DN-5 Policy Statement

 Increase the supply of for-sale and rental housing units in all new developments attainable to low- and moderate-income households and special needs households.

Implementing Actions

1. Reevaluate the County's inclusionary zoning policies to ensure they are meeting their intended objectives. Expand Moderate Income Housing Unit (MIHU) requirements in areas with a disproportionately lower share of housing options affordable to low- or moderate-income households.
2. Ensure that any corridor, neighborhood, redevelopment, or area plan includes clear policies for meeting affordable housing goals.
3. Update MIHU rules and fee structures, with the goal of producing more units throughout the County that are integrated within communities. Seek opportunities to amend the Zoning Regulations to enable housing types more conducive to on-site MIHU provision across a broader area.
4. Establish a working group to evaluate the feasibility of a targeted incentive program for affordable and accessible housing, including:
 - a. The creation of a definition of affordable and accessible housing, including physical factors such as unit type, size, or physical accessibility design criteria; and/or income factors through tools such as deed restrictions.
 - b. A zoning overlay targeting locations for affordable and accessible housing where there is limited existing supply of affordable and accessible units.
 - c. Incentives related to development, such as density bonuses or relief to setback or other development standards.
 - d. Incentives related to the development process, such as the creation of a specific housing allocation pool for affordable and/or accessible units, exemptions from school requirements in the Adequate Public Facilities Ordinance, or other means of reducing other regulatory barriers.

DN-6 Policy Statement

 Provide various incentives that encourage the development of for-sale and rental housing units affordable to low- and moderate-income households and special needs households.

Implementing Actions

1. Continue to support the Housing Opportunities Trust Fund to expand the number of income-restricted rental and homeownership units produced. Explore the feasibility of establishing a dedicated funding source for this fund.
2. Evaluate opportunities to co-locate income-restricted housing and community facilities on county-owned land.
3. Establish criteria for flexible use and disposition of county real estate assets that are near amenities and would promote development of affordable missing middle and multi-family housing for low- and moderate-income households where appropriate.
4. Offer additional incentives to encourage the production of more Moderate Income Housing Units than required, and/or deeper levels of income targeting in the form of Low Income Housing Units or Disability Income Housing Units.
5. Continue to provide and increase downpayment assistance funding to income-eligible households through the County's Settlement Downpayment Loan Program.
6. [Explore ways to allow homeowners in the County's moderate income home ownership program to realize market appreciation in their homes as a means to building generational wealth.](#)
