**Subject:** Testimony from Public Hearing 1/19/21 on CB1-2021

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

My name is Tabitha Drum and I have been volunteering regularly with animal rescues in Howard County since I was stationed at Ft. Meade 7 years ago. I am pleased to see legislation furthering the welfare of animals in HoCo, but as it is currently written, I have 3 points to present in opposition to this legislation. These are the pattern of inadequate response by Animal Control to inhumane shelters that this bill perpetuates, the lack of a plan for communication and expectations between private shelters and Animal Control [AC], and the ongoing legislative silence on how to humanely manage feral or “community” cats.

One of the shelters referenced in the Fee Resolution from HoCo Chief of Police, Animal Welfare Society, became obviously unfit to care for animals in 2015. Myself and several other volunteers spent a year reporting to AC dozens of violations of standards of care and management perpetrated by the Director, resulting in citations and fines for neglect and abuse, as well as appearances before the Animal Matters Hearing Board; but Animal Control constantly claimed they could not shut down AWS, and the Director continued to make the lives of the animals at this shelter miserable. Dozens were killed needlessly and volunteers such as myself who had done everything we could to put a stop to the animal abuse were banned by the Director.

My first point is that in shelters such as these, CB1 as currently written would not provide adequate response to unfit shelters. It appears that CB1’s goal is to drive out inhumane shelters by charging a \$250/day fine for operating without a license. However this does not address the problem of shelters such as AWS that continued to operate despite numerous residents’ complaints and citations & fines from AC. This bill would penalize all private shelters operating on thin margins (which most are) while shelters with money to pay citation fees continue to endanger and kill animals. The shut-down point for AWS came many years and many dead animals later than it should have, seemingly due to the lack of a limit on tolerated violations, or unwillingness of AC to impound the large number of animals that AWS was permitted to hoard. A more equitable solution would be to require the suspension of inhumane shelters after a certain number of citations have been issued or when any animal is faced with death due to negligence of shelter staff. Any accountability for Animal Control for consistent enforcement would further strengthen this bill.

My second point is that this bill as stated in the fee resolution would require a \$50 application fee and \$50 license fee from shelters, along with penalization fines for those who do not apply and become licensed. Most shelters are operating on the tightest of budgets, and they provide services to the community that Animal Control does not provide. For example, the current policies concerning feral or “community” cats is unclear and leads to many cats falling through the cracks of humane services. However, private shelters and rescues in HoCo have been managing feral cats very proactively, preventing the needless killing of innocent animals. I strongly oppose HoCo draining financial resources from organizations that are providing this type of support to the public.

My third point is this bill also fails to explain how animal shelters will be notified of the new licensing process and requirement, and how long they will have to become licensed before financial penalties are levied against them. The Fee Resolution states that no new personnel need to be hired to carry out the new inspections and licensing, which means these fees are designed to force a profit for the county out of the community welfare service of private shelters. Since shelter inspections and the ability to shut down inhumane shelters are of great importance, I would instead suggest a partnership between AC and private shelters in which regular

inspections are mandated without a fee and violations that are repeated or not remedied are punished by suspension of operation instead of financial punishment.

These are just some of the conditions of the bill which would bring undue stress to private animal shelters and which warrant reconsideration and further editing before the bill is proposed for approval.

Thank you!

Tabitha Drum

HOWARD COUNTY COUNCIL PUBLIC HEARING  
January 19, 2021

Testimony Regarding CB 1-2021  
Mara C. Hurwitt, Vice President, Friends of Rabbits

Good evening. I'm Mara Hurwitt, Vice President of Friends of Rabbits, a domestic rabbit rescue headquartered in Columbia and operating in the greater Washington DC metro area.

We share your concerns regarding unregulated private animal shelters, and concur with the intent behind this bill. We take in many rabbits seized in neglect cases, including one from a private shelter in Howard County that required thousands of dollars of veterinary care due to an untreated infection that had abscessed. Her eye was saved only thanks to the outstanding skill of one of the top exotics vets in the region, Dr. Scott Stahl.

Overall, we support the proposed bill. We have no objections to the application procedures, annual license fee, or inspections.

We do, however, have concerns with a few of the provisions, which were clearly drafted with dogs and cats in mind. These particular provisions are either inappropriate or excessively burdensome for an animal rescue such as ours.

**(N) STANDARDS OF CARE FOR PRIVATE ANIMAL SHELTERS.**

**DISEASE PREVENTION AND SANITATION PRACTICES.**

Paragraph (4) requires that all animal enclosures and bowls be cleaned daily. Our rabbits are kept in large intake cages then moved to puppy exercise pens. We clean the enclosures, litter boxes, bowls, etc. three times a week – which is more often than most rabbit owners. Daily cleaning is unnecessary and we simply do not have the manpower. We ask for appropriate flexibility for shelters caring for animals other than dogs and cats.

**MEDICAL STANDARDS.**

Paragraph (6) requires that a veterinarian supervise the medical care and treatment of animals. We believe this needs clarification.

We examine all rabbits upon arrival. Any rabbit that exhibits signs of illness or injury at intake or at any other time is taken to a qualified exotics vet for evaluation and treatment. However, as a small foster-based rescue, we do not have a vet on site to assess each animal at intake. Such a requirement is unnecessarily burdensome and would be financially unsustainable for most rescue groups.

**STRAY ANIMALS.**

Paragraph (8) Stray rabbits are very different from stray dogs. The overwhelming majority of them are intentionally abandoned by their owners and have been living as strays for weeks or months. Very few are microchipped. Therefore, the scanning and 30-day hold provisions are

inappropriate and costly for rabbits. We have no objection to reporting stray animals to the Howard County shelter. Most importantly, this provision should be amended to make clear that it applies only to stray animals caught within Howard County.

**RECORD KEEPING.**

Paragraph (9) requires a health certificate for animals entering from out of state. As a regional organization, we regularly move rabbits between Maryland, Virginia, and DC. We ask that this requirement be revised to exclude animals coming from Virginia and DC.

We support the bill with these reservations, and request revisions to provide the necessary flexibility for rescues such as ours.

In addition to working with the Howard County Shelter, we routinely pull rabbits from several animal shelters in Maryland and Virginia. By relieving shelter overcrowding and having all our rabbits spayed and neutered – which many of the region’s shelters do not – we play an important role in promoting adopt don’t shop and reducing the number of shelter animals that are euthanized. We ask the Council to make the requested amendments to help us continue our work supporting the regions shelters and the community.

Thank you.

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

Howard County Council Members –

We are writing in support of CB1-2021, which establishes licensing requirements and standards of care for animal shelters in Howard County, and further provides for fines for violations thereto. Given the increasing human population in Howard County, and subsequent increase in the number of unwanted animals, this legislation is long-overdue. Sadly, there have been several cases in recent years in which private “shelters” claiming to rescue, care for, and adopt out animals have been proven to have kept animals in egregious and inhumane conditions. Animals kept under human care deserve the best we can offer, not a life of misery. We as a society need to do better, and this bill would put Howard County on the right path to doing so. By introducing the bill, our County Executive has initiated the process. Please support, and pass, CB1-2021. Thank you.

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

**Dear Deb Jung,**  
**CB1-2021 is being voted on this Tuesday and I am asking you to support it AS IS (i.e., no watering it down).**

**Our County Executive introduced this much needed and important legislation to stop the many recent animal abuse and cruelty cases in our county. These cases will continue to occur unless there are operating standards and guidelines - with enforcement - for those “rescue” organizations that claim to provide a safe haven for homeless dogs and cats but which in fact are for-profit perpetrators of animal cruelty and abuse.**

**Any responsible, reputable rescue organization (called “shelters” in the bill) with the welfare of their animals as their primary mission, will have no objection to anything in this bill, because it is based on basic and common sense guidelines and practices. CB1-2021 is good for the animals, good for the rescue/shelter organizations, good for the public who adopt animals from these organizations, and it is good for our county because it stops the cruelty and abuse cases that have become all too commonplace.**

**Thank you for voting FOR this important bill.**

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

Dear Council Member Jung,

I'm writing to you to express my opinion in favor of Council Bill 1, which would require a license to operate a private animal shelter in Howard County. This bill is long overdue. Allowing private individuals to operate animal shelters without oversight has resulted in animal abuse and bad publicity repeatedly over the years in Howard County. A standard of care for all animal sheltering activities is only common sense.

Thank you,

Robyn Evans

**From:** Ann Selnick <annselnick@verizon.net>  
**Sent:** Monday, January 18, 2021 1:50 PM  
**To:** Jung, Deb <djung@howardcountymd.gov>  
**Subject:** Please support CB-1 Private Shelter Legislation

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

I am Ann Selnick, a resident of Ellicott City for 31 years. For 26 years I have been an active member of Animal Advocates of Howard County (13 years as president) as well as a volunteer with the Howard County Animal Control and Adoption Center. I mention my background and qualifications to indicate my credibility on the subject and to urge support for CB-1.

Most people are not aware that anyone in Howard County can open a private shelter! There are no guidelines or licensing requirements currently for private shelters in the County. There is NO oversight of private shelters in Howard County. CB-1 addresses these issues.

Private shelters usually accept only highly adoptable animals that they can (theoretically) rehome quickly. Sometimes their pet population becomes unmanageable and the shelter finds itself in serious trouble. One such example of this took place in 2019 when the County took in 165 animals from the Animal Welfare Society. There have been other similar disturbing cases as well.

With uncontrollable numbers the shelter lacks the room to properly house the animals humanly and, in many cases, find themselves unable to finance the needed medical care.

**CB-1 is long overdue. This bill spells out minimum standards for private shelters. Howard County unfortunately has experienced the necessity of having to intervene in cases of abuse and neglect where oversight would have helped. CB-1 will provide the means to address concerns with the way animals are housed and treated. The fact that these kinds of private shelters have been allowed to operate unimpeded hurts not only the animals in their care, but risks eroding the public trust in all shelters, even the ethical ones.**

**CB-1 is a good and necessary bill. I am counting on your support for this important piece of animal welfare legislation.**

**Respectfully submitted,**

**Ann  
Selnick**

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

To me, this is a non-partisan issue. While some of us lead with our hearts and some with our heads, each of us usually has some measure of both feelings and intellect. Both aspects of one's makeup come to bear on this proposed bill.

Animals that are either abandoned or run away from intolerable conditions become lost souls so to speak. They have no one to shelter and feed them and are subject to the freezing cold and oppressive heat. Ultimately, they can also contract and spread disease.

Fortunately, some can be taken in by reputable shelters and adoption facilities and go on to provide love and companionship to us humans. But as we unfortunately know, some of these facilities fall far short in the standards of care they should maintain.

If you have or have ever enjoyed the companionship of a good pet, just imagine that pet being in one of those badly run and even criminally negligent facilities.

I urge each of you to support CB1 tomorrow and thank you in advance for doing so.

Current and former adopter of a pet.

William C. Groves

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

Dear Councilmembers,

I am writing to ask your support on Bill CB1-2021 by taking positive action to enact this worthy Bill. This Bill creates requirements regarding licensing, inspections of animal shelters, providing standards of care, and required record keeping among other points relating to private animal shelters in Howard County.

I have witnessed first-hand the outcome of an animal shelter that had no regulations or requirements. This led to unhealthy, over-crowded animals barely living in unspeakable conditions and deprived of any life enrichments.

I currently own one of those animals and it has been an on-going effort to renew his health. He was rescued from his rescuers in May of 2019 from Animal Welfare Society, a private shelter that has been closed by Howard County Police and Howard County Animal Control.

This Bill is long overdue and no reputable organization would have a problem with it as it within minimum standards and is in line with the State municipal shelter standards. Only those seeking profit from selling animals and/or hoarders would have issues with a Bill that protects animals.

I have owned pets all my life, am a Howard County resident and business owner since 1999, and also have a ten year tender with Howard County Recreation and Parks working at the Worthington Dog Park.

Thank you for taking the time to read my email and please support this Bill so animals have a fighting chance for a fur-ever home.

Respectfully,

Rita Campbell

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

Councilwoman Jung,

I am asking for your support in passing CB1-2021 into law. CB1-2021 provides for the licensing, periodic inspections and most importantly a standard of care for the animals in private animal shelters.

Animal Control has had no leverage to remove animals from private shelters or better their conditions following public complaints. Finally media coverage of the confiscation of over 100 animals from Animal Welfare Society in May 2019 let the public see how out of control a private shelter can become without legal oversight.

I would appreciate your support. Thank you.

Dear Howard County Council and County Executive,

Please pass Bill CB1.

Bill CB1 is long overdue! I can't imagine a reputable animal rescue organization would not be in favor. The bill spells out minimum standards and is in line with the State municipal shelter standards. Howard County unfortunately has seen the necessity and the bill will provide a legitimate means to address concerns with the way animals are housed and treated. The fact that neglectful rescue groups are allowed to operate unimpeded, hurts not only the animals in their care, but risks eroding the public trust in all shelters, even the ethical ones. It's a win for everybody except the bad guys.

Thank You,

Council Member Deb Jung,

I am asking for your support in favor of passing CB1-2021 into law. As a volunteer at Howard County Animal Control (HCAC) for 20 years, I am distressed that some private animal shelters continue to operate despite ongoing inhumane treatment and unsafe conditions. This must stop.

Through the years, I have seen many victims of abuse by private animal "rescue" organizations be brought to HCAC for protective custody. In 2019 alone, there were three major impoundments, including 165 animals confiscated from the Animal Welfare Society (AWS) in May. This was not the first time AWS was charged with cruelty and neglect, yet they've continued to operate because there are no laws in Howard County to shut them down.

AWS is not the only private shelter that has mistreated animals. Tragically, many helpless animals die before HCAC can be alerted and save them. Clearly, an organization's stated goal of caring for animals does not ensure they will follow through with appropriate actions.

Please vote for CB1-2021 and thereby require private animal shelters be licensed, with periodic inspections verifying adherence to proper standards of care.

Thank you.

**Subject:** Supporting CB1- establish care standards for private animal shelters

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

Good afternoon, Councilwoman Jung,  
This letter is in support for CB1. We wholeheartedly support establishing basic standards for private animal shelters that care of pets.  
My husband, Bob and I have adopted several wonderful dogs from Howard County Animal Control Facility and worked, as volunteers at that county shelter. We witnessed, first-hand, how a well-run animal adoption center is run. Not every animal welfare agency is so well run, unfortunately. We are very aware that numerous private animal "shelters" are not what they appear to be. In fact, several we have some knowledge of house animals in absolutely horrific conditions. We do not believe it is intrusive to expect all animal adoption and rescue facilities to adhere to basic standards to keep innocent animals safe from harm and insidious neglect.

We understand that some people might think authorities are "picking on" the little guys, those who run private animals shelters, but that belief may come from a lack of inside information about all the abuses going on in these places. If they actually saw, first-hand, what happens to so many animals in quite a few private shelters, they would be disgusted and would agree that there is a need for some oversight. We have seen certain places that do not provide decent food, water or clean shelter to animals in their care. Animals are often housed in filthy, overcrowded, unhealthy conditions. Some have even been known to euthanize some of their animals using out-dated and barbaric, painful methods and pharmaceuticals. it's absolutely shameful. Our county can do better and we must.

It's crazy that such legislation is needed, but it seems that it definitely is, given so many cases of abuse.

We greatly appreciate your efforts to help protect animals.

Martha E. Gagnon, Ph.D. Cooksville, MD

**Subject:** Support for CB1

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

Dear Councilmember Jung,

I write to support CB1 which adds provisions governing the creation and operation of private animal shelters in the County to the current Code. Animals in some such "shelters" have been abused and these operations must be regulated. The proposed regulations are reasonable and necessary.

I am a long-time dog owner, past-president of HoCoDOG, Inc., current secretary of the Northern Virginia Brittany Club, and financial supporter of Days End Farm Horse Rescue and American Brittany Rescue.

I hope you will support CB1. Thank you.

Barbara J. Bice

Dear Ms. Jung,

I am writing to ask your support of Bill CB1. As a resident of Howard County, dog owner and advocate for animals, I believe it is critical that a license be required for private animal shelters that further allows for inspections to be sure that animals are receiving the care that they need and are not residing in inhumane conditions. Thank you for your support of Bill CB1 that acknowledges and enforces procedures for the welfare of animals in Howard County.

Sincerely,

Lisa Schoenbrodt

**Sent:** Saturday, January 16, 2021 6:01 PM  
**To:** Jung, Deb <djung@howardcountymd.gov>  
**Subject:** CB1

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

As a Howard County resident for over forty years, as a Howard County employee for over twenty years, and as a Howard County Animal Control volunteer for over ten years, I urge you to support CB1. I have witnessed firsthand the dangers that exist when private animal shelters/rescue groups are allowed to operate in our county without any standards or regulations. Not only do dangers exist for the innocent and inhumanely treated animals, but there are also community environmental dangers such as noise, pollution, and odors. In addition, when Howard County Animal Control officers are repeatedly called upon to investigate complaints, there is an ongoing cost of staff time and taxpayer dollars. Any reputable animal shelter or rescue group should welcome the standards and guidelines that CB1 will provide, and CB1 will reduce the likelihood that unregulated private animal shelters/rescue groups will continue to operate in our county, at the cost of animals' lives, as well as taxpayer dollars.

Many thanks for supporting this essential bill!

January 15, 2021

Dear Councilwoman Jung,

Please support and pass CB1-2021, regarding the licensing, regulation, and oversight of animal rescues in Howard County.

Currently, there are NO regulations and anyone can open a rescue. Some people do this as a moneymaking opportunity with little regard for the well being of the animals. Others, although seemingly well intentioned, are ignorant of the needs of the animals.

As a volunteer at Howard County Animal Control and Adoption Center, I have witnessed first hand the horrific impact that many of these rescues have had on the animals for whom they are supposed to be caring. It tears at one's soul.

I hope that you will see the importance of CB1-2021 and ensure that all animals in Howard County shelters and rescues are protected. Thank you.

Sincerely,

Goody Rogers

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

I have learned that County Executive Ball has introduced a bill, CB1, which would provide oversight for all private shelters and rescues within Howard County. After all the horrors discovered during the recent past at such places, including the County-based Animal Welfare Society, it's about time! I have long wondered why this lapse ever existed.

I cannot imagine any right-minded individual opposing the effort to extend the same protection to all animals in the need of shelter and care. In addition to expressing my support for the bill, I request yours as well.

It is my understanding that other nearby jurisdictions in the state have measures similar to the one proposed by Mr. Ball, while our county, with its reputation for progressive attitudes, fails in caring for beings with whom we share our homes and this earth. What is wrong with this picture of us?

We can't change the world but we can certainly make Howard County a better place for our animal friends.

Thank you very much for your time and your vote,

Lane Page

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

Dear Councilwoman Jung,

I was delighted to see that this bill, CB-1, is coming up for a vote. and that it is number #1 - indicating how important it is.

I have been urging for something like this ever since the summer of 2019 when more than 100 animal were confiscated and brought to the Howard County Animal Control and Adoption Center, where I am a volunteer. The animal were in such bad shape it was literally a crime. I wish you could have seen them for yourself. I hope it never happens again in our county.

The bill is long overdue and I fully support it. We can't imagine a reputable organization would not be. The bill spells out minimum standards and is in line with the State municipal shelter standards. Howard County unfortunately has seen the necessity of having oversight (see below) and the bill will provide a legitimate means to address concerns with the way animals are housed and treated. The fact that these kinds of shelters have been allowed to operate unimpeded hurts not only the animals in their care, but risks eroding the public trust in all shelters, even the ethical ones. It's a win for everybody except the bad guys.

<https://baltimore.cbslocal.com/2019/07/02/animal-welfare-society-board-members-charged-with-50-counts-of-animal-cruelty-in-columbia/>

<https://www.baltimoresun.com/maryland/howard/ph-ho-cf-animal-jail-0809-story.html>

<https://www.pressreader.com/usa/baltimore-sun/20100927/281612416741487>

<https://www.baltimoresun.com/maryland/laurel/ph-ho-cf-animal-cruelty-0906-20120830-story.html>

This last one no longer operates as a shelter openly, but has dozens of animals impounded in another Animal Control case that has been going on for 18 months; the County taxpayers bear the cost.

### [Howard County Couple On Trial For Animal Cruelty Charges](#)

Please vote for CB-1. The animals deserve our care and quick action - both now and in the future.

Joanne and Tom Locke

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

**Dear Deb Jung,**  
**CB1-2021 is being voted on this Tuesday and I am asking you to support it AS IS (i.e., no watering it down).**

**Our County Executive introduced this much needed and important legislation to stop the many recent animal abuse and cruelty cases in our county. These cases will continue to occur unless there are operating standards and guidelines - with enforcement - for those “rescue” organizations that claim to provide a safe haven for homeless dogs and cats but which in fact are for-profit perpetrators of animal cruelty and abuse.**

**Any responsible, reputable rescue organization (called “shelters” in the bill) with the welfare of their animals as their primary mission, will have no objection to anything in this bill, because it is based on basic and common sense guidelines and practices. CB1-2021 is good for the animals, good for the rescue/shelter organizations, good for the public who adopt animals from these organizations, and it is good for our county because it stops the cruelty and abuse cases that have become all too commonplace.**

**Thank you for voting FOR this important bill.**

**Joanne Serelis

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

I support CB1. Please vote in favor of CB1, the private shelter bill that includes standards for proper space, food, water, cleanliness, and enrichment such as toys, petting, exercise. All animals deserve this.

Thank you,  
Kathy Osborne  
HoCo resident and pet adopter

**Subject:** Written Testimony in support of CB-1

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

I am Ann Selnick, a resident of Ellicott City for 31 years. For 26 years I have been an active member of Animal Advocates of Howard County (13 years as president) as well as a volunteer with the Howard County Animal Control and Adoption Center. I mention my background and qualifications to indicate my credibility on the subject and to urge support for CB-1.

Most people are not aware that anyone in Howard County can open a private shelter! There are no guidelines or licensing requirements currently for private shelters in the County. There is NO oversight of private shelters in Howard County. CB-1 addresses these issues.

Private shelters usually accept only highly adoptable animals that they can (theoretically) rehome quickly. Sometimes their pet population becomes unmanageable and the shelter finds itself in serious trouble. One such example of this took place in 2019 when the County took in 165 animals from the Animal Welfare Society. There have been other disturbing similar cases as well.

With uncontrollable numbers the shelter lacks the room to properly house the animals humanly and, in many cases, find themselves lacking the finances to provide needed medical care.

CB-1 is long overdue. This bill spells out minimum standards for private shelters. Howard County unfortunately has experienced the necessity of having to intervene in cases of abuse and neglect where oversight would have helped. CB-1 will provide the means to address concerns with the way animals are housed and treated. The fact that these kinds of private shelters have been allowed to operate unimpeded hurts not only the animals in their care, but risks eroding the public trust in all shelters, even the ethical ones.

CB-1 is a good and necessary bill. I am counting on your support for this important piece of animal welfare legislation.

Respectfully submitted,

Ann  
Selnick

Former President-Animal Advocates of  
HoCo  
Gaither Farm Road,  
Ellicott City, MD 21042

**Subject:** Comments and Suggestion for CB-1

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

Karen,

I went on the Howard County website regarding hearings. I am sending the attachment to you as it appears I would have had to send and sign up for testimony. I am making these comments and suggestions for the Council members and authors of CB-1 as I apparently have too much time on my hands and like things to be done well. I have no plans to testify, I just want to be helpful by providing this information. I am not representing any group. These are comments from me as a Howard County resident. If this can just be emailed to [councilmail@howardcountymd.gov](mailto:councilmail@howardcountymd.gov) tomorrow without having to sign up to testify, please let me know or please forward. Please feel free to advise if I can help in any other way.

Stay Safe and Best Regards,

*Peggy Stover-Catha*

Attachment: CB-1 Comments and Suggestions by Peggy Stover-Catha

Introduced \_\_\_\_\_  
 Public Hearing \_\_\_\_\_  
 Council Action \_\_\_\_\_  
 Executive Action \_\_\_\_\_  
 Effective Date \_\_\_\_\_

**County Council of Howard County, Maryland**

2021 Legislative Session

Legislative Day No. 1

**Bill No. 1 -2021**

Introduced by the Chairperson at the request of the County Executive

***DRAFT COMMENTS-SUGGESTIONS BY PEGGY STOVER-CATHA  
 (HOWARD COUNTY RESIDENT) SEE BOLD AND ITALICIZED SECTIONS.***

*My comments focus mainly on the definitions in Title 17, Subtitle 3 (17.300) and the new definitions in this proposed CB1 Bill. It is always important to assure readers and potential users of the Bill have a clear understanding or correct meaning to avoid confusion and conflict. A reliance on common sense understandings is not always effective or accurate. My review, to find the possible best terms and definitions for this Bill, included the review of Howard County Zoning definitions (Zoning Section 103), Title 17 Subtitle 3 definition (Animals), various Federal Regulation definitions and public animal welfare groups literature dealing with the protection of animals. I have also printed and scanned for your reference some of the relevant definitions for review and consideration. It seems the most important need is to revise or enhance the definition of "PRIVATE ANIMAL SHELTER" AND TERMS INCLUDED WITHIN THE DEFINITION. See Section 17.322 A and B for suggested changes. Additional consideration should be given to how residential versus commercial properties are covered or included where activities to be covered could take place. For certain private facilities having a large number of animals or some designated number of domesticated animals in their care, custody and control relevant to the intent of this proposed Bill, consider the addition of a section for the need for "Emergency Plans, Activity Contingency Plans, (written procedures or protocols) and the need for twenty-four-hour coverage. Only the pages/section with comments are being provided with the scanned items at the end.*

AN ACT requiring a license for private animal shelters; defining certain terms; authorizing the adoption of certain regulations; providing for certain exemptions; requiring that a license application contain certain information; requiring an application fee; requiring that certain fees be adopted by Resolution of the County Council; providing for inspections; providing that a denied application can be resubmitted under certain conditions; providing for a license term; providing the conditions under which the license can be suspended or revoked; providing for appeals and license renewals; requiring certain records; providing standards of care for private animal shelters; providing for certain penalties; adding to the duties of the Animal Matters Hearing Board; and generally relating to private animal shelters in Howard County.

Introduced and read first time \_\_\_\_\_, 2021. Ordered posted and hearing scheduled.

By order \_\_\_\_\_  
 Diane Schwartz Jones, Administrator

Having been posted and notice of time & place of hearing & title of Bill having been published according to Charter, the Bill was read for a second time at a public hearing on \_\_\_\_\_, 2021.

- 1 (7) A declaration that the person is not eligible to adopt an animal[.]; AND  
2 (8) A DECISION OF THE ANIMAL CONTROL ADMINISTRATOR TO GRANT, DENY, OR  
3 IMPOSE CONDITIONS ON A PRIVATE ANIMAL SHELTER LICENSE PURSUANT TO  
4 SECTION 17.322 OF THIS SUBTITLE.  
5

6 **SECTION 17.322. PRIVATE ANIMAL SHELTER LICENSE; STANDARDS OF CARE FOR**  
7 **PRIVATE ANIMAL SHELTERS.**

8 (A) *ESTABLISHED; PURPOSE; AUTHORITY TO ADOPT REGULATIONS.*

- 9 (1) THERE IS A PRIVATE ANIMAL SHELTER LICENSE IN HOWARD COUNTY.  
10 (2) THE PURPOSE OF THE LICENSE IS TO ENSURE MINIMUM STANDARDS OF CARE  
11 **FOR ANIMALS KEPT IN PRIVATE SHELTERS. See comments on “Animal”**  
**and Domesticated Animal definitions. The clarity of “What Animals” is**  
**key as well as by “Who”.**  
12 (3) AS PROVIDED IN SECTION 17.312(E), THE ANIMAL CONTROL  
13 ADMINISTRATOR MAY ADOPT REGULATIONS TO SET STANDARDS TO  
14 IMPLEMENT THIS SECTION.

15 (B) *DEFINITIONS.* IN ADDITION TO THE DEFINITIONS SET FORTH IN SECTION 17.300 OF THIS  
16 SUBTITLE, FOR PURPOSES OF THIS SECTION, THE FOLLOWING TERMS SHALL HAVE THE  
17 MEANINGS SET FORTH.

- 18 (1) *DROP BOX* MEANS AN UNATTENDED RECEPTACLE WHERE LIVE ANIMALS CAN  
19 BE PLACED BY THE PUBLIC FOR LATER SHELTER INTAKE.  
20 (2) *LICENSE* SHALL MEAN THE PRIVATE ANIMAL SHELTER LICENSE  
21 AUTHORIZED BY THIS SECTION.  
22 (3) ***PRIMARY ANIMAL ENCLOSURE MEANS ANY STRUCTURE (See Zoning definitions***  
***Section 103. “Building”- A structure with exterior walls and a roof which combine to***  
***form a structure used for occupancy or activities of persons, for the shelter of animals***  
***or..... Also see Zoning definitions Section 103. “Structure” – Anything constructed or***  
***built. See use of “Building” also in section N. (1) page 9 of this Bill.***  
***USED CONSISTENTLY***  
23 ***TO CONTAIN AN ANIMAL SUCH AS A ROOM, CAGE, KENNEL, (See Zoning***  
***definitions Section 103. “Kennel” – Any establishment for the overnight boarding,***  
***breeding or training of dogs or cats for which a fee is charged.....) OR PEN.***  
***(Given the broad definition of “domesticated animal” other terms***  
***should be considered for addressing the intent of providing proper***  
***protection, care, space, etc.) For example- the “Animal” definition is not***  
***limited to dogs and cats either in the existing “Animal” and***  
***“Domesticated Animal” definitions, it also includes livestock and***  
***poultry and ferrets, rabbits, hamsters, guinea pigs, and so on – see***  
***definitions scanned and added for review). Consider edits. One example***

may be – “Primary enclosure means any structure or device used to restrict an animal or animals to a limited or specific amount of space, such as a room, pen, run, cage, compartment ……… Also, consider adding, or modify – “Housing facility- means any land, premises, shed barn, building, trailer or other structure or area housing intended to house animals.”

24 (4)

PRIVATE ANIMAL SHELTER MEANS A NON-GOVERNMENTAL SHELTER FOR DOMESTICATED ANIMALS FOR THE PURPOSE OF RE-HOMING,

25

26

REHABILITATION, OR PERMANENT SANCTUARY. This is the most important section for the entire document to be clear as to “Who” this applies to. As written, it provides the opportunity for a misunderstanding as to who and what and terms used are unclear when comparing to other Howard County definitions noted (Section 17, Subtitle 300, and Zoning Definitions, Section 103.). Should it be “Shelter” or “Facility” or another term – see existing definition of shelter in Section 17, Subtitle 300, “y”. Also See (f) – Facility. See other scanned internet search definitions and referenced web site for other examples for consideration. One suggested option is:

**PRIVATE ANIMAL FACILITY** (need to determine to include residences that may conduct such activities covered as 17.300 facility definition excludes residences)– **MEANS A NON-GOVERNMENTAL FACILITY IN WHICH DOMESTICATED ANIMALS ARE MAINTAINED IN A BUILDING, OR PROPERTY FOR THE PURPOSE OF:**

**WHAT-**

- A. Re-homing (to find another home for an animal, place with another owner.
- B. Rehabilitation (generally needs defining some –for examples; to provide care and therapy to restore health and to improve the animals overall condition)
- C. Permanent Sanctuary - Note: The term “Sanctuary” is not defined in the Animal Control Rules for Domesticated Animals. It should be as follows as an example:  
“or Permanent Sanctuary” providing a safe place, refuge and care for the domesticated animal for life.

Note: As written the use of the term “Domesticated Animal” is defined by the existing animal control rules Title 17, Subtitle 300 Definitions,”

Refer to definitions (b) Animal and (p) Domesticated animal. Scanned and included in this submittal. The Domesticated Animal definition includes a list (but not limited to) – livestock and poultry

**and pets such as dogs, cats, ferrets, rabbits, hamsters, guinea pigs, mice, rats, canaries, parrots, parakeets and mynah birds. Livestock is defined in Title 17, Subtitle 3 Definitions in (u) – Livestock means domesticated animals usually kept on a farm, including but not limited to poultry, cattle, sheep, goats, pigs, horses, ponies**

***The assumption is CB1 applies to all such “example” domesticated animals listed.***

***Note: Also see zoning definitions Section 103.0 Definitions regarding Farm, Animal Unit, Farming (item C), and Livestock.***

***As an additional note – Zoning rules allow a number (eight or fewer hens) of poultry to be kept on a Residential Lot. See Chicken Keeping-Residential. Is there a potential conflict with CB1?***

***Suggested addition: Facilities already authorized by Howard County or licensed by State or Federal Agencies and meeting the intent of this Bill are exempt.***

***A PRIVATE ANIMAL***

27                   ***SHELTER SHALL NOT INCLUDE THE HOUSING OF 4 OR LESS ADULT ANIMALS***  
28                   ***(4 MONTHS OR OLDER) OR 15 OR LESS ANIMALS UNDER THE AGE OF 4***  
29                   ***MONTHS. Assume this includes all the types of Domesticated Animals***  
                      ***noted above? If so, other parts of the Bill need to reflect appropriate care***  
                      ***and housing.***  
30           (5)       ***RESPONSIBLE PARTY MEANS ANY PERSON IN CONTROL OF OR MANAGING A***  
31                   ***PRIVATE ANIMAL SHELTER AND INCLUDES THE BOARD OF DIRECTORS,***

- 1 OFFICERS, EXECUTIVE DIRECTOR, OWNER, AND MANAGERS OF A PRIVATE  
2 ANIMAL SHELTER. **Note: See also existing definitions of "Owner" in  
Title 17.300 definitions and does this definition include their oversight  
and control whether a commercial or charitable organization?**
- 3 (6) *STANDARD OF CARE* MEANS THOSE CONDITIONS SET FORTH IN SUBSECTION  
4 (N) OF THIS SECTION THAT INDICATE WHETHER ANIMALS ARE IN A GOOD  
5 STATE OF WELFARE
- 6 (7) *TRANSPORT CARRIER* MEANS A PORTABLE ENCLOSURE DESIGNED TO  
7 TEMPORARILY CONTAIN AN ANIMAL THAT IS BEING TRANSPORTED FROM  
8 ONE LOCATION TO ANOTHER.
- 9 (8) *VETERINARIAN* MEANS A VETERINARIAN WHO IS CURRENTLY LICENSED AND  
10 IN GOOD STANDING WITH THE MARYLAND STATE BOARD OF VETERINARY  
11 EXAMINERS.
- 12 (C) *LICENSE REQUIREMENT*. THE OPERATOR OF A PRIVATE ANIMAL SHELTER SHALL OBTAIN  
13 AN ANNUAL PRIVATE ANIMAL SHELTER LICENSE TO OPERATE.
- 14 (D) *LICENSE APPLICATION*. AN APPLICANT FOR A LICENSE SHALL:
- 15 (1) PAY THE APPLICATION FEE;
- 16 (2) PROVIDE THE FOLLOWING INFORMATION ON A FORM CREATED BY THE  
17 ANIMAL CONTROL ADMINISTRATOR:
- 18 (I) THE PHYSICAL LOCATION AND DESCRIPTION OF THE BUILDING(S) IN  
19 WHICH ANIMALS WILL BE HOUSED;
- 20 (II) THE NAME AND RESIDENCE ADDRESS OF ALL RESPONSIBLE PARTIES  
21 AND ANY CHANGE IN THE IDENTITY OR RESIDENCE OF ANY  
22 RESPONSIBLE PARTY SHALL BE REPORTED TO THE ANIMAL CONTROL  
23 ADMINISTRATOR WITHIN 30 DAYS OF THE CHANGE;
- 24 (III) A STATEMENT THAT NO RESPONSIBLE PARTY HAS EVER BEEN  
25 CONVICTED OF A FELONY OR MISDEMEANOR INVOLVING ANIMAL  
26 CRUELTY OR NEGLECT EITHER WITHIN OR OUTSIDE OF THE COUNTY;
- 27 (IV) A STATEMENT THAT THE ORGANIZATION WILL COMPLY WITH  
28 FEDERAL, STATE, AND COUNTY LAWS AND THE STANDARDS OF  
29 CARE TO RECEIVE AND MAINTAIN THEIR LICENSE TO OPERATE;

- 1 (v) A STATEMENT THAT THE BUILDING(S) IN WHICH THE ANIMALS WILL
- 2 BE HOUSED HAS ADEQUATE WATER AND SEWER SERVICE TO COMPLY
- 3 WITH THE STANDARDS OF CARE;
- 4 (vi) A STATEMENT THAT THE RESPONSIBLE PARTY WILL COMPLY WITH
- 5 ALL HEALTH DEPARTMENT NOISE REGULATIONS; AND
- 6 (vii) THE NAME AND ADDRESS OF THE REGISTERED AGENT.
- 7 (E) *INSPECTIONS*. THE ANIMAL CONTROL ADMINISTRATOR SHALL COMPLETE AN
- 8 INSPECTION OF A PRIVATE ANIMAL SHELTER:
- 9 (1) WITHIN THIRTY (30) DAYS OF RECEIPT OF THE INITIAL APPLICATION;
- 10 (2) **YEARLY** (*is this 12 months/rolling 12 month*) THEREAFTER WITH EACH RENEWAL
- 11 OF A LICENSE;
- 12 (3) MORE FREQUENTLY AT THE DISCRETION OF ADMINISTRATOR.
- 13 (F) *APPLICATIONS; RESUBMISSIONS OF DENIED APPLICATIONS*.
- 14 (1) THE ANIMAL CONTROL ADMINISTRATOR SHALL REVIEW THE APPLICATION
- 15 AND GRANT THE APPLICATION AND ISSUE THE LICENSE UNLESS:
- 16 (i) THE LICENSE IS INCOMPLETE;
- 17 (ii) THE ADMINISTRATOR DETERMINES THE APPLICANT CANNOT MEET
- 18 THE STANDARDS OF CARE;
- 19 (iii) THE APPLICANT HAS WITHHELD OR FALSIFIED INFORMATION ON THE
- 20 APPLICATION; OR
- 21 (iv) ANY RESPONSIBLE PARTY HAS BEEN CONVICTED OF A FELONY OR
- 22 MISDEMEANOR INVOLVING ANIMAL CRUELTY OR NEGLECT WITHIN
- 23 OR OUTSIDE OF THE COUNTY.
- 24 (2) RESUBMISSION OF DENIED APPLICATION: IF THE ADMINISTRATOR
- 25 DETERMINES THERE IS A DEFICIENCY IN AN APPLICATION, THE APPLICANT
- 26 MAY CORRECT THE DEFICIENCY AS FOLLOWS:
- 27 (i) THE APPLICANT MAY CORRECT A DEFICIENCY RELATED TO
- 28 PARAGRAPH (1)(i) OR (1)(ii) OF THIS SUBSECTION AND RE-APPLY
- 29 ONE TIME WITHIN A 365 DAY PERIOD.
- 30 (ii) THE APPLICANT MAY NOT CORRECT A DEFICIENCY RELATED TO
- 31 PARAGRAPH (1)(iii) OR (1)(iv) OF THIS SUBSECTION. IN THIS
- INSTANCE, THE APPLICANT MAY NOT RE-APPLY FOR A LICENSE AND

- 1 (II) CATS OVER THE AGE OF 4 MONTHS WHO ARE HOUSED COMMUNALLY  
2 SHALL BE SPAYED OR NEUTERED; AND
- 3 (III) ANIMALS WHO ARE HOUSED COMMUNALLY AND WHO ARE  
4 OBSERVED FIGHTING OR TO HAVE INJURIES CONSISTENT WITH  
5 FIGHTING SHALL BE IMMEDIATELY REMOVED AND PROVIDED A  
6 SINGLE ENCLOSURE.
- 7 (4) **DISEASE PREVENTION AND SANITATION PRACTICES:** THE SHELTER  
8 SHALL ENSURE THAT THE BUILDING, PRIMARY ANIMAL ENCLOSURES, AND  
9 ALL OTHER AREAS WHERE ANIMALS ARE KEPT ARE CLEANED AT LEAST  
10 DAILY TO REDUCE DISEASE TRANSMISSION AMONG ANIMALS, PROTECT  
11 HUMAN PUBLIC HEALTH, INCREASE ANIMAL COMFORT, AND MEET THE  
12 FOLLOWING STANDARDS:
- 13 (I) ALL PRIMARY ANIMAL ENCLOSURES, FOOD BOWLS, AND WATER  
14 BOWLS SHALL BE CLEANED DAILY;
- 15 (II) ALL PRIMARY ENCLOSURES, FOOD BOWLS, WATER BOWLS, AND  
16 BEDDING SHALL BE DISINFECTED BEFORE GIVEN TO A NEW ANIMAL;
- 17 (III) FLOORS, JUNCTIONS, WALLS, DOORS, AND DRAINS SHALL BE  
18 IMMEDIATELY CLEANED AND DISINFECTED AFTER COMING INTO  
19 CONTACT WITH FECES, URINE, VOMIT, OR AN ANIMAL KNOWN OR  
20 SUSPECTED OF HAVING AN INFECTIOUS DISEASE;
- 21 (IV) ONLY CLEANING PRODUCTS THAT ARE SAFE FOR ANIMALS AND WITH  
22 PROVEN EFFICACY FOR DISINFECTION OF ANIMAL DISEASE SHALL BE  
23 USED TO CLEAN ANY AREAS WHERE ANIMALS WILL BE PRESENT;
- 24 (V) WATER AND FOOD BOWLS SHALL NOT BE LEFT IN THE ENCLOSURE  
25 WHILE CLEANING;
- 26 (VI) ANIMALS ARE REMOVED FROM THE CAGE DURING CLEANING;
- 27 (VII) THE BUILDING WILL BE KEPT FREE OF FLEAS, FLIES, MOSQUITOES,  
28 RATS, MICE AND OTHER DISEASE VECTORS OR NUISANCE SPECIES;  
***(NOTE: IT IS IMPOSSIBLE TO BE TOTLALY "FREE" OF  
THE LISTED PESTS ETC. THIS SHOULD BE RESTATED  
TO ADDRESS HAVING PROCEDURES, PROTOCOLS AND  
DEVICES AND/OR CONTROLS IN PLACE TO REDUCE TO  
THE MOST EFFECTIVE LEVELS..... OR SOMETHING  
LIKE THIS APPROACH.....)***
- 29 (VIII) TRASH SHALL BE CONTAINED IN CONTAINERS WITH LIDS; AND

- 1           (9)    **RECORD KEEPING:** THE FOLLOWING RECORDS SHALL BE KEPT FOR EACH  
2                                   ANIMAL ENTERING THE SHELTER FOR A MINIMUM OF THREE YEARS:
- 3                   (i)    UNIQUE IDENTIFICATION NUMBER, SPECIES, BREED, GENDER, COLOR,  
4                                   AGE, WEIGHT;
  - 5                   (ii)   WHETHER THE ANIMAL IS INTACT OR STERILIZED;
  - 6                   (iii)   DATE OF ENTRY;
  - 7                   (iv)   WHERE THE ANIMAL ORIGINATED FROM;
  - 8                   (v)    A HEALTH CERTIFICATE FOR ANIMALS ENTERING FROM OUT-OF-  
9                                   STATE;
  - 10                  (vi)   DATE AND EXPLANATION OF ALL TREATMENTS AND MEDICAL  
11                                   EXAMINATIONS AND PROCEDURES;
  - 12                  (vii)   FINAL DISPOSITION INCLUDING DATE AND TYPE; AND
  - 13                  (viii)   SPAY OR NEUTER RECORDS.
- 14   (o) *ENFORCEMENT:* ALTERNATIVELY, OR IN ADDITION TO AND CONCURRENT WITH ALL  
15   OTHER REMEDIES, THE ANIMAL CONTROL ADMINISTRATOR MAY ISSUE A CITATION UNDER  
16   SECTION 17.318 OF THIS SUBTITLE FOR OPERATING A PRIVATE ANIMAL SHELTER IN  
17   VIOLATION OF THIS SUBTITLE, INCLUDING OPERATING A PRIVATE ANIMAL SHELTER  
18   WITHOUT A LICENSE OR FOR FAILURE TO COMPLY WITH THE STANDARDS OF CARE, AND A  
19   RECORD OF VIOLATIONS SHALL BE KEPT BY THE ANIMAL CONTROL ADMINISTRATOR.  
20
- 21   *Section 2. And Be It Further Enacted by the County Council of Howard County, Maryland, that*  
22   *this Act shall become effective 61 days after its enactment.*

SUBTITLE 3. - ANIMALS | Code of Ordinances | Howard County, MD | Municode Library

- b) *Animal* means every nonhuman vertebrate species, including but not limited to dogs, cats, livestock, and fowl. *Animal* includes every living creature sold or exchanged as a commercial item.
- 

[https://library.municode.com/md/howard\\_county/codes/code\\_of\\_ordinances?nodeId=HOCOCO\\_TIT17PUPRSE\\_SUBTITLE\\_3AN](https://library.municode.com/md/howard_county/codes/code_of_ordinances?nodeId=HOCOCO_TIT17PUPRSE_SUBTITLE_3AN)

1/1

1/16/2021

SUBTITLE 3. - ANIMALS | Code of Ordinances | Howard County, MD | Municode Library

- (p) *Domesticated animal* means an animal of a species that normally is bred, raised, and accustomed to live in or about human habitation, and normally is dependent on humans for food or shelter. Domesticated animals include but are not limited to livestock and poultry and pets such as dogs, cats, ferrets, rabbits, hamsters, guinea pigs, mice, rats, canaries, parrots, parakeets, and mynah birds.
- 

1/16/2021

SUBTITLE 3. - ANIMALS | Code of Ordinances | Howard County, MD | Municode Library

- (u) *Livestock* means domesticated animals usually kept on a farm, including but not limited to poultry, cattle, sheep, goats, pigs, horses, ponies, mules, donkeys, and llamas.
- 

1/16/2021

SUBTITLE 3. - ANIMALS | Code of Ordinances | Howard County, MD | Municode Library

- r) *Facility* means a building or property, other than a private residence, in which animals are maintained.
- 

1/16/2021

SUBTITLE 3. - ANIMALS | Code of Ordinances | Howard County, MD | Municode Library

- y) *Shelter* means a structure of adequate size, construction and design to protect an animal from all types of inclement weather, provide adequate ventilation, and allow an animal to maintain normal internal body temperature.
- 

1/16/2021

SUBTITLE 3. - ANIMALS | Code of Ordinances | Howard County, MD | Municode Library

- w) *Owner* means a person who keeps, possesses, harbors, has custody of, exercises control over, or has a property right in any animal, residence, or facility. If the person is a minor, the parent or legal guardian of the minor shall be considered the owner. *Owner* does not include a veterinary hospital or a commercial boarding or grooming facility caring for the pets of others.
-

**Building:** A structure with exterior walls and a roof which combine to form a structure used for the occupancy or activities of persons, for the shelter of animals, or for the storage or protection of objects, including but not limited to apartments, barns, dwellings, garages, hotels, offices, restaurants and stores. Signs are not to be considered a building, or part of a building, and are regulated by the Howard County Code.

---

**Structure:** Anything constructed or built. The following shall not be considered structures for bulk regulation purposes:

- a. Accessory electric vehicle charging stations, awnings, bus shelters, exterior lighting fixtures, fire hydrants, mail boxes, telephone, electrical or cable equipment boxes, heating and air conditioning units, newspaper boxes and survey monuments;
- b. Gardens, driveways, walks, patios, and parking surfaces;
- c. Ground level decks, limited to decks elevated 18 inches or less above average grade and having no railing, walls or roofing;
- d. Outdoor barbecues and firepits if 18 inches or less high above average grade.
- e. Noise barriers or noise walls;
- f. Signs are not considered to be a structure or part of a structure, and are regulated by the Howard County Code.
- g. Stormwater management facilities;
- h. All structures exempt from setback compliance in Section 128.0.A.
- i. Outdoor riding rings, wet weather pads, and run-in sheds or similar farm structures with a maximum of three walls and a maximum footprint of 500 square feet.
- j. Similar minor structures as determined by the Department of Planning and Zoning on a case-by-case basis.

Basketball hoops, fences, swimming pools and their ancillary equipment, above ground fuel tanks, vending machines, generators, compressors and play equipment that is permanently attached to the ground are considered to be structures.

---

**Kennel:** Any establishment for the overnight boarding, breeding or training of dogs or cats for which a fee is charged. Such establishments may include incidental grooming or sale of pet supplies. The ownership of dogs or cats which are part of a household or are owned by the residents of the property and are kept for hunting, or for exhibiting in dog or cat shows or field or obedience trials, and the sale of not more than one litter per year shall not constitute the operation of a kennel.

---

**Livestock:** Animals typically kept for farming purposes, such as, but not limited to, cows, goats, horses and other equus, poultry and other fowl, sheep, or swine. Fish and other aquatic animals raised by aquafarming are considered to be livestock. Cats, dogs, rabbits and other similar small animals often kept as pets are not considered to be livestock. Bees are not considered to be livestock.

---

**Farm:** A lot or parcel of land used for farming that is 3.0 acres or larger.

---

**Animal Unit**: A unit of measurement used to regulate the number of livestock on a residential lot or parcel that is not used as a farm. One Animal Unit equals the following:

- a. One horse, mule or cow
- b. Two ponies, miniature horses, donkeys or pigs.
- c. Four llamas, alpacas or emus.
- d. Ten sheep or goats.

Animal unit ratio requirements for other livestock or immature animals or fowl shall be made on a case by case basis using generally available information on animal unit equivalencies and the generally accepted ratio that one animal unit approximately equals 1,000 pounds of live animal weight. Fish and other aquatic animals in aquafarming facilities are not subject to animal unit requirements.

**Farming**: The use of land for agricultural purposes, including:

- a. Crop production, apiaries, horticulture, orchards, agricultural nurseries, viticulture, silviculture, aquaculture, and animal and poultry husbandry;
- b. The growing, harvesting and primary processing of agricultural products;
- c. The breeding, raising, training, boarding and general care of livestock for uses other than food, such as sport or show purposes, as pets or for recreation;
- d. The operation of agricultural machinery and equipment that is an accessory use to a principal farming function. Agricultural machinery and equipment may be used on farms that are not the farm on which the machinery and equipment is normally stored;
- e. The construction and maintenance of barns, silos and other similar structures subject to compliance with any applicable bulk regulations;
- f. The transportation, storage, handling and application of fertilizer, soil amendments, pesticides and manure, subject to all Federal, State and Local laws;
- g. The temporary, onsite processing of chickens or rabbits on a farm in accordance with the Agriculture Article of the Annotated Code of Maryland; and
- h. Other uses directly related to, or as an accessory use of, the premises for agricultural purposes including special farm uses permitted under Section 128.0.1.

**Chicken Keeping, Residential**: The care and raising of eight or fewer hens, on a residential parcel or lot improved with a single-family detached dwelling. This term does not apply to any other fowl animal, including but not limited to, ducks, geese, peafowl and turkeys. Roosters are not permitted.

**Use**:

- a. Any purpose for which a structure or a tract of land may be designed, arranged, intended, maintained or occupied; or
- b. Any activity, occupation, business or operation carried on, or intended to be carried on, in a structure, or on a tract of land; except that, wells, septic systems and storm water management systems are not considered uses for purposes of these Zoning Regulations.
- c. The term "permitted use" or its equivalent shall not be deemed to include any nonconforming use.
- d. See Section 128.0.A for uses which are exempt from setback compliance.

**Commercial Use** : Any use involving in part or in whole the sale or rental of merchandise, materials or services, but not including home occupations as defined in this section.

---

**Lot or Parcel** : A piece of land described on a Final Plat or in a deed and recorded in the Land Records of Howard County in accordance with the laws and regulations in effect at the time of recordation.

---

**Charitable or Philanthropic Institution** : A private, nonprofit organization whose primary function is to provide health, social, environmental conservation, religious or benevolent services. This term does not include any commercial operation, or any organization whose purpose is to operate a trade or business or to promote the economic advancement of its members, such as a professional or trade association or a labor union. In addition, this term does not include any use category defined or listed in these Zoning Regulations, such as a child day care center, day treatment or care facility, residential care facility, nursing home, private club or lodge, private school, retreat center, museum or hospital.

---

af) *Private property* means property not owned or controlled by Federal, State, or County Government.

---

- (h) *Commercial private property* means:
- (1) Property not owned by the State or County Government, that is a shopping center, business location, public or private school, or other property on which a commercial activity takes place.
  - (2) Does not include property used exclusively as a private dwelling.
  - (3) Includes common parking areas of apartment, condominium, and townhome developments.

**Internet Search of various animal definitions (cut and paste). Also google search - [www.animallaw.info](http://www.animallaw.info) for General Definitions of "Types of Animal Organizations Under State Law.**

**Animal Rescue:** An animal rescue group or organization is one that is dedicated to animal adoption. They take in stray, lost, abandoned and surrendered animals. Most rescue groups are run by volunteers that rely on donations for funding. Some rescue groups have an adoption facility, and others care for animals in their own homes.

**Animal Adoption:** (often referred to as pet rescue) The act of obtaining (adopting) a pet from an animal shelter or animal rescue organization.

**Foster:** A volunteer that works with shelters or rescues caring for adoptable animals in their own home until the animal can be placed in a permanent home.

Animal Sanctuaries are typically long-term or permanent housing solution for homeless or unadoptable animals that are privately run and funded.

- **Brick and Mortar Shelter:** an organization with a physical facility used to house animals.
- **Foster-Based:** typically an organization that does not have a facility and whose animals are housed in volunteer homes.
- **Foster Care:** temporary placement for animals while in the custody of an organization. Animals are housed outside of a shelter facility in a home environment.
- **Foster centric shelter:** a shelter that believes foster care is the most humane method of housing homeless pets and that works to find foster homes for all viable animals in their care.

#### **Shelter Types:**

- **Municipal:** an organization that provides the animal care services of a city, county, or counties.
- **Municipal Contract:** a private organization that provides contracted services for the animal care of a city, county, or counties.
- **Rescue without a Municipal Contract:** a private organization that has no affiliation to the city or county animal services.
- **Foster based rescue without shelter:** an organization who houses all animals in their custody in foster homes.
- **Rescue**  
A program or organization that takes in homeless, stray, surrendered, neglected and/or abused pets, provides the necessary care and works to find them permanent homes.
- **Shelter-** A facility that houses stray and/or surrendered pets for adoption.

Re-homing- the act of re-homing an animal.

Re-home - To find another home for (an animal); place with another owner.

---

Pet adoption is the process of taking responsibility for a pet that a previous owner has abandoned or released to a shelter or rescue organization. Common sources for adoptable pets are animal shelters and rescue groups

**Companion Animal (or 'Pet'):** Any domesticated animal socialized and commonly kept, cared for, or possessed by humans within the sphere of the household for companionship, pleasure, protection or personal assistance.

**Keeper:** Any person who is responsible for the animal, its health and well-being either on a permanent or on a temporary basis or has an animal in (his/her) care or under (his/her) supervision/control.

January 17, 2021

Hello Councilmembers,

My name is Rita Campbell and I am a Howard County resident and business owner. *I also own a dog that was saved from a private animal rescue here in Howard County.*

I am writing in support of CB1-2021, the Bill that establishes provisions governing the operation of private animal shelters in Howard County.

On May 10, 2019, 165 animals were removed from the Animal Welfare Society of Howard County by the Howard County Police Department, Howard County Animal Control and Animal Advocates of Howard County due to the unacceptable and in-humane conditions there.

Before I met him, Animal Control took my dog to the veterinarian, where he spent several weeks. His veterinarian report reads that he had pressure sores on both elbows and both hind legs, his coat had a greasy foul odor, and he had significant discharge and inflammation of both his ears. He had old/healing scars over his muzzle and fractured and missing teeth with the enamel missing. I presume the damaged teeth were from frantic attempts to free himself from the crate he lived in. I was told it was half his size.

He had liquid diarrhea and his body weight was approximately half of what it should be.

Since that "shelter" had NO RECORDS on him his age was thought to be 6 years old.

On June 3, I went to pick him up at Howard County Animal Control. He was skin and bones; I could even see his chest plate. He was missing a lot of fur and his skin on his underside was bare and wrinkly like an elephant's. His head looked humongous because his body was so wasted away. And all he did and continued to do for a number of weeks was spin in a circle. Again I have to presume that was because it was the only movement he was used to, living in a basement in a small crate for heaven knows how long.

Once home I began healing him. There were many vet visits for his weight, skin and teeth. He was now eating 9 cups per day of Veterinary prescription food with a slow weight gain. He was placed on the prescription drug Apoquel which is an oral medication that treats and controls itching, irritation and inflammation from various causes such as flea allergies, food allergies and atopic dermatitis, which he remains on today. His ears are being treated with an antibiotic lotion.

I could not kennel him as he would try to bite his way out of the kennel. He would become so anxious he would hyper salivate filling the bottom tray of the kennel completely.

He was being bathed weekly with a medicated shampoo to help the skin. After being on prednisone for 6 weeks we finally got in to see a dermatologist who confirmed he had chronic lichenified dermatitis and a severe Malassezia yeast infection. Lichenified skin has markings giving an elephant skin like appearance. Lichenification is associated with **chronic** inflammation and trauma.

His back legs are getting stronger but still over a year later they are not normal, whether from malnutrition or confinement, we may never know.

The veterinarian thinks he is closer to 3 years old but appeared older due to the condition he was in.

In conclusion, if my dog had received proper care he would not have been in the condition in which he was found. The 60 pound dog is now at his ideal weight, which is 110 pounds.

If his skin issues would have been addressed with veterinary care they would not have escalated as badly as they did. Over a year later with veterinarian care, medications and baths his skin issues are starting to come under control.

If he had been in a properly sized kennel with proper exercise and mental stimulation, he would have not spent his first months of freedom spinning in circles.

And there would have been vet records so I would know what the shelter had already tried.

My boy is extremely smart, very gentle, trustworthy and loyal. He is a good dog who was treated poorly by a place that was supposed to be caring for him as he was waiting for a real home. I find it both admirable and amazing that he is able to trust a human again, after all he has been through.

I stand behind CB1 as it is long overdue and no reputable organization would have a problem with it as it sets minimum standards for the care of animals.

The word shelter means a place which is made to protect people/animals from bad weather or danger. Let's make sure Howard County takes the path to put the meaning back into the word shelter and spare our pets from danger.

Thank you for the opportunity to let me present my experience on why I feel so strongly about CB1.

Photo taken day he was removed from Animal Welfare Society

Tigger - a much healthy, happy dog. August 2020

Please find the attached written testimony from the Howard County Animal Matters Hearing Board in support of CB1-2021.

Paula Schultz  
Vice Chairperson, Howard County Animal Matters Hearing Board

To: Howard County Council  
Subject: Written Testimony in Support of CB1-2021

The Howard County Animal Matters Hearing Board (AMHB) firmly supports CB1-2021 and strongly urges the council to pass the legislation as written.

CB1-2021 requires, for the first time in county history, the licensing of private animal shelters, establishes minimum standards for care of those animals, and authorizes the Howard County Animal Control Administrator to issue and revoke licenses, to inspect, and to issue citations and levy fines for failure to adhere to the requirements of this legislation.

We believe this legislation is long overdue. As a board, we have heard multiple appeals cases over the years from "shelter" operators who have committed egregious acts of cruelty and neglect while swearing they love the animals in their "care".

We questioned why the County Animal Control Administrator did not shut these shelters down. S/he had no authority to do so under current County Code. Even more frustrating was the knowledge that hundreds of animals suffered needlessly while disreputable shelters continued to operate.

We quote, and concur with, the press statement from Animal Advocates of Howard County, a well-respected county non-profit animal advocacy group.

"The bill is long overdue and we're fully in support. We can't imagine a reputable organization would not be. The bill spells out minimum standards and is in line with the State municipal shelter standards. Howard County unfortunately has seen the necessity of having oversight and the bill will provide a legitimate means to address concerns with the way animals are housed and treated. The fact that these kinds of shelters have been allowed to operate unimpeded hurts not only the animals in their care, but risks eroding the public trust in all shelters, even the ethical ones. It's a win for everybody except the bad guys."

We fully understand that the bill requires the AMHB hear appeals related to Private Animal Shelter Licensees or Private Animal Shelter License Applicants, and we welcome the opportunity to participate in the effort to enforce the standards required by this legislation.

Sincerely,

The Howard County Animal Matters Hearing Board

Connie Molter, Chairperson

Paula Schultz, Vice-Chairperson

Dr. Flavia Delmastro, DVM

**Subject:** Public Testimony in support of CB1

[Note: This email originated from outside of the organization. Please only click on links or attachments if you know the sender.]

As a Howard County resident for over forty years, as a Howard County employee for over twenty years, and as a Howard County Animal Control volunteer for over ten years, I strongly support the passage of CB1. I have witnessed firsthand the dangers that exist when private animal shelters/rescue groups are allowed to operate in our county without any standards or regulations. I was volunteering at HCAC during multiple large-scale animal confiscations from private shelters, most notably the private, unregulated Animal Welfare Society on Davis Road. The sight of over 100 dogs and cats: starved, covered in feces, wounded, infected, with many near death and some already dead, has left a lasting impression on all the staff and volunteers at HCAC. The fact that such a situation could so easily exist, undetected and unregulated, almost in the HCAC's backyard is shocking. Even more shocking, however, is the fact that these large scale confiscations from private shelters continue to happen in our county and elsewhere in our state. The establishment of standards and regulations, such as those outlined in CB1, could greatly reduce the chances of these tragedies happening again. Any reputable animal shelter or rescue group should welcome the standards and guidelines that CB1 will provide, and CB1 will reduce the likelihood that unregulated private animal shelters/rescue groups will continue to operate in our county, at the cost of animals' lives, as well as taxpayer dollars.

Many thanks for supporting this essential bill!

As an animal advocate and a long time volunteer at the Howard County Animal Shelter I ask that you please support CB1.

I attended a hoarding hearing in 2020 right before the stay at home order was called and time stopped even more for the dogs cats and birds that are still at the shelter waiting for deserved good homes where they can be loved and give love to families.

There's no excuse for these wonderful animals to be kept in cages for almost two years through no fault of their own because we don't have laws to protect them.

Special thanks to County Executive Ball.

Maria Alvarez
