Re: Council Bill 1-2016

The Town Center Community Association is in support of the legislation to modify the hours that peddlers and solicitors may operate in Howard County.

We understand that if enacted, Council Bill 1-2016 will required that peddlers and solicitors must stop their operations by SUNSET rather than 8:00 p.m. and fully support that. The safety and perceived safety of our residents is of utmost concern and we feel this will help in that regard.
