Julie Wilson Bio
Howard County Design Review Panel
2015

Julie D. Wilson, RA, LEED AP is a licensed Architect with more than 25-years of experience in the architectural design of various building types. She is a Principal of Wilson + Mariani, an Architectural and Interior Design firm located in Howard County, Maryland. Ms. Wilson also manages the design and construction of large new construction projects for Morgan State University.

Ms. Wilson has served as Project Director/Project Manager for significant projects like the Maryland State Police Forensic Science Laboratory, the Public Safety Training Center, the Baltimore Convention Center and Pennsylvania Station Hotel Renovation Studies. Several of her projects have received design awards from the American Institute of Architects and other affiliated agencies. She has also served in leadership roles as President for both the Baltimore Chapter and the Maryland Chapter of the American Institute of Architects. As a LEED Accredited Professional she has led multiple LEED Certified projects, including the first LEED Silver Certified Private K-12 School Building in Maryland.

As a speaker and a teacher, Ms. Wilson has given multiple sustainable building presentations. She enjoys working with the Architecture and Engineering Students at Morgan State University. Her passion for Architecture has created many opportunities in her career to design or to collaborate with other designers on the projects that form our communities.
