IMPERVIOUS UNIT RATE FOR NON-RESIDENTIAL PROPERTIES

These charges are set pursuant to Sections 20.1103 and 20.1104 of the Howard County Code which provide for the County Council to adopt, by resolution, a schedule of rates including the impervious unit rate.

\$15 per apartment for apartment buildings that are not subject to the schedule of rates for residential properties

\$15.00 per impervious unit

Per section 20.1101 of the Howard County Code, an impervious unit is 500 square feet.

RATES FOR RESIDENTIAL PROPERTIES

These charges are set pursuant to Sections 20.1103 and 20.1104 of the Howard County Code which provide for the County Council to adopt, by resolution, a schedule of rates for residential properties

Townhouse or Condominium units	\$15
Single Family Detached	
Properties up to and including .25 acres	\$45
Properties larger than .25 acres	\$90

CREDITS

These rates are set pursuant to Sections 20.1104 and 20.1105 of the Howard County Code which provide for the County Council to adjust the Watershed Protection and Restoration fee through the use of credits.

Standard Credit

A property owner may be eligible for credits for best management practices that reduce the impact of currently untreated impervious surfaces on the public stormwater management system including, without limitation, rain gardens, conservation landscaping, sheet flow to conservation areas, urban tree canopies, permeable pavers, removing pavement, green roofs, cisterns, dry wells and any other stormwater management practice as defined in the 2000 Maryland Stormwater Design Manual.

Except as otherwise provided, credits shall be calculated as a percentage of the fee equivalent to the percentage of impervious area treated by the stormwater BMP facility, up to a maximum of 100%.

Exceptions

1. A nonresidential property owner is eligible for a credit that is calculated as a percentage of the fee equivalent to the percentage of impervious area treated by SW BMPs installed after 2003 up to a maximum of 50%.
2. A nonresidential property owner is eligible for a credit that is the greater of the standard credit or 50% of the Watershed Protection and Restoration Fee, if the property is subject to a National Pollutant Discharge Elimination System (NPDES) permit regulating stormwater.
3. A nonresidential property owner is eligible for a credit up to 100% if the property owner partners with the County to install updated stormwater treatment that provides enhanced water quality above what currently exists, or is otherwise required, on the property. The amount and duration of the credit will be determined based on the financial contribution of the property owner, the expected life span of the project, and the anticipated improvements in water quality.
4. Nonprofit entities are eligible for a credit in accordance with Section 20.1105 of the Howard County Code.
5. A 100% credit may be applied to the fee for a property that is found to enjoy no benefit from the County's Stormwater Management, Storm Drainage, and Water Quality Program. the finding must be made jointly by the Director of the Department of Public Works and the Administrator of the Office of Community Sustainability. Within 30 days of the finding, the finding shall be posted on the website of the Office of Community Sustainability.

REIMBURSEMENTS

These rates are set pursuant to Sections 20.1104 and 20.1106 of the Howard County Code which provide for the County Council to adjust the Watershed Protection and Restoration fee through the use of a one-time reimbursement.

All properties, or portions of properties, that are not currently treated to the levels of the 2000 Maryland Stormwater Design Manual are eligible for the County’s Watershed Protection and Restoration Reimbursement program. The reimbursement is not a credit, but a one-time payment for an investment made by the property owner that benefits the public stormwater management system and is secured through a maintenance agreement with the property owner.

The County may grant reimbursements for the following practices installed by a licensed contractor up to the maximum amounts listed below. Funding will be prioritized based on the potential for environmental benefits, including enhanced water quality, as determined by the Office of Community Sustainability. In accordance with code § 20.1106, an applicant for a reimbursement shall submit an application with the Office of Community Sustainability on a form provided by the Office and accompanied by information that the Office may require.
