Hello,

I am a resident of Howard County, and I wanted to express my support for CR 185. Maryland and specifically Howard County has a real housing affordability crisis. It has become more and more expensive to both rent and buy housing in the area. The reason why is because there is simply not enough housing in the county. The Ranleagh Court Redevelopment will be able to modestly increase our housing stock while still protecting the current tenants with right of return. It is wonderful that we live in a county that has such amazing amenities and great schools. It is important that we allow for increased housing to accommodate both current residents but also future residents.

Sincerely,  
Kevin Chin  
Resident of District 1 in Howard County
