The Honorable Allan H. Kittleman
Howard County Executive
3430 Courthouse Drive
Ellicott City, MD 21043

RE: Request for Disposition of Real Property

Dear Mr. Kittleman:

Please be advised that this office represents Emerson Development II LLC, Emerson Development III LLC, Emerson Development IV LLC, Emerson Development V LLC, Emerson Development VI LLC and Emerson Development VII LLC (collectively, "Emerson Development LLC's" or "Petitioner").

In 2011 and 2013, the Howard County Council adopted the attached Resolution Nos. 112-2011, 113-2011, 119-2011, 28-2013, and 37-2013 (the "Resolutions"). These Resolutions authorized the County to close and convey portions of Sterling Drive and Whiskey Bottom Road to the Emerson Development LLC's along with other County-owned open space parcels in order to create a secure campus for a governmental agency. Attached hereto is an agreement between the Emerson Development LLC's and Howard County, which sets forth the relevant terms of this cooperative effort.

The purpose of this letter is to request the County's further cooperation to close and convey an additional 441 sq. ft. portion of Whiskey Bottom Road as shown on the attached "Exhibit Plat Showing Closing of a Portion of Whiskey Bottom Road" ("Exhibit"). This request has been necessitated by the location and configuration of the current security fence as shown on the Exhibit.

Thus, pursuant to Section 4.201 of the Howard County Code, please accept this letter on behalf of Petitioner as a request to introduce legislation to dispose of real property contained in the bed of the road and right-of-way following the closing of a portion of Whiskey Bottom Road as referenced and specified on the Exhibit. Furthermore, in consideration of Petitioner's Request for Road Closure to the County Council, a copy of which was provided to your office, we also request that the advertising and bidding requirements for Section 4.201 be waived and that the 441 sq. ft. in question be conveyed by the County to the Petitioner for one dollar and subjected to the terms of the Agreement with all current restrictions on development intact and with the right of reversion in the event that the governmental use on the land were to cease.

Thank you for your time and consideration of this request.

Very truly yours,

Section 6. New Pumping Station Site. As part of the resubdivision, the Developer shall convey to the County an undeveloped tract of land no smaller than .75 acre with a designated private, non-exclusive road access to a public road suitable in the reasoned determination by the County for use as a new site for the relocation of the existing pumping station ("New Site"). However, if the County determines an alternate location is better suited for the relocated pumping station, the Developer agrees to, subject to its sole discretion, either (i) acquire that site and convey it to the County at no cost to the County or (ii) provide the County with a sum of money equivalent to the fair market value of a 0.5 acre site within the neighborhood or area supported by an appraisal from a qualified appraiser ("Fee-In-Lieu"). The Developer's obligation under this section shall be limited to conveying to the County a tract of land or Fee-In-Lieu as described above and shall be consummated no later than four (4) years from the effective date of this Agreement. Notwithstanding the County's obligation to acquire the New Site or the Fee-In-Lieu within the aforementioned four (4) years, the construction of the new pump station is contingent upon and County's funding of a capital project for such purpose. Developer shall not be responsible for any development, infrastructure or construction costs. The County acknowledges that the New Site may require architectural approval from The Howard Research Development Corporation, which shall be the sole responsibility of the County. Upon the relocation of the existing pumping station, the County shall quit claim any interest to the State Property and the aforementioned Deed of Easement for the utilities and the Pumping Station shall be terminated. After the County quit claims its interest in the State Property, the State Property shall not be subject to the Reversion as set forth in Section 3 above.

Section 7. Open Space Retained. The County Open Space Properties is open space and once conveyed to Emerson Development Homeowners' Association, LLC shall not be improved by the Developer. However, the open space is not open to the public and shall be enclosed by Developer, at its expense, with a security fence as permitted under Council Resolution Number 118-2011.

Section 8. Sterling Drive Terminus. Developer shall at all times ensure there is a terminus and turnaround for Sterling Drive, which can be used by members of the public. Prior to installing a security fence, which would prevent members of the public from being

able to access the existing terminus and turnaround for Sterling Drive, Developer shall design and construct, at its expense, a terminus and turnaround on the publicly maintained portion of Sterling Drive in accordance with the Howard County Design Manual.

Section 9. General.
