Dear Councilman Jones

Please vote 'yes' on CB56-2021 and CB57-2021.

- CB56 sponsored by Councilmember Liz Walsh strengthens protections for our trees and the environment by restricting tree-clearing activity for the sake of development projects.
- CB57 strengthens the penalties for non-compliance with the Forest Conservation ordinance of the County and mandates the assessment of fines and penalties for non-compliance.

Your constituent,

Joanne Locke

Deb,

I urge you to support both CB56 and CB57. As we've seen over and over again in the last few years, if we don't protect our environment we will have nothing.

These bills strengthen protection for our trees and environment. Here, in Maryland, trees are so important in safeguarding our Bay from the runoff of rains and in providing habitat for wildlife.

We have already lost too many trees to development. We must find a way to preserve them.

Thank you for your support.

Marijane Monck

Dear Representative Rigby,
Please vote yes on CB56-2021 and CB57-2021. They are important steps towards protecting our environment and establishing accountable governance.

Thank you,

Save our trees! I am really tired of seeing trees in Howard County disappear for the sake of development. We need accountability in enforcement of the Forest Conservation ordinance.

Thanks,
J Melton
