Good afternoon,

On behalf of the Citizens' Election Fund (CEF) Commission I would like to thank the Council for being united in the introduction of CB11-2022. The CEF Commission strongly supports this legislation.

I would especially like to thank Council Member Yungmann for bringing the issue to the Council with the introduction of CB6-2022 and to Council Member Rigby for requesting an opinion from the Ethics Commission that will now allow her and Council Member Jung to vote on CB11.

As I said in my testimony on January 18, 2022 I hoped to see all five Council Members vote yes. I did not anticipate all five Council Members introducing legislation but I am very pleased that it has happened and I look forward to seeing five yes votes this evening.

Thanks again for your efforts and support for the Citizens' Election Fund.

Kind Regards,  
Sue Geckle  
Chair, CEF Commission
