MEMORANDUM

To: Brian Shepter, Deputy Director, DPZ

From: Tim Rogers, Manager, Office of School Planning

Subject: Additional APFO Supporting Documentation

The purpose of this memorandum is to provide additional supporting documentation for the Adequate Public Facilities Ordinance (APFO) School Capacity Chart.

In preparation for filing the APFO School Capacity Chart and associated reporting, staff from the County's Department of Planning and Zoning (DPZ) has made the Office of School Planning aware of a new expected supplemental item. This is a new requirement for supplemental data per recently approved CB9-2022 (takes effect June 6, 2022):

Sec 16.1103(c)(3)(iv): A list of approved or in process subdivision plans, including name of development, location, and proposed units, assigned to each school boundary;

The APFO School Capacity Chart report (required by the 2018 revisions to APFO law) was approved by the Board on May 12, 2022. The Chart and associated data will be pre-filed with the council on May 26, 2022. The new law goes into effect June 6, 2022.

The attached report was generated by the Office of School Planning using data supplied by the Department of Planning and Zoning for the 2021 enrollment projection and capital planning process. This is the projection on which the APFO School Capacity Chart, approved by the Board on May 12, 2022, is based.

If you have any questions, please contact Daniel Lubeley, Director, Capital Planning and Construction (Daniel_lubeley@hcpss.org) or Timothy Rogers, Manager of School Planning (timothy_rogers@hcpss.org).

In-process, Planned Development
 Input to 2021 HCPSS Enrollment Projection and 2022 School Capacity Chart
