1 **WHEREAS**, The County recognizes the urgent need for accessible and affordable housing, as  
2 the current supply shortage, estimated by Maryland’s Department of Housing and Community  
3 Development in June 2024 to be at 96,000 housing units in the state, has contributed to a housing  
4 affordability crisis that disproportionately impacts low- and moderate-income residents; and  
5

6 **WHEREAS**, The State of Maryland has enacted legislation, including HB538-2025 2024, to  
7 promote transit-oriented development and require local jurisdictions to align zoning and land-use  
8 policies with state-level priorities for smart growth and increased housing supply; and  
9

10 **WHEREAS**, RCLCO Real Estate Advisors conducted a Market Research and Demand Forecast  
11 to inform *HoCo By Design* and identified projected demands of 31,000 new homes as well as a  
12 current “pent up” demand of about 20,000 housing units for a total of over 50,000 new housing  
13 units over the next 20 years in Howard County; and  
14

15 **WHEREAS**, Howard County’s General Plan, *HoCo By Design*, approved in 2024, highlights  
16 “Transit Activity Centers” as an “Area to Transform” and includes policy statements that  
17 encourage development in activity centers, including policy statements DN-1, DN-4, and DN-8,  
18 and several policy statements within the Route 1 Corridor Plan; and  
19

20 **WHEREAS**, This legislation provides clarity and certainty for builders and community  
21 stakeholders by streamlining approval processes for ~~qualified~~ Transit-Oriented Development  
22 district projects, ensuring that new housing can be delivered efficiently and in accordance with  
23 state and county legislative mandates; and  
24

25 **WHEREAS**, This measure will contribute to the County’s Moderate-Income Housing Unit  
26 (MIHU) and Disability Income Housing Unit (DIHU) inventory, expanding critical housing  
27 opportunities for residents across various income levels and ensuring a more inclusive and  
28 diverse community, as encouraged in Policy Statements DN-4, DN-6, DN-7, DN-8, DN-12, and  
29 DN-13 of *HoCo By Design*; and  
30

1 **WHEREAS**, Encouraging smart growth and responsible development in designated Transit-  
2 Oriented Development (TOD) ~~areas~~ districts is a key strategy for addressing the housing  
3 shortage and supports broader economic and environmental goals in promoting sustainable,  
4 walkable communities with access to public transit; and  
5

6 **WHEREAS**, In September 2024, Howard County's Department of Planning and Zoning  
7 analyzed data for the Howard County Public School System on student yield and concluded that  
8 in their Pupil Yield Report, of all styles of housing, multifamily housing, which is generally  
9 favored in Transit Oriented Developments, produces between 0.16 and 0.38 pupils per unit,  
10 significantly less than other housing types; and  
11

12 **WHEREAS**, Denser residential housing expands the assessable base for Howard County,  
13 providing higher sales and property tax revenues that can support priorities such as education,  
14 health and safety, and the connectivity of people and places; and  
15

16 **WHEREAS**, Incentives that encourage development in Transit-Oriented ~~Developments (TODs)~~  
17 Development (TOD) districts align with local and state smart growth priorities, expand housing  
18 opportunities for all, and enhance the County's long-term fiscal health and quality of life.  
19

NOTE: [[text in brackets]] indicates deletions from existing law; TEXT IN SMALL CAPITALS indicates additions to existing law; ~~Strike-out~~ indicates material deleted by amendment; Underlining indicates material added by amendment.

1 **WHEREAS**, The County recognizes the urgent need for accessible and affordable housing, as  
2 the current supply shortage, estimated by Maryland’s Department of Housing and Community  
3 Development in June 2024 to be at 96,000 housing units in the state, has contributed to a housing  
4 affordability crisis that disproportionately impacts low- and moderate-income residents; and  
5

6 **WHEREAS**, The State of Maryland has enacted legislation, including HB538-2025, to promote  
7 transit-oriented development and require local jurisdictions to align zoning and land-use policies  
8 with state-level priorities for smart growth and increased housing supply; and  
9

10 **WHEREAS**, RCLCO Real Estate Advisors conducted a Market Research and Demand Forecast  
11 to inform *HoCo By Design* and identified projected demands of 31,000 new homes as well as a  
12 current “pent up” demand of about 20,000 housing units for a total of over 50,000 new housing  
13 units over the next 20 years in Howard County; and  
14

15 **WHEREAS**, Howard County’s General Plan, *HoCo By Design*, approved in 2024, highlights  
16 “Transit Activity Centers” as an “Area to Transform” and includes policy statements that  
17 encourage development in activity centers, including policy statements DN-1, DN-4, and DN-8,  
18 and several policy statements within the Route 1 Corridor Plan; and  
19

20 **WHEREAS**, This legislation provides clarity and certainty for builders and community  
21 stakeholders by streamlining approval processes for qualified Transit-Oriented Development  
22 projects, ensuring that new housing can be delivered efficiently and in accordance with state and  
23 county legislative mandates; and  
24

25 **WHEREAS**, This measure will contribute to the County’s Moderate-Income Housing Unit  
26 (MIHU) and Disability Income Housing Unit (DIHU) inventory, expanding critical housing  
27 opportunities for residents across various income levels and ensuring a more inclusive and  
28 diverse community, as encouraged in Policy Statements DN-4, DN-6, DN-7, DN-8, DN-12, and  
29 DN-13 of *HoCo By Design*; and  
30

1 **WHEREAS**, Encouraging smart growth and responsible development in designated Transit-  
2 Oriented Development (TOD) areas is a key strategy for addressing the housing shortage and  
3 supports broader economic and environmental goals in promoting sustainable, walkable  
4 communities with access to public transit; and

5  
6 **WHEREAS**, In September 2024, Howard County's Department of Planning and Zoning  
7 analyzed data for the Howard County Public School System on student yield and concluded that  
8 in their Pupil Yield Report, of all styles of housing, multifamily housing, which is generally  
9 favored in Transit Oriented Developments, produced between 0.16 and 0.38 pupils per unit,  
10 significantly less than other housing types; and

11  
12 **WHEREAS**, Denser residential housing expands the assessable base for Howard County,  
13 providing higher sales and property tax revenues that can support priorities such as education,  
14 health and safety, and the connectivity of people and places; and

15  
16 **WHEREAS**, Incentives that encourage development in Transit-Oriented Developments (TODs)  
17 align with local and state smart growth priorities, expand housing opportunities for all, and  
18 enhance the County's long-term fiscal health and quality of life.

19

11 districts outside of the planned service area boundary for water and sewer, which  
12 create the potential for only one additional dwelling unit from a lot existing on  
13 April 10, 1992.
- 14 (vi) Minor subdivision plans and resubdivisions which create the potential of only one  
15 additional dwelling unit to be conveyed to an immediate family member or

13 park site development plan exceeds the number of replacement units available, the  
14 number of units exceeding the available replacement units shall be tested for  
15 allocations in accordance with section 16.1104 of this subtitle. The Department of  
16 Planning and Zoning shall keep a record of the number of mobile home park units  
17 abandoned and replaced and shall reassign the replacement units to projects, at the  
18 time of site development plan approval, in the order of site plan approval dates.

- 19 (ii) Residential site development plans for mobile home parks to which replacement  
20 units have been reassigned in accordance with subsection (i) above are exempt  
21 from the adequate public school facilities test for the number of replacement units  
22 reassigned if the site development plan for the mobile home park is located in the  
23 same elementary and middle school districts as the abandoned or permanently  
24 closed mobile home park from which the units were reassigned. If the number of  
25 units proposed on the site development plan exceeds the number of reassigned

8 adequate school facilities as a condition of site development plan approval. Except  
9 as provided in subparagraph (iii) of this paragraph, these plans are required to pass  
10 the test for allocations and for adequate road facilities as a condition of site  
11 development plan approval.

12 (ii) *Exemption from tests for allocations and adequate public schools.* Nursing and  
13 residential care facilities are exempt from the requirement to pass tests for  
14 allocations and for adequate public schools as a condition of site development

25 public schools, and roads tests to the extent that the redevelopment will not increase:

26 (i) The number of existing housing units on the site;

27 (ii) The number of housing units allowed under paragraph (3) of this subsection; or

28 (iii) If the redevelopment is of a mobile home park licensed under subtitle 5 of this  
29 title, the number of mobile home sites permitted under the license.

Existing units being replaced must have been occupied on a full-time basis for at least 30 days in the year prior to submission of the subdivision or site development plan for redevelopment of the site. (8) *Partially exempt residential subdivision plans.* Except in Downtown Columbia, moderate income housing units do not require housing unit allocations. However, plans with moderate income housing units are required to pass the test for adequate road facilities and adequate public schools as a condition of approval. The number of moderate income housing units in each plan that do not require housing unit allocations subject to this exemption shall not exceed the number of moderate income housing units as required in the Howard County Zoning Regulations.
