OBJECTIVE

My objective is to obtain a position on the Howard County Historic Preservation Commission. As a life long resident of Howard County, my goal is to promote and advocate for the preservation of historic buildings and neighborhoods. My 12 years of architectural design and management experience will assist the Historic Preservation Commission in making informed decisions. I believe it is essential to maintain and enhance our county's vibrant historical character, as buildings are our most visible connection to the past, and our history cannot be replaced.
