Subject: Cease-Fire Resolution

Colleagues: Hopefully you've seen the Executive's proposed letter to the Biden Administration on the same topic, and are considering signing on? I would ask that you please consider the following as pertains to CR22:

1. That we not final consider CR22 tonight. That is, by motion to adjourn following the second to last item on the agenda, CR4, we end tonight's legislation session there.
2. That gives time for interested organizations to review Dr. Ball's letter, and, if necessary, continue discussions begun as to amending the resolution before us.
3. A final vote on amended CR22 would occur, if at all, at the next legislative session March 5—without public hearing. Per Council Rule 1.008, "A public hearing may be held on resolutions at the direction of the Chairperson or **by motion approved by a majority** of the Council." I will not pursue a public hearing, or ask for your vote to do so. There is no automatic public hearing for resolutions.

Agree? I hope so. Let me or Wendy know individually before then? I'll likely be there from 6 on. See you tonight!
