---

Councilmembers,

Please consider this email to be a supplement/related document to the joint testimony provided by DPZ and Finance for Council Bill 1 - 2023.

There were errors contained in the Administrative Testimony dated December 27, 2022 regarding the dollar amounts of credits granted. The correct figures are as follows. In tax year 2021, 14.3% of eligible property owners did not apply, and the County paid \$407,654 in credits. In tax year 2022, 21.7% of eligible property owners did not apply, and the County paid \$409,867 in credits.

We apologize for the error.

Thanks,  
Jennifer Sager
