County Council of Howard County, Maryland

2024 Legislative Session

Legislative Day No. $\underline{\underline{\mathbf{3}}}$

Resolution No. 3 -2024

Introduced by: The Chairperson at the request of the County Executive

Short Title: Authorizing the sale of certain microwave network equipment.

Title: A RESOLUTION authorizing the sale of certain microwave network equipment owned by Howard County to the Maryland Institute for Emergency Medical Services Systems upon such terms and conditions as the County Purchasing Agent deems proper.

By	y order Michelle Harrod, Administrator
	2024.
Ву	y order Michelle Harrod, Administrator
This Resolution was read the third time and was Adopted_, Adopted with amend	ndments, Failed, Withdrawn, by the County Counc
on	ertified By Michelle Harrod, Administrator

NOTE: [[text in brackets]] indicates deletions from existing law; TEXT IN SMALL CAPITALS indicates additions to existing law; Strike-out indicates material deleted by amendment; <u>Underlining</u> indicates material added by amendment.

1	WHEREAS, Section 4.129(d) of the Howard County Code authorizes the County
2	Purchasing Agent, with the approval of the County Executive and the County Council, to
3	sell or lease surplus supplies to the State or any political subdivision or agency of the
4	State, or to the Federal Government upon such terms and conditions as the County
5	Purchasing Agent deems proper, and
6	
7	WHEREAS, the County owns certain microwave network equipment (the
8	"Equipment"), as listed in the attached Exhibit A, that it no longer uses since the
9	County's upgrade to fiber; and
10	
11	WHEREAS, the State of Maryland's Institute for Emergency Medical Services
12	System (MIEMSS) has a use for the Equipment; and
13	
14	WHEREAS, the Equipment is not worth much on the resale or auction market
15	and, accordingly, rather than surplus and auction the Equipment, the Department of
16	Technology and Communication Services has requested the County to sell the Equipment
17	to MIEMSS for its use; and
18	
19	WHEREAS, the Department of County Administration agrees with this request
20	and believes that it is in the public interest because it will help to strengthen and support
21	the County's collaborative relationship with MIEMSS; and
22	
23	WHEREAS, the County Executive has approved the sale of the Equipment upon
24	such terms and conditions as the County Purchasing Agent deems proper.
25	
26	NOW, THEREFORE, BE IT RESOLVED, by the County Council of Howard
27	County, Maryland this day of, 2024 that it approves the sale of
28	the microwave network equipment as listed in the attached Exhibit A to Maryland
29	Institute for Emergency Medical Services Systems upon such terms and conditions as the
30	County Purchasing Agent deems proper.

Internal Memorandum

Date:

02/21/2024

To:

Brandee Ganz, Chief Administrative Officer

Department of County Administration

From:

Timothy Mayotte, Chief Information Officer

Department of Technology and Communication Services

1M

Subject:

Written Testimony & Fiscal Impact Statement

Conveyance of Radio Equipment

The Department of Technology and Communications Services (DTCS) has upgraded the radio system to use the county's fiber network. The radio system previously used a microwave network for communications. Howard County no longer uses the microwave network.

The microwave network is currently used by Maryland Institute for Emergency Medical Services Systems (MIEMSS) for communications with hospitals, including Johns Hopkins Howard County Medical Center.

The microwave network is over 20 years old as it was installed in 1999. Support is becoming difficult to maintain as the network relies on outdated technology and parts are becoming difficult to find. The microwave network would need to be upgraded to provide reliable communication services.

MIEMSS would like to assume ownership of the microwave network and upgrade it. DTCS would like to convey ownership of the network equipment to the State of Maryland. This conveyance of ownership is mutually beneficial to both the State of Maryland and Howard County.

Fiscal Impact

Howard County would avoid deinstallation costs of the outdated microwave equipment, which would cost an estimated \$30,000 per site. Totaled across the county's 11 sites, deinstallation would cost approximately \$330,000. Transfer to MIEMSS would avoid this cost.

Office of the County Auditor Auditor's Analysis

Council Resolution No. 31-2024

Introduced: March 4, 2024 Auditor: Rebecca Gold

Fiscal Impact:

The fiscal impact of this legislation would result in savings on the maintenance costs of County-owned microwave network equipment. The Department of Technology and Communication Services (DTCS) relayed that, over the course of Fiscal Years 2022 and 2023, the County spent approximately \$9,000 to support and maintain its microwave network equipment.

If this legislation does not pass, the Administration stated it would eventually spend approximately \$360,000 (or \$30,000 per site) to remove the aging microwave network equipment from 12 sites. (The Administration's testimony stated there are 11 sites associated with a potential deinstallation, however it has since informed us that there are 12 sites.).

There are no current plans to deinstall the equipment, as the network is in active use by other government entities.

According to the Administrator of the Office of Procurement and Contract Administration (Procurement), the County will sell the equipment for a nominal fee (the amount of which has not yet been determined).

Purpose:

Council Resolution 31-2024 allows for the sale of County-owned microwave network equipment to the Maryland Institute for Emergency Medical Services Systems (MIEMSS) at the County's 12 network sites.

Other Comments:

The Administrator of Procurement informed us that a Memo of Understanding will be drafted between the County and the MIEMSS prior to the transfer of the equipment.

The DTCS confirmed that the equipment is over 20 years old and past its useful life. We reached out to the Department of Finance and validated that the equipment has been fully depreciated, with a current book value to the County of \$0.
