Auditor's Analysis

Council Bill No. 15-2024

Introduced: April 1, 2024

Auditor: Lori Buchman

Fiscal Impact:

This legislation will result in an undetermined amount of savings to the County's General Fund. The amount of savings will be dependent upon what step the newly hired County Auditor is placed on the salary schedule.

For reference, if the newly hired County Auditor is placed at the same step on the lower pay scale as the prior County Auditor, annual savings of approximately \$28,000 (or 11 percent) would be realized.

Purpose:

The proposed legislation changes the pay scale for the County Auditor from Grade Q to Grade P.

Other Comments:

On March 26, 2024, the Personnel Board approved the change to the pay plan for the County Auditor position.
