- (a) The Police Department may return the mechanism to the owner or may notify the owner that he/she may apply within 30 days to the Police Department for a review to determine whether the owner knew or should have known that the mechanism was within his/her possession within an open space area.
- (b) Upon timely receipt of an application, the Police Department shall hold an informal review, not subject to the Howard County Administrative Procedure Act, on the matter of whether the owner knew or should have known that the mechanism was possessed within an open space area.
- (c) If, after review, the determination of the Police Department is favorable to the owner, the mechanism shall be released to the owner, unless it is needed as evidence in a criminal case or investigation, in which event it shall be promptly returned upon the final conclusion of the case or investigation.
- (d) If, after the review, the determination of the Police Department is the owner knew or should have known that the mechanism was possessed within an open space area, the mechanism shall be deemed to be forfeited to the County. The owner shall be so notified at his/her last known address and within 30 days thereafter he/she may petition the District Court of Maryland for release of the mechanism. The County Solicitor shall represent the County in said action.
- (e) In the event that the owner is not ascertained and located pursuant to the inquiry and investigation by the Police Department, or in the event that the forfeiture determination is not contested within 30 days, the mechanism shall be forfeited to the County without further proceedings.

(C.B. 28, 1979; C.B. 22, 1985)

Sec. 19.510. - Authority of landowner to close open space areas.

The landowner is permitted to close portions of open space areas by posting a notice thereof or otherwise providing notice, and thereafter, said portion shall be closed to the public and no person shall enter upon said portions of open space areas.

(C.B. 28, 1979; C.B. 22, 1985)

Sec. 19.511. - Authority of police.

- (a) The Police Department is empowered to police the use of open space areas in accordance with the rules and regulations of this subtitle.
- (b) All persons who are present upon open space areas shall comply with lawful orders of the police governing the use of the open space areas and their conduct upon such areas.

(C.B. 28, 1979)

Sec. 19.512. - Regulatory authority of landowner.

Landowners are empowered to regulate the use of open space areas in accordance with this subtitle.

(C.B. 28, 1979; C.B. 22, 1985)

Sec. 19.513. - Discrimination prohibited in open space area:

No person shall be denied the use of a designated open space area solely because of discrimination based on race, creed, religion, disability, color, sex, national origin, age, occupation, marital status, political opinion, sexual orientation or personal appearance.

(C.B. 28, 1979; C.B. 14, 2014, § 1)

Sec. 19.514. - Posting of signs.

Landowners shall post signs on each designated open space area, which identify the area as privately owned open space designated for public use. The signs may list activities prohibited or restricted by this subtitle.

(C.B. 28, 1979; C.B. 22, 1985)

Sec. 19.515. - Penalties.

(a) *Criminal Penalties.* Any person who violates the provisions of subsections (a), (c), (h), (r), and (s) of section 19.504, "rules, regulations and prohibited activities"; section 19.505, "special permits"; section 19.506, "hours of operation"; and section 19.510, "authority of landowner to close open space areas," of this subtitle shall, upon conviction, be found guilty of a misdemeanor and may be fined up to \$500.00 or imprisoned for up to 30 days in the Howard County Detention Center, or both fined and imprisoned.

(b) *Civil Penalties:*

(1) *Enforcement.* Alternatively or in addition to and concurrent with all other remedies, the Police Department may enforce the provisions of the following sections and subsections with civil penalties pursuant to the provisions of title 24, "Civil Penalties," of the Howard County Code. Each day that a violation continues shall be a separate offense.

Subsections (b), (d), (e), (f), (g), (i), (j), (k), (l), (m), (n), (o), (p), (q), (r), and (s) of section 19.504, "rules, regulations and prohibited activities."

TITLE 20 - TAXES, CHARGES, AND FEES¹¹

Footnotes:

--- (1) ---

Editor's note— C.B. 38, 1998 replaced former tit. 20 of the Code in its entirety, and enacted a new tit. 20 to read as herein set out. Former tit. 20 pertained to taxation and public credit. For a detailed history of the provisions of former tit. 20, see the Code Comparative Tables.

SUBTITLE 1. - REAL PROPERTY TAX; ADMINISTRATION, CREDITS, AND ENFORCEMENT

PART I. - ADMINISTRATION

Sec. 20.100. - Discount for prompt payment.

The Director of Finance shall apply a discount of 0.5 percent to annual real property taxes paid on or before July 31 following the due date or, if annual tax bills are not released by the due date, the Director of Finance may extend the discount up to 30 days following the date of release of the bills.

(C.B. 38, 1998; C.B. 41, 2011, § 1)

State Law reference— Authority to provide discount for prompt payment, Ann. Code of Md., Tax-Property article, § 10-301.

Sec. 20.101. - Reserved.

Editor's note— C.B. 22, 2000, effective August 8, 2000, repealed former § 20.101, which pertained to real property taxes in arrears, and derived from C.B. 38, 1998.

Sec. 20.102. - Penalty and interest for taxes in arrears.

The Director of Finance shall impose a penalty of 0.83 percent per month or part of a month and interest of 0.67 percent per month or part of a month on real property taxes billed on or after July 1, 1991, which are in arrears.

- (b) *Homestead Property Tax Credit Percentage.* The homestead credit percentage under section 9-105 of the tax-property article is 105 percent.

(C.B. 38, 1998)

Sec. 20.111. - Statewide optional tax credits—In general.

Statewide optional tax credits under the Tax-Property Article of the Annotated Code of Maryland are in effect in Howard County upon enactment of local implementing legislation, which is contained in this part III.

(C.B. 38, 1998)

State Law reference— Optional property tax credits, Ann. Code of Md., Tax-Property article, § 9-201 et seq.

Sec. 20.112. - Historically valuable, architecturally valuable, or architecturally compatible structures.

- (a) *Establishment of Historic Tax Credit Program for Qualified Expenses.* In accordance with section 9-204 of the Tax-Property Article, Annotated Code of Maryland, there is a Howard County Property Tax Credit in the amount of 25 percent of the qualified expenses used for the restoration and preservation of an eligible historic property.
- (b) *Definitions.* In this section the following terms have the meanings indicated:
- (1) *Certificate of eligibility* means the order issued by the Commission to the owner of an eligible property, which authorizes the Department of Finance to apply a historic tax credit to the eligible property.
 - (2) *Commission* means the Historic Preservation Commission created under sections 6.324 and 16.604 of the County Code.
 - (3) *Eligible property* means:
 - (i) A structure that is listed on the Howard County Historic Sites Inventory and is designated by the Commission as historically significant;
 - (ii) A structure eligible for inclusion in the Howard County Historic Sites Inventory, which is added to the Inventory prior to the final approval of a certificate of eligibility;
 - (iii) An existing principal structure or historic outbuilding located within a local historic district in Howard County, which is determined by the Commission to be of historic or architectural significance, or to be architecturally compatible with the historic structures in the district;
 - (iv) A landscape feature located within a local historic district or listed on the Historic Sites Inventory, which is determined by the Commission to be of historic or architectural significance; or
 - (v) A cemetery, at least 50 years old, not operated as a business, which is listed on the Howard County Cemetery Inventory under section 16.1303 of the County Code.
 - (4) *Eligible work* means:
 - (i) Work done on an eligible property:
 - a. In compliance with the rules adopted by the Commission under subsection 16.606(e) of the County Code;
 - b. After the owner receives initial approval of an application for a certificate of eligibility; and
 - c. In conformity with the application for which initial approval was given.
 - (ii) *Eligible work* includes:
 - a. The repair or replacement of exterior features of the structure;
 - b. Work that is necessary to maintain the physical integrity of the structure with regard to safety, durability, or weatherproofing;
 - c. Maintenance of the exterior of the structure, including routine maintenance as defined in section 16.601 of the County Code;
 - d. Repair or replacement of historic landscape features such as masonry walls, fences, or other site features, if determined to be of historic or architectural significance by the Commission; and

- e. Repair or maintenance of existing gravestones, walls, fencing, or other site features of an eligible property that is a historic cemetery.
- (iii) *Eligible work* does not include:
 - a. New construction;
 - b. Interior finish work that is not necessary to maintain the structural integrity of the building; or
 - c. Landscape maintenance or new landscape plantings, except as defined above for historic landscape features.
- (5) *Qualified expenses*:
 - (i) The amount of money paid by the owner of an eligible property to a licensed contractor, architect, engineer or historic preservation consultant for eligible work, or for materials used to do eligible work.
 - (ii) In order to be eligible for a tax credit under this section, qualified expenses must be \$500.00 or greater.
- (6) *Routine maintenance*. Work that qualifies as routine maintenance under section 16.601 of the County Code.
- (c) *Procedures*:
 - (1) The owner of an eligible property may apply to the Commission for a historic tax credit for qualified expenses. The application shall be in the form and accompanied by additional information that the Commission, by rule, requires.
 - (2) The Commission or the Executive Secretary shall give initial approval of a certificate of eligibility:
 - (i) If it determines the property to be an eligible property;
 - (ii) If it determines that the proposed work is eligible work; and
 - (iii) If the eligible property is within a historic district, any required certificate of approval under section 16.603 of the County Code has been issued for the work.
 - (3) Upon completion of the work, the owner shall submit to the Commission documentation that the work was done in accordance with the initial approval of the certificate of eligibility and shall document all qualified expenses.
 - (4) The Commission shall review the application, the initial approval, and the documentation.
 - (5) At a public hearing, the Commission shall give final approval of the certificate of eligibility and shall determine:
 - (i) What work is eligible work; and
 - (ii) The dollar amount of qualified expenses for the work.
 - (6) The dollar amount of qualified expenses and the amount of the tax credit shall be entered on the certificate of eligibility.
 - (7) An owner who is denied all or part of a tax credit by the Commission may appeal the denial to the Circuit Court of Howard County.
 - (8) After final approval by the Commission, the Commission shall forward the certificate of eligibility to the Department of Finance.
 - (9) (i) The Department of Finance shall grant the tax credit for the tax year immediately following the year in which the certificate of eligibility is received by the Department.

- (ii) If the amount of the tax credit under this section exceeds the amount of the Howard County Real Property Tax, any unused portion of the tax credit may be applied to any property tax on the structure for up to five subsequent tax years.
- (d) *Certificate Runs with Property.* A certificate of eligibility runs with the property, and change in ownership does not result in the lapse of a tax credit granted under this section.
- (e) *Applicability Outside Historic District:*
 - (1) For property not located in an official local historic district, the certificate of eligibility establishes tax credit eligibility.
 - (2) Work not done in accordance with initial approval of a certificate of eligibility does not qualify for a historic tax credit, but otherwise is not subject to subsection 16.606(a) of the County Code regarding commission approval or section 16.610 of the County Code regarding enforcement.

(C.B. 38, 1998; C.B. 71, 2003, § 1; C.B. 7, 2013, § 1; C.B. 36, 2013, § 1; C.B. 11, 2014, § 3; C.B. 67, 2016, § 1)

State Law reference— Tax credit for historically valuable, architecturally valuable, or architecturally compatible structures, Ann. Code of Md., Tax-Property article, § 9-204.

Sec. 20.113. - Restorations and rehabilitations of historic or heritage properties.

- (a) *Establishment of Historic Tax Credit Program for Increase in Assessed Value.* In accordance with § 9-204.1 of the Tax-Property Article, Annotated Code of Maryland, there is a Howard County Property Tax Credit for Qualified Expenses not to exceed the difference between:
 - (1) The Howard County Real Property Tax that, but for the tax credit, would be payable on the assessed value of an eligible historic property after the expenditure of qualified expenses; and
 - (2) The Howard County Real Property Tax that would be payable on the assessed value of the property if there was no expenditure of qualified expenses.
- (b) *Definitions.* In this section the following terms have the meanings indicated:
 - (1) *Certificate of eligibility* means the order issued by the Commission to the owner of an eligible property, which authorizes the Department of Finance to apply a historic tax credit to the eligible property.
 - (2) *Commission* means the Historic Preservation Commission created under section 6.324 of this Code.
 - (3) *Eligible property* means a property that has undergone significant improvements, restoration, or rehabilitation resulting in an increase in assessed value, and is:
 - (i) A structure that is listed on the Howard County Historic Sites Inventory and is designated by the Commission as historically significant;
 - (ii) A structure eligible for inclusion in the Howard County Historic Sites Inventory, which is added to the Inventory prior to the final approval of a tax credit under this section; or
 - (iii) An existing principal structure or historic outbuilding located within a local historic district in Howard County, which is determined by the Commission to be of historic or architectural significance.
 - (4) *Increased assessment* means the State Department of Assessments and Taxation assessment that results from the improvement, restoration, or rehabilitation of eligible property.

- (5) *Qualified expenses* means the amount of money paid by the owner of an eligible property to a licensed contractor for improvements, restoration, or the rehabilitation of the property or for materials used to improve, restore, or rehabilitate the property.
- (c) *Procedures:*
- (1) The owner of an eligible property may apply for a certificate of eligibility under this section if:
 - (i) Qualified expenses are \$5,000.00 or greater;
 - (ii)
 - a. Prior to the expenditure of qualified expenses, the owner obtains a pre-approval determination from the Commission that the proposed improvements, restoration, and rehabilitation are in accord with the U.S. Secretary of Interior Standards and Guidelines on Rehabilitation of Historic Structures.
 - b. In the case of an emergency application due to flood, fire, or natural disaster, the Commission may issue a pre-approval determination after the expenditure of qualified expenses if the Commission determines that the work requiring the Certification was done in accordance with Title 6, Subtitle 6 of this Code and is in accord with the U.S. Secretary of Interior Standards and Guidelines on The Rehabilitation of Historic Structures.
 - (iii) A Certificate of Approval from the Commission is obtained for all work subject to Commission approval under section 16.603 of this Code, or any other provision of this Code or the Zoning Regulations that requires a Commission determination;
 - (iv) The owner files an application with the Commission:
 - a. Within 12 months of the increased assessment:
 - b. on a form provided by the Commission and accompanied by the pre-approval determination, itemized receipts documenting the qualified expenses, and additional information that the Commission, by rule, requires;
 - (v) The owner otherwise complies with the provisions of this section.
 - (2) The Commission shall issue a certificate of eligibility stating the amount of qualified expenses:
 - (i) If it determines the property to be an eligible property;
 - (ii) If the qualified expenses are documented to the satisfaction of the Commission; and
 - (ii) If any Certificate of Approval or Commission Determination required by this Code or the Zoning Regulations has been issued for the work.
 - (3) The owner of an eligible property may apply to the Department of Finance for a tax credit under this section if:
 - (i) A certificate of eligibility meeting the requirements of this section, for work done on the property, has been given final approval by the Commission; and
 - (ii) The assessed value of the property has increased after a valuation or revaluation under § 8-104 of the Tax-Property Article of the Annotated Code of Maryland.
 - (4) The Department of Finance shall grant the Howard County Real Property Tax Credit under this section, beginning with the first tax year in which the real property tax would increase as a result of the increased assessment.
 - (5)
 - (i) A tax credit under this section is granted annually for a term of ten years, provided that work requiring the approval of the Commission is done with the Commission's approval.
 - (ii) If the property is altered without the prior approval of the Commission:
 - a. The Department of Planning and Zoning shall notify the Department of Finance; and

- b. The tax credit under this section shall lapse beginning with the tax year immediately following the year in which notification is received by the Department of Finance.

(d) *Lapse of Credit Due to Damage to Property:*

- (1) A tax credit granted under this section shall lapse if any of the improvements, restoration, or rehabilitation which were covered by qualified expenses is damaged due to fire, weather or other natural causes.
- (2) The owner of the property may, as approved by the Commission, repair the damage and apply for a tax credit under this section.

(C.B. 38, 1998; C.B. 71, 2003; C.B. 11, 2014, § 3; C.B. 6, 2017, § 1)

State Law reference— Tax credit for restorations and rehabilitations of historic or heritage properties, Ann. Code of Md., Tax-Property article, § 9-204.1.

Sec. 20.114. - Newly constructed or substantially rehabilitated dwellings that are unsold or unrented.

(a) *Definitions:*

- (1) *Rehabilitated* means that capital improvements have been replaced or added to a single dwelling unit so as to increase the assessment for that unit by a minimum of 100 percent.
- (2) *Completion* of the construction or rehabilitation means the laying of the foundation, the completion of the framing and the roof, the roughing in of the plumbing and electricity and the installation of interior wall finishing.

(b) *Establishment of Tax Credit Program.* There is a program of tax credits against local property tax for single dwelling units, ready for occupancy, which are unsold, unoccupied or unrented after their construction or rehabilitation is complete.

(c) *Eligibility.* Owners of single dwelling units which are unsold, unoccupied or unrented after completion of construction or rehabilitation may apply for tax credits against local property taxes for that unit (but not for land on which it stands). Tax credits will not be allowed on single dwelling units used as exhibit or sample homes. Each property owner is eligible for tax credits on a maximum of three single dwelling units per fiscal year.

(d) *Application.* Upon completion of any newly constructed or substantially rehabilitated single dwelling unit, the owner thereof may apply to the Office of Finance for a tax credit for the dwelling unit but not for the land on which it is located. No tax credit shall be granted unless the owner applies for the tax credit within 30 days of completion of the construction or rehabilitation.

(e) *Termination of Tax Credit.* Immediately upon the sale, transfer, occupancy or rental of the single dwelling unit, the credit period shall end. No tax credit shall be granted unless the owner notifies the Office of Finance within 30 days of the sale, transfer, rental or occupancy of the unit.

(f) *Amount of tax credit:*

- (1) The tax credit granted shall be available for one continuous period, not to exceed one year.
- (2) The Director of Finance shall calculate the credit to be issued after all taxes due are paid. The credit shall be calculated on all County taxes levied beginning with the next tax levy period after receipt of the application and ending with the date of sale, transfer, rental or occupancy.
- (3) The tax credit granted shall be equal to 75 percent of the local property taxes levied on the assessed value of the improvements.

(g) *Administration.* The Director of Finance is authorized to establish procedures to administer the tax credit described above. The Director of Finance shall approve or deny any application for the tax credit and shall notify the Applicant of his ruling. Notice shall be deemed sufficient if mailed to the

Applicant at the address set forth in the application. Any denial of a tax credit shall be appealable to the Board of Appeals.

- (h) *Exclusion of State Property Taxes.* Nothing contained in this section shall apply to State taxes.
- (i) *Notification.* The Director of Inspections, Licenses and Permits is authorized to establish procedures to notify building permit applicants of the tax credit program at the time of application.

State Law reference— Tax credit for newly constructed or substantially rehabilitated dwellings that are unsold or unrented, Ann. Code of Md., Tax-Property article, § 9-207.

Sec. 20.115. - Credit for day care providers; credit for family day care homes or group day care centers.

(a) *Definitions.* In this section, the following terms have the meanings indicated:

- (1) *Adult* means individuals, 60 years and older, and determined by geriatric evaluation service or a physician to be unable to care for themselves; or medically handicapped adults, 18 years or older, who are unable to care for themselves as certified by a physician.
 - (2) *Child* means any individual under 16 years of age.
 - (3) *Day care provider* means any person, firm, corporation or establishment licensed, registered or accredited under the laws of the State or County who provides family or group child or adult care services on a regular basis.
 - (4) *Family day care* means the care given to a child in place of parental care for less than 24 hours a day, in a residence other than the child's residence, for which the day care provider is paid, or, the care given to an adult for less than 24 hours a day, in a residence other than the adult's residence, for which the day care provider is paid, provided that the provider is not related by marriage or kinship.
 - (5) *Group day care center* means any agency, institution or establishment, that for part or all of the day, on a regular schedule, and at least twice a week, offers group day care to adults or to children who do not have the same parentage as the day care provider.
 - (6) *Improvement* means an addition to or modification of real property which adds to the assessed valuation of the property as determined by the State Department of Assessments and Taxation.
 - (7) *Exclusive use* or *used exclusively* means a design and use which is predominantly for day care use. Any other use shall only be incidental to the intended use.
 - (8) *Employer day care provider* means owner of a business having at least 25 employees and having an area set aside and dedicated exclusively for a day care center that is:
 - (i) Registered as a family day care home under title 5, subtitle 5, part V of the Family Law Article of the Annotated Code of Maryland; or
 - (ii) Licensed as a group day care center under title 5, subtitle 5, part VII of the Family Law Article of the Annotated Code of Maryland.
- (b) *Amount of Credit.* In accordance with the provisions of §§ 9-213 and 9-214 of the Tax-Property Article of the Annotated Code of Maryland, an owner of real property may receive a Property Tax Credit against the general County tax for an improvement of that real property, if the improvement is used exclusively for the purpose of providing family or group adult day care or child day care services offered by a licensed or accredited day care provider.
- (c) *Limitation on Tax Credit.* The Property Tax Credit shall not exceed the lesser of:
- (1) Three thousand dollars annually; or

- (2) The amount of the County property tax attributable to the improvement.
- (d) *Terms of Credit:*
- (1) The improvement to the premises of an adult day care provider or child day care provider must be made after July 1, 1987.
 - (2) The improvement to the premises of an employer day care provider is limited to that portion of the property that was substantially completed after July 1, 1988.
- (e) *Application for Tax Credit:*
- (1) The Director of Finance shall administer the provisions of this section and shall adopt rules and regulations for the implementation of this section.
 - (2) The applicant shall apply for the tax credit with the Department of Finance within 30 days after issuance of the tax bill reflecting the improvement.
 - (3) The applicant shall certify in writing that the day care provider is licensed, registered or accredited by the State or County.
 - (4) The applicant shall certify in writing, each year after the initial application, that the improvement is used exclusively for child or adult day care.
 - (5) For an improvement to be eligible for the credit, the Applicant shall agree in writing that the day care provider shall accept children and or adults regardless of race, color, creed, sex or national origin.

Sec. 20.116. - Property leased, occupied, or used by religious groups or organizations.

- (a) *Establishment of Tax Credit Program.* In accordance with the provisions of § 9-222 of the Tax-Property Article of the Annotated Code of Maryland there is a tax credit against the property tax imposed on real property in Howard County for that portion of the property that is leased, occupied and used by a religious group or organization and which meets each of the conditions required by State law set forth in subsection (b) of this section.
- (b) *Conditions:*
- (1) The religious group or organization would qualify for a property tax exemption under § 7-204 of the Tax-Property Article of the Annotated Code of Maryland.
 - (2) The portion of the property upon which the tax credit is based is used exclusively for:
 - (i) Public religious worship;
 - (ii) Educational purposes; or
 - (iii) Office space necessary to support or maintain public religious worship or educational purposes.
 - (3) The property upon which the tax credit is based is not leased, occupied or used for the purpose of making a profit.
 - (4) The religious group or organization is contractually liable to the owner for property taxes.
 - (5) The owner of the property eligible for a tax credit pursuant to this section, is contractually obligated to reduce, by the amount of the tax credit, the amount of taxes for which the religious group or organization is otherwise contractually liable.

- (c) *Amount:*
- (1) The amount of the tax credit shall be the full amount of property tax imposed pursuant to § 6-202 of the Tax-Property Article of the Annotated Code of Maryland by Howard County on that portion of real property leased by a religious group or organization which meets the conditions of subsection (b) of this section.
 - (2) The amount of the tax credit shall not exceed the amount of the tax for which the religious group or organization is contractually liable.
- (d) *Administration.* The Director of Finance is authorized to develop an application form and establish procedures to administer the tax credit established in this section.
- (e) *Application and Approval Process:*
- (1) An application for the tax credit shall be submitted to the Director of Finance and shall be signed by both the owner of the real property and the religious group or organization which is or will become the lessee. A copy of the executed lease between the property owner and the lessee shall be submitted with the application.
 - (2) Tax credits shall be available on an annual tax year basis. Applications for the tax credit shall be submitted to the Director of Finance no later than April 1 prior to the tax year for which the credit is being requested.
 - (3) The Director of Finance will submit the application to the supervisor of the Department of Assessments and Taxation in Howard County or designee to determine:
 - (i) Whether the lessee qualifies as an exempt organization under § 7-204 of the Tax-Property Article of the Annotated Code of Maryland; and
 - (ii) The amount of the assessed value attributable to the portion of the property used by the religious group or organization for purposes permitted under subsection (b) of this section.
 - (4) After receiving the determinations from the supervisor of the Department of Assessments and Taxation or designee, the Director of Finance shall notify the owner and lessee whether the lessee qualifies as an exempt organization, the amount of the assessed value upon which the tax credit will be based, and the amount of the tax credit.
- (f) *Appeal.* An owner of real property who has applied for the tax credit established in this section may appeal the following to the Howard County Property Tax Assessment Appeal Board:
- (1) A denial of the tax credit based on a determination by the supervisor of the Department of assessment and taxation in Howard County or designee that the religious group or organization would not be qualified for an exemption pursuant to § 7-204 of the Tax-Property Article of the Annotated Code of Maryland.
 - (2) The amount of the assessed value upon which the tax credit will be based.
- (g) *Termination and Repayment of Tax Credit:*
- (1) Entitlement to the tax credit shall terminate when the religious group or organization no longer occupies the property or when the use of the property no longer meets each of the conditions stated in subsection (b) of this section.
 - (2) Upon termination of the tax credit the Director of Finance shall issue a bill for the additional tax due which equals the amount of the tax credit divided by the percentage of the tax year during which the property was not eligible for the credit.
 - (3) The amount of any unearned tax credit is due and shall be paid in full within 30 days after the bill is issued.
 - (4) If the bill remains unpaid after 30 days after the bill is issued, interest and penalties shall be charged, as provided in section 20.102 of the Howard County Code and may be treated for all

purposes as other taxes imposed on real property pursuant to § 6-202 of the Tax-Property Article of the Annotated Code of Maryland.

Sec. 20.117. - Brownfields property tax credit.

(a) *Definitions.* The following terms have the meanings indicated:

- (1) *Brownfields Incentive Fund* means the Brownfields Revitalization Incentive Fund established under article 83A, § 3-904 of the Annotated Code of Maryland.
- (2) *Enterprise zone* has the meaning indicated in article 83A, § 5-401 of the Annotated Code of Maryland.
- (3) *Increased property tax liability* means the remaining Howard County and Maryland State real property tax liability, after first applying all other property tax credits applicable to the site, attributable to the increase in the assessment of a qualified brownfields site, including improvements added to the site within the tax credit period provided for in this section, over the assessment of the qualified brownfields site before this voluntary cleanup or corrective action plan.
- (4) *Qualified brownfields site* has the meaning indicated in article 83A, § 3-901(D) of the Annotated Code of Maryland.

(b) *Participation in Program; Tax Credit Established:*

- (1) Pursuant to article 83A, § 9-229 of the Annotated Code of Maryland, Howard County elects to participate in the Brownfields Revitalization Program and to provide tax credits as authorized under that section.
- (2) There is a Howard County Property Tax Credit against the tax on real property of a qualified brownfields site in an amount equal to 70 percent of the increased property tax liability.

(c) *Application of Credit.* The credit shall apply in each of the taxable years immediately following the first revaluation of the qualified brownfields site after completion of a voluntary cleanup or corrective action plan for:

- (1) Five taxable years; or
- (2) If the site is in an enterprise zone, eight taxable years.

(d) *Contribution to Fund.* For each year the County grants a credit under this section, the County shall contribute to the Brownfields Revitalization Incentive Fund an amount equal to thirty percent of a qualified brownfields site's increased property tax liability.

(e) *Procedures:*

- (1) The owner of a qualified brownfields site may apply to the Director of Finance, on or before April 1 prior to the taxable year in which the credit is requested to begin, for a credit under this section.
- (2) The application shall be accompanied by proof that the Applicant has qualified for financial incentives under the "Brownfields Revitalization Incentive Program" as enacted by chapters 1 and 2 of the Acts of the Maryland General Assembly of 1997, and any additional information the Director of Finance requires.
- (3) If an application under this subsection is approved, the Department of Finance shall forward the application to the supervisor of the Department of Assessments and Taxation in Howard

County and request a determination of the portion of the increase in assessed value that is due to the completion of the voluntary cleanup or corrective action plan or, in the case of an improvement made during the period the credit is in effect, a determination of the portion of the increase in assessed value that is due to the improvement.

- (4) Upon receipt of the determination by the Department of Assessments and Taxation, the Department of Finance shall calculate the amount of the credit and grant the credit in accordance with this section.
- (f) *Termination of Credit.* A tax credit under this section shall terminate if:
 - (1) A person receiving a credit under this section withdraws from the voluntary cleanup program under § 7-512(A) or (B) of the Environment Article of the Annotated Code of Maryland; or
 - (2) The Department of the Environment withdraws approval of a response action plan, or a certificate of completion under § 7-512(E) and (F) of the Environment Article.

Sec. 20.118. - Credit for installation of sprinkler systems in historic buildings.³¹

- (a) *Eligible Improvement* defined. In this section, *eligible improvement* means an improvement to real property that is:
 - (1) A principal structure listed on the Howard County Historic Sites Survey;
 - (2) A principal structure eligible for inclusion in the Howard County Historic Sites Survey, which is added to the survey prior to application for a credit under this section; or
 - (3) A commercial building located within a local historic district in Howard County.
- (b) *Credit Established.* In accordance with § 9-232 of the Tax-Property Article, Annotated Code of Maryland and the provisions of this section, there is a tax credit against the Howard County property tax imposed on an eligible improvement if an automatic fire protection sprinkler system is installed in the improvement.
- (c) *Amount and Duration of Credit:*
 - (1) The credit under this section is equal to ten percent of the installation cost of each sprinkler system as certified under subsection (d) of this section.
 - (2) The tax credit under this section shall apply each year for five consecutive years.
 - (3) If the Howard County property tax due is less than the credit under this subsection the excess credit does not carry over to future years.
- (d) *Certification of Costs:*
 - (1) After a fire protection sprinkler system is installed in an eligible improvement, the owner may apply to the Director of Inspections, Licenses and Permits for a certification of the installation costs.
 - (2) An application under paragraph (1) of this subsection shall be accompanied by:
 - (i) Documentation of the costs incurred in the installation;
 - (ii) A copy of the final inspection report; and
 - (iii) Any other information the Director requires.

(e) *Application for Tax Credit:*

- (1) After the owner of an eligible improvement obtains the certification under subsection (d) of this section, the owner may apply to the Department of Finance for a tax credit under this section. The application shall be in the form prescribed by the Director of Finance and shall be accompanied by the certification [under paragraph] (2) of this subsection and any additional information that the Director of Finance requires. The owner shall submit a completed application on or before April 1 of the year in which the credit is requested to begin.
- (2) If an application under paragraph (1) of this subsection is approved, the Director of Finance shall grant the tax credit beginning in the tax year immediately following the approval.

- (f) *Credit Runs with Property.* A tax credit under this section runs with the property, and change in ownership does not result in the lapse of a tax credit granted under this section.

Footnotes:

--- (3) ---

Editor's note— C. B. 10, 2000 set out provisions for use as § 20.117. Inasmuch as § 20.117 is an existing section pertaining to Brownfields Property Tax Credit, for purposes of clarity, and at the editor's discretion, the provisions of C.B. 10, 2000 have been included herein as § 20.118.

Sec. 20.119. - Green building energy conservation devices.

- (a) *Definition.* A qualifying energy conservation device means an energy conserving device that receives a leadership in energy and environmental design (LEED) credit, including, but not limited to, a solar energy or geothermal energy device, that is utilized by a structure certified by the U.S. Green Buildings Council as LEED certified, at any level specified in subsection (c) of this section.
- (b) *Establishment of Tax Credit; Eligibility:*
 - (1) In accordance with section 9-203 of the tax-property article, Annotated Code of Maryland, and the provisions of this section, there is a tax credit against the County real property tax imposed on a structure that is LEED-certified, at a level specified in subsection (c) of this section, for a qualifying energy conservation device used to heat or cool the structure or to provide hot water for use in the structure.
 - (2) A property owner is eligible to receive a credit under this section only if they do not qualify to receive a credit for a high performance building under section 20.129B of this Code.
- (c) *Amount of Credit:*
 - (1) The amount of tax credit may not exceed the assessed property tax on the structure.
 - (2) Eligible costs are those that are:
 - (a) Incurred within the last 36 months of the initial application for the credit; and
 - (b) Incurred for the device, including any necessary part, component or accessory equipment of the device, and any necessary labor to construct or install the device.
 - (3) The full amount of the tax credit allowed may be given each tax year for the duration of the credit. The tax credit allowed is a percentage of the eligible costs, based upon the classification of the structure, as follows:
 - (a) LEED certified - 14 percent
 - (b) LEED certified silver - 16 percent

- (c) LEED certified gold - 18 percent
- (d) LEED certified platinum level - 20 percent.
- (d) *Duration of Tax Credit.* The duration of this credit is three consecutive tax years.
- (e) *Application for Tax Credit.* An application for a tax credit under this section shall be submitted to the Director of Finance on or before April 1 of the tax year in which the credit is requested to begin. Applications shall be on forms prepared and furnished by the Director. The forms shall include, at a minimum, certification that all costs applied for a tax credit are eligible costs under this section, and verification of LEED certification of the building and LEED credit awarded for the qualifying energy conservation device. If a tax credit application is approved by the Director, the credit may be applied in compliance with this section for the duration of the credit without reapplying.

Sec. 20.119A. - Credit for disabled law enforcement officer or rescue worker or surviving spouse of fallen law enforcement officers or rescue workers.

- (a) *Definitions.* In this section the following words have the meanings indicated:
 - (1) (i) *Disabled law enforcement officer or rescue worker* means an individual who:
 - 1. Has been found to be permanently and totally disabled by an administrative body or court of competent jurisdiction authorized to make such a determination; and
 - 2. Became disabled:
 - a. As a result of or in the course of employment as a law enforcement officer or correctional officer for Howard County or a jurisdiction with reciprocity; or
 - b. While in active service of a career or volunteer fire, rescue, or emergency medical service of Howard County or a jurisdiction with reciprocity.
 - (ii) *Disabled law enforcement officer or rescue worker* does not include an individual whose disability is the result of:
 - 1. The individual's own willful misconduct or abuse of alcohol or drugs; or
 - 2. An occupational disease that did not result from an accidental injury within the meaning of those terms under the Maryland Workers Compensation Act.
 - (2) (i) *Dwelling* means real property that:
 - 1. Is the legal residence of a surviving spouse or disabled law enforcement officer or rescue worker; and
 - 2. Is occupied by not more than two families.
 - (ii) *Dwelling* includes the lot or curtilage and structures necessary to use the real property as a residence.
 - (3) *Fallen law enforcement officer or rescue worker* means an individual who dies:
 - (i) As a result of or in the course of employment as a law enforcement officer or correctional officer; or
 - (ii) While in the active service of a fire, rescue, or emergency medical service, unless the death was a result of the individual's own willful misconduct or abuse of alcohol or drugs.

- (4) *Jurisdiction with reciprocity* means a jurisdiction in the State of Maryland that offers a similar credit to a Howard County disabled law enforcement officer or rescue worker.
 - (5) *Surviving spouse* means a surviving spouse, who has not remarried, of a fallen law enforcement officer or rescue worker.
- (b) *Credit.* In accordance with section 9-210 of the Tax-Property Article of the Annotated Code of Maryland, an owner of real property may receive a property tax credit under this section against the County property tax imposed on a dwelling if the owner is a disabled law enforcement officer or rescue worker or the surviving spouse of a fallen law enforcement officer or rescue worker and:
- (1) The dwelling was owned by:
 - (i) The disabled law enforcement officer or rescue worker at the time the law enforcement officer or rescue worker was adjudged to be permanently and totally disabled; or
 - (ii) the fallen law enforcement officer or rescue worker at the time of the fallen law enforcement officer or rescue worker's death;
 - (2)
 - (i) The disabled law enforcement officer or rescue worker, fallen law enforcement officer or rescue worker or the surviving spouse was domiciled in the State as of the date of the fallen law enforcement officer or rescue worker's death or the disabled law enforcement officer or rescue worker's disability and;
 - (ii) The dwelling was acquired by the disabled law enforcement officer or rescue worker or surviving spouse within two years of the date the disabled law enforcement officer or rescue worker was adjudged to be permanently and totally disabled or the fallen law enforcement officer or rescue worker's death; or
 - (3) The dwelling was acquired after the surviving spouse or disabled law enforcement officer or rescue worker qualified for a credit for a former dwelling under item (1) or (2) of this subsection, to the extent of the previous credit.
- (c) *Amount of Credit.* The amount of the tax credit is equal to 100 percent of the County property tax imposed on the dwelling.
- (d) *Term of Credit.*
- (1) The tax credit continues until the surviving spouse remarries or until the disabled law enforcement officer or rescue worker is no longer permanently and totally disabled as determined by an administrative body or court of competent jurisdiction authorized to make such a determination. Additional applications are not required.
 - (2) An individual who received a credit based on employment or service in a jurisdiction with reciprocity is not disqualified from receiving the credit because the jurisdiction discontinues offering a similar credit to a Howard County disabled law enforcement officer or rescue worker.
- (e) *Application.* A surviving spouse or disabled law enforcement officer or rescue worker:
- (1) Is eligible for the tax credit beginning in the first taxable year after the date of the:
 - (i) Fallen law enforcement officer or rescue worker's death; or
 - (ii) Disabled law enforcement officer or rescue worker's disability; and
 - (2) Shall apply for the tax credit on or before September 30 in the taxable year for which the credit is requested to begin.
- (f) *Administration.*
- (1) The Director of Finance shall develop an application form and establish procedures to administer the tax credit established in this section.

- (2) Notwithstanding subsection (d) of this section, the Director of Finance may require an individual who receives a tax credit under this section to provide evidence of continued eligibility for the credit.
- (g) *Construction.* An individual who worked for a jurisdiction with reciprocity is eligible to receive a credit under this section only to the extent the individual would qualify for the similar tax credit in the jurisdiction with reciprocity if the individual were a resident there.

Sec. 20.119B. - Ellicott City Strong Tax Credit.

- (a) *Credit Established.* In accordance with section 9-211 of the Tax-Property Article of the Annotated Code of Maryland and this section, there is a Howard County Property Tax Credit against the County real property tax on residential real property, but not personal property, that qualifies under this section as residential property damaged by flood conditions.
- (b) *Eligibility.* The owner of a residential property may qualify for a tax credit under this section if the property suffered flood damage or sewage damage caused by flood conditions on July 30 or 31, 2016.
- (c) *Amount and Duration of Credit.*
 - (1) Subject to the conditions in this section, the tax credit may be granted in an amount of up to 100 percent of the cost to repair, rehabilitate, or restore the property.
 - (2) In tax years 2017 and 2018, the Department of Finance shall grant to a qualified applicant the credit authorized by this section.
 - (3) Subject to paragraph (2) of this subsection, if the credit exceeds the County property tax in the year of application, the Department of Finance shall apply the excess to future tax years for up to a total of four years.
- (d) *Application.*
 - (1) To receive the credit, a property owner shall submit an application to the Department of Finance:
 - (i) In the format that the Department of Finance requires;
 - (ii) That includes the documentation that the Department of Finance requires; and
 - (iii) During 2017, on or before the dates that the Department of Finance sets.
 - (2) Only one application for a credit under this section may be accepted for each property during a single tax year.
- (e) *Annual Limit.*
 - (1) During a fiscal year, the total of all tax credits paid to applicants under this section shall not exceed \$250,000.00.
 - (2) In a year when the qualified applications, if paid to the full amount possible for that year based on the annual County property tax bill of each qualified applicant, would exceed the limit set in

paragraph (1) of this subsection, the Department of Finance shall pay each qualified applicant proportionately based on the applicant's remaining eligible expenses.

- (3) If a credit exceeds the County property tax in the year of application, the Department of Finance shall apply the excess to future tax years for up to a total of four years.
- (f) *Publicity.* The Department of Finance shall publicize the credit authorized by this section in a way designed to inform those most likely to benefit from the credit.
- (g) *Report.* The Department of Finance shall provide a preliminary analysis to the County Council on or before June 30, 2017, on usage of the Ellicott City Strong Tax Credit that includes, but is not limited to, information about the number of applicants, the dollar amount of credits allowed, and the projected timeline to pay remaining credits. The Department of Finance shall provide an updated analysis to the County Council on or before January 15, 2018, on usage of the Ellicott City Strong Tax Credit that includes, but is not limited to, information about the number of applicants, the dollar amount of credits allowed, and the projected timeline to pay remaining credits. The reports required by this subsection shall be submitted in accordance with section 22.1000 of the County Code.
- (h) *Short Title.* The tax credit established under this section may be cited as "Ellicott City Strong Tax Credit".

PART III. - STATE-AUTHORIZED HOWARD COUNTY TAX CREDITS⁴¹

Footnotes:

--- (4) ---

State Law reference— Authorized tax credits in Howard County, Ann. Code of Md., Tax-Property article, § 9-315.

Sec. 20.120. - In general.

Optional tax credits applicable only to Howard County under the Tax-Property Article of the Annotated Code of Maryland are in effect in Howard County upon enactment of local implementing legislation, which is contained in this part III.

(C.B. 38, 1998)

Sec. 20.121. - Community associations.

- (a) *Definitions.* As used in this section, the term *community association* shall mean any nonprofit community association or corporation organized or operated for the promotion of the common good and social welfare of any group of persons residing in Howard County.
- (b) *Amount of credit.* In accordance with § 9-315(a)(1) of the Tax-Property Article of the Annotated Code of Maryland, there is hereby granted, upon the application of any community association, a tax credit against the amount of Howard County taxes with respect to real or tangible personal property owned by community associations and used for community, civic, educational, library or park, purposes, that is not a swimming pool, tennis court, or similar recreational facility.

Such community association may charge a fee for the use of such property, but such fee may not exceed an amount sufficient to pay for the cost of the construction and maintenance of such property. For any taxable year in which the tax credits are granted or continued, the tax credits granted by this section

shall equal 100 percent of the assessed value of such real or tangible personal property multiplied by the applicable Howard County tax rate for each such taxable year, provided that this credit shall not apply to special purpose taxes, such as the ad valorem, front foot benefit charge and fire tax. Tax credits may not be granted for any swimming pools, tennis courts or similar recreational facilities.

- (c) *Term of Tax Credit.* The tax credits granted pursuant to this section shall continue from year to year so long as:
 - (i) The property for which the tax credit is granted continues to be used for community, civic, educational, library or park purposes in Howard County; and
 - (ii) The community association granted such tax credits files the annual reports required by paragraph (e) of this section.
- (d) *Application for Tax Credit.* Applications for the tax credits provided in this section shall be filed with the Director of Finance. Such application shall be submitted on forms prepared and furnished by the Director of Finance and shall contain a declaration preceding the signature of the duly authorized representative of the Applicant to the effect that such application is made under article 24, § 1-105 of the Annotated Code of Maryland. The Director of Finance shall approve or disapprove any application filed pursuant to this section within 30 days of receipt of such application and shall notify the Applicant of his decision at the address set forth in the application. Decisions of the Director of Finance relating to this section shall be appealable to the Board of Appeals within 30 days pursuant to the provisions of article V of the Howard County Charter and title 2 of this Code. Applications shall be received by the Director of Finance not later than October 1 of the taxable year for which the credit is claimed. This credit may apply only to taxes which initially accrue on or after July 1, 1977.
- (e) *Annual Reports.* Each community association granted a tax credit pursuant to this section shall file annually with the Director of Finance a report confirming that it is a community association and that the property for which the tax credit was originally granted continues to comply with the requirements of paragraph (b) of this section. Such reports shall be submitted on forms prepared and furnished by the Director of Finance and shall contain a declaration preceding the signature of the authorized representative of the Applicant that such report is made under Article 24, § 1-105 of the Annotated Code of Maryland. Such report shall be received by the Director of Finance not later than October 1 of each taxable year for which the tax credit to any community association shall be continued.

State Law reference— Tax credit for community associations authorized, Ann. Code of Md., Tax-Property article, § 9-215(a)(1).

Sec. 20.122. - Agricultural land.

- (a) *Definitions.* In this section, *agricultural land* means real property subject to an easement or other interest that is permanently conveyed or assigned to either:
 - (1) The Maryland Agricultural Land Preservation Foundation under § 2-504 of the Agricultural Article of the Annotated Code of Maryland; or
 - (2) To Howard County, Maryland, under the provisions of subtitle 5, "Agricultural Land Preservation," of title 15, "Natural Resources," of the Howard County Code.
- (b) *Amount of Credit.* In accordance with the provisions of § 9-206 and § 9-315(a)(2) of the Tax-Property Article of the Annotated Code of Maryland, an owner of agricultural land may receive a property tax credit equaling 75 percent of any County property tax imposed on that land, not including any improvements.
- (c) *Application for Tax Credit:*
 - (1) The Director of Finance shall administer the provisions of this section.

- (2) An eligible owner of agricultural land shall apply for tax credit with the Director of Finance within 30 days of the issuance of each annual property tax bill.

(C.B. 38, 1998)

State Law reference— Tax credit real property that is subject to the county's agricultural land preservation program authorized, Ann. Code of Md., Tax-Property article, § 9-215(a)(2).

Sec. 20.123. - Commercial or industrial business.

(a) *Establishment of Tax Credit for Commercial or Industrial Business:*

- (1) In accordance with § 9-315(a)(3) of the Tax-Property Article, Annotated Code of Maryland, there is a Howard County Property Tax Credit against the tax on real property owned or occupied by a commercial or industrial business that qualifies under this section.
- (2) The Department of Finance shall administer the credit.

(b) *Definitions.* In this section the following terms have the meanings indicated:

(1) *Commercial or industrial business:*

- (i) Means an enterprise engaged in an activity identified in the Howard County Economic Development Strategic Plan as a target for the County's business attraction and retention efforts; and
- (ii) Shall include businesses located in an office, research and development businesses, technology-based businesses, manufacturing facilities, distribution facilities, retail stores, restaurants, hotels, motels, or recreational facilities.

(2) *Substantial investment* means:

- (i) The acquisition of a building, land, or equipment that totals at least \$2,000,000.00; or
- (ii) The creation of ten positions with salaries greater than the current average annual wage in Howard County.

(c) *Conditions.* A commercial or industrial business qualifies for a tax credit under this section if the business:

- (1) Applies for the credit under the procedures in this section;
- (2) (i) Owns real property in Howard County that is new construction, or an improvement to an existing facility; or
(ii) Subject to the provisions of subsection (f)(2) of this section, rents or leases real property in Howard County that is new construction or an improvement to an existing facility;
- (3) Is currently or will be doing business in Howard County;
- (4) Will employ at least 12 additional full-time local employees by the second year in which the credit is allowed, not including an employee filling a job created when a job function is shifted from an existing location in the State to Howard County;
- (5) Makes a substantial investment in Howard County;
- (6) Is approved by the economic development authority and the County Executive under subsection (e)(3) of this section; and
- (7) Enters into an agreement with the County under subsection (f) of this section.

(d) *Amount and Duration of Credit:*

- (1) Subject to paragraph (3) of this subsection, and except as provided in subsection (g) of this section, the tax credit under this section shall be granted annually for a term not to exceed ten years beginning with the first tax year in which the real property tax would increase as a result of an increase in assessment due to new construction or an improvement to an existing facility.
 - (2) As part of the procedure under subsection (e)(3) of this section, the County Executive shall establish the tax credit in an amount expressed as a percent of the additional County tax imposed on real property that is a result of an increase in assessment due to the new construction or improvement, according to the following schedule:
 - (i) Up to 100 percent for years one and two that the credit is granted;
 - (ii) Up to 80 percent for years three and four that the credit is granted;
 - (iii) Up to 60 percent for years five and six that the credit is granted;
 - (iv) Up to 40 percent for years seven and eight that the credit is granted; and
 - (v) Up to 20 percent for years nine and ten that the credit is granted.
 - (3) Notwithstanding any other provision of this section, the tax credit under this section may not exceed the amount of County property tax imposed on the property that is a result of an increase in assessment due to the new construction or improvement.
- (e) *Procedures:*
- (1) The economic development authority and the Department of Finance shall develop an application form and establish procedures to administer the tax credit under this section.
 - (2) A business may apply for the credit to the economic development authority. For tax years beginning July 1, 1997 and thereafter, applications for the credit shall be submitted no later than April 1 prior to the first tax year for which the credit is being requested.
 - (3) The economic development authority and the County Executive shall evaluate the application under criteria established by the Authority, and may deny or approve the application, subject to any terms and conditions as required under the criteria.
 - (4) If an application is approved it shall be forwarded to the Director of Finance. The Director of Finance shall forward the approved application to the supervisor of the Department of Assessments and Taxation in Howard County, who shall determine what portion of the increase in assessed value is due to the new construction or improvement.
 - (5) After the determination by the Department of Assessments and Taxation, the Department of Finance shall grant the Howard County Real Property Tax Credit under this section beginning with the first tax year in which the real property tax would increase as a result of an increase in assessment due to the new construction or improvement.
- (f) *Agreement to Implement Credit:*
- (1) The recipient of a tax credit under this section who is the owner of the real property subject to the credit shall enter into a contract with the County, which specifies reporting requirements and conditions under which the credit may be suspended or revoked.
 - (2) The recipient of a tax credit under this section who is the lessee of the real property subject to the credit, and the lessor of the property shall enter into a contract with the County. A contract under this paragraph shall specify:
 - (i) The reporting requirements and conditions under which the credit may be suspended or revoked;
 - (ii) That the amount of the tax credit granted under this section shall pass through to the commercial or industrial business that conducts the activity that qualifies for the credit; and
 - (iii) That the term of the tax credit may not exceed the term of the lease and may not, in any event, exceed ten years.

- (g) *Alteration of Credit by County.* If it is determined to be in the best interest of the County, the governing body of the County may approve a credit for an individual business that is of a different amount or duration than is specified under subsection (d) of this section.
- (h) *Annual Report:*
- (1) Subject to section 22.1000 of the County Code, the Economic Development Authority shall report annually to the County Executive and the County Council concerning the implementation of the tax credit under this section.
 - (2) The report under this subsection shall:
 - (i) Be submitted no later than September first of each year; and
 - (ii) Include, for each recipient of a credit under this section during the previous fiscal year:
 - a. The name of the recipient;
 - b. The number of jobs created and currently occupied as a result of the activity that qualified the recipient for the credit and the salary for each such job; and
 - c. The amount of the credit granted.

Sec. 20.124. - Therapeutic riding facility property tax credit.

- (a) In accordance with the Tax-Property Article § 9-315(A)(4) of the Annotated Code of Maryland, the owner of the real property that is used as a therapeutic riding facility may receive a property tax credit equal to 100 percent of the County real property tax imposed, provided that the owner:
- (1) Is a nonprofit organization that is exempt from taxation under § 501(C)(3) of the Internal Revenue Code;
 - (2) Furnishes services to disabled individuals; and
 - (3) Has at least 85 percent of its clients who are disabled individuals.
- (b) The tax credit granted under this section continues as long as the property continues to be used as a therapeutic riding facility and the owner meets the requirements of subsection (a) of this section.
- (c) The Department of Finance shall develop an application form and establish procedures to administer the credit established by this section.
- (d) In order to receive a credit, a property owner shall:
- (1) Submit an application to the Department of Finance on or before April 1 prior to the taxable year for which the credit is requested; and
 - (2) Provide any information required to demonstrate that the owner is entitled to the credit.
- (e) If the owner meets the criteria for the credit, the Department of Finance shall grant the credit in accordance with this section.

Sec. 20.125. - Real property tax deferral for elderly or disabled homeowners.

(a) *Definitions:*

- (1) The following terms have the meanings indicated:
- (2) *Combined income* means the combined gross income of all individuals who actually reside in a dwelling except an individual who:
 - (i) Is a dependent of the homeowner under § 152 of the Internal Revenue Code; or
 - (ii) Pays a reasonable amount for rent or room and board.
- (3) *Dwelling* means a house that is:
 - (i) Used as the principal residence of a homeowner and the lot or curtilage on which the house is erected;
 - (ii) Occupied by not more than two families; and
 - (iii) Actually occupied or expected to be actually occupied by the homeowner for more than six months of a 12-month period that includes July 1 of the taxable year for which the deferral under this section is sought.
- (4) *Homeowner* means an individual who, on July 1 of the taxable year for which the deferral is sought:
 - (i) Actually resides in a dwelling in which the individual has a legal interest; or
 - (ii) Under a court order or separation agreement, permits a spouse, a former spouse, or a child of the individual's family to reside without payment of rent in a dwelling in which the individual has a legal interest.

(b) *Deferral Authorized.* A homeowner who meets the requirements of this section may defer payment of County property taxes in accordance with this section.

(c) *Qualifications:*

- (1) To be eligible for a deferral under this section, a homeowner must meet the requirements of this subsection.
- (2) The homeowner must have resided in the dwelling for at least five consecutive years.
- (3) The homeowner must live in a dwelling where the combined income does not exceed \$75,000.00 a year.
- (4) The homeowner must be at least 65 years old or permanently and totally disabled.
- (5) An individual is considered to be permanently and totally disabled if found to be by the County Health Officer or if so qualified under the Social Security Act, the Railroad Retirement Act, a Federal act for members of the Armed Forces of the United States, or a Federal retirement system.

(d) *Amount of Deferral:*

- (1) A homeowner may defer the amount that the County property taxes due exceed the amount of County property taxes paid by the homeowner in the preceding taxable year.
- (2) Deferring taxes under this section does not affect any taxes that are not deferred.

(e) *Interest.* Interest accrues on deferred taxes at a rate of 0.0 percent.

- (f) *Limit on Accumulation.* The accumulation of deferred taxes and accrued interest may not exceed 50 percent of the assessed value of the property.
- (g) *Penalty for Nonpayment.* A penalty may not be charged on the portion of the taxes deferred under this section.
- (h) *Lien and Liability.* Until extinguished by operation of law or paid, real property taxes deferred and interest accrued are:
 - (1) A lien on the property with the same priority as real property taxes; and
 - (2) A personal liability of the homeowner who obtained the deferral.
- (i) *When Deferred Taxes Due.* The total amount of real property taxes deferred and interest accrued are due and payable when:
 - (1) The homeowner ceases to own the property;
 - (2) The homeowner ceases to occupy the property as the principal place of residence;
 - (3) The property becomes subject to a tax sale; or
 - (4) The homeowner fails to submit a timely application for deferral or fails to qualify for a credit under section 20.129 of this subtitle.
- (j) *Application:*
 - (1) In accordance with the requirements of the Director of Finance, a homeowner shall file an application for deferral on the form that the Director of Finance Provides.
 - (2) The Director of Finance shall design the application form to collect the information needed to evaluate an applicant's eligibility and may require the Applicant to verify the application under oath.
 - (3) After receiving an application, the Director shall notify the Applicant whether the application has been approved.
 - (4) If the application is approved, the Applicant and the Director of Finance shall execute a written agreement of deferral that provides for repayment and includes a notice of lien.
 - (5) After executing the agreement, the Director of Finance shall notify the mortgagees or beneficiaries under a deed of trust that are listed in the application.
 - (6) The agreement shall be recorded in the land records of the County at the homeowner's expense.
- (k) *Authority of Taxpayer to End Deferral.* A homeowner may end a deferral at any time by giving written notice to the Director of Finance and paying the deferred taxes and accrued interest.
- (l) *Publicity:*
 - (1) The Director of Finance shall develop and carry out a plan to publicize the deferral authorized by this section.
 - (2) The plan shall be designed to reach those taxpayers most likely to be eligible for the deferral.
- (m) *Report.* Subject to section 22.1000 of the County Code, each year, the Director of Finance shall submit a report to the County Council that includes:
 - (1) The number of deferrals, the aggregate taxes deferred, and the aggregate interest accrued; and
 - (2) A summary of the efforts taken to publicize the deferral.
- (n) *Fraud Prohibited.* A person who knowingly provides false or fraudulent information on a document required under this section is guilty of a misdemeanor and on conviction is subject to imprisonment not exceeding five months or a fine not exceeding \$500.00.

Sec. 20.128. - Property tax credit for conservation land.

- (a) In this section, the following words have the meanings indicated:

- (1) *Conservation land* has the meaning stated in § 9-220 of the tax-property article of the Annotated Code of Maryland.
 - (2) *Land trust* has the meaning stated in § 9-220 of the tax-property article of the Annotated Code of Maryland.
- (b) In accordance with § 9-220 of the tax-property article of the Annotated Code of Maryland, the owner of real property may receive a property tax credit equal to 100 percent of the County property tax imposed on the real property if:
- (1) The property is conservation land; or
 - (2) The property owner is a land trust and the property is used:
 - (i) To assist in the preservation of a natural area;
 - (ii) For the environmental education of the public;
 - (iii) Generally to promote conservation;
 - (iv) For the maintenance of:
 1. A natural area for public use; or
 2. A sanctuary for wildlife; or
 - (v) To conserve agricultural land and to promote continued agricultural use of the land.
- (c) For a land trust to qualify for the credit, the land trust must:
- (1) Be certified by the Maryland Environmental trust to be a land trust in good standing and to have a cooperative agreement in effect; and
 - (2) Obtain a periodic written certification as scheduled by the Maryland Environmental trust.
- (d) The tax credit authorized by this section continues as long as the owner and property remain qualified under subsections (b) and (c) of this section.
- (e) To receive the credit, a property owner shall submit an application to the Department of Finance:
- (1) On the form that the Department of Finance requires;
 - (2) That demonstrates that the owner is entitled to the credit; and
 - (3) On or before the date that the Department of Finance sets.

Sec. 20.128A. - Qualifying energy conservation devices.

(a) *Definitions:*

- (1) In this section, the following terms have the meanings indicated:
- (2) *Solar energy device* means an energy conserving device that:
 - (i) Uses solar energy to heat or cool a structure, to provide hot water for use in the structure or to generate electricity to be used in the structure; and
 - (ii) Meets national safety and performance standards set by a nationally recognized testing laboratory for that kind of device.
- (3) *Geothermal energy device* means an energy conserving device that:

- (i) Uses geothermal energy to heat or cool a structure, to provide hot water for use in the structure or to generate electricity to be used in the structure; and
 - (ii) Meets national safety and performance standards set by a nationally recognized testing laboratory for that kind of device.
- (b) *Credit Authorized.* In accordance with section 9-203 of the tax-property article of the Annotated Code of Maryland and the provisions of this section, the owner of real property may receive a property tax credit against the County property tax imposed on a residential structure that utilizes a solar energy device or geothermal energy device.
- (c) *Amount of Credit.* The tax credit allowed under this section is the lesser of:
 - (1) Fifty percent of the eligible costs; or
 - (2) Five thousand dollars for a heating system or \$1,500.00 for a hot water supply system.
- (d) *Eligible Costs.* Eligible costs are those that are incurred:
 - (1) Within the 12 months before the initial application for the credit; and
 - (2) For the solar energy device or geothermal energy device, including any part, component, or accessory equipment necessary to operate the device, and reasonable costs associated with installing the device.
- (e) *Annual Limit on Amount of Credits Granted:*
 - (1) During a fiscal year, the total of all tax credits granted under this section shall not exceed \$500,000.00.
 - (2) Credits shall be granted in the order in which the Department of Finance receives the complete applications under subsection (f) of this section.
 - (3) A complete application that, if granted, would cause the limit set forth in paragraph (1) of this subsection to be exceeded, shall be granted in the next fiscal year or years and in the order received.
- (f) *Application of the Credit:*
 - (1) The amount of the credit applied in a tax year may not exceed the amount of the County property tax imposed on the property in that tax year.
 - (2) Any amount of the credit not taken in the tax year in which the application is granted may be carried over for an additional two years.
 - (3) When a tax credit is carried over under this subsection, the full amount of the tax credit shall be deducted from the total annual limit set forth in subsection (e) of this section in the year in which the application is granted.
- (g) *Application for the Credit:*
 - (1) An applicant for a tax credit under this section shall submit an application to the Director of Finance on or before the date that the Director sets.
 - (2) An application shall:
 - (i) Be on the form that the Director requires;
 - (ii) Demonstrate that the taxpayer is entitled to the credit; and
 - (iii) Include a certification from the Department of Inspections, Licenses and Permits stating that the device for which the credit is sought:
 - 1. Is a solar energy device or a geothermal energy device; and
 - 2. Has been properly installed.

- (h) *Effective Date.* The credit authorized by this section applies to tax years beginning after June 30, 2007.

(Ord. No. 67, 2006, § 1; C.B. 9, 2007, § 1; C.B. 21, 2011, § 1)

Editor's note— Section 2 of C.B. 21-2011 set out uncodified provisions that state that the credit authorized by section 20.128A shall not be granted for applications received after May 25, 2011 unless the property owner: (1) On or before May 25, 2011, enters into a contract for eligible costs, as that term is defined in section 20.128A; (2) Applies for the credit on or before April 1, 2012; and (3) Is determined by the Department of Finance to be eligible to receive the credit. At the request of the County the provisions of C.B 67, 2006 have been renumbered from section 20.128 to 20.128A to avoid conflicts in section numbering.

Sec. 20.129. - Property tax credit for senior citizens.

(a) *Definitions:*

- (1) In this section, the following terms have the meanings indicated:
- (2) *Combined income* means the combined gross income of all individuals who actually reside in a dwelling except an individual who:
 - (i) Is a dependent of the homeowner under § 152 of the Internal Revenue Code; or
 - (ii) Pays a reasonable amount for rent or room and board.
- (3) *Net worth* means, after deducting outstanding liabilities, the sum of the current market value of all assets:
 - (i) Including real property, cash, savings accounts, stocks, bonds, and other investments; but
 - (ii) Not including the dwelling for which a property tax credit is sought under this section, the cash value of any life insurance policies on the life of the homeowner, and tangible personal property.

(b) *Credit Established:*

- (1) In accordance with section 9-245 of the Tax-Property Article of the Annotated Code of Maryland, the owner of real property may receive a property tax credit against the County property tax imposed on the property if the property is owned, wholly or partly, by an individual:
 - (i) Who is at least 65 years old;
 - (ii) Who uses the property as the individual's principal residence for at least the period that would be required to qualify for the credit under section 9-104 of the Tax-Property Article of the Maryland Annotated Code;
 - (iii) Who lives in a household with a combined income that does not exceed 500 percent of the most recent poverty guidelines for a household of two individuals updated periodically in the Federal Register by the United States Department of Health and Human Services under 42 U.S.C. 9902(2); and
 - (iv) Who lives in a household with a combined net worth that does not exceed \$500,000.00.

- (2) The amount of the credit shall equal 25 percent of the County property tax due in the current year after applying the homestead credit authorized under section 9-105 of the Tax-Property Article of the Annotated Code of Maryland.
 - (3) The amount of the credit shall be calculated after all other credits granted for that property under this subtitle or the Tax-Property Article of the Annotated Code of Maryland have been applied so that the credit granted under this section makes up any difference between (i) the sum of all the other property tax credits and (ii) the amount that this credit would be if there were no other credits.
 - (4) Property taxes attributable to an increase in the value of the property because of substantial improvements to the property shall be excluded from the calculation described in paragraph (2) of this subsection.
- (c) *Duration of Credit.* The tax credit authorized by this section continues as long as an owner and the property remain qualified under subsection (b) of this section.
- (d) *Application.* To receive the credit, a property owner shall apply for all other credits that may be available for that property and submit an application to the Department of Finance:
- (1) On the form that the Department of Finance Requires;
 - (2) That demonstrates that the owner is entitled to the credit; and
 - (3) On or before the date that the Department of Finance sets.
- (e) *Administration.* The Department of Finance may adopt guidelines and procedures to administer this section.
- (f) *Publicity:*
- (1) The Director of Finance shall develop and carry out a plan to publicize the credit authorized by this section. The plan shall be designed to reach those taxpayers most likely to be eligible for the credit.
 - (2) The Office of Aging and Independence, or another appropriate unit of County Government that the County Executive selects, shall develop and carry out a plan to educate senior citizens about the credit authorized by this section.
- (g) *Effective Date.* The credit authorized by this section applies to tax years beginning after June 30, 2007.
- (h) *Report.* Subject to section 22.1000 of the County Code, on or before September 30 of each year, the Department of Finance shall submit a report to the County Council and the County Executive that includes the number of applications and amounts of credits granted under this section.

 - (ii) LEED certified gold—50 percent;
 - (iii) LEED certified platinum—75 percent; and
 - (2) The tax credit authorized by this subsection continues for five years.
- (d) *Amount and duration of credit for high performance R-2 and R-3 buildings.*
- (1) This subsection applies to an R-2 or R-3 building that:
 - (i) Achieves at least a silver rating under the LEED for Homes Rating System or a comparable rating system that the Director of Inspections, Licenses and Permits may adopt by regulation; and
 - (ii) Is a high performance building.
 - (2) The tax credit under this subsection for a building that has a LEED platinum or equivalent rating is a percentage of the total County Property Tax Credit assessed on the building as follows:
 - (i) First year: 100 percent;
 - (ii) Second year: 75 percent;
 - (iii) Third year: 50 percent; and
 - (iv) Fourth year: 25 percent.
 - (3) The tax credit under this subsection for a building that has a LEED gold or equivalent rating is a percentage of the total County property tax credit assessed on the building as follows:
 - (i) First year: 90 percent;
 - (ii) Second year: 68 percent;
 - (iii) Third year: 45 percent; and
 - (iv) Fourth year: 23 percent.
 - (4) The tax credit under this subsection for a building that has a LEED silver or equivalent rating is a percentage of the total County property tax credit assessed on the building as follows:
 - (i) First year: 75 percent;
 - (ii) Second year: 56 percent;
 - (iii) Third year: 38 percent; and
 - (iv) Fourth year: 19 percent.
 - (5)
 - (i) In one fiscal year, the tax credit under this subsection may not exceed \$5,000.00 per building; provided, however, that each owner occupied unit is allowed a credit not to exceed \$5,000.00.
 - (ii) Excess credits shall not be carried over to future years.
- (e) *Amount and Duration of Credit for Certification in Existing Building Rating System.* For a high performance building that is certified in the LEED 2009 rating system for existing buildings or a comparable rating system that the Director of Inspections, Licenses and Permits may adopt by regulation:

- (1) The amount of the tax credit is a percentage of the total County property tax assessed on the high performance building as follows:
 - (i) LEED certified silver—Ten percent;
 - (ii) LEED certified gold—25 percent;
 - (iii) LEED certified platinum—50 percent; and
- (2) The tax credit authorized by this subsection continues for three years.
- (f) *Prohibition.* A property owner who is granted a credit under one subsection of this section may not be granted a credit under any other subsection of this section for the same property during the same fiscal year.
- (g) *Credit Runs with the Property.* A tax credit granted under this section runs with the property and a change in ownership does not result in the lapse of the tax credit.
- (h) *Application.* To receive the tax credit, a property owner shall submit an application to the Department of Finance:
 - (1) On the form that the Department of Finance requires;
 - (2) That is accompanied by proof that the property meets the definition of a "high performance building"; and
 - (3) On or before the date that the Department of Finance sets.
- (i) *Report.* Subject to section 22.1000 of the County Code, on or before October 31 of each year, the Director of Finance shall submit a report to the County Council and the County Executive on tax credits granted under this section in the prior fiscal year that includes:
 - (1) A list of all credits granted and the monetary amount of each credit granted under this section;
 - (2) The levels of certification obtained by recipients of the credit; and
 - (3) An estimated total fiscal impact for the current fiscal year and for nine ensuing fiscal years.
- (j) *Administration.* The Department of Finance may adopt guidelines, regulations, or procedures to administer this section.
- (k) *Effective Date.* The tax credit authorized by subsection (d) of this section applies to tax years beginning after June 30, 2012, and shall terminate and be of no effect after June 30, 2023, provided that:
 - (1) A property owner shall receive the full four years of the credit if:
 - (i) The property meets the eligibility requirements of this section; and
 - (ii) The property owner applies for the credit on or before April 1, 2022; and
 - (2) The last credit issued shall be issued no later than in the fiscal year ending June 30, 2026.

Sec. 20.129C. - Property tax credit for accessibility features.

- (a) *"Feature" defined.* In this section, "feature" means a permanent modification to a residence that results in:
- (1) A no-step front door entrance with a threshold that does not exceed ½ inch in depth with tapered advance and return surfaces or, if a no-step front entrance is not feasible, a no-step entrance to another part of the residence that provides access to the main living space of the residence;
 - (2) An installed ramp creating a no-step entrance;
 - (3) An interior doorway that provides a 32-inch wide or wider clear opening;
 - (4) An exterior doorway that provides a 36-inch wide or wider clear opening but only if accompanied by exterior lighting that is either controlled from inside the residence, automatically controlled, or continuously on;
 - (5) Walls around a toilet, tub, or shower reinforced to allow for the proper installation of grab bars with grab bars installed in accordance with the ADA Standards for Accessible Design;
 - (6) Maneuvering space of at least 30 inches by 48 inches in a bathroom or kitchen so that a person using a mobility aid may enter the room, open and close the door, and operate each fixture or appliance;
 - (7) An exterior or interior elevator or lift or stair glide unit;
 - (8) An accessibility-enhanced bathroom including a walk-in or roll-in shower or tub, built-in shower seats, and lowered seats; or
 - (9) Alarms, appliances, and controls structurally integrated into the unit designed to assist an individual with a sensory disability;
 - (10) An accessible path between parking and the home that meets standards set forth in the Americans with Disabilities Act;
 - (11) A "no-step" access to any entrance on an accessible route;
 - (12) Railings for hallways or interior or exterior steps or the improvement of stair design;
 - (13) Hallways that are at least 36-inches wide;
 - (14) A master bedroom and master bathroom on the first floor;
 - (15) Smooth transitions between rooms and, for purposes of this section, "smooth transition" shall mean a vertical threshold of two inches or less;
 - (16) Slip-resistant flooring;
 - (17) Lever handles on kitchen and bathroom sinks or showers and interior and exterior doors;
 - (18) The relocation of:
 - (i) Switches, doorbells, thermostats, and breaker boxes so that they are no more than 48 inches above the floor; or
 - (ii) Electrical receptacles so that they are at least 15 inches above the floor;
 - (19) Closet renovations for accessibility including, without limitation, closet rods that adjust from three feet to five feet, six inches;
 - (20) Anti-scald devices; or
 - (21) Any feature that the County requires particularly for age-restricted adult housing.
- (b) *Credit Established.* In accordance with section 9-250 of the Tax-Property Article of the Annotated Code of Maryland, the owner of real property may receive a property tax credit against the County

property tax for a feature that is installed on an existing residence that is the owner's principal residence when the feature is installed.

(c) *Amount of Credit.*

- (1) The tax credit allowed under this section is the lesser of:
 - (i) The amount of the eligible costs; or
 - (ii) Two thousand five hundred dollars.
- (2) If this credit exceeds the County property tax, the Department of Finance shall apply the excess to future tax years until the property owner receives the full amount of the credit.

(d) *Eligible Costs.*

- (1) Eligible costs are those that:
 - (i) Are incurred within 12 months before the application for the credit;
 - (ii) Are for a feature authorized under this section, including reasonable costs to install the feature;
 - (iii) Were paid by the applicant and were not, and will not be, reimbursed by any entity; and
 - (iv) Exceed a total of \$500.00.
- (2) Eligible costs include an age-friendly assessment done by a certified aging in place specialist, not exceeding \$100.00.

(e) *Annual Limit.*

- (1) During a fiscal year, the total of all tax credits granted under this section shall not exceed \$100,000.00.
- (2) Credits shall be granted in the order in which the Department of Finance receives the complete application under subsection (f) of this section.
- (3) A complete application that, if granted, would cause the limit set forth in paragraph (1) of this subsection to be exceeded, shall be granted in the next fiscal year or years and in the order received.

(f) *Application.*

- (1) To receive the credit, a property owner shall submit an application to the Department of Finance:
 - (i) In the format that the Department of Finance requires;
 - (ii) That, for a feature listed in subsection (a)(1), (2), (3), (4), (5), (6), (7), (8), (10), (11), (12), (13), (14), (18), (20), (21) of this section, includes a copy of the appropriate permit issued under title 3 of the Howard County Code;
 - (iii) That includes the documentation that the Department of Finance requires; and
 - (iv) On or before the date that the Department of Finance sets.
- (2) Only one application for a credit under this section may be accepted for each property during a single tax year.

(g) *Administration.* The Department of Finance may adopt guidelines and procedures to administer this section. Subject to section 22.1000 of the County Code, the Department of Finance shall submit a written report to the County Council by October 1 of every year for the preceding fiscal year that shall include the following:

- (1) Number of applicants;
- (2) Number of applications approved;

- (3) Income range of applicants;
 - (4) Modification made by the applicant;
 - (5) Reason for the modification;
 - (6) Other sources from which the applicant received funds or applied for assistance for the modification;
 - (7) Efforts to advertise the credit;
 - (8) Any program recommendations, including recommendations to increase the use of the credit;
 - (9) The number of denials and the reason for each denial; and
 - (10) The total amount of credits approved for the preceding fiscal year.
- (h) *Publicity.* The Department of Finance and the Office of Aging and Independence shall publicize the credit authorized by this section in a way designed to inform those most likely to benefit from the credit.
- (i) *Short Title.* The tax credit established under this section may be cited as "Livable Homes Tax Credit".

(C.B. 28, 2012, § 1; C.B. 12, 2016, § 1; C.B. 7, 2017, § 1; C.B. 43, 2018, § 1)

Sec. 20.129D. - Renovated, upgraded, or rehabilitated property adjacent to Route 1.

(a) *Establishment of Tax Credit for Renovated, Upgraded, or Rehabilitated Property:*

- (1) In accordance with § 9-315(d) of the Tax-Property Article of the Annotated Code of Maryland, there is a Howard County Property Tax Credit against the County real property tax on commercial or industrial property that qualifies under this section.
- (2) The Department of Finance shall administer the credit.

(b) *Definitions.* In this section the following terms have the meanings indicated:

- (1) *Certificate of eligibility* means an order issued by the County to the owner of an eligible property, which authorizes the Department of Finance to apply a credit to the eligible property.
- (2) *Eligible property* means commercial or industrial real property that is less than ten acres, includes no residential component, and:
 - (i) Directly fronts Route 1; or
 - (ii) Is readily visible from the nearest road edge on Route 1 and adjoins a parcel that fronts Route 1.
- (3) *Eligible work* :
 - (i) Means work done:
 - a. On an eligible property;
 - b. In compliance with the Route 1 Design Manual; and
 - c. Is readily visible from the nearest road edge of Route 1.
 - (ii) Includes:
 - a. The renovation, upgrade or rehabilitation of a property, which shall include the repair, replacement, expansion, or enhancement of the property; and
 - b. Work that is necessary to maintain the physical integrity of the property with regard to safety, durability, or weatherproofing.

- (iii) Does not include:
 - a. Interior finish work that is not necessary to maintain the structural integrity of the building; or
 - b. Routine landscape or property maintenance.
- (4) *Verified expenses* means the amount of money paid:
 - (i) By the owner of an eligible property to a licensed contractor, architect, or consultant for:
 - a. Eligible work; or
 - b. Materials used to do eligible work;
 - (ii) Verified expenses shall be incurred within 12 months prior to the application for a tax credit under this section.
- (c) *Eligibility*. The owner of commercial or industrial property may qualify for a tax credit under this section for eligible work done on eligible property.
- (d) *Approval by Agencies*. A request for a tax credit under this section must be approved by the County Executive, upon the advice of the Economic Development Authority, the Department of Planning and Zoning, and the Department of Finance.
- (e) *Amount of Credit*. The tax credit shall be granted in an amount of 125 percent of the verified expenses but for no more than \$100,000.00.
- (f) *Procedures*:
 - (1) The Economic Development Authority, Department of Planning and Zoning, and Department of Finance shall develop an application form.
 - (2) The County, through the Economic Development Authority, Department of Planning and Zoning, and Department of Finance shall give initial approval of a certificate of eligibility:
 - (i) If it determines the property to be an eligible property; and
 - (ii) If it determines that the proposed work is eligible work;
 - (3) The owner of an eligible property shall apply to the Department of Finance for a credit based on verified expenses.
 - (4) Upon completion of the work:
 - (i) The owner shall submit documentation to the Department of Finance:
 - a. No later than April 1 prior to the first tax year for which the credit is being requested;
 - b. That shows the work was done in accordance with the initial approval of the certificate of eligibility; and
 - c. That shall include all verified expenses;
 - (ii) The County, through the Economic Development Authority, Department of Planning and Zoning, and Department of Finance, shall:
 - a. Review the application, the initial approval, and the documentation; and
 - b. Give final approval of the certificate of eligibility based on a consideration of consistency with:
 - i. The Route 1 Manual; and
 - ii. Any subarea plans;
 - c. Determine:
 - i. What work is eligible work; and

- ii. The dollar amount of qualified expenses for the work; and
 - (iii) The owner shall enter into an agreement in accordance with subsection (j) of this section.
- (5) The dollar amount of qualified expenses and the amount of the tax credit shall be entered on the certificate of eligibility.
- (g) *Year Granted.* The Department of Finance shall grant the tax credit for the tax year immediately following the year in which the certificate of eligibility receives final approval.
- (h) *Exceeding the Amount of Tax.* A property owner may receive a tax credit in more than one fiscal year:
 - (1) If the amount of the tax credit under this section exceeds the amount of the Howard County real property tax, any unused portion of the tax credit shall be carried forward for up to four tax years; or
 - (2) If required by the amount of the credit or limitations set forth in the annual Budget and Appropriation Ordinance, a property owner may receive parts of the credit in more than one fiscal year.
- (i) *Certificate Runs with Property.* A certificate of eligibility runs with the property and a change in ownership does not result in the lapse of a tax credit granted under this section.
- (j) *Agreement to Implement Credit.* The recipient of a tax credit under this section shall enter into a contract with the County that may include, without limitation, conditions regarding maintenance of the property.
- (k) *Annual Report:*
 - (1) Subject to section 22.1000 of the County Code, the Economic Development Authority, Department of Planning and Zoning, and Department of Finance shall report annually to the County Executive and the County Council concerning the implementation of the tax credit under this section.
 - (2) The report under this subsection shall:
 - (i) Be submitted no later than September first of each year;
 - (ii) Include, for each recipient of a credit under this section during the previous fiscal year:
 - a. The name of the recipient; and
 - b. The amount of the credit granted;
 - (iii) Include an evaluation of the program and any recommended changes; and
 - (iv) Be presented in a public meeting with the Council.
- (l) *Annual Limit.*
 - (1) During a fiscal year, the total of all tax credits budgeted for under this section shall not exceed \$500,000.00.
 - (2) A complete application that, if granted, would cause the limit set forth in paragraph (1) of this subsection to be exceeded, shall be granted in the next fiscal year or years and in the order received.

(C.B. 9, 2014, § 1; C.B. 43, 2018, § 1)

Editor's note— Bill No. 9-2014, § 6, adopted April 9, 2014, enacted a sunset clause that states the following: "Tax credits authorized by this Act shall remain effective for a period of 48 months [from the effective date of June 9, 2014] and, at the end of that period, with no further

action required by the County Council, this Act shall be abrogated and of no further force and effect."

Sec. 20.129E. - Property tax credit for seniors and retired military personnel.

- (a) *Definitions.* In this section, the following terms have the meanings indicated:
- (1) *Armed Forces of the United States* shall mean the Army, Navy, Air Force, Marines, and Coast Guard.
 - (2) *Dwelling* has the meaning set forth in section 9-105 of the Tax-Property Article of the Annotated Code of Maryland.
 - (3) *Eligible County tax* means the amount of County tax on the lesser of \$500,000.00 or the assessed value of the dwelling reduced by the amount of any assessment on which a property tax credit is granted under section 9-105 of the Tax-Property Article of the Annotated Code of Maryland.
- (b) *Credit Established and Eligibility.* In accordance with section 9-258 of the Tax-Property Article of the Annotated Code of Maryland, the owner of a dwelling may receive a property tax credit against the County property tax imposed on the property containing the dwelling if the property is owned by an individual:
- (1) Who is at least 65 years old and has lived in the same dwelling for at least the preceding 40 years;
 - (2) Who is at least 65 years old and is a retired member of the Armed Forces of the United States; or
 - (3) A surviving spouse, who has not remarried, of an individual described in paragraph (2) of this subsection.
- (c) *Amount of Credit.* An individual who meets the qualifications of subsection (b) of this section is eligible for a property tax credit equal to 20 percent of the eligible County tax.
- (d) *Duration of Credit.* The credit may be granted for a period of up to five years and as long as the property owner remains qualified under subsection (b) of this section.
- (e) *Prohibition.* A property owner who is granted a credit under this section may not be granted a credit under section 20-129 of this Code during the same fiscal year.
- (f) *Application.* To receive the tax credit, a property owner shall submit an application to the Department of Finance:
- (1) On the form that the Department of Finance requires;
 - (2) That demonstrates that the owner is entitled to the credit; and
 - (3) On or before the date that the Department of Finance sets.
- (g) *Administration.* The Department of Finance may adopt guidelines, regulations, or procedures to administer this section.
- (h) *Publicity.*
- (1) The Director of Finance shall develop and carry out a plan to publicize the credit authorized by this section. The plan shall be designed to reach those taxpayers most likely to be eligible for the credit.
 - (2) The Office on Aging and Independence, or another appropriate unit of County Government that the County Executive selects, shall develop and carry out a plan to educate senior citizens about the credit authorized by this section.

- (i) *Effective Date.* The tax credit authorized by subsection (b) of this section applies to tax years beginning after June 30, 2017.

(C.B. 75, 2016, § 1; C.B. 41, 2018, § 1)

Sec. 20.129F. - Property tax credit for real property owned by certain Public Safety Officers.

- (a) *Definitions.* In this section, the following terms have the meanings indicated:

- (1) *Dwelling* has the meaning set forth in Section 9-105 of the Tax-Property Article of the Annotated Code of Maryland.
- (2) *Public Safety Officer* has the meaning set forth in Section 9-260 of the Tax-Property Article of the Annotated Code of Maryland.

- (b) *Creation.* In accordance with Section 9-260 of the Tax-Property Article of the Annotated Code of Maryland, there is a Howard County Property Tax Credit against the tax on real property that qualifies under this section.

- (c) *Eligibility—Generally.* A Public Safety Officer is eligible for a tax credit under this section if the Public Safety Officer:

- (1) Is employed full-time by:
 - (i) The Howard County Department of Fire and Rescue Services as a firefighter or emergency medical technician;
 - (ii) The Howard County Department of Police as a police officer;
 - (iii) The Howard County Department of Corrections as a correctional officer; or
 - (iv) The Howard County Sheriff's Office as a deputy sheriff;
- (2) Does not receive a tax credit pursuant to section 20.129 or 20.129E of this Code for the same real property; and
- (3) Has completed the employment probationary period.

- (d) *Eligibility—Volunteer Firefighter .* A Public Safety Officer who is a Howard County volunteer firefighter is eligible for a tax credit under this section if the Public Safety Officer:

- (1) Is a member of a volunteer fire corporation listed in section 17.103(a) of this Code;
- (2) Meets the operational standard for volunteer personnel as established by General Order of the Department of Fire and Rescue Services;

- (4) Has maintained an active service standard under section 17.103 of this Code for the preceding calendar year; and
- (5) Has maintained an active service standard under section 17.103 of this Code as a volunteer firefighter for at least five years continuously.

- (e) *Amount of Credit:*

- (1) Subject to the conditions in this section, the tax credit may be granted in an amount of up to \$2,500.00 per dwelling, but not to exceed the amount of the tax on the property.
- (2) The public safety officer shall receive:
 - (i) For the taxable year beginning July 1, 2018 and ending June 30, 2019, 50 percent of the tax credit authorized by this section; and
 - (ii) For each taxable year thereafter, 100 percent of the tax credit authorized by this section.

- (f) *Termination of Credit* . The tax credit created by this section shall terminate and the Public Safety Officer will not be eligible if any of the following occurs:
 - (1) The Public Safety Officer is no longer employed full time by the Public Safety Agency, or no longer eligible under subsection (d) for volunteer firefighters and:
 - (i) If the Public Safety Officer was separated from employment "for cause" as set forth in section 1.115 of this Code, the former Public Safety Officer shall be liable for:
 - a. All of the property taxes that the officer would have been liable for in the taxable year of the separation of employment, as if the tax credit had not been granted under this section; and
 - b. All interest and penalties on those taxes computed in the manner set forth in section 20.203 of this title; or
 - (ii) If the Public Safety Officer separated from employment for reasons other than "for cause" as set forth in section 1.115 of this Code, the tax credit shall be applied only to the portion of the taxable year for which the officer was eligible for the tax credit and the former Public Safety Officer shall be liable for all remaining property taxes.
 - (2) The Public Safety Officer no longer resides in or owns the dwelling for which the credit was granted.
- (g) *Application and Annual Verification*. On or before the date that the Department sets, an individual seeking a credit under this section must submit to the Department of Finance:
 - (1) An application in the form that the Department requires; and
 - (2) During each subsequent year, the verification that the Department requires to show that the individual and the property remain qualified for the credit.
- (h) *Publicity*. The Department of Finance shall publicize the credit authorized by this section in a way designed to inform those most likely to benefit from the credit.
- (i) *Report* . Within 30 days after the end of tax year 2024, the County Executive shall submit to the County Council a report on the effectiveness of the tax credit as a live-where-you-work incentive. The report shall include annual data for each public safety agency or company on:
 - (1) The utilization of the tax credit; and
 - (2) The percentage of Public Safety Officers who live in the County.

(C.B. 7, 2018, § 1; C.B. 15, 2018)

Sec. 20.129G. - Property tax credit for real property owned by certain 9-1-1 Public Safety Telecommunicators.

- (a) *Definitions*. In this section, the following terms have the meanings indicated:
 - (1) *Dwelling* has the meaning set forth in section 9-105 of the Tax-Property Article of the Annotated Code of Maryland.
 - (2) *9-1-1 Public Safety Telecommunicator* has the meaning set forth in section 9-261 of the Tax-Property Article of the Annotated Code of Maryland.
- (b) *Creation*. In accordance with section 9-261 of the Tax-Property Article of the Annotated Code of Maryland, there is a Howard County property tax credit against the tax on real property that qualifies under this section.
- (c) *Eligibility—Generally*. A 9-1-1 Public Safety Telecommunicator is eligible for a tax credit under this section if the 9-1-1 Public Safety Telecommunicator:

- (1) Is employed full time by the Howard County Department of Police as an Emergency Communications Operator, Dispatcher, Dispatcher First Class, Senior Dispatcher, or Emergency Communications Supervisor; and
 - (2) Does not receive a tax credit pursuant to section 20.129 or 20.129E of this Code for the same real property; and
 - (3) Has completed the employment probationary period.
- (d) *Amount of Credit.*
- (1) Subject to the conditions in this section, the tax credit may not exceed \$2,500.00 or the amount of property tax imposed on the dwelling.
 - (2) The property owner shall receive:
 - (i) For the taxable year beginning July 1, 2018 and ending June 30, 2019, 50 percent of the tax credit authorized by this section; and
 - (ii) For each taxable year thereafter, 100 percent of the tax credit authorized by this section.
- (e) *Termination of credit .* The tax credit created by this section shall terminate and the 9-1-1 Public Safety Telecommunicator will not be eligible if any of the following occurs:
- (1) The 9-1-1 Public Safety Telecommunicator is no longer employed by the Howard County Police Department for a reason other than a service related disability, and:
 - (i) If the 9-1-1 Public Safety Telecommunicator was separated from employment "for cause" as set forth in section 1.115 of this Code, the former 9-1-1 Public Safety Telecommunicator shall be liable for:
 - a. All of the property taxes that the 9-1-1 Public Safety Telecommunicator would have been liable for in the taxable year of the separation of employment, as if the tax credit had not been granted under this section; and
 - b. All interest and penalties on those taxes computed in the manner set forth in section 20.203 of this title; or
 - (ii) If the 9-1-1 Public Safety Telecommunicator separated from employment for reasons other than "for cause" as set forth in section 1.115 of this Code, the tax credit shall be applied only to the portion of the taxable year for which the 9-1-1 Public Safety Telecommunicator was eligible for the tax credit and the former 9-1-1 Public Safety Telecommunicator shall be liable for all remaining property taxes.
 - (2) The 9-1-1 Public Safety Telecommunicator no longer resides in or owns the dwelling for which the credit was granted.
- (f) *Application and annual verification .* On or before the date that the Department sets, an individual seeking a credit under this section must submit to the Department of Finance:
- (1) An application in the form that the Department requires; and
 - (2) During each subsequent year, the verification that the Department requires to show that the individual and the property remain qualified for the credit.
- (g) *Publicity.* The Department of Finance shall publicize the credit authorized by this section in a way designed to inform those most likely to benefit from the credit.
- (h) *Report .* In conjunction with the report required by section 20.129F of this subtitle, within 30 days after the end of tax year 2024, subject to section 22.1000 of the County Code, the County Executive shall submit to the County Council a report on the effectiveness of the tax credit as a live-where-you-work incentive. The report shall include annual data for each 9-1-1 Public Safety Telecommunicator on:
- (1) The utilization of the tax credit; and

(2) The percentage of 9-1-1 Public Safety Telecommunicators who live in the County.

- (ii) *Building* does not include a temporary structure, as defined in the Howard County Building Code.
- (4) (i) *New construction* means construction of a building which requires a Howard County building permit.
- (ii) *New construction* does not include, if the building replaces an existing building, replacement of a building due to casualty or loss within three years of that casualty or loss, or replacement of a mobile home on a site, except to the extent the gross square footage of the replacement building or replacement mobile home exceeds the gross square footage of the building or mobile home being replaced.
- (5) *Occupiable* means space that is:
 - (i) Designed for human occupancy in which individuals may live, work, or congregate for amusement; and
 - (ii) Equipped with means of egress, light, and ventilation.
- (6) (i) *Residential* means a building that contains one or more dwelling units and includes a boarding house.
- (ii) *Residential* includes all areas that are contained within a residential building, including an attached garage or area for home occupations.
- (iii) *Residential* does not include:
 1. Transient accommodations, including a hotel, country inn, or bed and breakfast inn;
 2. Nonresidential uses in a mixed-use structure; or
 3. Detached accessory buildings, including a detached garage or shed that does not contain living quarters.
- (b) The County Council by ordinance shall impose a school facilities surcharge on residential new construction for which a building permit is issued on or after July 1, 2004.
- (c) (1) (i) Subject to paragraph (2) of this subsection, for fiscal year 2020 and each succeeding fiscal year, a school facilities surcharge imposed on residential new construction shall be in an amount:
 1. Equal to or greater than the amount imposed by the County Council on June 30, 2019, per square foot of occupiable area in the residential new construction; and
 2. Equal to the amount imposed by the County Council on June 30, 2019, per square foot of occupiable area in the residential new construction that is classified as senior housing under 42 U.S.C. § 3607(b).
- (ii) The County Council may not impose a school facilities surcharge on residential new construction that is classified as senior housing and an affordable housing unit, as defined in § 28.116 of the County Code.
- (2) The County Council may enact a local law that provides for an annual adjustment in the amount of the school facilities surcharge under paragraph (1)(i) of this subsection in the following manner:
 - (i) Subject to paragraph (3) of this subsection, an increase or decrease in the amount of the school facilities surcharge under paragraph (1)(i)1 of this subsection;
 - (ii) A decrease in the amount of the school facilities surcharge under paragraph (1)(i)2 of this subsection; or
 - (iii) Establishment of a grandfathering process for residential new construction based on the status in the development process.

- (3) The County Council may not impose a school facilities surcharge on residential new construction under paragraph (1)(i)1 of this subsection in an amount that is less than the amount imposed by the County Council on June 30, 2019.
- (4) Before enacting a local law to adjust the amount of the school facilities surcharge under this subsection, the County Council shall consider the following issues when determining the amount:
 - (i) The capital costs for the construction of new public schools and additions to existing public schools;
 - (ii) The anticipated amount of the state contribution for school construction funding;
 - (iii) The average percentage of student enrollments that will be generated by the residential new construction;
 - (iv) The impact of school redistricting by the Howard County Board of Education;
 - (v) The potential for charging different amounts for differently sized residential new construction units;
 - (vi) The effect on affordable housing units; and
 - (vii) Sources of tax and fee revenue for the County, including the transfer tax.
- (d)
 - (1) The school facilities surcharge shall be paid by the applicant at the time a building permit is issued for the residential new construction.
 - (2) The school facilities surcharge may not be construed to be a settlement cost.
- (e)
 - (1) The County shall rebate to the applicant the school facilities surcharge imposed on residential new construction under this section if, on the initial sale of the property, the property is sold for a fair market value that is less than \$200,000.00.
 - (2) If, on completion, the residential new construction is not sold but the property is occupied by the applicant or the immediate family of the applicant, the County shall rebate to the applicant the school facilities surcharge imposed under this section if the initial assessment value assigned to the property by the State Department of Assessments and Taxation for purposes of the County real property tax equates to a market value that is less than \$200,000.00.
 - (3) For fiscal year 2006 and each succeeding fiscal year, the value of the property that is entitled to a rebate under this subsection shall be adjusted for inflation in accordance with the Consumer Price Index for All Urban Consumers published by the United States Department of Labor, for the fiscal year preceding the year for which the value is being calculated.
 - (4) Within 30 days after the start of each fiscal year, the Howard County Office of Finance shall calculate and publish in a newspaper of general circulation in the County the value of the property that is entitled to the rebate specified under this subsection.
- (f) Payment of the school facilities surcharge does not eliminate any authority to apply any test concerning the adequacy of school facilities under the County's adequate public school facility ordinance.
- (g) Revenue collected under the school facilities surcharge shall be deposited in a separate account and may only be used to pay for:
 - (1) Additional or expanded public school facilities such as renovations to existing school buildings or other systemic changes; or
 - (2) Debt service on bonds issued for additional or expanded public school facilities or new school construction.
- (h) Revenue collected under the school facilities surcharge is intended to supplement funding for public school facilities and may not supplant other County or State funding for school construction.

- (i) (1) The County Executive of Howard County shall prepare an annual report on the school facilities surcharge on or before August 31 of each year for the County Council of Howard County, the Howard County Senate Delegation, and the Howard County House Delegation, to include:
 - (i) Detailed information regarding the school facilities surcharge, and the amount and kind of residential development and the change in school population in the County over the previous five years;
 - (ii) A detailed description of how fees were expended;
 - (iii) The amount of fees collected; and
 - (iv) Recommendations regarding how the County should proceed in its calculation of the school facilities surcharge for the next five years.
- (k) In a year that the County Council enacts a local law to provide for an annual increase in the school facilities surcharge in accordance with subsection (c)(2) of this section, the County executive shall include in the report required under paragraph (1) of this subsection a description of the County Council's consideration of the issues under subsection (c)(4) of this section.

SUBTITLE 3. - TRANSFER TAX^[5]

Footnotes:

--- (5) ---

Editor's note— Subtitle 3, §§ 20.300—20.305, is derived, as indicated in the legislative history lines which follow each section, from Public Local Laws passed by the Maryland General Assembly. The headings were added editorially for ease of reading and were not part of the legislation as passed. C.B. 38, 1998, passed by the Howard County Council, renumbered the contents of this subtitle as subtitle 3 rather than subtitle 4.

State Law reference— County transfer tax, Ann. Code of Md. Tax-Property article, § 13-401 et seq.

Sec. 20.300. - Imposition of tax.

- (a) Except as provided in subsection (b) of this section, a tax is hereby imposed upon every instrument of writing conveying title to real or leasehold property offered for a record and recorded in Howard County with the Clerk of the Circuit Court, for all or only that portion of such property described in such instrument which is actually located in Howard County, provided that conveyances to the State or to any agency or instrumentality thereof, or any political subdivision of the State, or any nonprofit hospital or religious or charitable organization, association or corporation, shall not be subject to the tax imposed by this section. The term "instrument of writing," as used in this section shall be deemed to include any deed, lease, assignment of leasehold property or any other device the purpose of which is to convey title to real property, but shall not include any mortgage, deed of trust, conditional

sales contract or any other device the purpose of which is to afford a security in real property rather than to convey title thereto.

- (b)(1) (i) In this subsection the following words have the meanings indicated.
- (ii) "Fire and rescue services member" means a Howard County fire and rescue services member.
 - (iii) "Law enforcement officer" means a Howard County police officer or Howard County deputy sheriff.
 - (iv) "Teacher" means a certificated professional teacher who is employed by the Howard County Board of Education.
- (2) Subject to the provisions of paragraphs (3) and (4) of this subsection, for a sale of residential real property in Howard County to a teacher, law enforcement officer, or fire and rescue services member:
- (i) The transfer tax imposed under subsection (a) of this section does not apply to the teacher's, law enforcement officer's, or fire and rescue services member's first purchase of residential real property in Howard County; and
 - (ii) The rate of the transfer tax imposed under subsection (a) of this section may not exceed 0.7 percent when applied to the teacher's, law enforcement officer's, or fire and rescue services member's second or subsequent purchase of residential real property in Howard County.
- (3) To qualify for an exemption or rate reduction under this subsection, at least one grantee, other than a co-maker or guarantor, must:
- (i) Occupy the residence as a principal place of residence; and
 - (ii) Be employed as a teacher, law enforcement officer, or fire and rescue services member for a minimum of three years following the purchase of the residential real property.
- (4) If a teacher, law enforcement officer, or fire and rescue services member who received a transfer tax exemption or rate reduction under this subsection subsequently fails to satisfy the requirements of paragraph (3) of this subsection, the teacher, law enforcement officer, or fire and rescue services member shall pay the balance of the transfer tax that would have been otherwise payable.

(1966, Ch. 609; 2017, Ch. 148; 2018, Ch. 138)

Sec. 20.301. - Rate of tax.

The tax imposed by this section shall be levied at the rate of one percent of the actual consideration paid or to be paid for the conveyance of title and shall be collected by the clerk of the circuit court prior to his accepting any such instrument for recordation.

(1965, Ch. 515; 1968, Ch. 256)

Sec. 20.302. - Application to certain leases.

This tax shall also be imposed upon every lease for a term of years above seven, not perpetually renewable, offered for record and recorded, and the tax rate of one percent shall be applied based upon the capitalization at ten percent of the average annual rental on the entire term of the lease, including any renewal term, plus the actual consideration, other than rent, paid or to be paid. Where the average annual rental cannot be determined, the tax shall be based upon a figure arrived at by multiplying the assessed value of the property covered by the lease by 166 percent.

(1968, Ch. 256)

Sec. 20.303. - Evidence of payment of tax.

Payment of the tax imposed by this subtitle shall be evidenced by the affixing to or stamping on the instrument of writing offered for recordation a legend stating that such tax has been paid and the amount of payment and containing the signature of the clerk or an authorized facsimile thereof. Any instrument so executed shall be prima facie evidence that the tax imposed by this subtitle has been paid.

(1965, Ch. 515; 1968, Ch. 256)

Sec. 20.304. - Duties of Clerk of Court.

The Clerk of the Circuit Court shall pay over to the Director of Finance from time to time, under such procedures as the Director of Finance may specify, the proceeds of this tax. The Director of Finance shall hold such proceeds in the following manner: 25 percent in a special fund known as "The School Site Acquisition and Construction Fund," and disbursements from this fund shall be made only for the purposes set forth in section 9.102 of the Howard County Code; 25 percent in a special fund known as "The Park Land Watershed Facilities Fund," and disbursements from this fund shall be made only for the purposes set forth in section 19.100 of the Howard County Code; and the remainder in the general fund of the County, with the stipulation that the County Council shall budget this remainder as follows: 50 percent plus the interest thereon for the Howard County Agricultural Land Preservation Fund; 25 percent for community improvement and housing programs primarily serving low income individuals and families and the homeless and for urban renewal; and 25 percent for the acquisition or leasing of land for new fire house sites and training facilities and the construction and maintenance of fire house and training facilities, the acquisition and maintenance of fire equipment, and supplementation of financial needs of fire companies.

(1965, Ch. 515; 1968, Ch. 256; 1978, Ch. 496; 1984, Ch. 367; 1988, Ch. 630)

Sec. 20.305. - Penalty.

Any person who:

- (a) Willfully offers for recordation or records any instrument of writing subject to the tax imposed by this subtitle knowing that such tax has not been paid; or
- (b) Willfully misrepresents the amount of the actual consideration paid or to be paid in connection with any instrument of writing which is subject to the tax imposed by this subtitle; or
- (c) Forges or counterfeits any official legend or the signature of the clerk, or any authorized facsimile thereof, to any instrument of writing which is subject to the provisions of this subtitle;

shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$500.00 or imprisoned for not more than six months, or both in the discretion of the court, for each such offense.

(1965, Ch. 515; 1968, Ch. 256)

SUBTITLE 4. - ROOM RENTAL TAX

Sec. 20.400. - State enabling law.

- (a) Howard County may impose, by law, and collect a sales or use tax on room rentals in the county for sleeping accommodations for transients.

- (b) (1) The rate of the tax authorized under this section may not exceed seven percent.
- (2) Subject to the annual County budget and appropriation process, the County shall distribute any revenue attributable to a tax rate greater than five percent imposed by the County under this subsection as follows:
 - (i) Two-thirds to the Howard County Tourism Council; and
 - (ii) One-third to the Howard County Economic Development Authority.
- (c) Howard County may adopt, by law, any procedural or enforcement provision that the County Council considers to be necessary or appropriate for administration or collection of the tax authorized under this section, including, without limitation:
 - (1) Requiring hotels in the County to:
 - (i) Collect the tax from patrons;
 - (ii) Hold the tax in trust for the County;
 - (iii) Pay the tax collected and file periodic returns with the County; and
 - (iv) File a bond or other security for payment of the tax in an amount that the County Council considers to be necessary;
 - (2) Providing a tax exemption for classes of hotels;
 - (3) Imposing interest and penalties for late payment of the tax;
 - (4) Making unpaid tax a lien against the real and personal property of the person owing the tax; and
 - (5) Providing for collection of the tax by distraint.
- (d) The room rental tax authorized under this section does not apply to the sale of a right to occupy a room or lodgings as a transient guest at a dormitory or other lodging facility that:
 - (1) Is operated solely in support of the headquarters, a training facility, a conference facility, an awards facility, or the campus of a corporation or other organization;
 - (2) Provides lodging solely for employees, contractors, vendors, and other invitees of the corporation that owns the dormitory or lodging facility; and
 - (3) Does not offer lodging services to the general public.
- (e) (1) (i) In this subsection the following words have the meanings indicated.
 - (ii) 1. *Room rental fee* means a fee charged by a room rental intermediary to a transient for facilitating the rental of a room.
 - 2. *Room rental fee* does not include a commission paid by a hotelkeeper to a person after facilitating the rental of a room.
 - (iii) 1. *Room rental intermediary* means a person, other than a hotelkeeper, who facilitates the rental of a room and charges a transient for the rental of a room.
 - 2. For purposes of this subparagraph, a person shall be considered to facilitate the rental of a room if the person brokers, coordinates, or in any other way arranges for the rental of a room by a transient.
- (2) The room rental tax authorized under this section applies to the total charge for the room rental of a room, including any room rental fee but not including any tax.

(C.B. 38, 1998; 2011, ch. 139, § 1; 2013, ch. 510 § 1; 2016, ch. 1 § 1)

- (b) *Remittance upon Closing or Transfer of Hotel.* Within five calendar days after the closing or transfer of ownership of a hotel, the hotelkeeper shall pay the Director of Finance the room rental taxes collected up to the date of closing or transfer.
- (c) If a hotelkeeper fails to charge and collect the taxes required by this subtitle, the hotelkeeper shall pay the Director of Finance the amount that should have been charged and collected.

(C.B. 38, 1998; C.B. 9, 2005)

Editor's note— Code section 20.405 was originally enacted by Council Bill 53-1992.

Sec. 20.406. - Recordkeeping.

- (a) *Required Information.* The Director of Finance shall provide each hotel with a list of information the Director requires in order to determine whether the room rental tax has been correctly collected and timely remitted to the Director.
- (b) *Information Provided with Remittance of Taxes.* Each month, when the hotelkeeper pays the room rental taxes to the Director of Finance, the hotelkeeper shall also send the information required by the Director, pursuant to the Director's list and in a format acceptable to the Director.
- (c) *Duty to Maintain Records.* For a period of two years the hotelkeeper shall keep the records which the hotelkeeper used to compile the information required by the Director's list.
- (d) *Authority to Inspect Records.* The Director of Finance shall have the right, during regular business hours, to inspect the records which the hotelkeeper used to compile the information required by the Director's list.

(C.B. 38, 1998)

Editor's note— Code section 20.406 was originally enacted by Council Bill 53-1992.

Sec. 20.407. - Enforcement.

- (a) *Failure to Collect the Tax.* In addition to the provisions set forth in subsection (d) of this section, failure to collect the room rental tax shall be enforced with civil penalties pursuant to title 24, "Civil

Penalties," of the Howard County Code. A violation shall be a Class A offense. Each day that the violation continues shall be a separate offense.

- (b) *Failure to Provide Required Information and/or Maintain Records.* Failure to provide required information or to maintain records sufficient to support the room rental charges and the amount of taxes collected and make them available for inspection shall be enforced with civil penalties pursuant to title 24, "Civil Penalties," of the Howard County Code. A violation shall be a Class B offense. Each day that the violation continues shall be a separate offense.
- (c) *Late Remittance of Collected Taxes.* The hotelkeeper shall pay the following penalty and interest on taxes unpaid to the Director of Finance after the dates set out in section 20.405 of this subtitle:
 - (1) Interest at the rate of one percent per month for each month or portion of a month that the remittance is late; and
 - (2) A penalty of ten percent of the amount of tax due on taxes still unpaid one month after the due date.
- (d) *Failure to Remit Taxes.* If the required room rental taxes have not been paid to the Director of Finance within three months after the dates set out in section 20.405 of this subtitle, the Director shall collect the taxes, plus penalty and interest under subsection (c) of this section by:
 - (1) Proceeding against the bond or other posted security to pay the required amount; and
 - (2) Placing a lien against the real and personal property of the owner of the hotel, if the bond or other posted security is insufficient to pay the whole amount owed; or
 - (3) By distraint.

Sec. 20.500. - Authority.

- (a)
 - (1) Subject to paragraph (3) of this subsection, the County may impose, by ordinance, a building excise tax for financing additional or expanded public road facilities that are included in the County's capital budget. Public road facilities include bridges, intersection improvements, and new road construction and road improvements.
 - (2) The County ordinance shall specify the type of construction subject to the building excise tax.
 - (3) The County may impose a building excise tax only after the County adopts an adequate facilities plan.
- (b)
 - (1) The County Director of Finance shall deposit building excise taxes in an account known as the "development road improvement fund."
 - (2) Money in the development road improvement fund may be used only to pay for capital projects or indebtedness incurred for capital projects for additional or expanded public road facilities.
- (c)
 - (1) Subject to paragraph (2) of this subsection, the County Council may increase the building excise tax.
 - (2) The percentage of the increase in the building excise tax since the month and year when the building excise tax is first enacted may not exceed the percentage of the increase in the ENR construction cost index for the Baltimore Region, based on 1913 U.S. average equals 100, as reported in ENR, Engineering News Record, since the base month and year when the building excise tax is first enacted.

(C.B. 38, 1998)

Sec. 20.501. - Establishment of tax.

In accordance with Chapter 285, Acts of the Maryland General Assembly of 1992, there is a building excise tax on all new construction and addition construction in Howard County, which tax will finance capital projects for additional or expanded public road facilities in Howard County. Where this tax will be used to finance capital projects, which include funding for State highway projects, it shall serve only as a supplement to enhance the State-funded level of highway construction in the County and not as a replacement of current State obligations.

(C.B. 38, 1998)

Sec. 20.502. - Definitions.

Words and phrases used in this subtitle shall have their usual meaning, unless otherwise defined in this section.

- (a) *Addition construction* means construction of an addition to a building where the work requires a Howard County building permit and where the addition either:
 - (1) Increases the number of gross square feet of occupiable nonresidential structure on the property; or
 - (2) Increases the number of gross square feet of occupiable residential structure on the property by more than 100 square feet.
- (b) *Applicant* means the individual, partnership, corporation or other legal entity whose signature appears on the building permit application.
- (c) *Building* means a structure with exterior walls which combine to form an occupiable structure. *Building* does not include a temporary structure, as defined in the building code.
- (d) *Capital projects for additional or expanded road facilities* means all capital projects for roads, bridges and intersection improvements in the Howard County capital budget.
- (e) *Construction costs* means the costs of construction, based on 1913 U.S. Average Equals 100, reported in "ENR, Engineering News Record" Construction Cost Index for the Baltimore Region.
- (f) *Distribution and manufacturing* refers to the use of a building for warehousing, distribution, packaging, processing, manufacturing, storage of construction equipment or supplies, and similar uses.
- (g) *Institutional and other:*
 - (1) Religious activities.
 - (2) Nonprofit clubs, lodges or community halls.
 - (3) Day care centers, nursery schools and private academic schools.
 - (4) Hospitals, nursing homes and group care facilities.
 - (5) Recreational facilities or retreat centers operated by nonprofit organizations.
 - (6) Funeral homes and mausoleums.
 - (7) Public utility substations and similar uses.
 - (8) Other noncommercial uses similar to those listed in this definition or which do not meet the definitions for residential, office and retail, or distribution and manufacturing uses.

- (h) *New construction* means construction of a building which requires a Howard County building permit. Where the building replaces an existing building, *new construction* does not include replacement of a building due to casualty or loss within three years of that casualty or loss, or replacement of a mobile home on a site, except to the extent that the gross square footage of the replacement building or replacement mobile home exceeds the gross square footage of the building or mobile home being replaced.
- (i) *Occupiable* means designed for human occupancy in which individuals may live, work, or congregate for amusement, educational or similar purposes and which is equipped with means of egress, light and ventilation facilities.
- (j) *Office and retail* refers to the use of a building, other than as an accessory use to a residence, for:
 - (1) Business or professional offices.
 - (2) The sale or rental of merchandise, materials or services, including stores, personal service establishments, service agencies, commercial recreation facilities, hotels and conference centers, restaurants, theaters, banks and other financial institutions, trade schools and similar commercially operated schools, motor vehicle or appliance repair facilities and similar uses.
 - (3) Research laboratories.
- (k) *Residential* refers to a building which contains one or more dwelling units, including boarding houses but not including transient accommodations such as hotels, country inns or bed and breakfast inns. *Residential* includes all areas that are contained within a residential building such as attached garages or home occupations, but does not include nonresidential uses in mixed use structures. *Residential* does not include detached accessory buildings such as detached garages or sheds which do not contain any living quarters.

(C.B. 38, 1998)

Sec. 20.503. - Schedule of rates for tax.

- (a) *Adopted by County Council.* The County Council shall adopt by resolution a schedule of rates for the building excise tax in dollars per gross square foot of new construction. The schedule shall specify rates per gross square foot of:
 - (1) Residential addition construction;
 - (2) Residential new construction;
 - (3) Office and retail addition construction and new construction;
 - (4) Distribution and manufacturing addition construction and new construction; and
 - (5) Institutional and other addition construction and new construction.
- (b) *Adjustment to Rates.* The schedule of rates for the building excise tax may be adjusted annually by the County Council. However, the percentage of increase in the tax since the month and year when it was first adopted may not exceed the percentage of the increase in construction costs since the base month and year when the tax was first adopted.

(C.B. 38, 1998; C.B. 20, 2010, § 1)

Sec. 20.504. - Amount of tax.

- (a) *Calculation of Amount.* The amount of building excise tax to be paid by an applicant shall be determined by the Director of Inspections, Licenses and Permits from the building excise tax schedule.

- (b) *Phase-In of Building Excise Tax.* The building excise tax shall be phased in. In calendar 1992 applicants shall pay 50 percent of the amount otherwise due. In calendar 1993 applicants shall pay 75 percent of the amount otherwise due. In calendar 1994 and later years applicants shall pay 100 percent of the amount due.
- (c) *Appeal of Amount.* An applicant aggrieved by a decision of the Director of Inspections, Licenses and Permits regarding the calculation of the amount of building excise tax may appeal the decision to the Board of Appeals within 30 days of the Director's decision, provided that either:
 - (1) Processing of the building permit is delayed pending the decision of the Board of Appeals; or
 - (2) The Applicant pays the building excise tax prior to filing the appeal.

(C.B. 38, 1998)

Sec. 20.505. - Payment of tax.

- (a) *Building Excise Tax Paid When Paying for Building Permit.* An Applicant for a building permit for addition construction or new construction shall pay the building excise tax to the Director of Finance of Howard County at the same time the Applicant pays for the building permit.
- (b) *Refunds:*
 - (1) The Director of Finance shall refund to the Applicant the building excise tax paid if the building permit is canceled or expires.
 - (2) If, upon appeal by an applicant who has paid the building excise tax, the Board of Appeals determines that the Director of Inspections, Licenses and Permits has erred in calculating the building excise tax, the Director of Finance shall refund to the Applicant the difference between the amount of building excise tax paid by the Applicant and the correct amount.

(C.B. 38, 1998)

Sec. 20.506. - Development road improvement fund.

- (a) *Establishment of Fund.* The Director of Finance shall establish an account to be known as the development road improvement fund. All receipts from building excise taxes shall be deposited in the development road improvement fund. Interest earned by money in the development road improvement fund shall remain in the development road improvement fund.
- (b) *Use of Development Road Improvement Fund.* Funds from the development road improvement fund shall be expended only for capital projects or indebtedness incurred for capital projects for additional or expanded public road facilities. These funds may be appropriated for capital projects which fund State highway projects only if the capital improvement master plan for transportation indicates that the State's delay in the funding of a proposed State highway project will have a significant adverse impact on the local road network in Howard County. The funds may not be substituted for current State appropriations identified in the Maryland Consolidated Transportation Program or for the cost of any portion of a project for which funds have not been appropriated and which meets the criteria for eligibility for Federal aid within the completion schedule of the project.

(C.B. 38, 1998)

Sec. 20.507. - Annual reports.

Subject to section 22.1000 of the County Code, the Director of Finance shall prepare and submit an annual report on or before July 31 of each year to the County Executive and the County Council which shall include the following information:

- (a) Total amount of building excise taxes collected.
- (b) Amount of funds appropriated from the development road improvement fund.
- (c) Amount of funds expended from the development road improvement fund.
- (d) Amount of funds from County sources appropriated for capital projects for roads, bridges and intersection improvements in the Howard County capital budget.
- (e) Funds remaining in the development road improvement fund.

(C.B. 38, 1998; C.B. 43, 2018, § 1)

SUBTITLE 6. - UTILITY CHARGES AND ASSESSMENTS

Sec. 20.600. - Definitions.

For the purposes of this subtitle, the following words and phrases have the meanings indicated:

- (a) *Biochemical oxygen demand (BOD)* means for sewage, the quantity of oxygen used in the biochemical oxidation of organic matter during incubation at 20 degrees Celsius for five days. This is expressed in milligrams of oxygen per liter of sewage. The procedures used in the measurement of BOD are those set forth in "Standard Methods for the Examination of Water and Wastewater."
- (b) *Director of Finance* means the Director of the Department of Finance or the Director's designee.
- (c) *Director of Public Works* means the Director of the Department of Public Works or the Director's designee.
- (d) *Industrial sewage* means wastes excluding sanitary sewage resulting from any process or operation of industry, manufacturing, trade, or business discharged to the public sewer system.
- (e) *Loading* means the amount of a sewage parameter contained in the sewage influent to a sewage treatment plant.
- (f) *Metering facilities* means all structures, equipment, and devices necessary to monitor the:
 - (1) Volume, flow variations, and pollutant concentrations of sewage discharged to the public sewer system, including access points for sewage sampling; and
 - (2) The volume and flow variations of water distributed through the public water system.
- (g) *Methods for chemical analysis of water and wastes* means the laboratory procedures set forth in the latest edition of the "Standard Methods for the Examination of Water and wastewater."
- (h) *Metropolitan district* means the water and sewer service district of Howard County as described in section 18.101 of subtitle 1, "public utilities," of title 18, public works," of this Code.
- (i) *Nonresidential public sewer system user* means except for a single-family residence, multifamily residence, or apartment building, or a waste hauler, any owner of a property or structure that discharges sewage to the public sewer system.
- (j) *Operation and maintenance costs* means all costs of operation and maintenance of the public water, reclaimed water, or sewer system as defined by the United States Environmental Protection Agency or the Department of Public Works. Included are costs for obtaining and installing equipment necessary to maintain design capacity and performance of the water, reclaimed water, or sewer system. Also included are costs for administering the provisions of this subtitle and the costs for operating and administering a program to regulate sewer system discharges pursuant to section 18.122A, "regulation of discharges to the public sewerage system" of this Code.
- (k) *Owner* means any individual, business, partnership, joint stock company, firm, company, corporation, society, group, association, trust or other legal entity that owns property or an

improvement in Howard County, or that owns a vehicle used to haul sewage for disposal to the public sewerage system in Howard County.

- (l) *Public sewerage system* means the system of sewers, pumping stations, treatment plants, and other appurtenant structures owned and operated by Howard County, Baltimore County, Baltimore City, or other political subdivisions for the purpose of collecting and treating sewage, sometimes referred to as *the sewer system* .
- (m) *Public water system* means the system of waterlines, storage tanks, pumping stations, and other appurtenant structures owned and operated by Howard County for the purpose of distributing water. Sometimes referred to as *the water system* .
- (n) *Reclaimed water* means treated wastewater treatment plant effluent that is recycled for nonpotable uses.
- (o) *Reclaimed water system* means the system of waterlines, storage tanks, pumping stations, and other appurtenant structures owned and operated by Howard County for the purpose of distributing reclaimed water.
- (p) *Sanitary sewage* means wastes discharged from the sanitary conveniences of dwellings, business establishments, and institutions to the public sewer system.
- (q) *Sewage* means any combination of sanitary and industrial sewage discharged to the public sewer system, including sludge, septage, and other wastes discharged to the public sewer system by waste haulers. Sometimes referred to as *waste water* .
- (r) *Sewage parameter* means a constituent or property of sewage including but not limited to BOD, TSS, TP, flow rate, and flow volume.
- (s) *Sewage treatment plant* means any combination of structures and devices for treating sewage discharged to the public sewer system owned and operated by Howard County, Baltimore County, Baltimore City, or other political subdivisions. Sometimes referred to as *treatment plant* .
- (t) *Sewer system user* means the owner of a property or improvement that discharges sewage to the public sewer system.
- (u) *Total phosphorus (TP)* means the concentration of phosphorus expressed in mg/l contained in sewage and that can be quantified in accordance with procedures given in "Methods for Chemical Analysis of Water and Wastes."
- (v) *Total suspended solids (TSS)* means the dry weight expressed in mg/l of solids that either float on the surface or are in suspension and can be quantified from sewage in accordance with procedures given in "Methods for Chemical Analysis of Water and Wastes."
- (w) *Waste hauler* means the owner of a vehicle used to haul sewage for disposal to the public sewerage system in Howard County.
- (x) *Water system user* means the owner of a property or improvement which takes water from the public water system.

(C.B. 38, 1998; C.B. 1, 2006, § 1; C.B. 27, 2007, §§ 1, 2)

Sec. 20.601. - Utility charges and assessments; purpose.

- (1) *Water, Reclaimed Water, and Sewer Service Charges; Sewer Use Surcharge.* The water service charge, reclaimed water service charge, sewer service charge, and sewer use surcharge as authorized by this subtitle are the sources of revenue designated to cover the cost to Howard County of operation and maintenance of the public water system, reclaimed water system, and the public sewer system.
- (2) *Annual Front-Foot Benefit Assessment Charge.* The annual front-foot benefit assessment charge as authorized by this subtitle shall be a source of revenue designated to cover the cost to Howard

County of paying the interest and principal on bonds issued by the County or by the former Metropolitan Commission to provide for the construction, purchase or establishment of the public water supply and public sewerage system within the Metropolitan District of Howard County.

- (3) *In-Aid-of-Construction Charge*. The in-aid-of-construction charge as authorized by this subtitle shall be a source of revenue designated to cover the partial cost to Howard County of construction or purchase of facilities in the public water and sewer system which serve or will serve all properties connected to the system, including but not limited to sewerage treatment plants, disposal fields, lagoons, pumping stations, force mains, and interceptor sewers, water storage facilities, water treatment facilities, water pumping stations and transmission mains whether or not such facilities are located within Howard County.
- (4) *Third Addition to Little Patuxent Water Quality Management Center Supplemental In-Aid-of-Construction Charge*. Repealed by C.B. 53, 1984.
- (5) *Middle Patuxent Drainage Area Supplemental in-Aid-of-Construction Charge*. The Middle Patuxent Drainage Area supplemental in-aid-of-construction charge as authorized by this subtitle was the source of revenue designated to cover a portion of 87.5 percent of the construction costs, bond retirement costs, interest charges, and all other expenses (exclusive of land acquisition and right-of-way expenses) of the Middle Patuxent Interceptor projects. As of July 1, 2006, the Middle Patuxent Drainage Area supplemental in-aid-of-construction charge was discontinued.
- (6) *Ad Valorem Charge*. The ad valorem charge as authorized by this subtitle shall be a source of revenue designated to cover the cost to Howard County of retiring bonds issued by the County and of paying the interest thereon, the payment of salaries and other expenses of the Department of Public Works related to water and sewerage systems, and/or as a funding source for water and sewer capital projects.
- (7) *Middle Patuxent Drainage Area Supplemental Ad Valorem Charge*. The Middle Patuxent Drainage Area supplemental ad valorem charge as authorized by this subtitle was the source of revenue designated to cover the cost to Howard County of that portion of 87.5 percent of construction, bond retirement, interest and all other costs (not including land acquisition and right-of-way expenses) of the Middle Patuxent Interceptors not covered by the Middle Patuxent Drainage Area supplemental in-aid-of-construction charge or other available and authorized revenue sources. As of July 1, 2006, the Middle Patuxent Drainage Area supplemental ad valorem charge was discontinued.

(C.B. 38, 1998; C.B. 41, 2006, § 2; C.B. 27, 2007, § 2; C.B. 69, 2016, § 1)

Sec. 20.602. - Requirement to pay utility charges and assessments; liens.

- (1) *Liability for Utility Charges Generally*. All owners of real estate, including Howard County, the State of Maryland, the U.S. Government and other municipalities and political subdivisions who have connected or who shall hereafter connect to the water, reclaimed water, or sewer facilities of such real estate to the facilities of the County, or where such real estate is benefited by the water, reclaimed water, or sewer system of the County, shall pay the applicable charges, surcharges, levies and assessments as provided in this subtitle. All waste haulers who discharge sewage to the public sewer system shall pay the applicable charges and surcharges as provided in this subtitle.
- (2) *Property Owner Responsible*. Waste haulers and owners of property have the responsibility for the payment of all charges, levies and assessments. The County does not recognize a third-party liability for water, reclaimed water, and sewer charges.
- (3) *Limited Liability for Water Service Charges, Reclaimed Water Service Charges, Sewer Service Charges, and Sewer Use Surcharges*. In the event the County underbills the property owner or waste hauler for water, reclaimed water, and sewer service charges and surcharges as defined, in sections 20.605 and 20.606 of this subtitle, the property owner or waste hauler shall be liable for the additional amount represented by those charges and surcharges. The County shall rebill the property owner or waste hauler within one year of discovering the error. If the County does not re-bill the

owner or waste hauler within one year of discovering the error, the property owner or waste hauler is not liable for the additional amount.

- (4) *Liens.* All charges, levies and assessments provided in this subtitle shall be a lien or charge against the real estate served or benefited and shall be levied, collected and enforced and shall have the same priority, and right, bear the same interest and penalties, and in every respect be treated as County real estate taxes.
- (5) *Surety by Waste Hauler.* Prior to discharging sewage to the public sewerage system, each waste hauler shall provide the Director of Public Works with surety in the form of a cash deposit, a bond, a letter of credit, a pledge of real property situated in Howard County, or other surety acceptable to the Director. The amount of the surety shall be determined by the Director and shall equal the estimated average quarterly service charges and sewer use surcharges payable by a waste hauler who regularly discharges sewage to the public sewerage system. The surety shall be used to recover unpaid charges and penalties in accordance with section 20.615 of this subtitle.

(C.B. 38, 1998; C.B. 17, 2003, § 4; C.B. 27, 2007, § 2)

Sec. 20.603. - Regulations.

The Director of Public Works is authorized to adopt rules and regulations necessary or proper for the administration and enforcement of this subtitle.

(C.B. 38, 1998)

Sec. 20.604. - Appeals.

Any property owner in the metropolitan district or waste hauler aggrieved by any determination, decision or order relating to water, reclaimed water, or sewer charges or assessments made by the Director of Public Works or the Director of Finance (except where other appeal procedures are authorized in this subtitle) may appeal such determination, decision or order to the Board of Appeals within 30 days after such determination, decision or order is made. After notice and hearing, the Board of Appeals shall review the case consistent with its duly adopted rules of procedures. The Board of Appeals may not waive, set aside or change any specific provision(s) of this subtitle.

(C.B. 38, 1998; C.B. 27, 2007, § 2)

Sec. 20.605. - Utility service charges.

- (1) *Establishment of Utility Service Charges:*
 - (a) *Water service charge established.* There is a water service charge for the volume of metered water taken from the public water system by a water system user. The water service charge is composed of an account user charge and seasonal volumetric charges.
 - (b) *Reclaimed water service charge established.* There is a reclaimed water service charge for the volume of metered reclaimed water taken from the reclaimed water system by a reclaimed water system user.
 - (c) *Sewer service charge established.* There is a sewer service charge for the volume of sewage discharged to the public sewer system by a sewer system user. The sewer service charge is composed of an account user charge and volumetric charges. See section 20.607 for measurement of sewer system usage.
- (2) *Basis of Recommendations for Utility Service Charge Rates:*

- (a) *Water service charge rate.* The water service charge recommended by the County Executive at the time of submission of the annual budget to the County Council shall be calculated to result in revenue equal to the total projected operation and maintenance costs of the public water system for the upcoming fiscal year, plus or minus any water service charge revenue surplus or deficit which the Director of Public Works projects for the current fiscal year.
 - (b) *Reclaimed Water Service Charge Rate.* The reclaimed water service charge shall be calculated to result in revenue equal to the total projected operation and maintenance costs of the reclaimed water system for the upcoming fiscal year, plus or minus any reclaimed water service charge revenue surplus or deficit which the Director of Public Works projects for the current fiscal year. The rate may account for credits that the County receives from the State for nitrogen discharge.
 - (c) *Sewer service charge rate.* The sewer service charge recommended by the County Executive at the time of submission of the annual budget to the County Council shall be calculated to result in revenue equal to the total projected operation and maintenance costs of the public sewer system for the upcoming fiscal year, plus or minus any sewer service charge revenue surplus or deficit which the Director of Public Works projects for the current fiscal year.
- (3) *Adoption of Rate Schedule Annually:*
- (a) *Council adoption of rate schedule.* At the time of adoption of the annual budget and appropriation ordinance, the County Council shall adopt by resolution a service charge rate schedule and a special charge schedule for the upcoming fiscal year. With the exception of the sewer use surcharge rates, the rates adopted in the schedules shall be uniform throughout the metropolitan district. The service charge rates shall be equal to or greater than the base charge rates consistent with the approval of the operation and maintenance budget by the County Council.
 - (b) *Duration of rate schedule.* The service charge rate schedule and special charge schedule shall remain in effect until the effective date of any new rate schedule adopted by the County Council.
- (4) *Computation and Billing of Service Charges:*
- (a) *Computation of water service charge:*
 - (i) The water service charge shall be computed by multiplying the seasonal volumetric component of the water service charge rate by the volume of metered water taken from the public water system by a water system user during a specified billing period, and adding the product to the account user charge. An alternative method authorized and approved by the Director of Public Works may be used in the case of industrial and commercial users and waste haulers where the aforementioned method is not applicable.
 - (ii) Where a single-family residential user is not metered, the water service charge shall be a special charge as provided for in subsections (3)(a) and (b) above.
 - (b) *Computation of reclaimed water service charge.* The reclaimed water service charge shall be computed by multiplying the reclaimed water service charge rate by the volume of metered reclaimed water taken from the reclaimed water system by a reclaimed water system user during a specified billing period.
 - (c) *Computation of sewer service charge.*
 - (i) The sewer service charge shall be computed by multiplying the volumetric component of the sewer service charge rate by the metered volume of water taken from the public water system by a sewer system user during a specified billing period and adding the product to the account user charge. An alternative method authorized and approved by the Director of Public Works may be used in the case of industrial and commercial users and waste haulers where the aforementioned method is not applicable.

(ii) Where a single-family residential user of the public sewer system obtains water from sources other than the public water system, the sewer service charge shall be a special charge as provided for in subsections (3)(a) and (b) above.

(d) *Billing*.

(1) The water, reclaimed water, and sewer service charges shall be billed by the Department of Finance and shall be billed quarterly unless otherwise stipulated by the Director of Finance. Penalties for late payment of such charges shall be made in accordance with section 20.316 of this subtitle. If only a portion of the service charge revenues are used to cover operation and maintenance costs of the water system, reclaimed water system, or public sewer system, the amount of the service charge dedicated to operation and maintenance costs shall be indicated on each bill.

(2) The Department of Finance shall include on each bill a checkbox that, when checked by the bill payer, adds a \$3.00 contribution for the Citizens' Election Fund. The Department of Finance shall deposit the money collected because of the check-off into the Citizens' Election Fund required by section 907 of the Howard County Charter.

(5) *Help to Others (H20) Round-Up Program:*

For the purpose of assisting residential customers who are facing financial hardships and the possibility of utility service disconnections, there is a help to others (H20) round-up program to be administered as follows:

(a) For purposes of this subsection, "rounded amount" shall mean the difference between the amount billed under subsection (4)(d) of this section and the nearest dollar that is higher than the amount billed.

(b) On a residential customer's utility service bill, the Department of Finance may allow the residential customer to:

(1) Pay the rounded amount of the customer's utility service charge; or

(2) Make a one-time contribution.

(c) Rounded amounts and one-time contributions shall be placed into an account held by the County to assist residential customers facing financial hardship and possible utility service disconnections.

(d) The County may enter into a grant agreement with a private entity to administer the help to others (H20) round-up program, and

(e) If a customer fails to pay the rounded amount or one-time contribution, the unpaid rounded amount or contribution may not serve as the basis for a late fee or penalty.

(f) If a customer fails to pay the rounded amount or one-time contribution, the unpaid rounded amount or contribution may not serve as the basis for a lien or charge against the real estate served or benefited by the utilities.

(C.B. 38, 1998; C.B. 13, 2000; C.B. 27, 2007, § 2; C.B. 50, 2014, § 1; C.B. 30, 2017, § 1)

Sec. 20.606. - Sewer use surcharge.

There is a sewer use surcharge which shall be paid by nonresidential public sewer system users and waste haulers discharging sewage to the public sewer system with average daily pollutant concentrations exceeding one or more of the following limits:

Biochemical oxygen demand (BOD) 300 mg/l

Total suspended solids (TSS) 300 mg/l

Total phosphorus (TP) 12 mg/l

- (1) *Computation of sewer use surcharge.* The sewer use surcharge shall be computed using the formula:

Sewer use surcharge (S) =

$$V \times 8.34 \times [F_b (A_b - 300) + F_s (A_s - 300) + F_p (A_p - 12)]$$

Where:

V is the volume of sewage in millions of gallons discharged by a public sewer system user during the billing period.

F_b is the sewer use surcharge rate for BOD expressed in dollars/pound.

F_s is the sewer use surcharge rate for TSS expressed in dollars/pound.

F_p is the sewer use surcharge rate for TP expressed in dollars/pound.

A_b is the average daily concentration of BOD constituents in the sewage discharged expressed in mg/l.

A_s is the average daily concentration of TSS in the sewage discharged expressed in mg/l.

A_p is the average daily concentration of TP in the sewage discharged expressed in mg/l.

300 BOD or TSS in the sewage discharged for which a sewer use surcharge is not required for that sewage parameter.

12 is the maximum average daily concentration (mg/l) of TP in the sewage discharged for which a sewer use surcharge payment is not required for that sewage parameter.

Of the three terms $F_b (A_b - 300)$, $F_s (A_s - 300)$ and $F_p (A_p - 12)$ in the above formula, only those terms having positive values for the sewage discharged shall be used in the computation of the sewer use surcharge.

- (2) *Establishing sewer use surcharge rates.* Sewer use surcharge rates for BOD, TSS and TP shall be determined by the Director of Public Works prior to the beginning of each fiscal year for each sewage treatment plant to which sewage generated in Howard County is discharged. Surcharge rates shall be computed using a method specified in regulations promulgated by the Director and approved by the U.S. Environmental Protection Agency. The method of surcharge rate computation shall be based upon:

(a) Projected operation and maintenance costs for the upcoming fiscal year for treating sewage at treatment plants to which sewage generated in Howard County is discharged.

(b) Projected loadings of BOD, TSS and TP for the upcoming fiscal year at treatment plants to which sewage generated in Howard County is discharged.

Sewer use surcharge rates shall be included in the special charge schedule adopted by the County Council.

- (3) *Apportionment of sewer use surcharge revenue.* Sewer use surcharge revenue collected by Howard County from public sewer system users shall be apportioned and distributed annually between Howard County and other political subdivisions to which sewage generated in Howard County is discharged. Collected revenue shall be apportioned by the Director of Public Works as specified in regulations promulgated by the Director and approved by the U.S. Environmental Protection Agency. The method of apportionment shall be based upon the quantity and quality of sewage discharged by nonresidential public sewer system users and waste haulers paying

sewer use surcharges to Howard County. Collected surcharge revenue retained by Howard County shall be applied to the operation and maintenance costs of the public sewer system.

- (4) *Billing.* The sewer use surcharge shall be billed quarterly by the Office of Finance.

(C.B. 38, 1998)

Sec. 20.607. - Measurement of sewer system usage.

- (1) *Property Which Uses All Public Water—Discharges All Water Used to Public Sewer System.* Where a public sewer system user takes all water from the public water system and discharges all water used to the public sewer system, the metered volume of water used shall be a measure of the volume of sewage discharged.
- (2) *Property Which Uses All Public Water—Discharges Portion of Water Used to Public Sewer System.* Where a public sewer system user takes all water used from the public water system and discharges a portion of it to the public sewer system, discharge may be metered separately before entering the sewer system. The user shall provide at his own expense metering facilities to indicate accurately to the satisfaction of the Director of Public Works the volume of water claimed as a credit, or the volume of discharge to the sewer system. The Director shall determine what method of metering is acceptable. If metering facilities are not installed, then metered volume of water used shall be a measure of the volume of sewage discharged.
- (3) *Property Which Uses No Public Water—Discharges Sewage to Public Sewer System.* Where a user of the public sewer system, other than a single-family residential user, obtains water from sources other than the public water system, the measure of sewage discharged to the sewer system shall be based upon either:
 - (a) Metered use of water from sources which result in discharge to the sewer system; or
 - (b) Metered discharge entering the sewer system.

The user shall provide at own expense metering facilities as required to indicate accurately to the satisfaction of the Director of Public Works the volume of discharge to the public sewer. The Director shall determine what method of metering is acceptable.

- (4) *Single-Family Residential—Property Which Uses No Public Water—Discharges Sewage to Public Sewer System.* Where a single-family residential user of the public sewer system obtains water from sources other than the public water system, the sewer service charge shall be set as a special charge in the special charge schedule adopted pursuant to this subtitle.
- (5) *Waste Hauler-Discharges Sewage to Public Sewer System.* Where a waste hauler discharges sewage to the public sewer system, the volume of sewage discharged shall be based upon either:
 - (a) The actual volume of sewage discharged as determined by a method acceptable to the Director of Public Works; or
 - (b) The carrying capacity of the waste hauler's vehicle, if the actual volume of sewage discharged cannot be determined by a method acceptable to the Director of Public Works.
- (6) *Requirement to Furnish Sewage Data.* Users of the public sewer system shall, at the request of the Director of Public Works, furnish data covering the source, flow properties, quantity, quality and discharge location of sewage discharged or proposed for discharge to the public sewerage system. Data shall be submitted in a format and content acceptable to the Director and within a reasonable period of time as specified by the Director. Data approved by the Director shall be used in the computation of sewer service charges and sewer use surcharges.
- (7) *Other Measurements.* In cases where:
 - (a) The Director determines that the installation and use of metering facilities by a public sewer system user is not feasible or warranted; or

- (b) The Director determines that a user's water usage and/or sewage discharge situation is not adequately provided for in this subtitle; or
 - (c) The user is unable or unwilling, for reasons acceptable to the Director, to furnish water or sewage data obtained through the use of metering facilities or other methods; then sewer discharges and other data shall be metered, computed or determined using a method approved by the Director. Where applicable, computed or determined discharges and flow data shall be based on historical records for sewer system users having similar water usage and discharge characteristics.
- (8) *Charges and Determinations.* In all cases where the volume of discharge to the public sewer system, the quality of discharge, the water use charge, the sewer use charge or the sewer use surcharge cannot be reasonably agreed upon between a public water or sewer system user and the Director of Public Works, the Director shall have the power and authority to determine the volume or quality of discharge and any charge or surcharge amounts.

(C.B. 38, 1998)

Sec. 20.608. - Utility connection charges.

- (1) *Establishment of Water and Sewer Connection Charges.* There are connection charges for each connection made to the County water and sewer system. The connection charges shall be paid before any connection is made. The payment shall be made in a lump sum; however, if the connection is to an existing dwelling, it may be paid plus interest and service charges in installments over a period not to exceed five years. Potential public water and sewer system users shall comply with all other applicable provisions of this subtitle prior to connection to the water or sewer system.
- (2) *Basis of Recommendations for Water and Sewer Connection Charges.* The basis for water and sewer connection charges is as follows:
 - (a) For connections applied for by a property owner after August 13, 2007 in accordance with subsection 18.104(b) of this Code, the charges shall be based on administrative costs and the cost of inspecting;
 - (b) The charges shall be based on the average cost of making connections during the fiscal year, plus an amount for anticipated increased costs of making connections in subsequent fiscal years for water and sewer connections applied for by a property owner:
 - (i) After August 13, 2007 and constructed under a Howard County capital project; and
 - (ii) On or before August 13, 2007 in accordance with subsection 18.104(c) of this Code; and
 - (c) For mandatory water and sewer connections as required by section 18.104A, the charges shall be based on administrative costs and the cost of inspection and, if the connection is made by the Department, the charge shall include subcontractor costs for construction and inspection.
- (3) *Annual Adoption of Water and Sewer Connection Charges:*
 - (a) At the time of submission of the annual budget and appropriation ordinance to the County Council, the County Executive shall recommend water and sewer connection charges.
 - (b) At the time of adoption of the annual budget and appropriation ordinance, the County Council shall adopt, by resolution, water connection charge rates and sewer connection charge rates for the upcoming fiscal year. These charges shall be established at such a rate as to raise sufficient revenue to cover the annual costs of making all water and sewer connections. The charges shall be uniform throughout the metropolitan district.
- (4) The Director may charge a fee for connecting to the reclaimed water system that shall be adopted by the County Council in the same manner as water and sewer connection charges.

(C.B. 38, 1998; C.B. 26, 2007, § 2; C.B. 27, § 2)

Sec. 20.609. - Private fire protection systems, charges.

- (1) *Establishment of Private Fire Protection System Charges.* There is an annual charge for unmetered water connections provided for private fire protection systems. No charge shall be made for water actually used to extinguish a fire.
- (2) *Use of Water from the Unmetered Connection.* The County Executive shall enter into written agreements with each unmetered private fire protection system user governing such use. The Director of Public Works may determine the conditions and terms for the use of water from the unmetered connection. Water from the unmetered connection shall not be used for purposes other than firefighting. If the Director of Public Works finds that unmetered private fire protection water is being or has been used for purposes other than fire protection, he shall deny further unmetered services to such premises.
- (3) *Adoption of Annual Private Fire Protection System Charges.* At the time of the adoption of the annual budget and appropriation ordinance, the County Council shall adopt, by resolution, the unmetered water connection charge rates for the upcoming fiscal year. The charges shall be uniform throughout the Metropolitan District.

(C.B. 38, 1998)

Sec. 20.610. - Annual front-foot benefit assessment charges.

- (1) *Purpose of Annual Front-Foot Benefit Assessment Charges.* The annual front-foot benefit assessment charge shall be a source of revenue designated to cover the cost to Howard County of paying the interest and principal on bonds issued by the County for the construction, purchase or establishment of the public water supply and sewerage system within the metropolitan district of Howard County.
- (2) *Levying and Fixing of Charges by County Council.* At the time of adoption of the annual budget and appropriation ordinance, the County Council shall, by resolution, levy and fix the annual front-foot benefit assessment charge for each class or subclass of property within the metropolitan district. The charges shall be as nearly uniform as is practical for each class or subclass of property throughout the district.
- (3) *Properties Paying Annual Front-Foot Benefit Assessment Charges.* All properties, improved or unimproved, binding upon a street, road, lane, alley, or right-of-way in which a water main or sewer main has been built or purchased and such properties not abutting upon a water main or sewer which have connected to the public water or sewer system with the permission of the Director of Public Works, shall pay an annual front-foot benefit assessment charge for water or sewer provided that such water main or sewer shall have been financed by the issuance of Howard County bonds and:
 - (a) The developer received a rebate from the County pursuant to section 18.112 of the Howard County Code; or
 - (b) The capital project under which the water main or sewer main was constructed was fully or partially funded by appropriations in fiscal year 2004 or prior.
- (4) *Period of Payment; Decrease Permitted; Increase Not Permitted:*
 - (a) The front-foot benefit assessment charge shall be paid annually by all properties described in subsection (3) above for a period not to exceed 30 years.
 - (b) If the Director of Finance determines that costs and conditions warrant a reduction in the front foot benefit assessment, the Director may reduce the front-foot benefit assessment charge for each class of property.

- (c) Once levied, a front-foot benefit assessment charge shall not be increased.
- (5) *Basis of Charges.* Charges are based upon intensity of use of the property, its classification and the number of front feet of property abutting upon a water main or sewer main.
- (a) *Classification of property.* The Director of Finance shall divide all properties, improved or unimproved, binding upon a street, road, lane, alley, or right-of-way in which a water main or sewer is to be laid, and also such properties not abutting a water main or sewer main which have connected to the public water or sewerage system with the permission of the Director of Public Works, into various classes. The classes include but are not limited to agricultural, small acreage, industrial/business and subdivision/residential. If the Director of Finance determines it to be in the public interest, the Director may subdivide the classes into subclasses. The Director of Finance shall change the classification of property from time to time as the use of the property changes.
 - (b) *Front-foot basis.* Charges for each class (or subclass) of property shall be based upon the number of front feet abutting upon the street, lane, road, alley, or right-of-way in which the water main or sewer main is placed. A property owner shall pay charges for the entire front footage, even though a water main or sewer may not extend along the full length of the property. The Director of Finance shall determine a reasonable and fair amount of footage upon which to base charges for the property for:
 - (i) Irregularly shaped property which abuts at any point upon a water main or sewer;
 - (ii) Corner property;
 - (iii) Property which abuts upon two streets with water mains or sewers; or
 - (iv) Property that does not abut upon a water main or sewer, but which has connected to the water or sewer system with the permission of the Director of Public Works.
 - (c) *Agricultural land.* Land classified as agricultural is not charged a front-foot benefit assessment charge until such time as a water or sewer connection is made. Upon connection, agricultural land shall become liable for a front-foot benefit assessment charge not exceeding 300 feet for each connection.
- (6) *Initial Charge; Notification of Charge and Classification; Review and Appeal:*
- (a) *Notification of charge and classification.* Upon billing the initial front-foot benefit assessment charge, the Director of Finance shall notify the property owner in writing of the amount of the charge and the class (or subclass) of the property. This notice shall be mailed to the last-known address of the owner; or, if the address is unknown, it may be served in person upon any adult occupying the premises or posted upon vacant or unimproved property.
 - (b) *Board of Appeals hearing.* At the time that notification of front-foot benefit assessment charge and property class is first given, the Director of Finance shall notify the property owner of appeal rights to the Board of Appeals. The property owner may appeal the classification of the property and the assessment charge to the Board of Appeals. An appeal shall be conducted pursuant to title 2, subtitle 2 of the Howard County Code, the rules of procedure before the Board of Appeals. The Board of Appeals shall have the power to change or adjust the assessment charge or the property classification only where an error as to any factual matter has been made in the original assessment charge or property classification.
- (7) *Exemption for Land with Religious Uses.* Any land owned by a church which serves as the location of the church or its parsonage, and is used exclusively for public worship or other religious or customary purposes of a church or parsonage, and not for investment or other secular purposes, shall be exempt from the front-foot benefits assessment charge provided for by this section in respect of a frontage not exceeding 150 feet.
- (8) *Billing.* The Director of Finance of Howard County shall include all front-foot benefit assessment charges on the County tax bills.

- (9) *Metropolitan Account.* The Director of Finance shall credit all receipt from the front-foot benefit assessment charges to a separate fund to be known as the metropolitan account.

(C.B. 38, 1998; C.B. 67, 2004)

Sec. 20.611. - In-aid-of-construction charge.

- (1) *Purpose.* The in-aid-of-construction charge shall be a source of revenue designated to cover the partial cost to Howard County of construction or purchase of facilities in the water and sewer system which serve or will serve all properties connected to the system, including but not limited to sewerage treatment plants, disposal fields, lagoons, pumping stations, force mains and interceptor sewers, water storage facilities, water treatment facilities, water pumping stations and water transmission mains, whether or not such facilities are located within Howard County.

(2) *Levying and Fixing in-Aid-of-Construction Charge:*

- (a) At the time of submission of the annual budget and appropriation ordinance to the County Council, the County Executive shall recommend a water and a sewer in-aid-of-construction charge.
- (b) At the time of the adoption of the annual budget and appropriation ordinance, the County Council shall, by resolution, levy and fix a water and a sewer in-aid-of-construction charge for the upcoming fiscal year.
- (c) The charge may be uniform for all properties in the metropolitan district or may be variable based on the maximum hourly intensity or volume of use of the public water/sewerage system anticipated for each property based on the maximum flow rate for continuous operation for the size of a customer meter installed by the Department of Public Works. The following ratings shall be applied to the meter:
- (1) For displacement type meters, up to two-inch, American Water Works Association (AWWA) Standard Specification C 700-09, "Table 1, Recommended Maximum Rate for Continuous Operations", shall apply; and
- (2) For compound type meter sizes three inches and larger, AWWA Standard C702-10 "Table 1, Class 1, Maximum Flow Rate for Continuous Duty", shall apply.
- (d) The in-aid-of-construction charges adopted shall remain in effect until the effective date of any new in-aid-of-construction charges adopted by the County Council.

(3) *Payment:*

- (a) *At time of permit.* All owners in the metropolitan district shall pay the water and the sewer in-aid-of-construction charge prior to being issued a permit from the Department of Inspections, Licenses and Permits. An in-aid-of-construction charge shall be imposed only once with respect to each property except where intensity of use or volume of consumption generated is increased as set forth in subsection (b) below. The Director of Public Works shall determine the charge for each property on the basis of one consumption unit or any multiple thereof depending upon intensity or volume of use or the flow capacity of each of the customer meter(s), exclusive of "fire protection only", installed by the Department of Public Works as set forth in subsection 20.611(2)(c). Each water meter supplied to a property by the Department of Public Works is subject to the applicable in-aid-of-construction charge.
- (b) *Review of actual water use patterns; meter size adjustment; and adjustments to in-aid-of-construction.* The Department of Public Works may review patterns of water use to determine whether a meter is of appropriate type and capacity. A review may include temporary on-site metering studies to assess short-term patterns of use within the day. A review may also be conducted when an owner submits an application for a permit for an alteration, enlargement, renovation, or addition. If a review indicates that actual or projected use is significantly greater than that which was previously used for the calculation of the in-aid-of-construction charge, the

owner will be charged an additional fee based on the difference between the in-aid-of-construction fee established for the size of the replacement meter and the fee already paid based on the previous meter size.

- (c) If an owner fails to pay the in-aid-of-construction charge, the Department of Inspections, Licenses and Permits may withhold a permit including a permit for an alteration, enlargement, renovation, or addition. An owner who fails to pay the assessed in-aid-of-construction charge is also subject to possible suspension of water or sewer service.
- (4) *Special Account; Use of Receipts.* The Director of Finance shall credit all receipts from in-aid-of-construction charges to a special account. The receipts shall be used only for payments for the development of facilities in the water and sewerage system as described in subsection (1) above, or to liquidate bonds issued by the County or by the former Metropolitan Commission, for such development, to the end that the front-foot benefit assessment charges and ad valorem charges may be reduced.

(C.B. 38, 1998; C.B. 1, 2006, § 2; C.B. 22, 2011, § 1)

Sec. 20.612. - Middle Patuxent Drainage Area supplemental in-aid-of-construction charge.

The Middle Patuxent Drainage Area supplemental in-aid-of-construction charge was a source of revenue to cover a portion of 87½ percent of the construction costs, bond retirement costs, interest charges and all other expenses (exclusive of land acquisition and right-of-way expenses) of the Middle Patuxent interceptor projects. As of July 1, 2006, the Middle Patuxent Drainage Area supplemental in-aid-of-construction charge was discontinued.

(C.B. 38, 1998; C.B. 41, 2006, §§ 1, 2)

Sec. 20.613. - Ad valorem charge.

- (1) *Purpose.* The ad valorem charge shall be a source of revenue designated to cover the cost to Howard County of retiring bonds issued by the County and of paying the interest thereon. The charge may also be used for the payment of salaries and other expenses of the Department of Public Works related to water and sewerage systems or as a funding source for water and sewer capital projects, or both.
- (2) *Basis of Charge.* Subject to section 22.1000 of the County Code, the Director of Public Works shall provide to the County Council at the time of submission of the annual budget and appropriation ordinance an estimate of the total funds necessary to cover the expenses set forth in subsection (1) above. He shall also prepare an estimate of sources of income to cover those expenses, including receipts from the front-foot benefit assessment charge as authorized in this subtitle.
- (3) *Levying and Fixing of Charge by County Council.* At the time of adoption of the annual budget and appropriation ordinance, the County Council shall, by resolution, levy and fix for the upcoming fiscal year an ad valorem charge against all properties within the metropolitan district except as otherwise be provided by law. The amount of the ad valorem charge shall be sufficient to provide such sums as the County Council deems necessary to meet the expenses of the utility after considering all other available sources. The charge adopted by the County Council shall be expressed in terms of a rate per \$100.00 of assessed valuation of property. The charge shall remain in effect until the effective date of any new charge.
- (4) *Properties Paying Ad Valorem Charge.* Owners of all property in the metropolitan district except as otherwise provided by law shall pay the ad valorem charge. Owners of property in the metropolitan district, who have been adjudged by the Veteran's Administration to have a permanent service-connected 100 percent disability, and their surviving spouses who have not remarried and who continue to own and reside on the property, shall be exempt from paying the ad valorem charge.

- (5) *Billing.* The Director of Finance shall collect the ad valorem charge.
- (6) *Special Account; Use of Receipts.* The Director of Finance shall credit all receipts from the ad valorem charge to a special account to the credit of the metropolitan district. From these receipts and from the amount in hand in the front-foot benefit assessment charge account, the Director shall first pay all interest and principal on metropolitan district bonds as they become due. The Director may then pay the salaries and expenses of the Department of Public Works (related to water and sewer systems) or the costs related to water and sewer capital projects, or both. The Director shall then deposit the residue of the receipts in some bank to the credit of the metropolitan district. The Director is authorized to pay the interest on any bonds that may be issued out of the proceeds of the sale of such bonds, but not more than one-year's interest may be so expended.

(C.B. 38, 1998; C.B. 69, 2016, § 1; C.B. 43, 2018, § 1)

Sec. 20.614. - Middle Patuxent Drainage Area supplemental ad valorem charge.

The Middle Patuxent Drainage Area supplemental ad valorem charge was a source of revenue to cover that portion of 87½ percent of the construction costs, bond retirement costs, interest charges and all other expenses (exclusive of land acquisition and right-of-way expenses) of the Middle Patuxent interceptor projects not covered by the Middle Patuxent Drainage Area supplemental in-aid-of-construction charge of other available and authorized revenue source. As of July 1, 2006, the Middle Patuxent Supplemental ad valorem charge was discontinued.

(C.B. 38, 1998; C.B. 41, 2006, §§ 1, 2)

Sec. 20.615. - Penalties.

(1) *Late Payment of Charges:*

(a) *Water, reclaimed water, and sewer use charges, surcharges and special charges:*

- (i) The Director of Finance shall send written notification to the owner of any property or waste hauler whose bill for water use charges, reclaimed water service charges, sewer use charges, sewer use surcharges or special charges remains unpaid after 30 days of the billed date. The Director of Finance shall charge a penalty premium payment of ten percent of the unpaid charges.
- (ii) In the event of failure to pay a water, reclaimed water, or sewer service charge or sewer use surcharge billing within 30 days, the Director of Public Works shall, after written notice left upon the premises or mailed to the last-known address of the owner, turn off the water to the property in question, and the water shall not be turned on again until said billing has been paid including any monetary penalties.

In the event of a waste hauler's failure to pay a sewer service charge or sewer use surcharge billing within 30 days, the Director of Public Works shall, after written notice mailed to the last-known address of the waste hauler, deny access to the public sewerage system by the waste hauler for the purpose of discharging sewage. Access to the sewer system shall not be restored until the billing has been paid including any monetary penalties.

- (iii) If any bill still remains unpaid, it shall be collectible from the owner of the property in the same manner and subject to the same interest as taxes on the property; and the charge and all penalties shall be a first lien against the property.

If a waste hauler's bill remains unpaid 60 days after issuance, the bill shall be collectible from the surety provided by the waste hauler as required by subsection 20.602(5) of this subtitle. In addition, the waste hauler's discharge permit issued pursuant to section

18.122A "regulation of discharges to the public sewerage system" may be revoked. The Director may also authorize the office of law to institute the appropriate action at law against the waste hauler to collect any unpaid charges and fees.

- (b) *In-aid-of-construction charges.* Unless the owner has paid all required supplemental and regular in-aid-of-construction charges, no property will be permitted to connect to the public water and/or sewer system.
 - (c) *Front-foot benefit assessment charges; ad valorem charges.* If the front-foot benefit assessment charges and the regular and supplemental ad valorem charges are not paid within 30 days after becoming due, they shall be collectible in the same manner and subject to the same interest as taxes on the property. The charge(s) and all penalties shall be a first lien against the property.
- (2) *Falsification or Evasion.* Any water, reclaimed water, or sewerage system user who knowingly participates or aids in the falsification of data or in the evasion of water service charges, reclaimed water service charges, sewer service charges or sewer use surcharges shall be guilty of a misdemeanor and, upon conviction thereof by any court of competent jurisdiction, shall be subject to a fine of not more than \$500.00 or imprisonment not exceeding six months or both, for each offense. Each day's continuance of falsification or evasion shall be considered a separate offense.
 - (3) *Violation of Provisions of Subtitle.* Any violator of any provision of this subtitle (including rules and regulations adopted hereto) shall be notified of such violation by written notification of the Director of Public Works. The violator shall be ordered to cease the violation and shall be given a reasonable time in which to do so. Continuation of the violation beyond the time limit established shall result in termination of public water or reclaimed water service, disconnection from the public sewer system, or denial of access to the public sewerage system, whichever action is deemed appropriate by the Director. Service or access shall be restored when the violation is corrected.

(C.B. 38, 1998; C.B. 17, 2003, § 4; C.B. 27, 2007, § 2)

Sec. 20.616. - Charges for property outside of the metropolitan district connected to public water or sewer by Health Officer order.

- (a) *Purpose.* The purpose of this section is to provide for payment of the costs associated with the provision of public water or sewer to parcels outside of the metropolitan district which are connected to the public water or sewerage system by order of the Health Officer under section 12.105 of the County Code.
- (b) *Definitions:*
 - (1) *Front foot system benefit charge* means a charge to cover the cost of interest and principal on bonds for construction, purchase or establishment of the public water supply and sewerage system, calculated in the same manner as the annual front foot benefit charges required by section 20.610 of this subtitle. The front foot system benefit charge shall be paid for a period not to exceed 30 years.
 - (2) *General system benefit charge* means a charge to pay for costs associated with the provision of water and sewer which are not covered by other fees and charges. The general system benefit charge shall be determined annually by County Council resolution and shall be calculated in the same manner as the ad valorem rate assessed on property located in the metropolitan district.
 - (3) *Middle Patuxent Drainage Area system benefit charge* means a charge to pay for costs associated with the construction of the Middle Patuxent Drainage Area interceptor projects that are not covered by the Middle Patuxent Drainage Area supplemental in-aid-of-construction charge. This charge was paid by owners of parcels located outside of the planned service area which the Health Officer orders to be connected to the public sewerage system and which drain

into the Middle Patuxent Drainage Area of the metropolitan district. This charge was determined annually by Council resolution and calculated in the same manner as the supplemental ad valorem rate assessed on property within the Middle Patuxent Drainage Area subdistrict. As of July 1, 2006, the Middle Patuxent Drainage Area system benefit charge was discontinued.

- (c) *Charges and Fees.* The following charges and fees shall be paid by the owners of parcels outside of the metropolitan district which receive public water or sewer:
- (1) Water and/or sewer service charges, as defined in section 20.605 of this subtitle;
 - (2) Water and/or sewer service connection charges, as defined in section 20.608 of this subtitle;
 - (3) Front foot system benefit charge, as defined in this section;
 - (4) In-aid-of-construction charges, as defined in section 20.611 of this subtitle;
 - (5) General system benefit charge, as defined in this section; and
 - (6) Water and/or sewer special charges, as defined in subsection 20.605(3) of this subtitle.
- (d) *Billing; Penalties:*
- (1) The Director of Finance shall bill the property owner for the charges and fees required to be paid under this section, on an annual, semi-annual, or quarterly basis, as appropriate.
 - (2) Late payment of the charges and fees required to be paid under this section may be subject to interest and penalties as provided in this subtitle.

(C.B. 32, 2002, § 1; C.B. 41, 2006, § 2)

Sec. 20.617. - Repayment of outstanding connection charges, in-aid-of-construction charges and supplemental in-aid-of-construction charges.

- (a) The property owner may pay off any outstanding connection charges, in-aid-of-construction charges and supplemental in-aid-of-construction charges at any time before the end of the five-year repayment period; and interest on the charges shall be only for the period up to the date of early payment.
- (b) If the property owner sells or transfers property on which he/she is paying connection, in-aid-of-construction or supplemental in-aid-of-construction charges in installments, the total remaining amount of the charges shall become due and payable as of the date of transfer of the property with interest due and payable up to the same date.

(C.B. 38, 1998)

SUBTITLE 7. - WATER/SEWER CONNECTION FINANCING PROGRAM

Sec. 20.700. - Water/sewer connection financing program established; purpose; applicability.

- (a) There is a program to provide loans to finance all or part of the costs of connecting existing buildings to the public sewerage system or the public water and sewerage systems. The program may not be used to finance the costs of only connecting to the public water system.
- (b) The purpose of this program is to encourage as many property owners as possible to connect to the public sewerage system in order to reduce the number of septic systems in the planned service area.
- (c) This subtitle shall only apply to a property owner who seeks to connect to:
 - (1) The public sewerage system; or
 - (2) Both the public water and sewerage systems.

(C.B. 38, 1998; C.B. 22, 2013, § 1)

Editor's note— C.B. 22, 2013, § 1, amended § 20.700 title to read as herein set out. Former § 20.700 title pertained to water/sewer connection financing program established.

Sec. 20.701. - Eligibility.

The owner of property located in the planned service area of the Howard County Master Plan for water and sewerage system is eligible for a loan under the water/sewer connection financing program under this subtitle if:

- (a) The property is located within the metropolitan district;
- (b) The property owner has submitted a petition to the Director of Public Works to incorporate the property into the metropolitan district; or
- (c) The Health Department has ordered the property to be connected to the public water and/or sewerage system under section 12.105 of this Code.

(C.B. 38, 1998; C.B. 32, 2002, § 1; C.B. 22, 2013, § 1)

Sec. 20.702. - Costs which may be financed.

The following County charges and plumbing charges may be financed with a loan under the water/sewer connection financing program:

- (1) Water and/or sewer house connection charges;
- (2) Water and/or sewer in-aid-of construction charges and supplemental sewer in-aid-of construction charges, if applicable;
- (3) Plumbing permit fee;
- (4) Costs to physically connect the existing building to the public sewerage system or the public water and sewerage systems; and
- (5) Costs to disconnect and seal all existing connections to wells and/or septic systems.

(C.B. 38, 1998; C.B. 22, 2013, § 1)

Sec. 20.703. - Application form.

(a) *Application for Participation.* The owner of property that meets the requirements of section 20.701 of this subtitle may apply for a loan under the water/sewer connection financing program by filing an application with the Director of Public Works.

(b) *Application:*

- (1) The application for a loan under the water/sewer connection financing program shall be signed by all owners of record of the property. The application form shall include:
 - (i) The names and addresses of all owners of record of the property;
 - (ii) The address and tax account number of the property that is to be connected;
 - (iii) An estimate of the costs for which the property owner is requesting assistance;
 - (iv) A statement acknowledging that the property owner is responsible for the selection of the contractor and for the performance of all work needed to connect to the public sewerage

system or the public water and sewerage systems and that the County does not warrant the work performed by the contractor;

- (v) A statement granting the Department of Public Works authority to enter the property, if necessary, to do work associated with the connection and/or in case of emergency, to perform the work;
 - (vi) A statement that the property owner will repay the County for the full amount financed, plus interest, in installments over a period not to exceed ten years;
 - (vii) If applicable, a copy of the Health Department's order to connect the property to the public water and/or sewerage system;
 - (viii) A statement from the Director of Public Works that the public water and/or sewer service is available to the property;
 - (ix) A statement that financing under this subtitle is subject to the availability of funds; and
 - (x) A statement acknowledging that each person required to sign the application shall, as a condition of acceptance into the program, execute all documents the County deems necessary to secure repayment of the loan.
- (c) *Approval of Application.* After review of all documentation under subsection (b) of this section, the Director of Public Works shall approve or disapprove an application.

(C.B. 38, 1998; C.B. 22, 2013, § 1)

Sec. 20.704. - Administration.

- (a) *Notice to Department of Finance.* After approving an application under section 20.703 of this subtitle, the Director of Public Works shall notify the owner of the property and the Director of Finance that the property will be connected to the public sewerage system or the public water and sewerage systems under the water/sewer connection financing program.
- (b) *Department of Public Works to Contact Owner.* After approving an application under section 20.703 of this subtitle, the Director of Public Works shall notify the owner of the property of the approval and shall arrange for an accounting of the cost of the work to connect the property to the public sewerage system or the public water and sewerage systems.
- (c) *Account of Costs.* Upon completion of the connection work, including a satisfactory inspection of the plumbing work by the Department of Inspections, Licenses and Permits, the property owner shall provide the Director of Public Works with a detailed account of the costs of connection, including copies of all invoices, bills, or other evidence of the costs.

(C.B. 38, 1998; C.B. 22, 2013, § 1)

Sec. 20.705. - Financing; terms.

- (a) *Interest Rate.* The interest rate on a loan under the water/sewer connection financing program shall be established by the Director of Finance.
- (b) *Documentation.* In order to secure repayment of a loan under the water/sewer connection financing program, the recipient of the loan shall execute a promissory note, deed of trust, and any other documents the County deems necessary.
- (c) *Early Repayment Authorized.* The property owner may make early repayment of a loan under the water/sewer connection financing program at any time. Interest on the loan shall be charged only for the period up to the date of early repayment.

- (d) *Balance Payable upon Transfer of Property.* If the property for which a loan under the water/sewer connection financing program was made is sold or transferred, the total remaining amount of the loan shall become due and payable as of the date of transfer of the property, with interest due and payable up to the same date.

(C.B. 38, 1998)

Sec. 20.706. - Transitional provisions.

The terms and conditions of loans for mandatory water/sewer connections made prior to January 1, 1998, which were made under previously existing provisions of subsection 18.104(b) "water and sewer connections" or subtitle 9 "financing mandatory water and/or sewerage connections made by the Department of Public Works" of the Howard County Code shall continue in effect until the loans are repaid.

SUBTITLE 8. - SHARED SEWAGE DISPOSAL FACILITIES CHARGES AND ASSESSMENTS⁶¹

Footnotes:

--- (6) ---

Editor's note— Section 2 of C.B. 16, 2006 amended and restated subtit. 8, §§ 20.800—20.804 in its entirety to read as herein set out. Former subtit. 8 pertained to the same subject matter and derived from C.B. 8, 2005.

Cross reference— Shared sewage disposal facilities, § 18.1200 et seq.

Sec. 20.800. - Purpose.

The purpose of this subtitle is to provide a payment mechanism to reimburse the controlling authority for the operation, maintenance, and continuance of shared sewage disposal facilities.

(C.B. 16, 2006, § 2)

Sec. 20.801. - Definitions.

Terms used in this subtitle have the meanings indicated.

- (a) *Board of Education* has the meaning stated in section 18.1201 of this Code.
- (b) *Controlling Authority* has the meaning stated in section 18.1201 of this Code.
- (c) *Permit* has the meaning stated in section 18.1201 of this Code.
- (d) *Residential lot* has the meaning stated in section 18.1201 of this Code.
- (e) *Shared sewage disposal facility* has the meaning stated in section 18.1201 of this Code.

(C.B. 16, 2006, § 2)

Sec. 20.802. - Operation, maintenance, repair, and replacement fee.

- (a) *Payment of Fee.* The owner of each residential lot shall pay the controlling authority an annual fee for the operation, maintenance, repair, and replacement of a shared sewage disposal facility. The fee shall be paid regardless of whether the lot is occupied.
- (b) *Delegation of Authority.* The County or the Board of Education may enter into an agreement under section 18.1208 of this Code to empower another governmental body to act as the controlling authority and to have all the rights and responsibilities of the County as set forth in this subtitle.
- (c) *Operation, Maintenance, Repair, and Replacement Fee.* The fee shall include:
 - (1) The cost to operate, maintain, repair, and replace the shared sewage disposal facility, including, but not limited to:
 - (i) Periodic inspection of the facility;
 - (ii) Periodic septage removal;
 - (iii) Repair of tanks, piping, pumps and electrical systems;
 - (iv) Repair of the subsurface wastewater disposal area;
 - (v) Cost of replacing, at the end of their anticipated useful lives, tanks, pumps, piping, electrical systems or other components of the shared sewage disposal facility;
 - (vi) Costs associated with relocation of the subsurface wastewater disposal area at the end of its anticipated useful life;
 - (vii) Administrative costs, including, but not limited to legal, billing, overhead, enforcement, and liability insurance;
 - (viii) Electrical costs that are not the responsibility of the residential lot owner;
 - (ix) Chemicals, supplies, and other costs associated with wastewater treatment; and
 - (x) Costs to repair or maintain the components of the collection system; and
 - (2) An amount to cover the controlling authority's costs for:
 - (i) Repairing tanks, pumps, piping, or facilities within a subsurface wastewater disposal area or residential lot that fail prematurely; and
 - (ii) Relocating a subsurface wastewater disposal area that fails prematurely.
- (d) *Fee Established:*
 - (1) The controlling authority annually shall establish the fee for a shared sewage disposal facility.
 - (2) The fee shall be based on the historical operating, maintenance, and repair costs or an estimate of those costs for a new shared sewage disposal facility and the estimated replacement cost of the shared sewage disposal facility and shall include:
 - (i) Any anticipated costs pursuant to a systematic procedure established by the controlling authority;
 - (ii) Any surplus or deficit projected to exist at the end of the current fiscal year;
 - (iii) Any costs required to comply with a condition of the permit; and
 - (iv) Any costs required to comply with State laws and regulations governing shared sewage disposal facilities.
 - (3) After renewal of the permit, the fee shall include the estimated costs of complying with all State and local regulations and conditions of the permit.
- (e) *Timing of Initial Payment.* The initial fee is due at the time the property is connected to the shared sewage disposal facility.
- (f) *Payment by Developer:*

- (1) A developer may choose to pre-pay some or all of the operation, maintenance, repair, and replacement fee for a residential lot.
 - (2) If the developer prepays a fee for a residential lot, a subsequent owner of the lot is responsible for the difference between the actual fee and the amount pre-paid by the developer.
- (g) *Charge to Appropriate Accounts.* If the County is the controlling authority, the County shall charge the costs of its operations, maintenance, repair, and replacement activities for shared sewage disposal facilities to the appropriate accounts included in the budget for the current fiscal year and funded by the annual operations, maintenance, repair, and replacement fees paid by owners of residential lots under this section.

(C.B. 16, 2006, § 2)

Sec. 20.803. - Billing; interest; collection of fees.

- (a) *Billing.* The controlling authority shall periodically bill the owner of a residential lot for the annual operations, maintenance, repair, and replacement fee.
- (b) *Interest.* If the owner of a residential lot does not pay the amount billed within 30 days after the billing date, the controlling authority may add interest at the rate of one and one-half percent to the unpaid Amount for every month, or portion thereof, that the bill remains unpaid.
- (c) *Collection of Fees.* If the County is not the controlling authority, the County may enter into a written agreement with the controlling authority to collect the annual operations, maintenance, repair, and replacement fee from the owner of a residential lot in accordance with this section.

(C.B. 16, 2006, § 2)

Sec. 20.804. - Advances from the general fund.

- (a) *Authority.* If the County is the controlling authority, the Director of Finance may make advances from the general fund for shared sewage disposal facilities if:
 - (1) (i) There are insufficient funds in the account for a shared sewage disposal facility to pay for routine maintenance of the facility; and
 - (ii) The funds are prepaid by the County from future operations, maintenance, repair, and replacement fees paid by the owners of residential lots; or
- (2) (i) The amount in the account for unplanned major replacement costs for any shared sewage disposal facility is insufficient to cover the cost to the County of an unplanned major replacement; and
- (ii) The funds are repaid by the County from that portion of any future operations, maintenance, repair, and replacement fees earmarked for major replacement costs.
- (b) *Agreement.* If the County is not the controlling authority, the Director of Finance may not advance funds from the general fund unless a written agreement for repayment is entered into between the County and the controlling authority.
- (c) *Billing When Advance from General Fund.* Regardless of whether the County is the controlling authority, the County may collect the annual operations, maintenance, repair, and replacement fee from the owner of a residential lot if an advance from the general fund is made under this section.

(C.B. 16, 2006, § 2)

SUBTITLE 9. - REFUSE COLLECTION CHARGE

Sec. 20.900. - Definitions.

- (a) *In General.* In this subtitle the following terms have the meanings indicated:
- (b) *Residential property* means:
 - (1) Real property under a single tax account that is improved with one or more dwelling units and that is assessed on the basis of residential use.
 - (2) Includes single-family residences and separately owned town houses and condominium units.
 - (3) Does not include rental apartment buildings or mobile home parks.
- (c) *Dwelling unit* means one or more rooms in a structure arranged and designed to be used by a single-family for living and sleeping purposes and having a kitchen or kitchenette.
- (d) *Ellicott City Refuse Collection Zone* means:
 - (1) The improved real property in the Ellicott City area of the County that is not residential property, for which the County provides refuse collection service.
 - (2) The council shall define the Ellicott City Refuse Collection Zone in the resolution that establishes the refuse collection charge.
- (e) *Refuse collection service* means the collection and disposal by the County of solid waste.

(C.B. 38, 1998; C.B. 15, 2008, § 2)

Sec. 20.901. - Refuse collection charge.

- (a) *Refuse Collection Charge for Residential Property.* There is a refuse collection charge levied annually on all residential property for which the County provides refuse collection service.
 - (1) Except as otherwise provided in this subsection, the Council shall levy a uniform basic charge on each residential property for which the County provides refuse collection service.
 - (2) The owner of a residential property on which there is more than one dwelling unit may apply to the Department of Public Works to receive refuse collection service for additional dwelling units. The charge levied on residential property that receives additional service shall be the uniform basic charge multiplied by the number of dwelling units receiving refuse collection service.
 - (3) The uniform basic charge for residential property for which refuse collection service is provided shall be established by resolution of the County Council.
 - (4) The County Council shall establish by resolution the uniform basic charge for residential property for which collection service is provided and the quantity of refuse collected for the basic charge.
- (b) *Refuse Collection Charge for Ellicott City Refuse Collection Zone.* There is a refuse collection charge levied annually on property in the Ellicott City Refuse Collection Zone.
 - (1) The Council shall levy a uniform basic charge on property in the Ellicott City Refuse Collection Zone, and may include a surcharge for commercial uses which generate a significant quantity of refuse.
 - (2) The County Council shall establish by resolution the uniform basic charge and the amount of any surcharge imposed on property in the Ellicott City Refuse Collection Zone.

(C.B. 38, 1998)

Sec. 20.902. - Billing and collection.

- (a) *Billing Procedure.* The Department of Finance shall include the refuse collection charge as a separate item on the real property tax bill for each property for which the County provides refuse collection service.
- (b) *Collection; Enforcement.* The refuse collection charge under this subtitle shall be collected in the same manner as County real property taxes and shall have the same priority, rights, and bear the same interest and penalties, and be enforced in the same manner as County real property taxes.

(C.B. 38, 1998)

Sec. 20.903. - Collection of excess refuse.

- (a) *Additional Refuse.* The Department of Public Works may provide for the collection of additional quantities of refuse or for additional refuse collection services from residential property upon the payment of a fee.
- (b) *Establishment of Fee.* The County Council shall establish by resolution any fees authorized by subsection (a) of this section.

(C.B. 38, 1998; C.B. 15, 2008, § 2)

Sec. 20.904. - Refuse collection charge assistance program.

- (a) *Program Established.* There is a refuse collection charge assistance program, administered by the Department of Finance, to assist individuals who qualify under the program in payment of the refuse collection charge established under this subtitle.
- (b) *Application and Eligibility:*
 - (1) *Application.* Application for assistance under the program shall be made to the Department of Finance on forms prescribed by it, and shall include sufficient information and documentation to allow the Department of Finance to evaluate the eligibility of the Applicant.
 - (2) *Eligibility.* An individual is eligible for assistance under the program if:
 - (i) The individual:
 - a. Owns residential property for which the County provides refuse collection services; or
 - b. Owns a mobile home that is located in a mobile home park in the County, for which the County provides refuse collection service, if the individual submits evidence that he or she is paying the refuse collection charge to the park owner under subsection 16.511(d) of the County Code;
 - (ii) The individual's income is 250 percent or less of the poverty level, as established by the U.S. Department of Health and Human Services, and adjusted for family size; and
 - (iii) On July 1 of the year in which application is made, the individual:
 - a. Resides in the property for which refuse collection services are provided; or
 - b. In the case of a mobile home owner, the individual resides in the mobile home.
- (c) *Amount of Assistance.* Upon determination of eligibility, the Department of Finance shall provide assistance in the form of a grant or a credit in the amount of 60 percent of the refuse collection charge.

(C.B. 38, 1998; C.B. 15, 2008, § 2; C.B. 36, 2008, § 1)

SUBTITLE 10. - STREETLIGHT DISTRICT CHARGES

Sec. 20.1000. - Purpose.

- (a) In order to finance the material and installation costs, as well as the maintenance and operating costs for the two-year period commencing on the date of completion of the installation of the first streetlight, of all the new streetlights in a streetlight district created in accordance with title 18, subtitle 8, "streetlights," of the Howard County Code, there is hereby levied a charge against all real property, improved and unimproved, within a streetlight district.
- (b) The charge shall be levied, collected and have the same priority, right and bear the same interest and penalties and in every respect be treated the same as County taxes.
- (c) All receipts from the charges pursuant to this section shall be credited by the Director of Finance to a special account established on his books; and the receipts shall be used only for the purpose of the installation and material costs, as well as the maintenance and operating costs, of a streetlight district.

(C.B. 38, 1998)

Sec. 20.1001. - Charge computation.

The annual charge for each parcel within a streetlight district shall be computed using the following formula:

Charge =	$\frac{avp}{avps}$	x	$\frac{c}{2}$
----------	--------------------	---	---------------

Where:

avp = Current assessed value of specific parcel or property and improvements thereon.

avps = Total current assessed values of all parcels and properties and improvements thereon in the district.

c = The sum of:

- (1) The total estimated material and installation costs for all proposed new streetlights in the district, reduced by the amount of advance payments or legally binding commitments (other than the charges imposed by this subtitle of the Howard County Code) from persons or entities to pay part or all of such material or installation costs; and
- (2) The total projected operating and maintenance costs for the proposed new streetlights for a period of two years commencing with the installation of the first new streetlight in the district.

(C.B. 38, 1998)

SUBTITLE 11. - WATERSHED PROTECTION AND RESTORATION^[7]

Footnotes:

--- (7) ---

Editor's note— Section 2 of C.B. 38-2013 set out provisions as follows: "And Be It Further Enacted by the County Council of Howard County, Maryland, that, for a non-residential property with a Watershed Protection and Restoration Fee that exceeds \$10,000: (1) For Fiscal Year 2014, the property owner shall pay the greater of 50% of the Watershed Protection and Restoration Fee or \$10,000. (2) For each other Fiscal Year, the property owner shall pay 100% of the Watershed Protection and Restoration Fee."

Sec. 20.1100. - Purpose; applicability.

- (a) *Purpose.* To protect the public health, safety, and welfare, the County's Stormwater Management, Storm Drainage, and Water Quality Programs must be supported by an adequate, sustainable source of revenue. All real property in the County, including property owned by tax-exempt entities, benefits from these County programs and services. Further, those with higher amounts of uncontrolled impervious area contribute greater amounts of stormwater or pollutants to the County's stormwater management facilities, storm drains, and streams, and therefore should carry a proportionate burden of the cost. Therefore, the County has determined that it is in the interest of the public to enact a watershed protection and restoration fee that allocates program costs to all owners of improved real property based on impervious surface measurement, as described in this subtitle.
- (b) The watershed protection and restoration fee shall be charged on all improved property in the County, except for property exempted under Section 4.202.1 of the Environment Article of the Annotated Code of Maryland.

(C.B. 8, 2013, § 2)

Sec. 20.1101. - Definitions.

Except as provided below, terms used in this subtitle shall have the meanings set forth in section 18.901 of this Code:

- (a) *Fee* means the watershed protection and restoration fee.
- (b) *Fund* means the Watershed Protection and Restoration Fund.
- (c) *Impervious surface measurement* means the number of square feet of horizontal impervious area.
- (d) *Impervious unit* means 500 square feet.
- (e) *Impervious unit rate* means the monetary amount established by Resolution of the County Council that, when multiplied by the impervious units on a property, determines a nonresidential property's Watershed Protection and Restoration Fee.
- (f) *Office* means the Office of Community Sustainability.

(C.B. 8, 2013, § 2; C.B. 38, 2013, § 1(2); C.B. 3, 2015, § 1)

Sec. 20.1102. - Watershed protection and restoration fund.

- (a) *Dedicated Fund.* In accordance with Title 4, Subtitle 2 of the Environment Article of the Annotated Code of Maryland, the County's Watershed Protection and Restoration Fund is hereby established as a dedicated, non-lapsing, Enterprise Fund.
- (b) *Revenue.* The following revenue shall be deposited into the fund:
 - (1) Monetary contributions to meet the provisions of title 18, subtitle 9 of this Code regarding stormwater management alternatives;

- (2) All monetary fines, penalties, and costs associated with violations of title 18, subtitle 3 and subtitle 9 of this Code;
 - (3) All money collected from the imposition of the fee;
 - (4) All interest or other income earned on the investment of money in the fund; and
 - (5) Any additional money made available from any sources for the purposes for which the fund has been established.
- (c) *Expenses.* In accordance with Title 2, Subtitle 4 of the Environment Article of the Annotated Code of Maryland and subject to subsection (d) of this section, the fund shall only be used for the following expenses:
- (1) Capital improvements for stormwater management including stream and wetland restoration projects;
 - (2) Operation and maintenance of stormwater management systems and facilities;
 - (3) Public education and outreach relating to stormwater management or stream and wetland restoration;
 - (4) Stormwater management planning, including:
 - (i) Mapping and assessment of impervious surfaces; and
 - (ii) Monitoring, inspection, and enforcement activities to carry out the purposes of the fund;
 - (5) To the extent that fees imposed under Section 4-204 of the Environment Article of the Annotated Code of Maryland are deposited into the fund, review of stormwater management plans and permit applications for new development;
 - (6) Grants to nonprofit organizations for up to 100 percent of a project's costs for watershed restoration and rehabilitation projects relating to:
 - (i) Planning, design, and construction of stormwater management practices;
 - (ii) Stream and wetland restoration; and
 - (iii) Public education and outreach related to stormwater management or stream and wetland restoration; and
 - (7) Reasonable costs necessary to administer the fund.
- (d) *Expenditure Priority.* Subject to the County Executive's budget authority under the Charter, the first priority for expenditure of revenue from the watershed protection and restoration fee collected under this subtitle shall be to pay the debt service on bonds, notes, and other obligations issued to finance or refinance capital improvements or related expenses in connection with stormwater management systems and facilities.

(C.B. 8, 2013, § 2)

Sec. 20.1103. - Watershed protection and restoration fee.

- (a) The County shall charge and a property owner shall pay an annual Watershed Protection and Restoration Fee.
- (b) The fee shall be adopted by resolution of the County Council.
- (c) *Setting the Rate.* The County Council shall adopt by resolution a schedule of impervious unit rates and a schedule of rates for residential properties.
- (d) *Method of Calculation.* The fee based on the amount of impervious surface shall be calculated as follows:

- (1) Determine the impervious surface measurement in square feet for the property, rounded to the nearest whole impervious unit.
 - (2) Multiply the property's impervious units by the Impervious Unit Rate.
- (e) *Determining What Constitutes Impervious Area.* The County shall determine the impervious surface measurement for a property based on:
- (1) Analysis of aerial photography;
 - (2) Measurement from approved engineering drawings including, without limitation, as-built drawings or site plans;
 - (3) Field surveys signed and sealed by a Professional Engineer or Professional Land Surveyor licensed in the State of Maryland; or
 - (4) Inspections conducted by the Department.
- (f) *Agricultural Properties.* If a property has an agricultural use assessment as determined by the State Department of Assessments and Taxation, the fee shall be:
- (1) The residential rate if:
 - (i) The property has a fully implemented Soil Conservation and Water Quality Plan that has been approved by the Soil Conservation District or a forest conservation and management agreement with the Maryland Department of Natural Resources; or
 - (ii) The property owner has agreed to enter into, and is in the process of implementing, a soil conservation and water quality plan; or
 - (2) Computed based on the impervious surface measurement calculated for the entire property, if the property has not implemented a Soil Conservation and Water Quality Plan approved by the Soil Conservation District.

(C.B. 8, 2013, § 2; C.B. 38, 2013, § 1(3))

Sec. 20.1104. - Schedule of rates; regulations.

- (a) The County Council shall adopt by resolution a schedule of rates that shall include:
- (1) The impervious unit rate that may be based on certain variables relative to a property's characteristics;
 - (2) Rates for residential properties;
 - (3) Rates for credits awarded under section 20.1105 of this subtitle;
 - (4) Rates for reimbursements awarded under section 20.1106 of this subtitle; and
 - (5) Rates for reimbursements awarded under the Watershed Protection and Restoration Fee Assistance Program.
- (b) *Regulations.* The County may adopt regulations to administer the provisions of this subtitle.

(C.B. 8, 2013, § 2; C.B. 38, 2013, § 1(4))

Sec. 20.1105. - Credits.

- (a) *Authority.* The fee assessment may be adjusted through the use of credits.
- (b) *Eligibility.* An owner of a property subject to the fee may be eligible for an annual credit in the form of an annual reduction of the fee if the owner makes an investment in a stormwater best

management practice as defined in the Maryland Stormwater Design Manual published by the Maryland Department of the Environment.

- (c) *Ineligibility.* A credit may not be awarded:
 - (1) To a property owner who provides only aesthetic maintenance of a stormwater management facility, which for purposes of this section includes maintenance activities that are not essential to the proper operation or function of the facility; or
 - (2) For stormwater management facilities that are not functioning properly or as intended.
- (d) *Application Requirements and Certification Reports.* An application for a credit shall:
 - (1) Be made to the Office on forms prescribed by it;
 - (2) Be made on or before a date set by the Office;
 - (3) Include information and documentation to allow the Office to evaluate the eligibility of the applicant and the stormwater best management practice; and
 - (4) Be accompanied by an application fee of \$75.00.
- (e) *Amount of Credit.*
 - (1) Upon a determination of eligibility, the County shall provide a credit as set forth in a rate schedule adopted by Resolution of the County Council and the application fee shall either be applied towards the Applicant's tax account or refunded.
 - (2) If the County Executive determines that the balance in the County's Watershed Protection and Restoration Fund is sufficient to cover the costs that are reasonably expected during the current and following fiscal year, the County Council may authorize, at the request of the County Executive, an additional credit of up to 100 percent of the Watershed Protection and Restoration Fee for each property that is subject to the fee.
- (f) *Credit Recertification for Continued Credit.* In order to remain eligible for a credit, a property owner shall submit a recertification application:
 - (1) Every three years;
 - (2) At the owner's expense; and
 - (3) To the Office on a form provided by it.
- (g) *Inspections.* The Department, or its designee, may enter upon any property to inspect stormwater best management practices for which a credit is awarded. Credits may not be awarded if a property owner refuses to permit an inspection.
- (h) *Proration.* The fee shall not be prorated for a credit approved by the County during the billing year and any approved credits shall be applied to the next billing cycle.
- (i) *Nonprofit Entities.* A nonprofit entity that qualifies as not for profit under the Internal Revenue Code may receive a credit for stormwater treated on its property under one of the two following options:
 - (1) *Equivalent percentage.* The nonprofit entity may receive a credit that is equivalent to the percentage of stormwater treated onsite; or
 - (2) *Maximum percentage.*
 - (i) A nonprofit entity may receive a credit of up to 100 percent of the fee if the nonprofit entity:
 - a. Allows the County to enter onto its property to assess the property and to advise the nonprofit entity of ways to treat stormwater to the maximum extent practicable; and
 - b. Implements the improvements recommended by the County.
 - (ii) *County assistance.* The County may:

- a. Award grants to nonprofit entities to assist with the payment for improvements to treat stormwater to the maximum extent practicable; or
- b. Waive the fee until work is completed and the credit is awarded.

(C.B. 8, 2013, § 2; C.B. 38, 2013, § 1(5); C.B. 3, 2015, § 1; C.B. 20, 2016, § 1)

Sec. 20.1106. - Reimbursements.

- (a) *Authority.* The fee assessment may be adjusted through the use of reimbursements when an investment in an on-site stormwater best management practice reduces the impact on the public stormwater management system.
- (b) *Eligibility.* An owner of a property subject to the fee may be eligible for a one-time partial reimbursement for the cost of a stormwater best management practice when the property owner is able to show that the practice has been completed and is functioning as designed.
- (c) *Application Requirements.* An application for a reimbursement shall:
 - (1) Be made to the Office on forms prescribed by it;
 - (2) Be made on or before the earlier of a date set by the Office or 12 months after the completion of work; and
 - (3) Include information and documentation to allow the Office to evaluate the eligibility of the Applicant and the stormwater best management practice.
- (d) *Amount of Reimbursement.* Upon a determination of eligibility, the County shall provide a reimbursement in an amount set forth in a rate schedule adopted by resolution of the County Council.
- (e) *Annual limit on amount of reimbursements awarded.*
 - (1) During a fiscal year, the total of all reimbursements awarded under this section shall not exceed an amount set forth in the annual budget and appropriation ordinance.
 - (2) Reimbursements shall be awarded in the order in which the Office receives complete applications under subsection (d) of this section.

(C.B. 8, 2013, § 2; C.B. 3, 2015, § 1)

Sec. 20.1107. - Billing; method of collection; interest and penalties.

- (a) *Billing Procedure.* The Department of Finance may include the Watershed Protection and Restoration Fee as a separate item on the real property tax bill for each property subject to the fee. Contact information for questions and appeals shall be included with the bill's mailing.
- (b) *Due.* The watershed protection and restoration fee shall be considered delinquent if not paid on or before the due date shown on the bill.
- (c) *Interest Accrual.* Unless the fee billed to a property owner is under active appeal, interest on an overdue payment accrues according to the same schedule and at the same rate charged for delinquent real property taxes until the owner has remitted the outstanding payment and interest in full.
- (d) *Collection; Enforcement.* The fee charged pursuant to this subtitle shall be collected in the same manner as County real property taxes and shall have the same priority, rights, and bear the same interest and penalties, and be enforced in the same manner as County real property taxes. The unpaid charge is a lien against the property and, accordingly, the lien has the same priority as a lien imposed for nonpayment of real property taxes.

(C.B. 8, 2013, § 2; C.B. 38, 2013, § 1(6); C.B. 20, 2016, § 1)

Sec. 20.1108. - Adjustment of the watershed protection and restoration fee.

- (a) Any property owner may request an adjustment of the watershed protection and restoration fee by submitting a request in writing to the Administrator of the Office within 30 days after the date the bill is issued to the property owner. Grounds for adjustment of the fee are limited to the following:
 - (1) An error was made regarding the impervious surface measurement of the property;
 - (2) There is a mathematical error in calculating the fee; or

Sec. 20.1109. - Watershed Protection and Restoration Fee Assistance Program.

- (a) *Program Established.* There is a Watershed Protection and Restoration fee assistance program, administered by the Department of Finance, to assist property owners who qualify under the program in payment of the fee established under this subtitle.
- (b) *Residential Application and Eligibility.*
 - (1) *Application.* An application for assistance under the program shall be made to the Department of Finance on forms prescribed by it, and shall include sufficient information and documentation to allow the Department of Finance to evaluate the eligibility of the Applicant.
 - (2) *Eligibility.* An Applicant is eligible for assistance under the program if:
 - (i) The Applicant is an individual who:
 - 1. Owns residential property for which the Watershed Protection and Restoration Fee applies;
 - 2. Has an income of 250 percent or less of the poverty level, as established by the U.S. Department of Health and Human services, and adjusted for family size; and
 - 3. On July 1 of the year in which application is made, resides in the property which is subject to the Watershed Protection and Restoration Fee.
- (c) *Nonresidential Properties.*
 - (1) For nonresidential properties owned by an entity which does not qualify as a not for profit under the Internal Revenue Code, the payment of the fee is a hardship if it exceeds:
 - (i) The percentage of the property's total property tax bill that is set in the fee schedule that the County Council adopts by resolution; or
 - (ii) One thousand dollars and the owner proves hardship to the satisfaction of the Administration, based on a review of:
 - 1. A recent certified financial statement or filed tax return;
 - 2. Other information regarding the severe economic hardship that the property owner is sustaining, including but not limited to, information from lenders, lien holders, creditors, attorneys, tax collectors, or others with knowledge about the economic condition of the property owner;
 - 3. Any notice of foreclosure on the property; and

4. Any other evidence that the property owner has no other reasonable means of relieving that economic hardship.
- (2) If the fee is a hardship under:
 - (i) Paragraph (1)(i) of this subsection, the property owner shall pay an amount equal to the total property tax bill multiplied by the percentage set in the fee schedule; or
 - (ii) Paragraph (1)(ii) of this subsection, the property owner shall pay \$1,000.00, subject to a payment plan acceptable to the Administration.

(C.B. 8, 2013, § 2; C.B. 38, 2013, § 1(7))

Sec. 20.1110. - Appeals.

Except where other appeal procedures are authorized in this subtitle, any property owner aggrieved by any determination, decision, or order relating to the watershed protection and restoration fee made by the Director of the Department of Public Works, the Director of the Department of Finance, or the Administrator of the Office may appeal such determination, decision, or order to the Board of Appeals within 30 days after such determination, decision or order is made. After notice and hearing, the Board of Appeals shall review the case consistent with its duly adopted Rules of Procedures. The Board of Appeals may not waive, set aside, or change any specific provision(s) of this subtitle.

(C.B. 8, 2013, § 2; C.B. 3, 2015, § 1)

Sec. 20.1111. - Report.

- (a) Subject to section 22.1000 of the County Code, with the cooperation of the Director of the Department of Public Works and the Director of the Department of Finance, the Administrator of the Office shall submit a report to the County Council that includes:
 - (1) Any information required by subsection 4-202.1(i) of the Environment Article of the Maryland Code;
 - (2) Financial data regarding:
 - (i) The imposition, collection, and disposition of the watershed protection and restoration fee;
 - (ii) The watershed protection and restoration fund, including balances, deposits, and disbursements;
 - (iii) Program costs;
 - (3) Information about reimbursements and grants;
 - (4) The number of appeals and whether the kinds of appeals suggests that changes to law or procedures are indicated;
 - (5) Information about applications for credits and credit awards;
 - (6) Year over year tax delinquency data as well as the number of properties, if any, in tax delinquency where the amount delinquent may be related to the stormwater fee;
 - (7) Information about applications for the fee assistance program and recommendations for program improvements, with a focus in the first year on the feasibility of establishing a fee assistance program for non-residential property owners;
 - (8) Projections for the next two years to show expenses, projected fee revenue, other anticipated sources of revenue, and any adjustments to the fee; and
 - (9) Any program recommendations.

- (b) The Administrator shall submit the report annually on or before March 1 for the preceding calendar year.

(C.B. 8, 2013, § 2; C.B. 3, 2015, § 1; C.B. 20, 2016, § 1; C.B. 43, 2018, § 1)

Sec. 20.1112. - Severability.

If any portion of this subtitle is held invalid or unconstitutional by a court of competent jurisdiction, such portion shall not affect the validity of the remaining portions of this subtitle. It is the intent of the County that this subtitle shall stand, even if a section, subsection, sentence, clause, phrase, or portion may be found invalid.

(C.B. 8, 2013, § 2)

SUBTITLE 12. - CLEAN ENERGY LOAN PROGRAM

Sec. 20.1200. - Definitions.

- (h) *Property Owner* means an owner of commercial property.
- (i) *Person* includes an individual, receiver, trustee, guardian, executor, administrator, fiduciary, or representative of any kind, or any partnership, firm, association, public or private corporation, limited liability company, nonprofit entity, or any other entity.

(C.B. 4, 2016, § 1)

Sec. 20.1201. - Program established; administration.

- (a) *Established* . There is a Clean Energy Loan Program to finance energy efficiency projects and renewable energy projects in accordance with section 1-1101, et seq., of the Local Government Article of the Annotated Code of Maryland.
- (b) *Rules and Regulations* . The Department may adopt rules and regulations to administer the Program consistent with this Subtitle.
- (c) *Program Administrator* . The County Executive may enter into an agreement with a private entity to administer the Program.

(C.B. 4, 2016, § 1)

Sec. 20.1202. - Scope and eligibility.

- (a) *Scope* . Commercial property owners are eligible to participate in the Program for nonaccelerating loans greater than \$15,000.00 for a term of up to 20 years.
- (b) *Eligibility* . In order to be eligible for a Clean Energy Loan, the property owner shall:
 - (1) Have a 100 percent ownership interest in the property located in Howard County for which improvements are proposed;
 - (2) Obtain an energy audit approved under program guidelines demonstrating that the energy savings projected to be obtained from the improvements over the life of the loan equal or exceed the principal and aggregate interest to be paid over the term of the loan;
 - (3) Demonstrate that the most recent property tax bill has been paid for the property;
 - (4) Provide a copy of written notice to all current holders of a mortgage or deed of trust who have a priority recorded lien on the property and written proof of express consent to the loan as a priority lien by all current holders of a mortgage or deed of trust on the property; and
 - (5) Establish that the property owner is able to repay the loan based on criteria and methods set forth in Ann. Code of Md., Commercial Law article, §§ 12-409.1 and 12-925 and any criteria and methods required by the Clean Energy Lender.

(C.B. 4, 2016, § 1)

Sec. 20.1203. - Qualifying improvements and costs.

- (a) *Qualifying Improvements* . The following improvements, either new or replacement, qualify as energy efficiency projects or renewable energy projects under the Clean Energy Loan Program:
 - (1) Solar energy equipment;
 - (2) Geothermal energy devices;
 - (3) Wind energy systems;
 - (4) Water conservation devices not required by law;
 - (5) Any construction, renovation, or retrofitting of commercial property to reduce energy consumption, including, high efficiency lighting and building systems, heating ventilation air conditioning (HVAC) upgrades, high efficiency boilers and furnaces, high efficiency hot water heating systems, combustion and burner upgrades, fuel switching, heat recovery and steam traps, building shell or envelope improvements, fenestration improvements, building energy management systems, and process equipment upgrades; and
 - (6) Any other improvement approved by the County as qualifying as an energy efficiency project or renewable energy project.
- (b) *Qualifying Costs* . A Clean Energy Loan may be used to pay for all costs incurred by a property owner for the following costs in connection with the qualifying improvements:
 - (1) The cost of the energy audit;
 - (2) Feasibility studies and reports;
 - (3) The design, installation, and construction of the qualifying improvements;
 - (4) Commissioning;
 - (5) Energy savings or performance guaranty or insurance; and

(6) Closing costs of the loan.

(C.B. 4, 2016, § 1)

Sec. 20.1204. - Real property tax surcharge.

- (a) *Repayment of Loans* . A property owner participating in the Clean Energy Loan program shall repay the loan through a surcharge on the owner's real property tax bill. Upon receipt of written notice from the Clean Energy Loan Program Administrator of the execution of a Clean Energy Loan Financing Agreement, the County shall, add the surcharge to the tax property bill on July 1 of the year immediately following the execution of the Agreement. The surcharge shall constitute a first lien on the property from the date it becomes payable until the unpaid surcharge and interest and penalties on the surcharge are paid in full, regardless of a change in ownership, whether voluntary or involuntary. A person that acquires property subject to a surcharge assumes the obligation to pay the surcharge.
- (b) *Calculation* . The surcharge for a Clean Energy Loan shall include the Clean Energy Loan Obligation and any administrative costs incurred by the County. The included administrative costs shall be the actual expenses incurred to administer the program.
- (c) *Agreement* . The property owner shall execute an agreement with the County and the Clean Energy Lender that will be recorded in the Land Records of Howard County, at the expense of the owner, and which shall include:
- (1) The date the Clean Energy Loan was made to the property owner and the property became subject to the surcharge;
 - (2) The term of the Clean Energy Loan and the surcharge;
 - (3) The amount of the Clean Energy Loan Obligation and estimated county administrative costs for the first year;
 - (4) The annual principal and interest amount for each year of the term of the loan, including any partial year prorated amounts;
 - (5) The prepayment requirements and any prepayment premium that may apply, if the loan is a prepayable Clean Energy Loan;
 - (6) Agreement by the property owner to repay all Clean Energy Loan Obligations and the county's administrative costs through a surcharge included on the owner's real property tax bill due and payable on the same date as the real property tax bill;
 - (7) Acknowledgement by the property owner that an unpaid Clean Energy Loan surcharge constitutes a first lien on the property that has priority over prior or subsequent liens in favor of private parties, and that the surcharge will continue as a lien on the property from the date it becomes payable until the unpaid surcharge and interest and penalties on the surcharge are paid in full, regardless of a change in ownership of the property, whether voluntary or involuntary;
 - (8) Acknowledgement by the property owner and the lender that the County has no liability for the Clean Energy Loan Obligation or any costs associated with the collection of amounts due under the Clean Energy Financing Agreement; and
 - (9) Acknowledgement by the property owner that an overdue surcharge shall be collected pursuant to Ann. Code of Md., Tax-Property article, title 14, subtitle 8 and section 20.140 of this Code.
- (d) *Default* . If a property owner defaults on the Clean Energy Loan Surcharge, the lien will be collected pursuant to Ann. Code of Md., Tax-Property article, title 14, subtitle 8 and section 20.140 of this Code, irrespective of whether property taxes (or any other taxes, charges or assessments) are due and owing.

- (e) *Credit of Payments.* Payments received from a property owner shall be credited first to all County taxes, assessments, and charges.
- (f) *County to Forward Surcharges Collected .* The County shall forward the surcharges to the Clean Energy Lenders or the Program Administrator within 30 days of receipt.
- (g) *County Liability.* Except for the obligation to forward surcharges under subsection (f) of this section, the County does not incur any liability by participating in the Clean Energy Loan Program and the County shall not incur any liability to the Clean Energy Lender or others in the event of default.

(C.B. 4, 2016, § 1)

Sec. 20.1205. - Financing.

- (a) *Private Lenders; Terms.* Any private lender may provide a Clean Energy Loan, and the Clean Energy Financing agreement that evidences the loan may include any terms and conditions permitted by law.
- (b) *County Role.* The County's role in the Clean Energy Loan Program is limited to sponsoring the Program and collecting and forwarding the surcharges imposed under the Program. The County may not provide Clean Energy Loans or other financing in connection with the Program.

(C.B. 4, 2016, § 1)

State Law reference— Definitions, Ann. Code of Md. Tax-Property article, § 11-101 et seq.

Sec. 21.102. - Applicability.

Except as otherwise provided in this title or in the Maryland Vehicle Law, the provisions of this title apply to all drivers in Howard County and to all vehicles owned or operated in the County.

(C.B. 9, 1997)

Sec. 21.103. - Presumption of validity of traffic control devices.

- (a) *Presumed to Be Official Act.* Unless the contrary is established by competent evidence, if a traffic control device is placed in a manner that substantially conforms to the requirements of this title, the device is presumed to have been placed by the official act or direction of lawful authority.
- (b) *Presumed to Meet Legal Requirements.* Unless the contrary is established by competent evidence, if a traffic control device is placed in accordance with the provisions of this title and purports to meet the lawful requirements governing the device, the device is presumed to comply with the requirements of this title.

(C.B. 9, 1997)

Sec. 21.104. - Severability.

If a court determines that any word, phrase, clause, item, sentence or section of this title or any rule, order or regulation passed by the County Council pursuant hereto, or the application thereof to any person or circumstance, is held invalid, the remaining provisions and the application of such provisions to other persons or circumstances is not affected thereby.

(C.B. 9, 1997)

Sec. 21.105. - Emergency regulations.

The Chief of Police and the Director of Public Works, and the Director of Fire and Rescue Services, acting separately or in concert, may adopt regulations necessary to make effective the provisions of the traffic acts of this County and to make and enforce temporary or experimental regulations to cover emergencies or special conditions. A temporary or experimental regulation shall remain in effect for no more than 90 days.

(C.B. 19, 1975; C.B. 9, 1997)

Sec. 21.106. - Police Department to enforce title.

The Police Department shall enforce the provisions of this title and the Maryland Vehicle Law.

(C.B. 9, 1997)

SUBTITLE 2. - STANDING, STOPPING, AND PARKING OF VEHICLES; AUTOMATED ENFORCEMENT²¹

Footnotes:

--- (2) ---

State Law reference— Stopping, standing and parking, Ann. Code of Md. Transportation article, § 10-101 et seq.; general authority relative to parking, Ann. Code of Md. Transportation article, § 25-102(a)(1).

PART I. - PARKING ZONES AND ENFORCEMENT; AUTOMATED ENFORCEMENT

Sec. 21.200. - Parking enforcement.

- (a) *Parking Enforcement Officers.* The County Executive may designate parking enforcement officers to have concurrent jurisdiction with the Police Department in enforcing the provisions of this subtitle.
- (b) *Issuance of Citations.* When a Police Officer or parking enforcement officer finds that a vehicle is parked in violation of this title, the officer may issue a citation and shall deliver a citation to the operator of the vehicle.
- (c) *Unattended Vehicle.* If the vehicle is unattended, the officer shall place the citation on the vehicle in a secure and conspicuous location.
- (d) *Certification on Citation.* The citation shall bear the certification of the officer, under penalty of perjury, attesting to the truth of the facts set forth therein.
- (e) *Copies of Citation.* A copy of the citation shall be retained by the officer and the remaining copies shall be forwarded to the Department of Finance.
- (f) *Owner Presumed to Be Recipient.* In the absence of the operator, the registered owner of the vehicle is presumed to be the person receiving the citation.

(C.B. 9, 1997)

Sec. 21.201. - Collection of fines; procedures; authority of Director of Finance.

The Director of Finance may:

- (1) Establish procedures necessary to collect the fines and penalties imposed under this title;
- (2) Refund or waive towing charges or storage costs that have been improperly assessed; and

- (3) At the request of the issuing officer or agency, and as otherwise permitted by law, declare invalid and void any violation notice for stopping, standing, or parking violations. In all cases where the Director of Finance voids a citation, the reasons for the voiding shall be fully documented.

(C.B. 9, 1997)

Sec. 21.202. - Fines; intention to stand trial.

- (a) *Council to Set Fines.* The County Council shall adopt by resolution a schedule of fines for violations of the parking laws under this subtitle. These fines shall be in addition to the costs payable to a political subdivision under section 7-301 of the Courts and Judicial Proceedings article of the Annotated Code of Maryland.
- (b) *Fines; Control of Citations.* Fines imposed under this subtitle shall be payable to the Director of Finance. The Director of Finance shall control the issuance of prenumbered violation notice forms to the Police Department and to designated parking enforcement officers and shall record the final disposition of each violation notice.
- (c) *Procedures for Election to Stand Trial:*
 - (1) If a recipient of a citation desires to stand trial for an offense, the recipient may elect to do so by notifying the Director of Finance of the intention to stand trial, at least five days prior to the payment date set forth in the citation.
 - (2) Upon receipt of notification that a recipient of a violation notice intends to stand trial for the offense, the Director of Finance shall forward to the district court a copy of the violation notice and a copy of the notice from the recipient indicating the intention to stand trial.
 - (3) At the time the notice of intention to stand trial is given, the recipient shall notify the Director of Finance that the recipient requests the presence, at the trial, of the officer who issued the citation. If the presence of the officer at the trial is not requested, the officer need not appear, and the copy of the citation bearing the certification of the officer shall be prima facie evidence of the matters set forth therein.

(C.B. 9, 1997)

Sec. 21.203. - Administrative handling fee; failure to comply with violation notice.

- (a) *Failure to Pay Fine.* If a person receiving a violation notice for a violation under this subtitle or under section 21-202.1 of the transportation article of the Annotated Code of Maryland fails to pay the appropriate fine for the violation by the date of payment set forth on the violation notice, and fails to file a notice of intention to stand trial for the offense, the Director of Finance or the Automated Enforcement Division shall send a written notice of the violation to the owner's last known address. If within 15 days from the date of notice the violation has not been satisfied, the offender shall pay a penalty as established by resolution of the County Council.
- (b) *Administrative Handling Fee.* If the Motor Vehicle Administration is notified, under section 21.205 of this subtitle, of a failure to pay a fine or to file a notice of intention to stand trial, a penalty as established by resolution of the County Council shall be imposed.

(C.B. 9, 1997; C.B. 40, 2000, § 1, 7-27-00)

Sec. 21.204. - Appeal.

Any person who elects to stand trial under this subtitle may appeal from the judgment of the district court as provided in the Maryland rules.

(C.B. 9, 1997)

Sec. 21.205. - Effect of parking or automated enforcement violation on vehicle registration.

- (a) *Notice to Motor Vehicle Administration.* The Director of Finance or the Automated Enforcement Division shall notify the Motor Vehicle Administration if a person who receives a citation for a violation under this title or under section 21-202.1 of the transportation article of the Annotated Code of Maryland, respectively:
- (1) Fails to pay the fine for the violation by the date specified in the citation; or
 - (2) Fails to file a notice of intention to stand trial for the violation.
- (b) *Effect of Notice.* If the Director of Finance or the Automated Enforcement Division notifies the Motor Vehicle Administration of a failure under subsection (a) of this section, the provisions of section 26-305 of the transportation article of the Annotated Code of Maryland apply, and the Motor Vehicle Administration will not register or transfer the registration of the vehicle involved in the violation, except in accordance with that section.

(C.B. 9, 1997; C.B. 40, 2000, § 1, 7-27-00)

Sec. 21.206. - Parking meters; installation, zones, and spaces.

- (a) *Parking Meter Zones.* The Department of Public Works may establish a parking meter zone on any highway or parking facility under the County's jurisdiction.
- (b) *Parking Meters.* In a parking meter zone established under this section the Department of Public Works shall:
- (1) Install parking meters; and
 - (2) Adequately inform the public concerning:
 - (i) The designation of parking spaces to the appropriate parking meter;
 - (ii) The days and hours when payment is required;
 - (iii) The cost to park for each interval of time;
 - (iv) Acceptable methods of payment; and
 - (v) The length of time for which parking is lawfully permitted.

(C.B. 93, 1995; C.B. 9, 1997)

Sec. 21.207. - Parking restrictions.

- (a) *Department of Public Works.* Except as provided in section 21.105 of this title, on property that is under the County's jurisdiction, the Department of Public Works may:
- (1) Prohibit or establish a time limit on parking on any highway; and
 - (2) Designate each parking space where a plug-in vehicle may be recharged.
- (b) *Signs.* The Department of Public Works shall place and maintain appropriate signs indicating a parking restriction under subsection (a) of this section.

(c) *Plug-in Vehicle Recharging Stations.*

- (1) In this section, plug-in vehicle means a vehicle that:
 - (i) Is made by a vehicle manufacturer;
 - (ii) Is manufactured primarily for use on a public street, road, and highway;
 - (iii) Has a rated unloaded gross vehicle weight of no more than 8,500 pounds;
 - (iv) Has a maximum speed capability of at least 55 miles per hour; and
 - (v) Is propelled to a significant extent by an electric motor that draws electricity from a battery that:
 - (A) For a four-wheeled vehicle, has a capacity of at least four kilowatt-hours;
 - (B) For a two-wheeled or three-wheeled vehicle, has a capacity of at least 2.5 kilowatt-hours; and
 - (C) Can be recharged from an external source of electricity.
- (2) Plug-in vehicle includes a qualifying vehicle that has been modified from the original manufacturer's specifications.
- (3) Except as provide in paragraph (4) of this subsection, a person may not stop, stand, or park a vehicle in a space that is posted for the exclusive use of plug-in vehicles:
 - (i) Under subsection (b) of this section for County property; or
 - (ii) By the property owner for private property.
- (4) A plug-in vehicle may be parked in a space that is posted for the use of plug-in vehicles.
- (5) A sign that designates a space under this subsection must meet be at least 12 inches by 18 inches and meet any applicable State or Federal standards for parking control signs.
- (d) (1) The Police Department may enforce this section on public property or private property.
- (2) The Police Department may impound a vehicle that is parked in violation of this section.

(C.B. 93, 1995; C.B. 9, 1997; C.B. 36, 2014, § 1; C.B. 7, 2016, § 1)

Sec. 21.208. - Curb loading zones and permits.

- (a) *Zones Established.* The Department of Public Works may establish passenger and freight curb loading zones and shall place and maintain appropriate signs indicating the same and stating the hours during which the provisions of this section are applicable.
- (b) *Loading Zone Permits:*
 - (1) A person may apply to the Department of Public Works for a permit to establish a loading zone and to install signs to indicate the border of the zone.
 - (2) The Applicant shall pay an annual service fee plus the cost of installation of the signs, as established by resolution of the County Council. The Department of Public Works may impose conditions upon the use of the signs, and for reimbursement for the value thereof in the event of their loss or damage, and their return in the event of misuse or upon expiration of the permit.
 - (3) A permit under this section expires at the end of one year.

(C.B. 19, 1975; C.B. 9, 1997)

Sec. 21.209. - Public carrier stops and stands.

- (a) *Stops and Stands Established.* The Department of Public Works may establish bus stops, bus stands, taxicab stands, and stands for other passenger common-carrier motor vehicles so as to be of greatest benefit and convenience to the public.
- (b) *Signs.* The Department of Public Works shall post and maintain appropriate signs designating a bus stop, bus stand, taxicab stand or other stand.

(C.B. 19, 1975; C.B. 9, 1997)

Sec. 21.210. - Permits for loading or unloading; angle parking.

The Department of Public Works may issue special permits to permit the backing of a vehicle to the curb for the purpose of loading or unloading merchandise or materials subject to the terms and conditions of such permit. A permit under this section may be issued either to the owner or lessee of real property or to the owner of the vehicle and shall grant to the person the privilege as therein Stated and authorized herein.

(C.B. 19, 1975; C.B. 9, 1997)

Sec. 21.211. - Individuals with disabilities.

- (a) *Parking in General.* An individual with a disability to whom a special plate or parking permit for individuals with disabilities has been issued under the Maryland Vehicle Law:
 - (1) May park in the areas designated with the wheelchair emblem or established for individuals with disabilities;
 - (2) May park for unlimited periods in parking zones restricted as to the length of parking time permitted; and
 - (3) Is not required to pay parking meter fees established by the County.
- (b) *Exceptions.* The provisions of this section do not apply to zones where stopping, standing, or parking is prohibited to all vehicles or which are reserved for special types of vehicles, nor does this privilege apply where there is an ordinance prohibiting parking during heavy traffic periods during morning, afternoon or evening rush hours, or where parking would clearly present a traffic hazard.

(C.B. 9, 1997)

Sec. 21.212. - Stopping, standing or parking in spaces designated for individuals with disabilities.

- (a) *In General.* Except as provided in subsection (b) of this section, no limitations on parking, stopping, or standing may be placed on parking spaces reserved for individuals with disabilities.
- (b) *Prohibited Parking:*
 - (1) An individual may not stop, stand or park a vehicle in a space designated for individuals with disabilities unless the vehicle displays a valid:
 - (i) Special registration plate; or
 - (ii) Parking permit for individuals with disabilities.
 - (2) An individual may not park a vehicle so as to occupy the same space or any portion of a space where the space is already occupied by a vehicle displaying a special registration plate or parking permit for individuals with disabilities.
 - (3) An individual who operates a motor vehicle displaying a parking permit for a person with a disability may not use the privileges under section 21.211 of this subtitle, unless the person is:

- (i) A person with a disability who meets the requirements under the Maryland Vehicle law; or
 - (ii) Accompanied by a dependent, or a person who depends on the individual for transportation, who meets the requirements under the Maryland Vehicle Law.
- (c) *Signs.* Signs designating spaces reserved for individuals with disabilities shall prominently display the amount of the fine for a violation of this section.
- (d) *Vehicles Impounded.* The Police Department may impound a vehicle parked in violation of this section.

(C.B. 9, 1997)

Sec. 21.213. - Penalties.

- (a) *Criminal Penalties.* An individual who violates a provision of this subtitle, except section 21.407, is guilty of a misdemeanor, and on conviction is subject to a fine not to exceed \$100.00.
- (b) *Civil Penalties.* Alternatively or in addition to and concurrent with all other remedies, the Police Department may enforce the provisions of this subtitle, except section 21.407, with civil penalties under title 24, "civil penalties," of the Howard County Code. A violation shall be a Class D offense.

(C.B. 9, 1997)

Sec. 21.214. - Unsatisfied parking violation notices—Impoundment.

(a) *In General.*

- (1) This section applies to a commercial motor vehicle parked on a public street in Howard County, if the street is in or adjacent to a residential area or property zoned for residential use, that is:
- (i) Parked illegally and against which there is one or more unsatisfied parking violations; or
 - (ii) Parked legally and against which there are two or more unsatisfied parking violations.
- (2) The department of police may impound the vehicle in accordance with the procedures specified in section 21.250 of this subtitle if:
- (i) 1. For a vehicle with one unsatisfied parking violation, at least 90 days has elapsed since the unsatisfied parking violation was issued; or
 - 2. Otherwise, at least 30 days has elapsed since the most recent unsatisfied parking violation was issued and at least 90 days has elapsed since any other unsatisfied parking violation was issued; and
 - (ii) The Department of Finance has flagged the vehicle for impoundment.

(b) *Release of Impounded Vehicle.*

- (1) The Department of Finance shall issue an impounded vehicle release to the owner if the owner satisfies the outstanding parking violations and any associated penalties or fees.
- (2) If the owner demonstrates to the satisfaction of the Department of Finance that the vehicle should not have been impounded, the Department of Finance shall give the owner:
- (i) An impounded vehicle release; and
 - (ii) A waiver for the costs of towing and storage.
- (3) The owner of the impounded motor vehicle may repossess the vehicle by:
- (i) Presenting the impounded vehicle release to the custodian of the motor vehicle; and

- (ii) Paying the custodian the costs of towing and storage or presenting a waiver from the Department of Finance for the costs.

(C.B. 51, 2011, § 1)

Secs. 21.215—21.219. - Reserved.

PART II. - IN GENERAL

Sec. 21.220. - General prohibitions; applicability to disabled vehicles.

- (a) *In General.* Except as otherwise provided in this section, on any highway outside of a business district or residential district, an individual may not stop, park or leave standing on the roadway any vehicle, whether attended or unattended, when it is practicable to stop, park or so leave the vehicle off the roadway.
- (b) *Leaving Standing Vehicles.* Except as otherwise provided in this section, on any highway outside of a business district or residential district, an individual may not leave a vehicle standing without providing an unobstructed width of the roadway opposite the standing vehicle for the passage of other vehicles.
- (c) *Prohibited Stops.* Except as otherwise provided in this section, on any highway outside of a business district or residential district, an individual may not stop a vehicle unless it can be seen clearly from 200 feet away in each direction on the roadway.
- (d) *Disabled Vehicles.* This section does not apply to the driver of any vehicle that has become unintentionally disabled while on a highway in a manner and to an extent that it is impossible to avoid stopping and temporarily leaving the disabled vehicle in that position.

(C.B. 19, 1975; C.B. 9, 1997)

Sec. 21.221. - Stopping, standing or parking prohibited in specified places.

- (a) Except when necessary to avoid conflict with other traffic, or in compliance with law or directions of a Police Officer or traffic control device, an individual may not stop, stand, or park a vehicle:
 - (1) In front of or within five feet of a public driveway, or within a private driveway, without the consent of the owner or occupant of the premises;
 - (2) Within an intersection;
 - (3) Within a tee or modified tee turnaround;
 - (4) On a sidewalk or pathway;
 - (5) On a pedestrian or school crosswalk;
 - (6) Between a safety zone and the adjacent curb;
 - (7) Alongside or opposite any street excavation or obstruction when such stopping, standing or parking would obstruct traffic;
 - (8) Upon any bridge (or other elevated structure);
 - (9) Within a highway tunnel;
 - (10) On any ramp entering onto or exiting from any highway;
 - (11) On any property of the Howard County Board of Education where an official sign or curb markings prohibit or restrict such parking;

- (12) At any place where an official sign or curb markings prohibit stopping, standing or parking;
 - (13) Within 30 feet to the approach to any official regulatory signal, sign or traffic-control device located on the side of the roadway, with the exception of parking signs;
 - (14) On the roadway side of any vehicle stopped or parked at the edge or curb of a street;
 - (15) On the traveled portion of any roadway;
 - (16) Within 100 feet to the approach of an intersecting street, highway or commercial private property driveway, except in any residentially zoned district;
 - (17) In any hazardous or congested parking area posted as a no-parking, tow-away zone;
 - (18) Adjacent to the center island of a cul-de-sac; or
 - (19) Except as specifically authorized by section 21.207 of this subtitle, in a space posted for a plug-in vehicle.
- (b) The Police Department may impound a vehicle for a violation of subsection (a)(1), (2), (3), (4), (5), (7), (8), (9), (10), (14), (15), (17), or (19) of this section.

(C.B. 9, 1997; C.B. 36, 2014, § 2)

State Law reference— Similar provisions, Ann. Code of Md. Transportation article, § 21-1003.

Sec. 21.222. - Parking prohibited in specified places.

- (a) Except when necessary to avoid conflict with other traffic or in compliance with law or directions of a Police Officer or traffic control device, an individual may not park a vehicle in the following locations:
- (1) Within 15 feet of a fire hydrant;
 - (2) Within 20 feet of a crosswalk;
 - (3) Within 20 feet of the driveway entrance or exit to any fire station;
 - (4) Within 75 feet on the side of a street opposite the driveway entrance or exit to a fire station, when signs or red curb markings are present;
 - (5) On a curve or the brow of a hill where solid lines indicating a no-passing zone appear on the surface of the road;
 - (6) Within 50 feet of the nearest rail of a railroad crossing;
 - (7) Outside of any lines painted on a roadway or public parking area designating a parking space;
or
 - (8) On a highway or public parking area for more than 18 consecutive hours in a nonoperable, unregistered, untagged or disabled condition.
- (b) The Police Department may impound a vehicle for a violation of subsection (a)(8) of this section.

(C.B. 9, 1997; C.B. 8, 2016, § 1)

State Law reference— Similar provisions, Ann. Code of Md. Transportation article, § 21-1003.

Sec. 21.223. - Unattended motor vehicle.

The operator of a motor vehicle may not leave the vehicle unattended without first stopping the engine, locking the ignition, removing the key and effectively setting the brake thereon and, when standing upon any grade, turning the front wheels to the curb or side of the highway.

(C.B. 9, 1997)

Sec. 21.224. - Wheels parallel to curb.

Except as otherwise provided in this subtitle, the operator of a vehicle stopped or parked upon a two-way roadway shall stop or park the vehicle with the right-hand wheels parallel to and within 12 inches of the right hand curb or edge of the roadway.

(C.B. 9, 1997)

State Law reference— Similar provisions, Ann. Code of Md. Transportation article, § 21-1004.

Sec. 21.225. - Parking on one-way highway.

Except as otherwise regulated by the Department of Public Works under the provisions of this title, the operator of a vehicle stopped or parked upon a one-way roadway shall stop or park the vehicle parallel to the curb or edge of the roadway in the direction of authorized traffic movement, with:

- (1) The vehicle's right-hand wheels within 12 inches of the right-hand curb or edge of the roadway;
or
- (2) The vehicle's left-hand wheels within 12 inches of the left-hand curb or edge of the roadway.

(C.B. 9, 1997)

Sec. 21.226. - Curb loading zone.

- (a) *Standing in Passenger or Curb Loading Zone.* An individual may not stop, stand, or park a vehicle for any purpose or period of time other than for the expeditious loading or unloading of passengers in any place marked as a passenger curb loading zone during hours when the regulations applicable to such curb loading zone are effective, and then only for a period not to exceed 30 minutes.
- (b) *Standing in Freight Curb Loading Zone.* An individual may not stop, stand or park a vehicle for any purpose or length of time other than for the expeditious unloading and delivery or pickup and loading of materials in any place marked as a freight curb loading zone during hours when the provisions applicable to such zones are in effect. In no case shall the stop for loading and unloading of materials exceed 30 minutes.

(C.B. 9, 1997)

Sec. 21.227. - Stopping, standing or parking of buses.

- (a) The operator of a bus may not stand or park the bus on a highway at any place other than a bus stand so designated as provided herein.
- (b) The operator of a bus shall enter a bus stop, bus stand or passenger loading zone on a highway in such a manner that the bus, when stopped to load or unload passengers or baggage, shall be in a position with the right front wheel of the bus not farther than 18 inches from the curb and the bus approximately parallel to the curb so as not to unduly impede the movement of other vehicular traffic.

(C.B. 9, 1997)

Sec. 21.228. - Stopping, standing or parking of taxicabs.

The operator of a taxicab may not stop, stand or park the taxicab on a highway at any place other than in a taxicab stand so designated as provided herein. This section does not prohibit the operator of a taxicab from temporarily stopping in accordance with other stopping or parking regulations at any place for the purposes of and while actually engaged in the expeditious loading and unloading of passengers.

(C.B. 9, 1997)

Sec. 21.229. - Restricted use of bus and taxicab stands by unauthorized vehicles.

- (a) An individual may not stop, stand, or park a vehicle, other than a bus, in a bus stop, or other than a taxicab in a taxicab stand, when stopping or standing is prohibited, except that the driver of a passenger vehicle may temporarily stop therein for the purpose of and while actually engaged in loading and unloading passengers, when such stopping does not interfere with any bus or taxicab waiting to enter or about to enter the zone.
- (b) The Police Department may, when posted, impound a parked vehicle other than a bus or taxicab for violation of subsection (a) of this section.

(C.B. 9, 1997)

Sec. 21.230. - Parking time limited on certain streets.

If parking is restricted under section 21.207 of this subtitle, an individual may not park a vehicle on the highway for a longer period of time than is posted.

(C.B. 9, 1997; C.B. 17, 2003, § 5)

Sec. 21.231. - Stopping, standing or parking in special parking spaces.

- (a) *Reserved Parking Spaces.* No parking, stopping, or standing limitations may be placed upon those spaces reserved for circuit court judges, district court judges and County Officials.
- (b) *Impoundment of Unauthorized Vehicles.* When posted, the Police Department may impound an unauthorized vehicle parked in a space reserved under subsection (a) of this section.

(C.B. 9, 1997)

Sec. 21.232. - Parking commercial motor vehicles in residential areas.

- (a) *Parking Prohibited.* An individual may not park a commercial motor vehicle for more than six continuous hours on any highway in the residential areas of Howard County.
- (b) *Exceptions.* This section shall not apply to:
 - (1) Any motor vehicle which is designated by the motor vehicle administration as an emergency vehicle;
 - (2) Any motor vehicle owned by a public utility, or any other motor vehicle visibly identified as being under contract to a public utility; or

- (3) Any motor vehicle that is designed and constructed primarily to provide temporary living quarters for recreation and travel use.

(C.B. 9, 1997)

Sec. 21.233. - Parking in alleys or narrow streets.

An individual may not:

- (1) Park a vehicle within an alley so as to leave available less than 18 feet of the width of the roadway for the free movement of traffic; or
- (2) Stop, stand, or park a vehicle within an alley in a manner that blocks the driveway entrance to any adjacent property.

(C.B. 9, 1997)

Sec. 21.234. - Parking on commercial private property.

An individual may not stop, stand, or park a vehicle on any commercial private property after the property owner requests, by word or sign, the individual to remove the vehicle from the property or area of property; provided that any signs erected are consistent with the provisions of this title.

(C.B. 9, 1997)

Sec. 21.235. - Fire lanes.

- (a) *Creation of Fire Lanes* : In accordance with the Howard County Fire Prevention Code, the Department of Fire and Rescue Services shall determine whether a fire lane should be designated and shall create fire lanes consistent with standards included in the Code.
- (b) *Notice* . The Department of Fire and Rescue Services shall notify a property owner before designating the area established as a fire lane.
- (c) *Installation of Fire Lane Markings* . The property owner shall install fire lane markings or signs within 20 days of receipt of the notification under subsection (b) of this section.
- (d) *Penalties for Failure to Comply* . A property owner who fails to comply with the requirements of this section is subject to penalties as set forth in the Howard County Fire Prevention Code.
- (e) *Parking in Fire Lane Prohibited* . An individual may not stop, stand, or park a vehicle in a fire lane.
- (f) *Vehicle in Fire Lane Impounded* . The Police Department may impound a vehicle that is in violation of this section.

(C.B. 9, 1997; C.B. 8, 2016, § 1)

Sec. 21.236. - Parking meter violations; expired time.

- (a) *In General*. An individual may not park a vehicle in a designated parking meter space during the restricted or regulated time applicable to the parking meter zone in which the meter is located so that any part of the vehicle occupies more than one space or protrudes beyond the markings designating the space, except that a vehicle which is of a size too large to be parked within a single designated parking meter zone may occupy two adjoining spaces if the individual pays for each space so occupied as required in this title.

(b) *Payment and Time Limits:*

- (1) An individual may not park a vehicle in a parking meter zone during the restricted and regulated time applicable to the parking meter zone unless the applicable meter has been placed in operation and payment, as provided under this title, is made.
- (2) An individual may not permit a vehicle under the individual's control to be parked in a parking meter space during the restricted and regulated time applicable to the parking meter for the space, when the lawful parking time in the space has expired. This provision does not apply to the act of parking or the time required to make the appropriate payment.
- (3) This section does not relieve any person from the duty to observe other and more restrictive provisions of this title or the Maryland Vehicle Law prohibiting or limiting the stopping, standing or parking of vehicles in specified places or at specified times.

(c) *Parking Zones and Time Limits.* Parking meter zones are hereby established within the County or on the highways or parking facilities where regulated by parking meters between the hours and on the days specified.

(C.B. 9, 1997)

Sec. 21.237. - Angle parking.

- (a) *When Required.* On a highway that has been signed or marked by the Department of Public Works for angle parking, a person shall park or stand a vehicle at the angle to the curb or edge of the roadway indicated by such signs or markings.
- (b) *Violation of Permit for Angle Parking.* A permittee or other person shall comply with the terms or conditions of a permit issued under this section.

(C.B. 9, 1997)

Sec. 21.238. - Parking detached trailers and semitrailers on highway or County property.

- (a) An individual may not park a trailer or semitrailer that is detached from a motor vehicle on highway.
- (b) The Police Department may impound a trailer or semitrailer parked in violation of this section.

(C.B. 9, 1997)

Secs. 21.239—21.249. - Reserved.

PART III. - IMPOUNDMENT OF VEHICLES

Sec. 21.250. - Impoundment of vehicles.

- (a) *Impoundment Authorized.* When authorized under this subtitle or the Maryland Vehicle Law, the Police Department may remove a vehicle from a highway to an approved garage or to a site designated or maintained by the County.
- (b) *Notice to Known Owners.* When the Police Department impounds a vehicle as authorized in this subtitle and the officer knows or is able to ascertain from the registration records in the vehicle the name and address of the owner thereof, the officer shall, as soon as practicable, notify the owner that the vehicle has been impounded, the reasons for the impoundment, and the location of the vehicle. If the vehicle is stored in a public garage, a copy of the notice shall be given to the proprietor of the garage.

- (c) *When Owner is Not Known.* If the Police Department impounds a vehicle under this subtitle and does not know and is not able to ascertain the name of the owner, the Department shall give notice to the proprietor of any public garage in which the vehicle is stored. The notice shall include the date, time and place from which the vehicle was removed, the reason for the removal, and name of the garage or place where the vehicle is stored.
- (d) *Towing and Storage Costs.* Towing and storage costs shall be paid by the owner of the vehicle impounded.
- (e) *Election of Towing Service.* If the individual who parked a vehicle is present at the time the vehicle is proposed to be impounded, the individual may elect to secure a private towing service. This provision does not apply to foreign vehicles impounded for failure to comply with parking violation notices if the vehicle is being held for security on the outstanding citations.

(C.B. 9, 1997)

Sec. 21.251. - Establishment of rules and regulations.

The Chief of Police may establish rules and procedures as may be required to direct and regulate towing services under Police Department direction.

(C.B. 19, 1975; C.B. 9, 1997)

SUBTITLE 3. - TRAFFIC

Sec. 21.300. - Duties of the Department of Public Works.

The Department of Public Works shall:

- (1) Determine the installation and proper timing and maintenance of traffic control devices;
- (2) Conduct engineering analyses of traffic accidents to devise remedial measures;
- (3) Conduct engineering investigations of traffic conditions;
- (4) Plan the operation of traffic on the highways of this County;
- (5) Cooperate with other County Officials in the development of ways and means to improve traffic conditions; and
- (6) Carry out the additional powers and duties imposed by law.

(C.B. 9, 1997)

Sec. 21.301. - Police Department and Department of Fire and Rescue Services to direct traffic; traffic section.

- (a) *Police Department.* Personnel of the Police Department may direct traffic by voice, hand, or signal.
- (b) *Department of Fire and Rescue Services.* Notwithstanding any other provision of this title, in the event of a fire or other emergency, personnel of the Department of Fire and Rescue Services may direct traffic to expedite traffic or to safeguard pedestrians.
- (c) *Traffic Section Established.* There is, in the Police Department, a traffic section to be under the control of an officer appointed by and responsible to the Chief of Police.
- (d) *Duty of Traffic Section.* The traffic section shall:

- (1) Enforce the provisions of this subtitle and the Maryland Vehicle Law;
 - (2) Make arrests for traffic violations;
 - (3) Investigate accidents;
 - (4) Establish an accident towing program;
 - (5) Cooperate with the Department of Public Works and other County Officials in the administration of the traffic laws and in developing ways and means to improve traffic conditions; and
 - (6) Carry out other duties and responsibilities imposed by law.
- (e) *Traffic Section to Investigate Accidents.* The traffic section shall investigate traffic accidents and, arrest and assist in the prosecution of those persons charged with violations of law causing or contributing to such accidents.
- (f) *Traffic Accident Studies.* Whenever the accidents at any particular location become numerous, the traffic section shall cooperate with the Department of Public Works in conducting studies of such accidents and determining remedial measures.
- (g) *Traffic Accident Reports.* The traffic section shall maintain a suitable system of filing traffic accident reports. Selected groups of reports shall be forwarded to the Department of Public Works for its use and information.
- (h) *Accident Towing Program:*
- (1) To ensure public safety on County roads, there is an accident towing program in the traffic section of the Police Department.
 - (2) The traffic section shall establish criteria for the program, which covers the towing of:
 - (i) Private vehicles from collision scenes;
 - (ii) Disabled vehicles; and
 - (iii) Vehicles that impede the safe circulation of traffic on County roads or represent a threat to public safety.
 - (3) Contracts for the accident towing program shall be awarded by the office of purchasing through a competitive process under title 4 of this Code.
 - (4) A tow operator shall not charge more than a maximum rate that is set annually by resolution of the County Council.

(C.B. 9, 1997; C.B. 79, 2004)

Sec. 21.302. - Traffic control devices; authority.

The Department of Public Works shall place and maintain traffic control devices when and as required under County law or the Maryland Vehicle Law and may place and maintain additional traffic control devices as it may deem necessary to regulate, warn, or guide traffic under County law or the Maryland Vehicle Law.

(C.B. 9, 1997)

Sec. 21.303. - Traffic control devices; specifications.

All traffic control devices and their use shall conform to the Manual of Uniform Traffic Control Devices and Specifications approved by the State of Maryland. All traffic control devices in the County shall, so far as practicable, be uniform as to type and location.

(C.B. 9, 1997)

Sec. 21.304. - Testing traffic control devices.

The Department of Public Works may test traffic control devices under actual conditions of traffic.

(C.B. 9, 1997)

Sec. 21.305. - Sight distance obstructions to traffic.

(a) *Determination of Obstruction; Notification:*

- (1) The Director of Public Works may determine, based on Federal, State, or local standards, that a physical obstruction, except a building, located on private property, or any obstruction on a public right-of-way, so restricts the vision of drivers on a highway as to create a hazardous condition.
- (2) Based on a determination under paragraph (1) of this subsection, the Director of Public Works shall notify the property owner, in writing, of the condition, including:
 - (i) A statement of particulars in which the vision of motor vehicle operators is obstructed;
 - (ii) The steps necessary to correct the obstruction; and
 - (iii) A request that the property owner correct the obstruction.

(b) *Failure to Correct Obstruction.* If the property owner fails to comply with the letter requesting correction of the visibility obstruction within 30 days, an order of removal shall be issued to the property owner ordering the property owner to correct the visibility obstruction within 30 days.

(c) *Appeal of Order of Removal.* Any person aggrieved by an order under this section may, within ten days of the receipt of the order, petition the Director of Public Works, in writing, for a hearing. Within ten days from the receipt of the petition, the Director of Public Works shall hold a hearing, after which the Director may either affirm, modify or rescind the order. No official of the County Government may remove any obstruction or enforce any order issued hereunder until after such hearing by the Director of Public Works has been held, or until the time to petition for such hearing has expired, without such a petition having been filed, or until any appeal becomes final.

(d) *Failure to Comply with Order.* If a person fails to comply with an order issued under this section within the time specified, the Director of Public Works shall order the removal of all or such part of the obstruction as may be necessary to eliminate the hazardous condition.

(e) *Service on Property Owner.* All orders and notices issued by the Director of Public Works under this section shall be served on the person to whom they are directed either by registered mail or by personal delivery. If the recipient is known not to reside in and cannot be found in the County, service shall be made by publication once in a newspaper of general circulation in the County and by posting the same on the premises in a conspicuous manner. Service by publication and posting shall be deemed to be made on the day of publication or posting.

(f) *Corrective Action by Director.* The Director of Public Works may order the visibility obstruction to be removed by County personnel if the removal:

- (1) Would constitute an excessive economic burden on the property owner;
- (2) Involves regrading of both a public right-of-way and adjoining private property; or
- (3) Would result in the removal of vegetation located in the public right-of-way that has encroached upon adjoining private property.

- (g) *Work Plan.* If the Director of Public Works corrects the visibility obstruction with County personnel, a detailed description of work and/or construction plans and a work schedule shall be furnished to the property owner when private property is to be physically altered.

(C.B. 9, 1997)

Sec. 21.306. - Limitations on turning; business district.

The driver of a vehicle on a highway in a business district may not turn a vehicle so as to proceed in the opposite direction and may not, on any other highway, so turn a vehicle unless such movement can be made in safety and without interfering with other traffic.

(C.B. 9, 1997)

Sec. 21.307. - Snow emergency routes.

- (a) *Snow tires* defined. In this section, *snow tires* means those tires that are in a good state of repair and that:
- (1) Are normally designated by their manufacturer as snow tires;
 - (2) Are approved by the motor vehicle administration as meeting the standards of effectiveness required of normally designated snow tires; or
 - (3) Have anti-skid patterns cut into the treated surfaces, which are specifically designed to give effective traction on snow or ice-covered highways.
- (b) *Designation of Snow Emergency Routes.* The Director of Public Works may designate any County highway as a snow emergency route. When a highway is so designated, appropriate signs indicating this designation shall be placed along the highway.
- (c) *Declaration of Snow Emergency.* When a snow emergency is declared pursuant to the provisions of the Maryland Vehicle Law, which snow emergency encompasses Howard County, the snow emergency is effective for snow emergency routes designated under this section. A snow emergency, once declared, shall remain in effect until the Director of Public Works declares that the snow emergency is no longer in effect for County highways.
- (d) *Travel on Snow Emergency Routes.* An individual may not drive or attempt to drive a motor vehicle on a highway that is designated and posted as a snow emergency route and for which a snow emergency has been declared and is in effect, unless the vehicle is equipped with snow tires or chains on at least one wheel at each end of a driving axle.
- (e) *Parking on Snow Emergency Routes.* An individual may not park a vehicle on a highway that is designated and posted as a snow emergency route and for which a snow emergency has been declared and is in effect. The Police Department may impound a vehicle parked in violation of this subsection.

(C.B. 9, 1997)

Sec. 21.308. - Crosswalks and safety zones.

- (a) The Department of Public Works may designate and maintain, by appropriate traffic control devices, marks, or lines upon the surface of the roadway, crosswalks at intersections where there is particular danger to pedestrians crossing the roadway, and at such other places as are necessary.
- (b) The Department of Public Works may establish safety zones of such kind and character and at such places as may be necessary for the protection of pedestrians.

(C.B. 9, 1997)

Sec. 21.309. - Traffic lanes.

The Department of Public Works may mark with lines or other devices, traffic lanes on the roadway of any highway where a regular alignment of traffic is necessary.

(C.B. 9, 1997)

Sec. 21.310. - Applicability of State speed laws.

- (a) *In General.* Except as provided in subsection (b) of this section, provisions of the Maryland Vehicle Law regulating the speed of vehicles apply on all highways within the County.
- (b) *Department of Public Works May Set Speed Limits:*
 - (1) If authorized by the Maryland Vehicle Law, the Department of Public Works may determine, upon the basis of an engineering and traffic investigation, that certain speed regulations shall be applicable upon specified streets or in certain areas of the County.
 - (2) On the basis of that determination, the Department shall post signs giving drivers notice of the speed limit.
 - (3) If a sign is posted under this section, the driver of a vehicle shall obey the instructions thereon.

(C.B. 9, 1997)

Sec. 21.311. - Speed regulations.

- (a) *Department of Public Works to Declare Speed Limit.* If the Department of Public Works determines, on the basis of an engineering investigation, that the maximum speed permitted by State law is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the Department may determine and declare a reasonable and safe maximum limit thereon which:
 - (1) Decreases the limit at intersections;
 - (2) Increases the limit within an urban district, but not to more than 50 miles per hour; or
 - (3) Decreases the limit outside an urban district, but not less than 25 miles per hour.
- (b) *Proper Maximum Speed.* The Department of Public Works shall determine, by an engineering investigation, the proper maximum speed for all County highways and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under State law.
- (c) *When Speed Limit Effective.* Any altered speed limit established under this section shall be effective when appropriate signs giving notice thereof are erected upon the highway.
- (d) *Timing of Traffic Control Signals.* The Department of Public Works may regulate the timing of traffic control signals so as to permit the movement of traffic in an orderly and safe manner at speeds slightly at variance from the speeds otherwise applicable within the district or at intersections, and shall erect appropriate signs giving notice thereof.

State Law reference— Authority to regulate speed, Ann. Code of Md. Transportation article, § 25-102(a)(10); speed generally, Ann. Code of Md., Transportation article, § 21-801 et seq.

Sec. 21.312. - Turning movements.

- (a) *Authority to Place Devices Altering Normal Course for Turns.* The Department of Public Works may place official traffic control devices within or adjacent to intersections indicating the course to be traveled by vehicles turning at such intersections.
- (b) *Authority to Place Restricted Turn Signs.* The Department of Public Works may determine those intersections at which drivers of vehicles shall not enter or make a right, left or U-turn, and shall place proper signs at such intersections. The making of such turns may be prohibited between certain hours of any day and permitted at other hours, in which event the same shall be plainly indicated on the signs, or they may be removed when such turns are permitted.

State Law reference— Authority to regulate or prohibit turning of vehicles Ann. Code of Md. Transportation article, § 25-102(a)(9); turning movements, Ann. Code of Md., Transportation article, § 21-601 et seq.

Sec. 21.313. - Restrictions on use of certain vehicles.

- (a) *Weight Restrictions.* When posted, an individual may not operate a vehicle on a highway with a gross weight in excess of the amounts specified.
- (b) *Commercial Vehicles Restricted:*
 - (1) Except as provided in paragraph (2) of this subsection, when posted, an individual may not operate a commercial vehicle on a highway.
 - (2) Paragraph (2) of this subsection does not apply to a vehicle when delivering or picking up materials or merchandise, so long as the operator of the vehicle uses the most expeditious route for ingress and egress to the restricted area.
- (c) *Size Restrictions.* As provided in the Maryland Vehicle [Law], the Department of Public Works may restrict the size of vehicles on a highway.
- (d) *Restrictions upon Use of Streets by Certain Vehicles.* The Department of Public Works may determine and designate those heavily traveled streets upon which shall be prohibited the use of the roadway by motor-driven cycles, bicycles, horse-drawn vehicles or other nonmotorized traffic and shall erect signs giving notice thereof.
- (e) *Use of Certain Vehicles on Private Property.* An individual may not operate a minibike, motorcycle, go-cart or other similar vehicle on any private property, not owned or leased by the operator, unless the operator obtains written permission from the owner of the property. This written permission shall be displayed upon demand of any officer of the Police Department. The Police Department may impound the vehicle if the requirements of this subsection are not met.

(C.B. 9, 1997)

Sec. 21.314. - One-way streets and narrow streets.

- (a) *Authority to Sign One-Way Streets and Alleys.* Upon the basis of an engineering investigation, one-way streets and alleys are hereby designated as such whenever the Department of Public Works shall place and maintain signs giving notice thereof, and no such regulation shall be effective unless

such signs are in place. Signs indicating the direction of lawful traffic movement shall be placed at every intersection where movement of traffic in the opposite direction is prohibited.

- (b) *One-Way Streets and Alleys.* Upon those streets and parts of streets and in those alleys as shall be determined above, vehicular traffic shall move only in the indicated direction when signs indicating the direction of traffic are erected and maintained at every intersection where movement in the opposite direction is prohibited.
- (c) *Authority to Restrict Direction of Movement on Streets During Certain Periods.* The Department of Public Works may determine and designate a highway or specific lanes thereon upon which vehicular traffic shall proceed in one direction during one period and the opposite direction during another period of the day and shall place and maintain appropriate signs, markings, barriers or other devices to give notice thereof. The Department of Public Works may erect signs temporarily designating lanes to be used by traffic moving in a particular direction, regardless of the center line of the roadway.
- (d) *Narrow Highways.* The Department of Public Works may erect signs and/or curb markings indicating no parking on a highway when the width of the roadway does not exceed 24 feet, or upon one side of a street as indicated by such signs, when the width of the roadway does not exceed 30 feet.

SUBTITLE 4. - BICYCLES³

Footnotes:

--- (3) ---

State Law reference— -Authority to regulate bicycles, Ann. Code of Md. Transportation article, § 25-102(a)(8); bicycles and play vehicles, Ann. Code of Md. Transportation article, § 21-1201 et seq.

Sec. 21.400. - Policy.

It is the public policy of Howard County, Maryland, that the County is concerned about the safe operation of bicycles on public rights-of-way; and for this reason, in order to protect the health, welfare and safety of the residents of the County, it is necessary that reasonable regulations be promulgated to

permit the operation of bicycles in a prescribed manner and to require the use of safety equipment during their operation. These regulations are in addition to the Statewide bicycle regulations contained in the Maryland Vehicle Law.

(C.B. 9, 1997)

Sec. 21.401. - Scope.

- (a) The provisions of this subtitle apply throughout the County on public rights-of-way and publicly owned facilities under the jurisdiction of the County.
- (b) The parent, guardian or legal custodian of a minor shall not authorize nor knowingly permit the minor to violate this subtitle.

(C.B. 9, 1997)

Sec. 21.402. - Equipment for bicycle riders.

Any person less than 16 years of age operating or riding on a bicycle on a public roadway, bicycle path, or any right-of-way under the jurisdiction and control of the County shall wear a protective helmet designed for bicycle safety. Such helmet shall meet or exceed the standards set by the American National Standards Institute or the Snell Foundation.

(C.B. 9, 1997)

Sec. 21.403. - Use of sidewalk and pathways.

- (a) In this section, "play vehicle" includes a skateboard and similar devices.
- (b) This section does not apply on the following roads in historic Ellicott City:
 - (1) Main Street between the Patapsco River and Ellicott Mills Drive;
 - (2) Ellicott Mills Drive from Main Street to the first intersection with Fels Lane;
 - (3) Court Avenue;
 - (4) Church Road between Main Street and Sarahs Lane;
 - (5) Emory Street;
 - (6) Saint Paul Street between Maryland Avenue and College Avenue;
 - (7) Maryland Avenue between Main Street and Mulligans Hill Lane;

- (d) The Department of Public Works shall post signs along sidewalks and pathways that are closed to bicycles, play vehicles, or unicycles.

(C.B. 9, 1997; C.B. 3, 2016, § 1)

Sec. 21.403A. - Sharrows.

The Department of Public Works shall place and maintain shared lane markings, known as bike-and-chevron sharrows, on Main Street between Ellicott Mills Drive and the Patapsco River bridge in historic Ellicott City.

(C.B. 3, 2016, § 1)

Sec. 21.404. - Penalty for violation.

- (a) The provisions of this subtitle shall be enforced with civil penalties under title 24, "civil penalties," of the Howard County Code. A first offense violation of any of the provisions of this subtitle shall constitute a Class E offense; and a second offense violation of this subtitle within 12 months, shall constitute a Class D offense.
- (b) The court may waive any fine for which a person found guilty of violating the provision of section 21.402 of this subtitle would be liable, if the person supplies the court with proof that between the date of violation and the appearance date for such violation, the person purchased a helmet which meets the requirement of section 21.402 of this subtitle.

(C.B. 9, 1997)

SUBTITLE 5. - PUBLIC TRANSPORTATION

Sec. 21.500. - Public policy for transportation.

- (a) *Public Policy.* It is the public policy of Howard County, Maryland, to promote, encourage and assist public and private carriers in establishing efficient and viable public transportation services to the people of the County, to develop a comprehensive plan for providing public transportation services, and when consistent with any such plan duly adopted by the County Council, to establish, own and operate public transportation facilities.
- (b) *Definition.* In this subtitle *capital improvement master plan (C.I.M.P.) for transportation* means a plan proposed by the County Executive upon the recommendations of the Director of Planning and Zoning and the Director of Public Works, and adopted by the County Council pursuant to the provisions of section 22.405 of the County Code. The C.I.M.P. indicates the capital improvements to the County's road and bridge network and public transportation system to be constructed during the next ten years in order to implement the housing and employment growth projections of the County's general plan. The C.I.M.P. for transportation includes the roads, bridges, traffic lights, and public transportation system projects included in the Howard County Capital Budget and Capital Program and Extended Capital Program and the Maryland Consolidated Transportation Program.
- (c) *Requirement to Prepare C.I.M.P. and Review It Annually.* The Department of Public Works and the Department of Planning and Zoning shall jointly prepare the C.I.M.P. for transportation pursuant to the provisions of section 22.405 of the County Code. The Departments shall review the plan annually and shall submit updates as appropriate for adoption by the County Council.

(C.B. 9, 1997)

Sec. 21.501. - General powers and duties of County Executive.

The County Executive may:

- (a) Develop a comprehensive plan for providing public transportation in Howard County, Maryland, and to submit such a plan to the County Council for its approval. Such plan shall assess the needs for public transportation, the resources available to meet such needs, and shall recommend an orderly and economically viable procedure for development of public transportation services in the County, and shall be coordinated with State and regional transportation plans;
- (b) Contract with public agencies and firms, corporations or associations to provide public transportation services to Howard County residents;
- (c) Design, establish, and implement appropriate transportation programs consistent with local and regional planning;
- (d) Apply for, receive, and administer, grants, funds, services, equipment, real and personal property, and other valuable consideration from any source, to assist in the establishment, implementation and support of transportation programs that benefit County residents; and
- (e) Act as a liaison and coordinator in cooperation with local, regional, State, and Federal bodies and agencies in the field of public transportation.

(C.B. 9, 1997)

Sec. 21.502. - Multimodal Transportation Board.

- (a) *General Provisions.* General provisions applicable to the Multimodal Transportation Board are set forth in subtitle 3, "Boards and Commissions," of title 6, "County Executive and the Executive Branch," of the Howard County Code.
- (b) *Number of Members.* There is a Howard County Multimodal Transportation Board. The Howard County Multimodal Transportation Board shall consist of nine members. Non-voting ex officio members from State, regional, and County agencies may also be designated by the County Executive, but not to exceed four in number.
- (c) *Qualifications.*
 - (1) Each member shall be a resident of Howard County;
 - (2) Each member shall be experienced or interested in or a user of at least one of the following:
 - (i) Public transit, including fixed-route or paratransit;
 - (ii) Bicycle transportation;
 - (iii) Pedestrian transportation;
 - (iv) Road networks that promote all modes of transportation; or
 - (v) Transportation demand management.
 - (3) As new appointments are considered, special attention shall be given to ensure that a balance of expertise is maintained on the Board. The County Executive shall, when submitting the appointment of a potential Board member to the County Council for approval, also provide a statement of the balance of expertise among the existing members of the Board and an explanation of how the potential appointee's expertise will complement the current balance.
- (d) *Executive Secretary.* The Administrator of the Office of Transportation or the Administrator's designee shall serve as Executive Secretary to the Board and shall attend all meetings.

(C.B. 9, 1997; C.B. 20, 2017, § 1)

Sec. 21.503. - General powers and duties of Multimodal Transportation Board.

The Howard County Multimodal Transportation Board shall:

- (a) Initiate, advise, and assist in providing transportation options for Howard County residents and businesses, including, but not limited to:
 - (1) Public transit, including fixed-route and paratransit;
 - (2) Bicycle transportation;
 - (3) Pedestrian transportation;
 - (4) Road networks that promote all modes of transportation; and,
 - (5) Transportation demand management;
- (b) Make recommendations to the County Executive as requested or by its own initiation, concerning contracts with State and Federal agencies, firms, corporations, and associations to provide public transportation services to Howard County;
- (c) Encourage additional home-to-work transit services, including, but not limited to the modes of transportation described in subsection (a) of this section;
- (d) Assist in providing adequate public transportation for County residents having no alternative means of transportation;
- (e) Assist in increasing transportation access to health and human services, educational institutions, recreational facilities and other goods and services;
- (f) Develop and submit recommendations to County, State, and regional administrative bodies in planning comprehensive transportation services for Howard County residents;
- (g) Receive and coordinate public comment and complaints concerning transportation needs and to recommend actions thereon; and
- (h) Make recommendations, in consultation with the Transit and Pedestrian Advisory Group, to the Office of Transportation on any proposed permanent elimination or relocation of a transit stop in Howard County after notice is provided and at least one public meeting is held at which interested persons shall be afforded a reasonable opportunity to offer input into the proposed change; however, nothing in the foregoing shall preclude the County from the temporary elimination or relocation of a transit stop in the case of an emergency, provided that no such change shall be made permanent prior to completion of the Board's recommendation process described above; and
- (i) Furnish recommendations and provide information to the County Executive and the County Council on any matter concerning the present and future needs of public transportation in Howard County, including providing access to both the Baltimore and Washington areas through the transportation options described in this section.
- (j) At the directive of the County Executive or by resolution of the County Council, review and make recommendations on any matter related to public transportation in Howard County.

(C.B. 9, 1997; C.B. 20, 2017, § 1)

- (d) If a citation is issued on the basis of speed indicated by a flashing light, the speed system operator must verify that the flashing lights are operating properly.

(C.B. 13, 2011, § 2)

Sec. 21.602. - Report.

- (a) Subject to section 22.1000 of the County Code, regarding the use of speed monitoring systems in school zones, the Department of Police shall submit a written report to the County Council that shall include the following:
 - (1) Enforcement activity information including the location and frequency of the placement of speed monitoring systems;

- (2) Citation information including the number of initial violations photographed, the number of violations rejected, the number of citations issued, the number appealed, and the outcome of final adjudication;
 - (3) Collision information including a comparison of collision data in school zones before and after the use of speed monitoring systems;
 - (4) Any updated speed surveys that are conducted at select locations;
 - (5) Financial information including program costs, vendor fees, total fines collected, the amount of any fines collected in excess of program costs, and the actual or planned use for fines collected in excess of program costs;
 - (6) A list of school zones and specifically highlighting any changes from the previous year's report to either the school zone or the speed limit within the school zone;
 - (7) Any major problems or irregularities experienced; and
 - (8) Any program recommendations.
- (b) The Department of Police shall submit the report annually on or before March 1 for the preceding calendar year. At the request of the County Council, the report shall be presented at a public meeting.

(C.B. 13, 2011, § 2)

Sec. 21.603. - Notice.

- (a) The Department of Public Works shall place a sign at the beginning of each school zone indicating that a speed monitoring system may be in use in the school zone.
- (b) The Department of Police shall publish notice of the location of speed monitoring systems on its website.

(C.B. 13, 2011, § 2; C.B. 43, 2018, § 1)

SUBTITLE 7. - SCHOOL BUS MONITORING CAMERAS.

Sec. 21.700. - School bus monitoring cameras.

- (a) *Definitions.* For purposes of this section, the following terms shall have the meaning indicated.
 - (1) *School bus monitoring camera* has the meaning stated in section 21-706.1 of the Transportation Article of the Annotated Code of Maryland.
- (b) *In general.* The use of school bus monitoring cameras is authorized in Howard County in accordance with section 21-706.1 of the Transportation Article of the Annotated Code of Maryland.
- (c) *Enforcement.* The Howard County Department of Police may issue civil citations for violations of this section.
- (d) *Violations.* A person who commits a violation of section 21-706 of the Transportation Article of the Annotated Code of Maryland that is recorded by a school bus monitoring camera is subject to the maximum civil penalty allowed under section 21-706.1 of the Transportation Article of the Annotated Code of Maryland.

Editor's note— C.B. 32, 2014, § 2, amended the title of title 22 to read as herein set out. Formerly title 22 was titled General Provisions, Penalties and Rules of Interpretation.

SUBTITLE 1. - COUNTY FLAG AND COUNTY SEAL

Sec. 22.100. - County flag.

The Howard County flag is a red, white, green and gold design which incorporates part of the flag of the State of Maryland. Added to the basic design, on the first quarterly, a sheaf of wheat in gold. In the fourth quarterly, a green outline of the County is set in a triangle of gold. The remaining quarterlies are red. The flag is centered with the same red and white cross incorporated in the flag of the State of Maryland.

The design is as published in the Central Maryland News of June 6, 1968.

(C.B. 11, 1969)

Sec. 22.101. - County seal.

- (a) *Origin.* The seal of Howard County, Maryland, shall be a copy of the seal designed by Edward Stabler for the Howard District of Anne Arundel County, Maryland, and dated 1840.
- (b) *Design.* The seal, based on the Stabler design, is a shock of wheat, centrally dominant, with a hand plow to the left and a pike harrow to the right. All three are centered in a plowed field with tobacco plants growing in the foreground. Trees and rolling hills form the background. A cloudless sky forms the upper third of the design.
- (c) *Color Rendering.* When rendered in color, the design colors shall be: The sky, prussian blue-medium; the wheat, yellow ochre; the hills, graduated shades of terraverte; the tobacco plant in the foreground, chrome-green-medium; the trees, a dark shade of chrome green; the soil, burnt umber-medium; the spike harrow and the plow blade, ivory black diluted to gray; and the plow handles, burnt sienna-medium.
- (d) *Displaying.* The County seal shall be displayed on the wall of the County Council hearing room, Ellicott City, Maryland. The seal may be displayed in other County buildings.
- (e) *Attesting.* The duly elected County Executive of Howard County, the duly appointed Secretary to the County Council of Howard County, and the duly appointed County Administrator of Howard County shall attest to the County seal.
- (f) *Use.* It shall be unlawful for any person to make or use the seal, or reproduction thereof, for any purpose other than for the official business of Howard County, unless expressly approved in writing by the Chief Administrative Officer. The seal, or any representation or near representation, shall not be used for:
 - (1) Any political purpose, including, but not limited to mailers or handouts; or
 - (2) Any purpose which would mislead the public into believing they are dealing with a representative of Howard County.

- (g) *Penalties.* Any person who violates the provisions of subsection 22.101(f) of this subtitle is guilty of a misdemeanor and, upon conviction, is subject to a fine not exceeding \$1,000.00 for each occurrence and/or imprisonment not exceeding five months. Alternatively, in addition to and concurrent with all other remedies at law or equity the Chief Administrative Officer and Howard County may enforce the provisions of subsection 22.101(f) with civil penalties pursuant to title 21 "civil penalties" of the Howard County Code. A violation of this section is a Class B offense.

Editor's note— C.B. 50, 2011, § 1, adopted Nov. 11, 2011, repealed former Subt. 2, §§ 22.200—22.209, and enacted a new Subt. 2 as set out herein. Former Subt. 2 pertained to public ethics and originally derived from C.B. 14, 1982 and was amended by numerous ordinances. See the Code Comparative Table—Council Bills for complete derivation.

State Law reference— Local public ethics laws, Ann. Code of Md., State Government article, § 15-801 et seq.; public ethics laws required, Ann. Code of Md., State Government article, § 15-803; special provisions for Howard County, State Government article, § 15-848 et seq.

Sec. 22.200. - Short title.

This subtitle may be cited as the Howard County Public Ethics Law.

(C.B. 50, 2011, § 1)

Sec. 22.201. - Statement of purpose and policy.

- (a) Howard County, recognizing that our system of representative government is dependent in part upon the people maintaining the highest trust in their public officials and employees, finds and declares that the people have a right to be assured that the impartiality and independent judgment of public officials and employees will be maintained.
- (b) It is evident that this confidence and trust is eroded when the conduct of the County's business is subject to improper influence and even the appearance of improper influence.
- (c) For the purpose of guarding against improper influence, the County Council enacts this Public Ethics Law to require County elected officials, officials, employees, and individuals appointed to Boards and Commissions to disclose their financial affairs and to set minimum standards for the conduct of local government business.
- (d) It is the intention of the Council that this subtitle, except its provisions for criminal sanctions, be liberally construed to accomplish this purpose.

(C.B. 50, 2011, § 1)

Sec. 22.202. - Definitions.

In this subtitle, the following terms have the meanings indicated:

- (a) (1) *Business entity* means a corporation, general or limited partnership, limited liability company, limited liability partnership, sole proprietorship, joint venture, unincorporated association or firm, institution, trust, foundation, or other organization, whether or not operated for profit.

- (j) *Immediate family* means a spouse and dependent children.

- (k) (1) *Interest* means a legal or equitable economic interest, whether or not subject to an encumbrance or a condition, that is owned or held, in whole or in part, jointly or severally, directly or indirectly.
- (2) For purposes of section 22.204 of this subtitle, "interest" includes any interest held at any time during the reporting period.
- (3) *Interest* does not include:
 - (i) An interest held in the capacity of a personal agent, custodian, fiduciary, or personal representative, trustee, unless the holder has an equitable interest in the subject matter;
 - (ii) An interest in a time or demand deposit in a financial institution;
 - (iii) An interest in an insurance policy, endowment policy or annuity contract under which an insurer promises to pay a fixed amount of money either in a lump sum or periodically for life or a specified period;
 - (iv) A common trust fund or a trust which forms part of a pension or profit sharing plan which has more than 25 participants and which has been determined by the internal revenue service to be a qualified trust under the Internal Revenue Code;
 - (v) A college savings plan under the Internal Revenue Code; or
 - (vi) A mutual fund that is publicly traded on a national scale unless the mutual fund is composed primarily of holdings of stocks and interests in a specific sector or area that is regulated by the department in which the individual is employed.
- (l) *Lobbyist* means a person required to register and report expenses related to lobbying under section 22.207 of this subtitle.
- (m) *Lobbying* means:
 - (1) Communicating in the presence of a County official or employee with the intent to influence any official action of that official or employee; or
 - (2) Engaging in activities with the express purpose of soliciting others to communicate with a County official or employee with the intent to influence that official or employee.
- (n) *Official* means an elected official, an employee of the County, or a person appointed to or employed by the County or any County agency, board, commission, or similar entity:
 - (1) Whether or not paid in whole or in part with County funds; and
 - (2) Whether or not compensated.
- (o) *Person* includes an individual or business entity.
- (p) *Qualified relative* means a spouse, parent, child, brother or sister.

(C.B. 50, 2011, § 1; C.B. 5, 2015, § 1)

Sec. 22.203. - Administration.

- (a) There is a Howard County Ethics Commission that consists of five members, appointed by the County Executive with the concurrence of the County Council.
- (b) In addition to the qualifications set forth for board and commission members generally in title 6, subtitle 3 of this Code, members of the Ethics Commission shall not:
 - (1) Serve more than two consecutive terms;
 - (2) Hold or be a candidate for any elected or appointed Office of the United States, the State, any political subdivision or incorporated municipality of the State, or of any political party;

- (3) Be an employee of the County or of any political party; and
- (4) Be otherwise required to file a lobbying registration pursuant this subtitle.
- (c) (1) The Commission shall elect a chairman from among its members.
- (2) The term of the chairman is one year.
- (3) The chairman may be reelected.
- (d) A majority vote of the Commission shall consist of three or more votes. A quorum consists of three members present.
- (e) (1) The County Solicitor shall assist the commission in carrying out the Commission's duties;
- (2) If a conflict of interest under section 22.204 of this subtitle or other conflict prohibits the County Solicitor from assisting the Commission in a matter, the County shall provide sufficient funds for the Commission to hire independent counsel for the duration of the conflict.
- (f) The County Solicitor shall designate an Executive Secretary who shall attend all meetings.
- (g) The Commission is the advisory body responsible for interpreting this subtitle and advising persons subject to this subtitle regarding its application.
- (h) The Commission shall hear and decide, with the advice of the County Solicitor or other legal counsel if appropriate, all complaints filed regarding alleged violations of this subtitle by any person.
- (i) The Commission shall keep on file the minutes of its proceedings in accordance with State of Maryland's Open Meetings Act. The Commission, or an office designated by the Commission, shall retain as a public record all forms submitted by any person under this subtitle for the longer of:
 - (1) Four years after receipt; or
 - (2) If the person is an elected official, the entirety of the person's term.
- (j) The Commission shall conduct a public information and education program regarding the purpose and implementation of this subtitle.
- (k) The Commission shall certify to the state ethics commission on or before October 1 of each year that the County is in compliance with the requirements of the State Government Article, title 15, subtitle 8, of the Annotated Code of Maryland for Elected Local Officials.
- (l) The Commission shall:
 - (1) Determine if changes to this subtitle are required to be in compliance with the requirements of the State Government Article, title 15, subtitle 8, of the Annotated Code of Maryland; and
 - (2) Forward any recommended changes and amendments to the County Council for enactment.
- (m) (1) Any person subject to this subtitle may request an advisory opinion from the Commission concerning the application of this subtitle.
- (2) The Commission shall respond promptly to a request for an advisory opinion and shall provide interpretations of this subtitle based on the facts provided or reasonably available to the Commission within 60 days of the request.
- (3) In accordance with all applicable State and County laws regarding public records, the Commission shall publish or otherwise make available to the public copies of the advisory opinions, with the identities of the subjects deleted.
- (4) The Commission may adopt additional policies and procedures related to the advisory opinion request process.
- (n) (1) Any person may file a complaint with the Commission alleging a violation of any of the provisions of this subtitle.
- (2) A complaint shall be in writing and under oath; and

- (3) The Commission may refer a complaint to the County Solicitor, or other legal counsel if appropriate, for investigation and review.
 - (4) The Commission may reject without further proceedings any complaint which it deems to be plainly frivolous or which, assuming the facts alleged were true, does not state a violation of this subtitle.
 - (5) The Commission may dismiss a complaint if, after receiving an investigative report, the Commission determines that there are insufficient facts upon which to base a determination of a violation.
 - (6) If there is a reasonable basis for believing a violation has occurred, the subject of the complaint shall be given an opportunity for a hearing conducted in accordance with the applicable County Rules of Procedure.
 - (7) A final determination of a violation resulting from the hearing shall include findings of fact and conclusions of law.
 - (8) Upon finding a violation, the Commission may take any enforcement action provided for in section 22.208 of this subtitle.
 - (9)
 - (i) After a complaint is filed and until a final finding of a violation by the Commission, all actions regarding a complaint are confidential.
 - (ii) A finding of a violation is public information.
 - (10) The Commission may adopt additional policies and procedures related to complaints, complaint hearings, the use of independent investigators and staff, the use of witness and document subpoenas, and cure and settlement agreements.
- (o) The Commission may grant exemptions to or modifications of the conflict of interest and financial disclosure provisions of this subtitle to officials or employees serving as members of County boards and commissions, when the Commission finds that the exemption or modification would not be contrary to the purposes of this subtitle, and the application of this subtitle would:
- (1) Constitute an unreasonable invasion of privacy; and
 - (2) Significantly reduce the availability of qualified persons for public service.
- (p) The Commission may:
- (1) Assess a late fee of \$2.00 per day up to a maximum of \$250.00 for a failure to timely file a financial disclosure statement required under section 22.206 of this subtitle; and
 - (2) Assess a late fee of \$10.00 per day up to a maximum of \$250.00 for a failure to file a timely lobbyist registration or lobbyist report required under section 22.207 of this subtitle.
- (q) (1) The Executive Secretary or a designee, on behalf of the Commission, may issue subpoenas:
- (i) For the attendance of witnesses to testify; or
 - (ii) To produce documents and other evidence relevant and necessary to the administration and enforcement of this subtitle.
- (2) A subpoena shall be served by hand-delivering or mailing by certified mail a copy either to the person named or to an agent authorized by appointment or by law to receive service for the person named.
 - (3) A subpoena may be judicially enforced.

(C.B. 50, 2011, § 1; C.B. 5, 2015, § 1)

Sec. 22.204. - Prohibited conduct and interests.

(a) *Participation Prohibitions.*

- (1) Except as permitted by Commission regulation or opinion, an official or employee may not participate in:
 - (i) Except in the exercise of an administrative or ministerial duty that does not affect the disposition or decision of the matter, any matter in which, to the knowledge of the official or employee, the official or employee or a qualified relative of the official or employee has an interest.
 - (ii) Except in the exercise of an administrative or ministerial duty that does not affect the disposition or decision with respect to the matter, any matter in which any of the following is a party:
 - a. A business entity in which the official or employee has a direct financial interest of which the official or employee may reasonably be expected to know;
 - b. A business entity for which the official, employee, or a qualified relative of the official or employee is an officer, director, trustee, partner, or employee;
 - c. A business entity with which the official or employee or, to the knowledge of the official or employee, a qualified relative is negotiating or has any arrangement concerning prospective employment;
 - d. If the contract reasonably could be expected to result in a conflict between the private interests of the official or employee and the official duties of the official or employee, a business entity that is a party to an existing contract with the official or employee, or which, to the knowledge of the official or employee, is a party to a contract with a qualified relative;
 - e. An entity, doing business with the County, in which a direct financial interest is owned by another entity in which the official or employee has a direct financial interest, if the official or employee may be reasonably expected to know of both direct financial interests; or
 - f. A business entity that:
 1. The official or employee knows is a creditor or obligee of the official or employee or a qualified relative of the official or employee with respect to a thing of economic value; and
 2. As a creditor or obligee, is in a position to directly and substantially affect the interest of the official or employee or a qualified relative of the official or employee.
- (2) A person who is disqualified from participating under paragraph 1. of this subsection shall disclose the nature and circumstances of the conflict and may participate or act if:
 - (i) The disqualification leaves a body with less than a quorum capable of acting;
 - (ii) The disqualified official or employee is required by law to act; or
 - (iii) The disqualified official or employee is the only person authorized to act.
- (3) The prohibitions of paragraph 1. of this subsection do not apply if participation is allowed by regulation or opinion of the Commission.
- (4) A former regulated lobbyist who is or becomes subject to this subtitle as an employee or official, other than an elected official or an appointed official, may not participate in a case, contract, or other specific matter as an employee or official, other than an elected official or appointed official, for one calendar year after the termination of the registration of the former regulated lobbyist if the former regulated lobbyist previously assisted or represented another party for compensation in the matter.

(b) *Employment and Financial Interest Restrictions.*

- (1) Except as permitted by regulation of the commission when the interest is disclosed or when the employment does not create a conflict of interest or appearance of conflict, an official or employee may not:
 - (i) Be employed by or have a financial interest in any entity:
 - a. Subject to the authority of the official or employee or the County agency, board, commission with which the official or employee is affiliated; or
 - b. That is negotiating or has entered a contract with the agency, board, or commission with which the official or employee is affiliated; or
 - (ii) Hold any other employment relationship that would impair the impartiality or independence of judgment of the official or employee.
- (2) The prohibitions of paragraph (1) of this subsection do not apply to:
 - (i) An official or employee who is appointed to a regulatory or licensing authority pursuant to a statutory requirement that persons subject to the jurisdiction of the authority be represented in appointments to the authority;
 - (ii) Subject to other provisions of law, a member of a board or commission in regard to a financial interest or employment held at the time of appointment, provided the financial interest or employment is publicly disclosed to the appointing authority and the Commission;
 - (iii) An official or employee whose duties are ministerial, if the private employment or financial interest does not create a conflict of interest or the appearance of a conflict of interest, as permitted and in accordance with regulations adopted by the Commission; or
 - (iv) Employment or financial interests allowed by regulation of the Commission if the employment does not create a conflict of interest or the appearance of a conflict of interest or the financial interest is disclosed.

(c) *Post-Employment Limitations and Restrictions.*

- (1) A former official or employee may not assist or represent any party other than the County for compensation in a case, contract, or other specific matter involving the County if that matter is one in which the former official or employee significantly participated as an official or employee.
- (2) For a year after the former elected official leaves office, a former elected official may not assist or represent another party for compensation in a matter that is the subject of legislative action before Howard County.

(d) *Contingent Compensation.* Except in a judicial or quasi-judicial proceeding, an official or employee may not assist or represent a party for contingent compensation in any matter before or involving the County.

(e) *Use of Prestige of Office.*

- (1) An official or employee may not intentionally use the prestige of office or public position for the private gain of that official or employee or the private gain of another.
- (2) This subsection does not prohibit the performance of usual and customary constituent services by an elected official without additional compensation.

(f) *Solicitation and Acceptance of Gifts.*

- (1) An official or employee may not solicit any gift.
- (2) An official or employee may not directly solicit or facilitate the solicitation of a gift, on behalf of another person, from an individual regulated lobbyist.

- (3) An official or employee may not knowingly accept a gift, directly or indirectly, from a person that the official or employee knows or has the reason to know:
 - (i) Is doing business with or seeking to do business with the County office, agency, board or commission with which the official or employee is affiliated;
 - (ii) Has financial interests that may be substantially and materially affected, in a manner distinguishable from the public generally, by the performance or nonperformance of the official duties of the official or employee;
 - (iii) Is engaged in an activity regulated or controlled by the official's or employee's governmental unit; or
 - (iv) Is a lobbyist with respect to matters within the jurisdiction of the official or employee.
- (4)
 - (i) Subsection (4)(ii) does not apply to a gift:
 - a. That would tend to impair the impartiality and the independence of judgment of the official or employee receiving the gift;
 - b. Of significant value that would give the appearance of impairing the impartiality and independence of judgment of the official or employee; or
 - c. Of significant value that the recipient official or employee believes or has reason to believe is designed to impair the impartiality and independence of judgment of the official or employee.
 - (ii) Notwithstanding paragraph (3) of this subsection, an official or employee may accept the following:
 - a. Meals and beverages consumed in the presence of the donor or sponsoring entity;
 - b. Ceremonial gifts or awards that have insignificant monetary value;
 - c. Unsolicited gifts of nominal value that do not exceed \$20.00 in cost or trivial items of informational value;
 - d. Reasonable expenses for food, travel, lodging, and scheduled entertainment of the official or the employee at a meeting which is given in return for the participation of the official or employee in a panel or speaking engagement at the meeting;
 - e. Gifts of tickets or free admission extended to an elected official to attend a charitable, cultural, or political event, if the purpose of this gift or admission is a courtesy or ceremony extended to the elected official's office;
 - f. A specific gift or class of gifts that the Commission exempts from the operation of this subsection upon a finding, in writing, that acceptance of the gift or class of gifts would not be detrimental to the impartial conduct of the business of the County and that the gift is purely personal and private in nature;
 - g. Gifts from a person related to the official or employee by blood or marriage, or any other individual who is a member of the household of the official or employee; or
 - h. Honoraria for speaking to or participating in a meeting, provided that the offering of the honorarium is not related, in any way, to the official's or employee's official position.
- (g) *Disclosure of Confidential Information.* Other than in the discharge of official duties, an official or employee may not disclose or use confidential information, that the official or employee acquired by reason of the official's or employee's public position and that is not available to the public, for the economic benefit of the official or employee or that of another person.
- (h) *Participation in Procurement.*
 - (1) An individual or a person that employs an individual who assists a County, agency or unit in the drafting of specifications, an invitation for bids, or a request for proposals for a procurement,

may not submit a bid or proposal for that procurement, or assist or represent another person, directly or indirectly, who is submitting a bid or proposal for the procurement.

- (2) The Commission may establish exemptions from the requirements of this section for providing descriptive literature, sole source procurements, and written comments solicited by the procuring agency.

(C.B. 50, 2011, § 1; C.B. 44, 2018, § 1)

Sec. 22.205. - Exceptions pursuant to the provisions of subsection 901(b) of the Howard County Charter.

(a) *Applicability.* This section applies to all County employees or officials, except:

- (1) Members of the Commission;
- (2) The Executive Secretary to the Commission;
- (3) The County Solicitor; and
- (4) Assistants to the County Solicitor whose assigned duties include representing and providing staff services to the Commission.

(b) *Procedure:*

- (1) *Authorization.* The Commission may authorize County employees or officials to have an interest in or be employed by an entity which has dealings with the County provided that, after a public hearing and full disclosure, the Commission, applying the criteria listed in subsection (c), "criteria," of this section, determines that the interest or employment does not violate the public interest.
- (2) *Request.* The employee or official who wishes such an authorization shall make a signed request in writing to the Commission. The request shall explain in detail:
 - (i) The nature of the entity in which the interest or employment is held and its dealings with the County;
 - (ii) The nature and scope of the employee's or official's interest or employment with the entity;
 - (iii) The nature and scope of the employee's or official's duties with the County;
 - (iv) Any additional information which is relevant to determining whether the public interest would be violated by the interest or the employment.
- (3) *Hearing.* The Commission shall schedule a public hearing on the request to take place within 45 calendar days after the Commission's receipt of the request. The hearing shall be advertised at least once in a newspaper of general circulation in the County. At the public hearing the Commission may hear testimony from the official or employee making the request, from other individuals with knowledge of the employee's or official's role in the County or in the outside entity, and from members of the public.

(c) *Criteria.* The Commission shall consider the following criteria in determining whether to conclude that the outside employment or interest does not violate the public interest and therefore to authorize the interest or employment.

- (1) The employee's or official's duties with the County do not significantly impact on the entity in which a financial interest is held or on the outside employer or on the contract or proposed contract between the County and the entity or outside employer.
- (2) The employee or official is not directly supervised by a person who has duties that significantly impact on the entity or on the outside employer or on the contract or proposed contract.
- (3) The employee or official does not supervise a person who has duties that significantly impact on the entity or on the outside employer or on the contract or proposed contract.

- (4) The employee or official is not affiliated with the department, office or agency within the County that exercises authority over the entity or over the outside employer or is involved in contracts with the outside employer or entity.
 - (5) The employee or official has complied with other relevant sections of the Howard County Public Ethics Law relating to the matters involved.
 - (6) The employee's or official's financial interest in an outside entity or outside employment involves no substantive nonministerial duties which significantly relate to the County's authority over the outside employer or entity.
 - (7) The employee's or official's private compensation is not funded to any significant extent by the County contract(s).
 - (8) The employee's or official's specific employment circumstances do not otherwise raise a conflict of interest or appearance of conflict as contemplated by subsection 901(b) of the Howard County Charter and sections 22.201 and 22.204 of this subtitle.
- (d) *Decision.* Within 45 calendar days after the public hearing the Commission shall issue a written decision stating whether the requested outside employment or interest is authorized and giving the reasons for the decision.

(C.B. 50, 2011, § 1)

Sec. 22.206. - Financial disclosure statements.

- (a) This section applies to all elected officials, all candidates to be elected officials, all employees holding positions listed in subsection (b) of this section, all persons appointed to the boards and commissions listed in subsection (c) of this section, and certain high school members of boards and commissions.
- (b) This section applies to the following County employees:
 - (1) All executive exempt positions as listed in section 1.306 "Executive Exempt" of the Howard County Code;
 - (2) All employees authorized to draft specifications for, negotiate or execute a contract which commits the County or any of its boards, agencies or departments to expend in excess of \$2,500.00; and
 - (3) All employees in a managerial or policy-making positions as determined by the commission upon recommendation of their department or agency head. In making such a recommendation, the department or agency head shall consider such factors as the employee's responsibility for decision making and policy recommendation in the areas of contracting, procurement, administration and/or monitoring of grants and subsidies, planning or zoning, inspecting, licensing, regulating, auditing and budgeting; and
- (c) This section applies to members of the following boards and commissions:
 - (1) Board of Appeals;
 - (2) Planning Board;
 - (3) Recreation and Parks Board;
 - (4) Public Works Board;
 - (5) Ethics Commission;
 - (6) Housing and Community Development Board;
 - (7) Agricultural Preservation Board;
 - (8) Equal Business Opportunity Commission;

- (9) Historic Preservation Commission;
 - (10) Board of Library Trustees;
 - (11) Howard County Housing Commission;
 - (12) Economic Development Authority Board;
 - (13) Howard County Pension Oversight Commission;
 - (14) Local Behavioral Health Advisory Board;
 - (15) Howard County Alcoholic Beverage Hearing Board;
 - (16) Howard County Revenue Authority Board;
 - (17) Design Advisory Panel;
 - (18) Animal Matters Hearing Board;
 - (19) Advisory Board on Consumer Protection;
 - (20) Board of Electrical Examiners;
 - (21) Board of Health; and
 - (22) Human Rights Commission.
- (d) This section shall apply to high school members of boards and commissions as follows:
- (1) A high school student member of a board or commission listed in subsection (c) of this section shall file a statement of financial interest on a form that the Commission provides.
 - (2) The high school student member statement shall only include the following information regarding interests that may create a conflict between the student member's personal interests and the individual's duties as a board or commission member:
 - (i) A schedule of sources of earned income of the high school student member and of the member's parent(s) or legal guardian(s) that exceed \$100.00, including the name and address of each place of salaried employment and of each business entity solely or partially owned and from where income was earned. Where the source of income is an attorney-client or a physician/psychiatrist/psychologist-patient relationship, the names of individual clients or patients need not be disclosed;
 - (ii) A schedule of each gift in excess of \$20.00 in value (or an aggregate of \$100.00 from any one person) directly or indirectly from a person(s) who does business with Howard County. This schedule as to each such gift, shall include:
 - a. The nature and value of the gift; and
 - b. The identity of the person from whom, directly or indirectly, the gift was received;
 - c. For purposes of this subsection, gift does not include:
 - i. Ceremonial gifts or awards of insignificant monetary value; or
 - ii. Unsolicited gifts of nominal value or trivial items of informational value; and
 - (iii) A list of family members employed by the County in accordance with subsection (j)(7) of this section; and
- (e) Except as provided in subsection (g) of this section, an elected official, employee, appointee to a board or commission, or candidate to be an elected official shall file the financial disclosure statement required under this subsection:
- (1) On a form provided by the Commission;
 - (2) Under oath or affirmation;

- (3) With the Commission; and
 - (4) The Commission may require that a financial disclosure statement be submitted through an electronic process for which the oath or affirmation shall be made by an electronic signature that:
 - (i) Is attached to and made part of the financial disclosure statement;
 - (ii) Is made expressly under the penalties of perjury; and
 - (iii) Subjects the individual making the signature to the penalties of perjury to the same extent as an oath or affirmation before an individual authorized to administer oaths.
- (f) *Deadlines for Filing Statements.*
- (1) An incumbent official or employee shall file a financial disclosure statement annually no later than April 30th of each year for the preceding calendar year.
 - (2) An official or employee who is appointed to fill a vacancy in an office for which a financial disclosure statement is required and who has not already filed a financial disclosure statement shall file a statement for the preceding calendar year within 30 days after appointment.
 - (3)
 - (i) An individual who, other than by reasons of death, leaves an office for which a statement is required shall file a statement upon resignation or termination of office.
 - (ii) The statement shall cover:
 - a. The calendar year immediately preceding the year in which the individual left office, unless a statement covering that year has already been filed by the individual; and
 - b. The portion of the current calendar year during which the individual held the office.
- (g) *Candidates to be Elected Officials.*
- (1) Except an official or employee who has filed a financial disclosure statement under another provision of this section for the reporting period, a candidate to be an elected official shall file a financial disclosure statement each year beginning with the year in which the certificate of candidacy is filed through the year of the election.
 - (2)
 - (i) A candidate to be an elected official shall file a statement required under this section:
 - a. In the year the certificate of candidacy is filed, no later than the filing of the certificate of candidacy;
 - b. In the year of the election, on or before the earlier of April 30 or the last day for the withdrawal of candidacy; and
 - c. In all other years for which a statement is required, on or before April 30.
 - (ii) The initial financial disclosure statement shall include the preceding calendar year through the date of the certificate of candidacy filed with the Board of Elections for Howard County.
 - (3) A candidate to be an elected official:
 - (i) May file the statement required under subsection (g)(2)(i) of this section with the County Board of Elections with the certificate of candidacy or with the Commission prior to filing the certificate of candidacy; and
 - (ii) Shall file the statements required under subsections (g)(2)(ii) and (iii) of this section with the Commission.
 - (4) If a candidate fails to file a statement required by this section after written notice is provided by the County Board of Elections at least 20 days before the last day for the withdrawal of candidacy, the candidate is deemed to have withdrawn the candidacy.
 - (5) The County Board of Elections may not accept any certificate of candidacy unless a statement required under this section has been filed in proper form.

- (6) Within 30 days of the receipt of a statement required under this section, the County Board of Elections shall forward the statement to the Commission, or an office designated by the Commission.
- (h) *Public Record.*
- (1) The Commission, or an office designated by the Commission, shall maintain all financial disclosure statements filed under this section.
 - (2) The Commission, or an office designated by the Commission, shall make financial disclosure statements available during normal office hours, for examination and copying by the public subject to reasonable fees and administrative procedures established by the County.
 - (3) The Commission shall redact an individual's home address before allowing the public to see a disclosure statement.
 - (4) If an individual examines or copies a financial disclosure statement, the Commission or the office designated by the Commission shall record:
 - (i) The name and home address of the individual reviewing or copying the statement; and
 - (ii) The name of the person whose financial disclosure statement was examined or copied.
 - (5) The Commission, or the office designated by the Commission, shall provide the official or employee with a copy of the name and home address of the person who reviewed the official's or employee's financial disclosure statement.
 - (6) A financial disclosure statement required by this subtitle shall not be used in any way for, or be made available for commercial purposes.
- (i) *Retention Requirements.* The Commission, or the office designated by the Commission, shall retain financial disclosure statements for the longer of:
- (1) Four years after receipt; or
 - (2) If the person is an elected official, the entirety of the person's term.
- (j) *Contents of Statement.* Employees and elected officials shall disclose all the information required by this subsection. Members of boards and commissions listed in subsection (c) of this section shall disclose the information required by this subsection only with respect to those interests, gifts, compensated positions, and liabilities that may create a conflict, as prohibited by section 22.204 of this subtitle, between the member's personal interests and the member's official local duties as a board or Commission member.
- (1) *Interests in real property.*
 - (i) A statement filed under this section shall include a schedule of all interests in real property wherever located.
 - (ii) For each interest in real property, the schedule shall include:
 - a. The nature of the property and the location by street address, mailing address, or legal description of the property;
 - b. The nature and extent of the interest held, including any conditions and encumbrances on the interest;
 - c. The date when, the manner in which, and the identity of the person from whom the interest was acquired;
 - d. The nature and amount of the consideration given in exchange for the interest or, if acquired other than by purchase, the fair market value of the interest at the time acquired;
 - e. If any interest was transferred, in whole or in part, at any time during the reporting period, a description of the interest transferred, the nature and amount of the

consideration received for the interest, and the identity of the person to whom the interest was transferred; and

f. The identity of any other person with an interest in the property.

(2) Interests in corporations and partnerships.

(i) A statement filed under this section shall include a schedule of all interests in any corporation, partnership, limited liability partnership, or limited liability corporation, regardless of whether the corporation or partnership does business with the County.

(ii) For each interest reported under this paragraph, the schedule shall include:

a. The name and address of the principal office of the corporation, partnership, limited liability partnership, or limited liability corporation;

b. The nature and amount of the interest held, including any conditions and encumbrances on the interest;

c. With respect to any interest transferred, in whole or in part, at any time during the reporting period, a description of the interest transferred, the nature and amount of the consideration received for the interest and, if known, the identity of the person to whom the interest was transferred;

d. With respect to any interest acquired during the reporting period:

1. The date when, the manner in which, and the identity of the person from whom the interest was acquired; and

2. The nature and the amount of the consideration given in exchange for the interest or, if acquired other than by purchase, the fair market value of the interest at the time acquired.

(iii) An individual may satisfy the requirement to report the amount of the interest held under item (ii)(b) of this paragraph by reporting, instead of a dollar amount:

a. For an equity interest in a corporation, the number of shares held and, unless the corporation's stock is publicly traded, the percentage of equity interest held; or

b. For an equity interest in a partnership, the percentage of equity interest held.

(3) Interests in business entities doing business with the County.

(i) A statement filed under this section shall include a schedule of all interests in any business entity that does business with the County, other than interests reported under paragraph (2) of this subsection.

(ii) For each interest reported under this paragraph, the schedule shall include:

a. The name and address of the principal office of the business entity;

b. The nature and amount of the interest held, including any conditions to and encumbrances on the interest;

c. With respect to any interest transferred, in whole or in part, at any time during the reporting period, a description of the interest transferred, the nature and amount of the consideration received in exchange for the interest and, if known, the identity of the person to whom the interest was transferred; and

d. With respect to any interest acquired during the reporting period:

1. The date when, the manner in which, and the identity of the person from whom the interest was acquired; and

2. The nature and the amount of the consideration given in exchange for the interest or, if acquired other than by purchase, the fair market value of the interest at the time acquired.
- (4) Gifts.
 - (i) A statement filed under this section shall include a schedule of each gift in excess of \$20.00 in value or a series of gifts totaling \$100.00 or more received during the reporting period from or on behalf of, directly or indirectly, any one person who does business with the County.
 - (ii) For each gift reported, the schedule shall include:
 - a. A description of the nature and value of the gift; and
 - b. The identity of the person from whom, or on behalf of whom, directly or indirectly, the gift was received.
 - (5) Employment with or interests in entities doing business with the County.
 - (i) A statement filed under this section shall include a schedule of all offices, directorships, and salaried employment by the individual or member of the immediate family of the individual held at any time during the reporting period with entities doing business with the County.
 - (ii) For each position reported under this paragraph, the schedule shall include:
 - a. The name and address of the principal office of the business entity;
 - b. The title and nature of the office, directorship, or salaried employment held and the date it commenced; and
 - c. The name of each County agency with which the entity is involved as indicated by identifying one or more of the three categories of "doing business", as defined in section 22.202 of this subtitle.
 - (6) Indebtedness to entities doing business with the County.
 - (i) A statement filed under this section shall include a schedule of all liabilities, excluding retail credit accounts, to persons doing business with the County owed at any time during the reporting period:
 - a. By the individual; or
 - b. By a member of the immediate family of the individual if the individual was involved in the transaction giving rise to the liability.
 - (ii) For each liability reported under this paragraph, the schedule shall include:
 - a. The identity of the person to whom the liability was owed and the date the liability was incurred;
 - b. The amount of the liability owed as of the end of the reporting period;
 - c. The terms of payment of the liability and the extent to which the principal amount of the liability was increased or reduced during the year; and
 - d. The security given, if any, for the liability.
 - (7) Employment with the County. A statement filed under this section shall include a schedule of the immediate family members of the individual employed by the County in any capacity at any time during the reporting period.
 - (8) Sources of earned income.
 - (i) A statement filed under this section shall include a schedule of the name and address of each place of employment and of each business entity of which the individual or a member

of the individual's immediate family was a sole or partial owner and from which the individual or member of the individual's immediate family received earned income, at any time during the reporting period.

- (ii) Notwithstanding item (i) of this paragraph, the schedule need not disclose:
 - a. A minor child's employment or business ownership, if the agency that employs the individual does not regulate, exercise authority over, or contract with the place of employment or business entity of the minor child; or
 - b. The names of individual clients or patients, where the source of income is an attorney-client or a physician/psychiatrist/psychologist-patient relationship.
- (iii) For a statement filed on or after January 1, 2019, if the individual's spouse is a lobbyist regulated by the County, the individual shall disclose the entity that has engaged the spouse for lobbying purposes.
- (9) Additional information. A statement filed under this section may also include a schedule of additional interests or information that the individual making the statement wishes to disclose.
- (k) For the purposes of subsections (j)(1), (2) and (3) of this section, the following interests are considered to be the interests of the individual making the statement:
 - (1) An interest held by a member of the individual's immediate family, if the interest was, at any time during the reporting period, directly or indirectly controlled by the individual.
 - (2) An interest held by a business entity in which the individual held a 30 percent or greater interest at any time during the reporting period.
 - (3) An interest held by a trust or an estate in which, at any time during the reporting period:
 - (i) The individual held a reversionary interest or was a beneficiary, or
 - (ii) If a revocable trust, the individual was a settlor.
- (l)
 - (1) The Commission shall review the financial disclosure statements submitted under this section for compliance with the provisions of this section and shall notify an individual submitting the statement of any omissions or deficiencies.
 - (2) If, after notification by the Commission of any omission or deficiency, an individual does not cure such within 30 days, the Commission shall refer evidence of any noncompliance with this section to the County Solicitor for appropriate action.
 - (3) The Commission may take appropriate enforcement action to ensure compliance with this section.
- (m) *Incomplete Information.* When the individual required to file is unable to obtain the information needed to complete the schedules required by this section, the individual shall report the unavailability of certain information and shall provide a written statement of the efforts made to obtain the information. The Commission shall conduct an investigation to determine if the individual has used due diligence in attempting to obtain the missing information and whether, considering the circumstances, the omission of the material is justified. In making this determination, the Commission shall request and consider the opinion of the County Solicitor. The Solicitor's opinion and the report of the Commission shall be made part of the statement of the person required to file.

Sec. 22.207. - Lobbying.

- (a) Except as provided in subsections (b) and (c) of this section, a person or entity who engages in lobbying as defined in section 22.202 of this subtitle shall file a lobbying registration with the Commission if the person or entity, during the calendar year:
 - (1) Expends, exclusive of personal travel and subsistence expenses, in excess of \$100.00 in furtherance of this activity; or
 - (2) Is compensated in excess of \$500.00 in connection with this activity.
- (b) The following activities are exempt from regulation under this section:
 - (1) Professional services in drafting bills or in advising and rendering opinions to clients as to the construction and effect of proposed or pending County Council actions when these services do not otherwise constitute lobbying activities;
 - (2) Appearances before the County Council upon its specific invitation or request if the person or entity engages in no further or other activities in connection with the passage or defeat of County Council actions;
 - (3) Appearances before a County agency upon the specific invitation or request of the agency if the person or entity engages in no further or other activities in connection with the passage or defeat of any agency executive action;
 - (4) Appearance as part of the official duties of a duly elected or appointed official or employee of the state or a political subdivision of the state, or of the united states, and not on behalf of any other entity;
 - (5) Actions of a publisher or working member of the press, radio, or television in the ordinary course of the business of disseminating news or making editorial comment to the general public who does not engage in further or other lobbying that would directly and specifically benefit the economic, business, or professional interests of the person or entity or the employer of the person or entity;
 - (6) Appearances by an individual before the County Council at the specific invitation or request of a registered lobbyist if the person performs no other lobbying act and notifies the County Council that the person or entity is testifying at the request of the lobbyist;
 - (7) Appearances by an individual before a government agency at the specific invitation or request of a registered lobbyist if the person or entity performs no other lobbying act and notifies agency that the person or entity is testifying at the request of the lobbyist;
 - (8) The representation of a bona fide religious organization solely for the purpose of protecting the right of its own members to practice the doctrine of the organization; and
 - (9) Appearance as part of the official duties of an officer, director, member, or employee of an association engaged exclusively in lobbying for counties and municipalities and not on behalf of any other entity.
- (c) *Limited Exemption—Employer of a Lobbyist.*
 - (1) A person or entity who compensates one or more lobbyists and who would otherwise be required to register as a lobbyist is not required to file a registration and submit lobbying reports if the person or entity reasonably believes that all expenses incurred in connection with the lobbying activities will be reported by a properly registered person or entity acting on behalf of the person or entity.
 - (2) A person or entity exempted under this subsection becomes subject to this section immediately upon failure of the lobbyist to report any information required under this section.
- (d)
 - (1) The registration filed under this section shall be filed on or before the latter of the beginning of the calendar year in which the person or entity expects to lobby and within five days of first engaging in lobbying activities in the calendar year.
 - (2) The registration filed under this section:

- (i) Shall be dated and on a form developed by the Commission;
 - (ii) Shall include:
 - a. The lobbyist's full and legal name and permanent address;
 - b. The name, address, and nature of business of any person or entity on whose behalf the lobbyist acts;
 - c. The written authorization of any person or entity on whose behalf the lobbyist acts or an authorized officer or agent, who is not the lobbyist, of the person or entity on whose behalf the lobbyist acts;
 - (iii) A statement of whether the person or entity on whose behalf the lobbyist acts is exempt from registration under subsection (c) of this section;
 - (iv) The identification, by formal designation, if known, of matters on which the lobbyist expects to act;
 - (v) Identification of the period of time within a single calendar year during which the lobbyist is authorized to engage in these activities, unless terminated sooner; and
 - (vi) The full legal signature of the lobbyist and, when appropriate, the person or entity on whose behalf the lobbyist acts or an agent or authorized officer of the person or entity on whose behalf the lobbyist acts.
- (e) A lobbyist shall file a separate registration for each person or entity that has engaged or employed the lobbyist for lobbying purposes.
- (f) A lobbyist may terminate the lobbyist's registration by providing written notice to the Commission and submitting all outstanding reports and registrations.
- (g) A person or entity may not engage in lobbying activities on behalf of another person or entity for compensation that is contingent upon the passage or defeat of any action by the County Council or the outcome of any executive action.
- (h) *Activity Report.*
- (1) A lobbyist shall file with the Commission or the office designated by the Commission:
 - (i) By July 31, one report concerning the lobbyist's lobbying activities covering the period beginning January 1 through June 30; and
 - (ii) By January 31, one report covering the period beginning July 1 through December 31.
 - (2) A lobbyist shall file a separate activity report for each person or entity on whose behalf the lobbyist acts.
 - (3) If the lobbyist is not an individual, an authorized officer or agent of the entity shall sign the form.
 - (4) The report shall include:
 - (i) A complete and current statement of the information required to be supplied with the lobbyist's registration form.
 - (ii) Total expenditures on lobbying activities in each of the following categories:
 - a. Total compensation paid to the lobbyist not including expenses reported under items (b)—(i) of this subparagraph;
 - b. Office expenses of the lobbyist;
 - c. Professional and technical research and assistance not reported in item (i) of this subparagraph;
 - d. Publications which expressly encourage persons to communicate with County officials or employees;

- e. Names of witnesses, and the fees and expenses paid to each witness;
 - f. Meals and beverages for County officials and employees;
 - g. Reasonable expenses for food, lodging, and scheduled entertainment of County officials or employees for a meeting which is given in return for participation in a panel or speaking engagement at the meeting;
 - h. Other gifts to or for County officials or employees or their spouses or dependent children; and
 - i. Other expenses.
- (5) For reporting purposes, a prorated amount shall be labeled as such.
- (i) *Special Gift Report.*
- (1) (i) With the six-month activity report required under subsection (h) of this section, a lobbyist shall report, except for gifts reported in item (h)(4)(ii)g. of this section, gifts from the lobbyist with a cumulative value of \$75.00 or more during the reporting period to an official, employee, or member of the immediate family of an official or employee.
 - (ii) The lobbyist shall report gifts under this paragraph regardless of whether the gift was given in connection with lobbying activities.
- (2) The report shall include the date, beneficiary, amount or value, and nature of the gift.
- (j) *Notification to Official and Confidentiality.*
- (1) If any report filed under this section contains the name of an official or employee or a member of the immediate family of an official or employee, the Commission shall notify the official or employee within 30 days.
 - (2) The Commission shall keep the report confidential for 60 days following receipt by the Commission.
 - (3) Within 30 days of the notice required under paragraph (1) of this subsection, the official or employee may file a written exception to the inclusion in the report of the name of the official, employee, or member of the immediate family of the official or employee.
- (k) The Commission may require a lobbyist to submit other reports the Commission determines to be necessary.
- (l) The Commission, or an office designated by the Commission, shall maintain all registrations and reports filed under this section.
- (m) (1) The Commission shall review the registrations and reports filed under this section for compliance with this section and shall notify persons engaging in lobbying activities of any omissions or deficiencies.
- (2) The Commission may take appropriate enforcement action to ensure compliance with this section.
- (n) *Annual Report.*
- (1) The Commission shall compute and make available a subtotal under each of the ten required categories in subparagraph (h)(4)(ii) of this section.
 - (2) The Commission shall compute and make available the total amount reported by all lobbyists for their lobbying activities during the reporting period.
- (o) The Commission shall make lobbying registrations and reports available during normal business hours for examination and copying subject to reasonable fees and procedures established by the Commission.

(C.B. 50, 2011, § 1)

Sec. 22.208. - Enforcement.

- (a) (1) Upon a finding of a violation of any provision of this subtitle, the Commission may:
 - (i) Issue an order of compliance directing the respondent to cease and desist from the violation;
 - (ii) Issue a reprimand; or
 - (iii) Recommend to the appropriate authority other appropriate discipline of the respondent, including censure or removal if that discipline is authorized by law.
- (2) If the Commission finds that a respondent has violated lobbying provisions set forth in section 22.206 and section 22.207 of this subtitle, the Commission may:
 - (i) Require a respondent who is a registered lobbyist to file any additional reports or information that reasonably related to the information that is required under section 22.207 of this subtitle;
 - (ii) Impose a fine not exceeding \$1,000.00 for each violation; and
 - (iii) Suspend the registration of an individual registered lobbyist if the Commission finds that the lobbyist has knowingly and willfully violated section 22.207 of this subtitle or has been convicted of a criminal offense arising from lobbying activities.
- (b) (1) Upon request of the Commission, the County Solicitor may file a petition for injunctive or other relief in the Circuit Court of Howard County, or in any other court having proper venue for the purpose of requiring compliance with the provisions of this subtitle.
- (2) (i) The court may:
 - a. Issue an order to cease and desist from the violation;
 - b. Except as provided in subparagraph (ii) of this paragraph, void an official action taken by an official or employee with a conflict of interest prohibited by this subtitle when the action arises from or concerns the subject matter of the conflict and if the legal action is brought within 90 days of the occurrence of the official action, if the court deems voiding the action to be in the best interest of the public; or
 - c. Impose a fine of up to \$1,000.00 for any violation of the provisions of this subtitle, with each day upon which the violation occurs constituting a separate offense;
- (ii) A court may not void any official action appropriating public funds, levying taxes, or providing for the issuance of bonds, notes, or other evidences of public obligations.
- (c) (1) Any person who knowingly and willfully violates the provisions of section 22.207 of this subtitle is guilty of a misdemeanor, and upon conviction, is subject to a fine of not more than \$1,000.00 or imprisonment for not more than six months, or both.
- (2) If the person is a business entity and not a natural person, each officer and partner of the business entity who knowingly authorized or participated in the violation is guilty of a misdemeanor and, upon conviction, is subject to the same penalties as the business entity.
- (d) In addition to any other enforcement provisions in this subtitle, a person who the Commission or a court finds has violated this subtitle:
 - (1) Is subject to termination or other disciplinary action; and
 - (2) May be suspended from receiving payment of salary or other compensation pending full compliance with the terms of an order of the commission or a court.

- (e) (1) A person who is subject to the provisions of this subtitle shall obtain and preserve all accounts, bills, receipts, books, papers, and documents necessary to complete and substantiate a report, statement, or record required under this subtitle for three years from the date of filing the report, statement, or record.
- (2) These papers and documents shall be available for inspection upon request by the Commission or the County Council after reasonable notice.
- (f) In addition to any other enforcement provisions in this subtitle, a person who is found guilty of a violation of section 22.204 of this subtitle is subject to forfeiture of office in accordance with section 901(c) of the Howard County Charter.
- (g) Any contract made in violation of section 22.204 of this subtitle may be declared void by the County Executive or by resolution of the County Council in accordance with section 901(c) of the Howard County Charter.

(C.B. 50, 2011, § 1)

Sec. 22.209. - Severability.

If any section, sentence, clause or phrase of this subtitle is held invalid or unconstitutional by any court or competent jurisdiction, the ruling shall not affect the validity of the remaining portions or this subtitle.

(C.B. 50, 2011, § 1)

SUBTITLE 3. - DISCLOSURE OF INTEREST BY PERSONS DOING BUSINESS WITH HOWARD COUNTY³¹

Footnotes:

--- (3) ---

State Law reference— Special provisions for Howard County, State Government article, § 15-848 et seq.

Sec. 22.300. - Disclosure of interest by persons doing business with Howard County.

In order to promote public confidence in local government, all persons doing business with Howard County shall be required to make affidavit of compliance with the conflict of interest provisions of section 901 of the Howard County Charter.

(C.B. 74, 1973; C.B. 25, 1974)

Sec. 22.301. - Definitions.

When used in this subtitle:

- (a) *Person* includes any natural person, corporation, general or limited partnership, trust, unincorporated association, joint venture, organization, entity or enterprise.
- (b) *Business with Howard County* means anyone or any combination of sales, purchases, leases, contracts and awards to, from or with Howard County, or any agency, office or department thereof, and shall include:

- (1) All supplies, materials, equipment and contractual services contracted for or procured by purchase orders or other procedures established by title 4, "contracts and purchasing," of this Code, except for small purchases in an amount less than \$50.00.
 - (2) Any and all contracts entered into for professional services with any consultants whose services by their nature are unique and not subject to competitive bidding.
 - (3) All construction contracts providing for the alteration and/or maintenance of buildings, utilities, roads and any other improvements.
 - (4) All contracts for the purchase of land in fee simple.
 - (5) The award or grant of any franchise, liquor license or zoning application.
 - (6) The issuance of any developer's agreement.
- (c) *Affidavit* as to procurement of supplies, materials, equipment, services, land, and construction contracts, licenses, franchises, awards, developer's agreements or zoning changes shall be the following statement: "The undersigned does hereby declare that neither he nor any representative of his firm has provided, offered to provide, or will subsequently provide to any officer or employee of Howard County, whether elected or appointed, any benefits, monetary, or material consideration from the profits or emoluments of this contract, job, work or service for the County; and that no officer or employee has accepted or received or will receive in the future any service or thing of value, directly or indirectly, upon more favorable terms than those granted to the public generally; nor has any such officer or employee of the County received or will receive, directly or indirectly, any part of any fee, commission or other compensation paid or payable by the County in connection with this contract, job, work or service for the County, excepting, however, the receipt of dividends on corporation stock. I/we do solemnly declare and affirm under the penalties of perjury that the contents of the foregoing affidavit are true and correct to the best of my/our knowledge, information and belief."
- (d) *Affidavit* as to application or petition for licenses, franchises, awards, developer's agreements or zoning changes: "The undersigned does hereby declare that neither he nor any representative of his firm has provided, offered to provide, or will subsequently provide to any officer or employee of Howard County, whether elected or appointed, any monetary or material consideration, any service or thing of value, directly or indirectly, upon more favorable terms than those granted to the public generally in connection with the submission, processing, issuance, grant or award of the within application or petition for a license, franchise, award, developer's agreement or zoning change. I/we do solemnly declare and affirm under the penalties of perjury that the contents of the foregoing affidavit are true and correct to the best of my/our knowledge, information and belief."
- (e) *Monetary or material consideration* means any gift of more than \$25.00 in value or any transfer of any property below fair market value, or any paid travel or vacation, or the securing or paying of any debt on behalf of any County official, appointed board or commission member, or County employee, or member of any of the immediate family of any of the aforementioned.

(C.B. 74, 1973; C.B. 25, 1974)

Sec. 22.302. - Applicability and form of compliance.

- (a) Any person doing business with Howard County shall be required to comply with the requirement of execution of the affidavit set forth in subsection 22.301(c) in the manner deemed appropriate by the County Administrator.
- (b) The County Administrator shall cause the affidavit to be included and incorporated into the following named-form and shall require the execution thereof as part of the execution and completion of the following named forms by the person doing business with Howard County:
 - (1) Purchase order.

- (2) Developer's agreement.
- (c) The County Administrator shall cause the affidavit to be prepared as a separate document in order that the affidavit can be executed simultaneously with the execution of the contract document entered into with Howard County involving:
 - (1) Consultant services of any type, as defined in subsection 22.301(b)(2).
 - (2) Construction or utility contracts awarded under public bidding procedures, as defined in subsection 22.301(b)(1).
 - (3) Purchase or sale of land in fee simple.
 - (4) Grant or award of any franchise.
- (d) The Secretary of the County Council shall cause the affidavit to be prepared and submitted with any application submitted in connection with zoning and any application submitted regarding the issuance of any liquor license.

(C.B. 74, 1973; C.B. 25, 1974)

Sec. 22.303. - Penalties for violations.

Any person found to be in violation of any of the prohibitions set forth herein or in the County Charter, or to have made a false affidavit, shall be barred from doing business with Howard County, or any department receiving funds appropriated by the County Council, for a period of ten years. This section shall not be construed as limiting or restricting any judicial remedies available to the County.

Any person who has been awarded a contract or purchase order and has been found to be in violation of the prohibitions set forth herein and/or to have made a false affidavit may be found in default, and the contract may be terminated by Howard County.

It is not the intent of this subtitle to prohibit the County from doing business with firms or persons in which a County official, members of an appointed board or commission, or employee also hold positions of trust; however, such information must be disclosed and be on file in accordance with the requirements of section 901 of the Charter.

(C.B. 74, 1973; C.B. 25, 1974)

Sec. 22.304. - Severability.

The provisions of this subtitle are severable and if any provisions, sentence, clause, section or part thereof is held illegal, invalid or unconstitutional, or inapplicable to any person or circumstance, such illegality, invalidity, unconstitutionality or inapplicability shall not affect or impair any of the remaining provisions, sentences, clauses, sections, or part of the subtitle or their application to other persons and circumstances. It is hereby declared to be the legislative intent that this subtitle would have been adopted if such illegal, invalid or unconstitutional provisions, sentence, clause, section or part had not been included therein, and if person or circumstances to which the subtitle or any part thereof if inapplicable had been specifically exempted therefrom.

(C.B. 74, 1973; C.B. 25, 1974)

SUBTITLE 4. - BUDGET PROCEDURES

Sec. 22.400A. - Office of Budget.

- (a) *Generally.* General provisions applicable to this office are set forth in subtitle 2, "administrative departments and offices," of title 6, "County Executive and the executive branch," of the Howard County Code.
- (b) *Head.* The Budget Administrator shall head the Office of Budget. The Office of Budget shall be under the general supervision of the Director of Administration.
- (c) *Qualifications of Budget Administrator.* The Budget Administrator shall have thorough knowledge of the principles and practices of public administration, including thorough knowledge of governmental budgeting methods, and the operational relationship between the budget function and the agencies of government. At the time of appointment, the Administrator shall have had at least five years of increasingly responsible public finance or budget experience, including three years of administrative experience.
- (d) *Duties and Responsibilities:*
 - (1) The Budget Administrator shall act, on behalf of the Chief Administrative Officer, as the chief budget officer of the County and as such shall prepare and submit to the Executive for approval and submission to the Council, all County budgets, prepared in the manner and form required by law.
 - (2) The Office of the Budget shall:
 - (i) Supervise the compilation of budget requests and the preparation of a statement of requests to the Chief Administrative Officer.
 - (ii) Supervise the preparation of statements showing revenue other than taxes, and the adjustment in tax rate necessary to compensate for the difference between miscellaneous revenue and the amount raised by taxation.
 - (iii) Prepare periodic reports on the efficiency and economy of County agencies.
 - (iv) Analyze complex budget requests and make recommendations to the Chief Administrative Officer.
 - (v) Supervise and participate in studies in the organization, methods and procedures of County agencies.
 - (vi) Participate in County Council budget hearings and explain budget requests.
 - (vii) Perform such other functions as may be prescribed by directive of the County Executive or by law.

(C.B. 62, 1988)

Sec. 22.400. - Howard Community College budget.

(C.B. 10, 1992)

Sec. 22.403. - Public notice of capital projects; public hearing by Planning Board.

- (a) *Planning Board Hearing on New Capital Projects and Capital Projects Substantially Modified in Scope*.
 - (1) The County Executive shall prepare a list of the new capital projects and capital projects substantially modified in scope that are included in the capital program and the extended capital program proposed by each agency of the County Government for Planning Board review

pursuant to subsection 1106(c) of the Howard County Charter. The Executive shall submit this list to the Planning Board concurrently with the agency proposals.

- (2) No later than 15 days after the capital program and the extended capital program proposed by each agency of the County Government is sent to the Planning Board for its review, the Planning Board shall hold a public hearing on the new capital projects and the capital projects substantially modified in scope which are included in the agencies' programs. The public hearing may, at the Planning Board's discretion, continue over several days.
- (b) *Notice of Public Hearing on New Capital Projects and Capital Projects Substantially Modified in Scope.*
- (1) The Planning Board shall advertise the public hearing on the new and substantially modified capital projects in the capital program and the extended capital program proposed by each agency of the County Government. The advertising shall include the time, date and place of the hearing, a brief description of each such project and a statement that copies of the capital program and the extended capital program containing greater detail about these projects are available for review in the Office of Planning and Zoning and in each branch of the Howard County Library.
 - (2) The Office of Planning and Zoning shall provide copies of the capital program and the extended capital program proposed by each agency of the County Government to the County library system.
 - (3) Advertising for the hearing shall include:
 - (i) Publication once a week for two successive weeks in at least one newspaper of general circulation in the County.
 - (ii) Posting the site of each such project (if owned by the County) and/or posting the right-of-way of the public road nearest to the site.
 - (iii) Mailing notices to village associations, neighborhood groups, civic associations and citizens who have requested the County Executive, the Director of Public Works, or the Director of Planning and Zoning to be placed on a central list to receive this and similar mailings.
- (c) *Consideration of Public Input.* In making its comments and recommendations on the impact of the proposed capital program and the extended capital program on the County general plan and the growth of the County, the Planning Board shall consider the testimony given at its public hearing.
- (d) *Public Notice of New Capital Projects and Capital Projects Substantially Modified in Scope That Are Included in the Capital Budget and the Capital Program and the Extended Capital Program Submitted by the County Executive.*
- (1) As soon as possible following the submission of the Executive's proposed capital budget and capital program and the extended capital program to the County Council, the Council shall give public notice of new capital projects and capital projects substantially modified in scope that are included in the Executive's proposed capital budget and capital program and the extended capital program. The notice shall consist of a brief description of each such project and a statement that copies of the Executive's capital budget and capital program and the extended capital program containing greater detail about these projects are available for review in the County Council Office, the Office of the County Administrator, and in each branch of the Howard County Library. The notice shall also give the time, date and place of the Council's public hearing on the Executive's proposed capital budget and capital program and the extended capital program.
 - (2) The Executive shall provide copies of the proposed capital budget and capital program and the extended capital program to the County library system.
 - (3) The notice shall be published once a week for two successive weeks in at least one newspaper of general circulation in the County; and mailings shall be sent to civil associations,

neighborhood groups and citizens who have requested the County Council, the County Executive, the Director of Public Works, or the Director of Planning and Zoning to be placed on a central list to receive such notices.

Sec. 22.404. - Contents of the capital budget and capital program and the extended capital program.

- (a) The capital budget and program summary shall include a "funding source summary" that shows:
 - (1) Prior appropriation by funding source;
 - (2) Budget request by funding source; and
 - (3) Each of the program years by funding source.
- (b) Each project class summary shall include:
 - (1) Prior appropriation by funding source;
 - (2) Budget request by funding source; and
 - (3) Each of the program years by funding source.
- (c) Each capital project shall be identified as a separate line item in the capital budget and the capital program and the extended capital program; shall be separately numbered; and shall set forth clearly the cost and fiscal year funding schedule of the capital project.
- (d) Each capital project that has previously received appropriations, but that is not yet completed, shall be separately identified in the capital budget and the capital program and the extended capital program and shall have set forth clearly the prior approved appropriation.
- (e) Subject to subsection (f) of this section, information relating to each capital project in the capital budget and the capital program and the extended capital program shall also include but shall not be limited to:
 - (1) A project description;
 - (2) A vicinity map showing location and extent of project;
 - (3) Scheduling of project phases and planned completion date;
 - (4) Each source of funding;
 - (5) The projected impact of the completed project on the current expense budget;
 - (6) Total expenditures and encumbrances for the project:
 - (i) Since inception through the end of February of the current year; and
 - (ii) Since inception through the end of February of the prior year;
 - (7) For multi-year recurring projects, an explanation of the proposed use of the funds for the upcoming fiscal year, including an identification of the known, planned, or potential facilities or uses to which the funds will be applied;
 - (8) For projects with prior approved or upcoming year funding, a description of any changes in:
 - (i) The name of the project since its inception;
 - (ii) The scope of the project from the prior year; and
 - (iii) The timing of the project from the prior year;

- (9) For projects with prior approved or upcoming year funding, an explanation for any changes in the total project cost from the prior year;
 - (10) Any amendments to the project that were previously adopted by ordinance;
 - (11) Previously approved and projected funding, showing any changes, for each fiscal year in the six-year capital program, and any changes in project totals by each source of funds; and
 - (12) For each project with funding proposed for the next fiscal year, except projects which include funding only for planning in the next or future fiscal years, the total cost estimate for the project from the time funding for engineering, construction, or any purpose other than planning was first budgeted or programmed.
- (f) Items (6)(ii), (8)(i), (10), (11) and (12) of subsection (e) of this section need not be included before Fiscal Year 2018.
 - (g) The information for capital projects required by subsection (e) of this section shall be a separate document and shall be approved as part of the annual budget and appropriation ordinance of Howard County approving the capital budget and as part of the resolution of the Council approving the capital program and the extended capital program as if the document were set out in full in the ordinance or resolution.
 - (h) Items (8)(i) and (12) of subsection (e) of this section shall apply only to projects that are new to the capital budget in Fiscal Year 2017 or later years.

(C.B. 69, 1973; C.B. 13, 1974; C.B. 14, 1983; C.B. 10, 1992; C.B. 54, 2015, § 1)

Sec. 22.405. - Capital improvement master plans.

(a) *Definitions.*

Capital improvement master plan (C.I.M.P.) is a plan adopted by the County Council which indicates the capital improvements for a particular type of County service to be constructed during the next ten years in order to support the housing and employment growth projections of the County's general plan. Capital improvement master plans are updated annually. Capital improvement master plans include the projects listed in:

- (1) The Howard County Capital Budget and Capital Program and Extended Capital Program;
 - (2) The Maryland Capital Budget; and
 - (3) The Maryland Consolidated Transportation Program.
- (b) *Consistency.* Capital improvement master plans shall be consistent with the general plan, with one another, and with the requirements of State law for master plans.
 - (c) *Types of Plans—Agency Responsible for Preparation.* There shall be C.I.M.P.'s for education, transportation, water and sewer and solid waste disposal and for other governmental functions as provided by law. Primary responsibility for preparation and updating of specific C.I.M.P.'s lies with the agency listed below. However, agencies preparing a C.I.M.P. shall consult with other agencies as appropriate.
 - (1) The C.I.M.P. for Education shall be prepared by the Department of Education.
 - (2) The C.I.M.P. for Transportation shall be prepared jointly by the Department of Public Works and the Department of Planning and Zoning.
 - (3) The C.I.M.P. for Water and Sewer shall be prepared by the Department of Public Works.
 - (4) The C.I.M.P. for Solid Waste Disposal shall be prepared by the Department of Public Works.

- (d) *Content of C.I.M.P.'s.* Each C.I.M.P. shall include:
- (1) Planning assumptions consistent with the general plan.
 - (2) For the next fiscal year and for the following nine fiscal years:
 - (i) Growth projection targets (numbers of new residences, number of new employees).
 - (ii) Justifications for and descriptions of capital projects needed to serve the growth projection targets.
 - (iii) Level of service standards.
 - (iv) Funds required to fund the needed capital projects.
- (e) *Process for Initial Adoption:*
- (1) *Review by Planning Board.* Upon submission of a C.I.M.P. from the agency responsible for its preparation, the Planning Board shall set a date for a public hearing on the C.I.M.P. It shall give at least 30 days' notice of the time, date, and place of the hearing.

Within 30 days after the public hearing, the Planning Board shall make its recommendations regarding consistency of the C.I.M.P. with the general plan and forward the recommendations to the agency(ies) which prepared the C.I.M.P.
 - (2) *Submission to County Council:*
 - (i) *C.I.M.P. for Education.* After consideration of the Planning Board's recommendations, the Board of Education shall send the C.I.M.P. to the County Council for approval by resolution. If not all the Planning Board's recommendations are incorporated into the C.I.M.P. submitted to the County Council, the Board of Education shall concurrently send the County Council the Board's reasons for not incorporating the Planning Board's recommendations.
 - (ii) *All other C.I.M.P.'s.* After consideration of the Planning Board's recommendations, the agency(ies), other than the Board of Education, responsible for preparing the C.I.M.P. shall send the C.I.M.P. to the County Executive. If not all the Planning Board's recommendations are incorporated into the C.I.M.P. submitted to the County Executive, the agency(ies) responsible for preparing the C.I.M.P. shall concurrently send the County Executive the agency(ies) reasons for not incorporating the Planning Board's recommendations.

The County Executive shall review the C.I.M.P., make changes he or she deems appropriate, and submit the C.I.M.P. to the County Council for approval by resolution.
- (f) *Updates of C.I.M.P.'s.* Updates to a C.I.M.P. shall be adopted in the same manner as the plan was originally adopted. The agency(ies) responsible for preparation of each C.I.M.P. shall review it each year and recommend updates as necessary based on such factors as:
- (1) The Howard County Capital Budget and Capital Programs and Extended Capital Program; the Maryland Capital Budget, and the Maryland Consolidated Transportation Program.
 - (2) Data derived from the development monitoring system.
 - (3) Adoption of a new general plan.
 - (4) Changes in comprehensive rezoning.
 - (5) Changes in service demands.
 - (6) Availability of services from nongovernmental sources.
 - (7) Changes in the economy.
 - (8) Changes to the rolling average (see section 16.1102, "the housing unit allocation concept," of the Howard County Code).

(C.B. 10, 1992)

Sec. 22.406. - Contents of the current expense budget.

The proposed current expense budget that the Executive submits to the County Council shall include, but is not limited to:

- (1) A comparative statement of the receipts and expenditures for the last completed fiscal year;
- (2) A comparative statement of authorized expenditures and revenues and estimated expenditures and revenues for the currently ending fiscal year;
- (3) For each department or other unit, which shall be classified by fund, fund center, and summary of expenditures by commitment:
 - (i) The actual expenditures from the previous fiscal year;
 - (ii) The appropriation for the current fiscal year;
 - (iii) The estimated expenditures for the current fiscal year; and
 - (iv) The expenditures recommended by the Executive for the ensuing fiscal year; and
- (4) Detailed departmental personnel summaries that include:
 - (i) The number of filled positions and the number of vacant positions approved in the current fiscal year's budget by classification title and pay grade; and
 - (ii) The number of filled positions and the number of vacant positions proposed in the upcoming fiscal year's budget by classification title and pay grade.

SUBTITLE 6. - FEES FOR INDUSTRIAL DEVELOPMENT REVENUE BONDS AND MARYLAND INDUSTRIAL DEVELOPMENT FINANCING AUTHORITY LOANS OR BONDS^[5]

Footnotes:

--- (5) ---

Editor's note— C.B. 80, 1981, added subtitle 5, § 22.500, to title 22, which the editor has redesignated subtitle 6, § 22.600, inasmuch as C.B. 43, 1981, had previously added subtitle 5.

Sec. 22.600. - Fee schedule and collection.

- (a) Howard County shall collect a fee for each new or refunded industrial development revenue bond and each new or refunded Maryland Development Financing Authority loan or bond. The amount of the fee shall be set by resolution of the County Council and shall be reasonably related to Howard County's costs for the advertising, processing and review of the loan or bond.
- (b) The appropriate fee, as specified in subsection (a) above, shall be collected (except as provided in subsection (c) below) prior to the introduction of each industrial development revenue loan or bond issue ordinance or resolution or Maryland Industrial Development Financing Authority loan or bond resolution by the Howard County Director of Finance, who shall submit proof of payment to the Executive Secretary of the County Council.
- (c) The fee schedule set forth in subsection (a) above shall not apply and the fee, as specified in subsection (a) above, shall not be collected, for the advertising, processing and review of industrial development revenue bonds issued by the Maryland Industrial Development Financing Authority under its "Umbrella Program" or any similar program under which the Maryland Industrial Development Financing Authority issues and sells issues of its umbrella bonds, within which two or more series of permanent bonds are consolidated for purposes of marketing and sale. Actual costs incurred by Howard County, Maryland, for advertising such bonds shall be collected prior to the sale of such bonds.

SUBTITLE 7. - GRANTS

Sec. 22.700. - County authorized to award grants.

- (a) Howard County may award grants of funds or in-kind assistance to nonprofit agencies which provide services to County residents.
- (b) Grants are initiated when a nonprofit agency requests a grant to provide a certain service or when the County solicits nonprofit agencies to provide a certain service.
- (c) Grants may be funded with County funds or from designated private, State, regional, or Federal funds.

(C.B. 60, 1993)

Sec. 22.701. - Information to be provided.

Nonprofit agencies seeking a grant from Howard County shall submit information to the County department or office which will administer the grant in a format prescribed by that agency and shall include:

- (a) A general description of the nonprofit agency's membership and mission; a copy of its Charter and bylaws, a listing of its officers, Directors, and principal staff members; and evidence of its nonprofit status;
- (b) A description of the service the nonprofit agency proposes to provide with the grant, who will provide the service (staff and/or volunteers), where it will be provided, who will receive the service (target population), and how much it will cost to provide the service.

(C.B. 60, 1993)

Sec. 22.702. - Advisory Panel.

The County Executive may appoint an Ad Hoc Advisory Panel to review grant applications and to make recommendations to the County Executive regarding the amount and type of grants to be awarded. When appropriate, this committee may consist of the members of an existing County board or commission. No member of an ad hoc panel may receive any direct or indirect financial or personal benefit from any of the grant applications under consideration by the panel.

(C.B. 60, 1993)

Sec. 22.703. - Budgetary approval.

Grants may be awarded only to the extent provided in the annual budget. Where the grant is for longer than the current fiscal year, grants for subsequent fiscal years may be awarded only after the County Council has approved a multiyear agreement to fund the grant, pursuant to section 612 of the Howard County Charter.

(C.B. 60, 1993)

Sec. 22.704. - Grant agreement.

A grant shall not be made unless the nonprofit agency has executed a grant agreement with the County which sets forth:

- (a) The amount of the grant.
- (b) The service to be provided with the grant, where it will be provided, and who will receive the service (target population).
- (c) The type and format of the reports and records which the nonprofit agency will be required to keep in order to provide accountability and which will be subject to County audit.
- (d) Provisions to assure that there will be adequate public advertising and notification to potential recipients of the service.
- (e) Provisions to assure that the agency and the services provided will be in compliance with Federal, State and County laws and regulations, including conformity with the provisions of subtitle 2, "human rights," of title 12 of the Howard County Code.
- (f) Provisions to indemnify the County from any claims which might be made against the County as a result of the grant.
- (g) A requirement to provide the Department or office administering the grant with annual audit and/or program report on the agency's use of the grant during the County's previous fiscal year and, subject to section 22.1000 of the County Code, to send copies of the audit and/or program report to the County Executive and the County Council.

(C.B. 60, 1993; C.B. 43, 2018, § 1)

SUBTITLE 8. - GOVERNMENTAL TRANSPARENCY AND ACCESSIBLE DATA⁶

Footnotes:

--- (6) ---

Editor's note— C.B. 32, 2014, § 2, added subtitle 8 to title 22 to read as herein set out. The absence of a history note indicates that the provision remains unchanged from the ordinance from which it originally derived.

Sec. 22.800. - Purpose; scope.

- (a) The purpose of this subtitle is to improve and maintain transparency and efficiency in government while addressing its goals of effective communication and collaboration within units and to deliver useful information to the public in an efficient manner, including through the provision of an intuitive and interactive web portal that also provides the public access to the information in usable and searchable formats.
- (b) Except as provided in section 22.806 of this subtitle or as determined by the Governmental Transparency Data Plan, this subtitle applies only to data created after this subtitle takes effect.
- (c) *Guiding principles.*
 - (1) All accessible data produced by or for a unit shall be made available without copyright, patent, trademark, or trade secret, or similar regulation other than reasonable privacy, security, and privilege restrictions.
 - (2) Accessible data shall be made available with the highest possible level of granularity in which it was developed by or for a unit.
 - (3) Accessible data shall be made available quickly to ensure usefulness to the public.
 - (4) Accessible data shall be available to the widest range of users for the widest range of purposes.
 - (5) To the extent practical, accessible data shall be structured to allow automated processing.
 - (6) Accessible data shall be available to anyone through the web portal, with no requirement of registration.
 - (7) Accessible data shall be available in non-proprietary or freely available formats and in accordance with any applicable open standard.
 - (8) Accessible data shall be published as soon as possible but no later than 30 days of when action has been taken.

Sec. 22.801. - Definitions.

- (a)
 - (1) Data means the final version of information that is created or maintained for or by a unit, but may also include documents provided to a unit as determined by the governmental transparency and accessible data guidance document.
 - (2) Data includes, but is not limited to, documents, records, digital data, lists, tables, spreadsheets, graphs, charts, memoranda, minutes, manuals, and orders.
 - (3) Data includes key relevant statistical or factual information about an image file and geographic information system data that would aid in a search.
- (b) Facilitator means the Director of the Department of Technology and Communications Services.
- (c) Unit means a unit of County government that is under the authority of the County Executive or the County Council.

Sec. 22.802. - Inventory.

- (a) Each unit shall compile an inventory of:
 - (1) The data that the unit publishes to the internet; and

- (2) The types of data that the unit creates or is the custodian of but does not publish to the internet.
- (b) (1) On or before, December 1, 2014, and each year thereafter, each unit shall submit to the facilitator the inventory.
- (2) The unit shall ensure that the inventory is complete, accurate, and up-to-date.
- (c) Each unit shall indicate for the items in the inventory:
 - (1) The items that the unit believes are of interest to the public;
 - (2) Any impediments to publication of the items to the internet; and
 - (3) The items that are confidential.
- (d) Subject to section 22.1000 of the County Code, each year the facilitator shall submit a combined inventory to the County Council and the County Executive.

(C.B. 43, 2018, § 1)

Sec. 22.803. - Portal.

- (a) The facilitator shall investigate options for a single web portal that would allow the public to locate and access the data that the County publishes to the internet.
- (b) On or before January 15, 2015, the facilitator shall recommend to the County Executive a plan to implement the portal and provide a report of that recommendation to the County Council.

Sec. 22.804. - Task force.

- (a) To carry out this subtitle, the facilitator must convene a task force.
- (b) The task force consists of:
 - (1) One member appointed by each member of the County Council;
 - (2) Members from the units that the facilitator believes should be represented; and
 - (3) Two representatives of the County Council.
- (c) The task force shall meet periodically to:
 - (1) Advise the facilitator, the County Executive, and the County Council;
 - (2) Study best practices;
 - (3) Ensure that units participate and comply with the purposes of this subtitle; and
 - (4) After reviewing the inventory, recommend items of interest to the public that should be published to the internet and their priority.
- (d) The task force shall issue a report on or before February 1, 2015, and periodically will meet thereafter until publication to the internet under the plan has begun.

Sec. 22.805. - Governmental transparency and accessible data plan and guidance document.

- (a) (1) On or before April 1, 2015, the facilitator shall submit to the County Executive and the County Council a plan for publishing to the internet the items that are of interest to the public.
- (2) The plan shall:
 - (i) Include the inventory including the identification of significant data sets and documents of most interest to the public;
 - (ii) Evaluate the confidential or protected information that should not be included;

- (iii) Prioritize the data sets and documents to be published, with a suggested schedule of publication;
 - (iv) Assign data set and document owners who are to be accountable for publishing and updating;
 - (v) Establish guidelines for updating and retiring data sets and documents;
 - (vi) Make recommendation on historical document inclusion;
 - (vii) Define a schedule for approved historical document publication;
 - (vii) [(viii)] Define a process to evaluate future data sets and documents for publication;
 - (ix) Define an agency data security policy for publishing information;
 - (x) Provide for the selection of a software tool set to be used;
 - (xi) Recommend an initial and ongoing staffing plan; and

A *governmental agency* includes its public officials, employees, agents, and volunteers.

- (2) *Authority to enter into agreements.* The County may cooperate with and enter into agreements with governmental agencies in order to provide comprehensive risk management in the most economical manner.
 - (3) *Coverage.* The comprehensive risk management program shall compensate for injury or death of persons or damage to property resulting from the negligent or wrongful acts within the scope of their official duties of public officials, agents, volunteers, or employees of the governmental agency, shall provide protection against physical loss or damage to property of the governmental agency, and shall provide for the defense of claims. An agreement may provide for some or all of the coverage include din the comprehensive risk management program established by the County.
- (b) *Length of Agreements—Cancellation.* Agreements for pooled comprehensive risk management shall expire at the end of each fiscal year. The County or the governmental agency shall give at least six months' notice of intent not to renew the agreement.

(C.B. 57, 1986; C.B. 51, 1990; C.B. 7, 1993; C.B. 65, 1995; C.B. 95, 1995; C.B. 53, 2008, § 1; C.B. 13, 2018, § 1)

Sec. 23.103. - Immunity.

No provision of this title shall constitute or be interpreted as a waiver of the right of the County or of an agency or of officers, employees or agents to raise the defense of sovereign or governmental immunity, or charitable immunity, or public official immunity or any other immunity or defense to which the County or agency or the officers, employees or agents are entitled.

(C.B. 55, 1986; C.B. 65, 1995)

SUBTITLE 2. - RISK MANAGEMENT FUND

Sec. 23.200. - Establishment of fund; funding; financial administration.

There is a risk management fund to implement the comprehensive risk management program.

The risk management fund shall be financed by annual contributions from the County and from each governmental agency which has entered into an agreement with the County for pooled comprehensive risk management. The annual contributions shall reflect the principles of incurred claims accounting and shall be computed by considering the premium cost, claim expense, operating expense, interest income and maintenance of a reserve fund. Accrued interest shall remain as part of the fund. Funds appropriated to the risk management fund shall be nonreverting. The Director of Finance shall be responsible for the financial administration of the fund.

(C.B. 57, 1986; C.B. 65, 1995)

Sec. 23.201. - Risk management program committee; membership.

There is a Risk Management Program Committee. Its permanent voting members shall be the Chief Administrative Officer, who shall be its Chairperson, the County Solicitor, the Director of Finance, and the representative of any governmental agency which pays annual contributions amounting to ten percent or more of the total annual contributions to the risk management fund. When a decision is being made regarding the defense or settlement of a legal action or the payment of a lawful judgment on behalf of a governmental agency which has entered into an agreement with Howard County for pooled comprehensive risk management, a representative of that governmental agency shall be a voting member of the Committee. All representatives of governmental agencies which have entered into

agreements with the County for pooled comprehensive risk management may have a representative participate as a nonvoting member of the Committee.

(C.B. 57, 1986; C.B. 117, 1989; C.B. 65, 1995; C.B. 17, 1996)

Sec. 23.202. - Duties of Risk Management Program Committee.

The Committee shall:

- (a) Set policy regarding the operation of the risk management fund.
- (b) Defend, compromise and pay claims asserted against the County or a governmental agency which has entered into an agreement with the County for pooled comprehensive risk management.
- (c) Provide protection against physical loss or damage to the property of the County or a governmental agency which has entered into an agreement with the County for pooled comprehensive risk management.
- (d) Employ actuaries, adjusters and other experts.
- (e) Provide for the direct and indirect expenses of legal representation and defense.
- (f) Adopt regulations.
- (g) Provide effective and efficient administration and operation of a comprehensive risk management program.

(C.B. 57, 1986; C.B. 65, 1995)

SUBTITLE 3. - DEFENSE OF ACTIONS AGAINST PUBLIC OFFICERS AND EMPLOYEES

Sec. 23.300. - Purpose.

The purpose of this subtitle is to define the role of County Government in the defense of its officers, agents and employees in legal actions related to their employment and in the defense of officers, agents and employees of governmental agencies which have entered into agreements with the County for pooled comprehensive risk management. This subtitle does not address the defense of actions against officers, agents and employees of the Howard County Board of Education or the Howard County Community College. Defense of actions against officers, agents and employees of those governmental agencies is addressed in subtitles 4 and 5 of this title.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.301. - Definitions.

Words and phrases used in this subtitle have their usual meanings, except that:

- (a) *Agency* includes:
 - (1) Any board, commission, department, office or institution of County Government; or
 - (2) Any board, commission, department, office or institution of any governmental entity within Howard County which has entered into an agreement with the Howard County Government for pooled comprehensive risk management pursuant to section 23.100 of the Howard County Code. *Agency* does not include the Howard County Board of Education nor the Howard County Community College.

(b) *Employee(s), agents and officer(s)* includes:

- (1) Current and former employee(s), agents and officer(s) of the Howard County Government; and
- (2) Current and former employee(s), agents and officer(s) of any governmental agency within Howard County which has entered into an agreement with the Howard County Government for pooled comprehensive risk management pursuant to subsection 23.100(b) of the Howard County Code. employee(s), agent(s) and officer(s) does not include current and former employee(s), agent(s) and officer(s) of the Howard County Board of Education nor of the Howard County Community College.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.302. - Reserved.

Editor's note— Formerly § 23.302; renumbered § 23.103 by C.B. 65, 1995.

Sec. 23.303. - Responsibility for authorizing defense; payment of judgment.

(a) *Defense:*

- (1) The Risk Management Program Committee shall authorize legal defense for current and past Howard County Executive(s) and Howard County Councilmembers for any claims arising from acts or omissions occurring in the performance of their official duties.
- (2) The Risk Management Program Committee shall provide legal counsel in a suit or claim brought against officers, agents and employees of Howard County, Maryland, or a governmental agency's officers, agents and employees for acts or omissions during the course of employment if the County Solicitor determines that the factual allegations show that:
 - a. The act or omission was within the scope of employment of the officers, agents and employees or in their official responsibilities for Howard County or the governmental agency; and
 - b. The officers, agents or employees were acting within their authorized official capacity.

(b) *Responsibility for Paying Judgment:*

- (1) *Compensatory damages; judgments for negligence.* The Risk Management Program Committee shall authorize the payment of judgments for compensatory damages up to the maximum limits of liability set forth in section 5-403 of the courts and judicial proceedings of the Annotated Code of Maryland against officers, agents or employees for damages resulting from tortious acts or omissions committed by the officers, agents or employees acting within the scope of their employment.
- (2) *County Solicitor determines no malice; jury finding of malice.* If the County Solicitor, pursuant to section 23.304 of the Howard County Code, determines that the officer, employee or agent was not acting with malice, the Risk Management Program Committee, with the approval of the County Executive, may pay an award of compensatory damages above the limits of liability set forth in subsection 5-403(a) and an award of punitive damages, notwithstanding the jury's finding of malice.
- (3) *Finding of malice; suit to collect from officer, agent or employee.* If the actions of the agent or employee are found by a court or a jury to have been malicious, the Risk Management Program Committee, with the approval of the County Executive, may authorize a suit against the officer, agent or employee to collect any damage award the County is required by law to pay.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.304. - Requirement for County Solicitor to provide defense.

- (a) *Initiation of Process.* The County Solicitor may become involved in the case upon written request of the officer, agent or employee, or to protect the interests of the County or an agency.
- (b) *Investigation.* Before undertaking the defense of an officer, agent or employee, the County Solicitor shall investigate the facts upon which the legal action or special proceeding is based to determine whether the officer's, agent's or employee's acts or omissions were within the scope of his/her employment and whether they were malicious.
- (c) *Approval Required.* Based upon the results of the investigation and the recommendations of the Risk Management Program Committee, the County Executive may authorize the County Solicitor to defend officers, agents and employees. The County Solicitor may not defend officers, agents and employees without the approval of the County Executive.
- (d) *Investigation and Defense May Be Delegated.* The County Solicitor may delegate the investigation and defense to an assistant County Solicitor or to outside counsel. In a criminal case, the County Solicitor shall appoint outside counsel.
- (e) *Costs of Outside Counsel.* The County Solicitor may employ outside counsel if the solicitor determines that it is impracticable or uneconomical for the County Solicitor or an assistant County Solicitor to provide the legal services or that the County Solicitor would have an actual or potential conflict of interest in providing these services. At the request of the governmental agency, the Risk Management Program Committee may authorize the County Solicitor to employ outside counsel to investigate and defend a claim against the governmental agency, its officers, agents or employees. The outside counsel shall cooperate with the County Solicitor in the investigation, defense and settlement of the claim. The compensation of the outside counsel shall be paid by the risk management fund.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.305. - Confidentiality.

Except for information obtained during the investigation, any information obtained by the County Solicitor or the Solicitor's designee shall be confidential and shall not be revealed unless by order of a court.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.306. - Special verdict.

The County Solicitor, the Solicitor's designee, or outside counsel shall request the court to require a special verdict in the form of written findings which determine:

- (a) Whether the officer, agent or employee was acting within the scope of his/her employment;
- (b) Whether the alleged act or omission was malicious;
- (c) Whether the officer, agent or employee could legally claim any common law or statutory immunity.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.307. - Requirement to repay the risk management fund for costs of defense.

Before the County Solicitor undertakes the defense of an officer, agent or employee, the officer, agent or employee shall sign an agreement which provides that the officer, agent or employee understands that if the information provided during the investigation undertaken pursuant to subsection 23.304(b) of this subtitle was not complete and true or was misleading, or if the official, agent or employee otherwise fails to cooperate in the defense, the County:

- (a) May withdraw as counsel to the official, agent or employee with leave of court; or
- (b) May charge the official, agent or employee for continued defense; and
- (c) May seek reimbursement from the employee for any judgment the County may be required, by law, to pay, consistent with the County's obligations under State law.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.308. - Settlement obligations.

- (a) Before the County Solicitor undertakes the defense of an officer, agent or employee, the officer, agent or employee shall sign an agreement which provides that the County Solicitor shall compromise or settle a claim on behalf of the risk management fund only after notifying the officer, agent or employee of the proposed settlement and of its terms and after giving the individual the opportunity to suggest additional terms that are in the interest of the employee and the County.
- (b) The agreement shall also provide that the County shall obtain the written consent of the officer, agent or employee to the settlement of a claim if either:
 - (1) The proposed settlement will not provide him/her with a general release; or
 - (2) The County intends to ask the officer, agent or employee to repay any of the cost of the settlement or of the legal costs.
- (c) The agreement shall further provide that if the officer's, agent's or employee's consent is required and the officer, agent or employee does not consent to the compromise or settlement, the County Solicitor may treat the failure to consent as a failure to cooperate, pursuant to section 23.307 of this subtitle.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.309. - Responsibility for costs of officer, agent or employee.

- (a) *Risk Management Fund Pays.* If the County Solicitor decides not to undertake the defense of an officer, agent or employee and the court decides that the officer's, agent's, or employee's acts or omissions were within the scope of his/her employment, the risk management fund shall pay the costs of the defense, including court costs and attorneys' fees, except in cases where the court orders the plaintiff to pay these costs.
- (b) *Plaintiff Pays.* If the court finds for the officer, agent or employee and there is reason to believe that the action or proceeding was instituted in bad faith or without substantial justification, the Risk Management Program Committee may authorize the County Solicitor, assistant County Solicitor, outside counsel or private counsel for the officer, agent or employee to petition the court to require the plaintiff to pay the risk management fund or the officer, agent or employee, as the case may be, the costs of defending the case, including court costs and attorneys' fees.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.310. - Payment of judgment or settlement.

- (a) *Officers, Agents and employees Whose Judgment or Settlement May Be Paid:*
- (1) *Judgments.* The amount of any judgment may be paid on behalf of those officers, agents or employees whose acts or omissions were within the scope of their employment in accordance with section 23.303.
 - (2) *Settlements.* The Risk Management Program Committee may authorize payment of a settlement if, in the opinion of the Committee:
 - (i) The officer, agent or employee was acting within the scope of employment or is likely to be found by a court or jury to have been acting within the scope of employment; and
 - (ii) The costs of the litigation, the risks of judgment adverse to the officer, agent or employee and other relevant factors indicate that settlement is appropriate under the circumstances.
- (b) *Risk Management Fund.* Any costs, judgments or settlements authorized by the Committee to be paid, shall be paid by the risk management fund.
- (c) *Repayment by Official, Agent or Employee.* The County may collect from the official, agent or employee any amounts paid in compensatory damages for acts or omissions of the individual within the scope of his/her employment, when it is found that the official, agent or employee acted with actual malice.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.311. - Retroactivity.

The application of this subtitle to the officers, agents and employees of any agency shall be retroactive to the date when the agency entered into an agreement with the Howard County Government for pooled comprehensive risk management pursuant to section 23.100 of the Howard County Code.

(C.B. 55, 1986; C.B. 65, 1995)

SUBTITLE 4. - DEFENSE OF ACTIONS AGAINST OFFICERS, AGENTS AND EMPLOYEES OF THE HOWARD COUNTY BOARD OF EDUCATION

Sec. 23.400. - Purpose.

The purpose of this subtitle is to define the role of County Government and the risk management program in the defense of Board of Education officers, agents and employees in legal actions related to their employment. The provisions of this subtitle shall be effective during the life of an agreement between the Howard County Government and the Howard County Board of Education for pooled comprehensive risk management pursuant to the provisions of subtitle 1 of this title. This subtitle is intended to provide the self-insurance coverage authorized by subsection 4-105(c) of the Education Article of the Annotated Code of Maryland, as amended from time to time. Nothing in this subtitle is intended to be inconsistent or in conflict with any State law or regulation pertaining to the Howard County Board of Education.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.401. - Definitions.

Words and phrases used in this subtitle have their usual meaning except that "employee(s), agent(s) and board member(s)" includes current and former employee(s), agent(s) and board member(s) of the Board of Education.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.402. - Immunity.

This subtitle shall not be read to be a waiver of the defense of sovereign immunity or of any other immunity defense available by law to the Board, its employees, agents, or officials.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.403. - Reserved.

Editor's note— C.B. 65, 1995, reserved § 23.403 in its entirety. Formerly, § 23.403 pertained to actions against County board employees and derived from C.B. 55, 1986.

Sec. 23.404. - Responsibility for providing defense; payment of judgment.

- (a) *Defense.* The risk management program shall provide for defense of claims against the Board of Education, its members, public officials, agents and employees arising from acts or omissions committed within the scope of employment or authorized official capacity and without malice.
- (b) *Responsibility for Paying Judgment.* A claim or judgment against a board member, agent or employee for compensatory damages up to the maximum limits of liability set forth in section 5-353 of the courts and judicial proceedings article of the Annotated Code of Maryland or up to any lesser amount provided in the agreement between the Board of Education and the County shall be satisfied from the risk management fund if the board member, agent or employee was acting within the scope of employment or authorized official capacity and without malice.

(C.B. 55, 1986; C.B. 65, 1995)

State Law reference— Tort immunity of county board of education, Ann. Code of Md., Courts and Judicial Proceedings article, § 5-518.

Sec. 23.405. - Requirement for County Solicitor to provide defense.

- (a) *Initiation of Process.* The County Solicitor may become involved in the case upon written request of the Board, board member, agent or employee, or to protect the interests of the County or an agency.
- (b) *Investigation.* Before undertaking the defense of a board member, agent or employee, the County Solicitor shall investigate the facts upon which the legal action or special proceeding is based to determine whether the member's, agent's or employee's acts or omissions were within the scope of his/her employment and whether they were malicious.
- (c) *Approval Required.* Based upon the results of the investigation and the recommendations of the Risk Management Program Committee, the County Executive may authorize the County Solicitor to defend the board member, agent or employee. The County Solicitor may not defend board members, agents and employees without the approval of the County Executive.
- (d) *Solicitor Coordinates Defense; Initiation of Process.* The County Solicitor coordinates the provision of defense on behalf of the risk management program. Upon written request, the County Solicitor may undertake the defense of the Board of Education, its public officials, agents and employees, with the recommendation of the Risk Management Program Committee and the approval of the County Executive.

- (e) *Other Legal Counsel.* The Board of Education may direct its legal counsel to undertake the defense of any claim against the Board of Education, its public officials, employees and agents. Upon recommendation of the County Solicitor, this defense shall be funded from the risk management fund in accordance with the professional services policy established by the risk management committee. Legal counsel for the Board of Education shall consult with and advise the County Solicitor as to the status of each claim.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.406. - Special verdict.

The County Solicitor, the solicitor's designee, outside counsel or the legal counsel for the Board of Education shall request the court to require a special verdict in the form of written findings which determine:

- (a) Whether the board member, agent or employee was acting within the scope of employment; or
- (b) In the case of an employee or agent, whether the alleged act or omission was malicious.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.407. - Requirement to repay the risk management fund for costs of defense.

Before the County Solicitor or outside counsel undertakes the defense of a board member, agent or employee, the board member, agent or employee shall sign an agreement which provides that the board member, agent or employee understand that if the information provided during the investigation was not complete and true or was misleading; or if the board member, agent or employee otherwise fails to cooperate in the defense the County Solicitor:

- (a) May withdraw as counsel to the board member, agent or employee with leave of court or request other counsel provided under subsection 23.405(e) to withdraw; or
- (b) May charge the board member, agent or employee for continued defense; and
- (c) May seek reimbursement from the employee for any judgment the Board or the risk management fund may be required to pay.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.408. - Settlement obligations.

- (a) Before the County Solicitor or other counsel selected by the Board undertakes the defense of a board member, agent or employee, the board member, agent or employee shall sign an agreement which provides that the claim shall not be compromised or settled without first notifying the board member, agent or employee of the proposed settlement and of its terms and after giving the individual the opportunity to suggest additional terms that are in the interest of the employee and the Board.
- (b) The agreement shall also provide that the Board of Education shall obtain the written consent of the board member, agent or employee to the settlement of a claim if either:
 - (1) The proposed settlement will not provide him/her with a general release; or
 - (2) The Board of Education intends to ask the board member, agent or employee to repay of the cost of the settlement or of the legal costs.
- (c) The agreement shall further provide that if the board member's, agent's or employee's consent is required and the officer, agent or employee does not consent to a compromise or settlement

recommended by the County Solicitor or other counsel and approved by the Risk Management Program Committee, the County Solicitor or outside counsel may treat the failure to consent as a failure to cooperate pursuant to section 23.407 of this subtitle.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.409. - Responsibility for costs of board member, agent or employee.

- (a) *Risk Management Fund Pays.* If a decision is made not to undertake the defense of the Board, a board member, agent or employee and the court finds that the acts or omissions of the board member, agent or employee were within the scope of employment or authorized official capacity and, in the case of an employee or agent, were not malicious, the costs of the defense, including court costs and attorneys' fees, shall be paid from the risk management fund except in cases where the court orders the plaintiff to pay these costs.
- (b) *Plaintiff Pays.* If the court finds for the board member, agent or employee and there is reason to believe that the action or proceeding was instituted in bad faith or without substantial justification, the Risk Management Program Committee may authorize the County Solicitor, assistant County Solicitor, other counsel or private counsel for the board member, agent or employee to petition the court to require the plaintiff to pay the risk management fund or the board member, agent or employee, as the case may be, the costs of defending the case, including court costs and attorneys' fees.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.410. - Payment of judgment or settlement.

- (a) *Judgments.* The amount of any judgments against board members, agents and employees shall be paid from the risk management fund up to the limits set forth in the agreement between Howard County Government and the Howard County Board of Education.
- (b) *Settlements.* The Risk Management Program Committee may approve proposed settlements and shall authorize payment of settlements negotiated and approved on behalf of the Board, its members, officials, agents and employees, up to the limits set forth in the agreement between the Howard County Government and the Howard County Board of Education, if, in the opinion of the Committee:
 - (1) The Board member, agent or employee was acting within the scope of employment or is likely to be found by a court or jury to have been acting within the scope of employment; and
 - (2) The costs of the litigation, the risks of a judgment adverse to the officer, agent or employee, and other relevant factors indicate that settlement is appropriate under the circumstances.
- (c) *Repayment by Board Member, Agent or Employee.* The Board of Education may collect from the official, agent or employee any amounts paid in compensatory damages for acts or omissions of the individual within the scope of his/her employment, when it is found that the board member, agent or employee acted with actual malice.

(C.B. 55, 1986; C.B. 65, 1995)

SUBTITLE 5. - DEFENSE OF ACTIONS AGAINST OFFICERS, AGENTS AND EMPLOYEES OF THE HOWARD COUNTY COMMUNITY COLLEGE

Sec. 23.500. - Purpose.

The purpose of this subtitle is to define the role of County Government and the risk management program in the defense of Howard County Community College officers, agents and employees in legal actions related to their employment. The provisions of this subtitle shall be effective during the life of an agreement between the Howard County Government and the Howard County Community College for pooled comprehensive risk management pursuant to the provisions of subtitle 1 of this title.

This subtitle is intended to provide the self-insurance coverage authorized by subsection 16-206(c) of the education article of the Annotated Code of Maryland, as amended from time to time. Nothing in this subtitle is intended to be inconsistent or in conflict with any State law or regulation pertaining to the Howard County Community College.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.501. - Definitions.

Words and phrases used in this subtitle have their usual meaning, except that *employee(s)*, *agent(s)* and *board member(s)* includes current and former employee(s), agent(s) and board member(s) of the Howard County Community College. *Board* means the Board of trustees of Howard County Community College; and *board members*, *agent(s)* and *employee(s)* includes current and former members, agent(s) and employee(s) of the Board of trustees of Howard County Community College.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.502. - Claim of immunity.

This subtitle shall not be read to be a waiver of the defense of sovereign immunity or of any other immunity defense available by law to the Board, its employees, agents or officials.

(C.B. 55, 1986; C.B. 65, 1995)

State Law reference— Tort immunity of community colleges, Ann. Code of Md., Courts and Judicial Proceedings article, § 5-519.

Sec. 23.503. - Responsibility for providing defense; payment of judgment.

- (a) *Defense.* The risk management program shall provide for defense of claims against the Board of trustees of the Community College, its members, public officials, agents and employees, arising from acts or omissions committee within the scope of employment or authorized official capacity.
- (b) *Responsibility for Paying Judgment.* A claim or judgment against a board member, agent or employee of the Community College shall be satisfied from the risk management fund, up to the limit established by law or up to any lesser amount that may be set in the agreement between the Community College and the County, for damages resulting from tortious acts or omissions committed by the board member, agent or employee acting within the scope of employment or authorized official capacity and without malice.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.504. - Requirement for County Solicitor to provide defense.

- (a) *Initiation of Process.* The County Solicitor may become involved in the case upon written request of the Board, board member, agent or employee, or to protect the interests of the County or an agency.

- (b) *Investigation.* Before undertaking the defense of a board member, agent or employee, the County Solicitor shall investigate the facts upon which the legal action or special proceeding is based to determine whether the member's, agent's or employee's acts or omissions were within the scope of his/her employment and whether they were malicious.
- (c) *Approval Required.* Based upon the results of the investigation and the recommendations of the Risk Management Program Committee, the County Executive may authorize the County Solicitor to defend the board member, agent or employee. The County Solicitor may not defend board members, agents and employees without the approval of the County Executive.
- (d) *Solicitor Coordinates Defense; Initiation of Process.* The County Solicitor coordinates the provision of defense on behalf of the risk management program. Upon written request, the County Solicitor may undertake the defense of board members, agents or employees with the recommendation of the Risk Management Program Committee and approval of the County Executive.
- (e) *Other Legal Counsel.* The Community College may direct its legal counsel to undertake the defense of any claim against the Community College, its public officials, employees and agents. Upon recommendation of the County Solicitor, the defense shall be funded from the risk management fund in accordance with the professional services policy established by the Risk Management Program Committee. Legal counsel for the Community College shall consult with and advise the County Solicitor as to the status of each claim.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.505. - Special verdict.

The County Solicitor, the solicitor's designee, outside counsel or counsel for the Community College shall request the court to require a special verdict in the form of written findings which determine:

- (a) Whether the board member, agent or employee was acting within the scope of employment; or
- (b) Whether the alleged act or omission was malicious.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.506. - Requirement to repay the risk management fund for costs of defense.

Before the County Solicitor or outside counsel undertakes the defense of a board member, agent or employee, the board member, agent or employee shall sign an agreement which provides that the board member, agent or employee understands that if the information he/she provided during the investigation was not complete and true, or was misleading, or if the board member, agent or employee otherwise fails to cooperate in the defense the County Solicitor:

- (a) May withdraw as counsel to the board member, agent or employee with leave of court or request other counsel provided under section 23.504 to withdraw; or
- (b) May charge the board member, agent or employee for continued defense; and
- (c) May seek reimbursement from the employee for any judgment the Community College may be required, by law, to pay, consistent with its obligations under State law.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.507. - Settlement obligations.

- (a) Before the County Solicitor or other counsel selected by the Board undertakes the defense of a board member, agent or employee, the board member, agent or employee shall sign an agreement

which provides that the claim shall not be compromised or settled without first notifying the board member, agent or employee of the proposed settlement and of its terms and after giving the individual the opportunity to suggest additional terms that are in the interest of the employee and the Community College.

- (b) The agreement shall also provide that the Community College shall obtain the written consent of the board member, agent or employee to the settlement of a claim if either:
 - (1) The proposed settlement will not provide him/her with a general release; or
 - (2) The County intends to ask the officer, agent or employee to repay any of the costs of the settlement or of the legal costs.
- (c) The agreement shall further provide that if the board member's, agent's or employee's consent is required and the board member, agent or employee does not consent to a compromise or settlement recommended by the County Solicitor or other counsel and approved by the Risk Management Program Committee, the County Solicitor or other counsel may treat the failure to consent as a failure to cooperate pursuant to section 23.506 of this subtitle.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.508. - Responsibility for costs of board member, agent or employee.

- (a) *Risk Management Fund Pays.* If a decision is made not to undertake the defense of the Board or a board member, agent or employee and the court finds that the acts or omissions were within the scope of employment or authorized official capacity the costs of the defense, including court costs and attorneys' fees shall be paid from the risk management fund, except in cases where the court orders the plaintiff to pay these costs.
- (b) *Plaintiff Pays.* If the court finds for the board member, agent or employee and also finds that the action or proceeding was instituted in bad faith or without substantial justification, the Risk Management Program Committee may authorize the County Solicitor, assistant County Solicitor, other counsel or private counsel for the board member or employee to petition the court to require the plaintiff to pay the Risk Management Fund or the Board member, agent or employee, as the case may be, the costs of defending the case, including court costs and attorneys' fees.

(C.B. 55, 1986; C.B. 65, 1995)

Sec. 23.509. - Payment of judgment or settlement.

- (a) *Judgments.* The amount of any judgments against Board members, agents and employees shall be paid from the Risk Management Fund up to the limits set forth in the agreement between the Howard County Government and the Howard County Community College.
- (b) *Settlements.* The Risk Management Program Committee may approve payment of proposed settlements and shall authorize payment from the risk management fund of settlements negotiated and approved on behalf of the Board, its members, officials, agents and employees, up to the limits set forth in the agreement between the Howard County Government and the Howard County Community College, provided that, in the opinion of the Committee:
 - (1) The Board member, agent or employee was acting within the scope of employment or is likely to be found by a court or jury to have been acting within the scope of employment; and
 - (2) The costs of the litigation, the risks of a judgment adverse to the board member, agent or employee and other relevant factors indicate that settlement is appropriate under the circumstances.

- (c) *Repayment by board member, agent or employee.* The County may collect from the board member, agent or employee any amounts paid in compensatory damages for acts or omissions of the individual within the scope of his/her employment, when it is found that the Board member, agent or employee acted with actual malice.

TITLE 24 - CIVIL PENALTIES¹¹

Footnotes:

--- (1) ---

State Law reference— Civil penalties authorized, Ann. Code of Md. art. 25A, § 5(A)(5).

SUBTITLE 1. - CIVIL FINES AND PROCEDURES

Sec. 24.100. - Purpose.

This subtitle implements the authority contained in article 25A of the Annotated Code of Maryland to provide for the enforcement of County laws and regulations by civil fines.

(C.B. 31, 1985)

Sec. 24.101. - Definitions.

Words and phrases used in this subtitle shall have their usual meanings except as specified below:

I. *Civil violation:*

A violation of the County Code or of a regulation adopted pursuant to the County Code, which is punishable by a civil fine.

II. *Enforcement official* is the individual in an agency or department charged with enforcing its laws and regulations, generally the Department or agency head or his/her designated representative.

III. *Enforcing agency* means the Department or agency charged with enforcing a law or regulation.

IV. *Person* means an individual, partnership, joint venture, corporation, association, or organization.

V. *Repeated violation* means a recurring violation of the same provision of the County Code or regulation.

(C.B. 31, 1985)

Sec. 24.102. - Establishment of civil penalties.

An enforcing agency may impose a civil fine pursuant to the provisions of this subtitle as an alternative enforcement measure for violations of the Howard County Code or regulations adopted pursuant to the Code.

(C.B. 31, 1985)

Sec. 24.103. - Applicability; nonexclusive remedy.

I. *Applicability*. The provisions of this subtitle shall apply unless Howard County laws and regulations provide otherwise.

II. *Nonapplicability to Animal Control Law*. The provisions of this subtitle do not apply to civil citations issued pursuant to subtitle 3, "animals," of title 17, "public protection services," of the Howard County Code.

III. *Nonexclusive Remedy*. Nothing in this subtitle shall prevent an enforcing agency from seeking other remedies provided by law or regulations, such as injunctions or criminal prosecution.

IV. *Nonapplicability to Violations of the Subdivision and Land Development Regulations or the Howard County Zoning Regulations*. The provisions of this subtitle do not apply to citations or notices of violations issued under title 16, subtitle 16 of this Code.

(C.B. 31, 1985; C.B. 11, 1986; C.B. 3, 2008, § 6)

Sec. 24.104. - Duties of the County Solicitor.

The County Solicitor may prosecute all civil violations under this subtitle. The County Solicitor may institute proceedings on behalf of the County enforcement officials in any court of competent jurisdiction to enforce payment of the civil fines imposed pursuant to this subtitle.

(C.B. 31, 1985)

Sec. 24.105. - Determination of violation; notice of violation.

Unless laws and regulations provide other procedures, an Enforcement Official shall use the following procedure to determine that a violation has occurred and to notify the violator.

I. *Investigation:*

The Enforcement Official shall investigate the alleged violation to determine whether a violation exists or has occurred.

II. *Notice of Violation:*

If the Enforcement Official believes that a violation exists or has occurred and if law or regulation requires the issuance of a notice of violation, the Official shall issue a notice of violation to the person responsible for the violation. If a notice of violation is not required by law or regulation, the Enforcement Official may issue a notice at his/her discretion.

The Enforcement Official need not issue a violation notice for a repeated violation for which a citation has been issued. The notice shall describe the violation and shall give the person a reasonable time to abate the violation or to prevent future violations.

III. *Right of Appeal:*

The person charged with the violation may appeal the issuance of a violation notice only if such an appeal is authorized by law or regulation.

(C.B. 31, 1985)

Sec. 24.106. - Issuance of citation.

Unless law provides otherwise, the following provisions regarding citations shall be used:

I. *Continuing Violations:*

Each day that a violation continues after issuance of a notice of violation or citation shall be a separate violation. An inspection which indicates that a violation continues to exist shall be prima facie proof of a continuing violation which has existed since the last inspection.

II. *Authority to Issue Citation:*

(a) *After issuance of a notice of violation:*

If a violation continues after the reasonable time stated in the notice of violation and the person charged has neither made good-faith efforts to abate, correct or legalize the violation nor appealed the violation, the enforcement official may issue a citation to the person charged with the violation.

(b) *When notice of violation is not required:*

If law or regulation does not require the issuance of a notice of violation, the Enforcement Official may issue a citation when he/she determines that a violation exists or has occurred.

III. *Content of Citation:*

The citation shall contain:

- (a) Certification by the enforcement official attesting to the best of his/her knowledge that a violation exists or has occurred;
- (b) The name and address of the person charged;
- (c) The nature of the violation;
- (d) The time when the violation occurred and the place;
- (e) The amount of the fine;
- (f) The manner, location and time in which the fine may be paid; and
- (g) Notice informing the person of the right to stand trial for the violation.

IV. *Delivery of Citation:*

The Enforcement Official shall mail a copy of the citation to the last known address of the person charged. Instead of mailing, the enforcement official may deliver the citation personally to the person charged. In addition, a copy of the citation may be posted in a conspicuous place on the property where the violation exists or has occurred.

V. *Enforcement Official to Retain Copy:*

The Enforcement Official shall retain a copy of the citation.

VI. *Citation Not Appealable:*

The issuance of a citation is not appealable to any County Board or Commission.

(C.B. 31, 1985)

Sec. 24.107. - Fines.

- I. *Amount of Fine.* Unless another amount for a specific violation has been established by law or regulation, the civil fine shall be in the amount shown below:

Class of	Minimum	Maximum
----------	---------	---------

Offense	Fine	Fine
A	\$500.00	\$1,000.00
B	250.00	500.00
C	100.00	250.00
D	50.00	100.00
E	25.00	50.00

II. *Payment of Fines.* All fines are due and payable by the date indicated in the citation. The fine shall be payable to and collected by the Director of Finance of Howard County.

(C.B. 31, 1985)

Sec. 24.108. - Election to stand trial.

- I. *Right to Stand Trial.* A person who receives a citation may elect to stand trial for the alleged violation.
- II. *Notice Requirement.* At least five days before the due date of the fine, the person cited shall file with the Director of Finance a notice of intent to stand trial.
- III. *Notice to District Court; Scheduling of Case.* Upon receipt of a notice of intent to stand trial, the Director of Finance shall send a copy of the notice and a copy of the citation to the district court. Upon receipt of the citation, the district court shall schedule the case for trial and notify all parties of the trial date.
- IV. *Money Collected.* All fines, penalties or forfeitures collected by the district court for violations shall be sent to the Director of Finance of Howard County.

(C.B. 31, 1985)

Sec. 24.109. - Default.

- I. *Formal Notice.* If the person charged with the violation has not paid the fine by the due date and has not filed a notice of intent to stand trial, the Office of Finance shall send a formal notice of the alleged violation to the last known address of the person charged.
- II. *Additional Fine.* If the fine is not paid within 15 days of the date of the formal notice, the person shall pay an additional fine, not to exceed the original fine.
- III. *Adjudication.* If the fine is not paid within 35 days of the date of the formal notice, the Director of Finance may request the district court to adjudicate the case. The district court shall schedule the case for trial and summon the defendant to appear for trial.
- IV. *Civil Matter.* Adjudication of a violation is not a criminal conviction, nor does it impose any of the civil disabilities ordinarily imposed by a criminal conviction.

(C.B. 31, 1985)

Sec. 24.110. - Manner of prosecution.

In a proceeding before the district court under this subtitle:

I. *Burden of Proof Evidentiary Standards:*

- (a) *Burden.* It shall be the burden of the County to prove by a preponderance of the evidence that the defendant committed the violation, except in zoning violations where it shall be the burden of the County to prove by clear and convincing evidence that the defendant committed the violation.

II. *Right to Counsel:*

A defendant may be represented by a counsel of his/her own selection at his/her own expense.

III. *Notify Defendant of Charges:*

The court shall ensure that the defendant has received a copy of the charges and that he/she understands those charges.

IV. *Pleas; Cross-Examination; Witnesses:*

(a) *Plea:*

A defendant may enter a plea of guilty or not guilty.

(b) *Witnesses:*

The defendant may testify on his/her own behalf. The defendant may produce evidence and witnesses in his/her own behalf.

(c) *Cross-examinations:*

The defendant may cross-examine witnesses who appear against the defendant.

V. *Verdict of Court:*

The court shall give a verdict of guilty or not guilty of a County violation or the court may, before judgment, place the defendant on probation as the law permits in the trial of a criminal case.

VI. *Fine:*

The court may, at its discretion, suspend or defer the payment of any fine it imposes and may set conditions for the suspension or deferral.

VII. *Failure to Pay Fine:*

If a defendant willfully fails to pay the fine imposed by the court, the willful failure may be treated as a criminal contempt of court punishable by the court as is provided by law.

VIII. *Right to File Motion:*

A defendant who has been found guilty of a County violation has the same rights to file a motion for a new trial or a motion for a revision of a judgment as law or rule provides in the trial of a criminal case. The motions shall be made in the same manner as is now provided in the trial of criminal cases.

IX. *Court Costs:*

If the district court finds that a person has committed a civil violation, the person shall also be liable for the court costs of the proceedings in district court. A defendant shall not be liable for payment to the criminal injury compensation fund.

(C.B. 31, 1985; C.B. 62, 2003, § 1)

Sec. 24.111. - Severability.

If a court holds that part of this subtitle is invalid, the invalidity does not affect other parts.

(C.B. 31, 1985)

TITLE 25 - REVENUE AUTHORITY¹¹

Footnotes:

--- (1) ---

Editor's note— Sections 1—3 of C.B. 69, 2005 enacted a new Title 25 as herein set out. Former Title 25 was titled as General Services and only contained reserved sections.

SUBTITLE 1. - HOWARD COUNTY REVENUE AUTHORITY

PART I. - STATE PROVISIONS

Sec. 25.101. - Definitions.

- (a) In this act the following words have the meanings indicated.
- (b) *Board* means the Board of Directors of the Howard County Revenue Authority.
- (c) *County* means Howard County.
- (d) *Plan* means the document that:
 - (1) Is prepared by the Revenue Authority and approved by the County Executive and the County Council; and
 - (2) Outlines or presents a strategy for the activities of the Revenue Authority.
- (e) *Revenue Authority* means the Howard County Revenue Authority.

(C.B. 69, 2005, § 2)

State Law reference— 2005 Laws of Maryland, Ch. 95.

Sec. 25.102. - Authority to establish; purpose; local legislation; applicable law; conveyance of County property; assignments; advances; budget; revenue bonds; authorities; taxation; prohibitions; financial report; records; dissolution.

- (a) (1) Howard County, Maryland, may establish by local legislation a revenue authority in the County. The Revenue Authority shall be known as the Howard County Revenue Authority, shall have perpetual existence as a corporation, shall be deemed to be performing an essential

public function, and shall also be considered to be a public body and an instrumentality of the County.

- (2) The purpose of the Revenue Authority is to finance or operate cultural, recreational (excluding golf courses), and parking facilities.
- (b) (1) The County may enact, by local legislation, the provisions of each section required by this act and provisions to supplement the provisions of the required sections, if not in conflict with the required sections.
- (2) The local legislation, if enacted, shall:
 - (i) Except as provided in sections 3 and 4 of this act (section 25.103 and section 25.104 of this Code), specify the organization and membership of the Revenue Authority;
 - (ii) Specify the purposes, as set forth in subsection 2(a)(2) of this act (subsection 25.102(a)(2) of this Code), of the Revenue Authority;
 - (iii) Specify the powers to be exercised by the Revenue Authority;
 - (iv) Provide for the exercise of all powers, authority, rights, and obligations required by this act; and
 - (v) Specify any other matters relating to the Revenue Authority as the County may determine.
- (c) (1) Except as provided in paragraphs (2) and (3) of this subsection and subsection 3(e)(2) of this act (subsection 25.103(e)(2) of this Code), the provisions of the County Charter or other County law regarding the duties, powers, or organization of the Revenue Authority do not apply to the Revenue Authority unless the County expressly provides by law that the Charter provision or law applies to the Revenue Authority.
- (2) The Revenue Authority shall be subject to section 2.125 et seq. of the Howard County Code or any successor provisions at law and to section 10.611, et seq. of the State government article of the Annotated Code of Maryland.
 - (3) The Board, officers, Executive Director, and employees of the Revenue Authority shall be subject to the Howard County Public Ethics Law, section 22.200, et seq. of the Howard County Code, or any successor provision of law.
- (d) (1) The County Executive, with the approval of the County Council, may convey to the revenue authority the County's title to any lands, streets, alleys, buildings, facilities, or other public places, on payment to the County of the reasonable value of such properties.
- (2) The Revenue Authority and the County Executive shall determine the value of the property with the approval of the County Council.
 - (3) Payment shall be made in cash or in bonds of the Revenue Authority at par value.
 - (4) Proceeds from the conveyance of any County property to the Revenue Authority under this section shall be applied by the County to:
 - (i) The repayment of County general obligation debt or revenue obligations issued to finance or refinance the acquisition or development of the property conveyed; or
 - (ii) The acquisition or development of capital projects of the County.
- (e) (1) Subject to paragraph (2) of this subsection, the County Executive, with the approval of the County Council, may assign to the revenue authority any rates, rentals, fees, or charges now being or hereafter received by the County, such assignment to be made for the purpose of providing additional security for any bonds to be issued under this act or for such other purposes as may be agreed to between the Revenue Authority and the County.
- (2) The County may not pay or otherwise transfer to the Revenue Authority as rates, rentals, fees, or charges, money from the general funds of the County to pay for financing public property to be occupied or used by the County for governmental purposes.

- (f)
 - (1) The County Council may advance to the Revenue Authority from the general funds of the County, sums to be used by the Revenue Authority to defray expenses for investigation, engineering and architectural studies, opinions, and compensation of employees and counsel, that may be incurred prior to the sale of its revenue bonds.
 - (2) Advances shall be repaid out of the first proceeds of the sale of revenue bonds by the revenue authority following any such advance.
 - (3) The advances may be made in accordance with subsection (h) of this section.
- (g) The budget for the Revenue Authority and any proposal by the Revenue Authority to sell bonds is subject to approval by the County Executive and the County Council.
- (h)
 - (1) The revenue bonds, certificates, or other evidences of indebtedness issued under the provisions of this subtitle may not be deemed to constitute a debt of the County or a pledge of the faith and credit of the County or of the State of Maryland or any political subdivision of the State of Maryland.
 - (2) The revenue bonds, certificates, or other evidences of indebtedness shall be payable from the funds of the Revenue Authority provided from revenues of the project or projects of the Revenue Authority.
 - (3) All revenue bonds shall contain a statement on their face to the effect that the full faith and credit of the County, State, or political subdivision of the State of Maryland is not pledged to pay such bonds or the interest thereon.
 - (4) Except as otherwise provided in paragraph (5) of this subsection, the issuance of the revenue bonds, certificates, or other evidences of indebtedness under the provisions of this subtitle may not directly, indirectly, or contingently obligate Howard County to levy or pledge any form of taxation or any appropriation for their payment.
 - (5) The County Executive may, with the approval of the Council, collaterally agree to provide sufficient moneys from the general fund of the County to pay any deficiency in the debt service requirements of such bonds for any year in which there is a deficit.
 - (6) An advance of moneys from the general fund of the County shall be repaid from the receipts, rentals, or revenues of the authority in the next succeeding year in which such receipts, rentals, or revenues exceed debt service requirements and operating expenses.
 - (7) An advance of moneys from the general fund of the County under any agreement or agreements shall not exceed, but shall be limited and restricted to, a maximum amount established by local legislation or, in the absence of local legislation, a maximum payment by the County of \$25,000.00 for any one year.
- (i)
 - (1) Revenue bonds issued by the Revenue Authority authorized by this subtitle are hereby made securities in which all public officers and public agencies of the State and its political subdivisions, and all banks, trust companies, savings and loan associations, investment companies, and others carrying on a banking business, all insurance companies and insurance associations and others carrying on an insurance business, all Administrators, executors, guardians, trustees, and other fiduciaries, and all other persons may legally and properly invest funds, including capital, in their control or belonging to them.
 - (2) Revenue bonds issued by the Revenue Authority are hereby made securities that may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds or other obligations of the State is now or may hereafter be authorized by law.
- (j) The Revenue Authority established by the County may issue revenue bonds, notes, or other evidences of indebtedness.
- (k) The bonds, notes, and other evidences of indebtedness issued by the Revenue Authority established by the County, their transfer, the interest payable on them, and any income derived from them, including any profit realized in their sale or exchange, shall be exempt at all times from

taxation by the State, or by any of its counties, municipal corporations, or public agencies of any kind.

- (l) The bonds, notes, and other evidences of indebtedness issued by the Revenue Authority established by the County shall be exempt from the provisions of Article 31, sections 9, 10, and 11 of the Annotated Code of Maryland, or any successor provision.
- (m) The Revenue Authority established by the County may acquire real and personal property and interests in real and personal property and may pledge, mortgage, encumber, sell, lease, transfer, or convey any interest in its real and personal property to the County or any person.
- (n) Earnings of the Revenue Authority established by the County may not enure to the benefit of private persons.
- (o) Within 90 days after the end of the County's fiscal year, the Revenue Authority shall send the County Executive, the County Council, and the County Delegation to the General Assembly an annual financial report:
 - (1) Concerning:
 - (i) The activities of the Revenue Authority during the fiscal year; and
 - (ii) The Revenue Authority's financial standing at the end of the fiscal year; and
 - (2) Containing the audit report required under subsection (p)(2) of this section.
- (p)
 - (1) The Revenue Authority shall keep records consistent with sound business practices and accounting records using generally accepted accounting principles.
 - (2) The Revenue Authority shall have its books and records audited at the conclusion of each fiscal year.
 - (3) The books and records of the Revenue Authority shall be subject to audit, examination, and inspection at any reasonable time by the County Executive and the County Council or their designees.
 - (4) In addition to any financial audit required by this subsection, the County may conduct financial or management audits.
- (q) In the event of dissolution of the Revenue Authority established by the County, the title to all property financed by the proceeds of bonds, notes, or other evidences of indebtedness issued by the Revenue Authority shall revert to the County.
- (r)
 - (1) It is the intent of this subtitle that the Revenue Authority established by the County be a "constituted authority" within the meaning of the Internal Revenue Code of 1986, as amended, and the relevant regulations, rulings, and procedures.
 - (2) The powers of the Revenue Authority shall be construed to give effect to this intent.

(C.B. 69, 2005, § 2)

State Law reference— 2005 Laws of Maryland, Ch. 95.

Sec. 25.103. - Board of Directors; qualifications; membership terms; removal; officers; meetings; compensation.

- (a) On enactment of local legislation by the County establishing a Revenue Authority, there is a Board of Directors of the Revenue Authority, which shall manage the affairs of the authority and exercise all its corporate powers.
- (b) The Board shall have no more than seven voting members appointed by the County Executive with the approval of the County Council.

- (c) (1) Board members shall either be residents of Howard County or persons with business interests in the County.
- (2) Board members shall be selected for known leadership, experience, and interest in the well-being of the County and shall represent a cross section of the County.
- (3) Employees of the County, employees of the Revenue Authority, or elected officials of the County are not eligible to serve as board members.

- (d) (1) (i) Board members shall serve staggered terms of four years, as required in legislation enacted by the County.

- (14) To apply for and accept any loans, grants or assistance of any kind from the Federal, State, or local government or from any private source including high-technology grants for technology development in maximizing new and existing economic development opportunities;
- (15) To receive and accept any contribution, gift, or grant from any public or private source;
- (16) To establish and appoint advisory groups and committees to assist in carrying out the duties of the Authority;
- (17) To contract for the use of services, equipment, or space needs from governmental agencies;
- (18) To exercise any power possessed by private corporations in performing similar functions, which is not in conflict with Federal, State or County law; and
- (19) To do all things necessary and convenient to carry out the powers and duties set forth in this subtitle.

(1993, ch. 356)

Sec. 26.107. - Appropriation to implement economic development plan.

(a) *Submission of Plan; Nature of Plan:*

- (1) On or before October 30 of each year the Authority shall submit an economic development plan or an update to the existing plan to the County Executive for the Executive's approval.
- (2) The economic development plan:
 - (i) Shall include an annual work program for the next fiscal year with a proposed level of funding;
 - (ii) Shall be consistent with the general plan, the prevalent zoning map and regulations, and the subdivision and land development regulations of the County;
 - (iii) Shall foster a strong, stable economy in the County by supporting existing businesses and attracting targeted new business;
 - (iv) Shall promote the quality of life of the County residents; and
 - (v) May not include or encourage the promotion of speculative land transactions by the Authority.

(b) *Submission of Budget Request to County Executive:*

- (1) On or before March 1 of each year and in a form approved by the County, the Authority shall submit to the County Executive an operating budget request to implement the approved economic development plan.

- (2) The operating budget request shall include funding solely for implementing the annual work program portion of the approved economic development plan.
- (3) The operating budget request shall not include any requested funding for speculative land transactions or for any loan program funded solely by the County.
- (c) *County Executive's Budget Includes Appropriation to Implement Economic Development Plan.* The proposed budget of the County Executive for the next fiscal year shall include an appropriation to implement the annual work program portion of the approved economic development plan.
- (d) *County Council Appropriates Funds.* In acting upon the proposed budget of the County Executive for the next fiscal year, the County Council shall, consistent with its Charter powers in approving the budget, review and approve an appropriation of funds to implement the annual work program portion of the approved economic development plan.
- (e) *Reduction of Appropriation During Fiscal Year.* Notwithstanding the provisions of this section or any other provision of this subtitle, the County may reduce an appropriation to implement the annual work program portion of the approved economic development plan during a fiscal year if:
 - (1) Revenues for the current fiscal year are anticipated to be substantially below the revenue included in the County's current fiscal year budget; or
 - (2) The County experiences any other financial hardship or economic condition that requires the County to reduce expenditures authorized in its current fiscal year budget.

(1993, ch. 356)

Sec. 26.108. - General provisions.

- (a) *Open Meetings; Public Documents.* The Authority and its officers and employees are subject to sections 10.611 through 10.628 of the State Government article (the Public Information Act).
- (b) *Public Body.* For purposes of applying for, receiving, and entering into agreements in connection with grants, insurance, or other forms of financial assistance, the Authority shall be considered a public body.
- (c) *Pensions.* For purposes of article 73B (pensions) of the Annotated Code of Maryland, the Authority shall be considered a municipal corporation.
- (d) *Taxation.* The Authority is exempt from taxation by the State and the County.

(1993, ch. 356)

Sec. 26.109. - Local legislation.

- (a) The County may enact legislation concerning the Authority if the legislation is consistent with this subtitle.
- (b) The powers conferred by this subtitle may be exercised by the Authority pursuant to and in accordance with:
 - (1) Local law enacted by Howard County; or
 - (2) A contract or contracts with the County.

(1993, ch. 356)

Sec. 26.110. - Severability.

If any provisions of this subtitle or the application thereof to any person or circumstances is held invalid for any reason in a court of competent jurisdiction, the invalidity does not affect the other provisions or any other application of this subtitle which can be given effect without the invalid provision or application, and for this purpose the provisions of the subtitle are declared severable.

(1993, ch. 356)

SUBTITLE 2. - ECONOMIC DEVELOPMENT GRANT ASSISTANCE PROGRAM²

Footnotes:

--- (2) ---

Editor's note— C.B. 7, 1993 renumbered former §§ 13.1300—13.1909 as subtitle 2 of a newly created title 26.

Sec. 26.200. - Purpose.

The purposes of the Economic Development Grant Assistance Program are:

- (a) To develop the economic strength of the County through efficient use of public and private resources;
- (b) To foster cooperation and partnership between the public and private sectors in the area of economic development;
- (c) To encourage private organizations to support the economic development of the County by providing financial and/or educational resources for new and expanding businesses;
- (d) To identify and develop resources available for the support of developing businesses; and
- (e) To assist the County by providing incentives for private organizations to promote industrial, commercial and economic development, especially of new and desirable industries.

(C.B. 100, 1992; C.B. 7, 1993)

Sec. 26.201. - Establishment.

There is an Economic Development Grant Assistance Program administered by the County Executive or the County Executive's designee. The designee may be the Economic Development Authority if the Authority agrees to accept this responsibility.

(C.B. 100, 1992; C.B. 7, 1993)

Sec. 26.202. - Definitions.

- (a) *Budget* means the annual operating budget approved by the County Council pursuant to article VI of the Howard County Charter.
- (b) *Authority* means the Howard County Economic Development Authority.
- (c) *County Executive* means the County Executive of Howard County or the County Executive's designee.
- (d) *Sponsor* means an organization which:

- (1) The Internal Revenue Service has qualified as exempt under subsection 501(c)(3) of the Internal Revenue Code;
- (2) Has a primary goal of promoting and advancing economic growth and employment opportunities in Howard County;
- (3) Operates a grant and/or loan program in Howard County for small businesses and start-up businesses which cannot qualify for commercial bank loans; and
- (4) Funds its grant and/or loan program substantially with private funds.

(C.B. 100, 1992; C.B. 7, 1993)

Sec. 26.203. - Regulations.

The County Executive shall develop rules and regulations for the administration of the Economic Development Grant Assistance Program, including criteria for the approval of applications and the awarding of financial and in-kind grants.

(C.B. 100, 1992; C.B. 7, 1993)

Sec. 26.204. - Source of funds or in-kind assistance.

- (a) The County Executive may provide assistance to sponsors in the form of grant funds or in-kind assistance.
- (b) Funds or the cost of in-kind assistance granted by the County Executive shall have been appropriated to the Economic Development Grant Assistance Program in the County Executive's budget.

(C.B. 100, 1992; C.B. 7, 1993)

Sec. 26.205. - Application process.

- (a) *Preapplication Process.* Sponsors are encouraged to consult with the County Executive in developing and implementing their programs. The County Executive will be available for advice and consultation throughout the process.
- (b) *Submission of Application.* A sponsor shall submit an application for the Economic Development Grant Assistance Program for the next fiscal year to the County Executive by January 1 of the current fiscal year. The application shall include:
 - (1) The name and address of the sponsor;
 - (2) The name and phone number of a contact person in the sponsor's organization;
 - (3) Proof of the sponsor's qualification as a 501(c)(3) organization;
 - (4) A description of the sponsor and its economic development program;
 - (5) The sponsor's history in relation to economic development in the County, including the names and addresses of businesses which have been assisted;
 - (6) The amount of the grant or the amount and type of in-kind assistance which the sponsor is requesting from the County;
 - (7) The specific program(s) where the grant funds or in-kind assistance will be used, including criteria for businesses to receive grants or loans.

(C.B. 100, 1992; C.B. 7, 1993)

Sec. 26.206. - Granting of funds or in-kind assistance.

- (a) *Review by Executive.* The County Executive, after reviewing the application, shall determine the amount of money or in-kind assistance, if any, to grant during the next fiscal year to each sponsor who has applied.
- (b) *Special Factors to be Considered in Determining Grants or In-Kind Assistance.* In making determinations, the County Executive shall consider the ultimate economic and social benefits to be gained, including the provision of services and funds to viable businesses which would otherwise not be adequately capitalized and to businesses which have been historically under-utilized such as enterprises owned by minorities, women, and persons with disabling conditions.
- (c) *Grant Agreement.* If the County Executive decides to grant funds or in-kind assistance to a sponsor, a grant agreement shall be executed between the County and the sponsor setting out the amount and terms of the grant or in-kind assistance.

(C.B. 100, 1992; C.B. 7, 1993)

Sec. 26.207. - Reporting requirement.

A sponsor who receives a grant of funds or in-kind assistance from the Economic Development Grant Assistance Program in any fiscal year shall provide the County with a financial report by the next October 1 following the end of that fiscal year. In addition, the sponsor's financial records shall be available for inspection by the County during the course of the fiscal year and for three years thereafter.

(C.B. 100, 1992; C.B. 7, 1993)

Sec. 26.208. - Conditions.

As a condition of the County's financial or in-kind assistance, the sponsor agrees to:

- (a) Make its programs available to developing commercial and industrial businesses;
- (b) Encourage and support minority-owned businesses and businesses owned by disabled or disadvantaged persons so that they may become independent and viable contributors to the County's economy;
- (c) Encourage development of businesses that will generate additional employment opportunities in Howard County;
- (d) Encourage participating businesses to seek appropriate training and education to enable them to succeed; and
- (e) Educate businesses to become aware of and utilize the resources provided by other government and community organizations.

(C.B. 100, 1992; C.B. 7, 1993)

Sec. 26.209. - Severability.

If any part of this subtitle is held invalid, the invalidity shall not affect the other parts.

(C.B. 100, 1992; C.B. 7, 1993)

SUBTITLE 3. - ECONOMIC DEVELOPMENT INCENTIVE FUND AUTHORIZATION

Sec. 26.300. - [Issuer fees established.]

- (a) In this subtitle, *revenue bonds* means bonds authorized under the Maryland Economic Development Revenue Bond Act.
- (b)
 - (1) Howard County may establish, by law, an issuer fee for issuing or refinancing revenue bonds pursuant to the Maryland Economic Development Revenue Bond Act.
 - (2) An issuer fee established under this subsection:
 - (i) May be in addition to any application fee; but
 - (ii) May not exceed the limits specified in this section.
 - (3) In enacting a law establishing an issuer fee, Howard County may exempt from the fee certain categories of revenue bonds.
 - (4) Revenues from the issuer fee may only be used for the purposes and in the manner specified in this subtitle.
- (c)
 - (1) An issuer fee may not exceed:
 - (i) For revenue bonds providing initial financing, an amount equal to one-eighth of one percent per annum of the outstanding principal balance of the bonds (not to exceed \$10,000,000.00), discounted at the bond yield to the date of issue of the bonds; or
 - (ii) For revenue bonds used to refund existing revenue bonds one-fourth of one percent of the principal amount of the bonds.
 - (2) The issuer fee may not exceed an amount that is in excess of the amount allowed under the arbitrage limitations under the Internal Revenue Code and regulations adopted under the Internal Revenue Code.
- (d) If the County establishes an issuer fee, the Director of Finance shall place all revenue collected through the fee in the economic development incentive fund.

(1996, Ch. 640)

Editor's note— Sections 26.300 and 26.301 is derived from 1996 Laws of Maryland ch. 640. The catchlines were added editorially for ease of reading and were not part of the legislation as passed. Section 26.301 was amended by 2000 Laws of Maryland, ch. 193.

Sec. 26.301. - Nonreverting special revenue funds established.

- (a) If the County establishes an issuer fee under section 26.300 of this subtitle, there is established a nonreverting special revenue fund known as the economic development incentive fund.
- (b) The economic development incentive fund consists of:
 - (1) Issuer fees established under section 26.300 of this subtitle; and
 - (2) Other money appropriated to the fund through the County's budgetary process.
- (c) The economic development incentive fund may be used:
 - (1) To retain, expand, or relocate existing businesses in the County;
 - (2) To encourage and support the creation of new businesses in the County; and

- (3) For purposes consistent with items (1) and (2) of this subsection, as part of a matching requirement to obtain funding or financing from a State agency or entity affiliated with State government or to enhance State Government grants.
- (d) Howard County may enact a local law to administer the use of money from the economic development incentive fund.

(1996, Ch. 640; 2000, Ch. 193)

Note— See the editor's note following § 26.300.

Sec. 26.302. - Establishment and amount of issuer fee; application fee.

- (a) *Issuer Fee Established.* There is an issuer fee imposed by the County for issuing or refinancing revenue bonds pursuant to the Maryland Economic Development Revenue Bond Act.
- (b) *Application Fee; Amount of Issuer Fee:*
 - (1) *Application fee:*
 - (i) The fee established by resolution of the County Council pursuant to section 22.600 of the County Code shall be paid upon application for the issuance or refinancing of revenue bonds pursuant to the Maryland Economic Development Revenue Bond Act.
 - (ii) The application fee under this paragraph is nonrefundable.
 - (2) *Issuer fee.* Subject to paragraph (3) of this subsection, the issuer fee under this subsection is:
 - (i) For revenue bonds providing initial financing, an amount equal to one-eighth of one percent per annum of the outstanding principal balance of the bonds (not to exceed \$10,000,000.00), discounted at the bond yield to the date of issue of the bonds, minus the application fee paid; or
 - (ii) For revenue bonds used to refund existing revenue bonds, one-fourth of one percent of the principal amount of the bonds, minus the application fee paid.
 - (3) *Limit on issuer fee.* If the issuer fee established under this subsection exceeds the amount allowed under subsection 26.300(c)(2) of this subtitle, the issuer fee shall be the greatest amount that does not exceed the amount allowed under that section.
- (c) *Payment of Fee.* The issuer fee applies to all bonds for which the closing is held after September 1, 1996. The issuer fee shall be paid at the time of closing, unless the County agrees to accept the fee in installments.

- (a) *Executive Director.* The Board of Directors shall hire an Executive Director for the Downtown Columbia Partnership who has training or experience in managing a downtown district or similar entity.
- (b) *Other Employees.* The Downtown Columbia Partnership may employ or contract with the County or other persons as necessary to carry out the activities of the Downtown Columbia Partnership.
- (c) *Status.* Employment with the Downtown Columbia Partnership does not make the Executive Director or an employee:
- (1) A County employee; or
 - (2) A member of a County retirement or pension system.
- (d) *Compensation.* The Board of Directors shall set the compensation of the Executive Director and the other employees of the Downtown Columbia Partnership, and shall establish such conditions of employment it considers appropriate.

(C.B. 24, 2012, § 1)

Sec. 28.111. - Ethics.

The Board of Directors, the Executive Director of the Downtown Columbia Partnership, and employees of the Downtown Columbia Partnership are not subject to the Howard County Public Ethics Law.

(C.B. 24, 2012, § 1)

Sec. 28.112. - Powers of the Downtown Columbia Partnership.

- (a) *Property.* The Downtown Columbia Partnership may acquire, hold, use, encumber, and dispose of both real and personal property and other property rights necessary to achieve its purpose, including acquisition by purchase or lease.
- (b) *Contracts.* The Downtown Columbia Partnership may make contracts for any purpose related to its duties set forth in section 28.107 of this title.
- (c) *Suits.* The Downtown Columbia Partnership may sue and be sued.
- (d) *Contributions.* The Downtown Columbia Partnership may accept grants, gifts, or other contributions.
- (e) *Bank Accounts.* The Downtown Columbia Partnership may establish commercial bank accounts, with any earnings on funds accruing to the Downtown Columbia Partnership.
- (f) *Borrow Funds.* The Downtown Columbia Partnership may borrow funds in order to carry out its purposes under the Downtown Columbia Plan and this title.
- (g) *Publicity.* The Downtown Columbia Partnership may publicize its activities and sell advertising.
- (h) *Other Actions.* The Downtown Partnership may take other necessary or convenient actions to:
- (1) Perform tasks that benefit the District; and

- (2) Carry out this subtitle and the Downtown Columbia Plan.

(C.B. 24, 2012, § 1)

Sec. 28.113. - Limitations.

The Downtown Columbia Partnership may not:

- (1) Condemn property or exercise any power of eminent domain;
- (2) Issue bonds;
- (3) Pledge the faith or credit of the County;
- (4) Exercise any police or general governmental powers;
- (5) Except as provided in section 28.112(a) of this title, purchase, sell, or construct or, as a landlord, lease office or retail space;
- (6) Compete with the private sector except as authorized in this title; or
- (7) Sue the County or its employees and officials.

(C.B. 24, 2012, § 1)

Sec. 28.114. - Funding.

(a) *In General.* The Downtown Columbia Partnership is funded by:

- (1) The payments that it receives for providing goods or services;
- (2) Assessments or taxes as provided by law;
- (3) Payments required by the CEPPAS; and
- (4) Payments from any other source.

(b) *Uses.* Money that the Downtown Partnership receives under this section shall be used only for the purposes of this subtitle.

(c) *Budget Process.*

- (1) The annual operating budget for the coming year for the Downtown Columbia Partnership must be approved by a majority of the members of the Board of Directors prior to December 1 of each year.
- (2) Subject to section 22.1000 of the County Code, each year by December 1, the Board of Directors shall submit the Downtown Columbia Partnership's approved operating budget for the coming calendar year to the County Executive, the County Council, and the Community Developer.
- (3) (i) Subject to the automatic termination set forth in paragraph (3)(ii) of this subsection, the Community Developer, in accordance with CEPPA 6, shall submit quarterly payments to the Downtown Columbia Partnership by January 1, April 1, July 1, and October 1, respectively, of each year to cover the partnership's initial operating expenses. In each year the Community Developer is required to make quarterly payments, the total of the payments shall be the difference between the total approved operating budget and other operating revenue. The quarterly payments are in addition to the CEPPAS and other obligations imposed on the Community Developer by the Downtown Columbia Plan, and do not constitute compliance by the Community Developer with the CEPPAS and other obligations, except for the obligation to fund the initial operating expenses of the Downtown

Columbia Partnership. The Community Developer is still required to fully comply with the requirements of the Downtown Columbia Plan.

- (ii) The Community Developer's obligation to fund the initial operating expenses of the Downtown Columbia Partnership under CEPPA 6 and paragraph (3)(i) of this subsection automatically terminates on the date the partnership receives the first payment under section 28.115(e) of this title from the owner of the property for which the County issues a building permit for the 500,000th square foot of gross leasable area of new commercial uses.
- (d) The Community Developer's obligation to fund the initial operating expenses of the Downtown Columbia Partnership under CEPPA 6 and paragraph (3)(1) shall not be required of any other owner of property in the District who does not develop commercial uses pursuant to section 125a.9 of the Howard County Zoning Regulations.

(C.B. 24, 2012, § 1; C.B. 43, 2018, § 1)

Sec. 28.115. - Payments required by CEPPAS.

- (a) The Downtown Columbia Plan provides for certain payments by the Community Developer, owners of property developed with commercial uses, and developers of residential property. The Community Developer and the County agreed to the nature and amounts of these payments during the Downtown Columbia Plan approval process, and the payments are dedicated to funding the Downtown Columbia Partnership, which is tasked with duties described in the Downtown Columbia Plan and this subtitle. The purpose of this section is to implement the payment requirements of the Downtown Columbia Plan. In no case shall the obligation to make such payment be triggered:
 - (1) By the development or construction of downtown arts, cultural and community uses, downtown community commons, or downtown parkland; or
 - (2) When the development of an individual parcel of land shown on a plat or deed recorded among the County land records as of April 6, 2010 consists only of up to a total of 10,000 square feet of commercial floor area and no other development.
- (b) Initial operating funding of the Downtown Columbia Partnership. The Community Developer shall fund the initial start-up costs of the Downtown Columbia Partnership.
- (c) Initial funding for Downtown Columbia Housing Fund; additional funding.
 - (1) The Community Developer shall provide \$1,500,000.00 in initial funding for the Downtown Columbia Housing Fund upon:
 - (i) The issuance of the first building permit; and
 - (ii) The expiration of all applicable appeal periods associated with the building permit or, if an appeal was filed, upon the issuance of a final decision of a court upholding the issuance of the building permit.
 - (2) The Community Developer shall provide \$1,500,000.00 in additional funding for the Downtown Columbia Housing Fund upon:
 - (i) The issuance of the building permit for the 400th residential unit; and
 - (ii) The expiration of all applicable appeal periods associated with the building permit or, if an appeal was filed, upon the issuance of a final decision of a court upholding the issuance of the building permit.
- (d) *Downtown Circulator Shuttle*. As required by CEPPA 23, prior to issuance of a building permit for the 5,000,000th square foot of gross building area of development, the Community Developer shall provide \$1,000,000.00 towards the initial funding of the downtown circulator shuttle as described in the Downtown Columbia Plan.

- (e) *Commercial Revitalization.* Pursuant to the Downtown Columbia Plan:
- (1) In accordance with CEPPA 25, owners of property in the District developed with commercial uses pursuant to section 125a.9 of the Howard County Zoning Regulations shall provide an annual payment of \$0.25 per square foot of gross leasable area or net floor area for hotels calculated in accordance with the Building Owners and Managers Association (BOMA) standards as certified by an architect on plans submitted with an application for a building permit and approved by the County;
 - (2) Beginning April 6, 2011, the payment required by paragraph (1) of this subsection shall annually adjust based on the Consumer Price Index for all Urban Consumers (CPI-U) for the Washington-Baltimore area published by the Bureau of Labor Statistics of the United States Department of Labor; and
 - (3)
 - (i) The initial payment shall be paid prior to issuance of occupancy permits for the buildings and shall be pro-rated monthly based on the calendar year;
 - (ii) Subsequent payments shall be due on or before January 1 of each year following the year of initial payment.
- (f) *Reserved.*
- (g) *Affordable Housing—Commercial Uses.* Pursuant to the Downtown Columbia Plan:
- (1) In accordance with CEPPA 27, owners of property in the District developed with commercial uses pursuant to section 125a.9 of the Howard County Zoning Regulations shall provide an annual payment of \$0.05 per-square foot of gross leasable area or net floor area for hotels calculated in accordance with the Building Owners and Managers Association (BOMA) standards as certified by an architect on plans submitted with an application for a building permit and approved by the County;
 - (2) Beginning April 6, 2011, the payment required by paragraph (1) of this subsection shall annually adjust based on the Engineering News-Record Building Cost Index; and
 - (3)
 - (i) The initial payment shall be paid prior to issuance of occupancy permits for the buildings and shall be pro-rated monthly based on the calendar year;
 - (ii) Subsequent payments shall be due on or before January 1 of each year following the year of initial payment.
- (h) *Collection; Enforcement.*
- (1)
 - (i) Before the County issues an occupancy permit for a building subject to subsections (e) and (g) of this section, the owner shall satisfy the Department of Inspections, Licenses and Permits that payments required by those subsections have been made.
 - (ii) Payments under subsection (f) of this section are contingent upon the expiration of all applicable appeal periods associated with each building permit without an appeal being filed, or if an appeal is filed upon the issuance of a final decision of the courts upholding the-issuance-of the permit.
 - (2) Failure to make payments required by this title:
 - (i) Shall be certified to the Director of Finance of the County;
 - (ii) Shall be a lien on property belonging to the person or business required to make payment;
 - (iii) Shall be collectible in the same manner as any civil money judgment or debt may be collected; and
 - (iv) Shall accrue penalties at the same rate and in the same manner as the accrual of interest and penalties for unpaid real property taxes.
- (i) Payments required by this section shall be made to the Downtown Columbia Partnership.

- (j) As provided in the Downtown Columbia Plan, the owner of commercial property located in the District is not required to make the payments implemented by subsections (e) and (g) of this section unless the owner develops or redevelops the property in accordance with the downtown revitalization provisions of section 125 of the Zoning Regulations.

(C.B. 24, 2012, § 1; C.B. 55, 2016, § 1)

Sec. 28.116. - Affordable housing.

- (a) *Affordable Housing Terms Defined.* For purposes of this section, the following words have the meanings indicated:

- (1) *Affordable housing unit.* Affordable housing unit means a dwelling unit that is made available for sale or rent below market rate to households of eligible income.
- (2) *Households of eligible income* means:
 - (i) As to dwelling units that are State or Federally funded, individuals or households who meet the income requirements of the State or Federal program involved; or
 - (ii) As to other developments, individuals, or households who lack sufficient income or assets to enable them to purchase or rent decent, safe, and sanitary dwellings without overcrowding.
 - (iii) The determination of income levels may vary with respect to the elderly, the disabled, other persons with special needs, or particular units or programs.

- (b) *Foundation.* The Downtown Columbia Housing Foundation is the entity selected as the foundation under subtitle 2 of this title.

- (c) *Fund.*

- (1) There is a Downtown Columbia Community Housing Fund.
- (2) The fund consists of:
 - (i) Money collected under sections 28.115(c) and (g) of this title;
 - (ii) Money received from any public or private source, including a gift, grant, or legacy;
 - (iii) Investment earnings of the fund; and
 - (iv) Repayments of principal or interest on loans made from the fund.
- (3) The fund is a separate, nonlapsing fund that may not be commingled with any other Downtown Columbia Partnership Fund.
- (4) The Downtown Columbia Partnership shall contract with the Downtown Columbia Housing Foundation to administer the fund for the purpose of providing affordable housing assistance as an amenity within the district as described in the Downtown Columbia Plan, the Downtown CEPPA Implementation Chart, and this title.
- (5) The Downtown Columbia Housing Foundation is responsible for decisions concerning the use of the fund and shall administer the fund for a reasonable fee, which shall not exceed five percent of the fund or \$100,000.00, whichever is less.

- (d) *Uses of Fund.* The Downtown Columbia Housing Foundation shall use the fund to make affordable housing more available in Downtown Columbia by making awards from the fund to:

- (1) Assist for-profit and nonprofit developers to acquire, build, rehabilitate, or preserve affordable housing units;
- (2) Contribute to the payment of predevelopment or operating expenses of affordable housing units;

- (3) Assist nonprofit entities to acquire, build, rehabilitate, or preserve special needs housing;
 - (4) Provide rental assistance enabling a household of eligible income to pay rent for the family's primary residence;
 - (5) Make loans enabling a household of eligible income to purchase the family's primary residence; and
 - (6) Provide eviction prevention and foreclosure assistance.
- (e) *Withdrawal of Recognition of Foundation.* The contract under subsection (c)(4) of this section shall provide that if the Downtown Columbia Housing Foundation's recognition under subtitle 2 of this title is terminated for any reason:
- (1) The foundation shall preserve all money in the fund and immediately transfer it to the Downtown Columbia Partnership;
 - (2) The foundation shall provide a full accounting of the fund to the Downtown Columbia Partnership; and
 - (3) The Downtown Columbia Partnership shall have immediate access to all books and records of the foundation.

(C.B. 24, 2012, § 1)

Sec. 28.117. - Transportation.

- (a) *In General.* The Downtown Columbia Partnership:
- (1) Shall support the transportation initiatives outlined in the shuttle feasibility study called for in the Downtown Columbia Plan; and
 - (2) Shall promote and implement the transportation demand management plan called for in the Downtown Columbia Plan.
 - (3) Shall contract with the County office of transportation provider to carry out this section.
- (b) *Use of Funds.* The Downtown Columbia Partnership shall use at least 50 percent of the revenue collected pursuant to section 28.115(e) of this title to implement:
- (1) Transportation initiatives in the shuttle feasibility study; or
 - (2) Other direct transit services in Downtown Columbia.

(C.B. 24, 2012, § 1)

Sec. 28.118. - Reports and records.

- (a) *Reports.* Subject to section 22.1000 of the County Code, by April 1 of each year, the Downtown Columbia Partnership shall send the County Executive and the County Council an annual report including:
- (1) The activities of the Downtown Columbia Partnership for the previous calendar year;
 - (2) The results of an annual independent audit conducted by a certified public accountant, including a copy of any accompanying management letter;
 - (3) The efforts of the Downtown Columbia Partnership to include minorities and local businesses when procuring goods and services; and
 - (4) Recommendations for the improvement and advancement of the District; and
 - (5) Information about any determination of income levels under section 28.116(a)(2) of this title.

- (b) *Records.* The Downtown Columbia Partnership shall keep records consistent with sound business practices and keep accounting records using generally accepted accounting principles.
- (c) *County Audit.*
 - (1) The books and records of the Downtown Columbia Partnership are subject to audit, examination, and inspection at any reasonable time by the County Executive or County Council or their designees.
 - (2) In addition to any financial audit required by this section, the County may conduct performance or management audits.

(C.B. 24, 2012, § 1; C.B. 43, 2018, § 1)

Sec. 28.119. - Procurement.

- (a) *In General.* Except as otherwise provided in Article 25a, Section 5(ff) of the Maryland Code, the Downtown Columbia Partnership is not subject to the County Purchasing Code.
- (b) *Cooperation with County.* To the extent practical, the Downtown Columbia Partnership shall purchase goods and services cooperatively with the County under title 4 of the Howard County Code.
- (c) *Cooperation with Community Developer.* To the extent practical, the Downtown Columbia Partnership shall cooperate with the Community Developer to achieve budget efficiencies including staffing, office space, and other resources. The Downtown Columbia Partnership shall not compensate the Community Developer or any of its employees until the Community Developer's obligation to fund the initial operating expenses of the Downtown Columbia Partnership in accordance with CEPPA 6 and section 28.114(c)(3)(ii) of this title terminates.

(C.B. 24, 2012, § 1)

Sec. 28.120. - Maryland Open Meetings and Public Information Acts.

- (a) *Open Meetings Act.* The Downtown Partnership shall comply with the Maryland Open Meetings Act in the same manner that a political subdivision is required to comply.
- (b) *Public Information Act.* The Downtown Partnership shall provide access to its records and documents in the same manner that a political subdivision is required to provide access under the Maryland Public Information Act.

(C.B. 24, 2012, § 1)

Sec. 28.121. - Legal advisor.

- (a) *In General.* Once 500,001 square feet of gross leasable area of new commercial uses in the District has been developed, the County Solicitor is the legal advisor to the Downtown Columbia Partnership
- (b) *Notification.* The County Solicitor shall be notified of any legal action brought by or against the Downtown Columbia Partnership.
- (c) *Outside Counsel.* This section does not prohibit the Downtown Columbia Partnership from hiring additional legal counsel approved by the County Solicitor.

(C.B. 24, 2012, § 1)

Sec. 28.122. - Liability.

The County is not liable in contract or tort for acts or omissions of the Downtown Columbia Partnership or its agents and employees. Each contract executed by the Downtown Columbia Partnership shall so provide that the County is not liable.

(C.B. 24, 2012, § 1)

Sec. 28.123. - Local Government Tort Claims Act.

As a commercial district management authority, the Downtown Columbia Partnership is a "local government" as that phrase is used in the Local Government Tort Claims Act. The Downtown Columbia Partnership is the real party in interest under the Maryland Rules of Procedure and for purposes of the Local Government Tort Claims Act.

(C.B. 24, 2012, § 1)

Sec. 28.124. - Termination of Downtown Columbia Partnership.

- (a) *Perpetual Existence.* Except as otherwise provided in this section, the Downtown Columbia Partnership has perpetual existence.
- (b) *Termination.* By ordinance adopted by the County Council and approved by the County Executive, the Downtown Columbia Partnership may be terminated.
- (c) *Contracts; Services.* If the Downtown Columbia Partnership terminates, all of its contracts and services terminate unless expressly assumed and maintained by the County.
- (d) *Assets.* If the partnership is terminated as provided in this section, any assets remaining after all liabilities and obligations of the corporation are satisfied shall be distributed to the County.

(C.B. 24, 2012, § 1)

Sec. 28.125. - Severability.

If any provision of this title or the application thereof to any person or circumstance is held invalid for any reason in a court of competent jurisdiction, the invalidity shall not affect other provisions or any other application of this title that can be given effect without the invalid provision or application, and for this purpose the provisions of this title are severable.

(C.B. 24, 2012, § 1)

SUBTITLE 2. - DOWNTOWN COLUMBIA HOUSING FOUNDATION

Sec. 28.200. - Purposes.

The County Council of Howard County, Maryland, declares that:

- (1) A Downtown Columbia Housing Foundation is needed to fulfill the vision of the Downtown Columbia Plan, a general plan amendment, for a full-spectrum and diverse mix of housing, ensuring that low-, moderate- and middle-income families have an opportunity to live in Downtown Columbia;

- (2) It is necessary and appropriate for the County Government to complement, assist, encourage and promote the establishment and recognition of an entity to serve as the Downtown Columbia Housing Foundation described in the Downtown Columbia Plan; and
- (3) Development of additional housing units in Downtown Columbia must provide increased housing opportunities for residents at different income levels and should provide a range of housing choices.

(C.B. 24, 2012, § 1)

Sec. 28.201. - "Foundation" defined.

In this subtitle, "foundation" means the Downtown Columbia Housing Foundation recognized by the County Council under this subtitle.

(C.B. 24, 2012, § 1)

Sec. 28.202. - Foundation—Assistance.

The County Government may and should provide assistance to a foundation as a not-for-profit entity organized for the purpose of providing affordable housing under section 28.116 of this title.

(C.B. 24, 2012, § 1)

Sec. 28.203. - Membership and organization.

(a) *In General.* The foundation:

- (1) Shall be a not-for-profit; and
- (2) Should include representation from private entities, County and other public agencies, the community developer, organizations, and individuals who are generally able to promote the purposes specified in this subtitle.

(b) *Conflict of Interest.* To avoid conflicts of interest, or the appearance thereof, the bylaws of the foundation shall provide that any of its members who are connected with, or are officers of, an entity requesting funding from the foundation shall abstain from voting on funding for such organizations.

(C.B. 24, 2012, § 1)

Sec. 28.204. - Recognition; effect of recognition; withdrawal of recognition.

(a) *Application for Recognition.* Subject to section 22.1000 of the County Code, an organization seeking recognition as the foundation under this subtitle shall submit to the County Council an application that includes:

- (1) A copy of its articles of incorporation and bylaws;
- (2) A listing of its officers and directors;
- (3) A summary of the relevant background and experience of the board of directors of the organization that demonstrates success in financing affordable housing and managing housing assistance programs;
- (4) A statement of the general nature of, and the manner in which the foundation proposes to provide affordable housing in Downtown Columbia;

- (5) A description of the methods to be followed to carry out the program described in section 28.205 of this subtitle, including procedures for Advisory Committees and public participation.
- (b) *Recognition.* By resolution, the County Council may recognize, with or without conditions, the applicant as the Downtown Columbia Housing Foundation:
 - (1) Based on the submissions made under this section;
 - (2) After receiving the recommendations of the County Executive; and
 - (3) After a public hearing.
- (c) *Annual Progress.*
 - (1) As a condition of continued recognition under this subtitle, the foundation shall:
 - (i) Establish an adequate system for maintaining and updating its program in accordance with this title and the Downtown Columbia Plan, with reasonable annual goals and priorities;
 - (ii) Subject to section 22.1000 of the County Code, submit an annual written report to the County Council, the County Executive, and the Downtown Columbia Partnership that describes progress and problems in carrying out the program required by this subtitle; and
 - (iii) Include in the report the financial standing of the fund, the ways the fund has been used in the past year, and the projected uses of the fund.
 - (2) The report required by this subsection shall be available to the public.
- (d) *Effect of Recognition.*
 - (1) While it is envisioned that the Downtown Columbia Partnership shall contract with the foundation to provide affordable housing under the Downtown Columbia Plan, neither the contractual arrangement nor recognition of the foundation relieves the partnership of any responsibility under the Downtown Columbia Plan.
 - (2) Recognition of the foundation as provided in this subtitle does not make the foundation a public instrumentality of the County.
- (e) *Withdrawal of Recognition.* By resolution and after a public hearing, the County Council may withdraw its recognition of the foundation if the County Council determines that the foundation has ceased to meet the requirements of this subtitle or conditions imposed by the Council in the resolution recognizing the applicant as the foundation.

(C.B. 24, 2012, § 1; C.B. 43, 2018, § 1)

Sec. 28.205. - Program.

The foundation shall develop and carry out a program of services and financial assistance that may include but is not limited to:

- (1) Creating a flexible model that aspires to make new housing in the district affordable to individuals earning across all income levels;
- (2) Creating an effective, flexible means of providing a full spectrum of housing for Downtown Columbia;
- (3) Conducting meaningful discussions with land purchasers in Downtown Columbia to encourage full spectrum housing in each and every neighborhood;
- (4) Funding new construction;
- (5) Acquiring housing units;
- (6) Preserving existing homes;

- (7) Financing rehabilitation of rental housing;
- (8) Developing senior, family or special needs housing;
- (9) Providing predevelopment, bridge, acquisition and permanent financing; and
- (10) Offering eviction prevention and foreclosure assistance.

(C.B. 24, 2012, § 1)

Sec. 28.206. - Audit.

The fund is subject to audit and the books and records of the foundation are subject to inspection and examination at any reasonable time by the County Auditor.

(C.B. 24, 2012, § 1)

Sec. 28.207. - Support from County Government.

Within the limits of available funds, the County Government may provide administrative and financial support to the foundation.

(C.B. 24, 2012, § 1)

APPENDIX A - RULES OF PROCEDURE FOR THE COUNTY COUNCIL OF HOWARD COUNTY, MARYLAND¹¹

Footnotes:

--- (1) ---

Editor's note— The rules of procedure are set out herein as adopted by the County Council on November 3, 1975, following a public hearing held on October 27, 1975.

Rule 1.001 - General.

These rules of procedure for the County Council are adopted under authority of section 208 of the Howard County Charter.

- (a) *Types of Meetings.* The Council shall hold regular legislative meetings and such other meetings, hearings, and work sessions as may be provided by law or required for the orderly conduct of business. All such meetings shall be open to the public. The Council may meet in closed session as permitted by the State Open Meetings Act. Any closed meeting, except a meeting that is closed to discuss a personnel issue, may be attended by any Councilmember, Special Assistant to a Councilmember, and appropriate County professional staff member unless the Council expressly further restricts attendance.
- (b) *Time of Meetings:*
 - (1) *Legislative session days.* The Council may sit up to 45 days in each year for the purpose of introducing and enacting legislation. Except as otherwise provided in this paragraph, the Council shall meet regularly on the first Monday in each month.

- (i) If the first Monday is a County Government holiday or a day on which Rosh Hashanah, Yom Kippur, Eid Ul Fitr or Eid Ul Adha is observed, then the meeting shall be held on the next succeeding day which is not one of these days.
 - (ii) There shall be no legislative session in August, except for an emergency legislative session, unless the Council provides by resolution for a session in August.
 - (iii) During a Council election year no legislative session, except for an emergency legislative session, shall be held neither during the month of November nor during the month of December until a majority of the members of the Council shall be qualified.
 - (iv) The Council may be called into emergency legislative session either by the County Executive or by a majority of the members of the Council on any day as directed by the Chairperson.
 - (v) At any session prior to any scheduled session, the Council may determine by an affirmative vote of two-thirds of its members not to sit at any regularly scheduled session.
 - (vi) If in advance of any scheduled meeting the Chairperson determines that a quorum will not be present, the Chairperson may cancel and reschedule the meeting as soon as practicable.
- (2) *Nonlegislative meeting days.* The Council shall meet for nonlegislative purposes, such as reviewing the County budget as proposed by the County Executive and conducting public hearings, legislative work sessions, monthly meetings and other meetings on such matters as may properly come before the Council on any day as directed by the Chairperson, but the Council shall be prohibited from holding meetings which include an opportunity for public testimony on any day on which Rosh Hashanah, Yom Kippur, Eid Ul Fitr, or Eid Ul Adha is observed.
- (3) Meeting times:
- (i) *Legislative Session Days.* A regular legislative session day shall convene on the date set at 7:00 p.m. or as determined by council majority. Emergency legislative sessions and annual legislative sessions shall convene at such times as directed by the Chairperson. Legislative session days shall continue 24 hours from the time the session is convened; the Council may recess from time to time or adjourn at any time during the 24 hours.
 - (ii) Nonlegislative meetings. Public hearings shall convene at 7:00 p.m. and work sessions shall convene at 4:30 p.m. on the date set, unless otherwise directed by the Chairperson.
- (c) *Place of Meetings.* The place of meeting of the Council shall be the Council hearing room at Ellicott City, Maryland, provided, however, that at the discretion of the Chairperson or at request of three Council members, legislative sessions, work sessions or public hearings may be held at such locations as the Chairperson may provide. To participate in a legislative session, a member must be present in person except that a member may participate in an emergency legislative session by telephone or other teleconferencing technology.
- (d) *Notice of Meetings.* The Administrator to the County Council shall give such legal notice as is required by law of all Council meetings and hearings, and shall provide information to the news media and the general public as to the agenda and matters pending before the Council. Additionally, the Administrator shall keep all Council Members adequately informed as to Council agenda, meetings, and other legislative matters.
- (e) *Public Participation.* Reasonable seating facilities shall be provided for the public and the news media at all public meetings. During public hearings upon pending legislation, the budget or other matters, a reasonable amount of time will be provided for members of the public to speak. The Council may allow members of the public to speak on legislation or other pertinent matters at work sessions of the Council.

The general public and representatives of the news media are expected and respectfully requested to maintain order and decorum in keeping with the dignity of the governmental process, and to refrain

from interfering with this process. The Chairperson or a majority of the Council may regulate the use of radio and television equipment to minimize interference with the meeting or hearing.

- (f) *Oath of Office.* The following oath of affirmation, administered by the Clerk of the Circuit Court for Howard County, shall be taken by each Councilmember, at a public meeting in a place to be determined by the Councilmembers after consulting with the Councilmembers-elect before entering upon his duties:

"I, _____, do swear (or affirm) that I will support the Constitution of the United States; and that I will be faithful and bear true allegiance to the State of Maryland, and support the Constitution and laws thereof; and that I will, to the best of my skill and judgment, diligently and faithfully, without partiality or prejudice, execute the office of Councilmember of Howard County according to the Constitution and Laws of this State."

(Res. No. 135, 1980; Res. No. 45, 1989; Res. No. 50, 1992; Res. No. 140, 1994; Res. No. 146, 1994; Res. No. 13, 1996; Res. No. 133, 1999; C.B. 72, 2004; C.B. 81, 2004; Res. No. 11, 2011; Res. No. 10, 2018)

Rule 1.002 - Agenda.

- (a) *In General.* The Administrator shall prepare a written agenda for each legislative session and for each work-session or public hearing. The legislative agenda shall include the following:
- (1) Numbers and titles of all bills and resolutions to be introduced and the name or names of the Councilmember introducing each.
 - (2) Numbers and titles of all bills and resolutions to be called for final reading and vote.
 - (3) Numbers and titles of petitions properly before the Council for its consideration.
 - (4) Such other business as may properly come before the Council.
- (b) *Calendar.*
- (1) In accordance with Charter section 208(b)(2), there shall be no legislative session in August, except for an emergency legislative session, unless the Council provides by resolution for a session in August.
 - (2) At the legislative session in December, the Council:
 - (i) Shall elect officers;
 - (ii) May act on bills, resolutions, and other items already before it; and
 - (iii) Except for emergency legislation, shall not consider the introduction of new legislation.
 - (3) The Council shall not hold a public hearing during any month when no legislation is introduced.
- (c) *Additions to Agenda.*
- (1) The legislative agenda may remain open until 11 days prior to the legislative day and each Councilmember shall have the right to place thereon any proper matter of business.
 - (2) Legislation to be included on the agenda for introduction shall be prefiled with the Council Administrator no later than 2:00 p.m. on:
 - (i) The 11th day preceding the legislative day; or
 - (ii) The second day preceding the County holiday if the prefile deadline established in subsection (c)(2)(i) of this section falls on a day immediately before a County Government holiday.
 - (3) Once the agenda has been closed, it may be amended for additions by an affirmative vote of two-thirds of the Councilmembers.

- (4) In case of a duly called emergency session or emergency legislation, the 11-day period does not apply.
- (d) *Preparation of Nonlegislative Agenda.* The Administrator shall prepare a written agenda for each work-session or hearing which shall include the following:
 - (1) Numbers and titles of all bills and resolutions to be considered.
 - (2) Such other business as may properly come before the Council.
- (e) *Status of Bills.* The Administrator shall prepare an addendum to the agenda for each legislative meeting which shall show the status of all legislative enactments of the current session having been properly introduced but not yet having been finally disposed.
- (f) *Notice to Councilmember.* The Administration shall forward to each Councilmember a copy of each agenda, as compiled at least 72 hours prior to the meeting to which it pertains.

(Res. No. 140, 1994; Res. No. 133, 1999; Res. No. 113, 2014; Res. 111, 2016)

Rule 1.003 - Order of Business.

- (a) The regular order of business at all legislative sessions of the County Council shall be as follows:
 - (1) Chairperson's call to order.
 - (2) Presentations of honorary resolutions, commendations, memorials, and other nonlegislative matters, if any.
 - (3) Approval of journal.
 - (4) Approval of minutes.
 - (5) Unfinished business.
 - (6) Presentation and disposition of petitions.
 - (7) Introduction of Bills and Resolutions.
 - (8) Special orders of the day.
 - (9) Call for Bills and Resolutions for final reading and vote.
 - (10) Other business.
- (b) *Messages.* Messages from the Executive may be received at any time, except when a question is being put or the roll is being called.

(Res. No. 140, 1994; Res. No. 11, 2011)

Rule 1.004 - The Presiding Officer.

- (a) *The Council Shall Select a Chairperson and a Vice Chairperson.* The Chairperson shall be the presiding officer of the Council; in the absence of the Chairperson, the duly elected Vice Chairperson shall be the presiding officer. In the absence of both the Chairperson and the Vice Chairperson, a quorum being present, the Administrator shall call the Council to order and shall receive nominations and conduct an election for Chairperson pro tempore. The Vice Chairperson, or the Chairperson pro tempore, while acting as presiding officer shall have all the authority and voting rights of the Chairperson.
- (b) *Order and Decorum.* The Chairperson shall preserve order and decorum during the meetings and sessions of the Council. The Chairperson shall have general supervision over the Council Hearing Room and over the rooms, corridors and the lobbies adjacent thereto. In case of any disturbance or

disorderly conduct therein, the Chairperson shall have the power to order any such place to be cleared.

- (c) *Prerogative of the Chair.* The Chairperson may speak on points of order in preference to other members. The Chairperson shall decide on all points of order, and that decision shall be final unless an appeal therefrom is reversed on a ye and nay vote by a majority of the Council Members present. The Chairperson's title shall be called first whenever the roll of the Council is called and the Chair is entitled to vote on all questions except on an appeal from the Chair's decision on a question of order.

(Res. No. 140, 1994; Res. No. 11, 2011)

Rule 1.005 - Procedure in Debate.

- (a) *Recognition.* Every member desiring to introduce a bill or resolution, to present a petition or other matter, to make a report or a motion, or to speak on any matter, shall address the Chairperson. A member shall not proceed further until recognized by the Chair. If two or more Councilmembers seek recognition at the same time, the Chairperson shall determine which is entitled to the floor.
- (b) *Order During Debate.* Only members of the Council may participate in debate on any bill, resolution or motion or other matter pending before the Council, unless, upon request by any Councilmember, another person is recognized to speak by the Chairperson for the purpose of clarification or information. No Councilmember shall speak more than once upon any subject until every other Councilmember wishing to speak shall have spoken and every Councilmember shall confine himself to the subject under debate.
- (c) *Voting; Abstention.* No Councilmember shall vote on any question on which the Councilmember is prohibited from voting by the Howard County Public Ethics Law. Upon the motion of any member, the vote on any question or motion or other matter shall be taken by the yeas and nays and entered in the journal. Although it is the duty of every Councilmember who has an opinion on a question to express it by voting, a Councilmember may abstain, since no Councilmember can be compelled to vote.
- (d) *Roll Call.* In any roll call, the Administrator shall call the roll of the Council Members, in alphabetic order, after the Chairperson has been called.
- (e) *Third Reader.* A Councilmember may first explain a vote, then cast the vote. At the call for the vote any Councilmember may pass; however, after the roll has been completed by the Administrator, the Administrator shall again call those names of the Council Members who may have passed upon the first call. After all votes have been cast, the Chair thereupon may ask the Council if any one desires to change his vote. If there are any members changing their vote, the Administrator will so record the change of the Councilmember's vote.

(Res. No. 140, 1994; Res. No. 11, 2011)

Rule 1.006 - Introduction of bills, resolutions and petitions.

- (a) *Introduction of Bills or Resolutions.* Bills or Resolutions which have been prefiled as provided in subsection 1.002(a) of these rules may be introduced by any member at any meeting on call of bills or resolutions. Bills and Resolutions prefiled by the Administration shall be identified as introduced by "The Chairperson at the request of the County Executive." Bills or resolutions which have not been prefiled may be added to the agenda for introduction by an affirmative vote of at least two-thirds of the Council Members to amend the agenda. A bill or resolution as introduced shall be printed in the form herein provided. When a bill or resolution is introduced, the Administrator shall certify the copy introduced and shall maintain a file on all such original bills or resolutions. The Administrator shall cause copies thereof to be reproduced and made available to the Council Members and the news

media, and shall post one copy on the official bulletin board. Copies shall be made available to the public at reasonable cost. The Administrator shall provide for the notice required by law.

- (b) *Addition of Co-sponsors.* After a bill or resolution has been prefiled and before the end of the legislative session at which the bill or resolution is introduced, a Council Member may, with the consent of the original sponsor, direct the Administrator to add the Council Member as a co-sponsor. After the adjournment of the legislative session at which a bill or resolution is introduced, a co-sponsor may be added by amendment.
- (c) *Introduction of Petitions.* Petitions may be presented by the Administrator to the County Council upon application by any person entitled by law to petition the County Council. When a petition is presented, the Administrator shall certify the copy presented, shall give it a number, and shall maintain a file on all such petitions. The Administrator shall cause copies thereof to be reproduced and made available to the Council Members, the public, the news media, and shall post one on the official bulletin board. If the petition raises an issue requiring notice, the Administrator shall provide for the notice required by law.
- (d) *Form of Bills.* Each bill shall have printed on the first page thereof the form as provided in appendix A of these Rules. The Administrator shall attach to each bill following its enactment a page summarizing its final status, as provided in appendix B of these rules; for each resolution, a page shall be attached as provided in appendix C; for each petition a page shall be attached as provided in appendix D.
 - (1) *Title.* The title shall be succinct to the reference of the general subject of the bill.
 - (2) *Enacting clause.* The enacting clause shall read "Be it enacted by the County Council of Howard County, Maryland".
 - (3) *Numbering of sections.* Section of a bill shall be numbered in Arabic numerals.
 - (4) *Numbering of lines.* The lines of the text of a bill shall be consecutively numbered commencing at the top line of each page.

The Administrator may add to the first page of a bill the date or dates when the bill may fail due to inaction as provided by Charter Section 209(h).

(Res. No. 190, 1979; Res. No. 140, 1994; Res. No. 11, 2011; Res. No. 140, 2015; Res. No. 10, 2018)

Rule 1.007 - Consideration of bills.

- (a) *Reading of Bills.* Every bill, before it shall pass the Council, shall be read on three different occasions. Any bill may be rejected upon introduction by a vote of two-thirds of the members of the Council. Any bill may be withdrawn from consideration before a vote on its final passage by a vote of two-thirds of the members of the Council. On the first reading, a bill shall be read by number and title only when introduced or when read as a substantively amended bill following readvertisement and re-hearing as provided by these Rules. The public hearing shall be the second reading. On final reading, a bill shall be read by number and title only, except that any member may request on final reading that a bill be read once, section by section for amendment before vote on final passage, and, if amended, any member may request that a bill be read as amended before vote on final passage. If amended as to substance, the bill shall not be passed until the title is rewritten to reflect the substance of substantive amendments, a hearing is set on the substantive amendments, and proceedings are conducted as in the case of newly introduced bills. Amendments may be determined to be substantive by a majority vote of the Council upon motion of any member.
- (b) *Amendments .*
 - (1) Amendments to be prefiled shall be offered in printed form and shall be prefiled with the Council Administrator no later than 2:00 p.m. on:

- (i) The second working day preceding the legislative session day at which the amendment is to be voted upon; or
 - (ii) The second day preceding the County holiday if the prefile deadline established in subsection (b)(1)(i) of this section falls on a day immediately before a County Government holiday.
- (2) Upon receipt, the Administrator shall promptly cause all prefiled amendments to be distributed to Council Members and posted on the official Council bulletin board.
 - (3) Written amendments that have not been prefiled and any oral amendments may be offered for introduction at the legislative session only after an affirmative vote of two-thirds of the members of the Council present at the legislative session.
 - (4) Notwithstanding any other provision of this subsection, when an amendment is under consideration, a Council Member may offer an amendment to the amendment. However, an amendment to an amendment may not itself be amended.
- (c) *Call of Bills for Final Reading.* Vote on final passage shall be on roll call by taking of the yeas and the nays. If no member objects, the Council may enact more than one bill by a single combined roll call vote. The call of bills for final reading shall include those bills made a special order of the day.
 - (d) *Enrolled Copy.* After passage of a bill, the Administrator shall promptly prepare an enrolled copy in printed or typewritten form, which shall be presented to the County Executive for his approval within the time required by law. On enrolling, the Administrator shall have authority to correct obvious errors in section references, numbers and references to existing law, capitalization, spelling, grammar, headings and similar matters.
 - (e) *Veto.* When an act has been vetoed by the County Executive and is returned to the Council, the message containing the Executive's objections to the bill shall be entered at large upon the Council Journal. The Council shall proceed to reconsider the bill on the call of bills for final reading, after which the Chairperson shall put the question, "Shall the bill pass notwithstanding the objections of the Executive?" The vote of the Council shall be determined by the yeas and the nays and entered upon the journal, and the votes of at least two-thirds of the members elected to the Council shall be necessary to pass the bill over the Executive's veto.
 - (f) *Incorporation of Amendments.* The Administrator, at the request of any Councilmember, shall prepare a draft working copy of any bill which is placed on the table, incorporating into the text of the bill all passed or proposed amendments to that bill. Such draft working copies of bills shall serve solely as an aid to Councilmembers' understanding of the effect of amendments during their deliberations on whether amendments should be passed or reconsidered.

(Res. No. 190, 1979; Res. No. 33, 1989; Res. No. 43, 1989; Res. No. 104, 1991; Res. No. 140, 1994; Res. No. 11, 2011; Res. No. 113, 2014; Res. No. 10, 2018)

Rule 1.008 - Consideration of resolutions.

There shall be a first reading and a final reading of each resolution; provided, however, that any resolution may be rejected upon introduction by a vote of two-thirds of the members of the Council, and provided further that any resolution may be withdrawn from consideration before a vote on its final passage by a vote of two-thirds of the members of the Council. A resolution shall be read by number and title. A public hearing may be held on resolutions at the direction of the Chairperson or by motion approved by a majority of the Council. Vote on final passage shall be on roll call by the yeas and nays, and a majority of the votes of the members shall be necessary to pass the resolution. If no member objects, the Council may enact more than one resolution by a single combined roll call vote. An enrolled copy shall be prepared after final passage and certified a true copy by the Administrator. On enrolling, the Administrator shall have authority to correct obvious errors in section references and numbers, capitalization, spelling, grammar, headings and similar matters.

Rule 1.009 - Consideration of petitions.

Any petition shall be read by number and title before consideration and action by the Council.

(Res. No. 140, 1994; Res. No. 11, 2011)

Rule 1.010 - Motions.

- (a) *Statement of Motions.* When a motion has been made and seconded, the Chairperson shall State it and it may be withdrawn by the mover, with consent of the seconder.
- (b) *Motions on Questions under Debate.* When a question is under debate, no motion shall be received except a motion:
 - (1) To adjourn or to fix the time for adjournment;
 - (2) To lay on the table;
 - (3) To close debate (to move the question);
 - (4) To postpone to a certain time;
 - (5) To amend or to amend an amendment;
 - (6) To determine the substantive nature of an amendment;
 - (7) To postpone indefinitely; or
 - (8) To withdraw.

None of these motions shall be debatable except a motion to amend or to amend an amendment. Except as otherwise provided in these Rules, a majority of members present shall be required for an adoption of any motion.

- (c) *Dilatory Motions.* The Chairperson shall not entertain a motion for a dilatory purpose.
- (d) *Reading of a Bill or Resolution.* A motion may be entertained after approval of the journal that the reading of a shortened title of a bill or resolution shall constitute the second or third reading of the whole of the bill or resolution on the agenda of that day. Adoption of the motion does not prevent amendments to the bill or resolution or its title to be entertained.
- (e) *Reconsideration.* When a question has once been decided, a motion of reconsideration is in order if the bill, resolution, motion or matter upon which the vote was taken is still in the possession of the Council. No motion for reconsideration is in order unless made on the same day on which the original vote was taken, or at the next meeting or session of the Council thereafter. The motion for reconsideration may be made by any member who voted with the majority on the original question, and it shall be reconsidered upon the majority vote of all members present and voting. The vote on a motion to reconsider cannot itself be reconsidered. The motion is debatable only if the question proposed for reconsideration was debatable, and has the characteristics described in section 34 of Robert's Rules of Order.
- (f) *Lay on the Table.* When a question is under consideration, the motion to lay on the table may be used to postpone the question to a future legislative session day. The motion is not debatable and has the characteristics described in section 17 of Robert's Rules of order, except that when a question has been laid upon the table it shall not be taken up for consideration during the remainder of the legislative session day.

- (g) *Take From the Table*. If a motion has been laid on the table, the motion to take from the table may be used to bring back the motion before the Council. The motion is not debatable and has the characteristics described in section 34 of Robert's Rules of Order.
- (h) *Postpone to a Certain Time*. When a question is under consideration, the motion to postpone to a certain time may be used to postpone the question to a specified time during the same legislative session day, or until after a specified event occurs during the same legislative session day. The motion is debatable and has the characteristics described in section 14 of Robert's Rules of Order.
- (i) *Postpone Indefinitely*. When a question is under consideration, the motion to postpone indefinitely may be used to permanently postpone consideration of the question. The motion is debatable and has the characteristics described in section 11 of Robert's Rules of Order.
- (j) *Rescind*. When a motion has been previously decided, the motion to rescind may be used to change an action previously taken by the Council. The motion:
 - (1) May be made at any time;
 - (2) Is debatable;
 - (3) May be applied to an approved Bill or Resolution only if the original of the Bill or Resolution is still in the custody of the Council or Council Staff; and
 - (4) Has the characteristics described in section 35 of Robert's Rules of Order.
- (k) When a councilmember thinks that these rules are being violated, the member can make a point of order, thereby calling upon the Chairperson for a ruling and an enforcement of the rules. A point of order:
 - (1) Takes precedence over the pending question out of which it arises;
 - (2) Yields to a motion to lay the pending question on the table;
 - (3) Is in order when another has the floor, even interrupting a Council Member speaking if the point genuinely requires immediate attention;
 - (4) Does not require a second;
 - (5) Is not debatable, except that:
 - (i) The Chairperson may permit a Council Member to explain the point of order; and
 - (ii) If the Chairperson submits the point of order to a vote, it is debatable unless it relates to indecorum, relates to the order of business, or is made when the immediately pending question is not debatable.
 - (6) Must be raised promptly at the time the violation occurs.

(Res. No. 140, 1994; Res. No. 11, 2011; Res. No. 10, 2018)

Rule 1.011 - Council journal.

When a bill, resolution or other legislative matter is journalized for the first time, its title shall be entered in full. Thereafter, subsequent journal entries for any legislative matter may be made by number and an abbreviated title. All amendments shall be printed in the journal when proposed. The name of every Councilmember introducing a bill or a resolution or moving to amend a bill or resolution or other legislative matter shall be entered on the Journal. Every question or motion presented to the Council for decision, and the title of every bill or resolution or other legislative matter considered, shall be entered upon the journal.

(Res. No. 140, 1994; Res. No. 11, 2011)

Rule 1.012 - Conduct of public hearings.

- (a) *General.* The rules in this section apply to public hearings held upon pending legislation, the budget, and other matters subject to public hearings. Normally these hearings will be held in conjunction with regularly scheduled meetings, but they may be scheduled at other times by the Chairperson in accordance with these rules.
- (b) *Preliminary Action.*
 - (1) Upon convening the hearing, the Chairperson shall give a brief explanation of the purpose of the hearing and shall cause to be presented any information or data, including reading of the legislation by the Administrator and explanation of the legislation by the Councilmember or a representative of the administration, which is required before the public discussion begins.
 - (2)
 - (i) Subject to subparagraphs (ii) and (iii) of this paragraph, the time limit for oral testimony at the hearing is:
 - a. Three minutes per person, whether speaking as an individual or on behalf of an entity not included in subparagraph c below;
 - b. Three minutes for each representative of an entity with multiple representatives speaking on behalf of the entity; or
 - c. Five minutes for a single representative of a nonprofit organization or government board, commission, or task force regardless of the number of members or supporters who may testify as individuals.
 - (ii) Whenever multiple items of legislation are grouped together for purposes of hearing testimony, the chairperson may extend the limits for a person testifying once about all the items in the group.
 - (iii) To qualify as a representative of a nonprofit organization, or government board, commission, or task force, the representative shall submit written certification from the entity or a sworn affidavit that:
 - a. Demonstrates that the representative is authorized to offer testimony and take a position to support, oppose, or amend the legislation on behalf of the entity; and
 - b. Indicates the number of members in the entity.
 - (iv) A certification or affidavit required by this subsection (b)(2) of this Rule shall be submitted to the Administrator:
 - a. Electronically in advance of the hearing; or
 - b. In person at the hearing before giving testimony.
 - (3) Any individual wishing to testify shall sign up through a system provided by the Administrator. The system shall include an opportunity to sign up in advance of the hearing and an on-site sign up option that shall be available for the period that begins at least 30 minutes before the scheduled time of the hearing. The opportunity to sign up to testify ends at the time the hearing is scheduled to begin on the hearing's first day. The system shall require that each person provide:
 - (i) Name and city or town of residence; and
 - (ii) Telephone number, email address, or mailing address.
- (c) *Public Participation.* Any person desiring to speak on the matters or issues under consideration shall sign up under subsection (b)(3) of this Rule and shall proceed when recognized by the Chairperson. Upon initial recognition by the Chairperson, the person shall give the following information before speaking to the issue:
 - (1) Name.

- (2) Home city or town.
- (3) Persons or organization represented or that he or she is speaking as a private citizen.
- (4) Whether he or she is speaking for or against the subject matter under consideration.
- (d) *Questions by Council.* Any member, upon recognition by the Chair, may question any speaker or witness.
- (e) *Written Testimony.* Written testimony on bills may be submitted to the Council at any time following introduction.

(Res. No. 43, 1989; Res. No. 140, 1994; Res. No. 11, 2011; Res. No. 10, 2018; C.B. 100, 2019)

Rule 1.013 - Conduct during presentation of petitions.

- (a) *General.* When petitions are made to the Council, the persons or parties presenting shall have the opportunity to state their case by presenting witnesses, exhibits, and other evidence. At the option of the Chair, the Chair may require any person desiring to testify to take the following oath.

"Do you solemnly promise to speak truthfully in the testimony you are about to give?"

Witnesses shall be examined by the party producing them and the Chair shall allow a reasonable cross-examination by other parties in interest; in the discretion of the Chair, questions, on cross-examination shall be reduced to writing and put by the County Solicitor attending the Council.

Whenever confusion arises in the hearing room, or demonstrations of approval or disapproval are indulged in by the occupants of the hearing room, it shall be the duty of the Chair to enforce order on its own initiative without any point of order being made by a Councilmember; under circumstances of confusion and disorder, the Chair shall have the power, and it shall be the duty of the Chair, to order the hearing room cleared, and the Chair may, upon its own motion without a second or putting the matter to a vote, order the hearing adjourned to a fixed hour and date.

- (b) *Questions by Council.* Any member, upon recognition by the Chair, may question any speaker or witness.

(Res. No. 140, 1994; Res. No. 11, 2011)

Rule 1.014 - Rules, suspension and amendments.

- (a) *Suspension of Rules.* These rules may be suspended in whole or in part by a vote of four members of the Council, except where failure to observe the rules would be contrary to the requirements of the Charter or other law. Separate suspension of the rules shall be necessary for each proposition and an explanation shall be given by the maker of the motion as to why the rules need to be suspended. In no case shall these rules be suspended for the purpose of amending or repealing them at the meeting at which the suspension is effective.
- (b) The rules of procedure shall be adopted and amended by Council resolution after reasonable notice which gives interested parties an opportunity to submit data or views orally or in writing.
- (c) *Robert's Rules of Order, Revised.* The rules of parliamentary practice set forth in the latest published edition of Robert's Rules of Order, Revised shall govern the Council in all matters not provided for in these rules.
- (d) *Failure to Follow the Rules of Procedure.* A council action that is otherwise valid is not invalid because of the failure to follow these Rules of Procedure or the rules of parliamentary practice set forth in Robert's Rules of Order, Revised.

(Res. No. 21, 1993; Res. No. 140, 1994)

Rule 1.015 - Officers and employees of the Council.

- (a) *Administrator.* There shall be an Administrator to the Council whose duties shall be to keep minutes of its meetings, maintain its journal and provide such other administrative services as are required to assist the legislative process, including, but not limited to, those outlined in these Rules of Procedure. There shall also be additional clerical and staff assistance, full or part-time, as the Council may provide from time to time under the provisions of the Charter and subject to the budget. The Administrator shall have the duty and responsibility, and shall be accountable to the Chairperson, for the overall coordination, direction and supervision of the employees of the Council.
- (b) *County Solicitor.* The County Solicitor shall be the legal advisor and shall provide technical assistance for the development of legislation for the Council. The County Solicitor shall attend the Council in all its meetings and at all other times as the Chairperson may direct. With the approval of the Chairperson, the County Solicitor may delegate these duties, from time to time, to an Assistant County Solicitor.
- (c) *County Auditor.* There shall be a County Auditor who shall have such duties as the Charter provides and as the Council may, by resolution, establish.
- (d) *Other Assistance.* The Council may, by resolution or as provided in the County budget, employ such legal, financial, technical or other assistance as it may from time to time deem necessary.

(Res. No. 140, 1994)

Rule 1.016 - Tax increment financing.

- (a) *In General.* The County Council shall ensure that its consideration of legislation authorizing the issuance of bonds in accordance with the Maryland Tax Increment Financing Act complies with the requirements of this Rule.
- (b) *Required Provisions in Legislation.*
 - (1) The Council shall consider requiring the legislation to identify and describe the specific public improvements to be financed wholly or partly by the proceeds of the bonds authorized by the legislation.
 - (2) For the improvements identified in paragraph (1) of this subsection, the Council shall consider requiring the legislation to include:
 - (i) Detailed description of the improvements;
 - (ii) The current estimated cost of each of those improvements; and
 - (iii) Specification of which costs are being authorized for the potential use of bond proceeds.
- (c) *Specific Authorization.* If the Administration presents a high level of certainty about exactly which public improvements are planned to be financed by the proceeds of the bonds authorized by the legislation, the Council may choose to limit the authorization specifically to those improvements.
- (d) *Safeguards Required for Flexibility.* The Council may choose to define the scope of the public improvements to provide greater flexibility in the potential use of the bonds authorized by the bill. However, to ensure that tax increment revenues are spent in a transparent manner consistent with the Council's legislative intent, the Council shall consider that such flexibility may be accompanied by:

Appropriate requirements, safeguards, or notice provisions to ensure that, before bonds are issued, the Council will receive detailed information on final plans for the use of bond proceeds with sufficient time for the Council to review and evaluate any proposed changes and take legislative action if needed.

(Res. No. 149, 2017)

Rule 1.017 - Howard County Council policies and procedures.

The Howard County Council shall have policies and procedures in order to conduct the business of the Council. The policies and procedures shall be reviewed every four years after each newly elected council is sworn in. The policies and procedures may be amended by a majority vote of the Council after this review or at any other time during the term the Council wishes to amend the policies and procedures.
