Replaced in 2022

Renovation & Addition  
Funded in June 2024

Proposed to be  
renovated by 2031 with  
BTL \$\$- BTL can be used  
for Dunloggin, Patapsco  
or Centennial HS

**Is it Fair to renovate 3 schools in one neighborhood <10 years??? When Funding is extremely limited and multiple schools have poor conditions ??**

**IMPORTANT NOTICE: ELEVATED LEAD WATER SAMPLE RESULT(S)**  
**Dunloggin Middle School**

**ELEVATED LEAD WATER SAMPLE RESULT(S)**

All Maryland public and nonpublic schools are required to sample all drinking water outlets for the presence of lead pursuant to the Code of Maryland Regulations. On September 20 and 24, 2024, 23 lead water samples were collected from Dunloggin Middle School. Of these lead water samples, two had levels of lead exceeding the State's revised action level of 5 parts per billion (ppb) (*formerly 20 ppb; 5 ppb effective June 1, 2021*) for lead in drinking water in school buildings. The elevated lead results from the sample(s) collected at Dunloggin Middle School were as follows:

<u>Fixture #</u>	<u>Type</u>	<u>Result (parts per billion (ppb))</u>
DMS-10	Media Workroom Faucet	10.2
DMS-23	FACS Classroom Faucet	5.5

**ACTION LEVEL (AL)**

Effective June 1, 2021, the State's AL for lead in drinking water samples collected from outlets in school buildings has been lowered to 5 ppb. The AL is the concentration of lead which, if exceeded, triggers required remediation of drinking water outlets.
