CB-10 gives Howard County the chance to stand with workers who were laid off when the covid tsunami hit us. Please consider this chance you have to help those who lost their jobs at no fault of their own. They need your help!

Please support CB-10. The marginalized of our country have become even more so since the pandemic. Hopefully the citizens of Howard County will stand on the side of justice for all, not just the bigger tax payers.

Dear Mr. Jones, Mr. Yungman and Ms. Jung,

Please vote for CB-10 to protect the over 100 workers who were laid off from the hotel during the pandemic and not paid even though the hotel received \$2.5 million for that purpose from the SBA's Paycheck Protection Program Loans which was to help with payroll and to preserve their jobs.

I hope you do the right thing and vote FOR CB-10. You have the power to make this situation and others like it right and help these people return to their jobs. Did you get laid off from your job with no pay due to the pandemic?

Until the hotel does the right thing and hires these workers back, I will vote with my dollars and boycott that hotel even though I would love to dine in their new restaurant.

Thank you,

CB-10 gives Howard County the chance to stand with workers who were laid off when the covid tsunami hit us. Please consider this chance you have to side with those who live without the resources those at the top have at their disposal. Thank you Howard County for taking the side of the better angels.

Someone may ask "Is this the business of the Council?" I remember the words of an Army Lieutenant who arrested Geronimo. Geronimo asked the Lieutenant why he was being treated with such respect. "I am building a country" was the answer.
