2 In accordance with the provisions of Section 603 of the Charter of Howard County, Maryland
3 (the "Charter"), the County Executive has submitted a proposed Capital Budget for fiscal year 2014 to the
4 County Council of Howard County, Maryland, and, prior to the passage of this Act, the County Council
5 has adopted a Capital Budget for the fiscal year ending June 30, 2014 (the "Capital Budget").

6 As a part of the Capital Budget, it is necessary that Howard County, Maryland borrow a sum not
7 exceeding \$142,021,533 to be used for (i) the financing and refinancing of certain water and sewer capital
8 projects, specified and described in the Capital Budget (each a "Project", collectively, the "Projects"), and
9 more particularly described in Appendix A attached hereto and incorporated herein, and (ii) payment of
10 costs of issuance of any obligations issued to evidence such borrowing. Of such amount, \$31,711,533
11 appropriated for certain of such Projects was previously authorized to be borrowed by the County during
12 prior calendar years, as indicated in Appendix A in the column captioned "Amount to be Borrowed
13 (Reauthorizations)", but such authorizations are expected to expire prior to the completion of such
14 Projects or the sale of general obligation bonds to provide permanent financing therefor. Accordingly, it is
15 necessary that such borrowing be reauthorized ("Reauthorizations").

16 **Now therefore, in accordance with the provisions of Article VI of the Charter:**

17 **Section 1. Be it enacted by the County Council of Howard County, Maryland,** That Howard
18 County, Maryland (the "County"), is hereby authorized and empowered to borrow on its full faith and
19 credit, and issue and sell its bonds therefor, at one time or from time to time, an amount not exceeding
20 \$142,021,533 the proceeds thereof to be used to finance and refinance the Projects more particularly
21 specified and described in Appendix A attached hereto and in the Capital Budget; including for each
22 Project, without limitation, the cost of planning, design, construction, reconstruction, furnishing,
23 equipping, improvements, rehabilitation, remodeling, enlargements, engineering services, architects
24 services, surveys, landscaping, site development, evaluation studies, land acquisition and related items,
25 appurtenances and incidental activities. The Projects and the amount to be borrowed for each (including,

1 without limitation, any Reauthorizations), are more specifically identified and described in Appendix A
2 attached hereto.

3 Proceeds of any bonds authorized by this Act may also be used to pay costs of issuance
4 of such bonds.

5 **Section 2. And be it further enacted by the County Council of Howard County, Maryland,**

6 That, pursuant to and in accordance with Article 31, Section 12 of the Annotated Code of Maryland, as
7 amended, the County is also authorized to issue bond anticipation notes in anticipation of the issuance of
8 the bonds authorized by this Act and described in Section 1 hereof, and all references to “bonds” or
9 “obligations” in this Act shall include such bond anticipation notes, unless the context clearly requires a
10 contrary meaning. It is intended that the aggregate principal amount of issued and outstanding bond
11 anticipation notes when added to the aggregate principal amount of issued and outstanding bonds in
12 anticipation of which such notes were issued, shall not exceed the aggregate principal amount set forth in
13 Section 1 of this Act at any time. The County will agree in each ordinance described in Section 4 of this
14 Act relating to any notes issued pursuant to this Act to pay such notes and the interest and premium, if
15 any, thereon from the proceeds of the bonds in anticipation of the sale of which such notes are issued, and
16 the County will agree to issue such bonds when, and as soon as, the reason for deferring their issuance no
17 longer exists.

18 **Section 3. And be it further enacted by the County Council of Howard County, Maryland,**

19 That, in connection with the acquisition of real property as part of a Project, the County may incur all or
20 any portion of the indebtedness authorized by this Act for such acquisition by entering into an installment
21 purchase agreement pursuant to and in accordance with Section 4.201A of the Howard County Code
22 (“Section 4.201A”) or any successor provisions of law in lieu of issuing bonds for such acquisition. The
23 principal amount of any such installment purchase agreement shall not exceed the lesser of (a) the
24 maximum principal amount permitted by Section 4.201A or (b) the portion of the amount to be borrowed
25 for such Project (as set forth in Section 1 hereof) which relates to such acquisition. All references to

1 “bonds” or “obligations” in this Act shall include such installment purchase agreements, unless the
2 context clearly requires a contrary meaning.

3 **Section 4. And be it further enacted by the County Council of Howard County, Maryland,**

4 That the County Council of Howard County, by an ordinance or ordinances adopted from time to time in
5 accordance with Article VI of the Charter and other applicable provisions of law, shall provide for (a) the
6 issuance and sale of, (b) the maximum principal amount, designation, form, tenor and denomination or
7 denominations of, (c) the dates of the first maturity and the last maturity (not more than 30 years after the
8 date of issue) of, and (d) the interest rate or rates per annum (or the method of determining such rate or
9 rates) payable on, any bonds or other obligations issued from time to time under this Act; and may by any
10 such ordinance, or by separate resolution, provide that the issue of bonds or other obligations hereby
11 authorized be consolidated with one or more other issues.

12 **Section 5. And be it further enacted by the County Council of Howard County, Maryland,**

13 That for the purpose of paying the principal of and interest on such bonds or other obligations as the same
14 shall become payable, the County Council of Howard County shall levy ad valorem taxes upon assessable
15 property in the Metropolitan District, together with benefit assessments and other available funds, to pay
16 the principal of and interest on such bonds or other obligations until all of such bonds or other obligations
17 shall mature and be redeemed. In the event of a deficiency of such funds at any time while any of such
18 Metropolitan District Bonds are outstanding, for the purpose of paying the principal of and interest on
19 such bonds, the County shall promptly levy upon all legally assessable property within the Metropolitan
20 District a tax or taxes in an amount or amounts sufficient to make up any such deficiency, and in the event
21 the proceeds of such tax or taxes so levied shall prove insufficient, then the County shall levy ad valorem
22 taxes upon all of the legally assessable property within the entire corporate limits of the County in rate
23 and amount sufficient to pay the principal of and interest on such bonds. The full faith and credit and
24 unlimited taxing power of the County are hereby irrevocably pledged to the payment of the principal of
25 and interest on such bonds.

1 **Section 6. And be it further enacted by the County Council of Howard County, Maryland,**

2 That any bonds or other obligations issued from time to time under this Act are specifically exempt from
3 the provisions of Article 31, Sections 9, 10 and 11 of the Annotated Code of Maryland, as amended, and
4 any successor provision of law.

5 **Section 7. And be it further enacted by the County Council of Howard County, Maryland,**

6 That all bonds or other obligations authorized hereby shall be issued within four years from the date this
7 Act becomes effective. Notwithstanding the foregoing, if bond anticipation notes are issued within such
8 period in accordance with Section 2 hereof, the bonds authorized hereby may be issued until the final
9 maturity date of such notes.

10 **Section 8. And be it further enacted by the County Council of Howard County, Maryland,**

11 That the County anticipates that a portion of the costs of some or all of the Projects may be paid prior to
12 the issuance of the bonds or other obligations authorized hereby. The amount of such costs so paid will
13 depend on various factors, including, without limitation, the timing and speed of progress on the Projects,
14 the availability of other funds to pay such costs on an interim basis, bond and money market conditions
15 and compliance with federal and State laws and regulations.

16 Accordingly, the County reasonably expects to reimburse costs of the Projects (as described
17 herein) with proceeds of the bonds or other obligations authorized hereby, such bonds or other obligations
18 to be issued by the County in the maximum principal amount of \$142,021,533.

19 **Section 9. And be it further enacted by the County Council of Howard County, Maryland,**

20 That this Act shall take effect sixty-one (61) days after its enactment.
